

## God level 3001

### Chapter 3001

Thinking of this, Qingtian Qi was immediately moved.

At that moment, he no longer wasted time, summoned Qiuqiu over and whispered a few words in Qiuqiu's ear.

Qiuqiu immediately roared with joy, then put on the 'Ruyi Battle Armor' and got ready for battle.

Seeing this, Qing Tianqi made another seal with his hand and shouted: "Soul Seal Puppet Beast, Rock Leopard!"

A red light shot into the ground, the ground shook, and then a giant rock leopard more than ten feet long broke through the ground. And out.

This is the second Soul Seal Puppet Beast refined by Qingtian Qi. It is a ferocious beast at the peak of the fifth level of Great Perfection. It has the speed skill 'shrink the ground into an inch' and is extremely fast.

Summoning a rock leopard, Qingtian Qi summoned an earth python.

Then, Qing Tianqi immediately ordered the two puppet beasts to go around the cordon to the opposite side of the teleportation array.

After the two puppet beasts ran to the opposite side and took their positions, Qingtian Qi jumped onto Qiuqiu's back.

The ball immediately flew into the air.

When the ball flew to a height of about thirty feet above the ground, Qing Tianqi ordered it to fly into the warning line.

But he said that as soon as the ball flew into the cordon, the two guardian stone statues came to life.

At this moment, the two guardian stone statues rushed towards Qiuqiu at the same time.

But at this moment, Yan Bao, who was guarding the other side, received Qingtian Qi's order and also crossed the 100-meter cordon.

As soon as it sensed that the rock leopard had entered the cordon, the animal-shaped stone statue immediately turned around to deal with the rock leopard.

The remaining humanoid stone statues still rushed towards Qiuqiu, and at the same time stabbed Qiuqiu in the air. The energy of the shot shot out more than twenty feet, but still could not attack Qiuqiu.

Because the flying height of the ball is more than thirty feet.

Seeing this, Qing Tianqi was overjoyed and said with a smile: "Haha! My guess is indeed correct. Although this guy is powerful, his attack range is limited. Besides, it can't fly, so there is nothing it can do to us. Qiu Qiu, It's our turn to fight back"

"Roar!"

Qiuqiu also roared excitedly, and immediately started to hover in the air. At that moment, Qingtian Qi's eyes flashed, and two God-Destroying Thorns hit the human-shaped stone statue at the same time.

The human-shaped stone statue suddenly shook violently, and its movements stopped. For a while.

If it is a sixth-level warrior, Qingtian Qi's God-Destroying Thorn will only cause slight damage to him. It will sting at most, but it will not cause dizziness.

But now this humanoid stone statue is a kind of puppet, and the one who controls it is naturally Soul body. The 'God-Destroying Thorn' just restrained it and caused great damage to it.

This was Qingtian Qi's confidence in daring to kill it.

Qingtian Qi was overjoyed when he saw that the blow was effective, and he continued to shoot God-Destroying towards the human-shaped stone statue. Stab.

But on the other side, the animal-shaped stone statue rushed towards the rock leopard, and it was not long before it rushed in front of the rock leopard.

The rock leopard was agile and immediately used "Shrink to the Ground" and exited the cordon.

The animal-shaped stone statue Suddenly stunned, he stopped chasing the rock leopard and turned back to kill Qingtian Qi.

But before the beast-shaped puppet could get far back, the rock leopard jumped into the cordon again.

The beast-shaped stone statue was furious, Go back again to kill the rock leopard.

Repeat this, and the animal-shaped stone statue will be entangled by the rock leopard on the other side.

In fact, these stone statue puppets are all possessed by remnant souls. Those remnant souls are not rational and can only perform some simple battles. The order was naturally easy to be diverted.

But Qingtian Qi asked Yanbao to divert the animal-shaped stone statue. He and Qiuqiu cooperated in the air and continuously launched God-Destroying Thorn attacks at the human-shaped stone statue.

The human-shaped stone statue was repeatedly attacked by Qingtian Qi Hit, but unable to hit Qingtian Qi, who was spinning around anxiously below.

Finally, the remnant soul in the humanoid stone statue seemed to be angry. Suddenly he stamped his feet, jumped into the air with a step, and with a 'swish' sound, he actually jumped in one step. He reached a height of nearly twenty feet, and at the same time, he stabbed Qingtian Qi in the air with the spear in his hand.

Seeing this, Qingtian Qi was horrified. He did not expect that the opponent had such a move.

At that moment, his eyes flashed, and he hurriedly shot towards the human-shaped stone statue. Shooting two God-Destroying Thorns.

The humanoid stone statue was immediately hit by the God-Destroying Thorns. His body shook slightly in the air. The spear in his hand was slightly deflected, and the energy spurted from the tip of the spear immediately passed by Qingtian Qi.

This time, Qing Tianqi was frightened and broke into a cold sweat..

Chapter 3002

Afterwards, Qing Tianqi did not dare to be careless and dealt with the opponent cautiously.

After all, the strength gap between the two sides was too big. The humanoid stone statue might be able to withstand his many attacks, but he couldn't withstand even one attack from the opponent.

As long as the opponent can hit it once, he and Qiuqiu will be killed instantly.

In this way, both sides spent their time.

About half an hour later, Qingtian Qi's rock leopard was accidentally killed by the animal-shaped stone statue.

As soon as the rock leopard died, Qingtian immediately ordered the waiting python to attract the animal-shaped stone statue.

After all, the humanoid stone statue had no intelligence. It took about an hour for Qingtian Qi to continuously fire out hundreds of god-killing thorns. Just when Qingtian Qi felt that his soul power was about to be exhausted, the humanoid puppet finally couldn't support it and collapsed..

Just hearing a 'boom', the huge stone statue collapsed and was shattered all over the place.

A broken spiritual talisman and a fist-sized soul crystal were revealed among the rubble.

Immediately, a red light flew out from the soul crystal and shot directly into Qingtian Qi's eyebrows. That was the soul power of the humanoid stone statue.

The strength of the humanoid stone statue is equivalent to that of a sixth-level warrior, and its soul power is also very powerful, equivalent to the peak of level four, and slightly higher than Qingtian Qi's soul power.

As soon as Qingtian Qicai absorbed the soul power, he felt that the sea of consciousness expanded and had reached the limit of absorption.

"Very good!! The soul power of this stone puppet is really strong! If I refine them all, I should be able to raise my soul power to the peak of level four!"

Thinking of this, Qing Tianqi was overjoyed.

But at this moment, there was a loud bang from the opposite side. After all, the earth python was too weak and was killed by the animal-shaped stone statue. The earth python was killed in one blow. , the animal-shaped stone statue rushed towards Qingtian Qi.

Qingtian Qi was horrified and immediately ordered the ball to fly up and exit the cordon.

Seeing Qingtian Qi exiting the cordon, the animal-shaped stone statue also returned to its original position and transformed again. It turned into a lifeless stone statue.

And Qingtian Qi didn't want to waste time, so he immediately ordered Qiuqiu to guard him, and he refined the soul power he had just absorbed outside the cordon.

In this way, Qingtian Qi refined it again It took a whole day to refine all the soul power, and his soul power was also raised to the top level of the fourth level, which is the level of the sixth level Dzogchen peak warrior.

This improvement naturally made Qing Tianqi very happy.

Sure enough, the higher the level, the higher the level. The higher the level of the puppet, the stronger the soul power is!

There is still one guardian stone statue left.

I wonder if killing this guardian stone statue can increase my soul power to level five?

I guess this is unlikely. But it can make my bottleneck accumulation stronger.

Let's continue to do it!

At the moment, Qingtian Qi once again aimed at the remaining guarding stone statues.

But at this moment, his expression suddenly moved slightly, and he hurriedly listened carefully.

Then, Qingtian Qi showed a look of surprise on his face, and quickly hid the ball in the space of the God of War Order, and then activated the 'invisibility talisman' to disappear out of thin air.

Not long after Qingtian Qi became invisible, two figures entered In the main hall, it is the god-possessed puppet and Long Xiaotian

"It's them!"

Qingtian Qi's heart trembled when he saw the god-possessed puppet and Long Xiaotian coming in. Immediately, there was murderous intention in his eyes.

"snort! Long Xing, I was just thinking about killing your soul to avenge my five clans, but I didn't expect you to come to my door yourself."

Thinking of this, Qingtian Qi decided to find an opportunity to kill Long Xing's soul.

However, he also knew in his heart that it would be much more difficult to kill Long Xing's soul than the previous humanoid stone statue.

Because The soul power level of the humanoid stone statue is at the peak of level four, but the soul power of Long Xing's split soul has reached level five.

Moreover, Long Xing's split soul has the same intelligence as a human being, while the humanoid stone statue is just a remnant soul with only some appearance left. Thoughts, some rough strategies are useless against Long Xing's split soul.

However, Qingtian Qi also has another reliance, that is, the 'invisibility talisman' has no effect on protecting stone statues, but it is effective on the possessed puppets..

Chapter 3003

But on the other side, the god-possessed puppet and Long Xingyi entered the hall.

The possessed puppet was okay, except for some blood stains on its body, there were no other changes.

But Long Xiaotian was in a very embarrassed state, his clothes were in tatters, and his arms were bandaged with gauze. It was obvious that he had been through a big battle before.

But at this moment, Long Xiaotian finished digesting the prompt information from the gods, and immediately laughed and said:"Haha!! Ancestor, we finally found it. The teleportation array in front is the teleportation array to the temples. Haha! This is really great. alright!"

"Um!"

The possessed puppet responded lowly, its eyes flashed red, and it walked forward slowly. It wasn't until it approached the cordon that the possessed puppet stopped and looked at the guardian stone statue and the teleporter in front of it.

After a while, the possessed puppet The puppet said in surprise

"Judging from the appearance of this hall, there must have been a fierce battle not long ago! What is even more surprising is that another guardian stone statue was destroyed. In today's ancient training ground, who has this strength? Can even the sixth level guardian stone statue be killed? Could it be the prince of Northern Qin?"

"The ancestor should not be the prince of Northern Qin. Xiao Tian saw with his own eyes that the Prince of Northern Qin was the first to leave the Ming Palace."

Long Xiaotian said as he walked slowly from behind the possessed puppet.

"Not the Prince of Northern Qin? Who else could it be? Is it possible that among this group of trialists, there are still people who are sixth-level warriors? If it were not a sixth-level warrior, it would be impossible to defeat the guardian stone statue."

There was doubt in the tone of the god-attached puppet.

Long Xiaotian thought for a while and said:"Ancestor, do you think it was Xuanyuan Zhantian who did it? Those were the only people who entered this dark hall, and we watched Lin Quan and Chen Ting die. But Xuanyuan Zhantian did not die in front of our eyes. It is not clear whether he died or not."

The possessed puppet said coldly and disdainfully:"Hmph! Xuanyuan Zhantian's internal organs had been shattered and it was almost impossible to survive. Even if he could survive, how could he defeat a guardian stone statue with his little strength? He definitely didn't do this!"

"Maybe someone else entered the Dark Hall after you. Are you sure that no one else will come in after you except Chen Ting?"

Hearing this, Long Xiaotian suddenly realized

"yes! I only followed Xuanyuan Zhantian and Lin Quan in. Chen Ting followed behind, but I didn't even know. Maybe someone else came in after Chen Ting. After all, there were many people in the square at that time. It's just that this person arrived before us."

The possessed puppet sneered:"Haha!! If we hadn't been unlucky and encountered a sixth-level ferocious beast on the way, we would have been here long ago. However, what worries me right now is, who will be the person who kills and protects the stone statue?"

"Xiaotian, if you think about it carefully, besides the Prince of Northern Qin, who else in this ancient training ground might be a sixth-level warrior?"

Hearing this, Long Xiaotian immediately frowned and started thinking.

After a moment, he suddenly remembered something, opened his eyes wide and said: "By the way, ancestor, there is a person who is probably also a sixth-level warrior."

"who?!"

"Wang Xi!"

Long Xiaotian said the name excitedly, and then explained

"Ancestor, that Wang Xi is very mysterious. In the first test he finished third. As for where he finished in the second test, I didn't know at first. However, some people rumored that Ouyang Huai died in his hands."

"If he could kill Ouyang Huai, he might be stronger than Chen Ting. After all, Chen Ting's strength is not much stronger than Ouyang Huai's. But I found three magic pills on Chen Ting, which means that Chen Ting won third place in the second test."

"That Wang Xi may be the second best. Judging from the results of these two tests, I suspect that Wang Xi may be second only to the Prince of Northern Qin in strength among the testers, so it is possible that he is a sixth-level warrior. Sexy"

"oh?!"

The possessed puppet responded ambiguously.

"Have you met Wang Xi? Do you know which country he is from?"...

Chapter 3004

Hearing this, Long Xiaotian was slightly startled, then shook his head and said: "I don't know! It can be said that few people in the entire trial field have seen Wang Xi, but everyone has heard of his name."

"hehe!! It seems that this Wang Xi is very mysterious! However, from what you said, that Wang Xi was probably the second level six warrior, and he was probably the one who did this. This makes me a little worried"

"Ancestor, what are you worried about?"

"Think about it, if Wang Xi was a sixth-level warrior, why would he hide it like this? Is all this concealing his intention to enter the pantheon? Maybe Aomori is not the only one who knows the secret of the 'Five Elements Divine Pill'. Someone else knows"

"After all, this training ground has been opened three times. Of these three times, Aomori may not be the only one to succeed. If there was a second person who knew about it, he might train a young strong man at all costs, and maybe he was the one who trained Wang Xi. From the current point of view, Wang Xi should have entered the pantheon of gods."

After hearing this, Long Xiaotian suddenly said anxiously:"Ancestor, what should we do? Since Wang Xi has gone in, will he have obtained the five-element divine elixir? The god-possessed puppet sneered slightly:"

According to the rules, the gods will let one of us get a reward only after we also go in, so he can't get it even if he goes in now." However, the development of this matter is somewhat beyond my expectation!

"Okay, let's not think so much, let's seize the time and enter the Temple of the Gods. It would be great if Wang Xi helped us destroy a guardian stone statue, which would reduce the pressure on me a lot. Xiaotian, I will lure away the guardian stone statue in a moment, and you can activate the teleportation array!"

"yes! Ancestor!"

But Qing Tianqi, who was hiding aside, felt funny when he heard the other party's self-righteous analysis.

But at this moment, the possessed puppet finally moved.

I saw him stepping lightly across the cordon.

As soon as he crossed the cordon, the animal-shaped stone statue's eyes flashed red and it came to life again. Then it turned to look at the possessed puppet. The possessed puppet also looked at it coldly and continued to walk towards the teleportation array..

Seeing this, the beast-shaped stone statue was furious, slapped its giant claws on the ground, and the gravel flew everywhere. The huge body flashed towards the possessed puppet. The possessed puppet snorted coldly, and with a flash of figure, he also immediately greeted it. He stepped forward.

In an instant, the two sides were close to each other.

The animal-shaped stone statue immediately waved out its huge claws and struck the top of the god-possessed puppet with one claw. The god-possessed puppet snorted coldly, a cold light flashed in its hand, and struck with a sword. The oncoming giant claws.

Boom!

A loud noise!

The sword claws collided with each other, and the huge energy collision immediately exploded a large crater between the two. The violent air waves spread to all sides, sweeping everything around..

Subsequently, the god-possessed puppet and the animal-shaped stone statue each retreated.

In this first collision, both sides were evenly matched.

"snort! What a beast!"

The god-possessed puppet snorted coldly, swayed, jumped into the air again, and struck down with a sword in the air.

The animal-shaped stone statue immediately raised its head, opened its mouth and spit out a giant rock thorn, and flew towards the god-possessed puppet in the air.

Both sides The battle began.

However, the god-possessed puppet was fighting fiercely with the beast-shaped stone statue while deliberately drawing the beast-shaped stone statue away.

After the beast-shaped stone statue was far away from the teleportation array, he shouted:"Xiaotian, hurry up and activate the teleportation array.!"

Long Xiaotian, who was shocked by the battle scene between the two sides, immediately came back to his senses when he heard this and rushed towards the teleportation array.

However, when the animal-shaped stone statue saw Long Xiaotian rushing towards the teleportation array, he was immediately shocked. Angry, he slapped away the possessed puppet with his claws, turned around and killed Long Xiaotian.

The possessed puppet sneered, flashed, and rushed in front of the beast-shaped stone statue again, blocking its way, and at the same time, a sword turned into a sword several feet long. The sword of light struck the beast-shaped stone statue head-on.

The beast-shaped stone statue slammed its claws on the ground and quickly escaped into the ground.

The god-possessed puppet's knife suddenly cut through the air and cut a big hole in the ground.

As soon as he saw the beast-shaped stone statue , The stone statue disappeared, and the possessed puppet's eyes flashed red, looking a little anxious.

Suddenly, he sensed something.

The figure flashed, and a sword struck the ground five feet away.

There was a loud bang!

Another burst of sound. Rubbles flew everywhere, and the beast-shaped stone statue rushed out from the explosion.

The two sides were entangled with each other again.

At this moment, Long Xiaotian had already rushed into the teleportation array, and then pressed the rune stone pillar with one hand and started Inject vitality into it.

Seeing this, Qing Tianqi, who had been hiding outside the cordon, began to move..

Chapter 3005

I saw Qing Tianqi slowly walking towards the cordon, but his eyes were observing the movement of the animal-shaped stone statue. He was testing something.

When Qing Tianqi stepped into the cordon, he found that the animal-shaped stone statue did not attack him. Instead, he persistently wanted to break through the entanglement of the possessed puppet and attack Long Xiaotian on the teleportation array.

"That's what happened!"

A smile appeared on the corner of Qingtian Qi's mouth. He understood what was going on.

It turned out that the guardian stone statue only regarded the person closest to the teleportation array as the first target of attack.

"It seems like this is a good opportunity to get rid of Long Xing's ghost! However, they must not be allowed to pass through the teleportation array!"

Thinking of this, Qingtian Qi quietly approached the field and gradually moved behind the god-possessed puppet.

However, Qingtian Qi did not dare to approach the battlefield, which was about ten feet away from the center of the battle.

After all, the god-possessed puppet and the guardian stone statue Both had sixth-level strength, and the aftermath of the battle between the two was unbearable for him.

In addition, Qingtian Qi also kept his position farthest from the teleportation array.

However, in the field, the possessed puppet was still fighting with the guardian stone statue. There was no way to deal with it.

Although there was the obstruction of the possessed puppet, the guardian stone statue gradually approached the teleportation array.

Seeing the guardian stone statue gradually approaching, Long Xiaotian was still extremely nervous, and cold sweat gradually penetrated his forehead.

However, the vitality in his hands Still inputting the rune stone pillar continuously.

In the blink of an eye, Long Xiaotian's input of vitality reached twenty-five breaths, and his face gradually showed joy, as if he had seen the dawn of passing the test.

At this time , the god-possessed puppet also shouted loudly:"Xiaotian, good job! There are still five last breaths left, if you persist for a while, you will succeed."

But as soon as he said these words, the guardian stone statue seemed to sense that the time was coming, and immediately became irritable and restless. It thrust a claw into the ground, the earth shook, and rock thorns shot out of the earth, directly stabbing the god-possessed puppet.

The possessed puppet immediately dodged to avoid it. At the same time, the silver sword in his hand slashed down wildly, directly hitting the head of the guardian stone statue. The guardian stone statue's eyes flashed red, and a transparent crystal shield blocked it in front of him. The attack of the sword.

There was another loud noise, and both parties took a step back.

Before the possessed puppet could stand firm, the guardian stone statue rushed forward again, slapped the possessed puppet with one claw, and launched another attack. The god puppet quickly resisted with his sword.

The claws of the swords intersected, and another huge energy impact occurred.

This time, the guardian stone statue struck with all its strength, directly forcing the god-possessed puppet away.

The guardian stone statue took the opportunity to dodge and move towards the teleportation array. Long Xiaotian rushed forward.

But before it could take two steps, the possessed puppet flashed again, blocking its way. The guardian stone statue was furious, and opened its mouth to spray out a ball of petrified yellow light at the possessed puppet.

The god-possessed puppet was frightened and had to move out of the way.

But at this moment, Qingtian Qi finally activated, his eyes flashed, and two god-destroying thorns were shot directly at the head of the god-possessed puppet. The god-possessed puppet suddenly trembled. , his figure paused.

But as soon as he paused, the petrified yellow light attacked him.

In the blink of an eye, the possessed puppet turned into a rock statue.

The guardian stone statue took the opportunity to kill the dragon roar in the teleportation array. Heaven.

When Long Xiaotian saw the guardian stone statue coming, he was immediately frightened out of his wits. He immediately gave up injecting his vitality, turned around and ran.

But before he could take two steps, he felt a sharp sting in his brain, and then his consciousness blurred. His body froze on the spot, but Qingtian Qi took the opportunity to launch a God-Destroying attack on him.

In just a moment, Long Xiaotian woke up from his state of consciousness.

As soon as he woke up, he wanted to run again, but something came from behind him. There was a rapid sound breaking through the air.

But it was the guardian stone statue that caught up with him and clawed at his back.

Long Xiaotian was shocked. He wanted to avoid it, but it was too late.

Suddenly, he felt a sharp pain in his back. A giant claw pierced directly through his body, and he died before he could even scream..

Chapter 3006

At the same time, the rock statue that the possessed puppet turned into exploded and changed back to the appearance of the possessed puppet.

As soon as the god-possessed puppet recovered, he saw the guardian stone statue killing Long Xiaotian, and he immediately became filled with resentment.

"Evil beast!! I'm going to kill you!"

At that moment, the god-possessed puppet rushed towards the guardian stone statue.

In an instant, the god-possessed puppet was in front of the guardian stone statue and struck at the guardian stone statue with a sword.

But before his sword was aimed, Qingtian Qi took the opportunity to strike at him. Two god-destroying thorns attacked.

The god-possessed puppet suddenly shook, and its body suddenly paused.

The guardian stone statue took the opportunity to avoid the god-possessed puppet's attack, and slapped a claw on the god-possessed puppet's chest.

In just a moment, the god-possessed puppet When he woke up, he saw the attack of the guardian stone statue head-on, but he could not avoid it. The guardian stone statue was hit by a claw and flew seven or eight feet away, making a big hole in the ground.

"Destroying God Thorn! It's the God-Destroying Thorn!"

This time, the god-possessed puppet finally woke up and looked angrily at a certain air. That was the direction where the God-Destroying Thorn had just attacked.

"Xuanyuan Zhantian, is that you? Why aren't you dead yet?"

At this moment, the possessed puppet was extremely angry. He quickly got up from the ground, flashed his figure, rushed forward, and then slashed into the air in front of him with a sword.

The sword slashed into the air and hit nothing. Only a big hole was left.

It turned out that Qingtian Qi quickly left the place after launching the God-Destroying Thorn attack. Naturally, he could not attack Qingtian Qi.

"Huh!"

The possessed puppet immediately looked around in surprise.

But at this moment, there was another sound of piercing the air behind him, but the guardian stone statue rushed over and slapped the back of his head with another claw.

In the eyes of the possessed puppet The red light flashed, and he immediately turned around to block the attack of the guardian stone statue with his horizontal sword.

But at this moment, Qingtian Qi's God-Destroying Thorn attack came again.

The body of the possessed puppet suddenly paused, and the claw of the guardian stone statue He immediately slapped the god-possessed puppet on the head.

The god-possessed puppet's eyes glowed red for a while, and it immediately stumbled back and forth, as if it had been severely injured.

Then, the god-possessed puppet woke up again, and immediately roared with great anger: "Xuanyuan Zhan Tian, you treasonous traitor, get out of here!"

After saying that, he swung a sword light in the direction where the God-Destroying Thorn had just attacked.

However, he was naturally unable to attack Qingtian Qi, because Qingtian Qi was no longer where he was.

At this moment, the guardian stone statue appeared again. Killing the god-possessed puppet again, the two sides fought again.

Then, Qingtian Qi relied on the rules he had mastered.

Always keep his position far away from the teleportation array.

In this way, the first person to attack the guardian stone statue is The god-possessed puppet, not him.

In this way, Qingtian Qi and the guardian stone statue teamed up to deal with the god-possessed puppet.

Moreover, Qingtian Qi also had the 'invisibility talisman' in his hand, which gave him a big advantage.

At the moment, in Qingtian Qihe Thanks to the joint efforts of the guardians of the stone statue, the possessed puppet was at a disadvantage and was severely injured several times. The red light in its eyes dimmed a lot, and it seemed that it was unable to survive.

At the same time, the possessed puppet was also very depressed, and he wanted to test the blue sky. Qing Tian Qi's position, he kept yelling and swearing, forcing Qing Tian Qi to speak.

As soon as Qing Tian Qi spoke, he could judge Qing Tian Qi's position and kill him in one fell swoop.

But Qing Tian Qi just turned a deaf ear and kept cooperating. Guarding the stone statue, he attacked the spirit-possessed puppet repeatedly.

After several attacks, Qingtian Qi also vaguely realized that the weakness of the spirit-possessed puppet was on its head, where the soul crystal was placed and where the divided soul resided.

In the blink of an eye, the two sides fought for more than twenty rounds.

The possessed puppet was injured repeatedly, but could not find the location of Qingtian Qi. There was nothing he could do against Qingtian Qi, and he suddenly felt that something was not good.

At that moment, he roared , the figure flashed and was about to rush out of the cordon.

Qingtian Qi immediately noticed his intention and became anxious.

If the possessed puppet rushes out of the cordon, the guardian stone statue will no longer attack him.

That will It will be Qingtian Qi who has to deal with the god-possessed puppets alone.

Without the help of the guardian stone statue, it will be very difficult for Qingtian Qi to deal with the god-possessed puppets alone..

Chapter 3007

Thinking of this, Qing Tianqi immediately sneered:"Long Xing, are you going to run away with your tail between your legs like this?"

Hearing Qing Tianqi's voice, the possessed puppet was overjoyed.

"Boy, you finally spoke!"

At the same time as he spoke, Long Xing turned around and slashed a sword light towards the place where Qing Tianqi was speaking.

Boom!

A loud bang!

The sword light blasted a deep pit into the ground.

Then, a muffled sound came from the air, There was a fluctuation in the space, and Qingtian Qi's figure appeared.

As soon as Qingtian Qi's figure appeared, he kept moving backwards, and finally fell to the ground.

But he just avoided Long Xing's sword in time. The light was still affected by the aftereffects of the explosion, and his body was uncontrollable, breaking his invisibility and appearing.

"Ha ha!! Little bastard, it's you! You are not dead!"

As soon as Qingtian Qi's figure was revealed, the god-possessed puppet was extremely surprised. He immediately rushed forward, but Qingtian Qi lost his life.

But at this moment, the guardian stone statue came from behind him again.

The god-possessed puppet immediately rushed forward. Impatiently, he slashed his sword backwards, forcing the guardian stone statue back.

Qingtian Qi took the opportunity to get up and was about to activate the invisibility talisman.

When the possessed puppet noticed it, he wanted to step forward to stop it, but it was too late.

At that moment, he felt something in his heart. Urgently, he punched Qingtian Qi from the air.

Hearing the sound of the punch, Qingtian Qi quickly dodged and avoided the punch from the air.

Just as the possessed puppet took the time to attack Qingtian Qi, the guardian stone statue Attacked the god-possessed puppet again, and grabbed the head of the god-possessed puppet with another claw.

The god-possessed puppet snorted coldly, raised its sword to block, and was about to block the attack of this claw.

But at this moment, Qingtian looked at it Without being able to turn invisible, he immediately launched a God-Destroying Thorn attack at the possessed puppet.

The movement of the possessed puppet's hand stagnated again.

The claw immediately struck the head of the possessed puppet.

The mind of the possessed puppet immediately There was a slight 'click' sound.

Immediately, Long Xing's extremely sad and angry voice came from the body of the possessed puppet.

"Xuanyuan Zhantian, if you destroy my puppet, then you must die for me!"

With this mournful roar, the god-possessed puppet collapsed, and then a dim humanoid light and shadow flew out from the head of the god-possessed puppet, and then turned into a ball of red light, and rushed towards the blue sky.

This humanoid figure Light and shadow are naturally Long Xing's split soul.

It turns out that the soul crystal in the brain of the possessed puppet finally couldn't withstand the attack of the guardian stone statue and shattered.

Long Xing's split soul was unable to live in it, let alone control the possessed soul. The god puppet had no choice but to fly out from it and pounce on Qingtian Qi. He wanted to possess Qingtian Qi, swallow up Qingtian Qi's soul and replace it.

Soul devouring can be done as long as the soul power level is higher than the opponent's.

But Qingtian said Seeing Long Xing's clone spirit rushing toward him, his face changed slightly, and then his eyes flashed, and he fired two God-Destroying Thorns at him. As soon as

Long Xing's ghost was attacked by the God-Destroying Thorns, his figure suddenly dimmed. , the translucent five senses began to become distorted, showing a look of extreme pain.

You must know that the soul body is extremely fragile in the external environment. Even the split soul of a ninth-level warrior will automatically dissipate if it stays in the outside world for a long time..And without the protection of the soul crystal, the damage caused by the God-Destroying Thorn to the soul body is increased dozens of times.

"Little bastard! go to hell!"

Long Xing's split soul endured extreme pain, roared crazily, and continued to rush towards Qing Tian Qi.

Qing Tian Qi was shocked that he was unable to defeat Long Xing's split soul under one blow.

At that moment, Qing Tian Qi While retreating quickly, he shot two more god-killing thorns at Long Xing's clone soul.

This time, Long Xing's clone soul finally couldn't withstand the attack. He roared miserably, turned into a ball of red light, and turned around to run away.

Seeing this , Qing Tianqi was overjoyed, and quickly launched two God-Destroying Thorn attacks at the escaping Long Xing's soul.

A shrill scream!

The soul of Long Xing's soul finally collapsed and turned into a red mist that dissipated in all directions. There was still a little bit of golden light.

Long Xing's extremely sad and angry voice echoed in the air.

"Xuanyuan Zhantian, if you dare to destroy the soul of my country's leader, just wait, my country's leader will not let you go!"..

## Chapter 3008

Qingtian Qi didn't bother to pay attention to the threat of Long Xing's split soul before his death, but quickly activated the Soul Absorbing Art of the Sixth Transformation Heavenly Soul Art.

At that moment, the huge soul power that was about to disperse after Long Xing's split soul collapsed immediately gathered together, turned into a red light, and shot directly into Qing Tian Qi's eyebrows, but was completely absorbed by Qing Tian Qi.

As soon as he finished absorbing the soul power of Long Xing's split soul, Qing Tianqi felt that his brain was extremely painful. He had never felt that the absorbed soul power was so saturated.

"Ha ha!! It seems that the soul power absorbed this time is probably more than the soul power I have absorbed during this period combined!"

You must know that the soul power of Long Xing's split soul is level five, and Qingtian Qi's soul power is the peak of level four.

Qingtian Qi absorbed the soul power of Long Xing's split soul at once, which was naturally a lot, and it naturally made him feel unprecedented saturated.

But just when Qing Tianqi was feeling very proud, a figure suddenly rushed towards him from the front. When

Qing Tianqi saw that figure, his face changed with fright.

Because that figure was none other than the guardian stone statue. It turned out that the figure was none other than the guardian stone statue. After Qingtian Qi killed Long Xing's split soul, Qingtian Qi was the last person in the cordon, so the guardian stone statue would not let him go. At that moment, Qingtian Qi didn't even think about it, he went to full speed and retreated sharply.

But his How could the speed be compared to the speed of the guardian stone statue? In the blink of an eye, the guardian stone statue was close to him, swung its giant claw and slapped Qing Tian Qi's chest.

Seeing this, Qing Tian Qi was shocked. If he was hit by this claw If the shot is taken, he will definitely die like Long Xiaotian, with a claw piercing his body.

At this critical moment, Qingtian Qi hurriedly fired two God-Destroying Thorns at the guardian stone statue.

The guardian stone statue suddenly paused slightly, and his body They paused for a while.

Taking advantage of the moment when the guardian stone statue was dazed, Qingtian Qi took the opportunity to retreat quickly. At the same time, he was distracted and opened the "Five Elements Shield" with a secret.

Just when Qingtian Qi just used the "Five Elements Shield" After opening it, the guardian stone statue woke up and became furious. He continued to swing his claw forward, and the tip of the claw just swept Qingtian Qi's five-element shield.

The five-element shield immediately exploded, and the energy condensed from the tip of the claw also swept to Qingtian. Qingtian Qi's chest.

Qingtian Qi immediately groaned and vomited blood and flew seven or eight feet away.

Fortunately, this time, Qingtian Qi was only swept away by the energy from the tip of his claws. He was wearing the top-grade spiritual armor 'Hundred Flowers Armor', so He was only injured and vomited blood.

If he was attacked head-on by the giant claw, the consequences would be unimaginable.

However, Qingtian Qi was swept away by the force of the claw and vomited blood. He immediately endured the severe pain in his chest and wanted to turn over and run away to avoid being guarded by the stone statue again. Chase.

But what surprised him was that the guardian stone statue suddenly froze in place for a while, then turned around and walked back to its original position.

At this time, Qingtian Qi was surprised to find that the strong wind condensed by the claw had already Keep him out of the cordon

"Ha ha!! Looks like I'm finally safe! Qing

Tianqi happily wiped the blood from his mouth, and looked at the guardian stone statue turning back into a lifeless statue, and his heart was full of joy.

"What a pity! The possessed puppet and the treasures on Long Xing's body are all within the cordon, and I can't get them yet. I can only wait for me to refine the soul power of Long Xing's split soul first, and then I can deal with you! Anyway, there is only the last guardian stone statue left, so it is easy to deal with it."

Thinking of this, Qingtian Qi swallowed a healing elixir, then released the ball and let it guard it.

Then, he went to refine his soul power with an excited face.

In fact, Qingtian Qi had just absorbed His soul power was so majestic that it exceeded the limit that his sea of consciousness could bear, and he had to refining it quickly.

However, when Qingtian Qi was refining his soul power in the hall, something was also happening in Kyoto, the country of Kun. Matter..

Chapter 3009

Dakun Country, in a secret room deep in the Kyoto Imperial Palace.

A middle-aged man with a handsome and majestic face was floating cross-legged in the air, sitting with his eyes closed.

In fact, this middle-aged man is none other than Long Xing, the current leader of Dakun Kingdom.

Suddenly, Long Xing's calm face showed a look of pain, and then he groaned, and a wisp of blood flowed from the corner of his mouth.

Then, Long Xing was seen slowly opening his eyes, his face full of gloom and anger.

After a while, he regained his composure and said coldly:

、 "If you dare to kill my soul, I will make you pay the due price. It seems that I have to go to the Forgotten Valley myself. I'm waiting in the valley! Xuanyuan Zhantian, I hope you can bring out a five-element divine elixir after you come out. In that case, your death will be considered worthy."

After saying this, Long Xing sneered, and in a flash, he disappeared into the secret room.

At the same time, many things happened in the Ming Palace.

These days, those players who entered the Ming Palace, for Everyone is killing each other in the fight for the Nine-Yuan Fruit.

After so many days of fighting, naturally some people are happy and some are worried.

Some people don't even get a Nine-Yuan Fruit, while some lucky people have already There are five or six.

In a certain jungle corner of the Ming Palace, Bai Lingyu, Wu Xiaoyue, and Bai Jinyue are all surrounding Lord Qingtian with their eyes wide open.

Lord Qingtian has his eyes slightly closed and is silently performing the 'Spirit Inquiry Technique'.

After a moment, Qingtianjun opened his eyes in surprise and said happily:"Everyone, I have discovered another place where the Nine-Yuan Fruit is produced. There are seven Nine-Yuan Fruit there. However, there is a three-headed beast guarding it.

Bai Lingyu smiled and said:"What are three ferocious beasts?" With the strength of the four of us, it is not easy to kill it. However, if we can get five more Nine-Yuan Fruits, then we will have nearly forty Nine-Yuan Fruits. This will create many eighth-level masters for our five races."

"Ha ha!! It is estimated that no one would dare to believe such a big harvest. Fortunately, Tianjun knows how to ask for spiritual skills, so that we can gain such a big harvest!"

In the past few days, Bai Lingyu and the four of them relied on Qingtian Lord's Spiritual Inquiry Technique, and naturally harvested a lot of Nine Yuan Fruits.

Even if the harvests of others were added together, they were not much more than them.

Having said that,

Qingtian said that that day After Qi Mie killed Long Xing and divided his soul, it took him two full days to completely refine those majestic soul powers. What surprised Qingtian Qi was that after refining those soul powers, his soul power also Breaking through the bottleneck and reaching the fifth level of soul power, which is equivalent to the soul power of a seventh-level warrior.

However, Qingtian Qi did not give up there, but spent another half day to complete the second transformation of the soul body.

When the soul power reached After the fourth level peak, you can practice the second level of the Sixth Level Heavenly Soul Art.

The benefits of completing the second level are that the capacity of the sea of consciousness will be expanded, the speed of refining soul power will be 30% faster than before, and the solidification of the soul body will be Enhanced, the resistance to soul power attacks such as the 'God-Destroying Thorn' will also be enhanced.

More importantly, if Qingtian Qi wants to practice the 'Soul Splitting Technique', in addition to having soul power reach level five, his soul body must also complete level two. change

"Ha ha!! The second transformation of my soul body has also been completed, and I will be able to practice the 'Soul Dividing Technique' soon."

Qingtian Qi stood up from the ground with a look of ecstasy, and his eyes fell on the god-possessed puppet within the cordon.

Through observing the god-possessed puppet some time ago, Qingtian Qi vaguely guessed that the god-possessed puppet was a rare soul. The weapon needs to be controlled by a split soul.

This discovery made Qingtian Qi excited, so when he found out that there was a "soul splitting technique" in the soul code, he paid attention to it.

But this time, Long Xing's split soul was controlled by him. After killing it, the god-possessed puppet is naturally his treasure, and he will naturally prepare to learn the 'soul-splitting technique'.

After looking at the god-possessed puppet, Qingtian Qi turned his attention to Long Xiaotian.

Long Xiaotian's top-quality equipment has long made him salivate.

This guy is really worth a lot of money!

I think among all the trialists, he has the highest net worth. Long Xing was willing to give him three pieces at a time. A top-quality spiritual weapon.

This top-quality spiritual weapon is not a treasure that is so easy to obtain! I think of my descendants from the five races, so many outstanding disciples do not have a top-quality spiritual weapon in their hands, and this guy has three of them.

Then, Qingtian Qi looked at the seven or eight skeletons near the teleportation array. There were also many treasures around those skeletons, and maybe there were good things inside.

Thinking of this, Qingtian Qi showed a smile on his lips...

Chapter 3010

Then, Qing Tianqi looked at the seven or eight skeletons near the teleportation array. There were also many treasures around those skeletons, and maybe there were good things inside.

Thinking of this, a smile appeared on Qingtian Qi's lips

"Only the last guardian stone statue is left, and it's time to kill it and harvest the loot. Ball ball! We're going to fight again!"

At that moment, Qingtian Qi ordered Qiuqiu to take him into the air again, and continued to use the method he used to deal with the human-shaped stone statue last time, and began to deal with the animal-shaped stone statue.

Although the strength of the animal-shaped stone statue was slightly stronger than that of the human-shaped stone statue, , but Qingtian Qi's soul power has greatly improved this time, and the power of the God-Destroying Thorn has doubled.

So this time, with the help of Qiuqiu, Qingtian Qi defeated the beast-shaped stone statue in just one meal..

As the beast-shaped stone statue suddenly collapsed, a ray of soul power turned into red light, and Qing Tian Qi absorbed it. Qing Tian

Qi had no time to rejoice that he had absorbed a lot of soul power, so he couldn't wait to let the ball fall from the sky. He was anxious to harvest his own battle items.

Then, the ball circled down and landed next to the collapsed beast-shaped stone statue. After falling, Qingtian Qi was surprised to find that among the collapsed stone statue, except for one broken piece In addition to the magical talisman, there is also a ferocious beast inner elixir.

Qingtian Qi immediately picked up the ferocious beast inner elixir, and after just a brief observation, a look of ecstasy appeared on his face.

"Ha ha!! Unexpectedly, this is the sixth-level Dzogchen Peak's ferocious beast inner elixir, and it is also of the earth element. I can just use it to refine it into a soul-seal puppet beast."

"The soul seal puppet beast at the peak of the sixth level of Great Perfection has a basic combat power of at least 150,000 people, or even higher. With such a powerful Soul Seal Puppet Beast, I can survive a few moves at the hands of the Northern Qin Prince."

If you want to summon the sixth-level Dzogchen Soul Seal Puppet Beast, you only need to reach the peak of the fourth level.

Now Qingtian Qi can naturally refine and summon it.

At this moment, Qingtian Qi happily took the sixth-level Dzogchen Puppet Beast The earth element inner elixir at the top was put away, and he still had time to refine the soul seal.

Then, Qingtian Qi walked to the humanoid puppet again, and from the collapsed rubble, he found a soul as big as a fist. Jing.

Next, Qingtian Qi completely cleaned up the battlefield.

When Qingtian Qi began to count his trophies, he was shocked by his harvest.

Not to mention the god-possessed puppet, Qingtian Qi's light was shining on Long Xiaotian On his body, he got four top-quality spiritual weapons, namely: Flame War Gun, Flame War Armor, Flame War Boots, and Hundred Flowers War Knife.

The Hundred Flowers War Knife was Lin Quan's original weapon.

Upon discovering these four top-quality spiritual weapons, Qingtian Qi immediately He was pleasantly surprised, especially for the flame boots, he couldn't put them down.

"Tsk tsk!! These flame boots can increase my speed by 50%. If I wear them, my strength will be greatly increased!"

Thinking of this, Qingtian Qi immediately put on the 'Flame Boots'.

Now, Qingtian Qi's basic combat strength is 80,000 people, and now he has the 50% speed bonus of the 'Flame Boots', plus his The speed bonus of 'Blood Shadow Escape' and 'Phantom Tracking Step'.

Qingtian Qi's speed is already extremely terrifying, even the wind elephant warriors with the same combat power are far behind him.

In terms of speed, Qingtian Qi's speed It is already comparable to a warrior with a basic combat strength of 120,000 people.

Such speed, coupled with the help of top-quality spiritual weapons, makes Qingtian Qi's comprehensive combat effectiveness comparable to a warrior with a strength of 100,000 people.

"Um! This 'Hundred Flowers Battle Sword' paired with the 'Hundred Flowers Battle Armor' is just perfect for Brother Tianling. Brother Tianling has always used a sword, and this one is just right for him."

Qingtian Qi looked at the 'Hundred Flowers War Sword' in his hand and put it away. Then he replaced the 'Hundred Flowers War Armor' on his body and replaced it with the 'Flame War Armor'.

Then, Qingtian Qi continued to count the loot..
