

God level 281

Chapter 281

Thinking of this, Qin Feng left the dark hall.

At the entrance, he retrieved the Dragon Ball, Ni Lin and other tokens.

The altar stopped functioning and the entrance to the dark hall closed automatically.

Qin Feng did not leave Tianlong Palace.

A moment later, in a room somewhere in the palace.

Qin Feng sat cross-legged.

Ni Lin was suspended in front of him.

Using the blood as a guide, he began to draw inscriptions on the reverse scales.

This is the method of unsealing taught in the secret realm after he obtained the Dragon Ball.

After a while, the seal on Ni Lian was broken.

The golden scales turned purple-gold, emitting a dazzling golden aura.

At the same time, pressure that was even stronger than the ordinary Nine-Star Emperor's power emanated from Ni Lin.

That emperor's power has reached the extreme of nine-star emperor's power.

If it gets stronger, it will undergo a qualitative change and become the power of the nine-star perfect emperor.

Fortunately, it hasn't reached this limit yet.

Otherwise, Qin Feng couldn't bear it.

Even so, Ni Lin's pressure still made him feel a little oppressed.

The way to obtain the ninth-level dragon power is to fuse the reverse scale, dragon tendons, and dragon beads.

The specific fusion method has been taught in the secret realm and requires the assistance of the True Dragon's Heart.

Without the heart of a true dragon, it cannot be refined at all.

Of course, one must also understand the art of inscription.

Qin Feng possesses both of these.

At the moment, Qin Feng started refining.

He touched it with his fingertips and activated the true dragon's heart in his body.

A drop of blood from his heart was forced out, flowing out from his fingertips along the veins...

Qin Feng immediately used the blood from his heart to carve the inscription.....

The back scales trembled and screamed joyfully... and sure enough, there was a reaction.

Qin Feng was excited and continued to draw...

Unconsciously, three hours passed.

Qin Feng's face turned slightly pale.

He has consumed forty-eight drops of his heart's blood and carved forty-eight runes.....

At this moment, he is carving the forty-ninth path.....

A moment later, the forty-ninth rune was completed, the dragon was mighty and heaven and earth resonated...

Ni Lin emitted an extremely dazzling golden light, like a scorching sun, illuminating the hall extremely brightly.

The dazzling spiritual light penetrated thousands of obstacles and rushed out of Tianlong Palace.....

At this thought, the wind and clouds surged, and the earth shook.

The whole secret realm is feeling and shaking slightly.....

All examiners were shocked and confused.....

In the main hall, Ni Lin seemed to be activated, taking the initiative to fly towards Qin Feng, and began to merge...

Half an hour later, Qin Feng slowly opened his eyes, and his endless magnanimity exuded...

He actually had the majesty of an emperor, and was extremely noble, as if he was born with it.....

"not bad!"

Qin Feng looked at himself with satisfaction.

His combat power increased by 60 million, to 880 million.

This reverse scale is indeed stronger than the Emperor Bone.

When he fused the Emperor Bone, his combat power increased by 50 million, which was stronger than the Emperor Bone. Ni Lin lost 10 million.

Next, Qin Feng began to refine dragon tendons and dragon beads.....

Time flies.

In a blink of an eye, it was the third day.

This is also the last day for the Tianlong Realm to open.

At this moment, in Tianlong Palace.

Qin Feng looked excited.

Half a day ago, he refined the dragon tendon and his combat power increased by 60 million.

And just now, he refined the Dragon Ball again.

Now, his combat power has just reached one billion

"Ding! It is detected that the host has become 100% dragon-like, 100% dragon-bone-like, and 100% dragon-marrow-like.%...The reverse scale, dragon tendons, and dragon beads were successfully fused, and the emperor-level skill was awakened - the true dragon body!"

"Huh! Emperor level skill?"

Qin Feng's eyes shone and he rose into the sky.

The next second, the sky and the earth changed color, and the spiritual light was released.

A shadow of a divine dragon appeared behind Qin Feng, and golden dragon scales appeared on his arms.

The true dragon body was activated.!

The next second, the pressure of the Nine-Star Emperor emanated from him.

It was the genuine pressure of the Nine-Stars.

Qin Feng looked at himself briefly, then put away his skills with satisfaction, and all the strange phenomena disappeared.

He The emperor's pressure on his body also disappeared.

It turns out that True Dragon Overlord is a defensive emperor-level skill that can forcibly increase the strength of the physical body.

After activation, Qin Feng's physical strength increased to the nine-star emperor level, and his defense power increased tenfold. He also has imperial power.

With such a powerful body, he is less likely to be killed instantly by the Nine-Star Emperor.

As long as he is not killed instantly, he has a chance to survive.

Because he has mastered teleportation.

"Ding! Congratulations to the host for awakening the ninth level of dragon power and increasing his combat power by 100 million. Increased to 1.1 billion....."

The ninth level dragon power has finally awakened!

Qin Feng's mouth showed a smile.

It's almost time.

It's time for him to meet the spirit of inheritance.....

An hour later, Qin Feng returned to the square.

At this moment, there were many people in the square.

The opening of Tianlong Realm is coming to an end.

So, everyone began to return one after another.

Qin Feng's appearance shocked everyone.

When everyone saw him, they stepped forward to salute.

He smiled and nodded.

This time, everyone's harvest was very good, and everyone looked happy.

Among the crowd, he saw Jade Qilin.

This woman was looking at him with a resentful look on her face, her little mouth raised.

Obviously, she was complaining that Qin Feng didn't call her these days.

Qin Feng smiled and said nothing.

Not long after, all the examiners returned.

Everyone's face was filled with joy, and it was obvious that they had had a great harvest.

Qin Feng was also pleased to see it.

After all, these are his subordinates.

At this moment, everyone came over to see

"Mr. Qin Feng, we have agreed to hand over 30% of our respective harvests to you. We hope you can accept our sincerity!"

Little Wheel King said with great respect.

Everyone looked at Qin Feng with respect.

These days, everyone discovered that Qin Feng did not go to the Tianlong Realm to search for resources.

Everyone was moved.

They thought that Qin Feng deliberately Leave the resources to them.

Otherwise, with Qin Feng's strength, I am afraid that most of the resources will go into his pocket, and there will be no share for them.

While this moved everyone, they also felt sorry.

After discussing it, everyone felt that they should donate Give some of it to the boss

"Sir, I hope you will accept our sincerity!", Xiao Qingfeng also stepped forward to persuade.

He felt that Qin Feng, the boss, was really good.

Qin Feng looked calm and glanced at everyone.

With just one glance, he scanned everyone's recent memories.

Everyone's harvest was indeed good.

Each force has harvested several hundred pieces of Imperial Liquid Crystal, which is ten times as much as in previous years.

Among them, the Southern Alliance has harvested more than a thousand pieces, which is twenty times as much as in previous years.

The Southern Alliance harvested the most is because of their people. More.

Even without Qin Feng, there are still five people in the Southern Alliance.

In addition, Luo Li, Xiao Lun Wang, and Yu Qilin each got a dragon essence fruit.

This harvest made everyone envious.

However, these people's harvests all increased. It's not even one percent as good as Qin Feng's

"No need! Just keep it yourself!", Qin Feng said calmly

"Sir, what about you?.....", Xiao Qingfeng wanted to say that Qin Feng had gained nothing.

Qin Feng interrupted:"No need to say more! Xiao Qingfeng!"

"The subordinates are here!"

"If I give you a dragon essence fruit, can you reach the threshold of eight stars?"

The so-called quasi-eight-star threshold means that one's mental strength reaches the requirements and one can condense the eighth star pattern.

"Can!", Xiao Qingfeng answered simply.

He was very confident about this.

"good!"

Qin Feng waved his hand.

A spirit fruit flew in front of Xiao Qingfeng.

Xiao Qingfeng caught it and was shocked.

It was the extremely precious dragon essence fruit!

"Huh! It's Dragon Essence Fruit...."

Everyone was surprised.

When did Lord Qin Feng get such a treasure?

In fact, Qin Feng picked it up on his way back.

He still doesn't like it.

He uses his spiritual consciousness to search for treasures, and no one can compare with him.

"Sir, you are...."

"gave it to you! Break through to the quasi-eight-star threshold as soon as possible!"

As soon as these words were said, everyone cast envious glances at Xiao Qingfeng.

Lord Qin Feng is so generous!

This Xiao Qingfeng is also very lucky.

"This...thank you, sir!"

Xiao Qingfeng was moved and accepted it silently.

Then, he raised his hand and asked: "Sir, after the trip to the secret realm is over, can my subordinates directly join you?"

As soon as these words were said, everyone looked at Qin Feng.

Many people in the crowd wanted to join him directly.

There were also some who were hesitant.

They couldn't let go of their original strength.

"Let's not mention this for now! Let's wait until I obtain the Dragon God's inheritance!"

Qin Feng said simply.

He had a plan.

At this moment, the square shook.

A huge platform rose from the ground.

Qin Feng was delighted.

He knew that the door to inheritance was about to open..

Chapter 282

Rumble!

Everyone was startled and looked around.

After a while, the platform was fully raised.

It was a huge arena.

Summoning the Jade Talisman sent a message to everyone.

Everyone suddenly realized. turn out to be. This arena is the final competition.

Only those with dragon power can participate in the ring battle.

The final winner will be qualified to enter the Gate of Inheritance and obtain the inheritance of the Dragon God.

At this moment, everyone's eyes were turned to Qin Feng.

There were only three people with Longwei present, namely Qin Feng, Chu Chu, and Li Jiao.

Chu Chu is now the fourth level dragon power.

Li Jiao had a strange birth. He was born with the blood of a dragon and possesses first-level dragon power.

Needless to say, the only winner can only be Qin Feng

"elder brother!", Chu Chu looked at Qin Feng

"Go up!", Qin Feng smiled slightly

"Um!" Chu Chu obediently entered the ring.

Qin Feng looked at Li Jiao in the crowd.

He quickly shook his head:"Master Qin Feng, my subordinates will not participate in the inheritance competition, so I don't have to go up."

Qin Feng nodded and said no more.

Everyone else was looking at Qin Feng, waiting for him to get on the ring.

But Qin Feng stood silently below, with no intention of going up.

This made everyone confused.

Don't you want Master Qin Feng? Inherited?

That is the most precious thing in the secret realm!

On the ring, Chu Chu looked calm.

She had known the whole story for a long time, and everything was going according to her brother's plan.

"Master Qin Feng, why don't you go up??",Luo Li was a little anxious.

Although she has a close relationship with Chu Chu, deep down she still prefers Qin Feng

"yes! Lord Qin Feng, what are you doing?.....? ", Xiao Lun Wang also looked puzzled.

Qin Feng said calmly:"I have obtained the qualification to inherit!"

Everyone was stunned and felt surprised in their hearts.

Master Qin Feng is indeed extraordinary!

He had unknowingly obtained the inheritance qualification.

So, in addition to Lord Qin Feng, Miss Chu Chu can also get the inheritance this time.

At this thought, everyone looked at Chu Chu with envy, and at the same time they were happy for her.

"Qin Feng, do you have level 7 dragon power?"

In the crowd, Jade Qilin's voice of surprise suddenly sounded.

Everyone followed the sound.

Looking at the surprised look on Jade Qilin's face, it seemed that the seventh-level dragon power was very powerful.

Qin Feng smiled noncommittally.

"I knew it!", Yu Qilin said with excitement,"Qin Feng, you are really amazing! Over the past ten thousand years, thousands of people have acquired the Dragon Ruins inheritance, but the vast majority are below level five."

"There are only a hundred people who have acquired inheritances above level five, dozens of people who have achieved level six, and only nine people who have acquired inheritance above level seven. If you have level seven dragon power, you can obtain level seven inheritance....."

These words confused everyone.

What tens of thousands of years?

What about Level 5, Level 6, Level 7... no one could understand.

They don't know about the existence of the Star Alliance yet.

I only know that there are star beasts outside the earth, and they are the biggest enemies of mankind.

This is their vision.

It's not their fault.

After all, the earth is still in its nascent state of development.

Even though everyone didn't understand it, they felt that Level 7 seemed very powerful.

Xiao Lun Wang couldn't help but ask:"Is the seventh level inheritance very powerful?"

Yu Qilin replied:"Of course! As long as you get the fifth level inheritance, you can improve your potential, let alone the seventh level...."

"It can also improve your potential!"

"this is not bad!"

Everyone was amazed.

Chu Chu was also so excited that her eyes shone.

In the past few days, she has been busy collecting resources. She still has a lot of dragon blood and other items that have not been refined!

She wants to break through to the fifth level of dragon power, and there is no problem..As for level six, it seems a bit reluctant.

"How many people are there in the eighth-level inheritance?", Qin Feng suddenly asked

"Only two people!", Yu Qilin couldn't help but glance at Qin Feng, "Aren't you at the eighth level?"

Qin Feng smiled and said nothing.

But at this moment, the aura of the secret realm fell from the sky and enveloped the entire audience.

"The arena challenge time is over! The assessor Chu Chu obtained the inheritance qualification! After three days, the secret realm will automatically close and disappear forever!"

The aura of the secret realm dissipated.

Everyone sighed, it is finally over!

At this time, a transmission light door appeared in the corner of the square.

That is the entrance to the inheritance temple.

Only inheritors can enter.

Chu Chu came down from the ring excitedly.

Yu Qilin kindly reminded, Let her refine dragon blood and other items first and raise the level of dragon power before entering.

Because the teleportation entrance is based on the level of dragon power, and the inheritor will be transferred to the inheritance temple of the corresponding level.

"Chu Chu, this is for you!"

Qin Feng waved his hand, and ten drops of dragon marrow liquid flew towards Chu Chu.

"Wow! There is so much dragon marrow liquid again! elder brother! Thanks!"

Chu Chu's face was filled with joy.

She was originally worried that she would not be able to reach the sixth level of dragon power.

With these ten drops of dragon marrow liquid, she should be able to do it.

If she can obtain the sixth level inheritance, she might be able to raise her potential to nine-star perfection. The qualifications of a great emperor.

Thinking of this, she was filled with joy. At that moment, Qin Feng explained to all his subordinates, and then walked towards the entrance of the inheritance.

Chu Chu was refining dragon blood and other things at the scene.

Afterwards, Qin Feng was in front of everyone. Under his gaze, he stepped into the portal.

The next second, he felt the space change.

His whole body turned into a ray of light, traveling through the endless starry sky, and the stars in the sky slid past him.

Then, the starry sky folded, Time is distorted!

He turned into a baby for a while, and an old man for a while.

He traveled through weird time and space one after another.

Finally, he entered a void.

There was a temple hidden under the endless darkness, suspended in the void. , invisible to the naked eye.

Qin Feng put his feet on the ground and looked up around him.

This is a huge temple hall.

The four walls are hundreds of millions of feet high, and the end of the wall cannot be seen at a glance.....

The ceiling of the hall is like the sky.

The entire hall is astonishingly large.

Qin Feng felt like an ant entering the tall palace of mankind.

A feeling of insignificance welled up in his heart.

The surroundings are empty and the atmosphere is vast.

Qin Feng was inexplicably nervous.

He kept walking.

In this huge and boundless temple, he felt like walking on a vast and boundless plain.

Just ahead.

He saw a huge statue.

It was a nine-headed dragon, hundreds of millions of feet tall, higher than Mount Everest on Earth.

Each of the nine dragon heads has a special mark between their eyebrows.

Some are like snowflakes, some are like flames, some are like thunder and lightning...

Qin Feng is thoughtful.

This should mean that each dragon head masters a series of elemental powers.

Nine dragon heads, all nine series.

This nine-headed divine dragon is similar to myself in some aspects!

This is really fate!

Unknowingly, Qin Feng walked under the statue.

The statue seemed to be sensing something, and an eternal aura was slowly awakening from it.

Invisible oppression descended, shrouding the world between heaven and earth.

The world is filled with endless vicissitudes of life.

A spiritual thought emerged and slowly swept over Qin Feng's body, carrying a terrifying pressure.

The spirit of inheritance awakens..

Chapter 283

There is boundless surprise in the divine thoughts.

Ten thousand years!

Finally, a living being came here.

The spirit of inheritance looked down.

This is a human being!

The next second, the nine-headed statue seemed to come alive.

Nine huge dragon heads hang down, and eighteen dragon eyes circulate, looking down at Qin Feng from above.

Qin Feng raised his head and swallowed.

He felt an invisible oppression that was suffocating.

At this moment, a flash of inspiration occurred.

An extremely huge nine-headed dragon emerged from the statue, then quickly shrank, turning into a middle-aged man in white, and slowly fell from the sky.

This man's whole body exudes spiritual light. His body is not solid, but more like a spiritual body.

There is a nine-color mark between his eyebrows, exuding fluctuations of nine elements, and his demeanor is extremely noble.

But the look on his face was extremely tired, and his breath was weak.

He had been sleeping for thousands of years!

If no one steps into this inheritance temple, his remaining spiritual thoughts will not last long.

A moment later, a middle-aged man fell from the sky and stood in front of Qin Feng

"Qin Feng has met his senior!" Qin Feng's attitude is very respectful.

He knows that the guy in front of him is the spirit of inheritance.

His potential is a bit low, and the chance of obtaining a ninth-level inheritance is only 20%, so he has to be more respectful.

As long as this spirit of inheritance can see It must be pleasing to the eye, he still has a chance to obtain this only ninth-level inheritance

"It's been more than ten thousand years! You are the first creature to come here! You are very good!"

The middle-aged man said with a smile.

His tired expression showed joy.

He has been waiting for this day for too long.

"Thank you for the compliment, senior!" Qin Feng's attitude was very respectful.

The middle-aged man nodded with satisfaction.

It seems that this young man is a sensible junior.

"Senior, I see that you look tired and in a bad state. Qin

Feng asked with concern

"yes! If you had come a thousand years later, you would not have seen me. This secret realm of Dragon Ruins will also completely disappear from this dimensional world....."

The middle-aged man smiled helplessly.

He could only hold on to this sadness for so long.

Moreover, as time goes by, his condition will become worse and worse, and his strength will become weaker and weaker.

A flash of light flashed across Qin Feng's eyes, and he got the information he wanted.

"Young man, let me take a look at your potential and see if you are suitable to inherit this legacy.
....."

The middle-aged man smiled gently.

He waved his hand, and the sky above the temple shook slightly.

Then, a jade talisman fell from the sky.

Seeing this scene, a strange color flashed across Qin Feng's eyes.

I was right in my estimation, this inheritance spirit was already weak to the limit.

The fact that he can't directly see his own potential shows that his strength has dropped drastically.

No wonder, when he approached this inherited spirit, the oppressive aura was weaker than that of the ordinary nine-star emperor.

However, Qin Feng did not dare to neglect.

No matter how weak this inheritance spirit is, he is still the true controller of the temple.

This entire temple is a huge divine formation.

As long as the spirit of inheritance is willing, even if the Nine-Star Emperor comes, he will be killed instantly.

Even if the master comes, he cannot escape death.

After a while, the jade talisman fell into the hands of the middle-aged man.

What is recorded there is Qin Feng's assessment information.

After reading this, the middle-aged man shook his head with regret.

"I didn't expect that your potential is only at the upper-grade Dominator level. This... Hey!."

The middle-aged man shook his head helplessly.

Qin Feng smiled bitterly:"I disappoint my senior!"

"this.....", the middle-aged man hesitated.

He had a good impression of Qin Feng.

But this inheritance.....

"Hey~! It's all doomed somewhere! What was deduced thousands of years ago has indeed come true today.", the middle-aged man sighed again.

Qin Feng asked curiously:"Senior, you mean that this inheritance has a destined candidate. But that person hasn't come yet!

The middle-aged man nodded appreciatively: "You are quite smart!" Before my body collapsed, I deduced that the real successor should appear seven hundred years later. I can still sustain it for a thousand years, so I should be able to wait until he...."

"To be honest, I am very surprised that you are able to reach this far with just the qualifications of a top-level master. I thought it was because the ontology deduction was inaccurate.....In short, you are not suitable for this inheritance...."

The middle-aged man looked regretful.

He still had a good impression of Qin Feng.

It's a pity that Qin Feng's potential is too poor and he can't afford this supreme inheritance.

"Senior, I understand!"

Qin Feng nodded calmly, without any fluctuation in his expression.

However, he also saw it.

This inheritance spirit is just a residual thought, and it seems that his IQ is not very high.

"Young man, as long as you understand. To be honest, it's not that I don't pass on your inheritance, but that my enemies are too strong."

"Even if you gain inheritance, your achievements are limited. You can't avenge the real body...then the arrangement of this secret realm loses its meaning."

Qin Feng suddenly understood.

Immediately, he asked carefully: "Senior, who is your real enemy?"

The middle-aged man looked solemn: "Don't say it!" Not to be mentioned!"

Qin Feng was surprised.

Looking at the expression of this inheritance spirit, he seemed to be a little afraid.

Could it be that his enemies would sense him just by mentioning his name?

If so, that would be terrifying!

"Young man, what a pity this time! I can only say that you have no connection with this inheritance. You can only inherit the eighth-level inheritance!"

The middle-aged man was really sorry, so he also explained a few more words so that Qin Feng could understand all the cause and effect.

"Senior, you don't have to worry. I am indeed not suitable for this inheritance. Excuse me, I want to inherit the eighth-level inheritance, what should I do?"

Qin Feng's attitude was still extremely respectful.

He did not lose his mind because of losing the opportunity to inherit, nor did he show disappointment.

The way he handled things steadily made the inheritance spirit secretly praise him.

This young man is so majestic!

He has the air of a general!

"There's a teleportation gate over there....."

The middle-aged man waved his hand, and a portal appeared in the corner of the temple.

"you....."

But before the middle-aged man could finish speaking, a sudden change occurred.

Hunyuan transformation!

The Dragon God Sword comes out!

Nine sword energies suddenly rose into the sky!

Nine violent attacks!

Nine swords in one!

Resonance kills!

Qin Feng suddenly attacked and launched his strongest blow.

Boom~!

Earth-shattering!

The temple shakes!

The endless power of destruction is surging everywhere like an overwhelming mountain!

Qin Feng exploded the spirit of inheritance with a sword, turning it into nine-colored light spots that filled the entire place.

After a while, the nine colored light points gathered together and transformed into the appearance of a middle-aged man again.

It's just that his face became paler and his breath became weaker.

At this moment, he looked at Qin Feng in shock and was a little confused.

Who can tell me what happened just now?

Isn't this young man very respectful to himself? Is it respectful?

Why did he want to sneak attack on him?

Immediately, boundless anger rose from the bottom of his heart....

"you wanna die!"

The middle-aged man has a ferocious face. He wants to kill this damn young man to pieces.

He doesn't care why Qin Feng takes action. If you dare to offend him, you will die!

As soon as he reaches out his hand, the hall activates.

The terrifying power of destroying the sky and the earth, They gathered from all directions.

With the help of the temple, even the master would die, let alone a little ant like Qin Feng.

At this extremely critical moment, Qin Feng smiled and said: "Senior, can you still hold on for five hundred years?"

"What?!", the middle-aged man was stunned.

Immediately, he understood the meaning of this sentence, and his expression changed drastically.

He had said before that the real inheritor would arrive in seven hundred years.

But Qin Feng had just succeeded in a sneak attack, and let him He was hit hard.

In his current state, he can support it for up to five hundred years, but he can't wait until seven hundred years later!

The spirit of inheritance was dumbfounded.

Qin Feng said again: "Senior, if what I expected is correct. Your duty is to be responsible for the distribution of inheritance. You cannot change the inheritance assessment system...."

"Huh! how do you know?" The spirit of inheritance was shocked again.

Qin Feng smiled and said: "It's very simple! If you could change the assessment system, you should know how I performed before I arrived. But you checked the information through the jade symbol..."

"This shows that you cannot change the assessment system, and you do not even have the right to observe the assessment. Your body only allows you to be responsible for the inheritance....."

"Perhaps your body was too seriously injured back then and you were unable to create a stronger inheritance spirit."

The spirit of inheritance was horrified.

Qin Feng's guess was accurate.

"snort! How about that?", the inheritance spirit tried hard to restrain his anger.

He wanted to hear Qin Feng's explanation.

Qin Feng smiled and said: "Senior, you can't change the assessment system, so you should know how difficult this assessment is."

"For example: You waited more than 10,000 years before I could be alone. Are you sure you can wait for the second person in the remaining five hundred years?"

"As for the real inheritor you mentioned, he will come in seven hundred years. You can't even wait for it to come"

"In this case, if you don't give this inheritance to me, who else can you give it to?"

The spirit of inheritance suddenly realized:"So you are here for inheritance! I will not pass on your insidious and cunning character to you!"

"Senior, if you give me the inheritance, you still have a chance to avenge the original body. I got the inheritance of your body, so I naturally assumed its cause and effect."

"If you don't give it to me, you won't even have the chance to take revenge on your body. Do you think if you continue to wait, you will be able to find someone more suitable than me?"

"Well.....", the spirit of inheritance was confused.

Damn it~!

Why does this sound so reasonable!..

Chapter 284

"Well.....", the spirit of inheritance was confused.

Damn it~!

Why does this sound so reasonable!

"Senior, do you think so?"

"It's a ghost!"

The spirit of inheritance was furious.

This kid is so sinister!

If he hadn't been deceived by Qin Feng's appearance before, he would not have been successfully attacked.

Thinking of this, he wanted to slap Qin Feng to death.

But he He just raised his hand and quietly put it down.

The shock in the temple gradually subsided, the formation stopped, and the surrounding area became quiet.

He had to admit that what Qin Feng said made sense.

He had been forced by Qin Feng to have no choice..

But he is still unwilling

"snort! You want to get the inheritance, but after all, you are not the destined candidate. Even if I give you an inheritance, it's useless. Even, you will die yourself"

"You know, the enemy of my body has great powers. As long as you grow to a certain level and have contact with his level. He will sense the inheritance aura in you"

"At that time, he will not listen to any explanation from you and will kill you directly! Qin

Feng smiled calmly:"I know this. As long as I inherit the inheritance of your body, I am destined to become his enemy." So, you don't have to worry. After I get the inheritance, I will definitely help you take revenge."

"I'm not worried about this! I want to tell you that with your qualifications, even if you obtain the inheritance, you are not qualified to be that person's opponent. If you use this method to obtain inheritance, you are actually seeking death!"

The spirit of inheritance sneered.

This is also the point he is most unwilling to accept.

If Qin Feng's potential was good enough, he would have given away the inheritance long ago, why bother so much.

Qin Feng said quietly: "I may not be giving away my death!"

The spirit of inheritance sneered: "The ignorant are fearless! Sometimes, the more you know, the more you know how to be in awe"

"And you are more like a bug that can only live through summer. You never know what winter is. There are some worlds that you can never understand because you can never reach that level!"

Qin Feng sneered: "Stubborn!" Summer bugs can't survive summer, that's your common sense. Maybe one day, a bug mutates. Its lifespan is extended ten times, wouldn't it survive until winter?"

"Everything in the world is not static. For example, your body has calculated that the real inheritor will arrive in seven hundred years. what about now? Does he still have a chance to come? Has your body calculated this?"

"Well! this.....", the spirit of inheritance is speechless

"Also, did your body predict my appearance? If he could figure it out, you wouldn't be so surprised when you see me!"

".....", the spirit of inheritance was speechless again.

Qin Feng smiled proudly: "So, everything is not static, there will always be one or two variables. And I am your variable! Maybe if I inherit, I will get better results....."

"this....", the spirit of inheritance hesitates

"Your qualifications are still too poor!"The spirit of inheritance is still struggling with this point.

"Speaking of this, I feel that according to the law of cause and effect, it makes sense that you should not inherit this inheritance....."

Qin Feng sneered:"If the law of cause and effect is really accurate, I shouldn't have appeared. It means it is still inaccurate. In fact, if you follow the law of cause and effect, you may fall into someone else's trap....."

"Falling into a trap?", the spirit of inheritance is puzzled

"good! Your body can deduce, can't his enemy? Logically speaking, his enemy is stronger. If you continue to follow the deduction of cause and effect, you will eventually achieve nothing, let alone revenge!"

Hearing this, the inheritance spirit broke out in a cold sweat.

That's right!

With that person's strength, how could he not understand the deduction?

What's more, the original body back then was a inheritance that was hastily arranged after serious injuries, and many details were not considered enough.

"So what to do?", the spirit of inheritance couldn't help but ask.

Qin Feng smiled:"I want to break the situation! Naturally, we have to do the opposite"

"For example, I just attacked you... Even if you are forced to compromise, when you give me the inheritance, you plan to do something in the inheritance, right?"

"Yep!", the spirit of inheritance nodded stupidly.

That's what he thought.

Unexpectedly, Qin Feng revealed his thoughts with one word.

In fact, anyone would think so.

Anyone who is attacked by others will be attacked by others. Anyone who threatens will bear grudges.

This is common sense!

Qin Feng was a little speechless. This guy's IQ is really not high, and he doesn't even know how to hide it.

He continued:"What you do is very consistent with your current mentality and situation, but this is caught in a causal loop"

"You should do the opposite, think outside the box, and give me the inheritance wholeheartedly without any manipulation....."

The spirit of inheritance frowned:"Why do I feel like you are deceiving me!"

Qin Feng said seriously:"It's not a deception. Think about it carefully. If you really did this, does it violate logic?"

"good!"

Qin Feng said:"That's right! Logic is the composition of cause and effect lines. Things that do not conform to logic are difficult to follow the law of cause and effect. How can we deduce the next development?"

"As long as you make such an illogical decision, how much can your enemies figure out? At least, he couldn't deduce all"

"Well.....", the inheritance spirit's eyes lit up.

Damn it~!

This really makes sense.

Do I really want to do this?

The spirit of inheritance hesitated.

After a moment, he sighed helplessly

"All right! I will believe you once!"

Qin Feng's fallacy made him unable to refute.

What's more, he really had no choice.

"let us start!"

As soon as the Spirit of Inheritance waved his hand, an altar of inheritance rose from the ground.

Qin Feng was delighted.

This guy was finally persuaded by himself.

At that moment, the two began to enter the inheritance ceremony.

A few minutes later, the sound of the Spirit of Inheritance rang out in the hall. Sound of surprise

"Huh! Your vitality actually has nine attributes! This is so great!"

"Although your potential is not high, your characteristics are very suitable for inheriting my inheritance!"

At this moment, the inheritance spirit looked at Qin Feng with surprise on his face, and his hands were shaking with excitement.

Qin Feng was curious:"So, after inheriting this inheritance, I can hope to avenge your body?"

"There's a 10% chance!"

"Only 10%?"

"snort! 10% is pretty good. According to your previous potential, there is no hope, which makes people feel a little desperate!"

"Forehead! All right!", Qin Feng was speechless

"anyway. You are such a strange person! I have never heard that there are people in this world whose vitality has nine attributes. Although my body masters the power of nine systems at the same time, it cannot be integrated. Your existence may be an anomaly in this world!"

Qin Feng smiled and said nothing.

He is indeed an anomaly in this world.

He came from time to time!

He has a system!

Naturally, he is an anomaly.

At the moment, the inheritance spirit continues to operate the inheritance ceremony.

If he was very reluctant before , then he finally recognized Qin Feng.

Because Qin Feng's nine attributes gave him a glimmer of hope.

Time passed quickly.

One day later, Qin Feng thought of the system prompt in his mind

"Ding! Congratulations to the host for obtaining the Nine-headed Dragon God inheritance (perfect level).....Current inheritance level is 10%...."

"Ding! Host potential is greatly improved.....Currently promoted to Star Lord level!"

Hearing this, Qin Feng was overjoyed.

Not to mention that his potential had been upgraded to the Star Lord level.

Just the fact that the inheritance noted that it was the perfect level made him feel relieved.

This shows that the spirit of inheritance did not do anything..

Chapter 285

This is how this supreme inheritance is obtained.

Qin Feng was satisfied.

At this time, the tired voice of the spirit of inheritance sounded in his ears

"Qin Feng, you don't have enough potential. You can't digest all the inheritance at once. I can only let you inherit 10% first. The remaining 90% has been turned into a divine treasure, hidden in your seven senses divine ring....."

"In the future, as long as your strength meets the requirements, this divine treasure will automatically awaken and let you digest it....."

The voice of the inheritance spirit was a little tired.

Qin Feng looked up and saw his dim figure.

In order to instill the inheritance into Qin Feng, the inheritance spirit digested too much energy.

He can't hold on much longer

"Thank you, senior!" Qin Feng was sincerely grateful.

The spirit of inheritance looked at Qin Feng with some emotion in his eyes.

The development of the matter was completely beyond his expectation.

Even his true body did not predict that it would be today.

At the moment when he made the decision It was difficult.

But after finishing it, he felt relieved and breathed a sigh of relief.

"If you inherit my true body, you will definitely inherit his karma in the future. From now on, take care of yourself!"

"However, you are not without a chance. Your physical attributes are very suitable for this inheritance, and your character is sinister and cunning, which is also an advantage!"

There was admiration in the eyes of the spirit of inheritance.

This young man is a smart man with a thoughtful mind.

Back then, his body was not smart enough, so he was plotted by the enemy.

Otherwise, when the two sides faced each other head-on, his body would be slightly inferior, and he would still be a little inferior. He won't fall.

But Qin Feng has a delicate mind and is dark and smart. Maybe the outcome will be different.

"Um...Senior, are you praising me?"

"Just take it as such! The inheritance is passed on to you. My mission is completed and it's time to disperse....."

The spirit of inheritance speaks with exclamation.

His body's energy is almost exhausted and it's time to dissipate between heaven and earth.

"Senior, I'm so sorry.....", Qin Feng felt a little apologetic.

His appearance caused the spirit of inheritance to dissipate in advance

"You don't have to! This is my duty. Now that my mission is completed, it's time to disappear"

"What's more, there is no such thing as a banquet in this world that lasts forever. Our fate ends here."

As soon as he finished speaking, the spirit of inheritance smiled slightly, and his figure gradually dimmed, and finally turned into countless light spots and dissipated.

The sky above the temple still echoes with the last voice of the spirit of inheritance.

"Qin Feng, if you grow up in the future, I will avenge my body if I can, and if I can't, I won't. Only when you are alive do you have hope....."

After a long time, the light spots dissipated and the sound disappeared.

The temple became quiet, leaving Qin Feng alone.

Looking up at the empty hall, he sighed in his heart.

If he wants to live, he can only become stronger.

Thinking of this, Qin Feng sat cross-legged and began to digest the inheritance he had just received.

He just inherited 10% of the inheritance.

But this 10% has not been digested yet, it is time to digest it now.....

At the same time, a distant star field.

A starry sky temple as big as the moon is suspended above a green planet.

At this moment, deep inside the temple.

A supreme power sat on the dragon throne.

His name is 'Hun', and he is the supreme leader of the Hun organization.

At this moment, with a burst of space fluctuations, a beautiful woman appeared in front of him.

Judging from the aura of this woman, it turned out to be that of the Nine-Star Emperor.

But she was actually trembling in front of "Hun", hiding fear in her eyes

"Lord Lord, Emperor Ye has made another breakthrough....", the woman reported respectfully

"good~! ", faintly nodded.

There was a hint of joy on Gujing Wubo's face.

After dusk, it's night

'Ye' is his only son.

One side dominates the other side!

The son of the Lord is the Son of Heaven!

So 'Ye' is called the Emperor of the Night by his subordinates

"I heard that Yan Guang and An Ming discovered a secret realm of Dragon Ruins?" Hun asked casually.

Yan Guang is the God Emperor, and An Ming is the Hades Emperor.

"Yes! Decades ago, they discovered a secret realm of Dragon Ruins in a primitive star field called a solar system. It seemed to be on some earth planet....."

The woman reported respectfully.

Hun Wei nodded: "Inform Yan Guang and An Ming to seal the secret realm of Dragon Ruins and prohibit anyone from exploring it....."

"Sir, how long will it be sealed for?"

"Seven hundred years!"

"yes! This subordinate will inform you immediately!"

The next second, the woman disappeared out of thin air. She turned her head faintly and looked at a forbidden area in the temple.

Where is the retreat place of his son 'Ye'.

This time, Emperor Ye had to retreat for seven hundred years before he could come out.

Thinking of this His son, with a rare expression of pride on his cold and cold face.

The thing he is most proud of in his life is probably this son!

Ye's potential is extremely terrifying and has reached the Star Lord level.

He is destined to become a top figure in the Star Alliance.

His future achievements will be far higher than his own and beyond his reach.

Thinking of this, Hong felt proud.

He turned his head and looked towards the direction of the solar system again.

He had deduced that after seven hundred years, when he leaves the seclusion at night, there will be a huge opportunity.

This opportunity is in the Dragon Ruins.

Dragon Ruins!

It has appeared in the Star Alliance for more than 10,000 years.

So far, no one has been able to obtain that supreme inheritance.

I am afraid that no one has thought that that supreme The inheritance will belong to his son.

He was still worried before, where to find a secret dragon ruins?

All the known dragon ruins have been developed.

Unexpectedly, someone under his men has quietly discovered it.

Yanguang, Anhui Ming:

These two guys are a bit greedy!

Henwei sneered.

These two subordinates did not report the secret realm when they discovered it. Obviously, they wanted to make a profit for themselves.

However, he did not care.

Greed is the nature of all living things, and he is no exception..

He just needs to seal this secret realm and wait for his son to come out in seven hundred years.

.....

At the same time, in the forbidden area of the temple, there was an empty space.

A young man in black woke up from meditation.

He is Emperor Ye.

At this moment, he looked panicked.

Just now, he felt a strong heart palpitations.

It was as if he had just lost something extremely precious.

This feeling is so strange!

Ye Tianzi looked confused and a little uneasy.....

At the same time, inside the inheritance temple.

Qin Feng finally digested 10% of the inheritance.

Huge changes also occurred in him.

At this moment, he looked at himself.

The attributes of light, darkness, and fire are all strengthened to the nine-star level.

The remaining six series attributes have been strengthened to the quasi-nine-star level.

This is a big step closer to condensing the power of chaos!

And his combat power also skyrocketed to 2 billion!

Qin Feng is in a great mood..

Chapter 286

With Qin Feng's current strength, if he uses the True Dragon Hegemony again, his defense power will reach an extremely terrifying level.

Even if the Nine-Star Emperor takes action, it will be difficult to kill him instantly.

Being able to do this is enough to shock the world

"I wonder how Chu Chu is doing?"

Qin Feng flipped it over casually, and there was an extra token in his hand.

The texture of the token was extremely simple, exuding the atmosphere of vicissitudes of life.

There were countless stars on the front, and a nine-headed dragon statue behind it.

This is the inheritance token.

It can Controlling this heritage temple can also control the Dragon Ruins Secret Realm.

At this moment, there are more than seventy white star points on the token, and only one is red.

These light spots represent that there are more than seventy secret realms left.

Qin Feng His spiritual consciousness probed towards the only red light spot.

The red light spot represented the secret realm of the earth.

Before the inheritance spirit disappeared, it helped him open it, so it turned red.

After a while, Qin Feng's spiritual consciousness passed the inheritance order. , saw the situation in the secret territory.

I saw all the subordinates practicing in the square.

Yu Qilin was practicing alone in the corner.

Chu Chu was not in the square.

Obviously, she had gone to inherit the inheritance.

It was time to go back!

Qin Feng controlled With the inheritance order, the temple trembled slightly, and a portal of light appeared in front of him.

At this time, he suddenly thought of a key question.

According to the rules of the secret realm, after he leaves the secret realm, all the Dragon Ruins secret realms in the Star Alliance will be in one place. All disappeared in an instant.

Is such a movement too big?

Could anyone guess that they have obtained the inheritance?

There are many people staring at the supreme inheritance!

If nothing else, the God Emperor and Hades Emperor outside know some details..

If they find that the secret realm suddenly disappears, will they think of something?

No!

It seems that he has to change something.

Qin Feng's eyes moved and fell on the inheritance token.

As long as he refines this token, he can control all the secret realms. He even controls the inheritance temple.

But there are one billion and thirty million runes on this token.

It will take several years for him to refine it, and he can't wait.

This secret realm will be closed in another day and a half.

"By the way, although it cannot be completely controlled, it can control a small part of the functions. For example, after I leave, the secret realm on the earth can be closed first, and the secret realms in other places can be closed one day later, so that others will not be able to tell the clues."

Qin Feng's eyes lit up and he felt that this method was feasible.

At the moment, he studied the inscription formation on the inheritance token.

This research made him dizzy.

The runes on this token are too complicated. , what are the Yiyuan pattern, the Liangyi pattern, the Sancai pattern, the Four Elephant pattern, the Five Elements pattern, the Liuhe pattern, the Qichen pattern, the Baji pattern, the Jiuyao pattern and many other patterns.

Qin Feng felt that his knowledge of formations was not enough, so he quickly took out the secrets of formations, trying to learn a little bit at the last minute.

He opened his mouth and swallowed a dozen enlightenment pills, and then began to study.

Time flies.

One day later, his formation secret realm research finally increased to 70%.

Qin Feng realized that the inscription formation had made great progress and started studying the inheritance token again.

This time, there was indeed progress.....

At the same time, the Earth interface, the Pacific Ocean.

Over that nameless island.

All the nine-star emperors looked at the eyes of the sea not far away.

It's been so many days!

Why haven't those assessors come out yet?

Could something happen?

This time the secret realm was closed for significantly longer than before!

Some emperors looked indifferent, while others were anxious.

For some emperors, those examiners are dead when they die, and they just lose some seven-star elites.

The strength of the alliance still depends on the Nine-Star Emperor, not even the Eight-Star King.

Most of those with anxious expressions have people who care about them.

For example, the Immortal Fire Emperor, his grandson Zhu Yang is below.

Compared with the Whale Emperor and the Shark Emperor, the Little Lun King is the hope of their clan.

But the only human female emperor, Jiutian Phoenix Emperor, was a little lost.

She stared blankly at the distant sea.

It's been so many days and Qin Feng hasn't come out yet...

Is something going to happen to him?

If something really happened to him, then I...

When I thought of this, Jiutian Fengdi felt inexplicably heartbroken, the kind of heartbreaking pain.

She didn't expect that she would feel this way.

Unconsciously, she had fallen into it.

Suddenly, she felt so regretful.

She regretted her reserve, and she couldn't let go of her shame later.

She clearly knows that Qin Feng's love poison has not been completely eliminated!

Knowing that I can help!

But he didn't do that.

If something happened to Qin Feng, it was probably caused by toxins...

Thinking of this, Emperor Jiutian Feng felt even more guilty and frightened.

She really couldn't imagine that her majestic empress would become so fragile...

Perhaps, she could be invincible in the world.

She can be strong on anyone.

But Qin Feng is her weakness.....

Jiutianfeng Emperor looked gloomy.

She decided that as long as Qin Feng could come back alive.

She helped Qin Feng detoxify.....

She doesn't want to be so worried anymore.....

On the other side, the God Emperor and Hades Emperor looked calm.

Of course they knew what was going on.

This is because the secret realm is activated.

Those people will not be able to get out until they have completed the assessment and obtained the inheritance.

"An Ming, do you think Long Shang can succeed this time?", the God Emperor quietly transmitted the message

"Lord God Emperor, Long Shang will definitely succeed. How can those earth natives compare to Long Shang and Yu Qilin? The Emperor's Ascension Pill will definitely be available....."

Pluto Emperor said confidently.

The God Emperor nodded slightly:"I think so too. With the Emperor's Ascension Pill, I can take a big step forward."....."

The God-Emperor's eyes showed anticipation, and a smile formed on his lips.

"By the way, there are also Emperor Bones! I wonder if Long Shang killed Qin Feng and took back the emperor's bones?"

"Lord God Emperor, Qin Feng is not as powerful as Long Shang at all, he must have died long ago!"

The God Emperor nodded slightly.

He also felt that this should be the case.

At this moment, he seemed to sense something. His expression moved, and there was a message jade talisman in his hand.

After reading the message inside, he had a look of surprise on his face. color

"Lord God Emperor, what's wrong?", Hades Emperor asked curiously

"Hey~! You see..."

The God Emperor sighed and handed over the communication talisman.

The Pluto Emperor took it and looked at it, and was immediately surprised:"Master Master actually likes this secret realm, but Long Shang and the others... are in a bit of trouble now!"

The God Emperor said helplessly:"There is no other way. We have to do what the master has told us to do....."

The Hades Emperor was also worried:"What should we do? If Long Shang succeeds, he will definitely get the inheritance...."

It turned out that their idea was that if Long Shang didn't get the Emperor's Ascension Pill, there would be no need to inherit it and save it for next time.

The secret realm still exists.

Next time, they will send new people to find Emperor Shengdan.

If Long Shang gets the Emperor's Ascension Pill, there is no need for the secret realm, he can go and get the inheritance.

The God Emperor shook his head slightly and said:"Don't think too much, let's just wait and see what happens! We'll talk about it after Long Shang and the others come out.""

The Hades Emperor nodded:"That's the only way!".....

Time flies.

In the blink of an eye, one day passed.

In that endless distant time and space, in that inheritance temple.

Qin Feng stood in the center of the hall.

The inheritance token floated above his head, exuding the light of the divine glow.

I saw the token, the divine light shining thousands of miles away, the rays of light reaching the ninth level of the sky, and its momentum was extremely astonishing.

The next second, the divine light was restrained.

The token was restored to its original state and automatically returned to Qin Feng's hands.

Qin Feng was overjoyed.

This token was refined by 5%, which was already his limit.

However, this 5% is enough.

He can control some functions of the Dragon Ruins Secret Realm.

Some of the hidden dangers he was worried about could be eliminated.

Qin Feng put away the token with satisfaction and walked towards the teleportation light door.

It's time for him to go back.....

After a while, Qin Feng returned to the square.

Everyone was startled and came forward to pay their respects.

Qin Feng glanced at everyone and found that all his subordinates had made progress after practicing in the past few days.

The weakest person has reached the half-step fusion state.

Sure enough, when resources are abundant, your cultivation will improve quickly.

This made Qin Feng very happy.

He found that Chu Chu had not returned yet.

Luo Li told Qin Feng that Chu Chu had just reached the sixth level of dragon power and had already inherited the sixth level inheritance.

Hearing this, Qin Feng was even more pleased.

With Chu Chu's potential and the assistance of the sixth-level inheritance, he should be able to reach the potential of a great emperor.

This has surpassed all emperors on earth.

Afterwards, everyone began to ask Qin Feng how to contact Qin Feng after they went out.

There are also some people who want to join Qin Feng's family directly.

Qin Feng asked everyone not to leave their respective organizations for the time being.

They first established an underground organization called 'Qinmen'.

When the time comes, he will make specific arrangements.

The goal of the Qin Sect is naturally to unify the world.

After making these arrangements, all the subordinates happily agreed.

More people are excited.

In their original organization, everyone's goal was to cultivate this organization into the number one force on earth.

This goal is obviously not as ambitious as the goal of 'Qinmen'.

What's more, Qin Feng has the qualifications and potential to accomplish this goal.

This aroused everyone's fighting spirit.

Everyone talked about their thoughts together.

At this time, Qin Feng felt a pair of beautiful eyes looking at him.

He turned around and saw Yu Qilin looking at him faintly.

Qin Feng then remembered that this woman's matter had not been dealt with yet.

He must gain this woman's absolute loyalty.

At that moment, he explained to everyone and then disappeared in the surprised eyes of everyone.

No one knew where Qin Feng had gone, and no one dared to ask more questions.

Afterwards, everyone continued to discuss the details of establishing the Qin Sect.

But no one noticed that the jade unicorn quietly disappeared in the corner of the square.

At this moment, in the secret realm of Tianlong Palace.

In a luxurious room.

Qin Feng sat on the chair, admiring Yu Qilin's perfect figure.

Yu Qilin's pure face had an endearing ruddy color.

She knew what Qin Feng was going to do.

The secret realm is about to close, and I have to return to the faint organization.

This guy wants to take his heart.

He wanted to be absolutely loyal to him.

But she had to admit it.

This guy has a fatal temptation for her.

Yu Qilin looked at Qin Feng lovingly.

Those extremely handsome facial features made her heart flutter

"Do you know what I'm going to do soon?", the corners of Qin Feng's mouth curled up slightly.

That bad look made Yu Qilin's heart beat wildly.

"Of course I know! Don't you just want my heart and make me obey you sincerely?....", Yu Qilin said with a smile

"To be honest, I don't think the method you mentioned is reliable.....", Qin Feng stood up proudly.

Immediately, he smiled evilly: "Although I don't believe it, it's not a bad thing to give it a try, let alone a peerless beauty like you....."

These words made Yu Qilin close his legs slightly, staring at Qin Feng with fiery eyes, looking forward to it..

Chapter 287

There was a faint fragrance floating in the room.

That is the unique fragrance of my daughter's house.

Qin Feng sniffed slightly, with a smile on his lips.

His nose is very sensitive.

The next second, he stretched out a slender hand.

The hands were as white as jade, with picturesque texture, and the nails were neatly manicured.

Yu Qilin's heart beat faster and his eyes were full of obsession.

This man is so handsome, even his hands are so beautiful!

Bang~!

Qin Feng snaps his fingers in a smart way.

Rumble!

The door is closed.

There were only two of them in the house, no one else to disturb them.

Spring breeze ripples in the air.....

Qin Feng walked over proudly, admiration in his eyes.

It must be said that the jade unicorn has graceful curves and is extremely perfect.

That thin waist is as slender as a willow.....

He can hold it with one hand.

Qin Feng's eyes moved from bottom to top...

He smiled evilly and stretched out his hand.....

He now wants to win this woman's heart.

Let him test whether this woman's method works.....

Even if it doesn't work, he doesn't mind trying it.....

Besides, this is a stunning beauty.

Yu Qilin blushed, raised her head, her eyes were fiery and bold.....

"Do you really have four hours?", Yu Qilin asked suddenly.

She was a little worried that she couldn't bear it.

Qin Feng frowned.

He didn't know what to say.

Since he received the supreme inheritance, his physical fitness has been fully strengthened, and he has also acquired dragon nature.

What is dragon nature?

Dragon life The nine sons are different because their mothers are different.

This is because the dragon is too strong in some aspects and has strong demand...

Qin Feng has been inherited by the Supreme Dragon God, and some aspects have also been greatly strengthened.....

Four hours?

Obviously not enough!

"Are you four hours?", Yu Qilin asked curiously again.

Looking at her worried look, Qin Feng felt worried

"Four hours, that was before, now...."

Pfft~!

Yu Qilin smiled sweetly: "I knew you were bragging...."

It turned out that she had misunderstood.

Seeing Qin Feng's hesitation, she thought that this guy was about to reveal the truth and had to admit the truth....

"Ah! You've always underestimated me...."

"No! But, I can understand that men like to brag about those things....."

"It seems I can't do it without proving it!"

"whee!! Four hours...."

The corners of Qin Feng's lips curled up slightly: "You are proud now, but you will regret it later."

As soon as he finished speaking, he waved his hand, and the room was filled with glow, and everything was invisible.....

After a moment, a sweet cry sounded in the light....

"Oh My God!"..

Time passes.

Before I knew it, eight hours had passed.

Qin Fengcai walked out of the room feeling refreshed.

He had never felt so comfortable.

The next second, he was suspended above Tianlong Palace, waiting quietly.

A full quarter of an hour later, Yu Qilin had the strength to walk outside the palace.

That delicate and pretty face is a little pale..

Chapter 288

In the past eight hours, Yu Qilin couldn't remember how many times he fainted.

Many times, she really thought she was going to die.....

Fortunately, she has a high level of cultivation and can endure things that ordinary people cannot.

"grown ups....", Yu Qilin admired Qin Feng's back.

There was some obsession in those beautiful eyes.

She finally knew that she had misunderstood.

Qin Feng said four hours, which was completely modest.

"Are you still satisfied?", Yu Qilin asked with a blushing face.

For eight hours, she didn't know how she persisted.

She was punished by Qin Feng and became obedient. She was completely obsessed with this young man and couldn't extricate herself.

"You taste pretty good!"

Qin Feng smiled evilly.

Yu Qilin blushed; "I'll give you everything. Can you trust my loyalty now?"

Qin Feng nodded slightly and looked serious.

Yu Qilin indeed gave everything to herself.

This is her first time

"When you go back this time, how will you explain to the Emperor of God and the Emperor of Hades?"

"There are risks in the secret realm, and it is not difficult to explain Long Shang's death. However, this secret place will disappear after we go out. The God Emperor naturally knew that someone had inherited the Dragon God inheritance. What should I say? Qin Feng smiled mysteriously:"

Don't worry, the secret realm will not disappear after we go out." If he asks, just say that no one has received the inheritance..."

Yu Qilin glanced at Qin Feng in surprise, a little unbelievable.

It stands to reason that as long as Qin Feng and Chu Chu leave, this secret realm will disappear completely.

Is it possible that Qin Feng has What special means?

However, she was very sensible and didn't ask any more questions.

"By the way, let me ask you a question!"

"what is the problem?"

"What level is the Star Lord? Is it awesome?", Qin Feng asked curiously

"Star Lord?! Oh my god! That's the top figure in the Star Alliance!"

At the mention of Star Lord, Yu Qilin's eyes were filled with admiration.

Immediately, she explained: "Let's put it this way, the Star Lord's status in the Star Alliance is just like the Nine-Star Emperor's status on Earth, supreme....."

Hearing this, Qin Feng felt hot in his heart.

Star Lord is so strong!

He now has the potential to be a Star Master!

Moreover, this is only the result of inheriting 10% of the supreme inheritance!

If he digests all the inheritance, what level will it be?

Qin Feng gets better and better the more he thinks about it!

At this time, Yu Qilin said again: "Qin Feng, it is extremely difficult for a star master to appear. The entire star field alliance has thousands of star fields, but it takes hundreds of thousands of years to produce a star master! This shows how rare a star master is."

"In fact, let alone Star Lord. Even if it is a master, it is rare to see it in ten thousand years. It is said that one side dominates the sky. The emergence of every new master will change the world.....

"Qin Feng, although you have the qualifications to dominate, I suggest you go out of the Earth Star Territory...."

"Why?" Qin Feng was puzzled.

Yu Qilin explained: "Because the earth's resources are too scarce. You want to cultivate to the realm of domination on earth, it's too difficult! With the existing resources of the earth, it would be very good to be able to cultivate a nine-star emperor!"

"But compared with the Lord, the Nine-Star Emperor is like a firefly competing for the brightness of the bright moon. They are not on the same level at all."

Qin Feng nodded slightly, feeling that it made sense.

However, these were a bit too early for him to think about.

He is not even a quasi-eight star now.

After going out this time, his first mission is to break through the quasi-eight star.

Breakthrough. Before that, he had to complete the super god level challenge.

He was not 100% sure of passing the super god level challenge yet.

He planned to fuse the power of chaos first, and then start the super god level challenge.

Therefore, when he went out this time, he had to first Obtain the nine-star source, strengthen all the remaining six systems to the nine-star level, and integrate the power of chaos.

Only when he completes the super god level, breaks through the eight stars, and finally unifies the world, and drives away the star beasts and the faint organization, will he have a chance. Expand outwards, become the master, become the star master

"Jade unicorn!"

"The subordinates are here!", Jade Qilin Jiao Didi responded.

"I now appoint you as the Qin Clan's 'secret envoy'. Do you know your responsibilities?"

"I know! The first one is to be the internal correspondent of the Qin Sect's Zaihun organization, and the second one is to sleep with the sect leader..."

Qin Feng was a bit confused: "The second one doesn't count!"

Yu Qilin's little mouth curled up slightly: "You earthlings often say: Men are all ruthless people.Is that true of you?"

Qin Feng: "....."

"Talk about serious things. This time Long Shang died... Will the God Emperor go crazy because of this? Will he do something bad for the earth?"

The more he knew, the more worried Qin Feng was about the situation of the earth.

Yu Qilin pondered for a while and said: "The purpose of the God Emperor and the Pluto Emperor coming to the earth is firstly to ascend the elixir for the emperor, and secondly to rule the earth, but they have no intention. Plan to destroy the earth..."

"By the way, don't leak out the fact that you have the potential to dominate. If the God Emperor and Hades Emperor know about it, they will definitely kill you at all costs!"

"For them, offending a person with the potential to dominate is tantamount to destruction. They will definitely destroy you before you grow up!"

"Even if one day you reconcile with them. But when you are fully grown and you look back at the little bug that bit you, won't you have the urge to kill it?"

"God Emperor and Hades Emperor naturally thought of this. So, no matter what hatred you had before, in order to protect themselves, they have to kill you! Unless, your growth limit does not threaten them."

After hearing these words, Qin Feng nodded slightly and felt that it made sense.

If it were him, he would do the same thing.

What reconciliation? What friendly relations?

That is a way of getting along with each other at the same level.

Once one party is too powerful, this This way of getting along becomes a charity for the stronger party.

Whether to kill or not depends on the other party's mood!

However, even if he conceals his potential to dominate, it is only a temporary measure.

One day, his potential will be known to the world.

It seems that the right way is for him to integrate the power of chaos as soon as possible.

Of course, Yu Qilin doesn't know yet that Qin Feng's potential is already at the Star Master level, and will continue to improve.....

If she knew the truth, I'm afraid she would be shocked!

"I see! I'll go over first, and you stay here. If we go back together, those guys will inevitably be suspicious."

Qin Feng raised the corners of his mouth slightly and pinched Yu Qilin's white and tender face.

The next second, he disappeared out of thin air..

Chapter 289

At the same time, outside the secret realm.

In the Pacific Ocean, on an unnamed island.

The emperors are gathering together to discuss.

This time, the Dragon Ruins secret realm has been open for too long.

All the emperors were a little worried

"Everyone, something is wrong! In the past, the secret realm of Dragon Ruins opened for ten and a half days and then ended. But this time it's been more than twenty days, and those players haven't come out yet...."

Emperor Qinglong looked around at all the emperors

"yes! According to past situations, the later the secret realm ends, the fewer people will come out alive. Just afraid of this time...."

The Ice and Snow Emperor of the Snow Mountain League has a sad face

"yes! In the past, less than half survived. This time, I'm afraid that less than one-third will be..."

Emperor Xuanwu also sighed.

All the emperors frowned.

In any case, those assessors are the top elites of various forces, and they all have the potential to become kings, so they naturally cherish them..

Among the crowd, Feng Di's beautiful eyes were filled with extreme melancholy and self-blame.

The longer time passed, the more uneasy she became.

Only the God Emperor and the Pluto Emperor looked calm.

"Looking at the calm faces of the two of you, aren't you worried about your subordinates falling into the secret realm?"

The Azure Dragon Emperor looked at the God Emperor and the Hades Emperor curiously.

All the emperors also looked at the two of them.

Even the Shark Emperor and the Whale Emperor looked over silently.

The emperors were still wary of these two people.

The Nine-Star Emperor is extremely rare, and it is rare for one to appear in hundreds of years.

Even if it were to appear, there would be a sign from the sky.

But these two people suddenly appeared and brought ten elite juniors with them, as if they had planned it long ago..

If they had not confirmed it before, they really thought that the two God-Emperors were spies sent by the Starry Sky Beast Clan.

In short, although the emperors accepted the two God-Emperors, there was still some gap between the two sides, and they were somewhat wary of each other.

As for Earth's established forces don't want this new force to be too dazzling.

Firstly, they don't want to be overwhelmed by this new force.

Secondly, whether this hazy organization is an enemy or a friend is open to question.

The only thing that is certain is that, They are not in the same group as the Star Orcs.

But this does not mean that they are completely trustworthy.

The emperors have grown old and refined, and these are hidden in their hearts. The God Emperor and the Pluto Emperor felt the attention of everyone, and they sneered inwardly.

They looked at each other with just one glance. See through the minds of the emperors.

These earth natives do not really accept them.

However, they also disdain the backward earth people.

They have hidden on the earth for decades just for the secret realm of Dragon Ruins.

Now, the secret realm has been opened, and the victorious The fruits are about to be obtained, and they have no patience to continue pretending to be Earthlings.

"Everyone, this secret adventure is an experience for the younger generation! Even with experience, life and death are destiny, wealth and honor are in heaven, so what is there to worry about?"

The Underworld Emperor said sadly.

The God Emperor also smiled and said nothing.

"It seems that the two of you are very confident!", Qinglong Emperor asked tentatively.

The God Emperor smiled: "Confidence is out of the question! The emperor sent out this time are all the elites among the elites. Seven or eight of them should come back alive..."

As soon as these words came out, all the emperors looked at each other.

If one or two of their men came back alive, they felt good.

In the past, There are only two or three people from each force who come back alive.

But this time is obviously different from the past. It has been so long, and the difficulty must have doubled.

Is this guy called the God Emperor too confident?

Some emperors closed their eyes slightly His eyes and expressions were unwavering, clearly showing disbelief.

Some emperors murmured in their hearts that this guy was participating in the secret realm for the first time, and he underestimated the difficulty of Dragon Ruins.

Almost no emperor believed what the God Emperor said.

But at this moment, the scene The voice of Emperor Qinglong rang out

"In this way, I didn't make a mistake before. That Long Shang did have a quasi-eight-star cultivation level...."

As soon as he said this, everyone in the audience was shocked.

Quasi-eight-star cultivation level?!

Shock flashed across the eyes of all the emperors.

On Earth, there has never been a star under the age of one hundred who has reached the quasi-eighth level.

For the contestants who entered the secret realm this time, the strongest one they sent was not from the essence fusion realm, but only half-step to the essence fusion realm.

If you fight against Long Shang, you will die!

In this way, the God-Emperor was not bragging.

With a quasi-eight-star presence, their team can indeed survive a lot of people.

But this situation is not good for them!

The God Emperor also looked at Emperor Qinglong in shock: "Brother Qinglong, what a trick!"

This is true, all the players have jade talismans that cover their cultivation.

Emperor Qinglong can see through it, so it is certainly not easy.

In the crowd, Emperor Feng's pretty face suddenly turned pale after hearing these words.

She seemed to have thought of something terrible. She suddenly raised her head and looked at the God Emperor.

"God Emperor, I know that Qin Feng has some issues with your organization. Did you arrange for Long Shang to attack him during this secret adventure?"

Jiutian Phoenix Emperor looked very nervous.

She was really worried and confused.

The God Emperor smiled calmly: "Feng Emperor is joking! This secret realm is a place of opportunity. Even if there was no festival before, everyone would still fight, so why should I say more?"

As soon as he said these words, Emperor Feng's heart sank.

Doesn't this mean that Long Shang would take action against Qin Feng with or without his orders.

Then Qin Feng is in danger!

Emperor Feng was a little panicked.

Not far away, The Immortal Fire Emperor saw this scene, with a gloating smile on his lips.

He was a chicken by nature.

Previously, Qin Feng rejected his invitation in public, which made him a little unhappy.

But from the current situation, it seems that Qin Feng is definitely in danger. Ah!

I really didn't expect that that kid actually had a grudge against the Hun organization!

The other emperors also looked at each other.

They all showed regret in their eyes.

In their opinion, Qin Feng must be in trouble!

A young man with seven-star Dzogchen strength, meeting If you reach the quasi-eight star, you will only be killed instantly.

It is a pity for this super genius.

At only seventeen years old, he has the strength of the seven-star perfection.

If Qin Feng is given enough strength, he will definitely be able to break through to the quasi-star within a hundred years. The Eight Stars are no worse than that Long Shang!

Thinking of this, the emperors felt even more regretful.

At this moment, the sea surface not far away suddenly shook, and a huge vortex appeared on the sea surface.

Billions of cubic meters of sea water were produced every second , swallowed by the vortex, slowly forming a huge sea eye

"The exit of Longxu is open!"

"It's finally over!"

The emperors were surprised and flew into the sky one after another.....

At the same time, in the secret area, on the square.

Qin Feng looked up at the sky in the secret realm.

Above the sky, a huge light gate was slowly taking shape.

That is the exit of the secret realm.

At this moment, Chu Chu, Luo Li, Xiao Lun Wang and other subordinates were standing respectfully behind Qin Feng, waiting for his orders.

Just half an hour ago, Chu Chu finally finished inheriting the inheritance and returned to the square.

What makes Qin Feng gratified is that Chu Chu's potential has not only reached the level of a great emperor, but his cultivation has also broken through to the early stage of Seven Stars.

Her overall strength has surpassed Xiao Qingfeng, Luo Li and others.

As for the Little Lun King, that is a rather special existence.

Although he is not strong in combat, he cannot be killed.

In terms of combat effectiveness, he is even inferior to Chu Chu.

But if you want to kill him, you can't do it without the strength of Eight-Star Dzigchen or above.

Subsequently, Qin Feng appointed Chu Chu as the left divine envoy of the Qin clan and King Xiaolun as the right divine envoy.

Xiao Qingfeng, Luo Li, Lijiao, Bai Qianyu, Wu Sihai and Duanmuqing were also appointed as hall masters.

Except for Luo Li and Li Jiao, these people are all captains of various alliances and have quite high status and prestige among the original forces.

After Qin Feng ordered the hall leaders to return to their original power, the main task was to strengthen the power of each hall.

At this point, the power framework of Qin Clan was formed.

Of course, there is also a secret messenger Jade Qilin.

After making these personnel appointments, Qin Feng warned everyone that nothing about his dominance potential should be leaked.

Everyone agreed with a roar.

Afterwards, Qin Feng took out the inheritance order and opened the exit.

At this moment, the light door in the sky is fully formed, and the exit is fully opened.

"Xiao Qingfeng!", Qin Feng looked back

"The subordinates are here!", Xiao Qingfeng bowed his head respectfully and agreed.

"Take your people out first!"

"Yes!"

Xiao Qingfeng bowed respectfully, then took another member of the Qinglong Alliance and flew to the exit in the air..

Chapter 290

At the same time, outside the secret realm.

All the emperors gathered in the sky above Haiyan.

Among the crowd, Emperor Feng stared anxiously at the Haiyan exit.

Her heart was always in chaos, and

Neptune followed her anxiously, not daring to speak.

The other emperors also stared nervously at the Haiyan exit.

Only the God Emperor and the Hades Emperor looked relaxed.

They were confident that Long Shang and others could come out alive.

How can those earth natives compare to Long Shang?

I'm afraid Long Shang has already killed almost all of the earth's natives.

I hope he doesn't go too far.

Otherwise, it would be difficult for the two of them to explain themselves to these emperors.

"coming! Out!"

At this time, there was a commotion in the crowd.

Everyone looked towards the bottom of the sea eye.

They saw a light hole at the bottom of the sea eye, emitting a dazzling white light, and an invisible force spread outward.

Two figures passed through the white light hole. Out.

The next second, the two passed through the light hole.

Their figures were revealed.

Everyone looked quickly.

Emperor Feng was the most active, with her beautiful eyes wide open.

She wanted to see Qin Feng come out alive.

But the next second, She looked disappointed.

There was a hint of sadness on that beautiful face.

The Sea King behind her also looked disappointed.

It turned out that the two people who came out were Xiao Qingfeng and another member of the Green Dragon Alliance. But there were people in the crowd who were happy.

"Your Majesty, Xiao Qingfeng is back!"

The leader of the Qinglong League was overjoyed.

The Qinglong Emperor also smiled.

He was relieved that the Qinglong League had not been completely wiped out.

After a while, Xiao Qingfeng and his two men flew in front of everyone.

"I have met His Majesty!"

Xiao Qingfeng and the other two saluted Emperor Qinglong respectfully.

"You two should step aside and talk about it later.", Emperor Qinglong smiled and nodded.

"yes! His Majesty"

"Xiao Qingfeng, how difficult is this secret realm?" Emperor Xuanwu suddenly asked.

Everyone looked at Xiao Qingfeng.

Everyone was very concerned about this issue.

Even Emperor Qinglong showed curiosity.

Because this time the secret realm was too abnormal and it had been opened for too long, everyone wanted to know what happened to the difficulty.

Xiao Qingfeng was watched by all the emperors and felt quite stressed.

He swallowed his saliva and said: "Back to the emperor, according to my estimation, the difficulty this time is several times that of the past. It is not even an exaggeration to say that it is ten times." "

As soon as these words were said, everyone in the audience was shocked.

The difficulty is so great!

All the emperors couldn't help but look at each other, looking a little uneasy.

The difficulty has increased so much, and their people are likely to be annihilated.

Among the crowd, gods The emperor and the underworld emperor saw that the emperors were uneasy.

They looked at each other and smiled proudly.

All this was just the beginning.

The Qinglong Alliance was the strongest, and it was considered good if two of them survived.

After a while, other forces No one came out alive, look at how wonderful your expressions are?! The more they think about it, the more proud they are.

"Lord God Emperor, look over there!"

The Ming Emperor suddenly sent a message to the God Emperor and pointed forward with his eyes.

The God Emperor followed his gaze and saw the dejected look on Emperor Feng's face.

He couldn't help but sneer.

It turned out that Emperor Feng heard about the difficulty of this secret realm. It increased ten times, and she became even more panicked.

The more she thought about it, the more she felt that something was going to happen to Qin Feng, and the more she blamed herself.

She should have completely detoxified Qin Feng.

"Lord God Emperor, this woman looked uneasy, as if she was worried about Qin Feng. She had specifically asked about Qin Feng before."

The Ming Emperor secretly transmitted the message.

Last time, he was defeated by the Feng Emperor, and he was still a little unhappy.

Now, he saw the Feng Emperor in a panic, and felt inexplicably comfortable.

The God Emperor secretly glanced at the Feng Emperor, feeling a little confused.

This A woman is the Nine-Star Emperor, so high above her. Why is she so worried about a young man?

Is it possible that Qin Feng is her illegitimate son?

But it is said that Emperor Feng has never had a man, so what child is there?

Could it be that this couple..... impossible!

There is a huge difference in status between these two people.

This strange idea came to the God Emperor's mind.

If that was really what he thought, he would be a little jealous of Qin Feng.

With such beauty and talent as Emperor Feng, she can be regarded as the most beautiful girl in many star regions.

It would be shocking for such a proud woman to fall in love with a little ant with seven-star strength!

"snort! Emperor Feng may be desperate this time!"

The God Emperor sneered.

Kill Qin Feng and regain the emperor's bones.

That is one of Long Shang's main tasks.

How could Qin Feng come out alive?

The Hades Emperor understood and smiled.

At this moment, the crowd was in commotion again

"Someone comes out again!"

Everyone hurriedly looked at the underwater light hole.

The next second, two people flew out from the depths of the sea eye. They were people from the Xuanwu Alliance.

Emperor Xuanwu was overjoyed.

The difficulty of the secret realm increased by about ten times, and two people from the Xuanwu Alliance came out alive. This was beyond his expectation.

The God Emperor and the Underworld Emperor were a little surprised.

The strength of the Xuanwu Alliance was average, how could two of them come out alive? How did

Long Shang and the others do it?

The two couldn't help but look at each other, a little unhappy.

"Out! Out again!"

The crowd was in commotion again.

After a while, three people flew out from below, and they were the three people from the Snow Mountain Alliance. The Ice and

Snow Emperor was also overjoyed.

Three people from their side came out alive, and this result was actually better than before!

The God Emperor and the Hades Emperor He couldn't help but frown.

Then, three more people flew out from the depths of the sea eye.

This time they were three people from the White Tiger Alliance.

The God Emperor and the Hades Emperor were a little confused.

What's going on?

The secret realm was activated, and the difficulty increased tenfold.

These How could so many of the earth's indigenous people come out alive?

At this time, two more people flew out from the depths of the eye of the sea.

It was Xiao Lun Wang and Li Jiao.

The Whale Emperor and Shark Emperor of the Deep Sea Clan also breathed a sigh of relief.

Right now, The remaining members of the Southern League, Northern League, Suzaku League, and the Hun Organization did not come out. The

Southern League, the Northern League, and the Suzaku League were all a little anxious.

The God Emperor and the Hades Emperor of the Hun Organization were a little dissatisfied.

They were dissatisfied with Long Shang.

Long Shang. How could Shang let so many people out alive?

After these people have gone through this experience, they will definitely become the mainstay of the earth in the future.

This has some conflicts with their plan to occupy the earth.

Their first goal in coming to the earth is the Emperor Sheng Dan. The second goal is to occupy the earth.

Although the earth is backward, there are enough humans and demons.

They can conduct their own research on the earth to their heart's content.

Of course, all this will wait until the God Emperor obtains the Emperor's Ascension Pill and breaks through to the Great Emperor..

In short, they have everything planned.

But now, they see more and more Earth elites coming out alive, which is different from what they imagined, so they are naturally unhappy.

"Lord God Emperor, Long Shang is very ineffective in doing things this time!"

The Emperor of Hades secretly conveyed the message

"snort! That boy is really good at things....."

The God-Emperor was unhappy.

At this time, there was another abnormal movement below.

Everyone looked at Haiyan.

Only a beautiful woman came out of the light hole.

This woman is Jade Qilin

"Lord God Emperor, Jade Qilin is out!", the Underworld Emperor's tone was filled with joy.

The God Emperor also smiled.

His people finally appeared.

He wanted Emperor Shengdan to wave to him.

All the emperors looked at Jade Qilin.

There were also mutterings in the crowd.

"People from the faint organization are starting to come out!"

"I don't know how many people they can get out alive this time."

"Many people should be able to survive! After all, they have a quasi-eight-star Long Shang...."

"By the way, the people from the faint organization came out first, and Qin Feng's situation was not good!"

Many people thought of Qin Feng.

Everyone knows that Qin Feng and the Hun Organization have conflicts.

According to common sense, people from the Hun Organization will not come out in advance before Qin Feng is solved.

Now, people from the Hun Organization are beginning to appear. , then Qin Feng should be dealt with!

At this thought, everyone looked at each other.

Many emperors felt sorry for Qin Feng.

A boy who is only seventeen years old!

With such a high talent, he has great hope of becoming an emperor in the future The super genius.

He fell just like that!

It's really a pity!

At this moment, almost everyone thought so.

Even Neptune's expression turned gloomy.

Emperor Feng's delicate body trembled and his pretty face turned pale.

In the crowd, the God Emperor looked at Seeing the sad scene of Emperor Feng, contempt flashed across his eyes.

Ha! Looking at this woman's heartbroken look, she really had an affair with Qin Feng!

However, when he thought that Qin Feng was dead, he gloated again, and his eyes showed optimism. The expression of drama.

This is just the beginning!

The more tragic thing is to come!

He wants to see if Emperor Feng will collapse on the spot after confirming the news of Qin Feng's death?

At this time, the light hole below appears to move again.

Everyone looked down and saw six figures appearing in white light, but they could not see their faces clearly.

Seeing this scene, the God Emperor and the Hades Emperor were overjoyed.

Needless to say, these six people were members of the Hun Organization.

The Southern Alliance, the Northern Alliance, There are only five people in the Suzaku Alliance, and it is absolutely impossible for them to belong to the three factions. It is indeed the case!

That Qin Feng has definitely fallen!

Everyone was sighing.

In the crowd, Feng Di was desperate!

Her beautiful face was filled with death.

"Ha ha!! Seven! We organized seven....."

Among the crowd, the Hades Emperor got laughed.

These six people plus Yu Qilin, there are exactly seven.

The God-Emperor had previously said that the Hun Organization could survive for seven or eight people, but some emperors still didn't believe it and thought they were exaggerating.

The Pluto Emperor wanted to say it deliberately to make the emperors look good on his face.

The God Emperor even looked at Feng Emperor with schadenfreude.

He wanted to watch Feng Di collapse.

But the next second, he realized that something was wrong with everyone's expressions.

Even the Pluto Emperor's laughter stopped abruptly.

The God-Emperor suddenly felt that something was not good and quickly looked down.

At this sight, he was completely dumbfounded.

Only the figures of six people appeared below.

The leader was actually Qin Feng!

Chu Chu, Luo Li, Lu Ming, Wan Hansheng, and Li Xun were following Qin Feng..
