

## God level 2981

### Chapter 2981

At this moment, Lin Quan in front said again: "Xuanyuan Zhantian, originally I wanted to turn you into my slave, but it was not worth the gain. But judging from the momentum you exuded just now, you are too letting me down. Surprise. It turns out you have been hiding your strength!"

"Judging from your momentum, your strength should be far superior to mine. It seems that my ancestors have misjudged it."

"But fortunately, the power of this 'Charm Magic' is far beyond my imagination. Even if your strength is better than mine, now under my Charm Magic, you can only let me take advantage of you. Ha ha!! Just slowly enjoy the pain of going from hating me to being loyal!"

After saying this, Lin Quan immediately closed his eyes and began to pinch the seals continuously.

As he pinched the seals, the golden runes in the air lit up again, and then quickly rotated around the blue sky.

Seeing this, Qingtian Qi was very anxious.

Because he knew in his heart that as long as Lin Quan successfully used it, he would never recover and become a slave of others, which would be more painful than letting him die.

But at this moment, the space around him was imprisoned, no matter how he It was useless to struggle.

At this critical moment, Qingtian thought in unison and tried to shoot a God-Destroying Thorn at Lin Quan.

Lin Quan was concentrating on the seal, and was suddenly unable to guard against it. He was hit by the God-Destroying Thorn. With a groan,

Lin Quan took a step back. At the same time, Lin Quan's eyes were confused, and the kneading movements in his hands suddenly stopped, and the golden rune formations around him began to show signs of collapse.

Seeing this, the blue sky I was overjoyed.

It turned out that those golden runes could imprison space and even the flow of vitality, but they could not imprison soul power.

However, Lin Quan regained consciousness in just a moment, with a look of extreme horror in his eyes.

As soon as he regained consciousness, Lin Quan saw the sky The golden runes showed signs of disintegrating, which immediately made him anxious, and he started to pinch the seals again.

But as soon as he pinched it, Qing Tianqi's God-Destroying Thorn struck again.

Lin Quan was caught off guard again, and there was a stabbing pain in his head. Painful, he once again fell into confusion, and the golden rune array that surrounded Qingtian Qi also collapsed again.

However, this time Lin Quan finally found out.

This time he pinched the seal with his eyes open, so When Qingtian Qi fired the God-Destroying Thorn, the pupil of his left eye flashed, which also made him understand that Qingtian Qi's God-Destroying Thorn was shot from the pupil of his eye.

Therefore, when Lin Quan woke up for the second time, he immediately The figure flickered, and he went around behind Qingtian Qi, and then hurriedly pinched the seal and used the 'Charming Magic'.

However, as soon as Lin Quan came around behind Qingtian Qi, Qingtian Qi suddenly became panicked.

At this moment, Qingtian Qi's body could not move. The only 'God-Destroying Thorn' that could be used had lost its effect because it lost its target. How could this not make him anxious?

At this moment, the golden runes in the air began to move again as Lin Quan moved. The seal regained its brightness and began to rotate around Qingtian Qi at high speed. From a distance, it looked like circles of golden light.

Obviously, this 'charm spell' was being activated, and Qingtian Qi would become someone else soon. Qingtian

Qi immediately said anxiously: "Lin Quan, why are you doing this? Do you want to attack me just because you want to be Qing Emperor's apprentice?"

Speaking of this, Qingtian Qi's heart moved. He suddenly thought of a question and said anxiously: "By the way, Lin Quan, you just said that your ancestor was mistaken. Is your ancestor the Qing Emperor? In fact, you and Qing Emperor conspired to do this? Isn't it some kind of test to become a disciple?"

Hearing this, Lin Quan was slightly startled, stopped what he was doing, and said in surprise: "Hey! It seems you are not stupid. You guessed it right! Qing Emperor is my ancestor. In fact, my real name is Qing Quan, not Lin Quan."

Hearing this, Qingtian Qi's heart suffocated, and the image of Qingdi in his heart collapsed in an instant. Then he asked in confusion: "Why did Senior Qingdi do this?"...

Chapter 2982

Hearing the sadness and anger in Qing Tianqi's tone, Lin Quan was very proud and said with a smile: "Haha! Now that things have happened, it doesn't hurt to tell you! Anyway, you will be my loyal slave after a while. My ancestor did this. I want to find a helper for me to help me enter the pantheon of gods."

"After all, the guardian spirits entering the teleportation array of the temples are two sixth-level guardian stone statues. It is difficult for me to pass through with my own strength, so I have to choose you and let you and I use strategies to lure away the two guardian stone statues. Only This way we have a chance to go in"

"Ha ha!! Are you kidding me? How can you and I divert these two sixth-level guardian stone statues away?"

"hehe!! It's just that you don't know the trick. The two sixth-level guardian stone statues only guarded within a hundred meters of the entrance of the teleportation array. If you go within a hundred meters, they won't chase you."

"If you successfully open the teleportation array, they will give up any protection and allow everyone to pass safely. This is the order given to them by the gods, and it is also a test for those who want to pass."

Hearing this, Qing Tianqi suddenly said:"That's it!" If you follow these rules and only need three people to work together, you can still pass. Let two of them lure away the two guardian stone statues, and the other person takes the opportunity to activate the teleportation array. As soon as the teleportation array is activated, the test will be considered a success."

"Ha ha! I find you are getting smarter and smarter. Yes, there are exactly three of me, my psychic beast, and you. As long as the three of us cooperate properly, we can still pass that level. This is also the reason why my ancestor chose you as his helper despite your low cultivation level."

"Because to pass that level, you don't need to be very strong, you just need to be smart enough. Besides, if you are weak, I can kill you and silence you afterwards. But, no need now, as long as you become my slave, there is no need for me to kill you. This will give you another powerful helper."

Hearing this, Qingtian Qi suddenly understood everything and said in a deep voice:"That's it! Then why are you trying so hard to enter the 'Palace of Gods'? Is there a treasure there that you must get?"

"Ha ha!! You are right! There is indeed a treasure there that we must have. Because in the deepest part of the pantheon, there is the highest reward in this training ground. In front of such rewards, no amount of Nine Yuan Fruit rewards are worth mentioning. Hearing this

, Qing Tianqi was horrified and asked in disbelief:"How is this possible?" Is there such a good baby in this world?

Lin Quan immediately said proudly:"Why not?" That's just you don't know. In fact, that kind of thing is a rare thing in the eyes of the gods, and even the gods don't have many of them.

Qing Tianqi said in surprise:"What kind of spiritual thing is it?" Are even the gods so rare?"

"Ha ha! Let me tell you the truth, it is a five-system divine elixir. It is a top-level god-level elixir that can be refined by ordinary warriors to upgrade their qualifications to a true spiritual body in one fell swoop. It is definitely not something that mortals can refine. What a pity! Every time a training ground is opened, only one person who enters the dark hall can receive such a reward, and the others can only give up and leave."

"And the person who gets the reward can only make one choice, which is to choose one series from the five series, and then enter the temple of that series to get the desired magic elixir. In fact, there are only two such divine pills in each temple."

"At present, one of the wooden temples has been taken away by my ancestor, and only the last one is left. I came here this time to take away the last 'Wood God Pill'""

Hearing this, Qing Tianqi was extremely shocked. At this moment, he understood everything, and immediately lowered his voice and said

"In other words, every time the training ground is opened, the gods will predetermine a reward of a five-series divine elixir, and that's it."

"good! As long as I get the Wood God Pill this time, in two or three hundred years, I will be able to become a ninth-level warrior like my ancestor. Ha ha!! By then, our Qing family will become the strongest family in Dakun Country. Even if our Qing family wants to establish a country, Long Xing will not dare to say anything!"

Speaking of this, Lin Quan's face was full of excitement, as if the Wood God Pill was already in his hands..

Chapter 2983

"alright! I have already told you what needs to be said, and I have treated you with all my kindness and righteousness. You can feel at ease and become my slave."

As soon as he said this, Lin Quan immediately made another seal. The golden light surrounding Qingtian Qi immediately shot into the center of Qingtian Qi's eyebrows and directly penetrated into Qingtian Qi's sea of consciousness.

The golden light shot into the blue sky. Qi's sea of consciousness suddenly revolved around Qingtian Qi's soul body, as if it was about to invade Qingtian Qi's soul body.

Qingtian Qi was immediately horrified. He knew that as long as the golden light invaded his soul body, he would be enslaved, no matter what. No matter what, he couldn't let that golden light invade his soul body.

But at this moment, another golden light sank into his eyebrows, entered his sea of consciousness, and began to entangle his soul body.

There was another golden light, Qingtian Qi's soul and body were suddenly oppressed, and the situation became even more critical.....

And at this critical moment, Qingtian Qi suddenly shouted loudly into the air

"Chen Ting! How long do you want to hide it for? Do you want to wait until I become Lin Quan's slave and then join forces with Lin Quan to get rid of you?"

Hearing Qing Tianqi's sudden shout,

Lin Quan was startled and paused slightly, obviously very surprised.....

At the same time, a startling sound came from outside the valley

"Huh! You were discovered!"

With this exclamation, the person outside the valley laughed again and said: "Haha!! Now that you have discovered it, there is no need for Chen to hide it. But it was so amazing to just hear the secret! Let Chen alone get such benefits! Go to hell, both of you! Ha ha!!"

With a burst of laughter, Chen Ting turned into a flashing afterimage of thunder and rushed into the valley from outside the valley. The 'Thunder Spirit Sword' in his hand rushed out and stabbed Lin Quan in the chest.

Lin Quan was horrified and hurriedly He gave up the magic of Charm and used 'Wolf Shadow' to escape.

In fact, the moment Lin Quan heard Chen Ting's voice, he was already on guard.

So Chen Ting suddenly attacked this time, but was also avoided by Lin Quan. Opened.

But after Lin Quan dodged to avoid it, no one was in charge of the charming magic, and the golden light that blocked the space suddenly showed signs of dissipation.

Qingtian Qi's body suddenly gained some mobility.

However, before Qingtian Qi could be happy.

Then Chen Ting suddenly turned around and smiled ferociously: "White-haired boy, you should die too!"

While speaking, Chen Ting stabbed Qingtian Qi with his sword.

The golden light surrounding Qingtian Qi was suddenly shattered by this sword.

The sword also approached Qingtian Qi's chest in an instant. Qingtian Qi was horrified and thought He wanted to dodge, but his body was not completely free yet and could not move. Only his fingers could move, so he could not dodge.

In the critical situation, Qing Tianqi had no choice but to press a seal to activate the 'Five Elements Shield'. At the same time, his left eye flashed and he looked towards Chen Ting. Shoots a 'god-destroying thorn'

‘There was a loud bang, and Qingtian Qi's Five Elements Shield was shattered by Chen Ting's sword.

The sword continued to stab Qing Tianqi's chest.

Again 'Boom! ' A sound.

The clothes on Qingtian Qi's chest exploded, revealing the ordinary spirit armor he was wearing underneath. Then a violent sword light penetrated his body, and a blood sword came out from Qingtian Qi's back. His body was penetrated by Chen Ting's sword light. Thoroughly.

It turns out that the Thunder Elephant Warrior also contains the gold element, and its attacks naturally have the effect of the gold element warrior's sword light.

At the same time, huge energy also flew into the sky.

Qing Tianqi suddenly screamed, vomited blood and flew out, not knowing whether he was dead or alive...

Chapter 2984

At the same time, Chen Ting was also hit by Qingtian Qi's God-Destroying Stab.

Chen Ting's brain suddenly felt tingling, and his expression became confused.....

In fact, just when Chen Ting attacked Qingtian Qi, Lin Quan also launched an attack on Chen Ting, slashing directly into Chen Ting's face with his superior martial arts skill, 'Crazy Wolf Slash'.

In an instant, the Mad Wolf Slash was approaching Chen Ting's eyes.

Chen Ting finally woke up from his daze and saw Lin Quan's attack approaching the tip of his nose.

He was immediately frightened out of his wits. In a hurry, he had no time to evade, so he had to tilt his head back to avoid the vital point. His chest was wide open, without any defense.

Lin Quan's 'Crazy Wolf Slash' also struck Chen Ting's chest immediately.....

'With a bang, his clothes were torn apart, and an ordinary spiritual armor on Chen Ting was immediately blown to pieces.

However, the spirit armor also helped Chen Ting block this fatal blow.....

After all, the difference in strength between the two is still too big. If it were someone with comparable strength, he would have been split in half by this knife.

But even so, Chen Ting was hit by this knife, his spiritual armor was completely destroyed, and his chest was filled with blood and blood. He groaned and retreated sharply.

But just when Chen Ting took two steps back, the space behind him suddenly fluctuated, and a spear suddenly appeared. It pierced his back with one shot, and the bloody spear tip penetrated his lower abdomen..

Chen Ting suddenly roared in pain and punched the space behind him.

Just hearing a muffled groan, the space behind him shook, and a figure appeared, retreating sharply.

The person who appeared was none other than Long Xiaotian.

At this moment, Long Xiaotian took a few steps back before standing still. There was still a wisp of blood hanging from the corner of his mouth. He was obviously injured by Chen Ting's punch just now.

Seeing Long Xiaotian appear, Lin Quan was horrified and exclaimed:"Long Xiaotian! It's you! Why did you appear here?"

Long Xiaotian wiped the blood from the corner of his mouth and said anxiously:"Lin Quan, now This is not the time to talk about this. You and I work together to kill this Chen Ting. This guy was seriously injured by my sneak attack. We have hope of killing him!"

Lin Quan was shocked:"Why should I join forces with you?"

Long Xiao Tian sneered and said:"Xuanyuan Zhantian has been killed by this guy. If you don't join forces with me, how will you deal with the guardian stone statues that enter the temples? How difficult is it for you to join forces with this guy? Isn't that asking for death? Not to mention this guy is also I may not accept your favor!"

After hearing this, Lin Quan's expression changed again:"So you have already heard what happened just now."

Long Xiaotian said impatiently:"If I hadn't heard, would I have risked a sneak attack on this guy? As long as this guy is here, we have no share in the five-element divine pill. Now is not the time to talk nonsense. You and I should quickly kill this guy while he is seriously injured. If it is too late, it will be too late. As long as we kill him, you and I can enter the temples. Whoever gets the reward will be a fair match between us!"

Lin Quan hesitated for a moment, then nodded and said:"Okay! I'll join forces with you!"

Hearing this, Long Xiaotian was overjoyed, and with a casual move, a white light flashed behind him. , a silver-armored puppet stood behind him, that was his god-possessed puppet.

At the same time, Chen Ting, who was opposite, covered his lower abdomen with his hands, his face showing pain, and his eyes filled with resentment.

Then, he gritted his teeth and said:"I didn't expect that I, Chen Ting, would be seriously injured by people like you two today. I deserve to die!"

After hearing this, Long Xiaotian snorted coldly:"Stop talking nonsense, Lin Quan, Let's go!"

"good!"

Immediately, Long Xiaotian and Chen Ting killed the god-possessed puppet.

When Chen Ting saw the other party coming to kill him, his face showed disdain and anger, and he immediately laughed and said:"Haha!

Do you really think that I am dead? Let me die for you all! Raikage split image!"

As Chen Ting shouted, two afterimage clones suddenly separated from his body, each with half the basic combat power of the original body, and they were killing Long Xiaotian and the god-possessed puppet respectively.

Chen Ting's true body was killing Lin Quan. Go.

The two sides immediately started fighting.

On the other side, Qingtian Qi was penetrated by the sword and fell in a pool of blood. His eyes were closed and motionless, and he seemed to be dead.

In fact, Qingtian Qi was pretending to be dead.

At this moment, he was Desperately trying to resolve the two golden lights surrounding the soul body....

Although the magical spell of charm has been broken, the two golden lights that invaded the sea of consciousness have not disappeared.

If those two golden lights were allowed to invade Qingtian Qi's soul, the consequences would be disastrous, so he had to get rid of those two golden lights as soon as possible.

Fortunately for Qing Tianqi, although the two golden lights were strange and powerful, his soul power could also consume them.

As Qingtian Qihun's power continued to wear away, the two golden lights became increasingly dim..

Chapter 2985

At the same time, Qing Tianqi was also using his distraction to mobilize the wood energy and yin and yang energy in his body to heal the wounds in his body and prevent them from getting worse.

In this way, after spending about the time of a cup of tea, Qingtian Qi finally wiped away the two golden lights in the sea of consciousness, and the hidden danger was eliminated.

But before Qing Tianqi could be happy, Chen Ting suddenly heard a loud shout from the battlefield not far away.

"Take heaven as your spirit! Use the sword as a guide! Five thunder strikes! go to hell!"

Chen Ting shouted loudly, leaped into the air, and slashed the sword in his hand downwards, drawing five thunderbolts from the sky and slamming down on Lin Quan's head.

Lin Quan was horrified and quickly formed a wave of lightning. The defensive shield.

But the first lightning blasted the defensive shield into pieces, and then four lightning strikes struck Lin Quan's body.

Lin Quan was immediately chopped into a charred corpse and fell to the ground like a rotten tree..

Killing Lin Quan with one move, Chen Ting turned to look at Long Xiaotian, who was forced to a disadvantage by his two afterimage clones, and grinned with great pride.

"Ha ha!! Even if I, Chen Ting, am seriously injured, it will be easy for me to kill you. Long Xiaotian, it's your turn now."

As soon as he heard this, Long Xiaotian was so frightened that he turned around and ran away, not even caring about the possessed puppet.

Seeing Long Xiaotian trying to escape, Chen Ting sneered, made a seal with his hand, and two afterimage clones immediately becoming one with his body, his momentum also increased a lot.

After doing this, Chen Ting sneered: "Want to escape? Dream on!"

As soon as he said these words, his figure flashed and he chased Long Xiaotian.

Although Long Xiaotian had the best spiritual weapon 'Fire Boots' to increase his speed by 50%, his own speed was far inferior to Chen Ting.

In the blink of an eye, Long Xiaotian was about to be overtaken by Chen Ting. Seeing that he was about to be overtaken, Long Xiaotian's face changed with fright, and he quickly turned on the invisibility talisman. The space fluctuated and disappeared out of thin air.

Seeing this, Chen Ting He was stunned, and immediately swept forward with his sword. A muffled groan came from the air, and Long Xiaotian's figure flew out from the air, revealing his figure. At the same time, he held the 'invisibility talisman' tightly in his hand. ' was also blown away, and happened to fall next to Qingtian Qi who was lying on the ground.

Qingtian Qi, who was pretending to be dead, saw this, his mind moved, and he quickly put away the 'invisibility talisman'.

Although Qingtian Qi didn't know it yet. It was an invisibility talisman, but he saw that the talisman looked simple and simple, and Long Xiaotian always held it in his hand. It seemed to be a good thing, so he put it away.

However, when Chen Ting saw that he had struck a random sword, he actually Long Xiaotian appeared, and he was immediately overjoyed. His figure flashed, and he came close to Long Xiaotian who fell to the ground. He struck down with a sword, and was about to kill Long Xiaotian with one strike.

But at this critical moment, a silver handle The sword silently blocked Chen Ting's Thunder Spirit Sword and shocked Chen Ting back.

Chen Ting was immediately horrified and looked up, only to see that the person blocking his attack was actually Long Xiaotian's possessed puppet.

With At the same time, Long Xiaotian was also shocked.

He did not expect that his possessed puppet would suddenly become so powerful. Not only did he block Chen Ting's attack with a light sword, he also shocked Chen Ting back.

However, What shocked Long Xiaotian even more was that he had not given an order to the possessed puppet just now, but it was the possessed puppet who took the initiative to save him.

Just when Long Xiaotian was shocked and confused, the empty eyes of the possessed puppet suddenly glowed red. Flashing, as if suddenly coming to life.

At the same time, the possessed puppet lowered its head and looked at Long Xiaotian, and a cold voice came from the body of the possessed puppet.

"What a useless thing!"

As soon as he heard this voice, Long Xiaotian immediately opened his eyes in horror, and said with some disbelief: "It's the ancestor! Are you an ancestor?"

It turned out that the voice made by the possessed puppet was actually Long Xing's voice..

Chapter 2986

At the same time, Qing Tianqi, who was lying not far away pretending to be dead, was immediately frightened to death when he heard Long Xing's voice.

Chen Ting looked at the possessed puppet in front of him with a look of surprise, as if he had seen a ghost.

At this time, the possessed puppet did not answer Long Xiaotian, but turned to look at Chen Ting and said coldly: "We'd better get rid of this troublesome guy first!"

As soon as he said this, the aura of the possessed puppet suddenly improved and reached a terrifying place in an instant.

"Huh! With the strength of more than 200,000 people, this is the strength of a sixth-level warrior!"

Chen Ting's face immediately changed. Without thinking, he turned around and ran away. But before he could escape a few steps, the possessed puppet turned into a ray of silver light. He caught up with him in an instant, and chopped Chen Ting into pieces with a single strike of his sword. Two halves.

Killing Chen Ting with one sword, the possessed puppet slowly turned its head and looked at Qing Tianqi, who was pretending to be dead not far away, and sneered: "Humph! There is still one alive!"

Hearing this, Qing Tianqi, who was lying on the ground pretending to be dead, was suddenly frightened.

Apparently, the possessed puppet had discovered that he was pretending to be dead.

But just when Qing Tianqi was thinking about what to do, the possessed puppet suddenly became cold. With a snort, his figure flashed, and he rushed towards Qingtian Qi who was lying on the ground.

The possessed puppet was extremely fast, and it was only three feet in front of Qingtian Qi in an instant.

However, Qingtian Qi knew as soon as he heard the sound of breaking through the air. When the god-possessed puppet came to kill him, he was horrified and quickly stood up.

As soon as he got up, he saw that the god-possessed puppet was already killing him, and at the same time it had waved the silver sword in its hand towards him.

Seeing this, the blue sky filled the air. He was so scared that he lost his mind. At this moment, it was absolutely impossible for him to get up and run away.

Because the possessed puppet had sixth-level strength and was extremely fast. When he stood up, he would have been chopped into pieces by the sword of the possessed puppet. Two halves.

At this critical moment, Qingtian Qi suddenly thought of something and quickly fired a 'God-Destroying Thorn' at the God- possessed puppet. The God-possessed puppet was hit by the God-Destroying Thorn, and its body paused slightly, but in his hand The silver sword still struck down.

As soon as he paused, Qingtian Qi took the opportunity to turn over and avoid the struck silver sword.

Boom! There was a loud noise!

The silver sword struck into the air, but it split the ground several feet apart. A deep pit!

The aftermath of the huge energy explosion blew Qingtian Qi away, vomiting blood, and flew more than ten feet away.

Although Qingtian Qi avoided the fatal sword, he was still seriously injured by the aftermath of the explosion. His whole body ached on the ground, and he could hardly get up, as if all the bones in his body were broken.

"Huh! He's not dead yet!"

The possessed puppet was surprised and turned to look at Qing Tianqi who was struggling to get up in front of him.

"hehe! The soul skill you practice should be the 'God-Destroying Thorn', right? If my guess is correct, your soul power level should have reached level four, otherwise it won't have any impact on me."

"This is really surprising. I didn't expect that you, a small fifth-level warrior, could reach level four in soul power. That is comparable to the soul power of a sixth-level Dzogchen warrior. It seems that you are not an ordinary soul mutant.."

The god-possessed puppet suddenly sneered viciously, flashed his figure, and charged towards Qingtian Qi again.

Qingtian Qi was horrified.

However, this time he was on guard. He kicked off his feet at full speed and moved his body backward. He retreated quickly to put some distance between him and the possessed puppet.

At the same time, he used a sword in his right hand and wielded the 'Three Dragons Roar' move towards the possessed puppet, launching his strongest attack, and the pupil of his left eye flashed. , a god-destroying thorn shot out again.

When the god-possessed puppet saw the 'Three Dragons Roar' attacking, its eyes flashed red, as if it was extremely disdainful, and it rushed over without any defense.

Boom!

There was a loud noise.!

'The roar of the three dragons struck the possessed puppet, but it was directly knocked to pieces by the possessed puppet's body, but it did not suffer any damage.

Qing Tianqi was horrified when he saw this. Only then did he realize that his attack had no effect on the possessed puppet, which suddenly made him feel powerless..

Chapter 2987

It turns out that the whole body material of the possessed puppet is comparable to the material of a semi-artifact. Even a seventh-level warrior would have a hard time destroying its body, let alone Qingtian Qi.

For the possessed puppet, it does not need any defense, its body is the best defensive weapon.

In fact, even if its body is damaged, it can repair itself. This has the characteristics of a top-notch spiritual weapon.

However, the god-possessed puppet easily deflected the attack of the 'Three Dragons Roar', and in a blink of an eye it was in front of Qingtian Qi, and the silver sword in his hand stabbed Qingtian Qi's heart.

The god-possessed puppet was extremely fast, making it difficult for Qingtian Qi to avoid it, but at this moment, Qingtian Qi also hit it with the God-Destroying Thorn.

The possessed puppet immediately paused.

Qingtian Qi also seized the opportunity and quickly ran away from the sword, and the possessed puppet regained consciousness in an instant.

The effect of the God-Destroying Thorn on its mental trance was far less than that of Chen Ting.

Although what is possessed by the god-possessed puppet is a wisp of Long Xing's soul, and the God-Destroying Thorn is the nemesis of the soul body, Long Xing's soul is too strong, and Qingtian Qi's God-Destroying Thorn can only damage it. Minor injury.

But this 'God-Destroying Thorn' is also Qingtian Qi's only attack method that can harm the god-possessed puppet.

However, when the possessed puppet regained consciousness and saw Qingtian Qi running away two feet away, he was immediately furious and slashed the air with his sword. A sword light flew through the air and slashed towards Qingtian Qi's back.

Qing Tianqi's hearing was extremely keen. When he heard the sound of breaking through the air behind him, he instinctively dodged to the side.

The sword light split into the air and exploded a deep pit on the ground. Qingtian Qi was once again blown away by the huge explosion force, vomiting blood.

At the same time, the possessed puppet punched Qing Tianqi, who was flying in mid-air.

The punch from the air immediately hit Qing Tianqi's chest. boom!

There was a loud bang.

Qingtian Qi's spirit armor was exploded and torn into pieces, and his chest made a crisp sound, which was the sound of his sternum breaking.

Qing Tianqi spat out a large mouthful of blood, which was actually mixed with fragments of internal organs.

That punch actually shattered Qing Tianqi's internal organs. thump!

A muffled sound!

Qing Tianqi fell from the air and fell on a charred corpse. That was Lin Quan's corpse.

"Huh! Why aren't you dead yet?"

The possessed puppet once again looked at Qingtian Qi in front of him in surprise.

Although the punch he just struck was from the air and the distance between the two sides was long, the power of the punch from the air also reached the power of 100,000 people.

Qingtian Qi Without any defensive measures, he only relied on his spiritual armor to withstand part of the attack force, and finally his body withstood the entire attack.

If it had been any other fifth-level warrior, he would have been torn apart by this punch and died. Even Chen Ting would not have been able to escape death. , but Qingtian Qi is still not dead.

This is because Qingtian Qi is a physical warrior, and his body strength is stronger than that of warriors of the same level. But even so, Qingtian Qi's internal organs are broken at this moment, and he is on the verge of death.

"Boy, you really surprised me! I made two consecutive attacks, but I couldn't kill you with one move. It seems that even if you die, you should be proud."

The possessed puppet couldn't help but exclaimed in admiration.

At this moment, Qingtian Qi was bleeding from all his orifices, and blood was flowing out of his mouth continuously.

‘Wow! Qingtian Qi couldn't help but spit out a mouthful of blood.

Seeing Qing Tianqi's miserable appearance, everyone knew that he was not far from death this time without the help of the possessed puppet.

Perhaps because of this, the possessed puppet stood there and looked at Qingtian Qi leisurely. He seemed to want to see what kind of death struggle Qingtian Qi would make at the last moment of his life?

Because he also knew in his heart that as long as he took action for the third time, Qingtian Qi would definitely die, and there would be nothing good to see.

As if knowing that he was about to die, Qingtian Qi smiled miserably, looked up at the possessed puppet, and said angrily: "Your Majesty, I, Xuanyuan Zhantian, am also a citizen of the Dakun Kingdom. Why do you want to kill me? Why do you treat you like this? People?"

Chapter 2988

"hehe!!"

The body of the possessed puppet sneered.....

"Xuanyuan Zhantian, it is because you are a citizen of my country, Dakun, that I did not kill you immediately, but asked you to say a few more words. Since you want to know why the leader of this country wants to kill you, I will tell you. You absolutely shouldn't, you just shouldn't know the secret of the 'Five Elements Divine Pill'?"

"Why? I don't have to give up the five-element magic elixir, but isn't this also okay?"

As Qing Tianqi said this, he secretly input vitality into the 'invisibility talisman' in his hand.

Although he still didn't know the purpose of this simple talisman, he vaguely guessed that this talisman was related to Long Xiaotian's previous invisibility. It has something to do with it, so he wants to try to open the magic talisman. Maybe this will be his only hope of survival.

But what makes Qingtian Qi despair is that no matter what kind of energy he inputs, the 'invisibility talisman' has no reaction at all.

In fact, that The 'Invisibility Talisman' is a magical talisman. The method of opening it is naturally different from that of ordinary talismans. Qingtian Qi naturally cannot open it. Unless he has enough time to study it, he may be able to discover the secret.....

But at this critical moment, it is absolutely impossible for him to study that. Besides, his injury is too serious, and he cannot delay it any longer.

In fact, Qingtian Qi also thought about using the ball to fly into the air to escape.....

But the time it took for the ball to appear, transform, and then fly into the air took so long that there was no time to escape.

Maybe Qiuqiu had just transformed and was killed before he could fly.

But he said that the possessed puppet burst out laughing when he heard Qing Tianqi's question.....

"Ha ha! You are too naive. Let me tell you honestly, do you know the meaning of this 'Five Elements Divine Pill'? There are a total of ten magic pills, one of which has been taken away by Qingdi, but nine are left. And each magic elixir represents the ability to create a ninth-level warrior!"

"Think about it, in a country, a ninth-level powerhouse is created every three hundred years. In a few years, our country, Dakun, will have more than ten ninth-level warriors. Ha ha!! At that time, our country, Dakun, will become a superpower. How many countries in the entire continent can compete with it?"

"Even the strongest superpower on the continent, the Yanlong Kingdom, is nothing more than this. It can be said that if the secret of the Five Elements Divine Pill is revealed, it will definitely make the entire Eastern Alliance go crazy. If it is known to other superpowers outside the Eastern Alliance, the consequences will be even more disastrous."

"Therefore, I must keep this secret and not let more people know it. Naturally, the fewer people who know, the better. Unfortunately, unfortunately, you know the secret, so you must die. Only the dead can keep secrets better.

After hearing this, Qing Tianqi smiled bitterly:"Haha!" It seems that the king must kill the boy today. For the sake of the future prosperity of our country, Da Kun, that boy has accepted it today. However, before he died, he had one more request. I wonder if the king can agree to it?"

The possessed puppet pondered for a moment and said,"If you have any request, just say it!"

Qing Tianqi wiped the blood from the corner of his mouth and said with a righteous expression.....

"The boy doesn't want to die by the king's sword. After all, the king, you represent our country, Dakun. If I die under the sword of the king, I will be a traitor of Dakun and be executed by Dakun.

This is not the result I want, so I want to end it myself. I wonder if the king can agree to my request?"

Hearing this, the possessed puppet's eyes flashed red and he said in surprise.

"It's rare for you to be so loyal to our country, Da Kun, what a pity! However, those who do great things do not refuse small details, and there are some things that the master of the country has to do even if he is not willing. All right! For the sake of your loyalty to our country, Dakun, the Lord of this country agrees to your request. Don't know how you can end it on your own?"

Qing Tianqi said with a solemn and solemn expression: "This kid wants to die by exploding his virtual elixir!" However, the self-destruction virtual elixir is relatively powerful, so I hope the king and Brother Xiaotian will retreat to the mouth of the valley."

The possessed puppet hesitated for a while and then said: "Okay! The Lord of this country will agree to your request."

Having said this, the possessed puppet and Long Xiaotian slowly retreated...

Chapter 2989

Seeing this, Qing Tianqi opened his mouth and spit out three virtual pills, which were the three types of virtual pills of water, wood and fire.

As soon as the Void Pills spurted out, Qing Tianqi used his mind power to seal the secret, and the three Void Pills in the air began to expand.

If a fifth-level warrior wants to commit suicide, he can kill himself by exploding his virtual elixir. The power of self-destruction is usually very powerful, and even sixth-level warriors are afraid of it.

However, the process of self-destructing the Void Pill is very long, and the Void Pill must be sprayed out of the body. Therefore, in battle, it is unrealistic for the fifth-level self-exploding Void Pill to die with the enemy. Often, they are killed before they can self-destruct. The enemy was beheaded.

However, when the god-possessed puppet saw Qingtian Qi sacrifice the Void Pill and start activating the self-destruction seal, he breathed a sigh of relief and believed Qingtian Qi's words.

At that moment, he and Long Xiaotian retreated directly to the mouth of the valley.

In fact, the god-attached puppet is not afraid of Qingtian Qi's manipulation. Even if Qingtian Qi Xudan self-destructs, it will not cause any harm to him.

However, the possessed puppet was still worried about Qingtian Qi. After retreating to the entrance of the valley, he casually struck the valley with his sword, collapsing the entrance and blocking the exit.

The exit from the valley entrance was blocked, and it would not be easy for Qingtian Qi to escape. Moreover, Qingtian Qi was seriously injured and dying, so even if he wanted to escape, it would be impossible.

However, Qing Tianqi used the corner of his eye to watch the movements of the god-possessed puppet while he was pinching the self-destruction seal.

When he saw the possessed puppet moving to the entrance of the valley, already seventy or eighty feet away from him, his heart suddenly moved and he thought: "This distance is about the same. Whether we can escape depends on this."

Thinking of this, Qingtian Qi will do anything.

At this moment, the god-possessed puppet suddenly discovered something and said anxiously: "Wait a minute! Wait a while before self-destructing!"

Upon hearing this, Qingtian Qi's face changed slightly. He thought the god-possessed puppet had discovered him. intention of.

But at this moment, the god-possessed puppet said again: "Xuanyuan Zhantian, please remove Lin Quan's body first, and then blow yourself up!"

Hearing this, Qingtian was stunned, and instantly understood the intention of the god-possessed puppet. , there was a sneer in my heart.

It turns out that the possessed puppet was afraid that after Qingtian Qi blew himself up, the huge explosion energy would destroy Lin Quan's body.

Lin Quan had a map to the temples on his person, and maybe even a map to the interior of the temples.

Qing Tianqi believed that Emperor Qing would give Lin Quan a map of the interior of the temple.

The possessed puppet didn't want Qing Tianqi to blow himself up and destroy Lin Quan's body, but he just wanted to get the map on Lin Quan's body.

After all, this dark palace is very huge. Without a map, it might take them a long time to find the temple.

After thinking about this, Qing Tianqi immediately nodded and said, "Okay!"

At that moment, he bent down and picked up Lin Quan's body, pretending to throw it aside.

But just when Qing Tianqi was about to throw it out, he suddenly raised his head, opened his mouth and sucked the three virtual pills in the air into his mouth.

Seeing this, the eyes of the possessed puppet flashed red, and he asked in shock: "Xuanyuan Zhantian, what do you want to do?"

But Qingtian Qi ignored his question, quickly pressed a seal in his hand, and shouted in a low voice.

"Soul Seal Puppet Technique! Ground python!"

Then, a ray of red light shot out from the palm of his hand and sank directly into the earth.

Then the earth shook, and a giant python more than ten feet long, made of rocks, broke out of the ground.

It turned out that during the last retreat, the blue sky He learned the Soul Seal Puppet Technique and also refined two Soul Seal Puppet Beasts. The ground python in front of him was one of them, but its basic combat power was only seven or eight thousand people, and its strength was not even comparable to that of a fifth-level warrior.

After all, this earth python is just a Soul Seal Puppet Beast at the peak of the fifth level of Great Perfection, so it is naturally not very strong.

However, when the God-possessed Puppet saw Qing Tianqi summoning the Soul Seal Puppet Beast, he immediately knew that he had been fooled, and immediately became furious: "Little bastard, if you dare to lie to the owner of this country, go to hell!"

At the same time as he spoke, the god-possessed puppet immediately turned into a ray of silver light and raised his sword to kill Qingtian Qi.

In the blink of an eye, he was less than twenty feet away from Qingtian Qi.

And at the critical moment, an astonishing scene happened It happened.

I saw the earth python suddenly opened its mouth and swallowed the bodies of Qingtian Qi and Lin Quan in one mouthful.

Seeing this scene, the possessed puppet was stunned.

But just as he was in a daze, the ground python dived into the ground, and its huge body quickly burrowed underground..

Chapter 2990

It turns out that this earth python knows the "Earth Escape Technique", but Qingtian Qi doesn't.

So Qing Tianqi let the earth python swallow him into its belly first, and then escaped underground.

In this way, the earth python can take Qingtian Qi and use the 'Earth Escape Technique' to escape from the underground.

After thinking about this, the possessed puppet was furious: "Want to escape? Looking for death!"

His figure flashed, he rushed forward and slashed at the escaping ground python with a sword.  
boom!

A loud bang!

The ground python has not completely escaped into the ground.

A third of the body was immediately cut off and turned into a pile of rubble, and a large pit several feet deep appeared on the ground.

However, the front half of the earth python's body had already fled underground with Qingtian, and was escaping underground.

But the possessed puppet was controlled by Long Xing's split soul, and the soul-marked puppet beast was also condensed from the remnants of the ferocious beast's soul.

There is a connection between souls and souls.

Therefore, the possessed puppet can also sense the location of the earth python on the ground.

At that moment, the possessed puppet chased the direction in which the ground python was escaping. While chasing, it slashed at the ground as if to force the ground python out of the ground.

In this way, both sides chased and escaped, and they were out of the valley in just a moment.

When Long Xiaotian saw both parties leaving, he hurriedly cleaned the battlefield, collected all Chen Ting's things and the Nine Yuan Fruit, and then chased after the god-possessed puppet.

But on the other side, the god-possessed puppet and the ground python chased and escaped, and soon they were pursued for a mile or two.

Along the way, the ground was bombarded by possessed puppets, creating a large trench several feet deep.

However, no matter how hard the ground python tried to escape, it could not escape the pursuit of the possessed puppet.

After all, the difference in strength between the two sides is too big. The speed of the earth python escaping underground is simply not as fast as the speed of the possessed puppet on the ground.

Moreover, every time the possessed puppet strikes with a sword, the powerful attack power penetrates through the ground and is directly applied to the earth python. The earth python's soul power also weakened by one point, its strength dropped by one point, and its speed also slowed down by one point.

Qingtian Qi, who was hiding in the belly of the earth python, naturally sensed the state of the earth python. After all, the earth python was his soul mark puppet beast and was connected to his soul.

Seeing this situation, Qingtian Qi was very anxious. He knew in his heart that if he continued to waste away like this, the earth python would definitely run out of soul power and die. At that time, he would be buried deep underground, and finally be dug out from the ground by the possessed puppet.

Thinking of this, Qing Tianqi immediately ordered the ground python to drill deeper underground. As long as the deeper it drills, the damage will naturally be less.

At that moment, the ground python ran forward while burrowing down. Soon it encountered a big mountain, and the ground python took advantage of the situation and got into the heart of the mountain.

The spirit-possessed puppet who was chasing after him sensed that the earth python had penetrated into the heart of the mountain, and was immediately dumbfounded.

Although he is powerful, it is impossible for him to overturn the entire mountain in front of him. He is just a divided soul now and does not have that kind of strength. He can only watch the ground python leave.

Not long after, Long Xiaotian followed the deep pit bombarded along the way and caught up.

As soon as Long Xiaotian arrived, he immediately asked cautiously:"Ancestor, where is Xuanyuan Zhantian? Is he dead?"

"Escaped!"

An angry voice came from the body of the possessed puppet.

Hearing this, Long Xiaotian was also surprised, and immediately said:"Ancestor, that Xuanyuan Zhantian is seriously injured and dying. Even if he escapes, he will not survive for a few days. No, we don't have to worry about him taking the secret of the 'Five Elements Divine Pill' out."

"snort! Of course I know that bastard will die sooner or later. What was hateful was that even if the bastard wanted to die, he actually ran away with Lin Quan's body, and Lin Quan had a map to the temples with him. He took away Lin Quan's body, which meant he took away the map. Hearing this

, Long Xiaotian became anxious:"What should we do?""

"snort! What else can be done? They drilled into the mountain in front of me, and I couldn't dig them out even if I wanted to. We had to give up chasing them, and we had to explore the way to the temples on our own. It's just more troublesome, it's not like you can't find it"

"Why! It seems that's all it can do!"

Long Xiaotian also sighed helplessly....
