Chapter 3061

However, Qingtian Qi did two somersaults in the air before he stabilized his body. Then he suddenly spread his wings and fired hundreds of white-feathered arrows at the falling Prince of Northern Qin, overwhelming the sky and almost covering the ground. The prince of Northern Qin was swallowed up.

The Prince of Northern Qin was currently in mid-air, so naturally he couldn't move. However, when he saw those arrows coming, he didn't care at all and sneered.

"snort! Just rely on this attack? Do you also want to hurt this prince? It's simply ridiculous!"

At that moment, he swung the long knife in his hand continuously, forming a curtain of swords to block the attacks of those feather arrows.

But at this moment, Qingtian Qi, who was not far away, took advantage of his efforts to resist the feather arrows and suddenly swooped down. , and rushed towards the exit of the light curtain dozens of meters ahead.

It turned out that Qingtian Qi wanted to entangle the prince of Northern Qin with hundreds of thousands of feather arrows, and then take the opportunity to rush out of the exit.

After all, the exit was still on the ground, and he would eventually Falling back to the ground.

However, it was said that when the Prince of Northern Qin saw Qingtian Qi's movements, he immediately realized what he was doing. He immediately became furious and cursed loudly.

"Ye Yulong, you bastard, do you want to escape? How could it be that easy?"

At the same time as he spoke, Qingtian Qi had fallen from the sky and rushed towards the exit of the light curtain.

At the same time, the Prince of Northern Qin also blocked all the arrow attacks, and followed after him in a flash. In the blink of an eye, Qingtian Qi was only ten meters away from the exit of the light curtain.

But at this moment, the Prince of Northern Qin also caught up with him, and immediately struck him in the back with a knife.

Qingtian Qi's face changed greatly, and he quickly turned sideways to avoid it. He turned around and shot out a 'divine light of destruction' towards the prince of Northern Qin. This was also the limit of the 'divine light of destruction' that Qingtian could shoot out in unison. The prince of Northern Qin sneered and turned his figure to avoid the attack of the divine light of destruction. At the same time, A punch quickly hit Qingtian Qi's chest.

Qingtian Qi was immediately hit by the punch, spitting out a large mouthful of blood, and his body flew backwards quickly.

"Ha ha!! Let me see how you die?"

The Prince of Northern Qin immediately smiled proudly, but as soon as he was halfway through his smile, his face froze.

Because the direction Qing Tian Qi flew out was not elsewhere, but in the direction of the entrance of the 'Light Curtain Gate', and at this moment, Qing Tian Qi flew out Although there was pain on Qi's face, his eyes were full of joy.

Until then, he finally understood.

It turned out that Qingtian Qi deliberately did not avoid his punch, just to use the power of his punch to rush in That 'Gate of Light Curtain'.

The Prince of Northern Qin suddenly understood and exclaimed in his heart:"No! We can't let this kid get away!"

Thinking of this, the Prince of Northern Qin's eyes turned red, and he chased after him in a flash.

In a blink of an eye, Qingtian Qi, who was flying upside down in the air, was only half a meter away from the light curtain door behind him.

And right there At this time, the Prince of Northern Qin caught up in time and struck Qingtian Qi head-on with the 'Moon God Slash'.

In the blink of an eye, the giant light sword in the air was only half a foot away from Qingtian Qi's head.

According to the current situation, Qingtian Qi could not wait for Qingtian Qi 's head. After breaking out of the 'Light Curtain Gate', he would be cut in half by the Northern Qin Prince's 'Moon God Slash'.

But at this critical moment, Qingtian Qi's eyes flashed and he turned towards the Northern Qin Prince. Two 'god-destroying thorns' were fired out.

The prince of Northern Qin suddenly felt a stinging pain in his brain, and his mind was in a trance. The attack in his hand was slightly stagnant for a while.

But just at this stasis, Qingtian Qi's figure swooshed. He rushed into the door of the light curtain.

The Prince of Northern Qin also woke up instantly. The attack in his hand fell, and the move 'Moon God Slash' struck the open ground with a bang.

Boom!

There was a loud noise!

Rubbles flew everywhere, Smoke and dust filled the air!

The Prince of Northern Qin immediately roared with great anger:"How could this happen? You actually let that nasty boy run away? I can not be reconciled! I'm going to kill him!"

The Prince of Northern Qin roared angrily, and with a flash of figure, he also rushed out. With a flash of white light, the Prince of Northern Qin rushed out of the light curtain door in a blink of an eye.

As soon as he rushed out of the light curtain door, the Prince of Northern Qin discovered Outside the light curtain was a huge platform, and Qingtian Qi was not far in front of him.

But at this moment, the tester mark on the forehead of the Prince of Northern Qin lit up, and then there was some more information in his mind.

When Bei Qin As soon as Prince Qin finished digesting the new information in his mind, his face became very ugly..

Chapter 3062

It turns out that according to regulations, passing through the light curtain door behind you means that the trial is officially over.

The testers began to prohibit all acts of killing each other, and violators would be immediately killed.

At the same time, Qing Tianqi's laughter came from the front again.

"Your Royal Highness, I disappoint you! This time you still failed to kill me, haha!!"

Ahead, Qing Tianqi stood up unsteadily, gently wiping the blood from the corner of his mouth, his heart filled with joy. What he was happy about was that he finally escaped and survived from the hands of the Northern Qin Prince.

And Bei When Prince Qin heard Qing Tianqi's ridicule, his face turned red with anger, he clenched his gums and said bitterly

"snort! Ye Yulong, you are lucky this time! However, you won't have such good luck next time. Next time, if you meet this prince again. Let's see how this prince will deal with it?!"

Not to be outdone, Qingtian Qi sneered: "Humph!" Next time we meet, who will deal with whom? Not necessarily!"

"Ha ha!! Just you? Ye Yulong, you are really shameless! Do you dare to compare with this prince in terms of your qualifications? Don't think that this prince didn't notice it. In fact, you are a warrior from the five elements combined with a psychic combination to have such strength."

"Although five-line warriors are as rare as our true spiritual bodies, the highest qualification of a five-line warrior is just a pseudo-spiritual body, and they will never reach the level of a true spiritual body. In other words, it is very slim whether you can become a ninth-level warrior in this life."

"And this prince is a true spiritual warrior, that is, a quasi-ninth-level existence. Sooner or later, this prince will reach the pinnacle of martial arts and become the supreme ninth-level powerhouse. You can only envy him! However, I'm afraid you won't see that day either. Unless you go out, don't let me see you again!"

Hearing this, Qing Tianqi sneered disdainfully and rarely ignored him.

The prince of Northern Qin saw his expression and immediately became furious.

"how? you do not believe? Let me tell you, even though your current strength is similar to that of this prince, it is because you are a fifth-line warrior. But as a fifth-line warrior, you will have less and less advantage in the later stages. Believe it or not, in thirty or forty years, I will definitely be able to kill you with one move."

Hearing this, Qingtian Qi immediately laughed proudly.

"Ha ha!! His Royal Highness the Crown Prince! I dare not tell others, but in thirty or forty years, I will definitely be able to kill you instantly. Even if you reach the eighth level of cultivation, I can still kill you instantly!"

Actually, Qingtian Qi is right. In another thirty or forty years, Ming Ling'er will be able to leave seclusion.

At that time, Qingtian Qi will naturally have the strength of the ninth level, and it will be easy to kill the prince of Northern Qin in an instant.

But The prince of Northern Qin was furious after hearing Qingtian Qi's words.

"Arrogant! You dare to say that you can kill an eighth-level warrior in thirty or forty years with such ungrateful things. If you tell anyone about it, it will only make people laugh. snort! Just pray that you don't meet this prince again in the future! Next time, you won't be so lucky."

After saying this, the Prince of Northern Qin no longer paid attention to Qingtian Qi, but glanced at the platform in front of him. The platform in front of him was dozens of feet in size. There was a rune teleportation array in the center of the platform, which was used to teleport to 'Deng'. Temple of Heaven'.

On the platform, except for four trialists who were looking at him and Qing Tianqi in astonishment, the rest of the trialists who had escaped were gone.

Obviously, the surviving trialists had all passed' The teleportation array went to the Temple of Heaven to receive the final special reward.

In fact, the four trialists on the platform were none other than the four Qingtian Lords.

The four of them were worried about Qingtian Qi's safety. We were waiting for Qingtian Qi to come out here, so we didn't go to the Temple of Heaven with the others.

But at this moment, the prince of Northern Qin was present, and it was difficult for the four of them to step forward and acknowledge Qingtian Qi..

Chapter 3063

At this time, the Prince of Northern Qin glanced at the teleportation array in the center of the platform, suddenly remembered something, and sneered.

"By the way, Ye Yulong, didn't you take advantage of that group of trash and protect them from passing through the corridor of life and death safely? such a pity! Still, a dozen of them were killed by this prince. I think those dozen people must have a lot of Nine Yuan Fruits and treasures on them, right? I, the prince, will go back and collect the treasures from them now, which can be considered a good harvest, haha!!"

After saying this, the Prince of Northern Qin laughed loudly, flashed his figure, and rushed towards the light curtain door. But just as the Prince of Northern Qin was about to pass through the 'Light Curtain Gate', something changed in the field. Suddenly.

I saw,"Boom!"There was a loud bang on the ground, and the Prince of Northern Qin groaned, vomited blood and flew back.

He was actually bounced back by the light curtain door.

It turned out that after passing through the light curtain door, he could not return to the corridor of life and death. That's why the Prince of Northern Qin was bounced back by the huge rebound force of the Light Curtain Gate.

Seeing this scene, Qingtian Qi immediately laughed.,

"Ha ha!! It turns out that after coming out of the cycle of life and death, there is no way to go back. Your Highness, it seems you made a miscalculation this time. You can't even imagine getting a single thing from those trialists."

"By the way, there are also six players from your Northern Qin Kingdom. They should also have the Nine Yuan Fruit. Unfortunately, you can't get it back either. You've suffered a big loss this time."

Hearing this, the Prince of Northern Qin looked ugly and wiped the blood from the corner of his mouth with difficulty. He did not expect that after coming out of the corridor of life and death, he could not return again.

He risked offending the entire Eastern Alliance and killed so many people. The trialist, to put it bluntly, is just for those Nine Yuan Fruits.

But now, his efforts are in vain, and the Nine Yuan Fruits on his own country's players are also included. How can this not make him depressed?

In fact, everyone God did this because he did not want some people to heal their injuries in the safe zone, and then enter the corridor of life and death to ambush and fight.

If this was the case, it would not be a fair duel of life and death.

But as the Prince of Northern Qin looked at When the 'Light Curtain Gate' felt extremely depressed, footsteps suddenly came from behind the Light Curtain Gate.

Upon hearing the footsteps, the Prince of Northern Qin was stunned.

In fact, the Prince of Northern Qin was not the only one who was stunned. , even the four Qingtian Lords were stunned.

Only Qingtian Qi showed a strange look on his face.

After being stunned for a moment, the Prince of Northern Qin said with a look of astonishment:"No way! Are there testers behind us?"

But as soon as he finished speaking, a figure came through the light curtain door. As soon as the Prince of Northern Qin saw the figure clearly, a look of horror appeared on his face.

It turned out that the figure was none other than Qingtian Qi. The prince of the Northern Qin Dynasty was horrified that he clearly remembered that he had slashed the god-possessed puppet seven or eighty feet away with one strike of his sword. Logically speaking, it should have been destroyed by his sword a long time ago.

But now, this god-possessed puppet It was intact and nothing happened at all, which puzzled him.

But then, something even more surprising happened to the Prince of Northern Qin.

As soon as the possessed puppet came out, its eyes flashed red with excitement, and With a look of surprise, he ran towards the sky and shouted happily:"Haha!! My dear, my harvest today is really great!"

Seeing such a scene, the Prince of Northern Qin was immediately shocked.

"No! This puppet can actually talk. Am I not hallucinating?"

The Prince of Northern Qin muttered silently in his heart. He had never seen a talking puppet before.

According to common sense, humanoid machine puppets cannot speak.

And in the previous battles, the possessed puppets had also been silent..So at this moment, the Prince of Northern Qin was naturally surprised to see that the possessed puppet could talk.

However, what happened next made him extremely depressed...

Chapter 3064

However, he said that the possessed puppet happily ran to Qingtian Qi's side.

Qingtian Qi then asked:"Hun! What gains have you made?"

The possessed puppet smiled and said:"My dear, didn't a lot of testers die there? There were also six from Northern Qin, a total of twenty-three Individuals. I have collected all the Nine Yuan Fruits from these twenty-three people."

"I also stripped off all the spiritual weapons, elixirs, and treasures they had on them, and put them all in this 'Na Ring'. You don't even know! There are so many treasures on them! I got rich this time, haha!!"

The god-possessed puppet shook the Na-ring in his hand happily.

It turned out that Qingtian Qi gave the new Na-na ring to the god-possessed puppet.

After hearing what the god-possessed puppet said, the Prince of Northern Qin immediately felt a wave of pain in his chest. He was stuffy, and then his eyes turned black, and blood surged up, and he spit out a big mouthful of blood.

He was so angry that he vomited blood.

At that moment, the Prince of Northern Qin stared at the sky with ferocious eyes, and said with hatred

"Ye Yulong, you have taken advantage of all the things that I have worked so hard to obtain. This matter cannot be let go. The advantage you took advantage of today, I will definitely let you spit out with profit next time."

After saying this, the Prince of Northern Qin stopped staying and turned around to walk towards the teleportation array in the center of the platform.

It's not that the Prince of Northern Qin didn't want to snatch the ring from the puppet of the God, but according to the rules of the gods, on this platform It was forbidden to snatch other people's belongings.

He did not dare to risk being wiped out, so he could only feel extremely entangled in his heart and chose to walk away silently, out of sight and out of mind.

With a flash of white light, the Prince of Northern Qin teleported The formation went to the Temple of Heaven.

In a blink of an eye, only Qingtian Qi and Qingtian Jun were left on the platform. When the four

Qingtian Jun saw the prince of Northern Qin leaving, they walked towards Qingtian Qi, and they all stepped forward to greet him with concern.

"Tianqi, are you okay?"

Qing Tianqi shook his head and smiled bitterly:"You can't die yet!"

After greetings, Qingtian Qi swallowed a few pills to suppress the injury.

At this time, Bai Jinyu and the other four looked at the god-possessed puppet aside in fear.

At that moment, Qingtian Qi simply removed the body of the god-possessed puppet. After introducing the matter, it naturally caused some sighs from Bai Jinyu and the other four.

At this time, the possessed puppet handed over the 'Na Ring' to Qingtian Qi

"My dear, take a look! There are so many gains here!"

Qing Tianqi took the 'Najie', swept it with his mind, and his face immediately showed a look of ecstasy.

"Ha ha!! There is indeed a lot of harvest here, there are more than 80 Nine Yuan Fruits! There are countless other spiritual weapons and martial arts, and even more countless spiritual fruit pills! Ha ha!! The harvest from this trip was indeed very great. Soul, you did a great job!"

Qingtian Qi immediately praised 'hun' happily.

However, Qingtian Qi didn't have time to study the harvest carefully now, so he put the ring away.

Then, Qingtian Qi said again:"Brothers and sisters! Now there are only five of us left here, let's go to the Temple of Heaven as soon as possible! Let's see what special rewards the gods have left for us?".

Hearing Qing Tianqi's words, Bai Jinyu and the others agreed.

Wu Xiaoyue even smiled and said:"Yes! Let's get there quickly! I don't know what it's like to climb to the Temple of Heaven? What special rewards are waiting for us there?"

"Um! Then let's go and take a look now!"

At that moment, Qingtian Qi put away the possessed puppet, released the psychic fusion, and returned to the appearance of a red-haired boy. With this change back to his original appearance, Qingtian Qi's basic combat power returned to the strength of 78,000 people..Now

, after the transformation of Qingtian Qi Mad God, the basic combat power has only reached the strength of 128,000 people.

And then combined with Qiuqiu, the basic combat power has been improved again, reaching the power of 160,000 people.

In fact, the basic combat power of Qingtian Qi itself The fighting strength is less than 80,000 people, only 78,000 people.

After the psychic disintegration, Qiuqiu also appeared again.

However, Qiuqiu looked depressed. It was obvious that Qingtian Qi was seriously injured in the battle just now. , Qiuqiu was also deeply implicated, and it was no good.

Seeing this, Qingtian Qi said a few words of comfort, and then took Qiuqiu into the psychic space with a casual move'..

Chapter 3065

After completing the channeling with Qiuqiu, Qingtian Qi automatically obtained the channeling space.

This psychic space is a space specially designed for psychic beasts to rest. It can allow psychic beasts to rest in it, and it can also allow psychic beasts to absorb the vitality of heaven and earth and practice independently. This is much better than the space of the God of War Order.

Because Qiuqiu can only rest and sleep in the War God Order space, but he cannot absorb the vitality between heaven and earth for self-cultivation.

After doing this, Qing Tianqi and Bai Jinyu walked towards the teleportation array in the center of the platform, opened the teleportation array and headed towards the Temple of Heaven.

The formation opened, and a burst of white light flashed.

The next moment, the five Qingtian Qi people appeared at the 'Temple of Heaven'.

As soon as he arrived at the Temple of Heaven, Qing Tianqi looked around curiously and was immediately shocked by the scenery around him.

All I could see was a vast expanse of sky all around, with a sea of clouds rolling below. Not far away, on the horizon, I could vaguely see the shadow of a large palace, which looked a bit like a pantheon of temples.

At this time, Qingtian Qi realized that the so-called Temple of Heaven was a huge altar suspended in the sky, with a radius of thousands of feet. It was surrounded by a transparent light curtain, protecting the entire Temple of Heaven.

In the center of the Temple of Heaven, there stands a huge rune stone pillar.

On the left side of the rune pillar is a blue 'enchantment door', and on the right is a silver 'passage door'.

But at this moment, the entire Temple of Heaven was empty, not even a single trialist could be seen, and even the Prince of Northern Qin, who had come first, was nowhere to be seen. This made Qingtian Qi feel a little strange.

At that moment, the five Qingtian Qi people also walked down from the teleportation formation.

As soon as the five people stepped out of the teleportation array, the rune stone pillar in the center of the Temple of Heaven lit up with red light, and then shot out five rays of golden light, hitting the eyebrows of the five people respectively.

In the blink of an eye, it disappeared between Qingtian and Qi's eyebrows.

Qing Tianqi immediately felt that there was some more information in his mind, the first of which was 'There are only fifteen days left before the trial base is closed'.

At the same time, Qing Tianqi discovered that there was another strange rune mark between the eyebrows of the soul body in the sea of consciousness.

At that moment, he quickly closed his eyes and digested some of the information he had just received.

After a long while, Qing Tianqi opened his eyes, with a look of sudden realization on his face.

It turns out that the new mark on his soul body means that he has succeeded in the trial and is no longer a trialist, but a trainee disciple of the pantheon of gods.

When he reaches the eighth level of cultivation, he will automatically become a formal disciple.

At this moment, Qingtianjun and the four others also had expressions of sudden realization on their faces.

Wu Xiaoyue's face was in full bloom, she pursed her lips and smiled.

"This is what it looks like! I said, why is there no one at the Temple of Heaven? It turned out that they all ran into the 'Realm of Virtual Evolution' to receive the special rewards. I don't know what the rewards are in the 'Xu Yan Realm'? It's really exciting! Let's go in and take a look now!"

After saying this, Wu Xiaoyue looked at the blue 'enchantment gate' not far away with an impatient look.

It turned out that she knew from the information just obtained.

As long as the trialists obtained After becoming a 'trainee disciple', they are all eligible to enter the 'Realm of Virtual Evolution' to receive the special reward, which is also the last reward left by the gods to every 'trainee disciple'.

As for what kind of reward it is , can only be known after entering the realm of Xu Yan.

It turns out that the blue 'enchantment door' is the entrance to the 'realm of virtual Yan'.

But the other silver 'channel door' is the entrance to the 'realm of virtual Yan'. To the exit of the Forgotten Valley.

At this time, Bai Jinyu also said with great anticipation:"Yes! Let's go in and take a look! Let's see what special rewards there are in the Xuyan Realm?"

As soon as he finished speaking, the blue barrier gate in front suddenly experienced a wave of fluctuations, and then a figure walked out of the 'Void Evolution Realm'..

Chapter 3066

As soon as the man walked out, he saw Qing Tianqi and others. Finally his eyes fell on Qing Tianqi. He immediately stepped forward in awe and saluted: "It turns out that His Highness Prince Ye has arrived. I have seen His Highness Prince Ye in Xialuoyun.""

"Brother Luo, you're welcome! Brother Luo just came out of the Xuyan Realm. I wonder what rewards Brother Luo got from it?"

Qing Tianqi asked tentatively.

But when Luo Yun heard Qing Tianqi's question, he immediately shook his head and sighed with a tangled face.

"Why! To be honest with His Highness Prince Ye, the rewards in this Xuyan Realm are naturally excellent. But it's all my fault, Luo Yun, for not having that luck! What a waste of this great reward! It's heartbreaking to think about."

After saying this, Luo Yun shook his head repeatedly, almost beating his chest, with a look of grief and regret.

Qingtian Qi and others were very surprised when they saw this.

At that moment, Qingtian Qi asked: "Brother Luo, What exactly is the reward here? What makes you so sad? Luo

Yun smiled bitterly and said: "Your Highness, what kind of reward is here? It's not that I don't want to tell you." But according to the rules of the gods, no one is allowed to reveal the secrets of the 'realm of virtual expansion' to the outside world."

"Even if you go to the outside world, it's the same. You can't talk about it to outsiders. If anyone violates this rule, he will be regarded as a traitor to the 'Path of Gods' and will be killed on the spot by the gods."

"Now, our souls have all been imprinted with the mark of 'trainee disciples', which means we are members of the pantheon of gods. We cannot rebel against the pantheon of gods, otherwise we will be punished by the gods, so I hope that your highness will I'm sorry, it's not that I don't want to tell you, it's just that I can't and don't dare to say it."

"However, there is one thing you can tell His Highness the Prince. The rewards in this virtual world are fair to everyone. As for how much benefit you get from that reward, it all depends on your own chance and luck."

"Why! I'm unlucky and can only get so many rewards. It makes me sad to think about it! Okay, I won't say much more. Your Highness, Prince of the Night, if you want to know what rewards are inside, you'd better go in and see for yourself! I also wish you good luck and take the first step."

After saying this, Luo Yun bowed his hands to Qingtian Qi, then walked towards the 'passage door' on the other side with regret on his face, and then left the ancient training ground.

In the field, only Qingtian Qi and the other five people were left. They stood there in astonishment, looking at each other.

After a moment, Qingtian Qi said again: "The guy just said it in a very mysterious manner, which is really curious. Brothers and sisters, let's go in and have a look! What are the rewards inside?"

"Um! Let's go in!"

At the moment, Qingtian Qi took the lead and walked into the Realm of Xu Yan, followed closely by Bai Jinyu and the other four.

However, as soon as Qingtian Qi stepped into the gate of the barrier, he felt that the surrounding scenery changed.

After a moment, he discovered I arrived on a super huge platform, with a radius of dozens of miles.

The platform was surrounded by an endless void.

At this moment, there were only about a dozen people on the huge platform, sitting in various corners of the platform, very far apart. Far away, everyone was meditating with their eyes closed, practicing hard, and the Prince of Northern Qin was suddenly among them. At the same time

, the mark on Qingtian Qi's forehead lit up again, and some new information was introduced into his brain again..

When Qing Tianqi finished digesting the new information, his face immediately showed a look of ecstasy, and he said proudly in his heart

"Ha ha!! I didn't expect that the reward of this Xuyan Realm would be this. This is really great. I now finally know what the 'Bigu Pill' in the first test is used for!"..

Chapter 3067

At the same time, Bai Jinyu and the others also looked surprised.

Bai Jinyu was the first to exclaim:"Oh my God! It's a day and a year! When an hour goes by in the outside world, it's a month inside. When a day passes by the outside world, it's a year inside. Even if we practice here for ten years, there will only be a year outside. The past ten days!"

"yes! The most important thing is that even if we have practiced here for ten years, our body's annual rings are still in sync with the outside world, and there has not been much change. It has only been ten days."

Qingtian Lord also looked shocked.

In fact, this virtual world was created by the gods to help those disciples who were about to reach the end of their lifespan, but whose cultivation had not yet reached the seventh or eighth level, and who were about to die of old age. , the gods used their power to reverse time and space, converting one day into one year.

After practicing here for one year, only one day has passed in the outside world, but only one day has passed in itself. This is an extremely unnatural thing.

At this time, Platinum Yu sighed again:"This reward is very special. To a certain extent, it saves us a lot of training time. Let us enter the eighth level early. I heard that the earlier you enter the eighth level, the easier it will be to break through to the ninth level. This is an extremely rare opportunity! If I can practice here for a few years, maybe I can break through to the sixth level."

"No wonder one or two of every batch of players who enter the ancient training ground will break through to the sixth level. I guess this is where they made their breakthrough. But if we want to practice here for a few years, there is not so much food for us to survive! We can't stay here without eating or drinking!"

"yes! Without enough food, I can only practice here for ten and a half days before leaving. Why! It seems that we are going to miss this great opportunity."

Qingtianjun couldn't help but sigh.

At this time, Qingtianqi smiled and said:"Brothers and sisters, you don't have to worry. I have twenty-five Bigu Pills in my body. If I take one Bigu Pill, I can go without eating for a year. With these twenty-five Bigu Pills, we can practice here for many years. Hearing this

, Bai Jinyu and the other four were immediately overjoyed.

Bai Jinyu was even more excited and said,"That's great. I didn't expect you to have such a good thing." Tianqi, how come you have such a treasure? Qing

Tianqi smiled slightly and briefly told the story of getting Bigu Pills.

Except for ten of the twenty-five Bigu Pills he got, he got them from Tuo Tuo in the first test. He got it from the soul.

At that moment, Qingtian Qi said again:"Brothers and sisters, let's seize the time to practice! There are only fifteen days left before this training ground is closed. In other words, we can only practice here for fifteen years at most. We'd better hurry up!"

"good!"

At that moment, the five people found a place.

Qingtian Qi and Qingtian Jun also released Qiuqiu and Little Fox.

After distributing a few Bigu Pills, everyone started practicing together.

In order to save Bigu Pills, Qingtian Qi He did not feed Qiuqiu with Bigu Pills.

There was still a lot of Yuan Magnetic Blue Gold in his God of War Order space, as well as a large number of ferocious beast inner elixirs, and dozens of spiritual weapons that could be used as food for Qiuqiu. You can't finish the balls in a year.

At that moment, everyone started to practice like this.

The five elements of vitality in this Xuyan territory are also extremely rich, and its concentration is at least a hundred times that of the outside world. It is an excellent place for practice. It is more suitable for training than the ancient training ground.

However, it is said that Qingtian Qi and others have the support of the Bigu Pill and can practice in the realm of Xuyan for a long time.

But the other trialists do not have the Bigu Pill support and have eaten up everything they have. After a few days of starvation, I could no longer hold on, so I had to leave with a look of regret.

Gradually, there were fewer and fewer people on the huge platform.

Those who could persist here for a month solitary..

Chapter 3068

In fact, after practicing here for a month, only an hour has passed outside.

In the blink of an eye, Qingtian Qi and others have been practicing in the Xuyan Realm for three months.

At this time, except for Qingtian Qi and others, all the trialists in the Xuyan Realm were so hungry that they had no choice but to leave. Only the Prince of Northern Qin and Zhou Yanzhi were left in the field.

The Prince of Northern Qin was able to stay because he also received the 'Bigu Pill' reward in the first test.

But Zhou Yanzhi didn't know why he could sustain it for so long.

Time flies, and five days have passed in the outside world in the blink of an eye.

But five years have passed in the Xuyan realm.

In the past five years, Wu Xiaoyue, Bai Jinyue, Qingtianjun, and Xiao Huer each took a Bigu Pill and only practiced for one year in the Xuyan Realm. With the help of a large number of spiritual fruits, they all improved their cultivation. After reaching the fifth level of Dzogchen Peak, we went out together.

Because they know that if they continue to practice, they will not be able to break through the bottleneck of reaching the peak of fifth-level Dzogchen in a short time. It will take at least more than ten years. If they practice there, they will only waste the Bigu Pill.

They want to save Bigu Pill for Qingtian Qi and let Qingtian Qi practice there for fifteen years.

They did this for an extremely important purpose, which was for Ming Ling'er.

If Qingtian Qi has been cultivating there for fifteen years, although only fifteen days have passed for Qingtian Qi, fifteen years have also passed for Ming Ling'er in the Sun and Moon Heavenly Wheel.

In this way, Qingtian Qi only needs to wait for more than twenty years until Ming Linger is officially released from seclusion.

At that time, Qingtian Qi will also become a ninth-level powerhouse, which is an extremely important event for the five tribes.

Qingtianjun and the four of them naturally have to consider it first.

Of course, if Qingtian Qi can find the remaining four 'blood beads', it will only take more than ten years for Ming Ling'er to be released from seclusion early.

And after Qiuqiu took the Yuanmeng Blue Gold and a large amount of ferocious beast inner elixirs for a year, he also took a bigu pill. In just two years, Qiu Qiu broke through to the sixth level with an astonishing cultivation speed. He also left the realm of Xu Yan and waited for Qingtian Qi outside.

In the fifth year, Bai Jinyu took the last Bigu Pill assigned to him.

Because Qingtian Qi's remaining Bigu Pills were just enough for Qingtian Qi to complete his fifteen years of cultivation, there was naturally no excess left to allocate to him.

But on this day, Qingtian Qi was meditating with his eyes closed.

In the past five years, with the help of a large number of spiritual fruits and elixirs, Qingtian Qi's cultivation progress has reached an extremely terrifying level, and he himself is extremely satisfied.

But on this day, Qingtian Qi took a 'Sui Golden Fruit' and was hitting the bottleneck of the fifth level peak of the gold system.

Suddenly, he sensed huge fluctuations in the golden energy between heaven and earth.

Qingtian Qi was startled, and quickly opened his eyes and looked a hundred meters ahead.

There, Bai Jinyu was meditating with his eyes closed, while the golden energy around him was rushing into his body crazily.

Soon, a huge vortex of golden energy was formed around Bai Jinyu, one hundred meters high and nearly twenty meters wide.

This scene was so astonishing that the sky was dumbfounded.

Suddenly, he thought of something, and his eyes immediately showed a look of ecstasy

"Ha ha!! This is a breakthrough. Brother Bai Jinyu has finally broken through to the sixth level. This is really great."

At the same time, Zhou Yanzhi, who was practicing in the distance, was also alarmed by this scene. He suddenly stood up and looked at the strange scene in the sky with envy in his eyes, and whispered to himself.

"Someone has made a breakthrough, and it seems I have to work harder. There aren't many Bigu Pills I got by chance anymore."..

Chapter 3069

On the other side, the Prince of Northern Qin also sensed it. He immediately opened his eyes and looked over, with a look of horror in his eyes.

"Someone finally broke through to the sixth level. This should be the first trialist to break through to the sixth level! Looking at that guy's figure, it doesn't seem like he is Ye Yulong."

At this moment, the Prince of Northern Qin was too far away from Bai Jinyu, more than twenty miles away. Naturally, he couldn't see clearly.....

"However, even if this guy breaks through to the sixth level, he is still far behind compared to this prince. This prince will soon reach the peak of the sixth level. By the way, there was a ferocious beast that also broke through to the sixth level three years ago. I don't know whose pet it was?"

And at this moment, a change occurred in front of him.

Bai Jinyu, who was meditating with his eyes closed, suddenly opened his eyes, opened his mouth and spat out a white Void Pill. As soon as the Void Pill appeared, he began to frantically absorb the surrounding metal. vitality.....

In the blink of an eye, the Void Pill completely absorbed the entire golden energy vortex, and a giant Void Pill as big as a head appeared in the air.

Afterwards, Bai Jinyu made several seals, and the giant virtual pill in the air began to compress itself crazily.

After a full meal, the giant virtual elixir the size of a head was finally compressed into a spiritual elixir the size of a walnut, crystal clear.

But in the center of the crystal elixir was a small white light spiritual sword, which was Bai Jinyu's sword spirit.

At this moment, the spiritual elixir was like a scorching sun in the sky, emitting dazzling white light, but it was no longer as illusory as the virtual elixir.

In fact, this is a sign that the virtual elixir has been successfully transformed into a real elixir, and it also means that Bai Jinyu has officially entered the sixth level.

At that moment, Bai Jinyu was overjoyed and stood up suddenly, opening his mouth to inhale the real pill in the air.

The Shi Dan immediately turned into a white light and penetrated into Bai Jinyu's mouth.

After inhaling the real elixir into his body, Bai Jinyu exuded an extremely majestic aura, reaching the strength of two hundred thousand people in just a moment, which was the threshold for the strength of a sixth-level warrior.

Feeling the surging power all over his body, Bai Jinyu's face showed a look of joy, and he immediately looked up to the sky and roared.

After a while, he laughed loudly and said: "Haha! Breakthrough! I finally broke through to the sixth level!"

Qingtian Qi also stepped forward happily to congratulate: "Brother Jin Yu, congratulations! I finally broke through. Now you also But you are twenty-four or five years old, right? If you break through to the sixth level so quickly, you will be able to break through to the eighth level earlier in the future. That will be of great help to you to advance to the ninth level!"

"Ha ha!! you flatter me! Compared with you, I am still far behind. As an elder brother, I am far inferior to you. However, I am lucky to be able to break through in the fifth year this time."

Speaking of this, Bai Jinyu breathed a sigh of relief, as if he was relieved.

Bai Jinyu also knew very well that if he could not break through within the fifth year, he would have no choice but to go out.

After going out, he would think again It would take some time to break through to the sixth level.

Fortunately, he had taken three Kailing Pills, which greatly shortened the time for him to break through the bottleneck, so he could break through within the fifth year.....

At this time, Qingtian Qi said again:"Brother Jin Yu is so humble! Although you have just broken through to the sixth level, you have the inherited talent 'Tiger God Roaring Heaven'. As long as you display 'Tiger God Roaring Heaven', most of them will Even the sixth level peak warrior is no match for you, even I am no match for you."

"Tianqi, you are too humble!"

Bai Jinyu shook his head and smiled bitterly.

"Although I have now surpassed you and the Prince of Northern Qin. But when you go out, you will definitely surpass me by a lot. Okay, I won't say any more. Tianqi, I want to go out and see what's going on outside first. I don't know what's going on in the Forgotten Valley?"

"good! Brother Jin Yu, after leaving the Forgotten Valley this time, you and Brother Tianjun should go to the Ten Thousand Flowers Valley first and wait for me to come back!"

"Um!"

Bai Jinyu nodded slightly, then turned to look at the possessed puppet behind Qing Tianqi, and politely clasped his fists and said:"Soul! Brother, leave first!"

The god-possessed puppet immediately clasped his fists and said,"Brother Jin Yu, see you later!"..

Chapter 3070

It turns out that in the past five years, Qingtian Qi has also released his soul to practice. After all, the separated soul does not need to eat anything.

Although in this virtual world, Soul's soul power progresses very slowly, Soul has learned several advanced martial arts of the gold system in the past five years, which has greatly enhanced the overall strength of the god-possessed puppet. few.

The only pity is that although 'Hun' has several top-notch gold-type martial arts in his hands, he has not been able to learn any of them.

After all, top martial arts are not easy to learn.

Of course, Qingtian Qi asked Hun to study and learn not only metal martial arts, but also other non-metal martial arts.

The focus is on studying the 'Five Dragons Roar' and the integration of the 'Phantom Trace Step' with the earth element 'Earth Walk' and the metal element 'Shattering Light Step'.

Qing Tianqi hopes that after the fusion is successful, he will be able to obtain two fused martial arts that are comparable to the best martial arts.

In fact, Qing Tianqi was also opportunistic when he asked Hun to study and learn martial arts.

Any martial arts and secret techniques learned by the split soul can be copied back by the main soul, and the main body can also learn some martial arts and secret techniques.

After all, a person's energy is limited, and it is impossible to learn many things in person.

Therefore, many ninth-level warriors will use the method of 'splitting their souls' to help them study and share some energy with themselves.

This method makes those eighth-level warriors extremely envious.

As a soul mutant, Qingtian Qi can use the method of 'splitting souls' without reaching the ninth level. Naturally, he has to make full use of the function of 'splitting souls'.

But it was said that after Bai Jinyu said goodbye to Qingtian Qihe's soul, he rushed to the exit door in the center of the platform and left.

Qingtian Qi then continued to start his own practice.

And 'hun' is also continuing to study and learn various martial arts, except of course the gold martial arts. For the other four series of martial arts, Soul is only doing theoretical research.

In this way, Qingtian Qi and 'Hun' continued to practice in the realm of Xuyan.

It wasn't until the ninth day that the fire energy between heaven and earth had another huge fluctuation, which awakened Qingtian Qi from his practice.

That was when Zhou Yanzhi finally broke through the bottleneck and entered the sixth level.

Later, Zhou Yanzhi also left the realm of Xu Yan.

At this point, only Qingtian Qi and the Prince of Northern Qin were practicing on the huge platform, and everyone else had left.

In the blink of an eye, it was the fifteenth day, which was the day when the ancient training ground was about to close.

But in the realm of Xu Yan, it is already the fifteenth year.

But on this day, the Prince of Northern Qin was meditating with his eyes closed, trying his best to attack the bottleneck of the sixth level of Dzogchen Peak.

After these fifteen years of hard training, and with the help of two 'True Soul Pills', the Prince of Northern Qin finally broke through to the peak of the sixth level of Dzogchen, and was only one step away from entering the ranks of the seventh level strong men..

The 'True Soul Pill' is an extremely rare elixir. Nowadays, the outside world has lost its refining method. Apart from this ancient training ground, it is almost impossible for the outside world to obtain it.

It was because of the help of the two True Soul Pills that the Prince of Northern Qin finally broke through to the peak of the sixth level of Dzogchen in the fourteenth year, and now began to attack the seventh level with all his strength.

But on this day, when the Prince of Northern Qin was immersed in practice, the trial mark on his forehead suddenly lit up, and then some new information came into his mind.

That was the gods warning him that the time had come and the ancient training ground was about to close, asking him to leave the realm of Xuyan within an hour, otherwise he would be obliterated.

After receiving this information, the Prince of Northern Qin immediately sighed helplessly.

"Why! It's a pity that five Bigu Pills were wasted. Apart from having some effect here, these five Bigu Pills have no big use after they go out. Why! Originally, I could have practiced here for five more years."

It turns out that the reward the Prince of Northern Qin received in the first test was twenty Bigu Pills..
