

God level 3191

Chapter 3191

But Qing Tianqi looked at the three people in the field calmly, with no wave of emotion on his face.

Seeing this, both Gu Yue and Liu Xian showed doubts.

After a moment, Gu Yue took a deep breath and asked loudly: "Brother Xuanyuan, I wonder if what Han Che just said is true? Of course, if that top-grade spiritual crystal is in your hands, I will never take it seriously. I just want to know what kind of tricks Han Che is playing?"

Qingtian Qi said quietly: "Since Brother Gu knows that he is playing tricks, why bother asking so many questions? Tell the truth to Brother Gu, I have never seen anything top-notch. Spiritual crystal. I don't know why this Han Che suddenly made up something about a top-grade spiritual crystal."

Hearing this, Gu Yue's expression changed slightly, and then he looked at Han Che angrily and said coldly: "Han Che! It turns out it's You are sowing discord, are you afraid? That's why you made up such a lie?"

After hearing this, Han Che was furious and immediately said: "Gu Yue, don't be deceived by this white-haired boy! He really has the best spiritual crystal in his body"

"Ha ha!! I only believe what you say!"

Liu Xian on the side also nodded and said: "Not bad!" I don't think this guy's words are credible either. Brother Xuanyuan, why don't the three of us work together to get rid of this scourge now!"

Hearing this, Han Che's face changed with fright, and he stepped back repeatedly.

"Everyone! Wait a minute!"

And at this moment, five more figures suddenly appeared in the jungle.

Upon seeing those figures, Qing Tianqi's expression changed drastically.

Those five people were none other than those who had seen him grab the top-grade spiritual crystal before, and then Several of the warriors were scared away by themselves.

It turned out that although these five people left, they did not completely give up. They had been observing the situation here from a distance.

At this moment, the five of them saw the argument here and felt that the time had come. They immediately appeared.

As soon as these people appeared, they naturally attracted the attention of other people present.

When Gu Yue and the other three saw that these five people were just ordinary sixth-level warriors, the basic combat power of the strongest one was only 300,000. , it was not worth mentioning in front of them.

At that moment, Gu Yue said disdainfully:"What are you five doing here? Get out of here!"

Hearing this shout, the expressions of those people changed drastically.

However, one person still took the courage to say:"This friend, I came down to tell you a fact. Mr. Han didn't lie just now. Xuanyuan Zhantian does have a top-quality spiritual crystal on his body. We saw this with our own eyes!"

"good! The top-quality spiritual crystal is in Xuanyuan Zhantian's hands, and we have seen it too."

At that moment, those people identified Qingtian Qi at the same time.

Qingtian Qi immediately became furious:"Seeking death!"

Immediately, Qingtian Qi attacked several people with the Fire Rain Plum Blossom Sword.

Those people did not expect that Qingtian Qi would fall out at once. They thought Qingtian Qi would still quibble.

Qingtian Qi's sudden attack made those few people angry. There was no time to prepare, two people were instantly killed by Qingtian Qi with one move, and the other three were slightly injured.

Then, with a casual move, Qingtian Qi put away the Soul Seal Puppet Beast and ran away

"not good! Don't let him get away, that kid has the best spiritual crystal in his body! Han

Che exclaimed and hurriedly chased after him.

At this time, Gu Yue and Liu Xian came to their senses and hurriedly chased Qingtian Qi.

In the blink of an eye, Qingtian Qi and the others disappeared, and there were still sounds from far away. Gu Yue's voice

"Han Che! How about we put aside our grudges for the time being and work together to get rid of this Xuanyuan Zhantian?"

"good!"

After the four Qingtian Qi disappeared, the remaining three people in the field looked at the two cold corpses on the ground and looked at each other with fear on their faces. After a moment, one of them said:"Let's go! Let's go there too! Let these four top masters kill each other first. Maybe we can reap the benefits in the end."

"good!"

At that moment, the three speculators also followed closely...

Chapter 3192

But it was said that Qing Tianqi was being chased by Gu Yue and the others.

The speed of the four of them is extremely fast. They shuttle through the jungle like four lights and shadows.

"so fast!"

"He is a top master!"

A group of warriors who were hunting for treasures were shocked when they saw four afterimages flashing past.

Not long after, three more people followed behind.

Those three people were speculators who wanted to fish in troubled waters.

The three speculators were stunned when they saw the group of adventurers, and they quickly shouted: "There is a treasure ahead, why are you still standing there? Come along quickly!"

At this moment, the team of adventurers seemed to suddenly wake up and followed the three speculators.

The idea of the three speculators was very simple. No one of the four Qingtian Qi could be dealt with by them, so they needed to More people went over together. It is said that more people are more powerful, and they might be able to fish in troubled waters.

On the other side, Qingtian Qi and the other four people far away from a group of fishermen behind them. However, the speed of these four people is also different.

Qingtian Qi ran first, followed closely by Gu Yue, Han Che and Liu Xian, both of whom were equally fast, followed closely behind.

Although Qingtian Qi's basic combat strength was only 1.1 million people, his speed was A warrior with a basic combat power of 1.7 million people is faster than Gu Yue and the other three.

Gu Yue is a member of the same two realms, has some special abilities, and is stronger than the other two.

Seeing Qingtian Qi pulling the distance between the three of them further and further.

In the blink of an eye, Qingtian Qi had already pushed Han Che and Liu Xian away by two to three thousand meters, while Gu Yue was also five hundred meters away from him.

"Boy, you are quite fast! But don't try to escape from me!"

The Gu Yue sneered, stepped on his foot, a white light flashed, and he used the speed movement technique 'Flowing Light Phantom'. His speed doubled, and his speed increased instantly, much faster than Qing Tian Qi. As soon as the speed increased, Gu Yue and Qing Tian Qi The distance between them quickly shortened.

In the blink of an eye, Gu Yue and Qingtian were no more than a hundred meters apart.

Gu Yue immediately snorted, and a strange energy wave spread out around him with him as the center.

That strange energy The fluctuation instantly spread to Qingtian Qi.

Qingtian Qi suddenly felt that the metal energy in his body was stagnant.

At the same time, the gold energy between heaven and earth surged towards Gu Yue, and his aura suddenly increased. His basic combat power was unexpectedly It instantly increased to the strength of 1.8 million people, and the speed was a few minutes faster.

Just like this, the two of them were ebbing and flowing, and the distance between the two sides was close again.

Sensing such a change, Qingtian Qi was shocked:"No! This is the metal domain, a metal domain that only eighth-level gold warriors have. It turns out that people in the same lineage who have understood the 'Two Paths' will also have realms."

In the metal field, you can control the inner metal energy in a certain area and initially master the power of the metal system of heaven and earth. This is usually the method of an eighth-level warrior.

However, the domain of an eighth-level warrior can at least reach a radius of ten miles.

That Gu Yue The area is only a hundred meters in radius. As soon as the metal field unfolded, Gu Yue's strength increased greatly, and the distance between the two parties was shortened to more than ten meters in an instant.

"Ha ha! Boy, let me see where you are running?"

Gu Yue laughed loudly, and slashed Qingtian Qi's back with the Moon God Sword.

Hearing the sound of wind behind his head, Qingtian Qi was horrified, turned around quickly, and slashed through the sky with a move, and a huge multi-colored streak flew out of the sword shadow. Shenlong, met the Moon God Slash.

But he didn't expect that the Moon God Slash chopped up the five-color dragon with one strike, and continued to attack Qingtian Qi with residual power.

Qingtian Qi was horrified, and unexpectedly, he quickly opened the Five Elements Shield.

Boom!

There was an explosion. Sound, the light shield shattered!

The light knife struck directly at Qingtian Qi's chest, immediately blasting the spirit world that Qingtian Qi was wearing into pieces.

Qingtian Qi also grunted, and took a dozen steps back before he could regain his balance.

But at this moment, his mouth, ears and nostrils were bleeding continuously, and he looked very embarrassed.

But the Five Elements Shield did not completely block the attack, allowing the sword light to pass through his body and already hurt his internal organs.

With just one move, Qingtian Qi was seriously injured by Gu Yue..

Chapter 3193

Gu Yue immediately looked at Qing Tianqi unexpectedly, and then a look of disdain appeared in her eyes.

"It turns out that you only have these two moments. It seems that I think highly of you."

Although his attack just now was only a superior martial skill, under the influence of the way of 'destruction', the attack power doubled, completely reaching the level of the best martial arts. The three paths of the gold system: destruction, return to hiding, and no edge.

The path of destruction The Tao can double the power of all attacks, which is opposite to the immovable Tao.

At this moment, Han Che and Liu Xian also arrived.

The three of them formed a triangle and surrounded Qingtian Qi.

Qingtian Qi also Suddenly fell into extreme crisis

"Huh! Why is this kid so fragile? He can't even withstand a single move from Brother Gu. It seems that this boy's strength is nothing more than this. Han Che, you are so useless. Why were you beaten like that by that kid before?"Liu Xian was a little surprised.

Han Che said bitterly:"Han's Xuhan power has no effect on the boy in front of him, otherwise how could he be Han's opponent?

Liu Xian suddenly said:"That's it!" The power of Xuhan can cut a person's speed in half, which is a very troublesome move. If it hadn't been for the influence of your Xuhan power, you wouldn't have been able to escape from me and Brother Gu."

"It's a pity that you were restrained by this boy. No matter what, this kid can't run away today."

After saying this, Liu Xian turned to look at Qingtian Qi and said coldly: "Xuanyuan Zhantian, if you still want to survive, you'd better hand over the top-quality spiritual crystal obediently!"

Hearing this, Qingtian Qi immediately hesitated.

Previously, he thought he could escape from these three people with his own speed. Unexpectedly,

Gu Yue's speed was actually faster than him.

It seems that he could not escape from this place with his speed. He escaped from the hands of three people.

If he were allowed to fight these three people head-on, he would definitely fall within ten rounds.

It seems that the current situation is not good, and he has to quickly come up with a way to escape.

But Qingtian Qi murmured in his heart At that time,

Gu Yue suddenly said in a cold voice: "Liu Xian, this kid is vulnerable to a single blow. Why do we have to talk so much nonsense to him? We just go up and kill him. As long as this kid dies, the spiritual crystals and the top-quality spiritual weapons he possesses are not all ours."

Hearing this, Liu Xian's eyes lit up, and he immediately looked greedily at the top-quality spiritual sword in Qingtian Qi's hand, and then laughed and said

"Ha ha! Brother Gu reminded me well. There are many treasures in this boy, not only the top-grade spiritual crystal. We will gain more by killing this boy."

As soon as these words were said, Liu Xian shook his long sword and was about to take action.

Seeing this, Qingtian Qi was horrified and quickly stepped back.

But at this moment, Han Che's long sword blocked Liu Xian's way.

Liu Xian was immediately angry. Said:"Han Che, what are you going to do now? Han Che said coldly:"

Before taking action, Han has something to say clearly." There is only one top-quality spiritual crystal, and there are only a few treasures on this kid's body. When the time comes, how will we divide it? One more thing, after you kill this kid, you won't take action against Han next, right?"

Hearing this, Liu Xian smiled and said:"Brother Han, you are worrying too much. The conflict between you and us is just a spiritual crystal. But after killing this kid, our gains are immeasurable. How could we ignore the wealth in front of us for a spiritual crystal? Brother Han, it is more important to get rid of this guy first.

As soon as he said this, Qingtian Qi sneered:"Han Che, do you think their words are credible?" The two of them wanted to pull me to kill you before, but now they want to join forces with you to kill me in the blink of an eye. If they really kill me, they will definitely kill you next."

Hearing this, Han Che's face changed slightly, and he immediately hesitated..

Chapter 3194

Hearing this, Han Che's expression changed slightly and he immediately hesitated.

Obviously, he doesn't trust Gu Yue and the others either.....

At this time, Qingtian Qi said again:"Han Che, aren't you doing this just for that top-grade spiritual crystal? If you really want that top-grade spiritual crystal, I will give it to you now!" As soon as these words were said, Qingtian Qi He immediately took out the top quality spiritual crystal....

As soon as the top-quality spiritual crystal came out, it immediately emitted a dazzling spiritual light in Qingtian Qi's hand.

"Huh! What a superb spiritual crystal!"

When Gu Yue and Liu Xian saw the top-quality spiritual crystal, their eyes immediately glowed with greed, and then Gu Yue and Liu Xian looked at each other, exchanged glances, and nodded secretly.....

Suddenly, the two of them shouted loudly and shot towards Qingtian at the same time.....

"Boy, bring me the best spiritual crystal!"

Gu Yue took the lead and struck Qingtian Qi head-on with the 'Moon God Slash'.

Qingtian Qi was so horrified that he did not dare to make a direct attack this time and hurriedly dodged to avoid it.

But at this moment, Liu Xian's The attack has arrived, and the fire-earth fusion martial arts "Falling Heavenly Flame Slash" that reached the pseudo-top level with one move blocked all Qingtian Qi's escape routes.

At that moment, Qingtian Qi immediately took Liu Xian's attack with a sword dragon breaking through the sky.

Two moves The collision caused fire and rain to fly in the air, but at this moment, Gu Yue missed his blow and stabbed him with his sword.

Qingtian roared in shock and quickly opened the Five Elements Shield.

Bang!

There was a loud noise, the light shield shattered, and the Five Elements Shield He was able to block Gu Yue's sword.

This was also because Gu Yue could not use martial arts continuously. The sword just now was just an ordinary attack.

However, even though Qing Tian Qi blocked the sword, the huge collision force still knocked Qing Tian Qi away. Back away.

At the same time, Liu Xian's Falling Sky Flame Slash attacked again.

This time, Qingtian Qi had no time to resist, and was about to be split in half by that slash.

At this critical moment, Qingtian Qi His eyes flashed, and the God-Destroying Thorn hit Liu Xian in an instant.

Liu Xian was suddenly in a trance, and his movements stagnated slightly.

Qingtian Qi took the opportunity to open the shield.

As soon as the Five Elements Shield was opened, Liu Xian's attack fell, and the Five Elements Shield was about to fall. The shield was blown to pieces, and even Qingtian Qi screamed and flew out.

Gu Yue then stepped on the 'Streaming Light Phantom', transformed into a stream of light and rushed forward, instantly catching up with Qingtian who had not yet fallen from the sky. Qi, with a flash of cold light in his hand, he raised his sword and was about to cut Qingtian Qi into two pieces with one sword strike.

But at this moment, a ray of yellow light flew from Qingtian Qi's hand and shot directly at Han Che behind them.

At the same time, At the same time, Qing Tianqi shouted anxiously:"Han Che! The best spiritual crystal is given to you!"

Han Che, who was standing there hesitantly, suddenly saw a crystal shooting towards him from the blue sky, and heard such a shout again.

Han Che was immediately overjoyed, and quickly caught the top-quality spiritual crystal, and then laughed Turn around and run away

"not good! The things were snatched away by Han Che! Liu

Xian shouted, turned around and chased Han Che.

"hateful!"

Gu Yue also roared angrily, and immediately gave up chasing Qing Tianqi, and turned around to chase Han Che.

Gu Yue was obviously faster than Han Che, and she closed the distance with Han Che in an instant.

But at this moment, Han Che shouted With a sound:"Explosion!"

, he saw that the vitality of his whole body suddenly burst out to the surrounding vitality, and a force of coldness also spread to the surroundings, instantly covering Gu Yue and Liu Xian behind him.

The two Gu Yue's bodies immediately formed a knot. A layer of frost coated his body, and his body was quickly frozen with no resistance, and his movement speed suddenly dropped to less than half of its original speed. Han Che also took the opportunity to distance himself from the two of them, turned back proudly and laughed:"Haha!! This top-quality spiritual crystal is in my hands, so don't you two try to steal it."

After saying this, he suddenly felt something was wrong.

Because he suddenly discovered that Qingtian Qi not far away had climbed up from the ground and was showing him a strange smile.

Han Che's heart immediately moved and he quickly looked at the top-quality spiritual crystal in his hand. Go.

Seeing this, Han Che's face changed drastically, and he immediately became furious:"No! I was fooled. What that guy threw to me was just an ordinary spiritual crystal."

Han Che pointed at Qingtian Qi angrily.

It turned out that what Qingtian Qi had previously taken out was not only a top-grade spiritual crystal, but also an ordinary spiritual crystal hidden in his palm.

At the critical moment, what Qingtian Qi threw out was An ordinary spiritual crystal, the truly top-grade spiritual crystal was still in his hand.

But Han Che didn't know, he thought that Qingtian Qi wanted to pass the disaster on to himself in a critical moment, and what he threw to himself must be the top-grade spiritual crystal, but he I didn't want it to be a fake.

At that moment, Han Che showed off the fake in his hand.

When Gu Yue and the two men who were originally chasing Han Che saw it, they instantly understood that they had been fooled, and they immediately became furious..

Chapter 3195

Gu Yue and the others looked back and saw Qing Tianqi taking out a small winged thing and making seals in his hands.

"What is this kid doing again? We can't let him escape!"

Gu Yue roared angrily, and the vitality of his whole body burst out, clearing away the cold power in his body. Then he turned around and rushed towards Qingtianqi.

Han Che and Liu Xian also rushed towards Qingtianqi.....

But at this moment, the Heavenly Feather Divine Wings in Qingtian Qi's hand had fully opened and turned into a pair of giant light wings, which quickly attached to Qingtian Qi's back.

Qing Tianqi's mind immediately moved, his wings fluttered, and he flew into the sky.

Gu Yue and the others were dumbfounded. They froze on the spot and stared blankly at the blue sky in the sky.....

At that moment, Qingtian Qi was also very proud and laughed: "Haha!! You three, don't you want the best spiritual crystal? It's in my hands now, come up and get it!"

Hearing this, Gu Yue and the others were furious. , yelled and cursed one after another

"Xuanyuan Zhantian, don't be arrogant! If you have any idea, you can fly down and try it!"

"Xuanyuan Zhantian, you damn bastard, you actually lied to us, come down as soon as you want. We will make sure that you can come down but not go up."

Hearing the curses of the three people below, Qingtian Qi laughed loudly, was too lazy to pay attention anymore, turned around and flew away.

Previously, Qingtian Qi was chased too closely by the three people, and there was no time to sacrifice the Tianyu Divine Wings.

Because Tianyu was activated Divine wings need a certain amount of time.

Now that Qingtian Qi is flying into the air, not to mention Gu Yue and the others, even seventh-level warriors can't do anything to him.

Seeing Qingtian Qi, he is about to fly away.

Liu Xian immediately said in a hurry: "What should I do? ? This kid is running away! Gu

Yue also frowned. Suddenly his eyes lit up and he said happily: "It's okay!" Let's catch up! That kid had been seriously injured a long time ago. If he hadn't understood the endless way, he would have been seriously injured long ago."

"However, his state will definitely not last long. The most important thing for this kid now is to find a quiet place to heal. He will definitely fall from the sky. We just kept chasing him. When he couldn't hold on anymore and came down from the sky, that would be the day he died."

"good! Let's go after him!"

Hearing this, Liu Xianhanche was immediately overjoyed.

At that moment, the three of them chased Qingtian Qi.

However, Qingtian Qi in the sky suddenly saw Gu Yue and the others chasing after him. He instantly understood the intentions of those three people, and thought in his heart

"not good! If these three guys keep chasing me, I won't be able to heal myself. But if my injury is not treated quickly, it will be very detrimental if it drags on!"

Thinking of this, Qing Tianqi suddenly felt anxious.

At this time, Gu Yue's arrogant laughter came from below again

"Boy, just be arrogant! Unless you never come down from the sky, as long as you come down, you will die! Ha ha!!"

Qingtian Qi ignored him, but continued to fly forward, specifically towards places with bad terrain and many bushes and thorns.

Gu Yue and the other three were cursing below while chasing after him.

In this way, both sides started to fly forward. After chasing him, he turned around and disappeared into the jungle.

Not long after the four people left, another group of warriors came behind them.

There were more than 20 warriors in this group, and the three leaders were the three speculators who had betrayed Qingtian Qi before..

Along the way, the three of them followed the traces left by Qingtian Qi and the others while pulling people around, and more than twenty people had gathered.

But on the other side, Qingtian Qi led Gu Yue and the others in the air. Wandering around in the jungle of the valley,

Gu Yue and the others were always chasing after him.

Three hours later, Qingtian Qi's face turned pale, and he felt a faint pain in his internal organs, but it was because he had been injured by Gu Yue's sword light before, and now he kept running. The injuries to his internal organs worsened.

A lot of blood flowed out from the sword stabbed by Han Che in his chest, which caused him to lose too much blood.

At that moment, Qingtian Qi said anxiously: "It can't go on like this, wait for me. If I get rid of these three people, I will die of exhaustion. This is how to do ah?"

Just when Qing Tianqi was anxious, he suddenly smelled a strange fragrance....

As soon as the fragrance entered his body, Qing Tianqi's spirits were lifted, and his body's injuries actually showed signs of slow recovery.

This subtle change immediately surprised Qingtian Qi.

"What kind of aroma is this? This fragrance contains so much vitality. Just one sip of the fragrance made me recover from my injuries. I might as well use this fragrance to repair my injuries in the air."

Thinking of this, Qing Tianqi immediately flew in the direction of the fragrance..

Chapter 3196

The further forward you fly, the stronger the aroma emanating from that direction becomes.

Qing Tianqi sucked hard, and the injuries on his body were slowly recovering, and the dull pain in his internal organs was slowly reducing.

This surprised and delighted Qingtian Qi

"The fragrance is like a floral fragrance. What kind of flower is this? Just the aroma can heal people's injuries. Could it be that there is some strange treasure ahead?"

At the same time, Gu Yue and the other two people below also discovered the anomaly.

Gu Yue said, "Do you two smell a strange fragrance?"

"I've smelled it already! That fragrance smells very comfortable and seems to refresh people"

"Um! It seems there must be an extremely rare treasure there"

"yes! It can emit such a strange fragrance, so the value of this treasure may not be lower than that of the best spiritual crystal!"

As soon as these words were said, Gu Yue and the other three looked at each other.

Suddenly, the three of them ignored the blue sky in the sky and rushed together in the direction of the fragrance of flowers.

The blue sky in the sky was stunned, and then rushed in the direction of the fragrance. go

"Huh! That Xuanyuan Zhantian actually came with him. He wouldn't fish in troubled waters first, would he?"

"snort! It doesn't matter if he comes, as long as he dares to come down, I will make it impossible for him to come back."

At that moment, Gu Yue and the others ignored Qing Tianqi and continued to rush towards the direction where the fragrance was coming from.

Not long after, the four of them came to a remote mountain col.

That strange fragrance was emanating from that mountain col.

"What a strong fragrance! Ha ha!! This is it!"

Gu Yueda took a breath of the aroma and entered the mountain col in a flash.

Han Che and Liu Xian followed closely.

At the same time, Qing Tianqi also flew from the air to the sky above the mountain col.

The crowd As soon as they saw the scene in that mountain col, they all shouted in surprise

"Ha ha!! It's the longevity flower. It turns out to be the longevity flower. This time we made a big profit, there were as many as nine flowers."

I saw a strange plant that was only over one meter high growing in the center of the mountain.

The strange plant grew nine thorny vines.

Each vine was as thick as an arm.

And the tops of the nine vines were Each grows a flower bud as big as a basin.

The flower buds are as white as jade and emit a rich and strange fragrance.

The fragrance Qingtian Qi smelled before was exactly emitted by these nine flower buds.

At this moment, Qingtian Qi also looked at it in surprise Holding those nine buds.

Unexpectedly, it is the longevity flower.

Legend has it that this longevity flower is born by absorbing the spiritual energy of heaven and earth. It can only grow in the blessed land of cave heaven and cannot appear in the outside world.

The effect of this longevity flower is also strange. You can eat one petal to It allows people to regenerate their severed limbs.

If a wood warrior below the seventh level refines an immortality flower, it will not only greatly improve their cultivation level, but also have a certain chance of understanding the way of 'immortality', but the chance is extremely small, less than a hundred It's only one percent.

But even so, the value of this longevity flower is no less than a top-quality spiritual crystal.

Thinking of this, Qingtian Qi was greatly moved.

At the same time, Gu Yue and the three people below were also ecstatic

"Ha ha!! There are nine longevity flowers in total. How about three flowers for each of the three of us?"

Han Che spoke first.

Gu Yue hesitated for a while and then nodded:"Okay! However, there is another troublesome guy in the sky."

Hearing this, Liu Xian glanced at the blue sky in the sky and snorted coldly:"Humph! These nine longevity flowers naturally belong to the three of us. If this kid dares to make up his mind, as soon as he falls down, the three of us will join forces to attack, making it impossible for him to come back."

"good! Gu

Yue nodded immediately, then looked at the blue sky in the sky and sneered:"Xuanyuan Zhantian, if you have the guts, just fly lower and try." Ha ha!! You two, let's start picking!"

At that moment, Gu Yue laughed, first walked to an immortal flower, stretched out her hand to collect it.

But what surprised Gu Yue was that he couldn't collect it.

"Huh! How is this going? Why is this tree vine so strong? It can't be pulled for a long time!"

Gu Yue looked at the long vines connected to the Immortal Flower in surprise, then drew out his long sword and slashed at the vines.

However, when he slashed down with his sword, there was no sword left on the vines at all. Hurt..

Chapter 3197

This immediately shocked Gu Yue: "Hey! What kind of tree vine is this? There isn't even a sword mark when you hit it with a sword. Is this some kind of sacred tree that is hard to be hurt by a sword?"

"Unlikely?"

Han Che and Liu Xian were also surprised when they looked at the place where the vine was cut. Sure enough, there were no sword marks at all.

"Huh! How strange!"

But just when the three of them were very surprised, a sudden change occurred in the field.

The snow-white jade bud suddenly bloomed, revealing two rows of white teeth, and then with a 'swish', it shot towards the unprepared Gu. Yue's head was bitten off.

With a "click" sound, Gu Yue's head was bitten off.

Gu Yue instantly turned into a headless corpse, blood spurted out from the neck, and then collapsed.

Seeing this change, Liu Xian and Han Che roared in horror, turned around and ran out of the col.

But at this moment, the other eight vines seemed to come alive, like eight giant pythons, rushing toward the two of them like lightning.

The eight buds on the top of the eight vines also bloomed, revealing sharp teeth, like eight bloody mouths.

With a shrill scream, Liu Xian was slow to react and was immediately wrapped in a vine. , the sharp thorns pierced into his body mercilessly, and actually began to absorb the essence and blood in his body.

Liu Xian's body also withered in an instant.

At the same time, Han Che avoided the bite of an immortal flower behind him.

But no wait Han Che felt lucky. The ground beneath him suddenly said, "Whoosh! Whoosh!" The ground stabbed out more than a dozen tree roots like spears, instantly pricking Han Che with holes.

Then, those tree roots directly wrapped around Han Che. Che's body was dragged into the ground.

In just a moment, three sixth-level masters were killed.

From the sky, Qing Tianqi saw this scene and was extremely shocked.

Immediately, he thought of something, A look of surprise appeared on his face again

"I know, this is a mutant tree. It is said that some spiritual trees have self-generated 'Tao thoughts' due to the creation of heaven and earth. Dao thoughts have souls, but any spiritual tree that produces Dao thoughts will mutate and naturally produce soul consciousness."

"It's just that their soul consciousness is very hazy, and many of them are instincts, a survival instinct. This mutated spiritual tree should exist between animals and plants"

"All mutated spiritual trees belong to the seventh level because of the presence of Taoism, but their strength is weaker than ordinary seventh level warriors. However, even if they are weaker, it is very easy for these mutated spiritual trees to instantly kill a sixth-level warrior! It seemed that the deaths of Gu Yue and the others were not unjust."

Thinking of this, Qingtian Qi said to himself again

"Since it is a mutant spirit tree, it must have the core of the wood spirit. This wood spirit core is a kind of existence between the inner elixir and the natural sky fire spirit. Human beings can be refined. After refining the core of the wood spirit, you can not only greatly improve your cultivation level, but also have a 50% chance of obtaining the Taoist realm of the mutated spirit tree."

"The Tao realm of this mutated immortal tree must be the wood-based Tao of immortality. If I can get its spiritual core, I will be able to understand the Tao of immortality very quickly. After all, I am a descendant of the Qing family, and we, the descendants of the Qing family, have a very keen understanding of the way to immortality."

Thinking of this, Qingtian Qi became very excited and wanted to immediately kill the spiritual tree below and take out its spiritual core.

However, he also knew in his heart that the mutated spiritual tree below was equivalent to a seventh-level existence and could easily kill him instantly. , so Qingtian Qi did not dare to approach easily.

At the moment, Qingtian Qi estimated the length of the vines of the spiritual tree and estimated the attack range of the spiritual tree in the air.

Then, he slowly lowered his height and was within the attack range of the spiritual tree. The edge of the tree stopped, and then the two swords attacked the spiritual tree crazily.

I saw the dragon breaking through the sky, blasting towards the spiritual tree one after another.

For a time, there were constant explosions in the mountain col.

Under the Qingtian Qi The mutant spirit tree immediately sensed the attack. The nine long poles stood straight up and attacked Qingtian Qi in the air with claws and teeth. However, the length was not long enough and could not attack Qingtian Qi.

"Why! It seems I can't hurt this guy at all!"

Qingtian Qi blasted wildly for a while, but found that his strongest attack, 'Dragon Breaking the Sky', could not leave any scars on the spiritual tree and could not harm the spiritual tree at all.

At that moment, Qingtian Qi had no choice but to stop. Attack, my mind started spinning again..

Chapter 3198

"Since the attack is ineffective, I wonder if the spiritual fire will harm it?"

Thinking of this, Qingtian Qi shot out a large ball of spiritual fire with one palm and burned it towards the spiritual tree.

But as soon as the spiritual fire landed on the spiritual tree, the green light of the spiritual tree flashed, extinguishing the spiritual fire in an instant.

Seeing this, Qing Tianqi felt helpless.

It seemed that his current strength could not harm the mutant spirit tree at all. Perhaps only a seventh-level warrior could deal with it, and his strength was far from that of a seventh-level warrior.

He wanted to It was impossible to deal with this spiritual tree.

Was he going to give up like this?

No! To him, the 'spiritual core' of this mutant spiritual tree was almost like a Dao fruit. How could he miss such a good opportunity?

It seems that I can only use the last trump card, let Ling'er come out to help destroy it!

Thinking of this, Qing Tianqi moved his mind and took out the blood soul bead from the space of the God of War Order.

But just as he took it out, the blood soul bead was Beating violently in his hands

"Huh! This is?"

Before Qingtian Qi could figure out what was going on, the blood soul pearl flew out of Qingtian Qi's hand with a swish, then turned into a streak of blood and flew rapidly in one direction.

"not good!"

Qingtian Qi was shocked and immediately chased after the blood soul bead.

But the blood soul bead flew away very fast. In the blink of an eye, it was already ten miles away, leaving Qingtian Qi far behind. After a moment, it disappeared from Qingtian Qi's body. In the field of vision,

Qing Tianqi was stunned for a moment, looking stupidly at the direction where the blood bead disappeared, not knowing what to do.

However, he soon understood what was going on.

Because the direction in which the blood bead flew , exactly in the direction of the annex of the Temple of War.

Apparently there was some magical power in the annex that had a reaction with the blood bead, and this was how it sucked the blood bead away.

"I think the Blood Soul Pearl was sucked into the Affiliated Palace. Could it be that the God of War didn't want me to use Ling'er's power so he did this? Is the God of War not dead?"

This thought suddenly appeared in his mind, and Qingtian Qi himself was shocked.

Immediately, he shook his head and said:"If the God of War is not dead, then how could Ling'er recognize me as his master? This is really confusing!"

"Why! Forget it, no matter what, now that the Blood Soul Pearl is lost, Ling'er can't summon it. To deal with the mutant spirit tree below, I can only rely on myself."

Thinking of this, Qingtian Qi turned to look at the spiritual tree below again.

He saw the mutated spiritual tree below, and the nine long vines were still showing their teeth and claws in the air.

However, Qingtian Qi was overly motivated, and without Ling'er's help, he could not. There was no way to deal with this mutated spirit tree.

At this moment, Qing Tianqi's eyes suddenly touched the three spiritual weapons scattered on the ground, and his eyes lit up again.

Those three spiritual weapons were all top-notch offensive spiritual weapons. It was dropped by Gu Yue and the others.

At this moment, the bodies of the Gu Yue and the others had been dragged underground by the roots of the mutant spirit tree and used as nutrients.

However, some of the weapons on the three of them were scattered on the ground.

Except for In addition, there were some pill bottles and many spiritual crystals scattered on the ground.

Next, Qingtian Qi discovered that there were other spiritual weapons scattered in some dark corners, all of which were covered with dust. The spiritual light of the spiritual weapons was not dropped by Gu Yue and the others.

These spiritual weapons should have been dropped by other explorers. It seems that this mutated spiritual tree has hunted many explorers before!

I don't know what this means. How many people have died in Chushan'ao?

Although he has temporarily dealt with the demon tree, he can't let go of the ownerless treasures in this place!

It's just that he can't get close to the demon tree now, and he can't pick up those things. It seems that he can only He can think of other ways.

It seems that this matter cannot be rushed. He should recover from his injuries first and then slowly think of a way!

Thinking of this, he flew away from the mutant spirit tree and landed a hundred meters outside the mountain col.

According to his It was estimated that that was the edge of the mutant spirit tree's attack range.

As soon as the blue sky fell, his expression changed slightly, and he quickly turned his head to look somewhere in the jungle.

"Huh! Another person came, it seemed there were quite a few."

Thinking of this, Qingtian Qi's figure flashed and hid in a dark corner...

Chapter 3199

Soon, there was a sound of footsteps in the distance and the sound of many people talking.

"Judging from the footprints on the ground, they should be walking in this direction."

"Um! Let's follow!"

After a while, an expedition team of more than 20 people came out of the depths of the jungle.

As soon as he saw the three leaders, Qingtian Qi suddenly became furious, because those three people were none other than the ones who had identified him earlier. The three speculators.

At this moment, these three people were following the traces and ran straight towards the mountain col.

"It's this direction, the four of them are in the mountain col ahead."

"Huh! Why is there no sound of fighting inside? Are all four of them dead?"

"It should be! That's right, baby!"

As soon as these words fell, everyone immediately rushed towards the mountain col like a flying arrow.

In just a moment, everyone rushed into the mountain col like a tide.

Immediately, a surprise cheer came from the mountain col.

"Oh my God! It's the longevity flower!"

"Grass! Stop it! I saw this flower first!"

"Oh shit! Do you dare to kill me? you wanna die!"

Immediately afterwards, the sound of fierce fighting came from the valley.

Outside the mountain col, Qingtianqi hid in the corner and secretly laughed.

Sure enough, not long after, shrill screams and roars suddenly came from the mountain col.

"Run! It's a tree spirit! ah!!"

For a while, screams could be heard one after another in the mountain col.

After a while, the silence was restored.

"More than twenty more died!"

In the corner, Qing Tianqi silently calculated

"Not to mention anything else, these people dropped a lot of things after their death! Collected together, it must be another big harvest. However, I am at my wits' end now, so I'd better heal the injury first and then think of a solution after the injury is under control."

At that moment, Qingtian Qi took out a pill, swallowed it, and silently healed the injury in the corner.

After half a day, Qingtian Qi's injuries were basically under control, and he stopped healing.

This was also because it was not far away. The fragrance of longevity flowers wafted over, and with the help of those fragrances, Qingtian Qi's recovery from his injuries accelerated.

Of course, Qingtian Qi's injuries were only under control, and there was still some distance from being completely healed.

After stopping the healing, Qingtian Qi I came up with the idea of the demonic tree again.

"One thing I have never thought about carefully is that these mutant spirit trees have no mouth, eyes, nose, or ears. How do they rely on to attack their targets?"

When he thought of this, Qing Tianqi seemed to feel that he had grasped something important, and his eyes suddenly lit up.

Immediately, he summoned the Crazy Centipede with a Human Face.

"Not sure if my guess is correct? Crazy centipede with a human face, go in and have a look!"

As soon as the Crazy Human-Faced Centipede got the order, he neighed a few times and then walked towards the mountain col.

Qingtian Qi also opened his Heavenly Feather Divine Wings and flew into the air to observe from a distance.

Soon, the Crazy Human-Faced Centipede entered. In the mountain col, people were surrounding the mutant spirit tree.

But what was surprising was that the mutant spirit tree didn't attack it, as if it couldn't feel the presence of the human-faced centipede.

Seeing this, Qing Tianqi's face showed joy, and he thought Said: "It seems that my guess is correct. This mutant spirit tree uses life essence to lock the target. As long as there is life essence, it can sense it, so when humans enter, they will inevitably be attacked."

"And this crazy human-faced centipede is just a puppet beast, and there is no life essence in its body, so it does not regard it as the target of attack."

"This should be an instinct of the mutant spirit tree. It needs some life essence as nutrients. It should regard the humans who break in as its food. However, this is easier for me. I can find a way to get that unowned treasure."

Thinking of this, Qing Tianqi smiled slightly and fell from the air. At the same time, he also summoned the soul-seal puppet beast back.

He did not dare to let the soul-seal puppet beast take the initiative to attack the mutant spirit tree. If he did so, he would inevitably suffer from the mutation. The spirit tree's counterattack.

With the strength of the soul-seal puppet beast, it was naturally unable to withstand the attack of the mutated spirit tree.

Summoning back the human-faced mad centipede, Qingtian Qi released the possessed puppet.

At that moment, the possessed puppet was Under the control of Qingtian Qifenhun, he entered the mountain col and began to search for treasures on the ground..

Chapter 3200

Soon, all the spiritual weapons, spiritual crystals and the like scattered on the ground were collected by the possessed puppets.

Qingtian Qi casually counted and found that there were three top-quality spiritual weapons harvested, more than forty ordinary spiritual weapons, more than a dozen ordinary spiritual crystals, and some medicinal pills and martial arts.

Such a harvest made Qingtian Qi secretly happy.

Of course, the treasures in this mountain col are far more than these.....

Next, Qing Tianqi's split soul began to control the puppet to dig into the ground, dig out the corpses dragged underground by the mutant spirit tree, and then search for treasures from those corpses.

Because most of the treasures are in those corpses.

However, this will be a huge project.

Digging corpses out of the ground to search for treasure is not only time-consuming, but also requires extreme care not to offend the mutant spirit tree.....

At the moment, Qingtian Qi no longer cares about these things and leaves these matters to his own soul.....

He himself found a hidden place near the mountain col to heal his injuries, while the Man-Faced Centipede was standing by to protect him.

A day later, Qing Tianqi's injury was almost healed, and he began to take out the top-grade earth element spiritual crystal.

Looking at the top-grade spiritual crystal that exuded spiritual light in his hand, Qingtian Qi couldn't help but show excitement in his eyes.

After he absorbs the energy from this top-grade earth element spiritual crystal, his earth element cultivation level will definitely be raised to the peak of the sixth level.

By then, his strength will definitely improve a lot.

Then his chances of entering the third floor of the temple will be greatly enhanced!"

Thinking of this, Qingtian Qi impatiently began to absorb the energy from the top-quality spiritual crystal.

Now, the blood orb in his hand was inexplicably sucked away by the temple. He had nothing to rely on anymore. He wanted to enter the temple, but He can rely on his own strength, so he is eager to improve his strength.

After all, Qingtian Qi will face the competition with seventh-level warriors for ten places to enter the third level.

At this moment, Qingtian Qi no longer wastes time and begins to absorb that The energy in the top-quality spiritual crystal.

Time flies, and ten days have passed in the blink of an eye.

It has been seventeen days since Qingtian Qi entered this broken soul.

In these seventeen days, more and more people have discovered the spiritual crystal valley, more than There were several times more in the past few days.

Qingtian Qi's souls also dug up more than 70 corpses in these days. Those corpses were sucked into mummies, but they did not rot.

Qingtian Qi obtained from these corpses The harvest was naturally very rich.

Among them, more than thirty pieces of light spirit crystals were harvested.

However, what pleased Qingtian Qi the most was that he also obtained the fusion method of Han Che's "Double King's Shield".

Qingtian Qi's The separated soul has long since removed the 'Lion King's Shield', 'The three shields of Phoenix King Shield, Tiger King Shield and Tiger King Shield are almost fused, and they are not far away from the complete fusion of the three shields.

Now that Han Che has obtained the Double King Shield by merging the Whale King Shield and the Dragon King Shield, it is not far from the 'Five Shields in One'.

This makes Qingtian Qi very excited, because he is currently the worst in defense.

As his strength increases, Qing Tianqi encounters stronger and stronger opponents, and the martial arts he masters become stronger and stronger. His pseudo-top-level 'Five Elements Shield' has no advantage among warriors of the same level, so Qingtian Qi urgently needs a super defensive martial skill.

If Qingtian Qi can successfully integrate the 'Five Shields into One', Qingtian Qi will have a superb defensive martial skill similar to 'Dragon Breaking the Sky', and its defense will definitely stand out among those at the same level.

But that day, in a hidden place not far from the mountain col.

Qing Tianqi was on the side absorbing spiritual crystals to improve his cultivation.

'Hun' is thinking about combining the 'five shields into one'.

The man-faced centipede stood guarding silently.

The Monkey King was also eating the spiritual fruit while carefully alerting himself to any unusual movements around him.

The group of people cooperated very well.....

In fact, in the past ten days, two groups of people have come in, accidentally broke into the mountain col, and finally died under the mutant spirit tree.

But at this moment, the Monkey King, who was eating the spiritual fruit, suddenly felt something moving behind him. He quickly turned around and saw Qing Tianqi waking up from meditation, with a happy look on his face again.

"Qin Chuan, have you made any progress again?"

"Ha ha!! yes!"

Qingtian stood up with a smile.

"This time I refined five spiritual crystals in one breath, and my strength has increased a lot. I wonder if I can hurt the mutant spiritual tree this time. Tong Yu, you stay here first, I'll come as soon as I go!"

At that moment, Qing Tianqi radiated all the momentum from his body and enveloped the entire audience instantly.

The Monkey King froze immediately, with a look of horror in his eyes again.

"What a strong momentum! Looking at the momentum Qin Chuan just exuded, I am afraid Wu has reached the strength of 1.3 million people. This is really terrifying!"..
