

God level 321

Chapter 321

"Ding! Congratulations to the host for completing the super god level challenge, rewards have begun to be distributed....."

The system finally sent a reward prompt

"Ding! Distribute special rewards...reward a source of light pearl (perfect level)...."

"Ding! Distribute ordinary rewards....."

"Ding! Reward 50 Eight-turn Jingyuan Pills....."

"Ding! Reward 30 drops of true dragon's blood....."

"Ding! Reward 5 chaos core fragments....".

"Ding! Reward 1 seventh consciousness awakening stone...."

"Ding! Reward 1 Dragon God Heritage Awakening Stone...."

Ding! The host completes the super god-level challenge, the reward is doubled, and the items are recalculated.....

"Ding! Reward 500 eight-turn essence essence pills....."

"Ding! Reward 300 drops of true dragon's blood...."

"Ding! Reward 50 chaos core fragments....".

"Ding! Reward 10 seventh consciousness awakening stones...."

Ha ha!! So cool!!

Qin Feng counted the rewards with great satisfaction.

Eight-turn Jingyuan Pill, one pill is as effective as 10 Jingyuan Pills. It is a good thing for training your subordinates.

For example, Lu Ming, Wan Hansheng and other members of the Qin Clan are all in desperate need of items to enhance their mental power.

In addition, Qin Feng has a more bold idea.

He wants to use these essence pills to cultivate the Earth Fire Demon King.

The flaw of the Earth Fire Demon King is that his mental power is too weak.

Qin Feng also tried to use Jingyuan Pill to strengthen their mental power.

But their physiques are special. As soon as the elixir enters the body, it is automatically incinerated and cannot have any effect.

Qin Feng will find a way to solve this problem in the future.

As long as the Earth Fire Demon King can refine the elixir normally, he hopes to improve the Earth Fire Demon King's mental power and intelligence.

By then, the Earth Fire Demon King's strength will have greatly increased, and he will no longer be the bottom of the Nine Stars.

This will help him unify the earth.

Next, his goal is to unify the earth and integrate all the forces together.

One year later, the armistice contract expires, and the Star Orcs will go to war with the Earth.

He wants to lead the earth's forces to destroy the starry sky beast clan.

He wants to plant the Qin Sect's banner throughout the entire solar system.

He wants the Earth forces to gain a place in the Star Alliance.

He wants the people of Earth to no longer be looked down upon as primitive aborigines.

Qin Feng put away the elixir and looked at the True Dragon's Blood.

This true dragon's blood was of little use to him, but it was of great benefit to the dragon egg.

Breeding with dragon blood can speed up the hatching of dragon eggs, at least ten times faster.

If the normal gestation rate is followed, it will take at least five years for the dragon egg to hatch.

With these dragon blood, Qin Feng believes that the hatch will be successful within half a year.

At that time, he will have a descendant with the potential to dominate.

The next rewards are all cultivation resources.

Qin Feng swallowed them all in one breath.....

"Ding! Successfully swallowed the fragments of the Chaos Dao Core... The completion degree of the Chaos Dao Core increased to 67%....."

"Ding! Successfully swallowed the Seventh Consciousness Awakening Stone... The completion of the Seventh Consciousness Awakening was increased to 63%.....All space skills are strengthened....."

"Ding! Successfully swallowed the Dragon God Heritage Awakening Stone... The Dragon God Heritage Awakening increased to 14.5%.....Combat power increased by 1 billion....."

After digesting everything, Qin Feng opened his eyes happily.

His combat power has increased to 14 billion, and his overall strength is comparable to the peak of nine stars.

If he adds the help of the two earth fire demon kings, the Nine-Star Peak is no match for him.

By the way, there is also a headless golden man.

Qin Feng took out the golden puppet and studied it.

Two hours later, he still had no clue.

It seems that if he wants to control this golden puppet, he must first study the art of refining weapons.

Puppet is a weapon, and it is a matter of refining the weapon. If he understands the principle of weapon refining, he can find a way to control the golden puppet.

By then, he would have three nine-star warriors in his hands, plus himself and Yue'er.

That is the five emperor-level combat powers.

Such a force has great hope of unifying the world.

Of course, he can also win over Nishan, the queen has a good impression of him.

Thinking of Ni Shan's beautiful figure, Qin Feng's lips curled up slightly and he couldn't help but look at his fingers.

The two of them were treating the fire poison that day, but his fingers had experienced many taboos.....

At this time, Qin Feng took out the dragon egg again.

As soon as the dragon egg came out, that kind of intimate thought came to him.

Perhaps because he has the aura of the ancestral dragon in his body, this dragon egg is extremely close to him.

Qin Feng gently stroked the eggshell, feeling cordial in his heart.

Then, he took out a drop of dragon's blood and dropped it on the egg shell.

The dragon egg quickly sucked up the dragon's blood and sent out extremely happy thoughts, and the thoughts became stronger.

Qin Feng was delighted that the dragon blood was indeed useful for dragon eggs.

At that moment, he started making some arrangements in the secret room.

Three hours later, everything was set up successfully.

I saw an extra dragon pond in the center of the secret room, which was filled with imperial liquid (fire) and the blood of the true dragon.

The dragon egg was soaked in it.

And around the dragon pond, a large formation was arranged to absorb the fire energy of heaven and earth and continuously provide it to the dragon eggs.

After all the arrangements were made, the dragon egg was filled with aura and seemed extremely happy.

This is the real method of gestation, dozens of times better than Emperor Garuda's.

After Qin Feng looked at it, he sealed the secret room and left with satisfaction.

From now on, that secret room will be called the Dragon's Nest, dedicated to nurturing the dragon eggs.

He only needs to replenish the dragon pool with emperor ooze and dragon blood regularly.

In fact, Qin Feng could feel that the effect was particularly good the moment after the dragon pool was successfully deployed.

Perhaps, in less than half a year, it would only take a few months for the dragon egg to hatch.

After leaving the dragon's nest, Qin Feng changed to a secret room and began to study the art of refining weapons.

After killing Emperor Garuda, he got an emperor-level weapon refining secret book, which he could just learn from.

After he studies Xiao Cheng, he should be able to control the golden puppet.

Time flies.

Before I knew it, three days had passed.

On this day, King Qin visited the palace.

In a hall, Qin Feng was leisurely leaning on the sofa, sipping fragrant tea and studying the weapon training secrets in his hand.

After these three days, he gained a lot, and his weapon refining skills made great progress.

Just yesterday, I studied the Golden Man Puppet again and finally understood some of its features.

This made him very happy.

As long as he continues his research, it will be a matter of time before he controls the golden puppet.

However, Qin Feng also has something to worry about.

One more day will be the day marked on the mysterious map to meet.

But he hasn't yet understood the map and found the meeting point.

He arranged for Luo Li to find the insect beast, but he still couldn't find it.

This was mainly because the insect beast was only four-star and was not taken seriously at that time.

After being circulated several times, I don't know where it went.

It is not easy to find it again.

Just when Qin Feng was thinking wildly, footsteps sounded outside the living room.

That's the sound of women's high heels

"Sect Master, please see me!", Luo Li's voice sounded outside the door.

Qin Feng smiled slightly and put away the secret book.

It seems that Luo Li's mission has made progress..

Chapter 322

"come in!", Qin Feng put down the tea cup.

Squeak~!

The door was pushed open.

Luo Li, wearing an alliance uniform and high heels, walked in like a spring breeze.

"How's it going?", Qin Feng looked at Luo Li's graceful figure comfortably.

"Sect Master, found it!", Luo Li took out an insect corpse from the storage ring

"very good!", Qin Feng praised casually.

He recognized it at a glance as the insect corpse from before.

Qin Feng waved his hand, and the door of the living room closed automatically.

A barrier was raised in the hall to prevent people from snooping.

Then, He waved again, and the insect corpse flew in front of him.

He took out the mysterious map and studied it in front of Luo Li.

Luo Li was his woman and his confidant.

There was no need to be taboo about this matter.

She glanced at the map curiously, then looked no further or asked any more questions.

She turned around, got the kettle, and bent down to add hot water to Qin Feng's teacup, which was very considerate.

Qin Feng raised his head and glanced at Luo Li. With his beautiful buttocks perched, he continued to study the insect corpse.

Soon, he discovered that the insect beast's blood had not dried up even after it had been dead for a long time.

He tried to take out a drop of blue insect blood and dropped it on the map.

The map immediately reacted. It lit up the aura, and actively sucked up the insect blood.

After a while, thin blue lines appeared on the map.

Obviously, the blue lines were transformed by the insect blood.

Next, those blue lines were different from the original map lines. Together, a more detailed map slowly appeared.

Qin Feng was overjoyed.

He took out a few more drops of blue insect blood and put them on, and there were more and more blue lines.

After a while, a complete map appeared.

On the map, you can clearly distinguish where is the mountain, where is the water, and where is the base city.

Qin Feng can see at a glance that this map describes the territory of the human race on earth, but where is the specific location?

It seems that he will have to spend some time Time, I found the maps of all places on the earth and compared them one by one.

This workload is not small!

"Master, this figure looks familiar to me....",Luo Li approached curiously.

She was alarmed by the changes in the map just now.

Qin Feng's eyes lit up and he said happily:"Come on! Help me see where this map is."...."

"Um~! ", Luo Li sat down next to Qin Feng intimately.

She studied the map carefully for a while and then muttered:"Master, this map looks like the terrain near Wangsha City...."

"Look here! This is a huge desert with few people... Wangsha City is right next to the desert...."

"I went out for experience in the early years and hunted sandworms in this desert, so it looks familiar... The location on this map is probably that place..." The more

Luo Li said, the more it seemed like it.

Qin Feng was happy, it would be great if there were clues found

"Which alliance does Wangsha City belong to?"

"A border base city of the Suzaku League!"

"Find the electronic map and compare it...."

"Um!" Luo Li took out her mobile phone and skillfully called up the global electronic map.

After a moment, she found the electronic map of Wangsha City.

When the two compared it, it was indeed consistent with the terrain of the mysterious map.

Qin Feng was overjoyed.

He finally found the meeting address.

"Girl, good job!"

Qin Feng was in a good mood and put away the map and insect corpses.

Luo Li was very happy to be praised by Qin Feng.

She had long regarded Qin Feng as her god.

As long as she could help Qin Feng, she would be happy

"Sect Master, what's going on with this map?", Luo Li couldn't help asking.

She still couldn't hold back her curiosity.

"I don't know what's going on. I also got this map by chance....."

Qin Feng naturally took Luo Li into his arms.

Luo Li snuggled up affectionately.

She raised her head slightly, her beautiful eyes full of love and tenderness.

She really likes the boy in front of her

"However, I am certain that this matter has something to do with the Starry Sky Beast Clan..."

Qin Feng's hand reached towards Luo Li's collar and unbuttoned a button.....

He wants to enjoy his woman

"Why?", Luo Li asked curiously.

The Starry Sky Beast Clan is the enemy of the earth.

This matter is related to the Starry Sky Beast Clan, I'm afraid it's not a good thing.

"You saw it just now. The map reacted after absorbing the insect blood... This should be the method of the Starry Sky Beast Clan. This map is naturally related to them."

Qin Feng unbuttoned another button.....

Luo Li was shocked:"Does the Starry Sky Beast Clan have a conspiracy recently?"

Qin Feng sneered and nodded:"I'm afraid you guessed it right! As soon as the Sky Monument was enlightened, the Starry Sky Beast Clan started to make small moves. Nine times out of ten, there was a conspiracy. Very soon Most likely it's for the Sky Monument....."

"What to do? Should we tell His Majesty Feng Di?"

Qin Feng shook his head and said:"She is in retreat and I don't want to disturb her. What's more, I haven't figured out the specific situation yet. Wait until everything is clear... By the way, don't leak this...."

"I know it!"

Luo Li nodded coquettishly and looked at Qin Feng tenderly.

She had already noticed the movements of Qin Feng's hands and let him do what he did.

She knew that the man she loved needed her.

The atmosphere in the venue was very warm.

When people who like each other are together, no matter what they do, it will be sweet

"Close your eyes!", Qin Feng smiled.

Luo Li obediently agreed.

Qin Feng smiled slightly, looked at the seductive red lips, and bowed his head.....

Time flew by so fast, twelve hours passed in the blink of an eye.

During this period, Qin Feng did not stop. Traces of fighting were all over the sofa, floor, living room, and bedroom.....

Early the next morning, Qin Feng left the palace feeling physically and mentally healthy and extremely comfortable.

His mood was also completely relaxed.

After leaving the palace, Qin Feng flew up to a height of thousands of feet, cast chaos and nothingness, and disappeared.

At this moment, even the Nine-Star Emperor had a hard time detecting him.

Unless a master at the top of the Nine Stars approaches, his traces can be found.

This is the emperor-level skill - Chaos Nothingness.

The next second, a big roc spreads its wings.

Qin Feng escaped ten thousand meters away and flew towards the direction of the Vermillion Bird Alliance.

Today is the party date on the map.

He wants to find out what conspiracy the Starry Sky Orcs are playing..

Chapter 323

Not long after Qin Feng left.

In King Qin's palace, Luo Li woke up leisurely.

She felt like her whole body was falling apart, and she just lay on the bed without wanting to move.

She felt a little embarrassed when she thought about what happened last night.

She couldn't control herself and was made to cry several times.

Hey~!

Qin Feng seems to have become much stronger again.....

It didn't stop for a full twelve hours...it was terrible!

Could he have made Emperor Feng cry?

Luo Li couldn't help but think wildly.

She is as smart as ice and snow, and she has long known that Emperor Feng has other thoughts about Qin Feng.....

From the Southern League to the Zhuque League, it is a hundred thousand miles away.

A quarter of an hour later, Qin Feng arrived.

He has an emperor-level skill - Dapeng spreads its wings.

The speed of light is unparalleled by anyone on earth.

Not even the Azure Dragon Emperor.

At this moment, thousands of feet high in the sky.

Qin Feng overlooked the endless desert below.

Under the scorching sun, the sand was blazing red, and the surroundings were silent, with not a single person in sight.

There are still ten minutes left before the party.

"This place....haha! interesting!"

Qin Feng checked some resources before coming and found something interesting.

The place of this gathering was in the middle of a large desert near Wangsha City.

That is where Qin Feng is now.

There are several places on the earth. It is in a desert.

Since the earth mutated, many monsters have been born in the desert.

Such as sand scorpions, sand snakes, sand worms, sand spiders, etc.

The same is true for this desert.

The only difference is that the central area of this desert is a There are no monsters in the uninhabited land.

This is a bit unreasonable.

Generally speaking, there should be more monsters in the middle of the desert, but there are no monsters here.

Some elementalists were curious and ventured into the center. The area was searched, but nothing came back.

Later, an eight-star elementalist came in to detect, but also came back.

This alarmed the world.

Even the Immortal Fire Emperor at the time was alarmed and came to investigate in person.

After returning, Huo The emperor didn't say anything.

He just ordered the people of the Suzaku Alliance not to come near this no-man's land anymore.

This scared many adventurers.

From then on, no one dared to come to this no-man's land.

And that mysterious The no-man's land is the desert at the feet of Qin Feng, which is the gathering point this time.

With a thought in Qin Feng's mind, his consciousness instantly scanned a radius of a hundred miles.

Indeed!

Within a hundred miles, not to mention people, even one Not a single monster was seen. Not even the most common sand scorpion beast in the desert was seen.

It seems that this deserted place is a bit strange.

Could it be that there is something strange hidden here? Even those monsters with low intelligence can't see it. He felt scared and did not dare to get close.

Just when Qin Feng was thinking wildly, there was finally movement in the field.

He raised his head slightly and looked into the distance.

At this moment, more than a dozen human figures appeared on the edge of the no-man's land.

These people They were all wearing black clothes and white headscarves, and they were rushing here.

Could these be the people coming to meet?

Just after thinking about it, Qin Feng saw another direction, and a dozen black-clothed men were coming. Gradually , figures appeared in other directions.

Qin Feng stood quietly in the air, watching silently.

There were no clouds in the sky.

Qin Feng was hidden in the sky, but no one could notice it.

In the blink of an eye , In the meantime, nearly a hundred people rushed to the scene.

Qin Feng discovered that these people were all human beings, with the lowest cultivation level of five stars.

And on their shoulders, there was an insect beast with five stars or above.

After everyone gathered, where were they standing? , silent.

Very few people talked.

Qin Feng thought about it, and scanned the memory, sweeping the whole place in an instant.

After a while, he obtained a large number of memories from these people.

These guys come from all forces on the earth, and even There are even members of the Deep Sea Clan.

Like Lin Yuankun, they were connected by various opportunities and coincidences through the insect beast on their bodies, and established a huge organization.

This organization is called the Holy Alliance.

The members of the Holy Alliance interact with each other. They barely know each other.

Most of their daily contacts rely on insect beasts.

And they have a clear goal, which is to unify the earth.

This conflicts with Qin Feng.

Qin Feng also wants to unify the world.

When the two tigers compete, they must There is an injury.

What's more, the methods of the two sides are different.

Qin Feng wants to rely on his own strength to unify the world.

But these guys are seeking refuge with the Starry Sky Beast Clan and want to use the strength of the Starry Sky Beast Clan to unify the earth.

The Starry Sky Beast Clan is the largest player on the earth. The enemy.

These people just surrender to the enemy for glory!

Qin Feng was a little annoyed.

However, he didn't take action.

He had just glimpsed from the memories of these people that there was something big going on for them to gather here today.

The real leader has not yet emerged.

Qin Feng continued to wait.

Gradually, there were more and more people in the field.

Half an hour later, nearly ten thousand people had gathered.

Most of them are five-star and six-star elemental masters, there are sixty or seventy seven-star elemental masters, and there are five or six eight-star kings.

Such a large force is no less powerful than any other alliance and should not be underestimated.

Another moment passed and no one arrived. It seemed that everyone who was supposed to come had arrived.

There were also people in the crowd who were impatiently waiting.

"Where is the leader? Why haven't the three alliance leaders shown up yet?"

"Don't worry! The alliance leaders should be here soon!"

Someone in the crowd was muttering.

At this moment, three terrifying imperial powers descended from the sky.

Everyone was startled and raised their heads.

Just three men in black robes wearing masks fell from the sky.

These three people all exuded the imperial power. Powerful, overwhelming, and domineering in the sky.

These are actually three nine-star emperors!

Above the sky, Qin Feng was also secretly surprised.

There are actually three emperors in this organization, no wonder they want to unify the earth.

Qin Feng looked carefully and saw even more Surprised.

Among the three emperors, the first one wore a golden mask and was actually the top emperor at the Nine-Star Peak. The other two wore silver masks and were ordinary nine-star emperors.

These three people were obviously human auras.

Strange?

Earth what? An extra nine-star peak emperor?

Isn't there just one Emperor Qinglong?

The golden masked man in front of him was obviously not the Azure Dragon Emperor.

Because he is a Feng Yuan master and Emperor Qinglong is a Mu Yuan master.

Obviously, he is not a member of the faint organization.

Yu Qilin told him that the Hun Organization has only two emperors on earth, namely the God Emperor and the Pluto Emperor.

The God Emperor is a light elemental master at the pinnacle of Nine Stars, while the Pluto Emperor is an ordinary nine-star Dark Element master.

What's more, these two people have already left the earth.

Then where did the Feng Yuan Master at the top of the Nine Stars in front of him come from?

Could it be from the Starry Sky Beast Clan?

As far as he knew, the Starry Sky Beast Clan only had one emperor of the wind element, and he was at the pinnacle level of nine stars.

He is the Gale Emperor!

Could it be that the person in front of me is the Gale Emperor?

But he has a human aura!

Qin Feng was surprised in his heart, but he didn't dare to get close to investigate.

If he gets too close to his chaotic nothingness, he will be discovered by the nine-star peak powerhouse.

He had to keep a thousand meters away.

If exposed, it would be very troublesome for him to deal with the three emperors alone.

After all, there is the Nine Star Summit among them

"I have met three alliance leaders!"

At this time, nearly ten thousand masked people below respectfully saluted the three emperors.

"No need to be polite!", the leader of the golden masked man waved his hand gently.

His voice was hoarse, and he seemed to have deliberately disguised it, not wanting others to know his identity.

Could this man be an emperor that everyone is familiar with?

If so, it must be One of the nine emperors.

But there is no wind element among the nine emperors!

How strange!

But at this moment, another emperor's power fell from the sky.

Everyone was startled and looked up again.

They saw a young man with a beautiful face. , fell from the sky.

He was wearing a pure white gown, elegant and graceful, with a spring breeze-like smile on his face.

The aura exuding from his body was actually the peak of the Nine Stars

"Gale King!"

There were exclamations in the crowd.

Many people showed fear on their faces.

"Emperor Gale, I have been waiting for you for a long time!", the golden masked man said hoarsely.

At this moment, Qin Feng was stunned.

Damn~!

The Gale Emperor appeared!

Then this golden masked man cannot be the Gale Emperor.

Then who is he?..

Chapter 324

"I kept you three waiting for a long time!"

The Gale Emperor smiled and descended from the sky, standing side by side with the three masked men.

Everyone below was surprised.

Could it be that the Starry Sky Beast Clan is going to participate in this plan?

Logically speaking, the truce contract has not ended yet, so the Starry Sky Beast Clan should not be involved..

Everyone was confused and couldn't help but murmured in a low voice.

The golden masked man seemed to see everyone's thoughts.

He glanced at the whole place lightly.

Invisible pressure swept across.

The whole place suddenly became quiet.

Everyone couldn't help but look at him.

The golden masked man then said hoarsely: "Fifteen days later, the Monument of Creation will be activated. It will be automatically sealed ten days after each activation."

"And the time we take action is the last day after it is activated! Our goal is to destroy the Monument of Creation!"

As soon as these words came out, the whole audience was slightly moved.

Qin Feng's expression also changed slightly.

The Monument of Creation is one of the foundations of the earth!

These guys actually want to destroy the Monument of Creation!

However, this thought flashed in his mind. It was fleeting.

He had just found the real answer from the memories of several Eight-Star Kings.

Destroying the Creation Monument was actually a great opportunity for ordinary elemental masters on the earth.

Especially for those below Eight-Star For elemental masters, it is simply a gift from God.

It turns out that there are many Daoyun imprints hidden in the creation monument.

Whenever the divine monument is activated, the divine monument will emit Daoyun.

The closer you get to the divine monument, the more you can obtain it. The stronger the Dao Yun.

If you absorb those Dao Yun, you will get various benefits.

For example, you can improve your cultivation, increase the strength of your soul, even strengthen your body, and acquire skills...

It is simply a huge treasure house.

Now, the limitations of this treasure house It's getting bigger and bigger.

Those whose strength is lower than eight stars can't get close to the sacred monument dojo and can't get any benefits.

This makes many elemental masters below eight stars grudge.

In addition, many eight stars and nine stars also Dissatisfied.

Because the requirements for the creation of the divine monument are getting higher and higher every time.

For example, this time the divine monument is activated, the eight-star cultivation level can be close to 500 meters of the divine monument.

Then the next time, the eight-star cultivation level can only be close to 700 meters. The distance from the divine monument will become farther and farther away.

The benefits obtained will become worse and worse, and you may not even obtain any benefits.

Unless, after the next divine monument is activated, your strength improvement is greater than the increase in the difficulty of the divine monument, you can obtain greater benefits..

But the divine monument is only activated once every ten years. Ten years is too short for some eight-star and nine-star stars. Their improvement speed is far unable to keep up with the difficulty increase of the divine monument.

If this continues, they will only They can watch those with outstanding talents gain more and more benefits, while they gain less and less benefits.

In the end, they can only watch themselves being surpassed and eliminated!

This is something they are not willing to accept, let alone accept..

To put it bluntly, the Monument of Creation is prepared for peerless geniuses. If they are not qualified enough, they will not get much benefit.

Thinking of this, Qin Feng suddenly realized. To put it bluntly, these are a group of guys whose qualifications are not worthy of their ambitions and are extremely selfish.

What kind of training ? Genius?

What about protecting the earth?

It's all bullshit in their eyes!

They just want to cultivate themselves!

They just want to benefit themselves, and they don't care about the life and death of the earth.

Therefore, they are willing to destroy the monument of creation and let everyone return to the same starting line.

At least, they don't have to watch others get benefits but they don't get it themselves.

As for the earth without the creation monument, the foundation will be broken, but they don't care.

What's more, once the creation monument is destroyed, it will release all at once All the Dao Yun fragments are the arrival of a great opportunity!

In the past, they had no chance to get this opportunity.

But at that moment, they can grab the Dao Yun fragments.

Even, grab the powerful Dao Yun they want in their hearts.

For example, the golden masked man.

He has been stuck at the top of the Nine Stars.

If he wants to break through the bottleneck, he needs to absorb the Great Emperor's Daoyun.

But to get the Great Emperor's Daoyun, he needs to be within five meters of the sacred monument to have a certain chance of getting it.

With his current situation With such strength, there is no chance in this life.

Therefore, if he wants to get the Daoyun of the Great Emperor, the only way is to destroy the divine monument.

When the time comes, the divine monument will be broken and all the Daoyun will be released.

As long as he grabs the fragments of the Great Emperor's Daoyun, that's enough.

At that time, whoever grabbed it belonged to whom, relying on strength rather than talent.

At that time, genius was nothing compared to strength!

He is very confident in his strength.

He is the pinnacle of the Nine Stars, above many emperors.

Although his talent is not outstanding among the emperors, he has been practicing for a long enough time!

His strength is naturally not weak!

This is the power of time.

The other two emperors had the same idea.

Qin Feng wanted to understand this and couldn't help but shake his head.

For their own selfish interests, these three emperors were actually willing to cooperate with the Starry Sky Beast Clan, and they were not afraid of the Starry Sky Beast Clan harboring evil intentions.

Of course, these may only be surface conditions.

Qin Feng couldn't see more for a while.

His memory scan was ineffective against the Nine-Star Emperor.

Unless his soul power reaches the peak level of nine stars.

Before Nine Stars, the soul of an elemental was very weak and could not leave the body, so the power of the soul could only be called spiritual power.

After reaching the Nine Stars, the soul is tempered by the heavenly tribulation, undergoes qualitative changes, and can even leave the body.

At this time, mental power was renamed soul power.

Although Qin Feng has eight-star Dzogchen cultivation, his soul strength has reached nine-stars, and he can leave the body and crush eight-stars.

At this time, the voice of the golden masked man sounded in the field

"Another ten years have passed! This time the difficulty of the monument has been increased again!"

"We can only watch helplessly being eliminated by those geniuses. Are you willing?"

"Do princes and generals like Xiang Ning have the guts? Some people are lazy and stupid, but they are born with excellent talents, and they get more benefits than us!"

"Even though we have spent ten times and hundreds of times of effort, it is not as good as one-tenth of what they picked up casually. Do you think this is fair?"

"No! This is not fair! The Heavenly Monument of Creation is a resource common to all living things on earth, why should only a few people enjoy it? I can not be reconciled! Are you willing?"

"Some people say this is life! Some people say that this is what God has destined! Anyone who says these things is a bunch of trash!"

"They are cowards, they have no ambition, and they persuade others not to be ambitious either. What God has decreed! What a bullshit fate! I don't believe it!"

"Even if it is true, this emperor will rebel against this day! Damn this luck!"

The golden masked man gave a speech passionately.....

The crowd below suddenly became excited!

"The Great Alliance Leader is right!"

"Twenty-five days later, we must destroy the Creation Monument and get the opportunity that belongs to us....."

"All living beings are equal! Why can only geniuses get opportunities? We should too!"

"good! The Great Alliance Leader is right! Long live the Great Alliance Leader!"

"Long live the Great Alliance Leader! Long live!".....

For a time, the atmosphere in the venue was extremely lively.

The man in the golden mask looked happy.

Then, he glanced at Gale Emperor from the corner of his eye, and a hint of sneer flashed across his face.

The Gale Emperor also had a proud look in his eyes, and a strange smile appeared at the corners of his mouth.

The seeds sown many years ago are finally coming to fruition!

Greed, selfishness, and high self-esteem will slowly devour these people until even their bones are left.....

In the distance, Qin Feng saw everything.

He could see that the Golden Mask and the Gale Emperor were using each other.

At this time, the golden masked man said again: "Let me tell you another secret. Every time the Creation Sky Monument is activated, it will not release all the hidden Tao Yun, it will only release part of it each time...."

"Even if we don't destroy it, it will disappear automatically after the Tao Yun is released in a hundred years and will never appear again...."

"As for why this is happening, I don't know. The appearance of the Heavenly Monument of Creation is something that people can't understand."

"Its origin is extremely mysterious and may be related to the origin of earth's mutation...."

Hearing this, Qin Feng frowned slightly.

Every time the Creation Sky Monument is activated, only part of the Tao Yun will be released.

In this way, no matter how lucky he is, he will not be able to obtain all the benefits.

From now on, he will go to enlightenment once every ten years.

Is there no way for him to comprehend it all at once?

"Ding! Instant task activation...."

Mission content: Within thirty days, the host obtains more than 90% of the Tao Yun fragments in the Creation Monument and understands it thoroughly....

Once the mission is completed, there will be extremely generous rewards....

Reminder: God-level swallowing can swallow Tao Yun fragments....

"Huh! It can still be like this!"

Qin Feng's eyes lit up, as if he thought of something, and his face showed joy..

Chapter 325

Qin Feng's eyes lit up, as if he thought of something, and his face showed joy.

It turns out that the fragments of Tao Yun are the crystallization of the Tao of Elemental Laws. They exist temporarily in an energy state and cannot be preserved for a long time.

If it is not refined in time, the Daoyun fragments will automatically disintegrate within a quarter of an hour.

Unless saved with special items.

But none of the Nine-Star Emperors have this kind of item.

Neither did the Star Orcs.

There is one on the earth, and that is the Monument of Creation with mysterious origins.

In other words, once the Heavenly Monument is broken, all the Tao Yun fragments contained within it will be released.

At that time, if people grabbed the Daoyun fragments, they had to refine them immediately, otherwise they would disappear.

Therefore, no one will try to grab a lot of pieces.

Because it would be useless to grab too much, they had no time to refine it.

Everyone's first thought is to grab what they need.

After all, there are thousands of kinds of Tao Yun fragments, which are divided into metal, wood, water, fire, earth, wind, thunder, light, darkness, soul, body, formation, weapon refining, alchemy, secret technique... there are many types.

They have to find what they need among thousands of fragments in order to truly gain.

If you grab fragments of different series, it will be useless.

But Qin Feng is different. He is a body of chaos, which can swallow all laws and all ways.

He doesn't have to make any choices, and he doesn't have to worry about not having enough refining time.

As long as he opens his mouth and inhales, he can swallow all the thousands of Daoyun fragments.

God-level devouring can be completely refined in a short time!

Thinking about it this way, destroying the Heavenly Monument of Creation is not a bad thing!

A flash of light flashed across Qin Feng's eyes.

At this time, the golden masked man's excited voice sounded again in the field.

"I think everyone understands! Even if we don't destroy the Monument of Creation, it will disappear automatically after a hundred years....."

"What we did was just make it disappear in advance and speed up the time..."

"Moreover, that would be a more reasonable way to disappear, and that would allow more people to benefit, rather than letting this monument continue to benefit a very small number of people....."

"The earth belongs to everyone! The Heavenly Monument of Creation belongs to everyone too! Since the sky monument is unfair, then we will do it ourselves....."

"destiny! It can only be in our own hands! Such is our destiny! So is the fate of the Earth! Rather than being in the hands of a few elites..."

"We don't need a king! We don't need elites! We want fairness! I want freedom! We want fair and free competition!"

"Therefore, the existence of the Monument of Creation is the irony of fate on us! We need to break it, we need to get the benefits we deserve....."

"After that, we still need to unify this earth and make it a world of democracy and freedom.

"From then on, we must eliminate discrimination based on talent and qualifications, eliminate the inequality caused by talent and qualifications, and share all resources and opportunities. That is the Holy Alliance!"

These words made a group of people below excited again.

Isn't this the ideal world in their hearts?

The crowd cheered again.

In the distance, Qin Feng shook his head slightly when he heard this. The so-called unfairness and inequality of these people are just It's because they are not good enough.

In other words, they are unwilling to admit the excellence of others, and even think that the excellence of others is unfair.

If they can't do it and others can, it is their fault, not their inability.

They use Under the guise of fairness and freedom, they do dirty things that are unfair and not free.

In Qin Feng's view, everyone is born equal, and everyone is born unequal. All things are created equal, and all things are created unequal.

If you don't judge by qualifications, what should we do with ordinary people who have no qualifications for cultivation?

Should they also enjoy your resources, even if they can't use them, they should occupy them.

Just like, ants and humans are all living creatures, and they should all be created equal.

Ants A drop of water is enough, but people have to take a big gulp. Does this take up too many resources? Is this unfair?

Ants can't drink that much themselves. Should we also prevent people from drinking that much?

If that's the case Equality, then violates the great nature!

To put it bluntly, it is treason!

"Grand Leader, what should we do to destroy the Monument of Creation?"

In the crowd, an Eight-Star King asked.

The excited crowd gradually quieted down.

Everyone looked at the golden masked man.

The golden masked man calmly glanced at everyone

"This is a great question! This is also what I want to focus on....."

"The Heavenly Monument of Creation is very special. Even if ten emperors join forces, it is impossible to destroy it....."

As soon as these words came out, the expressions of everyone below changed slightly.

Qin Feng also frowned slightly.

Even if ten emperors couldn't destroy it together, then he couldn't do it either.

If the sky monument is not destroyed, he will not be able to complete the system tasks.

On this point, he has the same goal as the Holy Alliance.

However, the Holy Alliance is to satisfy everyone's selfish desires and everyone divides it up together.

And he wanted to get it all by himself.

Sure enough, someone below was panicking

"The Grand Alliance Leader and ten emperors cannot destroy it together. So what kind of power is needed to destroy it? The golden masked man sneered slightly:"Not to mention ten emperors, even twenty emperors working together will not work!" Only a blow that reaches the level of the Great Emperor can destroy it!"

There was an uproar below!

Oh my god!

What a blow from the Great Emperor!

Legend has it that the Great Emperor is a being that surpasses the Nine-Star Emperor and can kill the Nine-Star Emperor in an instant.

There is no such powerful being on earth.

It is even less likely that their Holy Alliance will have one!

Golden Mask The man continued: "Don't worry, everyone, although we don't have the Great Emperor, we can still destroy the Monument of Creation as long as we create a blow comparable to the Great Emperor!"

"For this reason, this emperor invited Emperor Gale. He will teach us a set of battle formations for tens of thousands of people in the coming time!"

"This battle formation is called the Heaven-Slaying Formation. It can gather the power of tens of thousands of people to deliver a single blow that will destroy the heaven and the earth."

"When the time comes, our three major alliance leaders will join forces with you and borrow the Heaven-Slaying Formation, and we will definitely be able to unleash a strike comparable to that of the Great Emperor. It will not be difficult to destroy the Heavenly Monument....."

As soon as these words were spoken, everyone suddenly realized.

They finally knew why the Gale Emperor appeared here.

Then, the golden masked man explained again.

A silver-masked man and the Gale Emperor led everyone to the depths of the desert.

They will spend the next half month practicing the Heaven-Slaying Formation with the Gale Emperor.

After all, the people on earth know nothing about battle runes, and only the Gale Emperor can guide them.

After a while, only the golden masked man and another silver masked man were left in the field.

Qin Feng observed the two people silently.

He couldn't tell the truth about the man in the golden mask.

But he vaguely guessed the identity of the man in the silver mask.

The aura on that guy's body is fire.

There are only two Nine Star Fire Elemental Masters on Earth.

One is his Yue'er, and the other is the Immortal Fire Emperor.

This guy couldn't be Yue'er, his figure was clearly that of a man.

Think again, this desert is near the Vermillion Bird League.

This is enough to show that this guy is the Immortal Fire Emperor of the Vermillion Bird Alliance.

Thinking about it, the Immortal Fire Emperor was among the first batch of emperors, and was once known as the first person under the Qinglong Emperor.

The so-called green dragon is the Suzaku.

But in fact, his talent was average among the emperors.

Today, more and more rising stars are surpassing him.

For example, the Phoenix Emperor, or the Ice and Snow Emperor, he was naturally unwilling to accept it...

As for who the other silver masked man was, Qin Feng didn't see it.

That guy's concealment skills are stronger than those of the Golden Mask Man and the Immortal Fire Emperor.

Qin Feng couldn't even find out which line of practice he was in.

You know, Qin Feng's spying ability is extremely strong, better than many nine-star emperors.

In fact, those masked men couldn't tell that the Fire Emperor practiced the fire element. That was because their spying abilities were weak.

But Qin Feng saw it and guessed his identity.

At this moment, Emperor Gale and others had already walked away.

The golden masked man and the Immortal Fire Emperor secretly breathed a sigh of relief.

Then, the two looked at each other and nodded slightly.

The golden-masked man waved his hand, and an invisible barrier was propped up, seemingly to prevent prying eyes.

At this moment, the Gale Emperor in the distance could not see the situation here at all, nor could he hear the conversation here.

After doing this, the Immortal Fire Emperor looked at the desert below

"You can come out!"

As soon as he said these words, the desert below suddenly shook, and a nine-star imperial power rose from the ground.....

Qin Feng was shocked.

Under this desert, there is actually a Nine-Star Emperor hidden..

Chapter 326

Qin Feng was shocked.

There is actually a Nine-Star Emperor hidden under this desert.

He couldn't even find it.

It seems that this emperor's concealment skills are very good!

At this moment, a huge head burst out of the fiery red sand.

Then, it moved and slowly climbed up.

In the blink of an eye, a giant tortoise crawled out from under the desert.

"Huh! This is...."

Qin Feng opened his eyes wide in surprise.

This is actually a petrified turtle that has gone through a period of calamity.

What is surprising is that it has just passed through the tribulation period, but it actually possesses the power of the Nine Star Emperor.

Its combat strength has also reached about 2 billion, which is even more powerful than the Qingyu Dapeng King.

This is exactly strange!

You know, the average combat power during the Tribulation Period is about 1 billion. Why is this guy so strong? correct!

Qin Feng thought of something and his eyes lit up.

Emperor-level skill—memory scanning! launch!

In just an instant, Qin Feng read most of the memory of the demon turtle.

His memory scan has no effect on the Nine-Star Emperor, but it is very useful on this demon turtle who is in the tribulation period.

In just a moment, he gained 70% of the demon turtle's memory.

Of course, if it is an eight-star elemental master, the memory he obtains is 100%.

This is related to the strength of the other party's soul.

And the demon turtle's soul strength was still in the tribulation stage, so it couldn't resist his memory scan.

In just a few seconds, Qin Feng finished digesting the memory of the demon turtle and showed a look of astonishment.

It turns out that this demon turtle is called Turtle King.

If we say that the rulers of monsters in the sea are the Whale Emperor and Nishan.

The actual ruler of the land monsters is the Turtle King.

But no one on earth knows its existence.

Only the monsters and monsters on land know that they have an emperor, hidden deep in the desert.

All the weird imaginations that have appeared in this desert have been caused by the Turtle King.

The monsters knew that this was the emperor's retreat, and they did not dare to disturb him.

Those unknowing elemental masters broke in and disturbed the Turtle King. Naturally, they never came back.

Over time, this place became a no-man's land that people feared.

It wasn't until the Immortal Fire Emperor came to investigate in person that the Turtle Emperor's identity was accidentally discovered.

However, the Fire Emperor did not announce it to the world, but hid it.

Because, he wanted to attract the Turtle Emperor to join the Holy Alliance.

Of course, if the Turtle Emperor hadn't been careless at the time, the Fire Emperor wouldn't have discovered it at all.

Qin Feng knew a lot about petrified turtles.

They have an inherited skill - absolute petrification, and their concealment ability is extremely powerful.

He has four petrified turtles in his hands.

The Turtle Emperor's absolute petrification has evolved into an emperor-level skill - All Transformations Return to Void.

As long as he uses this skill, not even the Nine Star Peak can detect him.

Not only that, even the Heavenly Tribulation couldn't sense his presence.

You must know that the general period of tribulation can only last about a month, and then the tribulation has to be overcome.

The Turtle King has been here for more than a hundred years.

For more than a hundred years, he did not dare to overcome the catastrophe, so he avoided the catastrophe by using all transformations to return to the void, and then continued to temper his body.

Now, his physical body has reached the emperor level, his combat power has been increased to 2 billion, and he also carries the emperor's power.

In addition, turtle monsters are good at defense, and he is a soil elemental master who is good at defense.

Therefore, his defense is extremely strong.

It would be difficult for an ordinary emperor to kill him instantly.

In short, with his current strength, as long as he wants to overcome the disaster, the success rate will be over 90%.

He is equivalent to a nine-star emperor who can advance at any time.

After understanding this, Qin Feng also paid attention to the Turtle Emperor.

In fact, as long as Qin Feng breaks through to the realm of transcending tribulation, his chaotic void can also achieve the effect of returning all transformations to ruins.

At this moment, the turtle king's monster body shrank rapidly and turned into a bald man in the blink of an eye.

"good! good! The turtle emperor's myriad transformations have returned to ruins, this emperor has finally seen it!"

The man in the golden mask was filled with admiration.

He knew that the Turtle Emperor was hiding under the desert.

He had been secretly sensing it, but he just couldn't sense it.

If the Turtle Emperor hadn't appeared in person, he would have thought that the Fire Emperor was telling lies.

"Taiyue has met two of them!" The Turtle Emperor bowed his hands to the two of them very politely.

His real name is Taiyue.

"Brother Taiyue, have you thought about it? Do you want to join our Holy Alliance?", Fire Emperor urged.

The golden masked man also said hoarsely: "Yes! We don't have much time left. Brother Taiyue, if he hesitates any longer, I'm afraid he will lose his last chance....."

"This time, we will definitely be able to destroy the Monument of Creation. You must have heard just now that we have the All-Heaven Formation... Do you want to miss the opportunity to obtain the Daoyun Fragments?"

"this....", Turtle Emperor hesitated.

After a moment, he sighed: "I was originally willing to join you, but you are cooperating with the Starry Sky Beast Clan, which makes me very uneasy....."

"Why are you upset?"

"You two, the star beasts have always wanted to invade our earth. Emperor Gale encourages you to destroy the Heavenly Monument of Creation. He must have evil intentions. I don't understand, aren't you worried? If the earth is occupied, thousands of creatures will be in ruins...."

The Turtle King sighed.

After all, he is a living being on earth, and he still has thousands of living beings in his heart.

The golden masked man smiled coldly: "Of course I know that Emperor Gale has evil intentions! Over the years, I have researched some results"

"The fragments of Tao Yun contained in the Creation Monument can only be absorbed by the creatures on the earth, and cannot be absorbed by the starry sky beasts and people from the outer star realm."

"Every time the Heavenly Monument of Creation is activated, the Starry Sky Orcs can only watch our progress, so they are eager to destroy the Heavenly Monument of Creation....."

"This idea coincides with ours. We just need to use their power to destroy the Monument of Creation....."

The Turtle King shook his head: "I think this is their conspiracy. The monument cannot be destroyed."...."

"Why can't it be destroyed?", the golden masked man sneered, "This emperor is only one step away from the level of the Great Emperor!"

"Even if this is a conspiracy of the Starry Sky Beast Clan, as long as I grab a fragment of the Great Emperor Daoyun this time, I will definitely be able to break through to the Great Emperor level....."

"When I become the Great Emperor, do we still need to be afraid of the Star Orcs? By then, I will be able to destroy the Starry Sky Beast Clan by myself!"

The Fire Emperor quickly agreed: "Not bad! This emperor has also been stuck at a bottleneck for many years. As long as I can get a piece of Tao Yun from the top of the emperor level, I can also break through to the nine-star peak....."

The Turtle King smiled bitterly: "So you are all gambling! What if you lose the bet? What if you grab the Daoyun fragments and still haven't made a breakthrough? Whether you can break through is probably your own decision....."

"If you fail to break through in the end and the earth loses its foundation, I am afraid that no great emperor master will be born again. The earth has lost even its last hope!"

The golden masked man sneered:"You are right! We are just betting! Even if you lose the bet, so what?"

"If I can't become the Great Emperor, what's the use of the Heavenly Creation Monument! If I can't become the Great Emperor, what's the use of this earth!"

At this moment, the golden masked man finally said what was in his heart.

The Turtle Emperor was shocked.

Even the Fire Emperor was shocked..

Chapter 327

This guy is so extremely selfish!

The Turtle Emperor swallowed his saliva:"Didn't you say before that you would build a fair and free earth world?" The golden masked man sneered:"I would rather let the world down than let the world down me! If I don't get what I want, Yes, building a fair and free world is useless!"

"Turtle Emperor, I have already said what I should say. You also know a lot of things you shouldn't know, and it's time for you to make a decision!"

The golden masked man's expression became colder, and he also exuded a looming murderous intention.

The Turtle Emperor was horrified:"It seems that I have no room for rejection, but can you really do it? You know, Emperor Qinglong is also at the top of the Nine Stars. If you want to destroy the Heavenly Monument, he will definitely stop you!"

The golden masked man said disdainfully:"Don't worry! Qing Emperor is no match for me!"

The Turtle King was shocked and couldn't help but take another look at the golden masked man.

This guy is actually stronger than the Qinglong Emperor! Who is he?

Even Qin Feng in the distance is confused.

Who is this ambitious guy? ?

At this time, the Fire Emperor also said:"Turtle Emperor, we invite you to join because of the consideration of the creatures on this earth....."

The Turtle Emperor was stunned:"How do you say this?"

The Fire Emperor explained:"No one knows about your existence, and the Gale Emperor naturally doesn't know about it either. Then you are our trump card. We want you to secretly infiltrate the heavens." in the array"

"When the time comes, the Starry Sky Orcs really want to do something small. Your emergence will definitely save the crisis and prevent the earth from falling into a situation of no return....."

When the Turtle King heard this, he thought it made sense and couldn't help but remain silent.

The golden masked man said again:"King Turtle, as long as you join us, you will be the fourth leader of the Holy Alliance. I will also give an order that humans will not be allowed to kill land monsters above five stars in the future....."

"this.....", Turtle Emperor hesitated.

After a moment, he sighed:"Okay! I'll join!" Both the golden masked man and the Fire Emperor were overjoyed

"Ha ha! It's long overdue!"

"Turtle King, then sign this alliance contract!"

The golden masked man excitedly took out a contract scroll with the names of many people written on it.

It turns out that to join the Holy Alliance, you must sign such a contract.

This is also the golden masked man's method of restraining everyone.

Qin Feng looked at it from a distance For a moment, disdain flashed in his eyes.

The binding ability of this contract is even worse than the sacred contract, and one level worse than the contract of all living beings.

He can completely break it.

At this time, the Turtle King used the blood of his finger as a guide to sign the contract.

Golden Both the masked man and the Fire Emperor secretly breathed a sigh of relief.

"Brother Taiyue, when do you plan to overcome the tribulation?", the tone of the golden masked man became gentler.

"Within three days! I am promoted to the throne!"

"Do you need us to protect you?"

"Thank you both for your kindness! No!", the Turtle King laughed awkwardly.

He was still a little wary of these two people.

Besides, it was not difficult for him to overcome the tribulation, and he did not need anyone to protect him.

In the distance, Qin Feng heard this, his eyes were filled with excitement Light.

Someone is about to overcome the tribulation, and he has the tribulation cloud to eat.

For him, it is a great tonic!

And this turtle emperor, he thinks this guy is good, he wants to conquer him!

At present, the turtle emperor is still He has not broken through to nine stars, and his soul strength is not high. He has a chance to conquer it.

If he waits for the Turtle King to break through to nine stars, he will have no chance.

He must seize this opportunity!

"That being the case! Then let's go first!"

"Brother Taiyue, if there is an emergency, remember to send us a message!"

At that moment, the golden masked man and the Immortal Fire Emperor left.

The two went directly to the direction of the Gale Emperor.

They also wanted to practice the Heaven-Slaying Formation.

When the two walked away, the Turtle Emperor looked at their backs and sighed and shook his head.

Then , he looked thinking again.

Seeing this, Qin Feng immediately launched a memory scan.

He wanted to know what the Turtle Emperor was thinking about.

After a moment, his face showed joy.

It turned out that the Turtle Emperor was thinking about overcoming the tribulation.

In the past, the Turtle King had always restrained himself from overcoming the tribulation, just to build a good foundation and successfully overcome the tribulation without any risk.

Now, he had to change his plan and overcome the tribulation in advance.

And in this place to overcome the tribulation, he did not want the golden mask and the people The Fire Emperor knew.

Soon, he thought of a good secret place and decided to go to overcome the tribulation two days later.

The next second, the Turtle Emperor dived into the sandy bottom and disappeared.

But he didn't know that what was in his heart The secret had been spied on by Qin Feng a long time ago.

At this moment, Qin Feng no longer stayed and disappeared in a teleport. An hour later, the Southern Alliance and the King of Qin visited the palace.

After Qin Feng came back, Luo Li could not get out of bed..

She was fucked badly by Qin Feng last night, and her body is still weak.

Qin Feng did not disturb her.

In the study, Qin Feng began to think about the next thing.

If he wanted to obtain 90% of the Daoyun fragments of the Creation Sky Monument, There is only one way, and that is to destroy the Sky Monument.

In addition, he must be closest to the Sky Monument in order to grab the most.

If someone is closer than him, he will probably lose some fragments.

Moreover, that person will definitely grab the best fragments of Tao Yun.

Qin Feng thought for a while and felt that he could not be the closest person.

If he wanted to get close to the Sky Monument, he could only rely on his own strength and could not rely on the help of the Earth Fire Demon King and the Headless Golden Man.

His own He is not the strongest.

At least Emperor Qinglong and Yue'er will surpass him.

As for the golden masked man, he hasn't figured out who it is yet. He also doesn't know if the golden masked man will be present.

In short, he wants to get the biggest The advantage is that he still needs to improve his strength.

It is best that he can break through to the Tribulation Realm before the Sky Monument is activated.

Perhaps this will depend on the help of the Turtle King's Tribulation Cloud.

In addition, he must refine the headless golden man as soon as possible.

On the last day of the Sky Monument Enlightenment, there was bound to be a big battle.

The opponent had strong combat power and was assisted by the Heaven-Slaying Formation.

There were also starry sky beasts peeping in the dark.

A bloody battle was inevitable.

He needed to improve his side's combat power.

Otherwise, even if he grabs many Daoyun fragments, the golden masked man and the starry sky beast tribe will not give up.

Thinking of this, Qin Feng suddenly felt that time was running out.

He took out the weapon refining secret book and studied it hard.

Time passed. Fast.

In the blink of an eye, two days have passed.

In these two days, Qin Feng has made amazing gains under the help of a large number of gang leaders who have understood the pills. He has understood 35% of the emperor-level weapon refining secret book.

His weapon refining level It has also reached the king level.

He has already estimated that as long as he comprehends 80% of the secrets, he will be able to refine the golden puppet.

By then, he will have another nine-star combat power beside him, and it is very strong. Nine-star combat power.

Thinking of this, Qin Feng felt secretly happy.

However, he did not continue to study the art of refining weapons.

Early in the morning, he washed up and hurriedly left the palace.

Because today was the day when the Turtle Emperor passed through the tribulation..

Chapter 328

After leaving the palace, Qin Feng flew to the north.

Three hours later, at the border of the Xuanwu Alliance.

Qin Feng looked at the boundless desert in the distance and flew directly in.

Half an hour later, his figure appeared deep in the desert.

It was a no man's land.

The scorching sun hangs in the sky, and it is surrounded by endless white desert, a desolation.

Occasionally, a highly venomous sand scorpion will emerge from the hot white sand, looking for food everywhere.

This kind of sand scorpion is only a ferocious beast, not even a one-star monster. It has very low intelligence and is at the bottom of the desert food chain.

Suddenly, an extremely terrifying aura rose from the ground.

Sand scorpions and sandworms within a hundred miles radius all sensed it and were greatly frightened.

One by one they scrambled out of the sand and fled around.

Immediately afterwards, the sand dunes within a hundred miles suddenly trembled slightly and made a rumbling sound.

Then, a gigantic turtle rushed out of the ground, bringing up a cloud of flying sand and dust, like a sandstorm.

The giant turtle landed on the ground and transformed into a majestic bald man.

The person who came was none other than the Turtle King.

He looked around with a proud smile on his face.

This place is inaccessible, thousands of miles away from inhabited places.

He is here to survive the tribulation and should not be disturbed.

This is the holy land for overcoming tribulations that he spent many years building.

It turns out that he ordered all the monsters in this desert to migrate out more than ten years ago.

Only ferocious beasts such as sand scorpions and sandworms are left to live here.

As a result, there will be fewer monster resources in this desert.

No one would brave the scorching sun and heat to come to this harsh desert just to hunt a few ferocious beasts.

Over time, this desert became a deserted place.

And a place like this is very suitable for overcoming tribulations

"No one should be able to disturb me!"

The Turtle King murmured, then looked up at the sky and relaxed his mind.

The next second, he withdrew his hidden aura.

The Tribulation-Transcending Realm cultivation instantly spread to the whole place.

The color of the world suddenly changed! The sun was blazing in the sky, and the air was extremely hot.

At this moment , the sky gradually became gloomy.

In the blink of an eye, calamity clouds emerged out of thin air. Covering the sky and the sun, the sky and earth suddenly became dim. The gray calamity clouds rolled and covered the land with a radius of fifty or sixty miles.

The invisible power of heaven descended from the sky, suffocating

"This calamity cloud....."

The Turtle King showed fear. what happened?

Why does his calamity cloud seem bigger than the rumors say?

It is said that during the tribulation, the normal tribulation cloud is only about twenty or thirty miles in size.

This one is actually fifty or sixty miles in size.

Legend has it that the bigger the calamity cloud is, the more powerful the calamity will be.

His calamity cloud is twice as big as the ordinary calamity cloud.

The power of the tribulation is twice that of the ordinary tribulation!

At this thought, the Turtle Emperor's face suddenly turned pale.

It's over now!

If it were the power of the previous heavenly tribulation, he would be more than 90% sure of surviving it.

But now, he is at most 30%! what to do?

The catastrophe is wonderful!

Once it starts, it doesn't stop.

No matter where he escapes, Heavenly Tribulation will follow him.

This time, he may be dead!

The Turtle King is terrified!

He didn't expect things to turn out like this.

In fact, don't say he didn't expect it.

Neither the golden masked man nor the immortal fire emperor expected it.

Can't blame them.

After all, the cultivation of earth is still in its infancy.

There is a lack of common sense about cultivation.

People have limited knowledge about many common sense aspects of overcoming tribulations.

Not far away, Qin Feng looked surprised.

There are so many calamity clouds!

Ha ha! Very good!

The more calamity clouds there are, the greater benefits Qin Feng will get.

It seems that the foundation of this Turtle King is very solid!

Qin Feng couldn't help but take another look at the Turtle Emperor.

He has inherited memories and understands the calamity cloud.

The more solid the foundation of cultivation is, the stronger the heavenly tribulations encountered when overcoming tribulations will be.

But once the tribulation is successfully overcome, both potential and strength will be greatly improved.

It seems that the foundation of this Turtle King is much stronger than the ordinary Tribulation Realm.

If he succeeds in overcoming the tribulation, he will have a great chance of reaching the level of the Qinglong Emperor in the future.

To put it bluntly, this guy has good potential.

But the Turtle King didn't think so.

At this moment, he was scared to death.

His nature is not bad, but he is afraid of death.

Otherwise, he wouldn't have been hiding for more than a hundred years without daring to survive the tribulation.

This time, if it weren't for the golden mask and the Fire Emperor, he would have wanted to delay it for a few more years.....

But he didn't expect that in the end, he still couldn't escape!

At this moment, earth-shattering thunder rang out from the calamity cloud.

A tribulation thunder has formed, rolling and roaring in the clouds like a wild dragon, as if it will strike down at any time.

The Turtle King took a deep breath, and a set of black armor appeared on his body, covering his whole body.

It was made from its turtle shell and was comparable to the pseudo-emperor.

After doing this, he looked up at Tianjie with a serious look on his face.

But at this moment, a chuckle sounded behind him.

The Turtle King was shocked and turned around quickly.

I saw an extremely handsome young man in white, standing in the air, looking at me with a mocking look on his face.

"Who are you?!"The Turtle Emperor opened his eyes in shock.

He couldn't see through this young man's cultivation.

However, this young man could come behind him silently, and he was definitely a terrifying character.

Could he be the Nine-Star Emperor?

That's not right!

None of the nine-star emperors on the earth looks like a young man.

What's more, he is still such a handsome young man.

If there were, it should have spread throughout the world!

Thinking of this, the Turtle Emperor said with awe: "Friend, Tai is here to cross the border. Jie, I hope it will be more convenient and provide a quiet environment....."

The corners of Qin Feng's mouth curled up slightly, and his smile was as graceful as that of a peerless young master, making the light in the world brighter.

But the next second, he turned into an afterimage, instantly reached the head of the Turtle Emperor, and trampled the Turtle Emperor under his feet with a snap.

Click~! Click~! Click~!

The hard turtle shell armor actually had cracks!

Wow~!

The Turtle King spurted out a mouthful of blood!

Immediately, he looked up with fear on his face. no doubt

This boy in white is definitely the Nine-Star Emperor, and not just any ordinary Nine-Star Emperor.

He is stronger than the Immortal Fire Emperor!

"My friend, I don't know you, and I have never offended you, so why should I attack Tai?"

The Turtle King's voice was trembling.

He was afraid.

"Because you are a traitor to the earth! Death is not a pity!"

Qin Feng's expression was calm, but the words he spoke were full of murderous intent. But the Turtle Emperor stared in horror. Could it be that the Holy Alliance's affairs were leaked?

This is impossible!

He joined the Holy Alliance, and only the golden mask and the fire The emperor knows how it could be...

The more he thinks about it, the more mysterious Qin Feng becomes.

And the more unknown things are, the more awe and fear they feel.

"My friend, I was forced. If I don't join, they will kill me!" The Turtle Emperor wanted to cry but had no tears. Qin Feng sneered at the corner of his mouth: "The Immortal Fire Emperor, and the guy with the golden mask! They are all traitors to the earth! They must die too!"

The Turtle Emperor was shocked again. This mysterious young man really knew everything!

This time, his heart was completely confused.

He felt that what he had done was invisible in front of this young man.

He suddenly felt a sense of powerlessness.

"You...who are you?", Turtle Emperor asked in panic.

Qin Feng sneered slightly and was too lazy to answer.

Then, he said coldly:"I'll give you two ways! Or die! Either surrender to me!"

"I....", Turtle King opened his mouth, not knowing what to say.

But at this moment, the first ray of catastrophe finally struck, striking directly at the Turtle King.

The Turtle King was so frightened that his face changed.

He tried to resist, but was stepped on by Qin Feng, unable to move.

In an instant, the sky thunder fell and directly hit the Turtle King's head.

The Turtle King opened his eyes in despair.

But at this moment, he saw an extremely terrifying scene....

Qin Feng suddenly turned his head, opened his mouth and breathed in the sky, and the sky and the earth changed color.

The ten-thousand-foot calamity thunder was swallowed directly by Qin Feng.

The Turtle Emperor was dumbfounded!

After a moment, Qin Feng smacked his lips with a look of great satisfaction on his face.

It seems that there is still something unfinished!

The Turtle King was confused.

Oh My God!

This young man can actually suffer a catastrophe!

I'm not dazzled!

Could he be the Great Emperor?

At this thought, the Turtle Emperor's eyes were filled with fear, and his body began to tremble.....

He actually offended the emperor!

At this moment, the defense in his heart began to collapse...

At this moment, Qin Feng's eyes lit up with dazzling white light.

The emperor-level illusion is fully activated!

In an instant, it broke through the gap in the Turtle Emperor's mind and penetrated directly into the depths of his soul...

The Turtle Emperor's eyes instantly became confused.....

An ethereal voice sounded in his ears

"die? Or surrender?"

"I am willing to surrender!"

"Open your mind and sign a contract with me,....."

The Turtle King was completely confused and silently relaxed his mind.

Qin Feng instantly opened a contract with the Turtle Emperor.

A black rune flew toward the Turtle King's eyebrows and sank into it.

The contract between all beings is signed and completed!

Qin Feng's lips curved into an evil smile.

He wants another nine-star servant..

Chapter 329

At this moment, the Turtle King's eyes returned to clarity.

Inexplicably, he felt that the young man in front of him was extremely friendly, and he felt infinite respect in his heart.

Plop~!

"Taiyue has met his master!", the Turtle Emperor knelt down in front of Qin Feng with great respect.

"Get up!", Qin Feng was very pleased.

At the same time, he was also a little lucky.

This kind of contract cannot be forcibly signed, and the other party needs to take the initiative to let go of his heart.

His emperor-level illusion can control the limit of eight-star perfection at most. If he wants to control the crossing The calamity period is extremely difficult.

Generally speaking, it is almost impossible to control it.

But Qin Feng found out from many details the weakness of the Turtle Emperor, which was that he was greedy for life and afraid of death. Therefore, he severely injured the Turtle Emperor as soon as he came up and threatened him with death. He.

The Turtle Emperor was faced with a catastrophe before him, and Qin Feng was behind him. His weakness was caught at once, and he fell into despair.

In that helpless situation, cracks appeared in his mental defense, and Qin Feng took the opportunity to activate the Emperor Level The illusion suddenly controlled his mind and made him voluntarily surrender.

If he were a person with a strong will, Qin Feng might not be able to succeed.

It can be said that Qin Feng conquered the Turtle King with great luck.

Even better, once the contract between all living beings It takes effect, and the servant is extremely loyal to the master, and can even sacrifice his own life.

Simply put, Qin Feng asked the Turtle Emperor to die, and he would faithfully execute it.

This is the change of the soul and mind by the power of the contract, and also It just restrained the Turtle Emperor's weakness of greed for life and fear of death.

This made the Turtle Emperor no longer defective and very worthy of training.

Thinking of this, Qin Feng pressed his hand on the Turtle Emperor's eyebrows.

Click~!

A slight sound echoed in the Turtle Emperor's mind.

Immediately, he looked at Qin Feng with a face of admiration, and his eyes were full of respect.

Just now, Qin Feng broke another contract deep in his soul.

It was the contract for him to join the Holy Alliance.

According to the provisions of that contract, If he betrays the Holy Alliance, his soul will suffer serious backlash.

He was originally worried about this problem, but it was solved by Qin Feng in the blink of an eye.

This made him no longer have any worries and he was very happy.

At the same time, he was also extremely shocked. Qin Feng's strength.

Is this master really the Great Emperor?

You know, that kind of contract can't be broken by the Nine-Star Emperor, unless the Great Emperor takes action.

Naturally, he doesn't know that Qin Feng is a master of contracts.

As long as the other party's contract is weaker than the contract of all living beings , he has a way to remove it

"Thank you master!"The Turtle Emperor stood up respectfully.

Qin Feng made a move.

A gust of spring breeze blew past him.

The Turtle Emperor suddenly felt a coolness all over his body, and the injuries on his body recovered at a speed visible to the body.

The Turtle Emperor was pleasantly surprised!

He was back to his peak strength again.!

The master's healing skills are so powerful!

This is definitely an emperor-level skill!

Thinking of this, his respect for Qin Feng became stronger, and he felt that Qin Feng was unfathomable.

In fact, he was not wrong.

What Qin Feng just performed was The emperor-level skill - Mighty Hand Rejuvenation, was advanced from the king-level skill - Dead Tree Rejuvenates.

At this moment, there was a rumble in the sky, and the power of the sky increased sharply.

Click~!

The second heavenly tribulation is coming!

"Overcome the tribulation!"

Qin Feng quickly retreated.

Transcendence is a qualitative transformation process that tempers the body, soul, and elemental origin.

He must let the Turtle Emperor go through it once.

Otherwise, the Turtle Emperor will not be able to truly break through to the nine-star realm.

In the blink of an eye, the sky thunder fell, destroying Heaven destroys earth.....

The Turtle King raised his head, held up a giant ax, and faced the thunder calamity...

Boom~!

The earth cracked within 10,000 meters, and the wind and sand danced wildly!

Stop the catastrophe!

The Turtle King stood proudly in the deep pit, with lightning flashing all over his body.

The power of those thunder tribulations is strengthening every cell in his body.....

He closed his eyes slightly, feeling a little excited deep in his heart.....

He felt that he was getting stronger.....

At this moment, the third thunder tribulation descended.....

The Turtle King immediately opened his eyes and stepped forward to greet him.....

Qin Feng was standing aside, watching silently.

He could feel that the body, soul, and origin of the Turtle Emperor were getting stronger step by step...

That kind of change coincided with the way of heaven, which was very magical...

Qin Feng silently realized something, and he vaguely realized something...

By the way, this The world is composed of matter and antimatter.

If the nine elements are positive matter energy, and the Heavenly Tribulation is antimatter energy...

The force field of the Nine Star Emperor breaks the balance of matter and antimatter, causing the Heavenly Tribulation...

What is the role of the Heavenly Tribulation?

It seems to push life forms to a higher level, pushing the balance of matter and antimatter to a higher level.....

This seems to be a reorganization of life forms...

Nine elements form chaos, what is the antimatter form of chaos...

Unknowingly, Qin Feng entered a wonderful state of enlightenment.

The soul seemed to be sublimated and entered an extremely comfortable state, and the mind was very relaxed.....

It feels wonderful!

Unknowingly, a quarter of an hour passed.

Qin Feng finally came back to his senses from his state of enlightenment.

He silently opened his eyes, and the depths of his eyes lit up with a soul-stirring light, burning brightly.

Then, his face lit up with joy.

Qin Feng discovered that after his sudden enlightenment, his soul had been sublimated, his soul strength had increased, his soul power had been greatly enhanced, and his combat power had also increased.

And his Tao Core completion rate also increased from 67% to 69%.....

It seems that soul refining can also speed up the concentration of Tao core, allowing him to break through to the tribulation stage earlier...

This is an unexpected gain!

Qin Feng felt extremely happy.

But at this moment, a shrill scream rang out from the field.

Qin Feng was startled and looked quickly.

He saw the Turtle King's armor bursting apart and falling to the ground covered in blood, extremely miserable.

It turns out that the Turtle King was severely injured by the catastrophe

"Master...Master..."

The Turtle King opened his mouth weakly.

He had only passed through the eighth level of tribulation, and he became like this.

At this moment, he didn't even have the strength to stand up.

But the most powerful ninth level The heavy heavenly calamity has not yet come!

You must know that there are nine levels of heavenly calamity, each level is stronger than the next.

Especially the ninth level is the most abnormal, with twice the power of the eighth level.

The vast majority of people die in the ninth level.

Unexpectedly, he was going to die under the ninth level.

In his current state, he would never survive the ninth level.

He would definitely die today!

In fact, let alone the ninth level, even if he did it again, his power would be comparable to that of the ninth level. He couldn't withstand the eighth level of heavenly tribulation!

Of course, he also knew Qin Fenghui's emperor-level healing technique.

But the heavenly tribulation was so wonderful that no healing skills had any effect on the injuries caused by it.

The only option was to wait for the sky. After the tribulation is over, it will take the initiative to restore the injuries of the tribulation breaker, and it will recover in a very short time...

This kind of recovery should be related to the last heavenly tribulation...

No one can understand why...

The Turtle Emperor's heart is He was sinking, with despair in his eyes.

Qin Feng watched this scene calmly.

He saw above the sky, within the calamity clouds, the ninth heavenly calamity was taking shape.

He could not swallow this calamity.

If Without the last Heavenly Tribulation to temper his body, the Turtle Emperor's injuries will never recover, and he will become a useless person.

But this ninth Heavenly Tribulation cannot be left behind.

Otherwise, the Turtle Emperor will surely be wiped out.

It seems that there is only one last resort.

The next second, in the Turtle Emperor's extremely shocked eyes, Qin Feng kicked into the air and stood under the calamity cloud.

He raised his head proudly, looked up at the calamity cloud, and opened his mouth to take a breath.

Devouring the sky and the earth!

The sky and the earth changed color, and the sky was thousands of miles long. Shock!

The frightening calamity cloud formed a huge funnel and was swallowed crazily by Qin Feng.....

This scene is like a monstrous demon devouring heavenly calamity. The demonic power is brilliant and mighty.....

The Turtle Emperor was extremely shocked!

In the blink of an eye, 60% of Jie Yun was devoured by Qin Feng.

The ninth heavenly tribulation finally takes shape!

Click~!

The purple thunder struck down!

The Turtle King trembled all over.

But the next second, a look of ecstasy appeared on his face.

It turns out that the power of the ninth heavenly tribulation is actually weaker than the eighth, only comparable to the seventh!

He could withstand such a level of lightning disaster.

But, how come this calamity has weakened?

Could it be...

The Turtle Emperor thought of something in an instant and looked at Qin Feng with great gratitude.

It turns out that the heavenly calamity is brewing from the calamity cloud.

The bigger the calamity cloud, the stronger the calamity.

Qin Feng swallowed 60% of the calamity cloud, reducing the power of the calamity, thus saving the Turtle Emperor.

At this moment, the ninth heavenly tribulation fell.....

The Turtle King gathered up his last strength and faced the catastrophe...

Boom~!

Within thousands of miles, the earth trembled!

The Turtle King groaned miserably, blood spurted out, and lightning flashed all over his body...

He resisted!

At this moment, he stood proudly in the wind and laughed wildly!

Ha ha!! Got through it! I got through it!

The invisible power of heavenly calamity is rapidly repairing his injuries...

His body, his soul, and his origin are all evolving at a rapid rate.

His momentum is also increasing steadily.....

Once the Turtle King has completed his tribulation, the clouds of tribulation in the sky will disappear.

Seeing this, Qin Feng opened his mouth and sucked in wildly. The wind and clouds changed wildly, and the calamity cloud swallowed them all.....

"Ding! Successfully swallowing the calamity cloud...the physical strength has been increased to the peak level of nine stars....."

"Ding! Devouring the Tribulation Cloud Successfully.....The soul power intensity is increased to the peak level of nine stars....."

"Ding! Devouring the Tribulation Cloud Successfully.....The awakening degree of the seventh consciousness is increased to 70%....."

"Ding! Divine Tribulation Seal (completeness 24%) ,The power of the Heavenly Tribulation Divine Thunder skill is greatly improved... (Note: when the completion rate reaches more than 30%, it can be upgraded to an emperor-level skill)"

"Ding! Devouring the Tribulation Cloud Successfully.....Dao core completion degree increased to 87%....."

"Ding! Dragon God inheritance awakening increased to 16%.....Combat power increased to 16 billion..

Chapter 330

In a moment, Qin Feng swallowed up the robbery cloud.

His strength has been comprehensively improved, both physical strength and soul strength have reached the peak level of nine stars.

Now, he can use Chaos Nothingness to get close to the nine-star peak powerhouse without having to worry about being discovered.

The effect of this skill is comparable to that of the Turtle King's Ten Thousand Transformations Returning to the Void

"pity! There is still 13% progress left before breaking through to the Tribulation Realm....."

Qin Feng felt a little sorry.

His current Tao Core completion rate is 87%.

No matter what, he was very satisfied with this harvest.

With his current strength, he is confident that he can easily defeat the Azure Dragon Emperor and the golden masked man.

Thirteen days later, there was something good to watch when I contemplated the Heavenly Monument.

The next second, Qin Feng fell from the sky and slowly landed behind the Turtle Emperor.

At this moment, the Turtle Emperor was immersed in the joy of breakthrough.

The foundation of this Turtle King is indeed good.

Once he broke through to the nine-star realm, his strength was stronger than that of the Earth Fire Demon King.

This made Qin Feng very satisfied.

After subduing the Turtle King, not only did he gain nine-star combat power, but he also gained the power of all the terrestrial demon clan.

This invisible force has been ignored by others. If it were gathered together, it would definitely surpass any other alliance.

The power in Qin Feng's hands is getting stronger and stronger.

Sensing the movement behind him, the Turtle King turned around

"Thank you master for your life-saving grace!", the Turtle Emperor knelt down with great respect.

He was really grateful to Qin Feng.

Without Qin Feng's help, he would not have been able to successfully overcome the disaster.

Thinking about it, he was afraid

"Get up!"

"yes! Owner!", Turtle Emperor stood up respectfully

"Master, can you tell me your name?"The Turtle Emperor is still very curious about Qin Feng's origins.

"I am the Emperor of Qin, and I have established a power called Qinmen. From now on, just call me Sect Master!"

"yes! Door owner!"

"From now on, the leader of this sect appoints you as the elder of the Qin sect, with a respected status....."

The Turtle King was overjoyed:"Thank you so much, Master!"

"Taiyue!"

"The subordinates are here!"

"Now give you a task...."

"Master, please speak!"

"You continue to lurk among the Holy Alliance.....Also, this alliance leader wants the Heaven-Slaying Formation, is there any way you can get it?"

The Turtle Emperor smiled and said,"Master, this is not difficult." Is it because you want your subordinates to continue to lurk?....."

The Turtle Emperor stopped talking.

Qin Feng said calmly:"You guessed it right! Our main purpose is to kill the golden masked man and destroy the Holy Alliance. They are traitors to the earth and must die!" The

Turtle King's eyes lit up:"My subordinates understand!"

He My heart is naturally biased toward the earth, and I don't want to collude with the starry sky beasts.

"Sect Master, please wait for my news. Within five days, my subordinates will definitely get the Heaven-Slaying Formation Diagram....."

"good!"

"Subordinates resign!"

At that moment, the Turtle Emperor escaped into the sand and left.

After the matter was done, Qin Feng did not stay any longer and returned directly.

After returning to the SAARC station, Qin Feng continued to retreat and studied the art of weapon refining assiduously.

The years passed by with a snap of the fingers. Gone!

In the blink of an eye, three days have passed.

There are only ten days left before the day of understanding the Heavenly Monument.

Qin Feng's weapon refining level has improved by leaps and bounds.

He has finally understood more than 80% of the weapon refining secret book.....

At this time, the Southern Alliance was in a secret training room.

Qin Feng held the weapon refining secret book in his hand.

He was looking at the secret book in front of him with a look of surprise.

I saw that there were a lot of words written densely on the secret book page.

That was actually the specific method of refining the Golden Man Puppet... it was written down by Emperor Garuda himself.

This is of great help to Qin Feng.

Without this method, it might take him five or six days to refine the golden puppet.

With this method, he would avoid many detours and it would only take a few hours to refine.

Qin Feng couldn't wait to sacrifice the alchemist puppet immediately.

But when he continued to look down, he was shocked.

It turned out that the second half of the page introduced the origin of the golden puppet.

That was obtained by Emperor Jia Luo Lou from a certain secret realm.

The golden puppet's combat power was originally at the emperor level, but due to the missing head, its combat power dropped to the emperor level.

If the golden head can be recovered, it can still be restored to the emperor level.

In addition, there are actually twelve golden puppets.

Twelve puppets work together to set up twelve capital formations of demons, capable of overcoming the master.

This shocked Qin Feng!

It turns out that the origin of the headless golden man is so great.

He continued to read.

At the end of the page, there is a summary of Emperor Garuda's research on the Jin puppet.

Moreover, he also researched the secret method of refining the clay puppet based on the golden puppet.

Qin Feng took a look and found that the idea and design of the clay puppet were very clever.

If it is refined according to this method, it will also have good combat power.

After a while, Qin Feng digested all the information on that page.

He closed the secret book again, feeling relieved.

This time I gained a lot and got a lot of useful information.

And it was time for him to sacrifice the alchemist puppet.

Qin Feng waved, and the headless golden man appeared in front of him.

He was just about to start the sacrifice.

But at this moment, he actually heard a familiar voice calling in the distance.

That call comes from the soul.

Qin Feng was surprised and looked in the direction of the call.

It seemed like a dragon's nest there.

He quickly put away the headless golden man and rushed towards the dragon's nest.

After a while, Qin Feng entered the dragon's nest.

As soon as he entered, he saw changes in Longchi.

I saw that all the dragon blood and emperor's liquid in the dragon pond were completely absorbed by the dragon eggs.

A mysterious purple mist actually overflowed from the dragon egg, exuding strange energy fluctuations and wrapping the entire dragon egg.

Under the purple mist, strong thoughts came from the dragon egg, calling him strongly..
