

## God level 351

### Chapter 351

But at this moment, there was an earth-shaking loud noise outside the Holy Land, and another change occurred.

Everyone was shocked.

What happened outside?

After Emperor Qinglong was shocked, his eyes showed anxiety.

Seven minutes passed in this delay.

They failed to interrupt Qin Feng's refining.

This definitely won't work!

Even if they don't get any benefits, they definitely can't let Qin Feng get any benefits.

That boy was stronger than the Nightless Star Emperor.

If he continues to grow stronger, there will be no place for him to survive on this earth.

Not only Emperor Qinglong thought so, Emperor Fire and Emperor Cang had the same thought.

The two of them were also extremely anxious.

But at this moment, a member of the Azure Dragon Alliance, covered in blood, rushed into the Holy Land in a panic.

"Your Majesty, something serious has happened! A large number of soldiers and horses are coming in from outside. We have suffered heavy casualties. The headquarters has been lost. They are heading towards the Holy Land....."

This time, the Qinglong League headquarters was really lost.

Emperor Qinglong was shocked: "Who are they? How many people are there in total?"

"Among those people, the Southern Alliance has the largest number, and then there are people from the Deep Sea Clan, White Tiger Alliance, Xuanwu Alliance, and Snow Mountain Alliance. Roughly, there are 20,000 to 30,000 people....."

Emperor Qinglong's expression changed greatly. With so many people coming to kill him, the Qinglong Alliance headquarters was really going to be doomed.

In the corner, Xiao Lun Wang was excited when he heard these words.

He knew it was the people from the Qin clan who came to kill him.

Luo Li, Lu Ming, Wan Hansheng and others came with troops from the Southern Alliance headquarters to kill.

Li Jiao came with the people from the Deep Sea Clan to kill them.

Bai Qianyue brought people from the White Tiger Alliance to kill him.

Wu Sihai brought people from the Xuanwu League to kill him.

Duanmuxue brought people from the Snow Mountain League to kill them.

When they reach the gate of the Holy Land, the formation that surrounded several emperors will definitely be broken.

As long as those in the main formation are killed, the formation will collapse on its own.

Sure enough, the member of the Qinglong Alliance said anxiously: "Your Majesty, please think of a way! If those people are killed, the formation will not be protected, and those emperors will come out...."

Hearing this, Emperor Qinglong frowned.

He trapped several emperors just to avoid causing trouble.

If those people come out, it will be extremely detrimental to him.

If nothing else, the Whale King must be on his opposite side.

The deep sea clan is very united.

What's more, the Whale Emperor is stronger than Cang Emperor

"Why~! "

A sigh!

It seemed like the last resort was the only option.

Those disgraceful pasts, let them be exposed!

At this moment, Emperor Qinglong seemed to have made some serious determination.

He tried his best to repel Feng Emperor with one palm, and then immediately made a seal with his hand.

"The art of psychic - the psychic corpse comes out!"

Emperor Qinglong pressed his seal, and a void formation appeared behind him.

A moment later, a beautiful middle-aged woman appeared in the center of the formation, with corpse aura rising to the sky, and her whole body exuding a looming imperial power.

"After the wind!"

When Emperor Feng saw the beautiful middle-aged woman, his eyes were shocked.

"Isn't the Queen of the Wind dead? How could she...."

At this moment, not only Feng Emperor was shocked.

Nishan, Fire Emperor, and Cang Emperor were also shocked.

Obviously, they all know this middle-aged beautiful woman

"Huh! wrong...."

Emperor Feng soon discovered that the beautiful middle-aged woman in front of him was not a living person, and her whole body was filled with death energy.

She quickly thought of something and looked at Emperor Qinglong with a look of astonishment.

"You are so vicious! You turned your wife into a psychic corpse!"

As soon as these words were spoken, the entire audience was shocked.

Even the Fire Emperor and the Cang Emperor looked at the Qinglong Emperor in shock.

This guy is really not a human!

The members of the Qinglong Alliance were also stunned.

They did not expect that their Majesty would He was such a vicious person.

In fact, Fenghou was the wife of Emperor Qinglong.

Back then, Fenghou went out to overcome the tribulation, and Emperor Qinglong accompanied him as a protector.

Afterwards, only Emperor Qinglong came back.

He announced to the outside world that Fenghou died under the tribulation.

It turns out that all this is a lie.

In fact, Feng Hou succeeded in overcoming the tribulation.

In order to improve his strength, Emperor Qinglong actually refined her into a psychic corpse.

This person's heart can be said to be extremely vicious.

Everyone was shocked when they saw it. , Emperor Qinglong sighed in his heart.

Sure enough, after his secret was exposed, these people looked at him differently.

But now, he can't control so much.

Now it's either you die or I live.

He must try every means, Destroy Qin Feng's refining!

With a thought in his mind, the Qinglong Emperor's whole body was filled with aura, and he actually emitted fluctuations of wind and wood elements.

The next second, he opened his mouth, spit out a ball of nine-star wind element, and automatically flew towards the psychic Corpse.

In the blink of an eye, the wind element was integrated into the psychic corpse.

The psychic corpse seemed to be activated. It raised its head instantly, and its eyes glowed red.

Her whole body exuded terrifying imperial power, and her combat power reached 10 billion. , just at the threshold of the Nine-Star Emperor.

In fact, the origin of the wind element was originally hers, but was taken away by the Qinglong Emperor.

Without the origin of the wind element, the combat power of the Qinglong Emperor instantly dropped to 23 billion.

At this moment , there was another loud noise outside the Holy Land.

Then, another ragged member of the Qinglong Alliance rushed in in a panic.

"Great Emperor! Not good! Xiao Qingfeng suddenly led a group of people to rebel, cooperated with the group of people outside, and broke through the formation!"

"What?!", Emperor Qinglong was shocked and angry.

But at this moment, four sounds of breaking through the air were heard in succession from the entrance of the Holy Land.

Then, four imperial powers approached from a distance.

The White Tiger Emperor, Xuanwu Emperor, Ice and Snow Emperor, and Whale Emperor who had been trapped for a long time Finally arrived.

Emperor Qinglong is in a hurry

"Psychic corpse, go and destroy Qin Feng's refining!"

At this moment, Emperor Qinglong went crazy!

Even if he didn't get any benefits, he still wanted Qin Feng to fall short.

After receiving the order, the psychic corpse quickly killed Qin Feng.

"not good!"

Emperor Feng's face changed slightly and he was about to stop him.

"Your opponent is me!"

Emperor Qinglong stopped her instantly.

In the blink of an eye, the psychic corpse arrived in front of Qin Feng.

At this moment, nine star patterns and seven halos suddenly appeared behind Qin Feng. The color of heaven and earth changed in an instant!

Boom~!

Qin Feng broke through the barrier in his body and broke through to the stage of transcending tribulation.....

His combat power surged to 50 billion in an instant.

The extremely terrifying coercion spread to all directions, suddenly causing the psychic zombie's speed to drop sharply, making it difficult for her to move even an inch.

"Ding! Devouring completed...the seventh level of consciousness and awakening has been raised to 92%....."

"Ding! Devouring completed...the true meaning of destruction has been strengthened to 10%....All attacks are twice as powerful....."

"Ding! Devouring completed...Dragon God inheritance awakens to 30%....Combat strength increased by 10 billion....."

At this moment, Qin Feng refined all the Tao Yun fragments, and his combat power surged to 60 billion again...

The psychic corpse finally approached.

Qin Feng raised his hand and shot her, turning her into powder.

Only a large group of nine-star wind element remains in the sky.....

The four White Tiger Emperors who came in a hurry just saw this scene and were all dumbfounded..

Chapter 352

The four White Tiger Emperors who came in a hurry just saw this scene and were dumbfounded.

Emperor Qinglong, Emperor Fire, Emperor Cang, and thousands of members of the Holy Alliance were frightened to death.

The psychic corpse was comparable to an emperor, but it was killed by Qin Feng with one shot.

"Run away!"

With a cry of surprise, Emperor Qinglong and others turned around and ran away.

"Escape there!", Emperor Feng clung to the Azure Dragon Emperor.

On the other side, the Turtle Emperor also clung to the Fire Emperor. Nishan also clung to the Cang Emperor.

The Southern Alliance, the Deep Sea Clan, and the Land Demon Clan frantically pursued and killed the members of the Holy Alliance.

There was a long roar.!

Chu Chu broke out!

She could finally free her hands.

She broke through to the peak of the Eight Stars, and her combat power had reached the level of transcending tribulation, but she still had time ability...

The time force field quickly unfolded.....

Everything slows down!

With two swords in hand, fighting talent reappears and one's own time accelerates.....

Chu Chu rushed into the crowd in an instant, and wherever he went, he was like chopping vegetables and melons, killing every piece in seconds.....

In the blink of an eye, she killed several Eight-Star Kings...

This performance was shocking...

The four White Tiger Emperors were dumbfounded.

This little girl's strength is probably far beyond the Tribulation Stage...

At this moment, Qin Feng put away the nine-star wind source in front of him, teleported to the sky above the Qinglong Emperor, and fired out with a shot.

That spear fell from the sky, its mighty power covered the sky and covered the earth, and endless destruction filled it...

Even the four White Tiger Emperors were frightened.....

Boom~!

Under the true intention of destruction!

All attack power doubled!

The attack power of that shot exceeded a hundred billion... a shrill scream!

Qin Feng shot Emperor Qinglong to pieces.

With a wave of his hand, he put away Emperor Qinglong's origin and storage ring.

The next second, he teleported again.

Immediately afterwards, there was another shrill scream.

Emperor Cang was also killed instantly by him.

Qin Feng put away Cang Emperor's origin and storage ring, and teleported to the sky above Fire Emperor again.

"Lord Qin Feng, please spare my life!", the Fire Emperor roared in despair.

Qin Feng ignored him and shot down... a shrill scream!

The Fire Emperor was killed to pieces!

But in the next second, the splattered flesh and blood automatically gathered.

The Fire Emperor's rebirth skill was activated..

He is resurrecting!

Among the emperors, the Fire Emperor is not the strongest, but he is the hardest to kill.

Because he has a unique skill - rebirth by fire.

Qin Feng sneered and launched a spiritual attack... comparable to the divine consciousness of the Nine-Star Emperor Attack, with the blessing of the true intention of destruction, the attack power of the divine consciousness was doubled again...

Another scream!

The Fire Emperor's soul flew away, the rebirth skill was broken, and the aggregated flesh collapsed...

There was a mass of origin left in the air, a storage The physical ring, and a drop of fiery red divine blood, with an extremely extraordinary aura...

Qin Feng couldn't help but glance at the drop of divine blood, waved his hand, and put it all away.

In the distance, the four White Tiger Emperors were horrified, and their backs were straight. Chills.

Oh my god!

In less than a minute, Qin Feng killed three emperors in succession, even the most difficult to kill Fire Emperor.....

But at this moment, thousands of shouts of killing came from the entrance of the Holy Land.....

Luo Li and others also came in.

At this time, under attack from both inside and outside, members of the Holy Alliance suddenly became unilaterally massacred.....

"Um?"

Qin Feng seemed to sense something and suddenly turned around.

He saw that the Wuyexing Emperor, who was surrounded by the headless golden man and the fire demon general figurines, had used his secret technique to escape.

There was no trace of him there, and there was no trace of him within ten thousand miles. His breath was gone, but his proud voice echoed in the air

"Ha ha!! The monument will not be destroyed, and the emperor will not come out! The monument is broken and the earth will perish!! Foolish people on earth, your internal strife will destroy you!"

Hearing this, everyone's expressions changed slightly.

"roll!"

Qin Feng raised his hand and shot, and shot up into the sky.

A muffled groan came from the sky, and there was no breath anymore.

The Midnight Star Emperor completely escaped.

At the same time, the massacre below was coming to an end..

After a while, the members of the Holy Alliance were slaughtered.

All the battles were over!

Qin Feng's side won a great victory.

Chu Chu, Luo Li and others were all in excitement. But the four White Tiger Emperors felt even more pressure.

At this time, Qin Feng said to the four From a human perspective, the four White Tiger Emperors were nervous, with fear deep in their eyes.

They were really afraid of Qin Feng.

This guy had just passed through the tribulation period, but he could kill the Nine-Star Emperor in an instant, which was extremely terrifying.....

"From now on! I should be the Emperor of Qin!"

Qin Feng proudly announced in a low voice.....

As soon as these words were spoken, the whole place was shaken.

All members of the Qin Clan and the demon clan on land knelt down and worshiped.

"I've been waiting to meet His Majesty the Qin Emperor!"

"Long live your Majesty! Long live!"

"Taiyue has met His Majesty!"The Turtle King also stepped forward to kneel down excitedly.

Boom~! Boom~! Boom~!

The headless golden man and the two fire demon generals also came forward and knelt down on one knee. Their huge bodies shook the earth.

Those more than a hundred The fire demon terracotta warriors also knelt down...

The scene was vigorous and powerful.....

The four White Tiger Emperors were shocked in their hearts.

The four of them looked at each other with complicated expressions.

The next second, the White Tiger Emperor swallowed his saliva, walked forward carefully, and congratulated him.

"Bai congratulates Emperor Qin on his accession to the throne! Seeing this, Emperor

Xuanwu also stepped forward and cupped his hands:"Wu also congratulates Emperor Qin on his accession to the throne!"

The Ice and Snow Emperor and the Whale Emperor did not dare to neglect and hurriedly came forward to congratulate them.

These four people actually called Master Qin Feng, thinking that he was a head shorter.

Qin Feng raised his head and looked at the four people calmly.

"Everyone, you have also heard what the Starless Emperor said."

"Today, there are powerful enemies watching outside the earth, and there are power disputes inside. This emperor wants to establish the Qin Clan and unify global forces to defend against foreign enemies! What do you think?"

After hearing this, the expressions of the four White Tiger Emperors changed slightly.

Qin Feng clearly wanted to recruit them.

"Your Majesty, Emperor Qin, I am willing to join the Qin Clan!"

Ni Shan's voice suddenly sounded in the crowd.

She flew to Qin Feng with a smile and saluted Qin Feng, with a hint of charm hidden in her beautiful eyes.

Qin Feng smiled slightly: "To enter my Qin Sect, you need to be with me. Sign a sacred contract! Are you willing?"

"I am willing!", Nishan did not hesitate at all.

At that moment, the two quickly signed a contract. As soon as the sacred contract was completed, Nishan became even more attached to Qin Feng...

The four White Tiger Emperors were shocked again when they saw this scene.

Join Qin They even have to sign a contract.

Once this sacred contract is completed, they will have no way to cancel it. They can only be loyal to Qin Feng in the future.....

But in this way, they will also lose a lot of freedom and have to be controlled by others.....

"What do you think?" Qin Feng asked quietly.

He didn't come up with a more binding contract for all living beings, but he was already taking care of their ability to accept it.

"Lord Qin Emperor, we can follow your arrangements in the future, but can we not merge into the Qin Clan?"

The White Tiger Emperor asked carefully.

Qin Feng sneered: "From today on, there can only be one power on the earth, and that is the Qin Clan. From today on, anyone who enters my door will be born! Those who do not enter our door will perish!"

As soon as these words were said, the Turtle Emperor, the headless golden man, and the two fire demon generals stood up one after another.

Emperor Feng and Ni Shan stood next to Qin Feng.

The atmosphere in the whole place suddenly became tense!

The seven emperors' power instantly locked onto the White Tiger Emperor.

The White Tiger Emperor shivered in fright, his legs weakened, and he knelt down.

"Bai is willing to join Qinmen! Bai Ji has met His Majesty!"..

Chapter 353

The White Tiger Emperor shivered in fright, his legs weakened, and he knelt down.

"Bai is willing to join Qinmen! Bai Ji has met His Majesty!"

"what about you?!", Qin Feng raised his head and looked at the other three emperors.

"This subordinate is willing to join the Qin Clan! I have met His Majesty!", the Whale Emperor came forward and knelt down.

Nishan had already joined, and he had already wavered and wanted to join the Qin Clan.

Emperor Xuanwu and Emperor Ice and Snow sighed inwardly, and also came forward and knelt down.

"This subordinate is willing to join the Qin Clan!"

"The subordinates are also willing to join the Qin Clan!"

"very good! Free your hearts, I will sign a contract with you!"

"yes! His Majesty!"

The four emperors let go of their hearts.

After a while, Qin Feng signed a contract with the four emperors.

The attitude of the four emperors towards Qin Feng also changed subtly, from fear to loyalty and surrender.

So far, Qin Feng successfully succeeded Having conquered all the top combat forces on the planet, he felt satisfied.

The Turtle Emperor was the first to congratulate excitedly:"Congratulations to my Emperor on the prospect of unifying the world! Long live our emperor! Long live!"

"Long live our emperor!"Long live" the surrounding subordinates also cheered thunderously.

The atmosphere in the field was very fiery.

"Your Majesty, only the headquarters of the Qinglong League has been captured right now. The forces in the various base cities where the Qinglong League is stationed have not yet been conquered!"

Emperor Feng stepped forward to remind her.

At this moment, she was overjoyed.

Her man was far better than she thought. She also supported Qin Feng.

"Your Majesty, there are still hostile forces from the Vermilion Bird Alliance and the Northern Alliance, and we need to resolve them as soon as possible!"

Nishan also stepped forward to admonish.

Qin Feng nodded and said quietly: "Everyone listens to the order!"

His voice was not loud, but it spread throughout the audience instantly and rang in everyone's ears.

The audience suddenly fell silent, and everyone waited in awe for the order.

Qin Feng glanced at the audience: "This emperor is now canonizing Phoenix. The emperor is the deputy head of Qin Clan, and all the great emperors are the elders of Qin Clan."

"From now on, Emperor Feng will lead all the ministries and take down all the forces of the Qinglong League, Suzaku League, and Northern League within three days!"

"Whoever surrenders to our Qin sect, live! Those who rebel against our Qin sect will perish!"

"I'll obey!"

Everyone agreed in unison.

Qin Feng nodded with satisfaction.

At this moment, a flash of joy flashed across his eyes. It turned out that the system rewards had begun to be distributed, and they were very generous.

He couldn't wait to digest them.

At the moment, he looked at Feng Emperor: "Yue'er, I leave this place to you! Emperor Feng smiled softly:"

Your Majesty, don't worry, my subordinates will definitely complete the task within three days!"

"Three days later, the elders held discussions with the Southern Alliance headquarters. The emperor has more important tasks to answer later!"

After saying these words, Qin Feng left.

He wanted to return to the Southern Alliance to digest the rewards he had just received.

The rest of the matter should be left to the people below to handle it.....

Meanwhile, the far side of the moon.

Star Orc Headquarters.

In the main hall, the Nightless Star Emperor held an emergency meeting.

At this moment, all the beast kings looked a little ugly.

The atmosphere in the venue was very depressing

"Unexpectedly, the three of them, Qinglong Emperor, were all in trouble! Lord Star King, is that Qin Feng really that scary?!"

Emperor Gale still couldn't believe it.

Emperor Wuyexing said angrily: "Do you think that this emperor will increase the ambition of others and destroy his own prestige?"

"This emperor had fled thousands of miles away, and everyone was injured by his shot from the air. If it were a frontal shot, this emperor would definitely be severely injured."

As soon as these words were spoken, the entire audience was shocked.

Only then did the emperors realize that the Nightless Star Emperor's face was a little pale, and it turned out to be injured.

Thinking of this, all the emperors couldn't help but take a deep breath.

Even the Nightless Star Emperor was a match for him. Unable to resist Qin Feng's move, they met Qin Feng and were killed instantly.

Among the crowd, the Immortal Wood Emperor was the most shocked.

He had personally dealt with Qin Feng back then.

At that time, Qin Feng was just a bird in front of him. Just an ant.

Unexpectedly, in a short period of time, the gap between the two has almost reversed.

After all, he is the weakest among the emperors and the easiest to be killed by Qin Feng.

"Big boss, then we have to find a way quickly! The existence of Qin Feng is extremely detrimental to us. We must find a way to kill him!"

The Immortal Wood Emperor suggested in panic.

He and Qin Feng had some issues.

Qin Feng had become so strong that he felt invisible fear and panic in his heart.

"Kill Qin Feng?" Wuye Xinghuang frowned, "You come and tell me! How to kill? With our current strength, who can kill him?!"

"this.....", the Immortal Wood Emperor was speechless.

The kings looked at each other.

Indeed!

Qin Feng is so strong that they can't deal with him at all.

In the past, they were the ones who had the upper hand over the people on Earth, but now it's the other way around.

Qin Feng's mere presence made them breathless.

At this thought, the will of the emperors became somewhat depressed.

Seeing this, Emperor Gale hurriedly said: "Don't be depressed, everyone! Don't forget, our clan's Golden Crow Emperor will arrive in the solar system in eleven months.""

"At that time, if the Great Emperor takes action, no matter how powerful Qin Feng is, he will be killed by the Great Emperor instantly....."

As soon as these words came out, the emperors were excited

"That's right! Under the emperor, everyone is an ant! No matter how powerful Qin Feng is, he will turn into ashes!"

"Ha ha!! indeed so! Speaking of which, those people on Earth are really stupid. They actually destroyed the Monument of Creation themselves, which is equivalent to destroying their own foundation."

"hehe!! If the monument does not exist, there will be no more blessings from God! All restrictions are removed, the emperor can take action against them, and the earth is destined to perish!"

The emperors became more and more excited as they talked.

The Immortal Wood Emperor also secretly breathed a sigh of relief.

Fortunately, the Heavenly Monument of Creation was destroyed, and Qin Feng was destined to die at the hands of the Emperor.

If the Heavenly Monument is still there, even if the Golden Crow Emperor arrives, then Don't dare to take action against the earth.

This is the heavenly rule!

The appearance of the creation sky monument is not accidental.

Now that the monument is broken, the earth is no longer protected by the heavenly rule.

In the main hall, the Nightless Star Emperor frowned.

His expression not optimistic

"Lord Star King, what are you worried about?", Feng Huang observes words and emotions.

The emperors also looked over in confusion. yes!

Eleven months later, the emperor is coming, what else is there to worry about?

The Nightless Star Emperor sighed:"Hey! To tell you the truth, Qin Feng's combat power should be about 60 billion....."

Hiss~!

There was a gasp in the audience!

The hall was quiet again.

After a moment, Emperor Gale said again: "Lord Star Emperor, even so, there is nothing to worry about... You must know that the threshold of the emperor's combat power is 200 billion"

"And the Golden Crow Emperor has broken through to the realm of the Great Emperor for hundreds of years. His combat power must be more than 200 billion. Killing Qin Feng instantly is not easy!"

The emperors nodded one after another, agreeing with these words.

But Emperor Wuye Xing still said: "You don't know something, that Qin Feng has just passed the tribulation period!"

As soon as these words came out, the whole audience was shocked again.

The emperors looked at each other with fear in their eyes.

The Gale Emperor also frowned: "This is not a good thing! I once heard a rumor that a certain master had a combat power of 40 billion when he was still in the tribulation period. After successfully transcending the tribulation, his combat power reached 150 billion....."

"Could it be that this Qin Feng also has the potential to dominate? If he succeeds in overcoming the tribulation, his combat power will not exceed 200 billion, right?"

Wuye Star Emperor smiled bitterly: "It's very possible! The emperor is most worried that when the emperor arrives, Qin Feng will also break through to the nine-star level."

"At that point, all our efforts will be in vain!"

The emperors were silent.

At this time, Emperor Gale thought of another question.

"Lord Star King, that's not necessarily the case. Even if Qin Feng breaks through to nine stars, his combat power is almost the same as that of the Great Emperor. He can't be the emperor's opponent either"

"The emperor has all understood the true meaning. This true meaning has a great impact on strength. What's more, the Golden Crow Emperor's true meaning of the sun is the top true meaning, which has a greater impact on strength....."

Hearing this, the emperors' eyes lit up again.

They knew that King Gale was right.

Understanding the true meaning is the most critical step in gathering the foundation of the Great Emperor, and it is also the most difficult step.

And true meaning also has a huge impact on strength.

It has strengths and weaknesses.

The ordinary true meaning is the true meaning of the nine elements, such as the true meaning of fire, the true meaning of water, etc.

The True Meaning of the Great Sun of the Golden Crow Emperor is a high-level True Meaning. It is a fusion of the True Meaning of Fire and the True Meaning of Light.

Therefore, the strength of the Golden Crow Emperor is considered to be the best among his peers.

Unexpectedly, Wuye Star Emperor sneered again:"The Golden Crow Emperor's true meaning of the sun is very powerful. Then do you know what true meaning Qin Feng comprehended?"

"What's the real meaning?"

"Destroy the true meaning!"

"What?!"

At this time, the emperors were dumbfounded.

The Immortal Wood Emperor was even more frightened and his face turned pale.

There are three levels of true meaning: ordinary true meaning, top true meaning, and supreme true meaning.

The true meaning of destruction is the supreme true meaning.

"Lord Star King, what should we do?"

The Gale Emperor was finally no longer calm and looked a little panicked.

The Nightless Star Emperor calmed down.

He looked up at the starry sky with an indifferent expression and smiled coldly.

"In fact, I also know a secret!"

"What secret?"

Wuye Star Emperor explained: "Generally speaking, during the transition period, a strong person can realize the ninth star pattern within a month, and then the catastrophe will begin to come."

"But those who have extremely solid foundations in the Tribulation Period have too much energy to realize the ninth star pattern, and one month is not enough."

"I once heard that a master had a combat power of more than 30 billion when he was in the tribulation period. It took him half a year to fully realize the ninth star pattern."

"Qin Feng's combat power is nearly twice that of that master. I predict that it will take him at least ten months to start the catastrophe."

"You say, if the emperor can arrive within ten months. Does Qin Feng still have a chance to overcome the disaster?"

Hearing this, the emperors' eyes lit up.

"right! As long as the emperor arrives early, Qin Feng will die as well! Gale Emperor suddenly realized:"

Lord Star Emperor, I understand!" My subordinates should contact the Golden Crow Emperor now and inform him of the situation here, asking him to arrive within ten months!"

"good!"

The Gale Emperor left.

He wanted to send a message to the Golden Crow Emperor.

The Golden Crow Emperor is in the distant outer star field, and the message jade talisman cannot be contacted.

That requires a message formation.

Among the emperors, the Gale Emperor is the most proficient in the formation.

At the moment , the emperors were waiting anxiously in the main hall.

A quarter of an hour later, Emperor Gale returned to the main hall with an excited face.

"How's it going?"Wuye Star Emperor asked anxiously.

All the emperors also looked at Gale Emperor.

"Done! I will report the situation here. The emperor attaches great importance to it and will arrive within three months....."

As soon as this was said, the emperors were overjoyed..

Chapter 354

The Nightless Star Emperor was overjoyed:"The Emperor is really cautious! This is better!"

The Gale Emperor also said happily:"Yes! This also shows that Qin Feng is indeed a hidden danger, and even the Emperor has to pay attention to it!" The

Nightless Star Emperor said again:"During this period, everyone should stay at the station, don't go out easily, and keep a low profile....."

The emperors nodded, somewhat aggrieved.

Qin Feng alone makes them fearful

"Gale King!"

"The subordinates are here!"

"Upgrade the protective shield outside the station to the emperor level!"

Emperor Gale was shocked.

The so-called emperor level means that attacks that have not reached the emperor level cannot be broken.

"Lord Star King, if you open it to the Great Emperor level, the consumption of Star Star Stones will increase exponentially. Do you really want to do this? Emperor

Gale asked cautiously.

Emperor Wuye Star sighed:"Don't forget it!" It was the nine emperors on Earth who signed the armistice contract with us. That Qin Feng didn't sign a contract, he can come over at any time"

"If the protection of the formation is not enough, if he breaks in, it will be very difficult for eight of us to join forces to deal with him alone!"

Emperor Gale was shocked. He almost forgot about this.

"The adults are reminded! This subordinate will do it now!", the Gale Emperor left in a hurry.

The Nightless Star Emperor looked at the Gale Emperor's leaving figure, with a look of hesitation on his face, and always felt a little uneasy in his heart.

Seeing this, the emperors all tried to comfort him.

"The big leader need not worry, the emperor will arrive within three months. Then Qin Feng had no time to survive the disaster, and he would definitely die this time!

Hearing this, Wuye Star Emperor smiled slightly:"That's right!" But I am worrying too much....."

Meanwhile, Earth.

Qin Feng has returned to the Southern Alliance headquarters.

At this moment, inside the secret room.

Qin Feng opened the system and counted the mission rewards with excitement.

"Eight-turn Jing Yuan Dan, three thousand pills!"

This is a good thing!

It will be used for training his subordinates and refining fire demon warriors.

All the eight-turn Jingyuan Dan on his body was given to Chu Chu, and now he has just enough to replenish it.

"Nine-turn Jingyuan Pill, one hundred pills!"

The effect of a Nine-turn Jingyuan Pill is ten times stronger than that of an Eight-turn Jingyuan Pill. Needless to say, the benefits are obvious.

However, Qin Feng's soul power has reached the level of the Great Emperor.

This Nine-turn Jingyuan Pill has no effect on him.

"Soul Pill (Emperor Level), which can increase the strength of the soul, three pills!"

This is actually an emperor-level elixir.

Qin Feng opened his mouth and swallowed a soul elixir.....

"Ding! Successfully swallowing the soul pill...the soul power intensity was increased to the emperor level (37%) .....The awareness of the true meaning of destruction has been increased to 11%...All attack power increased by 110%....."

It turns out that increasing the strength of the soul can also strengthen the true meaning.

Qin Feng quickly swallowed the remaining two soul pills

"Ding! Successfully swallowing the soul pill...the soul power intensity was increased to the emperor level (43%) .....The awareness of the true meaning of destruction has been increased to 13%.....All attack power increased by 130%...."

Qin Feng was delighted.

His attack intensified again.

The most important thing is that if he wants to break through to the realm of the Great Emperor, he must realize 100% of his true meaning.

Improved understanding of true meaning will be of great use in the future

"Fortune Pill, 20% chance of realizing a true meaning, five pills."

This elixir is good.

Qin Feng kept it and prepared to give it to Yue'er.

He has realized the true meaning, but there is no urgent need.

"Star stones, one hundred....."

Oh My God!

So many star stones!

Qin Feng was overjoyed.

This is the bulk of the reward!

The rewards this time are really generous!

Qin Feng opened his mouth and sucked it all in, swallowing it all.....

"Ding! Successfully swallowed the Star Stone... The ninth star pattern has a degree of realization increased to 27%....The combat power increased by 5 billion..."

Qin Feng was ecstatic.

After swallowing 100 star stones, his combat power increased by another 5 billion.

However, the realization of the ninth star pattern has only reached 27%?

The energy he needs is too much There are more!

After the elemental master breaks through to the Tribulation Stage, he will condense the ninth star pattern.

But at this time, the ninth star pattern is in a virtual state.

The master of the Tribulation Stage needs to absorb the power of the elements between heaven and earth and convert it Completely realized.

At that time, it will be the day when the catastrophe comes.

During this process, the combat power during the tribulation period will generally increase from 800 million to about 1 billion, which takes about a month.

But the energy Qin Feng needs is of the same level. Hundreds of times, it would be impossible to complete the realization of the ninth star pattern in less than two years.

Because his foundation is too solid.

Regarding this, the Nightless Star Emperor far underestimated him.

Of course, this so-called two years , all refer to the situation of normal cultivation.

Qin Feng can use external objects to shorten the period of tribulation, such as refining Xingtide Stones.

And it only takes a very short time for him to refine these items.

For example, 100 Xingtide Stones, It only took him ten minutes to refine it, while others would need at least three or four months.

"It would be nice if there were some more star stones....."

Qin Feng had some unfinished ideas.

Although the system's rewards are enough, they can't satisfy his appetite.

"correct! This should work too....."

Qin Feng suddenly thought of something.

As soon as he waved his hand, four groups of nine-star origins appeared in front of him.

A ball of wind origin, a ball of water origin, a ball of fire origin, and a ball of wood origin.

These are the things left by the psychic corpse, Cang Emperor, Fire Emperor, and Qinglong Emperor.

Qin Feng opened his mouth and took a breath, swallowing all four masses of origin.....

"Ding! Devouring the origin of wind element successfully.....The ninth star pattern materializes 33%.....Combat strength increased by 750 million....."

"Ding! Devouring the water source successfully.....The ninth star pattern materializes 42%.....Combat power increased by 1.2 billion....."

"Ding! Devouring the origin of fire element successfully.....The ninth star pattern materializes 51%.....Combat power increased by 1.25 billion....."

"Ding! Swallowing the wood element successfully.....The ninth star pattern materializes 62%.....Combat power increased by 1.8 billion....."

"Ha ha! Sure enough! You can also swallow the nine-star origin!!"

Qin Feng felt great.

In the blink of an eye, the realization of his ninth star pattern reached 62%.

His period of transcending tribulation was also compressed from two years to about nine months.

What a pity!

He has no treasures to improve..

By the way! The Starry Sky Beast Clan!

Qin Feng's lips curled up slightly.

He didn't!

It doesn't mean that the Starry Sky Beast Clan doesn't exist!

The Starry Sky Beast Clan isThe eight beast kings.

That represents the origin of the Eight Groups and Nine Stars!

These are enough for him.

Perhaps, by killing these beast kings, he would be able to overcome the calamity.

In any case, Qin Feng is very satisfied with this reward.

The combat power alone has been increased to 70 billion.

This hasn't reached his limit yet..

Chapter 355

"By the way, what did the Nightless Star Emperor mean when he escaped today?"

Qin Feng suddenly remembered this matter and couldn't help but ponder.

At that time, Wuye Star Emperor once said: The Sky Monument will not be destroyed, and the Emperor will not come out! The Sky Monument has been broken, and the earth will perish!

Qin Feng was a little puzzled.

That created the Heaven The monument has always been mysterious, and no one on the earth knows its origin.

But how does its destruction have anything to do with the emperor?

How does it have anything to do with the survival of the earth?

Qin Feng vaguely feels that this matter is very important.

He must get it done. Clear.

Qin Feng thought for a while, but couldn't think of a reason, so he stopped thinking about it.

Then, he waved his hand, and there was a piece of white paper in his hand.

The next second, he touched it with one hand, and there was a piece of white paper in his hand. An array diagram.

It was the emperor-level array diagram - the teleportation array.

This was what he got from the Heavenly Monument of Creation.

At this moment, he imprinted it from his memory and prepared to study it.

This teleportation array would be of great help to him in integrating the forces of the earth. After he has finished handling the trivial matters on earth, the next step is to deal with the headquarters of the Star Orcs.

These invaders must be eliminated.

At that moment, Qin Feng began to study the teleportation array.....

He devoured hundreds of Daoyun fragments this time, which can be said to be an all-round improvement.

His proficiency in formations, weapon refining, and alchemy all reached the level of the Great Emperor.

With his emperor-level formation skills, it only took him one day to thoroughly study the teleportation formation diagram.

Later, he thoroughly studied the Heaven-Slaying Formation Diagram (Emperor Level) and the Heavenly Fire Halberd Refining Diagram (Emperor Level).....

Time flies.

In the blink of an eye, three days passed.

A lot happened in these three days.

First of all, it only took Qinmen two days to conquer hundreds of garrison cities in the Qinglong League, Suzaku League, and Northern League.

Those who surrender will be recruited, and those who resist will be killed.

After a lot of carpet cleaning, now only the power of the Qin Clan exists on the earth.

Subsequently, Qin Feng ordered that Nandu City, the headquarters of the Southern League, would be the headquarters of Qinmen from now on.

The southern capital city will be expanded a hundred times and seven imperial palaces will be built.

All the great emperors must settle in the southern capital city.

The six-level urban construction system was abolished and replaced with a seven-level urban construction system.

In the past, all alliance forces had a six-level city structure.

That is to say, the headquarters is a special-level city, and the resident cities under its jurisdiction are divided into five levels.

Now, there can only be one special city in the world, and that is Nandu City.

The headquarters of the Azure Dragon League, the headquarters of the White Tiger League, the headquarters of the Xuanwu League, etc., these big cities have all been reduced to first-level cities.

By analogy, there are seven levels in total.

Qin Feng wants to establish a centralized earth power.

He wants to gather all the power of the earth and exert the strongest combat power on the earth.

In addition, he wanted to establish a racial order system.

Humans are not allowed to hunt monsters above the ferocious beast level.

Beast-level monsters are also not allowed to attack humans.

Only beast-level animals are exempt from restrictions.

Qin Feng wants ordinary people to be able to leave the station!

Let the development of the earth no longer be restricted!.....

But on this day, inside the secret room of Dragon's Nest.

Qin Feng saw Chu Chu and Long Dan.

He summoned Chu Chu back three days ago.

Let Chu Chu practice in the dragon's nest to speed up the hatching of dragon eggs.

Today, he came to see the hatching progress of the dragon eggs.

Qin Feng's arrival quickly alarmed Chu Chu

"Brother, why are you here?", Chuchu stood up happily.

This little girl is getting more and more beautiful as she grows, and her figure becomes more and more graceful.

She is only fourteen years old, and she is already over 1.6 meters tall.

"Not bad! Is your mental strength reaching the quasi-nine-star level?"

Qin Feng looked at it with satisfaction.

"whee!! This is all thanks to the Nine Transformation Essence Pill given by my brother... Otherwise, how could I have improved so quickly!"

Chu Chu clung to her coquettishly.

Qin Feng petted the little girl's head.

He valued Chu Chu's time ability. If he wanted to improve Chu Chu's ability in this area, he had to improve Chu Chu's mental power. Chu Chu has no effect and can only be used to replenish his mental power.

The Nine-turn Jingyuan Pill can help Chu Chu break through the bottleneck.

Therefore, Qin Feng gave Chu Chu fifty Nine-turn Jingyuan Pill.

Facts have proved that his guess was right.

Chu Chu's mental power is making rapid progress, and he is not far from the nine-star level.

This makes Qin Feng very happy.

If Chu Chu succeeds in breaking through, his time ability will definitely change dramatically.

Qin Feng is also looking forward to this

"Brother, what are you doing here this time?", Chu Chu curiously asked

"Let me see the dragon eggs!"

"whee!! The little guy just fell asleep!"

When it comes to Dragon Egg, Chu Chu is very excited.

Dragon Egg's thoughts are becoming clearer and clearer.

It also loves Chu Chu very much.

The two have been together for a long time and have a close relationship.

Chu Chu also communicates with her thoughts from time to time, teaching Dragon Egg to learn to speak..

Qin Feng smiled, approached the dragon pond, and glanced at the dragon egg.

Hatching progress: 98.3%.

Energy level: Tribulation period.

Qin Feng was delighted.

The hatching progress was 98.3%.

Five days at most, the dragon egg It can be hatched.

Speaking of which, this is all the credit of Chu Chu

"Little girl, you continue to practice. Remember, you must attend the pilgrimage ceremony tomorrow...."

"Um~! ", Chu Chu nodded happily.

Tomorrow's pilgrimage ceremony will be the most solemn day since the founding of the Qin Sect.

Qin Feng will tell the world, divide the emperors, and complete the integration of the earth's forces.

Qin Feng said a few words to Chu Chu and left.

In a blink of an eye, it was the next day.

The entire Qinmen General Alliance became lively.

Early in the morning, forces from all over the world gathered from all directions, and no one dared to be late.

In the morning, the pilgrimage begins.

Above the main hall, the atmosphere was solemn.

Qin Feng sits on the dragon throne, carrying supreme majesty.

Below, the emperors were divided into two rows, standing respectfully.

Facing Qin Feng, all the emperors were in awe.

Behind the emperors, there are seventy or eighty eight-star kings.

There are human race, sea race, and land demon race.

All the eight stars were holding their breath and concentrating, not daring to take a breath.

In the last row of the main hall, there are Luo Li, Xiao Qingfeng, Bai Qianyue and other eight stars.

This pilgrimage, if you don't have the strength of eight stars or above, you are not eligible to participate.

"Your Majesty, everyone is here!", Emperor Feng reminded.

Qin Feng nodded and looked at the emperors calmly.

"Seven imperial palaces have been divided into Nandu City, which are residences for the seven of you. You must move into the headquarters within three days!"

Qin Feng finished his announcement.

All the emperors looked at each other.

They knew that what Qin Feng did was to centralize power.

But there was also a drawback to doing this...

At that moment, the White Tiger Emperor stepped forward and said:"Your Majesty, I have a concern....."

"explain!"

"Your Majesty has gathered us all in the headquarters, which is indeed convenient for management. But in this way, if there is an alien attack on other parts of the earth, if it is too far from the headquarters, we will not have time to rescue them....."

Qin Feng smiled slightly:"Look what this is?"

He waved a few jade talismans and flew towards the emperors.

When the emperors saw it, they were shocked

"This...this seems to be the layout of the teleportation array!

Qin Feng nodded:"Not bad!" Next, your task is to build teleportation arrays in each base city according to the drawings....."

Hearing this, the White Tiger Emperor seemed to have thought of something, and said happily:"Your Majesty, I understand! As long as we arrange teleportation arrays in each base city,"

"If we encounter an enemy attack, we can teleport directly there without worrying about the distance being too far....."

Everyone suddenly realized and became excited

"yes! With the teleportation array, our earth's defense. It will become monolithic!"

"Of course! This defense can be enhanced at least ten times!"

"Your Majesty is so powerful, you can even get such a formation diagram."

"This is not a formation diagram, but an analysis diagram of the formation, so we can understand it. If you don't have extremely high attainments in formations, you won't be able to draw such an analytical diagram..." There was a lot of discussion below, and all the subordinates were more and more impressed by Qin Feng.

Not only was their sect leader extremely powerful, he was also so proficient in formations and speech. It is impossible to describe his excellence.

Especially those emperors, they are also involved in the field of formations and know how difficult it is.

Their level is less than one percent of Qin Feng.

The Qinglong Emperor, who was originally known as the number one in formations, also Far inferior to Qin Feng!

At this time, Qin Feng's voice sounded again in the hall

"Palace owners, your next task is to set up the teleportation arrays in your respective jurisdictions. Give you ten days!"

"I'll obey!"

Everyone promised.

They are very active on this matter.

When the teleportation array is completed, even if the forces on the earth are completely integrated, the comprehensive combat power will be improved to a higher level.

"By the way, who among you knows where the Star Orcs are stationed? I would like to know about their situation...."

Qin Feng asked casually.

The emperors were shocked. Is the sect master going to attack the Starry Sky Beast Clan so soon?

But the armistice contract is not over yet!

"Your Majesty, back then the Whale Emperor and I went to the Starry Sky Clan's camp together to understand some of the situation.....", Nishan said respectfully.

Qin Feng nodded: "Okay! Emperor Shark stays! Everyone, please disperse!"

Everyone took the order and left.

After a while, only Qin Feng and Ni Shan were left in the hall..

Chapter 356

"Your Majesty, there is no one here....", Nishan smiled at the corners of her eyes.

The silver light in Qin Feng's eyes flashed away.

The memory scan started quietly.

In just a moment, he peeked into part of Nishan's memory.

He immediately laughed.

His current soul power is at the level of the Great Emperor, and he can already spy on the Nine-Star Emperor.

Although it is not possible to pry into everything, the memories of the last three days can be examined.

Just now, he had a glimpse of Nishan's little thoughts.

This woman actually wanted to...

Qin Feng stood up, reached Nishan's side with one step, and put his arms around Nishan's graspable waist.

Nishan's eyes were full of smiles, and her heart was secretly happy.

She has long wanted to find a chance to be alone with Qin Feng

"Come with me!"

Qin Feng took a step forward, and the two of them disappeared into the hall out of thin air.

The next second, the two of them appeared in a living room.

This was Qin Feng's residence.

Nishan looked around in surprise.

In the blink of an eye, she He and Qin Feng came here from the main hall.

This seems to be a space skill.

In fact, this is the newly acquired space skill after Qin Feng swallowed Daoyun - sky-capturing.

Sky-capturing: As long as it touches the target limb, it can bring Teleport with the target.

This is a mandatory sequence and does not require the target's consent.

"Say it! What is the situation like at the Starry Sky Orc Clan's location?"

Qin Feng let go of Nishan and sat down on the sofa casually.

Nishan smiled and walked towards Qin Feng.

She had a slender waist and graceful curves.

She was dressed in a cheongsam palace dress, which made her look forward and backward. is tempting

"Sect Master, the Starry Sky Beast Tribe's headquarters is on the back side of the moon, with a large protective formation surrounding it. The defensive power of that formation is extremely strong, and can be upgraded to the emperor-level defense..."

Ni Shan naturally sat on Qin Feng's lap.

"Emperor level defense? This starry sky beast clan has great attainments in formations!"

Qin Feng's big hands slid over Nishan's perfect curves, and finally stopped at the neckline. He unbuttoned the collar at will, revealing a piece of snow...

Nishan smiled at the corner of her mouth and let him do whatever he wanted. The two had already known each other.

"Sect Master, don't you want to attack the Star Orcs? We elders have signed an armistice contract with them. I'm afraid we can't go with you to the war...."

"Besides, even if we get through, we can't break through their protective formation, and there's nothing we can do against them."

"The Star Orcs relied on their protective formation to establish themselves in an invincible position. As for us on the earth, we have always been passive....."

Speaking of this, Nishan was a little helpless...

"You're right, if you don't break the formation, there's nothing you can do against them... By the way, do you know what the real purpose of the Star Orcs is to invade the earth?"

Qin Feng felt the softness of Nishan comfortably...

"This is not clear! At first, everyone thought they were after the Xingxi Stone. Now that I think about it, it seems that not all..."

Qin Feng was curious:"How do you say that?"

Nishan explained:"Let's put it this way, the planets in this solar system are not

only our earth, but also Mars, Venus, and Mercury.....These planets will produce star stones, and the Star Orcs have also arranged for people to mine them....."

"Logically speaking, if they mine other planets in the solar system, they must obtain more tidal stones than mining the earth."

"But what is strange is that they only arrange one-twentieth of their power to mine other planets in the solar system. Absolutely most of their power is concentrated on the moon, specifically to deal with us. If you say it's for the Xingxi Stone, I can't explain it....."

Qin Feng nodded:"This is indeed unreasonable! There are so many unmanned planets that can be mined, but they don't pay attention to them, but they keep an eye on the earth."

"Could it be that there is something on our planet that attracts them? And this treasure is more precious than the Star Stone!"

Speaking of this, Qin Feng couldn't help but think of the mysterious black hole in the center of the earth.

He intuitively felt that there was a treasure there.

Nishan seemed to have some realization:"You said that, it's really possible....."

Qin Feng added:"Also, Wuye Star Emperor seems to know the origin of the Heavenly Monument of Creation. How much do you know about the Heavenly Monument of Creation?"

Nishan smiled bitterly:"I'm afraid I don't know as much as the sect master... Oh~! Oh my god, why did your finger get in there?...."

Qin Feng smiled charmingly and whispered in Nishan's ear.....

Nishan's face turned red and she nodded.

"Let's go! Sister Nishan, I'm going to remove the remaining fire poison from your body...Last time, there was a place that I couldn't inspect in depth. This time I'm going to change the method and inspect it in depth....."

Qin Feng said with a bad smile

"Giggle~! You are indeed a bad guy...."

Nishan joked with a smile.

The next second, the two of them disappeared out of thin air.....

Time flies.

Eight hours later, Qin Feng left his bedroom extremely comfortable.

Just now, the fire that had accumulated in his body was released, and his whole body became smooth.

Speaking of which, Nishan tastes fresh and delicious, warm, soft and juicy.

Qin Feng didn't expect that she would be so compact.

After arriving at a secret room, Qin Feng took out a strange bead.

The beads were crystal clear, somewhat similar to pearls, and faintly exuded spiritual power fluctuations.....

"This is the shark bead, it's magical!"

Qin Feng looked at the bead in his hand proudly.

It was made of Nishan's tears.

It is said that mermaids rarely shed tears, but when they shed tears, the teardrops will automatically turn into shark beads.

Nishan is the Shark Queen, and her shark The pearls are emperor-level, and even more extraordinary.

Today, Qin Feng cried Nishancao several times, so he got a lot of emperor-level shark beads...

Qin Feng put away the shark beads in his hand and kept them as a souvenir.

Then, he He took out the diagram of the Heaven-Slaying Formation and studied it.

Three hours later, a smile appeared on his face.

Everything was as he expected.

This Heaven-Slaying Formation is a large formation of ten thousand people.

It requires three emperors and ten thousand five-star or above elementalists. , can be deployed.

But if the formation members are replaced by eight-star or above cultivation, only a thousand people can be deployed.

A thousand eight-star strong men sound extremely terrifying, and many star domain forces He ca n't make it together.

But Qin Feng can do it.

He still has eight or nine hundred earthly fire demons who have not been transformed into fire demon terracotta warriors.

If he completes the transformation, he will have a thousand subordinates with

eight-star Dzogchen strength and above.

Then Using the headless golden man and the two fire demon general figurines as the eyes, he can easily set up a sky-slaying formation, and the formation is more powerful.

Because these puppets of his are very powerful, there are a hundred of them who can only cross the tribulation period. Many.

With the Heaven-Slaying Formation, it would be easy for him to break through the Starry Sky Beast Clan's protective formation.

Qin Feng was looking forward to this thought.

He didn't want to wait until the truce contract was over before attacking the Starry Sky Beast Clan..

He also thought about devouring the origins of those beast kings to shorten his period of tribulation.

The next second, Qin Feng disappeared into the secret room.

He was going to the earth's center cave to collect earth fire breath soil and continue to refine the fire demon. Terracotta Warriors..

Chapter 357

A quarter of an hour later, deep in the mantle magma sea, there was a mysterious cave in the center of the earth.

It was pitch dark inside the cave.

There is no light here, and the naked eye cannot see anything. It can only be scanned with spiritual consciousness.

There is also an invisible force of repulsion all around. The deeper you go into the cave, the stronger the force of repulsion becomes.

Qin Feng stood where he stayed last time and easily stepped into the cave.

The last time he used Chaos Transformation, his combat power was only 22 billion.

Now that he has not transformed, his combat power is already 70 billion.

Qin Feng entered cautiously. The cave gave him a very unusual feeling, with an inexplicable sense of oppression.

But there are also many treasures in this cave, which is exciting.

After walking only a dozen meters, Qin Feng discovered a large mass of earth fire soil.

He happily took it away and continued to go deeper.

Not long after, he discovered another large mass of earth fire breath soil.

In this way, Qin Feng unknowingly penetrated more than a thousand meters into the cave.

The amount of earth, fire, breath and soil he harvested was ten times more than last time.

This is enough for him to refine the puppet.

"strangeness! Could it be that the only treasures here are earth, fire and soil?"

Qin Feng was confused and continued to go deeper.

The repulsive force in the cave had increased to 50 billion.

Not long after, he found another pile of earth fire breath soil, which was also the largest pile he found.

Qin Feng walked away happily past

"Huh! This is...."

Qin Feng suddenly discovered that there was a spiritual plant growing next to the earth fire soil.

There is a spiritual fruit on it, exuding strong earth energy. The color of the fruit is earthy yellow, which is similar to the color of earth, fire and soil. If you don't distinguish it carefully, it is really easy to ignore it.

"What kind of spiritual fruit is this?"

Qin Feng curiously picked off the spiritual fruit.

The spiritual plant withered at a speed visible to the naked eye.

Qin Feng was stunned for a moment, and the system prompts also sounded in his mind.

"Ding! Discover the Thick Earth Spirit Fruit (Emperor Level). After swallowing it, you have a 100% chance of obtaining the true meaning of Earth....."

Note: It is only effective if taken by earth elemental masters.

Qin Feng was overjoyed:"Haha! I found a treasure this time!"

This is actually an emperor-level spiritual fruit!

He put it away with satisfaction.

He is a chaos elemental master and can use all nine series of spiritual objects.

He can naturally refine this thick soil spiritual fruit.

However, the true meaning of earth belongs to the ordinary true meaning, and he is a little disdainful of it.

He already has the true intention of destruction.

The difficulty for him to obtain the second true meaning will increase.

In this case, he might as well choose a higher level of true meaning as his second true meaning.

Thinking of this, Qin Feng silently put away the Thick Earth Spirit Fruit.

But at this moment, the system sent a prompt

"Ding! Instant task activation: The host collects the true meaning of the five elements and can be rewarded with a fusion pill of the true meaning of the five elements!"

Five Elements True Meaning Fusion Pill: It can fuse the true meanings of the five elements of metal, wood, water, fire and earth into the supreme true meaning - the true meaning of non-stopping. The true meaning of non-stopping: taking the meaning of the five elements, it can make the vitality endless and endless. ; At the same time, it greatly strengthened the defense power and injury recovery ability.

Qin Feng was pleasantly surprised.

This true meaning of endlessness was exactly what he needed!

The higher his cultivation level, the more he found that swallowing inner elixir to restore strength had no much effect.

He needed There is too much energy, and the energy provided by the Eight-Star Inner Alchemy is of no help, and his ability to heal injuries has also declined.

This has reduced his ability to continue fighting.

But if he obtains the true meaning of immortality, his previous advantages are back.

What's more, no Breathing true meaning can also strengthen defense.

This is a very comprehensive true meaning ability, and it is of the highest level.

Qin Feng was moved, picked up the thick soil spirit fruit, and was about to devour it.

But a light screen automatically popped up in his eyes.

Item : Thick Earth Spirit Fruit

Effect: After swallowing, the true meaning of earth can be obtained.

Note: It is detected that the host already has a true meaning, and the chance of obtaining the true meaning of earth is reduced to 80%.

Qin Feng smiled slightly, this chance was higher than he thought A lot.

Because of this, most emperors only have one true meaning. Anyone who can have two true meanings can be regarded as a monster.

Qin Feng originally thought that the chance would be reduced to 10%.

Then, he thought for a moment You understand.

The true meaning is also divided into levels.

The ordinary true meaning is the easiest to comprehend, followed by the top true meaning, and the supreme true meaning is the most difficult to comprehend.

The true meaning of earth is just the ordinary true meaning, so the difficulty of comprehending is naturally reduced.

In addition, his own understanding is extremely Good, the soul power is strong, which also increases the chance of success.

After thinking about this, Qin Feng swallowed the spirit fruit in one gulp

"Ding! Devouring the Thick Earth Spirit Fruit Successfully....Obtain the true meaning of thick earth successfully...."

"Ding! The host qualifications are improved, and the Dragon God inheritance is awakened to 31%...Combat strength increased by 1 billion...."

"not bad!"

Qin Feng was satisfied and dug up the spiritual plant on the ground.

Although the spiritual plant was withered, its roots were intact.

Qin Feng carefully put it away. It might be of great use in the future.

Then, he put away the pile of earth fire breath in front of him. Soil, continue to move forward.

This time, he went a hundred meters deep, and finally found another emperor-level material - Heavenly Tempered Gold.

This is a good treasure for refining the Imperial Martial.

Qin Feng was trying to refine the Imperial Martial Skyfire Halberd.

Both of the figurines of the two fire demon generals lack weapons. If they can be equipped with the Skyfire Halberd, their strength will be even higher.

Unfortunately, he has always lacked the main materials for refining.

The sky-tempered gold in front of him can be used as the main material to try to refine..

Perhaps the materials are incomplete and the real imperial weapon cannot be refined, but the pseudo-imperial weapon level can still be refined.

Qin Feng put away the sky-tempered gold with satisfaction and continued to explore.

Unknowingly, he went more than five thousand deep into the cave. meters, the cave was unfathomable and it seemed impossible to see the bottom.

He harvested a lot of sky-tempered gold along the way.

What surprised him even more was that he also found a sharp gold spiritual fruit (emperor level). It was originally 100% obtained The true meaning of gold.

Qin Feng possesses two true meanings, and the chance is directly reduced to 50%.

After he swallowed it, he was lucky enough to obtain the true meaning of gold.

The Dragon God inheritance awakened to 32%, and his combat power increased to 72 billion.

This made Qin Feng was pleasantly surprised.

He wondered if he could get the true meaning of the Five Elements if he kept walking in the cave.

In the blink of an eye, an hour passed.

Qin Feng had penetrated 10,000 meters into the cave.

He also displayed Chaos Transformation, and his combat power reached More than 90 billion...

And the repulsion force in the cave has also increased to more than 90 billion, which is almost reaching his limit.

Qin Feng is in an excited mood.

At this moment, there is a pool in front of him.

On the opposite side of the pool, there is another The entrance to the cave, winding downwards.

After walking here, it was finally a little different.

He lowered his head and looked at the pool, feeling spiritual energy.

"Ding! Congratulations to the host for discovering - Starlight Spiritual Water (Emperor Level)...."

"Starlight Spiritual Water, this is a good thing for alchemy!"

Qin Feng was overjoyed. He took out a jade bottle for storage and collected it directly.

The spiritual water poured in. It took him half an hour to collect the entire pool of spiritual water.

At this time, a plant appeared at the bottom of the pool. A spiritual plant with a white spiritual fruit growing on it

"Ding! Congratulations to the host for discovering the Sunflower Water Spirit Fruit (Emperor Level)... After swallowing it... you can obtain the true meaning of water...."

Qin Feng smiled: "Sure enough, there is such a treasure!"

He walked over, picked the spiritual fruit, and dug out the spiritual root.

But at this moment, he found a large square stone next to him that looked familiar.

He stepped forward to take a closer look and was shocked.

Isn't this the base of the Heavenly Monument of Creation!

How did it appear here?

That day, after the Heavenly Monument of Creation was shattered, its base disappeared into the ground.

Qin Feng was surprised and stepped forward to touch the base.

With this touch, the base actually lit up.

The next second, a shocking beast roar sounded from the depths of the cave. The entire cave was shaking violently, and stone debris fell from the surrounding cave walls.

Qin Feng groaned and was shocked to the point where his mouth and nose bled.

He was so frightened that he didn't dare to stay. He just summoned the space and ran away..

Chapter 358

The next second, Qin Feng returned to the Dragon Nest secret room.

Beside the dragon pond, Chu Chu was immediately alarmed.

She looked up and saw Qin Feng's face was pale, with bloodshot eyes hanging from the corners of his mouth.

She suddenly panicked.

In her heart, her brother is heaven and everything.

But now my brother is injured

"Brother, what's wrong with you?"

Chu Chu ran over in a hurry, her voice trembling.

"I'm fine!"

"The corners of your mouth are bleeding, but you still say it's okay...", Chu Chu was so anxious that her eyes were red.

"look! Isn't this a good thing for me?"

Qin Feng wiped the blood from the corner of his mouth, and the energy in his body circulated.

In a moment, all the injuries were recovered.

The injuries he suffered were not serious in the first place.

Chu Chu was shocked and doubtful.

She looked around Qin Feng for a while, and made sure that everything was fine. She secretly breathed a sigh of relief.

Then, the little girl raised her lips and said, "Brother, what dangerous place did you go to? Next time you go, take me with you. My time ability can help you, and you won't be hurt...."

"lets change a topic....", Qin Feng pinched her cute little face and said, "You can't go to that place either. I'll talk to you in detail later... By the way, how is your cultivation?"

"In three or four days, I should be able to break through...."

When she mentioned cultivation, Chu Chu smiled happily, with some pride in her eyes.

However, she does have something to be proud of.

On today's earth, her cultivation progress is only inferior to Qin Feng, and no one can compare with her.

Qin Feng is also very pleased with her progress.

"By the way, how much of the Nine-turn Jingyuan Pill is left?"

"There are seven more...."

"These are for you...", Qin Feng casually threw over twenty Nine-turn Essence Pills.

"Thanks bro!", Chu Chu took it excitedly.

With these pills, there will be no problem with her breakthrough.

"What happened to the dragon egg?", Qin Feng walked towards Longchi

"This little guy has been very sleepy recently, and I don't know what's going on..." Chu Chu's tone was full of worry.

The two walked to the dragon pond.

Qin Feng glanced at the dragon egg.

Hatching progress: 99.03%

Energy level: Crossing period of calamity...

"Brother, will it be okay? I've been communicating with it recently and it's always sleeping..."

"It's okay!", Qin Feng touched Chu Chu's little head, "The little guy is about to hatch, so he will be sleepy in the near future...."

"Really?", Chu Chu was delighted, "I really want to see what it looks like after hatching...."

Qin Feng smiled: "You will see it in a few days. You can continue to practice. I will come over in a while."...."

After giving these instructions, Qin Feng walked away.....

The next moment, in another secret room.

Qin Feng recalled the incident in the cave in the center of the earth with lingering fears.

Strange!

What kind of monster is hidden in the cave in the center of the earth?

What is the strength of that monster?

Its roar alone can hurt him, and it definitely has the strength of an emperor...

Qin Feng couldn't help but take a deep breath of cold air.

He won't go to the Heart Cave again for the time being.

In fact, even if he goes, it will be difficult to make any progress.

That pool was the limit of where he could go.

If he wanted to go deeper into the cave, he could only continue to improve his strength.

Thinking of the water pool, Qin Feng thought of the base of the Heavenly Monument of Creation.

Why did the pedestal appear in the pool?

It's really confusing!

Qin Feng thought for a while, then shook his head slightly and stopped thinking about it.

The next second, he took out a spiritual fruit.

Item: Sunflower Water Spirit Fruit

Effect: After swallowing, you can obtain the true meaning of water.

Note: It is detected that the host already possesses one supreme true meaning and two ordinary true meanings. The chance of obtaining the true meaning of water is reduced to 30%

"Only 30%...."

Qin Feng was a little worried.

This probability is a bit low!

If he takes it, he may not realize the true meaning of the water.

That would be a waste of spiritual fruit.

You know, this kind of emperor-level spiritual fruit is extremely rare.

Perhaps, there is only one like this on the entire earth.

If he fails, it will be difficult to find another one

"By the way, the probability of understanding is related to your understanding. Try this and then talk about it...."

Qin Feng then made a move, and there was an enlightenment pill in his hand.

He swallowed one directly

"Ding! Devouring the Enlightenment Pill Successfully....The host's understanding is improved (within 10 minutes), the Guishui Spirit Fruit is swallowed, and the success rate of obtaining the true meaning of water is increased to 35%..."

"It really works!"

Qin Feng was pleasantly surprised.

However, the 35% success rate was still a bit low.

Then, he took another enlightenment pill, and it was still 35%. If you take more of this enlightenment pill, it will only prolong the time for the improvement of understanding, and it will not be any longer. Raising the upper limit of understanding

"By the way, maybe that pill will work too..."

Qin Feng waved, and there was another elixir in his palm.

Fortune Pill: 20% chance of realizing an ordinary true meaning.

Qin Feng opened his mouth and swallowed the pill.....

The next second, he felt the power of the medicine rush into the depths of his soul.....

The acuity of his seven senses increased greatly, and his understanding instantly improved a lot....

"Ding! Devouring the Creation Pill Successfully....Failed to realize true meaning....The host's understanding is temporarily improved..."

"Ding! It is detected that the host's understanding has improved again... Devouring the Guishui Spirit Fruit, the success rate of obtaining the true meaning of water increases to 45%..."

"Got it right again!"

Qin Feng was excited.

He had speculated before that the original power of this Good Fortune Pill would definitely improve the understanding of the person who takes it.

Even if the person fails to realize the true meaning, the potency will not disappear immediately and will maintain a short-term improvement in understanding.

Think about this , Qin Feng took out another Good Fortune Pill.

He wanted to see if taking more of this Good Fortune Pill would have a superimposed effect.

"Ding! Devouring the Creation Pill Successfully....Failed to realize true meaning....The host's understanding is temporarily improved...."

"Ding! It is detected that the host's understanding has improved again...  
Devouring the Guishui Spirit Fruit, the success rate of obtaining the true meaning of water increases to 51%..."

Qin Feng was pleasantly surprised.

This Good Luck Pill is indeed an emperor-level elixir, and it is indeed effective if taken more often.

He opened his mouth and took another one

"Ding! Devouring the Creation Pill Successfully....Congratulations to the host for obtaining the true meaning of fire...."

""

Qin Feng was stunned.

Damn it!

What's happening here?

This is really unintentional!

By chance, he found another true meaning

"Ding! It is detected that the host already possesses one supreme true meaning and three common true meanings. After swallowing the sunflower water spirit fruit, the chance of obtaining the true meaning of water is reduced to 15%..."

Qin Feng was a little dumbfounded.

However, this is also a good thing.

Qin Feng looked at the spirit fruit in his hand, hesitated, and then put it away.

There were only two Creation Pills left in his hand.

He calculated carefully and took two Fortune Pills, plus the Enlightenment Pill, to increase the success rate of obtaining the true meaning of water to 35 at most. %.....

This probability is too low.

He still wanted to find a way to find treasures that could improve his understanding.

Sunflower water spirit fruit is too precious, so he must be cautious.

But at this moment, a message came from his messenger jade talisman, sent by Yu Qilin.

When he took it out and looked at it, he saw a look of astonishment in his eyes.

It turns out that the sudden disappearance of all Dragon Ruins secret realms has alarmed many star regions.

The comatose master was furious.

They did not suspect Qin Feng.

However, the God Emperor and Hades Emperor will bring people to conquer the earth.

The coma master has taken a fancy to the primitive star field of the earth and wants to bring the earth into his sphere of influence.

Currently, the organization is redeploying manpower.

This is a very confidential matter.

Yu Qilin was lucky enough to get this news after recently breaking through to the Eight Stars and entering the senior management of the earth branch of the Kantong Organization.

After Qin Feng read the news, he couldn't help but frown.

This is not a good thing!

The Star Orcs haven't been solved yet, and the God Emperor and others are coming to cause trouble again.

It seemed that he had to quickly refine the fire demon terracotta warriors and deal with the Star Orcs first to avoid being attacked from both sides.

At that moment, Qin Feng was ready to refine it.

At this time, he suddenly thought of something and sent a message to Yu Qilin.

After a while, a message came back from there, which surprised Qin Feng..

Chapter 359

After a while, a message came back from there, which surprised Qin Feng.

"Sure enough!"

Qin Feng smiled and sent another message.

Not long after, Yu Qilin replied with a message.

Wuyi Dan formula: main material nine-star Taoist core, auxiliary materials spiritual washing water, soul-killing grass, essence pearl...

Qin After reading it, Feng felt reassured.

It turned out that he had just asked Yu Qilin whether the Hun Organization had any elixirs that could improve one's understanding, or a spiritual elixir that could help one realize the true meaning.

This Hun Organization is indeed an organization from the high-level star field, and it possesses The cultivation information is much stronger than that of the earth.

Yu Qilin quickly sent this formula to Qin Feng.

This Wuyi Pill is an extremely precious thing.

Even the God Emperor cannot covet it.

However, the Wuyi Pill formula spreads in the Star Alliance. It is very widely available, and it is not difficult to get it.

What is difficult is the refining of the elixir.

There are two major problems in refining the Enlightenment Pill.

The first problem: the main material is the Nine-Star Dao Core, which means killing a Nine-Star Emperor , the price is too high.

The second problem: to refine the Enlightenment Pill, the alchemy skills need to reach the emperor level or above.

According to Yu Qilin's description, the emperor level alchemist is too rare, much rarer than the Nine-Star Emperor.

This is mainly because , most elemental masters focus on cultivation, and very few pay attention to alchemy.

Besides, learning alchemy also requires understanding.

Therefore, among a thousand emperors, it is considered good if one can reach the level of emperor alchemy.

It is precisely because of these restrictions that Wuyi Dan is rare.

But these are not problems for Qin Feng.

The Nine-Star Dao Core is not difficult to obtain with his strength. His level of alchemy has even reached the level of the Great Emperor. class

"It is estimated that it will take two water enlightenment pills to be successful. ...."

The success rate of Enlightenment Pill is also 20%, which is similar to that of Good Fortune Pill.

However, the Enlightenment Pill has different attributes.

If he wants to increase the success rate of Sunflower Water Spirit Fruit, he needs to hunt down two nine-star emperors of the water or ice system.

Among the eight beast kings in the starry sky, there is a water type and an ice type.

It seemed that he had to speed up the destruction of the Star Orcs.

Qin Feng left the secret room directly.

The next second, he returned to the dragon's lair.

Beside the dragon pond, Chu Chu kept turning on the time force field in order to speed up the hatching of the dragon eggs.

Now, her time force field flows seven times faster than the outside world.

That is to say, one day has passed in the outside world, and seven days have passed in the time force field.

This kind of time force field can be used continuously and consumes little mental energy. It is unlike the thirty times time skill, which consumes too much and is difficult to sustain.

Qin Feng was just like last time, refining the puppet in the time force field.

Time flies by in a blink of an eye.

In the blink of an eye, three days passed in the outside world.

Twenty-one years have passed in the time force field.

This refining went extremely smoothly.

Qin Feng's weapon refining skills have reached the level of the Great Emperor, and his refining speed is also extremely fast.

It only took him ten days to refine more than 900 fire demons into fire demon terracotta warriors.

Then, he spent another two days refining two Skyfire Halberds.

It's just that the materials and auxiliary materials are insufficient, and the two Skyfire Halberds only reach the pseudo-imperial level.

Qin Feng rewarded them to the two fire demon general figurines.

The two fire demons greatly increased the fighting power of the figurines, almost approaching the headless golden man.

Qin Feng was very satisfied.

In the next ten days, Qin Feng taught the fire demon warriors how to kill the sky.

He first taught dozens of them together, and then took them out to the outside world to practice.

After some painstaking guidance, the army of puppets finally mastered the Heaven-Slaying Formation.

Qin Feng was delighted and prepared to attack the Starry Sky Orcs' camp the next day.....

That night, Emperor Feng was in his palace.

On the third floor balcony.

Qin Feng looked up at the sky.

It's very quiet tonight, the sky is full of stars, the moon is very round...

Emperor Feng stood quietly aside, looking at Qin Feng lovingly.

Wearing a white dress, she looks outstanding and picturesque in the night breeze.  
...

"Qin Feng, what are you looking at?", Emperor Feng asked softly

"Yue'er, do you want to seek revenge from the Immortal Wood Emperor?" Qin Feng looked at the moon that appeared and disappeared between the clouds.

Emperor Feng said softly: "There is nothing to fear from the Immortal Wood Emperor. However, it would be a bit troublesome for me to seek revenge from him. The armistice contract will end in eleven months, so I still have to wait....."

A trace of regret flashed across Emperor Feng's beautiful eyes.

Qin Feng shook his head: "If you wait another eleven months, there will be long nights and many dreams. The starry sky beasts have evil intentions. They don't care about light years, span many star fields, and invade here. How can they wait for our earth to become stronger?"

"What's more, the Starry Sky Beast Clan is far stronger than us, and they should have new ways to deal with us. If what I expected is correct, they have already taken action..."

Qin Feng's guess was correct.

The Starry Sky Beast Clan has indeed made a response.

They have already asked for help from the tribe.

"What you said makes sense..." Emperor Feng nodded slowly, "Then what are you going to do?"

"I will attack the Star Orcs' camp tomorrow!

Emperor Feng asked in surprise:"Is it too hasty?"

"This matter should not be delayed! What's more, the God Emperor is coming back, and they don't have any good intentions when they return this time....."

Afterwards, Qin Feng briefly explained the matter about the God Emperor.

After hearing this, Emperor Feng felt complicated.

The earth is really in a troubled state, and it is impossible to just stay in peace for a while.

Perhaps, this means being beaten if you fall behind.

If the earth is strong enough, those forces will not dare to invade easily.

"Qin Feng, what are you going to do?"

"First destroy the Star Orcs, then destroy the God Emperor, and then join the Star Alliance. As long as our Earth Star Domain becomes a member of the alliance, other forces will not dare to invade easily....."

Emperor Feng's beautiful eyes lit up, and joining the Star Alliance was a good choice.

The Star Alliance has a protection policy for all levels of stars.

But then, Emperor Feng said worriedly:"If you want to join the Star Alliance and apply for protection from the alliance, you must have at least a fifth-level Star Alliance strength to be eligible to join."

"Our Earth Star Domain is still at the bottom, not even Level 5! What's more, we don't even know where the alliance headquarters is.clear...."

"In fact, this is still a small matter. The most difficult thing is that the fifth-level star field needs an emperor to take charge, and our earth star field does not have a strong emperor yet! Qin

Feng smiled slightly: "You don't have to be a great emperor. As long as you have the strength of a great emperor, you can apply for a try."..."

"Yes! I almost forgot that you are different from everyone else! Perhaps, as long as you break through to the Nine-Star Emperor, your strength will be comparable to that of the Great Emperor. By then, you will definitely shock the Star Alliance..."

When she mentioned her man's potential, her eyes were full of pride.

Qin Feng smiled and said nothing.

"Tomorrow, I'll go with you.....", Fengdi snuggled up gently.

Qin Feng bowed his head, looked at her beautiful face, and nodded slightly.

The armistice contract prohibited the two emperors from going to each other's base together.

But Qin Feng did not sign the contract.

He took Emperor Feng with him, so it was not considered a breach of contract and would not be affected by the contract.

Emperor Feng looked at the handsome face in front of him, his heart moved secretly.

"Qin Feng, let's spend the night here tonight...", her red lips parted slightly, and her pretty face blushed slightly.

Qin Feng glanced at Feng Di's round and straight face, and smiled at the corner of his mouth. Then, he leaned against Feng Di's ear and whispered: "Yue'er, I want to enjoy you tonight..."

Feng Di was shy and his face was slightly red.

The next second, Qin Feng picked up Feng Di Liu's waist and returned to the house.

After a while, the house was full of spring and the atmosphere was warm, and a voice sounded like You Ruowu's low voice echoed gently in the night sky.

Qin Feng was immersed in the wonderful enjoyment... a night of warmth.

Early the next morning, Qin Feng and Feng Emperor left Nandu City together, escaped thousands of miles into the sky, and flew to the Starry Sky Beast clan residence..

Chapter 360

In the starry sky and above the moon,

Qin Feng stood suspended in the sky, looking at the earth in the distance.

The blue planet looks particularly beautiful in the dark starry sky

"gorgeous!"

Qin Feng sighed.

This was the first time he saw the earth from this angle.

"Qin Feng, let's go!"

Feng Di stood next to Qin Feng.

She was wearing a veil and a fiery red dress. She was as beautiful as a fairy coming to the world.....

"Let's go!"

The two flew to the back of the moon together.

The moon always faces the earth with one side, and its back is very mysterious.

Three hours later, the two arrived at the back of the moon.

The back of the moon was pitch black, and the surrounding temperature was cold.

There was no air, There is no sound, very quiet.

This kind of weird silence can make people depressed.

If you want to survive in this starry sky environment, you can't do it without the strength of three stars or above.

At this moment, Qin Feng and Feng Di stood silently On a mountain peak.

In their eyes, this is still a world with sound.

At their level, sound can spread without passing through the air.

Various magnetic field ideas are conveyed just like real sounds, and there is no need for language consistency.

This is a state.

When the soul strength reaches nine stars or above, you will have this wonderful feeling.

Communication with each other is easier and more convenient.

"That's where the Star Orcs are stationed!"

Qin Feng looked thousands of miles away.

In that direction, there was a huge temple.

There was a huge protective light shield around the temple, covering hundreds of miles.

In this dark world, the spiritual light emitted by the light shield, It looks particularly dazzling.

That is the starry sky station

"Qin Feng, how is the situation inside?"Fengdi asked in a low voice.

The distance was too far and her consciousness could not detect the condition of the protective shield.

"There are five beast kings in the temple, probably practicing in seclusion. There are only three Beast Kings defending outside the temple...."

Qin Feng's spiritual consciousness has reached the level of the Nine-Star Emperor, and he can easily penetrate the protective shield and explore the situation inside.

"It turns out there are only three outside! Then we attack with lightning, maybe we can catch them off guard. Qin Feng, let's go there now!"

Feng Emperor can't wait any longer.

"Don't worry!"

Qin Feng waved.

The space behind him fluctuated.

A majestic figure appeared out of thin air. It was the Turtle Emperor.

"The subordinates have met the sect master!", the Turtle Emperor saluted respectfully.

The Feng Emperor was slightly startled.

Then, she figured it out.

The Turtle Emperor became emperor recently, and he did not sign the armistice contract that year, so he can naturally come.

In this way, they have more people on their side. got a strong supporter

"Let's go!"

The three people immediately flew towards the station.

After a while, the three people arrived above the Starry Sky Beast Clan's station.

The sudden appearance of the three people alarmed many Starry Sky Beast Clan.

Then, three figures flew out from three corners. , standing in the air.

These three people all look like middle-aged men, exuding strong imperial power.

These are the Fire Emperor, Blood Sword Emperor, and Ice Emperor among the Eight Emperors of the Starry Sky. As soon as the three emperors saw Qin Fengsan The people were stunned and seemed a little unbelievable.

The people from the earth actually took the initiative to attack.

These indigenous people are really getting bolder and bolder.

Do they really think they are afraid when Qin Feng comes out?

Even their station dares to do so. Break!

Not to mention that Qin Feng's combat power only reached 60 billion. Even if it reached 80 billion, they would still have a way to deal with Qin Feng.

Because this is their base and there are many killers hidden there.

"Emperor Feng, you are so audacious that you dare to invade our clan's residence alone! Do you want to die?"

The Fire Emperor had a look of disdain.

When did the Starry Sky Clan, who were so superior, be bullied by the earth's natives?

Emperor Feng was a little speechless.

There were clearly Qin Feng and the Turtle Emperor beside her.

This arrogant guy actually said He came alone.

This means that he didn't take Qin Feng and Turtle Emperor seriously at all.

In fact, this can't be blamed on Liehuo Emperor.

He didn't know Qin Feng and Turtle Emperor at all.

What's more, both Qin Feng and Turtle Emperor He is good at concealing his breath.

He cannot see through the cultivation of Qin Feng and Turtle Emperor at all.

More importantly, the armistice contract has a profound impact on his ideas.

He always subconsciously believes that even if there is an emperor on earth to invade, it is just one person , three people will not appear at the same time.

Those two people should be just the subordinates of Emperor Feng

"Why bother talking nonsense with her! Let's go out and kill her!"

The Blood Knife Emperor waved his hand, and in his hand was a bloody sword.

It was actually an imperial weapon.

This guy, like the Fire Emperor, is a hot-tempered person.

"You two, look at the young man next to Feng Emperor. Does he look like the Qin Feng described by Lord Star Emperor?"

The Ice Emperor is the calmest.

With this reminder, the Fire Emperor and the Blood Blade Emperor were shocked.

Now Qin Feng's name has spread among the Starry Sky Beast Clan.

All the emperors were a little frightened after hearing the news.

But they said that when they looked at each other, they saw Qin Feng is making seals continuously....

But before they figured out what was going on,....

Qin Feng's seal has been completed.

Group call!

An army of thousands of puppets appeared out of thin air!

The headless golden man appears!

Two fire demon general figurines appear!

More than a thousand fire demon terracotta warriors appear!

The Heaven-Destroying Formation! Get in position!

The boundless momentum covered the sky and the earth, covering the entire venue.

Thousands of orcs are frightened and inexplicable!

"He is Qin Feng!"The Emperor of Fire was so frightened that his face changed.

"Oh no! Qin Feng is coming! Quickly reinforce the protective array!"

The Blood Sword Emperor roared in fear, no longer as arrogant as before.

"That's too late! Quickly set up a formation to fight!", the Ice Emperor also urged anxiously.

At the same time, Qin Feng's puppet army had already set up the Heaven-Slaying Formation.

Buzz~!

A dazzling white light shone through the starry sky, and it was as bright as day in a radius of a hundred miles. With a

Heaven-Slaying blow, the bombardment Then on the protective formation.

Click~! Click~! Click~!

Numerous cracks appeared on the protective light shield.

The three Fire Emperors below were so frightened that they hurriedly gathered their men and also arranged the Heaven-Slaying Formation to fight.

But all this It was already too late.

Qin Feng, Feng Emperor, and Turtle Emperor took action at the same time.

Click~!

The protective formation was instantly shattered!

Kill!

Qin Feng and three others rushed in.

The puppet army followed closely.

The Fire Emperor and three others had not had time to set up. In a large formation, tens of thousands of beast tribe troops were scattered.

Qin Feng sacrificed the Thousand Feather Sword Formation, turned into ten thousand sword lights, and killed all the way, chasing the Fire Emperor who was the slowest to escape.

The Phoenix Emperor, the Turtle Emperor, and the puppet army also Killing all the way, it was simply a one-sided massacre.

This was also because the Fire Emperor and the other three were frightened and had no intention of fighting. They left their subordinates and ran away.

But how could they outrun Qin Feng at their speed?.

Qin Feng was surrounded by thousands of sword lights, and he cut a path of blood in an instant. Thousands of beasts died miserably under his sword.

He caught up with the Emperor of Fire, and slaughtered with thousands of swords, strangulating the Emperor to pieces in one fell swoop. , only a group of nine-star origins and storage rings remained.

He put away the loot and killed again.

In just a few seconds, he killed the Blood Sword Emperor again and slaughtered more than 3,000 orcs.

The Blood Sword Emperor also left him A ball of nine-star origin, a storage ring, and a bloody knife.....

At the same time, Wuye Star Emperor and the other five people had flown out of the Starry Sky Temple, looking at the fighting here in shock..
