

## God level 2951

### Chapter 2951

Later, Qingtian Qi also curiously asked about Bai Jinyu's ranking.

After asking, he learned that Bai Jinyu was ranked fourth.

At this moment, Qingtian Qi knew the list of the top four of the top five.

The first place is the Prince of Northern Qin, the second place is himself, the third place is Wu Lei, and the fourth place is Bai Jinyu.

As for who the fifth place is, Qingtian Qi doesn't know.

He originally thought it would be Long Xiaotian, but he just heard that Long Xiaotian himself said that Long Xiaotian was ranked sixth, and there was someone else in fifth place.

Just as Qing Tianqi and others were chatting in low voices, another sudden change occurred in the field.

I saw that the transparent light curtain that originally surrounded the courtyard automatically dissipated, revealing the exit of the courtyard.

At the same time, the marks of the testers lit up one after another, and new information came into everyone's minds, but it was God giving new instructions to the testers.

Following the instructions, after leaving this courtyard, you can reach a side hall.

There are many rooms in that side hall.

Each trialist is free to choose his or her own room, which cannot be changed after selection.

Next, there will be ten days for all trialists to rest and heal.

Ten days later, they will gather at the designated location to continue the third trial.

After receiving this information, the trialists in the courtyard began to leave one after another.

Qing Tianqi and Bai Jinyu looked at each other and left.

In fact, the information the two of them got, in addition to some of the above information, also included information on how to obtain rewards.

But Qing Tianqi and his party left the courtyard, and the five of them talked about the test while walking along the way.

After some conversation, Qingtian Qi learned that Bai Jinyue was ranked 9th, Qingtianjun was ranked 14th, and Wu Xiaoyue was ranked 23rd.

Generally speaking, the strength of the five Qingtian Qi players is superior among these players.

Currently the weakest one is Wu Xiaoyue.

However, according to Wu Xiaoyue's current strength ranking, it is still possible to survive to the end.

Unless something unexpected happens in the meantime.

Of course, the five Qingtian Qi people still don't know the intentions of the Northern Qin Prince. If he knew that the Northern Qin Prince wanted to kill all the non-Northern Qin players, he wouldn't think so.

Not long after, the five people arrived at the designated side hall and chose five connected rooms.

The door lock of each room is a rune lock. As long as the blood essence is dripped, that room becomes a room owned by the individual. Outsiders cannot enter without his/her permission.

The gods did this so that the trialists could rest and heal their wounds in the remaining ten days without being disturbed.

At the moment, Qingtian Qi and the five of them each chose a room.

At this time, Qing Tianqi remembered something and handed Wu Xiaoyue a thin secret book from the God of War Order space.

"Sister Xiaoyue, this is the ultimate water martial art, 'Water Image Clone Technique'. Take it and have a look! Let's see if it's possible to realize it in the next few days. If you understand this top-notch martial art, your strength will improve a lot, and you will definitely surpass the fifth-level Dzogchen peak martial artist by then."

Among the five currently, Wu Xiaoyue's overall strength is the weakest. Qingtian Qi naturally hopes that Wu Xiaoyue's strength can be improved, at least to have more self-protection capabilities in the next test.

Although there are still ten days left, But Wu Xiaoyue's cultivation has reached the fifth level of Great Perfection. Even with the help of spiritual fruit, Wu Xiaoyue will not be able to raise his cultivation to the fifth level of Great Perfection in the remaining ten days. At present, for Wu Xiaoyue, improving his strength The fastest way is to learn a top-notch martial arts skill

"Brother Tianqi is so kind. Sister, I would like to thank you here in advance!"

Wu Xiaoyue happily took the secret book of 'Water Image Clone Technique' and looked at Qingtian Qi tenderly.

"Brother Tianqi, I want to learn this secret skill first. If I can't learn it in five days, it means that my understanding of this martial art is not high, and it cannot be learned in a year or two."

"Um! Sister Xiaoyue, you can figure it out yourself!"..

Chapter 2952

Learning the best martial arts is different from other martial arts.

Learning the best martial arts requires a deep understanding of a certain 'mystery' of a certain vitality.

In fact, even water warriors of the same level have different perceptions of water energy, and the 'mysteries' they understand are also different.

Even if you understand the same kind of "mysterious truth", there are still differences in depth. Some people are born with spirituality and deep understanding of a certain "mysterious truth", but there are very few such people.

In fact, this is also a kind of spirituality, a spirituality that is closely related to the soul, such as the innate psychic ability of the Qing family's children.

However, very few people possess this kind of spirituality.

To put it simply, some people can learn a top-notch martial art in only three to five days, while some people may not be able to learn it in a lifetime.

Qing Tianqi gave Wu Xiaoyue the 'Water Image Clone Technique' because he wanted Wu Xiaoyue to try his luck.

After all, the Xuanwu true blood in Wu Xiaoyue's body has not yet been activated, so it is a good time to learn the best water-based martial arts.

If she can't learn it now, it will be even more impossible for her to learn it when she activates the Xuanwu True Blood.

Because after the martial arts disciples activate the Xuanwu true blood, they have the innate ability to control ice, and their understanding of the best ice-type martial arts has deepened, but their understanding of the best water-type martial arts has been weakened.

While God gave the Wu family certain abilities, it also weakened their abilities in another aspect.

After giving the 'Water Image Clone Technique' to Wu Xiaoyue, Qingtian and Qi each entered the room they selected.

As soon as he entered the room, Qing Tianqi closed the door, closed his eyes slightly and began to think.

"It's really strange to announce the results of this competition! Everyone only knows their own ranking, but they don't know the ranking of others, let alone who is in the top five? So what is the intention of the gods?"

Qingtian Qi pondered for a while, then an idea flashed in his mind. He immediately thought of the reason and couldn't help but take a deep breath.

If he guessed correctly, the gods arranged this for the next test.

In this way, In the next test, the gods hope that the testers will kill each other.

Only when no one knows the strength of the other party will everyone be fearless when fighting. As the saying goes: The ignorant are fearless!

Forget it, I still don't want to There are so many, so let's go and collect my reward first!

If my expectations are correct, I will definitely meet the Prince of Northern Qin and the others this time. Who is the person ranked fifth? I think it will be revealed soon. You'll know."

Thinking of this, a confident smile appeared on Qingtian Qi's lips.

Later, he lifted the face-changing technique and returned to his original appearance.

After doing this, Qingtian Qi followed the instructions left by the gods, bit off his fingertips, and then pressed a finger between his eyebrows.

Immediately, the mark between the eyebrows automatically absorbed the blood essence and emitted a strong white light.

White light enveloped Qingtian Qi's whole body, and with a flash of light, Qingtian Qi disappeared into the room.

The next moment, in a closed secret room somewhere in the palace, the space vibrated, and then a white light flashed, and a red-haired boy appeared.

This red-haired boy is naturally Qing Tianqi who came here to receive the reward.

After entering the room, Qingtian Qi quickly looked around the secret room.

Qing Tianqi was the only one in the secret room.

In front of him is a long table carved from purple sunwood.

There are five brocade boxes placed in a row on the table.

There is also a transparent light curtain outside the table to prevent people from approaching the long table.

Seeing the five brocade boxes on the table, Qingtian Qi said to himself: "It seems that the contents of these five boxes are the rewards for the top five."

As soon as he finished speaking, the space fluctuated again, and then Wu Lei The figure appeared in the secret room.

As soon as Wu Lei appeared, he saw Qing Tianqi. He was surprised and looked at Qing Tianqi with flickering eyes.

He had never seen Qing Tianqi's original appearance, so naturally he couldn't recognize who the red-haired boy in front of him was?

After pondering for a moment, he smiled and said to Qingtian Qi: "I'm Wu Lei! I don't know what to call this friend? I don't seem to have seen you during these two tests."

Qingtian Qi smiled slightly:"I'm Wang Xi!Brother Wu, you have never shown your true strength in front of others in these two competitions!!"

After hearing this, Wu Lei's expression changed slightly, and he laughed dryly.

Just as he was about to say something more, the space fluctuated again, and there was another person in the room, but it was the Prince of Northern Qin..

Chapter 2953

As soon as the Prince of Northern Qin appeared in the secret room, he saw Qingtian Qi and was immediately surprised and said:"Hey! Wang Xi!"

"Ha ha!! Your Highness, we meet again."

Qing Tianqi greeted the Northern Qin Prince with enthusiasm.

"yes! Brother Wang, we meet again."

The prince of Northern Qin held a samurai sword in his hand and looked at the red-haired boy in front of him with confusion.

"By the way, Brother Wang! What rank did you get this time?"

"Second place!"

Qingtian Qi did not hide

"oh! The

Prince of Northern Qin nodded thoughtfully, then smiled and said:"Brother Wang, in the first test of the day, I won first place, Ouyang Huai was second, and Brother Wang was third." Now I don't know where Brother Ouyang is? I think Brother Wang knows his whereabouts, right?"

Hearing this, Qing Tianqi's heart moved slightly. He knew that the prince of Northern Qin was suspecting that he had killed Ouyang Huai.

At that moment, he laughed and said:"Haha!! His Highness the Prince joked, how could Wang know where Brother Ouyang was?"

"hehe!!"

The prince of Northern Qin looked like he was smiling but not smiling.

"However, there is one thing that the prince has never been able to figure out. I didn't see Brother Wang in the yard today. How come I saw him here in such a blink of an eye? Could it be that Brother Wang can still take on thousands of incarnations? Or maybe he has another identity?"

"His Highness the Crown Prince joked, I have been in the courtyard today, but there were too many people, and His Highness did not notice me.

The prince of Northern Qin shook his head and said with a smile:"Brother Wang, if you don't want to say anything, that's all." If you insist on saying that the prince didn't see you, then that's a bit farfetched. With Brother Wang's appearance, he looks like he is fifteen or sixteen years old at first glance. He is younger than this prince. At a glance, he is the youngest among all the testers. If he is placed in the crowd, he will not attract anyone's attention. It's difficult! Hearing this

, Qingtian laughed and said nothing.

Seeing this, the Prince of Northern Qin also smiled slightly. Then he thought of something again and said,"Brother Wang, I have always been curious about your cultivation level?" Aren't you also a sixth-level warrior?

Qing Tianqi said in surprise:"His Royal Highness, you are so impressed!" I don't have such a high level of cultivation!"

"Yeah? Brother Wang, that offends you!"

After saying this, the Prince of Northern Qin suddenly took action. With a flick of his index finger, a sword light shot out towards Qingtian Qi.

Qingtian Qi was so horrified that he had no time to dodge and immediately exclaimed: "Your Highness, what do you want to do?"

In the blink of an eye, the sword light penetrated Qingtian Qi's spiritual armor and sank into Qingtian Qi's body.

Qingtian Qi immediately grunted, took a few steps back, and his face turned pale.

The prince of Northern Qin is a gold-type warrior. The natal sword light trained by the gold warrior has the effect of armor-piercing attack, that is, it ignores the defense of the spiritual armor and directly attacks through the body.

However, when the prince of Northern Qin repels Qingtian Qi with one move of sword light, the air also There was a strange wave, and it pressed directly towards the Northern Qin Prince.

The Northern Qin Prince immediately grunted, as if his chest was hit hard, and stepped back several steps. His face turned pale for a while, and then a trace of blood flowed from the corner of his mouth.

It turned out that the prince of Northern Qin violated the rules prohibiting killing each other in the secret room and was punished by the gods.

However, he did not harm Qingtian Qi's life, and the will of the gods did not kill him on the spot, but only made him suffer more seriously. injury

"Ha ha!! It turns out that Brother Wang is not a sixth-level warrior!"

The Prince of Northern Qin wiped the blood from the corner of his mouth and laughed loudly. Deep in his heart, he finally breathed a sigh of relief. What he was most worried about was that Qingtian Qi was a sixth-level warrior. If that was the case, his plan would be a bit difficult to implement. Trouble.

But just now, he tried a little and found out that Qingtian Qi was not a sixth-level warrior.

If Qingtian Qi was a sixth-level warrior, it would have been impossible for Qingtian Qi to be injured by the blow he just made, but Qingtian Qi in front of him His face was pale, and he took several steps back after the blow, obviously suffering internal injuries.

This test was successful, and the Prince of Northern Qin finally had the details, and he immediately breathed a sigh of relief.

"However, although Brother Wang is not a sixth-level warrior, he is definitely not comparable to an ordinary fifth-level Dzogchen peak warrior. His strength is indeed extraordinary!"

The Prince of Northern Qin couldn't help but praise loudly...

Chapter 2954

It turns out that the blow he just dealt didn't do much damage to a sixth-level warrior, but it was definitely not something that an ordinary fifth-level Dzogchen Peak warrior could withstand.

If an ordinary fifth-level Dzogchen peak warrior had received the blow just now, his internal organs would have been damaged, and he would have been seriously injured and vomited blood. However, Qingtian Qi only looked pale and did not show that he was seriously injured.

This is why the Prince of Northern Qin regarded Qingtian Qi's strength very highly from the beginning, so the minimum limit for his attacks was beyond what an ordinary fifth-level Dzogchen peak warrior could withstand. He had to be at least as strong as Ouyang Huai before he could barely withstand it. his attack.

Judging from Qingtian Qi's performance, it seemed that he could barely bear it, which was pretty much what he had imagined.

In his opinion, Qingtian Qi's strength should be comparable to Ouyang Huai.

In fact, he didn't know that Qingtian Qi was not as powerful as Ouyang Huai.

Qingtian Qi could barely withstand this blow because Qingtian Qi is a physical warrior, and his physical fitness is far beyond that of a warrior of the same level. Otherwise, he would not be able to barely withstand this blow.

"It turns out that His Royal Highness is testing Wang!"

Qingtian Qi has understood the intention of the Northern Qin Prince.

He never thought that the Northern Qin Prince would be so crazy and dare to violate the will of God and forcefully test him regardless of the risk of being obliterated.

Even Wu who was standing aside Lei Ye had a look of horror on his face, obviously he had not expected that the Crown Prince of Northern Qin would do such a crazy move.

However, this crazy move of the Crown Prince of Northern Qin also made Wu Lei understand that Qingtian Qi was not a sixth-level warrior. He immediately felt relieved.

As long as Qingtian Qi was not a sixth-level warrior, he was confident that he could defeat Qingtian Qi.

"Ha ha!! Brother Wang, forgive me, this prince is just acting on a whim."

The Prince of Northern Qin smiled nonchalantly. Now that he knew Qingtian Qi's strength, he naturally didn't take Qingtian Qi to heart.

After saying this, the Prince of Northern Qin turned to look at Wu Lei again and said proudly : "Your Excellency is also very capable!"

And at this moment, the space oscillated again, and there was another person in the room.

The person who came was none other than Bai Jinyu.

Seeing Bai Jinyu appear, neither the Prince of Northern Qin nor Wu Lei showed anything strange.

And Bai Jinyu and Qing Tianqi looked at each other and pretended not to know each other.

At that moment, everyone was silent for a while.

After a while, Wu Lei couldn't help but said: "Four people have already come, why hasn't the last person arrived yet? How long do you want everyone to wait for him? I don't know who the last person will be?"

"hehe!!" The Prince of Northern Qin laughed dryly, "According to my opinion, the last one should be Long Xiaotian. He has the strength."

As soon as the Prince of Northern Qin finished speaking, the space immediately fluctuated again, and then there was another person in the secret room. This was the fifth person who entered the top five.

When the fifth person appeared in front of everyone, four people in the room Everyone was stunned.

Because none of the four of them expected that the fifth person would be that person.

Especially Qingtian Qi and Bai Jinyu, the look of shock in their eyes was even stronger.

Because of this fifth person, the two of them They all know each other, and he is also a player from the Dakun Kingdom.

In fact, this person is none other than Zhou Yanzhi, the 'Master Duobao' who is known as the luckiest one. Seeing Zhou Yanzhi's appearance, Qingtian Qi couldn't help but sigh in his heart.

After entering the ancient training ground Before, Zhou Yanzhi's strength was only at the fifth level, and he should be at the bottom among the ten players in the Dakun Kingdom. He could barely pass the first test.

But he didn't expect that just over a month had passed, and Zhou Yanzhi's His strength has reached the peak of the fifth level of perfection in one fell swoop, and his overall strength may even be above Long Xiaotian.

Moreover, Qingtian Qi has also heard that Zhou Yanzhi's qualifications are just ordinary genius qualifications, but his current achievements, even if Compared with this, the qualifications of the pseudo-spiritual body are nothing more than this.

This has to make Qingtian Qi sigh that this person's luck is unstoppable..

## Chapter 2955

But when Zhou Yanzhi entered the secret room, he glanced at everyone, with some surprise in his eyes.

What surprised him was that there were two people he didn't recognize, namely Qing Tianqi and Wu Lei.

However, Zhou Yanzhi did not dwell on this issue. Instead, he turned his gaze to Bai Jinyu and said with a smile:"It turns out that Brother Jingyu has already come a step earlier."

Bai Jinyu also smiled and said:"Yes! But Brother Zhou still gives in." It's an accident!"

While the two were talking, something strange happened again in the secret room.

The space was shaken again, and the transparent light curtain surrounding the carved long table in the secret room automatically disappeared.

It turns out that after the top five in this test have arrived, the light curtain will disappear automatically, and Qingtian Qi and the other five can get their own rewards.

At that moment, the Crown Prince of Northern Qin was the first to laugh and said:"Haha! Everyone is here, and you can get the rewards. Everyone, I will be the first to get them."

After saying this, the Crown Prince of Northern Qin strode forward. Go ahead and pick up the first brocade box on the table, which is also the first place reward.

Seeing this, Qingtian Qi thought for a moment, then stepped forward and picked up the second brocade box.

Afterwards, Wu Lei and others also collected their rewards.

"Ha ha! It turns out that this is what True Soul Pill looks like!"

The Prince of Northern Qin opened the brocade box and took a look, with a satisfied smile on his face. Then he looked at the brocade box in Qingtian Qi's hand intentionally or unintentionally, with a hint of greed in his eyes.

All of this happened to be captured by Qingtian Qi saw it.

However, Qingtian Qi pretended not to know.

At this time, the Prince of Northern Qin happily put away the brocade box and said:"Everyone! This prince will take his leave first!"

After saying this, the Crown Prince of Northern Qin pressed his finger between his eyebrows, and his whole body immediately lit up with white light.

Then, with a flash of light, the Crown Prince of Northern Qin disappeared.

Next, Wu Lei and Zhou Yanzhi also happily Taking the rewards, they all said goodbye, obviously eager to go back to study the rewards.

In just a moment, only Qingtian Qi and Bai Jinyu were left in the secret room.

At that moment, the two silently put away the brocade box.

Bai Jinyu said:"Tianqi, don't you think the way the rankings are announced this time is a bit strange? Previously, everyone only knew their own rankings, but did not know the rankings of others, let alone who were in the top five. This time, the five of us gathered together to receive the reward. What was the intention of the gods in making this arrangement?"

Qingtian Qi said:"If I'm not wrong, in the next test, the gods will hint or encourage the testers to kill each other. Therefore, in this test, the gods will not announce all the rankings, just to let them all We don't know the difference in strength between each other, so we have less scruples about getting angry with each other."

"If that's the case, then why are the five of us specially arranged to receive the reward together? This is obviously to let the five of us get to know each other and understand each other's strength."

Bai Jinyu raised his doubts again.

Qingtian Qi replied: "The gods asked the five of us to meet and get to know each other, but they had other thoughts. They regarded the five of us as seed players and did not want us to suffer losses in the subsequent fight, so they asked us to get to know each other first. In the next test, the five of us tried our best to avoid conflicts with each other to avoid Let the weak take advantage of it."

After hearing this, Bai Jinyu suddenly realized, and then said with a wry smile.

"I'm just afraid that things will backfire! Although the five of us are among the top five, our strength is too far behind that of the Northern Qin Prince. Not only did this not help any of us, but it also let the Prince of Northern Qin know who had the reward. I think the prince of Northern Qin must have become greedy and wanted to rob others of their rewards."

"Tianqi, there shouldn't be much problem with the three of us, because the Spirit Opening Pill has no effect on the Prince of Northern Qin, and we can probably refine it in time after we get it, so the Prince of Northern Qin won't take advantage of the three of us."

"On the contrary, you are in great danger. You won second place and your reward was a 'True Soul Pill'. This True Soul Pill is of great use to sixth-level warriors and will make many sixth-level warriors tempted by it. It is impossible for the Prince of Northern Qin not to be tempted by it."

"And you haven't reached the sixth level of cultivation now. You can't use the True Soul Pill and can only keep it on your body. Then the Prince of Northern Qin must be thinking of killing you and then taking the True Soul Pill from you."..

Chapter 2956

Hearing this, Qingtian Qi nodded slightly and said: "I have expected this. In fact, the prince of Northern Qin was greedy just now. If it were not for the protection of the rules, he would have killed me just now. At present, My situation is indeed not good!

"But one thing I'm lucky about is that the Prince of Northern Qin still doesn't know that I am Xuanyuan Zhantian. After I went out, I changed back to Xuanyuan Zhantian. Even if he wanted to attack me, he wouldn't be able to find anyone for a while."

"Um! This is true!

Qing Tianqi continued:"Of course, I can't be careless." Although currently, the Prince of Northern Qin does not know that I am Xuanyuan Zhantian, it does not mean that he will never know."

"He will always discover this secret in some details and flaws. As soon as he discovers this secret, he will definitely kill me. So in the next ten days, I will go into seclusion to improve my strength and strive to be defeated by Beiqin. Before the prince finds out, he can gain some ability to protect himself. At least you have to have the ability not to be killed instantly by him."

"Why! This will only be the case in the future. Tianqi, you have to work hard!"

"Brother Jin Yu, don't worry! I will work hard!"

"Um! Then I will take the first step. I also want to refine these two spirit-opening pills within these ten days to see if I have any hope of reaching the sixth level. Although this chance is extremely slim, if it succeeds, we don't have to be afraid of that Northern Qin prince"

"We are both gold warriors, and if I were at level six, the Prince of Northern Qin would definitely not be my opponent."

Speaking of this, Bai Jinyu's eyes flashed with pride, which was the pride of the Bai family's children.

Qingtian Qi knew that what Bai Jinyu said was true.

If Bai Jinyu can really break through to the sixth level, with Bai Jinyu's inheritance The talent 'Tiger God Xiaotian' is powerful. After using the talent to transform, Bai Jinyu can fight with the sixth-level peak warriors, and is even stronger than the sixth-level peak warriors.

Of course, this premise is that Bai Jinyu can break through to the sixth level.

However, , this possibility is extremely slim and almost impossible.

At that moment, Bai Jinyu said goodbye to Qingtian Qi, then a white light flashed and disappeared into the secret room.

Watching Bai Jinyu leave, Qingtian Qi also whispered to himself: "Look I have to seize the time to practice. I wonder how far I can improve my strength in these ten days? No matter what, just seize the time to practice."

Thinking of this, Qingtian Qi opened the mark on his forehead, and his figure was once again wrapped in white light. The light flashed, and the next second, he disappeared. The next moment, Qingtian Qi appeared in his room.

After returning to the room, Qing Tianqi came to the big futon in the center of the room and sat down, and began to plan in his mind how to practice in the next ten days.

Originally, he suddenly thought of breaking through the earth energy to the fourth level, and then learning the 'Soul Seal Puppet Technique' and summoning Producing a puppet beast with a combat power of more than 100,000 people will greatly increase his strength.

Judging from the current situation, he does not have an earth element inner elixir above the sixth-order Great Perfection level in his hand. The inner alchemy of the fifth level is also the fifth level of Dzogchen."

It seems that such a plan cannot be realized at present.

In fact, even if he possesses the earth element inner elixir of the sixth level of Great Perfection, it is hard to say whether he can summon the Soul Seal Puppet Beast of the sixth level of Great Perfection!

It seems that the safest way at present is to use the Apocalypse Pill to break through his Mu Yuan Qi to the fifth level."

Thinking of this, Qingtian Qi made a plan in his mind.

At that moment, he sat cross-legged, closed his eyes slightly, and looked inward at the situation of his own Qi sea.

However, Qingtian Qi extended his thoughts into his own Qi sea, and he Only when he saw clearly what was happening in his Qi Sea did he feel extremely horrified in his heart..

Chapter 2957

At this moment, the scene in his Qi Sea was completely different from before.

In the past, his natal spiritual beings from the five elements of metal, wood, water, fire, and earth were suspended in his Qi Sea, keeping a certain distance from each other.

But now, there is a black and white cyclone in the center of his Qi sea, which is constantly spinning independently at high speed.

And on the periphery of the black and white air mass, the five series of natal spiritual objects such as the inner flame of the earth, the tree of wood spirit, and the water-based virtual elixir are using water to generate wood, wood to fire, fire to earth, earth to generate gold, and metal to generate water. They are arranged in a circle, slowly rotating around the black and white cyclone.

Seeing such a phenomenon, Qingtian Qi was naturally very surprised.

However, he soon figured out what was going on.....

It turns out that the black and white cyclone in the center of the sea of qi is the yin and yang qi that he cultivated after opening the third door.

The so-called yin and yang transform the five elements.

The qi of the five elements of heaven and earth are originally transformed by the two qi of yin and yang.....

There is naturally an inseparable connection between the two qi of yin and yang and the qi of the five elements.

Another saying: In the beginning of chaos, the heaven and the earth have not yet opened. When heaven and earth opened, Yin and Yang came into being. Yin and yang arise, and the five elements appear.

This statement means that the Qi of the five elements is transformed by the two Qi of Yin and Yang, while the two Qi of Yin and Yang are transformed by the Qi of chaos.

He also said: The five elements are unified, the heaven and the earth are unified, and they are reduced to chaos.

What this means is: the vitality of the five elements can also be transformed into the energy of chaos.....

To put it simply: the so-called body person cultivates yin and yang, and the qi person cultivates the five elements. In the end, they both reach the same goal through different paths, and they both cultivate the same origin.

After thinking about this, Qing Tianqi suddenly became enlightened and suddenly realized something.

It was said that Qing Tianqi had a clear understanding in his heart, his spirit was lifted, and he felt much happier.

But at this moment, Qing Tianqi unexpectedly discovered a strange imagination.

The strange phenomenon is that whether it is his five-element natal spiritual creature or the yin and yang cyclone, they are independently absorbing the five elements of vitality and yin and yang between heaven and earth, and refining them independently.

In other words, Qing Tianqi now does not need to deliberately practice. His body is practicing on its own all the time. Even when he is sleeping, his body will be refining his vitality on his own.

It's just that the progress of this independent cultivation is extremely slow, and the speed of absorbing and refining vitality is less than one percent of his own cultivation speed, which is almost negligible.

It was precisely because it could be ignored that Qingtian Qi did not notice the changes in his Qi sea.

But no matter what, this change still has some benefits for Qingtian Qi.

In a way, it can be said that it is equivalent to slightly improving his overall qualifications in the five series.

Maybe this improvement can be ignored for now, but over time, you can still see some significant changes.

I didn't expect that when the yin and yang vitality and the five elements' vitality come together, they will form such a phenomenon independently. I guess this is a rule of heaven and earth!

In any case, this change is only good for me and has no harm, so I don't have to worry too much.

The key now is to seize the time to break through Mu Yuan Qi.

At that moment, Qing Tianqi moved his mind and sacrificed the Wood Spirit Tree.

As soon as the wood spirit tree appeared, the concentration of wood energy in the room increased several times, equivalent to more than seventy times that of the outside world.

Feeling the rich Mu Yuanqi environment around him, Qing Tianqi showed a satisfied smile on his face.

Now my water element has broken through to the fifth level. If water can produce wood, it should be helpful to break through the wood element!

Now that the Wood Spirit Tree has created such a good breakthrough environment, I wonder if it is possible to break through the Wood Spirit Energy to the fifth level with just one Apocalypse Pill?

If possible, then I still have one Apocalypse Pill left in my hand, and it would be good to use it to break through the fire energy.

Thinking of this, Qingtian Qi took out an Apocalypse Pill from the God of War Order space...

Chapter 2958

Thinking of this, Qing Tianqi took out an Apocalypse Pill from the God of War Order space.

At this time, he remembered something again, and with a sudden thought, he released the ball in the space of the God of War Order.

As soon as Qiuqiu came out, he jumped into Qingtian Qi's arms and had a close relationship.

Qingtian Qi gently touched the fluff on Qiuqiu and said with a smile.

"Little guy, I'm going to practice in seclusion these few days and break through my own bottlenecks. You just stay aside and don't disturb me. Here is the golden timu that you didn't finish last time. If you are hungry, just eat this! I hope you can also make progress in the next ten days."

At the same time as he spoke, Qing Tianqi took out all the golden timu that Qiuqiu had eaten last time and gave it to Qiuqiu, and then asked Qiuqiu to digest and absorb it by himself. He stopped taking care of Qiuqiu. He arranged for Qiuqiu. Ball, Qingtian Qi took out the Apocalypse Pill again, and then took a deep breath nervously before swallowing it for refining. As soon as the Apocalypse Pill was swallowed, it immediately turned into a stream of clear air. Qingtian Qi rushed to the heaven, and Qingtian Qi was also shaken. His whole person began to enter a state of enlightenment, and the surrounding Mu Yuanqi also began to gather towards Qingtian Qi. At the same time, in a certain room in the side hall Inside.

Wu Lei looked at the three white pills in the brocade box with joy on his face. That was the reward he got this time, three 'spirit-opening pills'.

And there was another person in Wu Lei's room, that It was Yue Lin.

At this time, Yue Lin glanced at the elixir in Wu Lei's hand with envy, and then asked with a smile

"Brother Wu, congratulations on your wish this time. These three 'Spirit-Opening Pills' are finally in your hands. Does Brother Wu plan to refine these three 'Spirit-Opening Pills' in these ten days?"

After hearing this, Wu Lei pondered for a while and shook his head and said:"Although this magical elixir can help break through the bottleneck of the fifth-level Dzogchen Peak, the chance is too low,

with only half a chance of breaking through. Even if I refine these three 'spirit-opening pills' continuously, it is unlikely that I will achieve a breakthrough.

Yue Lin nodded slightly and said, "That's true." However, although these three pills cannot help Brother Wu break through the bottleneck, they can help Wu Lei shorten the time to break through the bottleneck! I think Brother Wu should refine these three 'spirit-opening pills' now."

But he didn't want to, Wu Lei shook his head slightly and said

"Although the breakthrough probability of this magical elixir is low, there is still a chance of breakthrough. If we find a suitable environment for enlightenment, our chances of breakthrough can be doubled. What a pity! I am a thunder elephant warrior, and there is no suitable environment here at all."

"However, just because we don't have it here doesn't mean that our Tianshenmen doesn't have it. The 'Thunder Prison' of our Tianshenmen is a place suitable for lightning warriors to have their enlightenment, so I plan to go back to the Tianshenmen and refine these three 'spirit-opening pills'.', If I'm lucky, maybe I can break through the bottleneck and enter the sixth level in one fell swoop."

It turns out that Wu Lei is very ambitious. He knows that the chance of breakthrough with the 'Kailing Pill' is not high, but he still imagines that the 'Kailing Pill' can help him break through the bottleneck in one fell swoop, so he decided not to refine the 'Kailing Pill' for the time being. Let's wait until we return to the Tianshen Gate.

After hearing Wu Lei's words, Yue Lin suddenly understood, and then continued to ask

"By the way, Brother Wu, do you plan to grab the fourth and fifth-placed Spirit-Opening Pills as well?"

Wu Lei smiled bitterly and said: "I originally thought so too. But the fourth and fifth place were both fifth-level Dzogchen pinnacle warriors, not celestial warriors. I think they are all refining the 'Opening Spirit Pill' at this moment!"

"After ten days, the Kailing Pills in their hands will be gone, and it will be useless for me to kill them by then. As for Wang Xi, the 'True Soul Pill' in his hand will definitely be there. After all, he is not a sixth-level warrior yet. If I wanted to kill people and seize treasures, Wang Xi would definitely be my first choice. What's just depressing is that I still don't know which of these players is Wang Xi?"

Then the two talked for a while, and Wu Lei sent Yue Lin away, and he began to practice in seclusion..

Chapter 2959

One day later.

In Qing Tianqi's room, he opened his eyes with a happy face.

I don't know if it's because of sufficient preparation, or because water can produce wood.

Qingtian Qi's breakthrough of Mu Yuan Qi was extremely smooth this time. Everything seemed to fall into place. He only took one Apocalypse Pill and successfully broke through Mu Yuan Qi to the fifth level in just one day.

This successful breakthrough made Qingtian Qi so ecstatic that he couldn't help but burst out laughing.

"Ha ha!! I didn't expect Mu Yuanqi to break through so smoothly this time! Now my Mu Yuan Qi has broken through to the fifth level, and my strength has greatly improved again."

Thinking of this, Qingtian Qi suppressed his excitement and immediately looked inside his own Qi sea.....

At this moment, the original Wood Spirit Tree in the Qi Qi Sea of Qingtian disappeared, replaced by a blue wood-based Void Pill.

The wooden virtual core was looming and translucent. It contained a mini tree. The mini tree was his wood spirit tree.

It turns out that after Qingtian Qi's Mu Yuan Qi broke through to the fifth level, the Wood Spirit Tree was also absorbed into the Void Pill, but as long as Qing Tian Qi was willing, he could sacrifice the Wood Spirit Tree out at any time.

After looking inside the Qi Sea, Qingtian Qi took back his thoughts and his face showed joy again.

"My wood energy has also broken through to the fifth level. Wood can create fire, which is also very helpful for me to break through the fire energy. It just so happens that I still have one Apocalypse Pill left in my hand. Why not take advantage of the victory and pursue it? I took this opportunity to break through the fire energy again."

Thinking of this, Qingtian Qi immediately took out the last Apocalypse Pill and continued to break through the fire energy.

This time, it took Qingtian Qi three full days to break through the fire energy to the fifth level.

At this point, Qingtian Qi Shuimu The vitality of the three fire systems has reached the fifth level.

This immediately made Qingtian Qi feel very happy. However, he did not give up there. Instead, he took out the spiritual fruit from the space of the God of War Order and continued to break through the bottleneck of the earth and metal vitality.

Again. It took three days, that is, the seventh day.

With the help of the spiritual fruit, Qingtian Qi finally broke through the earth and metal elements to the fourth level, which made his strength much stronger again.

At this point, Qingtian Qi's water, wood, and fire three The vitality of the elements has reached the fifth level, and the vitality of the metal and earth elements has reached the fourth level, and the strength has been greatly improved.

Now, the basic combat strength of Qingtian Qi has reached the strength of 65,000 people. Even compared with the original Ouyang Huai , is not far behind, but his speed surpasses Ouyang Huai, reaching the level of 90,000 people, which is faster than Wu Lei.

And in these seven days, Qiuqiu also ate up the remaining Jin Timu's strength has greatly improved again, and has finally reached the peak of the fifth level of perfection, and its basic combat power has reached the strength of 40,000 people.

Such an improvement in strength naturally made Qingtian Qi very excited and overjoyed..

At that moment, he thought in his mind: "Now my basic combat strength has reached 65,000 men, which is only 5,000 men less than Ouyang Huai's original strength. Although my current combat effectiveness is slightly worse than Ouyang Huai's, my overall strength is stronger than him. If I fight him again, he will definitely not be my opponent."

Thinking of this, a confident smile appeared on Qingtian Qi's lips.

Now it seems that among these testers, except for the Prince of Northern Qin, only Wu Lei can threaten me.

That Wu Lei is a thunder elephant warrior, and his basic combat power is eight With the strength of ten thousand people, he must be extremely terrifying in terms of attack. I am far inferior to him in this regard.

But his speed is not as good as mine.

In comprehensive comparison, maybe my strength is even worse than him, but he wants to defeat me. But it's not that easy.

But I still have Qiuqiu.

Maybe Qiuqiu and I can work together to deal with him, and we can get a tie with him.

Even if we can't get a tie, then I still have a 40% chance of winning.

Thinking of this, Qingtian Qi seemed to think of something again, and his eyes suddenly lit up.

By the way, I almost forgot.

My Mu Yuanqi has broken through to the fifth level, and I can learn psychic skills now.

As long as I can communicate with Qiuqiu Successfully, after the psychic fusion, my combat power will definitely reach the strength of 80,000 people.

By then, my basic combat power will be the same as Wu Lei, but my speed will be much faster than him. In this way, I will be 70% sure to defeat him. With this in mind, Qingtian Qi couldn't wait to take out the secret book on 'Psychic Technique' from the God of War Order space and start studying it..

## Chapter 2960

With this in mind, Qing Tianqi couldn't wait to take out the secret book on 'Psychic Technique' from the God of War Order space and start studying it.

He got this 'spiritual' secret book from Lord Qingtian.

Although it is said that the children of the Qing family are naturally psychic, they still need to learn the seals and related techniques of psychic techniques.

This time, it only took Qingtian Qi two hours to master the sealing methods related to spiritualism, as well as various precautions for spiritualism rituals.

Having learned these things, Qingtian Qi is already confident that he can complete the 'spiritual ritual' independently.

At that moment, he summoned Qiuqiu to his side.

After the children of the Qing family activated the true blood in their bodies, they were born with a deep understanding of the 'spiritual mysteries' in the wood element's 'Way of Life'.

The reason why the children of the Qing family have such an innate understanding is because the Qinglong is the head of all spirits and has access to the nature of all spirits.

But in the room, Qingtianqi stroked Qiuqiu's little head, feeling infinite emotions in his heart.

Qingtian Qi has deep feelings for Qiuqiu.

In his heart, he has always treated Qiuqiu as his own child. After all, Qiuqiu was conceived by himself.

"Little guy, I will hold a 'psychic ceremony' with you soon and let you become my natal psychic beast. Are you willing?"

"Gujiguji!!"

Qiuqiu raised his fluffy little head, with a look of joy on his face, and nodded obediently.

"hehe!! brat!"

Qingtian Qi's eyes were gentle. In fact, he also knew that Qiuqiu would not refuse his request.

"Little one, let's get started now! You transform first! Qing

Tianqi ordered softly.

"Roar!"

Qiuqiu understood, and immediately roared, his figure skyrocketed, and in the blink of an eye he transformed into a dragon-headed lion with a body of three feet in length.

Seeing that Qiuqiu had completed his transformation, Qingtian Qi bit his fingertips and used his essence to Xue drew a psychic seal on his eyebrows.

Then Qingtian condensed his energy into a sword, pierced the skin between Qiuqiu's eyebrows, and used Qiuqiu's essence and blood to draw a similar mark on his eyebrows. Psychic Seal'.

After doing this, Qingtian Qicai said in a deep voice:"Qiuqiu! We are about to begin!"

"Roar!"

Qiuqiu roared in response.

At that moment, Qingtianqi took a deep breath and felt a little nervous.

At this moment, he was very much looking forward to the result after channeling Qiuqiu. He wanted to know, between himself and Qiuqiu, After the ball is channeled, to what extent will his gold element qualifications be improved?

Thinking of the improvement of gold element qualifications, Qingtian Qi can't help but feel a little uneasy. If he wants to transform into a wind and thunder double elephant warrior, the most basic condition is that he has five elements All qualifications must be above the upper-level qualifications.

Qingtian Qi's gold-type qualifications are currently intermediate qualifications. It is extremely difficult to improve this kind of qualifications, and the further you go, the harder it is to improve. If you upgrade from inferior qualifications to inferior qualifications, although this is difficult, It is still possible.

But if you want to upgrade your qualifications from medium qualifications to high-level qualifications, the difficulty will increase hundreds or thousands of times.

If you want to upgrade your qualifications from high-level qualifications to genius qualifications, it is almost impossible.

Today , Qingtian Qi wanted to upgrade his gold qualifications to advanced qualifications by communicating with Qiuqiu. Whether he could succeed or not, he had no confidence in his heart, so he was inevitably a little uneasy. At the moment,

Qingtian Qi took another deep breath, Eliminating the distracting thoughts in his mind, he quickly calmed down, and then made two seals in a row, which was the beginning of the channeling ceremony.

I saw Qingtian Qi moving his hands repeatedly, sealing dozens of seals in one breath, and finally with his index finger After making a secret, he shouted in his mouth:"All things have animism and their true nature, open!""

With Qing Tianqi's last low drink, the psychic seal between his eyebrows immediately lit up.

At the same time, the psychic seal between Qiuqiu's eyebrows also lit up.

Then, Qing Tianqi pinched another seal. Jue, he shouted: "Spiritual and heart-to-heart communication, communication!"

The psychic seal between Qingtian Qi's eyebrows glowed brightly, and then shot a red light towards the psychic seal between Qiuqiu's eyebrows, and the two were connected. In just a moment, Qingtian Qi felt countless memory scenes , rushing from Qiuqiu's mind to his own.
