

God level 2971

Chapter 2971

At this moment, a wave of mental fluctuations enveloped the entire hall, and another message came to everyone's mind. The content of this message was: The time has come, and the third training test has begun.

As soon as this information was announced, the transparent light curtain blocking the two exits in front of the hall automatically dissipated.

At that moment, everyone ended their conversation, digested the latest instructions given by the gods, and then turned to look at the two exits ahead.

The exit on the left leads to the bright hall, and the exit on the right leads to the dark hall.

Just as everyone was hesitating as they looked at the exit, the Prince of Northern Qin sneered, swayed, and headed towards the Ming Palace on the left.

As soon as the prince of Northern Qin set off, the former Northern Qin player deliberately shouted: "Haha!! The palace door is open! Everyone, we'd better take the lead and don't let others snatch the good things."

Immediately, a group of Northern Qin players rushed to Follow the Northern Qin Prince and leave.

When everyone saw the people from Northern Qin leaving, they suddenly came to their senses and immediately followed them, fearing that others would snatch up all the Nine-Yuan Fruit whose address the five places already knew.

At this moment, the people who entered the Ming Palace were roughly divided into five directions and headed towards the five producing areas of the Nine Yuan Fruit.

In the blink of an eye, most of the people in the hall were gone.

The rest are all less powerful trialists, or players from small countries who are isolated and helpless, as well as some people who have other plans.

Seeing that more than half of the people in the hall had left, Bai Lingyu and the four of them started to set off.

After Bai Lingyu and four others also entered the Ming Palace.

Lin Quan, who had been standing silently in a corner, came over.

"Xuanyuan Zhantian, do you remember the test that Senior Qing Emperor gave us? Lin

Quan asked in a low voice.

"of course I remember!"

"That's good! I think you should know by now that Senior Qingdi asked us to go to the temples deep in the Dark Palace, which is extremely dangerous. If you are afraid, you can choose to give up now, just go ahead alone!"

"hehe!! Brother Lin was joking. This test was given to you and me by Senior Qing Emperor, but before the test even started, Brother Lin persuaded me to give up. Does Brother Lin want to win this way? Then Brother Lin is looking down on him a little bit."

"Since Brother Xuanyuan doesn't want to give up, let's hurry up and set off!"

"good!"

Qingtian Qi responded and walked towards the entrance of the dark hall first.

Looking at Qingtian Qi's back, Lin Quan showed a sneer and a hint of contempt at the corner of his mouth.

Then, he followed closely and left. However, there were only a few people left in the main hall. When they saw Qingtian Qi and Lin Quan both walking into the dark hall, they were shocked and looked in disbelief.

None of them thought that Qingtian Qi and Lin Quan were really not afraid of death and dared to go to the dark hall to explore.

However, , the one who was most shocked was Long Xiaotian in the field.

This time, Long Xiaotian did not leave in a hurry, but stayed with Ying Zong, waiting quietly for the people in the field to leave first.

It turned out that Long Xiaotian knew that this was the last item After the test, the task assigned to him by Long Xing rang in his mind, asking him to keep a close eye on Qingtian Qi and Lin Quan.

But since he entered the training ground, he had not carried out this task properly, fearing that he would not be able to show off to Long after he went out. Xing confessed, so he wanted to keep a close eye on Lin Quan and Qingtian Qi in this last test.

But there were two people on the other side, and he only had one person. It was impossible for him to track two people at the same time, so he roped in his best friend Ying Qi. Zong stayed.

Long Xiaotian originally planned to follow Lin Quan himself, and let Ying Zong track the weaker Qingtian Qi.

But unexpectedly, the two of them suddenly came together and whispered, and then walked towards the dark hall together.

This Long Xiaotian was immediately shocked and suspicious.

"I didn't expect these two people to go to the dark palace! Even I don't dare to go into the dark palace. These two people are not as strong as me, but they dare to do this. There must be very big interests attracting them."

"It seems that my ancestor's guess is right. The traitor Qingdi has indeed planted his own people among the players this time to seek his own interests. snort! This time I happened to bump into me. I wanted to go up and see what the two of them wanted to do."

Thinking of this, Long Xiaotian ordered Ying Zong to go to the Ming Palace, and he followed quietly..

I! God level elementalist

Chapter 2972

Chen Ting, who had not left the main hall, saw Qingtian Qi and three others walking towards the dark hall one after another. He looked suspicious at the moment, and after a moment he smiled softly and said

"interesting! These three guys are not very strong, but they all want to go to the dark hall. There must be something wrong with this. I'll go over and take a look!"

Thinking of this in his mind, Chen Ting's figure flashed and he followed quietly.

Three hours later, Qingtian Qi and Lin Quan were walking in a palace corridor in the dark palace.

"Brother Lin, the end of the first floor is ahead. Our journey has been very smooth! I haven't encountered any obstacles, and I'm going to the next level so soon."

"yes! The route given by Senior Qingdi is naturally the fastest and safest. Without this map, we don't know how long we would have to wait if we wanted to get here. Even if it took three to five days, we might not be able to get here!

Qingtian Qi also smiled and said,"Yes!" At our speed, it would take up to ten days to get out of this dark palace. This speed is faster than walking from the Ming Palace!"

"Of course, we'd better get ahead of those people so we can grab some spiritual fruits from their hands."

Not long after, the two of them reached the end of the first floor.

At that end, there was guarding a ferocious beast at the top of the fifth-order Great Perfection.

Seeing this ferocious beast, Qingtian thought to himself: "Lin Quan I have never been able to figure this guy out. His behavior is very mysterious. Why don't I test it out and see what this person's strength is?"

Thinking of this, Qingtian Qi said: "Brother Lin, this ferocious beast is a ferocious beast at the peak of the fifth level of Dzogchen. My little brother is not strong enough, so you and I can go up together!"

"good!"

Lin Quan agreed, but there was a sneer in his eyes, and he thought to himself.

This Xuanyuan Zhantian is not very strong. Although he is a fifth-line warrior, I think his cultivation level can only reach the fifth level of perfection at most..

No wonder I can't deal with a fifth-level Dzogchen Peak ferocious beast.

Letting this guy follow me is just a burden.

If I go according to the previous plan, I will take this burden into the temple of the third level and ask him to help me Lure away the guarding beast at the entrance to the temple, and then attack him after using him.

But now it seems that there is no need to go to that trouble. The reward I got in the first test is called the Charm Talisman.'"

What is sealed in the 'Charming Talisman' is a 'Wood Divine Skill' called 'Charming Divine Skill'.

As long as I activate the 'Charm Talisman' and release the charm magic inside, I can make Xuanyuan Zhantian my 'guardian slave'. From now on, he will be my slave, and he will treat me in this life. He is so loyal that even if I let him die, he will not complain at all.

It turns out that this 'charm magic' is a 'magic skill' created by the God of Life in the pantheon of gods, and its main target is humans.

Anyone who is affected by the 'charm spell' will willingly become the slave of the caster and will remain loyal until death.

And as a slave, his mind is completely clear.

The slave's emotions and rationality are no different from those before the surgery. The only difference is that he is loyal to his master, and it is unconditional loyalty.

All the master's orders, whether right or wrong, will be carried out by the slave without complaint. Even if he is asked to commit suicide immediately, he will not hesitate at all.

It can be said that this 'magical skill' controls the human heart, and it is the most complete control of the human heart.

When the God of Life created the 'Charm Magic', he wanted to find some loyal 'god servants' for himself.

This time, Lin Quan won fifth place in the first test. The reward he received was the 'Charm Talisman', which can be activated and used once. It is similar to the 'Black God' that seals the 'Excellent Martial Arts'. symbol'.

It's just a pity that this 'Charming Talisman' can only be used once, and it will be gone after this time! To be honest, I am really reluctant to use this charm talisman on Xuanyuan Zhantian, after all, this guy is not strong enough.

But it's not that easy to find a powerful 'guardian slave'. After all, the magic of charm has its limits.

The cultivation level of the person being cast cannot be higher than that of the caster.

If I use it on Long Xiaotian, I may not be able to succeed.

In any case, although Xuanyuan Zhantian's cultivation level is not high, he is a fifth-line warrior after all.

I heard from my ancestor that this guy's wood element has the qualification for the hidden spirit body, and he can still advance to the eighth level in the future. It's not bad to have a loyal servant of the fifth level and eighth level.

And, I need his help right now.

Without his help, it would not be easy for me to obtain the 'Mu Shen Dan'!

After thinking about this, Lin Quan felt a little relieved..

Chapter 2973

After thinking about this, Lin Quan felt a little relieved.

However, he was still a little reluctant to use the 'Charming Talisman'. He planned to attack Qingtian Qi after some time. He had to make Qingtian Qi completely trust him first, so that he could make the first move without falling short.

Thinking of this, Lin Quan immediately summoned his own psychic beast, a green-haired giant wolf at the peak of fifth-level Dzogchen.

At that moment, two people and a wolf stepped forward to fight with the guarding beast.

In order to hide his strength, Qingtian Qi has always shown a level of fifth-level Great Perfection combat effectiveness.

During the battle, he was also secretly observing Lin Quan.

On the surface, Lin Quan's combat prowess was that of an ordinary fifth-order Dzogchen peak warrior.

As for whether Lin Quan still has hidden strength, Qingtian Qi is not sure.

However, Qingtian Qi found that the opponent's expression was very calm during the battle, and he was able to handle his attacks with ease. This made Qingtian Qi vaguely feel that the opponent's strength should be reserved.

At the moment, both of them have their own agendas and are fighting against the fierce guardian beast.

In the blink of an eye, the two sides fought fiercely for more than ten rounds.

Suddenly, with a thundering roar, Lin Quan jumped up into the air and struck the beast head-on with a knife.

‘Click! With a sound, blood splashed, and a huge ferocious beast's head flew out immediately.

That ferocious beast was beheaded by Lin Quan's sword.

"here you go!"

Qingtian Qi immediately praised him, and then with a thought in his mind, he secretly ran the 'Six Revolutions of Heavenly Soul Art'.

A red light immediately flew out from the head of the ferocious beast and sank directly into the center of his eyebrows.

This was Qingtian Qi. Run the 'Sixth Transformation Soul Art' to directly plunder the soul power that will dissipate after the death of the ferocious beast, and use it for your own use.

This is where the 'Sixth Transformation Soul Art' becomes overbearing.

All warriors and ferocious beasts above the fifth level have soul power. , his soul power will disperse after his death, but the 'Six Revolutions of Soul Art' can absorb those soul powers that are about to disappear and refine them independently.

Seeing Qingtian Qi suddenly operating the 'Six Transformations of Heaven Soul Art' to absorb souls Lin Quan was greatly frightened and asked quickly

"Huh! What did you just do?"

This is the first time Qingtian Qi has performed such a weird secret technique in front of Lin Quan.

Lin Quan couldn't understand it, so he had doubts in his heart.

With doubts, he naturally felt uneasy.

But Qingtian Qi heard it. When Lin Quan asked, he immediately pretended to trust Lin Quan extremely and said sincerely.

"Brother Lin, let me tell you frankly! I have practiced a secret soul technique that can absorb the soul power of ferocious beasts for nourishment. What I did just now was absorb soul power."

Hearing what Qing Tian Qi said, Lin Quan suddenly understood. In fact, he also understood a little bit. He vaguely guessed that he was absorbing soul power, but he was not sure. But now, he heard Qing Tian Qi's words and said nothing. If it is adulterated, he will believe Qingtian Qi.

At the same time, he also thought to himself.

This guy seemed to have used some soul-like secret skill to defeat Chu Hongjian in the rookie conference. At first, many people suspected that he was a soul. Mutants, it turns out, are real, because only soul mutants can practice soul secrets. It seems that what this guy just said to me is true."

Thinking of this, Lin Quan continued to ask:"Brother Xuanyuan, you What kind of soul secret art do you practice? Can you tell me about Lin?"

"Ha ha! What did Brother Lin say? Qing

Tianqi laughed heartily and said frankly

"Brother Lin and I are so destined that we both were favored by Senior Qing Emperor. No matter who wins or loses this time, we are half the same sect. Since Brother Lin wants to know the soul skills that I am cultivating, there is no harm in telling him. In fact, the soul skill I cultivate is called 'God-Destroying Thorn'. After hitting the opponent, it can stun the opponent for a certain period of time. This is what I used at the beginning....."

Hearing this, Lin Quan said in surprise:"It can stun people for a certain period of time. That is a very powerful skill!"

Qingtian Qi pretended to sigh:"Hey! Having said that, the God-Destroying Thorn consumes soul power. A lot. Every time I use it three times, I need to replenish my soul power, otherwise I can't use it. This is also the reason why I didn't use the God-Destroying Thorn in the battle just now. It's all because of insufficient soul power!"

"By the way, I only told Brother Lin about this drawback. I hope Brother Lin won't tell anyone else."..

Chapter 2974

Hearing this, Lin Quan felt secretly happy.

Xuanyuan Zhantian is an idiot!

It looked like he really trusted me, and actually told me the shortcomings of this secret technique.

But that's okay, the more you tell me, the more I know about you.

The more you trust me, the easier it will be for me to start.

What surprised him was that this guy was not only a fifth-line warrior, but also a soul mutant. He seemed qualified to be his slave.

Then he should find an opportunity to fight him on the second floor!

With this thought in his mind, Lin Quan said on the surface: "Brother Xuanyuan, don't worry! Since you trust Lin so much, how could Lin do such an unethical thing. Brother Xuanyuan, let's go to the second floor! You have to think As for the 'Paths of Gods', you and I need to work closely together!"

"Um! Then let's go!"

Then the two of them headed to the second floor.

But before entering the entrance of the second floor, Qing Tianqi glanced at the space behind him intentionally or unintentionally. He vaguely felt a feeling of being spied on, which was a feeling from his soul. Deep intuition.

Ever since Qing Tianqi condensed his soul body, his sixth sense has become very strong. At this moment, he felt like being spied on.

But when he turned around and looked at the corridor behind him, But there was nothing, nothing that could be found. Even his 'Tian Ting' didn't find anything unusual in the space behind him.

This suddenly made Qing Tianqi suspicious.

"Huh! Why do I feel something is wrong? Am I too suspicious? Qing

Tianqi frowned and couldn't help but glance behind him a few more times.

Lin Quan, who was in front, saw Qing Tianqi hesitating behind him and couldn't help but wonder: "Brother Xuanyuan, what's wrong?" Is there something wrong behind the scenes?

Qing Tianqi immediately shook his head: "There's nothing wrong. Maybe it's my misunderstanding." Brother Lin, let's go!"

Then the two of them entered the second floor.

After Qingtian and Qi left for a while, there was a sudden space fluctuation in the empty corridor.

Then a figure suddenly appeared in the corridor, and it turned out to be the dragon that was following them. Xiaotian.

At this moment, Long Xiaotian was wearing a flame armor, flame boots, and a flame gun. He looked fully armed.

But in the palm of his left hand, he was still holding a simple rune jade tablet.

The rune jade tablet not only has various rune marks, but also some ancient writings

"That Xuanyuan Zhantian's intuition is so powerful, he seems to be sensing my existence."

Long Xiaotian felt a little incredible when he thought of this.

He just relied on the 'invisibility talisman' in his hand to make himself invisible.

The 'invisibility talisman' was also sealed with a magical skill called 'Invisibility Technique'.

This The invisibility technique is different from Qingtianjun's 'Shadowless Incarnation', and is much more advanced.

Invisibility requires the support of the environment. It means transforming one's own body into the same thing in the environment, and making one's breath fit with the environment. This is It creates the illusion of disappearing into thin air.

However, if the environment is replaced by a large bare platform, then 'Incarnation without Shadow' will have no effect.

Even if you transform yourself into a rock, you will still appear very conspicuous on that bare platform.

People with discerning eyes. You can tell at a glance that it is an illusion.

Moreover, when the incarnation moves without a shadow, it will cause flaws in the air flow.

The magical skill 'invisibility' is different. It completely makes the caster invisible and disappears without being affected by any environment. Restrictions.

More importantly, even during action, all breath and sounds will be hidden, and will not cause changes in the surrounding environment. Even ninth-level warriors will find it difficult to detect

"Maybe I was too close, so the Xuanyuan war genius sensed it. Fortunately, this 'invisibility technique' is a magical skill, and even a ninth-level warrior can hardly detect my position. With the abilities of the two of them, it is even more difficult to detect. Anyway, I'd better not get too close to them next time"

"However, following along this time was really rewarding. It turned out that the Qing Emperor used accepting disciples as a temptation and let these two people come in to hunt for treasures. Unexpectedly, there is a palace called the Temple of Gods deep inside this dark palace. It seems that there must be some valuable treasure hidden in the temples."

"The Qing Emperor must have had his adventure there. hey-hey!! I didn't expect that I, Long Xiaotian, would finally be lucky this time and discover such a big secret. This time I will be a squirrel and let you two take the lead. I will make a sneak attack at the end and kill these two people. Then the baby will be mine! Ha ha!!

Just when Long Xiaotian was thinking proudly in his heart, suddenly rapid footsteps came from the end of the corridor behind him. As soon as he heard the footsteps, Long Xiaotian's face changed drastically, and he was horrified in his heart: "Hey!" There is someone else following behind? I'd better become invisible first!"

Thinking of this, Long Xiaotian immediately input a burst of vitality into the 'invisibility talisman' in his hand.

The talisman immediately flashed a white light, wrapping Long Xiaotian's whole body, and then the space changed, and Long Xiaotian disappeared on the spot.

Chapter 2975

And not long after Long Xiaotian disappeared, a figure rushed out from the end of the corridor.

The man's whole body was flashing with lightning, and his aura was extremely terrifying.

It's just that he was walking in a hurry at this time, and there was a lot of blood on the corners of his clothes, as if he had been in a fight before.

This person was none other than Chen Ting, who had followed Long Xiaotian into the dark hall.

At this moment, as soon as Chen Ting entered the corridor, he frowned and had a look of confusion on his face.

He even whispered to himself: "It's strange! I clearly felt the presence of someone here just now, but why did it disappear in the blink of an eye? Hey! That's it?"

Chen Ting suddenly saw the person at the end of the passage again. The corpse of the ferocious beast hurriedly walked over.

That beast was naturally the guardian beast that was killed by Lin Quan and Qingtian Qi.

Chen Ting looked around the body for a while, then looked at the footprints on the ground, and then said to himself after a long while.

"There are two people's footprints on the ground. These should be those of Xuanyuan Zhantian and Lin Quan. Because they both came in together. It's just strange, where will Long Xiaotian go? I have been following him, why did he disappear after following him? This shouldn't be the case! With that person's strength, how could he escape my tracking? There's something strange about this"

"Forget it, since the trace of Long Xiaotian is gone, I will just follow Xuanyuan Zhantian and the others. I saw that the footprints left by these two people seemed to go straight to the entrance of the second floor. Along the way, except for the signs of fighting here, there were no signs of fighting anywhere else."

"But I encountered many ferocious beasts and puppets on this first floor. Why didn't I meet them? Could it be that these two people have maps on them? If this is the case, then these two people must have had a premeditated plan when they came here. I might as well follow these two people, maybe I will make greater discoveries."

At that moment, Chen Ting had a new decision in his mind.

"Looking at the corpse of this ferocious beast, the blood stains have not completely dried up. I guess he left here not long ago. It would only take a cup of tea at most, so I hurried to follow him and take a look."

Thinking of this, Chen Ting's figure flashed and he entered the second floor directly.

After Chen Ting left, Long Xiaotian's figure appeared again.

But at this moment, he looked shocked.

"What a strong momentum! It seems that he is a thunder elephant warrior who has reached the peak of the fifth level of Dzogchen. Who is this guy? The strength is hidden so deeply. It seems that this person must be among the top five in the second test. Just why is this guy following me? Fortunately, I have the 'Invisibility Talisman', otherwise I won't know how I died."

Thinking of this, Long Xiaotian secretly exclaimed that he was lucky and breathed a sigh of relief.

"However, this invisibility rune still has a time limit for its use. Until critical moments, I'd better use less."

It turns out that this 'invisibility talisman' was also the reward Long Xiaotian won in the first test.

Long Xiaotian won the fourth place in the first test, and Lin Quan was fifth.

The rewards they received They are all one-time magical talismans.

Bai Lingyu was the sixth, and he got the elixir to improve his cultivation.

Although Long Xiaotian and Lin Quan obtained both magical talismans, their magical talismans were different. This talisman The period of use is also different.

Lin Quan's magical skill is a timely skill that will dissipate after being used once.

Long Xiaotian's magical skill is a status skill that will dissipate after three days of use.

"It seems that this time it is more complicated. There were Lin Quan and Xuanyuan Zhantian in front, and a terrifying Thunder Elephant warrior came from behind. I wanted to make a profit, so I could only watch the outcome of the fight between the three of them, and finally launch a sneak attack. Um! That's all it can do for now."

Thinking of this, Long Xiaotian also flashed and entered the second floor...

Chapter 2976

But on the other side, when Qingtian and Qi entered the second floor, they discovered that the second floor of the dark palace was actually a canyon jungle.

There are many powerful ferocious beasts in this canyon jungle, the lowest of which are fifth-level ferocious beasts, and there are even sixth-order ferocious beasts.

In fact, Qingtian and Qi already knew this because there were instructions on the map.

Along the way, the two of them followed the route marked on the map and walked extremely carefully, for fear of encountering a sixth-level ferocious beast along the way.

If they encounter a sixth-level ferocious beast here, their lives will be in danger.

After all, with their cultivation levels, it is impossible for them to escape from the claws of a sixth-level ferocious beast. If they encounter one, they can only be killed instantly.

In fact, these threats are not very big to Qingtian Qi.

Because he possesses the skill of 'Heavenly Listening', this allows him to detect the arrival of sixth-order ferocious beasts in advance so that he can prepare in advance.

However, fortunately, the sixth-order ferocious beasts on the second level were also extremely rare. The two of them encountered a dozen ordinary fifth-order ferocious beasts along the way, and they were all killed quickly by the two of them.

Qingtian Qi also unceremoniously absorbed and refined the dissipated soul power of those dozen ferocious beasts.

Along the way, his soul power has increased a lot.

Unknowingly, the two of them walked in the canyon jungle for more than three hours.

At this time, Lin Quan took out the map and studied it carefully.

After a while, he pointed forward and said: "Brother Xuanyuan, follow the map and continue walking for two hours. There is a hidden valley near the canyon jungle where the Nine Yuan Fruit is produced. It is also the two places marked by Senior Qing Emperor. One of the places where Jiu Yuan Fruit is produced"

"The quantity of these Nine Yuan Fruits is very small, so I think we can't miss it. If we miss this place, I'm afraid that the two of us won't be able to collect the quantity of the Nine Yuan Fruits.

Qing Tianqi nodded and said: "Not bad!" It is still necessary to get this Nine Yuan Fruit. At present, we only know of these two places. If you miss it, it will be difficult to find. Otherwise, when we leave the dark palace, the Nine Yuan Fruit in our hands cannot meet the assessment standards, and we will only have the fate of being wiped out."

"yes! However, the place where the Nine Yuan Fruit is produced has a strong guardian beast, so you and I may have to work hard to get it. Anyway, let's go over and take a look at the situation first!"

At that moment, the two of them walked towards the hidden valley.

Not long after the two left, Chen Ting's figure turned out from behind a forest and looked at the direction where the two left with cold eyes.

"hehe!! These two guys really have maps in their hands. That'll be easy. As long as I find an opportunity to kill these two people, take their maps, and then get out of here."

"By the way, since these two guys have maps, they must have expert guidance. I'd better wait until I know the intention of these two people to come here before taking action, so as not to miss some important information."

After thinking about this, Chen Ting immediately sneered and followed.

But on the other side, Qingtian and Qi walked for about two hours before they came to a hidden valley.

The two entered the valley cautiously.

As soon as they entered the valley, Qingtian and Qi saw a spiritual tree about one foot high in the center of the valley. There were five fist-sized red spiritual fruits on the spiritual tree. There were nine white halos around the spiritual fruit. It's the Nine-Yuan Fruit.

Qingtian Qi and Lin Quan were very excited when they saw the Nine-Yuan Fruit.

This Nine-Yuan Fruit is an extremely precious thing. It is also the most precious spiritual object that can be seen in the ancient training ground. It is also the one for players sent by various countries. The ultimate purpose of coming here.

After all, a Nine-Yuan Fruit can refine a Nine-Yuan Pill, and a Nine-Yuan Pill can help the seventh-level Dzogchen peak warrior break through the bottleneck and become an eighth-level strong man.

It can be said that the Nine-Yuan Fruit It is the greatest gift from the gods to the trialists.

As long as they can pass the final test, each trialist can obtain more than three Nine Yuan Fruits.

This also made Qingtian Qi understand why Long Xing proposed the exchange conditions Three Nine-Yuan Fruits were exchanged for one Nine-Yuan Pill, because Long Xing knew that the players who could walk out of the ancient training ground alive had at least three Nine-Yuan Fruits.

Thinking of this, Qing Tianqi also felt a little excited.

However, He suddenly noticed something and turned his head to look outside the valley, with a hint of horror in his eyes.

"Huh! There seemed to be someone outside the valley, but unexpectedly someone followed him. Judging from the aura and movement of this man, it far exceeds that of a fifth-level Dzogchen peak warrior. Who could this be?"

It turned out that Qingtian Qi's 'Heavenly Listening' ability noticed that someone was following him, which immediately made him uneasy.

However, Qingtian Qi had no intention of telling Lin Quan..

Chapter 2977

However, Lin Quan, who was standing aside, looked at the Nine Yuan Fruit in the distance with a greedy look on his face and couldn't help but swallow his saliva.

Obviously, this Nine Yuan Fruit also has great temptation for him.

However, he did not act rashly.

Because there is a very scary mutated beast guarding under the Nine Yuan Fruit Tree.

It was a ferocious bear-shaped beast with three bear heads and an unusually strong body. It was lying under the tree and was almost as tall as the spiritual tree.

However, the aura exuded by the ferocious beast was very terrifying, and its basic combat strength had reached 50,000 people.

In fact, this is the lowest standard of protection used by the gods to protect the Nine Yuan Fruit.

Otherwise, with the value of the Nine Yuan Fruit, how could a fifth-level mutated ferocious beast be allowed to guard it?

However, even so, for the vast majority of trialists, it is impossible to collect the Nine Yuan Fruit by their own strength without joining forces to deal with the guardian beast.

And the gods also hope to see the trialists join forces to deal with the guardian beast.

Although it is good to join forces, conflicts will inevitably arise over the distribution of spiritual fruits after joining forces, which in turn will cause the trialists to kill each other.

Eliminating the strong ones from killing each other is also one of the goals of the gods.

But at that moment, Lin Quan's expression changed after he saw clearly the aura of the mutated ferocious beast in front of him.

I didn't expect that the guardian beast here was so strong. He definitely can't deal with it on his own.

Even if he didn't hide his strength and exploded with all his strength, it would be difficult to defeat the guardian beast in front of him. Do you want to give up like this?"

When he thought of giving up, Lin Quan felt very unwilling. How could he be willing to give up the five Nine Yuan Fruits in front of him?

However, if Xuanyuan Zhantian used his 'God-Destroying Thorn' to restrain him, he could still attack it. I can kill this mutated ferocious beast.

But in this way, my true strength will be exposed. Anyway, I will attack him sooner or later, so it doesn't matter if I expose my strength now.

I will take this opportunity to Xuanyuan Zhantian has become my guardian slave, so I don't have to be so guarded against him in the future.

By the way, doesn't his God-Destroying Thorn have a limit on the number of times it can be used? I also took advantage of this opportunity to consume his God-Destroying Thorn. ', and then attack him, it will be foolproof.

Thinking of this, Lin Quan felt proud in his heart.

But at this moment, Qingtian Qi on the side whispered:"Brother Lin, this protective beast is too strong. I'm afraid that even if you and I join forces, we may not be its opponents! Should we get out of here first? Go to another place where Jiuyuan fruit is produced?"

The reason why Qingtian Qi said this was because he noticed that the people following him outside the valley were more powerful than the guarding beasts in the valley.

He vaguely guessed that the person following behind was probably Chen Ting.

For Qingtian Qi is very familiar with Chen Ting's strength and is also very afraid of it.

Because he is not sure that he can deal with Chen Ting.

Therefore, Qingtian Qi does not want to be killed by Chen Ting behind him when he and Lin Quan deal with the guardian beast in front of him. The fisherman benefited.

But Lin Quan didn't know about all this.

But after listening to Qingtian Qi's words, Lin Quan said:"Brother Xuanyuan, although this guardian beast is very strong, you and I can still have a chance if we work together." The hope of victory. As long as Brother Xuanyuan is on the side and cooperates with the soul-killing thorn, he can restrain the movement of this ferocious beast. There is still hope of victory"

"If you miss this opportunity, it will be difficult to meet again next time. Besides, there are only five Nine-Yuan Fruits in this place. Can you guarantee that the number of Nine-Yuan Fruits in the next place will be more than this?"

"Brother Xuanyuan, you should also know the rules of this test. Everyone must get three Nine Yuan Fruits to pass. You and I together need six. If there are not six in the next place, then we have to find them again. We are going to the Temple of Gods, so we can't spend too much time on this second floor!"

After hearing what Lin Quan said, Qingtian Qi knew that his persuasion was definitely useless, and immediately said:"Okay! As long as Brother Lin is sure, that's fine"

"Ha ha!! Brother Xuanyuan just agrees, then let's get started!"

After saying this, the two of them walked out of their hiding place..

Chapter 2978

But as soon as the two walked out of their hiding place, the guarding beast sensed it and immediately raised its three huge heads to look at Qingtian Qi and the others.

When it discovered that two humans had intruded into its territory, it immediately became furious, and its three heads roared angrily three times at Qingtian and Qi Qi.

Immediately, it stood up slowly, its body seven to eight feet tall like a giant tower. It stood in front of the two of them, and a terrifying aura immediately spread out.

"What a strong momentum! Lin

Quan still couldn't help but exclaimed, and then said to the two-foot-sized green-haired wolf on his shoulder:"Qingyan!" start fighting!"

The little green-haired wolf was naturally Lin Quan's psychic beast. As soon as it received Lin Quan's order, it immediately jumped down, roared wildly, and instantly transformed into a three-foot-long green-haired giant wolf.

And in the blue sky, Just when he thought that the green-haired giant wolf would never change again, Lin Quan shouted again

"Qingyan, second transformation!"

"Roar!"

With a roar, the green-haired giant wolf slowly grew a second head under Qing Tianqi's surprised eyes.

However, as soon as the green-haired giant wolf grew its second head, its momentum increased sharply, and it reached the level in an instant. The momentum surpassed the power of 40,000 people.

Seeing this, Qing Tianqi was horrified.

"Unexpectedly, Qing Quan's psychic beast turned out to be a two-headed green-haired giant wolf that later mutated. This guy's luck was really good. Tsk tsk!!"

Seeing the two-headed giant wolf in front of him, Qingtian Qi couldn't help but show envy in his eyes. It turns out that there are two types of mutated ferocious beasts, one is the early stage mutation, and the other is the late stage mutation.

The ferocious beasts that are mutated in the early stage are those before birth. Mutation begins in the embryonic state.

When they are born, their appearance is also very different from that of the same kind. They may have two heads, extra wings, or certain skills, and their overall strength is much stronger than that of the same kind.

In these early stages of mutation , Among the ferocious beasts, the most powerful ones are the mutant ferocious beasts with an extra head, which are far stronger than similar beasts.

However, these two-headed ferocious beasts have a fatal flaw, that is, their growth breakthrough is greatly reduced. It can almost be said to have disappeared.

For example, a fifth-level fire wolf, after growing to a mature body, will reach fifth level, but there is still a 10 to 20% chance of breaking through to sixth level.

And a two-headed After the fire wolf grows to a mature body, its cultivation has reached the fifth level, and its strength is even stronger than its peers. However, if it wants to break through to the sixth level, the possibility is only one in a thousand, and it is almost impossible to break through.

To a certain extent , the chance of growth breakthrough of the two-headed beast has disappeared.

It seems that this is also an arrangement of fate. God has given abilities in one aspect and taken away abilities in another aspect.

In fact, it will cause this The phenomenon is because the two-headed ferocious beast has two inner elixirs.

The existence of the two inner elixirs not only enhances the strength of the two-headed ferocious beast, but also greatly interferes with its growth breakthrough. It is almost impossible to break through the growth limit. It's possible.

But the two-headed beasts that mutate later are different.

The two-headed beasts that mutate later are the same as the same kind when they are born, but after encountering the day after tomorrow, they will independently gain the ability to transform twice.

After the second transformation , the inner elixir of the second head they grow is a virtual inner elixir, not a real inner elixir, but their strength is comparable to the two-headed ferocious beast. To put it simply, the two-headed ferocious beast that mutated in the later period, With the strength of the early mutated two-headed ferocious beast, the original growth breakthrough speed is not affected, and it still has a 10 to 20% breakthrough probability.

Therefore, this late-stage mutated two-headed ferocious beast is extremely rare and is considered a psychic beast. The best choice is one that is far stronger than the ferocious beasts of the same level, but also has a normal breakthrough speed. Unfortunately

, these late-stage mutated ferocious beasts are extremely rare, and their rare numbers are comparable to the soul mutations in the human world. who are fewer than the number of wind elephant warriors and thunder elephant warriors..

Chapter 2979

But it was said that the green flame giant wolf transformed for the second time and grew a second head.

Lin Quan also immediately made a seal, pressed it on his forehead, and let out a low drink.

"untie!"

With this low shout, Lin Quan's momentum increased significantly, and in the blink of an eye it increased to the strength of 30,000 people.

Seeing this, Qingtian Qi was horrified again.

It turns out that Lin Quan himself is also sealed. It seems that this guy really has bad intentions!

I have to be careful. It's just a little strange, why did this guy reveal his strength so early?

Isn't he worried that I will become suspicious? Or does he have other plans?

Just in Qingtian Qixin Lin Quan was shocked and confused.

Lin Quan once again merged with the Qingyan Wolf through channeling, and his appearance suddenly changed drastically.

After the channeling and fusion, he was several inches taller, his hands grew sharp claws, and his black hair turned into cyan. His whole body looked... It was even more majestic and powerful when it went up.

Especially the momentum, it soared from the strength of 30,000 people to more than 46,000 people in one fell swoop, which was not far away from the strength of 50,000 people. The combination was successful in one fell swoop, Lin Quan immediately put on the top-grade spiritual armor 'Hundred Flowers Battle Armor' and picked up the top-grade spiritual weapon 'Hundred Flowers Battle Sword' with one hand, and his confidence suddenly swelled.

With Lin Quan's current strength, he can barely fight against a ferocious beast with the strength of 50,000 people. This is also the reason why Lin Quan dared to challenge the three mutated ferocious beasts.

At this moment, the guardian ferocious beast in front also felt Lin Quan's terrifying aura, and its expression suddenly became solemn. Then it roared wildly, and its body automatically condensed a layer of rock armor.

It turned out to be an earth element beast. As soon as the beast condensed the rock armor, it rushed towards Lin Quan.

In its view, the two humans in front of it were naturally extremely terrifying to Lin Quan.

See When the ferocious beast rushed towards him, Lin Quan laughed loudly, raised his knife and faced it, shouting at the same time: "Brother Xuanyuan! Just use the God-Destroying Thorn to make a sneak attack from the side!"

"good!"

Qingtian Qi immediately responded.

At that moment, Lin Quan started fighting with the guardian beast.

In the blink of an eye, the two sides fought for dozens of rounds.

For a moment, there was the sound of explosions in the valley, and neither side could do anything to the other.

But he said At this time, the guarding ferocious beast in the field slapped its palm on the ground, and countless rock spikes burst out of the ground and stabbed towards Lin Quan.

Lin Quan's figure dodged repeatedly and swung the long knife in his hand, avoiding the attacks.

But then The guarding beast took the opportunity to rush towards Lin Quan, and slapped Lin Quan's head with a huge palm.

At this moment, Lin Quan made a seal with his hand and shouted: "thorn vine technique!"

A red thorn vine immediately broke out of the ground and entangled the beast. The sharp thorn actually penetrated the rock armor and shattered the rock armor protecting the beast's body.

The beast was furious and broke the thorn vine with all its strength..

And just for this delay, Lin Quan activated the psychic beast's skill 'Wolf Shadow', increasing his speed by 30%, instantly leaping into the air, leaping to the top of the beast, and then slashing at one of the beast's heads with a knife.

The ferocious beast just broke off the thorn vines, raised its head, and opened its mouth to spray out a ball of energy to attack.

But at the critical moment, Qingtian Qi not far away snorted coldly, and immediately shot a god-destroying blast at the ferocious beast. Stab.

The ferocious beast's head suddenly groaned, its eyes were dull, and its movements paused.

Now that Qingtian Qihun's power has greatly increased, the power of his God-Destroying Stab has also greatly increased, and the time for the target to be attacked has also been extended. At the moment when the beast's head was stunned, Lin Quan took the opportunity to cut off its head with a knife.

The beast roared sadly.

Lin Quan was overjoyed: "Haha!! Brother Xuanyuan, well done!"

The two sides fought again.

The ferocious beast lost one of its heads, and its strength suddenly dropped sharply.

Qingtian Qi and the others took advantage of the situation to attack.

Not long after, when Qingtian Qi sent out the second God-Destroying Thorn, the ferocious beast was beheaded by Lin Quan again. After losing two heads in a row

, the guarding beast no longer had the will to fight, and turned around to escape. At this moment, its strength dropped sharply, and its injuries were so severe that even if it escaped, it would be difficult to survive.

Seeing the ferocious beast The beast wanted to escape, but Lin Quan rolled his eyes and deliberately exposed a flaw to let the beast escape...

Chapter 2980

In just a moment, the ferocious beast fled near the mouth of the valley.

Lin Quan quickly shouted: "Brother Xuanyuan, use the God-Destroying Thorn quickly to make that evil beast stop."

Hearing this, Qingtian Qi quickly shot the third God-Destroying Thorn at the beast.

The fierce beast hit him, and he froze in place.

"good! Lin

Quan was overjoyed. He swayed and rushed over to pursue him.

But just as he passed by Qingtian, Lin Quan suddenly made a seal with his hand and whispered in his mouth: "Calming Spirit Technique". Immediately, a seal Jue pressed on Qingtian Qi's head.

It turned out that Lin Quan deliberately asked Qingtian Qi to release the third soul-killing thorn.

Because he had heard Qingtian Qi say before that Qingtian Qi would replenish his soul power every three times.

But Lin Quan said that As soon as the seal was completed, it was about to be pressed against the top of Qingtian Qi's head.

Qingtian Qi had been on guard for a long time, and in a flash, he was three feet away, avoiding Lin Quan's 'Calming Technique'.

"Huh! What a speed!"

Lin Quan exclaimed, feeling horrified in his heart.

However, he had no time to think so much. Since he had fallen out, he would take action to the end.

"snort!!"

Lin Quan snorted coldly, and immediately crushed the 'Temptation Talisman' he had prepared in his hand, and waved it towards the sky. A ball of green light immediately burst out from his palm, mixed with countless golden runes, and scattered into the air.

In just an instant, those golden runes formed a strange rune formation in the sky, covering the sky above Qingtian Qi's head, surrounding Qingtian Qi.

Seeing this, Qingtian Qi was horrified. He had never seen anything like this before. The formation, let alone what the golden runes floating around were?

However, he vaguely felt that something was not good, and there was an inexplicable throbbing in his heart.

At that moment, Qingtian Qi's eyes flashed with cold light, and he was about to charge towards Lin Quan.

At that moment, Qing Tianqi erupted with an aura that frightened Lin Quan.

"So strong! It turns out that this guy also hid his strength!"

Just when Lin Quan had this thought in his heart, Qingtian Qi was already in front of him in an instant.

Lin Quan was horrified. He pinched the seal in his hand, and the golden runes around him shone brightly, and the entire space was immediately blocked.

Qingtian Qi's figure suddenly disappeared. He was stopped and unable to move.

Seeing this, Lin Quan was overjoyed and stepped back quickly, while sealing seals in his hands. The golden runes in the air immediately moved around, rearranging the previous formation around the blue sky.

This immediately shocked Qing Tianqi, and he quickly asked: "Lin Quan, what on earth are you going to do?"

At the same time, Qing Tianqi shouted and struggled hard.

However, no matter how hard Qing Tianqi struggled, he could not move at all.

Lin Quan suddenly laughed wildly with pride: "Haha!! Boy, you don't have to struggle. Even with your strength, you still want to get rid of the shackles of magical skills? You'd better submit obediently and be my loyal slave! After hearing this

, Qing Tianqi was horrified: "Is this a magical skill?" How could you possibly have magical skills? Even ninth-level warriors don't have any magical skills."

Perhaps Lin Quan was in a good mood when he saw Qingtian Qi trapped, so he said proudly

"Xuanyuan Zhantian, it doesn't matter if I tell you. In the first test, I got a magical talisman that can release a magical skill"

"This magical skill is called 'Charm Magic', which is used by the God of Life to recruit 'god servants'. I will use this magical skill to turn you into my 'servant' now. Please accept it faithfully! No matter how much you resist, it's useless."

Hearing this, Qing Tianqi's expression changed drastically. He never expected that Lin Quan would get a 'divine skill talisman' in the first test, giving him a chance to use the divine skill.

This made him feel extremely depressed. , was also very puzzled.

Because he was third in the first test, but what he got was the 'Bigu Pill', which was not of much value.

Even Ouyang Huai, who came in second, got the 'Bigu Pill'. It's just five more than him.

Qingtian Qi knew intellectually that the gods must have deep meaning in doing this, but he hadn't figured it out yet.

However, at this critical moment, it was not the time for him to think about it too much.

Now For Qing Tianqi, the most important thing is to get rid of the shackles of the 'charm magic' and escape the fate of being enslaved..
