

God level 3141

Chapter 3141

He immediately took a few sips of the wine in his hand, and then took out a red long sword from the God of War Order space. It was the Fire Soul Sword, the ultimate fire-type spiritual sword that he had obtained from Long Cangyan.

With the Fire Soul Sword in his hand, Qing Tianqi felt a surge of pride in his heart. He looked up to the sky and laughed loudly. Then he smashed the wine jar in his hand to the ground. The sky feather wings behind his back shook and he flew into the air.

At this moment, in order to understand the 'Way of Fire' and prevent the fire energy from being felt by the other four systems of energy, Qing Tianqi sealed and hid all the other four systems of energy, and only the fire energy surged in his body.

"Now it's time to start, let's experience what Fire Rage is!"

At that moment, Qingtian Qi's mind moved, and his whole body burned with fierce fire, and he instantly turned into a burning man. As soon as the flame came out, he felt inexplicably hot and excited.

He laughed loudly, and waved the sword in his hand, He wielded a violent sword technique in the air, and the sky was filled with flames and explosions.

Not long after, Qing Tianqi suddenly changed his sword technique, and the "violent" mood was immediately transformed into "unrestrained". At this time, Qing Tianqi kept practicing his sword skills in the air, integrating the artistic conception of fire with his sword skills. Sometimes he was violent, sometimes free and unrestrained, sometimes tough, sometimes fiery and passionate, sometimes domineering, sometimes positive and bright..

The various artistic conceptions of fire were gradually imitated vividly by Qingtian Qi, and finally they were all truly integrated into Qingtian Qi's artistic conception.

Unknowingly, the sky dawned.

The night passed quietly!!

When the morning breeze When the first ray of morning light came, the blue sky knew that it was dawn.

Only then did he realize that he had been feeling all kinds of fire moods all night

"Why! Time flies so fast! It was already daybreak, and it looked like we were about to start our journey again."

Qingtian Qi sighed helplessly and slowly fell from the sky.

After putting away the Fire Soul Sword and the Heavenly Feather Divine Wings, Qingtian Qi recalled what he had learned that night, and immediately shook his head and smiled bitterly.

"Why! Still no clue. It seems that even mastering multiple fire realms has no effect. After all, every fire warrior has a different perception of fire. A thousand people may have a thousand perceptions of fire, and it is impossible for me to imitate a thousand kinds of artistic conceptions of fire. It seems that I haven't found the right way to understand the 'Endless Fire'!"

This night, Qingtian Qi gained nothing. He still found that he was still far away from the 'Endless Way'. At that moment, he sighed helplessly and strode towards the camp.

The sky was blue, white clouds, and the grass was lush.

There is a white-headed falcon flying in the distant sky, soaring among the clouds.

Under the scorching sun, a caravan of hundreds of people is slowly heading south.

"Ha ha!! Little brother Tianqi, there are still about seven days to go before we can reach Gufeng Town on the border of Tianying Kingdom. This journey has finally been smooth sailing!"

Zheng Yu's hearty laughter came from the horseback.

And behind Zheng Yu, Qingtian Qi was riding on a strong horse, looking at the falcon flying in the distance, feeling a lot of emotion in his heart.

Since that night discussion' After the fire, Qingtian Qi's name spread among the casual cultivators of the caravan and the guards, and everyone looked at him differently.

Especially Zheng Yu and others, they even established friendship with Qingtian Qi.

And Qingtian Qi He is also happy to talk to them, and also talks about the 'Way of Fire' with them in his spare time to expand some of his own thinking.

He also wants to learn from others' strengths and find the threshold to understand the 'Endless Fire'.

The three ways of fire, Endlessness is the easiest.

Everyone has a saying: first endlessness, then annihilation, and then rebirth.

It is rarely heard that there are fire warriors who first realize annihilation, and then realize endlessness.

As for the most mysterious 'way to rebirth', it is It is the most difficult to comprehend.

Because of this, Qingtian Qi did not hurry and walked slowly with the caravan, comprehending it carefully.

In this way, he followed the caravan for seventeen days.

Unfortunately, during these seventeen days, , he still didn't find any clue.

The only gain was that he had a better understanding of the artistic conception of fire.

"Why! It seems that the realization of 'Tao' is not easy!"

Qingtian Qi sighed softly in his heart..

Chapter 3142

At this time, Zheng Yu in front turned back and asked: "Little brother Tianqi, what are you thinking about? You are not thinking about your 'Way of Fire' again, are you? Little brother, let me tell you, what are you thinking about? The understanding of 'Fire' is already quite deep, beyond the reach of us. Why do you have to think so hard about the deeper level?"

"Besides, with your current level of cultivation, you don't need to think about such profound issues. That should be a question that a strong person above level six should think about."

As soon as he finished speaking, another casual cultivator who was familiar with Qingtian Qi also said

"yes! Little brother Tianqi, stop thinking so hard all day long, or it will ruin your brain. Although I am not very bright, I also know that some things depend on chance, and it is useless to think hard. Let's think of other interesting things! Hearing this

, Qing Tianqi laughed dumbly and said nothing more.

At this time, Zheng Yu also said: "Yes!" After traveling for so many days, I feel uncomfortable all over. This time when I arrived in Gufeng Town, I must take a deep bath. Ha ha!!"

"hehe!! I said Lao Zheng! Let's not think about those good things. We are still in the Western Wilderness Grassland, and we still need to do a good job in defense along the way. But

Zheng Yu said indifferently: "Now that we have passed the most dangerous central area of the grassland, what danger are you still worried about?" At most, you will encounter one or two eyeless prairie beasts. Do you think you will encounter prairie wolves?"

"hehe!! Having said that, it is not impossible, so we still can't let down our guard!"

Prairie wolves are the most terrifying existence on the Western Wilderness Grassland, with hundreds or thousands of them appearing every time.

The weakest of every prairie wolf is the fourth level, and the prairie wolf king is even the sixth level.

They are the real rulers of the Western Wilderness Grassland.

They are also the nightmare of all caravans. Even those caravans from big families will have a headache when encountering prairie wolves.

And if civilian caravans encounter them, they can only wait to be destroyed. The entire army was destroyed.

Fortunately, not every caravan will encounter prairie wolves.

And prairie wolves will only appear in the center of the grassland.

Now that the caravan has passed the center, what will happen if they encounter The chance of prairie wolves is much smaller, which also makes all caravan members secretly relieved.

"Lao Zheng, what are you going to do when you arrive in the Sky Eagle Kingdom?"

"That day, Eagle Country was a moderately powerful country, and its customs and customs were different from those of our Dakun Country. I just want to travel while I'm still young, otherwise I'll regret it when I get older."

"Ha ha!! That's right, I think the same thing. In fact, my previous wish was to travel throughout the Tianfeng Continent. However, due to my limited strength, this wish will never be realized in my lifetime."

Hearing this, Qing Tianqi, who had been silent at the back, felt in his heartHe moved forward and asked:"You two, seeing that you are very interested in traveling to the mainland, you naturally have some interesting facts about the Tianfeng Continent. Have you ever heard of the 'Broken Soul Ridge'?"

"Of course I have heard of it. The 'Broken Soul Ridge' is one of the ten most dangerous places in the Tianfeng Continent, located in the Southern Wasteland."

I saw Zheng Yu and the warrior nodding repeatedly, obviously knowing about the 'Broken Soul Ridge'.

Seeing this, Qingtian Qi was secretly happy and asked: "Then how much do you know about the 'Southern Wasteland'? I heard that the Southern Wilderness region is larger than our Western Alliance, but there is no country. why is that?"

Regarding Nanhuang, Qingtian Qi only got some information from Lin Yue. He didn't know much, and Lin Yue knew very little.

After listening to Qingtian Qi's question, Zheng Yu smiled and said, "You don't know It's quite normal, and few people actually know the reason. The reason why there is no country in the Southern Wilderness is because it is an area ruled by ferocious beasts, not humans."

"How do you say this?"

Qingtian Qi's face immediately showed a look of curiosity..

Chapter 3143

"How do you say this?"

Qingtian Qi's face immediately showed a look of curiosity.

Zheng Yu explained: "The thing is like this. There is a ninth-order Dzogchen ferocious beast deep in the southern wilderness, named the Hydra Emperor. It is naturally mutated and has With nine heads, even the ninth level Dzogchen peak warrior is no match for it. The Hydra Emperor can be regarded as the top existence on this continent."

"He had made an agreement with several ninth-level Dzogchen peak experts on the continent. The Southern Wilderness was under his rule. The ninth-level experts among humans were not allowed to set foot there without special reasons, otherwise he would kill them. Of."

Hearing this, Qing Tianqi was horrified and asked quickly: "The Hydra Emperor does not allow even ninth-level warriors to enter the wilderness. Isn't it even more impossible for ordinary humans to enter?"

Zheng Yu shook his head and said, "That's not the case. There are also a large number of humans in the Southern Wilderness." Although the Hydra Emperor rules the Southern Wilderness, he does not interfere with human activities in the Southern Wilderness."

"However, he also set a few rules. The first one is that humans are not allowed to establish kingdoms in the Southern Wilderness, but they can establish city-states or tribes. The second one is that ninth-level warriors are not prepared to operate in the Southern Wilderness. Anyone who violates this rule will be killed. Of"

"Article 3: Warriors of level 8 or above entering the wilderness will have only two consequences, either they must accept the soul contract of the Hydra Emperor and become his slaves, or they may be killed; Article 4, warriors of level 7 or below are allowed among humans. While roaming freely in the wilderness, he would not interfere in the killings between warriors below the seventh level and ferocious beasts."

Hearing this, Qingtian Qi suddenly understood, and couldn't help but sigh: "I didn't expect that Southern Wasteland is such a place. In this way, the strongest warrior in the Southern Wilderness is only the seventh-order Dzogchen Peak."

"It should be like this! In fact, in the Southern Wilderness, humans are in a weak position. And it is not easy to enter the Southern Wilderness. Because there are many seventh-level ferocious beasts guarding the southern wilderness area, making it difficult for ordinary warriors to enter!"

At the moment, Qing Tianqi silently remembered this information in his heart.

But at this moment, an order came from the front of the team, but it was time to stop for lunch.

Then, the entire caravan stopped, Everyone was going to eat some dry food and drink some water.

Qingtian Qi also came to a carriage.

Lin Yue, the Monkey King, and Hun were all in that carriage.

This carriage was specially equipped by Boss Fan for Hun and others, so he also Qingtianqi brings a lot of convenience, at least it can save Lin Yue from the pain of fatigue

"It's time to eat!"

Qingtian Qi entered the carriage and took out some dried meat from the God of War Order space to share with Lin Yue and the Monkey King.

Lin Yue took the dried meat and took a bite gently.

But Qingtian Qi took the dried meat and fell into it habitually. While deep in thought, his thoughts wandered to the pursuit of the 'Endless Fire'.

Qingtian Qi is a very persistent person.

When he decides on something in his heart, he will devote himself to it every moment..At this moment, he is falling into this state

"Endless fire? Why is it endless? It is said that the endless fire is an endless release, is it an endless release of energy?"

Qing Tianqi muttered silently.

Lin Yue on the side saw Qing Tianqi's expression and was already used to it.

"Qin Chuan, I know you have been trying hard to understand the 'Endless Fire' these days, but there is no result in your thinking."

Lin Yue suddenly spoke up, waking Qingtian Qi from his meditation.

Qingtian Qi smiled bitterly and said:"I feel that I am in a hazy state. Maybe I can realize it with an opportunity, so I think about it so hard. It was just that slight opportunity that he seemed to feel but couldn't grasp, making him unable to help but think about it!

Lin Yue nodded and said,"I can understand how you feel, but it's a pity that I can't help you." However, if you really want to understand the 'Endless Fire', I can tell you some of the things I heard. After all, my grandfather is also a seventh-level fire warrior."

"His old man once told me that if you want to realize the 'endlessness of fire', you must transform into fire and turn yourself into a ball of fire. I can't understand this sentence, maybe it will be of great help to you."

Hearing these remarks, Qingtian Qi felt that it was very novel and immediately fell into deep thought..

Chapter 3144

"Incarnate into fire and turn yourself into a ball of fire?"

Thinking of this, Qing Tianqi's eyes suddenly lit up and he said in surprise

"Yes! If you turn yourself into a ball of fire, you will naturally be able to come into contact with the essence of fire, and thus know what real fire is. This is a good way to realize the 'Endless Fire'! However, how to transform yourself into fire is a bit ethereal."

Thinking of this, Qing Tianqi showed a thoughtful look again.

Seeing this, Lin Yue said again:"How to transform into fire, I don't know. However, my grandfather once said something. He said that there was fire first, and then there were people. People have the spirituality of heaven and earth and can understand fire, but people always use their own nature to understand the artistic conception of fire, and the artistic conception they get is naturally only one-sided."

"Only by transforming into fire, using fire as the main body, and taking the thought of fire as one's own thought, can one pursue the path of fire.

Hearing this, Qing Tianqi said excitedly:"Not bad!" good! I seem to understand somewhat. Lin Yue, your grandfather is indeed a seventh-level fire master, and his words are insightful. However, I still don't understand. What is fire? Did your grandfather ever tell you that?

Lin Yue smiled bitterly and said,"I also asked Grandpa this way." But the old man said that he had not yet understood the 'True Meaning of Fire'. He only had a first glimpse of it, and he was still far away from the 'True Meaning of Fire'! However, his old man said, the endless fire is a kind of release, letting yourself be released like fire"

"Fire is a kind of release, let yourself be released like fire?"

Qing Tianqi muttered this sentence silently, and the scene of fighting Long Cangyan appeared inexplicably in his mind.

Suddenly, his mind clicked, and an idea flashed, as if he thought of something, and he immediately shouted in surprise: "Ha ha! I see! finally, I understand!"

I saw the blue sky standing up with a swoosh, and said to myself excitedly

"I finally know what 'Endless Fire' is. The first characteristic of fire is release, a release of energy and a release of positive will. This kind of release is endless. Unless the 'fire' is extinguished, this kind of release will never end. This is the endlessness of fire."

"However, thinking about it and doing it are two different things. If I obtain the 'Endless Fire', I will transform into fire and use my body to conform to the Tao. Only in this way can you get the 'Endless Fire'. If you want to transform into fire, you have to synchronize all your will with the will of fire."

"In the past, people always understood fire based on their own nature, but they did not know that there are thousands of human wills, and naturally there are thousands of artistic conceptions. In this way, they can never realize the true will of fire. The real will of fire is one type, that is, all positive wills"

"There are thousands of human wills, but they are divided into two categories, namely positive wills and negative wills. These days I have been exposed to the artistic conception of fire, whether it is a domineering realm, a violent realm, a tenacious realm, or an unruly realm, which one is not the surface of a positive will."

"It's just that human beings are stubbornly self-centered and regard their own thoughts as the thoughts of fire. They are all paranoid and miss understanding what the true will of fire is."

"Now, I only need to use my soul as the medium to release all my positive emotions and will endlessly, using fire as the carrier. When my will and the will of fire are synchronized, that is when I transform into fire."

"If I synchronize my will with the release of fire energy, I can merge with the Tao with my body. When I fought with Long Cangyan, he was in a state of laughter and heroism from beginning to end. In fact, he was in the state of body integration, using the endless fire to release his will."

"Ha ha!! Lin Yue, thank you. It was your words that woke me up in my dream and made me understand this."

In the carriage, Lin Yue and the Monkey King looked at Qing Tianqi's ecstatic expression in horror, a little stunned.

Lin Yue didn't even know that it was her own words that made Qing Tianqi suddenly enlightened.

But just before Qing Tianqi After saying this, there was a sudden commotion outside.

Then, people's screams and running sounds were heard outside the carriage.

"Not good! Not good! The wolves are coming! The prairie wolves are coming!"

"Oh my God! Look! What a pack of prairie wolves! Why do we still encounter wolves here? We're screwed!"..

Chapter 3145

At this moment, it was already a mess outside, with some screaming, some running around, and some behaving awkwardly.

A dozen miles away in front of the caravan, there was a large wolf pack surrounding the caravan.

At the front of the caravan, the gray-haired Commander Chen looked at the wolves in front of him, his face gradually turning pale.

Next to him, there was a fat middle-aged man whose face was full of oil, and his face turned pale with fear.

This middle-aged fat man is none other than the founder of this private caravan - Boss Fan

"Oh my God! Why is it happening like that? We have already passed the central area, and we even encountered a pack of prairie wolves. Look at this wolf pack with four to five thousand prairie wolves. This is a super pack! This time we may be doomed!"

Boss Fan's face showed a look of despair.

Commander Chen's face was also extremely ugly, but he didn't say anything more, but shouted loudly to the caravan behind him

"Don't panic, don't be frightened. Quickly control the horses and form a circle. The warriors all picked up their weapons and came to the outside, and the women and children came inside. Everyone, hurry up! After saying this

, Commander Chen anxiously shouted to a guard beside him: "Quick!" Go and call 'Mr. Soul' over. This time, the life and death of our caravan may depend on Mr. Soul alone."

When the word 'soul' was mentioned, Boss Fan rushed to the guard as if he had grasped a life-saving straw: "Yes! right! right! Go and ask Mr. Soul to come over quickly. With Mr. Hun here, maybe the wolf king would retreat and leave with the wolves."

At that moment, the guard hurriedly left to go to Mr. Zaihun.

At the same time, in the carriage,

Lin Yue heard the wolves coming, and her pink face changed color slightly.

But Qingtian Qi's eyes lit up, and then he laughed and said: "Ha ha!! I was just looking for a trigger to explode, but I didn't expect it to come so soon. Prairie wolves, you came just in time, I will let you help me complete the last step, let me complete the integration of body and Tao!"

After saying this, Qing Tianqi laughed and walked out of the carriage.

The soul was connected to his soul and walked out immediately.

But at this moment, a guard rushed over anxiously.

When the guard saw the soul, he immediately Overjoyed, he quickly stepped forward and said anxiously:"Mr. Soul, the situation is not good, a large number of wolves suddenly appeared in front of us. Commander Chen and Boss Fan are about to invite you over."

Hun nodded slightly and said calmly:"Yeah! You lead the way!"

"yes! Mr. Soul!"

At that moment, the guard led the way.

Hun and Qingtian Qi followed behind him.

Soon, a group of three people arrived at the front of the caravan.

When Commander Chen and Boss Fan saw Hun coming, they were like seeing a savior. Come forward and salute respectfully

"Chen has met Mr. Soul!"

"Mr. Soul, you are finally here!"

Hun Qing responded, having seen the two of them, and then asked quietly:"How is the situation?"

Commander Chen looked ahead and said,"The situation is not good!" The wolf pack in front of us has four to five thousand prairie ferocious wolves, which is a super large wolf pack. The weakest of these prairie ferocious wolves are all fourth-level ferocious beasts. And such a large wolf pack must have a sixth-level wolf king. If they swarmed up, I'm afraid all of us except Mr. Soul would be buried in the wolf's belly."

"So the situation is very critical."

Hun said calmly

"So what do you think Hun should do to save this crisis?"

"As the saying goes, 'Capture the thief first, capture the king first.' If Mr. Hun is willing to risk his way into the wolf pack and kill the wolf king before the wolf pack attacks, then all this will be solved, but it is too dangerous to do so. Besides, with such a large pack of wolves, there may be more than...."

Commander Chen stopped talking midway through his words. He did not dare to continue because he was worried about another problem...

Chapter 3146

At this moment, the caravan behind everyone was well prepared.

All the carriages formed a circle, forming a barrier, surrounding the elderly, women and children in the center, and some adults outside.

Behind Commander Chen and Hun and others were fifty or sixty armed guards, as well as some casual warriors who actively participated in the defense work.

They formed a protective line and were about to block the next attack from the wolves.

It's just that most of these people are fourth-level warriors. Facing the approaching wolves, their faces show panic.

They have long heard of the terror of prairie wolves.

Among them, the most common steppe ferocious wolves are all fourth-level ferocious beasts, the higher-level ferocious wolf leaders are all fifth-level ferocious beasts, and the Wolf King is even more sixth-order ferocious beasts.

In the past, if you encountered a pack of one or two hundred wolves, there might only be one fierce wolf leader among them, so there was no need to be afraid.

But the wolf pack in front of us is obviously a super-large wolf pack, and there must be a sixth-level wolf king.

At the thought of the existence of the sixth-level wolf king, the hearts of all the warriors sank.

At the same time, the large wolf pack ahead was getting closer and closer to the caravan.

When the wolves were three or four miles away from the caravan, Qingtian Qi finally saw clearly the appearance of those fierce prairie wolves.

I saw those ferocious wolves in the prairie, with green and yellow hair all over their bodies, tall like calves, with bone spurs on their backs and fangs on their mouths. They looked very ferocious.

Among these ferocious prairie wolves, there are also many taller ferocious beast leaders.

These fierce wolf leaders are easy to identify because their hair is all silver.

‘Boom! The sound of running became louder and louder, and the wolves got closer and closer to the caravan.

Not long after, the wolves finally came to a stop only one mile away from the caravan, and confronted the caravan from a distance.

Wolves are smart, cunning and ferocious animals. They will assess the situation before hunting.

Looking at the dark mass of wolves in front of them, with no end in sight, everyone's hearts sank, and their faces became increasingly ugly.

"The wolves have stopped, and the wolf king will come out soon. Mr. Soul, I'm afraid I'll have to rely on you soon."

Boss Fan wiped the cold sweat from his face nervously.

Commander Chen on the side opened his mouth. He wanted to say something, but he didn't say it.

At this moment, two people slowly walked out from behind the wolf. Huge golden figures.

As soon as they saw the two huge golden figures, the faces of the guards changed drastically.

Boss Fan even said with black lips trembling: "How could it be? how so? There are actually two wolf kings. It's over! This time it's really going to be over!"

It turned out that the two huge golden figures were actually two ferocious prairie wolves with golden hair all over their bodies and a height of more than one foot. They were also the prairie wolf kings, two sixth-level ferocious beasts.

At the same time, Commander Chen also gave a wry smile: "I guessed it would be like this. In such a large super wolf pack, there shouldn't be only one wolf king. It seems that this time I have to leave it to fate."

But just as he finished saying this, another golden-haired wolf king nearly two feet tall walked out of the wolf pack.

The aura exuded by this wolf king was even more terrifying than the first two.

The third wolf king... out.

There were desperate exclamations from the crowd.

"Oh my God! There is actually another wolf king, and this last one is actually a ferocious beast of the sixth level of Dzogchen."

"Three wolf kings, two of the sixth level, and one of the sixth level of Dzogchen. This time we are completely screwed."

In just an instant, the last line of defense in everyone's hearts collapsed, and they all began to fall into despair and collapse.

Previously, they still had a glimmer of hope in 'hun', because they all knew that 'hun' was probably a sixth-level peak warrior.

But now a sixth-level Dzogchen Wolf King has appeared, completely destroying everyone's last hope.

Not to mention relying on the soul to save them at this moment, it is hard to say whether the soul can survive...

Chapter 3147

"There are three wolf kings, and one is a sixth-level Dzogchen. Unless a sixth-level Dzogchen peak warrior appears, it is completely hopeless. Mr. Soul, I'm afraid even you will be doomed this time. Why!"

Commander Chen's face showed a look of despair.

The guards behind them were even worse, and even the hands holding the sword began to tremble.

In the crowd, someone suddenly shouted: "No need to defend, what else can we defend with such strength? ? Everyone scattered and ran away, maybe one or two people could get out alive. If we insist on defending, the entire army will be destroyed."

"good! Let's all spread out and run away!"

"no! If we escape, what will happen to those women and children?"

Just when everyone's will collapsed, a calm voice suddenly sounded from the crowd

"No need to argue, let me do it!"

Hearing this, everyone looked around in surprise.

The person who spoke before was a handsome red-haired boy.

But at this moment, the red-haired boy walked out of the crowd with a calm face and walked towards the wolves in front..

Everyone was horrified when they saw Qing Tianqi suddenly behave like this.

Commander Chen even said anxiously:"Mr. Hun, why don't you stop your nephew? It would be dangerous for him to go like this! But he didn't want to, Hun said calmly:"It doesn't matter, just let him go!" He can deal with those three wolf kings by himself. We just need to defend here to prevent those ferocious wolves from sneaking up on us."

"What?! Mr. Soul, did we hear what you just said correctly?"

"yes! I think that young man only has a third-level cultivation. How could he possibly be able to deal with three wolf kings?"

Hearing Hun's words, everyone had expressions of disbelief on their faces.

But Hun remained silent.

"Could it be? Could it be that the red-haired boy was a hidden master?"

Looks of surprise gradually appeared on everyone's faces.

At this moment, everyone silently looked at the blue sky in front of them, and there was a faint expectation in their hearts. They hoped that a miracle would appear.

In such a desperate situation, even if they knew it was impossible, , they also hope that a miracle will happen.

So at this moment, they also long for Qingtian Qi to be a savior who emerges from the sky. Although this is unrealistic, it is their only hope.

At this moment, Qingtian Qi silently pulled out The Fire Soul Sword sealed the other four elements of energy and released only the fire energy.

In the blink of an eye, his whole body was surging, and his surroundings were filled with fire energy.

"Today, I will use the blood of you beasts to complete the 'Tao' I am pursuing! The endless fire, let me vent it to my heart's content! Ha ha!!"

A cold smile appeared on Qingtian Qi's lips.

In front of them, the three proud wolf kings saw a frail red-haired boy suddenly walking out of the human team, and their eyes showed surprise.

If it had been in the past, these despicable and cowardly humans would have looked at When they saw them, they would either turn around and run away, or they would cower there and dare not make any move. No one would dare to come forward.

However, the dignity of the wolf king made them very disdainful of the red-haired boy in front of them. They did not Do you think the human boy in front of you will bring any threat to them?

One step, two steps, three steps...

Qingtian closed his eyes and slowly walked forward.

At this moment, he was completely immersing his soul consciousness in the spiritual fire of his life. , to brew up the emotions in your heart

"Become fire! I want to turn into fire!"

In a blink of an eye, Ao Tianqi was only a hundred meters away from the wolves in front.

The three wolf kings saw Ao Tianqi walking towards them with his eyes closed, and got closer and closer to them, but they made no intention of opening their eyes.

What Ao Tianqi said This move made the wolf kings feel that they had been provoked, which damaged their dignity as wolf kings, and the anger in their hearts was slowly burning. Suddenly

, the big wolf king in the middle looked up to the sky and roared, signaling an attack..

Chapter 3148

"Ouch!!"

There was a roar from the wolf pack.

Then nearly a hundred ferocious prairie wolves rushed out and rushed towards the blue sky less than a hundred meters ahead. They wanted to tear the ignorant young man in front of them into pieces.

"look! The wolves are about to attack!"

When the human warriors in the rear saw this scene, their hearts trembled and they became very nervous.

Because they knew that the war was about to break out. If the young man in front was torn apart by the wolves in an instant, then the wolves would attack them next. After the general attack, that's when the real danger came.

In the blink of an eye, nearly a hundred prairie wolves rushed up.

Running at the front was a fifth-level ferocious wolf leader, who was only three meters away from the blue sky. In the distance, the ferocious wolf leader roared, jumped up, opened his mouth and bit down to Qingtian's throat.

This huge change caused the crowd in the distance to scream in surprise.

But at this moment, the originally tightly closed Qingtian Qi, who had eyes wide open, suddenly opened his eyes, flames burst out from his whole body, and he instantly turned into a burning man.

At the same time as he turned into a burning man, the long sword came out straight, and a cold light flashed, instantly killing the ferocious wolf. The leader was split in half, with blood splattering everywhere.

This scene shocked everyone.

Even the entire wolf pack was shocked.

"kill! You are all going to die today!"

But just when everyone was shocked, Qingtian roared wildly, and faced the wolves alone, killing them wildly.

Cold light danced, and blood splashed everywhere.

Suddenly, there were screams and screams from the wolves, and they were everywhere. All their limbs flew to pieces.

In just a blink of an eye, most of the hundreds of ferocious prairie wolves were killed by Qingtian Qi. At this moment, Qingtian Qi was like a sudden killing god.

Seeing this scene, the three wolf kings They were all shocked, and immediately roared in unison, and the entire wolf pack followed suit.

The wolves roared together in a magnificent manner!

Then, the entire wolf pack charged towards the blue sky.

"Ha ha!! Just in time!"

Qing Tianqi laughed excitedly, with flames bursting out of his body and his long hair flying, as if he was crazy. His current expression is very similar to that of Long Cangyan back then.

"Ha ha!! Go to hell!"

Qingtian Qi slashed with his sword, and used a move of 'Dragon Flame Slash', which turned into a flaming light sword more than ten feet long. With a 'click', it swept across and killed more than ten ferocious prairie wolves, and blood mist flew all over the sky.

"Roar!"

With a mournful roar, the leader's wolf king's eyes were full of sorrow and anger, and then he jumped up and killed Qingtian Qi first.

The remaining two wolf kings also rushed forward.

Seeing this, Qingtian Qi became even more excited.

"Ha ha!! Just in time! Release it! Let me unleash it to my heart's content!"

Then Qingtian Qi laughed wildly, and immediately transformed into a mad god. Then he swung his long sword and killed more than a dozen prairie ferocious wolves, and also faced the three wolf kings. At this moment, Qingtian Qi transferred his soul to His consciousness is completely integrated into his natal spiritual fire. He has to fight instinctively and let all his fighting will be transformed into the fire. Finally, he can turn his body into fire and release it violently like fire.

This is an emotional Release is also a release of will. Triggered by that moment, it will be released endlessly. In just a moment, Qingtian Qi met the three wolf kings, and the two sides started fighting fiercely.

At this moment, Qingtian Qi wanted to show his body and appearance. Dao, has sealed off the other four elements of cultivation, and only has fire energy and melee combat effectiveness in his body. This means that his combat effectiveness after transformation at this moment is only the strength of 500,000 people, which is equivalent to the level of a sixth-order Dzogchen warrior. It is similar to the sixth-level Dzogchen Wolf King.

However, Qingtian Qi is wearing a flame armor, holding a fire soul sword, and wearing flame boots. It is definitely not something that the sixth-level Dzogchen Wolf King can compete with.

At that moment, that The three wolf kings led thousands of ferocious prairie wolves towards the blue sky and endlessly surrounded and killed them...

Chapter 3149

The big wolf king took the initiative to entangle Qingtian Qi, and the other two wolf kings attacked from a distance. The other wolves fought for their lives one after another. The scene was very bloody.

"Oh my God! It turns out that this red-haired boy is so powerful! So scary! Could it be that he is a sixth level Dzogchen pinnacle warrior?"

"yes! Only the sixth level Dzogchen pinnacle warrior has such strength! But he looks only fifteen or sixteen years old, right? How could he be so powerful? This is too hard to believe!"

At this moment, the people in the caravan were completely shocked by Qingtian Qi's display of strength, and they all opened their eyes wide in horror.

They never expected that a red-haired boy of fifteen or sixteen years old could really He is a peerless master who has hidden his secrets, and he is still a master more powerful than Mr. Soul.

Zheng Yu and other people who are familiar with Qing Tianqi have even more complicated expressions.

And the battlefield in the distance is still echoing The sky is filled with wild laughter

"Ha ha!! Kill it! Kill it!"

Qingtian Qi laughed crazily, while resisting the attack of the three wolf kings, while violently torturing the wolves.

The wolves screamed miserably.

Blood! There was blood everywhere!

The blood soaked Qingtian Qi's whole body, That's all the blood of wolves.

At this moment, Qingtian Qi is a bloody man.

Crazy! Crazy! Continuous madness!

Qingtian Qi laughed crazily, and something that had been suppressed deep in his heart for a long time was finally touched.

That is venting, Venting out bloodthirsty.

In fact, deep down in his heart, there is also a bloodthirsty side.

It is just because of the suppression of human nature that he hides that side.

But at this moment, he completely broke out.

He just used himself The natural will was transferred to the fire and let it be released.

Gradually, Qingtian Qi's eyes became fiery red. The more he killed, the more excited he became, and the more he killed, the crazier he became. He also felt that his soul consciousness was gradually integrating into it, and he was about to reach selflessness. state.

At this moment, he felt that he was fire, and fire was him.

Fire was releasing everything about him, making him unable to help laughing crazily and being wild.

This feeling made Qingtian Qi feel like Inexplicably excited, because he realized that he was about to succeed.

And just when Qing Tianqi had a feeling, he suddenly felt a bang in his head, the tiger's body suddenly shook, and the fire all over his body exploded.

At the same time, the world Strange phenomena arose.

I saw that above the vast grassland, the vitality of the heaven and earth within a hundred miles was shaking inexplicably. A strange energy fell from the sky and enveloped a hundred miles in an instant.

It was not a simple energy, but a kind of energy. The energy carrying the power of God is the energy that contains the rules of 'order'. As soon as this mysterious energy landed, everyone in the audience and the wolf felt it, and they all felt an inexplicable fear in their hearts. It was absolute fear..

At this moment, everyone looked at the sky in horror.

The wolves also stopped attacking, and they all looked at the sky in horror.

Only Qingtian closed his eyes, as if he was understanding what was going on.

And at this moment, something happened between the heaven and the earth. Rebirth, within a radius of a hundred miles, countless fire energy surged into Qingtian Qi's body.

The fierce surge of fire energy formed a red glow between the sky and the earth, gathering on Qingtian Qi's head like auspicious clouds.

Countless red The rays of light poured into Qingtian Qi's body crazily.

Qingtian Qi turned into a man of light, like the god of war coming to the world, and his whole person's aura also increased sharply.

The fierce prairie wolves surrounding Qingtian Qi saw such a strange phenomenon, and they all They retreated in horror.

Even the three wolf kings retreated in terror.

In the distance, the people in the caravan opened their eyes in shock when they saw such a celestial phenomenon.

And Commander Chen was even more distraught. He said to himself in disbelief: "Oh my God! This is the legendary 'Celestial Phenomenon of Enlightenment'. Little friend Tianqi has attained enlightenment. He has attained the 'Way of Fire'."

As soon as he finished speaking, the crowd behind him was in an uproar...

Chapter 3150

As soon as Commander Chen said these words, the crowd behind him was in an uproar.

"Oh my God! It turns out that this is the 'Detao Celestial Phenomenon'! Little brother Tianqi has actually attained the Tao. He is now a sixth-level Dzogchen pinnacle warrior. So he will be able to advance to the seventh level soon!"

"Tsk tsk!! Seventh level! As soon as humans enter the seventh level, their lives surpass the limits of ordinary humans and they can live to be five hundred years old! Seventh-level warriors can no longer be regarded as ordinary humans."

"yes! The seventh-level warrior has evolved, which is not comparable to ordinary humans. It is completely another level, another realm."

At this moment, in addition to shock, everyone also felt envy, but more importantly, they were in awe, which was the most genuine awe from deep in their hearts.

And at this moment, the vision of heaven and earth in front gradually disappeared, and Qing Tianqi's momentum also disappeared. Gradually it reached a peak.

Not long after, Qing Tianqi gradually opened his eyes, with a look of ecstasy on his face.

Then, he laughed crazily again

"Ha ha! I finally got it, I finally got the 'Endless Fire'!"

After attaining the Tao, Qingtian Qi also discovered many changes in his body.

The first change was that within Qingtian Qi's consciousness, there was a raging fire shadow around his soul body, slowly rotating around his soul body. Looking at the appearance of the raging fire shadow, it vaguely resembles the appearance of his natal spiritual fire, the "Earth's Core Flame".

This is because the "Dao Thought is transformed into the body by the soul", he has obtained the "Endless Dao" and produced Dao Thought. It also naturally blends into his soul.

The first glimpse is equivalent to truly beginning to understand the rules of this world. That is the first step to truly enter another realm.

As for the second change, Qingtian Qi was pleasantly surprised.

That is, as Qingtian Qi obtained the 'Endless Fire', his fire element cultivation also increased and reached the peak of the sixth level in one fell swoop.

However, what Qingtian Qi did not expect was that his fire energy combat power was The power of 350,000 people is 50,000 more than the average sixth-level peak warrior.

The ordinary sixth-level peak warrior only has the power of 300,000 people.

The reason for this is because Qingtian Qi has obtained Dao Nian', he has mastered one.

The basic combat effectiveness of a sixth-level warrior who has mastered the 'Dao' is higher than that of a warrior of the same level who has not mastered the 'Dao'.

The more 'Dao' he has mastered, the higher the basic combat effectiveness will be..In fact, even if the basic combat power is the same, a sixth-level warrior who has mastered the 'Tao' is definitely stronger than a warrior who has not mastered the 'Tao'.

"Ha ha!! Is this the Tao? This feels so good!"

Qing Tianqi laughed arrogantly. He had never been so happy at this moment.

This feeling of gaining the 'Tao' made him extremely excited, because this realization opened a path for him deep in his heart. The gate, a gate leading to another realm.

It is like an ant gaining a pair of wings, which can fly into the sky and understand the wider world.

After a moment, Qingtian Qi turned his head again and looked at the astonished people on the side coldly. The three-headed wolf king's eyes were full of killing intent.

At the same time, Qingtian Qi's mind moved, and the other four elements of his energy were also released. At this moment, Qingtian Qi's momentum increased rapidly again, reaching nine levels in the blink of an eye. The power of 100,000 people.

This is because Qingtian Qi has not merged with Qiuqiu. If he merges with Qiuqiu, his combined combat power will reach the power of 1.1 million people, and he can kill most of the sixth-level Dzogchen peak warriors instantly. Seeing

Qingtian Qi's whole body's aura suddenly reaching a frightening level, the three wolf kings all roared in horror, turned around and ran away. As soon as the entire wolf pack received the wolf king's order, they immediately became as frightened as a tide. The ground recedes..
