

God level 3211

Chapter 3211

At that moment, Qing Tianqi took a deep breath, and as soon as his mind moved, a cyan light curtain appeared behind him.

Immediately, a wood spirit tree several feet high emerged from the cyan light curtain, emitting a dazzling cyan light that illuminated the dark cave.

As soon as the Wood Spirit Tree emerged, the Mu Yuan Qi in the air trembled, and then surged crazily towards Qingtian Qi. In just a moment, the concentration of Mu Yuan Qi around Qing Tian Qi increased dozens of times.

But at this moment, a sudden change occurred in the field.

The wood spirit tree suspended in the air suddenly emitted a suction force, sucking away the spiritual core in Qingtian Qi's hand.

"Huh! This is?"

Qing Tianqi looked up in surprise and watched the 'spiritual core' slowly float up and fly towards the wood spirit tree in the air.

At the same time, the roots at the lower end of the wood spirit tree also automatically moved towards the 'spiritual core'. Not long after it was wrapped

, the roots of the Wood Spirit Tree wrapped the spiritual core, and then began to automatically absorb and refine the 'Spirit Core'. However, the refining speed of the Wood Spirit Tree was actually dozens of times faster than Qingtian Qi's. times.

Qingtian Qi only felt the tiger's body shake, and sensed an extremely majestic spiritual energy coming from the Wood Spirit Tree to him.

"Huh! Such rich spiritual energy, this wood spirit tree can refine the spiritual core much faster than me."

This discovery made Qingtian Qi ecstatic.

But before he could finish his joy, the Wood Spirit Tree sent an extremely strong mental wave to Qingtian Qi.

As soon as he felt the strong mental wave, Qingtian Qi felt There was a roar in his mind, and then he entered a wonderful realization.

That kind of realization made Qingtian Qi feel inexplicably happy.

Qingtian Qi closed his eyes tightly, and suddenly, he felt that he was no longer himself, but someone else. A seed, a seed buried under the soil.

Around him, there was warm and moist soil everywhere.

He felt the darkness, the moisture of the soil, the moisture of the water, and his own breathing. It's the breath of the seed

"Turn your body into wood! This is turning the body into wood!"

A voice of surprise came from the bottom of Qingtian Qi's heart.

Turning his body into wood is the first and most critical step in realizing the 'way to immortality'.

Afterwards, Qingtian Qi gathered all his messy thoughts and turned himself into a tree. His spirit was immersed in the feeling, and he was immersed in the feeling of a seed.

Soil is still soil!

It was the warmth embraced by the earth, which gradually awakened the seeds, and also awakened a magical power in Qingtian Qi's body.

Gradually, the seeds sprouted, and a delicate seedling quietly broke out of the ground.

From then on, it saw the earth, the sky, and the green surroundings. It was the world of spring, and there was a bright sun in the sky..When the scorching sun sets, another bright moon rises in the sky.

As the sun rises and the moon sets, there may be evening wind or morning dew.

Time passes quietly like this.

The blue sky feels that it is absorbing the essence of the earth every moment. Nutrients are growing slowly, gradually growing from a seedling to a sapling of an immortal tree...

While Qingtian is fully immersed in enlightenment, the outside world is also quietly undergoing many changes.

As the temple door opens , The day is getting closer and closer. Except for a small number of people who are looking for treasures in Broken Soul Ridge, most of them have stopped hunting for treasures. For a time, in every corner of Broken Soul Valley, there are Group after group of adventurers appeared, everyone speeding up and rushing towards the temple..

Chapter 3212

In a blink of an eye, the day came for the temple to open.

But on this day, an adventure team of more than ten people was rushing towards the temple.

The person headed by him is an old man in his fifties, whose cultivation has reached the sixth level of Dzogchen.

"According to the time, the temple door will open in four hours. The temple door was only open for an hour, so we hurried over. If we fail to arrive within the time limit, we will miss the opportunity."

The old man in the lead anxiously urged the team members behind him.

But at this moment, a figure suddenly appeared at the intersection in front of him, blocking everyone's way.

"Wait! All of you, please stop here!"

The person blocking the road was a middle-aged man with a warm face. He was looking at the group of people in front of him with a cold expression. In fact, the middle-aged man was none other than Wen Xu.

But when the adventurers saw Wen Xu, I immediately felt the amazing momentum emanating from Wen Xu, and there was an exclamation from the crowd.

"Oh my God! He is a seventh-level warrior!"

At this moment, the adventurers in this group all looked at Wen Xu with awe.

After a while, the old man in the leader gritted his teeth and walked forward uneasily and asked: "Senior, what are your orders for stopping me? ?"

Wen Xu glanced at everyone coldly, then made a seal with his hand, and an ice mirror instantly condensed in front of him.

A moment later, a figure with two wings on his back and three eyes on his forehead appeared in the ice mirror. Sixteen or seventeen years old, a white-haired boy with an extremely handsome appearance.

The white-haired boy was none other than Qing Tianqi after the psychic fusion.

At this time, Wen Xu stood with his hands behind his back and said loudly

"I stopped you to ask if any of you have seen the young man in this image? If any of you have seen it, just tell me, I will definitely reward you heavily. Of course, if anyone makes it up in order to defraud you of rewards, I will not take it lightly!"

Hearing this, the group of adventurers went up to identify them one after another. After a moment, they all shook their heads silently.

The old man at the head stepped forward again and said: "Senior! We have never seen the boy in this image. However, looking at the appearance of this young man who is only sixteen or seventeen years old, he is very handsome and has the temperament of a senior in his eyebrows. I guess this young man is a descendant of his senior, right? Did this young man get separated from his senior when he entered the Broken Soul Ridge?"

Hearing this, Wen Xu said angrily: "Humph!" What is my descendant? This damn boy is my enemy. If my prediction is correct, this little bastard should still be in the Broken Soul Ridge. If you see him in the future, please inform me immediately. I will definitely be rewarded heavily"

"Senior, don't worry, if junior encounters the young man in this image in the future, senior will be notified immediately!"

"very good!"

Wen Xu nodded with a gentle expression, then took out a communication talisman and immediately threw it to the old man.

"This is a communication talisman. If you find the boy in this image, crush the jade talisman immediately and notify me. What I have said is absolutely true. If you bring me useful information, I will definitely reward you. The old man was overjoyed and immediately put away the communication talisman.

Then, he asked carefully: "Senior, since the young man in this image is your enemy, he should also be a seventh-level senior, right?" It's just that this senior's appearance is too rejuvenated, that's why he looks so young."

Unexpectedly, Wen Xu silently shook his head and said: "He is not a seventh-level warrior, but a sixth-level peak warrior."

Hearing this, the old man's eyes immediately showed a look of horror.

The crowd behind him also burst into exclamations.

"Oh my God! That young man was actually a sixth-level peak warrior. I thought he was a seventh-level warrior! If he is not a seventh-level warrior, then his apparent age is true. A sixth level peak warrior who is sixteen or seventeen years old, he is definitely a true spiritual warrior."

"yes! Tsk tsk! Unexpectedly, that young man was a true spiritual warrior who was rare to see in hundreds of years!"..

Chapter 3213

Hearing the discussion in the crowd, Wen Xu frowned. He was too lazy to say anything more and put away the ice mirror with a casual move.

"Okay, as I said before, whoever among you discovers the traces of this boy will be rewarded heavily as long as he conveys the information to me."

"Don't worry, senior! As soon as I find out anything, I will immediately notify my seniors."

"good!"

Wen Xu nodded slightly with satisfaction and was about to turn around and leave.

But at this moment, he thought of something again and said

"correct! Before leaving, I must remind you. If you find that kid, don't alert him, let alone try to catch him. Although that kid is only a sixth-level peak warrior, he can easily kill a dozen of you by himself. You just need to inform me as soon as possible."

Hearing this, everyone's eyes once again showed horror.

The old man at the head asked in disbelief.

"senior! impossible? The dozen of us are all sixth-level warriors. If a dozen of us join forces, even a quasi-seventh-level warrior with the strength of a million people may not be able to do anything to us. This young man is just a sixth-level peak person. How can he tell us?"

Warriors with the power of millions of people are generally those who have reached the sixth-level Dzogchen peak. Such people are also called quasi-seventh level people. Musha.

Liu Xian and Han Che are both dual-elements and dual-paths, and can be called quasi-dual-elements seventh-level warriors.

Gu Yue is from the same dual path, and her potential is even higher.

But when Wen Xu heard what the old man said, he immediately sneered and said

"You underestimated that boy too much. That kid can take a direct blow from me and not die, which even a quasi-seventh-level warrior cannot do! To tell you the truth, in this Broken Soul Ridge, no one except for seventh-level warriors can deal with that kid. Just remember what I said!"

After hearing this, everyone was horrified and immediately looked at each other.

But at this moment, the color of the sky and the earth suddenly changed.

I saw that the originally clear sky suddenly became extremely gloomy, and there was a strange power of heaven. Energy fell from the sky.

Everyone within a hundred miles radius was stunned at this moment, and everyone looked at the sky with horror on their faces.

Even some seventh-level warriors nearby looked at the sky in shock.

After a moment, the Mu Yuan Qi within a radius of a hundred miles exploded, and rushed towards a high mountain crazily.

Soon, a large blue glow condensed in the sky above the high mountain.

Then, a blue light pillar shot out of the blue glow, Shoot directly to the mountains below

"Oh my God! This...this is the way! Someone actually achieved enlightenment in Broken Soul Ridge!"

In a corner of Broken Soul Ridge, a sixth-level Dzogchen warrior looked excitedly towards the mountain shrouded in cyan glow, with envy in his eyes.

At the same time, in another corner of Broken Soul Ridge ,.

An old man with a withered body, almost like a skeleton, slowly raised his head and looked at the changes in the sky in the distance.

"hehe!! Interestingly, it is rare for someone to achieve enlightenment in this place! However, watching the changes in the celestial phenomena is only the first one, so there is nothing to be afraid of!"

The skinny old man sneered slightly, exuding a cold aura.

It turned out that this old man was also a seventh-level warrior.

On the other side, a group of explorers who were about to rush to the temple also opened their mouths in surprise and shock. He watched the changes in the sky.

At this moment, with the high mountain as the center, all the adventurers within a radius of nearly a hundred miles shifted their attention to the high mountain. The expressions of everyone were either shocked, surprised, or Envy, or jealousy, to name a few..

Chapter 3214

But on the other side, Na Wenxu also looked at the mountains dozens of miles ahead in shock, where the changes in the weather were caused.

The adventurers beside Wen Xu were even more stunned.

This is the celestial phenomenon when you attain enlightenment.

Judging from the changes in the heaven and earth, it should be the 'way to eternal life'.

Huh! The way to immortality?

Couldn't it be that kid who refined the 'Core of Wood Spirit' and obtained the Tao realm in it?

This is unlikely. How can the core of the wood spirit be so easy to refine?

Without a few months, it would be impossible to refine it.

Even if it can be refined in such a short period of time, it may not be possible to obtain the 'Tao Realm' in it!

However, there are always exceptions to everything, so it would be prudent for me to go and take a look in person.

Thinking of this, a complicated look flashed in Wen Xu's eyes, and then his figure flashed and rushed towards the mountains in the distance.

At the same time, in the cave under the mountain.

Qingtian Qi was sitting deep in the cave with his eyes closed.

Above his head, there was a green glow pouring down.

It turns out that the previous celestial phenomenon was caused by Qi Qingtian.

At this moment, in the cyan light curtain behind Qing Tianqi, the Wood Spirit Tree was still suspended in mid-air, and the spiritual core of the Immortal Tree had already been completely absorbed by the Wood Spirit Tree.

However, the Wood Spirit Tree has also undergone some changes.

I saw three flower buds as white as jade growing on the wood spirit tree. Those flower buds were none other than the longevity flower.

But at this moment, Qing Tianqi's mind was completely immersed in the sea of consciousness.

In the sea of consciousness, Qing Tianqi's soul body was wrapped in green light.

Around the soul body, in addition to the shadow of a spiritual fire, there was also the shadow of a spiritual tree.

The shadow of the spiritual tree looks exactly the same as Qingtian Qi's natal spiritual tree, the Wood Spirit Tree, and there are also three longevity flowers on it.

This is the Taoist soul condensed from the Taoism of Immortality that Qingtian Qi just obtained.

After a long time, the celestial phenomenon on the top of the mountain disappeared.

In the cave, Qingtian Qi also slowly opened his eyes, with a look of joy on his face.

After the joy, his eyes showed the vicissitudes of life again

"A century-old dream! Who can understand the determination of a sapling to grow strong even in the stormy and cold wind? Even if it is a small seed, its power cannot be ignored. This should be the power of 'life'."

Qingtian Qi was filled with emotion, and his tone was desolate, as if he had suddenly matured a lot. It turned out that in the previous insights, Qingtian Qi transformed into a seed, from germination to growth to flowering, during which he experienced nearly a thousand years of reincarnation. After experiencing countless stormy and thunderous nights, he gradually understood what "immortality" means.

After waking up, everything seemed like a dream, a dream that lasted for nearly a thousand years.

In fact, it was the life of the longevity tree. Dream of memory.

Standing up from the ground, Qingtian Qi summoned the 'wood spirit tree' in front of him again.

Looking at the wood spirit tree suspended in front of him, Qingtian Qi was very surprised.

It is said that the wood spirit tree is in the wood. It is the most magical among martial artists. He really underestimated it before.

Unexpectedly, it can not only directly absorb the core of the wood spirit, but also directly plunder the 'Dao Realm' in the core of the wood spirit, allowing me to obtain it easily."The way to immortality", it seems that the magic of this Wood Spirit Tree is far beyond my imagination!

Thinking of this, Qingtian Qi took the "Wood Spirit Tree" into his body with great satisfaction.

Because of the Wood Spirit Tree , With the help of Qingtian Qi, he completely refined the 'spiritual core' in just five days, and also allowed him to obtain the 'Path of Immortality'.

Before the refining, Qingtian Qi could not have imagined this.

Now, because Qingtian Qi has refined the 'Spiritual Core' in one fell swoop, his wood cultivation level has reached the sixth level of perfection.

In addition, he has obtained the 'Path of Immortality', which also greatly increases his strength.

Now, Qingtian Qi's comprehensive combat power after transformation has reached the strength of two million people in one fell swoop.

This makes Qingtian Qi very satisfied.

In fact, after Qiuqiu ate more than a dozen broken spiritual armors in the past five days, , the strength has also increased slightly, and now it has reached the strength of 1.4 million people.

In other words, after the psychic combination of Qingtian Qi and Qiuqiu, its combat strength can reach the strength of 2.56 million people..

Chapter 3215

However, Qingtian Qi's speed can be compared to that of a warrior with the strength of four million people.

Of course, there is still a big gap between his speed and the seventh-level warrior.

After understanding the way to immortality, it will be much easier for him to learn the 'All Souls Incarnation Technique'. The All Spirits Incarnation Technique can also be regarded as a super-grade martial art. It's a pity that I haven't found a suitable second psychic beast yet.

This second psychic beast must be a gregarious king-level spiritual beast! It is extremely difficult to find it. Damn it! How long have I been in this cave? Has the temple been opened?

When Qingtian Qi thought of this problem, he immediately became anxious.

He was in this dark cave, although his soul was guarding him, but it was difficult to tell how much time had passed.

At that moment, he quickly put away the possessed puppet and shouted anxiously to Earth Ball: "Ball Ball! Psychic Fusion, let's rush to the temple!"

"Gujiguji!"

Seeing Qing Tianqi's anxious look, Qiuqiu also became nervous. He twisted his face and nodded repeatedly.

At that moment, Qiuqiu roared and transformed twice in a row, transforming into the final fighting state.

Then, white light In a flash, Qingtian Qi and Qiuqiu quickly completed the fusion, and in the blink of an eye they turned into a white-haired boy with wings on his back. His aura quickly increased to the strength of 2.56 million people. As soon as the psychic fusion was completed, , Qingtian Qi immediately used the "Earth Escape Technique" to escape from the underground.

A moment later, a white-haired boy emerged from the ground at the foot of the mountain.

This was Qingtian Qi who had just escaped from the cave.

Qingtian Qi escaped from the ground, He was about to rush towards the temple.

But at this moment, he suddenly heard the rapid sound of breaking through the air in front of him.

"Huh! Someone is coming. Judging from this speed, he should be a seventh-level warrior!"

Qingtian Qi was startled and quickly turned around to look.

In just a moment, the person arrived at the scene.

But as soon as Qingtian Qi saw the person clearly, his face changed with fear.

"How could it be him?"

When the other party saw Qingtian Qi, he was also frightened and angry.

He saw the other party quickly pulled out his long knife and roared angrily.

"Little bastard, it's really you! Return your spiritual core to me quickly!"

Immediately, the figure of the person flashed, and he raised his sword and slashed at Qingtian Qi.

This person was none other than Wen Xu who came after hearing the wind.

Seeing Wen Xu coming to kill with his sword, Qingtian Qi was horrified.

He now had two swords. If it's not in his hand, it means his hands are empty.

In fact, even if he has a weapon in his hand, he will definitely not be Wen Xu's opponent.

At that moment, Qingtian Qi didn't say anything, while retreating sharply, while making seals in his hand.

But his The speed is only equivalent to the speed of a warrior with a basic combat strength of four million people. Compared with Wen Xu's speed, there is a huge difference. In the blink of an eye, Wen Xu is less than three meters away from the blue sky, and the long knife in his hand is even more transformed. With a flash of cold light, he slashed towards Qingtian Qi's head.

Seeing the light of the sword coming, Qingtian Qi was horrified. He made a mistake in his steps and hurriedly dodged sideways.

But his speed was not as fast as Wen Xu, and he couldn't dodge at all. He only heard "click"! A sound! Blood splattered!

Qingtian Qi immediately screamed miserably, and his left arm was cut off by Wen Xu at shoulder level.

Seeing this, Wen Xu was overjoyed and was about to raise the knife and cut again.

But at this moment, Qingtian The third eye between his eyebrows suddenly opened, shooting out a beam of divine light of destruction towards him.

Seeing the divine light of destruction coming, Wen Xu's face changed slightly, he stopped chasing and slashing, and quickly blocked the blast of the divine light of destruction. Attack.

Because he realized that the Divine Light of Destruction was a threat to him.

Now, the power of Qingtian Qi's Divine Light of Destruction has reached the strength of seven million people, and it indeed poses a threat to seventh-level warriors.

But he said that the long sword blocked the Divine Light of Destruction Finally, Wen Xu's hand holding the knife trembled slightly, and there was a sudden feeling of surprise in his heart.

"We haven't seen each other for a few days, how come this kid's strength has improved so much?!"

And just as Wen Xu was surprised in his heart, he suddenly felt a sharp stabbing pain in his brain.

It was Qingtian Qi who was shooting the God-Destroying Light at him, and at the same time, he was shooting the God-Destroying Sting at him.

"Huh?! This is?"

The stinging pain in Wen Xu's head dissipated instantly, but it failed to make him dizzy.

This was because Qingtian Qi's soul power was equal to Wen Xu's. Only Qing Tian Qi's soul power was higher than Wen Xu's, so he could be temporarily dizzy.

However, even if In this way, the repeated obstructions also caused Wen Xu's pursuit to stall for a while.

But with this pause, Qingtian Qi completed the seal on his right hand and shouted in a low voice:"Mist Hidden Technique!"

In just an instant, the thick fog enveloped the surrounding area.

"not good!!"

As soon as Wen Xu's sight was blocked, he screamed anxiously in his heart, and he quickly slashed at the position where Qingtian Qi was before.

The sword missed Qingtian Qi, and did not hit Qingtian Qi at all.

Wen Xu's heart suddenly sank, He hurriedly waved his hand and swept away the thick fog.

After the thick fog dissipated, the field was empty, there was only a trace of blood on the ground, and Qingtian Qi was no longer around..

Chapter 3216

"Damn little bastard! He actually let him run away again! Wen

Xu cursed angrily.

It turned out that Qingtian Qi took advantage of the cover of the fog hidden technique and used the earth escape technique again to escape.

Half an hour later, in a remote valley, a blood-covered figure broke out of the ground.

This It was Qingtian Qi who escaped from Wen Xu not long ago.

However, as soon as Qingtian Qi emerged from the ground, he immediately used his alert to take a look underground. When nothing unusual was found, he breathed a sigh of relief.

"Why! It seems that I was too arrogant before. My strength has greatly increased this time, which makes me a little proud. I clearly noticed that a seventh-level warrior was coming, but I didn't escape in advance and insisted on seeing who it was. But I didn't expect that that person was so warm."

Thinking of this, Qingtian Qi couldn't help but laugh at himself.

At this moment, his face was very pale, and his left arm was cut off at the shoulder level. The blood was still flowing, staining the shirt on his body red. There was a strong smell of blood.

Looking at the wound, Qingtian Qi had a complicated expression on his face.

Then, with a thought, a burst of green light flashed through.

A new arm regenerated from the broken arm at a speed visible to the naked eye.

"The immortality of wood and the rebirth of broken limbs are indeed very good!"

Qingtian Qi's originally pale face also regained some rosiness. Then he looked at the newly grown arm with satisfaction and moved it casually a few times.

He felt that the newly grown arm was exactly the same as the previous one.

However, Qingtian Qi Qi also knew in his heart that this kind of rebirth of a severed limb actually consumes a person's lifespan and cannot be used indefinitely.

Qingtian Qi's rebirth of an arm consumed at least one year of his lifespan.

After all, longevity does not mean that Eternal life.

The lifespan of warriors below the seventh level is only about a hundred years. If the number of severed limbs is reborn too many times, it is equivalent to continuously shortening the upper limit of one's lifespan.

"No matter how you say it, sacrificing an arm in exchange for a life is still worth it. It's just that after my channeling and merging, the face-changing technique will disappear automatically and I will become my original appearance unconsciously."

"Xiao Qianjue and Wen Xu both know me. It seems that when I go to the temple this time, I have to be extremely careful and not use psychic fusion easily."

Thinking of this, Qing Tianqi immediately released the psychic fusion, put the ball into the psychic space, and then turned into the appearance of Xuanyuan Zhantian.

Then he took out a set of clean clothes and put them on again.

Finished With this, Qingcai turned his head and looked in the direction of the temple.

The temple was ten thousand feet high, reaching straight into the sky. It could be seen clearly even from a very far away place, so he was not afraid of not being able to find it.

"Now it's time to go to the temple. Since Wen Xu has time to look for me everywhere, I guess the temple door hasn't been opened yet!"

At that moment, Qingtian Qi smiled slightly, took out the 'Sky Step', transformed into a streak of colorful light and shadow, and rushed towards the temple.

Three hours later, Qingtian Qi arrived at the gate of the temple.

Looking at the ten thousand feet high tower in front of him Temple, Qing Tianqi could only marvel in his heart.

He felt like an ant, coming in front of a tall building, so small.

"This is just an annex to the Temple of War. I don't know how powerful the real Temple of War will be."

Qingtian Qi couldn't help but sigh, and then looked at the temple gate.

He saw that the temple gate was also very huge, nearly thirty feet high.

In front of the temple gate, more than a thousand adventurers had gathered densely.

These Among the adventurers, the lowest cultivation level is a sixth-level warrior, and there is not even a fifth-level warrior. At this moment, the crowd is very lively. Everyone is waiting for the temple door to open while intensely discussing the situation in the temple.

And Qingtian Qi's arrival did not attract anyone's attention. After all, he was just a sixth-order Dzogchen warrior. With such strength, he was not considered a master among these adventurers. He could only be considered above average. Naturally, no one would Pay attention.

In fact, among the more than a thousand adventurers, there are nearly a hundred sixth-order Dzogchen peak warriors.

However, among the nearly a hundred sixth-order Dzogchen peak warriors, the combat power reaches the strength of a million people. There were only seven or eight people, which was a few fewer than the ones seen at the entrance to Broken Soul Ridge. Obviously something happened in the meantime..

Chapter 3217

Qing Tianqi silently walked to the corner of the crowd and observed the crowd secretly. His attention was naturally focused on those seventh-level warriors.

At this moment, there are a total of twelve seventh-level warriors in the field, and the one who is absent is Wen Xu.

Obviously Wen Xu is still looking for traces of him everywhere.

Those twelve seventh-level warriors, ten men and two women.....

Among them, only three men and one woman looked like middle-aged people, and the others all looked like old people.

Xiao Qianjue was naturally among them.....

However, among the twelve seventh-level warriors, there are two who scare Qingtian Qi the most.....

One is a bald old man whose body is as dry as a skeleton.....

I saw the bald old man with sunken eye sockets and dim eyes. There were still a few dry yellow hairs on his bald head, and his whole body exuded a cold death aura.

From a distance, it looks like a skeleton covered in human skin.....

But when Qing Tianqi looked at him, the old man immediately sensed it and slowly raised his eyes to look at Qing Tianqi.

The old man just glanced at Qing Tianqi, and Qing Tianqi felt an inexplicable palpitation in his heart, and a cold sweat broke out behind his back.

At that moment, Qingtian Qi hurriedly lowered his head, not daring to look at the old man.....

And the bald old man closed his eyes again, too lazy to take another look at the blue sky.

"This old guy who looks like a skeleton has a terrifying aura. Judging from the momentum of this old guy, the terror has exceeded the power of eight million people. It seemed that among all the seventh-level warriors, only the man in white could compete with him."

Qingtian murmured with lingering fear, and then turned to look at a middle-aged man in white.

The middle-aged man was dressed in snow-white clothes, carrying a long sword behind his back, and he was also very handsome..

This man in white is also a seventh-level warrior, and a seventh-level warrior of both gold and water elements.

It's just that the gold element of this man in white has reached the seventh level, and the water element is still at the peak of the sixth level of great perfection.

Qingtian Qi also only gained from the man in white. Sensing a Tao realm.

Obviously, the water element of the man in white has not yet attained Taoism.

However, even so, the aura exuded by the man in white is infinitely close to the power of eight million people.

Except for these two people , the remaining ten seventh-level warriors, the basic combat strength is between six million and seven million.

Just when Qingtian Qi secretly looked at the situation around him, more and more people came.

Soon, Wen Xu He also rushed over with a dejected look.

Not long after Wen Xu arrived, there was a sudden rumble at the gate of the temple, and there was an exclamation from the crowd.

"Ha ha!! opened! It's finally open!"

It turns out that the temple has finally opened its doors.

I saw the huge temple door rising slowly, revealing a huge light curtain door.

"Ha ha!! After passing through the light curtain door, you will find the entrance hall on the first floor of the temple. Let's go in quickly!"

With this shout, everyone rushed towards the temple.

In the blink of an eye, hundreds of people entered the door of the temple. Qingtian Qi looked at the temple in front of him with some excitement. He knew that deep in the temple, part of the inheritance of the God of War were waiting for him.

At that moment, Qingtian Qi also took a deep breath and entered the temple with the flow of people.

Soon, Qingtian Qi came to the door of the huge light curtain. He knew that after passing through the door of light, he would be able to enter the hall on the first floor.

He also knew that this light door was to prevent vicious beasts from entering....

Because only humans can pass through the light curtain door in front of them, and ferocious beasts cannot.

But just as his body passed through the light curtain door, Qingtian Qi suddenly felt a strange force descending from the sky and covering his whole body. Then the world began to spin, and a dazzling white light lit up all around...

Chapter 3218

When the white light flashed, Qing Tianqi was surprised to find that he was on the top of a mountain that was ten thousand feet high.

At the top of the mountain, the mountain wind howled and clouds surged.

The blue sky stands in the wind, and the white hair is flying!

At this moment, under his feet was a cliff of ten thousand feet, above his head was the endless sea of clouds, near were green pine boulders, and in the distance were mountains and plains.

When Qing Tianqi saw such a scene, a majestic pride rose from the bottom of his heart, and his blood boiled inexplicably.

However, Qingtian Qi quickly calmed down.

"How is this going? Why am I here? Why isn't it in the main hall?"

Previously, Qingtian Qi learned from everyone's talk that as long as he stepped through the light curtain door, he would enter the main hall on the first floor.

But at this moment, he did not enter the main hall, but appeared inexplicably on the top of a mountain peak. , and there was no one else around him, only him alone, which made him very puzzled.

Just when Qing Tianqi was surprised, the sky and the earth suddenly changed, and a strong wind blew inexplicably, and his clothes were blown away. It was blowing loudly.

At the same time, the sea of clouds in the sky above the head was billowing, dark clouds were rolling, thunder and lightning were coming, and the roaring sound was constantly heard.

‘Click! With a sound, a thunderbolt suddenly struck down, directly striking a mountain peak not far away until it collapsed.

Seeing such a sudden change, Qing Tianqi's face couldn't help but change slightly.

At this moment, a sudden change occurred in the air.

A scorching sun and a bright moon rose at the same time. For a moment, there was an amazing phenomenon of the sun and the moon in the sky.

The dark clouds in the sky could not withstand the brilliance of the sun and the moon, and quickly disappeared.

When the dark clouds dispersed, the violent wind and thunder stopped abruptly.

"This...what the hell is going on?"

Qing Tianqi stared at the changes in the sky and the earth in amazement. He felt it was incredible, because these changes happened in an instant.

However, what made Qing Tianqi feel most incredible was that the sun and the moon in the sky actually can appear at the same time

"If the sun and the moon are in the sky, there will be changes from the sky! Could something big happen here?"

Just when Qing Tianqi had this thought in his mind, a mysterious force suddenly descended from the whole world, covering hundreds of millions of miles in an instant, boundless.

The whole sky instantly became gray and gloomy. , faintly exuding the pressure of God's power.

Then, the sun and moon in the sky suddenly changed, and after a moment they turned into two huge eyes, looking towards the blue sky below.

Seeing the two giant eyes in the sky, the blue sky Qi stepped back in horror, his face full of disbelief.

But at this moment, a voice that seemed to come from ancient times sounded outside the sky.

"You finally came! I've been waiting for you for a long time!"

As the voice fell, the mountain peak at Qing Tianqi's feet suddenly shook, and then slowly rose from the ground, and kept getting taller and bigger.

In the blink of an eye, the mountain peak rose to a height of ten thousand feet, as if it was about to rise. Breaking out of the sky, the world below was completely revealed to Qingtian Qi's eyes.

It was a vast world, boundless. Qingtian Qi could not see the edges at a glance, and he sighed in his heart!

But Qingtian Qi was shocked why the mountain peak suddenly rose. When Gao Shi was high, the surrounding space was inexplicably broken, and the earth below also began to collapse. Mountains and rivers were broken everywhere, and the wilderness collapsed. The whole world suddenly collapsed at this moment. Seeing the sudden collapse of the world

, Qing Tianqi showed a look of horror on his face.

But At this moment, the desolate voice sounded again outside the horizon

"This sky is me, this earth is me, this world is me! Only when the world collapses can I reunite with my true body!"

As the words fell, the world had completely collapsed and turned into countless fragments, suspended in the void.

Then, the fragments of the broken world reunited and turned into a giant billions of feet tall in the blink of an eye.

That The giant's eyes were transformed from the previous sun and moon.

And Qingtian Qi was now standing on one of the giant's fingers.

That finger was transformed from the previous mountain peak.

But when Qingtian Qi saw the giant's appearance clearly , a look of horror appeared on his face again.

Because the giant looked the same as the God of War...

Chapter 3219

"Are you a senior God of War?"

Qing Tianqi asked anxiously.

The giant nodded slightly: "Yes!" I've been waiting for you for a long time. Qing

Tianqi immediately took a deep breath and said with some excitement: "Senior, it turns out you are still alive!"

Unexpectedly, the God of War said coldly: "I have fallen, and what you see is just the projection of my soul condensed from my residual thoughts."

"It turns out to be like this!"

Qing Tianqi's eyes showed a look of astonishment.

"senior! Excuse me, do you have anything to tell me when you meet with this junior?"

Qingtian Qi stood on his fingertips, looking up and looking at the extremely huge God of War.

The God of War looked down at Qingtian Qi on his fingertips with an indifferent expression.

"good! Another inheritor passed the test fifty years ago. This time it's your turn. I'm here to tell you the rules of the test.

Qing Tianqi quickly asked respectfully: "Senior!" So what should the juniors do to pass your test?"

"Kill all the other nine entrants on the third floor and enter the fourth floor!"

"ah?!"

Hearing this, Qing Tianqi immediately opened his mouth, thinking that he heard wrongly, and his eyes widened.

Let alone killing all the entrants to the third level, the possibility of him even entering the third level was extremely slim.

But before Qing Tianqi could say anything in surprise, the God of War said coldly: "If you fail or give up, you will be obliterated and there will be no way out!"

"Why?"

"you die! Only then can the artifact change owners, and then a more suitable candidate can be chosen."

The God of War's tone was very cold, without the slightest emotion.

At the same time, Qingtian Qi felt the palm of his left hand suddenly feel warm, and the sun and moon wheel sealed in his palm flew out for no reason and flew straight to the God of War.

Qingtian Qi Qi was stunned immediately.

At this time, the voice of the God of War echoed in the air

"I will temporarily take back the sun, moon and heavenly wheels, and then return them to you after you enter the fourth level. Because of your arrival, I have increased the difficulty of the first three levels tenfold, so go ahead!!"

The cold voice of the God of War echoed in the air, and gradually became distant.

Then, Qingtian Qi felt that he was wrapped in a strange energy.

With a flash of white light, there was another burst of spinning, and the light flowed.

When the white light disappeared, Qingtian Qi discovered , he had entered a hall.

There were many people around him, and those people were the adventurers who entered the temple to explore.

However, Qingtian Qi's sudden appearance did not attract the attention of others.

Because everyone wore When you pass through the light curtain door, there will be a white light on your body.

In fact, the light curtain door at the entrance also has its meaning and function, but Qingtian Qi doesn't know it.

Because he has not passed the test and is not qualified to know

"The possibility of me even entering the third floor is very slim. How can I possibly enter the third floor and kill other intruders? The test given by the God of War is too difficult!"

In the crowd, Qing Tianqi frowned sadly. He had no confidence at all in the test he was about to face.

But he knew that he could not choose to quit.

"I originally thought this was a great opportunity, but I didn't expect that it would turn out to be a game with no hope of survival. I'm afraid Ling'er doesn't even know the rules of this game! It seems that my life is likely to be ruined here this time. However, since there is no retreat, it is better to fight desperately, there may be a glimmer of hope."

Qing Tianqi felt a strong desire in his heart.

With his character, he would not give up until the end of the matter.

"It's useless to think so much now, I'll try my best to enter the third level first."

Thinking of this, Qingtian Qi gathered his thoughts and looked forward.

At this moment, more than a thousand people had gathered in the hall, and everyone rushed to a passage in front.

There was also a huge light door at the entrance of the passage.

Qingtian Qi immediately Follow the flow of people and rush towards the light door of the passage..

Chapter 3220

Soon, Qing Tianqi rushed to the huge door of light

"This should be the portal to the second level of the maze!"

Before entering this temple, Qingtian Qi had already gained a preliminary understanding of this temple from everyone's comments.

Passing through the light door in front of him will directly teleport the adventurers into the maze on the first floor.

Just teleport each person in The location of the maze is random.

If you are lucky, you may be teleported directly to the exit of the maze.

In general, the maze on the first level mainly tests the luck, wisdom and means of the adventurers.

It is not your strength. If you are strong, you will definitely be able to get out of the maze in advance.

From this point of view, it seems that anyone has a chance to enter the third level. As long as you can get out of the maze in advance, you can get ahead of others and you will have a chance to enter the third level. For this reason , many people want to compete with seventh-level warriors for the chance to enter the third level even though they know that there are seventh-level warriors entering. What they want to bet on is their own luck.

However, relying on luck alone is not enough. After exiting the maze, there are still a series of obstacles, so you have to rely on strength.

Of course, seventh-level warriors usually have more methods than sixth-level warriors. Under the same conditions, they have a greater chance of getting out of the maze early. Some.

However, not everyone goes for the third level.

More sixth-level warriors go to the second-level 'life spirit pool'.

It is said that soaking in the life spirit pool can improve people's health. Physique can extend a person's lifespan by ten years.

Of course, only the first immersion is effective.

However, these ten years of life are a great temptation for most sixth-level warriors.

Because of the six-level warriors' The lifespan is also the same as normal people, only about a hundred years. For most sixth-level warriors, they want to break through to seventh-level within a hundred years. The chance is very slim.

Looking at so many sixth-level warriors, who can break through There are very few people who have reached the seventh level. Many of them do not have enough lifespan to realize the Tao.

If they can be given another ten years of life extension, maybe they can break through to the seventh level.

So there are more sixth-level people. For warriors, it is a very good choice to not get Tao Fruit and extend their life span by ten years.

However, at this moment, Qing Tianqi looked at the light door in front of him and passed through it without hesitation.

The next moment, in the first In a corner of the maze, a white light flashed, and Qing Tianqi's figure appeared.

"This should be the maze!"

Qing Tianqi looked around. At this moment, he was standing alone at a crossroads. There were four passages in front of him. The appearance of each passage seemed to be exactly the same, with the same width and the same white stone walls. The only difference is that the lengths of the four channels are slightly different

"There is a huge gap between my strength and those seventh-level warriors. It would be difficult for me to compete with them for a place in the top ten. Maybe this maze is my chance. As long as I can get out of the maze earlier than those seventh-level warriors, then I have a greater chance of entering the top ten."

Thinking of this, Qingtian Qi pondered for a moment, and then released the possessed puppet.

At that moment, Qingtian Qi and the possessed puppet each chose a passage to leave.

The possessed puppet was controlled by Qingtian Qi's split soul, and between the two You can have telepathy without using language.

Everything that the separated soul sees, Qingtian Qi can also naturally see.

As long as the separated soul can find the exit route, Qingtian Qi can find the exit through the induction of the soul.

Simply put, Qingtian Qi released his soul to explore the path, which is equivalent to two people exploring the path together.

In this way, under the same conditions, the chance of Qingtian Qi getting out of the maze is naturally twice as high as that of others..
