

## God level 2791

### Chapter 2791

At this moment, Luo Changxiu was seriously injured and could not even exert half of his usual strength.

But at this moment, Qingtianjun asked: "Tianqi, what should we do next?"

Qingtianqi sneered: "Leave no one behind! Brother Tianjun, Chu Hongjian is handed over to you, Qiuqiu and Brother Tianling Deal with Luo Changxiu. I'll deal with Nangong Hongjun"

"good!"

At that moment, Lord Qingtian was the first to rush towards Chu Hongjian.

Chu Hongjian was furious: "Seeking death!"

Immediately, he also stepped forward with his sword, and the two of them fought together. Qingtian Qi also flashed and rushed towards Nangong Hongjun. When

Nangong Hongjun saw Qingtian Qi coming to kill, Nangong Hongjun's face changed slightly, and he immediately shouted: "Xiao Qing! Let's go together!"

The blood-eyed green toad lying on his shoulder immediately jumped down and transformed into a fighting state.....

At this time, Qingtian Qi also rushed over.....

At this moment, Qingtian Qi held two swords in his hands, and one person fought with Nangong Hongjun and the Blood-Eyed Green Toad.

On the other side, Qiuqiu also rushed towards the seriously injured Luo Changxiu, with Qingtian Ling assisting Qiuqiu.

Suddenly, a melee broke out in the valley again.

But it was said that Qingtian Qi fought against Nangong Hongjun and Blood-Eyed Green Toad alone, and the two sides fought evenly.

However, this time is a little different from the last rookie conference.

Last time, Qingtian Qi used a strategy to defeat Nangong Hongjun.

This time, Qingtian Qi relied on his own strength to fight head-on and tied with Nangong Hongjun.

This shocked Nangong Jun. He did not expect that the opponent's strength would improve so quickly.

In fact, if Qing Tianqi uses the Demist Hidden Technique and cooperates with his 'Heavenly Listening Technique', he will already have the upper hand at this moment.

But at this time, people on both sides were in a state of melee, and his use of the Mist Hidden Technique was not good for his own people, so Qingtian Qi had to give up using the Mist Hidden Technique.

On the other side, Qingtianjun and Chu Hongjian were also fighting inextricably, and they met their opponents.

But on the last side, Luo Changxiu was seriously injured and his strength was greatly reduced. He didn't dare to have a head-on collision with Qiuqiu, but he kept chasing the weaker Qingtian Ling.

Qingtian Ling used the Phantom Tracking Step to circle around with Luo Changxiu, but Qiuqiu was chasing Luo Changxiu from behind. The two beasts played a game of chasing each other.

Of course, the longer the time drags on, the worse it will be for Luo Changxiu, after all, his injuries are too serious.

In this way, the two sides fought in a melee.

I don't know how long it took, but suddenly I heard a roar.

"roll!"

This violent roar was like a dragon's roar. Everyone in the audience felt palpitations deep in their souls and their expressions were in a trance. Even Qingtian Qi was no exception.

However, Qingtian Qi came to his senses in just a moment.

He hurriedly shouted towards the roar. Looking in the direction, he was surprised to find that the roar was actually made by Qingtian Ling. It turned out that Luo Changxiu had been chasing Qingtian Ling, which made Qingtian Ling hold back a belly of evil fire in his heart, and finally couldn't bear it anymore. Roared out.

His roar was different from his usual roar. A huge dragon-headed shadow appeared behind him, seeming to roar loudly in front of him.

It turned out that Qingtian Ling, by chance, fully activated his talent inheritance. It's out.

Qing Tianling's talent inheritance is the 'Tianlong Yin'.

This Tianlong Yin is similar to the God-Destroying Thorn. They both directly attack people's soul consciousness, but it is more powerful than the God-Destroying Thorn. It can attack both single and group attacks..So

, when Qing Tianling uttered the dragon roar, everyone in the audience was shocked, especially Luo Changxiu, who was the first to bear the brunt. He was so shocked that he was unconscious for a long time. As soon as

Qiuqiu woke up , immediately launched an attack on Luo Changxiu, who had not yet woken up, and penetrated Luo Changxiu's chest with one claw.

Luo Changxiu died tragically immediately, without even having time to scream..

Chapter 2792

As soon as Luo Changxiu died, the balance in the field was immediately broken.

When Nangong Hongjun saw this, he immediately lost his mind and accidentally exposed a flaw. Qing Tianqi seized the opportunity and killed him with a sword.

When the blood-eyed green toad saw his master killed by the sword, he immediately got into the ground and ran away.

And Chu Hongjian had already forced Qingtian Lord back with one sword and escaped from the valley.

Seeing that Chu Hongjian was about to escape, Qing Tianqi stepped forward to chase him.

But at this moment, a shrill scream came from outside the valley.

It was Chu Hongjian who had just escaped.

Immediately, loud laughter came from outside the valley: "Haha!! Want to escape? No way! I have been waiting outside the valley for a long time!".

Hearing the voice outside the valley, Qingtian Qi and others were shocked. They did not expect that there was someone hiding outside the valley.

Apparently, the man had prepared the mantis to catch the cicada and the oriole behind him, and had been watching the melee between them. His purpose was to make a profit.

However, what surprised Qing Tianqi the most was that it only took a few breaths from Chu Hongjian's escape to his death.

Since that man was able to kill Chu Hongjian in such a short period of time, even if he attacked by surprise, his strength was terrifying. He was at least a fifth-level Dzogchen warrior.

Qingtian Qi and others felt a numbness in their scalps at the thought of a fifth-level Dzogchen warrior peeping aside.

But at this moment, Qingtian Qi's heart moved, and he put away his swords. He flashed to Luo Changxiu's side and picked up Luo Changxiu's 'Snowflake Hundred Battles Spear'.

With this top-quality spiritual weapon in hand, Qingtian Qi's confidence increased greatly.

For warriors, no matter what swordsmanship or marksmanship they have, they are only useful in battles between low-level warriors.

As a warrior reaches the later stage, various close combat techniques are no longer effective. Even Qingtian Qi's distracting swordsmanship has minimal effect in the later stage.

Because as warriors reach the later stages, they use powerful and wide-ranging attacks and do not want to engage in close combat at all. Especially after reaching the fifth level, the changes in this aspect are particularly obvious.

On the contrary, the quality of weapons has a great influence on the strength of high-level warriors.

With the "Snowflake Hundred Battles Spear" in hand, Qingtian Qi's strength can be said to have greatly increased.

His speed has already reached the fifth level of perfection, but now his attack power has greatly increased with the amplitude of the 'Snowflake Hundred Battles Spear', reaching the peak of the fifth level.

The only flaw is that Qingtian Qi's defense power is worse than that of the fifth-level peak warrior.

But in summary, Qingtian Qi's comprehensive strength has reached the peak of the fifth level.

If Qiuqiu joins forces again, no one on the rookie list except Ye Jingyu and Long Xiaotian will be his opponent.

But when Qicai Qicai and Snowflake Baizhan Gun were obtained, the laughing man outside the valley walked into the valley, but he was a middle-aged man in his forties.

There was another person following behind this middle-aged man, but it was a young man with a pockmarked face and an extremely ugly appearance.

Upon seeing the ugly young man, Qingtian Qi's face changed slightly, and a look of horror flashed across his eyes.

Because that ugly young man was none other than Jin Yuancheng.

And that middle-aged man was Jin Yuancheng's father, Jin Zhongzhen, a fifth-level Dzogchen warrior. But as soon as Jin Zhongzhen entered the valley, his eyes fell directly on the 'Snowflake Hundred Battles Gun' in Qingtian Qi's hand, his eyes showing greed without concealment.

"Tsk tsk!! What a top-notch spiritual weapon! I'm going to make a decision! quack!!!"

The best spiritual weapon is extremely rare. Even if Jin Zhongzhen is a fifth-level Dzogchen warrior, he has not been able to get one so far. Now that he sees a top-quality spiritual weapon in front of him, he is naturally very tempted.

And just now At this time, Jin Yuancheng behind him twisted an ugly face and pointed at the ball lane.

"Father, look, isn't this Wang Tianqi's pet? I just said that Xuanyuan Zhantian was impersonated by that bastard Wang Tianqi, and it turned out to be true!"

Jin Zhongzhen also said proudly: "Haha!! Son, fortunately your suspicion was right, and we have been following you secretly. Unexpectedly, Wang Tianqi finally showed his weakness and was caught by us."

After saying this, Jin Zhongzhen looked at Qing Tianqi with a sinister expression and sneered: "Wang Tianqi, your identity has been exposed, you don't have to hide it. snort! Last time you dared to cut off my son's life, this time I will take your dog's life"..

Chapter 2793

At this moment, Qing Tianqi already understood what all this was going on, frowned slightly, looked at Jin Yuancheng and said coldly

"Jin Yuancheng, you are really haunted! I originally thought you would repent, but I didn't expect that dogs can't change their nature of eating shit. I didn't go to you to cause trouble, but you came to me instead.

At this time, Qingtian Ling also said:"Tianqi, it turns out he is the Jin Yuancheng you mentioned!" That pockmarked face is really scary, and he looks really unusually ugly!

Hearing the conversation between Qing Tianqi and Qing Tianqi, Jin Yuancheng was furious:"You two bastards, shut up, you are all looking for death!" Dad, please help me kill both of them, and help me express my anger."

Jin Zhongzhen said hurriedly:"Yancheng, there is no need to worry. Today all three of them are going to die, and the treasures on them, as well as the things on Luo Changxiu, Nangong Hongjun, will also belong to us, father and son, haha!!"

Hearing this, Qingtian Qi suddenly said:"It turns out that you killed Chu Hongjian just to kill people and seize treasures, and catch them all in one go."

"Well said! Anyway, you will all die soon. Even if I kill him, no one outside will know. When I think about the many treasures I will get, especially the top-quality spiritual weapon in your hand, I can't help but want to laugh! Ha ha!! Jin

Yuancheng also said excitedly:"Dad, in a moment, you must give your son some spiritual weapons!" By the way, that Wang Tianqi, you have to give him a breath, and I will kill him with my own hands."

"Ha ha!! no problem!

But at this moment, Qingtianjun asked Qingtianqi:"Tianqi, what should we do next?" Qingtian

Qihan said in a cold voice:"Kill them two to silence them. They have already seen through my identity. We cannot let them leave here alive!"

Hearing Qing Tianqi's words, Jin Zhongzhen immediately shouted angrily:"Arrogant! You three little bastards, plus a pet, dare to speak so brazenly that you want to kill me and silence me. Do you think I and Luo Changxiu are generally useless?"

"I am a fifth-level Dzogchen warrior. Among you, only one of you is a fifth-level warrior, and the other is a fifth-level pet. The other two are not even fifth-level, yet you dare to say such arrogant words. It is simply ridiculous! As soon as he finished speaking, Qingtian Ling pretended to be disdainful and said: "Uncle, what if you are a fifth-level Dzogchen warrior?" Today our three heroes of the Qing family will definitely save your life."

"Ha ha!! You ungrateful thing is really not an ordinary arrogant person! I will kill you now! Jin

Zhongzhen laughed angrily, and then greeted Jin Yuancheng behind him: "Yuancheng, step aside and watch how dad kills these three little bastards.""

Jin Yuancheng immediately stepped back. He knew that the next battle was beyond his control.

Even the weakest Qingtian Ling could easily kill him with just one finger. Naturally, he did not dare to get close to the battlefield. As soon as he saw it , he could easily kill him with just one finger.

Jin Yuancheng stepped back, and Jin Zhongzhen laughed ferociously. His figure suddenly flashed and turned into an afterimage, and he went straight towards Qingtian Ling.

It turned out that he wanted to kill the weakest Qingtian Ling first with lightning speed. Kill.

He is a fifth-level Dzogchen warrior, and his speed is extremely fast.

Except for Qingtian Qi, who can keep up with his speed, no one in the field can catch up with his speed. Compared with his speed, Qingtian Ling, It's even more different.

If Qingtian Ling is targeted by him, don't even think about avoiding it.

In just an instant, Jin Zhongzhen passed through Qingtian Qi and killed Qingtian Ling behind him.

Qingtian Qi's face changed drastically, and he turned around. He wanted to block him.

But his speed was comparable to Jin Zhongzhen, so it was too late to catch up and block him...

## Chapter 2794

In fact, Qingtian Jun and others did not expect that Jin Zhongzhen would attack Qingtian Ling who was standing at the back first.

In the blink of an eye, Jin Zhongzhen was in front of Qing Tianling, only seven or eight steps away from Qing Tianling, and the situation was very critical.

But at this critical moment, Qing Tianling suddenly roared

"stop!"

He roared, and the sound wave carried the attack of 'Tianlong Yin'.

The attack effect of this Tianlong Yin was more powerful than that of the God-Destroying Thorn.

Jin Zhongzhen only felt a roar in his ears, and came from the depths of his soul. There was an inexplicable palpitation in the heart, and then he was in a trance, and his speed was greatly reduced.

However, he woke up only for a moment.

But as soon as he woke up, there was another stabbing pain in his head, and he was in a trance again, but Qingtian Qi used Destroy God again. Thorn gave him another blow.

By the time Jin Zhongzhen regained consciousness, Qingtian Ling had already retreated seven or eight feet away.

At the same time, Qingtian Qi, Qiuqiu, and Qingtian Jun also surrounded and killed

Jin. Zhongzhen had no choice but to fend off attacks from three parties and temporarily gave up chasing Qing Tianling. The two sides started fighting.

In this confrontation, the two sides immediately became inseparable and stalemate. For a while, they were evenly matched.

Up to this moment, Jin Zhongzhen realized that he had underestimated Qingtian Qi and the others.

In fact, if it had been an hour ago, even if Qingtian Qi and Qiuqiu joined forces, they would not be Jin Zhongzhen's opponents.

After all, Jin Zhongzhen is A true fifth-level Dzogchen warrior is much stronger than Luo Changxiu.

But not long ago, Qingtian Qi got the Snowflake Hundred Battle Spear, which greatly increased his strength.

And Qingtian Ling passed on his talent by chance. Tianlong Yin' was fully activated.

That day, the Dragon Yin, with the cooperation of Qingtian Qi's Divine Thorn, made Jinzhong Town unable to guard against it and brought great restraint to him.

Therefore, under various conditions, Qingtian Qi's three people and Qiuqiu Joining forces, they actually ended up in a tie with Jin Zhongzhen, a real fifth-level Dzogchen warrior. For a while, neither side could do anything to the other. Jin Yuancheng, who had been watching the battle, saw that Qing Tianqi and others could actually compete with his father. After a tie, he was shocked and couldn't believe it.

Previously, he saw his father easily killing Chu Hongjian, and thought that as long as his father took action, Qingtian Qi and others should be taken care of quickly.

But he didn't expect it, but the result was far beyond his expectation.

The two sides fought in a stalemate, and the outcome was unpredictable.

This made Jin Yuancheng very anxious, and he didn't know what to do for a while.

But at this level He was unable to intervene in the battle.

At the moment, while cheering for his father, he cursed and attacked Qingtian Qi and the others with all kinds of vicious words.

However, Qingtian Qi and others were fighting in a stalemate with Jin Zhongzhen, and Jin Yuancheng on the side. The scolding was extremely unpleasant.

After listening to it for a while, Qingtian Ling couldn't bear it anymore and got angry: "You son of a bitch! Shut up!"

Immediately, Qingtian Ling raised his hand and shot an energy arrow at Jin Yuancheng.

The energy arrow was extremely fast and struck in front of Jin Yuancheng in a blink of an eye.

Jin Yuancheng had no time to dodge, and was immediately frightened to death.

At that moment, he shouted loudly: "Dad! Help me!"

When Jin Zhongzhen heard his son's cry, he quickly looked back and saw the energy arrow shot at Jin Yuancheng. He was frightened out of his mind and felt very anxious.

He knew that if he didn't save Jin Yuancheng, Jin Yuancheng would definitely die. At that moment

, Jin Zhongzhen was scared to death.

, Jin Zhongzhen gritted his teeth, braced his back to receive a heavy blow from Qing Tianqi, forced himself out of the battle circle, and quickly dodged in front of Jin Yuancheng, blocking the energy arrow for Jin Yuancheng.

However, Jin Zhongzhen also Qing Tianqi kicked him and caused internal injuries. He suddenly spat out a mouthful of blood. When

Jin Yuancheng saw Jin Zhongzhen vomiting blood, his expression immediately changed slightly and he asked: "Dad, are you okay?"

Just when Jin Zhongzhen was about to answer, Qingtian Qi and others came over again.

In desperation, Jin Zhongzhen had to turn around and fight again.

The two sides fought together again...

Chapter 2795

However, Jin Zhongzhen was seriously injured by Qing Tianqi's kick, and his strength was compromised.

This time, not long after the two sides fought, Jinzhong Town fell behind.

Seeing that his father was at a disadvantage, Jin Yuancheng's expression changed drastically, and his evil eyes began to turn.

Then, while everyone's attention was not on him, he quietly moved out of the valley.

It turned out that when he saw that the situation was not right, he actually wanted to leave his father alone and run away quietly by himself.

But just when Jin Yuancheng was about to slip out of the valley entrance, he was discovered by Qingtian Ling.

Qingtian Ling immediately shouted to Jin Zhongzhen: "Uncle, your cheating son of a bitch is going to leave you and run away alone!"

Hearing this, Jin Zhongzhen was stunned and quickly turned back to look at the mouth of the valley, just in time to see Jin Yuancheng about to Sneak out of the valley.

Jin Zhongzhen suddenly felt very uncomfortable and shouted quickly: "Yuancheng, what are you going to do?"

When Jin Yuancheng saw that his intention was discovered by his father, he not only did not stop, but instead rushed out of the valley mouth, alone Run for your life.

His voice still sounded outside the valley

"Dad, help me hold the three of them down. I took the first step, and I will avenge you in the future!"

Hearing Jin Yuancheng's last words, Jin Zhongzhen was so angry that he just wanted to vomit blood. His mind was suddenly disturbed, and his defense immediately flawed. Qingtianqi took the opportunity to stab him in the thigh.

Jin Yuancheng suddenly groaned and couldn't stand. Steady, he knelt down on one leg.

However, Qingtianjun, who arrived later, pierced his heart with a sword and died.

At that moment, Jin Zhongzhen fell.

It can be said that Jin Zhongzhen's death was entirely caused by his cheating father. His son was harmed.

Otherwise, it is difficult to predict who will win and who will lose.

However, as soon as Jin Zhongzhen died, Qingtian Qi flashed and immediately chased in the direction where Jin Yuancheng escaped.

And Qingtian Jun, Qingtian Ling and Qiuqiu also He chased after him.

What happened here was of great importance. Qingtian Qi and the others certainly couldn't leave Jin Yuancheng alive. Qingtian Qi

's speed had already reached the level of fifth-level perfection, while Jin Yuancheng was only at the peak of third-level.

So Qingtian Qi Effortlessly, he caught up with Jin Yuancheng and blocked his way.

Later, Lord Qingtian and others also arrived and surrounded Jin Yuancheng.

Seeing that he was surrounded by everyone, Jin Yuancheng turned pale with fear and his legs trembled. He knelt down in front of Qing Tianqi with a plop, crying and begging with a trembling voice.

"Wang Tianqi, I was wrong, I was really wrong. Please don't kill me! Don't kill me!"

After saying that, Jin Yuancheng kowtowed to Qingtian Qi desperately.

Seeing this, Qingtian Jun and Qingtian Ling felt very contempt for him.

Qingtian Qi could not see any joy, anger, sorrow, or joy on his face, and just looked at him calmly. With an ugly face, he said softly

"If you ask me to let you go, then you have to give me a reason to let you go, but I can't think of any reason to let you go.

Hearing this, Jin Yuancheng suddenly became anxious and said with a sad face:"Wang Tianqi, I was really wrong. I will never dare to do it again next time. Please let me go!" I swear, I won't tell anyone what happened today. Qing

Tianqi sneered:"Your father died in our hands. Do you think the grudges between us can be settled?" Besides, can you trust your words? You are a very vengeful person. Otherwise, you and your father would not have spent so much effort trying to find out whether I am Wang Tianqi. To put it bluntly, you still want to take revenge on me!"

At this time, Qingtian Ling also said:"Tianqi, why bother talking nonsense with a heartless and unrighteous person like him? Just kill him with one sword."

"that is! It is also a disaster for such people to remain in the world."

Qingtian Lord also echoed.

Seeing everyone say these words, Jin Yuancheng's face became even paler, and then he stood up from the ground as if he was ready to fight, and pointed to Qingtian.

"Wang Tianqi, I tell you the truth, in fact, my grandfather knows that I came to Kyoto to settle a score with you this time. If something happens to me, my grandfather will definitely know that it was you, and he will definitely not let you go. If you have the guts, try killing me"..

Chapter 2796

Hearing Jin Yuancheng's threats, Qing Tianqi showed a look of disdain and couldn't help scolding: "You are really an idiot! You are threatening me with such clumsy words when you are about to die. You can go and die."!"

After saying this, Qingtian Qi was about to kill Jin Yuancheng.

Jin Yuancheng's expression immediately changed, and then a trace of viciousness flashed across his eyes.

He suddenly took out a 'Tian Lei Zi' and smashed it towards the blue sky. He cursed loudly in his mouth: "You bastard! Go to hell!"

Jin Yuancheng threw the Tian Lei Zi, Turn around and run.

Qing Tianqi seemed to be on guard, with a sneer on his lips.

Then, he stretched out his hand and released a ball of vitality, wrapping up the Tianleizi that hit him.

He actually used only the power of his vitality to forcefully suppress Tianleizi who was about to explode, preventing it from exploding, and then smashed it towards the escaping Jin Yuancheng in front.

But after Jin Yuancheng escaped dozens of meters away, he was surprised when he didn't hear the explosion behind him. He quickly looked back and saw Tianleizi coming towards him.

He immediately opened his eyes in horror, but before he could scream in terror, he was hit by Tianleizi and exploded to pieces on the spot. He died tragically on the spot.

"This annoying guy is finally dead! Qingtian

Ling glanced at Jin Yuancheng's body in disgust.

Qingtian Qi frowned and said, "Although Jin Yuancheng and his son are dead, Jin Yuancheng's grandfather Jin Jinyuan is still there. He will definitely cause trouble for me in the future." And Jin Jin was originally the elder of the Jin family. It seems that we have a deadly feud with the Jin family. That day, Senior Teng said he wanted to destroy the Jin family, but I dissuaded Senior Teng. But I don't want to, I want to let go of the Jin family, but the Jin family doesn't want to let me go."

"snort! When I go back this time, I will let Senior Teng wipe out the Jin family and avoid future troubles forever."

"that is! The Jin family took refuge in Long Xing a thousand years ago and betrayed our five tribes. They are not good people in the first place, and they should be destroyed. Qingtian

Ling and Qingtian Jun expressed their opinions one after another.

Qingtian nodded and said: "It seems that this is the only way. When I go back this time, I will ask Senior Teng to destroy the Jin family first and then the Luo family." Brother Tianjun Tianling, let's deal with the scene quickly and don't leave any traces. By the way, especially that Luo Changxiu, let's see if he has the pass order for the Luo family's forbidden areas."

"good!"

At that moment, everyone began to clean up the scene.

The three of them successfully found the 'passing order' for the Luo family's forbidden area from Luo Changxiu.

Regarding the appearance of the passing order, Teng Xiaoshan had seen it from Luo Beiqi's memory, and naturally told him Qingtian Qi, so Qingtian Qi and other talents recognized it at a glance.

In addition to finding the 'passing order' they wanted, the three of them also found it from Luo Changxiu, Nangong Hongjun, Chu Hongjian, and Jin Zhongzhen. There were many treasures, and the harvest was extremely rich.

They even found a spiritual weapon on Jin Yuancheng.

First, they found four Apocalypse Pills from Luo Changxiu.

This Apocalypse Pill has no effect on Qingtian Lord, and it was divided between Qingtian Qi and Qingtian Ling.

Qingtian Qi got two pills, and Qingtian Ling also got two pills.

Qingtian Qi originally had one pill, and together, he had three Apocalypse Pills.

Secondly, Qingtian Qi was greatly surprised to find the pseudo-top-notch martial art 'Soul Seal Puppet Technique' from Chu Hongjian.

He is a soul mutant, and the Soul Seal Puppet Technique is in his hands, which is equivalent to a top-grade martial art.

However, the Soul Seal Puppet Technique can only be learned after he has cultivated the Earth Yuan Qi to the fourth level. His current Earth Yuan Qi is only at the third level.

But in any case, learning the Soul Seal Puppet Technique is more important to Qingtian Qi than learning the best martial arts. It's much simpler.

In fact, many fifth-level warriors have secrets of top-level martial arts, but top-level martial arts require extremely high understanding. Most fifth-level warriors cannot learn them, and very few fifth-level warriors can master a top-level martial skill..

Chapter 2797

Qingtian Qi does not need to reach the fifth level. As long as he cultivates his earth energy to the fourth level, he can learn the Soul Seal Puppet Technique. At that time, he will be equivalent to mastering a top-notch martial art.

In addition, Qingtian Qi also found a large number of earth element elixirs from Chu Hongjian, including three spirit breath fruits that can greatly improve the earth element cultivation level.

At the auction before the Rookie Conference, Qingtian Qi had already bought two Spiritual Breath Fruits. Adding these three, there were five in total.

As long as these five spiritual breath fruits are refined, Qingtian Qi can be sure that his earth energy will be able to break through to the peak of the third level, which is also a big gain.

In addition, Qingtian Qi also found several earth-type martial arts skills from Chu Hongjian, and he accepted them all.....

After all, among the three, only Qing Tianqi has cultivated earth energy, so all the spiritual elixir treasures belonging to the earth element belong to Qing Tianqi.

From Jin Zhongzhen, Qingtian Qi also found many gold elixirs and several gold martial arts, and he accepted them all.

Because he is the only one who has cultivated Jin Yuan Qi.....

Nangong Hongjun is a fire element warrior, and Luo Changxiu is a water element warrior. The elixirs and martial arts skills found in these two people were divided between Qingtian Qi and Qingtian Ling.

Because both of them have practiced water and fire energy.

As for spiritual weapons, Qingtian Qi only collected the 'Snowflake Hundred Battles Spear'.

The other spiritual weapons were divided between Qingtian Ling and Qingtian Jun.

The two of them even got a defensive spirit armor from Nangong Hongjun and Chu Hongjian, which made them very happy.

In addition, the three also found more than 8 million golden tickets, which were also divided among the three.

After all, Luo Changxiu, Nangong Hongjun, and Chu Hongjian are all children of wealthy families, and their net worth is extremely rich.

And Jin Zhongzhen can be regarded as a child of an ordinary wealthy family. He also has a certain status in the family and his net worth is not small.

That's why the Qingtian Qi trio gained so much.

The only thing that Qing Tianqi regretted was that he failed to find the secret book on the ultimate martial art 'Mirror Image Clone' from Luo Changxiu.

At this point, the three of them have finished dividing the spoils, everyone has gained well, and they are all in a good mood.

Of course, the one who gained the most was Qingtian Qi, followed by Qingtian Ling, and finally Qingtian Jun.

After dividing the spoils, Qingtian Qi used the Earth's Core Flame to burn the bodies of Luo Changxiu and others to ashes, and cleaned up all traces.

After confirming that there were no suspicious traces at the scene, Qingtian Qi took out three new sets of clothes from the God of War Order space and asked the three of them to put them on together.

After all, after the previous battle, the clothes on the three of them were torn and stained with blood. If someone saw them going out, they would be more or less suspicious.

After changing clothes, Qingtianqi burned all the previous clothes of the three people to ashes, checked the scene again, and found that there were indeed no flaws left, and then the three people left the valley with Qiuqiu.

Beside a remote official road somewhere in the Black Rock Mountains, Qingtian and Qi Qi were discussing the next plan together.

But at this moment, Qing Tianqi has canceled the face-changing technique and the mad god transformation, and has returned to the appearance of a fifteen or sixteen-year-old red-haired boy.

Qiuqiu also returned to his original cute self, lying on his shoulder and taking a nap.

This place is five to six hundred miles away from Kyoto, and Qingtian Qi is not worried about being targeted by the Long family.

Besides, he was going back to the Valley of Ten Thousand Flowers, so it was better to go back as he was.

If he returns to the Valley of Ten Thousand Flowers in the appearance of Xuanyuan Zhantian, he will definitely be suspected by the people of the Long Family if he is discovered by them.

"Tianqi, this time we can say that we have successfully completed the task. Not only did Tianqi Dan get it, but everyone had a share. Now that we have obtained the "Access Order" for the Luo Family's forbidden area, I think we should rush back to the Ten Thousand Flowers Valley. After all, you still have a mission to go to the "Ancient Training Ground", so your time is quite tight."

Qingtian Jun said his suggestion. Qingtian Qi began to ponder. After a while, he suddenly asked

"Brother Tianjun, do you want to enter the ancient training ground?"

"Of course I thought about it, that was an extremely rare opportunity!"...

Chapter 2798

Hearing this, Qingtian said: "In that case, I suggest Brother Tianjun not to go back with us. You should go back to Kyoto now and challenge Qin Zhongyu. His current arm injury has not recovered, and his strength has been greatly reduced. You Definitely beat him. By then you can take his place in the rookie rankings"

"But this time, Luo Changxiu is dead, and one of the ten places originally scheduled to go to the ancient training ground is vacant. The Long family will choose other masters from the rookie list to take the place. And Nangong Hongjun and Chu Hongjian are also dead. The only ones qualified to

be contestants are you and Qin Zhongyu. If you beat Qin Zhongyu in the challenge, the vacant spot will naturally belong to you."

After hearing Qing Tianqi's analysis, Qingtian Jun's eyes brightened, and he said in surprise: "Tian Qi is right, I didn't expect this. If both of us brothers can enter the ancient training ground, we will have someone to take care of us there. This is a good thing! Qing Tianqi smiled again and said: "

Brother Tianjun, more importantly, there are many ancient ferocious beasts there!" The ancient ferocious beasts were much more powerful than the current ferocious beasts. If you can find an ancient ferocious beast there as your own psychic beast, it will be much better than the psychic beasts kept in captivity in our family."

Hearing this, Lord Qingtian showed excitement again on his face and said with a smile....

"Tianqi is still thoughtful. Since there are ancient ferocious beasts that can channel spirits, it would be unwise for me to go back to my family and look for the psychic beasts. It seems that I have to go to the ancient training ground. It would be best if I can find one and A psychic beast as powerful as Qiuqiu. Ha ha!!"

After saying this, Qingtian Jun laughed heartily for the first time.

Qingtian Qi also said happily: "Since Brother Tianjun has decided to go to the ancient training ground, you'd better go to Kyoto and have a look. I don't know if Qin Zhongyu is still there. Kyoto, if he has already left, it will be a bit cumbersome to deal with the following matters."

"That's right, then I'll rush back to Kyoto now. You two should go back to your clan, and be more careful along the way."

At that moment, Qingtian Jun said goodbye to Qingtian Qi and the two of them, and in a flash, he rushed towards Kyoto.

Looking at Qingtian Jun's leaving back, Qingtian Ling showed envy on his face...

Seeing this, Qingtian Qi asked: "Brother Tianling, what are you going to do after returning to the clan this time?"

Qingtianling replied: "The cultivation base of the two of you now far exceeds mine. I have decided to go back this time. After a long period of seclusion, I will not come out of seclusion unless I cultivate the Mu Yuan Qi to the fifth level." He has two Apocalypse Pills in his hand, and he is still very confident in breaking through the Mu Yuan Qi to the fifth level.

"By the way, Tianqi, if possible, you can help me catch an ancient ferocious beast from the ancient training ground. I also want to find an ancient ferocious beast as a psychic beast, but I don't want to be compared with you two! Ha ha!!"

"Brother Tianling, don't worry, this is no problem. However, we should leave now, time is very tight!"

"good!"

At that moment, Qingtian Qi asked Qiuqiu to transform into a fighting state.

The two of them flew into the air on Qiuqiu.

Qingtian Qi asked Qingtian Ling to help Qiuqiu identify the direction of the Hui clan, and he took out a Spirit Breath Fruit to prepare for refining, he planned to take advantage of the way back to his clan to refine all five Spiritual Breath Fruits, and break through his earth energy to the peak of the third level in one fell swoop. Eight days later, over the Black Forest, a five-foot-long creature with a dragon head and a lion body appeared. A ferocious beast with two wings on its back fell from the sky. There were two teenagers sitting on the beast's back.

One of the teenagers had red hair and looked about fifteen or sixteen years old. He had sword-shaped eyebrows and starry eyes, and a delicate face. He has an evil temperament.

The other boy is only about twenty years old and very handsome.....

This is naturally Qingtian Qi and Qiuqiu..

Chapter 2799

Falling from the sky, Qiuqiu let out a low roar, shrunk in size, changed back to its original appearance, jumped into Qing Tianqi's arms, and dozed off with a haggard expression.

"Little one, you have worked hard these past few days! Qing

Tianqi touched the little guy's head distressedly and praised him a few words.

At this time, Qing Tian Ling said:"Tian Qi, we are finally back. The speed of the ball is really very fast. In these thousands of miles, it only It took eight days to fly there"

"This is also to rush for time, there is no other way but to play hard. Brother Tianling, we'd better go back to Ten Thousand Flowers Valley as soon as possible!"

"good!"

At the moment, two people and one beast rushed towards the Valley of Ten Thousand Flowers.

During these eight days, Qiuqiu has been carrying the two of them flying in the air. It is as powerful as Qiuqiu, but it also feels exhausted.

Fortunately, Qiuqiu has advanced If he reaches the fifth level, he would definitely not be able to persist for such a long time.

Qingtian Qi is so anxious to rush for time because he is worried that he will delay the time to report to Kyoto, which will be regarded as a waiver by Long Xing, and he will lose the opportunity to enter the ancient training. He didn't want to lose this great opportunity, which was why he was in a hurry.

However, Qingtian Qi also gained something in these eight days.

That is, he had already collected the five Spiritual Breath Fruits. All were refined.

His Earth Yuan Qi also successfully advanced to the peak of the third level, and his strength was somewhat improved as a result.

However, after Qingtian and Qi entered the Ten Thousand Flowers Valley, they reported the mission situation directly to Teng Xiaoshan.

Inside the base of the three tribes , in the meeting hall of the headquarters of the three tribes.

Qingtian Qi and Qingtian Ling stood respectfully in the middle of the hall.

Above the hall, Teng Xiaoshan sat in the center, looking at Qingtian Qi and Qing Yanhai with a smile.

Qing Yanhai and other eighth-level warriors sat On both sides of Teng Xiaoshan.

However, what surprised Qingtian Qi was that in the first seat to the left of Teng Xiaoshan, there was a person he didn't recognize.

The stranger was a man who looked to be in his thirties. A beautiful young woman with elegant temperament and nobility.

Seeing this young woman sitting among his elders, Qingtian Qi was surprised, but he couldn't ask more questions.

After all, the people sitting here were all his elders, and some things were not good for him. Take the initiative to ask.

At this time, Teng Xiaoshan spoke, he looked at Qingtian Qi with a smile and said:"Tian Qi, you are finally back. Some time ago, Xiao Zi from the Feng family sent a message to the clan, saying that the rookie conference has ended and the three of you have left Kyoto."

"From that day on, I have been looking forward to your early return, and you finally came back. I heard that you performed well this time and won the tenth place among rookies, haha!! You finally didn't embarrass our five ancient tribes."

Hearing this, Qingtian Qi was surprised. He didn't expect that his whereabouts would be known by his tribe.

However, after thinking about it for a moment, he understood what was going on.

The Xiaozi in Teng Xiaoshan's mouth naturally meant 'Zi', the leader of the nine people in blood clothes, is a child of the Feng family and the only pseudo-spiritual child among the three clans.

It seems that the clan members are also worried about their safety, so they let 'Zi' sneak into Kyoto to protect them secretly.

He and Qingtian Ling both changed their appearance. Zi may not have recognized them, but Zi knew Qingtian Jun. Through Qingtian Jun and combined with his identity as a five-line warrior, Zi naturally knew everything.

"Come! Come! Tianqi, Tianling, I will introduce you two to a very important person."

At this time, Teng Xiaoshan stood up, called Tian Qi and the others to the beautiful woman, pointed at the beautiful woman and introduced: "This is the current patriarch of the Wu family, Wu Qianxue. The Wu family has now returned."

Hearing this, Qingtian Qi was shocked. He didn't expect that the beautiful young woman in front of him was actually the current patriarch of the Wu family of the five ancient clans..

Chapter 2800

At this time, Teng Xiaoshan briefly told Qingtian and Qi about some recent situations.

Only then did Qing Tianqi know that during the time when he went to Kyoto to attend the Rookie Conference, Teng Xiaoshan personally went to Baixi Country and found the Wu family's lair hidden in Baixi Country.

On that day, Teng Xiaoshan entered the Wu family's residence.

The disciples of the Wu family were greatly alarmed when they saw Teng Xiaoshan, a ninth-level warrior, suddenly falling from the sky.

Just when all the martial arts disciples were facing a formidable enemy, the current clan leader Wu Qianxue was found by the clan members.

But when Wu Qianxue saw Teng Xiaoshan, the two of them were filled with joy and sorrow.

It turns out that Wu Qianxue and Teng Xiaoshan both know each other.

This Wu Qianxue was a disciple of the Wu family who survived the genocide a thousand years ago, and was also one of the most outstanding disciples of the Wu family at that time.

She naturally knows Teng Xiaoshan.

And she was once an outstanding child of the Wu family, so Teng Xiaoshan had naturally seen her.

That's why the two got to know each other.

After the two recognized each other, and after some persuasion by Teng Xiaoshan, Wu Qianxue immediately decided to move the Wu family to the base in Wanhua Valley.

With the return of the Wu family, the five ancient tribes finally found the fourth tribe, and the strength of the five tribes increased again.

However, the current Wu family has declined due to the loss of the inherited artifact, and there are only about fifty children in all clans combined.

Among them, the only eighth-level warrior is Wu Qianxue.

There are two seventh-level warriors.

There is not a single sixth-level warrior.

There are only a dozen or so fifth-level warriors.

After listening to Teng Xiaoshan's explanation, Qingtian and Qi immediately understood everything and respected Wu Qianxue in their hearts.

At that moment, both Qingtian and Qi respectfully stepped forward to salute Wu Qianxue.

"Junior Qing Tianqi has met Senior Wu!"

"Junior Qing Tianling has also met Senior Wu!"

"You two kids don't need to be polite!"

Wu Qianxue smiled elegantly, then set her eyes on Qingtian Qi. After looking at Qingtian Qi for a while, she said softly

"It turns out you are Qing Tianqi. I heard Senior Teng mention you often. I heard that your mother is a descendant of our Wu family who was left behind, and you also inherited the Xuanwu True Blood in your body."

"Although you were born in the Qing family and possess the True Blood of the Azure Dragon, you are still considered half a child of the Wu family. If you need help with water training in the future, you can come to me directly. If you want to learn any water-based martial arts, just go to our Wu Family Cangwu Pavilion. Hearing this

, Qing Tianqi was overjoyed:"Then, I would like to thank my seniors for this!""

In fact, Qingtian Qi has always been kind to the Wu family. After all, the blood of the Wu family flows in his body.

But now, Wu Qianxue expressed such kindness to him when they met for the first time, treating him as half a child of the Wu family..

Qingtian Qi was grateful, and at the same time he became closer to the Wu family.

At this time, Teng Xiaoshan asked again:"Tian Qi, I wonder if you have obtained the access order to the Luo family's forbidden areas when you go to Kyoto this time?"

"Got it! Qing

Tianqi immediately took out the pass order and handed it to Teng Xiaoshan. As soon as Teng Xiaoshan saw the pass order, he immediately nodded and said: "Not bad!" Exactly this!"

Wu Qianxue on the side obviously knew about this. When she saw Teng Xiaoshan confirming that it was really the Luo family's forbidden area pass, she immediately said with great joy

"Senior Teng, since the pass order has been issued, why should we set off to the Luo family to rescue my people and regain the inherited artifacts of our Wu family? Teng Xiaoshan said:"

This matter must be done as quickly as possible. I heard that Luo Guiling, the ancestor of the Luo family, is about to make a breakthrough." Over the years, he has captured thirty-five members of the Wu family. If he collects thirty-six, he can immediately break through the bottleneck and enter the ninth level."

"If that despicable villain Luo Guiling is allowed to enter the ninth level, the consequences will be disastrous, so we will set out tomorrow to destroy the Luo family as soon as possible to avoid long nights and endless dreams."

Wu Qianxue immediately expressed gratitude: "Senior Teng's great kindness, on behalf of the Wu family, I can't thank you enough!"

"Qianxue, you don't need to be grateful to me. The person you want to thank should be Tianqi. Tianqi discovered the secret about the Luo family, and Tianqi also got this pass."

Hearing this, Wu Qianxue immediately said: "Tianqi, everything you have done for the Wu family has been remembered in my heart, and I will definitely not treat you badly in the future."

At this time, Teng Xiaoshan asked curiously: "By the way, Tianqi, how did you get this pass?"

Qing Tian Qi Dang is about to tell everything..
