

## God level 3171

### Chapter 3171

Upon hearing this, Xiao Qianchen's eyes flashed with anger, as if he was about to explode.

At this moment, a young man who looked to be nearly thirty years old and had a beard on his lips came forward to persuade him.

"Senior Xiao, since City Lord Yan does not welcome us, then we should go to other territories!"

At this time, another young man with a gentle appearance, about 27 or 28 years old, also stepped forward to persuade him.

"yes! Senior Xiao, we came here to search for treasures in the temple at Broken Soul Ridge. Don't delay our business for something. Since we are not allowed to stay here, let's go somewhere else!"

After hearing the persuasion of these two young people, Xiao Qianchen actually put away his anger and laughed.....

"Ha ha! What the two brothers said is right. I came to Southern Wasteland this time for Broken Soul Ridge, so I can put some things aside for the time being. City Lord Yan, since you don't want to keep Xiao, then Xiao will leave. And you red-haired boy, you'd better stay here in Dayanling for the rest of your life, otherwise...hehe!!"

Xiao Qianchen sneered and said nothing.

At this time, the young man with a beard stepped forward, glanced at Qing Tianqi with disdain, and said coldly

"Boy, today the three of us and I left here because of you. After you get out, you have to be careful not to let the three of us run into each other. You just got a peak sixth-level warrior, and although Gu is not a seventh-level warrior, he can still kill you instantly."

As soon as he finished speaking, the young warrior in his mid-twenties shouted: "Brother Gu Yue, let's go! Why are you talking to this guy?"

Hearing this, Gu Yue glanced at Qing Tianqi with disdain, turned around, and left the hall with Xiao Qianchen.

In the distance, you could still hear the three people talking.....

"Brother Gu, Brother Liu. This time it was me who made you two leave with me."

"Ha ha!! What did Senior Xiao say? You and I are all from the West Wind Kingdom, so we naturally have to work together in this Southern Wilderness. As for the red-haired boy who dared to offend my senior, I will naturally kill him if we meet in the future."

"In fact, if my prediction is correct, that boy will probably be able to go to Soul-Desolating Ridge this time when he comes to Southern Wasteland. snort! As long as he dares to go, we will let him go in with his life but not come out with his life. Ha ha!!"

Hearing the unscrupulous conversation of the three people, Qingtian Qi's face gradually became extremely ugly.

But at this moment, there was a burst of exclamation from Qingtian Qi's side.

"Oh my God! Was that person just now Gu Yue?"

"right! Otherwise, it would be impossible to say such big words. So, the young man named Liu should be Liu Xian"

"It should be them, and only these two people can make seventh-level warriors be polite to them."

The speakers were none other than the three adventurers who came to register with Qingtian Qi.

I heard the inexplicable conversation of these three adventurers.....

Qingtian Qi immediately asked: "You three, do you know those two young men just now?"

"know! Brother Qinchuan, it seems that you have offended many people who should not be offended! Let's not talk about the seventh-level Senior Xiao, who is not something you can deal with. Even those two young warriors just now are not something you can handle.!"

"Who are these two?"

"The older one is called Gu Yue, and the younger one is called Liu Xian. These two people are both from the West Wind Kingdom, that is, from our Western Alliance. The two of them are very famous in our Western Conference and are known as the "Two Pride of the Western Conference". For seventh-level warriors and below, the strength of these two people can rank among the top three in our Western Alliance."

"yes! That Liu Xian was a warrior of the dual elements of fire and earth. His cultivation had reached the peak of the sixth level of Dzogchen. It was said that he had comprehended the two paths of 'the endlessness of fire' and 'the immobility of earth'. The basic combat strength actually reached 1.5 million people. Ordinary sixth level Dzogchen pinnacle warriors can only be killed instantly in front of him."

"That Gu Yue is even more powerful! Gu Yue is a warrior of the metal system, but he has comprehended the second path of the metal system, and his basic combat power has reached the strength of 1.5 million people. Hearing this

, Qing Tianqi said in horror: "It is extremely difficult to comprehend two paths from the same system. Most seventh-level warriors cannot do it." It seems that Gu Yue's potential is even better than Liu Xian's"

"yes! If you realize two ways in one line, you are equivalent to a quasi-eighth level strong man."

Yan Yong couldn't help but sigh..

Chapter 3172

Generally speaking, if you realize one thing from the same system, you will meet the basic requirements for advancing to the seventh level. Once you understand the second path, you will meet the basic requirements for advancing to the eighth level.

At this time, Yan Yong said to Qingtian Qi again: "Little guy, it seems that your future will be difficult!"

"yes! Qinchuan brothers, Na Gu Yue and Liu Xian are not only powerful, they have always joined forces to fight against the enemy. After you go out, be very careful and don't encounter them again."

After hearing this, Qingtian's heart sank.

Now Qiuqiu is still sleeping and unable to participate in the battle.

With his current strength, he may not be his opponent regardless of Gu Yue or Liu Xian, let alone the two of them joining forces. Got it

"I must go to Broken Soul Ridge, but Xiao Qianchen and the other three will also go. It seems that my trip to Duanhun Ridge this time is extremely dangerous! Why! I don't know when Qiuqiu will wake up? I wonder if it can advance to the sixth level of Dzogchen this time?"

Just as Qing Tianqi was thinking in his heart, Yan Yong said again: "Okay, the three of them have left, and you can leave too."

"City Lord, thank you for the rescue just now."

Qing Tianqi sincerely expressed his gratitude to Yan Yong.

Yan Yong smiled and said: "Little guy, just now the man named Xiao said that you have reached the peak of the sixth level. Are his words true?"

"Yes, senior!"

Qingtian Qi did not deny it.

Yan Yong immediately took a deep breath and exclaimed

"Tsk tsk!! I really can't tell! At such a young age, your cultivation has reached this level. I have lived for hundreds of years, and this is the only time I have seen it in my life! No wonder you were able to travel through the jungle and come to our Dayan Territory. You do have such strength. Little guy, I wonder what your name is?"

"Report to senior, this boy's name is Qin Chuan"

"Um! Yan Yong nodded slightly,"Qin Chuan, you probably came here for the new temple ruins in Duanhun Ridge, right?"

After hearing this, Qingtian Qi's heart moved, and he immediately replied:"Senior, I really don't know what new temple ruins have appeared in Duanhun Ridge. However, the boy does intend to go to Broken Soul Ridge for some adventure. I would like to ask senior, what is going on with the new temple ruins that appeared in Duanhun Ridge?"

"You don't know? Yan Yong was a little surprised,"Actually, this is no longer a secret." Since you don't know, it doesn't matter if I tell you! I wonder how much you know about Broken Soul Ridge? Qing

Tianqi pondered for a while and said:"This junior has only heard that Duanhun Ridge is one of the ten most dangerous places in Tianfeng Continent. As for the others, I am not sure about them.""

"Is that all you know?"

Qingtianqi nodded silently

"Why! It is said that newborn calves are not afraid of tigers. Little guy, you are really brave! Yan Yong shook his head repeatedly and sighed:"

Little guy, you underestimate Duanhun Ridge too much." Broken Soul Ridge is known as one of the ten most dangerous places, and it is also ranked high among the ten most dangerous places. In the past, even eighth-level warriors would not dare to explore at will, let alone other people."

"Therefore, Duanhun Ridge has always been a deserted place, and few people go to explore it. The natural materials and spiritual treasures inside have not been touched much. It can be said that there are treasures everywhere."

Hearing this, Qingtian was shocked and said:"Then why is Duanhun Ridge so dangerous?"

"You don't know this. The Broken Soul Ridge is a very vast mountain ridge. It is shrouded in a kind of purple ghost mist all year round. The ghost mist is called the"soul-eating mist".'"

"This soul-eating mist is so terrifying that even if a seventh-level warrior sticks to it, it will instantly turn into a stream of blood, and even the soul will be melted away. Therefore, the mountain is called Soul-Breaking Ridge."

Hearing this, Qingtian Qi said in shock:"The soul-eating mist is so terrifying that even seventh-level warriors have no power to resist in front of it. So why do so many people go to Duanhun Ridge now? And there seem to be many warriors here who are below the seventh level. Aren't they afraid of the soul-eating fog?"..

Chapter 3173

Yan Yong smiled and said:"This has something to do with the new temple that appeared. This incident probably happened one day three years ago. A huge roar suddenly came from the depths of Broken Soul Ridge, followed by a mysterious tower that was ten thousand feet high. The palace rose from the ground. Ever since the mysterious palace appeared, the soul-eating fog shrouding the entire Soul-Desolating Ridge has mysteriously disappeared."

"Without the soul-eating fog, warriors below the seventh level can naturally go in to hunt for treasures. However, the mysterious palace only appeared for three months. After three months, the mysterious palace will sink into the ground again, and then the soul-eating fog will appear again.".....

"As soon as this secret came out, many warriors below the seventh level came one after another, just wanting to take advantage of those three months to explore the treasure in Broken Soul Ridge. Of course, the place with the most treasures is still the mysterious palace."....

"After the mysterious palace appears, the door will automatically open in a month, and many people will definitely enter by then. On the third floor of the palace, there will be a kind of heaven and earth spiritual fruit called 'Tao Fruit'""

"That 'Dao Fruit' is a treasure that can make even eighth-level warriors go crazy for it. In fact, many people who enter the temple to search for treasures go there for the 'Tao Fruit'. Hearing this

, Qingtian hurriedly asked: "Senior, what kind of spiritual fruit is that Dao Fruit?" Yan

Yong put his hands behind his hands and looked at the sky, sighing: "It is said that there is a sacred tree between heaven and earth, called the 'World Tree'." It blooms for ten thousand years and bears fruit for ten thousand years. The spiritual fruit produced on it is called the "Tao Fruit". The spiritual fruits produced by the World Tree are of five colors, representing the five elements of metal, wood, water, fire, and earth."

"Each 'Tao Fruit' contains a 'Tao Realm'. If a warrior eats it, within ten years, he will be able to understand the Tao contained in it and obtain the Tao.'"

"After ten years of enlightenment, the 'Tao Fruit' is really something that defies heaven!"....

"yes! Some 'Taos' are easy to understand, such as the endless fire, but some 'Taos' are extremely difficult to understand. Like 'Rebirth of Fire', some people still can't understand it even after spending thousands of years. If there is the help of "Tao Fruit", it will only take ten years to realize the Tao, which can only be said to be contrary to heaven. Qingtian Qi also nodded and sighed:"

I never expected that there are such magical creatures in this world!"

Yan Yong smiled and said: "That Dao Fruit is the fruit produced on the World Tree, so it is naturally magical." Because the World Tree is a sacred tree and only gods can control it, everyone thinks that the mysterious temple should be the relic of a certain god. Only in the relics of gods can spiritual objects like 'Tao Fruit' appear."

"Senior, so to speak, the 'World Tree' will appear on the third floor of the temple?"

Yan Yong shook his head slightly: "There is no World Tree in the third level." Every year in the third level, only three 'Tao Fruits' will randomly appear. As for what kind of 'Tao realm' is contained in those three Tao fruits, I don't know. Only those who have refined the 'Tao Fruit' know it. Qing

Tianqi sighed: "Even if there are only three Dao Fruits, it is enough for many eighth-level warriors to get them at any cost." Fortunately, eighth-level warriors are not allowed to come in this southern wilderness. Otherwise, there will definitely be eighth-level warriors coming to investigate. But without thinking, Yan Yong shook his head and said, "You don't know something. The entrance to

the temple only allows warriors below the seventh level to enter." Even the seventh level peak warrior cannot enter. There is no need to think about eighth-level warriors."

Hearing this, Qingtian Qi's heart skipped a beat. He suddenly thought of something and said to himself:"Only warriors below the seventh level can enter the entrance. Could it be that?...."

Thinking of this, he quickly asked:"Senior, I wonder when the temple will appear again?"

"One month later!"...

Hearing this, Qing Tianqi's eyes suddenly lit up, and he smiled inwardly:"Sure enough, it will be a month later. It seems that my guess is right..."

Chapter 3174

Thinking of this, Qingtian Qi said again:"Senior, that 'Dao Fruit' is so magical, even if warriors above the seventh-level peak cannot enter, there will definitely be many seventh-level warriors going in to explore it, right?"

"Ha ha!! There are definitely seventh-level warriors, but not as many as you think. At least the seventh-level warriors from our major territories in the Southern Wilderness will not go. The only ones who will go in are you seventh-level warriors from the outside world."

"Of course, our Southern Wilderness will send many sixth-order Dzogchen peak warriors there. If they can obtain the Tao Fruit, it will allow us to add a seventh-order strongman to Southern Wilderness in the future."

Qingtian Qi nodded slightly, he somewhat understood Nanhuang. The thoughts of the people in the wilderness.

For these seventh-level powerhouses in the Southern Wilderness, they don't really want to advance to the eighth level.

If they advance to the eighth level, they will be captured by the Hydra Emperor, and the consequences will be uncertain.

After getting that Dao Fruit, in a certain respect, is equivalent to getting a life-saving talisman.

At this time, Yan Yong said again: "Actually, there is another reason why we seventh-level warriors don't go. We just don't want to be used by others!

Hearing this, Qing Tianqi was surprised and said: "Senior! How do you say this?"

Yan Yong smiled coldly: "You should know that Duanhun Ridge is extremely dangerous and dangerous, and has always been rarely visited. When the temple suddenly appeared, it was nothing. People discovered it. In fact, the first ones to discover the temple in Broken Soul Ridge were not us humans, but the seven beast kings under the Hydra Emperor."

"Now the Hydra Emperor has been in seclusion, and the Southern Wilderness is under the management of the seven beast kings. After the seven beast kings discovered the secret of the temple, they also wanted to go in and explore. But it turns out that the temple can only be entered by people below the seventh level, and they can't enter."

"Although there are many seventh-level ferocious beasts in this southern wilderness. But the seventh-level ferocious beast is not smart enough, and even if it enters the temple, it can't find any results. In order to find out what secrets are hidden in the temple, the seven beast kings set their sights on us humans."

"The seven beast kings deliberately spread the secrets of the temple to attract humans to enter. After those survivors come out of the temple, they will capture those survivors and search for their souls to learn the secrets of the temple."

"Although you won't die after being soul-searched by them, the hidden dangers after soul-searching are very great, which will greatly reduce people's understanding."

After hearing these words, Qing Tianqi said in shock: "There is such a thing!" It seems that the seven beast kings deliberately spread the matter about the temple to the outside world."

"Yes! In fact, no one has been able to enter the fourth floor of the temple so far. I don't know what is behind the fourth floor of the temple?"

"Senior, why can no one enter the fourth floor?"

"Because no one can open the door to the fourth floor, no one can enter so far. Maybe the people who go in are not strong enough, and none of us seventh-level warriors in the Southern Wilderness are willing to go in. The seven beast kings really wanted to know what was behind the fourth level, so they deliberately spread the secret to the outside world to attract the seventh-level experts from the outside world."

"In the past two years, more and more seventh-level experts from the outside world have entered Broken Soul Ridge to explore. Little guy, I think you should not even think about going to the third floor to grab the 'Tao Fruit'. Because you absolutely can't enter the third floor."

"Senior, why? Is it true that in the past, sixth-level warriors could not enter, and only seventh-level warriors could break in?"

Yan Yong shook his head and said:"That's not true!" I heard that two sixth-level warriors entered the third level last year. But this year it's not possible. Because there is a rule in the temple. Only ten people can enter the third floor each year. Whoever gets there first will get in first."

"Those who arrive late will never be able to enter and will have to come back next year. Do you think you can be stronger than a seventh-level warrior with your strength? Can you get ahead of the seventh-level warrior and reach the entrance to the third floor? Hearing this

, Qing Tianqi shook his head slightly.

Yan Yong smiled and said,"That's it!" Nowadays, the number of seventh-level powerhouses exploring the Broken Soul Ridge Temple will increase year by year, and this year there will definitely be more than ten people. It's hard to get into the top ten! However, if you just want to explore the Broken Soul Ridge, that's not a bad idea."

"If you make good use of those three months, you may gain a lot. If you really plan to go, in twenty days, many of us from Dayan Leader will go to Broken Soul Ridge. At that time, you outside adventurers should go with them! This way you won't get lost.

Hearing this, Qingtian was delighted and said,"Thank you, senior, for reminding me!"

Afterwards, Qingtian Qi and others said goodbye to Yan Yong...

Exited the city lord's mansion.

Qingtian and Qi were separated from the three people from the Western Alliance.

Not long after, the two found an inn on the street to stay.

In the room, Qingtian Qi closed the door, sat on a chair, and looked at his palms silently.

Then, with a thought, a dark token emerged from his palm, floating in it, emitting a faint red light.

This token is the God of War Token, and it is also the key to the annex of the God of War.

The mysterious palace in Duanhun Ridge appeared at the same time that War God Ling Shixue and I recognized our master.

Could it be that my bloody confession triggered certain factors that caused the God of War to emerge? Judging from the ground, the annexed hall is also deep in the Broken Soul Ridge. It seems that the mysterious palace is the annexed hall of the Temple of War.

If I want to get part of the inheritance of the God of War, I must enter it.

As for why only warriors below the seventh level can enter, it may be because of the connection between the God of War Order and the attached hall.

Although my cultivation is only at the sixth level, my soul power has reached the seventh level. The soul aura conveyed to the attached palace by the God of War Order should be at the seventh level, so only warriors below the seventh level are allowed to pass through the entrance of the palace. Of course, this is just my guess, maybe there are other reasons.

In addition, according to the map, the first three floors are the outer hall.

Behind the fourth floor is the inner hall. The inner hall is the real annex to the Temple of War.

However, only the holders of the God of War Order can open the door to the fourth floor. Those who want to open the door to the fourth floor can only dream.

Anyway, one thing is for sure.

That is to rely on my own strength to enter the third level. This is the entry test arranged by the God of War for me.

If I can't even enter the third floor, then I'm not qualified to enter the inner temple.

It seems that even if Ling'er is released, she should have this restraint and will not help me. Otherwise, this entry-level test will be meaningless.

Besides, I can't let Ling'er come out so early. Otherwise, how will I face the seven beast kings guarding outside after Ling'er returns?

I don't want to be soul-searched by them. If they knew my secret, they would kill me on the spot.

I just didn't know that there would be several beast kings waiting outside the temple.

It shouldn't be all of them, right? To deal with some humans below level seven, they don't need to use such a large formation.

Why! No matter what, even if I get part of the inheritance, I still have to face a big battle!"

Thinking of this, Qingtian Qi couldn't help but feel a little anxious.

Of course, Qingtian Qi would not give up entering the annex of the God of War Temple because of this matter.

The secret of the annex of the Temple of War has been spread for nearly three years, and more and more people will know about it in the future. The more.

Qingtian Qi must obtain the inheritance as soon as possible. If it attracts another inheritor of the God of War, it will be very bad.

It is extremely difficult to compete with many seventh-level powerhouses for the ten places to enter the third level. It seems that the entry test arranged by the God of War for me is not easy!

Is it really because I am a soul mutant with too strong soul power?

In fact, it is useless to think so much. I still try my best to find a way to enter the third place in the outer hall. Level! If you want to enter the third level, you can only improve your strength as much as possible.

Thinking of this, Qingtian Qi smiled bitterly, put away the God of War Order, turned around and went out.

He wanted to go around the city and get familiar with Dayan City first. By the way Searching for some useful treasures from the indigenous people, he had more than 30 spiritual weapons in his hands, as well as several top-quality spiritual weapons that were useless. Unfortunately

, his flame armor fell into Xiao Qianchen's possession. in hand...

Chapter 3176

After leaving the inn, Qingtian Qi wandered around the streets of Dayan City.

He found that the shops on both sides of the street sold relatively monotonous and basic items.

For example, the clothes sold in clothing stores are only some rough linen clothes, which are very different from the silk and satin clothes outside.

"It seems that this southern wilderness is still relatively backward! I heard that there are no weapon refiners here, and spiritual weapons are very popular here. I just don't know if there is any auction house or something like that here."

Actually, even in external auctions, it is difficult to find things useful to sixth-level warriors.

The higher the level of warriors, the more impossible it is to obtain useful things from ordinary auctions..

However, after Qingtian Qi walked around Dayan City, although he did not find an auction house, he found a warrior market.

In that market, there were hundreds of people coming and going, and it was very prosperous.

That should be the most prosperous place in the entire Dayan Territory.

The rules of this market are very simple. After paying the entrance fee, you can choose a place at will and set up a stall to sell what you want to sell.

You can also go to other people's stalls. Go to Taobao.

However, there are very few transactions with gold coins in this market, and most of them are barter for things.

After all, for warriors, gold coins are not of great significance.

After Qingtianqi paid the admission fee, he went there excitedly Taobao was on sale at various street stalls.

After walking around for a while, Qingtian Qi discovered that most of the items auctioned at these stalls were ferocious beast inner elixirs, spiritual fruits, spiritual herbs, and various materials. However, he was soon pleasantly surprised. I found something very interesting, it was an earth spiritual crystal the size of a thumb.

"Huh! There are actually earth spiritual crystals here."

Qing Tianqi hurriedly walked to the stall, his eyes flashing with joy.

Not long ago, he refined a piece of earth spiritual crystal of about the same size, which greatly increased his earth energy and improved his overall combat effectiveness a lot.

This Let Qingtian Qi understand that these spiritual crystals are good things that can help him improve his strength.

In fact, these fifth-line spiritual crystals contain a large amount of pure spiritual energy, which are of great help to fifth-level to seventh-level warriors, but they are not suitable for eighth-level warriors. It has no effect on warriors above the fifth level. It has no effect on warriors below the fifth level, because warriors below the fifth level cannot absorb spiritual energy.

But even so, these spiritual crystals are very precious and very rare in the outside world.

At this moment, the blue sky comes. Go to that stall and squat down, pick up the earth spiritual crystal and look at it.

"good! This is indeed an earth spiritual crystal."

Qingtian Qi confirmed again in his heart

"Brother, are you interested in this spiritual crystal?"

The person who spoke was the owner of the stall, a young woman in her twenties.

The woman was very beautiful. Although she was wearing coarse linen clothes, it was difficult to hide her hot and convex figure.

At this moment, the woman was opening a pair of watery lips. With big eyes and plump breasts, he looked at Qingtian Qi with great interest.

Qingtian Qi was looking at the spirit crystal. Hearing the woman's question, he quickly raised his head, but his face suddenly turned red. It turned out that he When he first raised his head, he found that his nose seemed to be very close to the woman's chest. If he moved closer, he might touch her.

At that moment, Qingtian Qi shrank his head in embarrassment.

Now Qingtian Qi also He was no longer a young boy, and he seemed to understand some things.

The woman giggled.

This made Qingtian Qi even more embarrassed.

"whee! Little brother, why are you blushing?"

Looking at the handsome young man in front of her, the woman seemed to find it very interesting.

Qingtian Qi naturally would not tell the reason, and quickly said: "Sister, do you want to sell this spiritual crystal?"

"This spiritual crystal is not for sale, it is only used to exchange items. Brother, if you want it, you have to exchange it for something of equal value."

"I don't know what my sister needs?"

"Well, anything like spiritual fruit pills, martial arts, etc. will do. Of course, it would be better if you have spiritual weapons to exchange. If you have a spiritual weapon, I still have one here. I will exchange two spiritual crystals for you for a spiritual weapon. However, it would be best to use a fire-based spiritual weapon, because my sister is a fire-based warrior."

Hearing this, Qing Tianqi's eyes immediately showed a look of surprise.

If it were outside, one spiritual crystal could be exchanged for two or three spiritual weapons.

Unexpectedly, one spiritual weapon could be exchanged for two spiritual crystals here.

"It looks like I made a lot of money this time!"..

Chapter 3177

However, Qingtian Qi did not immediately come forward to exchange, but asked: "Sister, this spiritual crystal is a very rare thing, where did you find it?"

The woman covered her mouth and smiled and said: "This is what I broke last year. Treasures harvested from Soul Ridge. These spiritual crystals are very rare, but there are quite a few in Broken Soul Ridge. People harvest them there every year. My sister heard that many outsiders have come these days, so she took out these Ling Jing came out to try his luck"

"Brother, judging from your accent, you shouldn't be from our Dayan leader, right?"

"My sister guessed correctly, I am from the outside world. I just want to have one of the spiritual weapons that my sister wants. I will exchange these two spiritual crystals with my sister!"

At that moment, Qingtian Qi took out a fire-type spiritual sword.

As soon as the woman saw the fire-type spiritual weapon, her eyes suddenly lit up and she said in surprise: "Hey! What a magical weapon!"

At the same time, people around the woman also came over in surprise, and everyone looked at the woman with envy.

And the woman couldn't wait to complete the transaction with Qingtian. As soon as the two of them finished the transaction, some people sighed. road

"Red-haired boy, you are at a disadvantage this time! At the current price in the market, one spiritual weapon can be exchanged for three spiritual crystals. You just exchanged two. What a big loss."

Hearing this, Qingtian Qi didn't take it seriously.

He was very satisfied that he could exchange one spiritual weapon for two spiritual crystals.

But at this moment, another middle-aged man with a beard walked directly to Qingtian Qi next to me and asked

"This friend from the outside world, I wonder if you still have any spiritual weapons with you? If you still have a water-based spiritual weapon. I have three spiritual crystals here, and I am willing to exchange them with you. Hearing this

, Qing Tianqi was overjoyed and said immediately: "Uncle, don't say anything." I happen to have a water spirit sword on me. Of course you can exchange it if you want."

At that moment, Qingtian Qi took out a water-based spirit sword.

The man was very satisfied after just a glance, and then he happily made a deal with Qingtian Qi.

After the two of them finished the transaction, someone else came to find Qingtian Qi after hearing the news..

It wasn't until half an hour later that Qingtian Qi came out of Wu Zhifang City.

This time, he gained a huge harvest.

Qing Tian Qi exchanged a total of three spiritual weapons and got eight spiritual crystals, all from five systems.

However, among them, Three of them are fire element spiritual crystals and one gold element spiritual crystal.

Now, Qingtian Qi's fire element cultivation is stuck at the bottleneck of the sixth level peak, and the gold element spiritual crystal is stuck at the bottleneck of the fifth level great perfection peak. The fire element and The gold spiritual crystals are not needed for the time being.

In fact, there are still many people in Nafang City who came to Qingtian Qi to exchange spiritual weapons. However, Qingtian Qi did not want to attract too much attention, so he excused himself and left in a hurry. Fangshi, which made those warriors who did not exchange spiritual weapons feel very sorry.

After leaving Fangshi, Qingtian Qi first went to an uninhabited place to release the soul, and let the soul go to Fangshi to find some spiritual crystals.

He himself first Returning to the inn happily, he took the time to absorb the spiritual energy of the spirit crystal, hoping to improve his strength before entering the Broken Soul Ridge.

In the next few days, Qingtian Qi has been retreating in the inn room, absorbing the spiritual energy from the spirit crystal. energy.

And the soul would go to Fangshi every day to help Qingtian Qi collect spiritual crystals.

In the blink of an eye, twenty days passed.

Qingtian Qi actually exchanged more than thirty spiritual crystals.

It can be said that the entire Dayan leader warriors Almost all the spiritual crystals in his hands were drained by Qingtian Qi.

As a result, Qingtian Qi also exchanged more than ten spiritual weapons..

Chapter 3178

But it was said that this day was the day when the warriors from the Dayan leader formed a team to explore the Broken Soul Ridge.

At this moment, fifty or sixty people gathered in the city square.

A small number of them are from the Dayan Leader, and most of them are outside adventurers.

Among those who went to Broken Soul Ridge to hunt for treasures, those with the weakest cultivation levels were also at the fifth level.

Qingtian Qi is naturally among them.

In order to reduce unnecessary drag, after some discussion, Qingtian Qi asked Lin Yue to stay in the Dayan Territory, and only he and the Monkey King went to Duanhun Ridge.

After all, Lin Yue was too weak and the Broken Soul Ridge was very dangerous, so it was better to stay in Dayan Territory.

In the square, the monkey king turned into a confused little monkey, squatting on Qingtian Qi's shoulder, pretending to be his pet.

Qingtian Qi also used face-changing and transformation techniques to transform into the appearance of 'Xuanyuan Zhantian'.

After all, when he goes to Broken Soul Ridge this time, he may encounter Xiao Qianchen and the others.

In order to avoid being targeted by these three people, he could only change his appearance.

In the past few days, he has refined the Invalid Crystal, and his strength has improved a lot!"

Qingtian Qi is very satisfied with the harvest of the past few days, and he is a little secretly happy at this moment.

It turns out that in the past twenty days, he has refined a lot of spiritual crystals, and his cultivation of water, wood, and earth has been greatly improved.

Now, After his transformation, his comprehensive combat power has reached 1.1 million people, which is a full increase of 150,000 people.

In just twenty days, his combat power has increased so much. This is naturally Qingtian Qi's strength. The result of frantically refining more than twenty spiritual crystals.

Now, Qingtian Qi still has nine spiritual crystals left in his body, seven of the fire element and two of the gold element.

However, Qingtian Qi cannot use these for the time being, so he can only collect them first. Get up.

The rest of the three-series spiritual crystals that could be absorbed were all absorbed by Qingtian Qi.

Just as Qingtian Qi was thinking about these things, a shout came from the crowd.

But it was the person who led the team who gave the order to set off.

Immediately, these seventy or eighty people marched towards Broken Soul Ridge in a mighty manner.

Eight days later, under the leadership of Dayan Leader, Qingtian Qi and his party arrived at the entrance of Broken Soul Ridge without any danger.

The entrance of Broken Soul Ridge There was a huge flat land.

When Qing Tianqi and others arrived, they found that seven to eight hundred people had gathered at the entrance.

These people were either in groups or alone, finding a place to sit cross-legged. , waiting quietly.

In front of everyone, there is the Broken Soul Ridge with a radius of hundreds of miles.

But at this moment, the Broken Soul Ridge is shrouded in a thick layer of purple-red mist.

That is the frightening eclipse. Soul mist.

Among the crowd, Qing Tianqi found a remote corner to sit down alone, but his eyes were looking at the people in front of him.

"Qin Chuan, there are so many people!"

The Monkey King squatted on Qingtian Qi's shoulder and couldn't help but whisper in Qingtian Qi's ear.

"There will be many people coming later. Because the soul-eating fog will dissipate after two days. It is estimated that by then, there should be thousands of people."

Having said this, Qing Tianqi looked up at the crowd again.

He just took a quick look and found that there were five seventh-level warriors in the crowd, and there were also many sixth-level Dzogchen peak warriors, and several of them had an aura that exceeded The power of millions of people.

Obviously those people are also enlightened people

"It seems there are many experts! I don't know how many masters will appear in two days?"

Qing Tianqi sighed helplessly in his heart.

At the same time, above everyone's heads, at a height of 10,000 meters, there were two tiny black spots.

In fact, those two tiny black spots were exactly two tiny black spots standing in the air. People..

Chapter 3179

At the same time, in the sky above everyone's heads, at a height of 10,000 meters, there were two tiny black spots.

In fact, those two tiny black spots are exactly two people standing in the air.....

It's just that these two people look a little strange.

One of them is a young man with blond hair, eagle eyes, a nose like an aquiline, and golden wings on his back.

At this moment, the young man has a cold expression, with his hands folded on his chest, and his eagle eyes are shining with a strange brilliance, and he is looking down coldly. The people below.

Next to the young man, there was a middle-aged strong man standing in the air.

Although the middle-aged man had good facial features, he had two big horns on his head.....

"Ha ha!! There are still two days before the temple will appear, and now seven to eight hundred people have gathered at the entrance. King Jinpeng, it seems that the number of humans coming to Broken Soul Valley to explore this year is twice that of last year!"

It was the middle-aged man with horns who spoke.

Hearing this, the Jinpeng King sneered:"Humph! Greed is human nature!"

It turns out that these two people are none other than the Hydra King, the two of the seven demon kings, the Jinpeng King and the Demon Bull King.

"King Jinpeng, having said that, the more greedy these humans are, the better. As long as they are more greedy, they will not dare to risk their lives to explore that weird temple."

"snort!"

King Jinpeng snorted coldly without comment.

Suddenly, he raised his eyes and said coldly:"I heard that the woman from King Meihu is coming this time too. What did she want to do here? The

Demonic Ox King shook his head and said,"I don't know. Among our seven kings, that woman is the most scheming. Who knows what her plans are when she comes here?" However, I heard that the woman was good at fortune-telling. Could she have calculated something? If this is the case, then maybe something big will happen this year."

Hearing this, King Jinpeng's eyes flashed with a strange light. I don't know what he was thinking about.

In the blink of an eye, two days passed.

Three to four thousand people had gathered at the entrance of Duanhun Ridge..

Looking at the dense crowd in front of him, Qingtian Qi sighed helplessly.

Because he found that among the three to four thousand people, there were thirteen seventh-level warriors.

Among the sixth-level Dzogchen peak warriors, the combat effectiveness reached one hundred and fifty. There are several with the strength of 100,000 people, and Gu Yue and Liu Xian, the twin heroes of the West, are suddenly among them.

And among these masters, there is also a sixth-level Dzogchen peak warrior whose strength exceeds that of two million people. force

"Why! There are thirteen seventh-level warriors, and there are also quite a few top sixth-level masters! It seems that if I want to enter the third floor of the temple, it will be as difficult as climbing to heaven!"

Just as Qing Tianqi sighed in his heart, a 'rumbling' roar suddenly came from the depths of the Broken Soul Ridge. The originally calm soul-eating mist also began to violently churn.

Suddenly, shouts of surprise came from the crowd.

"This is the sound of the temple breaking out of the ground. These soul-eating fogs will disappear soon, and we can go in soon."

"Ha ha!! That's great! After waiting for so long, the wait is finally here."

As the crowd cheered, the roaring sound became louder and louder in the depths of Broken Soul Ridge, and the entire ground was shaking slightly.

It seemed vaguely that a ten-thousand-year-old beast was about to break out of the ground.....

Not long after, there was another exclamation from the crowd

"What do you think that is?"

Everyone hurriedly followed the sound.

In the depths of the thick fog, they saw a giant palace with a height of ten thousand feet, which violated the blockade of the thick fog and appeared in people's field of vision. It was still rising upwards at this moment.

Although the giant palace The palace is hundreds of miles away from people, but the temple is so tall that it reaches into the sky. It is difficult for people not to see it.

"It's a temple! It's a legendary temple! It seems that the rumor is true!"

Many people in the crowd exclaimed excitedly..

Chapter 3180

Qingtian Qi also took a deep breath excitedly, because he knew that was the annex of the God of War. As long as he could enter it, he would be able to obtain part of the inheritance, and his strength would definitely increase greatly.

"Qin Chuan, the attached hall appeared."

At this time, the Monkey King couldn't help but get excited and whispered in Qingtian Qi's ear.

Qingtian Qi could naturally understand the Monkey King's mood. If he wanted to become a human again, he would have to rely on the temple.

"Um! Tong Yu, after a while the thick fog dissipated. We are about to go on an adventure. Seeing that there are so many masters here, I'm afraid I won't be able to take care of you during the battle. How about you temporarily enter the God of War Order space first. How about I let you out after I successfully enter the inner temple?"

"no problem!"

The Monkey King readily agreed.

Qingtian Qi once tried it. His God of War command space can put ferocious beasts in, but cannot put people in.

Why is this happening? Qingtian Qi still doesn't know the reason.

It stands to reason that people can be put in. Both beasts and ferocious beasts are soul creatures. Since ferocious beasts can be put in, humans should also be able to put them in.

But in fact, humans cannot enter the space of the God of War Order.

Of course, this is not an unreasonable restriction. There was a real reason. It was not until later that Qingtian Qi understood the key to this. However, this is a story for later. However, Qingtian Qi felt relieved when he saw the Monkey King agreeing, and immediately moved his mind and took the Monkey King into the space of the God of War Order. Inside.

Without the constraints of the Monkey King, he can let go and fight in the subsequent adventures.

At the same time, there was another huge roar deep in the Broken Soul Ridge, and the earth trembled slightly.

In the distance , the extremely huge temple stopped abruptly and stopped rising, but the temple had completely broken out of the ground.

Then, the soul-eating mist covering the entire Soul-Desolating Ridge was absorbed by the temple like the ebbing tide.

With that , The soul-eating fog receded, and the true appearance of the Soul-Destroying Ridge was gradually revealed.

The Soul-Destroying Ridge is a mountain ridge with many peaks and mountains, and there are towering trees and shrubs everywhere.

But the plant species inside are very different from the outside world. , like a jungle in ancient times

"Huh! The real landform of Duanhun Ridge is very much like the rumored ancient mountain range."

Someone in the crowd expressed their doubts.

"Of course! Legend has it that the Duanhun Ridge was suddenly formed in ancient times, and the landforms inside maintain the appearance of the ancient times."

"Many things that are extinct in the outside world can be encountered here, such as spiritual crystals. Almost all of them are extinct in the outside world, but there are quite a few in Soul-Ending Ridge. In fact, I came to Duanhun Ridge just for the spirit crystals."

"hey-hey! I'm also here for the spiritual crystal. This time, if I can find two or three spiritual crystals, it will be a big win. Ha ha!!"

"hehe!! Don't be too happy too early. Do you think this Soul-Desolating Ridge is full of spiritual crystals? The spiritual crystal is also an extremely rare thing, but it is not that easy to find. There are many people who come home empty-handed every year."

While everyone was talking in low voices, most of the soul-eating fog in the sky of Duanhun Ridge had receded.

But no one dared to go in to explore, not even the seventh-level experts.

Because there were still a few people around. The soul-eating mist floating around has not completely dissipated, and everyone is waiting for the mist to completely dissipate before they dare to go in.

No matter how thin the soul-eating mist is, it is difficult for seventh-level warriors to resist it.

At the moment, everyone is still waiting silently.

It took three hours for the soul-eating mist to completely dissipate.

At this time, the thirteen seventh-level warriors in the crowd took the lead and stepped into the Broken Soul Ridge and rushed straight to the temple hundreds of miles away.

These thirteen As soon as a strong man took the lead, the crowd began to commotion.

After a while, everyone, either in groups or alone, rushed into Duanhun Ridge to hunt for treasures. In the blink of an eye, more than half of them were gone...
