

## God level 3041

### Chapter 3041

"Ha ha! Now that we are here, no one can escape!"

Bei Qin chased after him with a ferocious smile. He was extremely fast and caught up with the two men in a blink of an eye. The sword in his hand flashed and he killed the two people.

Then, the Prince of Northern Qin slashed the air with his sword, and the tip of the sword flew. A light sword came out, splitting the person who ran the furthest in half. The last person left roared in horror, and with a flash of yellow light, his body quickly escaped into the ground, and disappeared into the ground in the blink of an eye.

Then the last person actually knew the 'Escape Technique', and he wanted to use it to escape.

Seeing this, the Prince of Northern Qin frowned and snorted: "Want to escape? Look at me, Moon God Slash!"

Immediately, the Prince of Northern Qin swung his long sword and turned into a moon-shaped light sword more than ten feet long, and immediately slashed towards the ground.

'boom! There was a loud bang on the ground, gravel flew across the ground, and the knife cut a huge deep trench.

At the same time, two bloody corpses were blown out of the ground and fell onto the hall.

The trialist who had just tried to escape was stabbed to death from the ground by the Prince of Northern Qin.

In just one move, the Prince of Northern Qin used superior martial arts. Coupled with the amplitude of the top-grade spiritual sword in his hand, the attack power has exceeded the power of 300,000 people. Even the sixth-level peak warriors will be afraid, let alone these fifth-level warriors.

In the blink of an eye, the Prince of Northern Qin killed five fifth-level masters in a row. The group of Northern Qin players behind him all gasped and froze in place with expressions of extreme horror.

It wasn't until the Prince of Northern Qin ordered people to clean up the battlefield that someone woke up from the shock and stepped forward to clean up the battlefield in fear.

But at this moment, all the Northern Qin players looked at the Northern Qin Prince with extreme awe.

At the same time, the tester lurking outside also heard the screams at the entrance, and immediately understood that the previous words of the Northern Qin Prince were all a lie.

At that moment, someone shouted angrily at the entrance

"Prince of Northern Qin, how can you go back on your word? Isn't it too shameless to do this?"

Hearing the shouting outside, the Prince of Northern Qin laughed disdainfully

"Ha ha!! childish! Do you want me to talk about credibility with you? Are you qualified to talk about credibility with this prince? In this world, credibility is built between equally powerful opponents. You are too weak, you are not even qualified to talk to me about credibility"

"Here, I am a god. Whoever I want to live can live! Whoever I want to die must die! However, I want you all to die here today, and not even one of you can pass through the Corridor of Life and Death. There is less than half an hour left. I wonder how long you want to delay this?!"

Hearing this, the trialists lurking outside all looked ugly and fell silent.

After a moment, someone yelled:"Everyone! The time is almost up, so don't delay any longer, concentrate your efforts and rush forward together! Anyway, it's death outside, and it's death inside. Why don't we all rush over together?"

"No matter how powerful he is, the Prince of Northern Qin, there is only one person. It's impossible to kill us all in one go? Everyone rush over together, maybe there is a glimmer of hope!"

With this shout, someone immediately responded

"yes! Instead of waiting to die, we might as well rush over together. One or two people can always escape! Let's all come out and fight!"

At that moment, the testers who were hiding outside walked out of their hiding place with tragic faces one by one.

Hearing the movement outside, the Prince of Northern Qin showed a look of joy on his face and laughed arrogantly.

"Ha ha!! That's right! How good would it be if you all rushed over together! Maybe there will be one or two fish that slip through the net and escape from the hands of this prince. This way you won't waste everyone's time."

At this time, a Northern Qin player said with some worry: "Your Highness, there seems to be twenty or thirty people from the noise outside! If these twenty or thirty people rushed in together, maybe one or two people could escape.

The prince of Northern Qin sneered with contempt: "Humph!" So what if there are twenty or thirty people? A fifth-level warrior is a fifth-level warrior after all. How can he be compared with a sixth-level warrior? I will kill as many as they come, and don't even think about leaving alive."

"Besides, this entrance is narrow, and only two people can come in at a time. If I, the prince, guard here, it means that one man can guard the gate and ten thousand people can't open it. Don't think they can rush in together unless there is a master among them who can catch my move. Only in this way can we let in a few more people. However, I haven't found anyone among these people who can catch my move."..

Chapter 3042

At the same time, the trialists who were hiding in the dark came out one by one and slowly gathered together.

However, no one dared to get too close to the entrance, and they all stopped more than a mile away from the entrance.

"what to do? Let's all rush in together now, shall we?"

"such a pity! The entrance was so small that we could only rush in two people at a time. If everyone wants to swarm forward, it is impossible to break through the defense of the Northern Qin Prince!"

"yes! Unless a very famous expert comes out and can help us entangle the Northern Qin Prince. Then we have hope"

"Stop dreaming, the only person who can entangle the Northern Qin Prince is a sixth-level warrior. How could we still have a second level six warrior?"

"What to do? If you don't go in, you'll die! Time is running out now, and we can no longer afford to wait. Why not fight and rush over together!"

"It seems that's all it can do!"

Just when everyone looked sad and angry, and were about to rush in together, suddenly, a 'rumbling' roar came from the sky not far away.

Hearing thisEveryone followed the sound and were surprised to find that a figure wearing white armor with wings on its back was flying towards this side like a stream of light.

As soon as they saw the flying speed of that figure, all the testers showed extreme shock on their faces.

"Oh my God! What a speed!"

"yes! This speed is no less than that of a sixth-level warrior. Who is this person? Is there a second level six warrior hidden among us?"

"The second level six warrior? This...is this true?!"

"yes! Maybe we can be saved!"

As soon as these words came out, the faces of everyone in the venue showed expressions of great surprise.

In the crowd, Bai Jinyu and the other four looked at the figure in the air, with looks of surprise on their faces.

Because they all saw the figure flying in the air. The person, in terms of body shape, vaguely resembles Tian Qi.

The top master of flying in the air is naturally Qing Tian Qi, who is rushing towards us.

But in the air, Qing Tian Qi unfolds his "glimpse" and flies rapidly towards the entrance of the Corridor of Life and Death.

He glances at it Not far from the entrance, he saw twenty or thirty people gathering together.

Among the crowd, he vaguely saw the figures of Bai Jinyu and four others.

Qingtianqi breathed a sigh of relief when he saw Bai Jinyu and four others.

Fortunately, Brother Jin Yu and the four of them could keep their composure and wait for me to come back, otherwise the consequences would be disastrous.

By the way, these people are all gathered there. Could it be that they have discovered that the Prince of Northern Qin is guarding the entrance and they don't dare to go in? , are we discussing countermeasures outside?

I went over to take a look and say hello to Brother Jin Yu and the others!

With Qingtian Qi's intelligence, he could naturally guess the development of the situation at a glance.

At that moment, Qingtian Qi changed direction and faced the crowd. The place flew away.

But it was said that those testers saw the blue sky. Come over, everyone looks overjoyed.

In the crowd, someone immediately shouted

"look! That supreme master is flying towards us! Apparently he spotted us too. Ha ha!! It seems there is hope this time!"

"yes! As long as this expert helps us! Maybe a few of us will survive. By the way, I don't know who this master is? Why haven't you noticed it before?"

Just when everyone was excited, a frail young man in the crowd said coldly.

"Everyone! You'd better not be too happy too soon. How do you know that the people coming will definitely help us? He is not acquainted with us, so does he need to help us?"

As soon as these words came out, everyone realized this problem, and their hearts suddenly became cold.

At this time, the frail young man said again: "What everyone should worry about now is another problem. What is the purpose of this absolute master coming here? ? Will he be like the Prince of Northern Qin and want to steal the Nine Yuan Fruit from us?"

After hearing this, everyone's expressions changed greatly.

But at this moment, Qingtian Qi had already flown above everyone. Only then did the testers see Qingtian Qi's appearance clearly.

But in front of everyone, the testers could see Qingtian Qi clearly. After seeing the appearance, their faces once again showed a look of extreme shock.

They didn't expect that the person who came was actually a boy of fifteen or sixteen years old, younger than the prince of Northern Qin. This was worse than they imagined. Too small, how could this not shock them?

At that moment, many people were secretly wondering, could it be that the white-haired boy in front of them had the same qualifications as the Northern Qin Prince?

However, if this is true, then So appalling..

Chapter 3043

Among the crowd, Bai Jinyu and the other four looked ecstatic when they saw Qingtian.

However, when they saw Qing Tianqi showing the truth to others, they knew that Qing Tian Qi must have other intentions, so they did not immediately come forward to say hello.

But they were also very surprised. How could Qingtian Qi's strength improve so quickly? They could hardly see through Qingtian Qi's strength.

However, the Qingtian Qi was floating in the sky above everyone and calmly glanced at the testers below.

Seeing the trialists below all looking at him uneasily, Qingtian Qi seemed to guess what they were thinking.

Then, the blue sky slowly fell from the sky.

As soon as the blue sky fell, the testers all showed fearful expressions and stepped back involuntarily, not daring to get close to them.

At this moment, none of them could guess Qing Tianqi's intentions, so they naturally did not dare to step forward to inquire. They were all uneasy, fearful, and vaguely hopeful.

Of course, the testers also had doubts in their hearts.

They found that Qingtian Qi's state of temperament did not seem to have reached the sixth level, or even the fifth level of Great Perfection, but the aura that Qingtian Qi exuded was extremely terrifying.

For these fifth-level warriors, it can almost be described as unfathomable, and it seems that they are not far behind those of sixth-level warriors.

This made everyone confused. They had never heard that a fifth-level warrior could reach such a level, which made them doubt their own judgment.

After the blue sky fell back to the ground, it folded its wings.

After the two huge wings were retracted, they fell behind him like a white cloak, very majestic.

Qing Tianqi did not speak first, but folded his hands on his chest and looked at the people in front of him calmly.

Seeing Qing Tianqi's attitude, all the trialists became more uneasy and worried. They couldn't guess what Qing Tianqi was thinking.

After a long while, someone bravely stepped out of the crowd, but it was the cold-blooded young man who had previously spoken to the Northern Qin Crown Prince, Wu Ying from the Sky Eagle Kingdom.

At this moment, Wu Ying's face did not have the indifference of the past, but he bowed his hands to Qingtian Qi in awe and said,

"Wu Ying from Tianying Kingdom, I have met you here. I don't know which country you are a player from?"

"Crescent Moon Kingdom, Ye Yulong!"

Qingtian Qi calmly spat out these six words.

The crowd was in an uproar.

The Crescent Country is a little-known country. Most of these trialists are not familiar with the Crescent Country. Some of them don't even have the name of the Crescent Country. I've heard of it.

According to their usual thinking, peerless geniuses like Qingtian Qi usually only appear in moderately powerful countries or above. Some small countries are unlikely to produce such peerless figures.

After all, among small countries, Due to the lack of people and materials, it is difficult to cultivate a peerless talent like Qingtian Qi. At that moment, everyone was inevitably sighing.

But at this time, Wu Ying asked carefully:"It turns out that it's Brother Ye, and Wu is lucky to meet you."! I wonder if Brother Ye is going to enter the Corridor of Life and Death?"

Hearing this, Qingtian Qi ignored him, but turned his attention to Bai Jinyue in the crowd and shouted:"Sister! Let's go, time is running out, don't waste time with these people!"

When Bai Jinyue heard Qingtian Qi calling her sister, she felt inexplicably happy. She seemed to understand Qingtian Qi's meaning immediately, and immediately nodded obediently and walked out.

Among the crowd, there were some trialists who knew a little about Yeyue Kingdom. I immediately thought secretly in my heart

"It turns out that Ye Yulong is the younger brother of Princess Yue. No wonder his surname is Ye. It turns out that he is also a royal descendant of the Crescent Moon Kingdom. Unexpectedly, the Crescent Royal Family would have such a powerful son. It seems that the Crescent Kingdom has a successor and will gradually become stronger in the near future."

At this time, Qingtian Qi and Bai Jinyue ignored everyone and walked straight towards the entrance of the Corridor of Life and Death.

Seeing this, everyone looked at each other with surprise on their faces..

Chapter 3044

At this time, Wu Ying couldn't help shouting:"Brother Ye, please wait a moment, I have something to tell you!"

Qing Tianqi stopped, turned around and asked:"What's the matter?"

"Brother Ye, maybe you don't know yet. The Prince of Northern Qin was guarding the entrance, preventing everyone from entering. He also promised to kill everyone. If Brother Ye goes like this, he might be ambushed by him!"

Hearing this, Qingtian Qi had already expected it, and immediately sneered: "Haha! Others are afraid of him, the Prince of Northern Qin, but I am not afraid of him. If I want to pass, what can he do to me?"

What Qingtian Qi said is not a big lie. Although he is not the opponent of the Northern Qin Prince, he is confident that his speed on the ground is faster than that of the Northern Qin Prince.

Now, Qingtian Qi's flying speed is infinitely close to that of a sixth-level warrior. But his movement speed on the ground has a speed bonus of 150%, which is faster than his flying speed and significantly faster than those warriors who have just entered the sixth level.

And the Prince of Northern Qin has just advanced to the sixth level. The fighting strength is only 200,000 people.

So Qingtian Qi believes that even if I can't deal with the Northern Qin Prince, I can still escape from the Northern Qin Prince.

But when those trialists heard Qing Tianqi's words, they opened their eyes in surprise, as if they saw hope.

At this time, Qing Tianqi said to Bai Jinyue: "Sister, let's go!"

After saying that, the two of them were about to leave.

Then Wu Ying said anxiously: "Brother Ye, since you have a way to get through the Northern Qin Prince's challenge, can you also help us? Let us also break through his defense? Then the Northern Qin Prince is guarding the door. We will perish if we go in. If we don't go in, the time is coming and we will be wiped out soon."

"yes! We hope His Highness Prince Ye will help us!"

In the crowd, some people who knew that Bai Jinyue was the princess of the Crescent Kingdom naturally thought that Qingtian Qi was the prince of the Crescent Kingdom.

At that moment, some people who reacted quickly asked Qingtian Qi for help.

"Your Highness, Prince of the Night, please help us just once! Qingtian Qi said coldly:"

I'm not familiar with you, why should I help you?"

After hearing this, everyone was stunned and speechless.

Qingtian Qi was not familiar with them, and they had no reason why Qingtian Qi had to help them. Whether he could help them or not, it all depends on Qingtian Qi's personal wishes. At this time, Wu Ying hesitated for a while and said

"Your Highness, Prince of the Night, perhaps our request is a bit abrupt. However, we will not let His Highness Prince Ye help in vain. Let's do this. We each pay a Nine Yuan Fruit in exchange for Prince Ye's help. I wonder what His Highness thinks?"

Hearing this, Qingtian Qi felt secretly happy in his heart.

He did it deliberately before, that is, he wanted to get some benefits from these people and let them come up with it themselves.

Although Qingtian Qi has the strength to directly snatch some nine-year benefits from these people. Yuan Guo, but he didn't want to do that.

Because he knew in his heart that there was Long Xing waiting for him outside.

If he killed all these people, the target of the few who were alive would be too obvious.

As long as those who get out alive The more people there are, the more objects Long Xingke will suspect, which is still beneficial to him.

However, Qingtianqi heard Wu Ying's suggestion and sneered.

"Although the conditions you gave are good, there are so many of you, and I can't escort you all there one by one. Besides, there is less than half an hour left. The corridor of life and death is three miles long, and it will take a lot of time to go back and forth. I think it's better to forget it and you can figure it out on your own!"

After that, Qingtian Qi pretended to leave...

Chapter 3045

Wu Ying suddenly said anxiously: "Your Highness Prince Ye, you have misunderstood me. We are not asking you to escort us one by one. We only ask that you can help us pester the Northern Qin Prince for a while and buy us some time. , we rush over by ourselves."

Qingtian Qi frowned slightly and said in a deep voice: "It's okay to let me entangle the prince of Northern Qin, but I can only entangle him for a cup of tea at most. In the meantime, I can't guarantee it. Everyone of you can pass safely."

Seeing Qingtian's mouth relaxed, Wu Ying finally showed joy on his face, and immediately said: "Don't worry, Your Highness! You just need to help us entangle the Northern Qin Prince for a cup of tea. Everything else depends on We are on our own, life or death is up to us!"

"good!"

Qingtian Qi immediately decided

"I can accept this condition. Wu

Ying was overjoyed, turned around and said to everyone: "Everyone must have heard what I just said. If you want to get Prince Ye's protection, everyone must hand over a Nine Yuan Fruit." If you don't want to pay, please leave the team and let them fend for themselves."

After saying this, Wu Ying took out a Nine-Yuan Fruit and presented it to him first.

Qingtian Qi also accepted it unceremoniously.

In the crowd, Bai Jinyu also laughed.

"Ha ha!! I am also willing to hand over a Nine Yuan Fruit and ask for Prince Night's protection!"

At the moment, Bai Jinyu, Qingtianjun, and Wu Xiaoyue all pretended not to know Qingtianqi, and the three of them stepped forward to hand over a Nine Yuan Fruit.

When everyone saw this, no one hesitated anymore, and rushed to hand it over to Qingtianqi. A Nine-Yuan Fruit, for fear that they would be late.

In their opinion, exchanging one Nine-Yuan Fruit for their chance to live is a great deal.

In the blink of an eye, Qingtian Qi had more than twenty Nine-Yuan Fruit. The fruit came in, which made him feel happy.

Not long after, everyone handed in a Nine-Yuan Fruit, and only four testers were left, standing there with a sad face, with no intention of handing in the Nine-Yuan Fruit.

Seeing this, Qing Tianqi frowned and said, "What? The four of you don't want to hand over the Nine Yuan Fruit, so don't you need my prince's protection?"

As soon as these words came out, one of the four trialists said with a bitter face: "Your Majesty Prince Ye, it's not that the four of us don't want to hand over, but the four of us only have three Nine Yuan Fruits in our body. One for you. The four of us will also be wiped out for not completing the mission."

Hearing this, Qing Tianqi suddenly realized.

He pondered for a while and said: "I am not someone who wants to kill everyone. In this situation, if I can help you, I will help you. Let's do this. Each of the four of you brings out a treasure that satisfies me, and it can be considered as equivalent to a Nine Yuan Fruit."

Hearing this, the four people were overjoyed and took out a treasure one after another.

"By the way, who among the four of you has a gold-type speed martial skill? It doesn't need to be very advanced, just a speed martial skill similar to the water type 'Lingbo Step'."

It turns out that Qingtian Qi's Phantom Tracking Step is just a fusion of the three-series speed martial arts of water, wood, and fire. Some time ago, he obtained the 'Earth Movement', so he wanted to find another same metal-series speed martial skill, and then merge it into a five-series. The speed of martial arts came out.

As soon as Qingtian Qi said this, a woman among the four people said in surprise

"Your Highness, Prince Ye, the little girl happens to have a gold-type speed martial skill in her hand, called 'Yunguang Step', which can increase her speed by 10%. I hope Your Highness will accept it!"

Hearing this, Qingtian Qi was also pleasantly surprised. He didn't expect that he actually collected a gold-type speed martial arts skill just by casually picking it up. At that moment, Qingtian Qi put away the gold-type martial arts skill unceremoniously.

Then, the other three people They all presented their treasures respectfully.

The three of them were worried that Qingtian Qi would not look down on him, so they all took out their best treasures and presented them.

Qingtian Qi only glanced at them briefly, but did not take a closer look, and he did not have time to study. He put it away directly.

In fact, he asked these three people to present the treasures as a formality.

After doing this, Qingtian Qi said to everyone: "Everyone, I will go in first and force the Prince of Northern Qin away from the entrance. You guys will wait outside the entrance. When you hear my order, rush in together. From now on, I will keep pestering the Northern Qin Prince, and everything in between is up to you."

"We just follow His Highness the Night Prince's orders!"

"good!"

Qingtian Qi immediately cheered, and gave instructions to Bai Jinyue, then flashed his figure and rushed towards the entrance first..

## Chapter 3046

After Qingtian Qi walked away, whispers of discussion came from the crowd.

"This Prince of the Night is so powerful! But why do I feel that he has not yet reached the level of a sixth-level warrior, and his strength seems to be around 160,000 people. But can a fifth-level warrior be so powerful? This is impossible, right?"

"yes! The fifth-level warrior is indeed not that strong! Even the fifth-level warriors at the top of the fifth level of Dzogchen are not so strong!"

"Even if combined with psychic integration, it is impossible to achieve such a strong strength. What's more, I think his realm aura seems to be only at the peak of the fifth level, which is incredible."

As soon as he said this, someone in the crowd remembered something and shouted:"I know what's going on. His Highness Prince Ye must be the legendary warrior of the Wind and Thunder Twin Elephants. Only in this way can we explain why he was so strong when he was at level five."

"good! It is indeed possible for a warrior with the dual elephants of wind and thunder, coupled with the psychic fusion, to achieve such terrifying strength. It is said that the warriors of the Wind and Thunder Twin Elephants at the peak of the fifth-level Great Perfection can have the strength to compete with the sixth-level warriors. I didn't expect that we would be able to see it with our own eyes today!"

"Oh my God! Five-line warriors have been rare to see for hundreds of years, and their rarity is comparable to that of true spiritual warriors. But the warrior with the dual elephants of wind and thunder is even rarer! Because not every five-element warrior can become a wind and thunder double elephant warrior, and their rarity is even rarer than those of true spiritual body warriors!"

At this moment, everyone was very shocked, with surprise and disbelief on their faces.

At this time, Lord Qingtian in the crowd shouted:"Everyone! Let's not waste time here. Let's go to the entrance and wait for the order!"

At that moment, everyone rushed towards the entrance.

But on the other side, the Prince of Northern Qin and others were waiting in the Corridor of Life and Death, feeling bored.

A Northern Qin player said anxiously: "Your Highness, weren't those people still clamoring earlier? Are you still rushing in together? Why has there been no movement for so long? Is there some conspiracy?"

The prince of Northern Qin sneered disdainfully: "Humph! What kind of conspiracy can they pull off just by themselves? In the face of absolute strength, all conspiracies are in vain. The prince saw that they were afraid of death and had been discussing who would rush in first and die! Ha ha!!"

Just when the Prince of Northern Qin laughed proudly, a loud laugh also came from outside the entrance.

"Ha ha!! Your Highness, we meet again!"

With this laughter, a light and shadow rushed out of the door at an extremely fast speed.

"Huh!"

The Prince of Northern Qin immediately let out a surprise, and was horrified at the speed of the incoming man.

At the same time, his figure flashed, the long sword in his hand was unsheathed, and he slashed towards the incoming man.

However, the incoming man was very fast, and he avoided the figure as soon as he turned aside. He took his sword, and at the same time, he drew out a sword and stabbed himself in the throat. The prince of Northern Qin's face changed slightly, and he was shocked in his heart, the person coming was definitely a master.

At that moment, he turned his head to avoid the sharp stab. With a sword, he sneered: "Well done!"

I saw the long knife in his hand swinging horizontally, and he struck the person in the middle. The person jumped over in the air to avoid the knife.

The prince of Northern Qin immediately laughed ferociously: "You are looking for death!"

I saw him turning around and slashing at the man in the air with one strike. With this strike of the strike, the Prince of Northern Qin's face showed joy.

According to common sense, it is extremely inconvenient for people to dodge in the air. With this strike of his strike, the person in the air would be killed. He had to take his blow forcefully.

In fact, the Prince of Northern Qin had discovered that although the newcomer's strength was not weak, there was still a big gap between him and him. Let's look at the past few rounds since the newcomer came in and the two sides fought.

Come. Everyone is avoiding the easy matter and not daring to confront him head-on.

But with this sword attack, the Prince of Northern Qin knew that the attacker would not be able to dodge, so he had to confront him head-on. If he had a head-on collision with him, the attacker would definitely suffer.

When he thought of this, Beiqin Prince Qin's face showed a look of joy. He wanted to see the other party's embarrassment.

But just when the Prince of Northern Qin's knife was about to hit the intruder, a scene that surprised him happened..

Chapter 3047

But just when the Prince of Northern Qin was about to hit the intruder with his sword, a scene that surprised him happened.

I saw a sudden "swish" sound behind the person coming, spreading a pair of wings, shaking his wings, flying back in the air, avoiding his slashing knife, and then landed gently in front of him

"It's you! Wang Xi!"

At this time, the Prince of Northern Qin saw the appearance of the person clearly, and he was extremely horrified.

Qingtian Qi saw that the Prince of Northern Qin recognized him, and immediately laughed and said: "Your Highness, let me tell you the truth! Wang Xi is just my pseudonym, my real name is Ye Yulong, the prince of the Crescent Moon Kingdom."

The reason why Qingtian Qi changed his name was also to guard against Long Xing.

After all, Wang Xi was mentioned emphatically by Long Xiaotian, and Long Xing would inevitably pay attention. This is not a good thing for Qingtian Qi.

The only good thing is that Long Xing I only know the name Wang Xi, but I don't know what Wang Xi looks like.

Now Qingtian Qi has changed his name. After he goes out, even if Long Xing notices him and asks other players who he is, others will say that he is "Ye" Yu Long'.

Long Xing would not have thought for a moment that Yu Long was Wang Xi this night.

But he said that when the Prince of Northern Qin heard what Qing Tian Qi said, he immediately sighed and said

"It turns out that you are the prince of the Crescent Kingdom. I didn't expect that you are so strong! It turns out that I underestimated you before. hehe!! I never imagined that your little Crescent Moon Country could produce such a peerless person like you."

"And you are about the same age as me. It seems that among the younger generation of the Eastern League, you are the only one who is barely qualified to be my opponent."

"Ha ha!! Your Highness the Crown Prince has given you the award. I heard that His Highness the Prince is guarding here and wants to kill everyone who wants to pass by. It's a pity that His Highness the Crown Prince let me run away."

Hearing this, the Prince of Northern Qin's face became a little ugly, and the corner of his mouth couldn't help but twitch. Just now he and Qing Tianqi had a fight, but there was no sign of gaining the upper hand. Instead, the opponent allowed the opponent to break through his defense and bypass him. His rear.

This made the Prince of Northern Qin extremely depressed. It was clear that the other party was not as strong as himself, but he could not take advantage of him, and he was inevitably a little entangled in his heart.

However, the Prince of Northern Qin was also a person with a delicate heart.

After what happened just now In their first encounter, he was keenly aware that Qingtian Qi's speed was not inferior to his own.

Moreover, although Qingtian Qi's aura was not as strong as his, it was still extremely strong. It would not be easy for him to intercept Qingtian Qi.

If Qingtian Qi really ran away blindly, he really had no way to keep Qingtian Qi.

Thinking of this, the Prince of Northern Qin smiled and said:"Prince Ye, I think you are also a master. There are some things that you and I know very well. So be it, I hope Prince Ye will not interfere in the affairs here and go to the Temple of Heaven first! The prince also has to deal with some personal matters here.

Qingtian laughed together:"Haha!"! I'm afraid I will disappoint His Royal Highness the Crown Prince! This time, I don't want to go through this alone. There are people outside this entrance waiting for me to help them pass."

Hearing this, the expression of the Prince of Northern Qin changed slightly, and he said in a deep voice:"Is he a player from your Crescent Moon Kingdom? If it is a contestant from the Crescent Moon Kingdom, I will not kill him and let him pass with you. how?"

By doing this, the Prince of Northern Qin has given Qingtian Qi a lot of face. This is also because he regards Qingtian Qi as an opponent of the same level.

If it were anyone else, this would be impossible.

Just when the Prince of Northern Qin thought Qingtian Qihui agreed.

However, Qingtianqi sneered and said, "Sorry! Your Highness, the person I promised to take away was not just one person, but everyone outside? Hearing this

, the Prince of Northern Qin's face changed drastically, and he said coldly: "Ye Yulong, what do you mean?" Are you here specifically to fight against this prince?"

"It is not that I want to go against His Highness the Crown Prince, but that I have accepted their benefits and have to keep my promise!"

The prince of Northern Qin was furious.

"Ye Yulong, what do you really think you are? If I give you a color, wouldn't you know how high the sky is and how high it is? Do you really think you are qualified to talk to this prince about this? Since you insist on going against this prince, then go die now!"

As soon as he finished speaking, the Prince of Northern Qin roared and rushed towards Qingtianqi..

Chapter 3048

Seeing the Prince of Northern Qin coming to kill him, Qingtian Qi was startled and quickly avoided his sharp edge, turning sideways to avoid the knife struck by the Prince of Northern Qin.

The sword cut through the air and hit the ground directly. boom!

A loud bang! Debris is flying!

Huge energy storms spread out.

The six Northern Qin players standing around all backed away in horror, not daring to get close to the battlefield between the two for fear of being affected.

After all, the strength gap between them and Qingtian Qi is too big. As long as they are affected, they may be injured.

But when the Prince of Northern Qin saw that Qing Tianqi had avoided his attack again, he became furious and slashed with his sword diagonally, shouting even more violently.

"July Hua Zhan! Where are you hiding this time?"

The Prince of Northern Qin swung his sword, and the tip of the sword was like 'swipe! Whoosh!' Seven moon-shaped sword lights flew out in succession, blocking all Qingtian Qi's retreat routes.

Qingtian Qi was shocked. This time he could not avoid it. After all the attacks, he had no choice but to bite the bullet and resist the two oncoming sword lights.

At that moment, Qingtian Qi came out with both swords, with the Five Elements Sky Slash in his left hand and the three dragons roaring in his right hand, slashing towards the two moon-shaped sword lights. The two sword lights were cut off.

However, with this resistance, time was delayed for a while. The Prince of Northern Qin took the opportunity to flash his figure and approached Qingtian Qi. With a move of 'Moon God Slash', it turned into a giant light sword and struck down immediately.

Qingtian Qi was horrified and retreated sharply.

But he couldn't avoid the 'Moon God Slash'.

Seeing that Qingtian Qi was about to be split in half by that move.

At this critical moment, Qingtian Qi quickly activated 'Five Elements Shield'

'There was a loud bang, the light shield shattered, and the light knife immediately struck Qing Tianqi's chest, but was blocked by Ruyi's armor.

Qingtian Qi immediately groaned and his body was blown away.

The Crown Prince of Northern Qin was immediately overjoyed: "Haha!! With your strength, you dare to go against the Crown Prince, let's see how I kill you!"

At the same time as he spoke, the Crown Prince of Northern Qin transformed into a stream of light and chased away.

His speed is extremely fast, faster than Qing Tianqi flying backwards.

In the blink of an eye, the Prince of Northern Qin caught up with Qingtian Qi, and with a flash of cold light in his hand, he slashed at Qingtian Qi's neck again.

At this moment, Qing Tianqi had just received a heavy blow, his breath in his chest was extremely confused, and his body was in a state of being unable to move.

But at this critical moment, Qingtian Qi's eyes flashed, and two God-Destroying Thorns were fired at the Northern Qin Prince at the same time.

At the same time, the third eye on his forehead suddenly opened, and then shot a 'divine light of destruction' towards the Prince of Northern Qin.

However, it was said that the Prince of Northern Qin was concentrated by the God-Destroying Thorn, and his brain immediately felt a stab of pain, and then he became trance-like, his eyes became confused, and the attack in his hand stopped.

Qingtian Qi also took the opportunity to escape this disaster.

However, the Prince of Northern Qin only came to his senses in an instant.

As soon as he woke up, he saw an attack of divine light of destruction coming, and in the blink of an eye it was approaching his chest.

At such a close distance, he could already feel the extremely terrifying power of the 'Destruction Divine Light'.

The Prince of Northern Qin was so frightened that he broke into cold sweat. He wanted to dodge but it was too late.

At that moment, the Prince of Northern Qin retreated quickly while shouting in a low voice: "Dazzling shield, open!"

‘A dazzling white light flashed, and a white light protective shield quickly lit up around the Prince of Northern Qin.

That is the gold element's superior defensive martial skill 'Dazzling Shield'.

But the dazzling shield had just been activated, and the attack of 'Destroying Divine Light' had arrived.

‘There was a loud bang!

The dazzling shield was hit by the 'Destruction Divine Light' and was bombarded to pieces and exploded!

But the power of the divine light of destruction was not completely offset, and it continued to shoot towards the chest of the Northern Qin prince.

It hit the chest of the Northern Qin Prince in an instant, and exploded in front of the Northern Qin Prince's chest, revealing the top-grade armor inside.

The prince of Northern Qin also groaned, and was hit by the huge attack force and took three or four steps back before he stood upright with a flushed face...

Chapter 3049

"Oh my God! What was that light just now? What a terrifying attack power! Even the best martial arts skills are nothing more than this!"

The Prince of Northern Qin looked forward with lingering fear. At this moment, his breath was unsteady and there was a slight pain in his chest.

If he hadn't been wearing the best armor for self-defense, the divine light of destruction just now would have definitely injured him.

At the same time, he would have been injured. , Qingtian Qi, who was flying upside down in the air, jumped over in the air, spread his wings, and fell back to the ground. He took five or six steps back before he could stand upright. As soon as

Qingtian Qi fell back to the ground, his face turned pale and his chest became heavier. Qi and blood surged, and a bloody air surged straight into his throat, as if he was about to spit out blood, but he suppressed it forcefully.

It turned out that Qingtian Qi had just received the "Moon God Slash" move from the Northern Qin Prince. , although he blocked it, he still suffered some internal injuries.

However, this already made Qingtian Qi extremely happy.

If it had been anyone else with the same combat power, the blow just now would have been seriously injured even if it had been blocked.

After all, Northern Qin The prince is a gold-type warrior.

The sword light of a gold-type warrior can break armor and attack, and the sword energy directly penetrates into a person's body, damaging their internal organs.

Fortunately, Qingtian Qi has just strengthened his physical body, and his internal organs have also been strengthened some time ago. , but he could barely withstand the attack of the Northern Qin Prince's sword light, and only suffered some minor internal injuries.

Even so, Qingtian Qi's current state is not very good, and the breath in his chest is very chaotic.

However, Qingtian Qi's mood at the moment is not good. It's a very pleasant surprise.

I didn't expect that the attack power of the 'Destruction Divine Light' is so strong, even worse than the best martial arts!

It seems that I have another way to make the Northern Qin Prince fearful.

It's just a pity, Although this divine light of destruction is powerful, I cannot use it continuously and can only use it at critical moments!

It turns out that after Qingtian Qi released a 'divine light of destruction', I felt vaguely that my brain was a little dizzy, my body was weak, and my energy was exhausted. It's very serious.

Obviously, although the 'Destruction Divine Light' is powerful, it is not suitable for frequent use.

But on the other side, the Prince of Northern Qin calmed down the breath in his chest before stepping forward with a solemn expression.

At this time, Qingtian Qi's face The situation gradually returned to normal.

When the Prince of Northern Qin saw that Qingtian Qi was not injured at all, his face changed slightly, and he was very frightened in his heart, feeling a little unbelievable.

"Ye Yulong, I didn't expect that you were not hurt even after you took my knife. I think your combat strength is only 160,000 people, which is a full 40,000 people less than mine. If it had been anyone else, the knife just now would have resulted in vomiting blood!"

"hehe!! Your Highness the Crown Prince has given you the award! I think His Highness the Crown Prince showed mercy, right?!"

Hearing this, the Crown Prince of Northern Qin had an angry look on his face.

He showed no mercy in the blow just now. When Qing Tianqi said this, he couldn't help but feel a little angry.

Especially when he thought that he was much stronger than the opponent, but they had just fought head-on. Next, although Qingtian Qi suffered a little bit, he himself also suffered a bit when he was almost plotted.

In general, neither party took any advantage, which made him unacceptable, and he felt even more sad in his heart. Suffocated.

If Qingtian Qi's combat power was equal to his, he could still accept the situation just now, but the fact is not the case.

Thinking of this, the Prince of Northern Qin sneered: "Ye Yulong, no wonder you are so arrogant. , you do have the qualifications to be arrogant! It seems that if I want to deal with you, I must go all out. This prince will make you regret going against me!"

At this moment, Qingtian Qi's status in the heart of the Northern Qin Prince has been greatly improved, to the point where he needs to go all out..

Chapter 3050

But after the Prince of Northern Qin said those words, he opened his mouth wide and spit out a sword spirit, which merged with his top-grade spirit sword.

After the 'blade spirit merged into one', the entire blade emitted a dazzling white light, and an extremely terrifying aura spread out.

Seeing this, Qingtian Qi's expression changed slightly.

The Prince of Northern Qin immediately laughed and said: "Haha!! After my sword and spirit merge into one, my attack power can be increased by at least 20%. I don't believe that you can still withstand my attack? Next time you can Not so lucky"

"However, you should be proud! You are the first level 5 warrior who can force this prince to use his sword and spirit to merge into one!!"

"Yeah? Don't think that you are the only one with the sword spirit!"

Qingtian Qi also opened his mouth and spat out a sword spirit, which merged with the Sun-Chasing Sword in his left hand, the 'Sword Spirit Unity'. The aura emitted by the long sword also increased rapidly.

"Huh! A trace of surprise flashed across the eyes of the Prince of Northern Qin, and then he sneered: "Even if that's the case, so what?"

After saying this, he suddenly turned around and said to the other six Northern Qin players.

"Time is running out, and those guys outside will definitely be eager to rush in soon. I want to get rid of this Ye Yulong first, and I don't have time to guard the entrance for the time being. You six go and guard the entrance first."

"Only two people can come in at that entrance at a time. If you see anyone coming in, attack them together. Of those losers outside, few of them can withstand a combined attack from the six of you."

"yes! His Royal Highness the Crown Prince!"

Hearing this, the six people hurriedly went to guard the entrance.

Seeing this, Qingtian Qi's face changed slightly.

Now, there is only half a stick of incense left before the final time limit. He has not much time left, but outside Everyone was anxiously waiting for his signal, and he could not delay any longer.

But now, although he was entangled with the Northern Qin Prince, there were six Northern Qin people guarding the entrance.

If he sends the signal now, let him If people from the outside rush in, the people who come in from the outside will inevitably be ambushed by six Northern Qin players, and the casualties will still be heavy.

Especially among the people outside, but with Qingtian Jun and the four of them here, maybe Bai Jinyu can still He forced his way in, but the other three were more concerned.

This was naturally not what Qingtian Qi wanted to see, and he didn't want Qingtian Jun and the four of them to be harmed.

Thinking of this, Qingtian Qi sneered and said: "Your Highness, It seems I have to kill your men first."

After hearing this, the expressions of those Northern Qin players changed drastically and they looked at each other in fear.

The Northern Qin Prince was even more furious: "Do you really think you can hurt my people in front of me? How arrogant! Go to hell!"

At the same time as he spoke, the Prince of Northern Qin flashed with lightning and roared towards Qingtian Qi.

In a blink of an eye, the Prince of Northern Qin was close to Qingtian Qi's figure and slashed at Qingtian Qi's face with a knife.

The power of this knife was obviously stronger than before. A lot, obviously the power was greatly increased after the 'union of swords and spirits'.

Qingtian Qi immediately dodged to avoid the sword.

At the same time, he used the sun-seeking sword in his left hand to attack the prince of Northern Qin with a roar of three dragons, and let out his final A powerful martial arts attack.

He wanted to use this move to force the Prince of Northern Qin back, and then kill the Northern Qin players guarding the entrance.

But the Prince of Northern Qin also reacted very quickly, quickly avoiding this move and blocking Qingtian Qi's attack first. On the way out, another move of 'July Flower Slash' forced Qingtian Qi back to his original position.

The two sides started fighting.

The battle scene was extremely fierce, and the whole hall was trembling.

Not far away, the six Northern Qin players were watching His face changed slightly.

Outside the entrance, those trialists who were waiting for Qingtianqi's signal also heard the fierce fighting inside, and they were all extremely nervous..
