

## God level 2891

### Chapter 2891

But he said that as soon as Lian Mingyu sealed Qingtian Jun in ice, he was immediately overjoyed.

"Ha ha!! Boy, you can die this time!"

Lian Mingyu roared, and with a flash of his figure, he rushed towards the human-shaped ice sculpture at the entrance of the valley with a sword.

He wanted to smash the ice sculpture with one sword and make Qingtian Lord disappear completely.

But just as he was about to take action, the ice sculpture exploded. Then a green phantom rushed out of the valley.

But Qingtianjun broke free from the shackles of the ice and used the 'Phantom' to escape out of the valley.

But just when Qingtianjun was about to escape from the valley, a cold snort sounded from outside the valley.

"Boy, you can't escape! go to hell!"

However, another person rushed out of the valley. As soon as the person arrived at the entrance of the valley, he saw Lord Qingtian trying to escape. Without even thinking, he immediately struck Lord Qingtian in the face with his sword.

Lord Qingtian was horrified and quickly blocked the attack with his sword.

The two swords intersected, and Qingtian Lord immediately groaned, and was knocked backwards by another sword.

His whole body was forced back into the valley again.

"Ha ha!! Xiao Yue, you came at just the right time!"

Lian Mingyu was overjoyed when he saw the person coming. At the same time, he swayed and once again attacked Qingtianjun who was still standing.

Seeing Lian Mingyu coming towards him again, Qingtianjun was horrified and turned back. As soon as he retreated, he used 'disappear without a trace' again and disappeared out of thin air.

As soon as he saw Lord Qingtian disappear again, Lian Mingyu immediately frowned and said urgently to Xiao Yue behind him: "Guard the mouth of the valley, don't let that The guy ran away!"

Hearing this, Xiao Yue was about to take action when he saw another person rushing in from outside the valley. As soon as that person came in, he shouted: "Boss Lian, I will guard the entrance of the valley! Clear water canopy!"

I saw the man who came after him perform a series of seals, and then a huge and transparent water curtain rose up from the mouth of the valley behind him.

Seeing the water curtain appear, Lian Mingyu's face showed joy again, and said with a smile

"Ha ha!! Having said that, you came just in time. With your clear water canopy sealing the entrance of the valley, that kid can never even think of escaping from the valley. If he wants to forcefully pass through the 'Blue Water Canopy', his invisibility method will be broken."

Yan Bi smiled proudly and said: "That's natural. My clear water sky curtain is a fusion of water and wood martial arts. Any living thing that passes through it will be planted with a 'spiritual heart seal'. At that time, no matter where he is hiding, I know his location"

"Ha ha! yes! It will be easier next time. After that, you stay at the entrance of the valley and kill the kid as soon as he comes out. Xiao Yue, you and I are searching in the valley. This kid is hiding in the valley now, hehe!! I want to see how long he can hide today?"

"good!"

At that moment, Lian Mingyu and Xiao Yue started searching the valley.

The two of them were slashing and slashing everywhere, as if they were trying to force Qingtian Lord to reveal himself.

On the other side, Yan Bi crossed his hands on his chest, guarding the entrance of the valley in a leisurely manner.

In front of them It seemed to the three of them that it was only a matter of time before Qingtian Jun was forced out and killed.

It turned out that Qingtian Qi had previously sensed three masters, namely Lian Mingyu, Xiao Yue, and Yan Bi.

These three were all from the Great Jin Dynasty Players from the country are also the three strongest players among all the players in the Great Jin Kingdom.

Xiao Yue is also a fifth-level Dzogchen master, but he does not have the best spiritual weapon.

And Na Yanbi is a water-wood double element fifth-level master. The strength of a Dzogchen-level warrior is comparable to that of a Dzogchen Peak warrior of the fifth-level.

It turns out that since entering the depths of the mountains, many trialists have discovered that the strength of the guardian beasts has also increased. Even

Mingyu and the other three were unable to kill the guardians quickly. To improve the efficiency of treasure hunting, the three of them joined forces to hunt for treasure.

Just now, the three of them heard a huge explosion nearby and came over after hearing the sound.

That Lian Mingyu He was the strongest and was the first to rush to the valley.

As soon as he entered the valley, he saw the scene of Lord Qingtian collecting the Hundred Saint Fruit, and then the series of things that happened just now happened..

## Chapter 2892

But it was said that Lord Qingtian was besieged in the valley by Lian Mingyu and three others, and the situation was precarious.

On the other side, Qing Tianqi was chased by the two-headed lion beast, and the situation became even more critical.

But he said that before, Qingtian Qi shot the two-headed lion beast with an arrow and then turned around and ran away.

The power of that arrow was extraordinary. It was as powerful as a two-headed lion beast, but it still hurt slightly from the shot. Then it became extremely angry and chased it with all its strength. It vowed to tear the hateful human in front of it into pieces.

In the blink of an eye, one person and one beast rushed out of the valley.

However, Qing Tianqi activated the Blood Shadow Escape Technique and Phantom Tracking Step continuously, and his speed instantly increased to a terrifying level, much faster than the top warriors in the fifth-level courtyard.

But the two-headed lion beast is not a weakling. It has the strength of more than 40,000 people, far exceeding the average fifth-level Dzogchen Peak ferocious beast. Its speed is also extremely terrifying, and it is slightly faster than Qingtian Qi.

Generally speaking, the speed of this man and beast is as fast as lightning.

In just a moment, he rushed out of the valley a mile away.

And the moment Qingtian Qi and the two-headed lion beast left the valley, Lian Mingyu rushed to the valley.

Let's not talk about Lian Mingyu first.

But Qingtian Qi and the two-headed lion beast arrived a mile away from the valley in a moment.

The speed of the two-headed lion beast was finally faster than Qingtian Qi's, and the distance between the two sides gradually narrowed.

In the blink of an eye, the two-headed lion beast was no more than ten meters away from the blue sky.

At this moment, the two-headed lion beast roared, opened its mouth and sprayed out dozens of ice swords, overwhelming the sky and shooting towards the blue sky.

Qingtian Qi's heart trembled, and he quickly used the power of "Tian Ting" to listen to the wind and identify his position. He dodged and avoided all the ice swords flying from behind.

But this kind of dodge, instead of moving in a straight line, naturally affected Qingtian Qi's speed, which made the ferocious beast close to him in an instant. At this time, it was only five meters away from him.

At this moment, the two heads of the two-headed lion beast roared at the same time. The sound resounded through the sky, like a bell, and a sound wave rushed out from the beast's mouth.

Wherever the sound wave went, it was like the shock wave of an explosion, directly destroying everything in front of it.

It turns out that this is the two-headed lion beast's native skill 'Wrath of the Lion King', a very powerful sonic attack.

Qingtian Qi was only five meters in front and was instantly attacked by the 'Wrath of the Lion King'.

The powerful sonic attack instantly shook the blood in Qingtian Qi's body to the point where he almost exploded to death.

Qingtian Qi's face turned red, his figure staggered, and he spat out a mouthful of blood.

At the same time, the two-headed lion beast took the opportunity to catch up, roared violently, and fiercely slapped the Tianling Gai with its claws.

Hearing the sound of wind behind his head, Qing Tianqi was horrified and hurriedly stepped away to avoid this claw.

Seeing Qing Tianqi avoid it, the ferocious beast roared angrily and grabbed Qing Tian Qi's back with its other claw.

Qingtian Qi quickly turned around and thrust out both swords, just in time to meet the claw attack.

The claws and swords intersected, and Qingtian Qi immediately groaned. The impact of the claws made the blood in his chest surge again, and he retreated backwards.

You must know that Qingtian Qi's current basic combat strength is the strength of 21,000 people. If you add the amplitude of the "Double Swords Chasing the Sun and the Moon", the combined force of the two swords just now has reached the strength of 40,000 people.

But even so, he still couldn't withstand the attack of the two-headed lion beast, and was attacked by the claw and retreated backwards.

"What a powerful beast!"

Qingtian Qi was horrified in his heart.

However, the two-headed lion beast repelled Qingtian Qi with one claw. The figure flashed, and it followed closely and rushed towards Qingtian Qi again.

Seeing this, Qingtian Qi was horrified, and he wanted to dodge. , but his body was unable to stand still due to the force of the impact, and he kept falling backwards. He was still unable to control his actions.

Seeing the two-headed lion beast charging at him again, Qingtian Qi had no way to avoid it.

At the critical moment, Qingtian Qi's left eye pupil flashed, and a god-destroying stab hit the two-headed lion beast. He was suddenly in a trance, and his body movements paused slightly.

This pause bought time for Qingtian Qi.

He was under control instantly. His body was about to turn around and run away.

But at this moment, the two-headed lion beast had woken up and became very angry. He opened his mouth and spat out a large ball of freezing air towards the blue sky.

Seeing that ball of freezing air, he immediately came to his body. , Qing Tianqi was scared to death.

He knew how powerful this freezing air was, it was extremely cold air that could instantly freeze people into ice sculptures.

If he was frozen into an ice sculpture now, he would be so close to the two-headed lion beast. , the consequences will be unimaginable..

Chapter 2893

But even though he thought about this problem, Qingtian Qi still had no time to avoid it and was instantly enveloped by the extremely cold air.

Qing Tianqi instantly felt an extremely cold air entering his body.

However, he did not feel that he was frozen. Instead, he felt very comfortable and enjoyed the cold feeling.

"Huh! This is?"

This immediately surprised Qing Tianqi, but he instantly understood what was going on.

It turned out that this was because the Xuanwu True Blood in his body was activated

'Xuanwu Ice Control', after the Xuanwu true blood in the body of the martial arts disciples is activated, they are born with the ability to control ice, and also have the ability to control extremely cold air. In learning some ice-based martial arts, they have innate and superb understanding. force.

After figuring out what was going on, Qing Tianqi didn't have time to rejoice. He turned around and ran away as soon as his steps went wrong.

But he said that the two-headed lion beast was stunned on the spot when he saw that his freezing energy was ineffective against Qing Tianqi.

And just in this daze, Qingtian Qi had already fled thirty meters away.

The two-headed lion beast suddenly woke up, roared, and chased after him.

The two sides once again staged a game of catching up and escaping.

In the blink of an eye, one person and one beast had escaped two miles away from the valley.

The two-headed lion beast caught up with Qingtian Qi again.

This time, it was downright angry.

The human in front of it is obviously not strong, but it has not been able to kill it until now, which has damaged its dignity.

At that moment, the two-headed lion beast roared, and with a wave of its claws, it struck the blue sky head-on with its own skill, 'Lion King's Claw'.

In the sky, the cold air condensed, and a huge crampon made of ice shot towards the blue sky overwhelmingly.

Qing Tianqi was as big as an ant in front of that huge crampon.

Seeing the crampons coming, Qingtian Qi's expression changed drastically. The terrifying aura exuded by the crampons frightened him.

He originally wanted to avoid this terrifying blow, but the ice claw's attack range was too large for him to avoid.

At this critical moment, Qingtian Qi also roared angrily, and struck the ice claw above his head with his sword 'Three Dragons Roar'.

At that moment, a three-headed giant dragon flew out from the shadow of the sword and headed towards the giant claw in the air.

This 'Three Dragons Roar' is Qingtian Qi's strongest attack skill at present, and its power is considered top-notch among pseudo-top attack martial arts. At this moment, when Qingtian Qi uses it, its power has reached the strength of more than 50,000 people. This is also Qingtian Qi's most powerful attack skill. Currently able to exert the strongest attack.

Of course, the ability to achieve such a strong power is closely related to the top-quality gold spirit sword in Qingtian Qi's hand.

The top-grade spiritual sword in Qingtian Qi's hand is made of gold, and its amplitude and power exceed that of ordinary top-grade weapons.

However, even so, Qingtian Qi's three dragon roars were scattered by the huge ice claw, and finally fell directly on Qingtian Qi, immediately smashing Qingtian Qi into the ground.

The power of this 'Lion King's Claw' has reached the strength of 60,000 people, so it is naturally not something Qingtian Qi can resist.

When the giant claw dissipated, a large pit with a radius of more than ten feet and a depth of nearly a foot was left in the field.

In the center of the pit, Qingtian Qi lay on his back, his whole body covered in blood, even bleeding from his mouth, nose, middle and ears.

The clothes on his upper body were also blown apart, and the 'Five-Escape Soft Armor' inside was blown to pieces and was thus scrapped.

In fact, if it weren't for the final protection of this spiritual armor, Qingtian Qi would have been dead at this moment.

However, although he was not dead yet, the muscles all over his body were in pain like tearing, and he could not move at all.

The two-headed lion beast was watching eagerly from the side, and he was not far from death.

Sure enough, when the two-headed lion beast saw that Qingtian Qi was seriously injured, it roared happily and then slowly walked towards Qingtian Qi. It wanted to slowly tear this hateful human into pieces, which caused it to expend so much energy.

One step, two steps, three steps.

The two-headed lion beast is getting closer and closer to Qingtian Qi.

But Qing Tianqi couldn't move, and despair gradually grew in his heart.

But at this critical moment, the sound of fighting and bombing came from the valley not far away.

Upon hearing these sounds, the look in the two-headed lion beast's eyes changed drastically, and he quickly turned back to look in the direction from which the sounds came.

That's what came from the valley where it guards the spiritual fruit..

Chapter 2894

At that moment, the two-headed lion beast was furious, with an anxious look in its eyes.

He roared angrily, turned around and rushed towards the valley regardless of Qing Tianqi, who was seriously injured.

Obviously, it knew that someone was stealing the spiritual fruit it was guarding while it was away.

This made it extremely angry.

It will rush back and tear all those shameful humans into pieces.

However, he saw the two-headed lion beast suddenly return in the blue sky, and the sound of fierce fighting came from the valley in the distance, which made him instantly understand what was going on.

At the moment, Qingtian Qi felt happy that he had saved his life, but he was also worried about Lord Qingtian.

It seems that the situation in the valley is not good! It should be that the three masters I sensed earlier have all rushed over.

I just don't know, what is Brother Tianjun's situation now?

However, it would still be beneficial to Brother Tianjun if the two-headed lion beast rushed back.

After all, his 'disappearance' can hide himself. The two-headed lion beast cannot see him, and its anger will only be vented on others."

Thinking of this, Qing Tianqi felt a little relieved, and then climbed up with difficulty, and took out a red fruit from the War God's Order space. It was as big as a walnut and very delicate.

This red spiritual fruit was what they had harvested in the past few days. A kind of spiritual fruit was found that is specially used to treat injuries. It is very effective in treating both internal and external injuries. It is called 'Bailing Guo'.

At that moment, Qingtian Qi swallowed the 'Bailing Fruit' and hurriedly refined it.

After a cup of tea, , Qingtian Qi refined most of the medicinal power of 'Bailing Fruit', and the injuries on his body were healed by 70%.

However, Qingtian Qi had no intention to continue refining. He was thinking about the safety of Lord Qingtian, so he hurriedly got up. Rushing towards the valley.

Before the Qingtian rushed to the valley, he heard the excitement of fighting and the roar of ferocious beasts from a distance.

Apparently, the two-headed lion beast was having a fierce battle with people. The ground was fighting.

At that moment, Qingtian Qi hurried over.

When Qingtian Qi approached the mouth of the valley, he quickly hid his breath and sneaked over quietly.

However, when Qingtian Qi entered the mouth of the valley, he found that there were many people at the mouth of the valley. A transparent water curtain sealed the exit.

On the other side of the water curtain, there was a man holding a long sword, who was fully on guard.

Seeing the water curtain, Qing Tianqi was shocked and did not dare to pass through casually. Instead, he quietly looked into the valley from the water curtain. In the valley, he saw Lian Mingyu and Xiao Yue joining forces and fighting the two-headed lion beast in a dark and indistinguishable manner.

The two sides actually fought each other. In a tie, no one could do anything to anyone.

At the mouth of the valley, Yan Bi was still standing there, but did not go up to help.

Seeing this, Qing Tianqi, who was hiding in the dark, was horrified.

The three masters I sensed earlier, It turns out they are all from the Great Jin Kingdom. The people from their Great Jin Kingdom are very hostile to our Great Kun Kingdom! I wonder how Brother Tianjun is doing now?" He knew Lian Mingyu and Qingtian Qi, but Xiao Yue and Yanbi also looked familiar to him, so he knew that the three of them were all from the Jin Dynasty.

At this moment, Qingtian Qi was anxiously looking for Lord Qingtian in the field.

However, he searched and found no sign of Lord Qingtian, nor did he see Lord Qingtian's body nearby, which immediately made Qingtian Qi anxious.

Just when Qing Tianqi was anxious, his expression moved slightly and he turned his head to look at a certain corner in the valley.

It turned out that just now, he noticed a flow of air in that corner for no apparent reason.

Hearing the sound of flowing air, Qingtian Qi was suddenly pleasantly surprised, because he knew that Lord Qingtian was probably hiding in that corner. He had moved unintentionally just now, which caused changes in the airflow in the air.

It seems that Brother Tianjun is still inside. No wonder someone is guarding the entrance of the valley.

It seems that the three of them were afraid that Brother Tianjun would escape, so they sent one person to guard the transparent water curtain, presumably to deal with Brother Tianjun.

After thinking about this, Qingtian Qi felt relieved.

As long as nothing happened to Mr. Qingtian, he would naturally feel a lot more relaxed.

Only then did he have the intention to take a good look at the situation on the field..

Chapter 2895

When Qing Tianqi saw that Lian Mingyu and Xiao Yue had joined forces and were able to fight the two-headed lion beast, they couldn't help but be horrified in their hearts.

Qingtian Qi didn't think much about Xiao Yue, but Qingtian Qi was still shocked at Lian Mingyu's strength.

This Lian Mingyu is so strong! His overall strength should be equivalent to three fifth-level Dzogchen peak warriors, and with Xiao Yue's help, he can indeed compete with the two-headed lion beast.

As for who wins and who loses, it is still very difficult to say.

At this moment, Lian Mingyu in the field was holding Yunlan Sword and wearing a silver-blue battle armor. At the same time, he used the 'Water Image Clone Technique' to split into five parts and fight the two-headed lion beast head-on.

In fact, the battle armor on Lian Mingyu's body is a top-level defensive spiritual weapon, the 'Yunlan Battle Armor'.

This is because Lian Mingyu possesses two top-quality spiritual weapons and has also mastered a top-level martial art, 'Water Image Clone'. Technique', this made Lian Mingyu's comprehensive strength reach the sum of three fifth-level Dzogchen peak warriors.

Now that Xiao Yue was on the side to support them, the two of them were able to fight to a tie with the two-headed lion beast.

Looking at the fighting situation between the two sides, it seems that it will take a long time to determine the winner!

Why don't I just sit back and watch the tiger fight, maybe I can get some bargains in the end.

Thinking of this, Qingtian Qi decided to watch the battle quietly.

But at this moment, Yan Bi, who had been guarding the entrance of the valley, became impatient.

I saw Na Yan Bi shouting: "Boss Lian, do you want me to help you!"

But he didn't want to, Na Lian Mingyu said in a deep voice: "No! Yan Bi, just stay at the mouth of the valley for me, don't let Da Kun Country That bastard ran away. Xiao Yue and I will deal with this beast."

After hearing this, Yan Bi had no choice but to continue to guard the entrance of the cave.

When Qing Tianqi heard this, he felt happy.

Judging from the meaning of what I just said, Brother Tianjun is really in the valley, and they have been unable to do anything about Brother Tianjun.

However, since you dare to take action against my brother Tianjun, I will be rude to you and wait until both of you are harmed before taking action!

Judging from the current situation, it seems that we will have to wait for a while!"

Thinking of this, Qingtian Qi's mind moved, and then he took out another 'Lark Fruit' and ate it.

Then, he was distracted.

While monitoring the movements in the field, he continued to refine the spirit fruit to recover from his injuries.

However, he said that the field The fighting was very fierce, and the two sides continued to fight for nearly half an hour.

Lian Mingyu gradually gained the upper hand.

Qing Tianqi, who was hiding aside, was very surprised when he saw such a scene.

No wonder Lian Mingyu didn't Let Yan Bi intervene. It turns out that he is confident in defeating the two-headed lion beast. It seems that I still underestimated him! If the three of them had joined forces, the two-headed lion beast would have been killed long ago. After all, Yan Bi His strength is not inferior to that of Xiao Yue.

Thinking of this, Qingtian Qi secretly rejoiced in his heart.

He was glad that the two of them took the first step and allowed Qingtian Lord to collect the spiritual fruit first.

Otherwise, with the strength of Lian Mingyu and the others, they would only be able to It only takes a few breaths to collect the spirit fruit, and then the three of them can work together to kill the ferocious beast, and then leave quickly.

Or after gathering the spirit fruit, they can leave directly regardless of whether the guardian ferocious beast is dead or alive.

After all, grabbing the Spiritual Fruit and killing the guardian beast are two different things.

If that were the case, Qingtian Qi could only watch the Hundred Saint Fruit being obtained by the other three, and could do nothing.

Even if he secretly caused trouble, it would be useless, but it would bring consequences to himself. A fatal disaster.

But in the current situation, it is obvious that the 'Hundred Saint Fruit' was obtained by Lord Qingtian.

This is of great benefit to Qingtian Qi's side.

Because Lian Mingyu and the other two had to send one person to guard them in order to prevent Lord Qingtian from escaping. At the entrance of the valley, this dispersed their fighting power.

It would be more difficult for the remaining two to deal with the ferocious beasts, which also consumed their physical strength to the maximum extent.

This was a waste for Qingtian Qi and the others. The strength of the opponent is also very beneficial.

Just when Qingtian Qi figured this out, a ferocious roar of a ferocious beast suddenly came from the field.

Qingtian Qi was startled and quickly looked towards the field, just in time to see Lian Ming The jade sword pierced one of the eyes of the two-headed lion beast.

Suddenly only three of the beast's four eyes were left.

"Roar!"

The severe pain made the two-headed lion beast become ferocious and rushed towards Lian Mingyu like crazy.

"Ha ha!! Evil beast! If I hurt your eye this time, I'll kill you next time!"

Lian Mingyu laughed wildly with pride and drew out his long sword. He was not afraid of the two-headed lion beast at all..

Chapter 2896

At the same time, he did not forget to shout to Xiao Yue:"Xiao Yue! This beast can't hold on for long. Let's work harder to kill this beast. The next step is to kill the bastard from the Kun Kingdom hiding in the valley!"

"Ha ha!! Boss Lian, as soon as you kill that guy from Dakun Country, give me the top-quality spiritual sword in his hand!"

"Ha ha!! no problem!"

At that moment, Lian Mingyu and Xiao Yue joined forces to intensify the attack with their hands, and immediately completely suppressed the two-headed lion beast at a disadvantage. They killed the two-headed lion beast with roars and retreated step by step.

Seeing this scene, Hidden Secret Qing Tianqi frowned immediately.

If he waited any longer, the two-headed lion beast would be killed by Lian Mingyu and his two men.

At that time, the two of them would be able to free their hands to deal with Tian Qi hiding in the valley. Brother Jun, this is not good!"

Thinking of this, Qingtian Qi took a deep breath. He had just refined a 'Bailing Fruit' and had recovered 80% of his injuries.

Although Qing Tianqi only recovered 80% of his injuries, he was confident of killing Yan Bi.

After all, his overall strength is better than that of a fifth-level Dzogchen peak warrior, and Li Bi's strength can only be said to be comparable to a fifth-level Dzogchen peak warrior.

Now is the time to take action. Lian Mingyu and the two have been entangled with the two-headed lion beast for so long, and most of their physical strength has been exhausted!

Especially Xiao Yue, he should be at his most relaxed now.

Thinking of this, Qingtian Qi snorted coldly, slowly took out the Mingye Bow, and slowly opened it in the dark.

An energy arrow quietly formed between his fingers.

At this moment, the roar of the two-headed lion beast came again from the field, but it was Xiao Yue who cut off the tail of the two-headed lion beast with a knife.

Xiao Yue's crazy and proud laughter suddenly came from the field.

"Ha ha! Evil beast! I wonder how long you can last?"

"Ha ha!! Well done, Xiao Yue!"

"Roar!"

The two-headed lion beast roared in pain and began to turn its angry spear towards Xiao Yue.

Its three eyes were all blood red. Regardless of Lian Mingyu's attack, it rushed towards Xiao Yue crazily.

Xiao Yue suddenly panicked. Terrified, he was so frightened that he dodged backwards. He had been holding back the two-headed lion beast from the side all the time. He did not dare to fight the two-headed lion beast head-on. However, Lian Mingyu realized that something was wrong and quickly stepped forward to rescue.

But the two-headed lion beast was fierce. Sexually explosive, as if he recognized Xiao Yue, he chased him closely.

This immediately made Xiao Yue panic.

But at this moment, Qing Tianqi, who was hiding in the dark, was overjoyed and secretly said:"God help me!"

I saw him instantly pulling out the Mingye Bow with all his strength, and the arrow tip pointed directly at Xiao Yue's back.

At the same time, his left eye pupil flashed, and a God-Destroying Thorn shot forward.

The God-Destroying Thorn As soon as it was shot, Qing Tianqi's fingers relaxed, and an energy arrow was shot out.

In an instant, the invisible god-destroying thorn and energy arrow continuously passed through the 'blue water sky curtain' in front, and fired at Xiao Yue And left.

At the same time, Xiao Yue was being forced back by the two-headed lion beast.

Suddenly, the two-headed lion beast roared and swung a claw towards his chest.

Xiao Yue's face changed slightly, and he quickly used his sword to block it..

But at this critical moment, he suddenly felt a stinging pain in his head, his mind was suddenly in a trance, and the movements of his hands were hesitant.

With this hesitation, the attack of the two-headed beast had already arrived, and it penetrated with one claw. It hit his chest.

Xiao Yue suddenly screamed and retreated sharply.

But before he could even take a step back, an arrow flashed behind him, and another energy arrow shot through him.

Xiao Yue screamed again. With a sound, his body fell to the ground.

Two consecutive fatal injuries killed Xiao Yue immediately!

At the same time, an extremely shrill beast roar came from the field, blood spurted out, and a fierce beast The head flew more than ten feet away.

But the two-headed lion beast attacked Xiao Yue blindly, but Lian Mingyu seized the opportunity and cut off one of its heads with a sword, and blood spurted out.

Yes. As he said some changes, they happened almost at the same time, shocking everyone present.

"who?! Yan

Bi, who was guarding the entrance of the valley, turned back angrily and turned to look in the direction where Qingtian Qi was hiding.

Qingtian Qi turned around and ran out of the hiding place without even thinking about it, and fled out of the valley.

"The backstabbing bastard! Don't even think about escaping!"

Yan Bi was so angry that he didn't care about guarding the entrance of the valley, so he chased Qingtian Qi to kill him..

Chapter 2897

At the same time, Lian Mingyu looked at Xiao Yue's body and roared sadly. He no longer cared about killing the two-headed lion beast. He drove away the seriously injured beast with one sword, then turned around and chased Qingtianqi.

But at this moment, behind the white tree in the valley, the space suddenly changed, and then the figure of Lord Qingtian appeared.

As soon as the Qingtian Lord appeared, he shouted urgently: "Lian Mingyu, I'm right here, don't you want to kill me?"

"Then go fuck yourself!"

As soon as Lian Mingyu rushed out more than ten meters away, he saw Qingtian suddenly appear. He was furious and struck Qingtian Lord behind the tree with his sword.

When the sword was swung out, a line of more than ten meters was formed in the air. The ice-glazed sword, which was ten feet long, slashed down into the air.

'There was a loud bang, and the light knife immediately split the Baisheng tree in front of it into four pieces.....

Lord Qingtian, who was hiding behind the tree, was already on guard and immediately used 'Phantom' to avoid this terrifying sword.

Just as Lian Mingyu destroyed the white tree with a sword, the heart-rending roar of the two-headed lion beast came from behind him

All the guardian beasts are guarded by the will of the gods.

Although the spiritual fruit is the object of their protection, the most important thing they protect is the spiritual tree.

The spiritual fruit was snatched away. They would at most chase it away for a while and then return to continue guarding the spiritual tree.

After all, this spiritual tree will still grow spiritual fruit. If it disappears this time, it will grow again next time.

But Lian Mingyu destroyed the spiritual tree with one sword, which completely destroyed its will to protect, which immediately made the ferocious beast completely crazy.

It lives to protect the spiritual tree. Now that the spiritual tree has been destroyed, what's the point of its life?

At that moment, the two-headed lion beast rushed towards Lian Mingyu desperately. It was completely crazy. It wanted to die with the human in front of it!

Immediately, Lian Mingyu was entangled by the two-headed lion beast again. Under the crazy attack of the ferocious beast, he could not escape at all.

Seeing this, Qingtian Jun sneered: "Lian Mingyu, just stay here and play with this ferocious beast for a while! I won't accompany you anymore!" At that moment

, Qingtian Jun's figure turned into a phantom and walked out of the valley. Rush away.

But on the other side, Qing Tianqi turned around and ran away, while Na Yan Bi chased him from behind.

The two of them chased and fled, and soon they were two miles away in the valley.

Qingtian Qi saw that there was only one person chasing behind him, and they stopped in a hurry.

After he finished speaking, he was overjoyed when he saw Qing Tianqi suddenly stop, but he cursed loudly: "You, a little fifth-level warrior, dare to hurt people with secret arrows. Why the hell didn't you run away?"

While speaking, he He had already raised his sword and charged towards Qingtian.

Qing Tianqi sneered, quickly put away the Mingye Bow, and held the double swords of Chasing the Sun and the Moon in his hands.

At this time, Na Yanbi happened to kill, and the two sides fought together.

In the blink of an eye, the two sides fought for more than ten rounds, and it was difficult to decide the outcome.

This immediately frightened Yan Bi. He did not expect that the other party, who was only a fifth-level warrior, could actually be tied with him.

In fact, he didn't know that Qing Tianqi's injuries had not recovered, otherwise he would have been at a disadvantage.

Just when Yan Bi was getting more and more frightened, Qing Tianqi suddenly used the "Mist Hidden Technique" with his hand seals, shrouding both sides in thick fog.

Immediately, the sound of fierce fighting came from the thick fog.

Not long after, a scream came from the thick fog.

Then I saw a figure with a chest injury, rushing out of the thick fog, but it was Na Yan Bi who escaped with serious injuries.

But as soon as Na Yanbi broke out of the thick fog, Lord Qingtian arrived just in time.

At that moment, Lord Qingtian sneered: "Want to escape? It's that easy!"

At the same time as he spoke, Lord Qingtian rushed forward and hit Yan Bi's chest with the 'Blue Dragon Roar' move.

After saying this, he was horrified and hurriedly waved his sword to attack the oncoming attack.

But just for this delay, Qingtian Qi arrived shortly afterwards.

A sword penetrated his heart from his back.

Yan Bi died immediately on the spot...

After killing Yan Bi, Qing Tianqi did not stop at all and said anxiously: "Let's go! Go kill Lian Mingyu!"

"good!"

At that moment, the two of them rushed towards the valley..

Chapter 2898

When Qingtian and Qi returned to the valley, they happened to see Lian Mingyu coming out of the valley with a pale face and blood all over his body.

I saw five clear blood holes on Lian Mingyu's chest. Blood was gurgling out from those five blood holes, and it had dyed the armor and clothes on his chest red.

Obviously those five bloody holes were caused by the beast's claws injuring his chest.

At this moment, Lian Mingyu was seriously injured, his face was pale, and he was standing there staggeringly, as if he was about to fall down at any time.

There was no sound in the valley behind him. It seemed that the two-headed lion beast had been killed by him.

He was also seriously injured as a result. It can be imagined that the previous battle must have been very tragic.

But when Lian Mingyu saw Qingtian Qi coming back, his face changed slightly, and he asked in surprise: "How dare you come back, what about Bi Yan? Where did he go? Or did he lose him after chasing you?"

Qingtian Qi sneered slightly: "Lian Bi Mingyu, you don't have to wait for Yan Bi to come back, he has been killed by me!"

After hearing this, Lian Mingyu's face changed drastically, and he said with surprise: "Impossible! This is absolutely impossible! He's just a fifth-level warrior, how could you possibly kill him? Are you trying to provoke me on purpose?"

"Believe it or not? Lian Mingyu, I tell you the truth. I know that you are seriously injured now and your strength is greatly reduced. Maybe your remaining strength is less than half of what you were before. The two of us came back to kill you."

Hearing this, Lian Mingyu laughed angrily.

"Ha ha!! You two little characters dare to say such things to me. To tell you the truth, if Long Xiaotian comes over, I, Lian Mingyu, might be afraid. But you? snort! Even if Mingyu and I were seriously injured, I would still have no trouble killing you two."

"snort! Brother Tianjun, hold this!"

Qingtian Qi immediately snorted coldly, unwilling to talk nonsense with Lian Mingyu anymore, and took out the Mingye Bow and threw it to Lord Qingtian.

Lord Qingtian understood immediately, received the Mingye Bow, stepped back, and immediately disappeared out of thin air.

When Lian Mingyu saw this, he immediately felt something bad and said a little uneasily

"What are you two going to do?"

"snort! What else can you do? Of course I will kill you! If I don't kill you now, when will I wait? Lian Mingyu, go to hell!"

Qing Tianqi stopped talking nonsense, and in a flash, he held two swords in his hands and killed Lian Mingyu.

"What a speed!"

Lian Mingyu's face changed drastically, and then he said angrily: "Seeking death!"

Then the two sides started fighting.

Lian Mingyu was seriously injured and his strength was greatly reduced.

On Qingtian Qi's side, he and Qingtian Jun cooperated with each other.

First, Qingtian Qi used his extraordinary speed to fight with Lian Mingyu in the open. His speed is much faster than Lian Mingyu.

Qingtianjun hides in the dark and uses the Mingye Bow to fire cold arrows from time to time to constantly contain Lian Mingyu.

The two cooperate very well.

Qingtianjun's cold arrows make Lian Mingyu He was so annoyed that he had to stay alert and be on guard at all times.

He also wanted to kill Qingtian Jun first, but the position of Qingtian Jun was constantly changing. Every time an arrow was shot, another one would be replaced. Position, he had no idea where Lord Qingtian was.

In this way, the two sides fought for dozens of rounds in the blink of an eye, and Lian Mingyu gradually fell into a disadvantage.

Lian Mingyu was originally much stronger than Qingtian Qi, but he was seriously injured at this moment. After a battle, his injuries worsened, so he was gradually at a disadvantage.

In fact, Qingtian Qi and the others also had to kill Lian Mingyu.

The two of them killed Xiao Yue and Yan Bi, and Lian Mingyu was killed. Mingyu will never let them go.

Lian Mingyu is too strong. This time he is seriously injured, which is the best opportunity to kill him.

If you miss this opportunity, it will be like letting the tiger go back to the mountain.

Wait for Lian Mingyu next time After recovering from his injuries, if he comes to settle accounts with the two of them again, they will be in trouble..

Chapter 2899

But Lian Mingyu was forced to a disadvantage by the two of them, and he became very anxious and said angrily: "Boy, do you really think I can't do anything to you two? Let you see the power of the best martial arts, the Water Image Clone Technique!"

As soon as these words came out, Lian Mingyu's figure flashed, split into five, transformed into five identical clones, and then integrated his body into one of the clones.

Seeing this, Qingtian Qi sneered slightly and immediately used the Mist Hidden Technique.

If it were other top water martial arts, Qing Tianqi might be helpless. He had cracked this 'Water Image Clone Technique' in the Rookie Conference before, so he was naturally fearless.

At that moment, the two started fighting in the thick fog.

The sound of fierce fighting was immediately heard in the thick fog.

Outside the thick fog, Qingtian Jun could only watch silently, feeling worried in his heart. He did not have Qingtian Qi's ability to hear things, and it was difficult to see in the thick fog, so he could only watch from the sidelines.

The victory or defeat in this battle can only depend on Qingtian Qi himself.

But it was said that the two sides fought fiercely for a long time in the thick fog, and it was difficult to tell the winner for a while.

The longer Qingtianjun waited outside the thick fog, the more anxious he became, and the longer he waited, the more worried he became.

Suddenly, changes occurred in the field.

In the thick fog, first a muffled groan from Qing Tianqi was heard, and then a scream from Lian Mingyu.

Then it's 'Whoosh! Uh-huh! Uh-huh! Five figures rushed out of the thick fog and fled in five different directions.

The person who escaped was none other than Lian Mingyu.

Outside the thick fog, Qingtianjun was stunned when he saw five Lian Mingyu running away in five different directions. For a moment, he didn't know which body he was, and he didn't know which one he should attack, let alone chase him. that one.

If this Water Image Clone Technique cannot attack the main body, attacking any clone will have no effect.

At this moment, Qingtianqi slowly walked out of the thick fog. There was still a wisp of blood hanging from the corner of his mouth. It was obvious that he was also injured in the battle just now.

"This Lian Mingyu is really very powerful. When he was so seriously injured, not only did I fail to keep him, I was also injured by him."

Qing Tianqi said with emotion, and slowly wiped away the blood from the corner of his mouth.

But Qingtian Jun on the side said anxiously:"Tian Qi, what should we do now? This guy is going to escape soon. If we can't kill him this time, then our life will be difficult in the future. He will definitely not let us go.

Qingtian Qi sneered slightly: "Humph!" Did he think he could escape by using the Water Image Clone Technique and running away in five different directions? This time he must die!"

"But! His Water Image Clone Technique is so powerful that you have to attack five of them at the same time to know which one is his true body. Now that there are only two of us, it is useless to catch up! Is it really unacceptable to watch him escape this time?"

Qingtian Jun was anxious and angry, with a look of reluctance. At the same time, there was a wave of worry in his heart.

Because he knew very well that if Lian Mingyu escaped this time, he would be letting the tiger go back to the mountain, and Lian Ming would be the one to greet them. Yu retaliated crazily.

While the two were talking, Lian Mingyu's five clones had each escaped a mile away.

Not long after, the five clones disappeared into the mountains and forests, and disappeared in the blink of an eye.

Seeing this, Qingtianjun was completely in despair, and couldn't help but sigh in his heart.

"Why! It seems that Lian Mingyu really escaped this time!"

Unexpectedly, as soon as he had this thought in his mind, Qing Tianqi looked at the direction where Lian Mingyu disappeared and sneered: "Lian Mingyu, your death is coming soon!"

Hearing this, Lord Qingtian was greatly puzzled.

Just when he was confused, Qingtianqi took the Mingye Bow from his hand, and then waved the thick fog behind him to disperse the thick fog.

As soon as the thick fog dissipated, the place where the fierce battle was fought was revealed.

Qingtian Qi walked slowly to a pool of blood, then pinched a seal, and with a casual move on the pool of blood, he extracted from the pool of blood. A ball of blood essence.

As soon as the blood essence was brought out, Qing Tianqi's face suddenly showed joy.

Then, he saw him sacrificing the blood essence into the Mingye Bow, and then shot three red arrows at random into the air. 'Guiding arrows'.

The three guiding arrows immediately shot out in a certain direction like three rays of red lightning, disappearing in the mountains and forests in an instant.

Not long after, three voices were heard in the mountains and forests ahead. Piercing screams.

Hearing these screams, Qingtian Jun suddenly showed a look of joy.

Because the screams were made by Lian Mingyu..

Chapter 2900

It was only at this moment that Qingtian Jun finally understood why Qingtian Qi was not in a hurry to hunt down Lian Mingyu. It turned out that Qingtian Qi had already thought of using the Night Bow to break Lian Mingyu's Water Image Clone Technique.

Although Qing Tianqi couldn't tell which clone was Lian Mingyu's true body, the guiding arrow could easily tell.

At that moment, Qingtian laughed loudly: "Haha!! I don't know if Lian Mingyu is dead! Brother Tianjun, I will go and take a look now, and I will leave everything here to you."

"good!"

At that moment, Qingtian Qi rushed towards the place where Lian Mingyu screamed.....

Lord Qingtian began to clean the battlefield and harvest the spoils of war.

In this scene, although Na Yan Bi, Xiao Yue and the three previous fifth-level peak warriors were all dead, they still had many good things with them.

But on the other side, when Qing Tianqi rushed to the place where Lian Mingyu screamed, he found that Lian Mingyu was already dead.

Qingtian Qi immediately collected the trophies from Lian Mingyu's body.

After a while, Qing Tianqi received two top-quality spiritual weapons from Lian Mingyu.

One is the Yunlan Sword, and the other is the Yunlan Armor.

This made Qingtian Qi very excited.

The best spiritual weapons are very rare, and most fifth-level warriors have no chance of owning one.

Especially the Yunlan armor, which is a top-grade defensive weapon, is even more rare.

"Ha ha!! Sister Xiaoyue is the weakest, and this Yunlan armor is a top-grade water-type spiritual weapon, which can be used by her just right. With this Yunlan armor, sister Xiaoyue's strength will definitely increase a lot."

Thinking of this, Qingtian Qi happily put away the Yunlan Sword and Yunlan Armor.

Before the Yunlan Armor was activated, it looked like a waist buckle. It was also very exquisitely made, and Qingtian Qi even liked it.

Then, Qingtian Qi also found a lot of spiritual fruits and elixirs from Lian Mingyu's corpse, as well as several water-based martial arts.

Among them, what surprised Qingtian Qi the most was that he obtained two martial arts that he liked, one of which was a pseudo-superior one. The martial skill 'Ice-Sealing Technique', and the other is the top-notch martial skill 'Water Image Clone Technique'.

Qingtian Qi immediately put away all these things happily, and then released a ball of earth-centered flames, burning Lian Mingyu's body to ashes After dealing with these, Qingtian Qi quickly joined Qingtian Lord.

This time, Qingtian Lord's harvest was also quite rich.

He received seven spiritual weapons from several corpses, two of which were defensive spirit armors, and another harvest He bought a lot of spiritual fruits and elixirs.

However, what excited Qingtianjun the most was that he actually harvested a top-quality auxiliary spiritual weapon 'Feiyu Boots' from Xiao Yue.

The 'Feiyu Boots' were The best wood-type spiritual weapon can increase the movement speed by 50%.

Xiao Yue is not a wood-type warrior and cannot use these boots, so he has never used them before. This time, he was obtained by Qingtian Lord, which also greatly benefited Qingtian. Jun.

Qingtian Jun got these Feiyu combat boots, and his strength was greatly increased. In addition, after his psychic fusion, the 'Phantom' added to his speed, which made his speed surpass the fifth-level Dzogchen in one fell swoop. The level is infinitely close to that of the peak warrior of the fifth-order Great Perfection.

His comprehensive strength has also increased accordingly, and has reached the level of the fifth-order Great Perfection.

Now, even if Lord Qingtian does not refine those spiritual fruits, with his current strength , you can pass this level.

In addition, Qingtianjun also obtained a water-wood fusion martial art 'Bishui Canopy' from Yan Bi and handed it over to Qingtian Qi.

At the moment, the two took stock of all the gains. I'm very happy.....

This time, in addition to harvesting six 'Hundred Saint Fruits', I also received numerous spiritual weapons and spiritual fruits. Especially since there were three top-quality spiritual weapons in the harvest, the harvest was extremely rich.

Afterwards, Lord Qingtian only left the 'Feiyu Boots', and gave everything else to Qingtian Qi.

After all, only Qingtian Qi's God of War Order space can store these things.

After handling the trophies, the two cleaned up the battlefield and quickly left the scene.

Of course, before leaving, Qingtian Qi did not forget to take away the inner elixir of the two-headed lion beast..
