

God level 3131

Chapter 3131

As soon as Qingtian Qi saw the white flames burning on Long Cangyan's body, his expression changed slightly.

"Huh! This is actually the top grade Heavenly Fire, Fierce Yang Heavenly Fire. You have understood the way of fire to such an extent that you are able to upgrade your own spiritual fire to high-grade sky fire. Not many even seventh-level warriors can do it. No wonder your basic combat ability is greater than that of ordinary sixth-level warriors. The warrior at the peak of perfection is strong. However, that wouldn't be that much better, would it?"

It turns out that after the natal spiritual fire reaches the upper grade, it is collectively called heavenly fire.

The difference between the upper grade heavenly fire and the middle and lower grade spiritual fire is very big.

The middle and lower grade spiritual fire only contains spirituality, while the upper grade heavenly fire already contains the 'realm of Tao' and the secret of Tao. , can automatically absorb the energy of heaven and earth.

If sixth- and seventh-level warriors can upgrade their natal spiritual fire to high-grade sky fire, they will not only get an improvement in the damage of their martial arts attributes, but their basic attack power will also be greatly improved.

Generally speaking , , the basic combat power of a sixth-level Dzogchen peak fire warrior is the power of 700,000 people. If he upgrades his natal spiritual fire to the high-grade spiritual fire, his basic combat power can reach about 900,000 people. In addition, there are It comes with strong fire attribute damage.

However, it is extremely difficult for sixth- and seventh-level warriors to transform their natal understanding into high-grade spiritual fire, which requires a deep understanding of the way of fire.

Just like Qingtian Qi, now his fire The system has been advanced to the sixth level, but his natal spiritual fire is still the middle-grade spiritual fire, the inner fire of the earth.

This is because he does not have enough understanding of the 'Way of Fire' and cannot upgrade the inner fire to the high-grade sky fire. Level.

Hearing Qing Tianqi's question, Long Cangyan laughed proudly and said

"Ha ha!! Little bastard, you want to know what's going on? Then I will tell you! Look what this is?"

I saw Long Cangyan stretched out a hand, and a ball of blue flame immediately appeared in the palm of the hand, exuding a heart-stopping momentum. When

Qingtian saw the blue flame, there was an incredible look on his face , immediately said in surprise

"It's Lan Li Tianhuo, how is this possible? Every fire warrior can only have one kind of natal spiritual fire in his body, even for eighth-level warriors. How come you have two natal spiritual fires in your body?"

Speaking of this, Qingtian Qi suddenly thought of something and said in surprise

"It is the spirit of natural sky fire! I didn't expect you were so lucky to get the Spirit of Heavenly Fire. The fire spirit is a treasure more precious to a fire warrior than a semi-sacred weapon! Even eighth-level fire warriors would be jealous if they saw it."

"However, I think you haven't completely refined the Sky Fire Spirit yet. Otherwise, your attack power should be more than 1.3 million people."

The so-called natural heavenly fire spirit is the spiritual fire seed born from the high-grade heavenly fire in nature. In many ways, it is similar to the natal spiritual fire of an eighth-level warrior, and it also contains its own 'Tao Realm'.

Fire warrior After getting it, you can use your soul power to refine it into your second life spirit fire. The basic combat power will be increased by 40 to 50%, which is very scary. At the same time, you can also plunder the Tao realm in it. ', to deepen your understanding of the way of fire.

Such opportunities are rare.

"Ha ha!! You are right! If it weren't for the purpose of completely refining the Blue Sky Fire Spirit, with my understanding of the 'Way of Fire', I would have been able to break through the bottleneck and enter the seventh level."

"My purpose is to plunder the 'Dao Realm' contained in this 'Spirit of Sky Fire', in the hope that I can break through the seventh level as a 'Second Dao'. In that case, after I enter the seventh level, I will be better than the ordinary seventh level. The warrior's training progress is several times faster. quack!!"

After saying this, Long Cangyan laughed wildly with pride..

Chapter 3132

The three paths of fire: infinity, annihilation, and rebirth.

Fire warriors who are at the peak of the sixth level of Dzogchen can break through to the seventh level as long as they can initially master one of them.

However, there are also some sixth-level Dzogchen pinnacle warriors who, after initially mastering the two paths, break through to the seventh level.

The more you peep into, the greater the help will be in the later stage.

"Boy! I have already told you everything you want to know. Now you can die in peace! Don't think that you are the only one who knows the best martial arts, just show me how awesome I am! Jiulong Fentian, kill!"

I saw Long Cangyan suddenly roared and struck out with a sword. Nine huge flaming dragons flew out of the sword shadow, burning two colors of sky fire. They flew in the air and roared, and charged towards the blue sky.

He was A top-grade martial arts move, with the help of top-grade heavenly fire, it was even more powerful.

Seeing this, Qingtian Qi's expression changed greatly, and he quickly used 'Dragon Breaking the Sky' again, and the colorful dragon of more than a hundred feet flew out in response to the move.

In an instant, he saw in the sky A divine dragon fought against nine flaming dragons, it was really spectacular!

Boom!

A loud noise!

The flames flew, the ten dragons shattered, and the world was shocked!

This time in the competition, the two sides were evenly matched.

But before this move fell, Qingtian was heartbroken. Before his breath was stable, Long Cangyan actually laughed again, and used the "Nine Dragons Burning Sky" move again, and killed Qingtian Qi again.

This time, Qingtian Qi was immediately frightened.

All top martial arts consume a lot of energy. , every time it is used, it has to be slightly buffered and recovered before it can be used again, but Long Cangyan just used one move, Nine Dragons Burning Sky, and then another move, which overwhelmed him. In a hurry,

Qingtian Qi used Without the 'Dragon Breaking the Sky', he had to use his speed to dodge, and at the same time use the Divine Light of Destruction to resist the unavoidable attack.

But before Qingtian Qi could completely dodge it, Long Cangyan laughed again, and again One move of 'Nine Dragons Burning the Sky'.

At that moment, the two sides started fighting.

In the air, Long Cangyan's long hair danced wildly, as if he was crazy, and he was laughing loudly. With one move of 'Nine Dragons Burning the Sky', they continued. Use it.

Long Cangyan's continuous super-powerful attacks immediately kill Qingtian Qi in a hurry and at a disadvantage.

Both sides are strong in attack and weak in defense. Whoever is attacked first will definitely suffer a big loss or even be defeated. and died.

If Qingtian Qi hadn't been faster than the opponent, he would have been defeated by the opponent long ago.

In fact, Qingtian Qi's situation was already very bad at this moment.

This could not help but frighten him.

This Jiulong Fentian should be his most A strong attack. If I were hit by him, I would be seriously injured.

But why is this guy so perverted?

Why can he use the "Nine Dragons Burning Sky" continuously?

Thinking of this, Qingtian Qi suddenly had a flash of inspiration in his mind. Suddenly.

That's right! It's 'Endless'! The

'Way of Fire' that this guy understands is 'Endless', which is endless release.

Legend has it that a fire warrior who understands the 'Endless' Way, even if he is seriously injured and dying, can Give full play to the strength of his prime.

For this kind of guy, he must be killed with one strike. Serious injuries cannot weaken his strength.

However, the current situation is not good! If I continue to fight like this, I will fall into his hands sooner or later.."

At the same time, on a remote official road outside Tianshui City.

Hun raised his head and looked in the direction of the Ten Thousand Beasts Mountain Forest. He pondered for a while and then said to Lin Yue and the Monkey King behind him.

"You two wait for me on the official road first, and I'll go meet Qin Chuan."

After saying this, Hun's figure flashed and rushed towards the place where Qingtian Qi was fighting.

Half an hour later, Hun rushed outside the valley where Qingtian Qi and Long Cangyan were fighting.

At that moment, Hun hid his aura and lurked On the side

, the possessed puppet is a puppet without any life form. As long as the 'soul' does not control it and does not circulate the golden energy, naturally no one can discover him..

Chapter 3133

But at this moment, the two people in the air have fought for nearly a hundred rounds.

Qingtian Qi was completely outnumbered by Long Cangyan and was in a very critical situation.

But Long Cangyan became more and more fierce as he fought.

I saw Long Cangyan's long hair dancing wildly and shouting crazily.

"kill! kill! kill! Kill me!!"

That madness, that heroic spirit, seemed to be venting endlessly.

When Qing Tianqi saw his expression, he had a vague understanding in his heart. It was some kind of understanding of the 'endless' way, but he He felt like he hadn't caught it yet.

However, Long Cangyan didn't give him a chance to continue to understand. He couldn't win Qingtian Qi in more than a hundred rounds. Deep down in his heart, he was secretly anxious.

After all, people like him were endless. The advantages and disadvantages of his violent attack are extremely obvious.

The advantage is that he can take full advantage and win the battle quickly.

The disadvantage is that if he does not win the battle quickly, it will be his turn to be unlucky after his energy is exhausted.

So fighting in Long Cangyan Until now, I still haven't been able to capture Qingtian Qi, and I'm secretly anxious in my heart.

"Damn little bastard, if he hadn't been fast and had several special methods, he would have died in my hands. No, we can't go on like this. I want to change my strategy!"

Thinking of this, Long Cangyan roared, flew into the air, made seals with his fingers, and shouted in his mouth

"Fire Palm!"

Then, I saw Long Cangyan press down with his palm.

With that palm press, a huge flaming palm with a radius of a hundred feet suddenly formed in the air, and pressed down towards Qingtian Qi.

Qingtian Qi only felt a darkness above his head, and an extremely huge The huge flaming palm pressed down, making it impossible for him to dodge anymore.

His face immediately changed slightly, and he quickly turned on the 'Five Elements Shield'.

Boom!

A loud noise!

Qingtian Qi was unable to borrow any force in the air, and the huge flaming palm directly hit Qingtian Qi. It was shot underground and blasted into the ground.

In fact, the fire god's palm has a large attack range, but its attack power is not strong. Its attack power was blocked by Qingtian Qi's Five Elements Shield.

Long Cangyan's purpose is to prevent Qingtian Qi from letting go Flying randomly in the air, Qingtian Qi's position was fixed.

Therefore, Long Cangyan's palm bombarded Qingtian Qi from the air to the ground. Before Qingtian Qi could rush from the pit underground, he followed up with another move. "Nine Dragons Burning Sky" attacked Qingtian Qi underground.

This time, Qingtian Qi had no time to dodge, and was hit by the "Nine Dragons Burning Sky". The ground exploded, and a huge explosion was directly blasted out of the place where Qingtian Qi just fell. Deep pit.

For a moment, rubble flew across the field, and dust and smoke filled the sky.

"Ha ha!! Little bastard! Even if you don't die this time, you will still be seriously injured! I don't believe it, if you force me to attack you, you will be unscathed!"

In the air, Long Cangyan laughed triumphantly and finally breathed a sigh of relief in his heart.

He also felt that this battle was very difficult. If the stalemate continued, it would be detrimental to him.

In fact, Long Cangyan did not expect Qingtian Although Qi's basic combat power is not as strong as his, his flying speed in the air and his speed on the ground are faster than his.

"snort! I wonder how injured this kid is?"

Thinking of this, Long Cangyan fell from the air and landed directly next to the deep pit.

At this time, the deep pit was full of smoke and dust, and he could not see the situation in the deep pit clearly.

At that moment, Long Cangyan waved his hand , a strong wind blew away the smoke and dust on the surface of the pit, revealing the situation at the bottom of the pit.

But once he saw the situation at the bottom of the pit, Long Cangyan's expression changed drastically.

"Huh! Where are people?"

It turned out that the bottom of the pit was empty, and there was no one at all.

Seeing this, Long Cangyan was shocked and felt that something was not good..

Chapter 3134

Seeing this, Long Cangyan was shocked and felt that something was not good.

But at this moment, he suddenly felt a stabbing pain in his head and felt in a daze.

The moment before he fell into a trance, Long Cangyan exclaimed.

Oops!

Because he knew that this was the soul skill Qingtian Qi had used on him.

And in just a moment, Long Cangyan came to his senses.

As soon as he woke up, he felt the sword wind coming from behind him.

At that moment, he was horrified, turned around quickly, and struck with a sword.....

He slashed with his sword, and what he saw in front of him was not Qin Chuan, but a man wearing silver armor from head to toe.

It turns out that it was not Qingtian Qi who attacked him with the God-Destroying Thorn first, but the 'hun' who had been ambushing him at the mouth of the valley.

Previously, while Long Cangyan was concentrating on the pit, Hun first released a god-destroying thorn, knocking Long Cangyan unconscious. Then he rushed forward and struck down with the 'Moon God Slash' move.....

When Long Cangyan saw the soul, he was also frightened and angry. He smashed the 'Moon God Slash' with a sword, and even the god-possessed puppet was blown out of the valley by his sword, and he did not know whether he was dead or alive.

But just as Long Cangyan blasted away the possessed puppet with his sword, Qingtian Qi suddenly flew out of the deep pit behind him and attacked Long Cangyan's back with a move of 'Dragon Breaking the Sky'.

Long Cangyan felt a strange movement behind him and was horrified again. He quickly turned around and saw a colorful dragon charging towards him.

This time, he had no time to defend himself. He didn't even have a chance to activate the 'Vulcan Shield' before he was hit head-on.

Long Cangyan immediately screamed miserably, spilled a large amount of blood, and was blasted hundreds of feet away.

It turned out that Qing Tianqi had seen Long Cangyan's "Nine Dragons Burning Sky" attack before, and was unable to dodge for a while, so he directly used the "Escape Technique" to escape deep underground, avoiding the fatal blow.

But Long Cangyan didn't know that Qingtian Qi could also escape from the earth. When he came down to check the results, he found that Qingtian Qi was missing, and he was naturally shocked.

But at this moment, Qingtian Qi immediately ordered the 'hun' ambushing at the entrance of the valley to take action to attract Long Cangyan's attention.

Just when Long Cangyan's attention was attracted by the 'soul', Qingtian Qi took the opportunity to break out of the ground and succeeded in a sneak attack with the 'Dragon Breaking the Sky' move, which immediately severely injured Long Cangyan.

But he said that Long Cangyan was seriously injured by Qingtian Qi's move, before Qingtian Qi rushed forward to check.

Then they saw Long Cangyan's upper body spiritual armor was broken and he was covered in blood. He escaped through the air and flew straight towards Tianshui City. He was still shouting loudly.

"Qin Chuan, just wait for me! If you have the guts, come to Tianshui City with me!"

It turns out that the blow just now caused Long Cangyan to be seriously injured. He knew that he could not continue to entangle with Qingtian Qi here.

Otherwise, Qingtian Qi did not need to fight with him, he only needed to wait for him to drain out his essence and blood and die..

Long Cangyan was not a fool. He knew that the situation was extremely unfavorable to him at this time, so he immediately fled with all his strength. Although he was seriously injured, his understanding of the 'endless' way did not affect his escape speed at all. In just an instant, He flew away nearly a thousand meters away.

Long Cangyan was confident that he could escape from Qingtian Qi. Even though his speed was not as fast as Qingtian Qi, his strength was not reduced due to serious injuries.

As long as he could escape to Tianshui City, he It would be saved.

But when Qingtian saw this, he naturally understood Long Cangyan's intention. He immediately sneered, took out the Night Bow from the God of War Order space, condensed three Long Cangyan's blood essences from the ground, and sacrificed them into In the Mingye Bow.

Then, Qingtian Qi flew into the air and opened the Mingye Bow, just like Long Cangyan shot out a guide arrow.

But what surprised Qingtian Qi was that Long Cangyan was shot by the first guide arrow. After the arrow hit, he just screamed in the air, rolled twice, and then continued to fly away at a fast speed. In the blink of an eye, he flew out of his attack range.

At that moment, Qingtian Qi was in a hurry and hurriedly chased after him.

After all, he was flying at such a speed. Faster than Long Cangyan, it didn't take long for Qingtian Qi to catch up and shoot again.

In this way, Qingtian Qi chased and shot, and shot three guiding arrows at Long Cangyan, a total of four guiding arrows. The arrow killed Long Cangyan..

Chapter 3135

As soon as he killed Long Cangyan, Qingtian Qi returned to the entrance of the valley to look for the possessed puppet, only to find that the possessed puppet was lying on the ground motionless.

It turned out that Long Cangyan's sword shattered all six gold inner elixirs on the body of the possessed puppet. Naturally, the possessed puppet had no power support, so it was naturally unable to operate.

Fortunately, the soul crystal of the possessed puppet was not destroyed, and the soul within was not harmed.

At that moment, Qing Tianqi replaced the possessed puppet with six gold-based inner elixirs, and then took the possessed puppet to look for Long Cangyan's body.

Soon, Qingtian Qi found Long Cangyan's body, searched him first, and then burned Long Cangyan's body to ashes with a fire.

After doing this, Qingtian Qi was able to take stock of the loot he had obtained.

As an outstanding second-generation descendant of the Long family, Long Cangyan naturally has a lot of treasures on his body.

After Qing Tianqi took stock of the loot, he was filled with joy.

It seems like this guy has a lot of good things!

Not to mention anything else, this top-notch auxiliary spiritual weapon 'Tianyu Divine Wings' is a very practical thing.

It turns out that it can also be attached to the wings, which can increase the flight speed by 50%.

If it doesn't have wings, it can still be used as wings to fly, but it can only fly at a speed of 90% of its basic combat effectiveness.

I can use this thing, and it can also be used by possessed puppets. Maybe it will be used in the future.

Thinking of this, Qing Tianqi put away the 'Sky Feather Divine Wings' with satisfaction.

Then, he took out a piece of purple metal as big as a fist, looked at it carefully for a while, and then exclaimed

"This should be Ziyun Gold. This is a material for refining a semi-artifact. It is more precious than the golden timu. It seems that this guy is still thinking of refining a semi-artifact. Qiuqiu has been eating Neidan all this time and is almost tired of it. He keeps complaining to me! Just use this piece of Ziyun Gold to satisfy that little guy's craving."

Thinking of this, Qingtian Qi also happily put away the piece of Ziyun Gold.

The only regret in Qingtian Qi's heart was that he could not get the natural fire spirit of Lan Li Tianhuo on Long Cangyan.

Those natural fire spirits , as long as it is refined by someone, it will fit in with the soul.

As soon as the owner dies, the refined natural fire spirits, like the natal spiritual fire, will naturally disappear as the soul collapses.

"In any case, this obstacle has been removed. It is not suitable to stay here for a long time, so we should leave quickly!"

At that moment, Qingtian Qi led the god-attached puppets and joined Lin Yue Monkey King.

Twenty days later, the southern border of the Dakun Kingdom, the Western Wasteland Grassland.

The Xihuang Grassland has a radius of three thousand miles, which is the Dakun Kingdom. At the junction with the Sky Eagle Kingdom.

This Western Wilderness Grassland is not peaceful. In addition to bandits, groups of ferocious beasts often appear, and there may even be sixth-level ferocious beasts.

But even so, there are still There are many caravans going back and forth.

Some are caravans under big families. They are naturally strong, so there is no need to be afraid of those ferocious beasts.

Of course, there are also some scattered small businessmen who get together to form large caravans and hire some experts. Escort.

Such caravans are called private caravans. Generally, due to limited financial resources, the warriors they can hire are not strong, and the defense force is naturally weak. At this moment, there is a private caravan setting off from the Dakun Kingdom, passing through the west The desert grassland set off towards the Sky Eagle Kingdom.

The caravan included men, women, old and young, including merchants from the Dakun Kingdom and the Sky Eagle Kingdom.

In the evening, the caravan stopped and everyone began to go about their duties, including preparing dinner. Some people set up tents, some went to defend themselves.

Soon, a bonfire was lit in the center of the camp.

In front of a tent, a mysterious man wearing a hat and robe sat silently in front of the fire, and there were people beside him. Sitting there was a beautiful red-haired boy who had just taken off his childlike appearance, and a tall, plump young woman.

Next to the woman was a mini monkey.

The three people in this group were Qing Tianqi, Lin Yue and others..

Chapter 3136

It turns out that the ball carrying them flying in the air cannot fly continuously. After all, it would be too tiring.

Therefore, every ten days that Qiuqiu flies, Qingtian Qi lets Qiuqiu enter the psychic space to rest for a few days.

Now is the time for Qiuqiu to rest.

Without the help of Qiuqiu, Qingtian Qi and the others could only walk across the Western Wilderness Grassland.

But they didn't know the road, so they had no choice but to follow a private caravan across the Western Wilderness Grassland to avoid taking the wrong path, getting lost in the grassland, and wasting time.

In fact, Qingtian Qi has gained something in the past twenty days.

That was during this period, after Qiuqiu ate the piece of Ziyun Gold, his strength that had been stagnant finally made great progress again.

Although Qiuqiu has not yet reached the peak of level six, his basic combat power has increased to half a million people in one fell swoop.

Qiuqiu's strength has naturally improved, and Qingtian Qi's strength has also greatly improved.

Now, after Qingtian Qi and Qiuqiu merge, their basic combat power can reach the strength of 980,000 people, which is not far away from the strength of one million people.

After the last battle with Long Cangyan, Qingtian Qi evaluated his overall strength. At this moment, he should be slightly better than Long Cangyan back then.

This improvement in strength naturally made Qingtian Qi happy.

However, this also made Qingtian Qi understand that if he wanted to improve Qiuqiu's strength as soon as possible, it was useless to eat those inner elixirs. The only most effective way was to collect more gold or earth spiritual objects with Ziyun Gold level.

But at this moment, Qingtian Qi and the others were eating some dry food around the fire, and Hun sat aside silently. After more than twenty days of getting along, Lin Yue and the Monkey King already knew the relationship between Hun and Qingtian Qi.

At this moment, a guard came not far away and came to the soul with a respectful expression and bowed.

"Mr. Hun, Commander Chen and Boss Fan have prepared fine wine and food, and would like to invite Mr. Hun to have a meal with them. I wonder if Mr. Hun has time?"

"No! I've already eaten, and I'm going to have a rest soon. Please accept the kindness of Commander Chen and Boss Fan for me."

Hun replied in a low voice.

"this...."

There was a slight look of disappointment on the guard's face, and then he said:"In that case, let's not disturb Mr. Hun!"

Then, the guard bowed respectfully to Hun and left.

It turns out that this time Hun used the excuse of traveling to the mainland with his nephew and niece to join the caravan along the way.

The founder of the caravan, Boss Fan, and the guard commander, when they saw that Hun was actually a sixth-level expert, they thought it was a pie falling from the sky. They were so happy that they immediately asked Qingtian Qi and the others to join the caravan without saying a word..

It would only take a fifth-level Dzogchen master to take down the guard commander.

In the past, only the caravans of big families could be equipped with sixth-level masters, and it was impossible to have them in private caravans.

Now, Commander Chen and Boss Fan would be pleasantly surprised to see such a sixth-level master join the caravan for free.

So along the way, the two of them kept fawning over Hun.

But Hun is always lukewarm towards them.

The two of them didn't dare to neglect, and treated them carefully all the way.

After dinner, the sound of people chatting and even children playing could be heard in the camp.

Lin Yue and the Monkey King, who didn't like the excitement, went to rest early.

Qingtian Qi also let the soul leave.

Beside the bonfire, only Qingtian Qi was left.

Looking at the jumping flames in the bonfire, Qing Tianqi's thoughts began to wander.

"Endless fire? How should I understand it?"

In the night wind, Qing Tianqi looked at the bonfire silently.

The shadow of the flame swayed on his face, making his delicate face slightly red.

The slight 'crackling' sound coming from the fire was wood. When burning, a slight crackling sound

'Click! ', there was another slight explosion, the fire lit up, and a few sparks flew away.

Qing Tianqi keenly felt that at the moment of the light sound, a burst of fire energy surged out, and the surrounding fire energy also experienced a trace of turmoil.

"Huh! This is...? Is this a release? A release of fire energy? A moment of release?"

Qingtian Qi suddenly became interested, and immediately concentrated on carefully observing the changes in the fire..

Chapter 3137

The dusk wind was still there, and not far away came the laughter of people and the play of children.

Under the starlight, Qi Tianqi looked at the bonfire alone and meditated.

Suddenly, something clicked in his mind, as if he had thought of something, and a look of realization appeared on his face.

I understand that this instantaneous release requires a trigger, and the moment the wood exploded, this trigger was formed.

This trigger causes the energy of fire to burst out in an instant.

This energy burst is only completed in an instant. Although it is short-lived, it is very violent.

This kind of 'explosion' is an instant burst, which should be a characteristic of fire.

Thinking of this, Qingtian Qi's heart showed joy, because the relief after this realization made him very happy.

But soon, he frowned again.

Among the three paths of fire, the one that is easiest to comprehend is the 'Endless Path'.

Is this instant burst of fire related to the 'Endless Fire'?

There seems to be no connection at all! It seems that I want to realize the 'endless fire', but it is not as easy as I thought!

Thinking of this, Qing Tianqi felt inexplicably irritable, and then pulled out a half-burned piece of wood from the fire.

The wood was burning with red flames, and there was a bit of blue in the inner flames.

"So beautiful!"

Qingtian Qi stared at the flame silently, trying to understand the artistic conception of the flame.

I don't know how long it took, but the wood in Qingtian Qi's hand burned out, leaving only a piece of red charcoal in the palm of his hand.

Endless! This is Endless The burning!

The flame will only go out when the charcoal is completely burned out.

Is this endless? Obviously not!

"Snapped!"

Qingtian Qi squeezed the fiery red charcoal in his palm with force, and instantly turned it into pitch black carbon powder.

Then, he sighed softly.

"How can it be endless if it is exhausted according to salary? Why! So what is endless? don't know! don't know!"

Just when the blue sky was sighing, a burst of hearty laughter came from the side.

"Ha ha!! Little brother Tianqi, what are you talking to yourself about?"

Qing Tianqi seemed to have known that someone was coming, and turned to look at the person.

Not far away, he saw a bold man in his forties, holding a wine jar in one hand and walking over with a big smile.

Regarding the coming person , Qingtian Qi also knows this man.

This middle-aged man's name is Zheng Yu, a fourth-level Dzogchen warrior of the fire system. He is a casual cultivator who likes to travel around the mainland.

This time, Zheng Yu and several of his casual cultivators Friends who are warriors, join this private caravan as non-staff guards and travel to the Sky Eagle Kingdom.

In fact, Zheng Yu is a person who is very dedicated to martial arts. Since he learned that Hun is a sixth-level master, In his heart, he was very eager to get acquainted with this great master Hun. He would often come to visit Hun when he had nothing to do. This is how Qingtian Qi got to know him.

"Little brother Tianqi, has Mr. Soul rested?"

"Um! Qingtian

Qi nodded slightly, but there was a strange look in his eyes.

To put it bluntly, the 'soul' is his split soul, which is actually himself.

And Zheng Yu never thought that the great master in his eyes was actually the same as the young man in front of him. the same person

"It turns out that Mr. Soul has already taken a rest!"

Zheng Yu's tone was slightly disappointed, and he looked up to the sky and took a big sip of wine.

"Brother Tianqi, what are you doing here alone?"

"I am comprehending the artistic conception of fire. Uncle Zheng, you are also a fire warrior. What do you think fire is?"

Hearing this, Zheng Yu patted the wine jar and laughed and said:"Let me see, fire is like this strong wine, fierce and unrestrained. After drinking it, people can let go of the shackles in their hearts and be unrestrained. Simply put, fire is a kind of unrestrained wildness!"

"Yes, fire can be unbridled and wild."

Qingtian Qi nodded slightly, feeling an inexplicable feeling in his heart..

Chapter 3138

Seeing Qing Tianqi's expression, Zheng Yu said proudly

"Ha ha!! How about it? Brother Tianqi, don't you think it makes sense? In fact, my friends and I often discuss this issue in private, and they always say that my understanding of fire is wrong. Those guys are so self-righteous."

"I think my little brother still understands me a little bit. How about this, you come with me, I will take you to drink with those guys, and you just go and listen to what those guys understand! Hearing this

, Qingtian Qi's heart moved and he immediately said:"Okay!" I haven't had a drink for a long time. Today is just the day to satisfy my craving and experience what it means to be unrestrained and wild!"

"Ha ha!! Then come with me!"

At that moment, Zheng Yu took Qingtian Qi and left.

Not long after, the two came to another tent in the camp.

It was very lively in front of the tent.

Seven or eight warriors were surrounding a bonfire.

On top of the bonfire was a A roasted lamb, filled with the aroma of meat, made Qingtian Qi salivate.

At this moment, the warriors were eating mutton, drinking wine, and talking loudly.

Seeing Zheng Yu and Qingtian walking over, everyone stopped When they came down, they all looked at Qingtian Qi with some curiosity.

It was already the third day since the caravan set off.

These warriors were all casual cultivators, and few of them knew Qingtian Qi.

At that moment, Zheng Yu enthusiastically introduced : "Everyone, let me introduce to you, this is Mr. Soul's nephew."

As soon as they heard Zheng Yu's introduction, there was an uproar in the venue, and the faces of all the martial arts cultivators showed respect.

"You are actually Mr. Soul's nephew! Come! Come! Come and sit here quickly!"

At this moment, everyone enthusiastically invited Qingtian Qi to join.

Obviously, the reputation of 'Hun' has long been spread among this group of casual cultivators, and these people also respect 'Hun' from the bottom of their hearts.

In a certain way, Liu Some of them may not be able to reach this level in their lifetime, so they naturally have an unattainable sense of respect for the 'soul'.

Next, Qingtian Qi also generously joined in.

He just sat down Next, a warrior cut off a leg of mutton and handed it to him, and someone else brought him a jar of strong wine.

At this time, Zheng Yu introduced everyone to Qingtian Qi one by one.

Qingtian Qi also introduced himself politely.

"The boy's name is Tianqi, and I'm going to bother you all this time!"

"Ha ha! What little brother Tianqi said, judging from your young age, your cultivation seems to have reached the third level, not much worse than us! It's really admirable. It seems that little brother Tianqi must be from a big family. Only the children of a big family can have such achievements as you!"

"Ha ha!! Don't even look at whose nephew little brother Tianqi is. He is Mr. Soul's nephew, so naturally he won't be that bad."

There was a chorus of admiration from the crowd.

These people's admiration was sincere.

After all, those who can practice to the third level at Qingtian Qi's age are definitely geniuses.

It turns out that this time, Qingtian Qi wanted not to attract attention. , used the breath gathering technique to hide his breath. On the surface, he was just a third-level warrior.

In this way, it would not cause much of a sensation.

Afterwards, Qingtian Qi drank and ate meat with everyone, While chatting.

Under the night, the evening breeze was blowing. There were bonfires, laughter, and the scene was very lively.

Qing Tianqi took a sip of the strong wine in his hand, suddenly raised his head and looked at the crowd and said,"I feel very happy to be able to drink with you here today.". However, I have some doubts about cultivation in my heart, and I want to discuss them with you. I don't know if you...."

Before Qing Tianqi finished speaking, someone was surprised and said:"Brother Tianqi, you are Mr. Hun's nephew. If you have any doubts, you should ask Mr. Hun!"

Qing Tianqi smiled slightly and said:"My uncle is As for gold warriors, what I want to discuss is the issue of fire warriors. There is no use in asking him."

"Oh I got it! Brother Qi, you came to the right place that day. There are quite a few of us who are fire warriors. In our spare time, we often discuss some issues that have arisen during our training. Not sure what issue you want to discuss?"

These casual warriors may not have very high cultivation, but their understanding of fire is not bad. After all, understanding has nothing to do with talent, but has to do with the accumulation of time and experience.

This is also the reason why Qingtianqi came to the party, He wanted to see what these people understood about fire. Maybe this could help him gain a deeper understanding of fire..

Chapter 3139

At that moment, Qing Tianqi took a big sip of wine and asked seriously:"What I want to ask is: What is fire? How do you understand fire?" As soon as he finished speaking

, a man with a majestic figure and a knife on his face appeared. The middle-aged man with a scar immediately said in a loud voice:

"If you look at it from my perspective, fire is an indomitable and domineering force! It is the tyranny that burns everything ahead! Anyone who dares to stand in front of me will be burned to ashes!"

Unexpectedly, as soon as the scarred man finished speaking, a woman with a hot figure and charming appearance pointed at him and cursed.

"You big stupid cow knows how to fight and kill all day long. You don't understand what fire is at all?! From my point of view, fire should be passion, which can be either fiery and fanatical passion or lingering passion."

"You are all wrong!"

Another frail man stood up.

"You all take it too superficially, what do you mean? What passion? Those are all things that fire expresses on the surface. The true will of fire is 'perseverance'. The fire will never be extinguished and will never burn out. Even if there is only a little coal left, it can be rekindled when it encounters dry grass. As the saying goes, a single spark can start a prairie fire."

"cut! Yagyu, you are pretending again. What we know is superficial, and what you say is correct. snort! I think fire is unrestrained wildness!"

At this moment, there was a heated discussion among the crowd.

Qingtianqi listened silently, but one enlightenment after another passed through his heart.

Because of everyone's opinions, he gained more and more new understandings of fire. understanding.

At this time, someone suddenly shouted: "Everyone, stop fighting, there will be no results if you continue to fight. Why don't we see how little brother Tianqi understands it?"

As soon as he said this, everyone looked at Qingtian Qi.

Seeing this, Qingtian Qi smiled slightly and said, "I think everyone is right. Fire can be a moment of violence, it can be unrestrained wildness, it can be domineering that destroys everything, it can be hot or lingering passion, it can also be unquenchable tenacity."

"These are the artistic conceptions contained in fire. In fact, the boy just heard everyone's discussion and already knew a problem. That is to ask a hundred people what fire is, and you will definitely get a hundred different answers. As the saying goes, benevolent people have different opinions."

"The reason why this is so is because everyone experiences different environments, so our perception of fire must also be different. Sometimes, the path that suits you may not suit others"

"There is no need for you to ask others to give up their original understanding and agree with your own. There is a saying: Three thousand roads lead to the same path. We each go our own way, and perhaps we will eventually find that we have arrived at the same shore."

After Qing Tianqi said these words, the place suddenly fell silent. Everyone was shocked and looked at the red-haired boy in front of them in disbelief.

Because Qing Tianqi's words were like an enlightenment, making them wake up. , the problem that had always entangled them was suddenly solved at this moment

"good! well said!"

At this moment, a burst of crisp applause and admiration suddenly sounded from behind the crowd.

Hearing this sudden burst of applause, everyone quickly looked back and saw an old man with gray hair not far away, taking pictures. He held his palms and walked towards this side.

As soon as the warriors saw the old man's appearance clearly, their eyes showed surprise, and they immediately stood up and saluted the old man respectfully.

"I've met Commander Chen!"

"I've met the Commander-in-Chief!"

It turns out that the gray-haired old man is none other than Commander Chen, the guard commander of this private caravan, a fifth-level Dzogchen warrior..

Chapter 3140

At this moment, Commander Chen ignored the warriors at all, but walked straight to Qing Tianqi and praised

"Little brother Tianqi, you have impressed me today. What you just said was so good. It seems that you are not very old, but you are able to have such insights. Your understanding is the only one I have seen in my life!"

"What you said before is right. Everyone has different experiences and has their own understanding in their hearts. In fact, I am also a fire warrior. My understanding of fire is light, a light that leads to positivity."

After saying this, Commander Chen turned around and glanced at the warriors again and said

"The reason why we have different understandings is, to put it bluntly, because we have not found the 'true meaning of fire'. If we all found the true meaning of fire, maybe everyone would have the same understanding today."

As soon as he said this, the woman with a fiery figure immediately asked:"Commander Chen, what is the 'true meaning of fire'? Commander Chen immediately shook his head with a wry smile and said,"I don't know what the 'True Meaning of Fire' is, but one thing I know is that fire has three avenues, namely: infinity, annihilation, and rebirth." As long as you can master all these three avenues, then you can master the true meaning of fire'"

"However, it is not easy to master the three avenues? Ordinary people only need to take a first look at one of them, and even if their qualifications are slightly inferior, there is still hope for promotion to the seventh level. It's hard to say whether we can comprehend any of them in this life, let alone try to grasp the elusive 'True Truth of Fire'."

Hearing this, everyone sighed silently in their hearts, because everyone knows how difficult it is to understand the three ways of fire?

It requires considerable understanding and opportunity, and it is difficult to achieve it just by thinking hard. The result.

Perhaps in daily life, an unintentional sentence can wake up the dreamer. This is 'enlightenment'.'

‘The acquisition of "Tao" originally focuses on "enlightenment"’.

At this moment, everyone in the venue was thinking, and then they shook their heads and sighed.

Only Qing Tianqi sat silently, with a deep look in his eyes.

Late at night, with the bright moon hanging high, the night view of the grassland is beautiful.

There was silence in the camp, the previous noise had disappeared, only the unburned fire made a slight sound from time to time.

It was already midnight and everyone had gone to sleep, leaving only a few guards silently guarding the camp. The sound of sleeping snores floated over the camp, which was very warm under the moonlight.

But at this moment, outside the camp, a lonely figure was holding a wine jar in his hand, with a pair of light feathers spread out behind him, looking up at the moon in the distance.

This lonely figure is none other than Qing Tianqi, who has been unable to sleep all night.

At this time, a gust of night wind blew by, the grass was luxuriant, and the slightest chill was carrying the fragrance of the grass.

"Is this what the grassland tastes like?"

Qing Tianqi took a deep breath of air, and then sighed softly: "Endless Fire? What is the endless fire?!"

Thinking of this, Qingtian Qi shook his head silently.

He talked with everyone today, and what he saw and heard seemed to make sense, but there was no threshold for him to see the 'Tao', even the easiest of the three Tao of the Fire Element. In the endless world, everything seems ethereal and indistinct, making people unable to grasp it.

"fire? What is fire? violent? Unrestrained? enthusiasm? overbearing? bright? Tough? All of this seems to have nothing to do with what I want to understand the 'Endless Way'!"

Qingtian Qi closed his eyes silently, recalling the scenes of the battle with Long Cangyan in his mind, and comprehending Long Cangyan's mastery of the 'Endless Way'.

But after a moment, Qingtian Qi opened his eyes and spoke softly Sighing, he still couldn't find any clues. He just vaguely felt that there seemed to be a thread. He hadn't caught it yet, and he hadn't connected everything he knew.

"‘Enlightenment is so rare! Even if I think about it like this, I don’t have any clue. How about I imitate the artistic conception of fire perceived by others, and maybe I can suddenly understand it."

Thinking of this, Qingtian Qi's eyes lit up, and he seemed to have found a way..
