

## God level 3151

### Chapter 3151

Seeing such a scene, Qingtian looked up to the sky and laughed.

"Ha ha!! Do you want to escape now? It's too late. You evil beasts, today I will show you what the 'Endless Fire' is.'! "

As soon as he said these words, Qingtian Qi put away the Fire Soul Sword, and with a flick of his hands, the double swords of Chasing the Sun and the Moon appeared in Qingtian Qi's hands.....

Then, Qingtian laughed loudly and rushed towards the retreating wolves.

In just an instant, Qing Tianqi rushed into the pack of wolves like a tiger.....

"Ha ha!! Go to hell! Fire Rain Plum Blossom Sword!"

Qingtian Qi drew out both swords, and simultaneously released the Fire Rain Plum Blossom Sword. Dozens of fire feather arrows flew out, killing dozens of prairie wolves immediately.

But it was not over yet, Qingtian Qi shouted again

"Fire Rain Plum Blossom Sword!"

The two swords came out together again, and released two more moves of the Fire Rain Plum Blossom Sword.

After the two moves, Qingtian Qi followed up with the Fire Rain Plum Blossom Sword.....

At that moment, Qing Tian Qi's long hair was dancing wildly, laughing wildly, and the "Fire Rain Plum Blossom Sword" in his hand was used continuously, and those ferocious prairie wolves fell down in pieces.

Screams, explosions, and laughter are endless!

In the distance, when the warriors saw this scene, their faces showed great horror....

"How can it be? How could Tian Qi use martial arts continuously? After any martial artist uses a martial skill, he must pause for a while."

"Do you even need to ask? The 'Tao' that Tian Qi just obtained must be the 'Endless Fire'. Only warriors who have mastered the 'Endless Fire' can use martial arts continuously"

"Oh my God! So this is ah! The warrior who has mastered the 'Endless Fire' is too terrifying. Warriors with the same fighting power are no match for him!"

"Of course! In fact, there are so many ways of the Five Elements of Heaven and Earth. Each additional one you master is equivalent to mastering an additional special ability. These special abilities can greatly improve your strength."

While everyone was talking, three shrill wolf howls came from the wolves in front.

But it was the three wolf kings who were killed by Qing Tianqi's 'Dragon Breaking the Sky' move. They were all killed in one move.

The setting sun was like a Blood, there was a thick smell of blood in the air.

The earth was dyed blood red.

A boy with white hair and blood eyes stood in the grassland, his white hair danced wildly in the wind, but the two swords in his hands kept dripping. There were blood beads, and there were broken wolf corpses everywhere.

The bones were thick and the ground was covered with blood. The scene in front of me was like a Shura battlefield.

The boy with white hair and blood eyes was a god of death! A god of death who wanted to destroy everything!

Frightened! Frightened! Still frightened!

Human beings not far away looked at the blue sky ahead in horror.

At this moment, what remained in their hearts was no longer awe, but an unconcealable fear, which was a fear coming from the depths of their souls!

Short In just half an hour, Qingtian Qi killed a super-large wolf pack of four to five thousand prairie wolves.

The blood of the wolves dyed a large area of land red and shattered people's hearts. Heart

"it's all over!"

Qingtian Qi put away his swords and walked slowly back to the crowd.

When Qingtian Qi approached the crowd, those people backed away in fear.

Seeing this, Qingtian Qi sighed in his heart:"It seems it is time to leave. went!"

Four months later, Lierong Kingdom, Baiyan City.

This Baiyan City is a medium-sized city, located in the southern border of Lierong Kingdom, close to the Wanmang Mountains.

The Wanmang Mountains stretch for more than ten thousand miles and are the link between the Southern Wilderness and the Eastern Alliance. The junction line.

If you want to enter the Southern Wilderness, you have to cross the Wanmang Mountains, which is nearly a hundred miles wide, to enter the Southern Wilderness. At this moment, in a room of an inn in the West District of Baiyan City.

Qingtian Qi woke up from practicing, got up and walked. He went to the window, opened it, and looked down at the pedestrians on the street outside.

The cold wind of early spring came oncoming, but it did not make Qing Tianqi feel cold, but made him feel refreshed.

"Why! I don't know when the release date will be?"

Qing Tianqi muttered silently.

At this moment, he looked more energetic than four months ago, and he was also more handsome and mature.....

After traveling for four consecutive months, Qingtian Qi and others finally crossed the Sky Eagle Kingdom, entered the Liegong Kingdom, and reached the border of the Liegong Kingdom.

In these four months, Qing Tianqi has also grown up to be sixteen years old and has completely transformed into a handsome young man..

Chapter 3152

In fact, Qingtian Qi did not waste any time in these four months.

In addition to practicing, he usually comprehends various Tao, especially the Tao of Yin and Yang, the Tao of wood, and the Tao of water and ice.

According to Qing Tianqi's own estimation, these three things may be relatively easy for him to comprehend.

The way of wood and water and the way of ice have a lot to do with his Blue Dragon Xuanwu bloodline.....

As for the way of yin and yang, since the last time he heard the strange fortune teller's words, he had been vaguely touched in his heart. He felt that he had groped for something, but he failed to catch it.

In general, in the past four months, although Qingtian Qi has gained some insights, he still has not gained any insights into the 'Tao'. After all, the 'Tao' is extremely difficult to obtain.

However, Qingtian Qi's vitality cultivation has still improved. Except for the fire and metal elements, which have reached a bottleneck and are stagnant, the other three elements have made great progress, especially the wood element's vitality has improved the fastest.

Qiuqiu has also made great progress in the past four months, and its basic combat effectiveness has increased to 550,000 people.

After the two mergedThe combat strength has reached 1.15 million people....

But Qing Tianqi has mastered the 'Endless Fire', with amazing speed and many means.

Its comprehensive strength is comparable to a super warrior with a basic combat strength of 1.5 million people.

In addition, Qingtian Qi has already refined a seventh-level soul seal puppet beast in his hands, with a basic combat power of 1.5 million people.

With such strength, few people below the seventh level can hurt him.

However, Qiuqiu's combat power could be increased to the strength of 550,000 people at the cost of Qingtian Qi's five spiritual weapons and Long Cangyan's original, somewhat damaged top-quality armor.

Qingtian Qi used those spiritual weapons as food and gave them all to Qiuqiu.

Right now, Qiuqiu is running out of food and his growth has stalled. This is Qingtianqi's biggest headache at the moment.

"Why! It seems that I still have to enter the Southern Wilderness as soon as possible! I heard that although there are many ferocious beasts in the Southern Wilderness, due to the scarcity of humans,

the environment in many places is like an ancient forest area. There are many spiritual fruits and spiritual creatures in it, making it a good place for adventurous treasure hunting."

"Every year, a large number of warriors enter the southern wilderness to explore, and I also want to go there to find some spiritual objects for food for Qiuqiu."

Just when Qingtian Qi was thinking about this in his mind, there was a knock on the door.

Qingtian Qi opened the door and saw Lin Yue and the Monkey King coming, so he immediately asked:"How is the situation? As soon as Lin

Yue came in, she said with a happy face:"Let's go and find out clearly, then Xiguguan will be opened tomorrow." These days, no less than three to four thousand people have gathered in Baiyan City, all of whom want to explore the southern wilderness. Hearing this

, Qing Tianqi smiled and said:"We are quite lucky. The switch is released twice a year. We have only been here for a few days and we ran into it." After tomorrow, we can enter the wilderness.

Lin Yue also nodded excitedly and said,"Yeah!" However, after entering the wilderness, there is no map. If you want to find the 'Broken Soul Ridge', you will have to spend a lot of effort."

"I know this! There are also some human city-states in the Southern Wilderness. As long as we can find the human city-states, won't we be able to find out the location of Broken Soul Ridge? Lin Yue, go get ready now! We are leaving tomorrow"

"Um! Tomorrow is the day for release, we can't miss it."

It turns out that in order to better control the Southern Wilderness, the Hydra Emperor prohibits outsiders from entering the Southern Wilderness to explore during normal times.

In the Wanmang Mountains, there is a seventh-level flying ferocious beast guarding every hundred miles.....

Qingtian Qi also thought about flying in on a ball, but he was blocked by a seventh-level ferocious beast.

Fortunately, he escaped quickly, otherwise he would have been killed by the claws of a seventh-level ferocious beast.

Since that time, Qingtian Qi and others did not dare to travel through time.

However, the Hydra Emperor did not absolutely prohibit outside humans from entering.

During the Spring Festival and autumn every year, a few release days will be arranged to allow outside humans to explore the Southern Wilderness.

And tomorrow is the traditional release day. The seventh-level ferocious beast guarding Xiguguan will automatically leave, allowing humans to enter freely..

Chapter 3153

However, what Qing Tianqi didn't know was that he was currently in a teahouse in Baiyan City.

There was an old man with snow-white hair and a middle-aged man, both standing with their hands behind their backs, looking at the pedestrians on the street below.

These two people are both seventh-level warriors.

Among the pedestrians walking on the street, many were warriors

"Elder Xie, have you noticed it? Nowadays, it seems that more and more people are venturing into the Southern Wilderness, with the number increasing tenfold every year! The number of warriors on this street is obviously much higher than last year!"

The middle-aged man slowly told what he had discovered.

The old man with white hair glanced at the pedestrians below and nodded:"Yes! It seems that more and more people know the secret. From my point of view, most of these people are going to Broken Soul Ridge."

Hearing this, the middle-aged man nodded slightly:"That should be it! I never imagined that the secret would spread so quickly!"

"yes! It did spread too fast. I always felt as if someone was behind it and deliberately spread the secret."

The white-haired old man seemed to say these words unintentionally.

After hearing this, the middle-aged man's eyes showed surprise.

After a while, he nodded slightly:"Maybe! So does Elder Xie plan to go to Broken Soul Ridge to explore?"

The white-haired old man said noncommittally:"Besides, I don't want to be played by others for no reason, haha!!"

After saying this, the white-haired old man laughed, turned around and went downstairs.

Seeing the old man's leaving back, the middle-aged man showed a look of disdain on his face.

"snort! You old man who is afraid of death, forget it if you don't dare to go, I want to go on an adventure. I would like to see what treasures there are in the temple that suddenly appeared in the depths of Broken Soul Ridge?"

The next day, three to four thousand warriors gathered at the entrance of Xiguguan in the Wanman Mountains.

At this time, the scene was very lively. There were many young warriors in their twenties and thirties among the crowd, and they were all excitedly discussing the upcoming challenges. Adventure.

For these young warriors, entering the Southern Wilderness seems to be a very exciting thing.

Qingtian Qi and Lin Yue are also among this group of warriors.

And while everyone is talking excitedly, deep in the West Valley Pass, Three loud beast roars were heard in succession.

The whole canyon was shaken by the beast roar.

Immediately, there was a burst of cheers from the crowd.

"Ha ha!! It's finally open to traffic and we can cross!"

At that moment, the warrior team of three to four thousand people moved, and everyone began to move forward along the canyon. It turned out that the beast roar in front was a passage signal sent by a seventh-order Dzogchen ferocious beast guarding this canyon, which allowed the outside world to pass. A signal for humans to enter the Southern Wilderness.

In fact, on the border of the Southern Wilderness, there are more than twenty entrances and exits like Xiguguan, which not only connects the Eastern Alliance, but also connects the Western Alliance, Beisheng Shenzhou and other regions.

A few hours later , a mighty team of warriors passed through Xiguguan.

What appeared in front of everyone was an endless jungle.

Everyone began to form small groups in small groups and walked towards the depths of the jungle.

"This is the Southern Wasteland, and it is indeed a desert. It is said that the Southern Wilderness is larger than our Eastern Alliance, and 90% of it is jungle. It is not easy to find Broken Soul Ridge in such a large jungle! Qing

Tianqi murmured to himself in a low voice.

Lin Yue slowly walked up behind him and said,"Yes!" In a jungle like this, you will get lost even if you have a map. If you want to find Broken Soul Ridge, you can only ask the indigenous people who grew up in the Southern Wilderness. They should be very familiar with the environment and terrain here."

"Um! That's the only way." Qingtian Qi nodded slightly, "Let's go!"

At that moment, the two of them were about to set off.

But at this moment, a voice came from behind them and called to stop them.

"Hello! You two, please wait a moment!"

Qingtian turned around after hearing the sound, only to see a young man in his mid-twenties leading seven or eight young warriors over..

Chapter 3154

Qingtian Qi turned around when he heard the sound, only to see a young man in his mid-twenties walking over with seven or eight young warriors.

The young warrior has a pink face and oily hair. He is quite handsome, and his cultivation level is the highest among the group of young warriors. He has reached the peak of the third level of Great Perfection, but there is a bit of cynicism in his eyebrows."

"Your Excellency called us, what's the matter? Qing

Tianqi asked politely.

But unexpectedly, the young man ignored him at all, but walked straight to Lin Yue, his eyes filled with confusion.

"This beauty, I see you are entering the Southern Wilderness for the first time, so you don't know much about this place yet, right? Because only those who don't understand will blindly go deep into the Southern Wilderness. The deeper you go in this southern wilderness, the more powerful the ferocious beasts inside become, and there are even seventh- and eighth-level ferocious beasts."

"It is almost impossible for people like us who have insufficient cultivation level to enter the depths of the Southern Wilderness and come out alive. Therefore, people like us with relatively weak cultivation base will choose to hunt for treasures on the border of the Southern Wilderness because the dangers on this border will slightly less"

"However, even so, this border is still very dangerous, because level four ferocious beasts will often appear on this border. Beauty, I see that your cultivation is only at the second level of Dzogchen. The little carrot next to you looks like a young boy. He should be weaker."

"With your two weak cultivations, going into the depths of the Southern Wilderness would be a recipe for death. Well, considering that we are all young people, I think the beauty should join us. As long as I, Lu Fa, am here, I guarantee that you will not be in danger in the future. Beauty, what do you think?"

The young man finished speaking with a smile on his face. His two lustful eyes were still secretly looking at Lin Yue's graceful figure.

At the same time, several warriors behind him also burst into laughter.

"yes! Beauty, with our Boss Lu here, we guarantee that there will be no danger in this southern wilderness border. Come join us!"

Hearing these words, Lin Yue looked at them with disgust, turned around and left without paying any attention to them.

When Lu Fa saw that Lin Yue didn't abandon him at all, and turned around and left without even saying a word, he was immediately dismayed. A little embarrassed.

Immediately, he became angry and yelled:"Bah! This ungrateful bitch has taken my kindness as an ass. If you want to die, hurry up! With your little cultivation, you will be dead in the wild within three days."

As soon as Lu Fa said this, Qing Tianqi, who was about to turn around and leave, frowned and said in a cold voice.

"Shut up!"

As soon as Qing Tianqi's words came out, the young warriors were stunned.

These young warriors never paid attention to Qing Tianqi from the beginning to the end.

In their opinion, Qing Tianqi was not very old, and he was always by Lin Yue's side. , should be Lin Yue's younger brother or something like that, or a little follower.

Lin Yue's cultivation level is only about the second level of Dzogchen, and Qingtian Qi's cultivation level should be even weaker, so no one takes him seriously. Go up.

But they didn't expect that this guy who was not taken seriously by anyone suddenly yelled at Lu Fa in front of everyone, which surprised them.

Lu Fa was also confused at first, but soon he came to his senses and suddenly became shocked. Angry:"Little beast! Who do you think you are? You dare to shout and scream in front of me? you wanna die!"

After saying that, Lu Fa immediately rushed forward and punched Qingtian Qi's face. He wanted to teach the boy in front of him a lesson.

At the same time, the group of young warriors behind him also started yelling.

"Boss Lu, beat up this little beast who doesn't know whether to live or die! How dare he yell at you!"

In the blink of an eye, Lu Fa rushed in front of Qingtian Qi.

But at this moment, a look of disgust flashed in Qingtian Qi's eyes, and then he shouted loudly

"roll!"

As Qing Tianqi roared, a wave of sound rushed out from his mouth, which directly hit Lu Fa so hard that he vomited blood and flew backwards. He directly hit the group of young warriors and knocked them all into the ground. A huge impact. With such force, many people were immediately hit and vomited blood.

With just a loud roar, Qing Tianqi swept away a group of young warriors in front of him..

## Chapter 3155

With just a loud roar, Qingtian Qi swept away the group of young warriors in front of him.

"Wow!"

The land fell to the ground, couldn't help but spit out a mouthful of blood, and then looked at the blue sky with horrified eyes as if he had seen a ghost.

"you...you are....."

"snort! Qing

Tianqi snorted coldly, didn't bother to pay attention, turned around and left.

Lin Yue quickly followed him, still saying angrily: "Qin Chuan, why should you show mercy to a scum like him?" Just kill them in one go."

Hearing these words, the group of young warriors behind them shuddered involuntarily deep in their hearts. It wasn't until Qingtian Qi and others walked away that the group of young warriors got up with frightened faces.....

"too horrible! That red-haired boy is not human at all!"

"Shut up! You don't want to live anymore? If he hears us, we're doomed. He was showing mercy just now!"

"Wow!"

At this time, Lu Fa felt excited and spit out a large mouthful of blood, which seemed to be very seriously injured.

"Boss Lu, it's not a good thing for you to be so seriously injured in a place with ferocious beasts everywhere!"

Hearing this, Lu Fa's face suddenly became extremely ugly.

Half a month later, in a cave deep in the southern wilderness jungle.

A fire was raised at the entrance of the cave.

A wild animal was roasting on the fire. The goat's fat squeaked under the scorching fire, and the meat was fragrant and mouth-watering.

Qing Tianqi and his party were sitting around the fire.

But at this moment, everyone in the group was not in good condition.

Lin Yue's skirt was a little torn, her face was stained with dust, and her expression was very tired, and her former refined beauty could not be seen. The monkey king also had disheveled hair, and his chest was bandaged with wounds.

The cloak and hat of the possessed puppet It has long since disappeared, revealing its original appearance. There are still many claw marks on the silver-white metal body.

And Qiuqiu has returned to its original appearance, lying on the ground with a tired face.

Among the group of people, only Qingtian Qi was in high spirits. There were no scars on his body, but his clothes were a lot torn.

Obviously, everyone had experienced a lot of fighting in the past half month.

"The meat is done! Yue'er, let me help you!"

The Monkey King took the initiative to take out a dagger, cut off a piece of mutton and handed it to Lin Yue

"Tong Yu, thank you!"

A trace of tenderness flashed across Lin Yue's eyes.

At this time, Qingtian Qi said: "Unexpectedly, this southern wilderness is much more dangerous than we imagined. We have only been walking for half a month and have encountered so many ferocious beasts. Is there anything here? At least they are seventh-level ferocious beasts, and there are even eighth-level ferocious beasts."

"Fortunately, my Heavenly Listening Skill allowed us to avoid it in advance, otherwise the consequences would be disastrous. It's just that my Heavenly Listening Technique is a little difficult to deal with the eighth-level ferocious beast. I still have to be extremely careful along the way."

"Um! The danger level of this Southern Wilderness far exceeds our imagination. No wonder most people are exploring the Southern Wilderness border. Even seventh-level warriors are reluctant to explore the hinterland of the Southern Wilderness. Although the eighth-level warriors have the ability in this area, due to the rules set by the Hydra Emperor, those eighth-level warriors do not dare to come."

Lin Yue tore a piece of tender mutton and chewed it lightly in her mouth, with a hint of anxiety in her eyes.

Hearing this, Qing Tianqi chuckled and said, "Now I finally understand why the Hydra Emperor allowed warriors below the seventh level to enter, but eighth and ninth level warriors are not allowed to enter"

"Because even if a seventh-level warrior enters the hinterland of the Southern Wilderness, he may not be able to come out alive and intact. Human strength cannot shake the foundation of the Hydra Emperor in the Southern Wilderness."

Monkey King: "Qinchuan, you said that these ferocious beasts in the Southern Wilderness are so powerful, how do the indigenous humans resist these ferocious beasts? Unless there are eighth-level experts among the indigenous humans. But there will be no eighth-level experts among the indigenous humans, because the Hydra Emperor will not allow it."

After hearing this, Qingtian Qi pondered for a while and said: "I have been thinking about this issue for a while. According to my speculation, there must be some kind of rule here, a rule set by the Hydra Emperor, otherwise those humans should not be able to survive here."

"But I still don't know what the rules are. Maybe it has something to do with the fact that the Hydra Emperor allows outside humans to enter. Maybe the Hydra Emperor has his own purpose. As for what purpose, let's not think about it. Let's think more about it. How to find the location of 'Broken Soul Ridge'"..

Chapter 3156

The Monkey King also interjected:"If we want to find Broken Soul Ridge, we can only rely on the help of the indigenous humans. There are jungles everywhere here, and the map we have is of little use. It's just that after searching for so long, there is nothing. It's really exciting to find the place where indigenous humans live!"

It turned out that Qing Tianqi and others had also thought about relying on balls to fly in the air, and then using the map to find the direction of Duanhun Ridge.

Unexpectedly, there are many seventh-level ferocious beasts in this southern wilderness. You may encounter one every few hundred miles, and there are many ferocious beasts that can fly.

The target of the ball flying in the air was too obvious, and they were almost in danger several times.

In the end, Qing Tianqi and others had to give up flying from the air and travel on the ground instead.

In fact, this is also because Qingtian Qi wants to escort the Monkey King and Lin Yue.

If Qing Tianqi was the only one, he wouldn't have to go to such trouble.

Even if there is an interception in the air, he can immediately switch to the earth escape technique and pass through the ground, and the seventh-level ferocious beasts will not be able to do anything to him.

However, the earth escape technique could only allow Qingtian Qi to walk through the underground alone, but could not bring the Monkey King and Lin Yue with him, so Qingtian Qi had to walk on the ground.

At this time, Qing Tianqi smiled and said: "Keep looking! Sooner or later we will find it. In fact, our harvest during this period is not bad. Although the hinterland of the Southern Wilderness is extremely dangerous, there are also many spiritual fruits and spiritual objects in it. It would be good for us to treat this as a rare treasure hunting trip."

It turns out that Qingtian Qi and his party have harvested a large number of spiritual fruits in the hinterland of the Southern Wilderness these past few days.

Some spiritual fruits are so rare that they are almost extinct in the outside world.

Because of the help of the spirit fruit, Lin Yue broke through to the third level in just half a month.

Of course, those spiritual fruits basically fell into Qingtian Qi's hands.

After all, those spiritual fruits were obtained by Qing Tianqi killing the guardian beasts.

Although, after Qingtian Qi entered the sixth level, the spirit fruits had little effect on his cultivation, the gold and earth spirit fruits were still of great help to Qiuqiu's growth.

Qiuqiu's advancement is completely different from Qingtianqi's.

Qiuqiu is a pure growth. It does not need to be comprehended, it only needs simple accumulation of energy. As long as it reaches a mature body, it will be the peak of the eighth level of Dzogchen. Those spiritual fruits will be of great help to Qiuqiu.

So in the past half month, Qiuqiu's food has also been greatly improved. He no longer needs to eat those inner elixirs, but only eats spiritual fruits. His growth progress has also been greatly improved, and his basic combat power has actually reached 700,000. The power has reached the peak of the sixth level.

The improvement of Qiuqiu's strength has naturally also improved Qingtianqi's overall strength a lot.

"yes! Although this southern wilderness is dangerous, it is also a treasure land. Otherwise, there would not be so many people risking their lives to explore."

Lin Yue also echoed.

But at this moment, Qingtian Qi's expression moved slightly, and he stood up suddenly, raising his head to look somewhere in the distance.

Lin Yue's face immediately changed slightly and said: "What? What did you find? Could it be that a seventh-level ferocious beast is coming? Qing

Tianqi shook his head silently, and then said to Lin Yue: "You guys just wait for me here." I'll come as soon as I go! Qiuqiu, soul, you all stay here."

After saying this, Qing Tianqi walked out of the cave.

He seemed a little worried. He pinched a mark in his hand, shot a red light into the ground, and shouted in his mouth: "The Soul Seal Puppet Beast-Human-Faced Centipede!"

With a low roar from the blue sky, the earth shook, and a huge centipede with a length of more than thirty feet and a crystallized body broke out of the ground.

I saw that the centipede was very huge, each leg was two meters long, like a There are sharp spears with a human-like face on the head and four white fangs in the mouth, which looks very scary.

This is Qingtian Qi's seventh-level soul mark puppet beast. , the human-faced centipede, with a basic combat strength of 1.5 million people.

After summoning the human-faced centipede, Qingtian Qi let it guard in place.

After giving the instructions, Qingtian Qi flashed and walked towards the distant place. The jungle rushes away..

Chapter 3157

Nowadays, even if Qingtian Qi does not use Mad God Transformation or channeling and fusion, his basic combat power has reached 740,000 people, which is slightly higher than the basic combat power of ordinary sixth-level Dzogchen Peak warriors.

I saw the blue sky with my feet stepping on the "sky step", and the colorful rays of light flashed under my feet, and they instantly disappeared into the depths of the jungle.

Not long after, Qingtian Qi appeared somewhere in the jungle.

There, I saw a ferocious beast with a leopard head and a sheep body, munching on a corpse on the ground. Around the ferocious beast, there were seven broken corpses lying in a mess, and the air was filled with a very thick smell. The smell of blood.

Seeing this scene, Qingtian Qi felt inexplicably annoyed.....

When the ferocious beast saw Qing Tianqi's sudden appearance, it was also greatly surprised. It immediately became furious, roared violently and rushed towards Qing Tianqi.

Qing Tianqi sneered and dodged, avoiding the frontal attack of the ferocious beast.....

In an instant, he detoured behind the ferocious beast and slashed towards the waist of the ferocious beast with one move, Five Elements Sky Slash, splitting the ferocious beast in half in an instant.

That ferocious beast was just the peak of the sixth level. With Qingtian Qi's speed and absolute power, it was instantly killed by Qingtian Qi with one move.

After killing the ferocious beast, Qingtian Qicai glanced at the corpses on the ground with emotion, and couldn't help but sigh: "Hey! This is the sixth adventure team I encountered that was completely destroyed by the army."

It turned out that Qingtian Qi vaguely heard screams here, so he ran over to take a look, and sure enough he saw a group of adventurers being attacked and killed by ferocious beasts.

Afterwards, Qing Tianqi began to deal with the bodies of the adventurers.

These days, he has gained a lot from the corpses of these adventurers, and half of the spiritual fruits were obtained in this way.

In addition to spiritual fruits, there are also many other elixirs and spiritual weapons.

This is originally a world where the weak can prey on the strong, a world without rules. Even if you are not killed by a ferocious beast, you may be killed by the same kind.

Qingtian Qi is not a pedantic person. Although he sympathizes with these adventurers, he will naturally not let go of the things left behind by these people after their death.

"Huh! Isn't this Tianyu Stone?"

Qingtian Qi was extremely surprised to find a fist-sized white jade head from one of the corpses.

The white jade was full of spirituality and emitted a soft white light.

This Tianyu Stone is a top material for refining earth-based semi-artifacts, and is better than mine. The Ziyun Gold obtained earlier is of a higher grade. If Qiuqiu eats it, maybe it can break through the bottleneck and enter the sixth level of Dzogchen.

If that is the case, Qiuqiu's strength will definitely increase greatly.

Unexpectedly, these I am not very strong, but I can have such rare treasures on my body, which is an advantage for me.

Thinking of this, Qingtian Qi was very happy, and he was about to put away the Yushi that day.

But at this moment, his expression suddenly changed, He jumped up.

Just as Qingtian Qi jumped up, a big hand made of soil burst out of the ground with a bang and grabbed Qingtian Qi in the air. Qingtian Qi's face changed slightly, and he volleyed to avoid it. He opened the grip.

The giant hand suddenly grasped empty, and a sound of surprise came from the ground.

"Boy, you react very quickly! You actually escaped."

Then, a figure emerged from the ground and stood on the spot.

The person was a middle-aged man in his mid-thirties.

When Qingtian saw the middle-aged man, his pupils shrank slightly.

The man in front of him was A sixth-level Dzogchen pinnacle earth warrior, but judging from the aura emanating from him, his combat power has reached the strength of a million people. The combat power of a sixth-level Dzogchen peak warrior is only 700,000 people. This guy The fighting power has actually reached the strength of a million people.

In this way, there is only one possibility, that is, the guy in front of me is also a Taoist. This guy has obtained the Tao.'"

When he thought that the middle-aged man in front of him was also a Taoist, Qingtian Qi immediately did not dare to be careless. Qiuqiu was not with him now, which weakened his overall strength a lot.

Moreover, sixth-level warriors who have obtained the 'Tao' are much stronger than ordinary sixth-level warriors, and they are also considered to be quasi-seventh-level warriors..

Chapter 3158

Generally speaking, when a warrior reaches the fifth level, he can begin to comprehend the Tao when his soul body first appears.

But among fifth-level warriors, it is extremely rare to be able to comprehend the Tao, and it is rare to see even one among hundreds of millions of people.

The sixth-level warrior's virtual elixir is realized, closer to the Tao, and the chance of attaining the Tao is greatly increased.

But only one person who attains the Tao will appear among ten thousand people.

In fact, attaining the Tao is not only related to understanding, but also has a lot to do with the strength of the soul. Soul mutants are more likely to comprehend the 'Tao'.

While Qing Tianqi was sizing up the middle-aged man, the middle-aged man was also sizing up Qing Tian Qi carefully, with a look of horror gradually appearing in his eyes.

"Boy, I see you are not very old. Your cultivation has reached the peak of the sixth level, but judging from your aura, your basic combat power is slightly higher than that of a sixth-level Dzogchen warrior. It's really not simple."

"Yue has read countless people, and at your age you can reach such a level. This qualification, this luck, is probably only comparable to a few of our direct disciples under the Ming Dynasty in Beisheng Shenzhou."

The middle-aged man couldn't help but nod.

Hearing this, Qing Tianqi's heart moved, and he said in a deep voice: "Young man has also heard of the reputation of the Great Ming King of Beisheng Shenzhou. He is a ninth-level Dzogchen strongman, a being as powerful as the Hydra Emperor. It turns out that You are from Beisheng China"

"good! Boy, I see you have extraordinary talent and cultivation. Where are you from? It shouldn't be our victory over China. Otherwise, Yue should have heard of your name long ago. Are you from the Zhongzhou Continent or the Snowy Region?"

The middle-aged man asked tentatively

"no! The kid is from the Eastern Conference. Qing

Tianqi replied calmly.

Hearing this, the middle-aged man had a look of surprise on his face.

"I didn't expect you to come from the Eastern League, which is a borderland. Considering that the Eastern Alliance has a narrow territory, lack of supplies, and declining martial arts, it is quite eye-opening to have a talent like you. It's just a pity that if you were in our Northern Shenzhou, you

would definitely be accepted by the Ming Dynasty King, which would definitely allow you to achieve greater achievements."

"Your Excellency has won the prize! After talking so much to Your Excellency, I still don't know why Your Excellency wanted to sneak attack on the kid just now?"

After hearing this, the middle-aged man stopped sighing and looked at the Tianyu Stone in Qingtian Qi's hand, with greed undisguised in his eyes.

"Boy, Yue should just tell you straight! Yue attacked you because of the Tianyu Stone in your hand. Yue sees you as a rare talent and doesn't want to embarrass you too much. If you are sensible, just hand over the Tianyu Stone!

Qing Tianqi sneered: "I got this Tianyu Stone first, why should I give it to you?"

"As the saying goes, the weak will be the strong! Treasures like these from heaven and earth should naturally be in the hands of the strong. There are some words that don't need to be explained clearly by Yue, right?"

"snort! You're right. This world is a place where the weak eat the strong! Since you want it so much, then use your strength to get it!"

After saying this, Qingtian Qi put Tian Yushi away.

Seeing his actions, the middle-aged man's face turned cold, and he said coldly: "It seems that you are toasting and not eating, and you are drinking as a penalty. Although your strength is indeed good, compared with Yue, you are still far behind. Since you don't want to hand it over, don't blame Yue for being rude!"

As soon as he said this, the man in the middle whipped out a top-quality sword and charged towards Qingtian.

He was confident that he could deal with the more than 700,000 people in front of him with his basic combat power of one million people. Boy, that is not an easy task.

I saw the middle-aged man's figure flashing and turning into an afterimage. Very quickly, he was close to Qingtian Qi in front of him, and he slashed his head with a knife..

Chapter 3159

Qing Tianqi sneered, and activated Sky Step and Blood Shadow Escape at the same time. He also had the 'Fire Boots' speed bonus under his feet. His speed doubled, which was even faster than the middle-aged man. There was a 'swish' sound. , Qingtian Qi avoided the middle-aged man's attack.

"What a speed!"

The middle-aged man was horrified. He slashed the air with his sword and blasted a big hole in the ground, making the earth tremble.

"Ha ha!! Since you want to fight, then fight!"

Qingtian laughed loudly, and with a flash of cold light in his hands, he took the double swords of Chasing the Sun and the Moon in his hands. At the same time, he touched the breast shield on his waist and opened the flame armor.

"Boy, I didn't expect you to be so fast!"

The middle-aged man looked at Qing Tianqi with a complicated expression.....

Immediately, the middle-aged man sneered again:"However, you did one thing wrong, that is, you should not stay. You should run away quickly before I understand your speed. In that case, you might There is still a glimmer of hope, but now it's too late!"

After saying this, the middle-aged woman smiled strangely, then made a seal with one hand, pressed it down towards the ground, and shouted in his mouth

"Gravity! Ten stacks add up! Ten times the gravity! Gravity field now!"

As he shouted, a strange force rose from the ground within a mile....

Qing Tianqi felt his whole body sink, and his body became inexplicably heavy. It was much more difficult to raise his hands and feet than before.

"not good! This is the top earth martial art 'gravity field', which is the nemesis of speed warriors!"

Thinking of this, Qingtian Qi was horrified.

But at this moment, the middle-aged man in front had already rushed up with a grin.

"Boy, you didn't run away before, but now you have no chance, so go to hell! Ha ha!!"

In the blink of an eye, the middle-aged man rushed in front of Qing Tianqi.

Qing Tianqi quickly dodged, but found that his speed had dropped significantly. He was not even half of his previous speed, and was even worse than the middle-aged man.

However, Qingtian Qi still narrowly avoided the knife with a sideways movement.

But then he narrowly avoided it, and the man turned sideways and slashed with a very fast knife.

This time, Qingtian Qi was not as fast as the opponent and could not dodge at all. He even turned on the Five Elements Shield. It was too late.

In the critical situation, Qingtian Qi immediately fired out the God-Destroying Thorn.

The man's movements suddenly stopped.

Qingtian Qi took the opportunity to activate the Five Elements Shield.

In an instant, the man regained consciousness and struck Qingtian Qi's Five Elements Shield with a slash.

It was huge. The impact force immediately broke Qingtian Qi's five-element shield, and Qingtian Qi was also hit by the huge impact force and stepped back.

This was because the middle-aged man did not use martial arts to attack, otherwise Qingtian Qi would have been injured this time.

Qing Tian Qi was knocked back with one strike. The man did not give Qing Tian Qi time to breathe. Taking advantage of Qing Tian Qi's unsteady figure, he rushed forward quickly, jumped up with a strong step, and slashed Qing Tian Qi on the head.

"The mad lion kills the king!"

I saw a huge mad lion flying out of the sword shadow, and it rushed towards Qingtian Qi.

In the blink of an eye, it blasted away towards Qingtian Qi.

At this moment, Qingtian Qi just stood firm. When he saw the attack coming again, he suddenly panicked. Angry, he roared:"The dragon breaks through the sky!"

An extremely huge five-color divine dragon flew out from the shadow of Qi Jian in the blue sky. In an instant, the Crazy Lion Overlord Slash attack was shattered into pieces. The remaining power continued to attack the middle-aged man.

"Huh! It's actually a superb martial skill!"

The middle-aged man roared in horror, and ducked to avoid the aftermath of the attack.

His Mad Lion Overlord Slash was just a superior martial skill, so it was naturally no match for Dragon Breaking the Sky.

But it was the middle-aged man who avoided it. In the aftermath of the attack, Qingtian Qi laughed wildly, and with a sword from his left hand, he slashed out a colorful divine dragon and attacked him.

The middle-aged man was horrified and did not dare to make a direct attack, so he quickly dodged.

But as soon as he avoided it, Qingtian Qi struck out with a sword from his right hand, and then It was a move of 'Dragon Breaking the Sky' that came over.

At that moment, Qingtian Qi's long hair danced wildly, laughing crazily, and the two swords continuously used Dragon Breaking the Sky at the middle-aged man, and launched a crazy counterattack against the middle-aged man..

Chapter 3160

The middle-aged man was immediately forced to a disadvantage. He was extremely horrified in his heart and exclaimed.

"This is the endless, endless way of fire. This kid has actually understood the most violent attack method. It seems that I still underestimate this kid too much. At this moment, if I weren't faster than him, I'm afraid I would have been defeated by now!"

Just when this thought came to his mind, Qing Tianqi's arrogant laughter came from the front:"Haha!! If you want to fight, fight, why bother running around? Do you think you can avoid this?"

At the same time as he spoke, Qingtian Qi attacked the middle-aged man with another move of Dragon Breaking the Sky.

In the blink of an eye, the colorful dragon was approaching the middle-aged man.

The middle-aged man's face changed slightly, and he was about to dodge again, but at this moment, There was another stabbing pain in his head, and he suddenly felt enlightened.

Before he fell into a trance, the middle-aged man exclaimed something bad in his heart. In just a moment, the middle-aged man woke up, but the colorful dragon was already approaching him.

At that moment, The middle-aged man could no longer dodge, and immediately roared in a hurry:"Lion King Shield!"

I saw a light-shaped lion head, forming a huge energy shield to protect the middle-aged man.

Boom!

A shocking loud noise!

The colorful dragon directly bombarded the Lion King's shield, and the huge energy explosion stirred up countless dust Flying.

After the dust settled, the figure of the middle-aged man appeared.

The middle-aged man was still standing in the center of the battlefield, with the lion shield around him still there, but he was not broken by the blue sky. Breaking through.

Seeing this scene, Qingtian Qi was immediately shocked:"How is this possible?"

Qingtian Qi knew clearly in his heart that the Lion King Shield was just a superior defensive martial art. Logically speaking, it could not withstand his Dragon Breaking the Sky, so he was very shocked. Seeing

Qingtian Qi's shocked expression, the middle-aged man said proudly He laughed and said:"Haha!! Boy, you underestimate Yue too much. Don't think that you are the only one who has understood the Tao. Yue is also the one who has gained the Tao."

Hearing this, Qingtian Qi suddenly realized and said in shock:"It turns out that the Tao you have understood is 'the immovable soil'. No wonder you were able to withstand my attack just now."

"good! Your 'endless' heavy attack, my 'immovable' heavy defense. Today, between you and me, it's hard to predict who will live and who will die. However, generally speaking, Yue should have a better chance of winning, haha!!"

The Three Ways of Earth: Immovable, Eight Directions, and Boundless.

Among them, those who comprehend the Way of Immobility will gain the additional ability of doubling the defensive power of all defensive martial arts.

Although the Lion King Shield is only a superior martial art, its defensive power doubles. After multiple times, it has completely reached the level of the best martial arts, even worse, so Qingtian Qi's Dragon Breaking the Sky cannot break it.

Of course, this is also because Qingtian Qi's current basic combat power is much weaker than the opponent.

However, Qingtian Qi said After hearing what the other party said, he sneered:"Really? It seems that if I don't use all my strength, it's really hard to defeat you."

"What? You haven't used your full strength yet?"

The man looked at Qingtian Qi in surprise.

Qingtian Qi ignored him, put a finger between his eyebrows, and roared:"Crazy God Transformation!"

With this low roar, Qingtian Qi's muscles all over his body swelled, his figure grew three inches taller, his red hair turned into long white hair, three bloody stars appeared between his eyebrows, and his whole body exuded a heart-stopping evil aura.

Its basic combat power was instantly increased to the power of 940,000 people, which is not far from the power of one million people.

"This...this is!"

The middle-aged man looked at Qingtian Qi in horror.

He didn't expect Qingtian Qi to transform, and his basic combat power was instantly raised to an astonishing level, indistinguishable from his own. The middle-aged man was horrified in his heart At this time, Qing Tianqi slowly raised his head, pointed a sword at the middle-aged man, and said coldly:"Let's fight again! But he didn't expect it. The man shouted in shock:"Wait a minute!" do not fight!

Qing Tianqi said in surprise:"Why don't you fight?" Don't you want Tianyu Stone anymore?

The man looked embarrassed and said, "Your Majesty, you have hidden everything. If you continue to fight, Yue will definitely lose." Although the treasure is good, it must be taken with your life. Yue thinks that he is not your opponent, so he has been offended today!"

After saying this, the middle-aged man simply pinched his fingers and released the gravity field.

But at this moment, Qingtian Qi's expression changed drastically, and he suddenly turned his head to look over somewhere in the jungle..
