

## God level 2801

### Chapter 2801

After listening to this, Teng Xiaoshan praised repeatedly: "Good! The three of you have done a good job this time and are very united. This time, the three of you have made great contributions. I have always been good at punishing, and I will definitely reward you three in the future." rewarded"

"By the way, the ancient training ground you mentioned is indeed an extremely rare opportunity. You and Tianjun must seize it. However, it is extremely dangerous inside, and you two must come back alive. Of course, there is one thing I must make clear to you first.

Qing Tianqi immediately asked: "What's the matter, senior? Please tell me!"

Teng Xiaoshan took a deep breath, with a hint of excitement on his face, and then said: "Say hello to Tianjun, don't hand over any of the Nine Yuan Fruits collected by the two of you to Long Xing. Find a way to bring it directly back to the clan"

"Feng Daoxun of our Feng family is a top alchemist, and he is also capable of refining Jiu Yuan Dan. This is a great opportunity to greatly improve the strength of our four tribes!"

After hearing this, everyone present's eyes lit up and they became excited.

At that moment, Qing Yanhai said with great joy: "Haha!! That's great. As far as I know, a Nine Yuan Fruit can be used to refine a Nine Yuan Pill. On average, every two Nine Yuan Pills can allow a seventh-level Dzogchen pinnacle warrior to break through the bottleneck and enter the eighth level."

"If we can collect a few more Nine Yuan Fruits, we can create a few more eighth-level warriors for our four tribes. The more eighth-level warriors there are, the stronger our four tribes will be. This is a great opportunity to change the fate of our four tribes!"

"yes! This is indeed a great opportunity!"

Several other eighth-level bosses also agreed excitedly.

Even Qingtian Qi was greatly surprised. He was very willing to do anything that could improve the strength of the four tribes.

In fact, for the Phoenix that Teng Xiaoshan said He also knew Daoxun, and Feng Daoxun was the master of Yuyao and Xiao Xiang'er.

Just when everyone was excited, Wu Qianxue said with some worry: "Senior Teng, the one who led the team from Dakun Kingdom this time must be someone Ninth level warrior"

"And that Nine Yuan Fruit is an extremely rare spiritual object in heaven and earth. Ninth-level warriors are very sensitive to the spiritual objects of heaven and earth. Even if Tian Qi and the others successfully collect the Nine Yuan Fruit, they can't take it away from under the eyes of a ninth-level warrior, even if he doesn't want to hand it over."

After hearing this, Qingtian Qi responded first: "Senior Wu, don't worry about this. The boy has a storage treasure called the God of War Token. The boy can hide the Nine Yuan Fruit there and bring it out.."

Qingtian Qidang told the story about the God of War Order in an evasive manner.

After Wu Qianxue heard this, she was filled with surprise and said: "I never expected that this little guy like you would have such a rare treasure. That's great. It's just right. The problem of bringing out the Nine Yuan Fruit has been solved. In that case, I also have a favor to ask of you."

"In fact, there was also a disciple of the Wu family who went to the ancient training ground this time. Her name was Wu Xiaoyue, and she was there on behalf of the Baixi Kingdom."

"Xiaoyue, this girl, is extremely talented in the water system. Although the Xuanwu true blood in her body has not yet been activated, her water system cultivation has reached the fifth level. She is the hope of our Wu family in the future. This time after you enter the ancient training ground, you You have to help me protect her"

"Of course, she probably doesn't know you. I will give you a token and a letter when you come back. You show her the keepsake and letter. After reading it, she will naturally know your identity and believe what you say. At that time, you, Xiaoyue, and Tianjun, the three of you will work

together to collect the Nine Yuan Fruit in the ancient training ground, and you will also be able to take care of each other."

"good!"

Teng Xiaoshan also nodded and said

"Tianqi, please convey my words to Tianjun and Xiaoyue. Next, the three of you have an extremely important task, which is to collect more Nine Yuan Fruits at the ancient training ground. The more you collect, the better, no matter what method you use"

"Of course, I am a person with clear principles of kindness and Dharma. The reward for the Nine Yuan Pills is indispensable for the three of you. As for the reward, it depends on how many Nine Yuan Fruits you collect."..

Chapter 2802

Hearing this, Qing Tianqi felt happy and replied:"Senior, don't worry, I will try my best to collect as many Nine Yuan Fruits as possible.""

"Um!"

Teng Xiaoshan nodded with satisfaction.

"By the way, in addition to the Nine Yuan Fruit, there are many other spiritual treasures in the ancient training ground. Once you get those things, just take them yourself. However, there are many spiritual creatures there that are extinct. I'm afraid even if you saw them, you wouldn't be able to recognize them."

"Let's do this, Xuan Lin, go find a copy of"Ten Thousand Treasures Map" and give it to Tianqi and let him take a good look at it, lest he won't be able to recognize the treasures when he sees them and miss something good."

"Yes, senior! This junior will take care of this matter soon! Qing

Xuanlin replied respectfully. After giving these instructions, Teng Xiaoshan said again: "Then let's let it be like this!" Everyone has a day off today and will set off tomorrow. Qianxue, Yanhai, Yanfei, the three of you will go with me to destroy the Luo family, while the rest will stay in the forbidden area to garrison."

"By the way, there is also a small Jin family. They betrayed our five races thousands of years ago. I have tried to kill Tianqi many times, so I will kill him when we pass by tomorrow."

"yes! senior!"

Everyone agreed one after another.

At this time, Qingtian Qi said: "Senior Teng, can I go with you? I also want to go to the Luo family to see how the trapped Wu family members are doing?"

Teng Xiaoshan pondered for a moment and then said: "That's fine! Anyway, Shenwu City is not very far from Kyoto. You're also going to Kyoto to report, so it's a good way to go. Besides, when I go to Mie Jin's house tomorrow, I want you to lead the way."

At that moment, Teng Xiaoshan agreed to take Qingtian Qi with him.

The meeting ended. After everyone dispersed, they waited for their departure tomorrow.

After the meeting, Qing Xuanlin sent someone to send the "Ten Thousand Treasures Illustrated Book" to Qingtian Qi..

Early the next morning, everyone set out under the leadership of Teng Xiaoshan.

But that day, a dragon-headed lion with a lion body, two wings on its back, and a majestic figure wearing silver armor suddenly flew over the Jin family's mansion in Crimson Gold City. A fierce and ferocious beast.

On the back of the ferocious beast, stood proudly a fifteen or sixteen-year-old red-haired boy.

The red-haired boy held a silver spear in his hand, with black eyes like stars, eyebrows as long as swords, and long red hair. The wind fluttered.

This man and beast were naturally Qingtian Qi and Qiuqiu, who came seeking revenge.

But as soon as Qingtian Qi and Qiuqiu flew over the Jin family's yard,

Qingtian Qi roared at the entire Jin's family's yard: "Jin Jinjin Yuan, you old man! Get out of here!"

After saying this, Qing Tianqi waved the Snowflake Baizhan Gun in his hand, and with one move of 'Three Dragons Roar', he blasted directly towards a small building below.

With a loud 'boom' sound, the small building was suddenly destroyed. It was blown to pieces and was flattened to the ground with one move.

This immediately alarmed the entire Jin family, and for a while angry shouts came from all corners of the yard.

"Who is it? How dare you come to our Jin family and act wild!"

"You are so audacious, you dare to destroy my Jin family's house, you are simply looking for death!"

Whoa!

Whoa!

With angry shouts and curses, figures rushed into the courtyard from all corners of the Jin family. In just a moment, many children of the Jin family and some guards came into the yard. In public, the children of the Jin family saw that the one who came to make trouble turned out to be He. He was just a young man of fifteen or sixteen years old, and they were immediately surprised.

But when they saw that the young man actually had the cultivation level of the fourth level of Dzogchen, they were extremely horrified. What shocked them was that the young man in front of them had such talent. It was so high that it was simply unimaginable.

However, although they were shocked by Qing Tianqi's extraordinary talent, they would never tolerate those who came to make trouble in their Jin family. At that moment, a middle-aged man with a sinister face walked out of the crowd and pointed The blue sky in the sky yelled loudly

"Where did you come from, little bastard? How dare you come to our Jin family to cause trouble? Are you fucking tired of living?"

This middle-aged man is a sixth-level warrior and the most outstanding among the second-generation descendants of Jin Zi.

Qing Tianqi was too lazy to argue with him and said coldly:"I don't want to talk nonsense with you. Call Jin Jinyuan out quickly.! The middle-aged man was furious:"

Who the hell do you think you are?" Is it possible for you to call the name of the third elder of our Jin family directly? Why don't you roll down and die!"

Hearing this, Qing Tianqi felt funny in his heart.

He is now in the air. Even if the middle-aged man is a sixth-level warrior, there is nothing he can do. After all, only warriors of the eighth level and above can fly in the air..

Chapter 2803

At that moment, Qing Tianqi no longer paid attention to him, but glanced coldly at the Jin family courtyard, and then shouted to the entire Jin family courtyard:"Jin Jinyuan! You old man! Get out of here!"

He was like this! With a roar, a roar sounded deep inside the Jin family courtyard.

"Is it that little bastard calling me? Did you come to our Jin family to die?"

With this roar, an old figure rushed here from another courtyard.

At the same time, there were two old figures coming from different places in the Jin family.

In just a moment, there were more people in the yard. Three old men were killed.

One of them was naturally Jin Jinyuan, who was also the first to rush to the scene.....

But Jin Jinyuan rushed to the scene and was shocked when he saw Qingtianqi. He said in horror: "Wang Tianqi, it's you little bastard! What are you doing with me? Are you looking for death?"

Qingtianqi sneered: "Jin Jinyuan Yuan, don't you know what good things you have done yourself? You asked your son and grandson to hunt me down. I came to settle accounts with you!"

Jin Jinyuan said in surprise: "Little bastard, how do you know this? of?"

"Ha ha!! You ask how I know? Let me tell you the truth! Your grandson told me personally. Hearing this

, Jin Jinyuan's expression changed drastically: "Wang Tianqi, what will you do to my grandson?"

Qing Tianqi said angrily: "He wants to kill me, so why should I keep him?" Of course, kill him! By the way, your son is also dead."

After hearing this, Jin Jinyuan's blood surged up on the spot, and he was filled with sadness and anger. He pointed at the blue sky in the sky and shouted in unison.

"Little bastard, did you kill both of them? I don't believe you have that ability, tell me now! How did they two die? Did someone help you? I want you to pay with your lives together!"

After hearing what the two said, a dark and thin old man who had been standing next to Jin Jinyuan seemed to understand something, and immediately frowned and said: "Third Elder, it seems that you have brought some trouble to our Jin family.!"

Jin Jinyuan trembled slightly when he heard the black and thin old man's question, and then cried to the black and thin old man: "Elder, Jin Yuan has indeed brought some trouble to the family, but this little beast After killing my son and grandson, I hope the family will make the decision for me!

The thin, dark old man nodded slightly and said, "Okay!" I won't tell you more about the trouble you brought to the family. However, this little bastard named Wang Tianqi dared to kill a member of our Jin family. Our Jin family will not let him go and will definitely let him die without a burial place."

After saying this, the elder turned to look at Qing Tianqi in the sky, and said with a vicious face: "Little bastard, if you dare to kill our Jin family children, you will never leave alive today."

Qing Tianqi frowned: "It seems that all of you Jin family members have the same moral character!" You Jin family can kill innocent people, but I can't resist?

The great elder sneered arrogantly: "Haha!" As long as you know. Anyone who goes against our Jin family will die anyway. Don't think that I can do anything to you just because you are riding a flying pet in the sky? Let me tell you, you have no chance of leaving alive today, it depends on how I deal with you!"

Speaking of this, the great elder's eyes flashed sharply, and with a casual move, he actually had a blood-colored long bow in his hand.

The blood-colored long bow was also a spiritual weapon.

However, it was not a top-grade spiritual weapon.

The great elder said He took out the blood-colored long bow and unstrung the bow. A blood-colored energy arrow was immediately formed between his fingers, and the tip of the arrow was pointed directly at Qing Tian Qi in the air. Qing Tian Qi's face changed with fear when he saw that the elder was about to shoot him with the bow and arrow.

The great elder is a seventh-level warrior. Even if the bloody long bow is not a top-grade spiritual weapon, the power of that arrow is extremely terrifying. It can definitely kill Qingtian Qi with one arrow..

Chapter 2804

Just when Qing Tianqi's face changed with fright, a cold snort suddenly came from the air

"snort! If you dare to attack our Qing family, you are seeking death!"

Immediately, a figure appeared in the air like lightning, blocking Qingtian Qi.

At the same time, the man punched the great elder in the air.

The great elder suddenly screamed, and was hit by the punch from the air. He vomited blood and flew backwards. The blood-colored longbow in his hand was torn to pieces by the bombardment on the spot and was scrapped on the spot. At this time, all the Jin family disciples in the scene were shocked and looked at the person.

Only then did they see the person clearly. Look.

I saw a skinny old man with gray hair suddenly appeared in front of Qingtian.

The skinny old man crossed his hands on his chest, his body was suspended in the air, and he looked at the people below with a proud face.

He was the one who had been hiding aside just now. Qing Yanfei.....

When all the Jin family disciples saw Qing Yanfei floating in the air, they all opened their eyes in horror and shouted in surprise.

"Oh my God! He is an eighth-level warrior!"

At this moment, when Jin Jinyuan saw Qing Yanfei's appearance, he turned pale with fright and his legs were shaking.

He was not a fool, he saw that Qing Yanfei and Qing Tianqi were in the same group.

He I didn't expect that an eighth-level warrior would come to seek revenge.

"snort! Qing

Yanfei was too lazy to pay attention to the frightened Jin family children. Instead, he turned to look at Jin Jinyuan and said coldly and ruthlessly: "Are you Jin Jinyuan?" Then you can go die!"

After saying this, Qing Yanfei was about to attack Jin Jinyuan.

Jin Jinyuan's face changed with fright, and he turned around and ran away.

Qing Yanfei sneered and was about to punch Jin Jinyuan in the air.

But at this moment, an extremely old voice came from the deepest part of the Jin Family Mansion.

"Is that friend? If you have something to say, please don't hurt Kim's descendants. Please stop!"

Hearing this old voice, all the Jin family members showed great joy on their faces.

"This is the voice of the ancestor!"

"yes! The ancestor is coming out to save us!"

"snort!"

Qing Yanfei snorted coldly and ignored the man's voice. He punched Jin Jinyuan who was running away from the air.

Immediately, Jin Jinyuan was hit by a punch from the air and was blasted on the spot. His body exploded and he didn't even have time to scream.

Seeing that Qingyan ignored his dissuasion and actually killed Jin Jinyuan in front of him, the man was furious, and his angry voice could be heard in the air.

"You have gone too far! Who are you? Why do you have to kill my descendants of the Jin family?"

At the same time, in a large courtyard at the deepest part of the Jin family's mansion, an old man with white hair and beard was sitting under a strange golden tree in the center of the courtyard, meditating.

But at this moment, the white-haired old man opened his eyes. Opening his eyes, he looked in the direction of Qing Yanfei angrily.

Obviously, he was the ancestor of the Jin family, and the person who just stopped Qing Yanfei, an eighth-level Dzogchen warrior.

In fact, this big courtyard is the Jin family The forbidden area.

And that big golden tree, which is seven to eight feet high, is the most precious treasure of the Jin family, the Jinti tree. Because of the existence of the Jinti tree, the concentration of Jin Yuanqi in this large yard is extremely strong.

And the closer you get to the Jinti tree, The tree, the higher the concentration of the golden energy, and the highest concentration has reached more than forty times that in ordinary circumstances.

But at this moment, the ancestor of the Jin family looked in the direction of Qing Yanfei with an angry face, and then stood up

"snort! Who is he? How dare you break into our Jin family and kill people! I would like to go and have a meeting in person!"

Thinking of this, the figure of the ancestor of the Jin family flashed and flew in the direction of Qing Yanfei.

But on the other side, Qing Yanfei ignored the dissuasion of the ancestor of the Jin family and punched Jin Jinyuan to death in front of all the children of the Jin family. , which immediately shocked all the Jin family disciples.

For a moment, all the Jin family disciples in the scene looked at Qing Yanfei in the air in horror. They were so frightened that they did not even dare to breathe, let alone make the slightest move.

They were afraid As soon as he moved, he angered Qing Yanfei, the God of Killing, thus causing the disaster of killing..

## Chapter 2805

Just when all the Jin family's children were terrified, a figure flew from the depths of the Jin family's mansion. It was the Jin family's ancestor who was rushing towards the scene.

The ancestor of the Jin family has not arrived yet, but the sound has already arrived

"Who are you? How did our Jin family offend you? Why did you kill my descendant of the Jin family so cruelly?"

As the words fell, the figure of the Jin family ancestor also flew over the scene.

When all the Jin family disciples saw their ancestors appearing, they were all surprised, as if they were seeing a savior.

"The ancestor is here! The ancestor finally came out to save us"

"yes! Finally saved!"

Facing the eighth-level warriors, these Jin family disciples are like ants, with no room for resistance. The only one who can save them is their own ancestor.

Now, they see their ancestor appear, and they are greatly shocked. Fortunately.

However, as soon as the ancestor of the Jin family appeared, he looked at Qing Yanfei opposite him with a gloomy expression, and his expression was very angry.

But Qing Yanfei looked at the ancestor of the Jin family calmly, and suddenly said:"Jin Yongcheng , if I remember correctly, you are almost two thousand years old, right? Are you going to die of old age soon? hehe!! You are really an old immortal! Hearing this

, the ancestor of the Jin family was shocked and quickly asked:"Who are you?"

He didn't expect that Qing Yanfei would call him by his real name as soon as they met, and he even knew that his life span was about to reach two thousand years old.

Very few people knew this information, and the guy in front of him seemed like he had never known it before. He had seen it before, how could he not be shocked by this?

Seeing the shocked look of the ancestor of the Jin family, Qing Yanfei raised his head and said coldly: "Jin Yongcheng, are you dim? Still too old to be forgetful! Open your eyes and take a good look, see clearly who I am?"

Hearing this, the ancestor of the Jin family immediately opened his eyes wide and looked at Qing Yanfei carefully.

After a while, he finally recognized something, his face was very shocked, and he said in disbelief: "Is it you? Qing Yanfei! You're not dead yet?!"

"Ha ha!! At last you are not an old idiot and can still recognize me."

"snort!"

The ancestor of the Jin family snorted coldly, with a complicated look in his eyes.

After a moment, the ancestor of the Jin family sneered: "Haha!! Qing Yanfei, I haven't seen you for more than a thousand years. Your strength seems to have not improved much, and you have changed a lot. I almost didn't recognize you."

It turns out that the two of them were eighth-level warriors more than a thousand years ago, so they are old acquaintances.

And more than a thousand years ago, Qing Yanfei looked like a middle-aged man in his forties. Although he could not be said to be handsome, he was. He looked young, but now he looked like an old man in his fifties, so the ancestor of the Jin family didn't recognize him at first.

In fact, the reason why Qing Yanfei turned into such an old man was because he was captured alive by the four ancestors of the Xie family, and after hundreds of years of torture, he became as old as now. At this time, the ancestor of the Jin family laughed again: "Qing Yanfei, I haven't seen him for more than a thousand years. You are still so brainless! If you don't find a place to survive, but you still dare to run around like this, you are simply looking for death."

"By the way, hasn't King Long Xing been eradicating the remnants of your Qing family for more than a thousand years? I originally thought that everyone in the Qing family was dead, but I didn't expect that a remnant like you was still alive."

"By the way, the red-haired boy behind you should also be a descendant of your Qing family, right? The talent seems to be very good. It's really unexpected. Not only is your Qing family not extinct, but there are still descendants who continue to live on. This is a major discovery!"

"If I capture the two remnants of you, the old and the young, alive, then offer them to Lord Longxing. What do you think the reward will be given by the Lord of Longxing? I think it must be a very good reward! Ha ha!!"

Speaking of this, the ancestor of the Jin family laughed arrogantly...

Chapter 2806

Qing Yanfei sneered, looking at him as if he were a dead person

"Jin Yongcheng, do you think you can capture me alive just by yourself?"

The ancestor of the Jin family smiled disdainfully: "Do you think I can't do it?" Although you, the Qing family's children, are generally stronger than those of the same level, you still can't deal with warriors who are one level above you."

"I am an eighth-level Dzogchen warrior, but you are only an eighth-level peak warrior. If I want to deal with you, I can still do it. And the red-haired little bastard behind you is only at level 4. It would be even easier to capture him alive."

Hearing this, Qing Yanfei laughed loudly: "Haha!!" Yeah? Jin Yongcheng, if you have the guts, come over and give it a try!"

"snort!"

The ancestor of the Jin family snorted coldly.

"Don't you dare to be an old man? Then I will capture you alive now!"

As soon as these words came out, the ancestor of the Jin family was about to take action. But at this moment, a roar suddenly came from the clear sky

"You dare!"

This roar was like a thunderbolt from the blue. Immediately, many of the Jin family's children were shocked and turned pale. They said 'Wow! Wow' and vomited blood! The old man of the Jin family also felt that the roar was like an explosion in his ears, and it was shocked. His ears roared, 'Buzz! Buzz!'.

At that moment, the ancestor of the Jin family changed his face and quickly raised his head to look in the direction of the sound.

But when he raised his head, what he saw was a centipede. A huge palm that was more than one meter long fell from the air and slapped him on the head.

The ancestor of the Jin family was immediately horrified. He exclaimed in his heart and wanted to turn around and run away.

Because he could tell at a glance that the giant palm that was slapped in the air was The transformed clone of a ninth-level warrior.

However, before he could escape, the giant palm had already slapped him hard on his back, like swatting a fly, slapping him directly out of the air. The elder of the Jin family Zu immediately screamed and was blasted down by the giant palm, and his whole body was immediately blasted into the earth. A human-shaped pit more than five meters deep suddenly appeared in the courtyard.

This scene made all the Jin family members The disciples were all stunned.

After a long while, the ancestor of the Jin family crawled out of the human-shaped pit covered in blood. As soon as he climbed out of the pit, he looked into the air with a horrified look on his face, and said uneasily: "Excuse me, who is that?" A ninth-level senior? I wonder where the junior Jin Yongcheng offended his senior? I hope senior will make it clear!"

When the disciples of the Jin family heard these words from their ancestor, they realized that the giant palm that appeared out of thin air was the work of a ninth-level warrior. They were all frightened to death. However, the ancestor of the Jin family asked the question in fear. These words.

A cold voice came from the high altitude. "Jin Yongcheng, it seems that it has been too long, and you can't even hear my voice."

As these words fell, three small black dots as big as sesame seeds moved in the sky thousands of feet high, and then slowly fell.

Not long after, the three small black dots in the sky gradually enlarged, but they were three people. The leader was an old man with gray hair and a yellow shirt.

Behind the old man stood a man and a woman.

The man wore an iron mask with an eagle nose, iron chain armor, and a black cloak.

The woman wore a Wrapped in white, she is an elegant and beautiful young woman.

These three people are Teng Xiaoshan, Qing Yanhai and Wu Qianxue.

It turns out that the three of them are hiding above 10,000 meters in the air, overlooking everything below.

And on the ground When the people on board saw the three of them, they could only see three small black dots the size of sesame seeds, so naturally they could not tell that they were three people.

Not long after, Teng Xiaoshan and the others landed directly next to Qingtian Qi.

At this time, the ancestor of the Jin family also saw Teng Xiaoshan's appearance clearly, and was immediately frightened out of his wits. He stepped back with a look of disbelief on his face...

Chapter 2807

Seeing the horrified look on the Jin family ancestor's face, Teng Xiaoshan said coldly: "Jin Yongcheng, do you really not know me anymore?"

Upon hearing this, the Jin family ancestor's heart trembled, his legs went weak, and he 'plopped' He knelt down in front of Teng Xiaoshan and saluted tremblingly: "I have met His Majesty King Teng!"

Teng Xiaoshan sneered disdainfully: "Humph! You traitor, you still have the nerve to kneel in front of me and call yourself a subordinate? You Didn't you take refuge in Long Xing a long time ago?"

After hearing this, the ancestor of the Jin family immediately turned pale with fright and hurriedly defended: "Your Majesty, King Teng, my subordinates only took refuge in Long Xing on the surface, but they are still loyal to the five ancient clans in their hearts."

"Ha ha!!

Teng Xiaoshan laughed angrily, "Jin Yongcheng, do you really think I'm old and blind?" Didn't you just want to capture Qing Yanfei and Tianqi alive and hand them over to Long Xing to please him? Why don't you admit it in a blink of an eye? It seems that you are really a capricious and despicable person. It seems that there is no need to keep your life!"

As soon as he finished speaking, Teng Xiaoshan looked ferocious and was about to take action.

When the ancestor of the Jin family saw something was wrong, he immediately screamed and turned around to escape.....

Unexpectedly, Teng Xiaoshan snorted coldly and stretched out his hand to grab it.

A huge phantom of human hands suddenly appeared in the sky, grabbing the ancestor of the Jin family, and caught the ancestor of the Jin family in one fell swoop.

Teng Xiaoshan lightly pressed his five fingers together, and the huge shadows of human hands immediately came together. The ancestor of the Jin family screamed, and he was caught on the ground and exploded to death.

An eighth-level Dzogchen warrior was easily killed by Teng Xiaoshan.

When the ancestor of the Jin family died, all the Jin family's children were so frightened that they were dumbfounded.

Afterwards, Teng Xiaoshan signaled to Qing Yanhai and the others: "The following matters will be left to you three, leaving no one behind to avoid future troubles!"

"yes!"

Qing Yanhai and the other three immediately took the order and wanted to kill the Jin family's children below.

"Tianqi, come with me! I discovered something interesting!"

At that moment, Teng Xiaoshan and Qingtian Qi flew in another direction, which was the Jin family's forbidden area.

After a while, the two of them arrived in the Jin family's forbidden area and came to the Jinti tree.

Qingtian Qi looked at the golden tree that was seven to eight feet high in front of him and asked in surprise: "Senior, what kind of spiritual tree is this?"

"Jinti tree!"

"Oh, it turns out this is the Jinti tree! I know that this tree bears fruit every thirty years, and the golden raisins it produces can allow gold warriors to break through the bottleneck of the third level."

Qing Tianqi told what he knew.

But without thinking, Teng Xiaoshan smiled and shook his head and said: "The role of the gold raisin is not worth mentioning. In fact, the real value of this Jinti tree does not lie in the fruits it bears, but in its other two functions."

"Senior, what are the two functions? Qing

Tianqi asked curiously

"One of these two functions is to absorb the golden energy between heaven and earth. Don't you see that the concentration of gold energy around this gold tree is very strong? It is this Jinti tree that turns the forbidden area of the Jin family into an excellent place for cultivating Jin Yuan Qi. However, this effect is nothing. Its other effect is magical."

"Senior, what is its other function?"

Teng Xiaoshan smiled and said: "Its other function mainly comes from its sap. The sap of this Jinti tree can not only improve the cultivation of Jin Yuan Qi, but also improve the qualifications of the Metal system to a certain extent. As for how much gold qualifications can be improved, it mainly depends on how much tree sap you refine. The more sap is refined, the greater the improvement."

Hearing this, Qing Tianqi suddenly showed a look of ecstasy.

His gold qualifications were only low-level qualifications. He was worried that he could not find a way to improve his gold qualifications, but he didn't want to meet someone who could improve his qualifications right now. A great opportunity.

At that moment, Qingtian Qi said excitedly: "Senior, this Jinti tree has such a wonderful use, why don't we move it back to the Valley of Ten Thousand Flowers? But without thinking, Teng Xiaoshan shook his head repeatedly and said: "Although this golden tree is good, it cannot be transplanted." As soon as its position is moved, it will automatically dry up and die"..

Chapter 2808

Qing Tianqi said in surprise: "Senior, why is this happening?"

"The reason why the Jinti tree is like this is because it is not an ordinary spiritual tree. It is bred from the purest golden spiritual energy in the world, so it usually grows on the spiritual eye of

golden spiritual energy. As soon as the golden tree leaves the spiritual eye of vitality, it will immediately wither and die."

"And there is a golden energy spiritual eye under the root of this Jinti tree, so it can grow to this day."

After hearing this, Qing Tianqi's little calculation suddenly came to nothing. He was slightly disappointed and said:"Senior, so we can't transplant it?"

"good! We cannot transplant! In fact, this Jinti tree has some connections with your Qing family.

Qing Tianqi said in surprise:"How can it be related to our Qing family?" Isn't it a treasure of the Jin family?"

Teng Xiaoshan immediately explained:"This Jinti tree was actually discovered by a descendant of your Qing family more than a thousand years ago. At that time, the head of your Qing family, Qing Wushen, felt that the Jin family was loyal, so he rewarded the Jin family with this golden tree."

"For this Jinti tree, the Jin family moved to this border area and established a forbidden area and family base outside this Jinti tree. Because the Jin family moved here, the surrounding area gradually became prosperous, and finally formed the current Red Gold City."

"Otherwise, how could there be a medium-sized city like Chijin City in such a remote territory? Of course, over the past thousand years, the Jin family has also received a lot of benefits from this Jinti tree. Whether it is the golden grape seeds or the sap of the golden grape tree, the strength of the Jin family has been greatly improved."

After hearing this, Qingtian Qi finally understood the cause and effect of the matter, and suddenly said:"It turns out that this golden tree belongs to our Qing family!"

"yes! Now that the Jin family has betrayed our five clans, you can take it back for your Qing family."

"But senior, isn't this Jinti tree impossible to transplant? How can we take it back?"

Teng Xiaoshan said quietly: "If you can't take it back, you have to take it away. Leaving it here is also giving others an advantage. How about this? I will squeeze out all the sap from the tree and give it to you, and then uproot it and take it away."

"After the Jinti tree dies, it will turn into Jinti wood that is neither gold nor wood. The Jinti wood is a raw material for refining gold semi-artifacts and is also an extremely rare treasure."

But after Teng Xiaoshan said those words, he condensed his energy into a sword, and with one move of his vitality sword, he gently chopped down the Jinti tree.

The Jinti tree was immediately cut with a small opening, and a drop of purple-gold sap appeared. Slowly seeps out from the incision

"Bring me an empty porcelain bottle!"

Teng Xiaoshan stretched out his hand to Qingtian Qi. Qingtian Qi understood and immediately took out an empty porcelain bottle from the God of War Order space and handed it to Teng Xiaoshan. Teng Xiaoshan immediately pinched a seal and popped a 'Yin'zijue.

The purple-gold sap immediately turned into a purple-red clear spring and poured into the empty porcelain bottle.

Not long after, the small porcelain bottle was filled.

Qingtian Qi came from the God of War Order space again, took out a porcelain bottle containing the elixir, took out the empty bottle, and continued to fill the sap.

In this way, under Teng Xiaoshan's crazy extraction of the sap from the Jinti tree, the entire Jinti tree began to show signs of withering.

The golden leaves actually began to curl up and huddle up on their own.

This was obviously because Teng Xiaoshan extracted too much sap from the tree, which caused the leaves of the Jinti tree to wither automatically.

In fact, the Jinti tree is a gold-type spiritual tree. Originally, the Jinti tree was a spiritual tree of gold. It is a kind of spiritual creature with very little sap. The Jin family only extracts sap once every five years, and only one bottle is extracted each time.

However, Teng Xiaoshan drew three bottles of sap in a row in the blink of an eye, seemingly regardless of the gold. The life and death of the tree.

In the blink of an eye, Teng Xiaoshan extracted four bottles in a row. He did not stop until he could no longer extract sap.

In this way, Teng Xiaoshan extracted a total of seven bottles of sap.

That Jinti tree It was also completely squeezed dry, all the leaves of the entire tree withered and fell, the originally smooth bark became very dry and cracked, and the concentration of gold energy around it also dropped rapidly from more than forty times to five or six times.

What surprised Qing Tianqi even more was that the big tree that was originally seven or eight feet tall had miraculously shortened a lot and became only five or six feet tall.

In general, the Jinti tree now looks lifeless Yes, like an old tree that is about to die of disease...

Chapter 2809

At this moment, Teng Xiaoshan handed the last bottle of sap to Qingtian Qi and said:"Haha! The harvest is not bad, a total of seven bottles of sap were harvested. This Jinti tree is probably more than three thousand years old. Otherwise, we wouldn't be able to extract so much sap."

"By the way, Tianqi, don't your gold qualifications only have inferior qualifications? If you refine all seven bottles of sap, you should be able to upgrade your metal qualifications to medium qualifications, and your metal cultivation will also be greatly improved. Hearing this

, Qing Tianqi was immediately overjoyed and said quickly:"Tian Qi, thank you, Senior Teng, for the reward!"

Teng Xiaoshan smiled and said:"This is originally the property of your Qing family, and you deserve it." Not only do I want to give you the sap, but I also want to give you the entire Jinti tree. It

can be regarded as a reward for you! After all, you have made great achievements this time. I haven't rewarded you yet, so I will take this as a reward today."

Qing Tianqi immediately thanked him again.

Teng Xiaoshan said again:"Tianqi, if you upgrade your gold qualification to medium qualification this time, after you channel Qiuqiu next time, judging from Qiuqiu's gold qualification, you will definitely It can help you upgrade your gold qualifications to advanced qualifications.

Qingtian said happily:"If that's the case, that would be great." By the way, Senior Teng, I have something to ask you."

"oh? What's up?"

"The thing is like this, the junior has now cultivated to the fourth level or above in the three elements of water, wood and fire. The talents of these three elements are all above-grade qualifications, and have reached the basic conditions for transformation into a wind elephant warrior. However, The junior doesn't know how to transform into a wind elephant warrior. I wonder if the senior knows?"

Teng Xiaoshan nodded and said:"I know how to transform into a wind elephant warrior, but you can't transform yet because you are different from ordinary warriors of the three elements of water, wood and fire. There are still interferences from the other two elements in your body.

Qing Tianqi asked quickly:"What should we do?"

Teng Xiaoshan said:"You should have heard that warriors of the third series can be transformed into warriors of celestial phenomena, but warriors of the fourth series cannot. This is because the power of the celestial phenomena is formed by fusing the power of the three systems of vitality through the method of "Three Flowers Gathering on the Top"

"If it is a warrior of the fourth series, the interference of the energy of one series in the body will break the balance of the three flowers, which will make it impossible to transform into a warrior of celestial phenomena."

Hearing this, Qing Tianqi suddenly became anxious:"Senior, so you are saying that this kid will never become a warrior without heaven?

Teng Xiaoshan smiled and shook his head: "That's not the case!" Five-element warriors can be transformed into celestial warriors. However, the transformation of warriors from the fifth series is very different from the transformation of warriors from the third series."

"Because the five elements warriors use the method of "Five Qi Chao Yuan" to simultaneously transform the five elements of vitality in the body into the power of the wind and thunder. In other words, the five-element warrior must be transformed into the wind and thunder dual elephant warrior at the same time, instead of transforming into the wind elephant first and then the thunder elephant."

Hearing this, Qingtian Qi felt relieved and whispered: "That's it! I thought I could never become a celestial warrior."

Teng Xiaoshan smiled and said: "Tianqi, if you can really transform into a warrior of wind and thunder, your strength will increase by more than half out of thin air." At that time, even if you are at level 5, it will be possible to challenge a level 6 warrior. However, you have not yet reached the transformation conditions for the use of 'Five Qi Chaoyuan'."

Qingtian Qi immediately asked curiously: "Senior, what are the conditions to use 'Five Qi Chaoyuan'?" " "

"First of all, your five-system vitality must be cultivated to level four or above; secondly, all your five-system talents must be of superior quality. But now, your earth and metal elements have not yet reached the fourth level."

"The talent of the metal system is only low, and the talent of the earth system is average. This has not yet reached the conditions for transformation!"

"However, the improvement of your metal talent is just around the corner. As for your earth talent, it is very possible to improve it to a high level. Because your inheritance talent is Psychic Heart, you can have two psychic beasts"

"As long as you find another earth-type ferocious beast that can become an eighth-level psychic beast, you can also upgrade your earth-type qualifications to a superior level. At that time, you can naturally transform into a two-way warrior of wind and thunder."..

Hearing this, Qingtian Qi nodded slightly and couldn't help but feel a little excited.

Because he knows that he is not far away from becoming a double elephant warrior. If he can really transform successfully, the improvement in strength will be unimaginable.

At the moment, Qingtian Qi thought to himself: "It seems that I have to quickly refine all the seven bottles of Jinti tree sap to improve my gold qualifications and cultivation level as soon as possible."

"Tianqi, I have told you everything you need to know, and the rest depends on your own efforts!"

After saying this, Teng Xiaoshan grabbed the trunk of the tree with his big hand, and then with a little force, he pulled out the entire tree until the tree body shook.

As the Jinti tree was pulled out, the entire courtyard of the forbidden area began to tremble violently.

Wait. When Teng Xiaoshan completely uprooted the Jinti tree, all the vibrations disappeared, the gold elements gathered around the Jinti tree automatically dissipated, and the entire tree began to wither and shrink rapidly. Not long after, the Jinti tree shrank automatically into The mouth of the bowl is thick, and the golden timu is about two feet long.

Seeing the golden timu that is two feet long on the ground, Qingtian Qi suddenly became a little worried.

The golden timu was too long, but it could not fit into his God of War Order. At that moment, , Qingtian Qi took out the flaming sword and wanted to split the golden timu into several pieces, and then put it into the War God Token space.

But what surprised him was that the golden timu was extremely hard. He cut it with more than a dozen swords, and it turned out that He failed to split the golden timu into two pieces.

Just when Qing Tianqi was worried,

Qiuqiu, who had been lying on his shoulder, seemed to have discovered something. He suddenly jumped off his shoulder with excitement and rushed towards the golden timu. Timu, then lay down on a Jinti tree and started to chew it.

It turns out that Qiuqiu does not eat Jinti tree, but it does eat Jinti wood.

And Jinti wood is used to refine semi-artifacts. A kind of raw material, so its quality is much higher than Yuanci Blue Gold.

Seeing Qiuqiu eating Jintimu, Qingtian Qi was stunned for a moment, and then he was overjoyed, because he knew that Jintimu is easier to promote the ball than Yuanci Blue Gold. The growth of the ball.

But at this moment, Teng Xiaoshan saw that Qingtian Qi could not cut off the Jinti tree, so he personally took action and helped Qingtian Qi cut the Jinti tree into more than a dozen pieces.

Qingtian Qi then lost a small piece of Jinti tree. Give Qiuqiu a full meal and put the rest into the space of the God of War Order.

After doing this, Qing Yanhai and the other three also entered the forbidden area of the Jin family and reported the situation to Teng Xiaoshan.

It turned out that the three of them had massacred all the children of the Jin family. It was clean and all the treasures and money of the Jin family were looted.

At that moment, Teng Xiaoshan ordered Qing Yanfei to rush back to Wanhua Valley with the property looted from the Jin family.

And Teng Xiaoshan and his party continued to set off to Luo Luo in Shenwu City. Home.

Above 10,000 meters in the sky, a roc bird with a length of more than ten feet is spreading its wings and flying. There is still a faint light shield around its body, resisting the strong wind.

And the roc bird is sitting on its back. Looking at Qingtian Qi and the other four people.

It turns out that this Dapeng bird is the psychic beast of Qing Yanhai.

It is an eighth-level Dzogchen pet, and its speed in the air is faster than that of ordinary eighth-level warriors.

At the moment, a group of people were riding on a golden Yu Dapeng rushed to Shenwu City.

In the blink of an eye, seven days passed, and Qingtian Qi and others finally arrived at Shenwu City.

And during these seven days, Qingtian Qi had been silently refining the sap of the Jinti tree.

Then He has refined three of the seven bottles of tree sap.

Qingtian Qi's gold energy cultivation has also broken through to the peak of the third level.

His overall combat power has also improved a lot.

As for the improvement of gold talent, although it has not yet Upgraded to medium qualifications, but Qingtian Qi can clearly sense that his metal talent has indeed improved.

He believes that as long as he can refine all the remaining four bottles of Jinti tree sap, his metal talent will The talent will definitely be upgraded to medium qualifications.

In fact, another thing happened in these seven days.

That thing was that because Qiuqiu was too greedy, in just seven days, Qiuqiu ate all those golden timu. Most of the time, it itself fell into a deep sleep.

As soon as Qing Tianqi saw Qiuqiu sleeping, he felt a burst of surprise in his heart, because he knew that Qiuqiu was likely to advance again.

Maybe when Qiuqiu wakes up again, Qiuqiu will have advanced to the top of level five. How can he not be overjoyed?..
