

God level 3031

Chapter 3031

At this moment, Qingtian Qi stopped thinking too much and began to practice the Soul Dividing Technique.

"I don't know how strong my divided soul will be? If the split soul is too weak, the possessed puppet will not be able to exert much strength, but it will make my work in vain. However, let's practice first."

Thinking of this, Qingtian Qi sat cross-legged again, closed his eyes, sealed the six senses, and took back his consciousness into his soul body.

In the sea of consciousness, Qing Tianqi's soul body opened his eyes, took a look around, and then crossed his legs. Sitting there, it was like a real person starting to practice.

At this moment, Qiuqiu had already recovered his energy, absorbing the golden spiritual energy beside Qingtian Qi and guarding him silently.

However, on this day, Qingtian Qi's soul body was as usual as before. , his face floated peacefully in the sea of consciousness.

Suddenly, a trace of pain appeared on the face of the soul body, and then he opened his eyes, made a seal in his hand, and shouted lowly

"My life's true soul splits the soul into pieces, divides it!"

Then with this low roar, the soul body's whole body was filled with colorful divine light, and then a faint phantom of light and shadow separated from the soul body.

Then, the phantom's light and shadow gradually solidified, forming a new soul body. Look at that. The appearance is exactly the same as that of Qingtian Qi. It is the split soul that Qingtian Qi has just separated. It

's just that the colorful aura emanating from this split soul is much dimmer than the main soul body.

However, the current main soul body is also lighter than It was a little darker before.

In the sea of consciousness, the main soul of Qingtian Qi looked at the split soul in front of him with a haggard expression, and there was some joy on his face.

"Not bad, the soul power level of the split soul is the peak of level three. I just didn't expect that with this split soul, my soul power level would drop directly from level five to the peak of level four. I don't know if this is a good or bad thing?"

Qing Tianqi gave a helpless smile in his heart.

He successfully separated the soul this time, but it also reduced the soul power of the main soul body.

"Forget it, let's wake up this soul first!"

At this moment, Qingtian Qi's split soul was also sitting cross-legged in front of the main soul body, but his eyes were closed tightly, in a deep sleep state.

At this time, the main soul body's expression condensed, and he pressed a finger on the forehead of the split soul, and then A golden light poured into the split soul's head

"Wake up! Split soul!"

As the main soul called out, the sub-soul trembled all over, and the five-colored spiritual light on his body became brighter. Then he slowly opened his eyes and looked at the main soul.

Both sides looked at each other, with joy on their faces.

"Who are you?"

The main soul suddenly asked

"The sky is clear!"

Bihun gently spit out these three words.

"hehe!! Then who am I?"

"You are also Qingtianqi!"

The split soul separated by this soul splitting technique will have all the memories and emotions of Qingtian Qi copied. The split soul will naturally regard itself as Qingtian Qi, and he also has his own thoughts.

However, the split soul is absolutely subordinate to the main soul. Order

"very good! However, the names between you and me will need to be changed in the future. From now on I will call you 'hun' and you will call me 'my deity'"

"yes! My lord!"

"good! Now it's time for us to try the power of the possessed puppet!"

The next moment, Qingtian Qi woke up while sitting cross-legged in the main hall.

As soon as Qiuqiu saw Qingtian Qi waking up, he immediately ran forward happily.

Qingtian Qi comforted Qiuqiu for a while, and then with a casual move, a white light flashed. Then, a silver-armored swordsman appeared in front of Qingtian Qi.

The silver-armored swordsman was the god-possessed puppet.

When Qiuqiu saw Qingtian Qi suddenly summoning the god-possessed puppet, his eyes suddenly showed doubts.

At this moment , a smile appeared on Qingtian Qi's lips, and he said:"Soul! Come out!"

Then a ray of red light flew out from the blue sky and shot directly into the head of the possessed puppet.

After a moment, the possessed puppet seemed to be alive, its eyes glowed red, and then an extremely terrifying momentum shot towards him. It spread out all around.

Qiuqiu, who was standing nearby, felt the momentum and immediately stepped back in horror, not daring to get close.

Even Qing Tianqi had a look of horror on his face..

Chapter 3032

"Looking at this momentum, it has reached the power of 150,000 people. This possessed puppet is indeed extraordinary!"

Qingtian Qi couldn't help but sigh.

His soul-splitting soul power level is the third-level peak, which is equivalent to the level of a sixth-level peak warrior.

Generally speaking, the basic combat power of a sixth-level peak warrior is the strength of 300,000 people..The god-possessed puppet can exert half the combat power of a warrior with the same soul power level, which is naturally the power of 150,000 people.

Just when Qing Tianqi sighed in his heart, the 'soul' opposite also laughed.

"Ha ha!! not bad! Unexpectedly, if I control this puppet, it can exert the power of 150,000 people. Although this kind of strength is far from the opponent of the Northern Qin Prince, he can't kill me easily. Huh! Qiuqiu, what are you doing? Don't you recognize me?"

The possessed puppet suddenly turned his head to look at Qiuqiu.

As soon as Qiuqiu heard his voice, his eyes immediately showed doubts, and then he turned to look at Qingtian Qi, the doubts in his eyes became even stronger.

However, more What puzzled Qiuqiu was that it sensed a familiar aura on the possessed puppet, which was Qingtian Qi's aura.

Seeing this, Qingtian Qi shook his head slightly and whispered a few words into Qiuqiu's ear.

After a while, Only then did Qiuqiu's eyes show a look of understanding.

However, the expression it looked at the possessed puppet also softened.

At this time, Qingtian looked at the empty hands of the possessed puppet, as if he had thought of something.

"By the way, there happens to be a top-quality gold spirit sword in my God of War Order space? It's just right for you now!"

At that moment, Qingtian Qi took out a long sword from the God of War Order space and threw it to 'Soul'. The top-grade gold spirit sword was exactly what Qingtian Qi got from the corpses at the entrance to the second floor.

Then, Qingtian Qi threw another martial arts jade token to Hun.

It was the superior gold martial skill 'Light Dragon Roar'.

Now, among the gold martial arts Qingtian Qi knows, there is only one inferior martial skill 'Light Breaking Slash'.

In order To improve the strength of the god-possessed puppet, Qingtian Qi also gave the martial arts jade medal of 'Light Dragon Roar' to 'Hun', letting him learn and explore on his own.

Then, 'Hun' controlled the god-possessed puppet and practiced on the side He started the 'Distracted Sword Technique'.

Qingtian Qi no longer paid attention to him, but took out an earth element inner elixir from the peak of the sixth level of great perfection.

That was the inner elixir obtained from the guardian stone statue.

Looking at the inner elixir in his hand Inner elixir, Qingtian Qi's eyes showed excitement.

My current main soul power is equivalent to the level of a sixth-order Dzogchen peak warrior. It is no problem to summon the soul-marked puppet beast of the sixth-order Dzogchen peak.

I don't know about this one. How strong will the puppet beast be when summoned? If it can be half as strong as the possessed puppet, I will be more dependent on it.

With this in mind, Qingtian Qi began to refine the soul seal.

In the blink of an eye, another day passed.

Li Qingtianqi plans to leave the Dark Palace, and there is only one day left.

But he said that today, in the main hall.

Qingtian Qi and Qiuqiu are conducting a spiritual ceremony.

At this moment, both Qingtian Qi and Qiuqiu had their eyes closed tightly, and the 'psychic runes' on their foreheads were shining with a dazzling red light.

A red beam of light connected the psychic runes between one person and one beast.

Suddenly, Qing Tianqi opened his eyes, made a seal in his hand, and shouted lowly

"Soul-to-heart connection! Blood!"

At the same time, Qingtian Qi's body lit up with five colors of light.

The five colors of light were four bright and one dark, which were the characteristics of Qing Tian Qi's five series of vitality qualifications. Among them, the white light that represented the gold series qualifications was the dimmest, obviously different from the other four colors. The light was not at the same level.

When Qiuqiu heard the loud shout, he immediately opened his eyes and roared.

Immediately, Qiuqiu's body also lit up with yellow and white light, which was very dazzling, compared to Qingtian Qi's body. The light was even stronger, it was the light that represented Qiuqiu's qualifications of gold and earth.

Then, another drop of blood mixed with soul breath flew out from the psychic mark on Qiuqiu's forehead and shot directly into the blue sky. into the psychic mark on Qi's forehead.

Then, that drop of blood was absorbed by Qingtian Qi's psychic mark.

As soon as it was absorbed, Qingtian Qi's breath also changed, and it actually contained a trace of Qiuqiu's soul breath. It turned out that That drop of essence and blood is psychic blood, containing the soul of Qiuqiu. It is a contract between soul and blood.

"Soul-to-heart connection! Pass! Qing

Tianqi roared and quickly refined the drop of 'psychic blood'. The five colors of light on his body changed continuously, especially the white light that represented the gold qualification. It gradually became brighter from the previous gray color. It is getting brighter and brighter.

However, compared with the other four colors of light, it is still far behind.

In fact, the brightening of the white light represents the continuous improvement of Qingtian Qi's gold qualifications...

Chapter 3033

At the same time, the light on Qiuqiu was constantly changing, and it seemed to be slightly dimmer than before. At first glance, it didn't change much.

Qing Tianqi's metal qualifications were too poor, so Qiuqiu communicated with him.

While Qiuqiu helped him improve his gold qualifications, it also had a slight impact on his own qualifications, but not very much.

After a while, the light of life for one person and one beast gradually stabilized.

The golden light on Qing Tianqi's body also shined to a considerable extent.

At this time, the channeling ceremony has come to an end.

Qing Tianqi immediately made another seal and shouted:"Knot!"

With this low shout, the red light beam connecting the eyebrows between the man and the beast quickly disappeared.

Then, the psychic mark between Qingtian Qi's eyebrows also automatically sank into his body and disappeared.

At the same time, the five-colored light around Qingtian also disappeared.

"Ha ha!! This time the channeling was finally successful!"

Qingtian Qi's face was full of joy

"Huh! This is...? "

Qing Tianqi quickly turned to look at Qiuqiu, and saw Qiuqiu running towards him with eyes full of joy.

It turns out that just now, Qingtian Qi also felt Qiuqiu's joy deep in his heart.

It turns out that after channeling, Qiuqiu and I can communicate spiritually!

Very good! When we fight in the future, relying on this, I will be able to cooperate better with Qiuqiu.

By the way, I don't know if my current qualifications have been upgraded to the upper level. If not, it will be difficult for me to become a wind and thunder warrior."

At that moment, Qingtian Qi closed his eyes slightly and silently checked the speed of absorbing the gold energy.

After a moment, he opened his eyes with a complicated expression.

Now my speed of absorbing the gold energy has increased by more than ten times. It should have reached an upper-level qualification or above.

But is it an ordinary upper-level qualification, an elite upper-level qualification, or an ordinary genius qualification?

Maybe it is still at the middle level! After all, the middle level qualifications also have strengths and weaknesses.. It was really impossible to judge for a while!

Qingtian Qi felt a little anxious when he thought of this.

Although he was very sure in his heart that the gold qualifications should be upgraded from medium to high, but he did not get a clear answer, and he was still a little worried..The judgment of the qualifications of the metal element is different from that of the earth element. Qingtian Qi's earth element has been upgraded to a pseudo-spiritual body. He can also use the water and fire elements as a reference.

As long as his absorption and refining speed of earth energy is equivalent to that of the water and fire elements, The earth element has naturally reached the level of a pseudo-spiritual body.

But to what extent the gold element qualifications have been improved, Qingtian Qi can't find a reference, and he can only feel at a loss in his heart.

Hey! I still don't think about it so much for the time being.

Even if it's mine The gold element is already a superior qualification, and I can't transform it into a warrior of 'Wind and Thunder Twin Elephants' now. I need to go back.Senior Teng asked for advice on the method of"Five Qi Chao Yuan".

By the way, isn't the head of the Bai family now in the Forgotten Valley? Senior Bai is a ninth-level master of the gold system. I will ask him later to help me test my gold system qualifications, and I will know the answer!

Thinking of this, Qing Tianqi suddenly felt happy.

Then, with a thought, his face changed, and he released the face-changing technique and returned to the appearance of a fifteen or sixteen-year-old boy, except that his long white hair was still fluttering, and three red star marks appeared on his forehead.

This is Qingtian Qi who has released the face-changing technique, but has not released the state of transformation.

The three star marks on his forehead indicate that he has opened three doors in his body.

If the seven gates of the human body are fully opened, they will be the marks of the seven stars.

But as soon as Qingtian Qicai changed back to his own appearance, a voice sounded behind him

"This time you destroyed Long Xing's soul, so Long Xing must have known about it. He will be waiting for you outside the valley. Not to mention Long Xing, even if Aomori sees you come out alive but does not see Lin Quan come out, he will not let you go easily. How are you going to escape this?"

It was the soul who spoke.'

"The Crescent Country is a small, remote and unknown country. If I pretended to be a Crescent Country player, people wouldn't be suspicious. Besides, Miss Qing'er is dead, and I just happen to take her place."

"In this way, in the eyes of outsiders, there is nothing suspicious about the fact that two people entered the Crescent Kingdom and two people came out. Even if I have doubts, Senior Bai is a ninth-level warrior, so he can still protect me."

Hun said again: "That's what I said, I'm afraid Long Xing will notice it. If my guess is correct, he will definitely ask other survivors who is Wang Xi before Xuanyuan Zhantian comes out. What a pity! He only heard his name, but didn't know who he was!!"

Qingtian Qi also showed a knowing smile..

Chapter 3034

"By the way, how did you learn the 'Light Dragon Roar'?"

Qingtian Qi suddenly asked 'hun'

"Give me another day and I should be able to learn it.

Qingtian Qi nodded slightly: "That's good!" Go ahead!"

After the 'soul' left, Qingtian Qicai turned to the ball and said: "Qiuqiu!! Let's channel and merge! Let's see how much my strength can be improved after you and I merge together?"

After saying this, Qing Tianqi couldn't help but feel a little excited.

He has always been looking forward to his psychic fusion with Qiuqiu.

He really wanted to know how strong his strength would be after merging with Qiuqiu. When

Qiuqiu heard Qing Tianqi's words, his eyes showed excitement. Then he roared, transformed a second time, and quickly grew a second head. Its aura instantly reached the level of 80,000 people. Strength.

Seeing this, Qing Tianqi was excited and quickly made a seal, shouting in a low voice: "Psychic union! combine!"

As soon as the seal was completed, Qingtian Qi felt that there was a soul connection between himself and Qiuqiu.

Then, Qiuqiu roared, jumped into the air, his body quickly transformed into light, and finally turned into a ray of light. Qing Tianqi's body.

Qing Tianqi immediately roared, the muscles of his entire body swelled, and his height slowly increased. A light curtain appeared behind him, and the ferocious double-headed transformation of Qiuqiu appeared in the light curtain. , kept roaring.

Then, the phantom light curtain behind Qingtian Qi disappeared.

Immediately afterwards, Qingtian Qi's five fingers grew sharp nails, and the bones of his body began to make a "creak! creak" sound. A pair of huge white wings, It actually grew slowly from behind him, with its wings spread out to a length of more than three meters.

What is even more surprising is that a strange eye appeared on Qingtian Qi's forehead, like a heavenly eye.

When the third eye opened, It was actually like a ball, with four blurry haloes rippling out.

In the blink of an eye, Qingtian Qi merged and transformed. From his entire body, he saw that he was a handsome and evil white man with wings on his back and three eyes on his forehead. The hair-haired boy showed a lot of strange beauty, giving people a great shock.

And Qingtian Qi also showed a look of ecstasy on his face. He flapped his wings lightly and slowly flew into the air.

After a moment, Qingtian Qi Flapping its wings lightly, floating in the air, looking up to the sky and smiling.

"Ha ha!! I can finally channel and merge, and I also have the ability to fly!"

Immediately, Qingtian Qi released the aura from his body, reaching an extremely terrifying level.

Looking at that aura, Qingtian Qi's combat power has actually reached the strength of more than 125,000 people.

It turns out that Qingtian Qi and Qiuqiu After merging, he gained another 40% of Qiuqiu's combat power. As a result, his basic combat power reached the strength of 125,000 people.

However, what surprised Qingtian Qi even more was that he and Qiuqiu After channeling and combining, he actually gained the ability of Qiuqiu's third eye, and also had the ability to 'destroy the divine light'.

Qing Tianqi looked at his whole body with satisfaction, feeling the explosive power in his body, his face full of excitement. It was a look of excitement.

Suddenly, his eyes stopped on the red goggles on his waist, and there was a trace of regret on his face.

"Why! It's a pity that with wings, I can't wear my flame armor."

Actually, the breast shield is the 'Flame Armor'.

It turns out that the best armor can grow larger or smaller according to a person's size, but it cannot have two holes in the back.

Anyone with the flying psychic beast wood element It is also a pity that warriors often cannot put on the best armor after being combined!

It can also be said that warriors with flying psychic beasts gain the ability to fly, but also weaken their own defense.

But. Just as Qing Tianqi looked regretful, a piece of information suddenly appeared in his mind, and then a look of ecstasy appeared on his face..

Chapter 3035

Then, Qingtian Qi opened his mouth, and a light-shaped armor flew out, and it was worn on Qingtian Qi in an instant.

A moment later, Qing Tianqi was wearing a silver-white battle armor. The perfect curves looked both majestic and beautiful.

The Ruyi Battle Armor is indeed the Ruyi Battle Armor. It can transform into Ruyi. Even if I have wings, I can still wear it.

This surprised me a bit, but it made up for my lack of defense.

What surprises me even more is that after being refined by Qiuqiu, the level of Ruyi Armor seems to have improved a lot, and it seems to be slightly better than Flame Armor!

This is a surprising thing!"

It turns out that after Qingtian Qi and Qiuqiu merged, he was able to wear the Ruyi armor that Qiuqiu sacrificed on him. Thinking of this, Qingtian Qi felt proud, and he immediately took the double swords of chasing the sun and chasing the moon in his hands..Now

, he is wearing a white battle armor, wearing flaming combat boots, with wings spread out on his back, and holding a spiritual sword in each hand. Coupled with his white hair, three eyes and handsome face, he does not look like a mortal, but like a warrior. The young god general who descended into the mortal world

"Huh! There is actually this?"

Another piece of information suddenly appeared in Qingtian Qi's mind, and then he opened his mouth again, and a 'little energy sword' emitting dazzling light flew out of his mouth.

It was actually the 'Sword Spirit' trained by Qiuqiu.

But whenever When a gold-type warrior reaches the fifth level, he will definitely be able to cultivate a 'Sword Spirit'.

Some gold-type warriors with high understanding can also cultivate a 'sword spirit' at the fourth level.'

'The function of the Sword Spirit is to attach to the spiritual sword, which can increase the vibration amplitude of the spiritual sword. Even if it is attached to an ordinary weapon, it can turn the ordinary weapon into a spiritual weapon-like existence.

To put it simply, sword spirit is also a method for gold warriors.

Generally, the attack power amplitude of a spiritual sword possessed by a sword spirit can be increased by another 20 to 30%.

However, a metal warrior can only cultivate one sword spirit, but it is impossible to cultivate two sword spirits.

However, Bai Jinyue relied on her inheritance talent to divide the sword spirit into seven, but there were not really seven sword spirits.

Thinking of this, Qing Tianqi made a move and threw the Sun Chaser Sword in his hand into the air.

The Sun-Chasing Sword immediately merged with the sword spirit hovering in the air. After circling in the air, it returned to Qingtian Qi.

Qing Tianqi immediately input a burst of spiritual energy, and then a look of surprise appeared on his face.

The amplitude has indeed increased, reaching 120%, far exceeding the amplitude of an ordinary top-grade spiritual sword.

It's a pity that my Jin Yuan Qi has not been cultivated to the fifth level. Otherwise, I can also cultivate the sword spirit, which can be attached to the Moon Chasing Sword. In that case, the amplitude of my swords will exceed the average top-grade spiritual weapon.

Thinking of this, Qing Tianqi's mind moved, and the Sun Chaser Sword possessed by the sword spirit began to come out of his hand and slowly rotate around his body.

Possessed by the sword spirit, it can also control the spirit sword from a distance, just like a flying sword. Sometimes it is also used as a means of long-range attack.

"Anyway, Qiuqiu's Sword Spirit still helped me increase my attack power a lot!"

Qing Tianqi took back the spirit sword with a casual move, and slowly fell from the air.

As soon as it landed on the ground, he suddenly thought of something, casually made a seal, and shouted low

"Soul Seal Puppet Beast, Lion Beast! Come out!"

Immediately, a ray of red light shot from the blue sky into the ground, and the earth shook.

A huge soul-seal puppet beast broke out of the ground. It looked like the beast-shaped stone statue in the guardian stone statue, and was three feet long. , like a lion and a unicorn, with a very majestic appearance.

Only the puppet beast is not as powerful as the guardian stone statue. It is far from reaching the sixth level, but it still reaches the strength of 160,000 people.

This soul-seal puppet beast is Qingtian Qi The six-level Dzogchen Peak ferocious beast that was successfully refined not long ago...

Chapter 3036

Qing Tianqi looked at the puppet beast in front of him with satisfaction and thought in his heart.

With the god-possessed puppet and this puppet beast, plus I am no match for the Prince of Northern Qin!

If this continues, at most I will be able to survive, but Brother Ling Yu and the others will have no way of surviving from the hands of the Northern Qin Prince.

Unless I can reach a draw with the Prince of Northern Qin, then I will have a chance to negotiate with him.

I'm afraid this is impossible

"Forget it, there's no use thinking about it now. There is still one day left before I leave, so I will take advantage of this day to refine some of the blood essence of the holy beast to see how effective it is!"

"I wonder if I can improve my strength within one day under this body?"

Ancient training ground, Corridor of Life and Death.

The Corridor of Life and Death is not a straight corridor. It is winding for three miles, but only twenty or thirty meters wide.

There are two rows of huge stone pillars on both sides of the corridor.

At this moment, the entrance of the Corridor of Life and Death , it was quiet.

There were a lot of blood stains on the ground at the entrance, and there was a faint smell of blood floating in the air, making the scene very strange.

At this moment, there was a sound of footsteps outside the corridor. At this time, the light and shadow at the entrance changed. Dark.

Then a trialist covered in blood came in.

As soon as the trialist entered the corridor of life and death, he carefully looked around.

This corridor of life and death is the only way to the 'Temple of Heaven' , it is inevitable that there will be some bad-intentioned testers lurking around, robbing others of their treasures, so he must be extremely careful.

"Huh! There's blood here!"

The trialist suddenly saw the blood on the ground, and his face changed slightly.

"It seems that there was a fight here not long ago. I should be careful?"

Thinking of this, the trialist took a deep breath, pulled out the sword from his waist, and walked forward cautiously.

After he had only taken a few steps, a sneer suddenly echoed in the empty corridor.

"This is the seventeenth one!"

Hearing this sneer, the tester's face changed drastically. He quickly turned his head, pointed his sword at the stone pillar in front, and shouted fiercely.

"who? Who is pretending to be a fool? Get out of here!"

"snort! Is this how you talk to my prince?"

A cold voice came from behind the stone pillar.

At that moment, a boy of seventeen or eighteen years old in white came out from behind the stone pillar.

"It's you! Prince of Northern Qin!"

As soon as he saw the appearance of the young man in white, the tester's face changed with fright, and he couldn't help but take two steps back in horror.

Then, he remembered something, and hurriedly apologized to the young man in white in panic, but his tone was just There was a slight tremor in his chest, showing that he was extremely frightened.

"I...I don't know who is the Crown Prince, but I hope that His Royal Highness will forgive me for any offense I just said!"

"snort! Since you want to make amends, then keep all the Nine Yuan Fruits on your body! The tester said in shock:"

Your Highness, according to the rules, each tester must have three Nine Yuan Fruits in his body to avoid being wiped out." There are only four Nine Yuan Fruits in the lower body. I would like to offer a Nine Yuan Fruit to His Highness the Prince, and hope that the Prince will find the next way to survive! The Prince of Northern

Qin sneered:"Don't bargain with me, I will keep all four Nine Yuan Fruits, or I will keep your life!"

Hearing this, the tester's face changed greatly, and he turned around and ran away.

The Prince of Northern Qin snorted coldly, unsheathed the long sword in his hand, and swung a knife at the back of the tester.

Then a half-moon-shaped sword struck The light flew out from the narrow-backed long sword and slashed towards the trialist's back, immediately cutting the trialist into two halves.

"snort! A small fifth-level Dzogchen warrior also wants to escape from this prince!"

The Prince of Northern Qin glanced disdainfully at the corpse on the ground.

Then he turned to the corridor behind him and said,"You guys, clean up this place!"

"yes! His Royal Highness the Crown Prince!"

Immediately, several more figures emerged from behind the stone pillars, and they were several other Northern Qin players. Several

Northern Qin players quickly searched the Nine Yuan Fruit and treasures from the trialist, and then released one of them. A fire burned the bodies on the ground..

Chapter 3037

After handling the scene, a Northern Qin player respectfully stepped forward and handed the Nine Yuan Fruit he had just obtained to the Northern Qin Prince.

"Your Highness, you have harvested four Nine Yuan Fruits this time! Our gains are huge! Ha ha!!"

The prince of Northern Qin sneered slightly.

"Only seventeen people were killed! There are definitely more than seventeen people who can make it this far alive this time. There are still the last three hours. Those who don't want to be obliterated by the temple will definitely come here, and we will gain more by then!"

"yes! Your Highness, if we kill all the players from other countries this time, we, Northern Qin, will gain the greatest benefits. But other countries couldn't even harvest a single Nine-Yuan Fruit and lost so many elites."

"This is a very beneficial thing for the prosperity of our Northern Qin State! It's just that my subordinates are a little strange, why are there only seventeen people arriving here when it's almost the last three hours? Too few people?"

"yes! His Royal Highness, the subordinates also feel that this is a bit unreasonable. Could it be that those people noticed that we were ambushing us here?"

Hearing this, the Prince of Northern Qin sneered.

"snort! So what if they knew? There are only three hours left. If they want to survive, they will definitely come to our door. Let's just wait! Ha ha!! The prince wants to see whether they are patient or the prince is patient?"

At the same time, in a jungle outside the Corridor of Life and Death, five trialists were gathering together.

Suddenly, a shrill scream came from the entrance of the Corridor of Life and Death.

Hearing the scream, the five The faces of the testers changed one after another, and they all turned their heads to look in the direction of the Corridor of Life and Death.

After a while, someone in the crowd sighed.

"Why! Another one died!"

As soon as these words came out, all five people showed heavy looks on their faces.

Then, everyone looked at one of the weak-looking young men.

"Brother Zheng, it seems that you have made a good deduction! The Prince of Northern Qin was indeed ruthless and planned to spare no one. If Brother Zheng had not dissuaded us this time and we had gone in rashly, I am afraid that none of us would have gotten out alive."

"yes! But what to do next? The Prince of Northern Qin is guarding the entrance. We will die if we go in. But if we don't go in, the deadline will come in three hours, and we will die. Brother Zheng, can you think of a way to escape?"

As soon as these words were said, everyone looked at the frail young man expectantly.

The frail young man immediately shook his head and smiled bitterly.

"Why! The difference in strength between the sixth-level warrior and the fifth-level warrior is so great that it is simply a world of difference. When a fifth-level warrior encounters a sixth-level warrior, he will only be killed instantly! I'm afraid it will be difficult for me to escape this disaster."

"However, after my observations over the past few days, it was definitely not just a few of us who noticed this anomaly. There were probably many other people who noticed the anomaly. Everyone hid outside the entrance and did not dare to go in. Let's just wait and see what happens."

"Why! If a master could come out now to deal with the Northern Qin Prince, maybe everyone would be saved. such a pity! That is absolutely impossible, unless there is a second sixth-level warrior among us trialists!"

"The second level six warrior? That is absolutely impossible. Even if a pseudo-spirit wants to reach the sixth level, it must be at least thirty years old. I have never heard of a warrior with pseudo-spiritual qualifications who reached the sixth level before he was thirty years old."

"This is only possible with the Heavenly Spirit Body qualification, which is rare in hundreds of years. People with the qualifications of a heavenly spirit body are all the pride of heaven. Who are we qualified to compare with them?"

"yes! The Prince of Northern Qin has the qualification of Heavenly Spirit Body and is a quasi-ninth-level being. It is very rare for us in the Eastern League to have a heavenly spirit like him. How could a second heavenly spirit body appear at the same time?"..

Chapter 3038

And on the other side, in the sky not far from the entrance to the Corridor of Life and Death.

There is a cold young man with eagle wings on his back, sharp claws on his fingers, blue eyes and green hair suspended in the air.

At this moment, the cold young man clasped his hands on his chest, his eyes emitting a strange light.

Under the cold young man, there were two trialists anxiously looking at the cold young man above.

After a while, the cold young man in the sky slowly landed.

When the cold young man fell from the sky, the other two people quickly stepped forward to ask

"Brother Wu, how is the situation?"

The cold young man said solemnly: "I just used my 'Eagle Eye' to check the situation at the entrance. The Prince of Northern Qin and several Northern Qin players are ambushing at the entrance. A trialist was killed just now"

"This is how to do? The Prince of Northern Qin is guarding the entrance, and it is impossible for us to break through. But the time is coming, we can't keep going in!"

"so what? If you go in now, you will die. If you can live a moment longer, count it as a moment! I don't know if there was a turning point in the end."

"Brother Wu, maybe we can't get through. However, with your strength, you may be able to survive from the hands of the Northern Qin Prince. You finished eighth in the second test."

Hearing this, the cold young man shook his head slightly.

"With my strength, I can only be killed instantly in front of the Northern Qin Prince. No matter how strong I am among warriors of the same level, I am only a fifth-level warrior. The Prince of Northern Qin was a sixth-level warrior. The only ones who can deal with him are sixth-level warriors. Unfortunately, it is impossible for us trialists to produce a second sixth-level warrior."

At this moment, there are many trialists lurking near the entrance of the Corridor of Life and Death.

Those who have survived in the training ground so far, no one is weak, and no one is stupid. Everyone has discovered that there is something wrong with the entrance, and no one dares to. Anyone who ventures in again is waiting to see what happens.

In fact, most of the people who can enter the ancient training ground have pseudo-spiritual qualifications.

And pseudo-spiritual qualifications are a qualification that only one among millions of people can have, although it is not as good as He may not be a spiritual body, but he is definitely the pride of heaven.

In fact, if any of the trialists here appear among the outside world, they will definitely cause an uproar, and they will definitely be pursued and admired by countless peers, and they will also gain many Appreciation from the elders.

But here, it is as ordinary as sand.

It is like a crane running into a flock of chickens, and it appears to be particularly outstanding and dazzling. It is called standing out from the flock.

If this crane runs into a flock of cranes, then It seems very ordinary.

But on the other side, Bai Jinyu and four others are also hiding in a certain jungle.

At this moment, the four of them are also secretly observing the situation of the corridor of life and death.

"Why! Another one just died!"

Bai Jinyu couldn't help but sigh.

Wu Xiaoyue frowned slightly and said,"Brother Jin Yu, what should we do? Is it true that no one except the people from Northern Qin can get out alive this time?"

"Judging from the current situation, this is indeed the case. The Prince of Northern Qin is so terrifying that no one can escape from him unless someone can lure the Prince of Northern Qin out. However, the Prince of Northern Qin is not an idiot. There is no way he will come out. He will just wait for everyone to go in and die."

Bai Jinyu shook his head helplessly.

"By the way, why hasn't Tianqi shown up yet? Wouldn't something happen to him in the dark palace?"

When Qing Tianqi was mentioned, the four of them showed extremely anxious expressions on their faces.

According to the previous agreement, the four of them were waiting for Tian Qi near the entrance of the Corridor of Life and Death.

However, the four of them have been waiting for five days, but they are still There was no trace of Qing Tianqi, how could this not make the four of them anxious?

"Why! In fact, even if nothing happened to Tian Qi, he would not be able to escape this disaster! Tian Qi could not be the opponent of the Northern Qin Prince."

Qingtianjun smiled bitterly and looked at the entrance of the Corridor of Life and Death in front of him.

As soon as these words came out, everyone's expressions became even more gloomy...

Chapter 3039

In this way, time passed by minute by minute, and two hours passed in the blink of an eye.

There is only one hour left before the deadline.

But Qingtian Qi still didn't show up.

During this period, several trialists arrived one after another and entered the Corridor of Life and Death under unknown circumstances. Naturally, they ended up being killed by the Prince of Northern Qin.

And those trialists lurking nearby became very restless because of the shortening of time.

Gradually, some people lost their composure, and several people rushed into the entrance together, but only a few screams came from the entrance.

This made the trialists lurking on the periphery even more desperate.

At this moment, somewhere in the jungle outside the Corridor of Life and Death.

The space suddenly fluctuated, and then a white light flashed, and a red-haired boy of fifteen or sixteen years old appeared there out of thin air.

The red-haired boy was Qing Tianqi who was teleported from the dark palace.

As soon as Qing Tianqi appeared on the spot, a look of anxiety appeared on his face.

Now there is only the last hour left. I wonder how Brother Tianjun and the others are doing?

I hope they haven't entered the Corridor of Life and Death yet. They are no match for the Northern Qin Prince! I didn't expect that I made a miscalculation this time. I wish I had known that I would not practice vitality and just refine the essence and blood of the holy beasts."

Qingtian Qi felt extremely depressed when he thought of refining the blood essence of the holy beast.

After Qingtian Qi refined a drop of the blood essence of the holy beast that day, he realized that he had miscalculated and underestimated the blood essence of the holy beast. effect.

He did not expect that he had only refined a drop of holy beast essence and blood to increase his physical strength by more than a thousand people.

This discovery naturally surprised and confused Qingtian Qi. At the moment, he was frantically refining the holy beast. Beast Essence and Blood.

In order to increase his strength and compete with the Northern Qin Prince, Qingtian Qi changed his plan, delayed his departure, and refined eleven drops of holy beast essence and blood in nearly two days. He increased his physical combat power from the strength of more than 13,000 people to the power of 25,000 people.

This improvement is extremely terrifying.

Now after Qingtian Qi Mad God has transformed, his comprehensive basic combat power can reach 120,000. The power of eight thousand people.

If he combined with Qiuqiu again, the basic combat power could reach the power of 160,000 people.

Because of this, Qingtian Qi did not give up refining until there was only one hour left before the deadline, and hurriedly started from Teleported from the dark palace

"Time is running out, I must get to the entrance as soon as possible!"

Thinking of this, Qingtian Qi suddenly summoned Qiuqiu, and then merged with Qiuqiu. In the blink of an eye, a white-haired boy with wings on his back and wearing a white armor appeared in the air. Then he appeared in the sky.

, Qingtian Qi's mind moved, he flapped his wings lightly, and the shadow of a pair of huge wings immediately appeared behind him.

This was Qingtian Qi using the flying skill"Glimpse of Light", and suddenly, Qingtian Qi turned into a A stream of light flew towards the entrance.

A huge roar immediately sounded in the air, but Qingtian Qi was too fast and the speed was caused by friction with the air.

Just looking at the flying speed, it was no less than the speed of a sixth-level warrior..

Another half hour passed unknowingly.

The trialists who were hiding near the entrance of the Corridor of Life and Death were all anxious, and everyone began to slowly move towards the entrance, but still no one dared to enter.

At the same time, the Prince of Northern Qin and others who were ambushing at the entrance of the corridor were waiting impatiently.

In the empty and quiet corridor, the cold voice of the Prince of Northern Qin sounded again.

"We don't need to hide anymore, everyone come out!"

In the darkness, the Prince of Northern Qin walked out slowly.

Several other Northern Qin players followed closely.

"Your Highness, aren't we going to ambush you?"

The Prince of Northern Qin looked at the entrance with cold eyes and said coldly.

"No need! Haven't you noticed that only twenty-one people have entered here so far? The time limit is only half an hour away. How can there be only so few people?"

"Obviously, those guys have guessed that we are ambushing here, and they are hiding outside and not daring to come in. In this case, why should we hide and wait for them to show up? If I don't believe it, do they dare to come?"

"His Royal Highness is exactly what he said! If they don't come in, they will be wiped out when the time comes. They dare not not come in."

"snort! You guys stay here while I go out for a while!"

"yes!"

At this moment, the six Beiqin players lined up in a row and stayed in place..

Chapter 3040

The Prince of Northern Qin walked slowly to the exit.

Standing on the steps of the exit, the Prince of Northern Qin crossed his arms, glanced at the jungle in front of him, and then said loudly

"Everyone! You don't have to hide anymore, I know you are hiding nearby. Time is running out. If you don't want to be obliterated by the gods' thoughts, come in quickly! Don't waste my prince's time."

As soon as he said these words, the faces of the testers lurking nearby became ugly.

At this time, a person flew out of the bushes only more than a mile away from the entrance, suspended in the air. It was the eagle-winged man from before. The cold young man.

As soon as the cold young man appeared, he raised his hand to the Prince of Northern Qin and said loudly: "I am Wu Ying, a player from Tianying Kingdom, and I have met His Royal Highness here. I wonder if His Highness the Crown Prince can be accommodating? Let my people from the Sky Eagle Kingdom pass? We are willing to send the excess Nine Yuan Fruit to His Royal Highness the Prince!"

When he saw Wu Ying appearing, a hint of joy flashed in the eyes of the Prince of Northern Qin, and then he laughed and said

"Ha ha!! Sure enough, someone is hiding around here! Wu Ying, your suggestion is very interesting, and I am happy to accept it. However, I only intend to let five people pass through alive."

"With half an hour left, I now stipulate that the first five people to arrive will have a chance to survive. Who wants to live? Then seize the opportunity quickly! This prince is waiting for you inside, haha!!"

After saying this, the Crown Prince of Northern Qin turned around and entered the corridor.

However, as soon as the Crown Prince of Northern Qin's words were released, there was an uproar in the hearts of those lurking people.

Many people showed hesitation on their faces, because they didn't know Is the prince of Northern Qin telling the truth or a lie?

Even the four Bai Jinyu who were hiding in the dark showed a hint of excitement.

Just when the hearts of the trialists were shaken, a figure suddenly rushed out of the jungle somewhere. Rushing towards the entrance.

At the same time, anxious voices sounded in the jungle.

"not good! Someone beat me to it!"

At that moment, 'Whoosh! Whoosh! Whoosh!' Seven or eight figures appeared in the jungle one after another, and they all rushed towards the entrance.

But on the other hand, as soon as the Prince of Northern Qin returned to the Corridor of Life and Death, a Northern Qin player cautiously stepped forward and asked: "Your Highness, you just said that you would let the five people who arrived first pass. Isn't that true?"

" Prince Qin sneered slightly: "Humph! I am lying to them. I would like to know how many people are hiding outside?"

As soon as he said this, the Prince of Northern Qin looked stern, and then said with a proud smile: "Listen! Someone is coming!"

As soon as he finished speaking, there was a sound outside the entrance. Uh-huh! 'There were seven or eight sounds of piercing the air, as well as the sounds of swords clashing and shouts of curses.

"Get out of here! I was the one who arrived first! piss off!"

Subsequently, I saw a fight for the entrance of the cave, and five figures rushed into the entrance one after another. Several other trialists who were a step too late did not dare to enter at the moment, and they all retreated in fear. In the corridor of life and death, the five figures rushed into the entrance.

The testers who rushed in first looked at the young man in white in front of him anxiously.

"Ha ha!! very good! very nice! You five are great!"

The Prince of Northern Qin looked at the five people in front of him with a smile.

These five people were not weak. Four of them were fifth-level Dzogchen warriors, and one of them was a fifth-level Dzogchen pinnacle warrior.

At this time, one of the five people, He took out two Nine-Yuan Fruits and stepped forward anxiously: "Your Highness, according to regulations, these are the two extra Nine-Yuan Fruits I have with me. Is it okay for Your Highness to accept them?"

"Um! Bring it over!"

The tester immediately stepped forward respectfully and handed the two Nine Yuan Fruits to the Prince of Northern Qin.

But just when he handed the Nine Yuan Fruits to the Prince of Northern Qin, the Prince of Northern Qin smiled ferociously. There was a sudden and unexpected punch, and a punch hit the chest of the tester.

With a scream, the blood mist flew away, and the tester was unprepared, and was hit by the Northern Qin Prince's punch and exploded to death on the spot.

"not good! be cheated!"

The other four people immediately realized something was wrong and turned around and ran away..
