Chapter 3051

Outside the entrance, those trialists who were waiting for Qing Tianqi's signal also heard the fierce fighting inside, and they were all very nervous.

After a long while, someone whispered: "I wonder what's going on inside? Listening to the sound of the fighting, it must be very fierce! I wonder if His Highness Prince Ye can entangle the Crown Prince of Northern Qin?"

"nonsense! Prince Ye will definitely be able to entangle the Prince of Northern Qin! From the sounds of fighting, one could tell that it was two sixth-level warriors fighting fiercely. A fifth-level warrior could not make such a big noise. Obviously, the Prince of Northern Qin was entangled by Prince Ye, and the two sides were fighting fiercely!"

"If that's the case, why didn't Prince Ye inform us to rush in together?"

At this time, Wu Ying in the crowd said coldly

"snort! Do you think the Prince of Northern Qin is the only one at this entrance? I've seen it before with an eagle eye. In addition to the Prince of Northern Qin, there are also six players from Northern Qin."

"The Prince of Northern Qin was entangled by Prince Ye, but the six Northern Qin players were not entangled. They must be ambushing at the entrance. The Prince of Night must have wanted to help us eliminate the ambush at the entrance, so he never sent us a signal."

"Brother Wu is right! Things should look like this. It's just that His Highness Prince Ye's strength seems not as good as that of the Prince of Northern Qin. It's impossible for him to eliminate other Northern Qin players in front of the Prince of Northern Qin!"

"I think we don't have much time now. We can't wait any longer. Why don't we take advantage of Prince Ye's opportunity to entangle the Prince of Northern Qin and rush in together now?"

"No! If we rush in now, there will definitely be casualties. Let's just believe in the Prince of Night! He hasn't sent us a signal for so long, so he should have a way to eliminate the ambush that fell into the entrance. As long as the ambush at the entrance is dealt with, our casualties will be reduced a lot. By rushing through together, more people should be able to survive."

"That's fine! Then let's wait a little longer! All this can only be done by Your Highness, Prince of the Night!"

"yes! I hope His Highness can complete his mission."

At the same time, in the Corridor of Life and Death,

Qingtian Qi had already fought against the Prince of Northern Qin for dozens of rounds.

At the beginning, the two sides fought inextricably.

But after dozens of rounds, Qingtian Qi was not as strong as the Prince of Northern Qin after all. He was defeated by the Prince of Northern Qin and was at a disadvantage.

Seeing this, the Prince of Northern Qin laughed arrogantly.

"Ha ha!! Ye Yulong, you arrogant guy. Didn't you say you wanted to kill our Northern Qin people in front of this prince? With your little strength, you can't even protect yourself, yet you dare to say such big words in front of this prince. It's absolutely ridiculous!"

At this moment, Qingtian Qi was also extremely anxious. He knew that he would not have much time if he continued like this.

Thinking of this, Qingtian Qi's eyes flashed, and he suddenly shot two God-Destroying Thorns at the Prince of Northern Qin, which immediately made the Prince of Northern Qin For a while, he was in a trance.

Qingtian Qi took the opportunity to get rid of the pressing pressure of the Northern Qin Prince, and quickly pressed the seal.

In an instant, the Northern Qin Prince came to his senses.

Qingtian Qi had already completed the seal, and immediately used the 'Mist Hidden Technique', and the surroundings immediately A vast mist shrouded the two of them.

The Prince of Northern Qin suddenly felt that his eyes were completely white and it was difficult to see.

But at this moment, the sound of a sharp sword piercing the air suddenly came from in front of him.

The Prince of Northern Qin could not see. Qing attacked. Immediately his face changed with fright, and he retreated hurriedly. In a hurry, he could only rely on hearing the sound to identify his position, and hurriedly blocked the oncoming attack.

But he just blocked the sudden sword, but another sword came from the side. Attacked.

The Prince of Northern Qin once again avoided it in panic.

But as soon as he gave in, a strong wind blew past him.

The Prince of Northern Qin immediately woke up, his face changed drastically, and he secretly thought something bad.

It turned out that Qingtian Qi suddenly cast Mist Yin Shu, relying on the power of 'Tian Ting', forced the Northern Qin Prince away, took the opportunity to break through the Northern Qin Prince's defense, and killed the Northern Qin players at the entrance..

Chapter 3052

The prince of Northern Qin wanted to pursue Qingtian Qi and block Qingtian Qi's way.

But in the thick fog, he couldn't see the blue sky, so he couldn't intercept it.

At that moment, the Crown Prince of Northern Qin was extremely anxious. He quickly made a seal with one hand, and even more urgently said in his mouth:"Condensing light breaks the fog! Break!"

As he made the seal, the whole body of the Crown Prince of Northern Qin glowed with white light, like the scorching sun, shooting toward the sky. There was a strong light all around.

In an instant, with the Northern Qin Prince as the center, the surrounding thick fog quickly dissipated.

In just a moment, the thick fog was dispersed.

The prince of Northern Qin also saw Qingtian Qi's figure.

That Qingtian Qi was already more than twenty feet away from him, and was heading towards the group of Northern Qin players at the entrance.

"stop!"

When the Prince of Northern Qin saw this, he was frightened and angry, and rushed over to stop him. However, it was too late for the Prince of Northern Qin to stop him now.

Besides, his speed was not as fast as Qingtian Qi.

But he said that the six Northern Qin players who were ambushing at the entrance, suddenly saw Qingtian Qi rushing towards him like a god of murder.

The six people were immediately frightened to death, and they all roared in fright, disappeared with a bang, and fled in all directions.

"Ha ha! Want to escape? Is that that easy?"

Qingtian Qi immediately took out both swords and attacked two of them with two moves of 'Fire Rain Plum Blossom Sword'.

At the same time, he suddenly spread his wings, 'Whoosh! Whoosh!' and shot out nearly a hundred white feathers, turning into Nearly a hundred white light feather arrows swept towards the other four people.

"ah! ah! ah!"

There were several screams in succession, and in just a moment, four of the six Northern Qin players were killed by Qingtian Qi, and the other two were also hit by feather arrows, and both were seriously injured.

Only one of them met, and the six Northern Qin players The famous players were almost wiped out.

Qingtian Qi was about to chase down the other two surviving Northern Qin players, but there was a sound of breaking through the air behind him, and it was the Northern Qin prince who was killing him.

Qingtian Qi had no choice but to give up the pursuit. First resist the attack of the Prince of Northern Qin.

At this moment, the Prince of Northern Qin's eyes were red with anger, and he was obviously extremely angry.

He could not accept that a person who was not as powerful as him actually killed his own people in front of him, which made him Burning with rage, so angry that I want to go crazy

"Ye Yulong, you damn bitch, I will use your blood to wash away the shame suffered by this prince! go to hell!"

Qing Tianqi quickly avoided the opponent's attack and laughed:"Haha!"! Your Highness, it is not easy for you to kill me."

As soon as these words were said, Qingtian Qi immediately shouted to the entrance behind him:"Everyone can rush in together now! The threat at the entrance has been cleared by me!"

Following Qing Tianqi's shout, the trialists who had been waiting outside the entrance to listen to orders were suddenly shocked, and two people immediately took the lead and rushed in.

Then, the others rushed in.

Bei Qin When the prince entered, someone rushed in, with a ferocious look on his face and a big laugh.

"Ha ha!! You trash! Come in and die!"

At the same time as he spoke, the Prince of Northern Qin forced Qingtian Qi back with a sword, turned around and killed the trialists who had just charged in.

But as soon as he turned around, Qingtian Qi fired a beam of destruction light at his back, and

Bei Qin Prince Qin felt the danger behind him, and his expression changed drastically. He quickly turned around and opened his shield with his sword to resist Qingtian Qi's attack.

The Prince of Northern Qin was quite afraid of Qingtian Qi's divine light of destruction.

Blocking the divine light of destruction, Qingtian Qi was already in front of him, and he attacked with two swords in a row, forcing the Northern Qin Prince to resist. The two sides fought for several rounds, and the Northern Qin Prince once again forced Qingtian Qi away, and then turned around to kill the trialists who had just broken in. But he didn't expect that Qing Tianqi once again sent a divine light of destruction towards him. The

Prince of Northern Qin had no choice but to continue to resist...

Chapter 3053

In this way, Qingtian Qi used the divine light of destruction to tightly entangle the prince of Northern Qin, leaving him unable to do anything.

At the same time, Qing Tianqi anxiously shouted to the trialists: "Everyone, hurry up and buy time to rush over!"

In fact, there was no need for Qingtian Qi to shout. As soon as the trialists rushed in, they saw Qingtian Qi and the Prince of Northern Qin. In the fierce fight scene, their faces changed with shock, and they were shocked by the horrific battle scene in front of them. Without even thinking about it, they quickly bypassed the two people and fled towards the back against the wall.

Wow! In just a moment, more than twenty people rushed in

"Everyone, run!"

I saw the trialists separated into two paths, bypassing Qingtian and Qi, and then they all opened up at full speed and rushed towards the end of the corridor of life and death.

This was a race against life, and everyone was exerting all their strength. The strength.

Seeing such a scene, the Prince of Northern Qin was angry and anxious. He wanted to step forward to intercept and kill him, but Qingtian Qi was clinging to him, making it impossible for him to escape.

This time, Qingtian Qi wanted to give those trials He tried his best to fight for time, and actually fired four or five rays of divine light of destruction at the Prince of Northern Qin in succession, which was close to the limit of what he could emit.

However, he said that the Prince of Northern Qin was about to rush past him when he saw all the testers, and his heart He was so anxious that he immediately yelled at the other two surviving Northern Qin players:"You two, go and stop them!"

When the two Northern Qin players heard this, they had no choice but to bite the bullet and rush forward to stop them.

But not long after the two rushed forward, the angry testers hacked them to death!

After all, that Two Northern Qin players have been injured by Qingtian Qi.

And many of those trialists are much stronger than the two Northern Qin players. For example, Bai Jinyu has the ability to kill them with one move.

But the Prince of Northern Qin Seeing that his last two men were killed like this, he suddenly became furious and yelled.

"Damn you guys, you really think I can't kill you! Ye Yulong, get out of here!"

I saw the Prince of Northern Qin angrily slashing at Qingtian Qi with his sword, and with a move of 'Moon God Slash', he immediately slashed towards the top of Qingtian Qi's head.

Qingtian Qi's expression changed slightly, and he immediately stepped away. With one move, the Prince of Northern Qin forced Qingtian Qi back. Immediately laughed ferociously

"Ye Yulong, you killed all my men! The prince will let you see how I killed them all in front of your eyes!"

After saying this, the prince of Northern Qin immediately made a seal and shouted in his mouth: "Yanguang Clone Technique, divide!"

As soon as these words were said, two clones immediately separated from the Prince of Northern Qin. As soon as the two clones came out, they immediately turned around and killed the group of trialists who had just broken through.

And the true body of the Prince of Northern Qin But he is entangled with Qingtian Qi, making it impossible for Qingtian Qi to rescue him.

Each of the two clones of the Northern Qin Prince has 80% of its original attack power, which is the basic combat power of 160,000 people.

Such strength can only be seen in the blink of an eye. In no time, I caught up with those runners who were running slower.

'Uh-huh! Uh-huh! '

The cold light flashed and the blood splattered!

After several screams, within a moment, three slower runners were chased by the two clones of the Northern Qin Prince and killed immediately.

When the testers heard the screams behind them, they quickly turned around, only to see two Northern Qin princes coming to kill them. They were all frightened to death and ran forward even more desperately.

When Qingtian saw this, he was also shocked and angry. Among the testers, the ones running at the front were naturally Bai Jinyu, Zhou Yanzhi, and Wu Ying.

Because these three are the strongest.

Followed by Qingtianjun and seven or eight others.

But Wu Xiaoyue and Bai Jinyue were both not very fast and ran relatively far behind.

If the two clones of the Northern Qin Prince were to catch up, they would definitely be killed instantly.

Seeing this, Qing Tianqi concentrated his attacks. He wanted to rush over, but was tightly entangled by the true form of the Northern Qin Prince.

In just a moment, the two Northern Qin prince clones killed five or six more people, and Bai Jinyue, the slowest, was only thirty feet away from one of the clones.

Qing Tianqi saw that the clone was getting closer and closer to Platinum Moon, and his heart was extremely anxious..

Chapter 3054

When the Prince of Northern Qin saw Qingtian Qi being so anxious, he suddenly became proud.

"Ye Yulong, you too have today! Do you know how anxious you are? Are there any of those people who are your subordinates? Just watch as I kill them all! Ha ha!!"

The prince of Northern Qin laughed proudly, and with one move of the Moon God Slash, he slashed towards Qingtian Qi.

Qingtian Qi was anxious and angry, and immediately roared

"roll!"

I saw him move the Five Elements Heavenly Slash with his left hand, and then he met the Moon God Slash of the Prince of Northern Qin.

The swords collided with each other, and there was a loud bang. The two of them each stepped back five or six steps, and they were evenly matched.

It turns out that after the Prince of Northern Qin separated into two clones, his real strength was weakened, and he was only 80% of his original strength. At this time, the Prince of Northern Qin was no longer a match for Qingtian Qi.

Although Qingtian Qi's basic combat strength was only 160,000 people, But with superhuman speed and various special means, its comprehensive combat power is comparable to that of a warrior with the strength of 190,000 people, and is similar to that of a sixth-level warrior.

Naturally, it is stronger than the current Crown Prince of Northern Qin.

Bei Prince Qin has long been aware of this, so he has not used the 'Yangguang Clone Technique' for a long time.

After he used the Clone Technique, it was suitable for group battles, but it was not of much help in individual battles.

Previously, he He never used this move because he wanted to subdue Qingtian Qi in one fell swoop.

But what surprised the Prince of Northern Qin was that Qingtian Qi was more difficult to deal with than he thought.

However, Qingtian Qi and the Prince of Northern Qin had a head-to-head confrontation. After that, the two sides were evenly matched and each took a few steps back.

Qingtian Qi immediately snorted, and with a casual move, a white light flashed, and a silver-armored swordsman appeared behind him, which was the god-possessed puppet.

"This puppet is so powerful!"

As soon as the god-possessed puppet appeared, the Prince of Northern Qin felt that the aura emitted by the god-possessed puppet was extremely strong, and his eyes could not help but show horror. He did not expect Qingtian Qi to have such a method.

However, Qingtian Qi released the god-possessed puppet. The puppet urgently ordered: "Soul! Block this guy for me!"

As soon as these words were said, Qingtian Qi's figure flashed, and he was about to stop the two clones of the Northern Qin Prince.

"Don't even think about leaving!"

The Crown Prince of Northern Qin was anxious and wanted to stop him.

But just as he was about to stop him, he heard a rapid sound of sword wind behind him, and it was the god-possessed puppet coming from behind him. The Crown

Prince of Northern Qin's face changed slightly, and he hurriedly slashed. Resisting the sudden attack of the god-possessed puppet.

At that moment, the god-possessed puppet entangled the prince of Northern Qin.

Qingtian Qi threw away the prince of Northern Qin and chased the two clones in front.

His speed was already faster than the prince of Northern Qin. It was faster, but the basic combat effectiveness of the two clones of the Northern Qin Prince was only 80% of the original combat strength, which was the strength of 160,000 people. Their speed could not be compared with Qingtian Qi. In just a moment

, Qingtian Qi and the two clones. The distance is getting closer and closer.

However, the two clones of the Northern Qin Prince have already killed more than a dozen testers in front. At this moment, they are only a few feet away from Bai Jinyue and Wu Xiaoyue.

The testers in front are all frightened. His liver and gallbladder were split apart, he roared in terror, and tried his best to run forward.

However, the two clones of the Northern Qin Prince were behind the testers, slaughtering and laughing ferociously.

"Ha ha!! You bunch of trash, no one can escape today, they will all die here!"

At the same time as he spoke, a clone rushed forward and cut off the head of the last trialist with one knife.

The other clone also rushed forward, only ten meters away from Platinum Moon.

"You little bitch, go die too!"

The clone smiled ferociously, and slashed at Bai Jinyue's back with a knife.

Hearing the wind of the knife coming from behind, Bai Jinyue quickly turned around, just in time to see the clone attacking, and she was immediately frightened.

With her strength, she couldn't resist it at all. This sword could only be killed on the spot.

But at this critical moment, Qingtian Qi arrived in time and blocked the attack of the clone with one sword.

When Bai Jinyue saw that it was Qingtian Qi, she immediately felt secretly happy.

"Go quickly!"

Qingtian Qi shouted urgently.

Bai Jinyue understood and immediately rushed to the end of the passage

"you wanna die!"

The clone was furious and charged towards Qingtian again...

Chapter 3055

At the same time, another clone also charged towards Qingtian.

At that moment, Qingtian Qi wielded both swords and started fighting with the two clones.

Then, 'Boom! boom! 'Two loud bangs.

Qingtian Qi blocked the attacks of the two clones with two swords at the same time.

Both sides retreated.

At this moment, the true form of the Northern Qin Prince had escaped from the entanglement of the possessed puppet and was coming here.

The god-possessed puppet was naturally chasing after him.

Seeing this, Qing Tianqi's face changed slightly, and he quickly made a seal with his hands and shot a red light towards the ground.

The ground shook, and a ferocious beast that looked like a lion or a lin suddenly broke out of the ground, and a powerful aura was released.

But it was Qingtian Qi who also released the soul-seal puppet beast.

At this moment, the true form of the Northern Qin Prince had arrived.

When he saw Qing Tianqi releasing a puppet beast with a combat power of 160,000 people, a look of horror appeared on his face again

"Ye Yulong, I didn't expect you to have so many hidden tricks. It seems that I still underestimate you.

Qingtian Qi sneered:"Haha!"! Prince of Northern Qin, as long as I am here today, your plot to kill everyone will not succeed! Hearing this

, the Prince of Northern Qin was furious:"It turns out that you didn't help them for those benefits, but you really wanted to go against me. Then go to hell!"

At the same time as he spoke, the Prince of Northern Qin and the two clones killed Qingtian Qi and the puppet beast.

But at this moment, Qingtian Qi's god-possessed puppet also arrived.

The two sides started fighting.

At the moment, the two sides were three against three..

For a time, the fight was dark and the scene was very fierce.

Both sides were equally matched in strength, and it was difficult to tell the difference. In the blink of an eye, the two sides had fought for seventy or eighty rounds, and it was still a deadlock.

Previously, Qingtian Qi was not The opponent of the Prince of Northern Qin.

But now with the help of the God-possessed Puppet and the Soul-Sealed Puppet Beast, the two sides were evenly matched, and no one could restrain the other.

However, the Prince of Northern Qin became more anxious as the battle progressed, because the testers were running away more and more. The farther he got, the more he would disappear from his sight in the blink of an eye.

But he was tightly entangled by Qingtian Qi, and there was no way he could pursue him.

At that moment, the Prince of Northern Qin was extremely angry and cursed loudly.

"Ye Yulong, you are a humble person, do you have to go against this prince? snort! To tell you the truth, if you offend this prince, you will offend our country, Northern Qin. Even if I can't kill you today. After we leave, our Northern Qin Kingdom will definitely destroy your Crescent Moon Kingdom."

Hearing this, Qing Tianqi sneered.

"Prince of Northern Qin, how dare you say such nonsense now. Have you ever thought that if I oppose you alone, I am only opposing you, the Northern Qin Kingdom? And you are so bold that you want to kill everyone who is not from Northern Qin. Are you pitting your Northern Qin State against the entire Eastern Alliance?"

"Although your Northern Qin State is strong, facing the entire Eastern Alliance, it is like an egg hitting a stone. If you killed everyone today, that would be okay, because no one has evidence that you killed them, and there is nothing they can do against you. But you killed a lot of people today, but there were also a lot of people who got out alive."

"Those who get out alive will definitely expose your crimes to the public. When the time comes, your Northern Qin Kingdom will definitely become the target of public criticism. By then, your life in Northern Qin Kingdom will be difficult, so will you still have time to cause trouble for our Crescent Moon Kingdom? Ha ha!!!"

Hearing these words, the expression of the Prince of Northern Qin changed greatly, but he did not expect such a deep level.

Now that Qingtian Qi mentioned it, he suddenly realized it, and immediately his heart burned with anger, and he was extremely angry.

"The current situation is not all caused by you, a bastard. Ye Yulong, this prince must kill you today! If I don't kill you, how can I relieve the hatred in my heart?"

At this moment, the Prince of Northern Qin was like crazy. He led his two clones and fought more fiercely with Qingtian Qi.

In the blink of an eye, the two sides fought for more than a hundred rounds, and the situation was still in a stalemate..

Chapter 3056

Qing Tianqi estimated in his heart that those trialists could almost escape.

Now even if he doesn't stop the Northern Qin Prince.

The prince of Northern Qin could not catch up with those people.

Thinking of this, Qing Tianqi breathed a sigh of relief.

But at this moment, the Prince of Northern Qin suddenly jumped out of the battle circle, pinched the seal in his hand, and merged with his clone into one, returning to his original appearance.

Seeing this, Qing Tian was greatly puzzled.

But the Prince of Northern Qin sneered ferociously and said

"Ye Yulong, you forced me to do this! There is no one in this passage now, so I will let you see how powerful I really am. Let you know how stupid it is to go against this prince. Your stupidity can only be repaid with your death."

After saying this, a cold light flashed in the hand of the Prince of Northern Qin, and his top-quality sword disappeared out of thin air.

At the same time, a ring on his finger also flashed with light.

"Huh! That's the 'Na mustard' ring!"

Qingtian Qi was immediately surprised, and instantly recognized the ring as a storage ring.

However, after thinking about it, he realized that there was nothing surprising.

After all, the Prince of Northern Qin is a true spiritual warrior, an accurate The existence of a ninth-level warrior.

The Northern Qin royal family will naturally use the whole country to train him.

So it is not surprising that the Northern Qin Prince has a storage ring.

But it is said that the Northern Qin Prince put away the best sword, and with a casual move, A sword as dark as ink was pulled out from the 'Najie'. As soon as the black sword came out, Qingtian Qi suddenly felt something bad.

At the same time, the Prince of Northern Qin said coldly

"Ye Yulong, I will tell you a secret. No one knew that this prince had a semi-artifact in his hand. Because everyone who knows this has died under this semi-artifact. And you are next!!"

Hearing this, Qingtian Qi's expression changed drastically.

"Semi-artifact?! Is your sword a semi-sacred weapon?"

Qingtian Qi looked at the black sword in the hand of the Northern Qin Prince in horror, with a look of disbelief in his eyes. The semi-sacred weapon is an extremely rare treasure, and it is extremely difficult for even an eighth-level warrior to own one. He did not expect that the Northern Qin sword in front of him would Prince Qin actually owns one.

You know, although the semi-artifact is extremely powerful, no one dares to use it without the strength of the eighth level. If the strength is too weak, having a semi-artifact in hand will only provoke those eighth-level people. Being coveted by warriors is not a good thing and will only bring disaster to oneself. The

Northern Qin Prince's strength is only at the sixth level, but he already possesses a semi-divine weapon. Naturally, he doesn't want too many people to know about it.

Seeing the shocked look on Qing Tianqi's face, the Prince of Northern Qin was very proud.

"good! The sword in the hands of this prince is a semi-sacred weapon named 'Black Devil'. Ye Yulong, are you scared? Unfortunately it's too late, haha!!! Hearing this

, Qing Tianqi couldn't help but take a deep breath of cold air and said with emotion:"It seems that the leader of the Northern Qin Kingdom values you very much!" I even gave you such a precious treasure as a semi-artifact!"

"snort! So what? Anyway, you must die under my black magic knife today! However, you should also feel honored"

"You are the third person who forced me to use the Black Demon Knife. The first two were both sixth-level warriors, but unfortunately they were both dead. And you are only a fifth-level warrior, but you can force this prince to use this last trump card. Even if you die, you should feel extremely proud!"

After saying this, the Prince of Northern Qin immediately made a seal with his hand and shouted lowly.

"Man and knife unite! open!"

With this low shout, the black magic sword immediately glowed red, exuding an extremely amazing momentum..

Chapter 3057

At the same time, the Prince of Northern Qin also glowed with blood.

Vaguely, Qingtian Qi could feel that the blood light emitted by the Northern Qin Prince and the Black Demon Sword contained the same aura.

At this moment, a mysterious force surged from the Black Demon Sword to the Northern Qin Prince.

As soon as that mysterious power poured into the body of the Northern Qin Prince, his momentum increased steadily, reaching an extremely terrifying level in the blink of an eye.

Judging from the momentum, it actually reached the level of 260,000 people.

Feeling such a terrifying aura emanating from the Prince of Northern Qin, Qingtian Qi's expression changed drastically again, and he was even more horrified in his heart.

"It seems that the rumors are true. Divine weapons are recognized by the weapon spirit, and semi-artifacts are recognized by the blood contract. After the semi-artifact blood contract recognizes its owner, it will increase the owner's basic combat power. It turns out that all this is true."

It turns out that semi-sacred weapons and top-grade spiritual weapons are different and are no longer in the same category.

Top-grade spiritual weapons only have the function of amplitude. Semi-divine weapons also have the function of amplitude, and the amplitude function is slightly better than that of top-grade spiritual weapons.

Generally speaking, top-grade spiritual weapons The amplitude of the weapon is basically about 80%, and very few top ones can reach 100%. The amplitude of the semi-artifact is always 100%.

However, in addition to the amplitude attack power, the semi-artifact can also increase the owner's basic combat power by 30%.

Some Top-notch semi-artifacts can increase basic combat effectiveness by 40%. For example, Qingtian Qi's Thunder God Sword is a top-notch semi-artifact. The reason why a semi-artifact can improve its owner's combat effectiveness is because it can automatically absorb the vitality of heaven and earth and breed energy.

After the blood contract recognizes the owner, through the blood essence and blood as a guide, it can reach the state of integration of human and machine, and attach its own energy to the owner, thus improving the owner's basic combat effectiveness.

The improvement of the basic combat effectiveness is the improvement of the overall strength, that is Extremely terrifying.

Now, with the help of the semi-artifact 'Black Demon Sword', the Prince of Northern Qin has increased his basic combat power to 260,000 people, and his overall strength has been greatly improved.

Even the speed that Qingtian Qi is most proud of is also far inferior to him

"What a terrifying momentum!"

Qingtian Qi looked at the Prince of Northern Qin in front of him in horror.

Although Qingtian Qi also has a semi-divine weapon, which is still the top semi-divine weapon, the Thunder God's Blade can only be used by Thunder Elephant warriors, so he naturally cannot use it now.

Moreover, he must first only after recognizing the owner through the blood contract can the owner and the semi-artifact become 'human and weapon-in-one'.

Now those trialists should have arrived at a safe place, and there is no need for me to stay here.

Besides, with Northern Qin With the prince's current strength, I am definitely no match for him. Staying here will only lead to death.

Thinking of this, Qingtian Qi no longer hesitated, turned around and ran away

"Ha ha!! Want to escape now? late!"

The Crown Prince of Northern Qin smiled ferociously, and with a flash of his figure, he chased Qing Tian Qi.

He was extremely fast, even faster than Qing Tian Qi.

In the blink of an eye, the Crown Prince of Northern Qin caught up with Qing Tian Qi, and was about to strike at Qing Tian Qi with a single blow. Qingtian slashed his back, and he even smiled proudly.

"Ha ha!! I will send you on your way now!"

But at this moment, he suddenly remembered a roar behind him, and the soul-marked puppet beast also rushed over, swung out its giant claws, formed a light-shaped giant claw several feet long, and slapped the head of the Northern Qin Prince..

Sensing the sudden attack from behind, the Northern Qin Prince snorted coldly, turned around and struck with his sword.

"roll!"

As the Prince of Northern Qin shouted loudly, he split the light claws of the soul-marked puppet beast with one knife, and half of the soul-marked puppet beast's head was also chopped into pieces.

The puppet beast suddenly roared and was struck by that knife. The huge energy storm flew out...

Chapter 3058

At the same time, the attack of the possessed puppet also arrived.

I saw the god-possessed puppet rushing forward, making a false slash with the sword, and a giant light dragon flew out of the shadow of the sword, roaring, and killed the prince of Northern Qin.

This is exactly the gold element's superior martial skill, 'Light Dragon Roar'

"court death! Get out too!"

There was a look of boredom in the eyes of the Prince of Northern Qin, and he immediately blasted away the oncoming light dragon with one punch. Then he flashed his figure, rushed in front of the possessed puppet, and slashed at the head of the possessed puppet with a knife. The possessed puppet was huge. Horrified, he retreated sharply and immediately activated the advanced defensive martial skill 'Golden Yuan Shield'. At the same time, he tilted his head back to avoid the vital points.

‘There was a crisp sound.

The 'Golden Yuan Shield' of the god-possessed puppet was more fragile than tofu under that knife, and it was split into pieces in an instant.

The last knife struck directly on the possessed puppet.

‘There was a loud bang!

The god-possessed puppet was directly struck by a knife and flew seven or eighty feet away, and he was not sure whether he was dead or alive!

After slashing the god-possessed puppet with his sword, the Prince of Northern Qin turned around and chased Qingtian Qi.

But at this moment, the ground in front of him exploded, and a ferocious beast that looked like a lion or a unicorn burst out of the ground and pounced on him.

This was actually the soul-seal puppet beast that he had hacked away earlier.

It turned out that this soul-seal puppet beast was chopped away by the Northern Qin Prince with a knife, and half of its head was broken. However, it did not die. Instead, it reassembled its head intact, and then immediately used the Earth Escape Technique to circle in front of the Northern Qin Prince. Prevent the Northern Qin Prince from chasing Qing Tianqi.

However, although the Soul Seal Puppet Beast was not defeated with a single blow, its momentum was greatly reduced. The basic combat strength dropped directly from the original strength of 160,000 people to the strength of 130,000 people.

But when the Prince of Northern Qin saw the Soul Seal Puppet Beast emerging from the ground and blocking his way again, he was first surprised and then furious.

He was surprised at first that the Soul Seal Puppet Beast was still intact, but what made him angry was that this annoying puppet beast blocked his way again and again.

At that moment, the Prince of Northern Qin roared angrily: "You evil beast! Go to hell!"

Immediately, the Prince of Northern Qin swung his long sword and used the 'Moon God Slash' to meet the giant claw.

‘There was a loud bang!

The puppet beast screamed miserably and was split in half by the Northern Qin Prince's sword.

Then, a ray of red light spread out, and the huge body of the soul-seal puppet beast collapsed, turning into a pile of broken soil, and was destroyed.

As soon as the Soul Seal Puppet Beast was destroyed, Qingtian Qi, who was running away with all his strength in front, was immediately damaged. He immediately groaned, staggered on his feet, almost fell down, and a stream of blood flowed from the corner of his mouth.

However, Qingtian Qi quickly suppressed the heavy trauma in his mind and continued to run as fast as he could without even looking behind him.

However, after the Prince of Northern Qin killed the Soul Seal Puppet Beast, he immediately raised his head and looked at Qingtian Qi. He was surprised to find that Qingtian Qi had already run a mile away and was less than two miles away from the exit.

This immediately made the Prince of Northern Qin extremely anxious. He immediately roared and chased Qingtian Qi at full speed.

It turned out that Qingtian Qi knew that he was no match for the Prince of Northern Qin, so he immediately ordered the Soul Seal Puppet Beast and the God-possessed Puppet to try their best to entangle the Prince of Northern Qin in order to buy himself a little more time, and then the scene just happened.

At that moment, the two of them were chasing and escaping in the passage.

The speed of both of them was extremely fast, like lightning, so fast that only two afterimages could be seen.

In the blink of an eye, Qing Tianqi was less than a mile away from the exit in front, and he had already seen the 'Light Curtain Door' at the exit at the end of the passage.

But at this moment, the Prince of Northern Qin finally caught up with him

"Ha ha!! Let me see where you are running away? Go and die!"

As soon as the Prince of Northern Qin caught up with him, he showed a ferocious look on his face, and slashed Qingtian Qi's back with the 'Black Demon Sword' in his hand.

Feeling that there was an extremely terrifying force approaching from behind, Qingtian Qi's expression changed drastically, and his heart immediately changed. A look of fear arose.

At that moment, he made a mistake in his steps, listened to the wind to identify his position, and avoided that terrifying knife. The knife struck the air, struck the open space with a bang, and the ground split open. A huge deep pit and huge explosion energy directly pushed Qingtian Qi to the side, making him unsteady and falling backwards..

Chapter 3059

Seeing this, the Prince of Northern Qin was overjoyed, and in a flash he chased Qingtian Qi.

Qing Tianqi was horrified when he saw the Northern Qin Prince coming to kill him again. He wanted to dodge again, but his body was not stable and he couldn't control his body for a while, so he couldn't dodge at all.

But at this moment, the Prince of Northern Qin was approaching him and struck him with his sword again.

Now, the Prince of Northern Qin has the 'Black Demon Sword' to help him, and his strength has greatly increased.

Qingtian Qi simply couldn't catch the Northern Qin Prince's sword.

If he were to take the knife forcefully, he would be seriously injured even if he didn't die.

So when Qingtian Qi saw the Northern Qin Prince attacking, he was immediately frightened to death. With a flash of light in his eyes, he fired two God-Destroying Thorns at the Northern Qin Prince.

The Prince of Northern Qin suddenly became enlightened, and his movements froze for a moment.

Qingtian Qi took the opportunity to retreat sharply and distance himself from the Northern Qin Prince.

But as soon as he got away from the attack of the Northern Qin Prince, the Northern Qin Prince woke up.

When the Prince of Northern Qin woke up, he found that Qingtian Qi was about to escape. He was immediately angry and wanted to catch up again.

But at this moment, Qing Tianqi's third eye suddenly opened and shot another beam of destruction light at him.

The Prince of Northern Qin was furious: "What a trick! It's so annoying! Break it!"

He saw that he split the divine light of destruction with a casual slash.

But just because of his continuous delay, Qingtian Qi took the opportunity to escape more than twenty feet away.

Seeing this, the Prince of Northern Qin became even more angry, and he caught up with him again in a flash.

This time, he caught up with Qingtian Qi in an instant, and then in a flash, he used the clone technique, split into three, and attacked Qingtian Qi at the same time.

At this time, the basic combat effectiveness of the Northern Qin Prince had increased to 260,000 people. After using the 'Yanguang Clone Technique', the combat effectiveness of the light clone was nearly 210,000 people.

Just a single clone can defeat Qingtian Qi.

But he said that the Prince of Northern Qin and the two clones attacked Qingtian Qi at the same time.

This time Qingtian Qi was in a hurry. He could only fire two of his God-Destroying Thorns at a time. He could only deal with two of the clones at the same time, but could not deal with three at once.

At that moment, Qingtian Qi was unable to dodge and was struck in the chest by the Northern Qin Prince's body.

‘There was a crisp sound, and the sound of broken bones came from the chest.

The sword light even passed through Qingtian Qi's body, spraying out a handful of blood mist behind him.

Qing Tianqi immediately screamed miserably, sprayed out a large cloud of blood mist, and his body rolled in the air and flew out.

Fortunately, Qing Tianqi was wearing Ruyi armor.

After the prince of Northern Qin used the clone operation, the basic strength of his body was also weakened a lot.

Otherwise, the knife just now could have split Qingtian Qi in half, and he would have died tragically on the spot.

Seeing Qingtian Qi being slashed so hard that he vomited blood and flew out, the prince of Northern Qin was ecstatic and immediately laughed and said

"Ha ha!! Ye Yulong, you are dead this time! Let me see how many more cuts you can endure?"

In fact, the sword strike just now caused Qingtian Qi's chest to collapse, his bones to shatter, and the sword light to penetrate his body. The injury was extremely serious. If it were an ordinary warrior, he would have been on the verge of death.

And Qingtian Qi's body is The vitality of a martial cultivator is naturally stronger.

However, it is impossible for him to withstand the second sword.

At that moment, the Prince of Northern Qin laughed ferociously, and with a flash of his figure, he took two clones and chased Qi Tianqi in the direction he flew out. and left.

But it was said that Qingtian Qi was seriously injured by a knife and almost died. His body was rolling in the air and flew thirty or forty feet, and was about to fall to the ground.

But at this moment, Qingtian Qi's wings suddenly spread out, and as soon as his body turned, he He unfolded the 'glimpse', tried his best, and took advantage of the situation to fly towards the exit.

However, this series of fierce movements caused Qingtian Qi to be injured, and he spat out a large mouthful of blood in the air. On the other side, the Prince of Northern Qin He and the two clones also quickly caught up.

But after catching up, the Prince of Northern Qin was dumbfounded again..

Chapter 3060

But after catching up, the Prince of Northern Qin was dumbfounded again.

The corridor of life and death was not high, only more than twenty feet high. It was flying in the sky, but it was still not out of his attack range.

But he and his two clones were unable to lay siege to Qingtian Qi. They could only release the 'July Flower Slash' from the ground to the air, attacking Qingtian Qi from the air.

But the distance of more than twenty feet also provided Qingtian Qi with a long dodge time.

At that moment, Qing Tianqi dodged the flying sword light and flew towards the exit.

In this way, the two sides chased and escaped, and then remained in a stalemate for a while.

In the blink of an eye, the blue sky was only two or three hundred meters away from the entrance.

Seeing this, the Prince of Northern Qin felt anxious and thought: "No! We can't just let this hateful guy escape like this.

Thinking of this, the Prince of Northern Qin immediately made a seal and shouted in his mouth

"The clones merge into one body, merge!"

Immediately, the two clones of the Prince of Northern Qin flashed with white light and merged with the main body again.

At this point, the Prince of Northern Qin's momentum increased again, and the basic combat power instantly reached the strength of 260,000 people.

The integration was completed, the Prince of Northern Qin raised his head and looked at Qing Tian Qi, who was fleeing in front of him. He sneered at the corner of his mouth, and with a flash of his body, he chased after him again.

After merging, the Prince of Northern Qin's basic combat power increased, and his speed naturally increased, and he caught up in an instant. Qing Tian Qi.

Then, I saw him stomping his feet, taking a few big steps forward, and then leaping into the air more than twenty feet, flying towards Qing Tian Qi in the air.

But Qing Tian Qi was holding back Pain in his chest, he ran away.

Suddenly, he heard the sound of wind behind him, and something was vaguely wrong. He quickly turned around and looked back, just in time to see the Prince of Northern Qin leaping into the air and slashing at him with the 'Moon God Slash'.

The sky was clear. His face changed with fear. If he was hit by this move, he would definitely die tragically on the spot.

Thinking of this, Qingtian Qi turned sideways and hurriedly avoided the knife.

When the prince of Northern Qin saw that the move missed, he raised his sword. He raised his hand and used the "July Flower Slash" again, shooting seven moon-shaped sword lights towards Qingtian Qi.

Qingtian Qi quickly fluttered his wings and dodged in the air.

But this time, the two sides were very close in the air.

Qingtian Qi couldn't avoid them all. Facing the last moon-shaped sword light, he had no choice but to bite the bullet and activate the Five Elements Shield.

‘There was a loud bang!

The Five Elements Shield was shattered by the sword light on the spot, and still shot toward Qingtian's chest.

At this critical moment, the blue sky surrounded him with his wings, turning into a feather shield to protect him.

The feathers on Qingtian Qi's wings are as hard as spiritual weapons, but they can also be used for protection.

The sword light struck Qingtian Qi's wings in an instant, and finally passed through the defense of the wings and attacked the Ruyi armor on Qingtian Qi's chest.

Qingtian Qi immediately groaned, spurted out another mouthful of blood, and flew backwards.

A large number of feathers were scattered in the air.

Seeing that the blow was effective, the Prince of Northern Qin was immediately ecstatic and laughed loudly: "Haha!! Ye Yulong, I think you are still alive?"

At the same time as he spoke, his body began to fall from the air.

However, it was said that Qingtian Qi was attacked by the Northern Qin Prince again and vomited blood. It seemed that the situation had reached an extremely critical moment.

In fact, the damage caused to him by the sword light just now was not as serious as it seemed on the surface.

Because the single attack of 'July Flower Slash' was not very strong, and most of its damage was blocked by the triple defense of Five Elements Shield, Feather Shield and Ruyi Battle Armor, it brought very little damage to Qingtian Qi in the end.

But even though it was a small amount, it still caused injuries to Qingtian Qi's chest, causing him to vomit blood again..
