

God level 3111

Chapter 3111

Only fifth- and sixth-level ferocious beasts usually appear on the edge of the Demonic Blood Ridge, and rarely do peak sixth-order ferocious beasts appear.

None of them thought that they were so unlucky that they would encounter him this time.

At that moment, everyone was so scared that they dispersed and ran away.

But at this moment, the sixth-level peak beast that was chasing after him had already come after him.

It was a ferocious beast with the head of a dog and the body of a tiger, named Doghumon.

The dog-tiger beast caught up with the old man in a blink of an eye, roared, and pierced the old man's back with one claw.

Suddenly there was an exclamation from the front...

"Patriarch, watch your back!"

The old man's face also changed drastically. He turned around quickly and raised his sword to the crossbar.....

Claws and swords collide!

The old man groaned, and was slapped by the dog-tiger beast's claw, causing him to vomit blood and fly out.

There was another exclamation from the crowd.

The old man couldn't even resist the claws of the dog and tiger beast.

At the same time, the dog-tiger beast did not let go of the old man. It pressed forward, jumped up, and continued to chase the old man.

In the blink of an eye, the dog-tiger beast was chasing after him.

Before the old man could get up from the ground, the dog-tiger beast slapped the sword away from the old man's hand with one claw, and thrust the other claw directly into the old man's chest.

Seeing this scene, the old man's clan members all looked frightened, and they all yelled in grief and anger.

"Chief, run!"

But it was all too late. The old man had no time to avoid the fatal claw.

Seeing that the old man was about to die under the claws of the vicious beast, the faces of his tribe showed despair.

This old man could The pillar of their family was about to die in front of them.

But at this critical moment, a figure suddenly flew out from the depths of the jungle and struck the dog-tiger beast with a sword.

The dog-tiger beast seemed to feel an unprecedented crisis , in panic, he quickly swung his hands to resist the sneak attack.

Boom!

There was a loud noise.

The dog-tiger beast actually grunted, and was knocked back seven or eight feet by the sword of the incoming person.

At this time, everyone could clearly see that there were more people in the field. A mysterious man.

I saw that mysterious man holding two swords, wearing a cloak, and an iron mask on his face, making it difficult to see his appearance.

And his whole person exuded a cold aura, which was very strange. , making people feel inaccessible.

At this moment, the dog-tiger beast curled up its injured giant claws in pain, and looked at the strange man in front of it in horror.

After a moment, it roared in horror, turned around and was about to run away.

The strange man was cold With a snort, his figure flashed, and he caught up in an instant, slashing down with the 'Moon God Slash'.

Inutoramon roared in horror, and dodged sideways to avoid this terrifying knife.

But just before Inutoramon At the same time as it avoided it, there was a sudden loud bang behind it, and a two-headed beast burst out of the ground. Taking advantage of its unpreparedness, it slapped the dog-tiger beast heavily on its back.

The dog-tiger beast He roared suddenly and was knocked away by the claw.

The weird man took the opportunity to rush forward and slashed at the dog-tiger beast flying in the air.

In panic, the dog-tiger beast had no time to resist it. In a hurry, he only He had time to open a transparent shield.

However, there was a loud bang, and the shield was easily broken into pieces by the weirdo's sword.

At the same time, a light beam as thick as a thumb shot from behind, instantly penetrating the dog. The head of the tiger beast.

The dog tiger beast suddenly screamed miserably, fell heavily from the air, and died tragically on the spot!

Then, a red light flew out from the dog tiger beast's head and shot directly into the weird man's eyebrows.

"Ball ball! Well done!"

The weirdo finished absorbing the red light, looked at the two-headed ferocious beast that broke out of the ground, and praised it.

The two-headed ferocious beast immediately roared happily, walked up to the weirdo and rubbed against him affectionately.

Look at the two-headed ferocious beast. The beast, wearing battle armor, with wings on its back, is extremely powerful. It is Qingtian Qi's psychic beast Qiuqiu.

The dog-tiger beast was killed by Qiuqiu's divine light of destruction earlier.

Since Qiuqiu entered the sixth level, Qiuqiu has gained a new skill, which is the earth element's 'Earth Escape Technique'.

Nowadays, Qiuqiu can be said to be capable of flying to the sky and escape from the earth.

But that weirdo is not Qing Tianqi, but the Soul Escape Technique.'..

Chapter 3112

Hun and Qiuqiu have been in Demon Blood Ridge for nearly nine days.

It turns out that before Qingtian Qi entered the Ten Thousand Flowers Valley, he released his soul and Qiuqiu and asked them to go to Demon Blood Ridge to hunt the ferocious beasts together.

The first purpose of Qing Tianqi's doing this was to help Qiuqiu collect some food.

Now, Qiuqiu had already eaten up the Yuanci Blue Gold on Qingtianqi's body, and there was no more food for Qiuqiu to eat. Qingtianqi was extremely anxious.

On the way back to Wanhua Valley, Qingtian Qi even took out two spiritual weapons for Qiuqiu to eat as food in order to prevent Qiuqiu from going hungry.

But that was not a long-term solution. He had to find some spiritual objects as soon as possible to help Qiuqiu store them.

Otherwise, if this continues, even if Qiuqiu will not starve to death, it will greatly affect Qiuqiu's growth progress, and even make Qiuqiu's cultivation stagnant. This is not what Qingtian Qi wants to see.

He also looked forward to Qiuqiu entering the ninth level as soon as possible and helping the five tribes to take revenge!

Therefore, for Qing Tianqi, the most urgent thing to do at the moment, besides going to the annex of the God of War, is to help Qiuqiu collect a lot of food.

Fortunately, after Qiuqiu mutated, he no longer only regarded metal spiritual objects as food. Earth spiritual objects also became Qiuqiu's food.

As long as Qingtian Qi can collect enough earth and metal spiritual objects, it will naturally not affect the growth progress of Qiuqiu.

In fact, although Qiuqiu eats something different from other ferocious beasts, it is also because of this special feeding habit that Qiuqiu grows much faster than other ferocious beasts of the same level.

If the earth and metal spiritual objects obtained by Qingtian Qi are of high enough quality, Qiuqiu will definitely be able to advance to the seventh level within a year or two.

Of course, this is just a fantasy. At present, Qingtian Qi has a headache even if he doesn't let Qiuqiu starve.

Qingtian Qi asked Qiuqiu and his soul to go into the Demon Blood Ridge to hunt ferocious beasts in order to collect a large amount of inner elixirs to store and use them as food for Qiuqiu in the future.

Another purpose of Qingtian Qi is to take the opportunity to let the 'soul' absorb the soul power of those ferocious beasts and practice soul power.

And just three days ago, the soul power absorbed by the soul was finally saturated, and it began to retreat and refine.

'Hun' is the split soul of Qingtian Qi, which is equivalent to an incarnation of Qingtian Qi. Even if the two sides are hundreds of miles apart, Qingtian Qi can still remember everything Hun does, as if he has seen it with his own eyes. He naturally knows that Hun is in retreat, and he also Just wait for the soul to come out of seclusion before leaving the Valley of Ten Thousand Flowers.

And today is the day when the soul comes out of seclusion.

As soon as the soul comes out of seclusion, Qingtian Qi will know.

He was in a hurry to get out of the valley and join Hun and Qiuqiu.

What makes Qingtian Qi happy is that this retreat of the soul has finally raised the soul power to the peak level of the fourth level. The basic combat power of the possessed puppet has reached the power of 400,000 people, which is the same as the combat power of Qiuqiu. This is compared to Qing Tianqi expected it to be higher, presumably because the combat effectiveness of gold-type warriors was better than that of ordinary warriors.

But at this moment, everyone in the field saw that Hun and Qiuqiu had joined forces to kill a sixth-level beast in just three or four rounds. Everyone showed extremely horrified looks, and looked at Hun and Qiuqiu unconsciously. He showed fear and didn't dare to come forward to greet him for a long time.

In the end, the old man endured the pain in his chest and stepped forward respectfully.

"Master, you took action many weeks ago and saved my life. Could you please tell me my name? I will definitely repay the favor of saving my life today someday."

Hun turned around, looked at him, and said softly: "You're welcome! I was just passing by."

After saying this, Hun ignored it and went straight to dig out the inner elixir of the dog and tiger beast, and then put it into his own ring.

After doing this, Hun said to the old man: "This dog and tiger beast The material on the beast is pretty good, so I'll give it to you!"

Hearing this, those people were overjoyed.

The old man was even more grateful and said: "Then I appreciate Your Excellency Zhou's kindness. I feel ashamed to say that you saved my life, but instead of repaying me, I benefited from you. To be honest, I am the patriarch of the Huo family in Crimson Gold City. If you need anything in the future, please go to the Huo family in Chijin City to find me. I will definitely try my best to help."

At this moment, the old man's heart was full of gratitude to Hun.

The disciples of the Huo family were also full of good impressions of Hun..

Chapter 3113

At this moment, the old man was filled with gratitude to Hun.

The children of the Huo family are also full of affection for the soul.

"You're welcome!"

Hun Chen replied politely, noncommittally.

But when Hun finished speaking, Hun suddenly turned his head and looked in a certain direction, muttering to himself: "He's here!"

Everyone was puzzled when they heard what Hun said to himself.

But at this moment, a colorful light flashed through, and everyone felt their eyes blurred. There was inexplicably a fifteen or sixteen-year-old red-haired man in the field. The boy seemed to appear out of thin air.

Seeing this strange red-haired boy, everyone involuntarily opened their eyes wide with surprise on their faces.

None of them could see which direction the red-haired boy was coming from. They don't even know how the red-haired boy appeared, because the red-haired boy was so fast that they didn't even see it clearly.

In fact, the red-haired boy was none other than Qing Tianqi, who was rushing over to join them.

What happened just now A multi-colored ray of light, Zheng Qingtian Qi used the effect of the five-element speed fusion martial arts 'Sky Dome Step'. The

Sky Dome Step is a five-element fusion martial skill that successfully fused the Phantom Track Step and the Earth Walk Step and Broken Gold Step. It can increase the original speed by ten Success, the effect is equivalent to the best martial arts.

Now, Qingtian Qi has three bonuses of flame boots, blood shadow escape method, and sky step. Its speed can be doubled, which is extremely terrifying. However,

Qingtian Qiyi appeared on the scene. , said to Hun and Qiuqiu: "Follow me!"

After saying this, Qingtian Qi turned around and left.

Hun and Qiuqiu quickly followed without saying a word.

In the blink of an eye, Qingtian Qi and his party left the scene.

After Qingtian Qi and the others left, everyone in the field Only then did they come back to their senses.

After a while, someone did not dare to confirm and asked: "Which direction did the red-haired boy come from just now? Do you see clearly?"

"No! The boy's speed was so fast that I didn't even see him clearly!"

At this time, the leading old man took a deep breath and said in a deep voice: "It's normal that you can't see clearly. Even I can't see clearly!"

Everyone was shocked when they heard this.

Someone asked in surprise: "Clan leader, can't you even see clearly? This is impossible! You are a sixth-level warrior. Could it be that that young man's speed has exceeded the limit of a sixth-level warrior?"

But he didn't want to, the old man nodded and said: "Not bad!" That young man's speed was definitely not something that a sixth-level warrior could achieve. If my estimate is correct, the red-haired boy should be a seventh-level senior."

As soon as he said this, everyone opened their mouths in surprise.

"impossible? That young man looked only fifteen or sixteen years old. How could he be a seventh-level warrior?"

The old man shook his head and said with a smile: "This is because you are ignorant." From the sixth level to the seventh level, people will generally rejuvenate and become younger, and their appearance will generally not change much after that. Don't look at the red-haired boy who looks only fifteen or sixteen years old. Maybe he is already an old monster who has lived for two or three hundred years."

After hearing this, everyone suddenly realized.

At that moment, someone woke up and said: "Yes! Patriarch, the masked man who saved you earlier is also extremely powerful. Together with his pet, his strength should be comparable to that of a sixth-level Dzogchen warrior. But looking at the way they looked just now, the mysterious masked man seemed to be a subordinate of the red-haired boy."

"The red-haired boy gave the order, and the masked man followed without saying a word. In this case, the red-haired boy must be a seventh-level senior. Only a seventh-level warrior can make a strong man comparable to the sixth-level Dzogchen willing to be his subordinate."

"good! What you said makes sense."

At this moment, everyone mistook Qingtian Qi for a seventh-level powerhouse..

Chapter 3114

At this moment, somewhere in the sky above the Black Forest, Qingtian Qi and Hundu were sitting on the back of Qiuqiu, flying towards Tianshui City.

One day later, Qingtian Qi arrived at Scarlet Gold City.

After arriving at Scarlet Gold City, Qingtian Qi disguised himself, entered the auction house in the city, and purchased all the inner elixirs of level five or above.

These inner elixirs are naturally food prepared for Qiuqiu, and part of the gold-type inner elixirs are used to maintain the operation of the possessed puppet.

It's a pity that none of those inner elixirs are of the seventh level.....

Qingtian Qi wanted to find a seventh-level earth element inner elixir and refine a seventh-level soul mark puppet beast, because his soul power was level five and could be refined.

The seventh-level Soul Seal Puppet Beast has a basic combat strength of at least 1.5 million people. It will definitely be Qingtian Qi's powerful helper in the future.

It's a pity that there is no seventh-level inner elixir for sale in the auction house.....

Generally speaking, inner elixirs of level seven or above are rarely available for purchase.....

Inner elixirs above the eighth level are not auctioned in ordinary auction houses, and can only be found in the hands of some super big families.

If Qingtian Qi wants to obtain the eighth-level inner elixir in the future, he will have to rely on his own strength to kill him.

But he said that after Qingtian Qi purchased the inner elixir in Chijin City, he continued to set off.

In this way, Qing Tianqi was on his way to Tianshui City. Every time he encountered a city above average, he would go to the auction house to search for inner elixirs.

Five days have passed in the blink of an eye, and Qingtian Qi is only three or four days away from Shuicheng that day.

But on this day, Qing Tianqi came to a medium-sized city called Heming City, and was lucky enough to buy a seventh-level earth element inner elixir at the city's auction house, which made him feel great.

After leaving the auction house, Qing Tianqi wanted to find an inn to have a good meal while he was in a good mood.

These days of eating and sleeping in the open made Qingtian Qi also want to satisfy his craving.

It was noon and the sun was blazing.

On the street, people are still coming and going.

There are also many stalls on both sides of the street.

It's early autumn now, and although it's noon, it's not that hot.

At one end of the street, Qingtian Qi wore a bamboo hat to cover his face, walking while looking for a restaurant.

Just when Qing Tianqi passed a street corner, an old voice suddenly came from next to him.

"My friend, please go slowly. I see that your heaven is full and the pavilion is round, your eyebrows are like swords and flying dragons, and your bright eyes contain stars hiding the sun and moon. You are indeed a very noble face in the world. Little brother, you will never be a normal person in the future! Why don't you come over here and let me help you calculate the yin and yang horoscopes?"

Hearing this, Qing Tianqi was startled, and quickly turned his head to look.

The person who spoke was an old man who set up a fortune teller at a street stall next to the street.

The old man had a withered face and extremely wretched appearance. When his mouth was cracked, his face was exposed. The big yellow teeth in his mouth were waving to Qingtian Qi. As soon as

Qingtian Qi saw the old man, he burst out laughing.

Because the wretched old man was a blind man, Qingtian Qi couldn't figure out how a blind man could see his face? Moreover, he was wearing a bamboo hat, so it was obvious that this wretched old man was lying.

But at this moment, a passerby also stopped Qing Tianqi and said angrily

"My friend, are you a foreigner? You must not trust this old liar. This old liar doesn't know how to tell fortunes at all. He has been running a street stall here for more than ten years, but he has never calculated it accurately. He specializes in fooling outsiders like you."

"Every time he saw someone passing by, he would lie to them. If you really want to have your fortune told, then go to Xicheng's Fortune Telling Hall to find Chen Banxian. Only then can Chen Banxian's fortune telling be accurate! That's it for what I've said, it's up to you whether you listen or not."

After saying this, the passerby cursed 'old liar' to the wretched old man and left in a hurry..

Chapter 3115

Seeing this scene, Qingtian Qi smiled and thought in his heart: "This old man is really a deceitful charlatan! I don't need to pay attention to him."

Thinking of this, Qingtian Qi was about to leave.....

But before Qing Tianqi could walk more than ten meters away, the voice of the wretched old man came from behind again.

"Little brother, I think you don't look like an ordinary person. You won't stop believing me just because of these ordinary people's words, right?"

Hearing this, Qingtian was stunned for a moment, with a hint of surprise in his eyes.....

After a moment, Qing Tianqi turned around and said in a hoarse voice on purpose: "Haha! Mr., please stop fooling me. I am already sixty-eight years old. You still call me 'little brother'. This is ridiculous."!

Unexpectedly, the blind old man laughed and said: "Haha!! I am blind but my heart is not blind. The yin and yang of the heaven and earth change, and the constants of human relations. Although I cannot know everything, I can deduce it. Little brother I am only fifteen years old this year. I will not turn sixteen until this winter is over."

"I don't know why my little brother hides his age? Are you really doubting me because of the words of ordinary people?"

Hearing this, Qingtian Qi was extremely horrified. At this moment, he no longer dared to underestimate the old man in front of him....

At that moment, Qing Tianqi took a deep breath, walked forward, and said respectfully: "It turns out that the old gentleman is a real senior master. It seems that the boy is too blind to recognize the mountains. I hope the old gentleman can forgive me.""

"Little brother, you look down on me. I'm just an ordinary person who can't live more than a hundred years. He can only deduce some numerology calculations, and his calculations are often inaccurate. Little brother, do you still want to ask me to help you figure it out?"

"The old gentleman was humble, and the boy was also curious about his future destiny, and asked the old gentleman to help him calculate it."

"good! To deduce destiny, you need to ask Yin and Yang and look at the Five Elements and Eight Characters. Little brother, you have to listen to your Five Elements and Eight Characters first!"

Hearing this, Qing Tianqi suddenly felt something in his heart and asked:"Old sir, I suddenly have a question that I want to ask for advice on. May I ask: What is yin and yang?"

Hearing this, the blind old man nodded and said with a smile.

"Yin and Yang are the two sides of all things, the starting point and the ending point that are constantly changing. People in the world always think that yin and yang are opposites. Don't you know that yin is yang, yang is yin, and yin and yang are originally one. If there is yang in the world, there must be yin. When yang reaches its extreme, yin will arise, and when yin reaches its extreme, yang will arise. Can you understand this?"

Qingtian Qi shook his head slightly.

The blind old man smiled slightly and continued:"I will give you an example! A high mountain is divided into east and west sides. When the sun rises, the east side of the mountain faces the sun and can be called sun. The west side faces away from the sun and has only dark shadows, which can be called yin."

"But at sunset, the west side facing the sun, originally facing away from the sun, changes from yin to yang, while the other side changes from yang to yin. In fact, no matter the east or west side of the mountain, they are all part of the mountain. Because no matter how the mountain changes, it has an east side and a west side. That is something that never changes, and its yin and yang are originally one. Put it this way, do you understand?"

Hearing this, Qingtian Qi seemed to have caught something in his heart, as if he had some enlightenment.

After pondering for a moment, he asked again:"Old sir, what are the Five Elements and Eight Characters?"

"The five elements give rise to all things, all things act as the great road, and the great road gives rise to destiny. Absolutely most people in this world are troubled by the five elements. Anyone who escapes from the Five Elements must be an extraordinary person."

Hearing this, Qing Tianqi suddenly thought of a question.

That is, the absolute majority of people in this world are five-element bodies, and only a very small number of people are true spiritual bodies.

Those true spiritual bodies are single-element bodies, and they do not possess the five elements. It seems that Beyond the five elements.

The fate of true spiritual warriors is also inherently different from that of ordinary warriors, because they are born to be quasi-ninth-level existences..

Chapter 3116

At this time, the old man said again:"The fate of this world is determined by fate. We ordinary people only follow the path of fate. The so-called fortune telling is just a kind of prediction. Little brother, just tell me your horoscope, and it will be Let me help you make deductions to see what your future destiny will be?"

"That's fine!"

At that moment, Qing Tianqi told the time of his birth.

The blind old man also deduced it seriously.

While deducing, he said:"Little brother, look at your horoscopes. Although you were born extraordinary, you have been born since childhood. If one's life is met with twists and turns, it should be a premature death. But it's a miracle that you can survive to this day! It seems that your destiny cannot be deduced from the horoscope, but only from the bones. Little brother, please give me your left hand."

Qingtian Qi Yiyan handed his hand to the blind old man.

The blind old man also carefully touched the bones and made deductions.

But the more the old man touched, the more horrified he looked on his face, and the more he said he was amazed.

"Tsk tsk!! Your destiny is to capture the sun and moon with your hands and the stars with your feet. How can you be an ordinary person? How can they be ordinary people! What you have experienced in the past few years is difficult for ordinary people to understand, so I won't go into details."

"Let me see your future destiny. There are three patterns of heaven, earth and man. The human pattern represents one's destiny, the earth pattern represents the past, and the sky pattern represents the future. Let me take a look at your sky patterns and see what achievements you can achieve in the future?"

At the same time as he spoke, the old man touched the sky pattern on Qingtian Qi's palm.

But as soon as the old man touched the sky pattern on Qingtian Qi, the color of the sky and the earth suddenly changed inexplicably, and the whole Heming City became violently windy, and there were dark clouds within thousands of miles. Rolling, darkness pressed down.

This sudden change between heaven and earth made everyone in Heming City look up to the sky in horror.

At the same time, the old men who were touching their bones with the blue sky were stabbed by something in their hands. For a moment, he suddenly retracted and sat down on the ground with a dejected look.

As soon as he retracted his hand, the vision between heaven and earth disappeared instantly.

Seeing such a change, Qingtian Qi was also stunned.

After a while, Qingtian Qi The blind old man was surprised and confused and asked:"Old sir, what is the future destiny of this boy?"

But the blind old man shook his head in horror and said:"It can't be counted!" It can't be counted! I just narrowly escaped being punished by God! Little brother, you'd better leave quickly! I am just a mortal, and I still want to live a few more years. I don't dare to count your life, and I can't count it!"

Hearing this, Qingtian Qi was greatly surprised and asked a few more questions.

But the old man never answered, and kept urging Qingtian Qi to leave.

Seeing this, Qingtian Qi knew that there would be no results if he continued to ask, so he had to sigh. With a sound, he threw down the gold ticket of 10,000 gold coins and turned around to leave.

At the same time, in a mysterious colorful space somewhere, two people were sitting in the air.

One of the two people was a man with a withered face. , an old man with a wretched appearance. This old man looks exactly like the blind old man who helped Qingtian Qi tell fortunes.

The only difference is that this old man is not blind.

While the other man, although wearing white clothes, his head It was a pitch-black skull.

But there was a golden tongue in the pitch-black skull.

At this moment, the old man suddenly opened his eyes, with a look of surprise on his face.

Seeing the change in the old man's expression, the man in white The skull asked curiously:"What? Any new discoveries?

The old man nodded slightly:"Yes!" I discovered a very interesting child in the lower world"

"Could it be that you have found the child of destiny?

The old man shook his head slightly:"The child of destiny is born with a 'chaotic body'." This chaotic body is the body of the God Emperor, and it possesses the power of the five elements, wind, thunder, yin and yang and nine elements. But that child only has the power of five elements, yin and yang and seven elements, so he is not the child of destiny."

"But one thing surprised me. Behind the child, there seemed to be a great supernatural being who was secretly controlling his destiny. My incarnation wanted to find out the child's future, but I didn't want to be almost killed by the great supernatural being using the power of God."

Hearing this, the white-clothed skull was shocked: "Is there such a thing? Can you feel how powerful that great supernatural being is?"

The old man took a deep breath and said with a hint of horror on his face: "Horror!" very horrible! The strength is probably no less than that of His Highness the God Emperor!"..

Chapter 3117

The white-clothed skull said in horror: "In this case, we'd better not provoke the child. We can't afford to provoke the manipulator. Let's go find the 'child of destiny' as soon as possible! The destiny chart has already shown that that The child of destiny has already been born"

"But we have been searching for so many years and still have no results! If this continues, I'm afraid it won't be easy to explain to the God Emperor.

The old man also sighed: "Hey!" There are thirteen thousand realms, and the realms are not clear! One billion and eighty million incarnations of this deity have been searching in the lower world for many years, but still without any results. In fact, so what if you find it? If you find it, it will just kick off this catastrophe in advance!"

As soon as these words fell, two deep sighs came from the sky.

Three days later, Tianshui City.

Busy pedestrians began to appear on the street. On the third floor of Fuyun Inn, a window facing the street opened.

A tall figure The tall woman approached the window and silently looked at the passers-by below.

The woman's face was very beautiful, but there was a touch of sadness and sorrow between her eyebrows.

This woman was none other than Lin Yue

"Will he come?"

Lin Yue seemed to be talking to herself.

"Yue'er, I believe he will come."

A gentle voice sounded in the room.

At this moment, in a dark place in the room, the Monkey King stood there quietly, looking at Lin Yue tenderly.

Lin Yue still looked out the window and whispered: "Tong Yu, I'm worried"

"Yue'er, you don't have to worry too much. I believe Qin Chuan is a man who keeps his promises. He must have been delayed by something, otherwise he should have come long ago"

"Maybe!"

Lin Yue sighed slightly

"Tong Yu, I don't want to see you suffer like this day by day. I know your biggest wish is to become an adult again. In fact, this is also my wish. Now we all place our hopes on Qin Chuan. If Qin Chuan encounters any accident, our hopes will be shattered."

"Yue'er, no! I believe Qin Chuan will not get into trouble so easily"

"I hope so too, so we all look at the passers-by on the street from the window, hoping to see Qin Chuan. But now it's more than a month before the deadline we agreed on, and Qin Chuan hasn't shown up yet, which is really worrying!"

Hearing this, the Monkey King also showed sadness in his eyes, and then said: "Yue'er, the last map is already in our hands. As long as Qin Chuan is still alive, as long as he still wants to go to the annex of the War God Temple, he will definitely come to us. Let's just wait patiently!"

"Why! That's all we can do, we can only hope that Qin Chuan won't let us down."

Lin Yue sighed softly and backed away from the window.

And just when Lin Yue turned around and backed away, from an inconspicuous place next to the window, a black beetle flew up and buzzed towards the window.

At the same time, something was happening in the private room of another inn in Tianshui City.

There were three people sitting in the private room.

These three people were all young people in their twenties.

If Qing Tianqi were here, He will definitely find that he knows two of these three people.

One of them is Zhou Qishao.

The other person is Zhou Shaohua, a descendant of the Zhou family who he met in the forbidden land of the four tribes.

Zhou Shaohua's His father, Zhou Qinghe, was chasing Qing Tianqi in the forbidden area, but was killed by Qing Yanfei, who came last. The last person was a dark and skinny young man in his twenties or fives, but he was the third generation descendant of the Long family. Xiao Lin is also Long Xiaotian's cousin..

Chapter 3118

At this moment, the three of them were talking quietly about something.

Suddenly, Zhou Shaohua's expression moved slightly, and he turned around and opened the window behind him.

Soon, a black beetle flew in from the window and landed directly on Zhou Shaohua's fingertips.

Then, the black beetle kept vibrating its wings, seeming to be expressing something.

For a moment, Zhou Shaohua lowered his head slightly and whispered a few words in a strange language to the black beetle, and the black beetle flew out again.

After the black beetle flew away, Zhou Shaohua closed the window again.

At this time, Zhou Qishao quickly asked: "Shaohua, how is the situation?"

"Then Qin Chuan hasn't appeared yet!. Hearing this

, Zhou Qishao sneered and said, "Don't worry, we just wait. I believe Qin Chuan will definitely show up." He delayed it for so long, maybe he wanted to avoid the limelight."

"After all, he had discovered that his identity had been revealed in Kyoto, and he also knew that he was secretly wanted across the country. He would definitely have to be careful in what he did next. Maybe, he has already arrived in Tianshui City. I just don't want to go find that bitch Lin Yue for a while.

"Um! What Qi Shao said makes sense, so we can just continue to wait. Look how patient Qin Chuan is?"

Hearing this, Zhou Shaohua and Long Xiaolin both nodded.

It turned out that in Kyoto that day, Qingtian Qi asked Qingtian Jun to pretend to be himself, kill the city gate guard Zhou, and rush out of Kyoto to lure Zhou Qishao and Long Cangyu away Attention.

Long Cangyu believed it and sent Zhou Qishao and Long Xiaolin to track down Qingtian Qi.

Along the way, they traveled to many places, but naturally found nothing.

And just three months ago , , Zhou Qishao and Long Xiaolin came to Tianshui City.

In Tianshui City, Zhou Qishao happened to meet Zhou Shaohua.

The two sides were filled with emotions when they met.

Then, Zhou Qishao told Zhou Qishao an amazing secret, that It was he who met the missing Lin Yue in Tianshui City.

Lin Yue was Zhou Shaohua's wife, and Zhou Shaohua naturally knew her.

Lin Yue's inexplicable disappearance caused quite a stir among the four tribes at the time. Zhou Shaohua naturally knew about it.

So when Zhou Shaohua saw Lin Yue for the first time, he was very shocked.

However, he also doubted whether he had met someone who looked very similar to Lin Yue.

To be cautious, Zhou Shaohua did not immediately go to Lin Yue. Instead of recognizing each other, he used deworming skills to secretly confirm the identity of the other party.

Unexpectedly, he discovered many amazing secrets through this secret exploration, which shocked him. Not long after

, Zhou Shaohua met Zhou Qi again Young Master, he was overjoyed and naturally told Young Master Zhou Qi those secrets.

"Shaohua, fortunately you have the help of your deworming skills. Otherwise, we wouldn't know so many secrets. Not to mention how to catch that little Qinchuan bastard."

Zhou Shaohua said viciously:"That little bastard Qin Chuan killed my father. He and I have an sworn hatred. Fortunately, God has eyes and let us know his intentions. This time we must let him die without a burial place. Zhou

Qishao also said bitterly:"That bastard Qinchuan was raised by my Zhou family, but in the end he harmed our four tribes." I wish I could have him executed in Lingchi. This time, nothing will make him escape."

"It's just that I didn't expect that Lin Yue, the daughter-in-law of my Zhou family, would actually be with a beast... Hey! It's really annoying to say that. After I kill Qin Chuan, that bitch Lin Yue must die, and that monkey must die too. That woman's survival is an insult to our Zhou family."..

Chapter 3119

At this time, Long Xiaolin, who had been silent all this time, opened his mouth and said

"You two, don't let your impulse spoil something big. If we kill Qin Chuan like this, how can we find the lairs of the other remnants of the five ancient tribes? We have to force him to find out where the remnants of the five tribes are from before we can kill him."

"Besides, there is a huge secret hidden in Qin Chuan. He actually has the remains of a map to the annex of the God of War. Legend has it that the God of War is a relic left by a person with great supernatural powers in ancient times, and there must be treasures hidden in it. Even for the sake of the Temple of War, we must remain calm and wait for Qin Chuan to take the bait. Zhou

Qishao complained:"If I hadn't waited for Qin Chuan to take the bait, how would I have let that bitch Lin Yue live until now?"

Speaking of this, Zhou Qishao suddenly thought of a question and said:"Brother Long, that Qin Chuan's strength is probably equivalent to the fifth level, and there is a fifth level ferocious beast beside Lin Yue. Although there are two fifth-level warriors on our side, it is difficult to stop them with such strength!

Long Xiaolin sneered:"Qi Shao, you can rest assured." I sent a letter to Kyoto about some things happening here a month ago. The seniors in Kyoto learned that Qin Chuan had secrets about the relics of the God of War, and they took it very seriously. The person sent this time is my nineteenth uncle Long Cangyan. With my Nineteenth Uncle taking action, wouldn't it be easy to deal with Qin Chuan?!"

Hearing this, Zhou Qishao was immediately surprised and said:"It turns out that Senior Long Cangyan is here this time. That's really great. Long Cangyan is known as the number one person below the seventh level in the Great Kun Kingdom. Even a sixth-level Dzogchen peak warrior cannot support three moves in his hands. So who is Qin Chuan? This time there will be no return for him! ! "

"Ha ha!! Of course!"

The three people in the field suddenly laughed.

But at this moment, Long Xiaolin's expression changed slightly, and then he took out a jade communication talisman to check.

After a moment, he said with a surprised look on his face: "Haha!! We were talking about Uncle Nineteen, but we didn't expect that he had already arrived in Tianshui City."

Hearing this, Zhou Qishao was also surprised and said: "I didn't expect Senior Long Cangyan to come so soon. Brother Xiao Lin, let's go meet Senior Long Cangyan now! Brother Shaohua, I will continue to leave it to you to monitor Lin Yue."

"Don't worry! I will monitor it closely and will notify you as soon as I have any news."

Then, Zhou Qishao and Long Xiaolin left the box.

Half a day later, they were in an inconspicuous residence in Tianshui City. At this moment, there were more than a dozen people in the hall, standing in two rows. Only one person looked stern. A domineering man sat in the center of the hall.

The man had fair skin, a handsome face, and sharp eyebrows. He looked like he was only twenty-six or seventeen years old, but there was an air of arrogance between his eyebrows.

In fact, this man was a descendant of the Long family. Long Cangyan.

Long Cangyan's actual age is thirty-five years old. He is very young among the second-generation descendants of the Long family. He has also been ranked first in the rookie list and is now a sixth-level Dzogchen peak master.

To be honest, Among the children below the seventh level of the Long family, who is the most outstanding one? In fact, it is not Long Xiaotian, but Long Cangyan.

Although Long Cangyan and Long Xiaotian are both equally qualified, in Long Xing's eyes, perhaps Long Cangyan More important than Long Xiaotian.

Because Long Cangyan is not only highly talented, but also a person of great luck, which Long Xiaotian cannot compare with.

At this time, Long Cangyan glanced at everyone with a cold expression and said softly

"This time I came as a special envoy to preside over this important event in Tianshui City. This special envoy has basically understood what you just reported. Now that Qin Chuan still hasn't arrived, it seems that we have to continue to wait. Just how is your arrangement going?"

"If Qin Chuan finds something wrong and escapes early, what measures will you take to deal with it? Xiao Lin, tell me!"..

Chapter 3120

"Report to the special envoy!"

Long Xiaolin stepped forward respectfully.

"In our surveillance of Lin Yue, in addition to using insect repellent techniques to monitor their every word and deed, we also secretly wiped our eyes around the Fuyun Inn. As soon as a suspicious person contacts Lin Yue, we will get the news immediately"

"In addition, our spies are also hidden outside the four major gates of Tianshui City. If the situation changes suddenly, even if Qin Chuan and Lin Yue escape before we can react, we can still stop them at the gates of the four major cities in time."

"Um! You guys are doing great!"

Long Cangyan nodded slightly.

"You should also know that if you want to enter the ruins of the God of War, you need a map and the God of War's order. Qin Chuan holds two-thirds of the map and the God of War Order, so he is the key figure."

"This time, the higher-ups took this matter very seriously, so they sent this special envoy to deal with Qin Chuan personally, just because they didn't want anything to go wrong."

As soon as Long Cangyan finished speaking, Long Xiaolin below laughed and said

"Uncle Nineteen, if you personally deal with Qin Chuan, there will be absolutely no mistakes. You are the first person below the seventh level in the Dakun Kingdom, and your basic combat strength reaches more than 1.2 million people. Even a sixth level Dzogchen pinnacle warrior can't hold on for three moves in your hands."

"So who is Qin Chuan? Unless he becomes a seventh-level warrior overnight. Otherwise, he will be unable to fly this time."

After Long Cangyan heard his words, there was also a trace of disdain on the corner of his mouth.

"Although this special envoy's dealing with Qin Chuan is like squeezing an ant to death, we cannot underestimate the enemy. In addition, I heard that Tianshui City has been in great turmoil during this period, and the Tianshui School is also facing a split. What's going on with all this?"

"Report especially to adults!"

This time it was Mr. Zhou Qishao who stepped forward to report.

"Sir Envoy, this is what happened. Four months ago, Lin Tianshui, the lord of Tianshui City, suddenly disappeared. This incident caused a sensation in the entire Tianshui City. Later, someone said that someone had seen Lin Tianshui going to Juelongtan before disappearing, but he had never come out since then."

"At that time, an eighth-level master from the Tianshui School went to Juelong Pond to look for traces of Lin Tianshui, but after the eighth-level master went in, he never came out. At this point, no one dares to go to Juelongtan anymore. Lin Tianshui's disappearance has become a mystery"

"After it was confirmed that Lin Tianshui was really missing, the Tianshui School lost control, and the three eighth-level warriors under it started to fight for the position of the leader of the school, causing a lot of trouble. Now Tianshui School has become one-third of the world"

"Seeing this, the small and medium-sized forces in Tianshui City also took the opportunity to develop their own forces. All this caused the current situation in Tianshui City to be turbulent. An

interesting thing happened during this period, that is, not long after Lin Tianshui disappeared, his study was ransacked."

"In fact, the person who ransacked Lin Tianshui's study was none other than the monster monkey next to Lin Yue. The residual picture in Lin Yue's hand was obtained from Lin Tianshui's study."

"So that's what happened!"

Long Cangyan nodded slightly.

"interesting! It seems that the person who originally held the broken picture was Lin Tianshui, which makes sense. But where exactly is Juelongtan? Even Lin Tianshui disappeared after entering, which is really scary! Forget it, we don't have to think about this Juelongtan matter. We should all go down and monitor Lin Yue's movements."

One day later, in the sky dozens of miles away from Tianshui City, a flying ferocious beast with a dragon head and a lion's body appeared, flying towards Tianshui City.

And there were two people sitting on the back of the ferocious beast.

They were naturally Qingtian Qihe Qiuqiu, and the god-possessed puppet controlled by Qi Fenhun in Qingtian...
