

## God level 3181

### Chapter 3181

Qingtian Qi also stood up from the corner, raised his eyes and looked at the Broken Soul Ridge with a radius of hundreds of miles in front of him, and whispered to himself

"The entrance to the temple will not be opened until a month later, so I will take advantage of this month to look for treasures in Soul-Desolating Ridge. I heard that there were a lot of treasures in Broken Soul Ridge, so I said those spiritual crystals were what I wanted."

Thinking of this, Qingtian Qiye flashed his figure and entered the Broken Soul Ridge.

Not long after, the expedition team of three to four thousand people dispersed into the vast jungle and began their own adventure journey.

As people went deeper, various kinds of spiritual creatures were gradually discovered, and humans gradually started killing each other for treasures.

Deep in the vast jungle, screams could be heard from time to time.

Half a day later, a white man The figure of the white-haired young man walked out of a certain valley.

This white-haired young man was Qing Tianqi who had transformed into 'Xuanyuan Zhantian'.

At this moment, Qing Tianqi looked at the two spiritual fruits in his hand, looking a little lonely.

"Why! It's the spiritual fruits again. There are so many spiritual fruits collected along the way!"

It turns out that in the past half day, Qingtian Qi has gone deep into the jungle for dozens of miles. In addition to finding many spiritual fruits along the way, he did not find any other treasures.

Because this soul-breaking ridge is shrouded in soul-eating fog all year round, humans and Ferocious beasts cannot survive in it at all, so there are no vicious beasts in Duanhun Ridge.

However, those plants are not affected by the soul-corrupting fog, and there are many spiritual fruits in Duanhun Ridge.

Those spiritual fruits are very important to those sixth-level ones. The following warriors are all rare treasures, but they are of no great use to Qingtian Qi, so he feels a little depressed

"Why! It seems that these spiritual fruits, those of earth and metal elements, can be used as food for Qiuqiu in the future, and the remaining ones will be taken back to the brothers in the clan."

"It's strange, they all say that Spirit Crystal is produced in Duanhun Ridge. How come I haven't even found a shadow of it after searching for a long time? It seems that it is not that easy to find those spiritual crystals!"

At that moment, Qing Tianqi sighed helplessly.

But at this moment, his expression suddenly moved slightly, and he secretly said:"Someone is coming!"

Then, his two big eyes rolled slightly, and he jumped more than ten feet high, jumped to a big tree and hid.

Not long after, two people walked out of the jungle not far away.

These two people Both are only at level five.

At this moment, the two people were talking excitedly as they walked.

"Ha ha!! There are so many spiritual fruits in this Broken Soul Ridge! This is almost unimaginable to the outside world! I have collected more than a dozen along the way.

One of them sneered:"What do these spiritual fruits mean?" In fact, the most precious thing in Duanhun Ridge is the spiritual crystal. The value of those spiritual crystals is much higher than that of spiritual fruits!"

"I know this! But where can I find spiritual crystals? Along the way, I didn't see any spiritual crystals at all!

The man from before said again:"You don't understand this. Spiritual crystals can only be generated in places with strong spiritual energy." There are five elements of vitality all around, there is no spiritual energy at all, and spiritual crystals will be generated there. If you search here, you won't be able to find one even if you search for three months."

"Yes! However, is there still naturally existing spiritual energy in the world today? Legend has it that only the Cave Heaven Paradise has spiritual energy. But it seems that there is no paradise in this world anymore. Could it be....? "

The man from before smiled again and said:"That's right! There is a paradise in the Broken Soul Ridge, called Spiritual Crystal Valley, with a radius of nearly a hundred miles. It is filled with five elements of spiritual energy. The deeper you go into the valley, the more spiritual energy becomes. Rich. Everyone got their spiritual crystals from that valley."

"People who come to Broken Soul Ridge for the first time basically don't know the secret, and they only know how to wander around in Broken Soul Ridge. I came once last year, and I only discovered that place in the last half month. Unfortunately, I went too late and didn't have enough time. I only found a piece of spiritual crystal there."

"So this year, as soon as I entered the Broken Soul Ridge, I went straight to the Spiritual Crystal Valley, hoping to harvest more Spiritual Crystals this year. If you follow me there, you don't have to waste your time collecting spiritual fruits. The Spiritual Crystal Valley is where we really harvest..

Chapter 3182

Hearing this, another person said happily:"Thanks to Brother Li, let's go there quickly! Brother Li, I wonder if there is any danger in the Spiritual Crystal Valley?"

"This is not clear. Last year, I only stayed in the Spiritual Crystal Valley for a few days, and I was in a hurry to get out. I haven't entered the depths of the Spiritual Crystal Valley yet, so I don't know if there is any danger inside. However, there are no ferocious beasts in this Broken Soul Ridge. I don't think there will be any danger."

"makes sense!"

I saw these two people talking and running in one direction.

After the two people walked away, Qingtian Qi jumped down from the tree where he was hiding, with a look of surprise on his face.

"It seems that I was lucky enough to hear this news by chance. If I hadn't known this news, I would have spent a month wandering around the Broken Soul Valley in vain. I will go over with these two guys now and go to the Spiritual Crystal Valley to have a look."

Thinking of this, Qingtian Qi's figure flashed and he followed quietly.

The next morning, Qingtian Qi stood at the entrance of a huge valley

"This valley is indeed full of spiritual energy! Looks like you've found the right place."

A smile appeared on Qingtian Qi's face.

He secretly followed the two warriors and successfully found the Spiritual Crystal Valley.

At this moment, most adventurers were still wandering around in Duanhun Ridge.

At this moment, Qingtian Qi was ready to enter Looking for the Spiritual Crystal Valley.

At this time, several figures appeared outside the valley, and several more people rushed to the Spiritual Crystal Valley.

Those few people just glanced at Qing Tianqi, and wiped He passed by and rushed directly to the depths of the Spiritual Crystal Valley.

Seeing this, Qingtian Qi smiled slightly and thought in his heart

"There are still twenty-eight days, which is the day when the gate of the temple will be opened. I still have twenty days to go treasure hunting. I have to make good use of these twenty years. Otherwise, if I enter the temple with my current strength, I will never be able to enter the third level."

Thinking of this, Qingtian Qi stepped on the sky and walked towards the depths of the Spiritual Crystal Valley.

Shortly after Qingtian Qi entered, another group of people came outside the valley.

The leader was a middle-aged man with a warm jade face who had reached the seventh level of cultivation.

Behind him are more than a dozen people.

The cultivation levels of those dozen people range from the fifth to the sixth level.

"Senior Wen, this is the rumored Spiritual Crystal Valley. The junior's spiritual crystal was obtained here last year."

A gray-haired old man said respectfully to the middle-aged man.

The middle-aged man nodded slightly: "Very good! Let's go in and take a look now. Remember, according to what I said before, I will exchange the spiritual crystals you harvested with spiritual weapons. Even if it is a top-quality spiritual weapon, it is not impossible. You will be satisfied with the result."

"Ha ha!! We can rest assured of what Senior Wen said. You are a famous weapon refining master in our Wanliu Country. Spiritual weapons are rare treasures for us, but they are nothing to you."

The man surnamed Wen smiled slightly: "It's good that you know." "Don't waste time, everyone, go search in the valley!"

After saying this, the man surnamed Wen was the first to duck into the valley.

Then, others followed into the valley.

Not long after, two more young warriors arrived.

The two young warriors were none other than Gu Yue and Liu Xian

"Brother Gu, ahead is the rumored Spiritual Crystal Valley."

"Um! Those spiritual crystals are exactly what we need. We can also use it in the future when we reach the seventh level of cultivation. That old immortal Xiao Qianchen didn't know there was a spiritual crystal here, otherwise he wouldn't have rushed to the temple."

"snort!! That old immortal doesn't know what's better. If he also enters the Spiritual Crystal Valley, I'm afraid all the good things will be snatched away by him."

"Ha ha!! That's right, let's go in now! Don't fall behind others."

At that moment, the two of them also ducked into the valley..

Chapter 3183

But on the other side, as soon as the blue sky entered the valley, he was surprised to find that there were cracks in some places on the valley floor.

Some of those cracks were as thin as door cracks, and some were more than half a meter wide.

But every crack is pitch black, and at a glance, it's bottomless, which makes people feel chilly.

However, a large amount of spiritual energy overflowed from every crack.

I think the formation of this spiritual crystal valley was also formed by the spiritual energy overflowing from below.

Moreover, as Qingtian Qi traveled deeper into the valley, he saw more and more cracks in the ground, and the spiritual energy in the valley became more and more intense.

In addition, there are many spiritual plants growing in the valley.

Those plants have been bathed in spiritual energy for many years and have grown very luxuriantly. The spiritual fruits and spiritual objects in them are even richer than other places in Duanhun Ridge.

"There is spiritual energy everywhere here, which makes it a blessed place for cultivation. It's a pity that people can't stay in this Valley of Souls for a long time. Also, the formation of this Spiritual Crystal Valley is also extraordinary. I don't know what is there deep underground? Why is there such a strong spiritual energy seeping out from below?"

As Qingtian Qi was thinking about it, his ears twitched slightly, and then he raised his head and looked in one direction. It turned out that he heard the sound of bombarding the ground from that direction, and the sound of someone talking.

Hearing such a noise, Qingtian Qi felt in his heart Strangely, his figure flashed and rushed in the direction of the noise.

Soon, Qingtian Qi arrived at the scene.

At the scene, he saw two warriors surrounding a crack in the ground, digging soil with long swords.

That digging The two of them were still talking while digging.

"Hello! Dig carefully, don't knock the spiritual crystal off. If the spiritual crystal falls, our efforts will be in vain."

"Don't worry about this, I'm being careful, hey! somebody is coming!"

At this time, the two warriors who were digging the ground also discovered Qingtian Qi.

The two people were immediately shocked, stood up quickly, and looked at Qingtian Qi with great vigilance.

One of them even said coldly: "This friend, We discovered this spiritual crystal first. I hope my friends will change places!"

Hearing this, Qingtian Qi was stunned, and then he understood something.

It turned out that those spiritual crystals were generated in underground cracks, and the two of them had just discovered one.

At this moment, the two of them were digging when they saw Qingtian Qi coming over. , naturally worried that Qingtian Qi would come to fight for it.

But Qingtian Qi just smiled and turned around to leave.

Seeing Qingtian Qi turning around and leaving, the two warriors breathed a sigh of relief.

Although Qingtian Qi left, he still felt sad in his heart. Secretly happy, because he finally knew how to find the spirit crystal.

At that moment, Qingtian Qi also began to look for cracks everywhere.

Those cracks were all dark. If the gaps were too small, it would be impossible to see clearly what was going on inside. If he wanted to find the spirit crystal, It is almost impossible to crystallize.

Therefore, those warriors usually look for some large cracks that are one foot wide.

Qingtian Qi does not do this. As long as there are cracks, he will not let them go.

However, although there are cracks in the valley, There were a lot of cracks, but they were not everywhere.

It took Qing Tianqi a cup of tea to find a five-meter-long crack.

The crack was only a finger wide, and it was impossible to see what was inside the crack with the naked eye.

At that moment, Qing Tianqi put his ears against the crack and used the art of hearing to distinguish the situation below.

Although he could not see clearly the environment below, his abnormal hearing allowed him to distinguish the conditions of the stone walls on both sides of the crack.

Because of the crack There is airflow below. As long as there is flow sound, Qingtian Qi can make a judgment based on the subtle differences in the flow sound.

With his current hearing, he can only distinguish the conditions below a hundred meters deep, and any deeper than that. He couldn't tell the difference.

There seemed to be a spar at the depth of seventy meters.

The depth of seventy meters was not small, but it was easy for him to get it..

Chapter 3184

Thinking of this, Qingtian Qi was ready to summon the Man-Faced Centipede.

I saw Qing Tian pinching a mark with both hands, and then used the Soul Seal Puppet Technique.

"Soul-marked puppet beast, come out!"

As the earth shook, the whole body crystallized and the Crazy Human-Faced Centipede, which was more than ten feet long, broke out of the ground.

At that moment, Qingtian Qi gave an order to the Crazy Human-Faced Centipede. The Crazy Human-Faced Centipede immediately understood and escaped. It went into the ground.

Not long after, the man-faced centipede broke out of the ground again, opened its mouth and spit out a yellow crystal.

Qingtian Qi quickly caught it, he only took a brief look and said with great joy: "Haha! It's an earth spiritual crystal. It seems like this method is very effective. Crazy Centipede did a good job, let's move to another place."

At that moment, Qingtian Qi jumped on top of the human-faced centipede, and rode the puppet beast to search for treasures in the valley.

In the blink of an eye, five days passed.

Qingtian Qi relied on 'Tian Ting' and people. With the help of Mian Kuang Centipede, in just five days, more than 20 pieces of spiritual crystals were harvested.

In the valley, many explorers gained nothing in these five days.

But on this day, the blue sky was clear again. He was rejoicing after harvesting a piece of spiritual crystal.

Suddenly, he heard some quarrels in the distance.

Then there were several more piercing sounds, and he was rushing in the direction of the quarrel.

Hearing these sounds, Qingtian Qi was surprised. He quickly put away the Soul Seal Puppet Beast and rushed in the direction of the argument.

His speed was extremely fast, and he arrived at the scene of the incident in a blink of an eye. From a distance, Qingtian Qi discovered that there were more than thirty warriors at the scene. They were arguing fiercely around a crack.

"Another one has arrived!"

Everyone was slightly shocked when they saw Qingtian Qi coming over.

Because they saw that Qingtian Qi's cultivation was at the peak of the sixth level.

Such cultivation is considered above average in this Spiritual Crystal Valley.

And these more than thirty warriors Among them, the one with the highest cultivation level is only the sixth level of Dzogchen.

After Qingtian Qi arrived, he didn't say much, but looked directly towards the place where everyone was watching.

I saw that where everyone was watching, there was a line about one foot wide. There is a big crack, and a hundred meters deep below the crack, there is a yellow crystal slightly larger than the ordinary spiritual crystal, which is embedded in a stone wall.

But at this moment, the yellow crystal is exuding in the dark crack. The dazzling light can be seen at a glance

"Is this a spiritual crystal? Qing

Tianqi said to himself with some uncertainty.

As soon as he heard these words, someone immediately replied:"Not bad!" It is a spiritual crystal, or a top quality earth type spiritual crystal."

Hearing this, Qing Tianqi was horrified.

He didn't expect that it turned out to be a top-grade spiritual crystal. Top-grade spiritual crystals are extremely rare!

Only one in 10,000 spiritual crystals may be transformed into a top-grade spiritual crystal.

I heard that a top-grade spiritual crystal The energy contained in it is equivalent to a hundred ordinary spiritual crystals.

If he obtains this top-quality spiritual crystal and refines it, his earth cultivation will be able to break through to the peak of the sixth level in one fell swoop.

By then, his strength will definitely be It's improved a lot."

Thinking of this, Qing Tianqi couldn't help but feel excited.

At this moment, a white-haired old man walked out of the crowd and asked Qingtian Qi:

"This friend who just came here, I wonder if you can collect the top-quality spiritual crystals below?"

The old man has a sixth-level Dzogchen cultivation and is one of the two people with the highest cultivation among the crowd.

When Qingtian Qi heard his words, his pupils shrank slightly, but he did not answer immediately.

It turned out that this group of people had been arguing. , because everyone has no way to collect the top-grade spiritual crystal.

The top-grade spiritual crystal is a hundred meters deep underground, and the crack is only one foot wide, so people cannot go down.

Although these people can use violent means to bomb A large pit a hundred meters deep, but if you do that, it is very likely that the top-grade spiritual crystal will fall into the abyss. In that case, the gain will outweigh the loss.

So for a while, everyone was at a loss and didn't know. How to collect..

Chapter 3185

Of course, no one will give up.

Because the value of a top-grade spiritual crystal is even more precious than a top-grade spiritual weapon.

The old man asked Qingtian Qi if there was any way to collect it, but he didn't have any good intentions.

He saw that Qingtian Qi's cultivation was only at the peak of the sixth level, and he thought he should be able to surpass Qingtian Qi.

As long as Qingtian Qi could take out the top-grade spiritual crystal, he would be confident to snatch it away from Qingtian Qi.

Of course Qing Tianqi understood the old man's thoughts and sneered in his heart.

He wants to collect the top-quality spiritual crystals below, so of course there is no problem, because he has a man-faced Crazy Centipede.

"What are you thinking about? Is there any way you can collect it?"

The old man saw that Qingtian was silent and asked quickly.

But at this moment, in the jungle not far away, there was a rapid sound of breaking through the air.

Soon, another figure appeared on the spot.

The person who came was... A middle-aged man in his forties with a full beard, whose cultivation had reached the peak of the sixth level of Great Perfection. As soon as this middle-aged man appeared, everyone in the venue was shocked and looked at him with great fear. There were also some discussions in

"No, it's a sixth-level Dzogchen peak warrior, and a master has arrived. I wonder if this guy can collect the top-quality spiritual crystal?"

At the same time, the middle-aged man glanced at everyone casually, and laughed arrogantly: "Haha!! It's quite lively here! Get out of your way and let me see what you are looking at?"

Hearing the middle-aged man's arrogant words, everyone's expressions changed slightly, but no one dared to speak out against it.

Some people even unconsciously moved out of the way.

The man walked over and looked down. , he saw the top-quality spiritual crystal at a glance.

His eyes immediately lit up, and he laughed wildly:"Haha!! It's actually the best spiritual crystal! That belongs to me!"

As soon as he said these words, the man immediately made seals and swooped into the ground.

Seeing this, Qing Tianqi exclaimed in surprise:"No!"

It turned out that the man was actually an earth warrior who knew the earth escape technique.

At this moment, he was using the earth escape technique to escape into the ground to collect the best spiritual crystals.

Of course Qingtian Qi would not let him do what he wanted. He quickly made seals with his hands and drank in a low voice. a sound

"Soul Seal Puppet Technique, Human Faced Crazy Centipede!"

Boom!

There was a loud noise!

The Man-Faced Centipede broke out of the ground, and its astonishing momentum immediately emitted. Everyone onlookers stepped back in horror.

The old man who asked Qingtian Qi earlier was even more frightened. His face changed drastically.

At this moment, he realized his stupidity, and he almost did something wrong before.

But at this moment, Qingtian Qi no longer had the mind to pay attention to these guys in front of him, and anxiously ordered to the Soul Seal Puppet Beast: "Go and grab the best product." Spirit Crystal, don't let that guy get it first!"

"Hiss!"

After a few strange screams, the man-faced centipede plunged into the ground, instantly escaped into the ground, and chased the middle-aged man.

But at this moment, the man's proud voice came from the crack below. laugh out loud

"Ha ha!! The best spiritual crystal! It's mine!"

Hearing this, Qingtian Qi quickly looked into the crack, only to see a hundred meters below the crack, half of the man's body broke out of the ground, holding the top-grade spiritual crystal in his hand.

Seeing this scene, Qingtian Qi's expression suddenly changed. , I became extremely anxious.

"Huh! This is...."

At the same time, the middle-aged man seemed to sense something, and his figure disappeared into the ground again, disappearing in an instant.

But not long after, on the ground not far from everyone, a figure emerged from the ground with a face full of panic.

This person was the middle-aged man, and he still held the top-quality spiritual crystal in his hand.

As soon as the man broke out of the ground, there was a sudden burst of earth and rocks beneath him, and a human-faced centipede came out of the ground, opening its mouth and biting the man in the air.

Seeing this scene, Qing Tianqi was overjoyed. His figure flashed and he also chased after the man in front..

## Chapter 3186

At the same time, the group of warriors behind him also rushed to follow.

But the man in the air was horrified when he saw the human-faced centipede biting him, and he quickly turned over in the air to avoid the fatal blow.

But at this moment, Qing Tianqi had arrived, leaped into the air, and was behind the middle-aged man in an instant, slapping him on the back.

The man had no time to dodge and was hit firmly in the back by Qing Tianqi's palm.

"ah!"

With a shrill scream, the man was shot to death on the spot.

With just one move, a warrior at the peak of the sixth level of Dzogchen was instantly killed by Qingtian Qi.

The warriors chasing after him saw This shocking scene immediately stunned Qing Tianqi on the spot, and then he looked at Qing Tianqi in front of him in horror, not daring to take a step forward.

After falling from the sky, Qing Tianqi walked to the man's body and picked up the top quality stone. Spiritual Crystal, then slowly turned around and looked at the frightened warriors.

"Now that the spiritual crystal is in my hand, who wants to snatch it? Then let your horse come over!"

Qingtian Qi glanced at the people in front of him coldly, and a heart-stopping aura emanated from him.

Seeing Qingtian Qi looking at him, the more than thirty warriors all stepped back in panic, let alone Someone dared to step forward and snatch it.

At the same time, everyone instantly judged his strength from the aura emanating from Qingtian Qi.

There was a small discussion in the crowd.

"Oh my God! Looking at this momentum, this man's basic combat power has reached the strength of 1.1 million people. Isn't he a sixth-level peak warrior? How could a sixth-level peak warrior reach such a level?"

"yes! This is amazing! I know, this person must be a Taoist, probably a peerless person who has achieved the 'Second Tao', otherwise he would not have such a strong momentum."

"No wonder he was able to instantly kill a sixth-level Dzogchen peak warrior. He turned out to be a Taoist. We want to snatch the best spiritual crystal from him, which is simply impossible, and this man also has an even more terrifying puppet beast."

After a while of discussion, everyone became more afraid of Qingtian Qi.

"how? Don't you give up yet? Do you have to do it yourself?"

Qingtian Qi's tone became more gloomy, and his eyes burst out with murderous intent.

Upon hearing this, the warriors' expressions changed immediately, and they quickly turned around and ran away. In the blink of an eye, they were all gone.

Seeing this, Qingtian Qi smiled slightly. , was about to put away the top-quality spiritual crystals and leave.

But at this moment, his expression suddenly changed and he quickly dodged to one side.

Just as Qingtian Qi dodged, a giant ice blade struck where Qingtian Qi was standing before, directly A deep pit was carved into the ground there, leaving a lot of ice residue on the ground.

"Huh! The response is quite fast!"

A voice of surprise came from behind.

Qingtian Qi turned around quickly and saw a middle-aged man with a cold expression in the field. Seeing the middle-aged man, Qingtian Qi looked vaguely familiar, so he immediately looked at this man. Looking at it, he was immediately shocked.

Judging from the aura emanating from the man, his basic combat power actually reached 1.5 million people.

Half of the sixth-level warriors who entered the Broken Soul Ridge expedition this time, There are nearly two thousand people, but only a dozen of them have a combat strength of more than one million people, and only five have a combat strength of more than 1.5 million.

Among sixth-level warriors, the basic combat strength can reach 1.5 million. The power of ten thousand is very rare, and they are definitely top masters.

This time before entering the Broken Soul Ridge, Qingtian Qi remembered all the potential opponents at the entrance one by one.

Except for the thirteen seventh-level warriors, The key thing to note down was the ultimate master with a basic combat strength of 1.5 million people. He vaguely remembered seeing the person in front of him at the entrance, so he felt a little familiar just now.

"This guy is a sixth-order Dzogchen pinnacle warrior of the water and wood elements. He should be like Liu Xian, one of the Western Double Arrogants. He is also a top master of both elements. It seems difficult to deal with."

The warriors who have gained the 'Tao' all have special abilities, and their strength cannot be calculated based on simple basic combat power.

While Qingtian Qi was sizing up each other, the middle-aged man opposite was also sizing up Qingtian Qi silently..

Chapter 3187

While Qing Tianqi was sizing up each other, the middle-aged man opposite was also sizing up Qing Tianqi silently.

After a moment, the middle-aged man smiled casually and said: "So you are a fifth-line warrior. It's a pity that you haven't reached the level of 'Tao can lead spirits', so you haven't performed as a five-line warrior should." Strength. Otherwise, I wouldn't have dared to attack you just now!"

Upon hearing this, Qingtian was surprised and asked, "What do you mean by this?"

"Ha ha!! It seems that you still don't know the first threshold for multi-system warriors after the fifth level. Before the fifth level, what multi-system warriors do is the fusion of vitality. If they are distracted and used multiple times, they can achieve perfect fusion. After the fifth level, vitality is transformed into spiritual energy. That is not the fusion of vitality, but the fusion of spiritual energy."

"That aura has extremely strong spirituality, and only 'Tao Nian' can completely control them. If you have not yet generated Dao thoughts, you will not be able to achieve complete integration, and you will not be able to exert the true strength of a multi-system warrior."

"From you, I only sensed a Taoist thought of the fire element. None of the other four elements have comprehended the idea of debut. Therefore, you cannot perfectly integrate the spiritual energy of the five elements, and you cannot exert the strength that a warrior of the five elements should have. Otherwise, your current basic combat power should be better than mine."

Hearing this, Qing Tianqi said in surprise: "No wonder after entering the fifth level, I always feel that the advantages of multi-system warriors are constantly being weakened. The weakening becomes more serious in the later stages, and I see that you are only a dual-system warrior. The basic combat strength can reach 1.5 million people, and it seems that it has not been weakened. I have also wondered in my heart that there is a reason for this. It seems that I would like to thank you for informing me."

But unexpectedly, the man suddenly asked: "Where are you from?"

"Eastern Conference!"

"hehe!! It turns out that you are from the Eastern League, where martial arts has declined. No wonder you don't even know this basic common sense. Since you want to thank me, then give me that top-quality spiritual crystal!"

Qing Tianqi sneered and said, "It turns out that you attacked me just now just for this top-grade spiritual crystal." However, that top-quality spiritual crystal is also something I want very much. It is impossible for me to give it to you."

Hearing this, the middle-aged man said coldly: "If you don't want to give it away, Han won't force it. At worst, Han will just spend some effort to kill you and then take it from your hands."

Hearing this, Qingtian Qi's expression changed slightly, and then he sneered: "Haha!! Your Excellency is talking nonsense!"

At the same time as he spoke, Qingtian Qi gave an order to the human-faced centipede in his heart.

The human-faced centipede immediately roared and stood in front of Qingtian Qi to protect him. His blood-red eyes stared coldly at the middle-aged man.

People. Although the Mian Kuang Centipede only has a combat power of 1.5 million, it was a seventh-level ferocious beast in life. He also realized that the earth is immovable, and its strength cannot be underestimated.

However, the middle-aged man sneered disdainfully: "It's just an insane puppet beast. If you think you can rely on it to save your life, you are wrong! If Han gives you another chance, you should take the initiative to hand over the top-quality spiritual crystal. Otherwise, don't blame Han for being rude!"

Hearing this, Qingtian Qi knew that this matter was difficult to resolve. With a move of his hands, he took the double swords of Chasing the Sun and the Moon in his hands and prepared for battle.

Seeing this, the middle-aged man said angrily: "It seems You won't cry until you see the coffin! In this case, Han will help you!"

As soon as he said this, the middle-aged man made a seal with his hand and shouted: "Mirror shadow clone, split!"

Immediately, the middle-aged man split into two and separated into a clone.

However, the aura of the clone was the same as the original body, and the strength was the same as before, without any drop.

Seeing this, Qingtian Qi was shocked and said secretly: "This mirror shadow clone is a top-notch martial art of the ice system. It is the same as the yin-yang clone technique. It can be transformed into two by one, doubling the strength! It looks like we are in trouble this time!"

As soon as this thought passed through his mind, the man opposite him said with a ferocious smile: "Friend, you are going to die yourself, but you can't blame Han! Ha ha!"

With a burst of laughter, the man and his clone turned into two afterimages and rushed towards Qingtian.

Qingtian was shocked and quickly ordered the human-faced centipede to meet the man's clone.

At that moment, the human-faced centipede and the man The clones started fighting..

Chapter 3188

At the same time, the middle-aged man approached Qing Tianqi in an instant and stabbed Qing Tianqi's chest with his sword.

Qing Tianqi immediately activated the Blood Shadow Escape Technique and stepped on the Sky Step to avoid the man's attack.

"Huh! What a speed! How can this be?"

The man was horrified. He didn't expect that although Qingtian Qi's basic combat strength was only 1.1 million people, his speed was actually faster than him. Master was unexpected.

But the horrified thing in the man's heart was At the same time, Qingtian Qi also stabbed him with a sword and launched a counterattack.

The man immediately made a wrong step and was forced to dodge.

The two sides immediately distanced themselves and faced off again.

"It seems that Han still underestimates you. I didn't expect that your speed would be so fast. This was exactly what Chu Han had expected. However, based on this level, you are still no match for Han!"

As soon as he said these words, the man suddenly struck out with a sword towards the blue sky.

His sword seemed to be struck at random without using any martial arts.

But after the sword was struck, an invisible feminine power came out. Attacked Qingtian Qi. As soon as Qingtian Qi felt the feminine force coming, he quickly struck out with a sword, trying to scatter the feminine force. But he slashed with the sword, but did not break the feminine force. Split, the feminine force continued to attack him.

Qingtian Qi was immediately horrified and quickly opened the 'Five Elements Shield'.

But the feminine force still penetrated the Five Elements Shield, penetrated directly into the body, and invaded Qingtian Qi's body. Within the body.

Qing Tianqi suddenly felt a cold chill spreading throughout his body, his body was quickly frozen, and his movements gradually became sluggish.

"This...this is the power of Xuhan! It turns out that this guy understood the way of ice among the three ways of water system."

Qingtian Qi was immediately frightened, his face changed drastically, and he retreated backwards. There are three water elements: ice, soft water, and mist.

Water warriors who have understood the 'Way of Ice' have the power of cold in their attacks.

Then The power of coldness ignores any attacks and defenses, and penetrates directly into the body, quickly freezing the person's body, causing the person's movement to be sluggish.

This sluggishness is not only the sluggishness of movement speed, but also the sluggishness of attack speed.

"Ha ha!! Do you feel a little stiff now? Do you now know how powerful the power of Xuhan is? Look at my Sky-Splitting Slash!"

The man laughed and at the same time, his figure flashed, and he attacked Qingtian with one move of 'Splitting the Sky'.

Generally speaking, when hit by the power of Xuhan, all movement speeds will be reduced to half of their original speed in a short period of time. , which is very fatal in battle.

The man believed that Qingtian Qi could not avoid his Sky Splitting Slash and could only catch it head-on.

His Sky Splitting Slash was a fusion martial skill, which was formed by the fusion of the superior martial arts of water and wood. , the power reached the level of pseudo-top martial arts, and with his basic combat power of 1.5 million people, he did not believe that Qingtian Qi would not die if he took this move forcefully.

But the next scene surprised the man.

Only Seeing that Qingtian Qi's figure was strong and strong, as if he was not affected by the power of Xuhan, his figure only dodged his attack.

"Huh! How can this be?"

The man was greatly surprised. According to common sense, this is definitely something that shouldn't be done. Only water warriors who also understand the way of ice can be completely unaffected by the power of Xuhan. But he didn't know that

Qingtian was carrying Xuanwu True Blood can naturally control ice and has natural resistance to the power of cold.

His power of cold has a very small impact on Qingtian Qi, not even half a percent of slowing down Qingtian Qi's speed, almost negligible.

However, he said Qing Tianqi avoided the man's attack and was furious. He immediately laughed wildly and said: "Your Excellency, you should also try one of my moves, haha!!".

At the same time as he spoke, Qingtian Qi attacked the man with a move of Dragon Breaking the Sky.

"Huh! It's a superb martial arts!"

The man was shocked, and quickly struck out with a Sky-Splitting Slash, which was enough to offset the Dragon Breaking Sky.

Qingtian Qi's second Dragon Breaking Sky attack followed.

At that moment, Qingtian Qi laughed arrogantly, wielding both swords. Continuously slashed out the 'Dragon Breaking the Sky' and launched a crazy counterattack.

Under the attack of Qingtian Qi Endless Way, the man was forced to retreat continuously, screaming in shock..

Chapter 3189

For a moment, the man was at a disadvantage.

Suddenly there was another loud roar, but the man could no longer avoid Qing Tianqi's attack. At the critical moment, he sealed the seal and shouted: "Double King's Shield!"

Two phantoms appeared around the man. , one looks like a dragon, and the other looks like a giant whale.

The two shadows formed a shield to protect the man. boom!

There was a loud noise, and the shield shattered, but it was able to block Qingtian Qi's attack, but the huge impact still pushed the man back.

The 'Double King's Shield' he had just used was a pseudo-top-notch martial skill that was fused with the Wood-type Dragon King Shield and the Water-type Whale King Shield. It was able to withstand Qingtian Qi's blow.

Of course, it is also because his basic combat power is much higher than Qingtian Qi, otherwise he would not be able to withstand Qingtian Qi's Dragon Breaking the Sky.

But he said that the man blocked Qing Tianqi's blow with force. Before he had time to rejoice, he suddenly felt a stabbing pain in his head and was in a trance.

However, it only took a moment for the man to wake up and saw a colorful dragon approaching.

This time, he could no longer dodge and was immediately hit in the chest by the colorful dragon. His spiritual armor exploded and he vomited blood and flew backwards.

After a while, the man got up from the ground covered in blood.

I saw him gently wiping the blood from the corner of his mouth, looking at the blue sky with cold eyes, and said in a cold voice:"It seems that Han has underestimated you, so Han can only use extraordinary means."

While speaking, Green light appeared around the man, and the injuries on his body were recovering rapidly. He recovered completely in just a moment, as if he was not injured.

Seeing this, Qing Tianqi once again showed a trace of shock in his eyes, and said secretly:"It turns out that this guy has understood the 'Way of Immortality' of the Wood Element and can repair his injuries. However, this guy doesn't seem to have learned the 'Psychic Technique', otherwise he should Use 'Psychic Fusion'."

The three paths of wood: immortality, death, and reincarnation.

The mysteries of channeling belong to immortality. Once you understand the way to immortality, and then learn the art of channeling, you will get twice the result with half the effort.

"Your Excellency, let's fight again!"

"Ha ha!! good!"

Qingtian Qi also laughed, drew out both swords, and faced him again.

The two sides fought again.

After more than twenty rounds, Qingtian Qi once again had the upper hand.

On the other side, the Man-Faced Centipede and the man's clones also fought fiercely.

However, the Man-Faced Centipede was gradually at a disadvantage.

In the blink of an eye, the two sides fought fiercely for a cup of tea.

But at this moment, a scream and a muffled sound were heard from the field at the same time. Huh.

That scream was made by the man.

At this moment, the man's entire left arm was shattered by Qingtian Qi's move, and even half of his left shoulder was blown apart, exposing the bones inside and dripping with blood.

Qingtian Qi He also groaned, and his chest was bleeding.

"Ha ha!! Finally, your Excellency was injured! Today I'm going to trade injuries for injuries. Let's see how long you can last."

At the same time as he spoke, the man's wound was growing at a speed visible to the naked eye. In the blink of an eye, an intact arm grew back.

Seeing this, Qingtian was shocked.

He knew that this was the additional effect of the way to immortality. , in addition to quickly recovering from injuries, it can also regenerate broken limbs.

"It turns out that Mr. Han is fighting me tooth and nail just because he wants to trade injury for injury?"

"good! Han can still repair himself when he is injured. I think if your injuries accumulate, what will be the result?!"

The man sneered triumphantly

"Yeah? Immortality is not forever. Although the method of immortality can regenerate a severed limb, it requires the original essence. If it is used too many times, the essence will be exhausted and death will occur. You think I don't know?"

Hearing this, the man's face changed slightly. He knew that what Qingtian Qi said was true. In fact, he was also betting on who would fall first between him and Qingtian Qi. After a moment, the man said coldly again He said:"Don't worry, Your Excellency, before Han's original essence is exhausted, Your Excellency will definitely be allowed to bleed out and die!""

"Yeah? Then we will fight again!"

At this time, Qingtian Qi didn't want to spend any more time with him.

Because on the other side, the Human-Faced Centipede was completely at a disadvantage and could not hold on for long.

If the Human-Faced Centipede were defeated, this man and his clone would join forces, Qingtian Qi It must not be his opponent.

Thinking of this, Qingtian Qi immediately laughed wildly, flashed his figure, and launched another crazy attack..

Chapter 3190

In the blink of an eye, the two sides fought for more than ten rounds, and Qingtian Qi gained the upper hand again.

Although Qing Tianqi was injured in the chest, under the influence of the Endless Way, no matter how serious the injury was, it would not affect his performance.

"Ha ha!! go to hell!"

Qingtian Qi laughed wildly and used the Dragon Breaking Sky to blast through the man's 'Double King Shield'. At the same time, he released the God-Destroying Thorn to stun the opponent. Just when Qingtian Qi was about to take action again. Suddenly

, a figure broke through the ground from behind the man. When the man was not paying attention, he split the man in half from bottom to top with a knife. As soon as the man was split in half, the clone fighting the Man-Faced Centipede immediately collapsed and dissipated.

The Man-Faced Centipede also Then he got out of the predicament.

This scene immediately shocked Qing Tianqi.

Then, he was surprised to find that the person who came was none other than Liu Xian, one of the two prides of the West.

It turned out that Liu Xian used the earth escape technique to suddenly attack from underground, thus Killed the man named Han

"Huh! This is..."

At this time, Qingtian Qi and Liu Xian looked at the corpse on the ground in surprise at the same time.

They saw that the corpse on the ground suddenly changed and turned into a rune wood that was split in half. It was not the man's corpse at all..At the same time, there was a fluctuation in the space not far away, and the man who was supposed to be split in half appeared, but he spat out a large mouthful of blood, his face turned pale.

"Another top-notch martial arts technique,"Li Dai Tao Jian"! Han Che, I let you escape again. It seems that you are really difficult to kill! I don't know how many substitute talismans you have on your body? How many more times can you escape death?"

Hearing this, the man surnamed Han looked at Liu Xian angrily and said coldly

"Liu Xian, don't think Han is afraid of you. If you and Gu Yue hadn't joined forces, you wouldn't necessarily be my opponent. However, don't think that there is no one in our snowy region. Han is not the only one coming to Broken Soul Valley from the snowy region this time. If you can find helpers, so can Han."

As soon as he finished speaking, there was another loud laugh outside the jungle.

"Ha ha!! Yeah? Han Che, I'm afraid you will die in our hands before you can find help."

As the laughter subsided, another man appeared in the field with a long knife on his shoulder. This was the other one of the two prides of the West - Gu Yue.

"It's you!"

When he saw Gu Yue also appearing, Han Che's expression finally changed.

Gu Yue sneered,"Humph! We, the two prides of the West, have always advanced and retreated together. Wherever Liu Xian appears, I will naturally be there."

After saying this, Gu Yue turned to look at Qing Tianqi again and asked politely

"This friend is very skilled. We both saw the battle between you and Han Che just now from a distance. You were able to push Han Che to that point. It seems that your strength is on par with ours. Nowadays, in this Broken Soul Valley, apart from those seventh-level masters, there are only five or six people with the same strength as me."

"And you are currently still a sixth-level peak warrior. It is really admirable that you can reach this level and have a higher potential than me. I wonder if you could tell me your name so that everyone can get to know each other better!"

"Xuanyuan Zhantian!"

Qingtian Qi said without showing any expression.

"Ha ha!! It turns out to be Brother Xuanyuan! I met Brother Xuanyuan in the next Gu Yue!"

Gu Yue politely bowed her hands to Qingtian Qi, and then said

"Brother Xuanyuan, the two of us just watched you fight to the death from a distance. I think you and Han Che also have a grudge. It just so happened that the two of us also had a grudge against this guy. How about this, the three of us join forces today to kill Han Che?"

Hearing this, Han Che's face suddenly changed with fright, and he shouted hurriedly:"Gu Yue, Liu Xian, didn't Han just steal an ordinary spiritual crystal from you! Do you have to kill them all?"

As soon as he said this, Liu Xian suddenly said coldly:"Huh! No warrior below the seventh level has ever dared to steal something from the two of us. You were the first, and one was snatched away by you, so you deserve to die! Gu Yue also smiled and said:"

Han Che, you can't even think of leaving alive today." Maybe Liu Xian and I can't spare your life if we join forces. If brother Xuanyuan is added to the mix, you will definitely die today!

Han Che suddenly looked up to the sky and smiled:"Haha!! You two idiots, you don't even ask why Han is fighting with this Xuanyuan Zhantian. If you two knew why, you wouldn't say that.

Hearing this, Gu Yue's heart immediately moved and she asked casually:"Oh?" Yeah? So tell me why you two are fighting? Han

Che sneered and said:"The reason for the fight is very simple. Han and Xuanyuan Zhantian are competing for a top-quality spiritual crystal." However, the top quality spiritual crystal is now in the hands of Xuanyuan Zhantian."

Hearing this, Gu Yue and Liu Xian exclaimed at the same time

"What did you say? Is it actually the best spiritual crystal?!"

Immediately, both of them looked at Qingtian Qi with unkind expressions..
