

God level 2861

Chapter 2861

Wu Xiaoyue was immediately surprised.

However, before she could figure out what was going on, something happened before her eyes! Uh-huh! 'Two cold lights flashed.

Immediately, there was a flash of blood, and the screams of two silver wolves immediately sounded in the air!

All this happened very quickly. When Wu Xiaoyue came to her senses, she was shocked to find that the two fifth-level silver wolves had their heads removed and fell in a pool of blood.

And at some point, a red-haired boy of fifteen or sixteen years old appeared in the field.

I saw the young man holding two swords in his hands, his long red hair fluttering in the wind, and his eyes as bright as stars, looking at him with a smile.

At this moment, Wu Xiaoyue was stunned and looked at the young man in front of her with a look of horror.

Everything happened so fast just now, and she still hasn't figured out what happened?

However, Wu Xiaoyue was not a fool. She looked at the two silver wolf corpses on the ground and the red-haired boy falling from the sky.

She only thought for a moment and knew that she had been saved by the red-haired boy in front of her.

At this moment, she felt extremely shocked.

To be able to save her and kill two fifth-level silver wolves in just one breath is so terrifying that even a fifth-level Dzogchen peak warrior would find it difficult to achieve.

But the red-haired boy in front of her did it. How could this not shock her?

"Who is this young man? He is so strong!"

Wu Xiaoyue was shocked and happy for the rest of her life, but she was more shocked by the strength of the boy in front of her.

If she hadn't seen it with her own eyes, she wouldn't have believed that a fifteen-year-old boy could have such strong strength.

With such talents and qualifications, I am afraid that only the Prince of Northern Qin can compare with them.

She even doubted whether the red-haired boy in front of her was another true spiritual warrior.

This red-haired boy was naturally rescued by Qingtian Qi.

It turned out that At the critical moment when Wu Xiaoyue was about to be killed by the wolf, Qingtian Qi launched a divine-killing thorn attack at the silver wolf in time, interrupting the silver wolf's attack. At the same time, he reached full speed and rushed to the arena in an instant, wielding both swords. They came out together and killed the two wolves in an instant. It's a long story, but it happened in a blink of an eye. The two silver wolves' attention was focused on Wu Xiaoyue, so Qingtian Qi killed both of them in an instant so smoothly. Wolf.

However, he said that Qing Tian Qi Jian finally rescued Wu Xiaoyue without any danger. He was so happy at the moment that he smiled slightly at Wu Xiaoyue.

His smile didn't matter, but Wu Xiaoyue opposite him inexplicably blushed, and his fair and tender face actually turned red. Showing a shy look.

Qingtian Qi did not take all this to heart, but asked with concern:"Sister Xiaoyue, are you okay? Tianqi's rescue came too late!"

Hearing this, Wu Xiaoyue immediately covered her mouth and said in surprise: "Hey! How do you know my name? This brother, do you know me?"

Qingtian laughed and said, "Sister Xiaoyue, of course I know you." By the way, you should know this, right? Qing

Tianqi immediately took out the mandarin duck jade pendant that Wu Qianxue gave him.

When Wu Xiaoyue saw the mandarin duck jade pendant, her face changed slightly, and she was surprised and said: "This is the token of our clan leader. How come it is in your hand?"

"Sister Xiaoyue, you will understand after reading this letter again! Qingtian

Qi immediately handed over the letter that Wu Qianxue gave him to Wu Xiaoyue.

Wu Xiaoyue immediately took the letter and read it.

After Wu Xiaoyue read the letter, he suddenly showed a look of surprise and joy.

"It turns out to be brother Tianqi. I didn't expect that you are actually a child of the Qing family. Thanks to brother Tianqi for coming to the rescue this time, otherwise, my sister would have died before leaving the army."

When Wu Xiaoyue learned about Qing Tianqi's identity, she immediately became very kind to Qing Tianqi. At the same time, she also had a kind of surprise about surviving the disaster.

"Sister Xiaoyue is so polite! After reading this letter, I think Sister Xiaoyue should know the current situation, as well as you and me, and Brother Tianjun's mission here, right?"

"Um! Sister knows, the mission of the three of us here is to collect the 'Nine Yuan Fruit' for our five tribes. The patriarch gave instructions in the letter. She asked me to obey your instructions here. I will just follow my brother's arrangements for what to do next!"..

Chapter 2862

In fact, even if Wu Qianxue had not given such instructions in the letter, Qingtian Qi had already conquered her with the strength she had shown previously.

If Qingtian Qi has arrangements and orders, Wu Xiaoyue will also obey.

At that moment, Qing Tianqi smiled and said: "Sister Xiaoyue, I don't dare to obey the orders. Tianqi only hopes that the three of us can work together this time to collect more Nine Yuan Fruits for our five tribes. By the way, Sister Xiaoyue, this Senior Teng even asked me to bring you a top-quality spiritual weapon when you came here!"

After saying this, Qingtian Qi took out the top-quality water spiritual weapon 'Spring Water Sword' from the God of War Order space.

As soon as Wu Xiaoyue saw the Spring Water Sword, she recognized that it was a top-quality spiritual weapon, and she was immediately overjoyed

"Huh! This is a top-quality spiritual weapon! With this top-quality spiritual weapon, my strength will be greatly improved, which is really great. Brother Tianqi, sister thanks you in advance! whee!!"

Wu Xiaoyue immediately took the 'Spring Water Sword' happily and watched it with admiration.

"By the way, brother Tianqi, what is the name of this sword?"

"Spring Water Sword!"

When Wu Xiaoyue heard this name, she immediately wrinkled her head and shook her head.

"The name 'Spring Water Sword' is too unpleasant. I'm going to give it a different name. Um! Just call it 'Ruoshui Sword'! As the saying goes, the best is like water. This name sounds much better than the 'Spring Water Sword'. Qing Tianqi smiled slightly:"

Sister Xiaoyue, just think it's good." By the way, sister Xiaoyue, I also have a piece of spirit armor here, you can use it too!"

At that moment, Qingtian Qi took out another defensive spirit armor and gave it to Wu Xiaoyue.

This was exactly what he had gained during his previous search for Wu Xiaoyue.

"whee! Great, my sister is short of a piece of defensive spirit armor. Unexpectedly, my brother gave it to me. With this spirit armor, I can become a little stronger."

Wu Xiaoyue did not shirk, and happily took the spirit armor, but her affection for Qingtian Qi increased and became more cordial.

Then, Qingtian Qi said again: "Sister Xiaoyue, we are now It's better to leave quickly! We are only one hour away from the end of the test. We must rush back within this hour, otherwise you and I will be obliterated by the thoughts left by the gods."

After hearing this, Wu Xiaoyue remembered the current situation, her expression suddenly froze, and she nodded immediately: "Yeah! Brother Tianqi, let's go back quickly!"

At that moment, after Qingtian Qi dug out the inner elixirs of the two silver wolves, he and Wu Xiaoyue rushed to the trial base.

In this way, this time, with Qingtian Qi leading the way, the two of them avoided the routine of those ferocious beasts. On the ground, he rushed all the way to the trial base.

After running for about half an hour, Qingtian Qi suddenly stopped.

Wu Xiaoyue immediately asked in confusion: "Brother Tianqi, why did you suddenly stop leaving? Qing

Tianqi pondered for a while and said: "Sister Xiaoyue, if you walk in this direction for half a cup of tea, you will be able to feel the trial base." And there are no ferocious beasts ahead, so there is no danger. Just go back alone! Hearing this

, Wu Xiaoyue was immediately surprised and said: "Brother Tianqi, won't you go back to the base with me?" There is only the last half hour left before the end of the test, so don't delay outside anymore. If you accidentally miss the time, you will be wiped out!"

"Sister Xiaoyue, I know, this is actually the case!"

Qingtian Qi's face suddenly changed, and in the blink of an eye he turned into the appearance of Xuanyuan Zhantian, which immediately shocked Wu Xiaoyue.

Chapter 2863

At that moment, Qing Tianqi told Wu Xiaoyue about his other identity.

Wu Xiaoyue suddenly realized it, and immediately covered her mouth and said with a smile: "So that's it! Then Brother Xuanyuan, please accompany the little sister back! This time, the little sister is grateful to Brother Xuanyuan for helping her along the way. Otherwise, the little sister will not be able to get here safely. No."

But he didn't want to, Qingtian Qi shook his head and said: "Sister Xiaoyue, even if I change my identity as Liao Xuanyuan Zhantian, I can't go back with you. Because there is a big loophole here, and I must solve this loophole. Only then can we go back."

After hearing this, Wu Xiaoyue was immediately surprised and said: "Brother Tianqi, what loopholes are there?"

Qingtianqi replied: "The thing is like this, as long as anyone successfully reaches the trial base within the stipulated time, then. The rune stone pillar in the middle of the trial base will shoot out a golden rune and print it into the forehead of the successful person."

"In fact, the golden rune is the qualification mark for successfully obtaining the title of 'Trialist'. And I've already received the seal of qualification. If I return to the base again, the rune pillar will not react, let alone shoot golden runes at me again."

"Such an unusual phenomenon will definitely arouse the suspicion of many people. At that time, if everyone thinks a little more, they will guess that Xuanyuan Zhantian is actually Wang Xi, and Wang Xi is Xuanyuan Zhantian. In that case, even if my identity is exposed, this is not the result I want to see, at least not now."

"so what should I do now?"

Wu Xiaoyue also showed anxiety on her face.

"If you don't want to reveal your identity, then you have no choice but to not go back. But if you don't go back, according to the test regulations, you will be wiped out. You can't risk your life just because you don't want to reveal your identity, right?"

Qing Tianqi did not answer directly, but suddenly asked Wu Xiaoyue a strange question.

After receiving Wu Xiaoyue's affirmative answer, Qingtian Qi's face immediately showed joy.

At that moment, he smiled and said: "Sister Xiaoyue, don't worry, I Of course I have to go back, and I have to go back as Xuanyuan Zhantian. However, I have a way to prevent them from suspecting that I am Wang Xi's."

After hearing this, Wu Xiaoyue immediately said in disbelief: "No way? Do you have a solution for this? Qing

Tianqi smiled confidently: "Of course, my trick is called 'Crossing the Sea', I should be able to deceive them." However, all this still requires the cooperation of sister Xiaoyue."

"You want me to cooperate? So what should I do?"

At that moment, Qing Tianqi revealed his plan.

Wu Xiaoyue was stunned for a while.

After a while, Wu Xiaoyue's face bloomed, she covered her mouth and said with a smile: "Brother Tianqi, you little guy has so many clever ideas. ah! However, can you really hide it from them?"

Qing Tianqi said confidently: "It should be possible, at least no one will doubt me now." Even if they were to suspect, it would be a long time later."

Wu Xiaoyue immediately smiled and said: "Then let's act separately according to the plan!"

"good!"

At that moment, the two of them acted separately.

Wu Xiaoyue continued to rush to the trial base.

Qingtian Qi put on the clothes he wore when he first entered this place, which were also the clothes passed down when he was the 'Xuanyuan Zhantian'.

After changing his clothes, Qingtian Qi scratched some scars on himself and tore some places, making him look more embarrassed.

This look should be good, it's time to set off!

Qingtian Qi looked at his body with satisfaction. It seemed that instead of continuing to rush to the trial base, he turned around and walked deeper into the jungle..

Chapter 2864

At this time, a group of people were waiting anxiously on the Baishi Platform.

More than 130 people have gathered on the platform.

There was not a single fourth-level warrior among the more than 130 people.

But at this moment, everyone in the arena is looking anxiously at the jungle ahead.

"There is only the last half hour left. I wonder how many people can make it?"

"This is hard to say. One hundred and seventy-four people came in this time. Judging from the current situation, there are still more than forty people who have not shown up. I just don't know how many people will come back alive at this last moment."

Just when everyone was nervously paying attention to the front, there was a sudden commotion in the crowd.

"Huh! Take a look! Another person is back!"

With this exclamation, everyone immediately saw a white figure appearing in the jungle in front of them, running towards the platform in a hurry.

When the white figure got closer, everyone realized that it was actually a very beautiful figure. The girl in white.

When Lord Qingtian in the crowd saw the girl in white, a look of surprise immediately appeared on his face.

Because the girl in white was none other than Wu Xiaoyue.

However, what worried Lord Qingtian was that he did not see Qingtian Come back together.

Not long after, Wu Xiaoyue stepped onto the platform in the astonishing eyes of many young people.

Wu Xiaoyue was a player representing Baixi Country.

Baixi Country is also a small country, and only two players were sent this time.

Wu Xiaoyue arrived After entering the base, there was no trace of another player, and I knew that that player was in danger.

Because although that player was a fifth-level warrior, his strength was still weaker than Wu Xiaoyue.

Even Wu Xiaoyue almost failed. When they came back, I was afraid that the fate of that player was in danger.

Then, everyone waited anxiously for a while.

Three more people came back one after another, but they still didn't see Qingtian Qi.

This suddenly made Qingtianjun even more anxious. When he got up, he thought something had happened to Qing Tianqi. He wanted to ask Wu Xiaoyue, but it was difficult to do so. After all, the other party didn't know him. But he said that among the three people who came back later, the last one to arrive was a fourth-level The Thunder Elephant Warrior at the Peak of Dzogchen was named Wu Lei.

When Wu Lei rushed to the platform with wounds all over his body, many people were shocked.

Although Wu Lei was a Thunder Elephant Warrior, he was a fourth-level warrior after all.

Four The strength gap between the first-level warriors and the fifth-level warriors is very large. Generally speaking, no matter how strong the fourth-level warriors are, they cannot compare with the fifth-level warriors. In this first qualification test, even many fifth-level warriors He failed to arrive in time, but Wu Lei was able to arrive at the trial base alive, which naturally shocked many people.

As Wu Lei arrived last, there was only one last cup of tea left before the end of the test. In a certain corner of the platform, a group of players from Da Kun Kingdom gathered together.

At this time, Long Xiaotian, Lin Quan, and Ye Jingyu all came out of the secret room.

As for what Long Xiaotian and Lin Quan got in the secret room No one knows what happened.

However, after Ye Jingyu came out of the secret room, his cultivation level improved from the fifth level of Dzogchen to the peak of the fifth level of Dzogchen.

"what happened? Why hasn't Xuanyuan Zhantian come back yet? With his strength, he shouldn't be like this! As far as I know, he is very fast!"

Yi Chenxi's face was full of doubts, and her eyes were also a little anxious.

"Maybe that Xuanyuan Zhantian was unlucky and encountered a very powerful beast at the beginning!"

Ye Jingyu, who had always rarely spoken, actually spoke.

Long Xiaotian also nodded slowly and said: "Yes!" This is the only way to explain it. It seems that Xuanyuan Zhantian is in danger, what a pity!"

After listening to the conversation between the two, Lin Quan couldn't help but snorted.

At this moment, he was cursing in his heart.

Huh! That Xuanyuan Zhantian is a waste.

I originally expected him to help me enter the temples. At the last level, I didn't expect that he couldn't even pass the first qualification test. It's really useless!

It seems that the ancestor's vision of people is not sharp enough. He really chose an inhumane! Can I only rely on myself next?..

Chapter 2865

Just when all the players from Kun Kingdom were guessing that Qingtian Qi had fallen and felt sorry for him in their hearts, a young man with a beautiful face walked out of the crowd.

That young man was none other than Lian Mingyu, the top master in the Jin Kingdom.

I saw Lian Mingyu leading a group of players from the Jin Kingdom to Long Xiaotian and others.

"Long Xiaotian, I heard that there is still one person from your Dakun Kingdom who has not returned? It seems to be the fourth-level Wu Xuanyuan Zhantian who made up the numbers. Seeing that this time is coming, I think that even if that useless Xuanyuan Zhantian is not dead, he will not be able to arrive."

"It seems that those who make up the numbers are those who make up the numbers. Your country of Dakun is really in decline! Some people even fail the first test, which is really shameful! Ha ha!!"

After saying this, Lian Mingyu laughed wildly, his tone full of ridicule.

Behind him, a group of players from the Great Jin Kingdom also laughed.....

"Ha ha! Boss Mingyu is right. Their Dakun Country is really becoming more and more useless. Some people even failed this test. Compared with our Great Jin Kingdom, this is simply too far behind!"

"yes! Our people from Dakun Country have all arrived safely."

"hehe!! I used to think that the people of Dakun Country were so amazing, but today they are nothing more than that! Not to mention that they couldn't even gather ten fifth-level players, even if someone failed to pass this first test, it was really disappointing!"

Hearing the cynicism of these players from the Great Jin Kingdom, all the players from the Great Kun Kingdom were furious.

Long Xiaotian immediately said coldly:"Lian Mingyu, what do you mean?"

"hehe!! It's nothing interesting, just seeing that one of you is missing, we are afraid that you will be sad, so come over to express our condolences, which will also make us happy. Ha ha!!"

Hearing this, Long Xiaotian said angrily:"Lian Mingyu, I think you came to laugh at us on purpose, right? Do you really think that the people of Dakun Country are afraid of you?

Lian Mingyu did his part and sneered disdainfully:"Haha!" Isn't what I said not true? Didn't Xuanyuan Zhantian of your Dakun Kingdom not come back? To put it bluntly, you people from Dakun Country are still useless. Is it possible that you people in Dakun Country are useless and you are not allowed to tell others? Long

Xiaotian was furious:"Lian Mingyu, you dare to say that our people from Dakun Country are useless, then do you want to try Long's method now?" Let's see if it's your people from the Jin Kingdom that are useless, or our people from the Dakun Kingdom that are useless?"

As soon as he said these words, the atmosphere in the scene immediately became tense, and both sides confronted each other coldly.

The Dakun Kingdom and the Dajin Kingdom had been fighting openly and secretly for a long time, and it was not surprising that something like this happened today.

However, the two sides suddenly clashed, and the scene immediately He became nervous.

But at this moment, there was another commotion in the crowd.

Then someone was heard exclaiming: "Oh my God! Look what that is? Something seems wrong!"

As the man exclaimed, everyone turned to look.

In the jungle ahead, dust suddenly flew up, a large cloud of dust and smoke was raised, and then there was a sound like ten thousand horses galloping, and the entire ground was shaking.

This suddenly made everyone feel that something was wrong. Just when everyone was surprised what happened, what happened next shocked everyone. I saw a figure rushing out of the flying dust and smoke, moving at extremely fast speeds He rushed towards the trial base at a very fast speed.

Behind that man, there were dozens of powerful ferocious beasts, also running towards the trial base.

It turned out that the man was actually killed by dozens of beasts behind him. The ferocious beasts were chasing after them. Everyone was shocked when they saw that scene.

They couldn't believe their eyes.

"Oh my God! What on earth did this guy do?"

They couldn't imagine what kind of evil thing a person had done to be chased by so many ferocious beasts.

For a moment, everyone's attention shifted to that person.

Soon, someone recognized him That person.

Zifeng, one of the players from Da Kun Country, exclaimed:"Oh my God! It's him! It's Xuanyuan Zhantian!"

It turns out that the person being chased is none other than Qingtian Qi...

Chapter 2866

However, when the players from Dakun Country saw that the visitor was Qingtian Qi, they all showed great joy.

At this moment, Qingtian Qi shouted to the people on the platform while running wildly:"Everyone, help me quickly! Help me stop the ferocious beast behind me."

After his shouting, Qingtianjun immediately shouted to all the great masters. The national player said:"Everyone, let's go help!"

"good! follow me!"

Long Xiaotian responded immediately and rushed out of the platform with a group of Dakun players to support him.

At the same time, Wu Xiaoyue also shouted loudly on the platform:"Everyone, please help!"

As soon as he shouted, two people rushed out to help, it was Princess Nayue and Qingyun.

Then, dozens of contestants rushed out one after another.

At this moment, Qingtian Qi was approaching Shi The edge of the platform.

Qingtian Jun and others also happened to rush out and fight with the group of ferocious beasts on the edge of the platform.

At that moment, the edge of the platform was in chaos.

Everyone rushed out unconsciously to fight with the ferocious beasts.

Those who did not take action were also there There were shouts from the platform.

For a time, the crowd was excited and the scene was extremely heated. Everyone's attention was diverted to the melee in front of them.

But at this moment, Wu Xiaoyue took advantage of everyone's attention to be focused on the front, and no one was paying attention. Seeing her, she quietly moved behind the crowd and suddenly cast a 'Mist Hidden Technique'. As soon as the Mist Hidden Technique came out, the entire platform was instantly enveloped.

In the thick fog, many people immediately shouted and cursed. Whoever had a problem in their head suddenly cast some fog-hiding technique, interrupting their enjoyment of the show.

At this moment, Qingtian Qi had already rushed to the platform, and his figure rushed into the thick fog on the platform. Not long after Qingtian Qi rushed in , and the thick fog on the platform quickly disappeared.

When Qingtian's figure was revealed in front of everyone again, Qingtian Qi had already closed his eyes slightly, as if digesting the information he had just received in his mind.

To outsiders, Qingtian thought this Qi had just obtained the mark and was digesting the information in his mind. However, there was a thick fog just now. When the rune stone pillar shot out the mark, no one saw it.

At the same time, on the platform, the Prince of Northern Qin stood up with an angry look on his face. Passing everyone on the platform, he asked in a cold voice

"Who cast the Mist Hidden Technique just now? What exactly does it mean? Please stand up for me, Prince?"

Obviously, he had dispelled the thick fog in an instant.

As soon as he said these words, Wu Xiaoyue pretended to be aggrieved and uneasy and said: "Your Highness, the little girl used it just now. When the little girl saw everyone fighting fiercely with the ferocious beast, she became nervous and misplaced the Mist Hidden Technique."

When everyone heard what she said, they suddenly realized it, and they no longer doubted its existence. When the Prince of Northern Qin saw Wu Xiaoyue voluntarily admitting it, it was natural that he didn't want to say anything. The matter passed away, and

Qingtian Qi also successfully concealed it.

At this moment, the battle outside the platform quickly came to an end.

In fact, although Qingtian Qi attracted many ferocious beasts, many of them were fourth-level ferocious beasts, so they were quickly killed.

It turned out that the entire incident was that Qingtian Qi deliberately attracted many ferocious beasts back to divert everyone's attention and cause chaos in the scene.

Then Wu Xiaoyue pretended to be nervous, misplaced her martial arts, and used the fog concealment technique to cover the sight of everyone on the stage.

Qingtian Qi took the opportunity Back to the platform.

After the thick fog was dispersed, Qingtian Qi was already on the platform. Of course, no one knew the truth about whether he had obtained the mark or not. Everyone would think that Qingtian Qi was blocked from everyone's sight at the moment. Obtained the mark.

Qingtian Qi also concealed his identity..

Chapter 2867

At this time, the battle outside the platform ended successfully, and everyone returned to the platform.

The players from Dakun Country stepped forward to say hello to Qingtian Qi.

Long Xiaotian even smiled and said: "Xuanyuan Zhantian, you really arrived in time! If you come back later, I'm afraid you will be wiped out! However, it's good that you can come back! In this case, our Dakun Country All the players are back, so as not to be laughed at by some people who look down on others."

After saying this, Long Xiaotian intentionally or unintentionally slashed at Lian Mingyu who was not far away.

Lian Mingyu naturally understood what he meant, and the corner of his mouth twitched, and then sneered: "Haha!! Long Xiaotian, what are you so proud of? That Xuanyuan Zhantian was only lucky enough to be picked up in such a mess. To save a life, it seems that you people from Dakun Country are no more than this!"

After hearing his words, Long Xiaotian was furious again, and he was about to explode.

But a strange mental fluctuation suddenly fell between heaven and earth.

At this moment, everyone was shocked. When the scene became quiet, no one dared to speak.

At the same time, there was an additional message in everyone's mind, that is: the time is up and the first test is over.

As this message appeared in everyone's minds, sudden changes occurred in the world.

The sky suddenly became extremely gloomy, and then dozens of huge flaming meteorites suddenly appeared, falling from the sky and smashing into the jungle ahead.

The jungle in front immediately recalled the continuous explosions, and among the explosions, there were faint screams.

Everyone was shocked when they heard the screams coming from the distance.

However, they also suddenly understood that it was the will of the gods to obliterate those who had not completed their tasks and were still alive.

Those flaming meteorites falling from the sky are tools to obliterate those losers.

At this point, fear welled up in everyone's hearts. They finally knew that the will of the gods was irreversible. If they wanted to survive in the subsequent competitions, they had to follow the rules in the test, otherwise they could only be wiped out.

Not long after, the vision in the sky disappeared and everything returned to how it was before.

Obviously, those losers were all wiped out.

At this moment, strange mental fluctuations descended between heaven and earth again, and new information appeared in everyone's minds. This formal trial was about to begin.

After all the testers digested the new information in their minds, many of them had ugly expressions, while some had happy expressions on their faces.

People like the Prince of Northern Qin, Ouyang Huai, Long Xiaotian and others all looked happy.

It turns out that in the next training test, the testers will be exiled into an ancient mountain range and will have to practice in that mountain range for a month.

One month later, all the testers will gather at the designated location, where they will then undergo a comprehensive strength assessment.

Those who rank among the top five in the comprehensive strength assessment will receive generous rewards.

The reward for the first place is two 'True Soul Pills'.

The function of this True Soul Pill is that after taking one 'True Soul Pill', a sixth-level warrior can increase his cultivation progress tenfold within one year.

In other words, after taking the 'True Soul Pill', a sixth-level warrior can practice in seclusion for one year, which is equivalent to ten years of normal seclusion and practice.

This kind of elixir is extremely miraculous!

You must know that the further a warrior reaches the later stage, the slower his progress in improving his cultivation will be.

Even if the Prince of Northern Qin is a true spirit body, under normal circumstances, it will take at least ten years for him to cultivate from the sixth level to the peak of the sixth level. However, there is a great way for him to quickly improve his cultivation level, and that is True Soul Pill.

With this true soul pill, he only needs to go back to practice in seclusion for a year, and he will be able to break through to the peak of the sixth level. How can he not be greatly surprised by this.

Therefore, the Prince of Northern Qin was determined to obtain the True Soul Pill.

For warriors with pseudo-spiritual qualifications, it will take at least twenty years to practice from the sixth level to the peak of the sixth level.

If there were a lot of pills to assist during this period, he could barely break through to the peak of the sixth level in twenty years.

But with the True Soul Pill, you only need to take two pills, a large amount of pills, and practice in seclusion for two years, but you can still break through to the peak of the sixth level.

Such an elixir is a great temptation for any sixth-level warrior..

Chapter 2868

Of course, aptitude is not the only factor that affects the progress of a warrior's practice. For high-level warriors, enlightenment can quickly improve their cultivation.

The second place reward is also a 'True Soul Pill', but there is only one.

The reward for third place is three 'spirit-opening pills'.

The function of the Spirit Opening Pill is to allow warriors below the fifth level of Great Perfection to enter a state of enlightenment 100%, but it has no effect on warriors above the peak of the fifth level of Great Perfection.

For sixth-level warriors, it has no effect at all, and cannot allow sixth-level warriors to enter enlightenment.

“Epiphany” is a huge opportunity for a warrior, and it has nothing to do with the warrior's qualifications.

As long as one can enter enlightenment, the strength of a warrior can be greatly increased. Therefore, it is not uncommon for some warriors with good understanding but poor qualifications to have successive epiphanies, and their strength is much stronger than that of warriors of the same age, comparable to pseudo-spiritual qualifications. seen phenomenon.

However, for warriors, the higher the level, the more difficult it is to achieve enlightenment.

After reaching the seventh level, it becomes even more impossible to achieve enlightenment.

In addition, another function of the 'Opening Spirit Pill' is similar to that of the 'Apocalypse Pill', that is, there is a certain chance that the fifth-level Dzogchen peak warrior can break through the bottleneck and enter the sixth level.

It's just that the chance of opening the magic elixir is extremely small, only half a percent chance.

However, even if there is only a half-percent chance, it still makes Long Xiaotian, Lian Mingyu and other fifth-level Dzogchen Peak warriors crazy with excitement.

You know, even for a warrior with pseudo-spiritual qualifications, under normal circumstances, it would be absolutely impossible for him to break through from the peak of fifth-level Dzogchen to sixth-level in less than ten years.

Otherwise, the Feng family's 'Purple' would not have been stuck at the peak of the fifth level of Dzogchen for seven or eight years, and has not yet broken through to the sixth level.

The future fate of Long Xiaotian and others will also follow the footsteps of 'Purple'. After less than ten years of normal cultivation, Long Xiaotian and others can't even think of breaking through to the sixth level.

But now, Long Xiaotian and others have a chance to change their destiny, which is to obtain the 'Spiritual Opening Pill'.

Even if they fail to achieve a breakthrough by taking the 'Kailing Pill', they will have some insights and shorten the time for their future breakthroughs. Maybe they only need to practice for seven or eight years to achieve a breakthrough in the future.

Therefore, Long Xiaotian and several other fifth-level Dzogchen peak warriors are also determined to obtain the 'Spirit-Opening Pill'.

Even the mysterious Ouyang Huai coveted the 'Kai Ling Dan'.

The reward for fourth place is two magic pills.

The reward for fifth place is a magic pill.

These are the rewards for the top five. Perhaps the gods have informed all the rewards in advance in order to motivate the trialists this time.

In addition to rewards, there are still penalties.

This punishment is that all those ranked after seventy in the comprehensive strength test will be wiped out.

After receiving the news of this punishment, many people's expressions immediately changed and became very ugly.

You must know that there are currently a total of 135 trialists, more than 90 of whom are above the fifth-level peak, only about 20 are fifth-level warriors, and there are two fourth-level warriors.

The two fourth-level warriors are Qingtian Qi and Lei Xiang warrior Wu Lei.

In other words, after the second training session, even the fifth-level peak warriors will be wiped out.

This immediately caused many fifth-level peak warriors to panic. No fifth-level peak warrior was sure that he would be able to enter the top seventy.

And those fifth-level warriors were even more desperate.

Qingtianjun and Wu Xiaoyue are both fifth-level warriors.

Of course, the purpose of the gods is to allow the testers to progress in the trials, not to really eliminate all the weak. The gods also give the weak a chance.

In that mountain range, the gods have planted many spiritual fruits that can improve their cultivation strength. As long as they collect enough spiritual fruits within this month and refine them in time, their overall strength can be greatly improved. It is very possible to enter the top 70 in one month.

However, all spiritual fruits will be guarded by fierce beasts.

The higher the level of the spirit fruit, the stronger the ability to protect the beast.

It is extremely difficult for the testers to obtain those spiritual fruits.

But without those spiritual fruits, many trialists would not be able to significantly improve their strength in just one month, and the final result would be death.

This is the method used by the gods to force the trialists to compete with the ferocious beasts for spiritual fruits. The gods want the trialists to become stronger in the fierce battle between life and death.

In fact, there is another way to quickly improve your strength, and that is to snatch the 'best spiritual weapons' from others.

A top-quality spiritual weapon is enough to elevate a fifth-level warrior's strength to a higher level.

In other words, in the next experience, there will be a melee of killing each other, snatching spiritual fruits, and snatching the best spiritual weapons..

Chapter 2869

In order to survive and become stronger, no one will refuse to do this.

Even those fifth-level Dzogchen warriors dare not be careless, and they cannot guarantee that they will definitely enter the top seventy.

Who knows how many fifth-level peak warriors will have adventures in the next month, and with the help of many spiritual fruits, they will break through to fifth-level perfection?

Therefore, what follows will be a period of fierce competition among everyone in order to accumulate strength.

But after Qing Tianqi digested the information, he couldn't help but analyze himself.

With these two perverted guys, Prince of Northern Qin and Ouyang Huai, there is absolutely no hope for me to get first and second place.

As for third and fifth place, do I have any hope?

My current basic combat strength is the strength of 20,000 people, which is much weaker than the fifth-level Dzogchen peak warrior. However, my speed exceeds that of the fifth-level Dzogchen peak warrior, and I also have the God-Destroying Thorn.

All in all, without the assistance of top-quality spiritual weapons, my current overall strength barely reaches the level of a fifth-level Dzogchen Peak warrior."

However, I have a pair of top-grade attack weapons in my hands, the 'Dual Swords of Chasing the Sun and Chasing the Moon', which has greatly enhanced my strength. I just do n't know if other fifth-level Dzogchen peak warriors have top-grade spiritual weapons in their hands?

Have you thought of it ? Here, Qing Tianqi continues to ponder and analyze.

I remember that at the rookie conference that day, both Long Xiaotian and Ye Jingyu were awarded the best spiritual weapons. If my estimate is not bad, they probably have more than one best spiritual weapon..

In this way, these two people are stronger than me! And Lian Mingyu, whose strength is not inferior to Long Xiaotian, I should not be his opponent.

After calculation, there are already three people with the strength of If I am above, then there is no hope for me to enter the top five?

By the way, there are five other people who are also fifth-level Dzogchen peak warriors. I don't know if the five of them have the best spiritual weapons in their hands. If all five of them are Yes, then my chances of entering the top five will be greater.

Thinking of this, Qingtian Qi suddenly felt a little entangled in his heart.

No! This time I have to find a way to enter the top five.

Forget the top two, then third place I want to occupy the fifth place.

After all, the temptation of the 'Spirit-Opening Pill' is too great.

If I can get a Spirit-Opening Pill, then I can enter enlightenment and greatly increase my strength.

According to me If the estimate is good, the next game will probably be to collect the 'Nine-Yuan Fruit'. This is when I need to improve my strength.

Only when my strength becomes stronger can I collect more Nine-Yuan Fruit for the five tribes. After all, the Nine Yuan Fruit is the ultimate goal for the three of us to enter this place.

By the way, with the strength of Brother Tianjun and Sister Xiaoyue, it is hard to say whether they can safely pass this experience!

But no matter what, I must To help the two of them pass the following experience, it seems that they can only collect more spiritual fruits so that they can improve their cultivation as soon as possible.

Thinking of this, Qingtian Qi couldn't help but worry about Qingtianjun and Qingtianjun, especially Wu Xiaoyue's weaker strength. He almost failed even the first test.

And Qingtianjun possesses a top-grade spiritual weapon and a natal psychic beast. His comprehensive strength is equivalent to that of a fifth-level peak warrior. At this moment, Qingtian Qi decided in his heart that even if he could not enter The top five must also let Qingtianjun and the two pass this level smoothly.

Just when Qingtianqi decided on the next plan, the entire Baishi platform suddenly made a huge roar.

This immediately shocked everyone on the stage, many of them People's faces showed fear, and they looked around. They didn't know what happened?

But at this moment, the rune stone pillar in the center of the white stone platform lit up with rune red light, and the rune stone pillars around the platform The light also lit up at the same time.

Immediately, runes appeared on the edge of the entire platform, and a light curtain rotated outside the platform, and the runes appeared continuously.

It turned out that the entire platform was actually a huge rune teleportation array.

As everyone was shocked, Color, suddenly there was a flash of light on the platform, and everyone disappeared.

The next moment, the testers appeared on another white stone platform, its shape was the same as the previous one.

However, the location and location had changed a lot. Big change.

At this moment, in front of everyone, there is no longer an ancient jungle, but a mountain forest stretching thousands of miles..

Chapter 2870

This platform is at the foot of the mountain.

At this moment, a strange mental wave came down from the sky again.

A piece of information once again appeared in everyone's mind, that is, the second experience will begin, and the strength ranking will be tested at the base on the other side of the mountain range one month later.

At this point, this second experience officially begins.

Many people stared blankly at the mountains ahead, unable to react for a while.

At this time, Ouyang Huai's cold laughter rang out from the crowd.

"Ha ha!! This is indeed an interesting experience. Your Highness, time waits for no one. I, Ouyang Huai, have gone to look for spiritual fruits first, so I won't spend much time with you."

After saying this, Ouyang Huai laughed loudly, and with a flash of figure, he rushed towards the depths of the mountains ahead.

Ouyang Huai's action immediately reminded many people.

Long Xiaotian was the first to laugh. : "Ha ha!! Brother Tuoba, are you in such a hurry, do you want to collect all the spiritual fruits first? Ha ha!!"

At that moment, Long Xiaotian also rushed towards the mountain.

But Ouyang Huai's laughter came from the front again: "Haha!! Brother Long, as the saying goes, the early bird catches the worm. If you don't take the first step, the good stuff will be taken away by others."

Hearing the conversation between the two, Lian Mingyu and other masters in the crowd immediately understood and rushed towards the mountain forest.

In the blink of an eye, all the warriors above the fifth level of Dzogchen on the entire platform ran away. , even some fifth-level peak warriors who thought they had good strength also rushed out.

It turned out that everyone was in a hurry to hunt for treasure in the mountains, for fear that if they were a step too late, the good things would fall into the hands of others.

In the blink of an eye, the strength on the platform All the stronger warriors were gone.

Among the remaining seventy or eighty people, none were fifth-level Dzogchen warriors. They were all warriors below the fifth-level peak.

These people were not in a hurry to hunt for treasures. They were all worried about their lack of strength. They are afraid that relying on their own strength, they may not be able to seize the spiritual fruit from those ferocious beasts.

Even if they successfully seize the spiritual fruit, if they encounter a fifth-level Dzogchen warrior, they may not be able to keep the harvest, and may even Being killed by the opponent.

Of course, they also have their own ways to deal with it.

Since one person is not strong enough, then they form a group of two or three people and go hunting for treasures in the mountains together.

At the moment, the remaining warriors formed small teams one after another, and then a team Heading into the mountains.

This method of team formation is mostly based on players from the same country.

In order to gain time, these teams formed very quickly, and in the blink of an eye, more than half of the people were gone.

As for the players from Dakun Country, in the blink of an eye, Only Ying Zong, Fang Xueer, Qingtian Qi, and Qingtianjun were left, and the rest had already left.

According to Qingtianqi's idea, he naturally wanted to be with Qingtianjun Wu Xiaoyue.

He just wanted to signal to Qingtianjun and Wu Xiaoyue to let They took a step first, and they arrived later.

But at this moment, there was a wave of vitality behind him.

But it was Ying Zong and Fang Xueer who "gathered their voices" to talk privately behind his and Qingtian Jun's back..

Qingtian Qi was curious and immediately raised his ears to listen.

‘Gathering voices into a thread was originally a method for warriors to communicate secrets, in order to prevent others from hearing the secrets.

But under Qing Tianqi's "Tian Ting", this method has no effect at all, and it is like being undefended.

I saw the message from Ying Zong saying: "Fang Xueer, Boss Long Xiaotian asked the two of us to help him keep an eye on Xuanyuan Zhantian to see if he has any changes. Should we tell him now and let him go with us? Soul-seeking fruit, we can keep an eye on him."

Fang Xueer pondered for a while and said: "Haha!! Long Xiaotian just asked us to keep an eye on this kid's movements and not to interfere with his actions. If we let him and If we are together, doesn't it mean that we are interfering in his actions?"

"Um! Right!"

"Besides, this guy's cultivation is only at the fifth level, so he won't be of much help to the two of us. Moreover, if we let him stay with us and get a share of the spiritual fruit after we find it, wouldn't it be a huge loss?"

"At this time, there are many masters in the field, and most of them are at the peak level of the fifth level. Whoever harvests more spiritual fruits will improve their strength more and have a greater chance of survival. Why should we give him something? We should think more about ourselves and get more spiritual fruits for ourselves"

"Besides, there's only one month left. A month later, whether you and I can survive depends on our harvest this month. Why bring Xuanyuan Zhantian with us?"

"Um! That's what you said."

Ying Zong nodded slightly.

"So what should we do?"

"Just you and me joining forces. You and I are both fifth-level pinnacle warriors. Although we are not as good as fifth-level Dzogchen warriors when we join forces, we can barely protect ourselves. We still have the strength to search for spiritual fruits in this mountain. Besides, dividing things between two people is better than dividing things between three people, right?"

"Ha ha!! makes sense. So, the two of us will stop staring at Xuanyuan Zhantian?"..
