

## God level 3221

### Chapter 3221

At the same time, in every corner of the maze, figures of adventurers appeared one after another.

At this moment, in a corner, a beautiful young woman dressed in red was following a passage to find the exit of the maze.

The young woman looked to be in her thirties, with a tall figure, a beautiful nose and red lips, bright eyes and white teeth. Her long straight legs looked very slender and alluring under the outfit.

But just as the young woman was rushing on her way, a white light suddenly flashed on the passage ahead, and another adventurer appeared.

The adventurer was a bald old man who was as skinny as a skeleton, with a slightly hunched back, and exuded a cold aura.

This bald old man is the seventh-level old man who Qingtian Qi was most afraid of before. His combat power exceeds eight million people.

"Oh my God! He is a seventh-level warrior!"

As soon as the young woman saw the old man's cultivation, a look of fear immediately appeared in her bright eyes. She immediately stood there and did not dare to go over.

At this time, the bald old man also discovered the young woman's existence, and a flash of fear immediately appeared in his dim old eyes. lustful eyes

"hey-hey!! Not bad! Unexpectedly, as soon as I entered the maze, I met someone, a little beauty."

After saying this, the bald old man walked towards the young woman with a dry smile.

Seeing this, the young woman's face changed color and she stepped back in horror.

Unexpectedly, when the bald old man saw her retreating, he immediately said in a sinister voice: "Little girl Baby, stop for me! If you take one step back, I will kill you and kill you!"

At the same time as he spoke, the old man exuded an extremely terrifying aura, which quickly enveloped the young woman.

Under the suppression of the old man's terrifying aura, the young woman immediately collapsed and actually stood there and did not dare to move.

After all, she She was just a sixth-level warrior. In front of a bald old man who was stronger than an ordinary seventh-level warrior, she could only feel panic. She also knew very well that as long as the old man raised a finger, he could kill her easily.

"hey-hey!! This is so good!"

The old man walked towards the young woman with a ferocious smile again.

The look of fear on the young woman's face became even stronger, and she said even more panicked: "Senior, what on earth do you want to do?"

"hey-hey! What do you want me to do?"

The bald old man had already walked in front of the young woman, and a withered claw went straight towards the young woman. The young woman's complexion changed drastically, and she was about to step back. She was horrified to find that she had been completely suppressed by the old man's momentum. , unable to move.

The old man's withered claws continued to attack the young woman.....

"Senior, please don't do this..."

The young woman had tears in her eyes and cried out.

But the old man just split his withered lips and sneered: "Hey!!!"

The old man suddenly let go of the young woman.

The young woman felt relieved, thinking that the old man was going to let her go.

But she didn't expect that the old man suddenly made a seal, pressed a finger between the young woman's eyebrows, and shouted in a low voice: "Absorbing Yuan Dafa! suck!"

As the old man shouted, a stream of essence was drawn out of the young woman's body and rushed towards the old man.

The young woman also began to undergo amazing changes. The originally beautiful face gradually aged, and her smooth skin She also became wrinkled, and her plump face became thinner.

In the blink of an eye, the life essence in the young woman's body was drained by the old man, and she turned into a white-haired old woman.

"You..what did you do to me?"

The young woman touched her wrinkled face in horror and almost collapsed.

"hey-hey!! I just sucked away the rest of your lifespan. Now you only have ten days left to live, that's why you become like this."

It turns out that this old man is a wood warrior who has understood the 'Way of Death'.....

Wood is related to the three paths, immortality, death, and reincarnation.

Life and death are on the same level. To understand the 'Way of Death', you don't need to understand 'Eternal Life' first.

However, generally speaking, the way of death is more difficult to understand than the way of immortality, and it is also more weird. When facing the enemy, it is often hard to guard against..

Chapter 3222

But after hearing what the old man said, the young woman collapsed completely. She immediately cried and said: "Senior, where did this junior offend you? Why did you put this junior to death?"

"hey-hey!! I am just doing this to ask you to do something for me. If you agree, I can return the longevity that I have sucked away from you to you, allowing you to regain your former youth and beauty."

"real?"

The young woman seemed to have seen a glimmer of hope.

"Of course, I, Wei Yuanzhong, always keep my word. Besides, sucking your longevity energy will not increase my lifespan. What do I want for it?"

"So what do the seniors want the juniors to do?"

Wei Yuanzhong took out a jade talisman from his body and handed it to the young woman.....

"This is the locator, if you are lucky enough to find the exit of the maze. Just crush this jade talisman at the exit so that I can know the location of the exit."

"Of course, you only have ten days. Once the ten days are over, you will die of old age naturally. Just pray that you can find an exit within these ten days. Of course, you'd better find the exit before I do."

Hearing this, the young woman quickly asked anxiously: "Senior, what if this junior finds the exit one step later than you?"

"snort! I have found the exit myself, so what use do I need from you? If you are one step later than me, then wait for death! Ha ha!!"

Wei Yuanzhong dropped a ruthless word and left with a smile.

In the field, only the young woman who had turned into an old woman was left, standing helplessly in place.

At the same time, in another corner of the maze.

A man The man in white, carrying a long sword, looked around with a cold and arrogant expression, and then with a casual move, dozens of black beetles flew out from his hand.

Then, the man in white said some strange insect language to the beetles..

Those beetles dispersed in a hurry and flew in the direction of various passages.

In fact, the man in white was none other than the only other seventh-level warrior who could compete with Wei Yuanzhong.

"With the help of these spiritual insects, I should be able to find the exit soon."

The man in white smiled proudly, and disappeared in a flash.

For a moment, the warriors who entered the maze used their magical powers to nervously search for the exit of the maze. They all wanted to get out first. maze

"Why! Another dead end!"

Somewhere in the maze, Qingtian Qi looked helplessly at the stone wall in front of him, with a trace of depression in his eyes. The stone wall in front of him was the end of this passage, and it was obvious that this passage was unreachable.

At that moment, Qing Tianqi had no choice but to return the same way.

Soon, he They reached a fork in the road again.

At that moment, Qingtian Qi chose another passage and continued to look for the exit.

But before Qingtian Qi walked long, a figure appeared in front of him and walked towards him.

Looking from a distance, that The man was a young warrior in his twenties.

As soon as he saw the young warrior coming from the front, Qingtian Qi was surprised and said:"Looking at this man coming, is it possible that the road ahead is also open? Thinking about it, it should be the case. If it worked out, he wouldn't go back. It seems I chose the wrong route again."

Thinking of this, Qingtian Qi was about to turn back and choose a new route.

But before Qingtian Qi turned around and took a few steps, an arrogant voice came to mind behind him.

"Hello! The white-haired boy in front of me, stop!"

Hearing this, Qingtian Qi frowned slightly, stopped and looked back.

The person who shouted was the young man walking in front.

At this moment, Qingtian Qi looked at the young man carefully.

Previously He didn't pay attention to this young man at all.

Because among these explorers, except for those seventh-level warriors, no one could make Qingtian Qi think it was worth paying attention to.

And those seventh-level warriors either looked middle-aged or old.

So. When Qing Tianqi saw that the other party was a young man, he naturally had no interest in paying attention to him....

But Qing Tianqi saw some clues when he looked at it, and he immediately sneered in his heart.

"No wonder this guy's tone is so arrogant! It turned out that he was actually a quasi-seventh level warrior. At his age, he can become a quasi-seventh-level warrior, and his talent and understanding are absolutely superior. Even those true spiritual warriors are nothing more than this."

"Come to think of it, this guy usually speaks in such an arrogant tone because he thinks he is superior due to his extraordinary talent."

Chapter 3223

Thinking of this, Qing Tianqi said coldly:"Did you just call me?"

At this time, the young man also walked up to Qing Tianqi with a proud look on his face.

"good! It's me calling you. White-haired boy, I see that you are about the same age as me, but your cultivation has reached the sixth level of Dzogchen. It seems like you have pretty good qualifications!"

The arrogant young man was also looking at Qing Tianqi with a hint of surprise in his eyes, and then he sneered contemptuously.

"But you only have good talent, and it is difficult to tell in terms of understanding. I guess you haven't enlightened yourself yet? There are indeed some people in this world who have reached the peak of the sixth level of Dzogchen in cultivation very early, but after that they can hardly make any progress, and even to their death they fail to break through to the seventh level."

"Because although those people have good talents, their understanding is not enough!"

After saying this, the arrogant young man gave Qingtian Qi a meaningful look, because he was a Taoist and he had always been proud of it.

But after Qingtian Qi heard what he said, He said softly:"Your Majesty called me to stay here just to tell me this?"

"hehe!! of course not! I want to ask you, why did you go back when you saw me? Is the road ahead of you also blocked?"

Qing Tianqi didn't have a good impression of this arrogant young man. He immediately said: "The road is impassable. You can just walk it yourself again. Why do you need to ask me?"

Hearing this, the arrogant young man was stunned, and then said angrily

"Good boy, let me talk to you carefully. You actually used this tone to talk to me. It seems that you don't take this young master seriously at all. Never before has that sixth-level Dzogchen warrior been so arrogant in front of me. I think you are simply seeking death!"

At the same time as he spoke, the arrogant young man suddenly drew his sword and attacked Qingtian Qi first.

A hint of ridicule appeared in Qingtian Qi's eyes.

"I think you are the one seeking death!"

At that moment, before the young man could strike down with his sword, Qingtian Qi snorted coldly, flashed his figure, and punched the young man in the chest first.

The young man's fighting power was no more than the strength of a million people.

Even if Qingtian Qi couldn't draw the ball, The ball merged, and the combat power reached two million people.

So as soon as Qingtian Qi took action, the young man immediately realized that something was wrong, and a look of horror appeared on his face.

But Qingtian Qi's attack speed was extremely fast, and before the young man could react, the young man suddenly realized that something was wrong. One punch hit his chest.

There was a "click" sound, and the sternum was broken.

The young man screamed, vomited blood and flew out. He was directly blasted dozens of feet away and fell unconscious on the ground.

One of them reached A quasi-seventh-level warrior with the strength of a million people was seriously injured and fainted by Qingtian Qi's attack.

This was Qingtian Qi's mercy, otherwise Qingtian Qi would have killed that young man with just one punch.

"snort! It's you who is looking for death, but don't blame me! Qing

Tianqi snorted coldly and walked towards the young man in front of him.

Qing Tianqi walked up to the young man, closed his eyes, pressed his palm against the young man's forehead, and used his 'psychic heart' to intercept the young man's memories of the past three days.

Qingtian Qi wanted to obtain the young man's route in the maze from his memory, so that it would be more convenient for him to find the exit of the maze. This was why Qingtian Qi was merciful.

After all, Qing Tianqi is not a pedantic and kind-hearted person. He knows what it means to eliminate the roots and not leave any trouble for himself.

After a while, Qing Tianqi opened his eyes, with a hint of joy on his face

"This guy has traveled a lot. After a comprehensive analysis of the route taken by this guy, as well as the route taken by the split soul and me, there are two passages that may lead to the exit."

"It seems that if you want to get out of this maze as soon as possible, it is best to pool everyone's experience. hey-hey! In this way, my psychic mind should be of great use here, and it should be able to help me get out of this maze smoothly."

Thinking of this, Qing Tianqi's eyes were filled with joy.

Then, he looked down at the unconscious young man and said secretly:"It turns out that this guy's name is Li Kan. He is a child of a super big family from a big country in the Western Alliance. His ancestor is a If you are a ninth-level warrior, I will leave you even more alone!"

Thinking of this, Qingtian Qi immediately slapped Li Kan on the head and killed him on the spot..

## Chapter 3224

Next, Qingtian Qi searched Li Kan's body for all the treasures.

What surprised Qing Tianqi was that he actually found two pieces of Ziyun Gold, the material for refining semi-artifacts, on Li Kan.'

"Ha ha!! This guy actually has two pieces of Ziyun Gold on his body. Although this Ziyun Gold is not as good as Tianyu Stone, it can definitely improve Qiuqiu's strength a lot. Qingtian

Qi was secretly happy and immediately summoned Qiuqiu from the psychic space.

Then, Qingtian Qi gave the two pieces of Ziyun Gold to Qiuqiu.

Qiuqiu was naturally overjoyed.

After doing this, Qingtian Qi gave Qiuqiu the The ball was put into the psychic space.

Next, Qingtian Qi wanted to dispose of the corpse on the ground.

But at this moment, there was a rapid sound of breaking through the air at the end of the distant passage.

Upon hearing the sound of breaking through the air, Qingtian Qi's face changed. great changes

"So fast, not good! He is a seventh-level warrior! It's not a good place to stay for a long time!"

Thinking of this, Qingtian Qi didn't dare to think too much. He didn't even have time to deal with the corpse on the ground, so he turned around and ran away. He only remembered the lesson after suffering from Wen Wen last time.

This time, Qingtian Qi found out that there was The seventh-level warrior approached, and he did not dare to stay. He just wanted to escape the scene as soon as possible.

However, Qingtian Qi still underestimated the speed of the coming person.

The speed of the coming person was actually faster than that of the ordinary seventh-level warrior.

In just a moment, The visitor rushed to the scene and saw the body on the ground at a glance

"hey-hey!! The old man heard a scream from far away. Sure enough, a murder occurred here. Boy in front, why are you running? You killed someone and you want to just run away?"

At the same time as he spoke, the person who came chased Qingtian Qi.

As soon as he heard the sound of breaking through the air behind him, Qingtian Qi took the time to look back.

At this sight, Qingtian Qi immediately turned pale with fear.

"Oh my God! How could it be this old guy?"

It turned out that the person who came was none other than Wei Yuanzhong, the strongest among the thirteen seventh-level warriors.

As soon as he saw Wei Yuanzhong, the sky sank with all his heart. He immediately increased his speed to the extreme and ran away desperately.

Qingtian Qi knew in his heart that he might have a chance to escape in the hands of Wen Xu, but he had no chance of escape in the hands of Wei Yuanzhong.

However, Qingtian Qi would never give up until the end of the matter.

"Huh! I'm not dazzled, right? Are you still a sixth-level warrior? How fast! They all surpassed the warriors whose basic combat strength reached three million men."

When he saw Qingtian Qi's speed, Wei Yuanzhong's dim old eyes showed a look of extreme horror.

But he didn't know that Qingtian Qi had not merged with Qiuqiu at this moment, otherwise the speed would be faster.

Then Wei Yuanzhong again He smiled ferociously and said:"Hehe!! Interesting, below level six, you are the fastest I have ever seen. But, boy, if you want to escape from me, that's just a dream!"

At the same time as he spoke, Wei Yuanzhong also increased his speed.

His speed was extremely fast, and in a blink of an eye it was more than several times that of Qing Tian Qi.

In just a moment, Wei Yuanzhong was close to five meters behind Qing Tian Qi.

He heard something behind his head. The wind blew loudly in the distance, and Qingtian Qi's expression changed drastically. He ran wildly and shouted urgently:"Senior, why are you chasing this kid?"

"Good boy, since you know that I am chasing you behind your back. Do you still dare to escape? Aren't you afraid that I will get angry and kill you in one fell swoop? Why don't you stop?"

At the same time as he spoke, Wei Yuanzhong's figure flashed close to Qing Tianqi's back, and then grabbed Qing Tianqi's right shoulder with a claw.

His claws were so fast that Qing Tianqi had no time to dodge.

Those black and long nails It pierced into Qingtian Qi's body like lightning, and immediately there was a burst of pain, and Qingtian Qi's shrill screams echoed in the air.

But it was Wei Yuanzhong who ripped off Qingtian Qi's entire right arm.

At this moment, Qingtian Qi covered his hands. With a wound spurting blood, he stepped back with a pale face.

"Boy, why don't you stop? This is just a small lesson I give you. If you take another step back, what I will twist off will not be your arm, but your head, hehe!!."

Wei Yuanzhong looked at the bloody arm in his hand, with a playful grin on his withered old face.

Hearing Wei Yuanzhong's words, Qingtian was shocked and immediately stopped in place and did not dare to move..

Chapter 3225

However, Qingtian Qi did not let the wound bleed continuously and immediately used the 'Way of Immortality'.

I saw a flash of green light all over his body, and a new arm grew again at the speed visible to the naked eye.

Because Qing Tianqi knows that the sooner such a wound is healed, the better, otherwise it will cause excessive blood loss.

Unexpectedly, when Wei Yuanzhong saw Qingtian Qi using the method of immortality, his two old yellow eyes immediately flashed with light.

At this moment, he was like a cat seeing a mouse.

When Qingtian Qi saw his eyes like that, he suddenly felt something was wrong.

Sure enough, Wei Yuanzhong suddenly laughed excitedly

"quack!! White-haired boy, it turns out that what you understand is the way to immortality. The blood of you Immortal Warriors is, to me, the best medicine for prolonging life! Boy, I want to borrow your blood."

As soon as he heard this, Qing Tian was shocked. He turned around and ran away without saying a word.

"quack! Want to run? Can you escape from me? ?"

Wei Yuanzhong chuckled strangely, then pinched one with his hand. Jue, he pressed down on Qing Tianqi's back.

Qing Tianqi suddenly felt an invisible force coming from behind him, and it penetrated his body instantly, making him unstoppable.

This shocked Qingtian Qi: "No! What did this old guy do to me just now?"

At the same time, Wei Yuanzhong chuckled and said: "Boy, I'm going to let you see now, the Tao realm of death and silence. The best wood-type martial skill, 'Five Senses Deprivation'. Let me know which one is more powerful, the Death Silence Warrior? Or the Immortality Warrior?"

After saying this, Wei Yuanzhong quickly pressed the seal, and then shouted in a low voice: "Five Senses Deprivation, first Sense - visual deprivation!"

As soon as he said these words, the invisible power that had invaded Qingtian Qi's body suddenly surged up, directly towards Qingtian Qi's eyes.

Qing Tianqi's eyes suddenly turned black and he couldn't see anything.

"Deprivation of the five senses, deprivation of the second sense—auditory!"

As soon as he said these words, the invisible force poured into Qingtianqi's ears again.

Qingtianqi suddenly realized that he could no longer hear any sound.

At this moment, Qingtianqi felt that he was in an endless dark world. , nothing could be heard, nothing could be seen, everything was terrifyingly silent.

Only the smell of blood on his body made Qing Tianqi feel that he existed.

But then, Qing Tianqi was horrified to find that his sense of smell had also disappeared, and he could no longer He couldn't smell any breath.

The extreme darkness and tranquility made Qingtian Qi feel extremely frightened in his heart. He immediately opened his mouth wide and ran away desperately while sucking in the air around him. The smell of the air made him feel like he was Existed.

But then, Qing Tianqi screamed in horror again. His sense of taste also disappeared, and he could not even feel the smell of the air. What was even more terrifying was that Qing Tianqi soon found that his sense of touch had also disappeared.

There was no sense of touch. , even if someone cuts Qingtian Qi into two pieces at this moment, Qingtian Qi himself will not know it, because he does not feel any pain.

In fact, at this moment, Qingtian Qi himself does not know whether his body is still running away? Because he has no sense of touch. In the sea, Qing Tianqi's soul body opened his eyes and looked around with a look of horror.

At this moment, Qing Tian Qi's soul body could not feel any information related to the physical body. The five senses disappeared, and everything in the physical body could only be slaughtered.

Everything There was silence, and I don't know how long it took, as if time had stopped.

After a long time, Qingtian Qi gradually felt a bit of pain, which came from his neck.

This pain made Qingtian Qi feel surprised in his heart, because he knew His five senses came back.

Sure enough, it didn't take long for Qingtian Qi's vision, hearing, smell, taste, and touch to gradually come back.

When his blurred vision became clear, Qing Tianqi was horrified to find that Wei Yuanzhong was standing next to him In front of him, he was looking at him with a proud expression.

Qingtian Qi immediately stepped back in horror. He was also surprised to find that Wei Yuanzhong seemed to have gained some weight, and was no longer as skinny as before, and his face was actually rosy. Some.

This discovery greatly surprised Qingtian Qi..

## Chapter 3226

Suddenly, Qing Tianqi felt that his body was inexplicably weak, as if he had lost too much blood, and his neck still hurt.

Qing Tianqi immediately touched the sore spot on his neck, but found blood on his hand.

"Boy, stop touching it! I just bit you on the neck and sucked some blood. The essence and blood of you Immortal Warriors can extend my life a little longer. If it wasn't useless to suck too much, I really want to suck all your blood in one breath. quack!!"

Hearing this, Qingtian Qi suddenly understood everything.

It turned out that Wei Yuanzhong took advantage of his loss of senses to suck one-third of his blood essence

"What kind of monster is this old guy? Actually drinking human blood?"

Qing Tianqi looked at Wei Yuanzhong in fear, but at this moment, out of the corner of his eye, he suddenly noticed that his arms had become very thin, full of wrinkles, and covered with age spots. It was obvious that It was no longer the young man's arm.

Qing Tianqi looked at his arm in horror, and quickly touched his face.

He was horrified to find that his face had become full of wrinkles, as if overnight become extremely old

"This...what on earth is going on?"

"quack!!"

Seeing Qing Tianqi's frightened look, Wei Yuanzhong grinned triumphantly again.

"hey-hey! I tell you that when you lost your five senses, I not only sucked your blood, but also drained your lifespan using the Yuan Sucking Technique. Now you only have the last ten days left in your life! quack!!!"

"Only ten days left to live?"

After listening to Wei Yuanzhong's words, Qing Tianqi's eyes showed a look of horror, and he couldn't help but touch his wrinkled face.

After a moment, Qing Tianqi put down his hand, and the look in his eyes returned to calm, Then he asked quietly:"I wonder what the senior's instructions are?"

"Huh! There's something interesting about you, kid."

Wei Yuanzhong was very surprised by Qingtian Qi's tone and demeanor. The ferocious smile on his face disappeared, and a trace of caution appeared in his eyes. He looked at Qingtian Qi again. After a while, Wei Yuanzhong said:"Boy, you are the seventh person to be raped. I'm a man who drained his longevity. After the first six learned that their longevity had been drained, all of them had a mental breakdown and begged for mercy. Why don't you beg for mercy?"

Qingtian Qi said quietly:"With the methods used by our elders, it would be easy to kill this kid." But the senior did not kill the boy, and gave him ten days to live. It can be seen from this that the senior must have something to tell the boy to do. If the boy's prediction is correct, as long as the boy completes the task of the senior, the senior will return the lost longevity energy to the boy."

Hearing this, a trace of horror flashed across Wei Yuanzhong's eyes, and then he laughed a few times, without comment.

But his old yellow eyes showed a flickering light.

Because at this moment, his heart was in turmoil.

"It seems that I underestimated this kid. Not to mention that this kid's talent and understanding are extremely amazing. His calmness and rationality in critical moments alone are far beyond ordinary people. In fact, the most terrifying people in this world are this kind of people. It seems that this kid can't be kept. If he doesn't die today, I'm afraid there will be endless troubles!"

Thinking of this, a cold light flashed across Wei Yuanzhong's eyes.

But at this moment, Qingtian Qi on the side said loudly: "Senior, if the kid's guess is not wrong. The task that the senior wants the boy to complete is probably related to finding the exit of the maze, right?"

Wei Yuanzhong's eyes showed surprise again, and then he sneered: "Hehe!! So what? So what if it's not?"

Qing Tianqi said calmly: "If the senior is looking for an exit, the junior may be able to complete this task." The juniors are confident that they can find an exit within ten days. Hearing this

, Wei Yuanzhong's eyes lit up and he said in surprise: "Are you really confident that you can find the exit within ten days?" ..

Chapter 3227

This maze is very huge and it is not easy to get out. Generally speaking, it is impossible to get out without about half a month.

But if we can get out within ten days, it will be very beneficial for us to enter the third level later.

Although Wei Yuanzhong is very powerful, he is not sure that he will be able to get a place on the third level.

After all, there are thirteen seventh-level warriors coming this time, and the other seventh-level warriors may have better methods than him.

If other seventh-level warriors get out of the maze one step ahead of him, it will be very disadvantageous for him to enter the third level.....

Moreover, in order to extend his lifespan, Wei Yuanzhong also wanted to enter the second-level life spirit pool to soak in it, because his lifespan was running out.

Although it is said that the 'Transplantation of Flowers and Trees' method can be used to refine and absorb the essence and blood of immortal warriors, and can extend the life span by one year, this method is restricted because it touches certain rules of the order, and can only be used once every ten years..

Therefore, the immersion in the Life Spirit Pond also had a great temptation for Wei Yuanzhong.....

However, there are restrictions on entering the second level of the Life Spirit Pool.

Only the first 100 achievers are eligible to enter the Life Spiritual Pool, which is regarded as a reward from the God of War to the first 100 achievers. Those after 100th will not be able to enter the Spiritual Pool.

This also made Wei Yuanzhong eager to get out of the maze as early as possible and get within the hundred.

"good! The boy is confident because he has always had good luck and also has some tricks.  
Qingtian

Qi replied calmly, with a deliberately confident look on his face.....

"Yeah?"

Wei Yuanzhong stroked his sparse beard, squinted his old eyes and thought.

"Judging from this kid's tone, it seems that he really has a way to find the exit quickly. In this case, I might as well use him to help find the exit as originally planned, and then kill him after finding the exit."

"In fact, I am too cautious. This kid only has ten days to live. Is it possible that he can turn around? Presumably he doesn't dare to play tricks on me. After all, his longevity essence is in my hands. He should be eager to please me."

"By the way, this kid is so smart, will he also have the idea of the 'Life Spirit Pond'? Even if you think about it, you can't, because even a seventh-level warrior wouldn't dare to say that he can reach the life spirit pool on the second floor from the exit of the maze within ten days."

"Besides, this kid hasn't even exited the maze yet. He wanted to reach the Life Spirit Pond within ten days, which was simply a fool's errand. His only hope of survival rests with me. hey-hey!!!"

Thinking of this, Wei Yuanzhong laughed smugly in his heart.

Then he said to the sky: "Boy, you are really smart! There are some things that you already know even before I say them. It's easy to talk to smart people like you. However, I don't like smart people very much, because smart people also have more tricks."

Speaking of this, Wei Yuanzhong's eyes revealed a malicious look.

Qingtian Qi did not show any panic, but smiled and said: "Senior, do you think this kid still has the capital to play tricks on you now? The boy cooperates like this to try to leave a good impression on the senior."

Hearing this, Wei Yuanzhong laughed and said

"Ha ha!! Boy, you are very well-behaved! I am very satisfied. Since you and I are both sensible people, I won't say much more. This is a locator. If you find the exit, just crush the locator and wait for me at the exit. I will definitely return your longevity essence to you"

"Boy, I hope you won't disappoint your seniors!"

Qing Tianqi immediately pretended to be slightly excited and took the locator.

"certainly!"

Wei Yuanzhong sneered, with a proud look on his face again...

Chapter 3228

At this time, his eyes inadvertently fell on Qing Tianqi's feet, and his eyes immediately showed a look of surprise.

"Huh! Your boots seem to be the best auxiliary spiritual weapon! No wonder you are so fast."

After saying this, Wei Yuanzhong's eyes showed greed.

Seeing this, Qingtian Qi was shocked and said immediately: "If senior likes it, then I will give this pair of flame boots to senior!"

"Ha ha!! It's rare that you are so clever. I like you more and more. Bring it!"

At that moment, Qingtian Qi took off the flame boots and gave them to Wei Yuanzhong.

Wei Yuanzhong took the flame boots with excitement, looked at them carefully in his hands, and secretly said with joy.

"hey-hey!! Such a top-quality auxiliary spiritual weapon is extremely precious! I have lived for so many years and never got one. I didn't expect this kid to have one. It seems like this guy's luck is really good."

"It's a pity that these flame boots are suitable for fire warriors, but I don't need them. However, after I go out, I can exchange it for some good things."

Thinking of this, Wei Yuanzhong put away the flame boots and began to scan Qingtian Qi's body again. Finally, his eyes stayed on the long sword in Qingtian Qi's hand. The long sword in Qingtian Qi's hand was exactly what Li Kan had worn earlier. Sword, a top-grade water-based spiritual sword.

Seeing that top-grade spiritual sword, Wei Yuanzhong's eyes flickered again.

"Um! This kid's net worth is really good. In addition to having a top-quality combat boots, he also has a top-quality spiritual sword. Although this top-grade spiritual sword is dispensable to me, it is a top-grade spiritual weapon after all! Besides, who knows if this guy is bragging?"

"Maybe he will die in this maze in ten days. It would be a pity if this top-quality spiritual sword would be picked up by others! I might as well take it away first."

Thinking of this, Wei Yuanzhong said:"Boy, let's do this! I will also keep your weapons for you. How about I return it to you after you find the exit?"

"in this way! Then there's Senior Lao!"

Qingtian Qi didn't say anything, and gave him the top-grade water-type spiritual sword.

Wei Yuanzhong took the spiritual sword with a satisfied look on his face, and then smiled:"Boy, I appreciate your cheerfulness! I took the first step. You should also quickly find the exit! Ha ha!!"

After saying this, Wei Yuanzhong put away his spiritual sword and was about to leave with a smile.

But at this moment, Qing Tianqi suddenly shouted:"Senior, please take a step slowly. I wonder if senior can tell me your name? Hearing this

, Wei Yuanzhong was stunned for a moment, then turned around and sneered:"What?" When you ask about my name, do you have other ideas?"

Qing Tianqi pretended to be respectful and said:"Senior is too worried. This kid admires senior in his heart. He just went out and asked casually out of curiosity."

"hehe!! I see! Since you want to know, I might as well tell you! My surname is Wei, and my given name is Yuanzhong, so Wei Yuanzhong! Ha ha!!"

After saying this, Wei Yuanzhong flashed and left with a smile.

Qingtian Qi was suddenly the only one left in the field.

Looking at Wei Yuanzhong's leaving back, Qingtian Qi's eyes burst out with intense murderous intent. meaning

"Damn old guy, you drank my essence and blood, took away my longevity, and robbed my spiritual weapon. I will never let it go like this with you. I will definitely take your life and make you pay back ten times!"

At this moment, the anger in Qingtian Qi's heart finally burst out.

"snort! This old thief also wanted to deceive me. He really thought I would believe his lies. Just by the greed that this old thief showed just now, you can tell his true nature"

"If I really find the exit, I will notify him. I'm afraid what he wants to do is not to return my longevity essence, but to kill me on the spot. But I only have ten days to live, what should I do next?"

When he thought of this, Qingtian Qi suddenly became extremely anxious..

Chapter 3229

Now, it is absolutely impossible for Qingtian Qi to take back the longevity essence from Wei Yuanzhong, but with only ten days left, how can he save himself?

"what to do? I now how to do?"

Qing Tianqi frowned. The only thing that can save him now is the Life Spirit Pool.

But in ten days, it is almost impossible for him to reach the Life Spirit Pool."

However, he can't just do it. Give up like this.

If he gives up now, it will be too late.

He had better get out of this maze quickly. If he could get out of this maze a second faster, he would have a chance to survive. He didn't have much time."

When he thought of this, Qingtian Qi was extremely anxious.

At that moment, he left the place and chose a passage to continue looking for the exit.

In the blink of an eye, two days passed.

In these two days, everyone who came out of the maze There are only a few people.

Anyone who can get out of the maze in the past two days is a person who was teleported near the exit of the maze and had great luck.

But on this day, in a corner of the maze.

Two warriors, a man and a woman, were Looking for the exit.

When they came to a certain turning point, suddenly a figure rushed out from the turning point and attacked the female warrior among them.

The sneak attacker was extremely fast, and only a white shadow flashed, and the female warrior Before the warrior could react, he was knocked unconscious by someone's palm.

"who?"

The remaining male warrior roared in horror and was about to draw his sword.

But the sneak attacker was faster than him. Before he could pull out his sword, the sneak attacker's second palm was printed on the male warrior's hand. On the head, the male warrior was knocked unconscious at the beginning.

In just a blink of an eye, the sneak attacker knocked out two sixth-level warriors.

If anyone was nearby, they would definitely find that the sneak attacker was a white-haired warrior. The pale old man.

In fact, this old man was none other than Qing Tianqi, who had his lifespan drained by Wei Yuanzhong.

After Qing Tianqi knocked the two men unconscious, he quickly used his psychic powers on them and robbed their memories. After a long while ,

Qingtian Qi took his hands back from the top of their heads, with a thoughtful expression on his face.

In the past two days, Qingtian Qi has defeated nineteen warriors in a row.

Through the memories of these nineteen warriors, and According to the information from the soul, Qingtian Qi's mind has shown a huge and complex map.

In that complex map, Qingtian Qi vaguely felt that he seemed to be about to find the exit.

It can be said that he has a psychic heart. With the help of Qingtian Qida, Qingtian Qida took advantage of it, and his progress was several times faster than others.

After all, he could directly obtain everyone's information, summarize and analyze it, and then come up with the correct route. Even if others met and communicated, they could not It may not be possible to get much correct information.

However, even so, Qingtian Qi is still extremely anxious, because he does not have much time to live, and he must get to the second level of the life spirit pool before he dies.

"I only have eight days left! Qingtian

Qi murmured softly, and hurriedly left the place in a flash.

In the blink of an eye, another day passed.

On this day, Qingtian Qi was rushing forward along the route he had analyzed.

Suddenly, his face was filled with surprise. Qing Tianqi looked forward.

At the end of the passage ahead was a light curtain door.

As soon as he saw the light curtain door, Qing Tianqi knew that he had finally found the exit.

"Finally found!"

At that moment, Qingtian Qi felt a little relieved and rushed towards the light curtain door.

After passing through the light curtain door, Qingtian Qi found that he had indeed left the maze and entered a new hall.

In the hall, Qingtian Qi After asking around, he found that there was no one in the hall.

"There is no one in this hall, and I don't know which one I am to pass the maze test?"

Qingtian Qi thought in his heart.

At this moment, he suddenly discovered that at the exit of the maze, there was a stone tablet as tall as a person.

At this moment, three lines of golden words composed of auras appeared on the stone tablet.

"Huh! These are ancient texts!"

Qingtian Qi immediately looked curiously at the golden words..

Chapter 3230

I saw it read: Maze assessment: on the first day, 2 people passed; on the second day, 5 people passed; on the third day, 17 people passed.

Seeing this, Qingtian Qi suddenly understood....

Originally, this stone tablet recorded the time and number of people who passed through, and also served as a warning to those who came after....

However, few people can truly understand ancient texts.

"It turns out that I am the twenty-fourth person to come out of the maze. No matter how many people there are, I only have seven days left to live. I have to rush to the next level."

Thinking of this, Qingtian Qi became anxious again. At that moment, his figure flashed and rushed towards the passage in front of the hall. As soon as

Qingtian Qi entered the passage, he saw seven or eight warriors standing in front of the passage from a distance.

Then Seven or eight warriors stared at the front of the passage, whispering and discussing something there, and seemed to dare not move forward. This suddenly made Qingtian Qi a little curious.

In front of the warriors, Qingtian Qi vaguely saw a vast white world. , unlike ordinary channels.....

"Huh! look! Someone comes out of the maze again!"

The warriors in front also sensed the sound of the sky breaking behind them. They turned around and saw Qingtian Qi rushing over.

A moment later, Qingtian Qi arrived at the scene....

At this time, Qingtian Qi discovered that in front of everyone was a world of ice and snow with heavy snow and strong winds.

But the flying snowflakes made the entire ice and snow world look gray, making it difficult to see the scenery hundreds of meters ahead.

However, Qing Tianqi could see that in the center of the ice and snow world, there was a road covered with heavy snow.

At this moment, there were more than a dozen clear lines of footprints left on the snow-covered road, extending straight ahead.

Seeing those footprints, Qingtian Qi realized clearly that they were obviously left by those who were rushing ahead.

At this moment, a middle-aged man walked out among the warriors and asked Qing Tianqi politely.

"My friend, are you planning to enter this second level of the ice and snow fantasy world?"

Hearing his question, Qingtian Qi's heart moved and asked:"Is there any problem here?"

The middle-aged man nodded and said,"There are some problems." My friend, I would like to remind you that if you are not completely sure, it is better not to rush through this level easily.

Hearing this, Qing Tianqi asked curiously:"Can you tell me why?"

The middle-aged man said:"Friend, let me tell you the truth!" This temple was visited last year, so I have some understanding of this ice and snow fantasy world."

"The fantasy world of ice and snow in front of you is not as simple as you imagine. It is not an ordinary world of ice and snow, but a fantasy world of ice and snow that is filled with the power of cold. The power is even more terrifying"

"Because the cold power of the ice warrior will only be revealed during the attack, not continuously. And the power of coldness in this illusionary world of ice and snow is everywhere and has always existed."

"I see that you are also a master of the sixth level of Dzogchen. You should also know that those powers of cold and cold are irresistible. If the power of deficiency and cold is allowed to invade a person's body for a long time, it will cause great harm to the person and will eventually freeze the person's whole body to death."

"Of course, I also know that a sixth-level Dzogchen warrior can endure the power of cold for at least ten days without being frozen to death. The key to the question is, Sir, can you guarantee that

you can get out of this ice and snow fantasy world within these ten days? If you are not sure about this, don't try it.

Hearing this, Qing Tianqi was shocked and asked:"Is this ice and snow world big?"

"Friends, see for yourself!"

The middle-aged man pointed to a place behind the people on the side.....

I saw a stone tablet standing there, with a line of golden words from ancient times floating on it..
