

God level 291

Chapter 291

At this time, the God Emperor was completely dumbfounded!

The Hades Emperor was also confused!

Even the Azure Dragon Emperors were stunned.

These six people were all from the Southern League.

When did the Southern Alliance become so powerful?

Everyone was secretly shocked!

The difficulty of the secret realm has increased tenfold, and all six members of the Southern Alliance are alive. This is the rhythm of crushing all forces!

Huh! wrong! six people?! Not five people?

Everyone soon discovered that something was wrong.

I saw that among the six people in Qin Feng, one was a beautiful little lolita whom I had never seen before, it was Chu Chu.

Everyone's eyes fell on Chu Chu.

The southern uniform on Chu Chu was particularly eye-catching.

This is enough to prove that she is from the Confederacy.

Actually, don't talk about these outsiders.

Even Feng Emperor and Neptune were dumbfounded.

When did Chu Chu go in?

They clearly remember that Chu Chu stayed at the SAARC headquarters!

Emperor Feng was thoughtful.

She had already guessed that it was Qin Feng's trick.

Chu Chu is Qin Feng's sister.

The two have always been dependent on each other and have almost never been separated.

However, none of this matters anymore!

Seeing Qin Feng come out alive, her heart felt as if the world had just opened, everything was revived, everything became extremely bright, and everything was full of vitality.

She had never been so happy!

She was just standing there quietly.

She is still aloof!

She is still stunningly beautiful!

She stared at Qin Feng silently, with a smile on her lips and tenderness in her eyes.

At this moment, she only has Qin Feng in her eyes and can no longer tolerate others.....

The atmosphere in the field became quiet.

Everyone has different thoughts.

Pluto Emperor still had an embarrassed smile on his face, and his old face turned slightly red.

He also said before that the people who came out alive were members of the Coma Organization.

I didn't expect to be slapped in the face so quickly!

The God Emperor also looked shocked.

He recognized Chu Chu.

Isn't this little girl Qin Feng's sister?

When did she go in?

Thinking of this, he looked at Qin Feng with a strange look in his eyes

"Miss Jiufeng, what a good trick! admire! admire!"

Emperor Xuanwu's admiration rang out from the crowd.

The emperors woke up and cast admiring looks at Emperor Feng.

It turned out that they thought Chu Chu could go in because of Emperor Feng's trick.

He could be sent in under the eyes of all the emperors. One person, that's the ability, that's the means.

All the emperors thought they couldn't do it, and they couldn't help but admire it, and they were secretly shocked in their hearts.

It seemed that Emperor Feng's strength had improved again!

Among the crowd, Emperor Qinglong looked deeply Emperor Feng glanced at him.

He suddenly felt a sense of crisis, as if he was about to be surpassed by Emperor Feng.

Speaking of which, Emperor Feng was the youngest among the emperors, but his strength ranked among the top three, which should not be underestimated.

At this moment, don't say These emperors, even the King of the Sea looked at Feng Di with admiration.

He also thought it was Feng Di's method.

If Qin Feng did it, he couldn't believe it.

Space ability is rarely known in today's earth world..

Regarding all this, Feng Di smiled and said nothing.

Naturally, she would not tell the truth.

"Jiufeng, the biggest winner this time should be your Southern Alliance....."

In the crowd, the Ice and Snow Emperor spoke with envy.

This reminder made everyone look envious again. yes!

With six people from the Southern Alliance coming out alive, the harvest will definitely be richer than before.

Not only that, after these six people have gone through this experience, they will definitely become the mainstay in the future, and even produce a few kings.

Every king is the backbone of all forces!

The future of the Southern Alliance is bright!

This naturally attracted the envy of all the emperors.

Of course, the Immortal Fire Emperor and Beicang Emperor in the crowd were a little unhappy.

They have some grudges against the Southern Alliance, and naturally they don't want to see the Southern Alliance become stronger.

Especially the Immortal Fire Emperor, he was a little disappointed to see Qin Feng come back alive.

This kid had rejected his invitation before, which made him unhappy.

But at this moment, the heroic voice of the White Tiger Emperor sounded in the field

"God Emperor and Hades Emperor, if I remember correctly. You said before that seven or eight of your comatose organizations should be able to come out alive. It seems like only one has come out now!"

As soon as these words came out, everyone couldn't help but look at the God Emperor and the Hades Emperor.

Some people even looked like they were watching the show.

The God Emperor and the God Emperor suddenly felt a little embarrassed.

In fact, they saw Qin Feng come back alive. , their hearts had long been uneasy.

But they really didn't believe that with Long Shang's strength, he couldn't deal with these earth juniors.

At that moment, Hades Emperor laughed dryly and said: "Haha! Everyone, this secret realm is not over yet! It's too early to say anything, just watch!"

But as soon as he finished speaking, the sea eye below let out bursts of roaring sounds, and the potential sea area was trembling.

Everyone quickly looked down.

At this glance, everyone saw that the exit of the light hole was shrinking rapidly. In the blink of an eye, The light hole was completely closed.

The huge sea eye was disappearing quickly.

The exit of Longxu was closed!

The Hades Emperor was dumbfounded!

The God Emperor's expression changed drastically.

In the crowd, the Immortal Fire Emperor and the Beicang Emperor also changed their expressions slightly.

Theirs No one has come out yet!

Especially the Fire Emperor, his direct descendant Zhu Yang is still inside!

Could it be that he also died inside...

Thinking of this, the Fire Emperor's face became even more ugly.

"The secret realm is closed!"

A voice sounded from the crowd.

Many people looked at the God Emperor and the Hades Emperor with strange expressions.

Some people looked at the Fire Emperor and the Beicang Emperor with sympathy.

At this time, the Jade Unicorn happened to fly to the sea.

"Jade Qilin, where is Long Shang?", the God Emperor asked impatiently

"Returning to Your Majesty, Long Shang and others have died in the secret territory.....", Yu Qilin answered truthfully.

After receiving the confirmation with his own ears, the God-Emperor's face instantly turned ugly.

Immediately, he raised his head again and sent a message to Yu Qilin:"Where is the Emperor's Ascension Pill?"

"Returned to His Majesty, did not get...."

The God Emperor seemed to have received a heavy blow, his whole body was shaken, and his face was a little gray.

He had been planning for the Emperor Sheng Dan for decades, but in the end it was all in vain!

How could this not make him angry?

At this time, he seemed to sense something. When he raised his head, he saw many people casting strange looks at him.

Those with sympathetic eyes also had gloating eyes.

This annoyed the God-Emperor.

He was looked down upon by these low-level star realm people!

This made him very angry!

Just then, Qin Feng and six others also flew over the sea

"Qin Feng, was Long Shang killed by you?"The God Emperor looked at Qin Feng with a cold expression.

Everyone in the field was shocked..

Chapter 292

The God-Emperor actually asked such a taboo matter in public!

What is this for?

You know, these juniors must have disputes in the secret realm.

The great emperors didn't care.

This is the default rule.

It was a bad rule for the God-Emperor to ask this.

The emperors couldn't help but frown.

Emperor Feng's pretty face turned cold, and he immediately became alert.

Emperor Qinglong said softly: "God Emperor, you have said before that the secret realm of Dragon Ruins is a place of chance, and battles are inevitable. Elders like us should not interfere with the conflicts inside!!"

"indeed so!"

The White Tiger Emperor, Xuanwu Emperor, Ice and Snow Emperor, Whale Emperor, and Shark Emperor all nodded.

The God Emperor was a little embarrassed.

But at this moment, the Fire Emperor sneered: "Everyone, the God Emperor is just asking. He didn't say what he wanted to do to Qin Feng. In fact, I also want to ask Qin Feng, where are all the people from my Vermillion Bird Alliance?"

"good! This emperor also wants to ask Qin Feng, why don't any of our Northern Alliance members come out?"

The Beicang Emperor also looked at Qin Feng with a sneer.

The God Emperor's eyes lit up, and he felt confident if there were people supporting him.

"good! The emperor just asked casually and did not say what he wanted to do to Qin Feng. Besides, not only did the Southern Alliance not lose anyone this time, but they also gained one more person. Aren't you curious?"

"Qin Feng, as the captain of the Southern Alliance, you should know a lot about the situation in the secret realm. You might as well speak out and let everyone know."

The God Emperor looked at Qin Feng with a half-smile.

He felt that the failure of his plan had a lot to do with Qin Feng.

So, he wanted to find out!

"Qin Feng, you don't need to pay attention! Everything belongs to me!"

Feng Di stood proudly in the sky, her bright red clothes flying in the wind.

She was very dissatisfied with the proposals of the God Emperor, the Fire Emperor, and the Cang Emperor.

"good! Qin Feng, you don't have to say it!", Emperor Qinglong also expressed his position.

He was a little unhappy with the God Emperor's lack of rules.

He had always claimed to be the host of the conference.

The God Emperor's lack of rules was tantamount to challenging his position.

However, Qin Feng Lingkong took it for granted. He stood and looked at the God Emperor with a calm expression.

"Since the God Emperor wants to know, there is nothing wrong with me telling the truth!"

Everyone was surprised and couldn't help but look at Qin Feng.

"Say it! How did Long Shang fall?", the God Emperor asked impatiently.

Qin Feng smiled calmly: "I killed him!"

As soon as these words were said, the whole audience was shocked.

What?!

Qin Feng killed Long Shang?!

That Long Shang was a quasi-eight-star powerhouse!

Can Qin Feng kill him?

"Can you kill Long Shang?", the God Emperor looked unbelievable.

"Boy, did you use a sneaky trick to attack?", Pluto Emperor also looked suspicious.

"Your Majesty, Qin Feng killed Long Shang head-on!", Yu Qilin spoke at the right time.

As soon as these words came out, the whole audience was shocked! Oh my god!

A seventeen-year-old boy actually killed a quasi-eight-star strong man!

This Qin Feng is amazing!

All the emperors looked at Qin in surprise. Feng and his eyes changed.

In the crowd, Emperor Feng's beautiful eyes shone.

His man had grown to such an extent!

The God Emperor and the Hades Emperor looked at each other silently, both feeling a little horrified.

This Qin Feng had grown so much. It's too fast!

Then, the God Emperor looked at Qin Feng coldly:"You are fine!"

Qin Feng smiled coldly and turned to look at Fire Emperor and Cang Emperor.

"Two emperors, do you want to know how your people died?"

"Did you kill him too?"

The Fire Emperor's tone was cold, and he was suppressing his anger.

His descendant Zhu Yang died, which made him extremely angry!

Emperor Cang also looked at Qin Feng with cold eyes.

The Southern Alliance and the North have always had enmity.

He also suspected Qin Feng killed five people from the Northern Alliance.

However, Qin Feng said quietly: "Tell the two emperors the truth, your people are all killed by Longshang."...."

"What?! Killed by Long Shang?!"

This answer surprised the Fire Emperor and Cang Emperor.

They couldn't help but look at the God Emperor.

The God Emperor frowned: "Qin Feng, are you deliberately spreading rumors?".

But just after he finished speaking,

Xiao Qingfeng stood out and said: "Master Qin Feng did not spread rumors! The people of the Southern Alliance and the Northern Alliance were all killed by Long Shang!"

"good! They were all killed by Long Shang!"

Another member of the Qinglong Alliance followed closely.

"We can prove it! Long Shang killed everyone from the Vermillion Bird Alliance and the Northern Alliance, and he also wanted to kill all of us."

The three people from the White Tiger Alliance also testified

"That's right! It was Master Qin Feng who organized our resistance, so we had a chance to survive! Master Qin Feng was completely forced to kill Long Shang!"

The two men from the Xuanwu League also agreed.

"We can prove it too! What they said is true. That Long Shang is extremely hateful...Thanks to Lord Qin Feng for saving us this time!"

Duanmuqing and three others from the Snow Mountain League also came forward to testify.

"We can prove it too! That Long Shang not only wants to kill people, but he also wants to spare us, the demon people. Lord Qin Feng, thank you very much this time!"

Xiao Lun Wang and Li Jiao also came forward.

They also saluted Qin Feng respectfully.

At this time, the whole audience was stunned.

There has always been a gap between the demon clan and the human clan.

Now, even the demon clan has come forward to prove that this matter is

The God Emperor was also stunned and couldn't help but look at Yu Qilin. Yu

Qilin smiled bitterly:"Your Majesty, I tried to persuade Long Shang, but he didn't listen to me....."

As soon as these words came out, everything became solid.

The God Emperor was speechless, but felt extremely annoyed in his heart.

That Long Shang is truly an unworthy waste!

Even if he wants to kill him, he should deal with it one by one. Why did he offend all the forces at once!

At this moment, the atmosphere in the venue became weird.

The emperors felt a little unhappy.

They were kind enough to allow the Hun Organization to participate in this secret adventure and share the opportunity.

But the Hun organization actually wants to kill everyone from all forces?

What does this mean?

If it's just ambition, it doesn't make sense.

At that moment, all the emperors looked at the God Emperor with indifferent expressions.

The God-Emperor looked very uncomfortable

"God Emperor, I have recorded this matter!!"

Cang Emperor left these words and left with a sullen look on his face.

Looking at Cang Emperor's leaving figure, the God Emperor hesitated to speak.

He knew that Cang Emperor had a grudge against the faint organization in his heart.

Fire Emperor also sneered. He landed on the ground and looked at the God Emperor.

There was anger deep in his eyes.

"God Emperor, among the five people who left the Suzaku Alliance this time, one is a direct descendant of this emperor!"

These words surprised the God Emperor: "This.....That Fire Emperor...."

"From now on, let your subordinates take care of themselves! Farewell!"

The Fire Emperor didn't bother to pay attention and evacuated directly with his men.

The God Emperor stood there awkwardly.

His chest was extremely depressed now and he was so angry that he couldn't beat him.

That Long Shang was really an idiot. Not only did he fail to complete the task, but he also offended so many people. Many forces.....

This will create many obstacles for him to rule the earth's forces in the future...

Thinking of this, the God-Emperor can no longer stay.

"let's go!"

At that moment, he took the Underworld Emperor and Jade Qilin with him and withdrew dejectedly under the indifferent gaze of everyone..

Chapter 293

In the blink of an eye, the God Emperor and others disappeared from everyone's sight

"Jiufeng, your Southern Alliance has produced an incredible genius!"

The Qinglong Emperor looked at Qin Feng with admiration.

Immediately, he regretted and said: "What a pity! According to the agreement, the war is coming, and little friend Qin Feng will not have much time to grow up."

As soon as these words came out, all the emperors and monarchs agreed.

"yes! One year later, the truce contract between the Star Orcs and us will expire. At that time, our earth will break out into a life-and-death war again!"

"I heard that the Immortal Wood Emperor of the Star Orc Clan has recovered. In addition, three of their kings have transformed into eggs, and the situation is very bad for our planet!"

Speaking of this, all the emperors looked sad.

Although they were aloof, they all cared about the billions of living beings on the earth.

In the last war, the earth was almost occupied by the star beasts.

In the end, the humans and monsters put aside their grudges. , joined forces together to resist the invasion of the Starry Sky Beast Clan.

That time, the Starry Sky Beast Clan dispatched eight emperors.

There were seven emperors from the Earth Human Race, plus the two emperors from the Deep Sea Clan, for a total of nine emperors.

The two sides fought to a draw and finally signed an armistice contract.

But now the problem arises. The Star Orcs are a strange race.

As long as they plunder enough resources, they can create a new emperor within a hundred years.

Now, they have three A king emerges from an egg.

When the three kings emerge from the eggs, they will evolve into new emperors.

By then, the star beast tribe will have eleven emperors.

But after so many years, the earth has not yet appeared. The new emperor, this situation is not good!

"Do you think the God Emperor and Pluto Emperor will participate in the war a year from now?", Emperor Xuanwu suddenly asked

"not necessarily! I think these two people are harboring evil intentions.....", the White Tiger Emperor shook his head slightly.

Emperor Qinglong also sighed:"We promised to let them enter the secret realm before, just to show our goodwill to the two of them."

"But judging from the behavior of these two people, they just want to let their subordinates monopolize every opportunity without leaving any room. This behavior is a bit weird....."

When Qin Feng heard this, he already understood the cause and effect, and was horrified.

He only knew today that the earth could be peaceful for so many years.

That was the truce contract signed between the emperors and the Star Beast Clan.

But now the contract is about to expire, and the earth's great crisis is coming.

"Your Majesties, I have important news to tell you!", Qin Feng suddenly spoke.

All the emperors couldn't help but look at him.

"My friend, please tell me!", Emperor Qinglong asked pleasantly.

"In fact, the God Emperor and the Pluto Emperor are not human beings on earth, they are human beings from other star regions....."

Qin Feng explained briefly...

After listening to this, all the emperors looked surprised.

"No wonder their attitude is so weird...."

"yes! I thought these two people appeared suddenly!"

"It seems that in this battle, these two people will either watch or disrupt the situation! We need to be more careful!"

The emperors suddenly felt the pressure increase greatly.

"Everyone, withdraw! Go back and make more preparations! Only one year left!"

The emperors looked at the sea.

The eye of the sea has long since disappeared.

Everything has returned to calm.

It's time for everyone to evacuate!

Qin Feng felt heavy in his heart when he heard this.

Some truths can only be learned if he reaches a certain status and level.

If he today Had he not heard these words, he would not have known that the earth was already facing a crisis.

Like ordinary elementalists, he would have been ignorant of the situation.

Just when everyone was preparing to evacuate, Emperor Qinglong seemed to have remembered something.

"Everyone, stay!"

"Great Emperor, what's the matter?"

"A month later, the Monument of Creation reappeared! Everyone, bring your kings with you and come to our Qinglong Holy Land to meditate together!"

As soon as these words came out, all the emperors were overjoyed.

The faces of the King of the Sea and other kings were even more happy.

"The great emperor is righteous!"

"Thank you, Brother Qinglong!"

All the emperors expressed their gratitude to Emperor Qinglong.

Qin Feng was very curious when he heard this.

"Yue'er, what is the Heavenly Monument of Creation?", Qin Feng secretly sent a message to Emperor Feng.

Emperor Feng aimed at him with his wonderful eyes, hiding all his love and affection.

"If you want to understand the Heavenly Monument of Creation, you must have at least eight stars of strength, otherwise you will not be able to get close. I'll tell you in detail later...."

Qin Feng's ears rang with Emperor Feng's message.

Afterwards, all the emperors discussed the matter of understanding the heavenly monument, and then returned to Wuming Island and evacuated in their respective aircraft.

A quarter of an hour later, there was no one left on the island.

This time the Dragon Ruins adventure is completely over.

But not long after everyone left, three strange figures appeared near Wuming Island.

It was actually the three God-Emperors who had gone and returned..

Chapter 294

But not long after everyone left, three strange figures appeared near Wuming Island.

It was actually the three God-Emperors who had gone and returned.

"Lord God Emperor, the aura of Dragon Ruins is still there....."

The Hades Emperor looked at the deep seabed with joy.

That's where the eye of the sea appeared before.

Although the entrance to Dragon Ruins is closed, the dimensional fluctuations of Dragon Ruins can still be sensed.

"fine!"The God Emperor also breathed a sigh of relief,"It's really strange! With Qin Feng's strength, why didn't he get the Dragon God inheritance?"

The God Emperor looked at Jade Qilin doubtfully.

"Returning to Your Majesty, after we entered the secret realm, before we could kill the Dragon Elf Emperor, Long Shang clashed with all the forces. Long Shang died in the conflict....."

Jade Qilin makes random remarks

"So, the Secret Realm inheritance failed to activate! But why did Xiao Qingfeng say that the difficulty of the secret realm has increased tenfold, and the opening time of the secret realm has also been extended?....."

"Back to Your Majesty, it was Qin Feng and the others who killed the Dragon Bone Emperor on the second floor of the secret realm, causing a change in the secret realm....."

Yu Qilin had already prepared his words.

After hearing this, the God Emperor and the Hades Emperor nodded repeatedly.

It turns out that this situation has happened before.

The Dragon Elf Emperor on the first level is immortal and the inheritance cannot be activated normally.

The killing of the Dragon Bone Emperor on the second level will also increase the difficulty of the secret realm, extend the opening time, and increase the resources, but the inheritance cannot be activated.

As for the last Dragon God Emperor, it cannot be killed without tokens such as Ni Lin and Dragon Tendon.

Speaking of which, this is also a BUG in the Dragon Ruins Secret Realm.

Back then, the Nine-Headed Divine Dragon hastily established the secret realm of inheritance, and there were many loopholes.

Otherwise, Qin Feng would not be able to frequently use various loopholes to make profits.

"It seems that these people on earth are busy in vain!", the Hades Emperor showed a proud smile.

The God Emperor also secretly breathed a sigh of relief: "It's good that the Dragon Ruins are still there! Emperor Sheng Dan, we still have a chance. We can also complete the tasks assigned by the Master."

Pluto Emperor also sighed: "Yes! What a blessing in misfortune!"

Both of them had expressions of emotion on their faces, and they felt lucky in their hearts.

You must know that in today's Star Alliance, there are fewer and fewer Dragon Ruins secret realms.

It took them hundreds of years to find a Dragon Ruins on the earth. The secret realm is naturally cherished.

Fortunately! Dragon Ruins is still there!

They still have a chance to get the Emperor's Ascension Pill and complete the Master's explanation.

They also guessed that the Master should be interested in the inheritance of the Dragon God.

This and Their interests do not conflict!

"Let's seal it!!"

As soon as he finished speaking, the God Emperor took out an array disk.

The Hades Emperor took out six strange crystal stones with a pained look on his face.

The crystal stones were in a hexagonal three-dimensional shape, with an orchid body, exuding extremely rich elemental power. Fluctuation.

Oh my God!

It's the Xingxi Stone!

The beautiful eyes of the jade unicorn are wide open!

Xingxi Stone!

One stone is worth ten thousand Emperor Liquid Crystals!

On Earth, even the Eight-Star King doesn't know about it. existence.

Only the Nine-Star Emperor knows about it.

Because in the Nine-Star realm, the Emperor's Liquid Crystal is useless at all, and only the Xingxi Stone can help them improve their cultivation.

But the Xingxi Stone is too rare!

An ordinary planet, 10,000 In a year, only one Star Stone was produced.

This shows how precious the Star Stone is.

These six Star Stones are already half of the net worth of the Pluto Emperor and the God Emperor.

They have been reluctant to use them!

But in order to complete the Master's instructions, they had to take it out.

To seal the entrance to Longxu, they needed an extremely large amount of energy.

These six Xingxi stones provided the sealing energy.

"let's start!"

At this moment, the God Emperor and the Hades Emperor dived into the seabed and began to arrange the seal array.

Once the seal arrangement is completed, even if the Dragon Ruins Secret Realm is opened in the future, people on earth will no longer be able to enter.

Even the Nine-Star Emperor will not be able to break in.

Only by mastering the seal Only people in the large formation can enter.

On the sea, Yu Qilin is responsible for looking out for the wind.

But there is a strange look on her face.

She can't figure out what means Qin Feng used to prevent the secret realm from disappearing.

But look at this The situation is only temporary, and both the God Emperor and the Pluto Emperor are doing useless work.

Once the aura of the secret realm completely disappears, the sealing formation built around the aura of the secret realm is likely to collapse on itself!

By then, the six Xingxi Stones will It will become an ownerless thing.

Thinking of this, Yu Qilin showed a smile.

She wanted to tell her lover the good news..

Chapter 295

On the other side, the Southern Alliance, on the saucer-shaped aircraft.

Inside the luxurious cabin.

Haiwang, Luo Li and others stood respectfully, waiting for Emperor Feng's instructions.

Qin Feng also stood calmly among them.

Emperor Feng glanced at Qin tenderly, and his eyes stayed on Chu Chu for a while, but he didn't ask any more questions.

Then, she looked at Luo Li, Lu Ming and others, with appreciation in her eyes.

This time Qin Feng and others came out, their cultivation levels had greatly improved, and they were all in the essence fusion realm.

Even Chu Chu has broken through to the early stage of Seven Stars.

This is much greater progress than any previous session.

It would be great for those who entered in the past to be able to break through to the half-step essence fusion realm.

It seems that this time, Qin Feng and others encountered an excellent opportunity.

The sea king on the side was envious

"Your Majesty, this is what we harvested in the secret realm, please take a look!"

Qin Feng took out a storage ring.

Emperor Feng took it and looked at it, and a strange color flashed across his beautiful eyes.

Then she handed the ring to Neptune.

Neptune looked at it with horror in his eyes.

Immediately, his face showed color of ecstasy

"Your Majesty, the fate of our Southern Alliance has arrived! Qin Feng's harvest this time was hundreds of times that of previous years! You must reward the six of them well..."

Neptune was so excited that he took the initiative to ask for credit for Qin Feng and others.

Luo Li and others looked at each other and smiled, feeling happy in their hearts.

The corners of Emperor Feng's lips curled up slightly, revealing a smile. He said a few words to Qin Feng. She was extremely satisfied with people's performance.

In fact, Qin Feng only took out 1% of the harvest.

If he took out all of it, I'm afraid Luo Li and others would be shocked.

At this time, Emperor Feng said: "You guys have done a good job, and I am very satisfied with it. You will be rewarded when you go back. You go out first, Qin Feng stays!"

"yes! His Majesty!"

Hai Wang and others saluted respectfully.

After a while, Qin Feng and Feng Di were the only ones left in the luxurious cockpit.

Feng Di put a soundproof barrier in the room with a casual move.

Then, she slowly took off her veil, revealing That beautiful face.

Qin Feng suddenly felt his eyes light up.

Yue'er is indeed the most beautiful woman he has ever seen in the world.

"Yue'er, can you tell me about the Heavenly Monument of Creation?"

Feng Di glanced at Qin Feng faintly.

She also wanted to tell her worries these days.

But this guy got down to business so quickly.

"You should know that before our earth mutated, there was no elemental power between heaven and earth.....", Emperor Feng began to explain,

"Since the earth mutated, there has been the power of elements between heaven and earth. But if we humans want to practice cultivation, we need methods of cultivation. Guess, where does this cultivation method come from?"

Qin Feng said in surprise:"Is it the Heavenly Monument of Creation?"

"good! It's the Monument of Creation! The origin of this thing is extremely mysterious. After the earth mutated, humans discovered a mysterious wordless monument in the ruins of Atlantis on the seabed....."

"The wordless divine monument is the Heavenly Monument of Creation. In the beginning, just ordinary people could get close to it....."

"After getting close to it, different people will gain different insights, most of which are based on the cultivation methods of elemental masters....."

"Later, people moved the creation monument to the land, which is now the Qinglong Holy Land."

"People discovered that this heavenly monument of creation was not always on. It seems to seal itself and activate every ten years. Each activation period is only one month"

"During this month, as long as you get close to the Heavenly Monument of Creation, you will reap great rewards. This is not only about perception, but also other aspects...."

"For example, the Qinglong Emperor's formation attainments, and the fact that I used the Heavenly Monument of Creation to break through from the Eight-Star Great Perfection to the Nine-Star...."

Upon hearing this, Qin Feng's eyes lit up.

This heavenly monument of creation is really miraculous!

If he has the opportunity to understand it, he will definitely gain great benefits.

Emperor Feng continued:"However, this Heavenly Monument of Creation is always changing. It is activated every ten years and will undergo great changes."

"For example, in the beginning, as long as ordinary people get close to it, they can get benefits from it."

"But after the second activation, you need a strength of two stars or above to get close; the third time you need a strength of four stars or above...."

"This time, you need at least eight stars or above to get close. Although the difficulty is gradually increasing, the benefits provided by the Creation Monument are getting bigger and bigger. It can be said that it is immeasurable...."

"At this level, the nine-star emperors are flocking here, and no one wants to miss this opportunity. Maybe it can take us to a higher level...."

Speaking of this, Emperor Feng looked yearning.

Her cultivation level has been difficult to improve and she needs a breakthrough.

"Yue'er, after the sky monument is activated, the closer you get to it, the greater the benefits you will get!"

"good! However, today's sky monument is different from the past. Without the strength of Eight Stars, it would not even be able to get close to the periphery. In fact, no one on earth today can get within 100 meters of it."

"There is a restricted area within 100 meters, even Emperor Qinglong cannot do it. Rumor has it that if someone can get closer than a hundred meters, they will make an extremely astonishing discovery. It is not known what the discovery was....."

Hearing this, Qin Feng was thoughtful.

With his current strength, he is qualified to comprehend the Heavenly Monument of Creation.

But if he wants to get more benefits, the closer he is to the sky monument, the better.

It seemed that he had to improve his strength as soon as possible.

The Heavenly Monument of Creation will be activated in a month, so time is a little tight.

He must gather the power of chaos as soon as possible

"how? Do you want to go too?" Emperor Feng looked at Qin Feng tenderly, "If you want to go, I can take you with me....."

"But this opportunity requires a strength of eight stars or above to obtain. I'm afraid if you pass by, you won't be able to step into the induction circle of the sky monument, and you will gain nothing."

Emperor Feng's beautiful eyes showed a trace of sadness.

She loves her man very much.

If there was a way to help Qin Feng improve his strength, she would do it without hesitation, but unfortunately she had no other choice.

It turned out that she thought Qin Feng's strength was only about eight stars.

Qin Feng smiled slightly: "Don't worry! I have the ability to get close to the Sky Monument! However, there is still a month left, and I want to improve my strength more. I still need Yue'er's help!"

"Say it! How to help you?"

"I need one copy each of the nine-star origins of the wood, metal, earth, ice (water), thunder, and wind systems, which will be of great help to improve my strength....."

Emperor Feng's eyes lit up: "Can these help you improve to the strength of an eight-star king?"

Qin Feng smiled slightly: "It's more than that!"

Emperor Feng was overjoyed.

But then, she said sadly: "It's okay to help you get some sources! But now, the starry sky beast tribe is about to invade, and those emperors will not easily come up with the sources."

"Because doing so will cause them to lose some cultivation. Unless, we can come up with some items that make them excited in exchange...."

"Yue'er, if you look at this thing, can it make them excited?"

Qin Feng took out a strange elixir..

Chapter 296

"Yue'er, if you look at this thing, can it make them excited?"

Qin Feng took out a strange elixir.

"Huh! This elixir....."

The elixir actually emitted fluctuations in mental power.

Emperor Feng took it in surprise and looked at it carefully.

The more she looked at it, the more surprised she became:"What is the name of this elixir?"

"Jingyuan Dan!".....

At the same time, in a palace far away under the sea.

The Whale Emperor and the Shark Emperor were also studying a Jingyuan Pill.

After the two of them read it, they were amazed

"Whale King, this Jing Yuan Dan is a treasure!", Emperor Shark watched the elixir fondly.

"yes!"The Whale Emperor looked up at the sky,"This pill that increases mental power is extremely rare, and I have never heard of it before! However, this pill won't have much effect!"

"indeed so!", Emperor Shark looked at Xiao Lun Wang and Li Jiao

"Did you get this one in the secret realm?"

"Return to Your Majesty! The Jingyuan Pill is extremely rare, and with our ability, we only got one like this!"

Little Wheel King replied respectfully.

In fact, this Jingyuan Pill was given to him by Qin Feng.

The purpose was to show it to the Whale Emperor and Shark Emperor so that they could know the benefits of this pill.

"One is not enough!", Shark Emperor shook his head slightly.

Whale Emperor also had a look of regret.

"Your Majesty, although we don't have it in our hands, the Southern Alliance does have it!" The Little Wheel King smiled and guided the conversation.

These were Qin Feng's instructions.

As expected, both the Shark Emperor and the Whale Emperor's eyes lit up.

"How many Southern Leagues are there?"

"Probably more than a hundred!"

"So many!"

Same Emperor and Whale Emperor suddenly became interested.

"Xiao Lun Wang, how many Jingyuan Pills like this do you need to refine to reach the quasi-eight-star level?"

Same King looked at Xiao Lun King

"Eight is enough!"

"Lijiao, what about you?"

"I...I want about twenty pills..."Lijiao was a little embarrassed

"In this way, it is enough for us to buy 30 pellets from the Southern Alliance. Whale King, what do you think?"

Same Emperor looked at the Whale Emperor excitedly.

The Whale Emperor nodded repeatedly:"It's a great deal!"

Emperor Shark smiled.

This is also true!

With only thirty Jingyuan Pills, Xiao Lun Wang and Li Jiao can be promoted to quasi-eight stars, which is very cost-effective.

Especially Xiao Lun Wang, when he becomes an eight-star, I'm afraid I can become the strongest person under the Nine Stars

"Let's go! Let's go to the Southern League and find Emperor Feng in person to make a deal!"

"This is what I mean!"

The two demon emperors hit it off immediately!

A quarter of an hour later, the two demon emperors flew out of the sea and rushed towards the Southern Alliance.....

But here, Emperor Feng studied the Jingyuan Pill for a while, and gradually showed a look of surprise.

"Qin Feng, this Jingyuan Pill is so wonderful! If what I expected is true, after taking it, I can improve my mental strength a lot....."

Qin Feng nodded:"Yes! This Jingyuan Pill is of great help to improve the mental power of the Seven-Star Elemental Master....."

Emperor Feng nodded slightly.

She also saw that this Jingyuan Pill was of great help to the seven-star elemental masters, but had no effect on the eight-star king, but it was enough.

As long as there are enough Jingyuan Dan, a quasi-eight-star powerhouse can be cultivated.

The quasi-eight star will definitely become the eight-star king, the mainstay of every force, and indispensable

"Qin Feng, if my estimate is correct, a Jingyuan fusion state needs to swallow 20 Jingyuan pills before it can hope to break through to the eighth star. If you are in the half-step essence fusion realm, at least 30 pills...."

"That's right!", Qin Feng nodded.

"Here comes the problem, if you want to make those emperors tempted, you need at least 20-30 Jingyuan Pills. Do you have this much in you?"

Qin Feng smiled calmly:"Are more than a hundred pills enough?" Emperor Feng was surprised:"

That's enough!" At least it can be exchanged for three or four copies of the nine-star source....."

Qin Feng smiled and said nothing.

It is safer to have Emperor Feng come forward to make a deal than it is for him to come forward on his own.

In fact, he has two hundred Jingyuan Pills, but he wants to keep some for Chu Chu and Luo Li, so he will not sell them all.

In addition, he also gave a sample to Xiao Lun Wang, Xiao Qingfeng and others.

It must be working now.

As soon as he had this idea, Emperor Feng's messenger jade talisman started to move.

Emperor Feng took out the jade talisman and looked at it, showing surprise.

It turned out that it was the Whale Emperor and the Shark Emperor who sent her the message.

He actually came to her to buy the Jingyuan Pill.

She glanced at Qin Feng and was about to ask what was going on.

Emperor Qinglong and Emperor White Tiger also received news one after another that they also wanted to buy the Jingyuan Pill.

"It turns out you had already planned it....", Emperor Feng narrowed his beautiful eyes.

"Are they those emperors?"

"Emperor Whale, Emperor Shark, Emperor Qinglong, Emperor White Tiger...Oh, Emperor Xuanwu also sent a message..." Emperor Feng looked at the jade talisman in his hand, Emperor Xuanwu just sent a message

"Let them all go to Nandu City to trade!"

"good!",Emperor Feng quickly sent messages to several emperors.

Then, she raised her head and stared at Qin Feng with burning eyes.

"Um, why are you looking at me like that?"Qin Feng felt a little uncomfortable when she saw him

"I'm thinking, if you plan everything in advance, will you also plan on me?"

"Of course I'm going to plot against you..."

"So what do you want from me?"

"Yue'er, you should know what I want..."

Qin Feng leaned over naturally, whispered in Feng Di's ear, and unknowingly clasped Feng Di's waist with his hands.

This waist is so thin!

So soft The touch is very comfortable.....

Emperor Feng's delicate body stiffened slightly.

A red cloud surged up on that beautiful and cold face.

She turned her head away and gently broke away from Qin Feng's hand.

"This place is not suitable...."

Emperor Feng turned his back to Qin Feng.

She is proud!

She is reserved!

But at this moment, I dare not look back!

That unspoken sound made Qin Feng feel happy..

Chapter 297

Three hours later, Southern Alliance headquarters.

VIP reception area, in a luxuriously decorated living room.

Emperor Feng received all the emperors.

At this moment, Emperor Feng was sitting at the head of the table, and all the emperors were sitting on comfortable sofas. Next to each of them was a small coffee table with tea and spiritual fruits.

Qin Feng stood silently behind Emperor Feng.

He looked at the whole place. Except for the Fire Emperor and the Cang Emperor, all the other emperors were present.

"Jiufeng, let's each make a concession. How about exchanging a piece of Nine Star Origin for 25 Jingyuan Pills? Emperor

Qinglong smiled and spoke.

They had been discussing for a long time.

At the beginning, everyone offered one point of origin in exchange for 30 Jingyuan Pills. They had been bargaining for a while.

Emperor Feng smiled and shook his head: "Everyone, you also know, the quantity of this Jingyuan Pill is limited. Even if you exchange 25 pills for one portion, it's not enough for everyone. Besides, we, the Southern Alliance, also need to keep some for ourselves....."

Emperor Qinglong continued: "Although these Jingyuan Pills are good, the value of 25 of them is not as good as a copy of Nine Star Origin. I am already very sincere in offering 25 pills."....."

The emperors also nodded slightly.

Indeed it is!

The value of 25 Jingyuan Pills is definitely not as valuable as one Nine Star Origin.

However, the Jingyuan Pill is only available in the Southern Alliance and cannot be purchased elsewhere!

Emperor Feng smiled:"Many times, the value of an item is not in itself, but in the demand for it."

"This transaction is voluntary for both parties, and the little girl does not force it. Again, twenty pills are exchanged for one source. Whether it succeeds or fails depends on one's own will....."

"This..."

All the emperors smiled bitterly.

What Emperor Feng said was correct.

No matter how much the price is, the transaction is voluntary.

It's just that some lions in Emperor Feng opened their mouths.

In exchange for one source of 20 pills, they still lost a bit.

This Emperor Feng There's nothing they can do about it

"OK! Twenty pieces, just twenty pieces, I'll trade!"

The White Tiger Emperor was the first to lose his patience and throw out a ball of nine-star gold element.

"Brother Baihu is really happy!"

Emperor Feng caught the source with a smile and threw out a bottle of pills.

Emperor White Tiger took the bottle and looked into it. There were twenty pills neatly placed inside.

He looked delighted.

These pills should be able to Helped Bai Qianyue break through to quasi-eight stars.

"Farewell, everyone!"

The White Tiger Emperor bowed his hands to all the emperors and left in a hurry.

He is a very impatient person. Once he gets something, he rushes back to see the effect.

Qin Feng also looked at the White Tiger happily. The back of the emperor.

This first transaction was successfully completed, and the nine-star gold source he wanted was obtained.

In addition, what pleased him was that the White Tiger Emperor bought the elixir for Bai Qianyue.

And Bai Qianyue It was also his subordinates, and the last fat water flowed back to his own family.

Seeing that the White Tiger Emperor's transaction was completed, the other emperors couldn't sit still.

Emperor Feng said before that the limited number

"Emperor Feng, let me make a deal with you too!"

Emperor Xuanwu sent out a ball of nine-star earth element.

Xuanwu is supposed to belong to water.

But Emperor Xuanwu is actually a nine-star earth element master.

"Brother Xuanwu, this elixir is for you!"

Emperor Feng happily completed the deal with Emperor Xuanwu.

Seeing this, the other emperors finally lost their temper.

There were only more than a hundred pills, but forty pills were suddenly missing. If they were taken later, they would be gone.

At that moment, Emperor Qinglong also made a deal.

He bought it for Xiao Qingfeng, and what he sold was a ball of nine-star wood element.

After a while, Emperor Qinglong also completed the transaction.

He and Emperor Xuanwu left in a happy mood.

The only ones left in the field were There are three people: the Whale Emperor, the Shark Emperor, and the Ice and Snow Emperor.

Qin Feng still lacks the (ice) water element, the wind element, and the thunder element.

Among these three people, the Ice and Snow Emperor is of the ice element, and the Whale Emperor and the Shark Emperor are both of the water element.

For Qin Feng, only one kind of ice water is enough.

But at this moment, the three of them are deep in thought

"Three of you, there are not many pills left. After deducting what our Southern Alliance needs, I'm afraid there won't be many pills left...."

"By the way, Fire Emperor and Cang Emperor, I haven't informed them yet. If they knew, this pill wouldn't be enough...."

Emperor Feng said calmly.

These words made the three whale kings a little anxious.

Qin Feng smiled and said nothing.

Yue'er is quite talented at bargaining.

"Emperor Feng, does it have to be a nine-star source to change? Can I use other items instead?"

The Ice and Snow Emperor spoke.

"oh? Why doesn't the Ice and Snow Emperor exchange his origin?"

The Ice and Snow Emperor smiled bitterly:"To be honest, I don't have anything around me that can quickly restore my strength, and I don't usually prepare a backup source. If I extract it from myself now, my strength will decline for a period of time."

"But in a month, the Monument of Creation will be activated. This emperor needs to preserve his strength!"

Emperor Feng suddenly realized.

Generally, emperors will save one or two copies of the origin for their subordinates to use at critical moments.

Of course, there are emperors who do not save it.

This kind of temporary extraction of the origin will take a period of time to recover, which will not be conducive to the future one month later. Those who understand the Heavenly Monument.

At that time, everyone wants to perform at their peak, approach the Heavenly Monument, and gain the greatest benefits.

"What about you two?"Fengdi looked at Whale Emperor and Shark Emperor again.

"The emperor's situation is similar to that of the Ice and Snow Emperor, and he has no backup source. I wonder if it will be possible to trade after one month?", the Whale Emperor asked with a wry smile.

Feng Emperor shook his head:"That's not possible!"

After encountering two emperors who couldn't get the water (ice) source, Emperor Feng was a little helpless.

Is it possible that this common water source still can't be obtained?

"Where is Emperor Shark?"Feng Di looked at Emperor Shark expectantly again.

"This emperor can actually bring out the water element source, but....."

Emperor Shark didn't know what he thought of, and his pretty face suddenly turned red.

"Let's put it this way, I have recently practiced a secret technique, which makes the method of extracting the source somewhat special and troublesome... Let's not mention this for now....."

Hearing this, Emperor Feng let out a sigh of relief.

This water element source is still easy to get.

She knew what Qin Feng needed, so she naturally wanted to help Qin Feng get it all.

"Ice and Snow Emperor, you said to use other items instead. What items were they?", Emperor Feng asked curiously

"it is this!"The Ice and Snow Emperor took out a transparent crystal ball.

Inside the crystal ball, there was a ball of purple thunder and lightning, which was extremely violent and kept crackling.

"Huh! It's like a thunder from the sky....."

Emperor Feng's eyes showed surprise.

The Whale Emperor and the Demon Emperor also showed surprise. The Ice and

Snow Emperor smiled:"Yes! This is the extraterrestrial thunder! I flew out of the atmosphere and collected it by chance in outer space. It is an extraterrestrial object...."

"Let me see!", Emperor Feng was curious.

The Ice and Snow Emperor threw it over readily.

Emperor Feng watched for a long time and shook his head slightly:"Although the power of your extraterrestrial thunder is strong, it is still inferior to the original nine stars....."

Qin Feng on the side felt slightly disappointed when he heard this.

He needs the origin of the nine-star thunder system.

If the power cannot reach the nine-star original level, then his thunder attribute cannot be strengthened.

"If one regiment is not enough, what about five regiments?", the Ice and Snow Emperor took out four more balls

"this....", Emperor Feng hesitated.

Qin Feng seemed to have thought of something and quickly sent a message to Emperor Feng.

After hearing the message, Emperor Feng said hurriedly: "Okay! I agree!" The Ice and Snow Emperor was overjoyed: "Haha!! Thank you very much Emperor Feng!"

The two parties quickly completed the transaction.

Qin Feng was also happy.

It turned out that he thought of his own lightning-struck sacred tree.

He can completely use these five groups of extraterrestrial thunder to create a divine thunder comparable to the original nine stars.

In this way, his thunder element origin was also solved.

Just missing the water and wind elements.

After a while, the Ice and Snow Emperor also left.

"Emperor Shark, what are your plans?" Emperor Feng looked at Emperor Shark with a smile.

What this woman just meant was that she was willing to bring out the source of water.

"Emperor Feng, I want to trade 30 Jingyuan Pills with you...."

"That source is not enough!"

Emperor Shark smiled: "One piece of water source, plus one piece of opportunity, in exchange for 30 pills."....."

"Opportunity?", Emperor Feng was puzzled.

"This opportunity is not suitable for you, only for brother Qin Feng...."

Having said this, Emperor Shark smiled and looked at Qin Feng, with a hint of surprise in his beautiful eyes.

This human race boy's facial features were exquisite and impeccably handsome, which made her heart move.

"I heard Xiao Lun Wang say that Brother Qin Feng's physical body is extremely powerful, even stronger than his immortal body."

"As for the opportunity I mentioned, I need someone who is not too high in cultivation, has a very strong physical body, and is a fire elemental master. Brother Qin Feng can meet these requirements. ..."

"Of course, this opportunity still requires Brother Qin Feng to go there in person and rely on his own efforts to win it."

"And we just give you one chance, maybe this is the only chance, if you miss it, it will be gone. There is nothing we can do to prevent it from happening again..."

Emperor Shark pretended to be mysterious, with a smile in her eyes.

As she spoke, she glanced at Qin Feng, as if she was looking at something.

"You two, what is the chance? Cansay clearly?" Emperor Feng became interested.

But Emperor Shark shook his head slightly: "This is related to the interests of my deep sea clan, but I can't say. However, if Brother Qin Feng is willing to go, maybe he can get great benefits!"

The Whale Emperor also said: "Not bad! This opportunity has only benefits for little friend Qin Feng, but no benefits. The specific details can only be told after my friend has gone to our Deep Sea Clan."

These words made Qin Feng and Feng Di look at each other.

The two exchanged secretly.

To be honest, Qin Feng was still very excited.

A piece of nine-star water source, plus an opportunity, only exchanged for 30 pills, which is still very exciting. It's a good deal.

At this time, Emperor Shark said again: "We really want to trade! Let's do it this way. We can make a cooperation contract first."

"You can first let the kid get a chance, and then give him a copy of the nine-star water element. How about you give us the elixir after these are completed?"

When the Whale Emperor said this, he had fully expressed his sincerity.

They are even willing to establish a contract, so there should be no problem.

Emperor Feng quietly looked at Qin Feng.

Qin Feng nodded slightly, thinking it was feasible.

"good! Then we will make a contract first, and when Qin Feng is ready, he will go to the Deep Sea Clan to find you....."

"Ha ha!! That's it!"

The Shark Emperor and the Whale Emperor were overjoyed.

Afterwards, the two parties signed a cooperation contract.

After chatting for a while, the Shark Emperor and the Whale Emperor left with joy on their faces. It had been almost decades since they discovered that opportunity, but they could never find it. They found the right person.

Today, they listened to Xiao Lun Wang's description of Qin Feng.

In addition, Xiao Lun Wang and Li Jiao boasted about Qin Feng's character.

The two finally made up their minds and asked Qin Feng to help.

They said they were helping. , in fact, there is a risk of leaking the opportunity.

But the two of them still took the gamble, and they decided to believe in Qin Feng's character.

Of course, Qin Feng didn't know about this. Before leaving, Emperor Shark also glanced at Qin Feng secretly.

This young man Is Xiao Lun Wang really as powerful as he said?

Can he really help the Deep Sea Clan?

If he can really help, it wouldn't be a bad thing to dedicate some of his origins.

In the blink of an eye, only Feng Emperor and Feng Di were left in the hall. Qin Feng..

Chapter 298

"Everything is here, take it!"Fengdi smiled and handed over a storage ring.

"Thank you, Yue'er!", Qin Feng took it happily.

The transaction went smoothly and both of them were very happy.

"You only lack wind and water elements now, right?"

"Um! The water system is not a big problem. I think Emperor Shark and Emperor Whale really want to trade....",Qin Feng self-analysis

"Having said that, it's better to be careful.....They don't let me go to the Deep Sea Clan and only let you go alone. I'm always uneasy!"

Fengdi said leisurely.

Qin Feng smiled and said:"If I guessed correctly, they are afraid that you are too strong. If you invite you over, they will lose profits."

"Someone with my strength who cannot threaten them and can help them is naturally their best candidate!

Emperor Feng suddenly nodded:"You are right!" These two guys are really scheming!"

"I'm afraid that the opportunity they learned about has been around for a long time, but they just haven't been able to find a suitable helper..."

"To put it bluntly, they are unwilling to share their interests with us humans... It seems that the opportunity is not small!"

Feng Di's beautiful eyes lit up.

She turned to look at Qin Feng:"Qin Feng, they dare to use you because they think you are not strong enough. Then you need to improve your strength more, and you should be able to get greater benefits from the opportunity."

Qin Feng nodded slightly.

He thought so too.

"Yue'er, then I'm going to retreat....."

"Hmm~! Just practice quietly and I will protect you...."

A quarter of an hour later, the Southern Alliance headquarters.

In a secret training room.

Qin Feng looked around.

In the secret room, both the soundproof barrier and the protective barrier are top-notch.

This secret room was used exclusively by Yue'er before, but now it is for his use.

Afterwards, Qin Feng took out a ball of nine-star gold essence from the ring and began to refine it with ease...

This time the refining went very smoothly...

Soon, an hour passed.....

"Ding! Successfully swallowed the origin of the nine-star gold system.....Congratulations to the host for strengthening its metallicity to the nine-star level and increasing its combat power to 2.15 billion....."

Qin Feng was delighted and continued to refine the origin of the nine-star wood system.....

"Ding! Successfully swallowed the origin of the nine-star wood system.....Congratulations to the host for strengthening the wood attribute to the nine-star level and increasing the combat power to 2.3 billion....."

"Ding! Devouring the origin of the nine-star earth system successfully.....Congratulations to the host for strengthening his earth attribute to the nine-star level and increasing his combat power to 2.45 billion....."

Time flies!

In a blink of an eye, it's early next morning.

Qin Feng finally completed all the refining.

The five groups of strange thunders he exchanged from the Ice and Snow Emperor were smoothly transformed into divine thunders comparable to the original Nine Stars.

After absorbing the divine thunder, his thunder attribute was also strengthened to the nine-star level.

Today, his combat power has reached 2.6 billion.

Among the nine attributes, only the water and wind attributes are still quasi-nine-star, and the rest have reached the nine-star level.

"Then by strengthening the water and wind elements to the nine-star level, I can condense the power of chaos. At that time, I can start the super god level challenge....."

Qin Feng's heart was full of expectations.

He is now eager to improve his strength.

Because he knew that in one year, the armistice agreement between the Earth and the Star Orcs would expire.

This time, the earth will face a greater crisis.

If he didn't have nine-star level strength, he wouldn't have any say in the war a year later.

You might even become cannon fodder!

Not to mention, he wanted to protect Chu Chu and the Qinmen's subordinates who trusted him.

Also, his desire to unify the world will be too late to be realized.

What he lacks now is not potential, but time. Everything needs to race against time.

Thinking of this, Qin Feng quickly walked out of the secret room.

But at this moment, the communication jade talisman on his body moved.

Qin Feng took it out and took a look, with a strange look in his eyes.

The message came from Jade Qilin

"hehe! The God Emperor actually sealed the entrance to the Dragon Ruins Secret Realm...."

The corners of Qin Feng's mouth curled up slightly, feeling funny.

The secret realm was only kept secretly by him, so it didn't disappear for the time being.

Once he controls it, the secret realm will disappear and the God Emperor's seal will be broken.

When those secret realms disappear, they will actually all return to the inheritance temple, and they will eventually become Qin Feng's resources.

However, in order not to arouse others' suspicion, Qin Feng temporarily kept the secret realm from disappearing.

After all, he is still very weak. Facing those strong men in the star field, he must do some means to protect himself.

In addition, Yu Qilin also mentioned that the God Emperor and the Pluto Emperor will return to the headquarters of the Hun organization in two days to meet the master of Hun.

It seems that the master of 'Hun' ordered the God Emperor to seal the entrance to Longxu.

How come this secret realm involves the Lord?

Could it be.....

Qin Feng felt vaguely uneasy.

The only thing that can make the ruler's heart beat is the inheritance of the supreme Dragon God.

But the inheritance of the Supreme Dragon God has been obtained by him, and this secret cannot be revealed for the time being.

It seemed that he had to divert his attention as soon as possible.

And what is the Xingxi Stone mentioned by Yu Qilin?

Seems very precious!

Yu Qilin did not explain in the communication, and Qin Feng did not ask any questions.

Wait until two days later to ask anything.

Because two days later, the God Emperor and the Pluto Emperor had left the Earth Star Territory, and it would be safer to contact Yu Qilin at that time.

After leaving the secret room, Qin Feng arrived at the hall. Emperor Feng was already waiting for him there.

"Qin Feng, your strength should have improved a lot, right?...."

Emperor Feng's beautiful eyes are flowing on Qin Feng.

She couldn't see through this guy's cultivation level

"There is indeed an improvement!" Qin Feng smiled and nodded, "If I can get the water and wind elements again, my strength may be doubled!"

"Can it be doubled?!" Emperor Feng's eyes shone brightly.

Immediately, she smiled and said: "If your strength is doubled, you should have eight-star strength, and then you will be qualified to comprehend the heavenly monument!"

It turns out that she has never been clear about Qin Feng's true strength.

She thought that Qin Feng's ability to defeat Long Shang was the limit of his strength.

In other words, she always thought that Qin Feng had a quasi-eight-star strength.

After all, Qin Feng entered Only when you are in the Jingyuan Fusion Realm can you achieve the strength.

She was already surprised to be able to break through to a quasi-eight-star level, let alone an eight-star level.

Qin Feng smiled and said nothing, and did not explain

"What are you going to do next?", Emperor Feng said with genuine concern.

"I plan to go to the Deep Sea Clan and complete the deal with them...."

"When to set off?"

"Just today! After all, time is precious!"

"That's fine! Take this!"

The Emperor Feng took out a jade talisman.

"This is?", Qin Feng curiously took it

"This is an emperor-level skill talisman, which seals my ultimate move - Jingtian!"

"Thank you, Yue'er!", Qin Feng put it away silently.

This emperor-level skill talisman is very difficult to make.

Emperor Feng started making it long before Qin Feng entered the Dragon Ruins secret realm.

She wanted to give Qin Feng one more means of self-defense.

Unfortunately, time It was too late.

But when the secret realm opened, she had not finished making it.

This skill talisman was only made last night.

With this skill talisman, Qin Feng went to the Deep Sea Clan alone, and he had more confidence.

Although the Whale Emperor and Shark Emperor I won't harm him, but I have to be on guard against others.

"I'm leaving!"

"Go for it! These days, I will inquire about the whereabouts of the origin of the wind system for you..."

"Um~! ", Qin Feng's heart felt warm, and he turned around and left.

Emperor Feng looked at his back silently, with a touch of worry in his eyes..

Chapter 299

To be honest, Qin Feng went to the Deep Sea Clan alone.

Emperor Feng was still a little worried.

But the cooperation contract stipulates that she cannot go, and Qin Feng can only go alone.

Otherwise, the cooperation between the two parties will be cancelled.

Obviously, the Whale Emperor and the Shark Emperor were guarding against her.

She finally gave in.

This cooperation is an opportunity for Qin Feng.

She must let Qin Feng experience it!

She hopes Qin Feng will become stronger soon!

One year from now, the starry sky beast tribe will attack.

She may not be able to protect Qin Feng.

At that time, Qin Feng can only rely on himself.....

Half a day later, in the depths of the Pacific Ocean, the Deep Sea Clan was staying somewhere.

Qin Feng received the highest level of reception from the Deep Sea Clan.

The Whale Emperor and the Shark Emperor came forward in person.

Xiao Lun Wang accompanied him.

The four of them were joking all the way.

The entire Hai clan in the palace was shocked.

Especially those eight-star kings, all of them looked surprised.

This human boy doesn't even have eight stars. Why do the Whale Emperor and the Shark Emperor treat him so politely?

This kind of treatment can generally only be enjoyed by the Nine-Star Emperor.

This puzzled those eight-star demon kings.

Qin Feng smiled and said nothing when he saw this scene.

This time he came and did not hide his cultivation.

The cultivation level of the essence fusion realm is very eye-catching.

Even the Whale King, Shark King, and Little Lun King had a look of surprise in their eyes when they saw them for the first time.

After Xiao Lun Wang was surprised, he was filled with admiration.

There was a hint of doubt in the eyes of the Whale Emperor and Shark Emperor.

In fact, Qin Feng deliberately showed his true cultivation.

This is the effect he wants.

The sea people are quite hospitable.

After a sumptuous banquet, the Whale King dismissed all his subordinates.

In the hall, only the Whale Emperor, Shark Emperor, Qin Feng, and Xiao Lun Wang were left.

Qin Feng sat leisurely on the seat, sipping the fine wine brewed by the Hai Clan.

He knew it was time to get to the point

"Little friend Qin Feng, King Xiaolun once said that your strength has reached the eight-star Dzogchen level, but I look at your cultivation base....."

The whale king said it very politely.

What he meant was obvious.

How could Qin Fengcai's cultivation in the Jingyuan Fusion Realm have the strength of the Eight-Star Great Perfection?

This was beyond his comprehension.

Same King and Owa King were also unable to understand.

Within the secret realm, Qin Feng's cultivation is covered.

Xiao Lun Wang once thought that Qin Feng was the Eight Star King.

But now that he saw it, he was shocked and admired Qin Feng even more.

Qin Feng smiled calmly: "Your Majesty, the Whale Emperor, it is the Little Lun King who has overrated me. I only reached the threshold of the Eight-Star Dzogchen by using secret techniques. Compared with the real eight-star Dzogchen strongman, I am not as good as the younger generation."

Qin Feng started talking about the train.

The combat power threshold of Eight-Star Dzogchen is only 300 million.

Qin Feng's combat power is 2.6 billion. With nine-series Hunyuan transformation and 20% full attribute amplitude, his combat power reaches more than 3.1 billion.

With his current strength, he can easily kill the Eight-Star Dzogchen in an instant.

From eight stars to nine stars, it is an insurmountable trench.

And Qin Feng is a monster that exists between the two.

"this.....", The Whale King was still doubtful.

Even though Qin Feng is already very humble, he is still worried that Qin Feng's strength has not reached the threshold of Eight-Star Perfection

"Little friend Qin Feng, to tell you the truth, we are going to a secret place this time. But if you want to enter there, you need at least the combat power of the eight-star Dzogchen threshold. If it's a little worse, there's a risk of falling....."

The Whale King told the truth.

Qin Feng nodded slightly:"If this junior is right! Not only do you need eight-star Dzogchen combat power, but you must also be of the fire element. That realm must be related to fire!" The

Whale Emperor was surprised:"My little friend is really smart!"

The Emperor Shark's eyes also lit up, and he looked at Qin Feng with great interest.

This young man is not only handsome but also extremely smart.

Qin Feng smiled again and said:"As far as I know, there are eight-star kings of the fire element today, but there is no eight-star perfect one, so the appearance of this junior has caught the attention of the two majesties....."

The Whale Emperor was surprised again:"My little friend, you are quite considerate!"

The Shark Emperor on the side smiled.

She is becoming more and more interested in Qin Feng

"My little friend, you must have understood what I mean?", the Whale King said apologetically.

"Your Majesty, just give it a try!", Qin Feng smiled and nodded.

The two of them had a good understanding and smiled knowingly.

The more the whale emperor looked at this smart boy, the more he liked him.

"Little friend, be careful!"

The Whale King slowly extended his finger, and heaven and earth resonated, and divine power immediately appeared.

Thousands of miles of sea waves rolled, thousands of palaces shook violently, and hundreds of millions of sea people were shocked!

At this moment, Qin Feng only saw one divine finger, and kept The earth enlarged, filling the sky and the earth, and was crushing towards him.

He could even clearly see the lines on his fingers!

Endless divine power emanated from his fingertips, and large areas of space around him cracked.
.....

The residual power stirred up everywhere, and the Little Lun King was directly rushed away...

The Shark King on the side also looked serious.

She was worried that Qin Feng wouldn't be able to catch him so she could save Qin Feng in time.

Qin Feng smiled calmly.

Then, punch.

Click~! Click~! Click~!

Countless golden scales appeared on the arms, and powerful golden flames rose.

Immediately, he punched out!

Those golden flames rolled away, like a volcano that had accumulated for thousands of years, erupting in an instant, destroying the world and destroying the world.....

The golden flames are vast and the tongues of fire are pouring out crazily...

Boom~!

Fists touch each other!

Qin Feng blocked the finger easily.

Immediately, there was a loud noise!

Pieces of space shattered!

Violent energy ripples around!.Crushing everything around into pieces!

The Little Wheel King is too weak.

Before he could even scream, he was shattered into powder and blood filled the sky.

Fortunately, this palace was blessed by Emperor Shark, otherwise it would have collapsed.

It took a long time before calm returned to the hall.

In the field, only Qin Feng, Whale Emperor, and Shark Emperor were left.

Everything else disappears.

Qin Feng stood on the spot calmly.

At this time, a burst of blood mist rolled.

The Little Lun King is resurrected.

He looked at Qin Feng with a pale face, filled with admiration in his heart.

The scene just now was definitely a fight at the Eight-Star Dzogchen level.

He's not even qualified to get close

"Ha ha!! Little friend Qin Feng, you really did not disappoint me!"

The Whale Emperor and the Shark Emperor were overjoyed.

This young man really has the strength of the Eight-Star Great Perfection.

They were worried that Qin Feng was not strong enough before.

The two of them couldn't help but secretly breathed a sigh of relief.

"His Majesty the Whale King has given you the award....."

Qin Feng smiled slightly, and the dragon scales on his arms slowly disappeared.

When the whale king saw this scene, he showed a hint of joy.

This dragon scale transformation should be the secret technique that Qin Feng mentioned.

It seems that this young man is not lying. He needs to use secret skills to achieve the Eight-Star Great Perfection.

But anything achieved using a secret will not last.

This is best.

The Whale Emperor looked up and saw Emperor Shark also giving him a satisfied look.

The two smiled knowingly.

They all hope that Qin Feng can display the strength of the Eight-Star Great Perfection, but they don't want Qin Feng to be too strong.

In that case, their benefits will be less.

In short, they just want to maximize their profits.

Qin Feng smiled calmly.

He had already figured out the little thoughts of the two of them.

That's why he deliberately revealed his true cultivation.

During the fight just now, he deliberately used the True Dragon Body to confuse the Whale Emperor and the Shark Emperor.

In fact, he didn't need to use any secret technique to block that finger.

This is all just for show

"Brother Qin Feng, when you used the secret technique just now, the changes in your aura are somewhat similar to those of our demon clan....."

Emperor Shark looked at the young man in front of him with interest.

"Maybe I have a destiny with the demon clan..."

"You can talk..." King Shark smiled sweetly, "King Xiaolun, you have nothing to do here, you can go down first!"

"yes! His Majesty!"

The Little Lun King bowed respectfully and left.

Qin Feng and the other three were the only ones left in the field.

"Your Majesty, can you tell me what the opportunity is now?", Qin Feng said with a smile.

He was very curious about what kind of opportunity it was that kept these two demon kings secretive, as if they were afraid of being known.

"Whale King, tell me!"

"good!"

The Whale King took out a golden ring from the storage ring.

As soon as the ring appeared, the surrounding space was distorted!

This is definitely not a mortal object!

Qin Feng's eyes were filled with surprise.

"This is the pseudo-emperor level Yuanwu - the Nine Fire Divine Dragon Cover!"

This is actually a pseudo-emperor level Yuanwu!

Qin Feng was shocked..

Chapter 300

Qin Feng was shocked.

Pseudo-Emperor-level Yuanwu and Emperor-level Yuanwu are collectively called Emperor Wu.

You know, resources are scarce on earth.

All the emperors used pseudo-emperor level Yuanwu.

There is only one true emperor-level Yuanwu on earth, and it is in the hands of Emperor Qinglong

"Little friend, before we tell you the secret of opportunity, you must first refine this Nine Fire Divine Dragon Cover!"

The Whale Emperor handed over the golden circle with a smile.

Qin Feng was stunned:"Your Majesty, are you going to give me this imperial weapon?"

"good!", the Whale Emperor nodded with a pained expression.

"Your Majesty, why do you want to give me such a precious thing?" Qin Feng was puzzled.

The value of the nine fire gods shrouded far exceeded thirty Jingyuan Pills.

But he didn't do anything, and the other party gave him such a precious treasure.

The Whale Emperor explained:"These nine fire gods The Vulcan Dragon Mask has excellent fire resistance. If you refine it, it will play an extremely important role in our treasure hunt this time....."

"I understand! In other words, the place we go to this time has strong fire damage, so we need to use this item....."

Qin Feng calmly took the Nine Fire God Dragon Cover

"good!", the Whale King nodded,"And it's not ordinary fire damage, there are some strange things in the fire, only the Nine Fire God Dragon Cover can resist it....."

"But Emperor Samet and I are both water elemental masters. We can't use the Nine Fire God Dragon Shield, so we have to find a fire elemental master....."

Qin Feng suddenly realized:"That's it."

Qin Feng didn't say a word.

The Nine Fire God Dragon Cover is a defensive fire weapon. If it is obtained by a fire emperor, it will definitely have an advantage in that land of opportunity.

This will greatly affect the interests of the two demon emperors, so they do not want to ask the fire emperor for help.

"Your Majesty, can you tell me what the opportunity is now?"Qin Feng looked at the golden circle in his hand.

The Whale Emperor smiled and said:"My friend, this is a long story. We'll talk about it after you refine the Nine Fire God Shroud. We'll take you there directly, and we'll explain it in detail when we get there....."

"Of course, no matter whether the final thing is successful or not, this Nine Fire God Dragon Cover will belong to the kid."

"good! The juniors will definitely try their best!", Qin Feng expressed his attitude readily.

The Whale Emperor smiled and nodded, very satisfied with Qin Feng's attitude.

"By the way, your two majesties, that water source is trading with Jingyuan Dan....."

The Whale King smiled and said:"Those are all trivial matters. After exploring the land of opportunity, we will complete the deal with you on the origin of the water system....."

Emperor Shark also intervened:"Brother, I am responsible for the water source you want. Just taking out some sources will reduce my strength, so I have to wait until I finish exploring the secret realm. I hope you can forgive me!"

"Easy to say!", Qin Feng readily agreed.

"That little friend is refining the Imperial Martial Arts here, I'll be waiting outside!", the Whale Emperor casually laid a barrier on the main hall.

After a while, the two Demon Emperors left.

At this moment, Qin Feng looked at the golden circle in his hand with a look of joy.

Before he even started, he got a fake imperial weapon.

This is a treasure that even the Nine-Star Emperor is excited about.

By refining it, his strength will be greatly increased.

This time it is not in vain!

At this moment, a light screen automatically pops up in his eyes.

Item name: Nine Fire Divine Dragon Cover

Category: Yuanwu (defensive type)

Level: Pseudo-Emperor Level

Effect: It has extremely strong defensive power and can absorb all special fire damage.

Note: If used with the power of chaos, the effect is comparable to that of a real Emperor-level Yuanwu

"Not bad indeed!"

Qin Feng smiled, feeling extremely happy in his heart.

Unexpectedly, this Nine Fire God Dragon Cover is more suitable for using the power of chaos.

And he is only one step away from condensing the power of chaos.

By then, he will be equivalent to having a A real imperial weapon.

At that moment, Qin Feng began to sacrifice.

The pseudo-imperial weapon was extremely powerful, and the sacrifice was very slow.

Qin Feng worked hard for a day before completing 27%....

Time goes by, years rush by!

In a blink of an eye, it was day four.

On this day, in the main hall, a sea of golden fire spread all over the place.

The surrounding enchantment was burned to the point of shaking, and seemed to be broken at any time.

Qin Feng emerged from the sea of fire.

Then, another huge golden circle flew out of the sea of fire.

Qin Feng stretched out a finger, and the golden circle shrank rapidly, turning into a golden ring and putting it on his finger.

In the main hall, all the visions disappeared.

Qin Feng looked at the ring on his hand and showed joy.

This nine-fire god shroud was completely refined by him.

With this imperial weapon, he has more confidence to fight against the emperor.

Now, even if two emperors attack at the same time, it is impossible to kill him instantly.

However, Qin Feng also noticed something.

He is currently weak in defense and attack, and is not comprehensive.

At this moment, the barrier of the main hall shook and was removed.

Then, the Whale Emperor and the Shark Emperor came in

"My friend, is it ready to be refined?"

"Um!

The Whale King was delighted:"It won't be too late!" Let's go!"

After leaving the palace, the three of them flew out of the seabed and flew towards the Antarctic without using any aircraft. The deep-sea clan did not master the technology of the human race.

One day later, the three of them arrived at their destination.

It was the deep-sea area of Antarctica.

At this moment, the seabed More than 10,000 meters away.

The sea water is freezing cold.

It is pitch black all around, without any visible light.

Qin Feng looks around.

He has spiritual consciousness. Even without light, he can take in all the scenes hundreds of miles around.

This Antarctic There is some desolation under the deep sea, and the surroundings are surprisingly quiet.

Even the sea people rarely come to a place like this, let alone humans.

If there is really a treasure here, it is really difficult for humans to discover it.

"Your Majesty, is this the place of opportunity?" Qin Feng didn't notice anything strange around him.

"That's right! Little friend, please wait a moment!" The Whale Emperor looked at the Same Emperor, "Same Emperor, let's get started!"

"good!"

The two demon emperors made seals with their hands at the same time.

After a moment, the seafloor in front of them trembled, and the barrier disappeared, revealing their true appearance.

It was actually an extremely huge submarine volcano.

"My friend, the land of opportunity we call is just ahead!", Huang looked ahead with excitement

"Is there anything special about this volcano?", Qin Feng wondered

"Little friend, use your spiritual sense to carefully sense the volcano....."

Qin Feng did as he was told.

After a moment, he looked at the two Demon Emperors in surprise.

Just now, when his consciousness invaded the depths of the volcano, he heard strange sounds coming from the depths of the volcano.

The sound was extremely harsh, like a demon roaring.

In addition, he also felt the extremely pure water energy fluctuations, looming.

Strange!

How come there are water energy fluctuations deep in this volcano?

Aren't water and fire incompatible with each other?

"Your Majesty, is there something underneath this volcano?"Qin Feng inquired.

The Whale Emperor smiled:"This volcano is just the entrance. What we want is hidden hundreds of thousands of meters below the volcano....."

"Your Majesty, what on earth is this?"

The Whale Emperor smiled slightly:"It's time to tell you now..
