

God level 3081

Chapter 3081

Bai Xiaotian nodded happily and said: "Tian Qi, actually you have gone astray now. The purpose of martial arts is not to blindly pursue the improvement of strength, but to focus on the perception of 'Tao'. This is especially obvious in the later stages."

"Especially after reaching the ninth level, what the ninth level warriors compete more for is the understanding of the 'Tao' between heaven and earth. If you want to have a deeper understanding of the Tao, you must rely on your understanding, travels in the world, and the accumulation of time."

"You are only fifteen or sixteen years old this year, right? At your age, no matter how enlightened you are, you will not have a high level of vision and experience, so your understanding of the mysteries of the Five Elements will not be very deep."

"However, you possess the essence and blood of the three series of holy beasts, which gives you some inheritance talents and innate understanding of certain 'mysteries'. You should use these inherent advantages to understand as many of the five elements' mysteries as possible before transforming into the wind and thunder body. ', this will be of great help to your future"

"Um! Tianqi understands!. By the way, Senior Bai, what kind of physique is the Chaos Body you mentioned earlier?"

"That 'Chaos Body' is very mysterious. It is said that one can learn and understand the Five Elements, Yin and Yang, and the celestial phenomena without any restrictions. It is a divine body that is rare in ten thousand years. Those who obtain this divine body are also expected to become gods."

Hearing this, Qingtian Qi was immediately horrified and said: "I didn't expect that there is such a magical physique in this world."

"hehe!! These are just legends, but there are no historical records, they are just passed down by word of mouth. No one knows whether there is such a 'divine body' in this world. Tianqi, you should remember what I said earlier!"

"Tian Qi will definitely keep the senior's reminder in mind."

Qingtian Qi has already accepted Bai Xiaotian's proposal in his heart.

In fact, even if he has the Wind Spirit Crystal in his hand, he does not have time to transform the wind and thunder body.

Because the time agreed between him and Lin Yue Monkey King is coming soon, this time he will return After Ten Thousand Flowers Valley, he would rush to Tianshui City to find Lin Yue as soon as possible.

This time, it would take more than a year.

If he didn't rush to Tianshui City as soon as possible, Lin Yue wouldn't be able to wait for him to come. , one might think that something happened to him, and he might have left the agreed place.

At that time, if he goes to look for Lin Yue, he will inevitably be in a lot of trouble.

This trip to the ancient training ground, Qingtian Qi also saw The split soul of the demon god is terrifying.

Although it has not been confirmed, Qingtian Qi is sure that the demon god's body is stronger than the God of Earth.

It is absolutely impossible for a small human like him to compete with the demon god.

However, even if he doesn't want to Facing the Demon God.

The Demon God will not let him go.

If the Demon God really breaks out within a hundred years, the Demon God's first target of revenge will probably be Qingtian Qi.

Because there is the Demon God's Taotie inside the ball. True blood, it is very easy for the Demon God to find Qiuqiu.

As long as the Demon God finds Qiuqiu, he will definitely find Qingtian Qi.

This puts a lot of pressure on Qingtian Qi. He now needs to go to the Temple of War as soon as possible. Palace, obtain part of the inheritance of the God of War, and formally face the challenge of another inheritor of the God of War. This is a fate that he cannot escape.

At this time, Bai Xiaotian said:"Tianqi, Xiaoyue, it's time for us to set off!"

After saying this, Bai Xiaotian's hand flashed with white light, and he took out an object from the ring. It was a palm-sized loft boat.

The loft boat was extremely delicately made, and the whole body was made of strange metal. The only thing that made Qingtian Qi a little strange was that the boat actually had four wings.

Just when Qingtian Qi was curious about what Bai Xiaotian wanted to do with such a boat model.

He saw Bai Xiaotian holding the boat with one hand and sealing it with the other. Jue.

As the seal was completed, the small boat immediately emitted a bright white light, and then quickly enlarged at a speed visible to the naked eye under the surprised gaze of Qing Tianqi. In the blink of an eye, it turned into a four-winged warship more than thirty feet long...

Chapter 3082

"Huh! This is? Qingtian

Qi's eyes were full of curiosity.

Bai Xiaotian smiled and explained:"This is a top-quality spiritual weapon that I got by chance. It's called the 'Flying War Boat'. It's an auxiliary tool that can fly in the air." Spiritual weapon. Although it is only a top-quality spiritual weapon, its value is no less than a semi-magical weapon. It is also a very practical gadget. It can carry dozens of people flying at a time, and its speed is also very fast."

"This trip to Wanhua Valley takes at least a month, and it is just right for us to take this ride. Okay, no more words, let's go up!"

At that moment, Bai Xiaotian was the first to jump onto the flying war boat.....

Qing Tianqi and Wu Xiaoyue also followed.....

As soon as he went up, Qingtian Qi discovered that the space of the war boat was very spacious, and there was an attic above for people to rest.....

Seeing this, he was secretly happy.

It would take at least more than a month to go back this time.

Originally I thought I was going to fly back by myself.

Now that we have such convenient transportation and Senior Bai is here, I don't have to worry about so many things.

The time I spent on this trip can be used to practice.

Some time ago, I didn't have time to refine the 'chaos' blood essence. Now I can just refine some and improve my strength a lot.

Who knows what dangers we will encounter on this trip to the annex of the God of War?

Qingtian Qi didn't dare to look down upon the thought of going to the annex of the God of War.

After all, the God of War is a peerless figure who can seal the Demon God Taotie. If he wants to obtain part of the inheritance, he will definitely encounter some tests.

The test of the God of War will never be simple. Only by strengthening his own strength can Qingtian Qi be more confident in passing the test of the God of War and obtain part of the inheritance of the God of War.

But when the three of them got on the war boat, Genius Bai Xiao made a seal with his hand, and an energy shield automatically formed around the war boat.

Soon after, the 'Flying War Boat' turned into a white light, rushed into the sky thousands of feet high, and flew towards the direction of the Ten Thousand Flowers Valley of the Great Kun Country.

A month and a half later. Dakun Country, in the Valley of Ten Thousand Flowers.

Now that the four tribes in Wanhua Valley have gathered together, their strength has greatly increased, and it is already a scene of recovery and prosperity.

At this moment, in the newly built alliance meeting hall in the center of the four tribes base.

Teng Xiaoshan sat on the grand master's chair in the center.

Below him, four eighth-level masters, Qing Yanhai, Qing Xuanlin, Feng Zhu, and Teng Zhu, sat respectively.

Next, there were two rows of seventh-level masters standing in rows.

These seventh-level masters are naturally the elders of the four tribes.

The four tribes are holding a special high-level meeting.

At this moment, everyone in the hall turned towards a fair-faced middle-aged man in the center of the hall.

The eyes of everyone ranged from joy to admiration.

The middle-aged man also looked at Teng Xiaoshan in front of him with excitement.

At this moment, he was very excited and excited.

In the past, the people in this hall were basically his elders, but after today it was a little different.

At this moment, Teng Xiaoshan also looked at the middle-aged man with a smile, and called softly: "Teng Xifeng!"

Seeing Teng Xiaoshan calling him, the middle-aged man felt excited in his heart, and he stepped forward respectfully and said: "Xifeng has met the ancestor!"

"good! You are fine! I didn't expect that although your little guy's qualifications are not perfect, your understanding is extremely high. This time, I had an epiphany and broke through to the seventh level, becoming the new elder of our four tribes. As a result, we have one more seventh-level powerhouse among the four tribes, and I am very pleased!"

Speaking of this, Teng Xiaoshan's eyes were full of admiration.

And the elders in the crowd were also excited. Among the four clans, there were originally twenty-three seventh-level warriors.

Six from the Qing family and eight from the Feng family. There are eight members of the Teng family and three members of the Wu family.

This Teng Xifeng is a member of the second generation of the Teng family. He is about fifty years old, but looks very young on the surface.....

This time Teng Xifeng broke through to the seventh level, and the Teng family had nine seventh-level warriors, the largest number of seventh-level warriors among the four clans. This naturally made the Teng family elders feel proud.

Although the four races are united, they will still care about some face-related matters after all..

Chapter 3083

At this time, Teng Xiaoshan said to Master Teng: "I'll leave the following matters to you!"

"yes! Ancestor!"

The Teng Master immediately stood up, saluted Teng Xiaoshan, and then said to everyone around him: "Everyone! Today is the elder canonization ceremony for the new elder of my Teng family, Teng Xifeng. I would like to ask you to give a testimony here."

After saying this, Lord Teng turned to look at Teng Xifeng who looked excited and said

"A descendant of the Teng family, Teng Xifeng, because your cultivation level has reached the seventh level, according to the clan rules, you must be made an elder. Today, as the leader of the Teng family, in front of the ancestors, the elders of the four clans, and the Supreme Elder, I make you the ninth elder of the Teng family, grant you the status of elder, and enjoy the privileges of the elder."

"remember! From now on, you will not be called Teng Xifeng, but Tui Qingfeng. You can be on an equal footing with the elders of the four tribes without having to bear the rites of a junior. Here is your elder token, please take it!"

As soon as he said these words, Master Teng handed a golden token representing the status of the elders of the four tribes to Teng Xifeng.

Teng Xifeng immediately took the elder token happily. With this token, it represents the identity of the elders of the four tribes. He has become a true elder of the four tribes.

When the elders saw Teng Xifeng taking over the elder, they immediately stepped forward to congratulate him.

"Ha ha!! congratulations! Congratulations to Elder Qingfeng for being appointed as the ninth elder of the Teng family!"

"yes! Congratulations! Congratulations!"

Teng Xifeng, who should be called Yu Qingfeng at this moment, immediately stepped forward and politely returned the greeting.

At this time, he was very excited. In the past, these seventh-level powerful men were his elders, and they were all superior beings in his eyes, but now they are Treat him with the courtesy of an equal.

He felt a sense of honor in being recognized in his heart.

At this moment, Teng Xiaoshan, who was sitting at the top, said softly: "Qing Feng, you are now the elder of the Teng family. Come first." Take your place!"

"yes! Ancestor!"

Rui Qingfeng immediately walked to the end of one of the rows of elders and stood up.

Teng Xiaoshan nodded slightly, then smiled and said: "Everyone! Qingfeng was promoted to the elder of the four tribes today, which is also a great joy for our four tribes! More importantly, Qingfeng is the first second-generation descendant among our four tribes to be promoted to the seventh level. This is very worthy of praise!"

"Among the first-generation children of our four tribes, many are still at the sixth level and have not made any progress. This makes the second-generation children compare with each other, which is a bit embarrassing."

The so-called first-generation children naturally refer to the generation of Qingtian Qi's grandfather Qing Xuanlin. The second-generation children are Qingyunfeng's generation.

Qingtian Qi is the third-generation children.

There are naturally people here who are older than Qingxuanlin's generation.

However, those who are one generation higher than Qingxuan Lin have either become seventh-level warriors or have died of old age.

In fact, in large martial arts families, three generations or more no longer value seniority, but only strength. This is how powerful seniority appears.

But after Teng Xiaoshan said that, he added: "Let's not talk about those first-generation disciples. After all, they are all inferior disciples. It is a bit difficult to produce another seventh-level warrior among them."

"It seems that the future seventh-level elders will still have to focus on some outstanding second-generation children of the four tribes. By the way, among the four tribes, are there any elders who have the potential to become seventh-level elders?"

When he asked this question, the Teng Master immediately replied: "Back to my ancestors, I think the Qing family's Qingyun Feng is not bad in talent, and his understanding is extremely high. Now he has reached the sixth level of Dzogchen, and he is only over forty years old. , he has great potential to become the next seventh-level elder"

"Um! I have an impression that that little guy is quite a talent."

Teng Xiaoshan also admires Qingyunfeng very much.

"Ancestor, the other one is Xiao Zi from the Feng family. Xiao Zi is the most qualified among the second-generation children of the four tribes, and the only one with pseudo-spiritual qualifications. Not long ago, Xiao Zi has broken through to the sixth level. He is only thirty-two years old, and becoming a seventh-level elder is just around the corner!"

"Ha ha!! good! good! It seems that the second-generation descendants of our four tribes are gradually becoming stronger!"

Teng Xiaoshan nodded repeatedly with satisfaction..

Chapter 3084

But unexpectedly, as soon as he finished speaking, Qing Yanhai beside him laughed and said

"Senior Teng, compared to today's second generation children. I think those third-generation children have more potential. If nothing else, let's just say that our Qing family's Tian Ling and Tian Jun have advanced to the fifth level, which means they have already caught up with many second-generation children. Some second-generation children who are not living up to expectations are still at the fourth level. Degree"

"As for Tian Qi, not to mention, he must have reached the fifth level this time when he comes back. With his strength as a fifth-generation warrior, I am afraid that many of the second-generation disciples will not be his opponents. There is another more powerful disciple, Xiao Yue from the Wu family."

"Xiaoyue's Xuanwu true blood has reached the fifth level before it is activated. If she activates her true blood this time, her strength will be even greater, and she may be able to surpass Tian Qi and become the first among three generations of children. In any case, these four people exist among the third generation of children, and it is inevitable that they will surpass the second generation of children in the future!"

As soon as Qing Yanhai said this, many people in the venue nodded.

"good! What the Supreme Elder Yan Hai said makes sense."

"Ha ha!! Of course, we, the children of the four ethnic groups, are becoming stronger and stronger each generation! This is the beginning of the prosperity of our four tribes."

At this time, Teng Xiaoshan frowned and said with a worried look.

"Yan Hai, you are right. However, if three of the four best among our three generations of children went to that ancient training ground full of dangers, we don't know what the outcome would be? I hope the three of them suffered no losses. If the three of them suffer losses, it will be a huge loss to our four tribes! Especially the child Tianqi has high hopes for us!"

As soon as Teng Xiaoshan said these words, many people in the field also showed worried looks.

Especially Qingxuan Lin, the worried look on his face was even stronger.

Both Qingtian Lord and Qingtian Qi are both descendants of the Qing family. As Qingxuan Lin, he The head of the family was naturally worried about the safety of the two of them.

Besides, Qing Tianqi was still his only grandson.

At this time, Qing Yanhai comforted him: "Senior Teng, this junior knows that you are worried about Tian Qi. However, the junior feels that Tian Qi will be fine. Tianqi is a lucky person who has obtained the artifact and recognized it as its owner. Unless he encounters a fatal nemesis, he will not fall so easily."

"I hope so! That little guy has high hopes for this old man, hoping that nothing will happen to him."

Teng Xiaoshan sighed softly. No one can understand the worries in his heart.

Because even Qing Yanhai doesn't know that a hundred years later, Teng Xiaoshan will face the 4,000-year-old calamity and is likely to die.

Teng Xiaoshan is in He was worried that after his death, there would no longer be a ninth-level warrior among the four tribes to protect him, so he placed his hope on Qingtian Qi. He hoped that Qingtian Qi could take over the burden from him in the future.

All these things made Teng Xiaoshan very Since he values Qingtian Qi, he naturally doesn't want anything to happen to Qingtian Qi.

Thinking of this, Teng Xiaoshan suddenly remembered something and asked, "That's right! Yan Hai, based on time, the mission at the ancient training ground should be over, right? How did you do what I asked you to do?"

"Going back to the seniors, Yan Fei had already rushed to Kyoto to meet him two months ago. As long as Tianqi and Tianjun return to Kyoto, Yan Fei will help them come back. In addition, Qianxue also rushed to Kyoto of Baixi Kingdom to meet Wu Xiaoyue two months ago."

Hearing this, Teng Xiaoshan nodded slightly: "Yeah! very good! As long as the three of them can come back safely!"

And just after Teng Xiaoshan said this, a person suddenly walked in outside the main hall and came to report with a happy face. The person who came was none other than Qing Yunxiu, who had been responsible for guarding the entrance of Wanhua Valley...

Chapter 3085

Upon seeing Qing Yunxiu suddenly running in in a hurry, all the big guys in the hall frowned.

Qing Xuanlin even asked: "Yunxiu, why are you running in in such a hurry? Could it be that something important happened outside the valley?"

Qing Yunxiu said with a happy face: "Yes! Chief, it's Tianqi who's back. Tianqi is back. Qi heard that the seniors are having a meeting here and it is not convenient to disturb them. The juniors are good at making opinions, so they will report the good news to the elders first."

Upon hearing this, there was a sudden commotion in the hall.

"What did you say? Tianqi is back?" Teng Xiaoshan stood up from his seat in surprise, "Haha!! The little guy did not disappoint me and came out safely. Yunxiu, why don't you invite Tianqi in quickly?"

"yes! senior! I'll go right away!"

At that moment, Qing Yunxiu walked out of the hall happily.

As soon as Qing Yunxiu left, everyone in the hall showed great joy.

Qing Yanhai even laughed and said: "Haha!! Senior Teng, I said Tianqi will be fine. Look, he is back now."

"yes! It's great to have Tianqi back."

Teng Xiaoshan also touched his beard with pleasure and said with a smile: "That little guy Tianqi has been training in the ancient training ground for three months. I don't know how far his cultivation has improved? I hope you won't disappoint me! Qing Yanhai said:"

Senior, I heard that the ancient training ground is extremely rich in vitality and has many opportunities and adventures." As long as those who go in there can come out alive, their cultivation will be greatly improved. I think Tianqi's cultivation level should be able to reach the peak of the fifth level! Or the fifth level of Dzogchen."

Teng Xiaoshan also nodded and smiled.

"Um! Your estimate is about the same as me. In fact, I am very pleased that Tian Qi can reach the fifth level peak. If he can reach the fifth level of Dzogchen, it means that his fortune is not shallow! As for the fifth-level Dzogchen peak, that is too exaggerated!"

"Ha ha!! Senior, let's not guess for now. We will know it when the sky comes up in a while!"

"That's fine!"

But on the other side, after Qing Yunxiu left the main hall, he went to a side hall.

Qingtian Qi, Bai Jinyue, and Bai Xiaotian were waiting in that side hall.

After Qing Yunxiu came back and conveyed Teng Xiaoshan's command, Qingtian Qi smiled and said to Bai Xiaotian

"Senior Bai, in order to give Senior Teng and the others a surprise. Please wait here for a moment while I go to pay my respects to Senior Teng and the others. Uncle Yunxiu, please take care of Senior Bai first. Qing

Yunxiu said with excitement: "You still need to order this matter, I will naturally take good care of Senior Bai." Senior Bai, please sit down first!

Bai Xiaotian also smiled and said: "Then you go first!" You can shout over here in a moment and I will arrive. I also want to give Senior Teng a surprise. Ha ha!"

At that moment, Qingtian Qi said goodbye to Bai Xiaotian and went to the main hall.

In the main hall, Teng Xiaoshan and others were discussing Qingtian Qi.

Not long after, Qingtian Qi entered the main hall.

As soon as he stepped into the main hall, Teng Xiaoshan immediately He laughed and said, "Haha!! Tianqi, you are finally back safely, I am relieved!"

After saying this, Teng Xiaoshan focused on Qingtian Qi's cultivation level.

But when he saw Qingtian Qi's cultivation level clearly, a look of extreme shock appeared on his face, and he stood up from his seat with a 'swish' Wow, unbelievable

"Huh! How can this be? Level six, this is level six! Your cultivation level has actually reached the sixth level. I'm not dazzled, right?"

As soon as Teng Xiaoshan said these words, the whole hall suddenly exploded.

Those eighth-level and seventh-level bosses opened their eyes wide and looked at Qingtian Qi like monsters...

Chapter 3086

Those eighth-level and seventh-level bosses all opened their eyes wide and looked at Qingtian Qi as if they were looking at monsters.

Not long after, there was an exclamation of exclamation from the crowd, as well as an incredible sound of inhalation.

"Tsk tsk!! It is indeed the sixth level! How can this be? In just half a year, Tianqi had already broken through to the sixth level!"

"yes! It's incredible! A fifteen-year-old sixth-level warrior, even a true spirit body, is nothing more than this!"

At this time, Teng Xiaoshan finally calmed down the shock in his heart, but he was still extremely surprised and said

"It's really the sixth level! It is still the sixth level of the fourth series, and the fifth level of the first series of Dzogchen. Tianqi, you really surprised me. It seems that I still underestimated you far! Qing

Yanhai on the side was also very shocked.

"yes! If it hadn't been for the senior's words, I would have thought I was dazzled. This guy is so unexpected. I feel that this kid is no longer a peerless genius, but a monster, and only a monster can have such progress in cultivation!"

Hearing Qing Yanhai's words, the corners of Qingtian Qi's mouth below him twitched, feeling a little confused about whether to laugh or cry. At this time, Teng Xiaoshan laughed and said:"Haha!! Needless to say, Yan Hai. In fact, I have begun to wonder if this kid is a monster. How can humans make such rapid progress in cultivation?"

"However, regardless of whether this little guy is a monster or not, I can finally see the hope of the five tribes in him! Okay, let's not say more, Tianqi, you can have such an amazing breakthrough in cultivation. It seems that the opportunity you got at the ancient training ground is very amazing!

Qingtian Qi immediately replied:"Yes, senior!" There were a lot of adventures at the ancient training ground at night, some of which even the juniors would find a bit incredible when they think about it now. Wait a moment, wait for the junior to explain slowly"

"oh? Yeah?"

Teng Xiaoshan suddenly became interested.

However, Teng Xiaoshan suddenly thought of a question and asked quickly:"By the way, Tianqi, why are you the only one coming back this time? Where is Tianjun? And how about Xiaoyue?"

"Seniors, don't worry, brother Tianjun and sister Xiaoyue came out safely, and they have made great progress. After brother Tianjun came out, he went to Kyoto, the country of Dakun, and sister Xiaoyue went to Baixi country. I didn't come back with them. Hearing this

, Teng Xiaoshan felt relieved, but also curious:"It's strange, why didn't you go to Kyoto with Tianjun?" So how did you come back? Qingtian smiled and said:"As for how this junior came back, I will give it a try here first." However, this time, the Nine Yuan Fruits that Brother Tianjun and I harvested are all on me, and I have brought them back."

Hearing Qing Tianqi's words, Teng Xiaoshan's eyes lit up, and his eyes showed joy. The seventh-level elders were even more commotion, and they all looked at Qing Tianqi eagerly. Some even asked out of curiosity.

"Tianqi, how many Nine Yuan Fruits did you bring back this time?"

"yes! How many pills did you bring?"

For these seventh-level warriors, the biggest temptation for them is naturally to advance to the eighth level, so everyone will inevitably get excited when they hear that there is a Nine Yuan Fruit.

And Qingtian Qi heard the concerned inquiries of these seventh-level elders , smiled and said nothing.

At this time, Teng Xiaoshan also asked expectantly:"Tianqi, I see that your cultivation has improved so much, you should be very lucky, and you should have harvested a lot of Nine Yuan Fruit. If I had to guess, there should be twenty, right? This number is quite large."

Unexpectedly, as soon as he finished speaking, Qingtian Qi smiled and said:"Senior Teng, the number you said is too small!"

"Too little?"...

Chapter 3087

But unexpectedly, as soon as he finished speaking, Qingtian Qi smiled and said:"Senior Teng, the number you said is too small!"

"Too little?"

Teng Xiaoshan couldn't help but take a deep breath, with a hint of surprise in his eyes.

After a moment, he said with some uncertainty:"Do you have fifty pills? This is a bit unlikely, right?"

"Ha ha!! Senior, you still underestimated some of us."

"What? Is there more than fifty? Don't tell me that you guys collected a hundred pills, right?"

After hearing this, Qing Tianqi smiled and shook his head.

Seeing this, Teng Xiaoshan breathed a sigh of relief and said with a smile: "I know that one hundred pills is absolutely impossible."

But without thinking, Qingtian Qi answered: "Senior, I shake my head not to say that there are not a hundred, but to say that you still said there are too few. This time I brought back a total of two hundred and thirty-one Nine Yuan Fruits!"

Qing Tianqi's words were like a bombshell, shocking the whole audience!

Teng Xiaoshan couldn't believe it for a long time and said: "What? Two hundred and thirty? Did I hear you correctly?"

Qing Tianqi immediately laughed and said: "Haha!!" You heard it right! It's really two hundred and thirty-one!"

Hearing Qing Tianqi's confirmation, everyone in the audience took a deep breath, and then showed expressions of surprise.

Especially those seventh-level elders, whose eyes looked at Qing Tianqi, became extremely hot.

At that moment, Teng Xiao Shan said happily: "Haha!! Tianqi, you are really the lucky star of my five clans! What you gained from going to the ancient training ground this time is really huge! These two hundred Nine Yuan Fruits can at least create dozens of eighth-level warriors for our five races!"

"What's deplorable is that our five tribes don't have that many seventh-level Dzogchen peak warriors now! There are currently only two seventh-level Dzogchen peaks.

Qing Yanhai also took a deep breath and said in surprise: "Yes!" Tianqi, the surprise you brought us this time is so great! By the way, and you seventh-level elders, the opportunity is now in front of you."

"You should practice hard as soon as possible. Whoever has the ability to cultivate to the peak of the seventh level of Dzogchen will have the opportunity to enter the eighth level. You must seize this opportunity! Of course, you must thank my family Tianqi."

As soon as he said this, the seventh-level elders all expressed their gratitude to Qingtian Qi.

But Qingtian Qi immediately said:"Elders, it is not my fault that I can achieve such a big harvest this time. Brother Tianjun They get more credit."

Actually, Qingtian Qi was able to harvest so many Nine-Yuan Fruit this time, and Qingtian Lord's spirit-asking technique also played a big role. The other one also got a huge harvest from the Northern Qin Prince by dividing his soul.

At the moment, Teng Xiao Shan laughed and said:"Haha!! Anyway, Tianqi, you brought me such a big surprise today. I haven't been this happy for a long time. Hearing this

, Qingtian laughed together and said:"Senior Teng, compared to the surprise of the Nine Yuan Fruit, this junior has a bigger surprise to bring to the senior!""

"What? Is there an even bigger surprise? No way! What other surprise can compare to the surprise brought to me by more than two hundred Nine Yuan Fruits?"

Qing Tianqi did not answer directly, but smiled mysteriously, and then shouted loudly in the direction of the side hall:"Senior Ye, please come to the main hall in person for a while!"

As Qing Tianqi shouted, a burst of hearty laughter sounded outside the hall.

"Ha ha!! Ye is coming!"...

Chapter 3088

Following that burst of hearty laughter, everyone's eyes dimmed, and Bai Xiaotian stepped in from outside the hall.

Everyone in the hall was shocked when they saw the speed of Bai Xiaotian's appearance.

But when they saw clearly the aura emanating from Bai Xiaotian, the expressions of all the seventh-level elders changed drastically, and they all backed away in fear. Many people even took a deep breath of cold air in fear, and then there was a loud sound in the crowd. A sound of exclamation

"Oh my God! This seems to be a ninth-level warrior!"

"yes! Why did Tian Qi bring a ninth-level powerhouse in?"

At the same time, Qing Yanhai and other four eighth-level experts couldn't sit still, and stood up from their seats with caution.

Teng Xiaoshan also took a deep breath and slowly stood up from his seat, his expression He looked at Bai Xiaotian solemnly and asked in a deep voice:"Who is your Excellency?"

Bai Xiaotian could tell at a glance that Teng Xiaoshan was a ninth-level strongman, and also a ninth-level strongman with very profound skills. He naturally knew that the old man in front of him was Teng Xiaoshan. At that moment, Bai Xiaotian respectfully greeted Teng Xiaoshan. Xiao Shan bowed his hands and said with a smile:"This must be Senior Teng, this junior is so polite!"

Teng Xiaoshan was greatly surprised when he saw that Bai Xiaotian treated him with such courtesy and treated him as a junior.

You must know that among warriors above the seventh level, as long as they are in the same realm, they are mostly treated as peers, only based on their cultivation level, not their age.

This is especially true among ninth-level warriors.

Moreover, every ninth-level warrior is the pride of heaven and has a sense of pride in his heart. It is impossible for him to call himself a junior to other ninth-level warriors.

Bai Xiaotian's courtesy and low-keyness made Teng Xiao Shan was greatly surprised, and then he asked slowly:"Who are you?"

"Ha ha!! Senior, this is Ye Yunxiao, the leader of the Crescent Moon Kingdom."

"Crescent Country? It seems that it has nothing to do with us."

Hearing this, Teng Xiaoshan looked confused.

Suddenly, he saw Qing Tianqi standing aside with a smile on his face, as if he was watching a good show.

Seeing this, Teng Xiaoshan's heart moved and he quickly asked: "Tianqi, what on earth is going on?"

Hearing this, Qing Tianqi did not answer immediately, but turned to smile and said: "Senior Yunxiao, you'd better not get involved, Senior Teng and the others can't wait any longer!"

Bai Xiaotian laughed heartily: "Haha!! All right! Senior Teng, as well as all the brothers in the clan, Xiaotian should show his identity here first. In fact, I am a descendant of the Bai family, one of the five ancient tribes, and so is Bai Xiaotian!"

As soon as he said these words, the place suddenly exploded and shook.

Everyone in the hall suddenly heard the news, and everyone thought they had heard it wrong.

Teng Xiaoshan even said with a face full of disbelief: "What? Are you a descendant of the Bai family?"

"Ha ha!! Of course! Senior, if you don't believe it, just take a look! The true form of the white tiger appears!"

As soon as he finished speaking, Bai Xiaotian made a seal with his hand, and a screen of light immediately appeared behind him, and then a white tiger phantom appeared in the screen of light, roaring to the sky, and the shocking roar of the tiger immediately filled the whole house. The hall trembled.

As soon as he saw the phantom of the white tiger, Teng Xiaoshan opened his eyes wide with excitement and whispered to himself: "It's the white tiger! It really is the true form of the holy beast White Tiger!"

Speaking of this, Teng Xiaoshan's face showed a look of surprise, and he immediately got down from his seat and laughed.

"Ha ha! It turns out that you are really a descendant of the Bai family of our five tribes. This is really great. I have been looking for traces of your Bai family. I never expected that my wish would come true so quickly!"

At the same time, everyone around him also knew Bai Xiaotian's true identity, and they were all overjoyed.

"Ha ha!! Unexpectedly, not only are the members of the Bai family still alive, but there is also a ninth-level powerhouse!"

"yes! Our five ancient tribes have finally gathered together! This is really great. It seems that our revenge and restoration of the country are finally possible!"...

Chapter 3089

At this time, Bai Xiaotian also said with excitement:"Senior Teng, Xiaotian has been searching everywhere for news about our five tribes, but he has been unsuccessful."

"It wasn't until Tianqi and the others met us Bai family children at the ancient training ground and they recognized each other that the juniors knew the current situation of our five races. Therefore, as soon as the trial at the ancient training ground was over, the juniors couldn't wait to come and visit the seniors. , and all the brothers in the clan."

Hearing this, Teng Xiaoshan looked at Qingtian with excitement and said

"Tianqi, it's your help this time! You are really a great blessing to our five tribes! Last time, you helped find news about the Wu family. This time you even brought us news about the Bai family, and even sent us a ninth-level master!"

"Ha ha!! This surprise is really great. This is a much bigger surprise than the Nine Yuan Fruit. Even if we add a hundred eighth-level warriors to our five tribes, they are still not worth one ninth-level warrior!!"

Speaking of this, Teng Xiaoshan laughed heartily.

"Ha ha!! Tianqi, you have brought me surprises one after another today, which really makes me very happy. I really haven't laughed so heartily in a long time. This time, I will definitely reward you well. Hearing this

, Qing Tianqi smiled and replied:"Senior, this is what juniors should do.""

"good!! Tianqi, I will talk to you later. Yunxiao, I wonder how your Bai family is doing now?

"Senior Teng, our Bai family is developing quite well now. We have also found several small blood successor families who were loyal to our five clans. Our clans established a small country, the Crescent Moon Kingdom, hundreds of thousands of miles west of the Dakun Kingdom."

"To put it simply, although our Bai family is not as grand as it was a thousand years ago, it is not much different. Yun Xiao is the current head of the Bai family, and there are six eighth-level supreme elders below him."

Hearing this, Teng Xiaoshan was overjoyed and said excitedly

"good! good! It seems that among our five ancient clans, your Bai family is the most developed. One is ninth level and six are eighth level. This kind of strength is comparable to our four races combined. Now that you have joined us, the strength of our five tribes has doubled! What great news. Bai

Xiaotian also smiled and said:"Senior, Yunxiao is here to visit you and the children of the four tribes, and to discuss the return of the five tribes.""

"Um! This is what should be done. I was worried about where to find your Bai family and form the 'True Five Elements Illusion World'! But I didn't want to find it so quickly. All in all, I would like to thank Tianqi! By the way, Yunxiao, you are already a ninth-level powerhouse, just call me Mr. Teng from now on!"

"I'm afraid this is inappropriate, right? It has only been a few hundred years since the juniors entered the ninth level. In terms of seniority, I don't know how many generations younger I am.

Teng Xiaoshan smiled and said: "These are the rules passed down for thousands of years. Why should you be rigid?"

At this time, Qing Yanhai also stood up with an envious look and said

"yes! Venerable Bai family, since you are already a ninth-level powerhouse, there is no need to stick to seniority. If we really talk about seniority, I'm afraid my seniority is higher than yours. If a ninth-level strong man calls me "senior", wouldn't it be a shame?"

Hearing this, Bai Xiaotian pondered for a while and said with a smile: "In that case, it's better for this junior to be respectful and obey your orders."

As soon as Bai Xiaotian said these words, Feng Master, Teng Master, Qing Xuanlin and others stepped forward one after another and paid homage to them as disciples.

"The children of the Qing family have met the Venerable Bai family!"

"The children of the Feng family have also met the Venerable Bai family!"

It turns out that according to the rules of the five clans, as long as the children of the five clans have reached the ninth level of cultivation, they will be the venerables of the five clans, and the children of each clan must treat them as disciples.

In the past, only Teng Xiaoshan among the four clans He is a ninth-level powerhouse, and his seniority is extremely high, so everyone naturally calls him a senior. Although Bai Xiaotian is a ninth-level powerhouse, his seniority is not as high as Qing Yanhai, Qing Yanfei, Wu Yingxuan and others, so he calls him a senior. His Holiness is more suitable..

Chapter 3090

At this time, Teng Xiaoshan said again: "Next, I want to talk to Yun Xiao and several clan leaders about the convergence of the five clans. Yan Hai and the three clan leaders are staying. The others should retreat first! By the way, Tian Qi You also stay, I have something to say to you."

Then, the seventh-level elders retreated one after another.

After those seventh-level elders retreated, Teng Xiaoshan warmly invited Bai Xiaotian to sit next to him.

After everyone sat down again, Teng Xiaoshan raised his head and said to Qingtian Qi: "Tian Qi, your contribution this time is really huge, I want to reward you well."

"Senior Teng, this is what juniors should do. Besides, these achievements are not due to the juniors alone. Brother Tianjun and the others also put in a lot of effort."

Teng Xiaoshan said with a smile: "The rewards from Tianjun and the others will naturally be large." I also said before that I would give you Nine Yuan Dan as a reward. However, the refining of this Nine Yuan Dan will take some time, and your cultivation is still far from the peak of the seventh level of Dzogchen."

"I will keep this Nine Yuan Dan reward for you first. The quantity will certainly not disappoint you, and it will at least ensure that you can cultivate to the eighth level. Of course, these rewards are not enough to praise you. It just so happens that I got a treasure not long ago, so it's perfect to reward you!"

After hearing what Teng Xiaoshan said so mysteriously, Qingtian Qi immediately asked curiously: "Senior, what kind of treasure is it?"

"What baby is it? It's up to you!"

Teng Xiaoshan smiled mysteriously, and then with a casual move, there was a red spirit bead in his hand.

As soon as he saw the red spirit bead, Qing Tianqi opened his eyes in surprise.

"Huh! It's the Blood Soul Pearl!"

"Ha ha! Yes, it is the Blood Soul Pearl. During this period of time, the disciples of my four tribes have been running around. Although they have not found any news about the Bai family, they have found a blood soul bead. I will take this Blood Soul Pearl as a reward today. Are you satisfied?"

Qing Tianqi immediately said in surprise: "This junior is naturally satisfied!"

At that moment, Qing Tianqi happily took the Blood Soul Bead from Teng Xiaoshan's hand.

Looking at the Blood Soul Bead in his hand, he couldn't help but feel a little excited.

"Finally found another Blood Soul Bead, so there are only three Blood Soul Beads left. Finding the remaining three blood soul beads will not only allow Ling'er to come out early, but also make the 'Sun and Moon Heavenly Wheel' complete and greatly increase its power. By the way, I haven't seen Ling'er for a long time, and I don't know how she is doing in seclusion inside?"

Thinking of this, Ming Ling'er's beautiful face appeared in Qingtian Qi's mind unconsciously, and he missed Ming Ling'er inexplicably in his heart.

It turns out that I am also thinking about Ling'er in my heart.

With this blood soul bead, I can make Ling'er... Ling'er sensed me inside and should be able to call her out, but it's not the time to let her out yet.

Maybe it would be better to let Ling'er come out in the annex of the God of War Temple.

Thinking of this, Qingtian Qi will The Blood Soul Pearl was put away.

Seeing Qingtian Qi accept the Blood Soul Pearl, Teng Xiaoshan nodded happily.

At this time, the Phoenix Master also said with joy: "Now that Qi Qi has found another Blood Soul Pearl, Senior Ling'er You can leave the country three years in advance. In another thirty or forty years, our five tribes will have Senior Teng, Venerable Bai, and Tian Qi, three ninth-level powerhouses. With such strength, he should be able to seek revenge from Long Xing, right?"

But he didn't want to, Teng Xiaoshan shook his head and said: "You underestimate Long Xing's strength. That Long Xing is already a ninth-level peak powerhouse, and the three of us alone can't deal with him. Even if my cultivation level returns to its peak, it won't work."

"It is not that easy to deal with a ninth-level peak warrior. However, we can cut off his wings first. Nangong Yao and Chu Tiannan can be dealt with first."

"Of course, these two people have been in the ninth level for thousands of years, and they are not that easy to deal with. It is not difficult for the three of us to join forces to defeat any one of them, but it is not easy to kill any one of them."

"If the assassination fails, it will inevitably alert the enemy. However, if there is one more ninth-level warrior and the four of them join forces, there is a great chance of assassinating Nangong Yao or Chu Tiannan. Unfortunately! Judging from the current situation of our five tribes, it is absolutely impossible to produce a fourth ninth-level warrior."

Speaking of this, Teng Xiaoshan showed some regret on his face...
