

God level 3161

Chapter 3161

At the same time, there was a burst of strange laughter in the air

"quack!! Why don't you fight? What a bummer! I haven't had enough of watching it yet! Since we won't fight, you two can go and die!"

Upon hearing this, Qingtian and Qi's expressions changed drastically, and they exclaimed in unison:"Run!"

The two ran away in two directions.

But at this moment, a huge black shadow flew in the air.

It was a white-headed eagle king several feet long.

And the white-headed eagle king was sitting on its back. There was an old man with snow-white hair and a withered face.

The strange laugh before was caused by this withered old man. At this moment, when the withered old man saw Qing Tianqi and the middle-aged man running away, his eyes showed great disdain and sneered:"Is it that easy for two little bastards to run away? Look at my 'Meteor Storm!' ""

I saw the old man randomly pinching a few seals, and countless huge meteorites fell from the sky, covering several miles in an instant.

After each meteorite hit the ground, there would be a huge explosion.

I saw countless meteorites in the sky moving at extremely fast speeds. The speed dropped from the sky, and Qingtian was horrified. He knew that it was definitely not an ordinary meteorite, and every meteorite could kill him instantly.

At that moment, he quickly used the Heavenly Listening Technique to assist his speed and dodge the attacks falling from the sky.

But right here At that moment, a shrill scream came from not far away, but it was the middle-aged man who was hit by a meteorite falling from the sky, and was instantly smashed into pulp.

Boom! There was a loud noise!

A meteorite fell to the ground and exploded, The fragments of the explosion hit Qingtian Qi's back instantly.

Qingtian Qi screamed and was blown away by the huge explosion energy.

"Huh! Not dead!"

The old man's surprised voice came from the sky, and then the old man flew to the top of Qingtian Qi's head on the White-headed Eagle King.

Qingtian Qi spit out a big mouthful of blood, and the fragments of a meteorite explosion just hit him directly. The impact on his back severely injured him.

At this moment, Qingtian Qi didn't care about his injuries, but looked at the old man in the air with horrified eyes.

He saw that the old man was exuding a terrifying aura, locking Qingtian Qi's whole body, Let Qing Tianqi not dare to act rashly

"He is a seventh-level warrior. This old guy is actually a seventh-level warrior!"

Qingtian Qi was greatly horrified.

With his current strength, in front of a seventh-level warrior, he could only be killed instantly.

"Boy, you are quite thick-skinned! Despite the old man's group attack, he was still alive. It is very rare among warriors below the seventh level!

Hearing this, Qing Tianqi mustered up his courage and said, "Senior, why do you want to kill this kid?"

"Ha ha!! nonsense! Of course I'm going to kill you to get the treasure."

"Senior, you are joking. Is there any treasure in this boy that you, the old man, can admire?"

The wizened old man smiled evilly and said, "Boy, you are too modest." Just your top-grade spiritual weapon has made me very tempted. I guess you must be from some super big family, right? This net worth is really rich!"

"I feel ashamed to think about it! I have lived for such a long time, and I only have one top-grade spiritual weapon in my hand, which is far inferior to this kid like you. Then again, fortunately this is the Southern Wilderness, so I dare to kill you. If it were in the outside world, I wouldn't dare to do it easily!"

"Of course, what I am most interested in is the Tianyu Stone on your body, which is the material for refining earth-based semi-artifacts."

Hearing this, Qingtian Qi said, "Senior, if the boy offers the best spiritual weapon on his body and the Yushi of that day, I wonder if senior can spare the boy's life?"

"You're a very well-behaved boy. But why do you negotiate terms with me? I, Xiao Qianchen, kill people to seize treasures and never leave anyone alive. You want to sacrifice your treasure to save your life! dream! quack!!"

After saying this, Xiao Qianchen laughed ferociously.

But Qing Tianqi's face became extremely ugly..

Chapter 3162

At this moment, he also thought about letting Ming Linger come out.

However, it will take a certain amount of time to release Ming Ling'er, and his aura at this time has been completely locked by Xiao Qianchen. If he makes the slightest move, Xiao Qianchen will kill him on the spot.

At this moment, Xiao Qianchen said again: "Boy, it is inevitable that I will kill you. However, if you cooperate and hand over everything on your own initiative, I can consider leaving a whole body for you. If you don't cooperate, If so, then I will let you have no bones left. How about it? I am pretty good to you, right?"

Hearing this, Qingtian's heart moved and he raised his eyes to look at Xiao Qianchen's mount.

Xiao Qianchen's flying mount is the White-headed Eagle King, a sixth-level ferocious beast.

At that moment, Qingtian Qi rolled his eyes, and then whispered: "The boy is willing to dedicate all his treasures to the seniors, just asking the seniors to leave a whole corpse for the boy."

Xiao Qianchen was a little surprised, and then cracked his yellow teeth, He smiled playfully and said: "Really? I have committed murder and hustling more than once or twice, and I have never seen anyone as cooperative as you. But those people know that they are going to die and run away desperately as soon as they react. You kid makes people What a surprise!"

"Since you are so cooperative, then you should present the top-quality armor you are wearing now. Don't think about any tricks."

Hearing this, Qing Tianqi didn't say much. He consciously turned the flame armor on his body back into a heart mirror, and then offered it to Xiao Qianchen with both hands.

Seeing this, Xiao Qianchen was overjoyed: "Haha!! Boy, you are obedient!"

Then, Xiao Qianchen made a casual move, and the flame armor turned into a heart mirror and flew straight to the palm of his hand.

In the blink of an eye, the flame armor flew into Xiao Qianchen's hands.

"Ha ha!! good! good! This is indeed an excellent piece of armor!"

Xiao Qianchen looked at it carefully for a while, and then he couldn't put it down and touched it, with a look of ecstasy in his eyes.

Just when Xiao Qianchen was so proud, Qingtian Qi's heart moved, and he secretly said:"Now is the opportunity!"

Thinking of this, Qingtian Qi's eyes flashed, and two God-destroying thorns shot directly at the white-headed eagle king under Xiao Qianchen.

The white-headed eagle king suddenly felt dizzy, staggered, and flipped in the air , fell down.

Xiao Qianchen, who was sitting on his back, stumbled in the air unprepared.

At that moment, he immediately flipped over and fell to the ground, cursing angrily:"Evil beast! What the hell are you doing?"

Obviously, Xiao Qianchen didn't know that it was Qingtian Qi who was responsible. He thought that his mount suddenly lost control.

At the same time that Xiao Qianchen was flying through the air, Qingtianqi quickly made a secret and performed the 'Mist Hidden Technique'. In an instant, The whole place was enveloped, and Xiao Qianchen was also enveloped in it.

While Xiao Qianchen's figure was still in the air, he suddenly felt a wave of vitality, and then the surrounding area turned into a mist, and his vision was suddenly blocked. Only then did Xiao Qianchen realize that Qingtian Qi was responsible for all this.

At that moment, he was furious:"You little bastard! you wanna die!"

While speaking, Xiao Qianchen blasted a palm in the direction of Qingtian Qi.

But at the same time as Xiao Qianchen attacked, Qingtian Qi had already avoided it in advance, and the palm suddenly split into the air.

At the same time, , the sound of rapid running came from the thick fog.

Xiao Qianchen suddenly became anxious:"You little bastard, don't even think about escaping!"

Immediately afterwards, there were bursts of loud rumbling noises, and then there was no sound in the thick fog.

A moment later, a strong wind blew by, and the thick fog dissipated, revealing the scene.

At this moment, Xiao Qianchen stood alone There was a mess all around him. Except for some blood stains and a line of footprints on the ground, there was no trace of Qing Tianqi.

"This little bastard actually ran away?! How dare you play tricks on me, how disgusting! However, with your speed, do you think you can escape from my grasp? If I catch up with you this time, I will crush you to ashes!"

Xiao Qianchen cursed a few words, then made a move at the mount in the air.

The white-headed eagle king immediately turned into a one-foot-sized black eagle and landed on his shoulder.

Then, Xiao Qianchen's figure flashed , came to the middle-aged man's body, hurriedly picked up the middle-aged man's top-quality spiritual knife, and chased in the direction where Qing Tian Qi escaped.

He was confident that with his own speed, it wouldn't take long to catch up with Qing Tian Qi..At that time, he will make Qingtian Qi die miserably..

Chapter 3163

In the blink of an eye, the place was empty.

There was a thick smell of blood and a choking smell of dust floating in the air, making it seem like a fierce battle had just taken place here.

It wasn't until a while later that the calm ground somewhere suddenly moved, and then with a 'boom', a figure broke out of the ground, and it turned out to be Qing Tianqi, who was supposed to have escaped.

As soon as Qingtian Qi broke out of the ground, he quickly patted the dust on his body and said luckily in his heart: "Fortunately, I am a physical warrior and can control my body's aura, otherwise it would be really difficult to hide it from that old guy."

It turned out that Qingtian Qi had previously He didn't escape at all. The line of footprints and blood stains were all an illusion created by him.

Previously, after he took advantage of the thick fog to give the illusion of escaping, he immediately buried his body underground. At the same time, he restrained his breath, controlled his heartbeat and blood flow, and made his breath disappear instantly.

When the thick fog was dispersed by Xiao Qianchen, Xiao Qianchen did not sense Qingtian Qi's aura. He only saw a line of footprints on the ground and some blood stains. He naturally thought that Qingtian Qi was escaping from that direction, so he immediately chased him out.

Qing Tianqi did this because he knew that his speed was definitely not as fast as Xiao Qianchen. If he ran away like that, he would never get rid of Xiao Qianchen.

The best way is to deceive Xiao Qianchen, and then escape calmly so that the other party cannot catch his whereabouts.

"I'd better leave quickly. The old guy will soon find out something is wrong."

Thinking of this, Qingtian Qi hurriedly walked to the middle-aged man's body and hurriedly searched for his things.

Just now, Xiao Qianchen just took away the middle-aged man's top-quality spiritual knife, but he didn't have time to look carefully at other things. Search.

After the search, Qingtian Qi immediately raised his Heavenly Feather Divine Wings and escaped from the air.

Not long after Qingtian Qi left, another figure appeared in the field, but it was Xiao Qianchen who left and returned.

It turned out that Xiao Qianchen Chen chased in that direction, and the more he chased, the more he felt something was wrong.

After chasing for a long time, Xiao Qianchen realized that he still didn't see Qing Tianqi, and then he realized that he might have been fooled..

At that moment, he quickly returned to the scene to check

"Huh! Why is there a pit here?"

As soon as he arrived at the scene, Xiao Qianchen noticed at a glance that there was a large human-shaped pit on the ground, and there were some blood stains in the pit.

He clearly remembered that there was no pit there before he left.

"Could it be?"

Xiao Qianchen's face gradually became ugly.

Soon, he found that the body of a middle-aged man not far away showed signs of being disturbed.

Seeing this, Xiao Qianchen immediately understood everything and was furious:"That little bastard dared to lie to me, I'm really angry!"

At this moment, Xiao Qianchen was so angry that he gritted his teeth and his eyes were about to spit out fire.

Then he began to search for footprints around him, trying to find the direction in which Qingtian Qi escaped, and continued to pursue him, but he couldn't find them at all. Footprints.

Because Qing Tianqi escaped from the air for the second time, he naturally left no footprints.

This almost made Xiao Qianchen's lungs explode. He didn't expect that the cooked duck would fly like this.

But he said on the other side , Qingtian Qi hurried back to the cave after escaping from a low altitude.

As soon as he returned to the cave, Lin Yue and the Monkey King were shocked to see him covered in blood.

"Qin Chuan, what's wrong with you? How did you end up like this? Lin

Yue first asked in horror.

Qingtian Qi said anxiously:"There is no time to explain now." It's not a good time to stay here, let's leave quickly!"

At that moment, the group of people hurriedly left the cave without saying a word..

Chapter 3164

In the evening five days later.

A bonfire was lit beside a stream.

There is also a wild boar roasted on top.

Several pieces of women's clothing were baking nearby.

The figures gathered around the fire were none other than Lin Yue and his party.

Soul and the Monkey King are both there, but Qingtian Qi and Qiuqiu are nowhere to be seen.

At this moment, Lin Yue's hair was a little wet, her face was white and clean, and she had changed into a clean set of men's clothes.

It's just that the men's suit was obviously a little short. When worn on Lin Yue's tall and plump body, it stretched a little bit, but it also made Lin Yue look more charming.

"I feel so comfortable after taking a shower. I haven't taken a shower like this for a long time."

Lin Yue rarely smiled.

The Monkey King on the side looked a little crazy.

But at this moment, a red-haired boy came out from behind the woods, it was Qing Tianqi. At this moment, Qing Tianqi's hair was also a little damp, and his body was also wet. Changed into a set of clean clothes

"Qin Chuan, are your injuries healed?"

"Ha ha!! It's almost better. After taking a shower, I feel much more relaxed."

Qing Tianqi had just taken a bath in the stream and was in a good mood. He came to sit down by the fire and cut a piece of meat from the roasted golden wild boar leg.

At this time, the Monkey King asked again:"Brother Qinchuan, it has been more than twenty days since we entered the hinterland of the Southern Wilderness, and we still haven't found an indigenous residential area. If this continues, I don't know how long it will take to find Broken Soul Ridge?"

As soon as he said this, Qingtian Qi smiled and said:"Before today, I wouldn't have known how to find the place where the indigenous people lived. However, after today, we may soon find out. Hearing this

, both Lin Yue and the Monkey King looked puzzled.

Qingtian Qi then explained:"Water is the foundation of life." But everyone needs to drink water, especially ordinary people. They cannot survive without water. Many of those indigenous people should be ordinary people. We will go downstream along this creek first, and maybe we can find a place where the indigenous people live."

Hearing this, both Lin Yue and the Monkey King's eyes lit up.

"yes! Qin Chuan, what you said makes sense. Why didn't we think of it?"

Qingtian Qi smiled and said nothing.

At night, the sky was dotted with countless stars.

There was a gentle snoring next to the fire.

Lin Yue and the Monkey King were already asleep.

Qingtian Qi was practicing meditation beside him.

The soul was there. Protecting everyone on the side.

After a while, Qingtian Qi opened his eyes, exhaled, and showed a hint of joy on his face.

It turned out that he had just refined another healing pill, and all the injuries on his body were finally healed.

"The injuries are finally healed! I don't know how Qiuqiu is doing now?"

Since Qingtian Qi confirmed that he should get rid of Xiao Qianchen two days ago, he gave the Tianyu Stone to Qiuqiu.

Unexpectedly, Qiuqiu fell into a deep sleep after eating the Tianyu Stone.

This suddenly made Qingtian Qi Daxi.

Because he knows that every time Qiuqiu falls into a deep sleep, his strength will definitely increase greatly after he wakes up.

"Qiuqiu is now at the top of the sixth level, and it has fallen asleep again this time. When it wakes up, it should break through the bottleneck and enter the sixth level of Dzogchen! I just don't know what level Qiuqiu's strength will reach after entering the sixth level of Dzogchen. This is really exciting!"

Qingtian Qi felt a little happy when he thought that Qiuqiu would be able to advance to the sixth level of perfection soon.

"That's right, I haven't looked at what I found last time on the person named Yue. I've been busy recovering from my injuries these past few days. I wonder if that guy has anything good in him?"

Thinking of this, Qingtian Qi started rummaging around in the God of War Order space..

Chapter 3165

It didn't take long for Qingtian Qi to find two things that he was very interested in.

One of them is the earth element's superior defensive martial skill 'Lion King's Shield'.

Seeing the Lion King Shield, Qing Tianqi's heart moved, and he took out two martial arts jade tablets from the God of War Order space.

They are the fire-type superior defensive martial skill 'Phoenix Shield' and the gold-type superior defensive martial skill 'Tiger King Shield'.

"These three martial arts are very similar and should be able to be integrated together. By the way, I remember that our Qing family also has a similar defensive martial skill called 'Dragon King Shield', but it's a pity that I didn't copy it down before I left the family. I think there should be similar defensive martial arts in the water system."

"These five martial arts are all superior martial arts. If they are all integrated together, one should be able to achieve a super-premium martial skill similar to 'Dragon Breaking the Sky'. My defense is weak now. If I can get such super-grade martial arts, it can just make up for my shortcomings."

Thinking of this, Qingtian Qi's heart moved, and he handed all three martial arts jade tablets to Hun, letting Hun think about the matter of integrating martial arts.

After processing 'Regarding Wang Dun's matter, Qingtian Qi took out another yellow crystal, which was the second treasure obtained from the middle-aged man.

The yellow crystal is only as big as a thumb, but it exudes amazing earth spiritual energy, but it is not earth energy.

Qing Tianqi looked at it for a while and then said in surprise

"Isn't this an earth spiritual crystal? After a warrior reaches the sixth level, most elixirs are of little help to his cultivation, but there is a type of spiritual object that can help a sixth-level warrior improve his cultivation progress. That kind of spiritual object is spiritual crystals. These spiritual crystals contain pure spiritual energy."

"Warriors can directly draw spiritual energy from within, which is several times faster than converting spiritual energy themselves. It's just that these spiritual crystals are very rare and almost extinct. I didn't expect it to happen to this guy. If I absorb all the earth spirit energy in this spiritual crystal, it should increase my earth element cultivation level a lot, right?"

Thinking of this, Qingtian Qi held the earth spiritual crystal in the palm of his hand and began to absorb the spiritual energy in it.

At that moment, Qingtian Qi started practicing like this.

It was not until the next morning that Qingtian Qi took the spiritual crystal. After absorbing the earth spirit inside, his earth element cultivation level has indeed been greatly improved. At this moment, Qingtian Qi's basic combat power has been increased to the strength of seventy-five people.

However, when Qingtian Qi has absorbed the earth spirit, After absorbing the energy in the spirit crystal, the spirit crystal turned into a pile of powder.

Next, Qingtian Qi and his party continued to set off and explored downstream along the creek.

The farther the creek went downstream, the more it became. Big.

Because more and more creeks gathered together, and finally formed a small river.

Six days later, Qingtian Qi and his party followed the small river and entered a basin.

The basin was very large, hundreds of miles in radius.

More To the surprise of Qingtian Qi and others, they saw from a distance that there were crops in the basin.

Seeing such a scene, Qingtian Qi suddenly laughed and said:"Haha!! Lin Yue, Tong Yu, have you seen it? There are crops and farmland in this basin, and this should be where the indigenous people live.

Lin Yue also said happily:"Yes!" I just didn't expect this place to be so big!"

And just as they were talking, there were seven figures rushing towards them not far away.

Those seven people were all holding long guns and wearing burlap clothes, but they were extremely fast. In the blink of an eye, they were He quickly rushed to Qingtian Qi and others and surrounded Qingtian Qi and his party.

Qingtian Qi saw several people suddenly appear and surrounded them, and he immediately looked at the seven people calmly.

Although the seven people were agile and fast, However, none of them have high cultivation levels. The one with the highest cultivation level is the middle-aged man who leads him, and his strength is only at the peak of the fifth level.

And the spears held by these seven people are all ordinary refined iron spears, and none of them are spiritual weapons..While

Qingtian Qi was sizing up these seven people, the seven people were also sizing up Qingtian Qi and the other two. After a moment, the seven people all had surprised looks on their faces..

Chapter 3166

Soon, the middle-aged man at the head was the first to ask:"Are you also foreign adventurers?"

Although the middle-aged man's accent was a little unfamiliar, he spoke the common language of the mainland.

"Yes!"

Hearing Qingtian Qi's personal admission, the middle-aged man couldn't believe it.

"In our Dayan Territory, outsiders come in every year. However, those outsiders who can come to our Dayan Territory have the weakest cultivation level of the fourth level. It seems to me that your cultivation base is not high. This girl's cultivation base is only at the third level. You, a red-haired boy, are not very old and your cultivation level is even lower."

"Tsk tsk!! It's really a miracle that you guys, with your level of cultivation, are able to come here!" Speaking of this, the middle-aged man couldn't help but sigh.

This middle-aged man couldn't see through Qing Tianqi's cultivation level, and he subconsciously I thought Qingtian Qi's cultivation level should be weaker than Lin Yue's.

After all, Qingtian Qi is not very old. It would be good if his cultivation level could reach the second level at such an age.

"Anyway, you two are lucky to be able to get in here. I wonder if you two went deep into the hinterland of the Southern Wilderness for adventure? Or is it because I'm lost?"

"Uncle, I'm here for adventure!"

Hearing this, the middle-aged man shook his head and smiled bitterly:"It's true that newborn calves are not afraid of tigers! Why! How do I say hello to you?"

And while they were talking, several more cheers came from the entrance of the basin.

"Ha ha!! arrive! We finally found it! Take a look! There are people there, we finally found the human settlement."

At the same time as he spoke, three figures came out of the entrance, all with dusty faces and blood stains on their bodies. As soon as those three figures saw Qing Tianqi and others, they rushed over.

"Huh! Another group of outsiders have arrived. In recent years, more and more foreign adventurers have entered the hinterland of the wilderness. It seems that it is really related to the new temple that appeared in Broken Soul Ridge!"

Hearing this, Qingtian Qi's heart trembled, and he secretly thought

"The new temple that appeared in Broken Soul Ridge? How is this going? Isn't it related to the annex of the God of War? But according to the map, the annex of the God of War is deep in the Broken Soul Ridge. It would be unreasonable to say that there is no relationship between them! Is there something else I don't know about?"

While Qing Tianqi was thinking in his mind, the three people in the distance had already rushed over.

Those three people were fourth-level warriors. They were covered in blood, their clothes were in tatters, and they looked very embarrassed.

Apparently the three of them had eaten a lot along the way. Kutou, went through all kinds of hardships to get here.

Compared with Qing Tianqi and others, this is far different.

However, the middle-aged man and others guarding the entrance were not surprised. The foreign adventurers they saw Most of them looked like this when they arrived here.

Therefore, when they saw Qing Tianqi and his party, although they were dusty, they did not look embarrassed, so they were naturally surprised.

"Excuse me, are you locals?"

As soon as the three new adventurers arrived, one of them came forward and asked politely.

After hearing this, the middle-aged man stepped forward, looked at the three of them, and nodded: "Yes! We are locals. It seems that the three of you are also outside adventurers, and this is your first time here."

"Let me introduce it to you. This place is called Dayanling, and it is one of the residential areas for humans. For outside adventurers, our Dayan leader is very welcome. However, before you enter the territory, there are some things I want to make clear to you."

"In this southern wilderness, we humans are in an extremely vulnerable position, so we humans all value unity. I know that you foreign adventurers are not united and often fight among each other. However, when you enter the Dayan Territory, you must prohibit all fighting and fighting. If there is a conflict, the two parties will resolve it outside the territory. All fighting is prohibited within the territory."

"Anyone who violates the rules will be driven out of the territory, or the entire city will be mobilized to kill them. Do you accept this provision? If you can accept it, we will allow you to enter. If it is unacceptable, entry will be prohibited."

As soon as the middle-aged man finished speaking, the adventurers nodded.

"No problem, we can accept this."

Qingtian Qi and others also nodded happily.

"good! Let's do this, I'll send someone to take you into the city!"

Then, the middle-aged man sent a young man to lead Qingtian Qi and his party of five people into the territory..

Chapter 3167

Subsequently, the middle-aged man sent a young man to lead Qingtian Qi and his party of five into the territory.

The territory was seven to eight hundred miles in circumference, which was considered very large. At the speed of a fifth-level warrior, it would take a day or two to cross the territory.

Along the way, Qing Tianqi and Lin Yue naturally became familiar with the three adventurers.....

Maybe everyone is an outsider, so there is a natural affinity between them.

The three adventurers are from the Western Alliance and are relatively young.

Except for one of them who looks to be in his mid-thirties, the other two are in their twenties.....

However, the cultivation level of these three people is not high. The tallest person is a fourth-level Dzogchen person....

From the conversation, Qingtian Qi learned that their original adventure team consisted of more than twenty people, and there were several fifth-level warriors in it.

But in the end, only three of them survived.

Afterwards, Qing Tianqi asked the young man who led the way about the situation of Dayan Leader.

After some conversation, Qingtian Qi finally got a rough understanding of Dayan Ling.....

This Wild Goose Territory has a radius of more than 800 miles, with 103 human villages and one city.

A total of more than 100,000 humans live there.

Among the more than 100,000 people, 10,000 were warriors, and the rest were ordinary people.

Among the ten thousand warriors, five were seventh-level warriors, and more than sixty were sixth-level warriors.

Most of them are warriors below the third level.

And the highest rulers of the Dayan Territory are the five seventh-level powerhouses.

Among the five seventh-level warriors, the strongest one is a seventh-level peak warrior and the lord of the Dayan Territory.

The other four are all territorial elders

"In fact, in this southern wilderness, there are two to three hundred human settlements like our Dayan Territory, and they are all called 'collars'. Among these leaders, our Dayan leader's strength can be considered average."

The young man who led the team was very enthusiastic and answered all the questions raised by Qing Tianqi and others.

"Brother Wang, I have a question. The one with the highest cultivation level among you in the Dayan Territory is the seventh-level peak, but there are many eighth-level ferocious beasts in this southern wilderness. What if an eighth-level ferocious beast attacks?"

Qing Tianqi raised the doubts he had always had in his heart.

The young man who led the team replied: "You don't know something. The Hydra Emperor has regulations that prohibit ferocious beasts above level five from actively attacking human settlements, so as long as you don't leave the territory, you don't have to worry about being attacked by ferocious beasts."

"At the borders of this territory, there are only some ferocious beasts below the fourth level that occasionally harass them. However, with our guards guarding us, we are not afraid of those low-level ferocious beasts breaking in and harming civilians."

Hearing this, an explorer said:"So, this human settlement is a very safe place!

But he didn't want to, the young man shook his head and said:"Otherwise!" Although we don't encounter any major risks on weekdays, we experience a beast tide every ten years. There must be a seventh-order Dzogchen peak ferocious beast among that tide of beasts."

"Every time it attacks, we humans will suffer heavy casualties, and some weak human settlements will even be completely destroyed in one day. In order to reduce casualties, every warrior in our territory is practicing hard, hoping to protect his people on the day of the beast tide."

"Couldn't all this be deliberately arranged by the Snake King? Qing

Tianqi put forward his own idea.

The young man leading the team replied:"Not bad!" All this was deliberately arranged by the Hydra Emperor"

"Then why did the Hydra Emperor do this?"

The young man leading the team sneered:"He did this just to put pressure on humans, stimulate their potential, and cultivate more eighth-level warriors from humans. And as soon as someone breaks through to the eighth level, one of the seven beast kings under the Hydra Emperor will come in person to take that eighth level warrior away."

"Each of the seven beast kings has a ninth-level cultivation level. The eighth-level warriors had no power to resist in front of them. They nominally said to the outside world that they would let those eighth-level human experts sign a servant contract with the Hydra Emperor to help the Hydra Emperor manage the Southern Wasteland."

"In fact, after those eighth-level human experts were taken away, they never appeared again. No one knows what happened to those eighth-level warriors of the Hydra Emperor. Why!"

At the end of the sentence, the young man sighed helplessly....

After Qing Tianqi heard these words, a chill ran through his body. He clearly guessed that this should be a conspiracy..

Chapter 3168

After Qing Tianqi heard these words, a chill ran through his body. He clearly guessed that this should be a conspiracy.

Those eighth-level human beings who were taken away by the seven beast kings definitely did not sign a servant contract, and they were probably in danger.

Thinking of this, Qingtian said in a deep voice:"It seems that the humans who grew up in the Southern Wilderness were actually kept in captivity by the Hydra Emperor. His purpose is to cultivate more eighth-level warriors for his use. As for the Nine-Headed Serpent Emperor, What is the use of the Snake King in capturing those eighth-level experts? It's hard to say."

"However, I think many of you have thought about this level, so why don't you run away? Do you want to continue living in Southern Wasteland?

The young man smiled bitterly and said,"Actually, there are many people who want to escape from the outside world." But to get out of the Southern Wilderness, you need a lot of strength. Even a sixth-level warrior may not be able to get out of the Southern Wilderness safely. Most of the humans in the Southern Wilderness do not have such strength."

"Even with such strength, few people are willing to leave. After all, this southern wilderness is our hometown. We have our relatives and friends, and there are people we need to protect. No one is willing to leave unless it is absolutely necessary. In fact, the vast majority of people cannot advance to the eighth level, and there is no need to worry about being captured by the Hydra Emperor."

"I can understand this, and those warriors who hope to advance to the eighth level, why don't they escape in advance?"

The young man replied:"As long as humans are born in the southern wilderness, every seventh-level warrior is the focus of the Hydra Emperor, and even their family members will be paid attention to. He might be able to escape alone, but their family members would be poisoned, and even the humans in the entire territory would be angered. Therefore, those seventh-level elders usually would not choose to escape."

"Of course, their choice not to escape was more because of their attachment to their hometown. In fact, these regulations are useless to you outsiders. Sometimes, we people in the Southern Wilderness are quite envious of outsiders like you."

"It stands to reason that after such a long time, people from the Southern Wilderness should have escaped, right?"

"A very small number of people walked out. But what's the use? What they exchanged was only personal freedom, but they could not help the entire human race in the Southern Wilderness. If we want to save us southern wilderness people from the fate of being imprisoned, we can only rely on the strongest among humans."

"If a top human being could stand up and talk to the Hydra Emperor, the fate of our Southern Wilderness people might be changed. But in fact, no one is willing to stand up. Those peak powerhouses all acquiesced to the Hydra Emperor's behavior. Perhaps in the eyes of those peak powerhouses, the lives of millions of us Southern Wilderpeople are nothing more than ants, not worthy of their intervention."

After hearing these words, Qing Tianqi was inexplicably touched in his heart. A sentence suddenly flashed in his mind: The world is unkind and treats all things as daggers. The saint is unkind and treats the common people as daggers.

"Could it be that in the eyes of those peak experts, the lives of these ordinary humans are really like ants?"

Qingtian Qi sighed helplessly in his heart.

"Okay, let's not talk about this anymore. Everyone, you are new here and you are not familiar with some aspects. In fact, outsiders come in here every year, and we Southern Wilderness people are very happy to trade with outsiders."

"Especially the spiritual weapons brought by outsiders are hot commodities here! As for the magic pill, no one needs it. Because in our southern wilderness, there are many spiritual fruits that can replace spiritual elixirs, but there is a shortage of weapon refiners, so spiritual weapons are in high demand. If you have extra spiritual weapons to trade, you will definitely gain a lot in the city."

After his reminder, Qingtian Qi's heart moved, and he said secretly: "As for spiritual weapons, I already have more than thirty in my hands. I just don't know what can be traded in the city?"

In this way, under the leadership of the young man, everyone marched towards the center of the basin. They also passed through several villages.

After walking for about half a day, it was not until the afternoon of that day that everyone arrived at a city, which was the main city of Dayan Territory. ——Dayan City...

Chapter 3169

This Dayan City is said to be the main city, but its area is not as large as a small city in the outside world.

The layout of the city is also relatively simple.

However, there were a lot of pedestrians on the streets, and warriors carrying weapons could be seen everywhere, which was a somewhat prosperous scene.

Only through the young man's introduction did Qingtian Qi find out.

In addition to people coming from various villages to go to the market, the people in this city also come from other territories, and there are also many foreign adventurers like Qingtian Qi.

In this half month alone, more than 70 people have arrived.

Dayan City, Lord's Mansion, an office somewhere.

An old man stroked his snow-white beard, sat behind a simple table, and looked at Qingtian Qi and the other five people.

After a while, the old man smiled and said: "Outside adventurers, Dayan Leader welcomes you. According to the rules of our Dayan Leader, outsiders must first obtain a pass in the city before they can move freely in the city. However, receiving a piece of The pass order requires a payment of one hundred gold coins."

"There are five pass orders here, with rune imprints on them, valid for one month. After one month, if you still want to stay at Dayanling, you have to register and pay fees here again."

At that moment, the five people also paid gold coins one after another.

One hundred gold coins was not too much for them.

The old man also took out five copper-colored wooden tokens and distributed them to the five people.

After issuing the passage order, the old man The old man looked at Qingtian Qi with great interest and said: "Little guy, after I have lived for so many years, you are the youngest adventurer I have ever seen. You look like you are only sixteen or seventeen years old, right? It just makes people wonder, why can't I see through your cultivation?"

Just when the old man said this, four more people walked in outside the hall. Among the four people, the first one was dressed as a territorial guard.

There were three people following the guard, two of them looked like young people, and the other one was He looked like a wizened old man.

The leading guard was extremely respectful to the two people behind him. As he walked, he said respectfully: "You three, please come this way!" Get the pass here"

"quack!! I know!"

The old man behind the guard gave a weird laugh and stepped forward first.

His weird laugh immediately attracted the attention of everyone in the hall.

Hearing this weird laugh, Qing Tianqi vaguely felt that it sounded familiar, and quickly looked back. He happened to see that withered old face. As soon as he saw that withered old face, he was immediately frightened out of his wits.

Because the old man was none other than Xiao Qianchen.

At this time, Xiao Qianchen also saw Qing Tianqi , suddenly overjoyed:"Quack!! Little bastard, it turns out that you are here, making it difficult for me to find you. Where do I see you running this time? You little bastard, go to hell!"

At the same time as he finished speaking, Xiao Qianchen's figure flashed, turned into an afterimage, and rushed toward the blue sky.

"Uh-huh!"

The light and shadow flashed, and the people in the hall felt their eyes blurred. Before they could see clearly what was going on, Xiao Qianchen was already close to Qingtian Qi. His five fingers turned into claws and he clawed at Qingtian Qi's head.

Qingtian Qi did the same. His eyes flashed, and before he could react, he saw a withered claw clawing at his Tianling Cap.

"not good!"

He was horrified and wanted to dodge, but found that his Qi was instantly locked by Xiao Qianchen, and his body was unable to move.

In less than a blink of an eye, Xiao Qianchen's eagle claws were close to Qingtian Qi's head, The strength of the five fingers has been close to Qingtian Qi's scalp.

Qingtian Qi's eyes showed extreme fear.

After all, he is only a sixth-level warrior, and he can only be killed in front of a seventh-level warrior.

Seeing that Qingtian Qi is about to be killed by Xiao Qianchen, When Chen scratched his brain with a claw and died, a roar suddenly came from the hall:"Your Excellency! Stop!"..

Chapter 3170

At the same time, a strong wind attacked Xiao Qianchen.

Xiao Qianchen's expression changed drastically, and he quickly gave up attacking Qingtian Qi and faced the attack from the attacker.

The palms of his hands met, and there was an explosion. Xiao Qianchen grunted and took a few steps back before he stood upright.

Afterwards, Xiao Qianchen looked at the person who blocked him with a ferocious look, and said in a hateful voice: "What do you mean, sir? Why did you stop me from killing that little bastard?"

The person who blocked Xiao Qianchen was none other than the one who helped Qingtian Qi earlier. The old man who registered.

At this moment, the old man looked at Xiao Qianchen with a gloomy face and said

"I, Yan Yong, is the lord of Dayan City. Our Dayan Territory has regulations that do not allow killing each other within the territory. When you first came to our Dayan Leader, you didn't abide by the rules and even killed people in front of the city lord. Do you really think that our Dayan Leader has no one and let you become arrogant?"

After saying this, Yan Yong quickly released his aura, which instantly reached a terrifying level.

As soon as he felt Yan Yong's aura, Xiao Qianchen's expression changed slightly, and then he restrained his previous arrogance and was surprised. vocal tract

"It turns out that you are a seventh-level peak warrior, but Xiao is disrespectful. However, do you really want to embarrass Xiao because of this little bastard?"

Yan Yong said coldly: "You are the one who embarrassed this city lord first. This rule is set by this city lord. You actually kill others in front of my city lord. This is obviously not giving me the face of this city lord."

"Besides, you are considered a senior, but you want to deal with a sixteen or seventeen-year-old boy. This seems unreasonable, right? Even if you want to kill, you still have to kill those fifth-level and sixth-level warriors, but you can't get along with a little baby. This city lord cannot stand this point."

Hearing this, Xiao Qianchen sneered.

"City Lord Yan, I don't know how old you are this year? He seems to be younger than the old man, but he is already old and confused. Do you think this little red-haired bastard is just an ordinary boy? This little bastard is a sixth-level peak warrior."

"What? Is he a sixth-level peak warrior?"

At this moment, everyone in the field looked at Qingtian Qi in horror.

They never expected that Qingtian Qi looked only sixteen or seventeen years old, but in fact he was already a sixth-level peak warrior.

Even Yan Yong's eyes showed There was a look of horror, but more of a suspicion, as if he didn't really believe it, and he didn't dare to believe it.

"how? City Lord Yan, you don't seem to believe it? Do you think Xiao is telling lies?"

Xiao Qianchen sneered again:"Actually, this little bastard is not only a sixth-level peak warrior, but also a Taoist."

"What? Is he still a successful person?"

As soon as these words came out, there was another exclamation in the hall.

All sixth-level Taoists are quasi-seventh-level beings.

In fact, even seventh-level warriors, most people have only understood one thing. It's just the Tao.

The Tao is extremely difficult to understand.

At this time, Xiao Qianchen said again:"City Master Yan, Xiao didn't want to kill this little bastard for no reason. It was this little bastard who ruined my good deeds and deceived me afterwards. I just

want to kill him. If City Master Yan could be reasonable and not interfere in the matter. Xiao is grateful!"

"impossible!"

Yan Yong, who had been silent before, spoke again.

"No matter what grievances there are between you, this city lord, in my territory of Dayan Territory, you must act according to the rules and prohibit all fighting. If you have a grudge, you can settle it outside the territory. As long as you are outside the territory, everything has nothing to do with this city lord. Xiao

Qianchen's expression changed slightly:"It seems that City Lord Yan has to take care of this matter?"

That Yan Yong did his duty and said coldly:"Not only do I have to take care of it, but there are some things that I, the city lord, also want to make clear. Your Excellency just killed someone for no reason, which is against the rules of this city. According to regulations, you are not welcome in this territory, so we can only expel you."..
