

God level 2921

Chapter 2921

Previously, Ye Jingyu could not keep up with Ouyang Huai's speed, but now that his basic combat power has improved, his speed is even faster than Ouyang Huai's.

However, Ye Jingyu helped Qingtianqi block Ouyang Huai's attack, and then shouted: "Xuanyuan Zhantian, you retreat, I will fight him!"

"good! Qingtian

Qi was overjoyed and immediately stepped away.

Ouyang Huai's expression changed and he said in a deep voice: "Don't stop me!"

He made a mistake and turned around to kill Qing Tianqi, but was blocked by Ye Jingyu again.

Ouyang Huai was furious: "You are looking for death!"

At that moment, he started fighting with Ye Jingyu.

Although Ye Jingyu's basic combat power was not as good as Ouyang Huai's, he had two top-quality spiritual weapons to help him, and he was faster than his opponent.

At that moment, the two of them started fighting. It was a tie.

Both of them were extremely strong, so the fight was very fierce and thrilling to watch.

However, after all, Ye Jingyu's basic combat power was too different. After dozens of moves, he gradually showed signs of decline. , began to fall behind.

Seeing this, Qingtian Qi, Qiuqiu and others immediately joined the battle circle to help Ye Jingyu fight Ouyang Huai.

At the moment, Qingtian Qi was in the distance, constantly attacking Ouyang Huai with the God-Destroying Thorn.

The ball was hovering in the air, and the three women kept releasing attacks to harass Ouyang Huai.

The ball also occasionally shot out a beam of destruction.

With Qing Tianqi and others restraining him, Ouyang Huai was in a hurry.

Ouyang Huai was most afraid of these harassments. It was Qingtian Qi's God-Destroying Thorn.

Because Qingtian Qi's God-Destroying Thorn would stir up his mind, which would cause the three remaining souls sealed in his sea of consciousness to come out and bite him. The consequences would be very terrifying.

So he The one he wanted to get rid of most was Qing Tianqi.

But Ye Jingyu was faster than him, and he was blocked every time he made a move.

This immediately made Tuoba Hun panic, and Ye Jingyu also took the opportunity to turn the situation around and gain the upper hand.

The two sides started fighting. Get up.

Gradually, Ouyang Huai became more and more invincible, and fear began to show on his face.

Suddenly, he shouted urgently: "Everyone! Let's leave it at that! It was my fault before, I apologize to you all!"

Hearing this, Ye Jingyu sneered and said: "What's the use of apologizing? Letting you go today is like letting the tiger go back to the mountain, so you will die today!"

Ouyang Huai was furious:"Humph!" It seems that you have to kill me. Do you think it is that easy?"

As soon as he said these words, Ouyang Huai fled out of the valley.

Unexpectedly, Ye Jingyu was faster than him and blocked his way.

Qingtian Qi sent a god-destroying thorn at him.

At the same time, in the air, Wu Xiaoyue suddenly used the pinch seal technique and slapped it towards Ouyang Huai.

"Blood coagulation curse!"

Immediately, a cold dark force struck.

Ouyang Huai was only guarding against Qingtian Qi's God-Destroying Thorn, but was not guarded against the attack of the 'Blood Coagulation Curse'.

He was hit by Wu Xiaoyue's Blood Coagulation Curse on the spot, and the blood in his body began to solidify into ice. It turns out that the blood coagulation spell is to solidify the water in the human body's blood vessels into ice.

Once the blood solidifies, the human body's operating functions will naturally slow down, and Ouyang Huai's speed will immediately drop sharply.

"not good! Tuoba

Hun secretly thought that something was wrong, and quickly eliminated the cold air from his body.

But at this time, Qingyun cast another petrification spell on Tuoba Hun, and Ouyang Huai's speed was greatly reduced again.

Whether it was the 'Blood Coagulation Curse' Or 'Petrification Technique', both are auxiliary martial arts of superior grade, and are also status skills.

These two negative states were applied to Ouyang Huai at the same time, which quickly weakened Ouyang Huai's speed to 70% of its original value. At this time His speed was far inferior to Ye Jingyu, and even Qingtian Qi's speed was on par with him.

This discovery immediately made Qingtian Qi overjoyed.

At that moment, Qingtian Qi shouted loudly into the air:"Sister Xiaoyue, Qingyun Sister, you two don't need to use other attacks. Just keep using the 'Blood Coagulation Curse' and 'Petrification Technique' on Ouyang Huai."

"good!"

The two women in the air immediately agreed.

Ouyang Huai in the field had just expelled the two strange auras from his body. Before he could fully recover, he heard Qing Tianqi's words and was furious.

He wanted to rush over. He wanted to kill Qingtian Qi, this disgusting guy, but Ye Jingyu clung to him tightly, making it impossible for him to escape. Qingtian Qi was always out of his attack range, leaving him unable to do anything to Qingtian Qi for a while..

Chapter 2922

Just when Ouyang Huai was extremely angry, Ye Jingyu's attack and Qingtian Qi's God-Destroying Thorn arrived at the same time, causing Ouyang Huai to rush again.

Not long after, he was hit by another 'Blood Coagulation Curse' before he could dodge, and his speed suddenly dropped again.

Tuoba Soul's speed dropped, and his evasion ability became even worse. Qingyun's 'Petrification Technique' was applied to him again, causing his speed to drop sharply again.

In fact, for Ouyang Huai, the 'Blood Coagulation Curse' and 'Petrification Technique' are more difficult to defend than the 'God-Destroying Thorn'.

Because he is a soul mutant, he is very sensitive to soul power. Whenever the God-Destroying Thorn attacks, he can detect it in advance. On the contrary, he is not so sensitive to the 'Blood Coagulation Curse' and 'Petrification Technique', so it is easier. Being hit by these two status martial arts.

In fact, this type of martial arts consumes a lot of vitality. In order to fight for a long time, Wu Xiaoyue and Qingyun did not want to consume too much vitality and did not dare to use this kind of martial arts frequently.

All they perform are offensive martial arts, which are fast and direct.

However, being asked by Qingtian Qi at this time, the two girls knew that Qingtian Qi would not act without aim, and there must be a reason.

At the moment, the two women frequently displayed this kind of status martial arts regardless of the consumption of their vitality.

Ouyang Huai's movement speed was immediately suppressed, and his dodge became much more clumsy than before.

Seeing this, Qing Tianqi was overjoyed, and then his figure flashed and he actually joined the battle circle, closing the distance with Ouyang Huai.

In the blink of an eye, the distance between him and Ouyang Huai was only seven or eight feet.

Qing Tianqi's move immediately shocked Ye Jingyu and others.

At that moment, Ye Jingyu was shocked and said: "Xuanyuan Zhantian, what do you want to do? Don't you want to live anymore?"

Wu Xiaoyue also said anxiously: "Brother Tianqi, step back and push away, be careful of Ouyang Huai! You can't take one of his moves. Yes!"

Everyone knew that with Qingtian Qi's strength, there was no way he could withstand Ouyang Huai's frontal attack.

If Qing Tianqi was hit once by Ouyang Huai, he would definitely be killed instantly.

Qingtian Qi had been outside the battle circle before, that is, outside Ouyang Huai's attack range. Ouyang Huai could not attack him, so he was naturally safe.

But now Qingtian Qi took the initiative to enter the battle circle and stepped into Ouyang Huai's attack range. Doesn't this mean that he is in danger?

This immediately surprised and puzzled Wu Xiaoyue and others.

On the contrary, Ouyang Huai laughed wildly and said with a loud laugh: "Haha!! Boy, I wanted to kill you but I couldn't. I didn't expect you to come to my door. This is really great, go to hell!"

I saw Tuobahun force Ye Jingyu away with one sword, then turned around and struck Qingtian Qi with the 'Black Flame Slash'.

Qingtian Qi was on guard and quickly dodged to avoid it, but the impact of the huge energy wave still made Qingtian Qi as unstable as a fallen leaf in the wind.

Ouyang Huai was overjoyed and was about to kill him again.

Ye Jingyu arrived in time.

Ouyang Huai had no choice but to turn around and resist Ye Jingyu's attack.

Qing Tianqi took the opportunity to go around behind Ouyang Huai, and immediately shot a god-killing thorn at Ouyang Huai, and at the same time also attacked him with the 'Three Dragons Roar' move.

Sensing the God-Destroying Thorn attack behind him, Ouyang Huai's expression changed drastically, and he was filled with shock and anger.

Now, he finally understood Qing Tianqi's intention of venturing into the battle circle.

It turned out that what Ouyang Huai was most afraid of was Qingtian Qi's 'God-Destroying Thorn' attack, so he always wanted to be the first to kill Qingtian Qi.

So far in the battle, the reason why he is at a disadvantage is because he has to spend a lot of energy to guard against Qingtian Qi's 'God-Destroying Thorn', so it is a bit difficult to deal with other attacks.

Previously, Qingtian Qi was outside the battle circle, dozens of feet away from him.

The speed of the God-Destroying Stimulus shot remains unchanged. The farther the distance, the longer Ouyang Huai has to defend himself, so he can easily avoid it every time.

But now, Qing Tianqi has shortened the distance between the two sides to seven or eight feet, which shortens Ouyang Huai's time to avoid the God-Destroying Thorn several times, making it even more difficult to dodge, and immediately puts him in an extremely dangerous situation. situation.

Not only that, Qingtian Qi put himself into Ouyang Huai's attack range, so why didn't the other party enter his attack range?

Therefore, while Qingtian Qi sent out the God-Destroying Thorn, he also sent his strongest blow towards Ouyang Huai..

Chapter 2923

At that moment, Ouyang Huai roared angrily and narrowly avoided the Qingtian Qi Destruction Divine Thorn attack, his men hesitated slightly in their movements.

After this hesitation, Ye Jingyu's attack and Qingtian Qi's 'Three Dragons Roar' arrived in an instant.

Ouyang Huai hurriedly opened a black light shield to block the attacks from both sides.

This is the first time he has fallen into a complete defensive stage in this battle.

After blocking two attacks, Ouyang Huai forced Ye Jingyu back with another sword blow, turned around and charged towards Qingtian Qi.

The two sides were seven or eight feet apart. Although this distance was within Ouyang Huai's attack range, it gave Qingtian Qi enough time to avoid his attack.

In order for Qingtian Qi to avoid his attacks and be killed by him instantly, what Ouyang Huai had to do was to close the distance between the two parties.

As long as the distance between the two sides reaches two or three feet, Ouyang Huai can make Qingtian Qi unable to avoid his attack and be killed by him on the spot.

But when Qingtian saw Ouyang Huai coming to kill him, he hurriedly retreated.

The two sides advanced and retreated at the same speed, always maintaining that distance.

At this moment, Ouyang Huai finally Understand why Qingtian Qi asked Wu Xiaoyue and Qingyun to continuously use the 'Blood Coagulation Curse' and 'Petrification Technique' on him, in order to slow down his speed greatly.

Now, his speed had dropped to the same level as Qingtian Qi, making him unable to get close to Qingtian Qi at all, which immediately made him extremely angry.

And at this moment, Ye Jingyu's 'Striking Wind Thorn' shot came from behind him.

Ouyang Huai's expression changed drastically and he turned around to resist.

As soon as he turned around to fight, Qingtian Qi immediately launched a God-Destroying Thorn attack at him.

At the same time, Qiuqiu and Princess Yue also attacked Ouyang Huai.

At the moment, Ouyang Huai was busy fending off everyone's attacks while roaring angrily.

At this moment, he was completely at a disadvantage and was in an extremely dangerous situation.

Not long after, a shrill roar suddenly came from the venue.

But Ouyang Huai failed to avoid Qing Tianqi's God-Destroying Thorn attack in the end. With his mental and mental exhaustion, his last fragile nerve was broken by the God-Destroying Thorn.

Ouyang Huai immediately suffered the backlash of the 'Dark Blood Spirit Gathering Technique'.

Ouyang Huai's eyes were bleeding and he looked like he was crazy. He was holding his head with both hands and roaring desperately.

At this moment, the three remaining souls sealed in his sea of consciousness had broken out of the seal and were gnawing at his soul in the sea of consciousness. This caused him unbearable pain and he suddenly fell into madness.

Seeing this, Ye Jingyu took the opportunity to attack and penetrated Tuoba Hun's chest with one shot.

Ouyang Huai immediately screamed, covering the wound on his chest, and retreated sharply.

His eyes were bleeding, he looked at everyone with a ferocious face, and said with a sad smile: "Haha! You let me die! I won't let you live! Just wait slowly!"

After saying this, Ouyang Huai actually slapped his Tianling Gai with his palm, causing his brain to burst and he died tragically on the spot.

Everyone was puzzled when they saw that Ouyang Huai smashed his own head and died after saying those cruel words.

At the moment, everyone stared at Ouyang Huai's body, feeling slightly uneasy.

After a long time, there was no abnormal reaction from Ouyang Huai's body, and everyone felt a little relieved.

At that moment, the ball fell from the sky.

Qing Tianqi and others stepped forward to watch.

Looking at Ouyang Huai's body, everyone felt lingering fear, but at the same time they also breathed a sigh of relief.

This terrible guy finally died under the concerted attack of everyone.

At this time, Qingyun looked at Ouyang Huai's body and said angrily: "This hateful beast is finally dead!"

Obviously, she still resented Ouyang Huai's previous humiliation of her.

But as soon as Qingyun finished speaking, a sudden change occurred in the scene, and a red human-shaped light and shadow suddenly appeared from Ouyang Huai's corpse.

I saw the light and shadow of the human figure floating in the air like a ghost, looming, very strange.

When everyone looked carefully, they found that the appearance of the light and shadow was very similar to that of Ouyang Huai, and it was also very ferocious, and the body was even more mutilated, as if it had been eaten by something.

In fact, this human-shaped light and shadow is Ouyang Huai's soul.

The reason why he didn't appear immediately before was because he had to deal with the three remaining souls.

Now the three remnant souls have been dealt with by him, but his soul body is also shattered..

Chapter 2924

But as soon as Ouyang Huai's broken soul appeared, he heard Qingyun's curse. He immediately said with a ferocious smile: "I said, even if I die, I will drag you with me. Bitch! If you dare to curse me, then you will Be the first one to die!!"

As soon as he said these words, Ouyang Huai's soul immediately rushed towards Qingyun and sank into Qingyun's body.

Qingyun's face turned ferocious immediately, and then she grabbed her head desperately and roared loudly. The look was very similar to the way Ouyang Huai had been backlashed before.

Everyone was horrified when they saw this scene. They were all shocked, but they didn't know how to save themselves.

Just when everyone didn't know what to do, Qingyun suddenly took her long sword crazily and stabbed her heart.

Seeing this, everyone was shocked.

Then Princess Yue even screamed: "No! Sister Qingyun doesn't want it!"

But it was too late, blood flew out, Qingyun pierced her heart with a sword, and died on the spot.

As soon as Qingyun died, Ouyang Huai's ghost floated out again, turned around and pounced on Princess Yue, and said with a ferocious smile: "Gah! You are the second one! Just die with me!"

Princess Yue's face changed with fright, Turn around and run away.

Ye Jingyu's expression also changed slightly, he stepped forward and stabbed the ghost in the air with a spear.

But that shot seemed to have penetrated the air and had no effect on Ouyang Huai's ghost.

Ouyang Huai's ghost suddenly smiled triumphantly: "Gah!! Ye Jingyu, you are next! I will let you die by my own gun!"

After saying this, Ouyang Huai's ghost continued to pounce on Princess Yue, In the blink of an eye, she was behind Princess Liyue.

Seeing that Ouyang Huai's ghost was about to pounce on Princess Yue, Wu Xiaoyue and others all exclaimed anxiously.

"not good!"

"Moon! Run!"

Princess Yue was also so frightened that she turned pale and tried her best to run away.

But although she was fast, Ouyang Huai was even faster.

In just a moment, she floated behind Princess Yue and rushed towards Princess Yue with all her teeth and claws.

"quack!! Damn girl, don't even think about running away! You are the second one!!"

I saw Ouyang Huai's ghost grinning ferociously. He immediately rushed forward and possessed Princess Yue.

Princess Yue immediately threw herself on the ground, looking extremely painful.

Then, Princess Yue started to go crazy like a clear cloud, and took out a He stabbed his heart with the long sword.

At the critical moment, Qing Tianqi, who was not far away, suddenly thought of something.

He immediately snorted coldly, his left eye pupil flashed, and a god-destroying thorn stabbed directly at Princess Yue.

Princess Yue immediately became enlightened and stopped what she was doing.

At the same time, a shrill scream came from Princess Yue.

Then, a group of black energy was seen floating out of Princess Yue's body and re-condensed into Ouyang Huai looked like that, then turned around and ran away.

Seeing this, Qingtianqi sneered: "Humph! Want to run? That's too late!"

The pupil of his left eye flashed again, and another god-destroying thorn was shot at Ouyang Huai's ghost.

Ouyang Huai's ghost screamed miserably again, and began to collapse automatically, turning into a large ball of black energy, and gradually The smoke disappeared, and finally there were only a few golden starlights floating in the sky.

Qingtian Qi's heart moved, and his figure swayed to the place where Ouyang Huai's soul dissipated, and then with a move, he condensed all the golden light spots that were about to dissipate. , and finally condensed into a ball of golden liquid the size of a fingernail. Seeing the golden liquid, Qingtian Qi clearly sensed that the liquid exuded powerful soul power fluctuations.

At that moment, he thought in his heart: "Isn't this a materialized idea? Power? To be more precise, it should be soul power. It may be useful if you keep it."

Thinking of this, Qingtian Qi carefully wrapped the golden droplet with his vitality and put it into the space of the God of War Order..

Chapter 2925

At this time, Ye Jingyu took a deep breath, walked forward carefully, and asked with lingering fear: "Is that guy really dead this time?"

"Um!"

Qingtian Qi nodded slightly.

Hearing Qingtian Qi's reply, Ye Jingyu breathed a sigh of relief and sighed: "That guy is really a terrifying freak! Even if he dies, his death will not make people feel at ease! To be honest, this is the first time I've seen a person's soul leave the body, and it's so scary!"

"This should be his last act of madness. If my prediction is correct, even if Ouyang Huai's soul is out of body, it will eventually disappear. Qing

Tianqi slowly expressed his opinion.

Ye Jingyu sighed softly, and after a moment, he said:"By the way, it seems that your secret soul technique is specifically designed to restrain the soul body." Ouyang Huai was scared from the beginning to the end"

"Um!"

Qingtian Qi nodded slightly. He knew that Ye Jingyu was talking about the 'God-Destroying Thorn'.

In fact, since he learned the God-Destroying Thorn, Qingtian Qi has also discovered that the God-Destroying Thorn can cause great damage to the soul body. When he used it to deal with Chu Hongjian When the Soul Puppet Beast was killed, it was also killed with one blow.

At this time, the cry of Princess Yue was heard not far away. She was sad for Qingyun's death.

Ye Jingyu immediately stepped forward to comfort:"Yue'er, stop crying. This is an ancient training ground. When entering here, we all have to be aware of death.

Princess Yue immediately wiped the tears from the corners of her eyes and said pitifully:"Brother, I know!""

Afterwards, Qingtian Qi reminded:"Ye Jingyu, it's not advisable to stay here for a long time. Let's leave early. If we have something to say, let's find a remote place to talk."

Hearing this, Ye Jingyu's heart moved, and he immediately nodded and said:"Okay!"

At that moment, everyone buried Qingyun's body.

Then, everyone searched Ouyang Huai's body again.

This time, Qingtian Qi gained a lot personally.

He first searched Ouyang Huai's body. A brocade box, exactly the same as the brocade box that he got as a reward in the first test.

Qingtian Qi immediately became excited, and he knew that this must be the reward that Ouyang Huai got in the first test.

At that moment, Qingtian Qi The brocade box was opened. He wanted to see what reward Ouyang Huai got.

Just after Qing Tianqi opened the brocade box with anticipation, he was dumbfounded. He saw fifteen green pills in the brocade box. , exuding an alluring fragrance, what is that if it's not 'Bigu Pill'?

This immediately disappointed Qingtian Qi. He didn't expect that the second place in the first test would also be rewarded with 'Bigu Pill', but it was There were only five more than him.

This made Qing Tianqi very confused about the intentions of the ancient gods, and he couldn't help but murmur in his heart.

"It's really strange. This 'Bigu Pill' didn't seem to be an extremely rare pill in ancient times! Why in the first test, the rewards for the second and third place were both Bigu Pills? What's the reward for first place? Isn't it also Bigu Pill?"

Thinking of this, Qingtian Qi couldn't help but feel something in his heart. He knew there must be a secret hidden in it, but he hadn't figured it out yet.

At that moment, Qingtian Qi told everyone the function of the Bigu Pill, but he didn't want anyone to need it, and he was eventually dismissed. Qingtian Qi accepted it silently.

Then, Qingtian Qi found two beads, one black and one white, from Ouyang Huai. The two beads were very small, only the size of a finger, but they emitted strange energy fluctuations.

That kind of The energy didn't look like the energy of the five elements, nor did it look like the power of wind, thunder and celestial phenomena. Ye Jingyu and others couldn't figure out what it was and were very puzzled.

But when Qing Tianqi saw it, he was immediately overjoyed and opened his eyes wide in surprise.

Because the two beads, one black and one white, are nothing else but the purest 'Yuan Yang Qi' and 'Yuan Yin Qi' condensed into the 'Yuan Yang Pearl' and 'Yuan Yin Pearl'..

Chapter 2926

Qingtian Qi's third door of physical cultivation, the 'Yin Yang Gate', has been opened for a long time. Currently, it lacks 'Yuan Yang Qi' and 'Yuan Yin Qi' as a guide. Use these two kinds of Qi to temper the bones and blood of the whole body, and it will be natural. Triggers the opening of the third energy door in the body, the Yin-Yang Gate.

Qing Tianqi had always been worried in the past, not knowing where to find the 'Yang Qi' and 'Yuan Yin Qi'. If he couldn't find it, he would not be able to open the third door in his body.

Later, Ming Ling'er told him that there were these two types of energy in the 'Attachment of the God of War'.

As long as he can enter the auxiliary hall, he can obtain these two kinds of energy tempering, and finally open the third door in the body and become a true physical warrior.

This made him only place his hope in opening the third door after entering the auxiliary hall.

But he didn't expect that now he would have an opportunity to open the third door in advance, which was to refine the 'Yuan Yang Pearl' and 'Yuan Yin Pearl' in front of him.

Only when the physical warriors open the third gate can they be considered true physical warriors, and only then will the power of yin and yang be produced in their bodies.

With the power of yin and yang, Qingtian Qi will be able to directly control the Sun and Moon Wheel in the future, and his will will be the main one in the battle, instead of Ming Ling'er. This is a great encouragement to him..

In fact, only by focusing on the will of the owner of the artifact can the power of the artifact be exerted to a greater extent.

Thinking of this, Qing Tianqi was secretly happy.

After opening the third gate, the physical body will undergo the third evolution, and the combat power will reach the strength of ten thousand people, which is ten times the combat power of my current physical body. The two cannot be compared at all.

In addition, after opening the third door, I will be able to learn the 'Clone Technique'."

What's more important is that I can also learn the third level of 'Mad God Technique'. As long as I learn the third level, the physical combat effectiveness of the transformed body will be increased three times, which is the power of 30,000 people. This will increase it out of thin air." With the strength of 20,000 people!

It seems that by opening the third gate, my strength will be doubled, which will definitely be an earth-shaking change.

This is more useful than me breaking through the Mu Yuan Qi to the fifth level!"

At that moment, Qingtian Qi decided in his heart that after finishing the trivial matters here, he would immediately open the third door and complete the third evolution of his body. Everything else is postponed.

Afterwards, Qingtian Qi accepted the 'Yuan Yang Pearl' and 'Yuan Yin Pearl' without hesitation, still enjoying himself in his heart.

Qingtian Qi's third harvest was a thick book he got from Ouyang Huai, called "Soul Code", which recorded various soul skills.

However, after reading the explanation of the preface to "Soul Code", Qingtian Qi was immediately shocked.

It turns out that this "Soul Code" is actually the first volume of "The Codex of Fantasy Gods", but this is a hand-written translation.

《The Fantasy God Code is from the period of the gods, the fantasy god among the gods.

The Phantom God is the most mysterious god among the gods, and he is also extremely powerful.

Huan Shen specializes in the power of the soul, and his attack methods are also mysterious and unpredictable.

Those who want to become a disciple of the Phantom God must be a 'soul mutant', otherwise they will not be able to practice his techniques.

However, there are very few soul mutants in this world, and their number is much smaller than that of Celestial Warriors.

Therefore, although the 'Illusion God' sect is powerful, it has very few disciples.

In the end, due to the mysterious disappearance of the 'Illusion God', the 'Illusion God' sect also gradually declined, and finally disappeared in the long river of history.

The 'soul skills' that have been passed down to this day were all spread from the 'Illusion God Temple' back then.

In this "Soul Code", there are several soul skills recorded earlier, such as 'Soul Sealing Technique', 'Dark Blood Spirit Gathering Technique' and so on.

However, what worries Qing Tianqi the most is that the second half of the Soul Code records a technique called the 'Six-turn Immortal Soul Body', which is specialized in cultivating a person's soul body and can enhance a person's soul power.

Every time a turn is completed, the soul power is doubled.

The stronger the soul power, the more powerful the soul skills will naturally be.

Moreover, as long as you reach the first level of cultivation, even if your physical body dies, your soul will not disappear immediately. It can survive in the outside world for a period of time, but it will eventually dissipate.

That Ouyang Huai obviously practiced this kind of technique, so after his death, his soul can still appear and harm others.

And after practicing this kind of skill to the sixth level, even if the body dies, the soul can still be immortal and can still be reborn through body weight. It can be said that immortality is extremely powerful.

Even a ninth-level warrior cannot do this.

According to the explanation in the article, it is an authentic cultivation technique that escaped from the 'Illusion Temple'.

After reading these contents, Qingtian Qi was naturally pleasantly surprised.

As the only soul mutant among everyone, he naturally accepted this "Soul Code" because only he could learn it.

As for the other trophies, they were obtained by Ye Jingyu and others.

But overall, the biggest gain is Qing Tian Qi.

This harvest will be of immeasurable significance to Qingtian Qi's future strength improvement.

Afterwards, everyone cleaned up the battlefield and quickly left the valley..

Chapter 2927

The ancient training ground is in a remote valley.

There were five people standing in the field, three men and two women, it was Qing Tianqi and the other five.

After Qingtian Qi and the other five people finished dealing with the battlefield, they hurriedly found a remote valley.

At this moment, the five people have their own thoughts.

Qingtian Qi, Qingtian Jun and Wu Xiaoyue were naturally very excited because they had found the descendants of the Bai family. They were naturally very excited.

They understood the meaning better. The return of the Bai family represented the reunion of the five ancient clans, and there was hope for the great cause of revenge of the five ancient clans.

However, compared to Qingtian Qi, the three of them were excited.

Brother Bai Jinyu and his sister were a little uneasy.

But at this time, Qingtian Qi used the Heavenly Listening Technique to observe the surroundings and found nothing unusual, so he smiled and said

"Brother Ye, it's safe here, let's talk here! I know Brother Ye must have a lot to say to me, right?"

Hearing this, Bai Jinyu's expression moved slightly, and then he pretended to sigh.

"Why! Now that things have happened, Ye Mou no longer hides anything. In fact, I think Brother Xuanyuan should have guessed it. In fact, I am not Yue'er's adopted brother, I am her biological brother, the prince of the New Moon Kingdom."

Seeing that Bai Jinyu still didn't want to admit his identity, Qingtian Qi secretly laughed in his heart, but he didn't point it out, but pretended to be confused and said

"It turns out that Brother Ye is the prince of the Crescent Moon Kingdom. Then I'm a little confused. I heard that the Crescent Moon Country is to the west of our Dakun Country, tens of

thousands of miles away from the Dakun Country. Even at Brother Ye's speed, it would take more than half a year to go from New Moon Country to Dakun Country, right?"

"Brother Ye, you, a good prince, are not enjoying yourself in your own country, but you have traveled tens of thousands of miles to come to our country, Dakun, to be a casual cultivator. I don't know why?"

Bai Jinyu smiled and said, "I'm not afraid that Brother Xuanyuan will laugh." To put it bluntly, it is not for the benefit of the country. You and I both know that those who enter the ancient training ground this time are the most promising young warriors from various countries. The main purpose of everyone is to get the Nine Yuan Fruit"

"Our New Moon Nation has only been established for a few hundred years. There is a shortage of eighth-level warriors in the country, and the national power is very weak. Naturally, we are in urgent need of the Nine Yuan Fruit. In order to obtain more Nine Yuan Fruits, we in the Crescent Moon Kingdom thought of a way to increase the quota."

"This method is for Ye to pretend to be a casual cultivator from your Dakun Country and take one of your quotas from Dakun Country. Although Ye made you laugh by doing this, your Dakun country is very powerful and has many places, so you don't care about this one place, right?"

Qingtian laughed and said, "Haha!"! Whether Brother Ye pretends to be fake or not has no effect on us. We are not descendants of the Long family, and we are not loyal to the Long family. We are not interested in the amount of benefits Dakun Country has gained this time, and we will not tell anyone about Brother Ye. Hearing this

, Bai Jinyu's eyes showed joy, and he immediately clasped his fists and said: "Brother Xuanyuan, your friend Ye Mou is settled.""

Wu Xiaoyue on the side suddenly interrupted: "Brother Ye, you said you entered here pretending to be a player from the Da Kun Kingdom, but after you left here, your identity was still a player from the Da Kun Kingdom, and all the Nine Yuan Fruits you obtained will go up. Leave it to Dakun Country! So aren't you pretending to be in vain?"

Bai Jinyu smiled and said, "This problem is easy to handle." All the Nine Yuan Fruits I got here were given to my sister and asked to be taken out. After all, it is our New Moon Country that will benefit."

After hearing this, Wu Xiaoyue showed a look of sudden realization.

At this time, Qingtian Qi said again: "Brother Ye, since you regard me as your friend, tell me this secret. Then I have a secret to tell you."

After saying this, Qing Tianqi released the face-changing technique in the surprised eyes of Bai Jinyu and Princess Yue, and restored his original appearance.

At that moment, he changed from a white-haired young man in his twenties to a red-haired young man in his mid-twenties. A young boy.

As soon as Princess Yue saw Qing Tianqi's true appearance, she immediately covered her mouth in surprise and exclaimed

"It's you! Wang Xi!"..

Chapter 2928

Qingtian Qi smiled and said: "Princess Yue, you still remember me!"

Seeing Qingtian Qi's clear smile, Princess Yue's face turned slightly red, looking a little embarrassed and light-headed.

Bai Jinyu on the side was even more surprised and said: "So you are Wang Xi, the Wang Xi who won third place in the first test?! So, the Wang Xi brothers saved the little sister's life twice, Ye Thank you so much for being here."

Qingtian laughed and said, "Brother Bai, you're welcome. It's the right thing for me to save my sister."

Hearing this, Bai Jinyu was stunned, and then his expression changed slightly and said, "Wang Xi , what did you call me just now? My surname is Ye, not Bai."

Qingtian laughed loudly: "Actually, my surname is not Wang, my surname is Qing. Big brother and little brother of the Bai family, I won't go around in circles with you. I know you He is a descendant

of the Bai family from the five ancient clans. The younger brother is a descendant of the Qing family. Brother Tianjun and sister Xiaoyue are also descendants of the five clans."

"good! I am Lord Qingtian, a descendant of the ancient Qing family."

"whee!! The younger sister Wu Xiaoyue is a child of the Wu family, and she has met the eldest brother of the Bai family here."

When Qingtian Qi and the others revealed their identities, both Bai Jinyu and Princess Yue opened their eyes in shock.

After a while, Bai Jinyu still couldn't believe it and said:"Are you really the descendants of the five ancient tribes?"

Qing Tianqi said solemnly:"That's natural!" If I am not a descendant of the Qing family, why should I show my original appearance?"

At this time, Lord Qingtian remained silent, struggling to regain his energy, and stepped forward to forcibly perform the art of interrogating spirits. As soon as the art of interrogating spirits was performed, the phantom of the blue dragon appeared behind Lord Qingtian.

As soon as he saw the phantom of the green dragon. , Bai Jinyu immediately exclaimed:"Hey! This is the inheritance vision of the Qing family. You are indeed the descendants of the Qing family."

At this moment, Bai Jinyu no longer doubted, and his face showed excitement and ecstasy.

"Ha ha!! I didn't expect that I would meet people from our five ancient tribes here. It's really great. It turns out that both our Qing family and Wu family still have children alive. I wonder how the Teng family and Feng family are doing now?"

"yes! elder brother! I didn't expect that the younger brother who saved me was actually my younger brother!"

Princess Yue also had a look of surprise on her face.

The moment the five people recognized each other, it was an exciting scene.

Immediately, the five people told each other about the current situation of the five races.

After some exchanges, Qingtian Qi learned that Bai Jinyu The real name of Princess Yue is Bai Jinyu; the real name of Princess Yue is Bai Jinyue.

Later, Qingtian Qi learned about the situation of the Bai family from Bai Jinyu.

It turned out that thousands of years ago, when the five ancient clans suffered a catastrophe, the Bai family had a seventh-level disciple. He acted shrewdly and decisively, and was very prestigious among his peers.

Back then, when the Bai family disciple saw that the situation was not right, the five ancient tribes were irreversibly exterminated.

He immediately persuaded more than a dozen Bai family disciples to take the Bai family with him The inherited artifact fled to another country, and he fled tens of thousands of miles west of the Dakun Kingdom before hiding his name.

In order to avoid suspicion, the descendants of the Bai family changed their surname to 'Ye'.

Night is black, which is the same as 'White'. The opposite was true.

From then on, the Bai family turned from bright to dark, and has been developing silently in secret.

Until four hundred years ago, a genius from the Bai family took the last step and entered the ranks of the ninth-level powerhouse. That person is also today's The head of the Bai family.

A ninth-level strongman appeared in the family, which also gave the clan members hope for revenge.

Then, in order to obtain more resources and make the family stronger, the Bai family began to make plans to build a country.

After dozens of After years of hard work, the Bai family finally established their own country - the Crescent Kingdom.

With the existence of the country as an institution, the Bai family can collect more resources to grow and develop by attaching themselves to their Bai family.

After four years After a hundred years of development, the Bai family has become very powerful. There are now six eighth-level warriors in the Bai family. It can be said that the combined strength of the four major Qingfeng and Tengwu families is only slightly stronger than the Bai family. That's all.

But Qingtian Qi and the others were extremely excited when they learned that the Bai family now had a ninth-level strongman.

And Bai Jinyu learned that among the four ancient clans, Teng Xiaoshan, the veteran ninth-level strongman, was still alive. very excited..

Chapter 2929

Both parties were greatly surprised by this exchange.

"That's great. I didn't expect that your Bai family is already so strong. If I bring this news back to Senior Teng and the others, they will definitely be very happy.

Qing Tianqi was very excited.

Bai Jinyu also laughed:"Haha!"! If the head of my family knew that Senior Teng was still alive, I'm afraid he wouldn't be able to sit still and would immediately go to Ten Thousand Flowers Valley to see Senior Teng."

"Um!"

Qingtian Qi nodded immediately

"After we go out this time, our five tribes will be able to reunite. Another happy thing is that now that the Bai family has been found, our five tribes can establish the 'True Five Elements Illusion

World'. As long as the 'True Five Elements Illusion Realm' is established, our five tribes will have a secret hiding place, and we can hide the 'Golden Spirit Pearl' in it to escape the pursuit of the Holy Lord."

"Golden Lingzhu? what is that?"

Bai Jinyu didn't understand these things yet.

At that moment, Qingtian Qi told Bai Jinyu about Jin Lingzhu and the Holy Lord.

Bai Jinyu immediately applauded after hearing this

"good! Well done! That abominable Holy Master actually used the heads of our five families to feed his spiritual beads. This revenge must be avenged"

"Although we don't have the ability to take revenge now, we can't let his plan succeed. As long as the golden spirit bead is in our hands and one of the five elements is missing, the Holy Master's thousand-year plan will come to nothing.

Qingtian Qi nodded and said,"That's what we planned." As for the Holy Lord, our five tribes are not yet able to seek revenge from him, but we cannot let him get his wish easily."

"yes! Even if our five tribes were in their heyday, we would not be able to deal with that Holy Lord. Revenge against him is indeed a long way off. However, we will never let go of the three people of Long and Xing who slaughtered all the descendants of my five tribes."

"Now that our five tribes have united, we have two ninth-level warriors. If another ninth-level warrior emerges, we may be able to take revenge."

After saying this, a look of excitement appeared on Bai Jinyu's face.

Qingtian Qi pondered for a while before saying:"Maybe it's not that simple. Long Xing has now reached the peak of the ninth level, and he is not something that ordinary ninth-level experts can deal with. Even if there is another ninth-level strongman from our five tribes, and three ninth-level strongmen join forces, they may not be able to kill Long Xing!"

"However, there is hope for secretly killing Chu Tiannan and Nangong Yao, but I am afraid that if they fail, they will be alerted.

Bai Jinyu nodded and said, "What you are worried about is reasonable."

Qingtian Qi added: "These things are still a bit far away. Now we should solve the current matters first." Brother Jin Yu, is the purpose of coming to the training ground this time just for the Nine Yuan Fruit?"

"good! Brother Tianqi, this time we are killing the children of the Long family for the Nine Yuan Fruit. Our Bai family always thought that the other four of the five ancient races had perished. The matter of revenge can only rely on the strength of our clan, so we want to cultivate a few more eighth-level disciples."

"The more eighth-level children there are, the more likely it is to cultivate a ninth-level child. However, when I met you this time, the news I got was unexpected!"

"oh! The goal of the three of us is also to achieve the Nine Yuan Fruit. In this case, let the five of us join forces!"

"That's how it should be! Our five races are one family. When our five races unite, those spiritual fruits will also be common to our five races. It is natural to join forces"

"That's good! In the subsequent tests, the five of us advanced and retreated together."

In this regard, the five descendants of the five ancient tribes gathered together and formed an alliance..

Chapter 2930

At this time, Qingtian Qi said again: "Brother Jin Yu, do you want to kill Long Xiaotian?"

"He is a descendant of the Long family and deserves to die! I originally wanted to kill him in this round, but since you two are not outsiders, I don't have to worry about exposing my identity, so I'll kill him in the next round!"

Qing Tianqi nodded and said, "That's fine!" Brother Jin Yu, there is only half a month until the end of the second test. The three of us have collected enough spiritual fruits and are ready to retreat and practice with all our strength immediately. I wonder what Brother Jin Yu has planned? Bai

Jinyu pondered for a while and said: "My cultivation has reached the peak of the fifth level of Dzogchen and is stuck at a bottleneck." Even if you practice in seclusion for half a month, it will be of no use. Let's do this, I will help you protect the Dharma for this half month, and Yue'er will retreat with the three of you!"

Speaking of this, Bai Jinyu thought about something again and took out a few yellow spiritual fruits and handed them to Qingtian Qi.

"These are 'Spiritual Jade Fruits' that can help you break through the bottleneck of the fifth level of the Earth Element. They were originally prepared for Sister Qingyun, but unfortunately she can no longer use them. Tianqi, I think you are a five-element warrior. This will help you in the future, so just accept it. It is a meeting gift from my eldest brother."

Hearing this, Qingtian Qi hesitated for a moment, but accepted it.

After all, this spirit jade fruit would be of great help to his future earth element cultivation. He was not a hypocritical person, so he accepted it. Just thinking about this spirit jade fruit The fruit was originally prepared for Qingyun, so I can't help but feel a little sorry for Qingyun's death.

Although Qingyun is not a descendant of the five clans, Qingyun and her family are very loyal to the Bai family, because her family was inherited by blood back then. One of the small families, they have been following the Bai family silently.

After accepting the spirit fruit, Qingtianqi expressed his gratitude to Bai Jinyu.

Then, the group began to look for a suitable place to retreat and began to prepare for the test half a month later..

Not long after, the group of people found a secret cave.

At that moment, Bai Jinyu was guarding the entrance of the cave.

Qingtian Qi and others began to retreat to refine spiritual fruits.

Since Qingtian Qi and others collected many spiritual fruits, Qingtian Qi and others Jun's little fox and Qiuqiu were given a lot of spiritual fruits.

Next, Qingtian Jun and others excitedly took out the harvest of these days and began to refine it quietly. In the deepest part of the cave, Qingtian Qi sat alone In the darkness, Qiuqiu was not far in front of him. After swallowing a few gold spiritual fruits, he closed his eyes and went to sleep.

Seeing this, Qingtian Qi smiled slightly, ignored it, and sat cross-legged.

Then, Qingtian Qi took out the 'Yuanyang Pearl' and 'Yuanyin Pearl' from the God of War Order space.

As soon as he saw these two beads, Qingtian Qi's face showed excitement again.

With this 'Yuanyang Pearl' and the 'Yuan Yin Pearl', should be able to help me open the third door!

As long as my third door is successfully opened, my physical body will be able to undergo the third evolution.

By then, the basic combat power of my physical body will be With the power of ten thousand people, if I learn the third level transformation of Mad God Art, after the transformation, my physical combat power can reach the power of thirty thousand people. With this kind of combat power, coupled with the power of my five elements vitality, my comprehensive combat power should be unlimited. It must be close to the strength of fifty thousand people!

Qingtian Qi was very excited when he thought of this.

At that moment, he no longer hesitated and swallowed the 'Yuan Yang Pearl' and the 'Yuan Yin Pearl' together.

The 'Yuan Yang Pearl' 'He' Yuanyin Pearl' is the purest Yuanyang Qi and Yuanyin Qi condensed.

Only then was swallowed by Qingtian Qi, and the two beads immediately turned into two strands in Qingtian Qi's body. Pure Yuan Yang Qi and Yuan Yin Qi.

With a thought, Qingtian Qi immediately manipulated his spiritual thoughts to guide the two energies.

At that moment, the Yuan Yang Qi and Yuan Yin Qi were guided by Qing Tian Qi's thoughts. Qingtian Qi's internal organs automatically absorbed it and gradually spread to every part of his body.

Not long after, Qingtian Qi felt that the Yuan Yang Qi and Yuan Yin Qi had spread to every cell in his body.

He also felt A slight tingling sensation began to spread all over his body. It was the Yuan Yang Qi and Yuan Yin Qi that were tempering and strengthening every cell in his body.

Gradually, the tingling feeling became stronger and stronger, and some strange Substances began to be eliminated from his body, which were impurities in his cells.

The entire process of tempering and strengthening the body was a relatively slow process.

As the cells were tempered, the itching feeling became more and more intense. , the itch has been in his heart, making him unable to catch it or scratch it, and his heart is unbearably itchy.

However, Qingtian Qi knows that this step is a key step to activate his cells, and he cannot stop tempering easily, otherwise all his efforts will be wasted..
