

God level 2871

Chapter 2871

Fang Xueer said angrily: "Huh! Long Xiaotian doesn't care about himself. He goes to look for spiritual fruits alone. Why should we worry about him? Besides, now is a critical period. If people don't do it for themselves, heaven and earth will destroy them. We don't care about so much. What are you doing? I still think that the most important thing is to improve your strength as much as possible. Don't worry about other things."

"Um! Xue'er, if you are thoughtful, then we will ignore Xuanyuan Zhantian. Why don't we leave now? If we leave late, I'm afraid that some good things will be taken by others first."

"hehe!! Don't be so anxious about this. The mountains ahead are so big, do you think they can find them? Do you really think that as long as you take the first step, you will definitely find something good?"

"If you want to find the spiritual fruit, you not only have to defeat the guarding beast, but also rely on some luck. Otherwise, you have all the strength, but you can't find the spiritual fruit? All that was in vain."

Ying Zong responded quickly: "That's true. It seems that I am impatient." When I think about the strength ranking test in a month, I was anxious in my heart and wanted to find some spiritual fruits that could improve my strength right away, but I wasn't as calm as you. Fang Xueer, when do you think we should set off?

Fang Xueer pondered for a while and said, "I think we can invite Zong Tianjun to join us."

The Zongtian Lord in her mouth is Qingtian Lord.

Hearing Fang Xueer's words, Yingzong was surprised and said: "Fang Xueer, this Zongtianjun is not necessarily stronger than Xuanyuan Zhantian, why do you want to invite him to join us?"

Fang Xueer sneered: "Because Zong Tianjun has a top-quality spiritual weapon in his hand." I think the two of us can trick him into a place, and then work together to kill him and seize his best spiritual weapon. This way we will be more confident of entering the top seventy"

"Isn't this good? After all, he is from our Dakun country."

"snort! What's wrong with this? In this period, survival is the most important thing. More importantly, only the best spiritual weapon in Zong Tianjun's hands is the best to win, because he will trust us and form a team with us. If they were players from other countries, they would definitely be wary of us."

"Um! This is true! Then let's do this, I will invite Zong Tianjun to join now."

At the moment, the two plotted, Yingzong sent an invitation to Qingtianjun.

Naturally, Qingtianjun would not agree. He originally wanted to be with Qingtianqi.

At that moment, Qingtianjun politely refused. When

Yingzong and Yingzong saw this, they both felt a little bit in their hearts. Unfortunately, they had to give up the plan to seize Qingtian Lord's best spiritual weapon.

Afterwards, Ying Zong and Fang Xueer left to hunt for treasure.

Looking at the two people's leaving figures, Qingtian Qi sneered in his heart.

Haha!! It seems that people are always selfish. , especially when it comes to life and death, even players from the same country can assassinate her! Especially that Fang Xueer, who is so vicious in her heart, and that Yingzong is afraid of being unlucky if he is with her.

By the way, listen to them. During the conversation between people, Long Xiaotian actually asked the two of them to keep an eye on my whereabouts. Why did Long Xiaotian do this? He still suspected that I was Qin Chuan, or did he have another purpose?

Thinking of this, Qing Tianqi couldn't help but frown. Come on.

It seems that I have to be extremely careful about Long Xiaotian. I have to find out his intentions first.

Otherwise, he will be hiding from me and always working against me!

Qingtian is thinking about what to do next. At that moment, Qingtian Jun gave Qingtian Qi a look of indication.

At that moment, Qingtian Qi understood, and the two of them left the platform and walked towards the mountains together.

Among the crowd, Wu Xiaoyue saw Qingtian Qi leaving, so she followed suit.

Not long after, the three of them They found a remote place to gather together.

Wu Xiaoyue also met Qingtianjun, and the two sides were naturally polite.

Afterwards, Qingtianqi told the two about Yingzong and Fang Xueer..

Chapter 2872

After hearing this, Lord Qingtian sneered:"Haha!! They two are so cruel! They actually want to harm me like this. Huh! This matter can't just be let go."

Wu Xiaoyue also said angrily:"Yes! They actually To be so vicious, in order to seize the best spiritual weapon, he actually wanted to plot against Tianjun. This is simply too abominable. Brother Tianqi and eldest brother Tianjun, why don't the three of us go over and kill them now."

But he didn't want to, Qingtianqi shook his head and said : "Now is not the time. Besides, seeing that Brother Tianjun will not be fooled, the two of them will not have any evil thoughts for the time being. Now, the three of us still think about how to deal with the next test. Now, even with the Nine Yuan Fruit, we We don't even know there yet, but you two are about to face the danger of being obliterated."

After hearing this, Wu Xiaoyue also wrinkled up in worry and said,"Yes! Brother Tianqi, I'm worried about how to pass this level. ?"

Qingtian sighed and said: "What can we do now? The three of us can only try our best to find some spiritual fruits that can improve our cultivation. I will give the spiritual fruits I found to you two. As long as the two brothers and my sister can raise her cultivation level to the peak of the fifth level within this month, she should have hope of not being wiped out."

After hearing this, Wu Xiaoyue said with a sad face: "Brother Tianqi, it seems that my sister is going to die here this time.. How is it possible to raise your cultivation level from the fifth level to the peak of the fifth level in one month? Even under normal cultivation, it would be impossible without about three years."

"Not to mention that we have to spend time looking for spiritual fruits in the meantime. The real time is not even a month."

Qingtian Qi analyzed in a deep voice: "I don't think the gods will leave a glimmer of hope for the weak. The spiritual fruits planted here by the gods must be extremely precious. I am afraid that just one or two fruits can make a person's cultivation greatly improve, and even break through the bottleneck."

"Only in this way can we explain why the gods only gave him a month. Think about it again, here in the ancient training ground, there are even strange fruits like the 'Nine Yuan Fruit', how bad will other spiritual fruits be?"

"I'm worried now that those things won't be easy to find. It looks like we're going to split into two groups. Along the way, you two will be in a group, and I will be in a group. In this case, we have a greater chance of finding the spiritual fruit!"

As soon as he finished saying this, Lord Qingtian, who had been silent all the time, smiled and said

"Tianqi, in terms of strength, most people here are stronger than me. However, when it comes to finding spiritual fruits, I'm afraid no one can match me. Not to mention you and the Prince of Northern Qin, even ninth-level warriors don't have what I have."

Qingtian Qi and Wu Xiaoyue were both shocked when they heard Qingtianjun suddenly say such exaggerated words.

But Qingtianqi knew Qingtianjun's character. He knew that Qingtianjun was not the kind of exaggerated person, let alone a big talker. Qingtianqi You must have some special ability.

At that moment, Qingtian Qi took a deep breath and said with a slightly excited tone: "Brother Tianjun, your ability is not your inherited talent, right?"

Qingtianjun nodded and said with a smile: "Brother, you are smart and you guessed it right." This ability of mine is my latest fully awakened talent inheritance: the art of asking spirits!"

"Sure enough!"

Qingtian Qi was immediately overjoyed

"Brother Tianjun, what's so special about your talent?"

Wu Xiaoyue on the side also asked curiously: "Yes! Brother Tianjun, what is the use of your talent inheritance?"

Qingtianjun smiled slightly, and immediately told the two of them the function of the 'Spirit-Asking Technique'.

It turns out that the 'Spirit-Asking Technique' has two functions.

The first function is: you can place your soul, thoughts and touch between the grass and trees. , and spreads with the roots of vegetation, and the spread range can reach dozens of miles.

It can be said that the plants within this range of dozens of miles will become his eyes, and no movement of anything can escape his surveillance.. He was also able to discover where there were spiritual fruits.

The second function is: this spirit-asking technique can also be used on ferocious beasts from a distance. Even if it is a sixth-level ferocious beast, Qingtian Lord can make it docile. , causing it to temporarily lose hostility to Qingtian Lord and not attack.

However, it can only last for half a cup of tea at most.

Moreover, during this period, Qingtian Lord cannot do anything that goes against the intention of the sixth-level ferocious beast, let alone let the sixth-level ferocious beast The ferocious beast is attacked.

In addition, every time Qingtianjun performs the art of asking for spirits, he must rest for an hour before continuing to perform the second time.

The disadvantage of this "art of asking for spirits" is that it is ineffective against humans...

Chapter 2873

"Tian Qi, Xiao Yue, this is the function of the art of asking spirits. Maybe it doesn't seem that powerful when you say it, but after you use it, you will find that it is really magical."

Hearing this, Qingtian Qi immediately urged: "Brother Tianjun, you can use it now and let us see your spirit-asking technique."

Qingtianjun smiled and said: "Okay!" Then you can take a good look!"

At that moment, Lord Qingtian began to display his talent inheritance.

I saw Lord Qingtian closing his eyes slightly, calmly concentrating, and shouted in his mouth: "Spirit and heart are connected!"

With this low shout, a huge green dragon shadow appeared behind Qingtian Jun, exuding a heart-stopping dragon power.

At the same time, Qingtian Jun gently pressed his palm on a tree next to him.

Just when Qingtian Jun's palm was pressed against the tree trunk, Qingtian Qi keenly felt a strange spiritual fluctuation, which was transmitted through the palm of Qingtian Jun's palm and extended to the tree trunk.

Then, Qingtian Qi felt that strange wave again. The spiritual fluctuations spread through the mottled and intertwined roots of various plants on the earth, one by one. In just a moment, a strange force

spread to all directions with Lord Qingtian as the center. In just an instant, Covering an area of dozens of miles in radius.

At this moment, Qingtian Qi felt in horror that any plant around him was faintly emitting a strange spiritual fluctuation.

And the frequency of this spiritual fluctuation was related to The fluctuations emanating from Lord Qingtian were very similar.

At that moment, Qingtian Qi was horrified and thought:"This is the art of asking spirits, it's really extraordinary! From this point of view, with the skill of asking spirits, Brother Tianjun is the king in the jungle and grassland, the world is his eyes, nothing can be hidden from him!"

Thinking of this, Qingtian Qi sighed in his heart and was also very surprised.

In any case, Qingtianjun is his elder brother. Qingtianjun has obtained such a practical inheritance talent, so he is naturally very happy.

But Wu Xiaoyue saw Qingtian After Jun performed the spirit-seeking technique, she blinked her beautiful big eyes and looked around. She wanted to see if there were any changes in her surroundings, but she looked for a long time and found no changes in her surroundings. Everything was exactly the same as before..

At that moment, Wu Xiaoyue couldn't help but asked softly:"Brother Tianqi, has brother Tianjun used the 'Spirit-Asking Technique'? I looked at him as if he was performing a show. However, I don't feel any changes in the surroundings?"

Hearing Wu Xiaoyue's question, Qingtian Qi was stunned.

Because he could clearly sense that Qingtianjun was performing the 'Spirit-Asking Technique', and he could even sense that Qingtianjun's mental fluctuations were still extending outward. , but Wu Xiaoyue actually said that she didn't notice it, which immediately surprised Qingtian Qi.

Then, Qingtian Qi secretly said:"Brother Tianjun used the spirit-asking technique, sister Xiaoyue couldn't notice it, but I can. Why is this so? By the way, Brother Tianjun's inheritance is to place his consciousness among the spirits of plants and trees, which seems to have a lot to do with human soul consciousness. Could it be..."

Thinking of this, Qingtian Qi turned around and asked: "Sister Xiaoyue, are you a soul mutant?"

Wu Xiaoyue shook her head in surprise: "I'm not. Why are you asking this suddenly?"

Qingtian laughed and said, "I seem to understand something." Sister Xiaoyue and brother Tianjun's inheritance talents seem to be related to the soul. Because I sensed it, it was probably because I am a soul mutant and sister Xiaoyue is not a soul mutant, so I couldn't sense it."

After hearing this, Wu Xiaoyue suddenly realized: "Brother Tianqi, according to you, although brother Tianjun's spirit-asking technique is magical, it can be detected by soul mutants?"

"Um! Probably!"

Qingtian Qi nodded slightly.

But at this moment, Qingtianjun had finished using the spirit-asking technique, took back his soul consciousness, and opened his eyes with a joyful expression, but his eyes looked slightly tired.

Obviously, this question The art of spirit consumes a lot of energy.

Seeing Qingtianjun open his eyes, Qingtianqi immediately asked anxiously: "Brother Tianjun, how is the situation?"

Qingtianjun laughed and said, "Haha!!" Tianqi, what you expected this time may be a little off. There are so many spiritual fruits here. It seems that the gods have left a lot of hope for us weaklings."

"I just checked the place with a radius of dozens of miles, and found that there are spiritual fruits in seven places, but there are also more than a dozen groups of trialists in this area looking for spiritual fruits everywhere. Tianqi, I have memorized those seven locations in my mind. We'd better go there quickly to pick the spiritual fruits to avoid being picked first. Hearing this

, Qingtian Qi immediately said with great joy: "Okay!" Brother Tianjun, let's set off quickly!"...

At that moment, Qingtian and Qi set out to collect spiritual fruits.

In order to collect more spiritual fruits, the three of them picked them one by one according to the distance of the spiritual fruit fields, rather than according to the grade of the spiritual fruits.

Because in this area, the three of them are not the only ones collecting spiritual fruits, there are also more than a dozen other people.

The three of them could not guarantee that the spiritual fruits in some places had not been picked before they arrived, so they still collected them according to the principle of proximity.

The three of them first rushed to the nearest spiritual fruit land, which was a valley only three miles away from them.

With the speed of the three of them, they arrived at the valley in a short time.

Deep in the valley, a fourth-level ferocious beast with the head of a tiger and the body of an ox was lying down next to a two-foot-tall sapling, taking a nap.

The top of the sapling produced two light yellow spiritual fruits, exuding a faint fragrance.

Looking at the two light yellow spiritual fruits, Qingtian Qi's eyes showed a look of ecstasy, and he said happily

"Brother Tianjun, this is indeed a 'three-leaf fruit'. It is basically recorded in the 'Ten Thousand Treasures Illustrated Book' that this three-leaf fruit can help break through the bottlenecks of the third-order peak of earth energy and the third-order Dzogchen peak. With these two three-leaf fruits, my earth energy will be able to break through the bottleneck, and I will soon be able to advance to the third level of Dzogchen."

Actually, whether spiritual fruits or elixirs are helpful to cultivation, they are generally divided into two categories. One is to break through the bottleneck, and the other is to improve the cultivation level. The bottleneck of a warrior generally has two levels.

Take the fifth-level warrior as an example. The two bottlenecks of a fifth-level warrior are: the fifth-level peak and the fifth-level Dzogchen peak.

If you break through these two levels, you will advance to the fifth-level Dzogchen and the sixth-level respectively, and your strength will greatly improve overnight.

And the warrior starts from From the fifth level to the peak of the fifth level, this is a process of slow accumulation of vitality, and the strength is also slowly increasing during the accumulation, but you can also use spiritual fruits and pills to speed up the accumulation progress.

However, Qingtian Lord looked happy when he saw Qingtian Qi He looked like this and immediately said with a smile:"I knew this three-leaf fruit would be of great use to you, Tianqi, go and harvest the spiritual fruit!"

"good!"

At the same time, their conversation had awakened the fourth-level beast from its nap. As soon as the beast woke up, it saw three humans intruding into its territory. It immediately became furious and pounced on the three of them. Come and kill.

Qingtian Qi didn't take the fourth-level ferocious beast seriously. He stepped forward and killed the ferocious beast instantly with a sword.

Then, he collected the two three-leaf fruits and put them away.

And the fourth-level ferocious beast He didn't let go of the beast's inner elixir, and dug it up by the way.

Seeing Qingtian Qi handling these quickly, Qingtian Jun said:"Tianqi, Xiaoyue, let's go to the second place! There is a kind of water spiritual fruit there that can improve the cultivation level of a fifth-level warrior. It is exactly what Xiaoyue needs. Let's go there quickly and don't let others pick it away first."

At that moment, the three of them hurried to the second spiritual fruit location.

Fortunately, when the three of them rushed there, the spiritual fruit had not been discovered yet.

However, the person guarding there was The ferocious beast was actually a ferocious beast at the peak of the fifth level of Dzogchen.

The three of them joined forces and quickly killed the ferocious beast and collected the spiritual fruits.

The battle lasted for as long as a cup of tea before it was over..

After all, that ferocious beast is a ferocious beast at the peak of the fifth level of Dzogchen. It would take a lot of effort for the three of them to join forces, which naturally caused a lot of noise.

Therefore, when Qingtian Qi and the others left after collecting the spiritual fruits, Soon, three groups of people came after hearing the news.

However, what the three groups of people saw was only the body of a ferocious beast and the bare spiritual tree.

This immediately made the three groups of people feel regretful.

And the blue sky was full of three groups. After people collected the spiritual fruits at the second place, they hurried to the third place.

When they arrived at the third place, they found that the spiritual fruits at that place had been collected by others first.

The three of them felt a little disappointed. , and immediately rushed to the fourth spiritual fruit land anxiously..

Chapter 2875

In this way, the three of them ran around this area for more than three hours, and finally visited seven spiritual fruit lands.

Three of them were picked first by others, and the remaining four were picked by Qingtian and Qi.

In other words, there are seven spiritual fruit fields in this area, but there are more than a dozen groups of people collecting spiritual fruits at the same time.

Qingtian and Qi collected four places in one breath, and the other dozen groups together only collected three.

Compared to other people, Qingtian Qi and the others have gained quite a lot. If outsiders knew about it, they would definitely be driven crazy with jealousy.

Such gains also made Qingtian Qi and the others full of confidence in the test one month later. Even Qingtian Qi seemed to see hope of entering the top five.

After collecting this area, Qingtian and Qi immediately moved to the next area.

At that moment, a group of three people began a crazy journey of collecting spiritual fruits.

At the same time, various phenomena were also happening in the mountains and forests.

Somewhere in the mountain, three fifth-level peak warriors joined forces and fought hard to kill a fifth-level Dzogchen beast that was guarding the spiritual fruit.

Before the three of them could finish collecting the spiritual fruits, a fifth-level Dzogchen warrior who was attracted by the sound of fighting happened to meet them.

At that moment, the fifth-level Dzogchen warrior began to compete with the three fifth-level peak warriors for the spiritual fruit.

On the other side, a fifth-level peak warrior had just harvested a spiritual fruit and walked out of the valley happily.

Unexpectedly, as soon as he walked out of the valley, he was surrounded by four fifth-level warriors, and was later beaten to death by four fifth-level warriors.

It turned out that the four fifth-level warriors wanted to rob him of his spiritual fruit.

Of course, there were also trialists who competed for the spirit fruit. Because they were weak, not only did they not collect the spirit fruit, but they were beaten away by the guardian beasts and even killed by the beasts.

In general, everyone is working hard to collect more spiritual fruits, whether they are competing with ferocious beasts or competing with people.

Suddenly, the entire valley was filled with blood.

However, the trio of Qingtian Qi cooperated very well.

First, Qingtianjun finds out the location of the spiritual fruit.

Then, Lord Qingtian led the way, and the three of them rushed to the land of spiritual fruits to collect them.

Along the way, Qingtian Qi will use his powers to avoid encountering people. This is to avoid being robbed, avoid unnecessary troubles, and to buy time.

And once they find that someone is already collecting spiritual fruits in the land they know, the three of them will give up and immediately move to the next place in order to reduce trouble.

Unless the spiritual fruit was very precious, the three of them would fight for it.

When they arrive at the spiritual fruit land that has not yet been discovered, the three of them will join forces first to get rid of the guardian beast as quickly as possible.

With the combined strength of the three of them, unless they encounter two fifth-order Dzogchen Peak ferocious beasts at the same time, no ferocious beast can stop them.

In this way, the three of them used this method of cooperation to collect spiritual fruits crazily in the mountains.

The gains for the three of them can be described as extremely rich.

The three of them also had clear principles for how to distribute their gains.

All the water spiritual fruits collected by the three of them belong to Wu Xiaoyue.

The harvested wood spiritual fruits, which can improve your cultivation by five levels, belong to Lord Qingtian. Those who can improve their cultivation to the fourth level belong to Qingtian Qi.

Qingtian Qi's Wood Yuan Qi is only at the fourth level of Dzogchen. If he wants to break through to the fifth level of wood cultivation, he must first raise his wood vitality to the peak of the fourth level of Dzogchen. Therefore, those wood spiritual fruits that can improve his fourth level cultivation are , and what he needs most at the moment.

As for the spiritual fruits of the three elements of gold, fire and earth collected by the three of them, they all belong to Qingtian Qi.

Because among the three, only Qingtian Qi has cultivated the three elements of energy of gold, fire and earth.

And while Qingtian Qi and the others were harvesting spiritual fruits in the mountains, something was also happening at the foot of the mountain, on the platform that served as the starting point for the trialists.

I saw only a few people left on the platform at this moment.

The Prince of Northern Qin was among them.

There were several people sitting behind the Prince of Northern Qin.

Those people are all players from Northern Qin.

In addition to a few people from Northern Qin, there were two other people on the platform.

These two people are from the small country of Black Rock.

There is only one ninth-level warrior in Black Rock Country, so only two players were sent this time.

Of those two players, one was a fifth-level warrior, and the other was Wu Lei, a fourth-level thunder elephant warrior.

I don't know if these two people felt that their strength was too weak. They didn't set off for a long time until everyone was almost gone, and only the people from Northern Qin were left at the starting point.

The two men looked at each other.

After a while, it was Wu Lei who spoke first: "Brother Yue, let's set off together! Let's go out and try our luck!"

"good!"

At that moment, the two of them also left..

Chapter 2876

After the two people left, only the people from Northern Qin were left in the field.

A young man sitting behind the Prince of Northern Qin looked at Wu Lei's back and sneered with disdain: "Haha! Does a fourth-level warrior want to survive this level? It's simply ridiculous. I think The man named Wu Lei will definitely die this time!"

"yes! I heard that this Wu Lei is from the small country of Black Rock. The person next to him is also from the Black Rock Country. His name is Yue Lin. He is a member of the royal family of the Black Rock Country, but his cultivation level is not high, only the fifth level. I think all the players in Black Rock Country will be wiped out soon."

At this moment, the Prince of Northern Qin spoke

"Okay, don't pay attention to people from these small countries. You guys should also go collect spiritual fruits and improve your strength!"

Hearing this, the Northern Qin players were stunned for a moment.

One of them carefully stepped forward and asked: "Your Highness, isn't our mission to kill everyone here and only let us Northern Qin people live? Get out. No one from other countries can get out alive."

"On this platform just now, there were rules and restrictions, and we couldn't kill them. Now that they are all off the platform, this is a good time for us to take action. But why didn't His Royal Highness take action?"

The prince of Northern Qin sneered: "Now is not the time to kill them all." You have to know that we have two tasks here. The first task is to kill all the people who are not from the Northern Qin Kingdom; the second task is to collect more Nine Yuan Fruits"

"In comparison, the second task is more important. However, collecting the Nine-Yuan Fruit is also a troublesome task. It requires a lot of manpower to find it. Just with a few of us in Northern Qin, we may not be able to find one or two places that produce the Nine-Yuan Fruit."

"So we might as well let these people survive the second level and use their manpower to collect more Nine Yuan Fruits. When at the end, I take action again and kill them all, then the Nine Yuan Fruit on them will naturally be in my hands. Isn't this killing two birds with one stone?"

Hearing this, all the players from the Northern Qin Kingdom suddenly understood.

Immediately some people started to praise loudly.

"Ha ha!! His Royal Highness is still thoughtful, and this move can be said to kill two birds with one stone."

The prince of Northern Qin smiled proudly.

"OK! You guys should also go collect spiritual fruits and increase your strength. The prince will not go forward. Come to think of it, there are no spiritual fruits useful to sixth-level warriors in this mountain. You go ahead. If anything unusual happens, send me the talisman immediately and I will rescue you in time."

Hearing this, all the Northern Qin players left one after another. On the platform, only the Northern Qin prince was left.

However, after those Northern Qin players entered the forest, one of them quietly touched the Black Rock Kingdom's The direction in which Wu Lei and Yue Lin left.

This player is a fifth-level Dzogchen warrior.

At this moment, this person secretly thought:"Although His Royal Highness does not want to take action immediately, Wu Lei and Yue Lin are too weak. It is estimated that this Can't pass any level. It's better for me to kill them both and see if I can get some benefits from them."

Thinking of this, the man chased in the direction where Wu Lei and Yue Lin left.

At the same time, Wu Lei and Yue Lin were walking somewhere in the mountains.

Suddenly, Wu Lei stopped and His brows furrowed slightly, and a murderous aura radiated from his face.

Seeing this, Yue Lin on the side stepped forward respectfully and asked:"Brother-in-law, is something going to happen?"

Wu Lei nodded slightly, then turned to look in the direction behind him and sneered.

"snort! We were followed by someone, and if Wu's prediction was correct, the person coming was a fifth-level Dzogchen warrior, who should be from the Northern Qin Kingdom.

Hearing this, Yue Lin was surprised and said,"What do the people from Northern Qin want to do if they follow us?"

"It is estimated that this person wanted to kill the two of us and get some benefits from the two of us. snort! A small fifth-level Dzogchen warrior dares to attack me, Wu Lei. He is simply seeking death. Does he still think he is the prince of Northern Qin? See how I can kill you instantly with one move!"

After saying this, Wu Lei's face showed a vicious sneer..

Chapter 2877

Seeing Wu Lei's expression, Yue Lin felt a chill in his heart. He knew that the other party was really going to take action this time.

Yue Lin was very clear about Wu Lei's terror.

At that moment, the two of them came to a remote forest, stopped rushing, and continued to wait for the people behind them to arrive.

It didn't take long for the player from Northern Qin to catch up with the two of them, following the trail they deliberately left.

When the player saw Wu Lei and Wu Lei suddenly appearing, not only were they not surprised, but they were calmly waiting for him, he was suddenly surprised.

However, when he thought about the two opponents, one was a fifth-level warrior, the other was a fourth-level warrior, and he was a fifth-level Dzogchen practitioner, he immediately did not take these abnormalities to heart.

At that moment, the player crossed his hands on his chest, looked at the two of them jokingly and said, "Boy, where are you going?"

Wu Lei immediately sneered and said, "Do you care where I'm going? It's necessary. Tell you?"

Hearing this, the player was furious. He was a fifth-level Dzogchen warrior, and the opponent was just a small fourth-level warrior, but he dared to speak to him in such a tone.

He immediately flew into a rage, pointed at Wu Lei and shouted: "Boy, you are looking for death!"

Wu Lei sneered disdainfully: "I guess you are the one who is looking for death!"

"Ha ha!! Arrogant bastard!"

The Northern Qin player laughed angrily.

Then, a fierce look flashed on the Northern Qin player's face, and he suddenly rushed towards Wu Lei, slashed at Wu Lei's head with a sword, and said with a ferocious smile: "What the hell are you doing? Go to hell!"

But at this moment, Wu Lei was faster than him. He pinched the seal in his hand and shouted in his mouth.

"Nine Heavens Divine Thunder! break!"

As soon as the seal was completed, there was a 'click' in the sky, and a bolt of lightning as thick as a bowl flashed down, directly hitting the head of the Northern Qin player. The lightning attack speed is extremely fast, equivalent to the speed of light.

In the blink of an eye, The last move came first, and before the Northern Qin player struck Wu Lei with his sword, the lightning was already close to his head.

The Northern Qin player was horrified, and at the same time he also sensed the approach of a violent energy that would destroy the world..

At that moment, he didn't even bother to attack Wu Lei, and immediately formed a shield to defend himself. As soon as the defensive light shield was condensed, lightning struck down from the air, hitting him squarely.

There was a loud sound of 'Boom!' , a shrill scream came from the thunder.

The lightning easily split the light shield, and finally split the Northern Qin player into four pieces, and died tragically on the spot.

Looking at the burnt corpse on the ground that was chopped up by lightning, the miserable The appearance of Yue Lin on the side made Yue Lin tremble and horrified.

Although he had expected the ending to be like this, after seeing it with his own eyes, he was still shocked.

Unexpectedly, a fifth-level Dzogchen warrior would be so defeated by Wu Lei killed him instantly with one move. Wu Lei's strength is indeed very powerful!"

Thinking of this, Yue Lin took a deep breath and stepped forward with anxiety in his heart:"Brother Wu, this person is dead. Let's deal with the scene. , Don't let others know that you were the one who killed him. If that Northern Qin prince knew that we were the ones who killed him, the consequences would be disastrous!"

"snort! I know this!"

Wu Lei snorted coldly, and then swung out a bolt of thunder and fire, burning the body of the Northern Qin player completely.

In the blink of an eye, there was only an ordinary spirit sword left on the ground, and a scrapped spirit sword that was blown to pieces by lightning. A.

It can be seen that the power of the thunder and lightning just now is indeed very terrifying.

At that moment, Wu Lei looked at the remaining spiritual weapons on the ground and sneered.

"In the Northern Qin Kingdom, there is only one Northern Qin prince who is more terrifying, and the rest are just losers. This person should be one of the most powerful masters in Northern Qin. In any case, I have to hide the things he left behind so that the Prince of Northern Qin cannot know about them."

After saying this, Wu Lei made a casual move and sucked the spirit sword and the scrapped spirit armor into his hand.

Then, with a thought, those two things disappeared out of thin air in his hand, and the ones on his fingers A ring shone with a spiritual light.

Yue Lin swallowed his saliva, glanced at the ring with great envy, and did not dare to look at it any more..

Chapter 2878

It turns out that the ring in Wu Lei's hand is an extremely rare and top-quality spiritual weapon, called the Ring of Najie. It has a certain space inside, which can be used for storage like the God of War Token, but the space inside is not as good as the space of the God of War Token. One-tenth of.

This kind of Ring of Najie is extremely rare because the refining materials and the refining method are extremely difficult, so the quantity is extremely limited. Although it is a top-grade spiritual weapon, its value is comparable to an ordinary semi-sacred weapon. Even many eighth-level warriors failed to possess one.

The reason why Wu Lei possesses the Ring of Najie is because he is a disciple of the Tianshen Sect and an inner disciple of the Tianshen Sect.

He is only twenty-six years old this year, but he has already cultivated Thunder Elephant to the peak of fifth level Dzogchen.

With such qualifications, he is already the best among the younger generation of Tianshen Sect.

After handling the evidence, Wu Lei's aura began to rise sharply, reaching its peak in just a moment.

The aura of the Thunder Elephant Warrior at the peak of his fifth-level Great Perfection was fully revealed, and the coercion he inadvertently exuded suppressed Yue Lin beside him to the point of panic.

At that moment, Yue Lin asked in horror: "Brother Wu, are you really not going to hide your strength anymore?"

Wu Lei smiled and said: "There is no need to hide it anymore. Do you think a fourth-level Thunder Elephant warrior can pass it?" The second assessment?"

Yue Lin shook his head slightly.

"hehe!! That's it! It was only a matter of time before my strength was exposed. I didn't want to show off before because I didn't want to attract too much attention. This time, I was ordered by the sect leader to investigate the location of this ancient training ground. I didn't originally think there

would be anything good here, but the rewards for the top five in the second test, even Wu couldn't help but be tempted. ah!"

"Whether it's the True Soul Pill or the Spirit Opening Pill, they are both rare and good things! These two kinds of elixirs are not even available in our Tianshen Sect, but we didn't expect that they would be found here."

"Especially the magical elixir, which is very useful to me now. I have been stuck at the peak of the fifth level of Dzogchen for a long time. If we look at it according to normal circumstances, it would be difficult for me to break through in less than ten years!"

"But that magical elixir has the opportunity to help me break through in a short period of time. Even if I can't break through, I will gain some enlightenment. How could I miss such a good opportunity?"

Speaking of this, Wu Lei clenched his fists excitedly, and his heart was filled with excitement.

It turns out that the Black Rock Kingdom is also a subsidiary strength supported by the Tianshen Sect, and its royal Yue Family is similar to the Luo Family of the Dakun Kingdom. , all relied on the secret help of the Tianshen Sect to slowly rise.

In the end, the ancestor of the Yue family successfully advanced to a ninth-level powerhouse and established his own country, Black Rock Country.

Black Rock Country only joined the Eastern Alliance three hundred years ago.

It was at that time that the Black Rock Kingdom knew about the existence of the ancient training ground. It was just that the last time, all the Black Rock Country players who entered the ancient training ground were wiped out, so the leader of the Black Rock Country was not very clear about the situation inside.

Then. , the leader of the Black Rock Kingdom told the leader of the Tianshen Sect about this matter. The leader of the Tianshen Sect was very interested and asked the leader of the Black Rock Kingdom to do a lot of investigations secretly.

In the end, the leader of the Black Rock Kingdom only knew that this ancient training ground was It was only known to people nine hundred years ago.

But before that, it had never been heard of.

I don't know whether it was not discovered by anyone, or for some other reason, but it was only known nine hundred years ago.

As for what is inside The leader of the Black Rock Kingdom didn't know what it was.

In order to get more information that day, the leader of the Shenmen Sect sent his inner disciple Wu Lei to enter this ancient training ground under the guise of a player from the Black Rock Kingdom. Check it out..

Chapter 2879

But after Yue Lin listened to Wu Lei's words, he understood Wu Lei's intention. It turned out that Wu Lei was tempted by the 'spirit-opening pill'.

At that moment, Yue Linbian said:"Brother Wu, you are a Thunder Elephant warrior at the peak of the fifth level of Dzogchen. If my estimate is correct, your combat power should have reached 80,000 people, which should be much stronger than that Ouyang Huai. Let's do it!"

Wu Lei nodded and said:"Yes, my combat effectiveness is better than that of Ouyang Huai. The combat effectiveness of Tuoba Soul should be about 70,000 people. This kind of combat effectiveness is equivalent to the fifth level of Feng Xiang. The combat power of the perfect peak warrior. However, the wind elephant warrior is famous for his speed, and his overall strength should be better than Ouyang Huai."

After hearing this, Yue Lin took a deep breath in horror, and then sighed.

"Brother Wu, I think that Tuoba soul is really mysterious. From my younger brother's point of view, I can only see that his aura is very strong, but I cannot tell which type of warrior he is. Brother Wu, what type of warrior is that guy?"

"Why is his strength so great? Especially his combat power reached 70,000 men. This is simply unbelievable! How could his fighting power reach the level of a fifth-level Dzogchen Peak Warrior of Wind Elephant? Wu

Lei sneered slightly: "Our Tianshen Sect knows more about martial arts and secret techniques in the world than any other sect or family." Ouyang Huai is very mysterious to outsiders, but I have already seen through it at a glance"

"However, that guy really scared me. I also didn't expect that there are actually people in this world who have mastered the 'Dark Blood Demon Spirit Art'. However, to refine that vicious secret technique, you have to pay a lot of price!"

At that moment, Yue Lin asked curiously: "Brother Wu, what is the price?"

Wu Lei smiled coldly: "This is not what you should know." But one thing I can tell you is that Ouyang Huai must be a warrior of the three elements of 'Earth, Metal and Water', and he is also a soul mutant. Only those who possess these two conditions are qualified to learn the 'Dark Blood Demon Spirit Art'""

After hearing this, Yue Lin understood something in his heart.

According to common sense, the combat power of a third-level fifth-level Dzogchen pinnacle warrior is only 50,000 people.

And that 'Dark Blood Demonic Spirit Technique' increased Ouyang Huai's combat power to the strength of 70,000 people out of thin air. It used a very terrifying secret technique.

"Okay, Brother Yue, let's not discuss that Ouyang Huai. Although that Ouyang Huai is powerful, he is still no match for me. Now in this training ground, the only person who poses a threat to me is the Prince of Northern Qin."

Brother Yue, let's go treasure hunting together to see what spiritual fruits are here. This will also allow Brother Yue to improve his strength and pass this second level safely. I promised your ancestor that I will take you out of here safely."Yes."

After hearing this, Yue Lin was overjoyed: "Well, Yue, thank you so much, Brother Chen."

At that moment, the two of them dealt with the scene and left in a hurry.

But on the other side, the Qingtian Qi trio cooperated tacitly and frantically collected spiritual fruits in the mountains.

The main purpose of the three of them is: don't fight or curse, don't watch and don't rob, harvest more fruits and run more often.

With Qingtian Lord's "Spirit-Asking Technique", wherever the three of them pass by, there will only be places with spiritual fruits. They won't be missed.

The three of them searched like a carpet, leaving no grass behind wherever they went.

Whenever they finish collecting an area, the three of them immediately head to the next area without stopping.

And the other trialists don't know where the spiritual fruit is? Walk around the same area for a long time and wait until you are sure there are no spiritual fruits before going to the next area.

By the time they went to the next area, many spiritual fruits had already been collected by Qingtian Qi and the others.

As Qingtian Qi and the others get closer to the depths of the mountains, there are more places with spiritual fruits, and the grade of the spiritual fruits becomes higher. However, the ferocious beasts guarding the spiritual fruits become more and more powerful. If you want to collect those Spiritual fruit requires a lot of effort.

Fortunately, however, the number of teams collecting spiritual fruits became smaller the further they went into the mountains, which gave the three of them enough time to deal with the ferocious beasts without worrying about being scrambled for.

In this way, in order to buy time and collect more spiritual fruits, the three of them stayed sleepless in the mountains and collected spiritual fruits for three consecutive days..

Chapter 2880

In this training ground, there is no distinction between day and night.

After three days, Qingtian Qi and the others gained extremely rich results.

At this time, if the gains of everyone in the training ground are added together.

Qingtian Qi's harvest can account for 60% of everyone else's harvest. This is the gap.

This will definitely make everyone jealous and crazy!

But on this day, in a remote valley somewhere, three people, two men and one woman, appeared.

These three people are naturally the three people from Qingtian Qi who passed by here.

However, the three of them did not come here to collect spiritual fruits at this time, but wanted to find a remote place to rest.

It turned out that after running around without sleep for two days, Qingtianjun and Wu Xiaoyue could hardly hold on anymore, and both of them were extremely exhausted.

Especially Lord Qingtian, his spirit was about to collapse after he repeatedly used the 'Spirit-Asking Technique'.

Only Qingtian Qi was still alive and well, without any fatigue.

This shocked Qingtianjun and the two of them, secretly sighing that this guy is indeed much more perverted than ordinary people.

In order to refresh Qingtian Jun and Wu Xiaoyue, Qingtian Qi decided to find a remote and quiet place to recover first, and then continue his fruit-hunting career.

So Qingtian Qi and the others came to this valley

"Brother Tianjun, you said there is a cave in this valley. Where is it?"

Wu Xiaoyue asked very curiously.

"Look, it's there!"

Qingtian Jun pointed forward, and there was indeed a cave entrance hidden behind a patch of weeds.

It turned out that this cave was accidentally discovered by Qingtian Jun when he was using the 'Spirit-Asking Technique'.

Seeing that cave, Qingtian Qi also He smiled happily and said, "This place is nice. Brother Tianjun, sister Xiaoyue, you two should meditate to recover first, and I will help you two protect the law."

But he didn't expect that after he finished speaking, Lord Qingtian said

"Tianqi, the three of us will rest together and refine some spiritual fruits to improve our strength. As our strength increases, it will be much easier for us to deal with those guardian beasts. You don't need to do this guarding task, just let my psychic beast come out to guard it. Little fox, come out!"

After saying this, Lord Qingtian pinched a mark in his hand, and a space crack immediately opened behind him. Then a green figure emerged from the crack like lightning, and landed in front of Qingtian Qi and the others..

After the green shadow fell to the ground, Qingtian could see clearly that it was actually a fox-shaped ferocious beast with three long tails.

The fox-shaped ferocious beast was only about three feet long, with shiny green hair. It's very beautiful.

However, what surprised Qing Tianqi was that it was not that this fox-shaped beast had three tails, but that its eyes were very different from other beasts.

I saw that each eye of this fox-shaped beast was very different. There were two cyan pupils inside, always emitting a breathtaking light.

Seeing those breathtaking eyes, Qingtian Qi was also slightly frightened.

At this moment, Wu Xiaoyue on the side pointed at the fox-shaped ferocious beast, exclaimed with surprise on his face.

"Oh my God! This is the 'Blue-Eyed Magic Fox', a ferocious beast that can grow to the peak of seventh level Great Perfection! It turns out that it existed in ancient times! No wonder it is so powerful among seventh-level ferocious beasts. It turns out that the 'Blue Eyed Phantom Fox' is an ancient relic."

"Brother Tianjun, you are so lucky to have caught a ferocious beast that can grow to the seventh level of Dzogchen. How did you catch such a powerful ferocious beast?"

Qingtian Jun said with a smile:"If it weren't for meeting this guy, my talent inheritance would not be completely excited. It was all forced by this guy. In the end, this little guy also became my psychic beast."

"whee!! So this is ah! Brother Tianjun, you are so lucky! The strength of this blue-eyed phantom fox is definitely at the top of the list among today's seventh-level ferocious beasts."

Wu Xiaoyue showed a look of envy without concealing it.

Lord Qingtian also laughed proudly and said:"Haha!! In any case, my little fox is also an ancient ferocious beast. How can its strength be comparable to that of ordinary ferocious beasts?"

"To be honest, even among the ancient ferocious beasts, my little fox's strength is considered to be top-notch among the same level, let alone compared to the ferocious beasts outside. Of course, compared to Tianqi's younger brother Qiuqiu, he is still a step behind."

As if he understood that Qing Tianjun was praising him, the blue-eyed phantom fox looked proud, and then jumped up to Qingtian Jun.

Of course, deep in the eyes of the blue-eyed phantom fox, Qingtian Qi and Wu Xiao Yue is still wary..
