

God level 2851

Chapter 2851

Not long after, two figures appeared in the jungle ahead.

The Prince of Northern Qin and Ouyang Huai were both slightly surprised when they saw two figures appearing at the same time.

But when the two figures in front approached, they discovered it.

One of the two new figures was not a human being, but a silver-armored puppet.

It turned out that the people coming were none other than Long Xiaotian and his possessed puppet.

But at this moment, Long Xiaotian and his possessed puppet were covered in blood. It was obvious that he had fought all the way here.

But when the Prince of Northern Qin saw that the person coming was Long Xiaotian, his pupils shrank slightly, and a hint of murderous intent flashed in his eyes.

If it weren't for the fact that according to regulations, other contestants were not allowed to be killed in the first trial, he would have killed Long Xiaotian on the spot.

Of course, Long Xiaotian didn't know what the Prince of Northern Qin was thinking.

However, as soon as Long Xiaotian came out, he saw two people sitting cross-legged on the white stone platform from a distance. One was the prince of Northern Qin, and the other was a man in black in his late twenties. He was immediately stunned..

At that moment, Long Xiaotian looked at Tuoba Hun with horrified eyes, feeling very shocked in his heart.

He never expected that among these players, besides the Prince of Northern Qin, there would be someone stronger than him.

You must know that his current comprehensive strength is equivalent to the combined strength of four fifth-level Dzogchen peak warriors.

This kind of strength can completely dominate the fifth level invincible opponent.

He also once thought that he would be the first person under the Northern Qin Crown Prince, and the second place belongs to him.

But now that someone had boarded it first, how could this not shock him?

However, Long Xiaotian was just stunned for a moment, and his expression returned to normal.

Then, with a flash of his body, he took his possessed puppet and galloped towards the platform in front of him.

At the same time, Long Xiaotian laughed at the two people in front of him and said

"Ha ha!! Long thought he could get second place, but he didn't expect that besides His Highness the Crown Prince of Northern Qin, there was actually a brother who arrived before Long. Don't you know this brother's surname? Long Xiaotian, a person from the Great Kun Kingdom, has met your Excellency here!"

"Ouyang Huai, a person from Jiuyou Country, has also seen Brother Long here!"

Ouyang Huai also responded politely.

"It turns out to be Brother Tuoba. It seems that the people who entered this training ground this time have hidden many top masters, and Brother Tuoba is one of them. Long is impressed! admire! It was fitting that Long could be defeated at the hands of His Highness the Crown Prince and Brother Tuoba. It seems that Long can only get the third place today, haha!"

After saying this, Long Xiaotian came to the light curtain with a loud smile, with a proud look on his face.

When the Prince of Northern Qin and Ouyang Huai heard his words, they couldn't help but look at each other. They both saw There was a strange look on the other party's face.

At this moment, Long Xiaotian had already crossed the light curtain, and the huge rune pillar in the center of the stone platform immediately sensed it, shot a golden rune into his forehead, and Some information came into his mind.

As soon as the information entered Long Xiaotian's mind, he immediately felt shocked, his eyes showed surprise, and then there was a trace of embarrassment on his face.

Then, Long Xiaotian looked at the third teleporter Zhen smiled awkwardly and said

"It seems that Long is still arrogant. It turns out that Long won not third place, but fourth place! Someone has already taken the third place. Two people, I wonder who the third one is?"

Long Xiaotian asked the two princes of Northern Qin curiously.

Seeing Long Xiaotian's deflated look, the prince of Northern Qin felt happy in his heart, but said softly

"That person's name is Wang Xi. I wonder if Brother Long has ever heard of him?"

"Wang Xi?"

Long Xiaotian looked confused, then shook his head and said with a bitter smile.

"Long has never heard of this person either! It's a pity that Wang Xi is not here, otherwise Long would have had some friendship with him."

After saying this, Long Xiaotian said nothing more and went straight to the fourth teleportation array to receive his reward.

This time, after Long Xiaotian entered the secret room, he did not come out. It turned out that Long Xiaotian He also knows ancient texts. He is currently studying the treasures he obtained in the secret room...

Chapter 2852

Later, the fifth person also arrived.

The fifth person to arrive was Lin Quan.

Shortly after Lin Quan arrived, the sixth person also appeared.

This sixth warrior is a young warrior who is about twenty-six or seventeen years old. He is none other than Lian Mingyu, the strongest player among the Jin players.

But the seventh one to arrive was Ye Jingyu.

Ye Jingyu's cultivation level was only the fifth level of Dzogchen, but he was able to reach it at the seventh level, which still surprised the Northern Qin Prince and Ouyang Huai.

At this point, a total of seven people arrived on the second day of the competition.

On the morning of the third day, three more fifth-level Dzogchen peak warriors arrived one after another.

So far, the top ten in this first trial qualification test have appeared.

Next, more and more people arrived at the trial base.

By the fourth day, more than 70 people had arrived at the trial base.

However, among the more than seventy people, the vast majority are warriors above the peak of the fifth level. There are only a few fifth-level warriors, and there is not a single fourth-level warrior.

Among the few fifth-level warriors who arrived, there were Yi Chenxi and Qingtianjun.

Yi Chenxi is a fifth-level warrior of the dual element of gold and water. Her overall strength is equivalent to that of a peak fifth-level warrior. Naturally, she cannot be treated as an ordinary fifth-level warrior.

Before Lord Qingtian came in this time, he got the best spiritual weapon 'Jumang Sword', and then on the way to the trialer's base, he subdued a fifth-level ancient ferocious beast as a psychic beast, and his strength suddenly increased. The overall strength is comparable to that of a fifth-level peak warrior, so he arrived on the fourth day.

However, Wu Xiaoyue has yet to be seen.

But he said that as soon as Qingtianjun arrived at the base, he had been secretly inquiring about Qingtianqi and Wu Xiaoyue.

Finally, he learned that the third person to arrive was a red-haired boy named Wang Xi, who was only fifteen or sixteen years old.

At that moment, he knew that the third-placed Wang Xi was his younger brother Qing Tianqi.

However, Qingtianjun was still very shocked when he heard the news.

I didn't expect Tianqi's strength to be much stronger than I expected! To actually get third place, surpassing many fifth-level Dzogchen peak warriors, this is really incredible.

Could it be that Qiuqiu has woken up?

It seems like this should be the case.

It seems that this time Qiuqiu has not only woken up, but his strength has also increased significantly.

It is precisely because of this that Tianqi won third place.

No matter what, just hope Tianqi is fine.

But why hasn't Xiaoyue arrived yet? Nothing will happen to her, right?"

Just as Lord Qingtian was secretly worried about Wu Xiaoyue's whereabouts, he spent the whole day uneasily.

By the last day, the morning of the fifth day, more than a hundred people had arrived at the platform base, and almost all warriors above the fifth-level peak had arrived. Arrived.

Even the fifth-level warriors arrived at more than 30 levels.

Even Zhou Xuwen from the Dakun Kingdom arrived at the base that morning, covered with injuries.

But Wu Xiaoyue still didn't appear.

The time passed. It was almost noon, and Wu Xiaoyue had not arrived yet. Qingtianjun had mixed feelings.

At the same time, in the third secret room,

Qingtianqi was meditating with his eyes closed.

Suddenly, the water energy in the secret room fluctuated violently.

Then, The surrounding water energy began to flow toward Qingtian Qi automatically, and the indoor temperature also dropped sharply.

After a while, the water energy automatically condensed into snowflakes and ice flakes, spinning around Qingtian Qi at high speed, with Qingtian Qi as the eye of the wind, forming A violent whirlwind of ice and snow broke out, tearing the purple wood carving table beside it into countless sawdust in just an instant.

At this moment, Qing Tianqi suddenly opened his eyes, looked up to the sky and roared.

With his roar, the sound continued. The natal water vapor hidden in his Qi sea immediately turned into a stream of clear air and burst out of his mouth, and then condensed into a real and illusory Yuan Dan on the top of his head.

As soon as the Yuan Dan took shape, it began to absorb it crazily. The surrounding violent water energy and countless snowflakes and ice flakes were swallowed up by the Yuan Dan that seemed to be real and illusory.

It took a long time for the Yuan Dan to finish swallowing and finally take shape.

Qingtian Qi immediately opened his mouth again and sucked in the Yuan Dan in the air. In the belly.

As soon as the Yuan Dan was sucked into Qingtian Qi's body,

Qingtian Qi's whole momentum immediately soared to an extremely terrifying peak, and then his face showed a look of ecstasy.

"Ha ha!! My water energy has finally broken through to the fifth level!!"..

Chapter 2853

It turns out that Qing Tianqi's water energy finally broke through successfully. The real and illusory Yuan Dan that appeared in the sky was his water energy virtual elixir.

His water energy had just entered the fifth-level Void Pill realm.

And his water vitality also underwent a qualitative change, from the original water vitality to all the water spiritual energy.

"Ha ha!! Is this the difference between aura and vitality?"

Qing Tianqi closed his eyes excitedly, sensing the difference between Yuan Qi and Spiritual Qi.

He felt that the Yuan Qi before was a kind of energy energy to him; but now the Spiritual Qi was completely integrated with his will, as if It is endowed with a kind of life.

The spiritual energy is driven by Qingtian Qi, no matter where it moves, Qingtian Qi can sense its most subtle changes.

Spirituality should be the biggest difference between vitality and spiritual energy.

Moreover, Qingtian Qi also discovered that Reiki can guide vitality.

One Reiki Yuanzi is like a general and can guide into hundreds of Yuanqi Yuanzi.

Through the spiritual power of Reiki, Qingtian Qi can control more Yuanqi.Power.

This is the fundamental reason why a warrior's strength greatly improves after reaching the fifth level.

In fact, the fourth to fifth levels are the first major dividing line for warriors.

Generally speaking, warriors below level four are collectively referred to as low-level warriors.

Both fifth-level and sixth-level warriors become intermediate-level warriors.

The fifth-level virtual elixir realm and the sixth-level real elixir realm use spiritual energy at both levels.

But at this moment, after Qingtian Qishui's vitality broke through, he was very excited, and he couldn't help but murmur to himself

"Ha ha! This time my water energy broke through to the fifth level, and my basic combat effectiveness was greatly enhanced again. If my estimate is correct, there should be 20,000 people! This kind of basic combat power has just reached the level of a fifth-level Dzogchen warrior."

As his basic combat power increased, his speed also increased greatly, even faster than the speed of the fifth-level Dzogchen peak warrior.

In addition, Qingtian Qi possesses the best spiritual weapon Sun Chasing Moon Double Swords in his hands. , making its combat power even stronger than that of a fifth-level Dzogchen Peak warrior.

Nowadays, Qingtian Qi appears to be a little weak in defense, but its defensive power is also equivalent to that of a fifth-level Dzogchen warrior. Others, such as speed and attack power, are even more powerful. It is slightly stronger than the fifth-level Dzogchen peak warriors.

Moreover, Qingtian Qi's water energy has automatically mutated after breaking through to the fifth level. The so-called Xuanwu Ice Control, after the martial arts disciples reach the fifth level, they will automatically understand the water element. 'Way of Ice', one's own water energy automatically mutates, with icy cold characteristics.

This mutation of water energy makes the martial arts disciples generally have stronger attack power than water warriors of the same level.

The water system is the most unpredictable, and its secrets are divided into three : The Way of Ice, the Way of Water, and the Way of Qi.

Among them, the 'Way of Ice' is the most difficult to comprehend and has the strongest attack power.

Once a water warrior understands the Way of Ice, the water energy in his body will be alienated, and with it Ice-cold damage is also more effective in learning ice martial arts.

To put it simply, Qingtian Qi's current comprehensive strength is completely comparable to the level of a fifth-level Dzogchen peak warrior, and is even slightly stronger than a fifth-level Dzogchen peak warrior..

Now I can be regarded as a fifth-level warrior, but my overall strength is much stronger than that of ordinary fifth-level warriors.

Although my current strength is still far from sweeping the fifth-level warriors, there is no one among the fifth-level warriors who can beat me. There are not many people left.

It seems that it will be easier for me to cope with the next trial. It was not in vain that I took two Tianqi Pills to break through successfully!

Thinking of this, Qingtian Qi felt more confident.

It turns out that Qingtian Qi It took a short time to cultivate the water energy to reach the peak of the fourth level of Dzogchen, and the foundation was not solid, so this breakthrough took two consecutive Apocalypse Pills to succeed. The next task is to collect the 'Nine Yuan Fruit' and go back. The 'Nine-Yuan Fruit' is related to the prosperity of our five tribes.

I just don't know where the 'Nine-Yuan Fruit' was collected?

By the way, today should be the fifth day, and it is also the last day of the first test. I wonder if Brother Tianjun and Sister Xiaoyue have arrived at the trial base?

Thinking of Qingtianjun and Wu Xiaoyue, Qingtianqi suddenly became worried about the two of them.

At the moment, Qingtianqi used the breathing technique to hide his water energy strength, and still He made himself look like a fire warrior at the peak of the fourth level of Dzogchen.

He did this to confuse the Northern Qin Prince and Ouyang Huai, making them suspicious of him and unable to see his true identity.

After doing this, Qingtian Qi then activated the teleportation array in the secret room and prepared to return to the base platform..

Chapter 2854

At this time, it was already noon on the fifth day outside.

More than one hundred and twenty players have gathered on the Baishi platform.

Among the more than one hundred players, most of them are warriors above the peak of the fifth level. There are only about thirty fifth-level warriors, and there is not a single fourth-level warrior.

In fact, there were only thirteen level four warriors who entered the ancient training ground this time, and Qingtian Qiben was one of them.

However, Qingtian Qi has now successfully advanced to a fifth-level warrior.

But at this moment, on the base platform, the more than 120 contestants who have qualified as trialists are divided into more than 20 small groups based on the country. They are all sitting cross-legged on the platform, waiting for those contestants who have not arrived.

In a corner of the platform, several players from Da Kun Kingdom gathered together.

At this moment, except for Long Xiaotian, Lin Quan, Ye Jingyu, and Qingtian Qi, the remaining six players from the Dakun Kingdom were gathered together.

In this first test, Da Kun Country did not lose anyone, which shows that the average strength of Da Kun Country players is still very strong.

However, at this time, the six players from Dakun Country looked at the jungle ahead with worried faces, anxiously looking forward to the next player arriving here.

Among these six people, Qingtianjun seemed the most anxious.

He was anxious because Wu Xiaoyue hadn't appeared yet, but time was running out, only the last half day left.

What the other five people are anxious about is that Qingtian Qi has not appeared yet.

At this time, Zifeng frowned and said, "Why hasn't Xuanyuan Zhantian arrived yet? Will something happen to him?"

"Probably not! Xuanyuan Zhantian's strength is not weak, even among fifth-level warriors, he is not considered weak. He must be in some kind of trouble. If we wait a little longer, maybe he can get here in the next half day."

Yi Chenxi's tone was a little uncertain.

At this time, Zhou Xuwen also said: "Yes! I also think Xuanyuan Zhantian is not weak. If I look at it, his strength is on par with mine. Even I could make it here on the fourth day, so there's no reason why he couldn't make it here!"

Ever since Qingtian Qi defeated Nangong Hongjun in the rookie conference, everyone has recognized Qingtian Qi's strength. They all believe that Qingtian Qi is not a weakling among fifth-level warriors. It should not be a big deal to pass the first test. Problem.

But right now, Qingtian Qi is still nowhere to be seen.

Naturally, they don't know that Qingtian Qi has actually arrived at the base a long time ago and is the third one to arrive at the base.

At this time, Fang Xue, the only female player among the six, The son sighed softly: "Hey! Then let's keep waiting! I hope Xuanyuan Zhantian is okay. By the way, Long Xiaotian, Ye Jingyu, and Lin Quan have been in the secret room for so long, why haven't they come out yet?"

"hehe!! Do you even need to ask? The three of them must have received very good rewards, perhaps pills that could improve their cultivation or something like that. At the moment, the three of them are busy refining the elixir, so of course they have no time to come out."

While saying this, Zifeng couldn't help showing a look of envy on his face.

At this moment, there was a sudden commotion on the platform.

Suddenly someone shouted in surprise: "Hey! Look! Finally another person arrived!"

Following the shout of surprise, everyone on the platform turned their attention to the jungle ahead.

They saw a person staggering out of the depths of the jungle.

The person's cultivation level was only fifth level, and his whole body was ragged. It was unbearable, and there were a lot of blood stains and claw marks on his body.

Apparently, the man had gone through a lot of hard fights along the way, and that's when he got into this state.

But he said that the man also saw the platform in front of him, and his face suddenly showed great joy. At this moment

, someone on the platform recognized the man and immediately shouted in surprise: "Brother Liu, you have finally arrived! Ha ha!!"

At this moment, everyone's attention on the platform was focused on the newly arrived player.

At this moment, the No. 3 teleportation array on the platform lit up with a burst of white light, and then Qingtian Qi's figure appeared in the field.

But at this moment, everyone's attention is on the hand of the person in front, and no one notices Qing Tian Qi coming out..

Chapter 2855

However, as soon as Qingtian Qi appeared on the platform, he immediately looked for the shadows of Qingtian Jun and Wu Xiaoyue in the crowd.

Soon Qingtian Qi saw Qingtian Jun, but did not see the shadow of Wu Xiaoyue.

At that moment, he stared at Lord Qingtian from a distance, but did not go forward to ask Qingtian Lord directly.

After all, his current identity is not Xuanyuan Zhantian, so it is not easy to go directly.

But Qingtianjun seemed to sense something and immediately turned around.

When he turned around, he saw Qingtian Qi, and his face immediately showed a look of surprise.

But at this moment, Qingtianqi gave him a questioning look.

Lord Qingtian understood immediately and shook his head slightly, with a worried look on his face.

Seeing this, Qingtian Qi immediately understood, and a burst of anxiety surged in his heart.

Sister Xiaoyue really hasn't hurry up yet! Things don't look good.

Could something happen to her?

There was only half a day left. If sister Xiaoyue hadn't arrived yet, even if nothing happened to her, she would be wiped out by the will left by the gods."

When he thought of this, Qingtian Qi became very anxious.

"no! I have to go there myself to rescue Sister Xiaoyue!"

Thinking of this, Qing Tianqi said hello to Qing Tianjun with his eyes, and then rushed out of the platform with a flash of figure.

At this moment, the player who had just arrived happened to step on the platform.

He just stepped on On the platform, Qing Tianqi's figure rushed out of the platform and rushed into the jungle ahead.

Qing Tianqi's behavior immediately attracted everyone's attention, and people immediately started exclaiming.

"Huh! Who is that person? Why did he run out of the trial base? What on earth did he want to do?"

And just when everyone was puzzled by Qingtian Qi's behavior, the voice of the Prince of Northern Qin sounded on the platform

"Brother Wang Xi, where are you going?"

Hearing the inquiry from the Prince of Northern Qin behind him, Qingtian Qi continued to run forward and laughed loudly.

"Your Highness, I have different opportunities than you. I just figured out the reward given to me by the gods in the secret room. This reward is that the gods have assigned me a new task. Now I'm going to complete the new mission, and you don't have to wait for Wang to come back. However, we will definitely see each other in the future, see you later!!"

Not long after, Qing Tianqi's figure disappeared into the jungle ahead.

At this moment, the venue was quiet, and everyone was stunned...

After a moment, someone was surprised:"It turns out that the person just won the third place. Three mysterious masters, Wang Xi!"

"yes! It's a pity that I didn't see his appearance clearly, I only saw his back. However, from the sound of his voice, he seems to be young!"

At the same time, the Prince of Northern Qin in the crowd stared blankly at the direction Qingtian Qi was leaving. After a while, he asked Tuoba Hun beside him.

"Brother Tuoba, did I hear you correctly just now? Then Wang Xi said that the reward he received was a new task, and he was going to complete the reward task."

"Your Highness the Crown Prince heard it right, this is what I heard too."

"So, the prince heard it right. However, do you think his words are credible?"

Ouyang Huai pondered for a while and said,"Your Highness, I think his words should be credible." According to the rules, after five days, everyone who passes the assessment should be on this platform. If you are not on the platform, you will be obliterated."

"Now there is only half a day left before the allotted time. If that Wang Xi had no problem with his mind, he would not risk being wiped out and return to the jungle in the half day left. That's a very dangerous thing. Hearing this

, the Prince of Northern Qin also nodded slightly: "Yes!" And before he left, he said something, saying that we don't have to wait for him, he will not come back. In other words, he will not return to the base after going out this time."

"It seems that he has no worries at all about being obliterated by the will of the gods. This can only explain one problem. This shows that he has indeed obtained a new task given to him by the gods, so he is not restricted by the rules of the game. It can be seen that what he just said is indeed the truth!

Ouyang Huai also sighed: "Yes!" I just don't know what kind of good mission Wang Xi got? It's just a pity that although the two of us also received rewards, because we couldn't understand the ancient characters, we only had the treasures in our hands, but we didn't know what they were used for?"

At that moment, both of them shook their heads helplessly and sighed..

Chapter 2856

But Qingtian Qi immediately turned on his "Tian Ting" as soon as he returned to the jungle.

Upon opening this, Qingtian Qi's face immediately revealed a look of surprise.

"Huh! How is this going? My hearing is better than before!"

It turns out that as soon as Qingtian Qi turned on his power of hearing, he immediately found that his hearing was much stronger than before. In the past, his hearing limit was five miles in radius, but now it has reached eight miles in radius.

His hearing has been significantly improved. A lot.

What is going on? How come my power of heavenly hearing has increased so much overnight?"

Qingtian Qi suppressed the surprise in his heart and thought about the reason.

Could this have something to do with my water energy breaking through to the fifth level?

By the way, my "Heavenly Listening Power" is fully activated, which has a lot to do with the Fengchi point behind the ear being opened. The strength of this hearing is also related to vitality.

But now, my water system has broken through to the fifth level, and the water energy in my body has transformed into a higher level of water aura.

I think this improvement in hearing has a lot to do with the water aura! Well, I think That's the reason.

After thinking about this, Qing Tianqi was overjoyed and thought: "It is a good thing that my hearing has improved." I am now going to look for Sister Xiaoyue's whereabouts. The wider my hearing range, the better I can find her."

"By the way, there is only half a day left, which means there are only six hours left. I must find her within six hours and bring her back to the trialer base, otherwise she and I may both be directly obliterated."

There is no night in this ancient training ground. There are twelve hours in a day, and the half day is naturally six hours.

At that moment, Qingtian Qi unfolded his power of hearing and searched deep into the jungle. He walked for about an hour. While drinking tea, Qing Tianqi, who was hurrying on his way, suddenly stopped and suddenly turned his head to look to the left.

It turned out that he heard a fierce fighting sound coming from that direction.

Hey! It was the sound of a fight between man and a ferocious beast, that There was someone in the direction.

Then, Qingtian Qi's figure flashed and he chased in the direction of the fighting sound.

Qingtian Qi was extremely fast, already faster than the fifth-level Dzogchen peak warrior.

And the place where the fighting sound was located was not far away from Qingtian Qi. Five or six miles of road.

Not long after, Qingtian Qi arrived near the incident, only half a mile away from the incident.

The sound of fighting at the scene became more and more clear and intense.

But right here At that moment, an abnormality suddenly appeared!

There was a shrill cry from the front, but it was the warrior who was fighting with the ferocious beast who was brutally killed.

Hearing this scream, Qingtian Qi's face changed slightly, and he hurriedly rushed to the scene.

Waiting for Qingtian Qi to arrive. When he arrived at the scene, he saw a fifth-level ferocious beast with a leopard pattern and a bull god, gnawing at a corpse. The corpse was that of a young man in his twenties.

Seeing such a scene, Qingtian Qi felt angry. , and immediately snorted. As soon as the ferocious beast heard the snort, it immediately raised its head, and saw Qingtian Qi standing not far in front, looking at it coldly.

At that moment, it became furious, roared, and put down The corpse under him rushed towards Qingtian Qi.

Qingtian Qi snorted coldly and stood still.

The two sides quickly approached.

Seeing the ferocious beast, it quickly rushed towards Qingtian Qi, only two or three steps away from Qingtian Qi. At a distant moment,

Qing Tianqi's left eye pupil suddenly flashed, and he shot a god-destroying thorn at the ferocious beast.

The ferocious beast immediately shook its body, and its eyes became blurred, and it stood blankly on the spot.

And this ferocious beast stood dumbly. For a moment, Qingtian Qi moved.

I saw his silhouette flashing, and he jumped up. The Sun-Running Sword in his right hand turned into a five-foot-long light sword, and slashed at the head of the ferocious beast.

The ferocious beast suddenly screamed, and was slashed by Qingtian Qi's sword. The body was broken into two pieces. The incision of the corpse was covered with a thin layer of frost, which was caused by Qingtian Qi's mutated water energy.

In this way, Qingtian Qi instantly killed a fifth-level creature with just one encounter. An ancient ferocious beast.

If other fifth-level warriors see it here, they will be shocked.

You know, even a fifth-level Dzogchen peak warrior may not be able to kill a fifth-level ancient ferocious beast with one move. Arrive..

Chapter 2857

Qingtian Qi glanced at the corpse of the ferocious beast coldly, then stopped caring about it. Instead, he walked to the corpse and sighed softly.

The dead man was also a fifth-level warrior.

Although Qing Tianqi didn't know him, as a fellow player entering this place, he couldn't help but feel a bit sad.

However, Qingtian Qi did not have time to bury the body now. He had to rush to find Wu Xiaoyue.

At that moment, Qingtian Qi took away a spiritual weapon and some elixirs from the body, and then released a ball of earth-centered flames. The bodies were burned to ashes.

After all, this person is dead. It would be a waste not to take away the spiritual weapon and elixir. It is better to take them yourself.

Qing Tianqi burned the body to ashes because he didn't want to expose him to the wild and be eaten by other ferocious beasts. It would be better to cremate him on the spot.

After disposing of the body, Qingtian Qi dug up the inner elixir of the fifth-level ferocious beast and continued to look for Wu Xiaoyue.

In this way, Qing Tianqi searched in the jungle for three full hours, but still found no trace of Wu Xiaoyue.

This made Qingtian Qi become more and more anxious and worried.

In fact, in these three hours, Qingtian Qi had discovered seven corpses in succession.

He obtained a dozen spiritual weapons from these seven corpses, one of which was a defensive spiritual armor. In addition, he also obtained a large number of elixirs.

It's a pity that among the dozen or so spiritual weapons, none of them are top-quality spiritual weapons.

After all, the best spiritual weapons are very rare, and even a fifth-level Dzogchen peak warrior may not be able to obtain one.

However, compared to the harvest of these spiritual weapons and elixirs, what surprised Qingtian Qi even more was that he finally found the golden martial skill 'Light Dragon Roar' that he had always wanted.

At this point, Qingtian Qi has collected the five superior martial arts skills that he wants to merge into the 'Five Dragons Roar'.

As long as he has cultivated both Earth Yuan Qi and Metal Yuan Qi to the fourth level, he can learn the remaining 'Rock Dragon Roar' and 'Light Dragon Roar' and then merge them into the 'Five Dragon Roar'.

Of course, during these three hours, Qingtian Qi also used the 'God-Destroying Thorn' to secretly help the three contestants who were fighting the beasts, allowing them to defeat the beasts and escape the fate of being killed.

Next, Qing Tianqi continued to search in the jungle for another hour, but still found no trace of Wu Xiaoyue.

This made Qingtian Qi even more uneasy.

There were only the last two hours left, but he still didn't find Sister Xiaoyue's whereabouts. Could something really happen to Sister Xiaoyue?

Thinking of this, Qing Tianqi felt troubled and uneasy. He had promised Wu Qianxue that he would help her take good care of Xiaoyue.

But now, he doesn't even know whether Wu Xiaoyue is alive or dead.

Just when Qing Tianqi was anxious and hesitant, there was another fierce fight and shouts not far away.

Listening to that voice, it seemed that there was more than one person.

Qingtian Qi's heart moved and he immediately rushed towards the place of fighting.

When Qing Tianqi arrived at the scene, what caught his eye was a fierce fight.

Seeing the fight in front of him, Qingtian Qi was suddenly shocked.

I saw only three people in the field.

Among the three people, the leader is an eighteen or nineteen-year-old girl in yellow, with a pure and pleasant appearance.

But she was carrying a huge black sword box behind her back, which looked very eye-catching.

However, although this girl is not very old, her cultivation level is extremely high, and she has actually reached the peak of the fifth level.

As for the other two, one is a man in his mid-twenties, with a thin face and a dark complexion. He practices wood and is only at the fifth level.

The last one is a woman in green clothes who is twenty-six or seven years old. She has an upright and unpretentious appearance. She practices the earth element and her cultivation level is only at the fifth level.

At this time, these three people were working together to fight a ferocious beast that was as black as ink, with the head of a lion and the tail of a scorpion.

And that ferocious beast with a lion head and a scorpion tail is not an ordinary fifth-level ferocious beast, but actually a ferocious beast at the peak of fifth-order Dzogchen.

The two sides fought fiercely, and for a while it was a draw, and no one could do anything to the other.

This shocked Qing Tianqi.

You know, the ancient ferocious beasts are extremely powerful.

Even if a fifth-level Dzogchen peak warrior faced a ferocious beast of the same level, he would still be at a disadvantage, and it would be very difficult to achieve a draw.

But among the three people in front of him, the strongest one was only at the fifth level, and the other two were only at the fifth level. Together, they were able to fight to a tie with an ancient ferocious beast that was at the fifth level of Dzogchen Peak. How could he not be shocked?..

Chapter 2858

However, Qingtian Qi soon discovered the problem.

Although the situation in front of us was a three-person teamwork, the main thing was to rely on the girl in yellow to face the ferocious beast at the fifth level of Dzogchen Peak head-on. The other two people only acted as a check from the side, and their effect was limited.

To put it simply, the girl in yellow was able to fight the ferocious beast head-on, and her overall strength was infinitely close to the peak of fifth-level perfection.

I saw seven spiritual swords floating around the girl in yellow, each with 'bloody runes' engraved on it.

At this moment, these seven spiritual swords all exude a sword light unique to gold-type warriors, echoing the red rune aura on the swords.

From the spiritual point of view of those rune swords, each of these rune swords is equivalent to a top-quality spiritual weapon.

It turns out that this young lady is a gold warrior!

Seeing those rune spirit swords, all of them emitting sword light, Qing Tianqi suddenly understood that the girl was actually a gold-type warrior known for her attacks.

As long as a gold-type warrior reaches the fifth level, he will definitely be able to cultivate a sword spirit. After the sword spirit is fused with the weapon, the attack power amplitude of the gold-type warrior can be increased by another 20 to 30%.

For example, the attack power amplitude of a top-grade gold spiritual weapon is 80%.

If that spiritual weapon is fused with the sword spirit of a metal warrior, the amplitude of the weapon will be at least 100% higher.

Whenever a weapon is fused with a sword spirit, the sword body will emit sword light, and can be controlled by the user, automatically floating around the body, and possessing a certain degree of long-range offensive capability.

The girl's seven-handled rune sword in front of her was in this situation.

It is said that gold-type warriors can only cultivate one sword spirit, but the sister in front of her has obviously fused each of the seven rune swords with a sword spirit. This allows her to control the seven swords in the air at will.

In other words, this sister has cultivated seven sword spirits?

But, how is this possible?

This is absolutely impossible. I have never heard of a gold warrior who could cultivate two sword spirits, let alone seven sword spirits."

Thinking of this, Qingtian Qi was greatly puzzled.

However, there was one thing that Qingtian Qi understood.

He saw that the seven rune spiritual swords floating around the girl were always alternating with various patterns of runes. Transform and launch attacks on the ferocious beast continuously.

In other words, the girl in yellow fused the rune formation and sword skills to form a unique 'sword formation', which is both offensive and defensive. This makes the girl's comprehensive strength Doubled, comparable to the peak of fifth-level Dzogchen, which is very terrifying.

However, this also shows that the girl is very proficient in rune formations.

When a warrior reaches the fifth level, the vitality in his body is converted into spiritual energy, and he can officially practice runes. formations, but there are only a few warriors who are truly proficient in rune formations.

However, in the field, the girl in yellow used the 'sword formation' to fight against the ferocious beast at the peak of the fifth-level Great Perfection. In front of the other two fifth-level warriors Under the restraint of the two sides, the two sides fought fiercely, and no one could do anything to the other.

For a moment, the battle situation entered an anxious state.

At this time, the young man among the three anxiously said to the girl in yellow

"Your Highness Princess Moon, in less than two hours, the time for this first test is coming. If we can't get rid of this evil beast, all three of us will be directly wiped out by the gods."

The Princess of the Moon frowned slightly, and her pretty and lovely face showed an extremely anxious look.

In fact, the Princess of the Moon was also extremely helpless.

Although with the help of the sword formation, her strength was comparable to the peak of the fifth level of Dzogchen. But her speed is still that of a fifth-level peak warrior.

If she wants to escape without fighting, she will not be able to escape from the entanglement of the ferocious beast in front of her. This is why she has to fight. The only way is to kill the ferocious beast in front of her. , the three of them could escape.

But at this moment, the woman in green among the three said angrily

"Yanli, if you can't speak, just shut up. We all know that the current situation is very critical, but if we don't kill the beast in front of us, none of the three of us can escape. We still step up the attack and try to kill the beast in front of us as soon as possible!"

Hearing this, Yanli's eyes showed a sinister look and sneered.

"Miss Qingyun, do you think we can kill this beast in front of us within an hour if this continues? If not, then none of the three of us will be able to escape today."

Na Qingyun felt bored for a while and shouted coldly.

"Why are you talking so much nonsense? The three of us work together. Do you have any other ideas? It was you who caused this matter. My Princess Yue and I happened to be passing by to help you. Now you are not doing anything and keep saying these words that lower morale. What on earth do you want to do?"

Following Qingyun's questioning, Yanli not only did not show any shame, but instead sneered and suddenly made an unexpected move.

He suddenly reversed his sword and did not attack the beast. Instead, he It was attacking Qingyun behind him.

Qingyun was horrified, hurriedly dodged sideways, and even shouted in shock:

"Yanli, what do you want to do? Are you crazy?"

"Ha ha!! I am just crazy! You two, the rest will be left to you two. Zhu will take the first step."

Na Yanli laughed crazily, took advantage of Qingyun's escape, jumped out of the battle circle, left Princess Yue and Qingyun alone, and ran towards the base..

Chapter 2859

Seeing that Yanli was running away alone without caring about the lives of the two of them, Qingyun was very angry and immediately shouted:

"Yanli, you beast! Princess Yue and I kindly rescued you from the mouth of this vicious beast, but you ignored us both and escaped alone, you ungrateful villain!"

But Yanli didn't stop at all. He ran away and laughed shamelessly.

"Ha ha! Miss Qingyun, Your Highness Princess Yue, you should be good people to the end! Help Zhu to block this disaster, and Zhu will definitely give you two some paper money in the future!"

These words made Na Qingyun furious on the spot.

"brute! Yanli, you shameless beast, are all the warriors in your Jin Kingdom so virtuous?"

"Ha ha!! Take care, you two!"

In the blink of an eye, Yanli escaped without a trace and disappeared to the other side of the jungle.

Qingtian Qi, who was hiding in the dark, saw this scene and felt very contempt for Yanli.

And right here At that moment, Lord Yue's anxious voice came from the scene: "Sister Qingyun, you should run away too! Yue'er can help you block it for a while. If you don't escape, both of us will die here."

"Your Highness Princess Moon, what did you say? Qingyun will never leave you alone and run away!"

In the field, Yan Li suddenly escaped, completely destroying the three people's joint efforts. The situation in the field took a turn for the worse, and Lord Yue and Qing Yun gradually fell into a disadvantage.

The situation was not good, and their faces Everyone showed great anxiety.

Seeing this, Qingtian Qi's heart moved, and he immediately took out the double swords of Chasing the Sun and the Moon. With the two swords in his hands, Qingtian Qi immediately jumped out of his hiding place and shouted: "Don't worry, you two. Let me help you guys!"

The Princess Yue, who had been gradually losing ground, was feeling anxious and helpless when they suddenly saw a person taking action to hold the incense. However, when they saw clearly that the person who wanted to help was just a man of about ten years old. When the red-haired boy, who was five or six years old and could not reach the fifth level of cultivation, felt a wave of disappointment in his heart.

In the eyes of the two of them, even if one more fifth-level warrior joined, it would not change the situation of the battle.

But between the two of them, When he thought this in his mind, Qingtian Qi was as fast as lightning and had already stepped into the battle circle. He made the first move of 'Five Elements Heavenly Slash' and slashed at the head of the ferocious beast.

'There was a loud bang, and the ferocious beast roared angrily, and was slashed back by Qing Tianqi's sword, causing him to take two steps back.

This immediately stunned the two Princess Yue.

In an instant, the two people's faces showed a look of ecstasy, because they knew that they had met a real savior.

At that moment, the three of them joined forces to fight the ferocious beast.

With Qingtian Qi's current strength, which is already stronger than the fifth-level Dzogchen peak warrior, even if he faces this ferocious beast alone, he is sure to defeat it.

Now with the help of Lord Yue and Qingyun, the three of them killed the ferocious beast in less than a cup of tea.

As soon as she killed the ferocious beast, Princess Yue'er struck several seals against the seven rune swords flying in the air.

Those seven rune spiritual swords suddenly said "Whoosh!" Uh-huh! It automatically flew back to the sword box behind her.

Putting away the spirit sword, the pretty and lovely Princess Yue immediately stepped forward to express her gratitude to Qing Tianqi.

"Brother, thank you for your help. The little girl Yue Pinting expressed her thanks here. I don't know what my brother's name is? Qing

Tianqi smiled slightly: "Wang Xi, Princess Yue is so polite. I just happened to pass by and took action!"

At the moment, the two sides exchanged a few words.

Qingtian Qi was still thinking about Wu Xiaoyue's safety and did not want to waste too much time. After saying a few words, he hurriedly left and continued to search for traces of Wu Xiaoyue.

However, just a few words ago, During the chat, Qingtian Qi also learned the truth of some things.

It turned out that the Moon Princess and Qingyun were both from a small and marginal country, the Crescent Country.

There was only one ninth-level warrior in the Crescent Country, so the only players sent this time were Yue Pinting and Qing Yun..

Chapter 2860

But she said that as soon as Princess Yue entered the ancient training ground, she was worried that Qingyun was not strong enough, so she used the locator between the two to find Qingyun first, so she has not arrived at the trial base until now.

Otherwise, with Princess Yue's strength, she would have reached the trial base two days ago.

But after Princess Yue tried her best to find Qingyun, the two rushed to the trial base with all their strength, and met Yanli halfway who was being chased by a vicious beast.

Princess Yue is kind-hearted and immediately takes action to save Yanli's life.

Then there was a scene where the three of them joined forces to fight against the beast.

But he didn't want Yanli to be ungrateful and escaped first.

Fortunately, Qing Tianqi passed by and saved both of their lives.

In the field, Princess Yue looked at Qingtian Qi's leaving figure, thoughtfully in her heart.

At this time, Qingyun on the side sighed:"Your Highness Princess Yue, this young man named Wang Xi is so strong! According to Qingyun, his strength is probably not inferior to Prince Yu. However, I think this Wang Xi and Princess He's quite a match, and he's a good candidate to be the consort."

After hearing this, Princess Yue's face immediately turned red and she spat:"Sister Qingyun is making fun of Yue'er again. Yue'er doesn't want to get married so early! Besides, this Wang Xi's brother is younger than Yue'er, how can he be Yue'er's husband?"

"whee!! Princess, although this Wang Xi is a little younger now, he is indeed a rare talent! If you give it another two or three years, you will be an adult!"

"OK! Yue'er stopped talking nonsense with Sister Qingyun. Let's go to the base quickly. It's less than two hours now and it's too late to delay any longer."

At that moment, the two people left in a hurry.

But on the other side, Qingtian Qi and Princess Yue said goodbye and continued to look for Wu Xiaoyue. After looking for another cup of tea, Qingtian Qi still didn't find anything. Suddenly Make him very worried

"This is how to do ah? Why haven't you found sister Xiaoyue yet? Time is running out now, only an hour and a half. If I still can't find it after searching for half an hour, I will have no choice but to go back, otherwise, I will also be wiped out."

Thinking of this, Qingtian Qi became even more anxious.

But just when he was very anxious, Qingtian Qi suddenly heard shouting and fierce fighting in the distance.

Qingtian Qi suddenly became energetic. Shocked, he hurried towards the direction of the fight.

When Qing Tianqi rushed there, he happened to see a girl in white being chased by two fifth-level silver wolves.

The girl in white was none other than Wu Xiaoyue, whom he was looking for so hard..

But at this time, Wu Xiaoyue's situation was very critical. Under the siege of two fifth-level ferocious beasts, she was already in a precarious situation, and she might die at the claws of the ferocious beasts at any time.

But Qingtian Qi was overjoyed after seeing Wu Xiaoyue, After spending a lot of time, he finally found the other party.

At that moment, Qingtian Qi wanted to rescue Wu Xiaoyue.

But at this moment, the situation in the field suddenly changed.

A silver wolf roared violently, smashing Wu Xiaoyue's defensive ice shield with one claw, huge The impact of the impact sent Wu Xiaoyue flying straight away.

Wu Xiaoyue immediately groaned, and her fragile body fell to the ground in embarrassment.

However, before Wu Xiaoyue could get up from the ground, another silver wolf giant claw penetrated into the ground, and several belts The tattooed vines burst out from the ground, and the city bound Wu Xiaoyue's whole body, making her unable to move.

This moment, Wu Xiaoyue's heart was horrified. Just as she was about to break free, the first silver wolf had already opened its bloody mouth. , she wanted to bite her again.

In an instant, the silver wolf's huge mouth, with its sharp white teeth shining, was close to Wu Xiaoyue's delicate neck.

Seeing this, Wu Xiaoyue's face turned pale, and she wanted to dodge, but she was hit by another The silver wolf was restrained by ivy and could not move at all. He could only watch the opponent bite him.

At that moment, Wu Xiaoyue felt a burst of despair in her heart:"Am I going to die like this? no! I don't want to die yet! I can't die like this!"

However, no matter how desperate she was? How she struggled?

She couldn't resist the fate of having her neck bitten off by the silver wolf. She had already seen the giant wolf rushing towards her, and her eyes showed the joy of victory.

Just before Wu Xiaoyue Already in complete despair, he was about to close his eyes and welcome the last moment of his life.

There were many changes in the field, and a cold snort suddenly came from behind the silver wolf.

"snort! court death!"

With this cold snort, the silver wolf that was about to pounce on Wu Xiaoyue's neck suddenly rolled his eyes inexplicably, and his mind was confused for a while, and the movements under his claws immediately seemed much slower..
