

## God level 3201

### Chapter 3201

This time, Qing Tianqi not only refined the top-grade spiritual crystal, raising his earth cultivation level to the peak of the sixth level in one fell swoop, he also refined more than a dozen ordinary spiritual crystals, raising his comprehensive combat power to the sixth level in one fell swoop. The strength of 1.3 million people.

Now, even if he meets Gu Yue again, Qingtian Qi will dare to fight her.

With his current basic combat power and the super power of 'Dragon Breaking the Sky', his strongest attack power should be as high as Gu Yue's strongest blow.

His speed should be comparable to Gu Yue. If I fight Gu Yue again, who will live and who will die?

However, Liu Xian and Han Che are definitely not his opponents.

Thinking of this, Qing Tianqi showed a proud smile, and then strode towards the mountain col.

He wanted to see if he could hurt the mutated spirit tree with his strongest attack now that his strength had greatly increased.

In fact, during this period of time, Qingtian Qi would try it every time he improved his strength.

Just when Qing Tianqi was about to approach the mountain col, his heart moved and his face showed joy again.

"Huh! Qiuqiu guy finally woke up!"

At that moment, Qing Tianqi quickly made seals with his hands, opened the psychic space and released the ball. As soon as the ball landed on the ground, he threw himself into Qing Tianqi's arms with joy on his face.

"brat! You can really sleep! This time I have been sleeping for more than a month. I wonder if you have made any progress?"

"Gujiguji!"

Qiuqiu raised his little mouth and nodded repeatedly with a proud look on his face.

Qingtian Qi touched Qiuqiu's fluffy little head and said with a smile:"Seeing that you are so proud, your strength must have increased a lot. Come on, transform and let me see how much stronger you have become."

"Gujiguji!"

Qiuqiu nodded obediently, jumped down from Qingtian Qi's arms, then roared and rose into the wind. In a blink of an eye, he turned into a fighting state with the head of a dragon and the body of a lion, and an astonishing momentum spread out. As soon as he felt that With such amazing momentum, Qing Tianqi's face showed a look of joy

"good! Sure enough, after advancing to the sixth level of Dzogchen, the basic combat power has actually increased to the strength of 900,000 people. Huh! wrong."

Just when Qing Tianqi finished these words, Qiuqiu roared again and started his second transformation. In an instant, a second head appeared.

As the second head appeared, Qiuqiu's momentum also increased rapidly. Improved, reaching the strength of 1.3 million people in a moment, which was the same as Qingtian Qi's combat power.

Qingtian Qi immediately opened his eyes in horror.

Then, he laughed with ecstasy and said:"Haha!! Well done, Qiuqiu! Let's channel and merge together now. You and I will go deal with a demon tree."

"Roar!"

Qiuqiu immediately roared happily.

Qingtian Qi quickly pressed the seal and shouted: "Psychic Technique - Psychic Fusion!"

Then Qiuqiu's body turned into light and merged with Qingtian Qi.

In the blink of an eye, Qingtian Qi transformed into a white-haired young man with divine eyes on his forehead and two wings on his back. His aura instantly reached 180 The power of 120,000 people.

The aura instantly covered a radius of nearly a kilometer. Even the monkey king who was far away felt the terrifying aura and looked towards Qingtian Qi with a look of horror on his face. He felt that his whole body was filled with violence. With the power, Qingtian Qi's confidence surged, and he looked up to the sky and smiled heroically.

Then, he sprayed out two sword spirits to merge with the two swords, and flew over the mountain col with a vibration of his wings.

Soon, Qingtian Qi flew to the mountain col. Above, looking down at the mutated spiritual tree below

"Demon tree! I don't believe it. I can't break your defense this time. The dragon breaks through the sky!"

Qingtian Qi roared, and struck down with a sword. The hundred-foot-long colorful dragon flew out and attacked an immortal flower directly.

Boom!

There was a loud noise, the valley shook, and dust and smoke rose!

Wait until the dust settles. Finally, Qing Tianqi was surprised to find that the longevity flower was as white as jade, without any damage.

Chapter 3202

This immediately caused Qingtian Qi to be greatly frustrated.

"No way! The attack power of my attack has already exceeded the power of four million people, and is not far away from the power of five million people. No one below the seventh level can take it, so why can't it hurt this demon tree at all?"

"Doesn't it mean that the strength of this mutant spirit tree is worse than that of a seventh-level warrior? The basic defense should be lower than that of a seventh-level warrior! Why can't I break through its defense?"

Qing Tianqi looked at the spiritual tree, feeling very unwilling.

"By the way, Qiuqiu has advanced to the sixth level of perfection this time, and the divine light of destruction has evolved into five haloes, and it should be more powerful than before. I wonder if the power of this Destroying Divine Light is greater than that of Dragon Breaking the Sky?"

Thinking of this, the third eye between Qingtian Qi's eyebrows suddenly opened, and five haloes of light rippled out, emitting a strange brilliance.

Then, he snorted coldly, frowned, and a dazzling white light came from that third eye. Three eyes shot out.

Phew!

The divine light of destruction instantly attacked the petals of the longevity flower, leaving a shallow white mark on the petals.

The longevity flower seemed to feel a little sting, trembled, and then seemed to Angry, the petals opened with a swish, revealing two rows of teeth, and they bit the blue sky in the air. At the same time

, the other eight immortal flowers were also stimulated, and they bit the blue sky in the sky at the same time.

Unfortunately, their attack range is limited and they cannot attack Qingtian Qi.

Qingtian Qi immediately laughed proudly and said:"Haha!! It turns out that the strength of five million people is your limit. The attack just now seems to have reached the limit of your defense."

It turns out that the power of the strike of the Destruction Divine Light just now has reached the power of five million people.

Unexpectedly, after the Destruction Divine Light evolved into five haloes, its power was even stronger than Dragon Breaking the Sky. This power should reach the level of super-premium martial arts. The power has reached its limit.

If the divine light of destruction evolves into six haloes, its power will definitely reach the level of a semi-divine skill.

Semi-divine skills can only appear in the hands of ninth-level warriors. It seems that it won't be long before I can possess a skill worthy of It was a trick that was even more powerful than a semi-divine skill.

Thinking of this, Qing Tianqi laughed triumphantly.

Then, he looked at the nine immortal flowers arrogantly displayed below, immediately locked on one, and shot the divine light of destruction at it continuously, and in one breath he It shot out more than twenty rays of divine light of destruction, leaving more than twenty white marks on the longevity flower.

But the green light of the longevity flower flashed, and the more than twenty white marks disappeared.

At the same time, Qingtian Qi also felt that his brain was starting to feel drowsy.

This Destruction Divine Light was different from Dragon Breaking the Sky. It had a limit on the number of times it could be used. Qingtian Qi could not use it indefinitely.

"It seems that I can't deal with this demon tree now. I have to continue to improve my strength. Anyway, I have a lot of spiritual crystals on me."

Thinking of this, Qingtian Qi was about to leave

But at this moment, the nine immortal flowers suddenly opened their mouths and sprayed out white mist.

As soon as he saw the white mist, Qingtian Qi became alert, quickly held his breath, and activated the Five Elements Shield at the same time.

But as soon as the white mist came into contact with the Five Elements Shield, it immediately began to corrode the light shield.

It only took a moment for the light shield to be corroded and dimmed.

Seeing this, Qing Tianqi was horrified and quickly escaped from the fog area.

After a long while, he looked at the white mist from a distance, with a complicated look on his face.

"I didn't expect that this demon tree has another trick. It seems that it is harder to deal with it than I thought! Forget it, it's useless to think so much, I'd better improve my strength quickly."

Thinking of this, Qingtian Qi flew back to the place where he had previously secluded himself, and then released the whole-body combination.

When the Monkey King saw Qingtian Qi coming back, he asked:"How is the progress this time?"

"We have figured out the basic defense limit of the tree demon, which is about five million people. Now my strongest attack only reaches this edge, and can't really hurt it yet. It seems that I can only improve some strength first. Tong Yu, I'm going to ask you to help me with the warning next."

"Um! no problem!"

"good! Thank you very much!"

At this moment, Qingtian Qi stopped wasting time and took out a few more spirit crystals, seizing the time to improve his strength. The

'hun' on the side also took out a broken spirit armor and gave it to Qiuqiu as food.

Last time , the soul dug out no less than sixty pieces of spirit armor, but unfortunately 90% of them were broken.

Qingtian Qi gave those broken spirit armors to Qiuqiu as food.

The energy provided by those spirit armors was much stronger than those of the spirit fruits. Now, Qingtian Qi believes that Qiuqiu's strength will increase rapidly after eating those broken spirit armors..

Chapter 3203

In this way, Qing Tianqi began to practice hard.

Qiuqiu also understood what Qing Tianqi meant, and started eating wildly.

Time flies, and six days have passed in the blink of an eye.

This is the twenty-third day since Qing Tianqi entered Broken Soul Ridge, and there are only seven days until the gate of the temple opens.

In the past six days, many more people have entered the Spiritual Crystal Valley.

But on this day, in the sky above the mountain col where the mutated spiritual tree was located, there was a multicolored light shield in the blue sky. In a cloud of white mist, it continuously shot out the divine light of destruction towards an immortal flower.

I saw the shadows of five kings and giant beasts constantly appearing around the five-colored light shield.

This five-colored light shield is the super-premium defensive martial skill - the Shield of the King, which Qingtian Qi's split soul has recently successfully integrated into the five king's shields.

With the King's Shield, Qingtian Qi's defensive power has greatly increased, and his overall strength has also greatly increased.

Nowadays, Qingtian Qi's attack speed and defense are far incomparable among warriors of the same level. He is confident that among the warriors below the seventh level in the entire Tianfeng Continent, there should be few or none who can be his opponent.

Of course, in these six days, Qingtian Qi acquired more than just one super-premium defensive martial skill.

During these six days, he stayed awake day and night, refining twelve spiritual crystals, and increased his basic combat power to the strength of 1.4 million people in one fell swoop.

Qiuqiu also overate and drank in six days. He ate more than 20 pieces of broken spirit armor in one go, and his basic combat power increased to 1.35 million people.

Today, the combined combat strength of Qingtian Qi Channeling Spirits has reached 1.94 million people, which is rarely compared to anyone at the same level.

In fact, even if someone at the same level has slightly better basic combat skills than Qingtian Qi, he may not be Qingtian Qi's opponent.

Unless that person is like Qing Tianqi, possessing super speed, defense and attack skills, as well as soul skills that are hard to guard against. call out!

There was a loud noise!

The Divine Light of Destruction hit one of the immortal flowers, leaving a small tear on the petals. This damage was much greater than the damage caused six days ago.

Obviously, the improvement of basic combat power has enhanced the power of Qingtian Qi's Divine Light of Destruction.

However, the divine light of destruction left a wound on the petals. A burst of green light flashed, and the petals returned to their original state.

"no! I still can't hurt it if this continues!"

In the air, Qing Tianqi sighed helplessly.

The shield of the king around him had been somewhat dimmed by the white mist, and could not support it for long.

At that moment, Qing Tianqi had no choice but to give up and escape from the air again.

But when he escaped from the air After falling, there was another sound of footsteps and the voices of some people in the depths of the jungle not far away.

"Huh! Someone else is coming."

At that moment, Qingtian Qi immediately hid his aura and hid in the dark corner of the jungle.

Soon, two people walked out of the depths of the jungle.

The first one was a middle-aged man with a warm jade face.

Following the middle-aged man, But it was an old man with gray hair.

When Qingtian Qi saw the middle-aged man, his eyes immediately showed horror, and he was secretly shocked:"This man is actually a seventh-level warrior, it seems I have to be careful!"

At this time, the gray-haired old man pointed to the mountain col not far away and said respectfully to the middle-aged man:"Senior Wen! This strange fragrance comes from the mountain col ahead."

"Um!"

The middle-aged man nodded slightly.

"Let's go over and take a look!"

At that moment, the two of them walked towards the mountain col.

Seeing this scene, the blue sky sank in unison.

"Why! It seems that the mutant spirit tree was discovered by the seventh-level warrior after all. With this seventh-level warrior taking action, it seems that the core of the wood spirit is no longer mine!"

Just when Qing Tianqi was feeling depressed, the middle-aged man who was approaching the entrance of the mountain suddenly stopped and turned to look in the direction where the Monkey King and the possessed puppet were hiding, with a hint of doubt in his eyes.

Immediately, he ordered the old man beside him: "Lian Yun, there seems to be someone hidden in that direction. Go and take a look."

"yes! senior!"

At that moment, the old man's figure flashed and rushed towards the direction where the Monkey King and the possessed puppet were hiding..

Chapter 3204

In fact, when the middle-aged man turned his head to look at the place where the Monkey King and the possessed puppet were hiding, Qingtian Qi was horrified. He was extremely worried that the middle-aged man would go over to investigate.

If the middle-aged man passes by, the possessed puppet and the monkey king will definitely not be able to escape from the middle-aged man's grasp. After all, the middle-aged man is a seventh-level warrior.

Fortunately, the man seemed to be more concerned about the things inside the col. He did not go there to check it out in person. Instead, he sent the old man following him to check it out.

Seeing this, Qingtian, who was hiding aside, breathed a sigh of relief.

The old man was just a sixth-level peak warrior.

The fighting strength of a sixth-level peak warrior is only 300,000 people. Even if the old man is a Taoist, his combat strength is only about 400,000 people at most.

Generally speaking, the basic combat power of a Taoist is about 40% higher than that of a warrior of the same level.

Therefore, the basic combat strength of an ordinary sixth-level Dzogchen pinnacle warrior is the strength of 700,000 people, but a master can reach the strength of one million people.

Of course, after attaining the Tao, its basic combat effectiveness does not suddenly increase by 40%. There is still a month of Tao integration process in between.

When Qing Tianqi first gained the Tao, his fire spiritual power was only 350,000 strong. However, after a month of fusion, he had already completely digested the Tao thoughts, and now his fire spiritual power has already reached four. The power of more than 100,000 people is even higher than the power of earth spiritual power, which is also at the peak of the sixth level.

This is the difference in strength between those who have achieved Taoism and those who have not achieved Taoism.

To put it simply, in the same system, if a warrior obtains the first level, his basic combat effectiveness will be increased by about 40%; if he obtains the second level, his basic combat effectiveness will be increased by about 50%; and if he obtains the third level, his basic combat effectiveness will be increased by about 60%.

Therefore, although Gu Yue is a sixth-order Dzogchen pinnacle warrior of a single line, he possesses two, so his basic combat power can reach 1.5 million people.

And Gu Yue has the help of 'Domain', which can control the vitality of heaven and earth. During battle, his basic combat power can be increased to the strength of 1.8 million people, which is better than dual-system warriors of the same level.

Of course, it is extremely rare for people to be able to comprehend two paths of the same lineage at the sixth level. This is much more difficult than for a dual-lineage warrior to realize two lines and two paths. The proportion is even rarer among millions of sixth-level warriors. one.

Even among seventh-level warriors, those who can comprehend two realms within the same lineage are only one in a thousand.

In fact, the higher the level of warriors, the rarer they become.

In some small countries, there are only more than a hundred seventh-level warriors in the entire country, and there are only a dozen or so eighth-level warriors.

But it was said that after the old man left, the middle-aged man turned around and walked towards the mountain col.

But Qing Tianqi hid in the dark and dared not move.

Soon, the middle-aged man's laughter and fighting sounds came from the mountain col.

"Ha ha!! It turns out to be a mutated spirit tree. It seems that I, Wen Xuan, am quite lucky to encounter such a unique treasure here. The wood spirit core of this mutant spirit tree is a treasure! And the rattan of this mutant spirit tree is also a good material for refining wooden semi-artifacts! Huh! Demon tree, are you still coming?"

There were just huge explosions and shouts coming from the mountain col.

Qingtian Qi couldn't see clearly what was going on inside from outside the mountain col. Naturally, he didn't know the outcome of the battle between Wen Xuan and the mutated longevity tree.

The mutated longevity tree After all, Shenghua is a seventh-level existence. Although it is not as good as a seventh-level warrior, it should take some time for a seventh-level warrior to kill it.

Why not, I will take this opportunity to fish in troubled waters. I wonder if I can succeed?

Thinking of this, Qingtian Qi gathered his breath, quietly walked out of the hiding place, and then rushed towards the hiding place of the Monkey King.

But on the other side, the Monkey King was eating the spiritual fruit and was on guard everywhere. The man-faced maniac Centipede also lay quietly aside.

They were all guarding the possessed puppet..

Chapter 3205

At this moment, Qing Tianqi's split soul is comprehending the path of destruction among the three golden paths.

Last time, Qing Tianqi's split soul found a notebook on Gu Yue's body, which was Gu Yue's personal account of his enlightenment.

Naturally, Qingtian Qi was ecstatic to get that note.

Because the content in that note can help Qingtian Qi avoid many detours in the process of understanding the three paths of the metal system.

It's a pity that Qingtian Qi has not had time to read the diary during this time.

After the split soul completed the fusion task, Qingtian Qi handed over the task of understanding the Golden Way to the split soul.

As long as the split soul realizes the 'Destruction of Gold', it is equivalent to Qingtian Qi realizing it.

After all, that soul is part of Qingtian Qi.

But it was said that the soul was immersed in enlightenment, and suddenly he woke up and immediately stood up under the control of the possessed puppet.

Seeing this, the Monkey King hurriedly asked: "Qinchuan, what's wrong?"

During this time, the Monkey King already knew that this part of the soul was a part of Qingtian Qi, so he also called the part of Qin Chuan.

"Let's get out of here first, someone is coming!"

There is a soul connection between Fenhun and Qingtianqi, information is shared, and they suddenly become alert.

"What? somebody is coming?"

The monkey king's eyes showed surprise.

"Um! Let's leave quickly!"

At that moment, the god-possessed puppet and the monkey king hurriedly left the place.

The human-faced centipede also escaped underground under the order of the split soul.

Not long after the god-possessed puppet and others left, the old man rushed to the scene

"There are many footprints and paw prints on the ground. Senior Wen is indeed right. Someone has stayed here. But where did those people go? Did he run away after hearing the news?"

At that moment, Lian Jue quickly observed the signs around him, trying to find out the direction in which the possessed puppet and others had left.

But at this moment, a sound suddenly broke through the air behind him.

Lian Jue was horrified and quickly turned his head.

But as soon as Lian Jue turned his head, he saw a black shadow coming towards him.

But before he could shout in surprise, a heavy blow hit him on the top of his head, knocking him out immediately.

This person was none other than someone else. It was Qingtian Qi who came after him. After knocking Lian Jue unconscious, Qingtian Qi quickly sent a telepathic message to separate his souls and let them come back again.

Everything was done quietly, without disturbing Wen Xu who was thousands of meters away.

Then, Qingtian Qi put his hand on Lian Jue's head. With a thought, he used his 'psychic heart' to obtain Lian Jue's memories of the past three days. After a while, Qing Tian Qi slowly opened his eyes.

It turned out that this guy's name was Lian Jue, that seventh-level warrior is called Wen Xu, and they are both from the Wanliu Kingdom in Zhongzhou.

Although this Lian Jue looks old, he is actually much younger than that Wen Xu!

There is some distant blood relationship between them. So Wen Xu trusted him very much and let Lian Jue follow him all the way.

It seemed that this old man still had some use value.

Thinking of this, Qing Tianqi's eyes suddenly lit up.

And at this moment, another set of footsteps sounded in the jungle. There was a sound, but it was the Monkey King and the god-possessed puppet who rushed back.

"Qin Chuan, who is this guy?"

The Monkey King was surprised when he saw Lian Jue passed out on the ground.

Qingtian Qi simply explained to him, and then said: "Tong Yu! Our situation is not good now, you'd better advance to the God of War Order space"

"no problem!"

At that moment, Qingtian Qi took both the god-possessed puppet and the monkey king into the space of the God of War Order, and then shouted in a low voice

"Crazy Centipede, come out!"

The Crazy Human-Faced Centipede emerged from the ground.

Immediately, Qingtian Qi gave several more orders to the Crazy Human-Faced Centipede.

The Crazy Human-Faced Centipede escaped into the ground again and disappeared..

Chapter 3206

After doing this, Qing Tianqi came to the unconscious Lian Jue again and looted all the more valuable things on his body, except for the weapons.

Afterwards, Qingtian Qicai helped him sit up on the ground, then pressed his finger between Lian Jue's eyebrows and injected a burst of soul power.

Lian Jue suddenly woke up from his coma with a startle. When he opened his eyes, he saw a white-haired boy with three eyes on his forehead squatting in front of him. The boy's fingers were still pressed between his eyebrows.

Lian Jue was immediately horrified and wanted to ask.

But at this moment, Qing Tianqi shouted:"Magic!"

Immediately, Qing Tianqi's eyes glowed with a strange brilliance.....

As soon as Lian Jue saw Qing Tianqi's strange eyes, his eyes immediately became motionless and his expression gradually became dull.

"Enchanting! I am your lord! You are my slave! Deed!"

With another low shout, Qing Tianqi's eyes burst out with two rays of colored light, directly penetrating into Lian Jue's eyes. Lian

Jue's body suddenly shook, and after a moment of dull expression, he returned to normal, but his eyes were still dull. Wushen.

This is the first time Qingtian Qi has used the Mystic Technique on humans. The last time it was used on Qingtian Ling's psychic beast 'Xuanwu'.

The function of the Mystic Magic is to control others in a short period of time.

However, using The soul power of the magician must be two levels higher than the soul power of the subject.

Currently, the highest limit that Qingtian Qi can perform the magic of enchantment is to use it on sixth-level peak warriors.

Because Qingtian Qi's soul power is level five, That is, the level of a seventh-level warrior, and the soul power of a sixth-level peak warrior is only the third-level peak.

"follow me!"

Qingtian Qi stood up, without any emotion in his voice.

Lian Jue also stood up after Qing Tian Qi with dull eyes.

Then, Qing Tian Qi's figure flashed, and he took Lian Jue towards the mountain col.

Soon. , Qingtian Qi approached the entrance of the mountain col.

At this moment, the sound of fighting continued to be heard in the mountain col.

Qingtian Qi immediately restrained his breath, carefully sneaked into the entrance of the mountain col, and looked inside.

He saw that inside the mountain col, the warmth was turned on Holding a defensive shield and a long knife in his hand, he was fighting fiercely with Jiuduo Changshenghua.

"Ha ha!! Demon tree, do you think I don't know your vitals? As long as I cut off your trunk and the connecting parts of your trees, you will definitely die!"

After saying this, Wen Xu's figure flashed and rushed towards the body of the longevity tree.

But at this moment, an longevity flower opened its mouth and swallowed him.

Wen Xu immediately turned away and avoided the tree. Attacking an immortal flower, he casually raised the knife with his sword and cut off the immortal flower with a 'click'. The immortal flower quickly withered as soon as it hit the ground.

According to common sense, after the immortal flower is picked, it is impossible to appear. The phenomenon of withering.

However, this longevity tree has mutated, and its flowers are naturally different from those known in the past. However, after the longevity flower was chopped off with a knife, the broken part of the vine grew rapidly, and another long flower grew again. The flowers came out.

Seeing this, Wen Xu frowned:"The damn way to immortality! Demon tree, it seems that it will be difficult to kill you today without attacking your vital points!"

While he was speaking, eight other longevity flowers also attacked together.

Wen Xu immediately took a few steps back in fear.

Seeing this scene, Qing Tianqi, who was hidden at the entrance, was shocked.

"It seems that I underestimated this mutant spirit tree earlier. This guy's Taoist realm must be the way to immortality, and he can regenerate his limbs. Creatures that know the way of immortality are the most difficult to kill, unless you can attack its vital points in one fell swoop!"

"Previously, I wanted to kill this demonic tree on my own, but now that I think about it, it's really ridiculous. Forget it, I'll just wait and see how the battle progresses and fish in troubled waters!"

Thinking of this, Qingtian Qi's mind moved, and he secretly controlled Lian Jue.....

At that moment, Lian Jue walked to the entrance of the mountain col under the control of Qing Tianqi, and said respectfully to Wen Xu in the mountain col: "Senior Wen! There is no one in the place you mentioned before." At this moment, Wen Xu was fighting fiercely with the longevity tree. There was no time to pay attention to Lian Jue.

I saw him saying to Lian Jue without looking back: "It's okay if you don't! However, you have been gone for such a long time. You are guarding the entrance now to prevent some ignorant people from coming in and disturbing you. Everything will be destroyed when I am gone." Let's talk about the demon tree in front of us."

After saying this, Wen Xu ignored Lian Jue and continued to fight against the longevity tree..

Chapter 3207

Qingtian Qi is still hiding at the entrance, waiting for the opportunity.

Fortunately, he is a physical warrior and can control his body's aura very well. If it had been any other sixth-level warrior, Wen Xu would have discovered it long ago.

But Qing Tianqi observed silently for a while in the dark, and he was pleasantly surprised to find that although Wen Xu was a seventh-level warrior, he was actually a water warrior who had understood the way of ice.

Among all the seventh-level warriors, the one Qing Tianqi is least afraid of is the water warrior who understands the way of ice, because he possesses Xuanwu true blood and is naturally resistant to the power of cold.

If it were other seventh-level warriors, Qingtian Qi would definitely have a headache with their additional abilities.

However, even so, Qingtian Qi did not dare to be careless at all.

The basic combat power of a seventh-level warrior can reach as low as six million men.

Qingtian Qi wants to threaten the seventh-level warriors. In theory, its strongest attack power must exceed the strength of 600 people before it can pose any threat to the seventh-level warriors.

Today, Qingtian Qi's strongest attack is the Destroying Divine Light.

Generally speaking, the amplitude of top-level martial arts is about 80%, the amplitude of super-top-level martial arts is about 120%, and the power of semi-divine skills is about twice the amplitude.

Nowadays, the power of Qingtian Qi's dragon-breaking sky is only infinitely close to the power of five million people.

Such an attack power is not even qualified to harm a seventh-level warrior.

Although the lower limit of seventh-level warriors is six million people, in fact, the basic combat power of most seventh-level warriors exceeds this value.

If the seventh-level warriors used defensive martial arts again, Qingtian Qi would have no chance of breaking through their defenses.

However, Qing Tianqi was silently calculating the gap between himself and the seventh-level warrior.

At this moment, a sudden change occurred in the field.

In the field, Wen Xu seemed to be a little impatient with the longevity tree, and suddenly shouted: "Explode!" At that moment, the water energy in Wen Xu's body burst out, and a force of

coldness spread rapidly around, and in an instant, the energy of the water burst out. The entire immortal tree was frozen.

I saw a layer of white frost forming on the surface of the nine longevity flowers and the rattan, and their movement speed was instantly halved.

Na Wenxu took the opportunity to cut off the longevity flower in front of him with a single blow, and then took advantage of the speed of the other eight longevity flowers to slow down and not be able to stop him. He instantly launched his speed movement, broke through the defense of the eight longevity flowers, and approached the longevity tree. In front of the body.

But at this moment, there was another "swish" under the ground! Swish' stabbed out five or six tree roots like spears, piercing Wen Xu directly.

Wen Xu immediately jumped over in the air, avoiding the attack of those tree roots, and jumped directly to the body of the longevity tree.

But at this moment, the eight longevity flowers were already chasing after him, and they all opened their mouths to bite Wen Xu.

Wen Xu sneered, but did not dodge. He made a seal with one hand and opened the defensive shield. He waved the long knife with the other hand and shouted loudly.

"Demon tree! go to hell!"

I saw that the long knife immediately turned into a giant light knife and looked towards the tree trunk.

At the same time, the eight longevity flowers also attacked Wen Xu's defensive shield.

‘Click! ’

A crisp sound.

Under the simultaneous attack of eight longevity flowers, Wen Xu's defensive shield was instantly shattered.

But at this moment, Wen Xu's sword struck the tree trunk.

With a "click" sound, the Immortal Tree was immediately cut into two pieces with a single knife, a stream of blood-red sap also splashed out, and a strange cry came from the tree trunk.

At the same time, the eight longevity flowers that were attacking violently shrank in an instant and fell to the ground feebly.

Subsequently, the entire longevity tree also began to dry up.

Seeing this, Wen Xu immediately laughed proudly: "Haha!! Demonic tree! You will finally destroy it this time!"

After laughing, Wen Xu stepped forward and split the tree trunk with a knife, and a small tree suddenly appeared in the center of the trunk. A cyan core the size of a fist.

From a distance, the core appears to be somewhere between wood and crystal.

As soon as he saw the cyan heart core, Wen Xu's eyes immediately lit up, and he laughed and said, "Haha!! Sure enough, there is a heart core. It's not in vain that I have spent so much effort."

At that moment, he picked up the tip of the knife and cut off the wood. The core of the spirit is picked out from the trunk of the tree.

But just as he was about to suck the heart core into his hand, Lian Jue, who had been standing silently at the entrance, suddenly raised his head, with a stern look in his eyes, and raised his sword to stab Wen Xu in the back..

Chapter 3208

As soon as he heard the sound behind him, Wen Xu was stunned. He turned around quickly, only to see Lian Jue raising his sword to stab him.

This immediately made Wen Xu furious: "Lian Jue! What's wrong with you? How dare you attack me? You're looking for death!"

At the same time as he spoke, he struck Lian Jue through the air with one palm, as if he wanted to kill the guy below. Killed on the spot.

But just when Wen Xu was about to swing out his palm, he suddenly discovered something was wrong, that is, Lian Jue's eyes were dull and lifeless, not like normal people's eyes.

"Huh! It doesn't seem right!"

Wen Xu frowned, and the half-swinging palm gesture was immediately changed to sweeping, and the Lian Jue who was coming to be swept away was swept away.

But just as Wen Xu took out his hand to sweep away Lian Jue, something suddenly happened behind him. With a bang, the human-faced centipede that had been lurking underground for a long time burst out of the ground, opened its mouth and bit into the wood spirit core, swallowing the spirit core into its mouth in one bite.

"Evil beast! court death!"

Na Wenxu noticed immediately, and in a rage, he slapped the Crazy Human-Faced Centipede with a palm.

Under the attack of that palm, the Crazy Human-Faced Centipede was instantly killed. His body exploded and was torn into pieces by the bombardment of the palm. It turned into a pile of broken soil, splashing everywhere, and the spiritual core swallowed into its body also flew out with the explosion.

At this moment, Qingtian Qi, who was hiding at the entrance, immediately took action

"Mist concealment technique!"

Qing Tianqi suddenly used the Mist Hidden Technique, which instantly enveloped the entire mountain col.

The warm sight was suddenly blocked, and his eyes were completely white. He couldn't see clearly where the core of the wood spirit fell.

And the thick Qingtian Qi in the fog knew where the spiritual core fell. He immediately locked the target, and then used an earth escape technique to escape to the place where the spiritual core landed.

"not good! Someone wants to steal the spiritual core!"

At the same time, Wen Xu also reacted, feeling anxious. He immediately waved his hand and dispersed the thick fog. As soon as the thick fog dissipated, he saw a white-haired boy breaking through the ground more than ten meters ahead. Come out, reach out and grab the spiritual core in front of you

"Little bastard! you wanna die!"

Seeing this scene, Wen Xu was furious. He raised his hand and slashed at Qingtian Qixu.

An ice knife flew out from the tip of the knife and shot towards Qingtian Qi.

Qingtian Qi had just picked up the spiritual core when he saw an ice knife shooting at him. He was so frightened that he couldn't dodge.

In a hurry, he quickly put his wings in front of him and activated the 'King's Shield'.

Boom!

There was a loud noise, the light shield shattered, and broken feathers flew across the sky!

Ice knives flew into the sky. He immediately screamed, spitting out a large mouthful of blood with fragments of internal organs, and was struck by a knife into the mountain behind him, directly smashing the mountain into a large human-shaped pit five to six meters deep. He was not sure whether he was dead or alive.

Seeing a knife He split the blue sky into the mountain, and Wen Xu suddenly laughed proudly.

"Ha ha!! Damn little bastard, a little sixth-level warrior, he dares to think about my treasure and is seeking death!"

As soon as he finished speaking, Wen Xu's figure flashed and walked towards Qing Tianqi's body.

But at this moment, another white light flew from the human-shaped pit and shot directly towards his eyes.

Wen Xu was suddenly shocked:" Huh! Why isn't this kid dead?"

At the same time as he spoke, he blocked the attack of the light with one hand.

In fact, the white light was Qingtian Qi's divine light of destruction.

When Wen Xu put down his palm, he was surprised to find that the humanoid pit had already been  
There is no trace of Qing Tianqi

"not good! It's earth escape!"

Wen Xu yelled anxiously, rushed forward, and swung his knife to blast away the ground, immediately blowing up the big crater, causing the mountains to collapse and the ground to crack, creating a crater more than ten meters deep, but there was still no clear sky. There was no trace of him.

This immediately made Wen Xu so angry that he yelled like crazy.

"Little bastard! How dare you steal my things, I will tear you into pieces!"

At that moment, as soon as his figure flashed, he wanted to look for Qing Tianqi's figure in the surroundings, but there was no trace at all..

Chapter 3209

After a while, warm and angry roars and wild bombings came from the mountain col.

Just when Wen Xu was about to explode with anger, another timid figure appeared at the mountain pass.

This figure is none other than Lian Jue, who has just regained his consciousness.

At this moment, Lian Jue looked at the scene in the mountain col with horror. After a while, he timidly asked: "Senior Wen, what happened before?"

After hearing this, Wen Xu looked at Lian Jue with a ferocious expression. , and then suddenly said with a ferocious smile: "Idiot! It's all because of you! You should die too!"

At that moment, Wen Xu struck Lian Jue with a palm, blasting Lian Jue to death on the spot.

An hour later, in a remote jungle in Spirit Crystal Valley, a white-haired boy with wings on his back emerged from the ground.

This is Qingtian Qi who just luckily escaped from Wen Xu.

"Wow!"

As soon as Qingtian Qi came out of the ground, he spurted out a large mouthful of blood, and his face was very pale.

"Thank you! I learned the 'King's Shield' not long ago, otherwise I would have been split in half by that knife today."

At this moment, Qingtian Qi felt a little lucky in his heart.

If it weren't for the super-premium defensive martial arts such as 'King's Shield', he could withstand most of the attack power.

Otherwise, Qingtian Qi would have been split in half with a knife and died tragically on the spot..

Of course, the sword just now was also a sword that Wen Xu used to gather his spiritual energy at a moment of anxiety, but it was not a martial skill, otherwise Qingtian Qi would definitely die.

"I have to find a place to heal quickly. If we delay it any longer, we may risk our lives! But there are more and more people in this Lingjing Valley, and they might even meet Wen Xu. This time, he saw what I looked like. I completely offended him. Forget it, it's still important to heal first!"

At this moment, Qingtian Qi's injuries were extremely serious, and his internal organs were shattered. He did not dare to delay.

At that moment, Qingtian Qi's wings shook, and he flew into the air. Then he used 'Glimpse of Light' and quickly rushed out of the Spiritual Crystal Valley. Fly away.

After comprehending the 'Endless Fire', even if he is seriously injured and dying, Qingtian Qi can still exert his full strength as usual. At this moment, Qingtian Qi is flying extremely fast in the air, leaving only a residual line in the sky. Shadow.

Five hours later, in a remote cave a hundred miles away from Lingjing Valley.

The cave was a natural stalactite cave. The caves were so intricate that it was difficult for ordinary people to find the exit in the dark.

At this moment, in Deep in the dark cave, Qingtian covered his chest with his hands, his face extremely pale.

Blood couldn't help but flow from the corners of his mouth and nostrils.

"It should be safer here."

Qingtian Qi wiped the blood that had just flowed out and looked around the dark surroundings.

In this dark cave, it was difficult for ordinary warriors to see, but Qingtian Qi had no such concerns.

He took a deep breath of moisture. In the cold air, Qingtian Qi released the god-possessed puppet.

Without saying a word, the divided soul controlled the god-possessed puppet to protect the law, and its two eyes were emitting a strange red light in the dark cave.

"sleepy! I can't hold it any longer!"

Qingtian Qi felt that his brain was very drowsy, and extreme sleepiness followed. He knew in his heart that it was a sign of frequent death.

If he really fell asleep like this, he would never wake up again.

At that moment, Qingtian Qi crossed his legs and Sit down, and then take out the 'Wood Spirit Core'. As soon as the Wood Spirit Core appeared in Qingtian Qi's hand, a strong wood spiritual energy spread out.

Qingtian Qi took a deep breath unconsciously Spiritual energy.

As soon as the spiritual energy entered the body, Qingtian Qi suddenly became energetic and became slightly awake. The injuries in his body seemed to be better.

This discovery immediately made Qingtian Qi very happy..

Chapter 3210

This discovery immediately made Qingtian Qi overjoyed.....

"What a special aura! This spiritual energy contains a strong 'immortality realm', which can help people heal quickly. It is said that by refining the core of the wood spirit, there is a 30% chance that a person can obtain the Dao Realm within it. I wonder if I can successfully obtain the 'Dao Realm of Immortality' in this spiritual core?"

"However, this 30% probability is still too low. I am afraid it will be very difficult to obtain the 'Tao Realm' among them! After all, this wood spirit core is still far inferior to the 'Tao Fruit', and cannot guarantee that people will obtain the Tao realm, but no matter what, it can definitely make my wood cultivation level greatly improve."

The 30% chance is not high. Although Qingtian Qi possesses the true blood of the Azure Dragon, and his understanding of the 'Way of Immortality' is easier than that of ordinary warriors, there is only a 40% chance at most that he can obtain the 'Way' Realm', this chance is still very small.

In fact, even if there is only a 30% chance, there will still be countless wood warriors who will fight to the death for a 'Wood Spirit Core'.

Because it is very difficult to 'achieve the Tao', Looking at the Tianfeng Continent, there are countless warriors, tens of billions of them are hard to count, but seventh-level warriors are very rare. There are only more than a hundred in some small countries.

"Forget it, don't think too much, I'll use this wood spirit core to treat the injury first."

At this moment, Qing Tianqi calmed down his mind, closed his eyes, held the fist-sized wood spirit core with one hand, and began to absorb the spiritual energy in the spiritual core as if absorbing the energy of the spiritual crystal.....

He wants to refine the spiritual core and heal his own injuries at the same time.....

Just by absorbing it, Qingtian Qi discovered that the energy contained in the spiritual core was extremely majestic.

At the same time, a strange mental fluctuation emitted from the spiritual core.

Qingtian Qi felt that kind of mental fluctuation, and the depths of his soul were immediately touched. After a moment, he seemed to have a sense of enlightenment.

That was the 'immortality realm' emanating from the spiritual core, and it had an initial collision with Qingtian Qi's soul consciousness. During the collision, Qingtian Qi unknowingly gained a deeper understanding of 'immortality'.

This discovery immediately surprised Qingtian Qi.

"It turns out that as long as the energy in this spiritual core is absorbed, the Tao realm contained in this spiritual core will be emitted. As long as I realize it in such a Taoist realm, maybe it will make

me realize it once and for all. However, I have to seize the time to realize that once the energy in this spiritual core is exhausted, the Tao realm contained in it will also collapse."

At the moment, Qingtian Qi was absorbing the spiritual energy to heal his wounds, and at the same time, he was converting part of the spiritual energy into his own wood cultivation level, and at the same time he was comprehending the Tao realm contained in the spiritual core.

Two days later, when Qingtian Qi opened his eyes again, his face showed happy....

This longevity spiritual energy healed the injury very quickly. It took only two days to heal his serious injury.

It's just that he has only absorbed less than 1% of the energy in this spiritual core!

At this rate, it might take four months to completely refine this spiritual core.

Now he is pressed for time, but he doesn't have that much time!

Because in five days, it will be the day when the temple door will be opened.

Thinking of this, Qing Tianqi suddenly frowned.

He originally thought about completely refining this spiritual core before entering the temple to improve his strength, but now it seems that it is absolutely impossible.

In fact, in the past two days, Qingtianqi has gained some insights into the way of 'immortality', but it is still very far away from that enlightenment.

"Why! Forget it, I can refine as much as I can. I will try my best to improve my strength before entering the temple! Otherwise, with my current strength, it would be absolutely impossible to enter the third level."

Thinking of this, Qing Tianqi sighed helplessly, and then shouted again

"Psychic disintegration! untie!"

Then a white light flashed, and Qiuqiu separated from Qingtian Qi's body and returned to its original fluffy and cute appearance.

But at this moment, Qiuqiu looked a little tired. As soon as it appeared, it crawled into Qingtian Qi's arms tiredly. snuggle up

"brat! Are you hungry?"

Qingtian Qi touched Qiuqiu's head.

"Gujiguji!"

Qiuqiu also nodded repeatedly.

At that moment, Qingtian Qi took out a broken spirit armor for Qiuqiu to eat.

Then, he ordered the soul to take Qiuqiu aside.

After doing this, Qingtian Qi calmed down again and prepared Continue to refine the core of the wood spirit

"Huh! By the way, why did I forget about the 'Wood Spirit Tree'? That Wood Spirit Tree can help me absorb and refine the wood spirit energy!"

Just before Qingtian Qi was about to continue refining, he suddenly thought of the 'Tree of Wood Spirits', and his eyes suddenly lit up with a hint of joy..
