

## God level 2941

### Chapter 2941

At that moment, several people exclaimed

"It turns out that you are not a fifth-level warrior, but a fifth-level Dzogchen pinnacle warrior, and a Thunder Elephant warrior!"

"Oh my God! Looking at the momentum, you have reached the strength of 80,000 people?"

At this moment, all the fifth-level warriors had shocked faces. Even Qingtian Qi couldn't help but show horror in his heart.

He didn't expect Wu Lei's strength to be so strong and hidden so deeply.

He always thought that Ouyang Huai is the second strongest master among their group of trialists.

Now I know that there is another person who ranks second in strength, and it is Wu Lei in front of me.

Thinking of this, Qingtian Qi couldn't help but take a deep breath tone, and re-analyzed the situation in front of him.

At this time, when Wu Lei saw the shocked expressions of the fifth-level warriors, a proud expression appeared on his face, and he sneered disdainfully.

"snort! Originally I didn't want to reveal my strength in front of you, but think about it, you are so weak. If I don't let you know my strength this time, I'm afraid I'll be given a chance next time. After all, you're unlikely to survive. Before you die, it's not bad to tell you this little secret. It can be regarded as Chen's reward for you! Ha ha!!"

At that moment, Wu Lei laughed arrogantly, no longer paying attention to Qing Tianqi and others, but strode towards the fourth door.

Just when he was about to step into the fourth door of light, Wu Lei stopped again and said sarcastic

"You weak wretches, I hope that after this test is over, I hope some of you can survive. However, thinking about it, this is impossible! Ha ha!!"

As soon as he finished speaking, Qing Tianqi, who had been silent all this time, suddenly said softly:"Wu Lei, we will meet again!"

"Ha ha!! Just you?"Wu Lei looked at Qingtian Qi with great disdain,"I hope so! A guy who overestimates his abilities! Maybe this is your last chance to brag."

After saying this, Wu Lei ignored everyone and entered the fourth door.

After Wu Lei entered, the expressions of several fifth-level warriors in the hall became even more gloomy. It was obvious that they had been hit by Wu Lei just now.

Then, several people also They all entered the first door one after another. Soon, the hall became empty, leaving only Qingtian Qi.

Qingtian Qi pondered for a while, then strode towards the fourth door.

The reason why he dragged him to Finally, he did not want too many people to see his choice.

Now that there was no one in the hall, he made his choice with confidence.

When Qingtian Qiyi stepped into the fourth door of light, his whole body Penetrated through.

Immediately, Qingtian Qi felt as if he had stepped into the void, and his body fell rapidly downwards. He was surrounded by white light rotating at high speed, which only made him dizzy. Not long after, his feet shook, and Qingtian Qi felt He landed on the ground.

Then, the white light in front of his eyes dissipated, and Qingtianqi once again saw the scene around him clearly.

At this moment, he was on a rune teleportation array.

In front of the teleportation array was a row of secret rooms.

Seeing this At this point, Qingtian Qi hesitated for a while, then stepped out of the rune array.

As soon as he stepped out of the rune array, the trialist mark on Qingtian Qi's forehead lit up again, and then some new information was introduced into his mind. After digesting the information in his mind, Qingtian Qi released the ball in the God of War Order space.

As soon as the ball came out, it jumped onto Qingtian Qi's shoulder, licked Qingtian Qi's face affectionately with his little tongue, and then looked at it curiously Looking around.

Qing Tianqi looked at the ball lovingly, then smiled and said:"Little guy, we will fight soon!"

At this moment, Qingtian Qi walked towards the door of one of the secret rooms.

Judging from the sign on the door of the secret room, there was a fire-type puppet beast with the power of fifty thousand people inside.

Qingtian Qi pondered for a while, and then said:"Qiuqiu!! Just choose this one!"

"Gujiguji!!"

Qiuqiu nodded obediently..

Chapter 2942

Immediately, Qing Tianqi smiled slightly and took Qiuqiu into the secret room.

Once a person and an animal enter the secret room, the door to the secret room will automatically close.

According to the rules, if you don't kill the puppet beast in the secret room, you can't get out of the secret room until you are killed by the puppet beast.

But then the door to the secret room was closed, and some strange sounds came from a large mass of black mist deep in the secret room.

Not long after, a huge figure as black as ink clicked! Clicking out of the black mist.

It was a beast-shaped mechanical puppet that was three feet long and had the head of a wolf and the body of a tiger.

As soon as the mechanical puppet appeared, Qiuqiu let out a low roar and instantly transformed into a fighting state, putting on the Ruyi armor.

Qingtian Qi also immediately took the "Double Swords of Chasing the Sun and Chasing the Moon" in his hands.

At this time, the beast-shaped mechanical puppet also discovered Qing Tianqi, its eyes immediately emitted a scarlet light, and its whole body burned with black flames, and beyond the flames was thick black smoke.

Seeing this, Qingtian Qi was greatly frightened.

"Huh! Isn't this the Earth's Deep Flame? Unexpectedly, this puppet beast can also control the inner earth flames!"

Qingtian Qi's natal spiritual fire is the Earth's Core Nether Flame, which is also a middle-grade spiritual fire.

The middle-grade spiritual fire does not do much harm to sixth-level warriors, but it has a deepening effect on fifth-level warriors.

So, if An ordinary fifth-level warrior would feel quite a headache when faced with such a fire-type puppet beast, but for Qingtian Qi, he has no such worries.

Because Qingtian Qi's natal spiritual fire is also the earth's inner shadow flame, so in the The high-grade spirit fire could not cause any harm to him.

At that moment, Qingtian Qi also snorted coldly, and the earth's core flames burned around him.

Qiuqiu even roared, spread his wings, and used 'Floating Light' , turned into a golden light and attacked the puppet beast.

Now, Qiuqiu's combat power is the strength of 35,000 people. After it uses the 'glimpse', its speed is equivalent to the speed of the beast with the strength of 50,000 people. , which is equivalent to the speed of the puppet beast in front of him.

However, when the puppet beast saw Qiuqiu coming to attack, he reacted very quickly and smacked Qiuqiu with one claw.

Qiuqiu immediately let out a muffled groan, and was knocked away by the claw. , unable to get up from the ground for a long time.

If it hadn't worn the Ruyi armor, it would have been severely damaged in the first round.

Then, the puppet beast flashed and charged towards Qiuqiu again, trying to kill them all.

The sky was clear. When he saw something bad, he activated the 'Blood Shadow Escape Technique' and 'Phantom Tracking Step' in succession, and instantly rushed in front of the puppet beast, blocking its way. At the same time, he struck the puppet beast in the head with a sword.

The puppet beast saw the blue sky. Qi Yijian struck, his eyes flashed red, and he waved his iron claws with a gloomy look to block Qingtian Qi's attack.

The claws and swords intersected, and the two huge energies collided.

‘boom! ’

A loud bang!

Both sides retreated sharply, and it turned out to be a draw.

Qing Tianqi was so horrified that he took five steps back before stopping.

But the puppet beast only took seven steps back.

You know, in that blow just now, his attack power was greater than that of a top-notch spiritual weapon.

And this puppet beast just used its own iron claws.

At this moment, he understood that although the puppet beast in front of him claimed to have a basic combat strength of 50,000 people, its iron claws also had attack power amplitude.

Just when Qing Tianqi knocked back the puppet beast with a sword, and just as he was about to make a move, the puppet beast opened its mouth and spit out a ball of fire, shooting towards Qing Tian Qi.

The blue sky was horrified. He felt that the fireball contained terrifying power, and he immediately did not dare to directly contact it and quickly ducked to avoid it.

The fireball suddenly shot into the air, blasting a large pit more than a foot deep on the ground, causing the entire secret room to tremble.

Seeing the deep pit not far away, Qingtianqi took a deep breath and thought, no wonder the gods hinted in the message that these puppet beasts were stronger than warriors with the same combat power. Now it seems to be true!

According to this situation, it will probably take me nearly half an hour to kill the puppet beast in front of me!

Based on this calculation, I can only kill two in an hour.

This is not very efficient!

Under such circumstances, it is difficult to get a good ranking.

At least the Prince of Northern Qin, Wu Lei, and Brother Jin Yu will all surpass me.

Could it be that this time I can only get fourth place at most? Maybe not even fourth place."

Thinking of this, Qing Tianqi suddenly smiled softly..

Chapter 2943

In fact, he still has a way to deal with this puppet beast!

At this moment, the puppet beast rushed towards the blue sky again.

Suddenly, there was a roar from the side, but Qiuqiu got up from the ground. It was obviously very angry that he was slapped away by the claw of the puppet beast.

At this moment, as soon as it got up, the third eye on its forehead suddenly opened, shooting a beam of destruction light towards the puppet beast.

What was surprising was that the divine light of destruction actually hit the puppet beast, causing it to take a step back.

The puppet beast's eyes glowed red, looking a little angry, and turned around to spray a fireball at Qiuqiu.

But at this moment, Qing Tianqi suddenly snorted, his left eye pupil flashed, and he shot a 'God-Destroying Thorn' at the head of the puppet beast.

The puppet beast roared miserably, collapsed and fell into pieces.

It was instantly killed by Qingtian Qi's God-Destroying Thorn.

Seeing this, Qing Tianqi was ecstatic.

It seems that my guess was correct!

His 'God-Destroying Thorn' is indeed the nemesis of the soul body.

When he used the God-Destroying Thorn to deal with Chu Hongjian's Soul Seal Puppet Beast, it was an instant kill.

Nowadays, the mechanical puppet beast here can be killed with one blow.

It seems that my God-Destroying Thorn is the nemesis of these mechanical puppets."

Just when Qing Tianqi was excited about this discovery, the tester's mark between his eyebrows lit up again.

Immediately, a red light flew from the collapsed corpse of the puppet beast and was directly absorbed by the mark between his eyebrows. Qingtian Qi had some more information in his mind.

At the same time, a weak strange energy entered his sea of consciousness directly and was absorbed by his soul body, making Qingtian Qi feel a very comfortable feeling deep in his soul.

Then, Qing Tianqi finished digesting the information in his mind, and then he understood what was going on.

It turned out that every time he killed a puppet beast, the mark on the trialist's forehead would automatically absorb the puppet beast's soul mark and automatically help The trialist calculates the points.

In addition, the gods said that by killing the powerful puppet beast, the trialist will have unexpected benefits.

This unexpected benefit is that the stronger the puppet beast, the stronger its soul power will be.

While the Trialist's Mark absorbs the Soul Mark, it will also refine the soul power in the Soul Mark for the Trialist to absorb, thus enhancing the Trialist's Soul Power.

However, only when the basic attack power of a kill reaches 50,000 Only puppet beasts with human strength or above can get the benefit of enhanced soul power.

In addition, the information also revealed a secret, that is, the stronger the soul power of the warrior, the greater the chance of enlightenment.

On the other hand, the soul Mutants have more epiphanies than ordinary warriors.

After receiving this information, Qingtian Qi was naturally surprised.

Perhaps for ordinary warriors, enhancing soul power only increases the chance of epiphany.

But this means something different to Qingtian Qi.

Because Qingtian Qi is a soul mutant, he can practice the soul skills and techniques of the Huan Shen sect.

The stronger the soul power, the more powerful those soul skills are.

Simply put, Qing Tian Qi's soul power is enhanced, and he can gain more than just It is the increase in the chance of enlightenment and the improvement in strength.

At that moment, Qingtian laughed and said:"I didn't expect that killing these puppet beasts would also have the benefit of enhancing soul power. I will use the God-Destroying Thorn to kill more puppet beasts in a moment." Ha ha!! It can not only increase my points, but also enhance my soul power. It really kills two birds with one stone!"

Thinking of this, Qingtian Qi walked to the broken puppet beast with satisfaction and joy. He also wanted to see if the puppet beast had left anything good for him.

When he got closer, Qingtian Qi discovered that the mechanical puppet was composed of The material of the beast is neither gold nor wood, and it is full of runes. The brain of the puppet beast also has three fifth-level Dzogchen Peak ferocious beast inner elixirs, all of which are fire-based. Qingtian

Qi casually collected those inner elixirs. Get up.

As for those materials that are neither gold nor wood, Qingtian Qi also knows it. There are records in the "Ten Thousand Treasures Illustrated Book", and they are not very valuable materials, so they don't pay attention to them.

However, the iron claws and teeth of the puppet are very Rare metal spiritual objects are also metal materials for refining top-quality spiritual weapons. They are on the same level as Yuan Magnetic Blue Gold..

Chapter 2944

Qingtianqi collected them and kept them as food for Qiuqiu in the future.

After clearing the battlefield, Qing Tianqi happily left the secret room with Qiuqiu, preparing to enter the next secret room.

At the same time, in a secret room in another space.

Long Xiaotian looked at the mechanical puppet beast that fell apart on the ground, with a look of pride on his face.

And behind him, the possessed puppet stood silently

"Ha ha!! Finally, these 40,000-strong mechanical puppets were killed. I think not many of these trialists can do it, right? It seems that the second place in this trial is none other than me, Long Xiaotian, haha!!"

At this moment, in another secret room,

Wu Lei's whole body was flashing with electric light, his hands were crossed on his chest, and his eyes were slightly closed.

Not far in front of him, there was a broken mechanical puppet.

After a while, Wu Lei opened his eyes. Open your eyes, with a look of surprise on your face.

"I didn't expect that killing these puppets would enhance my soul power. Originally, I was thinking about retaining some strength and getting third place, but now it seems that there is no need, I just let go and kill these puppets. It can enhance soul power. How could you miss such a good thing? Why! It seems that it is difficult for me not to want the second place! Ha ha!!"

At that moment, Wu Lei left the secret room with a big smile and walked to the next one.

However, after Qingtian Qi left the secret room, he put the ball back into the space of the God of War Order.

Now he found that the God-Destroying Thorn can instantly kill those mechanical puppet beasts. , naturally there is no need for Qiuqiu to play.

Soon, Qingtian Qi chose the second secret room.

The mechanical puppet in that secret room was a lion-shaped puppet with the power of 50,000 people, with a gold system.

Qingtian As soon as Qi Cai entered, the puppet beast rushed towards him.

Qingtian Qi immediately shot out a god-destroying thorn to kill it instantly, in just one breath. After killing the mechanical puppet, Qingtian Qi hurriedly cleared the battlefield and headed towards Go to the next secret room.

Just like that, in just half a cup of tea, Qingtian Qi killed more than ten puppet beasts with a strength of 50,000 people in succession. He also harvested many ferocious beast inner elixirs and some metal materials.

However , , the biggest gain is that Qingtian Qi's soul power is slowly increasing while killing the puppet beast.

As the soul power increases, Qingtian Qi's God-Destroying Thorn becomes more and more powerful.

He kills ten Qingtian Qi felt that the remaining puppet beast with the power of 50,000 people was too relaxed and boring, so he began to choose to kill the puppet beast with the power of 60,000 people.

Although killing the puppet beast with the power of 60,000 people was not as good as To kill it instantly with one blow like before, the God-Destroying Thorn needs to be used three times in a row to kill it.

However, to kill a puppet beast with the power of 60,000 people, the increase in soul power is five times that of killing 50,000 people. Times.

This discovery surprised Qingtian Qi.

At that moment, Qingtian Qi decided to specifically kill the puppet beast with a power of 60,000 people.

After killing five puppet beasts with a power of 60,000 people in a row, Qingtian Qi felt a little uncomfortable. Having fun, he is going to kill the puppet beast with the power of 70,000 people.

Although Qingtian Qi's basic combat power is only 50,000 people, his speed can reach the level of 70,000 people.

Therefore, for killing the 70,000- strong puppet beast, He is still somewhat confident about the mechanical puppets with the power of ten thousand people.

As long as he uses his speed to prevent those mechanical puppet beasts from getting close, and then he keeps using the 'God-Destroying Thorn', he will eventually kill the puppet beasts with the power of 70,000 people. Question.

I wonder how much my soul power will be enhanced by killing a puppet beast with the strength of 70,000 people?

It's really exciting to think about it! I really want to kill more puppet beasts here, but it's a pity that it only lasts for an hour. Time.

I'd better seize the time! This is a very rare opportunity!"

Thinking of this, Qingtian Qi strode towards a secret room, where the mechanical puppet beast had the strength of 70,000 people.

When Qing Tianqi walked into the secret room, he was surprised to find that the mechanical puppet in the secret room did not look like the ferocious beast he had seen before, but instead looked like a human being.

It turns out that the puppet beast in this secret room is actually a humanoid puppet.

Moreover, there was a simple long sword in the hand of the humanoid puppet. It was vaguely seen that the long sword should be an ordinary spiritual weapon.

Seeing this, Qingtian Qi was greatly surprised.

He did not expect that among these mechanical puppets, there were not only animal-shaped puppets, but also human-shaped puppets.

While Qingtian Qi was stunned, the humanoid puppet also sensed Qingtian Qi's presence..

Chapter 2945

I saw it slowly raising its head and looking towards the blue sky, its eyes shining with a strange red light.

That kind of red light makes people feel very uncomfortable when looking at it.

Just when Qing Tianqi felt a little uncomfortable, the human puppet moved.

I saw it made a mistake in its steps, and its body turned into an afterimage and rushed towards Qingtian Qi, and in an instant it was approaching Qingtian Qi.

Qing Tianqi was horrified, and quickly opened up his speed and moved out of the way.

But at this moment, the humanoid puppet was extremely fast and had already arrived in front of Qingtian Qi. The long sword in his hand struck Qingtian Qi head-on like lightning.

At the critical moment, Qingtian Qi's left eye pupil flashed, and he shot a god-killing thorn at the humanoid puppet in time.

The humanoid puppet suddenly trembled all over and paused for a moment.

Qing Tianqi took the opportunity to distance himself from the humanoid puppet.

Just when the distance between Qing Tianqi and the humanoid puppet was nearly three feet away, the humanoid puppet recovered and quickly turned around to kill Qingtian Qi.

Just at this moment, Qing Tianqi shot another God-Destroying Thorn at it.

The action of the humanoid puppet paused again for a moment.

In this way, Qing Tianqi used his speed to distance himself from the opponent while shooting the God-Destroying Thorn at it.

Qing Tianqi shot twenty-three God-Destroying Thorns in one breath before killing the humanoid puppet.

After he killed the humanoid puppet, he was pleasantly surprised to find that the increase in soul power this time was even more terrifying. This increase was thirty times the power of killing five people.

This discovery surprised Qing Tianqi again, and he couldn't help but think:

"Ha ha!! Although these mechanical puppets with the strength of 70,000 people are difficult to deal with, their enhanced soul power is really huge. It's not in vain that I spent so much time, the harvest is still worth it. I don't know if there is anything good about this humanoid puppet?"

Thinking of this, Qingtian Qi walked towards the humanoid puppet that was scattered on the ground.

After some searching, what surprised Qingtianqi was that this time he did not find the inner elixir in the puppet beast's brain, but found a walnut-sized Purple-red crystal.

Qingtian Qi held the purplish-red crystal in his hand and felt a little cold. He keenly felt that the purple-red crystal spontaneously emitted bursts of mental fluctuations.

"Huh! What is this?"

Qingtian Qi looked at the things in his hands curiously, trying hard to recall the records in the "Ten Thousand Treasures Illustrated Book".

After a long time, Qingtian Qi's eyes lit up, he remembered something, and he secretly said with joy

"I remembered that this thing is also recorded in the "Ten Thousand Treasures Illustrated Book" and is called Soul Crystal. This kind of soul crystal is one of the materials used to refine soul weapons. Horcruxes are used to amplify soul power. Ha ha!! I heard that this soul crystal is very rare. I will definitely keep it and it will be of great use in the future."

Thinking of this, Qingtian Qi happily put away the soul crystal.

Then, he put away the spiritual weapon in the hand of the humanoid puppet. After doing this, Qingtian Qi left the secret room.

After leaving the secret room, Qingtian Qi Nao A question came to mind.

He remembered the introduction to soul power in the soul book.

The relationship between the strength of soul power and the power of soul skills is very close.

The stronger the soul power, the greater the power of soul skills.

And the strength of soul power is There are levels.

I don't know what level his soul power strength is now?

I don't know how the soul power levels are divided?

It seems that after this test, he will take a good look at the "Soul Code".

Thinking of this, Qingtian Qi thought of another question.

By the way, didn't I get a fake top-notch martial skill 'Soul Seal Puppetry' from Chu Hongjian last time?

And this martial skill is in the hands of our soul mutants It is known as the best martial arts.

If a soul mutant learns this martial skill, he can summon a sixth-level soul-marked puppet beast at the fifth level.

Generally speaking, the combat power of a sixth-level ferocious beast is at least 200,000 people. Above, the combat power of the Soul Seal Puppet Beast is one-fourth of the original. In this way, the combat power of the summoned Soul Seal Puppet Beast is at least 50,000 people, which is very powerful!..

Chapter 2946

In fact, the reason why soul mutants can summon sixth-level soul-marked puppet beasts is that fifth-level warriors cannot.

That's because the soul mutants' soul power is much stronger than that of ordinary fifth-level warriors.

This Soul Seal Puppet Technique itself is a 'half-soul skill'. It stands to reason that the stronger the soul power, the more powerful it will be.

In this way, if his soul power is strong enough, he can now not only summon the sixth-level soul mark puppet beast, but also the sixth-level great perfect soul mark.

When he thought of this, Qing Tianqi's eyes lit up with excitement, because he thought of a good way to quickly improve his strength.

That is to quickly learn the 'Soul Seal Puppet Technique'.

This 'Soul Seal Puppet Technique' can be learned as long as the earth energy is cultivated to the fourth level.

Now Qingtian Qi's Earth Yuan Qi has been cultivated to the peak of the third level of Great Perfection, and he also has the spiritual fruit that can break through the Earth Yuan Qi to the fourth level, but he hasn't had time to refine it yet.

He only needs to give Qingtian Qi another day or two, and he will soon be able to break through the earth energy to the fourth level, and by then he will be able to learn the 'Soul Seal Puppet Technique'.

Generally speaking, warriors are divided based on their basic combat power.

Sixth level to the sixth level peak: the power of two hundred thousand and three hundred thousand people.

The sixth level of Dzogchen to the peak of the sixth level of Dzogchen: the power of 500,000 to 700,000 people.

The sixth level to the sixth level peak is a small realm, and the sixth level Dzogchen to the sixth level Dzogchen peak is another small realm.

"If I could summon a Soul Seal Puppet of Level 6 or above Dzogchen, its combat power would be at least 120,000 strong! With the help of such a powerful soul seal puppet, even Wu Lei is no match for me! Ha ha!!"

With this in mind, Qingtian Qi became even more excited.

He just doesn't know how strong his soul power must be to summon a sixth-level perfect marriage puppet.

Anyway, I just need to increase my soul power now. Well, as long as my soul power is strong enough, it is very possible to summon a sixth-level perfect soul mark puppet.

I'd better seize the time and kill more mechanical puppet beasts to increase my soul power.

Thinking of this, Qingtian Qi was excited again and entered the next room to continue killing the mechanical puppet beast.

This time, Qingtian Qi still chose the mechanical puppet with the power of 70,000 people. What he encountered was an earth-type beast-type puppet. After a fierce battle ,

Qingtian Qi fired twenty-two God-Destroying Thorns in succession before killing the puppet.

This time, Qingtian Qi fired one less God-Destroying Thorn than the last time. It was obvious that his soul After the strength increased, the power of the God-Destroying Thorn also increased.

In this way, Qingtian Qi successively killed six mechanical puppet beasts with a power of 70,000 people.

In the meantime, he obtained another soul crystal.

Of course, the bigger gain is that his soul power has been enhanced.

Now Qingtian Qi kills a mechanical puppet beast with the power of 70,000 people, and only needs to fire seventeen soul-killing thorns.

And for the Mechanical Puppet Beast with the power of 60,000 people, Qingtian Qi can already kill the Soul Seal Puppet Beast with one move.

Obviously, the continuous killings have increased his soul power a lot.

At the same time, in the center of the palace, there is a closed Large courtyard.

At this moment, the courtyard is surrounded by a transparent light curtain, sealing the exit of the entire courtyard.

The ground of the courtyard is paved with white stones, and there is a huge rune stone pillar in the center of the courtyard.

But at this moment, the courtyard is quiet Yes, there was no one.

Suddenly, there was a space fluctuation in the calm courtyard, and then a white light flashed, revealing the figure of a young man about seventeen or eighteen years old holding a long knife in his hand.

This young man is naturally the prince of Northern Qin..

Chapter 2947

The Prince of Northern Qin turned his head and looked at the deserted courtyard, frowning slightly.

But at this moment, another burst of white light shone in another corner of the yard, revealing a majestic figure, but it was Long Xiaotian

"It turns out you were the second one in!"

The Prince of Northern Qin looked at Long Xiaotian calmly.

"Ha ha!! yes! It turns out that His Royal Highness has arrived a long time ago!"

It turns out that the Prince of Northern Qin was the first to enter the testing place. He was naturally the first to complete the test and was naturally the first to come out.

And Long Xiaotian was the second to enter, so naturally he was the second to come out.

"I wonder where Brother Long thinks he can get this time?"

The Prince of Northern Qin suddenly asked curiously

"Ha ha!! It's hard to say the specific ranking. I don't dare to think about the first place, it must be His Highness the Crown Prince. But it's definitely no problem to make it into the top five! Now that Ouyang Huai is gone, the mysterious Wang Xi has always been invisible. Without these two people, I should be able to get second place this time"

"hehe!! Then congratulations to Brother Long. The second place reward is a 'True Soul Pill', which is priceless! I wonder how many points Brother Long got this time?"

"Ha ha!! Brother Long didn't get many points, only 110 points. I wonder how many points His Royal Highness has received?"

There was a hint of disdain deep in the eyes of the Northern Qin Prince, and he said softly:"Not much! Just over 1,300 points!"

Hearing this, Long Xiaotian immediately opened his eyes in horror. After a while, he took a deep breath and sighed.

"The gap between fifth-level warriors and sixth-level warriors is truly insurmountable! It is only right that His Royal Highness the Prince can get such high points. Long is deeply impressed! I am ashamed of myself!"

While the two were talking, another white light lit up in the courtyard, and a third person appeared.

Then, more and more people appeared in the courtyard.

Before long, there were four people in the courtyard. There are more than ten people.

Many of these people still have blood stains on their bodies and their faces are very pale. The mechanical puppet used for the test has no blood, so the blood stains on its body are naturally the tester's own.

Obviously, this test A few people fought fiercely with the mechanical puppets and were all injured.

However, as soon as there were more testers in the field, everyone asked each other about the status of the points gained.

According to the rules of the competition, only after everyone has finished the test, Only everyone can know the status of the ranking, so currently no one knows their own ranking.

This makes many people in the field feel a little uneasy, so they naturally ask about the points status of others and use this to judge their own ranking.

"Brother Wang, I wonder how many points you got this time?"

"I only got 20 points. Brother Li, what about you?"

"Much more than me! Brother Li is indeed a fifth-level Dzogchen warrior! I only got 7 points. Why! I wonder if I can get into the top 70 this time? If I can't get in, I won't be able to escape the fate of being wiped out this time."

"Brother Li, don't worry! I think there will be people who get 0 points this time. You may not be able to make it into the top 70."

At this moment, the field was full of voices asking each other for points.

Among these voices, there were excited ones, frustrated ones, anxious ones, and heroic ones.

And in the corner, Long Xiaotian heard There was talk around him, and joy gradually appeared in his eyes.

His confidence, which had been hit by the Northern Qin Prince, gradually returned at this moment.

It turned out that he discovered from the conversations of these people that the highest person among them had only obtained 45 points, and most people's scores are below 20 points. Anyone who can get more than 20 points can be considered a master.

Compared with him, this is simply not on the same level, there is too much difference.

This can't help but make Long Xiaotian felt that his wish to get second place was very likely to come true.

As time went by, more and more people appeared in the yard, and more and more people were injured among them.

In the end , even Bai Jinyu, Qingtianjun and others came out..

Chapter 2948

At that moment, Baijin Yuqingtianjun and other children of the five tribes gathered in a corner of the yard and started talking quietly.

"It seemed that everyone came out safely except Tianqi."

Bai Jinyu said softly.

"Um! Tianqi entered after us, so he should have come out later than us. However, with Tianqi's strength, he should be able to pass this level easily. By the way, Brother Jin Yu, I wonder how many points you got this time?"

"180 points!"

Bai Jinyu replied in a low voice.

Hearing this answer, Qingtianjun and others were immediately shocked.

Qingtianjun even said in admiration:"Brother Jinyu is indeed very strong! It's unbelievable to get such high points. Hearing this

, Bai Jinyu asked doubtfully:"Is 180 points very high?" How many points did you get?"

"hehe!! Compared with brother Jin Yu, I am far behind, I only scored 40 points."

Qing Tianjun had a wry smile on his face.

Wu Xiaoyue on the side even frowned and said in annoyance: "Brother Tianjun has a lot of points, I only got 30 points. Even Sister Jin Yue has more points than me, she got 55 points, which is really annoying to think about!"

Hearing Wu Xiaoyue's words, Bai Jinyue comforted her: "Sister, don't be angry. Among these people, your points should be regarded as points that can only be obtained by masters." By the way, I wonder how many points Tianqi brother can get? He is much better than me."

As soon as he finished speaking, Lord Qingtian on the side looked proud and said: "My younger brother is very strong. You can't judge by common sense. Even if his points are not as good as that of brother Jin Yu, he will definitely get more than 100 points. Bar!"

Just when Lord Qingtian said this, a white light flashed in the field, and another figure appeared, but it was Wu Lei.

As soon as Wu Lei appeared in the courtyard, someone hurriedly walked out of the crowd, and it was Yue Lin.

"Brother Wu, you are finally out."

Yue Lin walked over with excitement on his face.

"Um! Wu Lei nodded slightly, looked around and then asked: "Brother Yue, why haven't I received the ranking information after I came out?"

Yue Lin smiled and said, "Brother Wu, it's like this." This ranking will not be released until all trialists have completed the test. There are still people behind you who have not completed the test, so the ranking has not yet been released."

"oh! So this is ah!"

Wu Lei showed an expression of sudden realization.

"By the way, Brother Wu, how many points did you get this time? Yue

Lin suddenly asked curiously

"330 points!"

"Oh my God! So high! Yue

Lin immediately opened his eyes in horror, with a look of disbelief on his face.

Seeing Yue Lin's shocked expression, Wu Lei looked proud, and then asked:"I wonder how many points Brother Yue got?"

"Why! It is very embarrassing to say that Yue only scored 11 points. To be honest, Yue is not sure whether he can pass this test, and he is feeling uneasy right now!"

After saying this, Yue Lin looked sad.

At the same time, in another corner of the square,

Long Xiaotian was getting a little impatient. He was anxiously waiting for all the trialists to arrive so that he could get it. He deserved the reward. At this moment, he was a little impatient for his reward.

At this time, Ying Zong came to Long Xiaotian and whispered:"Boss Long, this time your points have reached 110 points. With the terrifying high score, it seems that the second place in this test must be yours. Hearing this

, Long Xiaotian said proudly:"Brother Ying, thank you!" To be honest, without Ouyang Huai and Wang Xi, it would not be difficult to win the second place."

"Ha ha!! That's natural. Without these two people, who else can compare with Boss Long? I think Boss Long deserves this second place!"

"Ha ha!! You kid is really good at talking!"

Long Xiaotian had a smile on his face, but did not deny it. It was obvious that he was thinking the same thing.

While the two were talking, three more people appeared in the courtyard one after another.

These three people were all covered with injuries, and they were all injured. Those fifth-level warriors with weak cultivation base who entered after Wu Lei..

Chapter 2949

At the same time, in another space.

Qingtian Qi used the last God-Destroying Thorn to kill the mechanical puppet beast in front of him.

Creak!

With a crisp sound, the mechanical puppet fell to the ground and was broken into pieces.

Immediately, a soul mark turned into a red light and flew into the mark between Qingtian's eyebrows.

Qing Tianqi immediately closed his eyes, enjoying the comfortable feeling of enhanced soul power.

After Qing Tianqi had absorbed the soul power, he opened his eyes with satisfaction...

"good! This time, he only used thirteen God-Destroying Thorns to kill the guy in front of him. It seems that my soul power has increased a lot! And there are a lot of points, already 1270 points. If I kill another puppet beast with the strength of 70,000 people, it will definitely exceed 1300 points."

Thinking of this, Qingtian Qi was very satisfied and was about to step forward to clean up the trophies left by the mechanical puppet.

But just when Qingtian Qi took a few steps, the mark between his eyebrows suddenly lit up fiercely. At the same time, there was some more information in his mind. It turned out that his test time had arrived.

Immediately afterwards, the white light emitted from the mark between the eyebrows formed a mist of light, which automatically enveloped the blue sky. Then the white light flashed, Qing Tianqi disappeared into the secret room.

The next moment, in the courtyard where the trialists gathered, the space fluctuated, and Qing Tianqi's figure suddenly appeared. As soon as

Qing Tianqi appeared, someone in the crowd shouted

"Another one appears, will this be the last one?!"

As soon as he said these words, a strange mental wave fell from the sky and enveloped the entire courtyard.

At the same time, the marks on the foreheads of all the testers lit up, and at the same time, everyone's minds appeared. got the same message

'Everyone is here, the second test is over, and the rankings begin! '

As soon as this information came out, the marks on the foreheads of all the testers shot a white light towards the huge rune stone pillar in the center of the courtyard.

The rune stone pillar also immediately lit up with red light, absorbing all the incoming white light.

It is this rune pillar that is collecting information and starting to calculate the ranking.

At that moment, everyone looked at the rune stone pillar, with nervous expressions on their faces.

Not long after, the rune stone pillar shone brightly, shooting out more than eighty rays of light in all directions.

Each ray of light is imprinted into the mark of the corresponding trialist.

But as soon as the light was imprinted into the mark, Qingtian Qi had a new piece of information in his mind.

That message is: test result, ranked second.

After receiving this information, Qing Tianqi suddenly felt happy, with a look of satisfaction on his face.

At the same time, everyone in the field learned their rankings. Some were happy, some were disappointed, and some even collapsed on the spot.

At this moment, the sky suddenly became extremely gloomy, and a strange spiritual energy enveloped it.

All the testers were immediately restrained by a strange energy and stood there unable to move.

At the same time, more than ten purple-red sky fires flew from the distant sky.

As soon as the more than ten purple-red sky fires flew over the courtyard, they fell from the sky.

Under the horrified eyes of everyone, it fell on the heads of more than ten trialists in the yard, turning those ten people into a pile of ashes on the spot, without even having time to scream.

At this time, another piece of information came into everyone's mind: Those who fail the test will be wiped out!

Then, the strange phenomena in the sky dissipated, and everything became calm again.

Only then did the bodies of all the testers regain their freedom.

At that moment, everyone woke up from the shock. While the surviving trialists were afraid of God's power, they also felt a little more thankful in their hearts.

Obviously, the people who can survive are those who are in the top seventy and pass the test..

Chapter 2950

After a while, the square regained its vitality, and everyone began to ask about their rankings.

At that moment, I heard trivial inquiries coming from the square.

"Hello! Brother Gao, what's your rank?"

"The younger brother was not talented and got 57th place. He finally passed the test safely. Ha ha!!"

"Ha ha!! My younger brother got 62nd place and was lucky enough to pass the test. By the way, I wonder who the top five people are this time?"

"yes! I also wonder who are the top five players?"

Those who failed this test have been eliminated, and everyone's interest began to shift to the top five who could get the rewards. Everyone began to guess among themselves, which five people got the top five rewards. At this moment, someone in the square In the corner, Long Xiaotian looked up at the sky, with an extremely ugly look on his face. He seemed to have the urge to vomit blood and go crazy.

But at this moment, Ying Zong came over happily and said:"Haha!! Boss Long, my ranking is 37th. This result is better than I imagined. By the way, Boss Long, what is your ranking? It should be second place, right?"

Hearing this, Long Xiaotian's mouth twitched, and he said with an ugly face:"You guessed wrong, my ranking is sixth. Don't talk about second place, I didn't even get fifth place. Hearing this

, Ying Zong was immediately shocked and said:"Is this impossible?!" Boss Long, with your strength, how is it possible that you didn't even make it into the top five?"

Long Xiaotian snorted coldly, and said with a gloomy expression:"Stop talking, I didn't expect that I, Long Xiaotian, didn't make it into the top five. This is really damned! It seems that Long still

underestimated these guys. In addition to the Prince of Northern Qin, there are actually four masters hiding here."

At the same time, in another corner of the square, Wu Lei also frowned, with a strange look on his face. Yue Lin on the side saw something strange, and immediately asked in a low voice: "Brother Wu, is there anything wrong with your ranking? OK?"

Wu Lei nodded slightly: "Not bad!" My ranking is third. snort!! It's really interesting that someone's ranking is higher than mine. I wonder which hidden master it is? Chen really wants to meet him!"

Hearing this, Yue Lin was surprised and said: "It's really unexpected. There is someone here who can surpass you in ranking. Brother Wu, could it be that Ouyang Huai is not dead? He has changed his appearance and is hiding here. Among the crowd. Apart from him, I can't think of anyone else who can surpass Brother Wu. Hearing this

, Wu Lei sneered slightly: "Haha!!" In fact, even if Ouyang Huai hadn't died, he wouldn't have been able to surpass me. There is only one kind of person who can surpass me, and that is a sixth-level warrior. If he is not a sixth-level warrior, it can only be said that that person must have a very special method, but he is definitely not my opponent."

"Brother Wu is right, you are a Thunder Elephant Warrior. Among these players, except for the Prince of Northern Qin, no one can be your opponent."

At this time, Qing Tianqi stood silently in the square, but his ears were raised high, listening to the conversations around him.

At this moment, everyone was curiously guessing who was in the top five?

Hearing those conversations, Qingtian Qi felt funny in his heart. Naturally, he would not step forward and say that he won the second place.

But at this moment, Bai Jinyu came over with Qingtianjun and others with smiles.

When they met, Bai Jinyu He immediately lowered his voice and asked: "Tianqi, what rank did you get?"

"Second place!"

As soon as Qingtian Qi said these words, Bai Jinyu and others immediately turned to stone, with horror in their eyes.

Immediately, several people also showed joy. They were all surprised that Qingtian Qi could obtain such a high ranking.

At that moment, Bai Jinyu exclaimed: "Tianqi, you really surprised me. I didn't expect you to win second place. By the way, do you know who is third?"

Bai Jinyu and others did not know about the existence of Wu Lei.

At that moment, Qingtian Qi told everyone about Wu Lei, which naturally shocked Bai Jinyu and others. They did not expect that among these trialists, Among them, there is actually a more terrifying existence than Ouyang Huai hidden.

Therefore, Bai Jinyu and others were even more shocked that Qingtian Qi could get the second place.

Since Wu Lei has the power of 80,000 people, Qingtian Qi can still Winning second place was indeed unbelievable.

However, he didn't know that Qingtian Qi's points were far more than Wu Lei's, and the same as that of the Northern Qin Prince..
