

God level 2881

Chapter 2881

At that moment, Lord Qingtian lovingly touched the little head of the blue-eyed phantom fox and whispered a few words into its ear.

The blue-eyed phantom fox seemed to be able to understand people's words. After listening to Qingtian Lord's words, its hostility towards Qingtian Qi and the others disappeared.

Then, Lord Qingtian took out two more spiritual fruits and gave them to the blue-eyed phantom fox to swallow, and then ordered: "Little fox, go and help me guard the entrance of the cave!"

The blue-eyed phantom fox quickly swallowed the spiritual fruits in his mouth, He nodded, then let out a low roar, his figure suddenly grew to three feet long, and the terrifying aura of the fifth-level ferocious beast began to emanate.

"It turned out to be a fifth-level wood-type ferocious beast. Judging from the aura emanating from this ferocious beast, its combat strength should only be twelve thousand men. This kind of fighting power is not strong among ancient ferocious beasts! Why do Brother Tianjun and Sister Xiaoyue both say that this ferocious beast is very powerful?"

When Qingtian Qi was puzzled, something happened that shocked him. He saw the blue-eyed phantom fox slowly walking towards the entrance of the cave, but as it approached the entrance of the cave, that The body of the blue-eyed phantom fox seemed to have melted, and it strangely merged into the surrounding environment and disappeared.

Witnessing such a strange scene, Qing Tianqi opened his eyes wide in horror, and quickly sent out his own aura to search. However, no matter how hard he searched, he could not find any trace of the blue-eyed phantom fox. It seemed as if the blue-eyed phantom fox had disappeared out of thin air.

This made Qingtian Qi even more shocked.

Seeing Qingtian Qi's horrified expression, Lord Qingtian A look of pride appeared on his face, and he immediately explained to Qingtian Qi.

It turns out that the blue-eyed magic fox is a ferocious beast that can grow to the peak of the seventh-order Great Perfection.

However, this blue-eyed magic fox is not good at attacking, but... It is good at illusion and speed.

It has two signature skills. One is the illusion of "disappearing without a trace", which can completely integrate one's body aura into the surrounding environment and form a whole with the surrounding environment. This makes outsiders It seems that it disappeared out of thin air.

In fact, it is still standing in the same place, but its appearance is transformed by illusion, either into the appearance of a grass or a stone, and the aura on its body is also It is completely integrated into the environment, so to outsiders it seems to have disappeared out of thin air.

Another signature skill of the blue-eyed magic fox is called 'Phantom', which can increase its own speed by 50%, so the speed of this blue-eyed magic fox is , it is also considered the top among the ferocious beasts of the same level.

After hearing these explanations, Qingtian Qi sighed in his heart.

At this time, Lord Qingtian said again: "Tianqi, you should be very familiar with psychics. You should know that after the psychic fusion, the psychic technique can transfer 40% of the combat power of the natal psychic beast to the owner of the psychic beast."

"So now that I have merged with Xiao Huer, my combat power can reach the strength of 15,000 people. This kind of strength has reached the level of a fifth-level peak warrior. You must know that the lower limit of the fifth-level peak warrior's combat power is only the strength of 14,000 people."

"However, psychic skills are not just ordinary martial arts, it is considered to be the top among the martial arts. After we merge with our natal psychic beast, we will not only gain combat power, but also gain the skills of the psychic beast. Therefore, after I merge with Xiao Huer, I can also use the two skills of 'Shadow Without a Trace' and 'Phantom'. Door skills."

Hearing this, Qing Tianqi was pleasantly surprised and said to himself: "It turns out that psychic skills are so powerful. Not only can you get the power of psychic beasts, but you can also get the skills of psychic beasts. This is really great."

At that moment, Qingtian said with joy: "Haha!! I didn't expect psychic skills to be so powerful! In this way, after Brother Tianjun and Xiao Huer merge, they are not weak even among fifth-level peak warriors."

"Having said that, I can't guarantee that I can pass this assessment. If I can raise my overall strength to the level of a fifth-level Dzogchen warrior, it should be stable. By the way, Tianqi, you should break through the Mu Yuan Qi to the fifth level as soon as possible! I also want to see what level of strength you will achieve after merging with Qiuqiu?"

Hearing this, Qingtian Qi also said excitedly

"Um! I will strive to break through the Mu Yuan Qi within this month. If a breakthrough can be made within this month, and Qiuqiu can wake up again, I will sign a psychic ceremony with it at that time. My strength will undergo earth-shaking changes. Even if I want to be ranked in the top five, it is very possible. Qingtianjun also smiled and said: "If you can break through the Mu Yuan Qi to the fifth level within this month, it is indeed possible.""

"By the way, Brother Tianjun. Although your psychic beast is very powerful, it can grow to the peak of seventh level Dzogchen. In the future, when you advance to the eighth level, the little fox will not be of much help to you!"

Qingtian Qi expressed his worries..

Chapter 2882

Qingtian Jun said with a smile: "If the little fox wants to become an eighth-level ferocious beast before channeling me, it will have to rely on chance. Generally speaking, there is not even a 10% chance that it can become an eighth-level ferocious beast. No. But after it communicates with me, it has a 60% chance of becoming an eighth-level ferocious beast."

"Because I am a hidden spirit and a quasi-eighth level warrior, I am better than him in terms of wood qualifications. In a way, I helped the little fox improve its growth qualifications, making it possible for him to advance to the eighth level. It's a blessing that it can channel me."

Hearing this, Qing Tianqi suddenly realized.

So that's it! It seems that after channeling the psychic beast, people and the psychic beast are mutually beneficial.

When the psychic beast's qualifications are higher than those of its master, it can help the master improve his qualifications.

When the master's qualifications are higher than those of the psychic beast, he can in turn improve the qualifications of the psychic beast.

I wonder to what extent Qiuqiu can improve my gold qualifications after I channel Qiuqiu? There is some expectation!

Just when Qing Tianqi was thinking about these things, Wu Xiaoyue on the side suddenly interrupted his thoughts.

Wu Xiaoyue said:"Okay! You two stop talking. By the way, brother Tianjun, let your psychic beast eat spiritual fruits with us to practice. Anyway, we collected a lot of spiritual fruits."

"If you can let your little fox advance to the fifth-level peak with you, then your combined psychic and combined strength will definitely reach the level of fifth-level perfection, and you will definitely have no problem passing this level."

After listening to Wu Xiaoyue's suggestion, Lord Qingtian was also very moved. He hesitated for a while and then frowned.

"I'm afraid this won't work! If we all go to practice cultivation, who will protect us and guard us? Wu

Xiaoyue smiled and said,"Don't worry about this. My little sister knows a martial art called 'Psychic Illusion', which is a water-based illusion that creates illusions." The power of this illusion may not be strong, and it may not be able to confuse masters, but it does serve as a warning."

"As long as someone breaks into the illusion I created, I will be telepathic and can immediately alert myself from the cultivation state, so this illusion can be used as a warning method."

After hearing this, Qingtianjun and Qingtian were overjoyed. They felt that the method Wu Xiaoyue said was feasible.

At that moment, Qingtianjun waved to a stone in front of him, and the stone changed for a while, revealing the true form of the blue-eyed magic fox.

It turned out that The blue-eyed magic fox didn't know when it turned into a stone and lurked aside. Only Qingtian Jun could sense its location, and even Qingtian Qi didn't notice it. At that moment, the three of them took the blue-eyed magic fox in Practice in the cave.

Before entering, Wu Xiaoyue cast a large-scale illusion "Psychic Illusion" outside the cave. With the cave entrance as the center, the scene within a kilometer radius immediately changed, completely transforming into another scene. There is no appearance like before.

And the entrance of the cave has also disappeared.

The entrance of the cave has become a flat cliff. When outsiders come in, they will never think that the flat cliff is the entrance of the cave.

Looking at the changing illusion around him, Wu Xiaoyue Smiling with satisfaction, he then walked directly through the cliff and entered the cave.

After entering the cave, the three of them sat down respectively.

Then, Qingtian Qi released his Wood Spirit Tree.

As soon as his Wood Spirit Tree appeared, the surroundings The Mu Yuan Qi gathered rapidly, and the final concentration was increased to more than seventy times that of the outside world.

Such a concentration of Mu Yuan Qi immediately shocked Qingtian Qi and the others, and even made Qingtian Lord ecstatic, and even his psychic beast was excited Get up.

Even Qing Tianqi himself did not expect that after releasing his Wood Spirit Tree, it could increase the concentration of the surrounding wood energy to such an extent.

In fact, the concentration of energy in this ancient training ground is more than thirty times that of the outside world. On this basis, it is normal for Qingtian Qi to release the Wood Spirit Tree, which can increase the concentration of Wood Spirit in the surrounding environment to more than 70 times.

But in any case, cultivating Wood Spirit under such high Wood Spirit is naturally twice the result with half the effort. Naturally, Qingtian Qi and others were very excited.

At that moment, after Qingtian Lord and his psychic beast ate some spiritual fruits, they shamelessly stayed close to Qingtian Qi to refine them.

Because the closer they got to Qingtian Qi, the concentration of the wood energy also increased. The higher it is, it will be of great help to practice..

Chapter 2883

On the other side, Wu Xiaoyue also began to refine the water spiritual fruit.

And Qing Tianqi himself was not idle either. He was distracted by five things and refining the five series of spiritual fruits at the same time.

Of course, his focus is still on cultivating the wood element, because he wants to break through his wood energy to the fifth level as soon as possible.

Because the water element has reached the fifth level, the five elements of water can produce wood, and with the help of the wood spirit tree and the wood spirit fruit.

As for the progress of Qingtian Qi's five elements of vitality, the one that has made the fastest progress is naturally Mu Yuanqi.

In this way, three people and one beast practiced for a whole day.

Qingtianjun and Wu Xiaoyue finally recovered their physical strength, and their cultivation levels have also made great progress, but they are still far away from the fifth level peak.

However, these two people ran around for three days and practiced for one day. After four consecutive days, they were completely exhausted. After practicing this time, they fell asleep.

Since Qing Tianqi refined the God-Destroying Thorn, he has become more energetic and continues to practice alone.

In this way, Qingtianjun and Wu Xiaoyue fully recovered after sleeping for a whole day, and their mental state returned to its peak state again.

And on this day Qing Tianqi still practiced alone all day without rest.

Calculating this, Qingtian Qi is equivalent to practicing for two consecutive days.

In the two days here, Qingtian Qi's harvest was also very huge.

His biggest achievement was to break through the Earth Yuan Qi from the peak of the third level to the Great Perfection of the third level, which is already on the same level as the Gold Yuan Qi.

As for the cultivation of Mu Yuanqi, it is not far from the peak of the fourth level of Great Perfection, and Qingtian Qi is confident that he can break through it within a month.

At this point, five days have passed for this second test.

On the sixth day, the three of them regrouped and continued their journey of collecting spiritual fruits.

Next, the three of them continued to search for the spiritual fruit according to the routine of searching for three days, practicing for one day, and resting for one day.

In the blink of an eye, half a month has passed.

In the past half month, the three of them had harvested so many spiritual fruits that one-third of Qingtian Qi's War God Token space had been filled.

In the meantime, the three of them also refined some of the spiritual fruits, and their cultivation levels improved a lot.

However, it is Wu Xiaoyue who has made the slowest progress.

After all, Wu Xiaoyue has the weakest foundation. Before she entered the training ground, she had just advanced to the fifth level. Now it is too difficult for her to reach the peak of the fifth level in just one month.

Moreover, even if Wu Xiaoyue advanced to the peak of the fifth level, it was difficult to say whether she could pass this assessment.

Qingtian Qi and Qingtian Jun both saw this matter and were anxious in their hearts.....

Both of them knew in their hearts that there was only one way for Wu Xiaoyue to pass safely, and that was to let Wu Xiaoyue's cultivation level break through to the fifth level of perfection in a very short period of time.

Now, the water spirit fruits collected by the three of them are enough for Wu Xiaoyue to break through to the peak of the fifth level.

But to break through from the fifth level peak to the fifth level Dzogchen, this requires some spiritual fruits that can break through the bottleneck of the fifth level peak.

It's just that this kind of spiritual fruit is extremely rare and should be the most cherished type of spiritual fruit in this mountain range. However, there is no such spiritual fruit in the hands of the three of them.

In order to find this kind of spiritual fruit, Qingtian Qi and the others have been searching in the mountains.

If it can be found, then Wu Xiaoyue has hope of survival.

If he cannot find it, it is still very difficult to say whether Wu Xiaoyue can pass this level.

If it weren't for this, the three of them would have chosen to go into seclusion to refine spiritual fruits.

The spiritual fruits that the three of them have collected now are completely enough.

In fact, in the past half month, the three people and one beast have also refined some spiritual fruits, and have made a lot of progress.

Qingtian Qi's two elements of metal and earth, nourished by various high-level spiritual fruits, have cultivated to the peak of the third level of great perfection.

Today, Qingtian Qi's basic combat strength has also increased to 21,000 men.

But on this day, the three of them came to the deepest part of the mountain range. According to the information given by the gods, it was the place where the highest level spiritual fruit could appear, but it was also the most dangerous place.

But on this day, after Qingtianjun performed the spirit-asking technique, his face immediately showed a look of ecstasy..

Chapter 2884

Qingtian on the side saw this and asked anxiously: "Brother Tianjun, have you made any new discoveries?"

Qingtianjun nodded repeatedly.

"Tianqi, do you know what I discovered? I discovered the 'Hundred Saint Fruits', and there were six of them. This 'Hundred Saint Fruit' has a 30% chance of allowing the fifth-level peak warrior to break through the bottleneck. It is exactly what Xiaoyue needs! And there are still six. With these six, Xiaoyue will definitely be able to break through the bottleneck.

Hearing this, Qingtian was overjoyed

"Ha ha!! That's great. This Hundred Saint Fruit should be the top spiritual fruit in this trial valley. As long as we can get this Hundred Saint Fruit, then Sister Xiaoyue will be safe, and the three of us can immediately go into seclusion to refine the 'Spirit Fruit'. There is still half a month left, so we should have enough time."

Wu Xiaoyue also said with a face of surprise: "This time, if Xiaoyue can pass this test alive, then I have to thank brother Tianjun and brother Tianqi."

Unexpectedly, after Qingtianjun was happy, he frowned worriedly and said

"Although we have discovered the 'Hundred Saint Fruit', we may not be able to get it! I discovered that the ferocious beast guarding the Hundred Saint Fruit was a mutated two-headed ferocious beast. If I had predicted correctly, it should be a ferocious beast at the peak of the fifth level of Dzogchen. This double-headed fifth-order Dzogchen Peak ferocious beast is equivalent to the combined strength of four fifth-order Dzogchen Peak ferocious beasts!"

Hearing this, Qingtian Qi took a deep breath, and after a while, he said in a deep voice

"The strength of the ferocious beast comes from the ferocious beast's inner elixir, and the ferocious beast's inner elixir grows in the ferocious beast's brain. The mutated ferocious beast has two heads, which means it has two inner elixirs. The power of the two inner elixirs is fused and improved. Its strength is much stronger than that of ordinary ferocious beasts. This is very similar to a dual-system warrior!"

"Its strength is indeed equivalent to the sum of four fifth-order Dzogchen Peak ferocious beasts. Now, the three of us can't deal with the two ferocious beasts at the peak of the fifth level of Dzogchen together, so how can we deal with the two-headed ferocious beasts? I'm afraid that if the three of us went there and failed to collect the Hundred Saint Fruit, we would lose our lives there!

Qingtianjun also sighed: "Yes!" With our current strength, we are definitely no match for those two-headed beasts. But just because we can't deal with it doesn't mean that others can't deal with it. If the three of us don't collect it now, we will probably be collected by the people behind us."

"By then, it will be too late for us to regret. After all, spiritual fruits like the Hundred Saint Fruit should be the highest-level spiritual fruits here, and their quantity is extremely limited. If you miss this time, you may miss it forever. Besides, time doesn't allow it. There is only half a month left, and we still need about ten days to refine the spiritual fruit."

After Qingtianjun's analysis, Qingtianqi took a deep breath and said

"We must not miss this opportunity. It seems that we must find a way to get the 'Hundred Saint Fruit'. By the way, why not use the strategy of diverting the tiger away from the mountain. After I lure those two-headed beasts away first, Brother Tianjun, you can take the opportunity to enter the valley to pick spiritual fruits."

"Anyway, our goal is spiritual fruit, not to kill the guardian beast. This is much easier to lure away the ferocious beast than to kill it."

After hearing this, Qingtianjun pondered for a while and said:"Tianqi, your method is indeed feasible. Just trying to lure away the two-headed beast is extremely dangerous. You must know that the basic combat power of the two-headed beast is far higher than that of the beast of the same level, and its speed is also very fast."

"Although I know that you are very fast, you are only faster than the fifth level Dzogchen Peak Warrior. Whether it can be faster than the two-headed beast is hard to say. If you are not as fast as the two-headed beast, even if you divert the two-headed beast, you will not be able to escape from its claws. You will eventually die under its claws"

"Besides, a large part of your current overall strength comes from your speed. If you lose the advantage in speed, your strength will be greatly reduced. If he catches up, you won't even have a chance to escape."..

Chapter 2885

Qingtian Qi also nodded and said:"Brother Tianjun, I know what you said. Maybe my speed is not as fast as that of the two-headed beast, but it is almost the same. Besides, no matter how strong the two-headed beast is, It can't kill me instantly"

"As long as I risk my injuries and escape three miles away from the Spirit Fruit Land, I have hope of survival. You should know that these guardian beasts will never stray too far from the spiritual fruit they protect."

After hearing this, Qingtianjun's eyes lit up and he said happily

"yes! How come I didn't think of this. As long as you, Tian Qi, can hold on and escape three miles away, and the ferocious beast has not become completely ferocious, it should let you go. After all, for these guardian beasts, guarding the spirit fruit is their most important task. However, Tianqi, are you sure that you can escape three miles away from those two vicious beasts?

Qing Tianqi pondered for a while and said:"At least 70% sure!" Although injuries are inevitable, we have many spiritual fruits in our hands, so it is not difficult to treat some injuries."

"Then let's follow the plan!"

At that moment, the two of them made a plan.

But Wu Xiaoyue on the side stopped him and said, "Brother Tianqi, I think I don't want it anymore. I know you did this for me, but it is extremely dangerous. Sister, I don't want you to make any mistakes because of me.

Qingtian laughed and said, "Sister Xiaoyue, don't worry anymore. Nothing will happen to you." By the way, Brother Tianjun, let's act quickly!"

"In the past few days, more and more people have entered the depths of this mountain range. It seems that all the spiritual fruits in the outer reaches have been picked. I don't think it will take long before there will be more and more people here. If we are a step slower, the Hundred Saint Fruit will become something in other people's pockets. Hearing this

, Lord Qingtian also showed anxiety in his eyes, and he immediately said: "Well!" Then let's go now, both of us! Xiaoyue, your strength is a bit weak, I think you should stay here and wait for us two to come back!"

"oh!"

Wu Xiaoyue nodded helplessly. She also knew that if she followed, she would only drag down Qingtian and Qi.

The place where the three of them were was at the bottom of a valley.

At that moment, Wu Xiaoyue performed the 'Psychic Illusion' at the bottom of the valley. , and then while refining the spiritual fruit, they waited for the two of them to come back.

Qingtian and Qi also set off towards the valley with the 'Hundred Saint Fruit'.

Just as the two of them approached the entrance of the valley, Qingtian Jun stopped. , summoned his psychic beast 'Blue-Eyed Phantom Fox'.

Then Qingtianjun and Xiaohuer merged with each other.

After the merger, Qingtianjun's momentum greatly increased, and his appearance also underwent some changes.

I saw him His height has increased by a full seven inches, and his figure has also become burly. His original short black hair has turned into long cyan hair, and his eyes have also become one pair of pupils, which are as green as green. The pupils are like magic foxes, exuding a light that captivates the soul.

In general, after Qingtianjun channeled and merged, his original handsome appearance became demonic and domineering without losing his original handsomeness, giving him a unique charm.

More importantly, , Qingtian Lord and his little fox have also refined a lot of spiritual fruits in the past two days, and their strength has increased a lot.

At this time, after one person and one fox merged, Qingtian Lord's combat power actually reached the strength of 17,000 people..

At that moment, Lord Qingtian felt the increase in his strength with satisfaction, then took his Jumang Sword in his hand and said with a smile:"Tianqi, let's go!"

As soon as he finished speaking, Qing Tianjun displayed Xiao Hu'er's inherited beast skill 'Phantom', and walked like a blue phantom, shooting towards the entrance of the valley ahead.

"The speed is good! It should be close to the fifth level of Dzogchen!"

Looking at Qingtian Jun's back, Qingtian Qi secretly praised in his heart and was quite happy.

Now, after Qingtian Jun channeled and merged, when using 'Phantom', his speed has exceeded that of most fifth-level peak warriors. Infinitely close to the level of the fifth level of Great Perfection, plus he is also assisted by the best spiritual weapon 'Jumang Sword'.

Various factors have made Qingtian Jun's strength infinitely close to the level of the fifth level of Great Perfection.

At this moment, Qingtian Qi also slightly With a smile and a quick step, his figure caught up with Lord Qingtian in a few ups and downs.

After a while, the two of them arrived at the mouth of the valley.

At that moment, Lord Qingtian used the 'Shadow Without Trace' to blend his body aura into the surrounding environment. Middle..

Chapter 2886

Qingtian Qi also used the instinct of a physical warrior to restrain all his body's aura, even stopping his heartbeat and blood flow. His aura also disappeared. Even if he encountered a sixth-order ferocious beast, he might not be able to sense his presence.

However, all this shocked Lord Qingtian who was in the dark.

In his opinion, Qingtian Qi was clearly right in front of him, but he couldn't feel the other person's breath. It seemed that although Qingtian Qi was there, it was like air, which frightened him.

Although Qingtian Qi's move is not as good as his 'disappear without a trace', it is quite practical.

After making these preparations, the two quietly sneaked into the valley.

Only then did Qingtian Qi discover a flaw in the 'disappearing shadow'.

If Lord Qingtian remained still, no one would be able to detect him, not even a seventh-level warrior.

However, as long as Qingtianjun moves, he will cause some airflow fluctuations in the environment. Such fluctuations are inevitable.

And those airflow fluctuations will reveal his position.

Of course, this requires very keen observation to discover, and not everyone can do it.

However, this is not difficult for Qingtian Qi.

As long as the air flow fluctuates, air flow sounds will be produced. These extremely slight air flow sounds may not be heard by ordinary warriors, but under Qing Tianqi's "Tian Ting", they are very obvious.

In other words, maybe Qingtian Qi cannot detect Qingtianjun when he is still.

But as long as Qingtianjun moves, Qingtian Qi can quickly find his location.

But he said that the two of them quietly walked into the valley and entered the valley not long after.

As soon as the two entered the valley, they saw a spiritual tree in the depths of the valley that was no more than three feet tall.

The spirit tree is all white, its leaves are in the shape of seven stars, and they are as pure white as snow. This tree is a white tree.

I saw six white and red fruits hanging on the white tree, which were exactly the Hundred Saint Fruits that Qingtian and Qi wanted to get during this trip.

As soon as he saw the Hundred Saint Fruit, Qingtian Qi felt a little excited in his heart.

In fact, he also has his own little plan in mind.

Wu Xiaoyue will definitely not be able to use up these six Hundred Saint Fruits, at least half of the Hundred Saint Fruits will be left to him.

After he cultivates his water energy to the peak of the fifth level, and then refines the Hundred Saint Fruit, he will be able to quickly break through the water energy to the fifth level of Dzogchen. In that case, his strength will be greatly increased.

Thinking of this, Qingtian Qi was very excited.

And at this moment, Qingtian Jun's voice sounded next to Qingtian Qi

"Tianqi, the beast under the Baisheng tree is the guardian beast of this spiritual land."

After being reminded by Lord Qingtian, Qingtian Qi quickly looked under the tree.

He saw that his subordinate was lying on a five-foot-long giant beast with a white-haired lion body and two lion heads. It looked imposing. It is indeed the ferocious beast at the peak of the fifth level of Dzogchen.

At this moment, the two heads of the ferocious beast are doing their own work.

One head is dozing off, while the other head is on guard with its eyes wide open to prevent outsiders. Invasion.

Seeing this, Qingtian Qi thought to himself: "This two-headed lion beast is difficult to deal with! It has two heads. When one is resting, the other can be alert, so it is always on alert."

At this time, he remembered Qingtianjun's voice again.

"Tianqi, how about it?"

Qing Tianqi pondered for a while and said, "Let's do it according to the original plan!"

After saying this, Qingtian Qi slowly took out the Night Bow and was about to take action.

But at this moment, footsteps and voices sounded outside the valley, and someone was coming. As soon as he heard the voice outside the valley, Qingtian Qi's expression changed drastically. He didn't expect someone to come so soon.

But at this moment, Qingtian Lord's voice sounded in his ears.

"not good! Someone is coming, what should I do?"

Qing Tianqi quickly put away the Mingye Bow and said in a deep voice:"Just wait and see what happens!"

At the moment, the two of them continued to hide at the entrance of the valley.

Soon, the sounds coming from outside the valley became clearer and clearer.

There were three people coming.

The two-headed lion beast in the valley also heard the sounds outside the valley, and another sleeping head He immediately woke up.

The two huge lion heads looked out of the valley at the same time, then slowly stood up, shook the hair on their bodies, and under the surprised eyes of Qingtian and Qi, they walked to the side and hid in the bushes.

Seeing this scene, Qingtian Qi was very surprised in his heart.

It is said that ferocious beasts will become spiritual after reaching the fifth level. Seeing that the two-headed lion beast in front of him is not only spiritual, but also cunning. It actually knows how to hide first. It seems that it They want to sneak attack the incoming people.

Thinking of this, the three people outside the valley are getting closer and closer..

Chapter 2887

Thinking of this, the three people outside the valley were getting closer and closer.

Qing Tianqi could clearly hear their conversation.

"Why! It's been half a month, and the three of us have harvested too few spiritual fruits."

"The most depressing thing is that the spiritual fruits we harvested all improve our cultivation progress, but we couldn't find any spiritual fruits that could break through the bottleneck. And the three of us are now stuck at the top of the fifth level, and those spiritual fruits that can improve our cultivation are of no use to us!"

"yes! If we can't find a spiritual fruit that can break through the fifth-level peak bottleneck, the three of us will never hope to break through to the fifth-level great circle within this month. If you can't break through to the fifth level of Dzogchen, I'm afraid this level will be difficult to pass!"

"Why! Don't think so much, let's see if there are any spiritual fruits in this valley."

In this way, the three of them walked into the valley while talking.

When the three of them entered the valley, Qingtian Qi, who was hiding in the dark, discovered that these three were all young men in their mid-twenties, and their cultivation levels were all at the peak of the fifth level..

Two of them were water warriors and one was a fire warrior.

However, they said that after the three entered the valley, they looked around.

Soon, one of them saw the white tree and immediately shouted in surprise:"Oh my God! What do you think that is?"

"Huh! It's the Hundred Saint Fruit! This is exactly what I want. Ha ha!! It's really effortless to get through the iron shoes and find nowhere. Not much to say, let's pick it first and then talk about it!"

As soon as he said these words, the man rushed towards Bai Shengshu.

It turned out that this man was a water warrior.

His move immediately made another water warrior anxious, and he rushed after him, for fear that he would be a step too late..

But the last fire-type warrior hesitated and did not act immediately. At this moment, he had some doubts in his heart, and vaguely felt that something was wrong, but what was wrong, he did not think about it for a while. At the same time

, the two water-type warriors The warriors had already rushed to the Baisheng tree and were about to start picking the Hundred Saint Fruits.

At this critical moment, two shocking roars sounded from behind the two of them, and then a huge figure rushed out of the nearby trees like lightning and headed toward the tree. The two men rushed over.

The two men were originally ecstatic, and their excitement had long dispersed their sanity.

But at this moment, they heard the roar behind them, and then an extremely terrifying aura came from behind. When it came, the two of them were immediately horrified, their faces turned pale with fright, and they immediately wanted to run away without even thinking.

But it was too late. The two-headed lion beast was already much stronger than the two of them, and it was an ambush and sneak attack. The killing caught the two of them off guard.

One of them had his head smashed and died on the spot.

The other screamed and turned around to run.

But before he could run a few steps, the two-headed lion beast opened its mouth and spit out more than a dozen ice swords. , and fired towards the man.

The man was instantly killed by dozens of ice swords piercing through his body.

The last fire warrior suddenly woke up at this moment, and he finally remembered why something was wrong. It turned out that as soon as the three of them came in At that time, I only saw the spiritual fruit but not the guardian beast. This is simply unreasonable.

According to the rules here, wherever there is a spiritual fruit, there must be a guardian beast.

And the higher the quality of the spiritual fruit. , the more powerful the guardian beast is.

The Hundred Saint Fruit can be said to be a very high-quality spiritual fruit, but he has not seen the guardian beast before, which is very strange. It's just that he was in agitated mood before and didn't think of it for a moment..

And the other two water-type warriors were so excited that they forgot all about it, and in the end they all died on the spot.

However, the fire-type warrior understood something instantly when he saw the two-headed lion beast appearing.

But before he could do it, In shock, when he woke up, the two water warriors died tragically one after another.

The fire warrior was horrified and rushed out of the valley without thinking.

But how could the two-headed lion beast let him go?

I saw the ferocious beast roaring. With a sound, he chased after him. At the same time, one head opened its mouth and sprayed out several ice swords to shoot at the fire warrior.

But the other head sprayed out a ball of white air and shot towards the fire warrior like an arrow. The people shot away.

The fire warrior heard the sound of the air breaking behind him and quickly relied on instinct to dodge and avoid those ice swords.

Unfortunately, he failed to avoid the white air and was frozen on the spot. The ice sculpture stood there unable to move..

Chapter 2888

At the same time, the two-headed ferocious beast had arrived. It roared angrily, waved its iron claws, and was about to smash the ice sculpture in front of it into pieces.

But at this moment, the ice sculpture suddenly exploded, and a figure with flames all over his body rushed out, but it was the fire warrior who broke through the ice and wanted to escape.

The two-headed lion beast was furious, and in a flash, it caught up with the fire warrior who was about to escape, and penetrated the body of the man with one claw.

The man suddenly screamed miserably, and before he died, he roared angrily: "Evil beast! I want to die with you!"

As soon as he said these words, the man's body exploded!

'boom! '

The sound of the explosion was earth-shattering, resounding through the clouds, and immediately spread to all directions, reaching dozens of miles away.

The huge impact energy generated by the explosion only pushed the two-headed lion head back seven or eight steps, and a huge crater several feet deep was blown into the ground.

It turned out that the fire warrior knew that he was going to die, but at the last moment, he used no secret technique to concentrate all the energy in his body and exploded to death.

The energy of this self-destruction was so terrifying that even a fifth-level Dzogchen peak warrior would have been seriously injured in the center of the explosion.

This horrific scene of self-destruction shocked Qing Tianqi, who was hiding in the dark.

However, what made Qing Tianqi even more horrified was that the two-headed lion beast just shook its head that was a little dizzy from the explosion, as if it was not injured at all.

This couldn't help but give Qingtian and Qi a new understanding of the strength of the ferocious beast in front of them, and they were even more shocked.

At that moment, he couldn't help but take a deep breath of cold air and thought: "It seems that I still underestimated the strength of the two-headed ferocious beasts. Thinking about it, it can defeat the strength of four fifth-level Dzogchen Peak warriors. How can it be Is it that simple?!"

Qingtian Qi had just turned this thought over in his mind, and Lord Qingtian's voice sounded in his ears again

"Tianqi, I think we should give up! This ferocious beast is too terrifying and cannot be provoked by us. I'm afraid you won't be able to hold it back!"

Qingtianjun said this because he was shocked by the strength of the ferocious beast in front of him.

Three fifth-level peak warriors were killed completely in just a few breaths. How could he not feel this? Frightened?

Hearing Qingtianjun's words, Qingtianqi frowned slightly and whispered:"Brother Tianjun, don't worry! It's okay, everything goes according to plan!"

At this time, the two-headed lion beast in the field seemed very proud when he saw the broken corpse on the ground. He couldn't help but roared to the sky, then turned around and walked towards the white tree. At that moment, the blue sky took a deep breath He was angry and took out the Night Bow again.

According to his plan, when the two-headed lion beast returned to the Baisheng tree, that is, when it was farthest away from him, he would immediately shoot an arrow at the two-headed lion beast. Then he turned around and ran away.

The two-headed lion beast would definitely be furious because of being attacked, and would chase him out of the valley.

As soon as the ferocious beast left the valley, Lord Qingtian, who was lurking in the valley, appeared. When the ferocious beast is away, they collect the spiritual fruits and leave.

This is the entire plan of the two of them.

The most dangerous step in the current plan is, can Qingtian Qi escape from the claws of the two-headed lion beast?

At this time, the two-headed lion beast The lion beast has walked slowly back to the Baisheng tree, and is lying under the tree as before.

Seeing this, Qingtian Qi, who was hiding in the dark, slowly raised the Mingye bow and slowly opened it, and an energy arrow was fired. Formed between his fingers.

Qingtian Jun, who was hiding aside, saw Qingtian Qi's actions, and he knew that Qingtian Qi was going to take action.

At that moment, he also became nervous, took a deep breath, and secretly prepared.

And just before Qingtian Qi When Qi pulled the Mingye Bow halfway, his expression suddenly changed, and he quickly turned his head to look outside the valley.

It turned out that he heard three rapid sounds of breaking through the air not far away, rushing towards here.

From that breaking through the air Judging from the speed of the sound, those three people are definitely masters, at least the masters of the fifth level of Dzogchen and above.

Unexpectedly, someone comes again, and this time they are all masters.

I think it must be the fire warrior from before who blew himself up The huge explosion attracted them.

However, it will take some time for the three of them to get here. It seems that I must take action as soon as possible to prevent more people from coming later.

Thinking of this, Qing Tianqi instantly fully drew his bow. , shot an arrow at the two-headed lion beast without hesitation..

Chapter 2889

After the arrow was shot, Qingtian Qi turned around and ran out of the valley. He didn't even look at the result of the arrow, and he didn't know whether the arrow hit or not.

Sure enough, just after Qingtian Qi turned around and ran seven or eight steps, a huge explosion sounded behind him, followed immediately by the extremely angry roar of the ferocious beast.

Obviously, his arrow hit the two-headed lion beast and completely angered the two-headed lion beast.

The two-headed lion beast's eyes were red, looking at Qingtian Qi with great anger, and it chased Qingtian Qi in a flash.

Qingtian Qi's arrow just now made it feel the pain.

Qingtian Qi's current basic combat strength has reached 21,000 people.

As his strength increased, the power of the energy arrows shot by the Night Bow also increased, reaching the power of more than 40,000 people.

And the combat power of this two-headed lion beast is the strength of 40,000 people.

That arrow had touched its bottom line, making it feel pain and anger.

At that moment, it angrily chased him across the sky.

One man and one beast rushed out of the valley in an instant.

However, as soon as a man and a beast rushed out of the valley, Qingtian Lord's figure appeared in the valley.

At this moment, Qing Tianqi's anxious reminder sounded again outside the valley.

"Brother Tianjun, three masters are coming, please deal with them quickly!"

Hearing Qingtian Qi's reminder, Qingtianjun suddenly felt anxious.

He saw his figure flashing and rushed towards the Baisheng tree in front. He wanted to collect the Baisheng Fruit as quickly as possible.

The Baisheng tree It was three feet high. As soon as Qingtianjun rushed to the foot of the tree, he jumped onto the tree and began to collect the Hundred Saint Fruits.

There were six Hundred Saint Fruits in total.

Qingtianjun collected the other five into his pocket in an instant. Just when he was collecting the last one, a figure rushed from outside the valley, but it was a warrior who came after hearing the news.

The warrior was very fast. As soon as he entered the valley, he happened to see Lord Qingtian collecting the last one of the Hundred Saints. As a result, I immediately opened my eyes in surprise.

"Huh! It's the Hundred Saint Fruit! Boy, stop it! That thing belongs to me!"

After saying this, the man turned into a strong wind and rushed towards Lord Qingtian.

Lord Qingtian heard the wind behind his head, but had no time to turn around to see who was coming, and hurriedly put the last spiritual fruit into his bag.

But When he finished collecting the last spiritual fruit, the man was only three feet away from him.

At this time, Lord Qingtian had time to look back.

In a hurry, he looked back and saw a man coming towards him with a sword.

Wait. When he saw the man's appearance clearly, he was immediately frightened to death.

The person who came was actually Lian Mingyu, the top master of the Jin Kingdom, a master who was even stronger than the fifth-level Dzogchen peak warrior.

"Huh! It's you! You seem to be from Dakun Country!"

Lian Mingyu was also surprised when he saw Qingtian Jun's appearance. Apparently he was also a little surprised.

Immediately, Lian Mingyu's face turned ferocious, and he said with a ferocious smile: "Haha!! Since you are from the Dakun Kingdom, you deserve to die even more. Today you will keep your life and the Hundred Saint Fruit!"

At the same time as he spoke, Lian Mingyu had already approached Qingtian Lord, and slashed at Qingtian Lord's head with a sharp sword. Qingtian Lord was horrified. He only felt a flash of sword light in front of him, and a cold air invaded his scalp.

At this moment, he There was no time to dodge, let alone use his sword to block.

At this critical moment, Lord Qingtian quickly made a seal and shouted in a low voice.

"Qinglong body protection!"

As soon as he pinched the seal, a green dragon phantom groaned, spiraling up from around him, forming a dragon-shaped spiral shield.

Boom!

There was a loud noise.

Lian Mingyu's long sword emitted a dazzling white light, and a The sword split apart Qingtian Jun's Qinglong protective body, but it still did not stop. The last sword struck Qingtian Jun's chest.

Immediately, the sword exploded the clothes on Qingtian Jun's chest to pieces, revealing the defensive spirit armor inside.

Qingtian Jun immediately groaned and was struck by a sword until he vomited blood and flew out.

If he hadn't been wearing defensive spirit armor, that sword would have killed him..

Chapter 2890

"Huh! Not dead yet!"

Lian Mingyu looked at Lord Qingtian who was lying ten meters away, vomiting blood with some surprise. He did not expect that he could not kill Lord Qingtian instantly with one sword. If he were an ordinary fifth-level warrior, he would have been killed by him with one sword. You know, he is a fifth-level Dzogchen peak warrior. His basic attack power has reached the strength of more than 25,000 people. He also has the amplitude of the top-grade spiritual sword 'Yunlan Sword' in his hand.

The sword he just made was useless. Martial arts attack, but the attack also reached the strength of more than 40,000 people. This was not something that an ordinary fifth-level warrior could withstand.

This naturally frightened him.

In fact, Qingtian Lord could not die under this sword. , also because after he merged with Xiao Hu'er, his basic combat power reached the level of a fifth-level peak warrior.

And his 'Green Dragon Body Protection', like Qing Tianqi's 'Five Elements Shield', is a rare pseudo-top-level martial skill that requires five He can only learn after reaching the next level.

Finally, he has the protection of spiritual armor, which allows him to escape the fate of being killed instantly with a sword.

As the warrior reaches the later stage, even within the same level, the strength gap between the two smaller realms also increases..A fifth-level Great Perfection Summit warrior can easily kill a fifth-level warrior instantly even without the best spiritual weapon.

But a fourth-level Great Perfection Summit warrior cannot kill a fourth-level warrior instantly.

And at the ninth level, the ninth-level warrior is the same as the ninth-level warrior. The gap between Dzogchen warriors is naturally wider.

However, Lian Mingyu was surprised to see that Lord Qingtian was not dead, and then sneered: "Haha! Even if I can't kill you with one sword, then you can take another one from me and die! Ha ha!!"

As soon as he said these words, Lian Mingyu laughed crazily and once again killed Qingtian Jun who was lying in front.

Seeing Lian Mingyu coming to kill again, Qingtian Jun's face changed with fright.

How could he be so strong under Lian Mingyu's hand? Holding up one sword does not mean that he can hold up the second sword. Besides, he is already injured. If he fights the opponent head-on, he will definitely die within three rounds.

Thinking of this, Qingtianjun quickly turned over Jumped up.

At this moment, Lian Mingyu was approaching, and stabbed Qingtian Jun in front of him with another sword.

This time, Qingtian Jun was already on guard, and immediately used 'Phantom', his speed increased sharply, and he rushed backward. He retreated, just avoiding the sword.

"Huh! What a speed!"

Lian Mingyu was secretly surprised, made a mistake in his steps, and chased Qingtian Lord again.

But at this moment, Qingtian Lord looked at him and sneered, and whispered: "Disappear without a trace!"

I saw Lord Qingtian take a step back, and his whole body merged into the surrounding environment strangely, disappearing out of thin air.

Lian Mingyu was stunned on the spot, standing there and staring blankly ahead.

"Huh! Where did that guy go? Why is it missing?"

Immediately, he thought of something, and an angry look appeared on his face, and he said loudly: "Boy, do you think you can run away? I know you're nearby!"

After saying this, Lian Mingyu swung his long sword in succession, wildly waving more than a dozen sword lights around him, and immediately exploded the surroundings into a mess. He wanted to use this to force Qingtian Lord's figure out.

However, in doing so, It had no effect at all.

Lian Mingyu suddenly became anxious and didn't know what to do for a moment.

Suddenly, he thought of a plan and thought of a way.

Lian Mingyu quickly made a secret with one hand, pressed it in the air, and whispered in his mouth Drink: "The world is frozen!"

With this low voice, a burst of extremely cold energy fell from the sky, and the entire valley was instantly frozen, turning into an ice valley of ice and snow.

This was also a pseudo-top martial art 'Ice Frozen' used by Luo Beiqi. Technique, which can be regarded as the top among pseudo-top martial arts.

However, the valley was instantly frozen, and the entire valley turned into a snow-white ice valley.

And not far from the mouth of the valley, there was an additional humanoid ice sculpture. Seeing the humanoid ice sculpture, Lian Mingyu was immediately overjoyed and laughed wildly: "Haha!! Little bastard, it turns out that you have slipped to the mouth of the valley. If I hadn't been able to freeze, I would have let you run away."

It turns out that this freezing technique can freeze everything around instantly. Although Qingtian Lord 'disappeared' and blended his body into the surrounding environment, he still exists in this environment. This environment is frozen, and he naturally also It was frozen, and his true body shape was revealed..
