

## God level 381

### Chapter 381

Qin Feng waved his hand and put away the origin of the Gale Emperor and the fundamental divine feather.

The body of the Great Wind Emperor is also a bird-like divine beast.

He also refined a fundamental divine feather.

In this way, Qin Feng collected five nine-star divine feathers, three of the fire type and two of the wind type.

Most of the materials for refining the seven-animal divine fire fan, an emperor-level element, have been collected.

Afterwards, Qin Feng looked at the storage ring of Emperor Gale again, showing a look of ecstasy.

"Ha ha! The resources in this ring are too abundant!"

There are more than three hundred Xingtide stones alone.

In addition, other resources combined are worth thousands of Xingtide stones.

This trip to Mars is really a big profit.

Qin Feng felt very happy.

"Dad, are there any delicious fruits in this bad guy's ring?"

The sound of the baby swallowing saliva sounded in Qin Feng's mind.

This little guy is just a snack, and he is greedy again.

"no! There are some resources inside. It seems that the resources on Mars are very rich!"

Qin Feng looked around excitedly.

The resources here are so rich that he can build a star teleportation array to connect to the earth.

Treat this place as a resource development site for the earth.

This will be of great help to the future development of the earth!

However, how rich the resources here are.

He doesn't have time to investigate in detail yet.

At the moment, he has one more business to do.

With a thought in his mind, Qin Feng and Qin Baobao released the psychic fusion.

Afterwards, he took the treasure from the Gale Emperor's storage room. Wu Jing took out a jade talisman

"Baby, let's go see the interstellar spacecraft first!"

"okay!"

At that moment, the two of them chased the Gale Emperor in the direction where he had escaped.

The jade talisman Qin Feng took out was used to control the interstellar spaceship.

Before he killed the Gale Emperor in an instant, he scanned the Gale Emperor's memory.

Although he had no way to obtain all the memories. , but it also scanned to 30% and got a lot of important information.

For example, some information about the interstellar spacecraft.

Another example is that the starry sky beast tribe appeared in the earth's star field to search for a starry sky floating corpse.

The starry sky floating corpse bird head He looks like a human, possesses the blood of the Divine Phoenix, and there is a huge secret hidden in his body, which seems to be related to the huge secret behind the Starry Sky Beast Clan.

As for what the secret is, the Gale Emperor is not clear.

His strength is too low, and he has not yet Qualifications know.

In short, after Wuye Star Emperor and Gale Emperor and their team tracked the mysterious floating corpse near the solar system, the aura of the mysterious floating corpse disappeared.

Gale Emperor and others had no choice but to prepare to return, and discovered the existence of the earth.

And the earth actually has The existence of living beings and the start of cultivation means that there are star souls on the earth.

They were greatly surprised, so they prepared to stay, occupy the earth, and steal the star soul. This is the fundamental reason why the starry sky beast tribe wants to occupy the earth.

As for the star soul What is it?

What role does it play?

Qin Feng doesn't know.

The memory of the Gale Emperor he obtained is not complete.

However, one thing can be known.

The Star Soul only recognizes people from this planet, and people from other planets cannot occupy it at all.

Even stars If the soul destroys itself, it will not recognize people from the outer star realm.

But the starry sky beast tribe has a secret technique that can plunder the star soul.

This is the special feature of their clan.

Once the star soul is gone, the earth will become a death star. Living things cannot survive, which is related to the life and death of the earth.

This made Qin Feng think of the mysterious cave in the center of the earth.

Could it be that the cave leads to the location of the star soul? The more Qin Feng thought about it, the more curious he became.

According to the memory of the Gale Emperor, the star The soul has endless magical uses. As for what magical functions it is, it is up to him to discover it himself.

"By the way, Gale Emperor and the others came to the vicinity of the solar system because they were searching for a floating corpse. In the end, the aura of the floating corpse disappeared... The floating corpse looked like a bird's head and a human body. How could this happen?....."

Qin Feng's eyes lit up.

He suddenly thought of the Fire Emperor.

When the Fire Emperor was outside the earth's atmosphere, he saw a mysterious floating corpse with the head of a bird and the body of a human.

The Fire Emperor relied on a drop of divine blood inherited from the divine phoenix from the floating corpse storage ring to obtain immortal skills, improve his qualifications, and break through to nine stars.

But in the end, that drop of inherited divine blood gave Qin Feng an advantage.

Could it be that the floating corpse that the Fire Emperor encountered was the same floating corpse that the Starry Sky Orcs were searching for?

The more Qin Feng thought about it, the more he felt it should be the same one.

They are all in the form of birds and beasts, and they are all related to the inheritance of the divine phoenix.

Thinking of this, Qin Feng felt that he was also involved with the floating corpse.

Because he refined that drop of divine blood inherited from the divine phoenix.

In addition, he also received a surprising message.

The floating corpse was actually a master of the Great Emperor's Wheel Sea Realm when he was alive, and he was terrifyingly strong.

The emperor is divided into two realms: foundation building and wheel sea.

The so-called foundation building is to build the foundation of the great emperor. The combat power of this realm is 200 billion to 1 trillion.

The wheel sea realm is divided into body wheel, soul wheel and life wheel.

That floating corpse is only a first-level emperor, but its combat power is over 10 trillion, and it can instantly kill an emperor in the foundation-building stage.

If he were the Great Emperor of the Third Wheel Realm who condensed all three wheels, he would be one step away from transcending life and death, and his strength would be even more unimaginable.

Not all foundation-building stage emperors can be promoted to the Wheel Sea Realm.

If you want to advance to the Wheel and Sea realm, you must awaken your seventh consciousness.

Both Qin Feng and Chu Chu already have this potential condition.

If you want to become a second-wheel realm emperor, you need to awaken the eighth consciousness.

Qin Feng soon met this potential condition.

After understanding these cultivation realms, Qin Feng lamented his current strength. He still needs to work hard to achieve good results in the fifth-level star field rankings!

"Dad, what are you thinking about?", Qin Baobao saw that Qin Feng was thinking

"I'm thinking about some things about cultivation... Haha! arrive!"

The two of them unknowingly arrived at a huge valley.

Qin Feng took out the jade talisman for controlling the flying boat, directly practiced it, and then controlled it.

After a while, the earth trembled.

There was a rumbling roar underground!

Bang~! Bang~! Bang~!

A battleship as big as half a city slowly emerged from the ground. Within a hundred miles, the earth cracked, mountains collapsed, and debris flew everywhere.....

A moment later, the entire battleship broke out of the ground and appeared in front of Qin Feng and Qin Baobao. The scene was very shocking!

"Wow! What a big spaceship!", Qin Baobao exclaimed.

Qin Feng was also amazed.

Such a large spaceship can carry hundreds of thousands of people without any problem.

This is really a weapon to conquer the stars and the sea!

He also wanted to understand why Wuye Star Emperor and others did not He put this interstellar spacecraft into the storage ring.

Because it was too big, the storage ring couldn't fit in it at all!

Qin Feng laughed.

His storage ring was a divine item rewarded by the system.

As his cultivation level improved, the contents inside The storage space automatically expanded, and it was no problem to accommodate this interstellar spaceship.

Qin Feng waved his hand, a white light flashed, and the spaceship was put into the storage ring by him.

"Huh! Gone!", Qin Baobao had a cute look on his face.

Qin Feng smiled and said nothing, feeling happy in his heart.

He finally got what he wanted, and he breathed a sigh of relief.

The next second, he took out the Nine Star Origin of the Gale Emperor..

It's time for him to complete the tribulation..

Chapter 383

Qin Feng opened his mouth and sucked in, then swallowed the ball of origin...

Qin Baobao looked at it curiously, but didn't ask any more questions. Instead, he felt that his father was so powerful and could eat anything.

"Ding! Devouring the origin of the wind system at the top of the Nine Stars was successful... The ninth star pattern was realized 100%....Combat power increased by 2 billion....."

"Ding! Congratulations to the host for reaching the critical point of overcoming the tribulation...Please prepare for the host to overcome the tribulation....."

Qin Feng was pleasantly surprised.

He raised his eyes and looked around, and he could sense when the disaster was coming.

That feeling is amazing!

He felt that within ten days, he could summon the Heavenly Tribulation at any time.

After more than ten days, natural disaster will come automatically

"Dad, are you going to survive the tribulation?" Qin Baobao asked cutely.

The little guy felt that Qin Feng's breath was different.

Qin Feng smiled:"Well, that's almost it!"

"If Dad successfully overcomes the tribulation, he will be a nine-star master. Then we can take part in the star field ranking assessment, right?"

Qin Feng smiled.

The little guy has heard and seen a lot, and he knows a lot of things.

To be honest, as long as he completes the tribulation, his strength will multiply several times, and he is fully qualified for promotion.

And he also has the interstellar spacecraft.

Everything is ready. He was just about to survive the tribulation.

But at this moment, a system prompt sounded in his mind.

"Ding! The god-level challenge during the tribulation period is activated. The host can start the challenge at any time before the tribulation is completed.....Complete the challenge and receive extremely generous rewards...."

Note: If you complete the tribulation, you will automatically lose the qualification to challenge.

"The wait is finally here!"

Qin Feng smiled slightly.

He has been waiting for the activation of the God-level challenge in the Tribulation Period.

He does not want to miss this reward.

The higher the level of the God-level challenge, the richer the reward.

Each God-level challenge is extremely difficult. Big.

But his strength and qualifications are improving rapidly, and it is becoming easier to pass challenges.

However, there are still ten days left, so he does not have to rush to overcome the tribulation. He should improve his strength more, strive to pass the level smoothly, and win the prize steadily. to reward

"Baby, these are for you!"

Qin Feng waved his hand, and two hundred Xingxi stones flew towards Qin Baobao.

"So many! Dad is so kind!"

Qin Baobao's white and tender little hands grabbed one piece of Xingxi stones and stuffed them into his storage ring while counting them. He looked like a little money addict.

Qin Feng smiled:"Little guy, there is no need to count. A total of two hundred Xingxi stones should be enough for you to practice to the limit of the Tribulation Stage. After you go back, let Chu Chu turn on the time force field to help you refine it....."

"Yeah~" Qin Baobao happily put away the

"Let's go! It's time to go back!"

Qin Feng flew up first.

Qin Baobao followed behind.

Qin Feng had his own plan.

As a battle pet, Qin Baobao can be brought into the god-level challenge space.

His strength has reached the bottleneck and he can no longer Improved, but Qin Baobao has not yet reached the bottleneck of overcoming the tribulation.

When Qin Baobao reaches the limit of combat power, he can take Qin Baobao into the challenge space and successfully complete the mission.

"Dad, why don't we take the interstellar spaceship back?"

The baby's cute voice sounded behind Qin Feng.

"I don't know how to operate the flying boat yet. After I go back, I still have to figure it out for a few days."

"Oh, shall we fly back??"

"No, there should be a planetary teleportation array here. Once it's repaired, you can go directly to the moon....."

The father and daughter chatted happily while flying back to the Starry Sky Beast Tribe's station.

After a while, the two arrived at the station. They saw everything in sight, with broken formation pillars and severed limbs everywhere.

The air was filled with a strong smell of blood.

The two walked around the station and soon found a destroyed teleportation array.

This is the planetary teleportation array connected to the moon.

Qin Feng took out the materials he had prepared long ago and began to repair it.

This was also within his plan.

He wants to reconnect Mars and the Moon, and bring Mars into Qinmen's territory.

What's more, there are abundant cultivation resources on Mars, which will be of great help to Qin Clan.

At this moment, Qinmen became busy.

He had the experience of building a planetary teleportation array.

This is very easy to repair.

Qin Baobao was playing nearby.

The little guy is very active.

For a while, he ran east and west, and for a while, he crawled west.

After playing for a while, she felt bored, said hello, and went to play nearby.

Qin Feng didn't care about her.

Anyway, he can sense the little guy's position.

What's more, with the little guy's strength, no one can hurt her.....

Just when Qin Feng was repairing the teleportation array, he was deep in the distant starry sky.

An interstellar spaceship is constantly jumping through time and space, heading towards the solar system.

At this moment, the interstellar spaceship is in the command module.

The God Emperor and other emperors were sitting together chatting.

The command module looks like a VIP room, with several large screens on one side, allowing you to see the scene outside the spacecraft.

There is also a separate screen that plays a star map.

There is a fast-moving red dot on the star map, shuttling between the stars.

That red dot represents the flying boat.

There is also a blue light spot in the upper right corner of the star map.

That's their target - Earth

"God Emperor, look at this, we will be able to reach Earth in four or five days!"

A dark-faced emperor was sipping spiritual tea while looking at the star map.

The God Emperor glanced at the star map and said with a smile:"We will arrive in about four days.  
....."

"God Emperor, if we successfully conquer the earth this time, you should be the first to take the lead. The master will definitely give you a generous reward!"

"Ha ha! God Emperor, I would like to congratulate you first!"

All the emperors complimented one after another

"Everyone, the Earth's star field has not yet been conquered, it is too early to speak..."

The God Emperor said humbly, but the joy in his eyes could not be concealed.

An emperor even smiled and said: "The earth is just a primitive star field, and the Nine-Star Emperor also Only nine. We thought that with the strength of twenty of us, it would be easy to destroy them."

"that is! What's more, the God-Emperor also has a powerful golden-headed puppet. There is no suspense in this battle, we will win!"

All the emperors agreed.

The God Emperor looked at the star map with a smile, his eyes full of expectation.....

On the other side, above Mars.

Qin Feng spent seven or eight hours and finally repaired the teleportation array, feeling very happy.

With this teleportation array, he could rush back to Earth in just a few minutes.

"Where did the little guy go?"

Qin Feng looked around and saw that there was no one around, and was about to call the baby home.

The baby's spiritual message rang in his mind.

"Dad, come quickly! I made a big discovery!"

Between the psychic and the war pet, telephony can be transmitted within a million miles, and there is no need to transmit the jade talisman at all.

Qin Feng quickly made a reverse summons and disappeared.

The next second, he appeared next to Qin Baobao.

He When I looked up, I saw that this place was deep in a mine. It was pitch black all around and the air was very dry. There is little moisture on Mars, and wet places are rare.

This should be a mine mined by the Star Orcs.

"Baby, you can really run. What are you doing in this mine?"

"Dad, come and take a look here. The wall of this cave is so hard that I can't even break it!"

Hearing this, Qin Feng's heart moved.

The baby has 30 billion combat power, which exceeds the combat power of the nine-star peak.

How could the baby not break through this ordinary cave wall?

Qin Feng walked over curiously.

He saw the yellow-red hole. The stone fell off the wall, revealing a large piece of black rock.

The black rock was very smooth and looked more like a wall.

Qin Feng touched it and found that the wall was cold and damp, with a force field wrapped around it.

He knocked casually A few times, a thumping sound came from the rock, and there seemed to be an echo inside.

Is this black rock hollow?

Qin Feng immediately released his spiritual consciousness to investigate.

But as soon as his spiritual consciousness touched the rock, it was absorbed and could not be detected at all.

He was surprised

"Baby, how did you find this rock?"

"I smelled the scent of fruit behind the stone, and wanted to dig it out to have a look. But when I got here, I couldn't dig anymore. This stone is so hard!"

Hearing this, Qin Feng took a sniff and didn't smell any fruity aroma.

Could it be that this little guy has a super strong sense of smell?

"Dad, can you break this stone? There must be something fruity behind this, I can smell the fragrance...."

"Let me try!"

Qin Feng's eyebrows cracked, the God's Eye of Heavenly Tribulation emerged, and a ray of light struck Ou Shang on the stone wall.

There was a shocking loud noise!

The cave shook, and rubble fell. The black stone in front was blasted through a large hole, and an extremely powerful The rich fragrance of flowers and fruits overflowed from the cave, mixed with spiritual light.

Damn~!

There really are spiritual fruits behind this stone wall!

Qin Feng dodged and got into the cave.

As soon as he came in, he was stunned..

I saw that there was a medicine garden in front of me. The garden was full of spiritual flowers, spiritual grass and spiritual fruits, and the fragrance was overflowing. The concentration of the nine-system vitality in the garden was extremely high.

Strange!

Mars is desolate and inhabited, and there are no living creatures.

What's going on here? Will there be a medicine garden?

Qin Feng was confused.

But the next second, he was shocked. He saw a broken stone tablet in the center of the medicine garden.

Qin Feng felt familiar at first sight.

Wait until he takes a closer look!

I The sky!

That is the heavenly monument of creation!..

Chapter 384

Why is there a heavenly monument of creation here?

Qin Feng walked over quickly.

When he walked to the sky monument, he soon discovered that this sky monument was not the same as the one on earth.

Although they are both broken, the fracture patterns are different.

Moreover, this sky monument is covered with dust, and it has a sense of vicissitudes of time. It must have been a long time ago.

Qin Feng tried to touch it with his hand again, but there was no response. He seemed to have lost some spirituality.

"There is also a creation monument on Mars. Could it be said that humans also lived on Mars a long time ago?"

Qin Feng suddenly came up with this idea.

He came from a parallel universe.

In the original world, there were many descriptions of Martians.

Some people say that the people on earth are the immigrants from Martians... and even the Asians who appeared on the earth. The civilization of Atlantis is all related to Martians... There are various theories.

It's just that this is a parallel universe, which is different from the original world.

However, there is a creation monument, and Qin Feng believes that this planet on Mars There must have been human beings in the past.

The most direct evidence is the large medicine garden around us.

This medicine garden was obviously created by intelligent creatures.

But Qin Feng couldn't figure out where those Martians went?

Why is Mars now Has it become a deserted land?

Qin Feng silently put the base of the heavenly monument into the storage ring. Maybe it can be used in the future.

"Dad, can I eat this fruit?" Qin Baobao's voice sounded behind him.

Qin Feng turned around and saw Qin Baobao standing next to a spiritual fruit, swallowing saliva and looking at him with a cute face.

This little guy was so greedy. This little guy Although the guy is naughty and mischievous, he is still very well-behaved in front of Qin Feng.

She will not move things casually without Qin Feng's consent.

Qin Feng looked at the spirit fruit, and a prompt came automatically in his mind

"Ding! Congratulations to the host for discovering the Emperor-level Fire Cloud Fruit (500 million years old)...."

"Uh...it has been growing for 500 million years!"

Qin Feng was surprised.

This Fire Cloud Fruit was originally just a seven-star ordinary spiritual fruit.

After growing for 500 million years, it turned into an emperor-level fruit.

He quickly looked around.

"Ding! Congratulations on the discovery of the host - Imperial Ice Silkworm Fruit (500 million years old)....."

"Ding! Congratulations on the discovery of the host - Imperial Iron Essence Grass (500 million years old)....."

"Ding! Congratulations on the discovery of the host - Imperial Cloud Crown Flower (500 million years old)....."

"Ding! Congratulations to the host for discovering——Emperor level....."

"Ding!....." .....

"Ha ha! Make a lot of money now!"

Qin Feng was ecstatic.

There were thousands of spiritual grasses, spiritual fruits, and spiritual flowers all over the yard, and they were all emperor-level.

He couldn't even use them all.

If they were used to make elixirs, maybe they could make an emperor-level one. elixir.

The more Qin Feng thought about it, the more excited he became.

No one has come to this medicine garden for 500 million years, and they all took advantage of him.

"Dad, can I eat this fruit?" Baobao Qin's little mouth turned up.

"Eat it!"

"whee! Thank you dad!", the little guy smiled happily

"Remember to only eat those of the fire type. Spirit fruits of other types are not in line with your physique....."

"oh!", Qin Baobao picked off a spiritual fruit and started to nibble on it.

Qin Feng also walked excitedly to one side of the medicine garden, where there were three spiritual plants that he liked.

"Ding! Congratulations on the discovery of the host - Jiuqu Tiancan (Emperor level, high quality, 500 million years old)...."

This Nine-Bend Heavenly Ginseng was originally an emperor-level spiritual object, used to strengthen the physical body. After growing for 500 million years, it actually reached the emperor-level, and it was still the best among them.

Qin Feng looked at another spiritual plant

"Ding! Congratulations to the host for discovering the Soul Refining Flower (Emperor level, high quality, 500 million years old)...."

This Soul Refining Flower strengthens the soul body. It was originally an emperor-level spiritual object, but now it has become an emperor-level exquisite product.

Qin Feng walked up happily and collected two plants.

These two spiritual objects are the most precious items in this medicine garden.

They can be used to make elixirs or taken directly.

Qin Feng couldn't wait any longer and swallowed it directly.

His god-level swallowing can perfectly swallow the medicinal power without wasting it.....

"Ding! Successfully swallowed Jiuqu Tianshen.....Physical strength increased to emperor level (73%) ...Combat strength increased by 14 billion....."

"Ding! Successfully swallowed the Soul Refining Flower.....The soul strength is increased to the emperor level (79%) ...Combat strength increased by 14 billion....."

"Ding! Improved host potential.....Dragon God inheritance awakening increased to 46%.....Combat strength increased by 10 billion....."

With this series of improvements, Qin Feng's combat power has actually increased to 130 billion. If he uses Chaos Transformation again, it will be infinitely close to 170 billion...

His strength has skyrocketed, and Qin Feng is overjoyed.

"Dad, I'm so full."

Qin Feng turned around and saw Qin Baobao's little hand patting her belly. She looked very cute.

She had just eaten three spiritual fruits in a row and was a little overwhelmed.

Qin Feng said dotingly:"Baby, you haven't digested the medicine. Only then will I feel supported. You should meditate and refine now. Otherwise, it would be a pity if the potency of the medicine is lost....."

"oh!" Qin Baobao meditated on the spot.

Qin Feng looked at the medicine garden again.

There are many spiritual objects, most of which are suitable for combining together to make elixirs, which can produce better effects.

There are many spiritual plants here that can improve cultivation..

It's a pity that Qin Feng is stuck in the bottleneck of overcoming the tribulation and cannot use it for the time being.

It seems that these spiritual flowers, spiritual grass and spiritual fruits can only be used after he breaks through to the nine stars.

Such abundant resources may allow him to break through to the nine stars in one fell swoop. The top.

This thought made Qin Feng extremely expectant.

He looked around again.

The medicine garden was dark.

Except for the spiritual light of the spiritual grass, spiritual flowers and spiritual fruits, there was no light source around. The medicine garden was surrounded by stone walls that were ten thousand feet high.

Over the medicine garden, there was a black roof thousands of feet above.

Could this be an indoor medicine garden?

Soon, Qin Feng discovered that it was indeed the case.

He was actually in a temple.

There was a corridor on one side of the medicine garden. Leading to other parts of the temple.

The stone wall he punched through before is the wall of the temple.

Interesting!

There is such a temple hidden under the ground of Mars

"Baby, you refine the medicine here first. Dad, go into the hall and take a look....."

"Okay!"

Qin Feng said hello and walked along the corridor and entered the main hall..

## Chapter 385

The hall was empty and dark.

The air is cold and damp.

Qin Feng explored cautiously.

He discovered that the walls of this temple can absorb divine consciousness, so divine consciousness cannot penetrate the walls and can only explore step by step.

Not long after, he made a discovery in a side hall.

The side hall seemed to be an arsenal, with thousands of swords, spears, axes, and axes, ranging in grade from top-grade Yuanwu to pseudo-emperor.

Qin Feng was delighted that his army of puppets was short of weapons.

With these weapons, their combat power can be raised to another level.

He happily put away all his weapons and continued his search.

Soon, he found a huge alchemy furnace in another room, which was actually at the emperor level.

This is a surprising discovery.

Alchemy furnaces are rarer than Yuanwu.

There has never been an alchemist on earth before.

Qin Feng's own alchemy furnace was purchased from the system mall and was only eight-star.

With this emperor-level alchemy furnace, his alchemy success rate and quality rate will be greatly improved.

For example, with the Jiulin Flower in his hand, he could originally refine four or five Jiulin Pills from one flower.

But with this pill furnace, he could refine five or six pills.

After putting away the alchemy furnace, Qin Feng continued to search.

Soon, he found many jade talismans in a side hall, which contained a lot of knowledge recorded with spiritual thoughts.

The content involves alchemy, weapon refining, formations, secret techniques, etc. It is simply a big study.

Qin Feng sighed in his heart, this temple is a big treasure house!

After collecting many jade charms, Qin Feng continued to search.

Not long after, he found a piece of emperor-level spiritual bone in a stone house.

The spirit bone is of fire attribute and is covered with glass. Even after 500 million years, it is still intact. It seems to be the ribs of some kind of divine bird.

Qin Feng was delighted.

He wanted to refine the Seven Birds Divine Fire Fan, and he needed the spirit bone of an emperor-level fire-type divine bird as the fan handle, and he just had it now.

As a result, he was still two divine feathers away from refining his first emperor-level Yuanwu.

After collecting the spiritual bones, Qin Feng was in a good mood and continued to search.....

Unknowingly, Qin Feng spent a whole day wandering around the temple and visited the entire temple several times.

The resources of the temple were completely plundered.

Qin Feng made a lot of money, and his harvest was extremely rich.

Qin Baobao, a snack foodie, stayed in the medicine garden. After refining the medicine, he continued to look for fire spiritual fruits to eat.

The medicinal power of those emperor-level spiritual fruits is even stronger than that of the Xingxi Stone.

Qin Baobao's cultivation progress and combat power have skyrocketed.

At the same time, the God Emperor's starship is only three days away from the earth.....

But that day, Qin Feng visited the temple again and found nothing.

But he had a gut feeling that there was something else in this temple, but he didn't find it.

That feeling is amazing!

He didn't have this kind of intuition before, but after swallowing Long Zhiqingyun, his luck improved and he had this mysterious feeling.

For example, he was building a teleportation array before.

Qin Baobao feels bored and wants to go shopping around.

He had an intuition at that time that letting the baby play by himself would do good things.

Sure enough, the baby discovered this temple.

So, he now values this intuition.

Maybe this is luck.

Now, his strange feeling came again, and he always felt that there was something in the hall that he had not discovered.

Speaking of which, Qin Feng also discovered an extremely strange ability of Qin Baobao through this incident.

That is, the little guy's sense of smell is extremely sensitive, and he can actually smell the scent of spiritual fruits through the enchanted temple walls.

This kind of talent is very useful when the spiritual consciousness is restricted.....

"Huh! Maybe baby can help me....."

Qin Feng suddenly thought of something, waved his hand, the space fluctuated, and Qin Baobao was summoned.

"Dad, are you looking for me?"

Baobao Qin was still holding a spirit fruit in her hand, chewing it with her mouth.

She had eaten a lot of spirit fruits throughout the day, and her momentum had changed a lot.

Qin Feng looked at her information.

War pet : Qin Baobao (Domination Potential)

Cultivation: Tribulation Stage (63%)

Combat Power: 36 billion

After reading this, Qin Feng showed a look of relief.

"Baby, smell the walls of these temples. Is there any special smell behind the walls?"

"OK!"

Baobao Qin readily agreed.

She never refuses anything her father asks.

At the moment, Baobao Qin was eating Guoguo and walking along the walls of the temple.

Barriers are attached to these walls, which can absorb divine consciousness and block divine consciousness. Penetration.

Such an arrangement, if it is the wall outside the temple, can be said to prevent other people's divine consciousness from detecting the temple.

But the walls inside the temple are also arranged in this way, which makes Qin Feng a little puzzled.

This is equivalent to preventing the temple from being detected. The people inside are checking the situation inside the temple at any time.

There is no reason for such a design.

Qin Feng suspects that there is a secret room in the temple. Blocking spiritual consciousness is to prevent people from discovering the location of the secret room.

He checked several times to no avail. , then I thought of the baby's special ability.

The father and daughter walked along the inner walls of the temple and visited most of the temple.

When Qin Baobao walked to the wall of a side hall, she frowned

"Have you found anything? Baby!"

"Dad, there's something rancid behind this wall...."

"Let me take a look!"

Qin Baobao got out of the way.

Qin Feng knocked on the wall hard, and there was a thud.

"There is nothing behind this wall!"

Qin Feng was pleasantly surprised. Sure enough, he found something

"Dad, will there be another medicine garden behind this?"

"have no idea! Break down the wall first!"

The Divine Eye of Heavenly Tribulation appeared between Qin Feng's brows, and a bolt of Heavenly Tribulation thunder shot out.

Bang~!

The temple trembled, and gravel flew across.

A hole the size of an adult was penetrated in the wall.

A dark and moist breeze , blowing in from the cave, carrying the slightest rancid smell

"Baby, follow daddy....."

Qin Feng got into the hole first, and Qin Baobao followed nervously.

As soon as the two entered, they found that there was a secret training room inside.

There is a strange formation altar in the center of the secret room.

On the altar, a skeleton sat.

The skull and bones were like colorful crystals, and the whole body exuded a strong power of the emperor.

This is an emperor who has been dead for many years.

Judging from the strength of this emperor's power, he should be an emperor who has reached the Great Perfection in the Foundation Establishment Stage, and is only one step away from breaking through to the Wheel Sea Realm.

The great emperor who has completed his foundation building has a combat power of at least 1 trillion. pity! If you don't enter the wheel, you will be born and die!

By opening up the sea of body chakras, the physical body can be immortalized.

Open up the sea of soul wheels, but the soul will never be destroyed.

Opening up the sea of life wheels can transcend reincarnation.

Qin Feng's eyes moved and fell in front of the skeleton. There was a red crystal ball floating there.

If you look closely, you will see that the appearance of the crystal ball is exactly the same as that of Mars, and it also exudes strange fluctuations of fire energy.

What is this crystal ball?

"Ding! Congratulations to the host for discovering the Star Soul Core (Mars)....."

"Huh! This is actually the core of Mars' star soul!"

Qin Feng was a little surprised.

The starry sky beast clan has put so much thought into robbing the earth's star soul. There must be something extraordinary about this star soul core.

Qin Feng's eyes continued to move down.

When his eyes fell on the skeleton On the phalanx, you can see a storage ring on the middle finger..

Chapter 386

Qin Feng's eyes lit up. He didn't know how many treasures there were in the storage ring.

"Baby, just stand still and let me go take a look!"

"Oh~"

Qin Feng walked towards the altar carefully.

When he stepped into the altar, a strange look suddenly appeared on his face.

The flow rate of time in the altar was actually different from that outside, about one-tenth of that outside.

This It's comparable to Chu Chu's time force field!

Qin Feng suddenly thought of a question.

Will the change in flow speed affect the time when his natural disaster will come?

He sensed it with his heart and found that it would not affect his natural disaster. Time is still calculated according to the flow rate of the outside world.

Qin Feng thought about it and felt that it should be like this.

The so-called catastrophe is his own energy, which affects the balance of positive and antimatter energy in the outside world, and he needs to readjust the balance point himself.

The regional time flow rate Changes have minimal impact on the big world.

With this in mind, Qin Feng slowly walked towards the center of the altar.

When he walked to the skeleton, he observed it carefully for a while.

This emperor was indeed dead, and even his soul breath disappeared. , only this skeleton is left.

This man may be the emperor of Mars, or he may be the last Martian.

This formation altar delayed time, and it should be the emperor's last struggle.

He delayed time , hoping to live longer.

Unfortunately!

He failed in the end!

The length of life is based on the timeline of the big world.

For example, a person's life span is only eighty years. No matter what time flow rate he is in, as long as Eighty years have passed since the time of the big world, and his lifespan will end.

The emperor cannot change the upper limit of his lifespan, so he slows down the flow of time and buys himself ten times the time to practice.

He wants to break through to the wheel at the last moment of his life Sea realm, in order to extend life span, but unfortunately failed in the end.

Of course, even if you break through to the wheel sea realm, there are still time limits and the five declines of heaven and man, and you still cannot escape life and death.

If you want to truly transcend life and death, you can only become the master!

Qin Feng felt a little emotional , silently picked up the star soul core.

This star core is magical, with no grade or function.

Qin Feng observed it for a while, then put it away silently, and will study it when he has time.

Then , he took off the skeleton's storage ring and examined it.

After this detection, he showed a look of great joy.

The storage ring actually contained more than 5,000 star stones and hundreds of bottles of various elixirs. , and hundreds of elixir formulas.

This time he made a lot of money again.

Obviously, this emperor was good at refining elixirs, so he established a medicine garden and took the formula with him.

Qin Feng searched carefully and found nothing about this The identity of the famous emperor was introduced.

However, he made another surprising discovery.

Among those pill formulas, there was actually a formula for the Good Fortune Pill. The main material of the Good Fortune Pill was Tongyi Cao, which was readily available in the medicine garden.

In this case , he refined a few fortune pills here, and realized the true meaning of wood.

This was of great help to his improvement of strength.

What's more, there is a ready-made time formation here, so there is no need to go to Chu Chu for help.

"Baby, come in!", Qin Feng collected the emperor's bones

"oh!", Qin Baobao walked into the altar

"Huh! Dad, this seems like my aunt's time force field!"

"That's right! This formation is very special and cannot be arranged by ordinary emperors. You can refine the Xingtide Stone I gave you here....."

Qin Feng gave a casual instruction

"Dad, are we not going back to Earth?"

"Not urgent! I want to refine some fortune elixirs. It's just that the psychic grass used to make chemical elixirs will lose its medicinal properties if it leaves the soil for three hours, so it must be picked and refined now!"

"Oh, okay!"

At this moment, Qin Feng left the formation and went to the medicine garden outside to step on the agarwood.

Qin Baobao stayed in the formation to refine the Xingxi Stone.

After all, the spiritual fruits in the medicine garden should be kept for refining elixirs. Qin Feng can't let her eat too much, just satisfy her craving.

To improve her cultivation, she still relies on the Xingtide Stone. The thing he is most indispensable for now is the Xingtide Stone.

There are more than 5,000 Xingtide Stones in the storage ring. It feels good to think about it.

Soon, Qin Feng returned from the medicine garden and collected a plant of Tongyi.

After entering the altar, he took out the alchemy furnace he had just obtained and started refining the elixir.

During this refining, Qin Feng discovered , the refining of this Good Fortune Pill is extremely difficult.

You are right when you think about it, the Good Fortune Pill and the Enlightenment Pill are equally effective, and they are both the best among emperor-level elixirs.

But to refine one Enlightenment Pill, you need to sacrifice one The price of the Nine-Star Emperor is too high.

The Creation Pill only requires medicinal materials, and there is no need to sacrifice any emperor.

But the difficulty of refining is more than ten times that of the Enlightenment Pill.

Fortunately, Qin Feng got the Emperor-level alchemy furnace, and the success rate is very high Improvement, otherwise the first refining might really fail.

In this way, Qin Feng spent five days in the formation and luckily refined the first good luck pill.

With one experience, the second Refining the elixir for the first time was much smoother. It only took Qin Feng four days to refine the second elixir.

In this way, time flew by.

In the blink of an eye, thirty days passed in the formation.

Three days passed in the outside world.

This Heaven, Qin Feng stopped refining alchemy.

At this moment, he looked at the twelve creation pills in front of him and felt a great sense of accomplishment.

Over the past month, his alchemy skills had improved.

In the end, he could refine one in two days.

Nine fortune pellets are definitely enough.

However, he still needs to refine more.

Not only does he need this, but Yue'er, Chu Chu, Qin Baobao all need it, and Nishan also needs it.

Afterwards, Qin Feng took The Yinmu Spirit Fruit came out.

He swallowed another Enlightenment Pill.

"Ding! Devouring the Enlightenment Pill Successfully.....The host's understanding is improved, and the success rate of swallowing the Yinmu Spirit Fruit is increased to 11%....."

"Ding! Devouring the Creation Pill Successfully.....Failed to obtain true meaning...The host's understanding is improved, and the success rate of swallowing the Guishui Spirit Fruit is increased to 20.7%...."

"Ding! Devouring the Creation Pill Successfully.....Failed to obtain true meaning...The host's understanding is improved, and the success rate of swallowing the Guishui Spirit Fruit is increased to 30.4%...."

Ding! Swallow the Creation Pill....."

Qin Feng swallowed seven good luck pills in one breath, increasing the success rate to 80.6%.....

He felt that he was almost done, so he swallowed the Yinmu Spirit Fruit directly.....

"Ding! Successfully swallowed the Yinmu Spirit Fruit...successfully obtained the true meaning of the wood element....."

"Ding! The host qualifications are improved, and the Dragon God inheritance is awakened to 47%...Combat strength increased by 2 billion....."

"Ding! Congratulations to the host for completing the instant task and receiving the task reward-Five Elements True Meaning Fusion Pill (1 pill)....."

"Ding! Devouring the Five Elements True Meaning Fusion Pill Successfully.....The true meaning of the five elements of metal, wood, water, fire, and earth begins to merge....."

"Ding! The fusion is completed... Congratulations to the host for obtaining the supreme true meaning - the eternal true meaning....."

"Ding! The host's qualifications have been greatly improved, and the dragon god's inheritance has been awakened to 55%...Combat strength increased by 9 billion....."

"Finally succeeded!"

Qin Feng opened his eyes with joy.

He finally obtained the second supreme true meaning.

The true meaning of destruction is biased towards attack.

The true meaning of endlessness is biased towards defense and recovery, as well as the ability to continue fighting.

The combination of the two is perfect.

Qin Feng looked again After reducing his combat power, it has skyrocketed to 140 billion.

He is very satisfied.

Everything here has been solved, and it is time to go back. Qin Feng turned to look at Qin Baobao aside, and the baby's information and battles automatically popped up in his mind.

Favorite: Qin Baobao (Domination Potential)

Cultivation: Tribulation Stage (99%)

Combat Power: 49.9 billion

Qin Feng suddenly felt his eyes light up.

This little guy will soon reach the Tribulation Stage and can start the Heavenly Tribulation at any time.

When her tribulation period is 100%, take her to start the god-level challenge first, and then come out to overcome the tribulation. Everything is perfect. At this moment, Qin Baobao closed her eyes and sat cross-legged.

Her two pink little hands were holding a The Xingtide Stone was refining.

Qin Feng estimated that after she finished refining the two Xingtide Stones in her hand, she would be able to overcome the tribulation.

But at this moment, there was movement in his communication talisman.

Qin Feng took When he came out, he saw that it was from Yu Qilin.

An urgent message was sent inside: The God Emperor is back, and there are a total of twenty emperors who are about to launch an attack on the earth.

Qin Feng smiled slightly and directly sent a message:"Act as planned!"

After sending the message, Qin Feng looked at Qin Baobao again.

This little guy is just short of the last point. It is estimated that he will be able to refine the Xingxi Stone in his hand in an hour.

One hour in the formation, six minutes in the outside world.

Plus miscellaneous things With the time loss, he could reach the earth in ten minutes.

If he didn't wait for Qin Baobao and he left alone, it would only take three or four minutes.

At this moment, Yu Qilin sent back a message: the plan went well, the God Emperor has Fooled.

Next, Yu Qilin sent a bunch of messages, all of which were about the God Emperor's military arrangements.

After Qin Feng read it, he quickly passed the message to Feng Di, Chu Chu, Xiao Qingfeng and others.

After doing all this, he He breathed a sigh of relief, and then waited quietly for Qin Baobao to refine the last two Xingxi stones.

Everything was arranged properly, and he could still make it even if he returned half an hour late..

## Chapter 387

At the same time, near the earth, the faint organization is stationed.

The God Emperor flew out of the station with thirteen emperors and fought towards Qinglong City.

As soon as he returned to the Earth station, he received shocking news.

After studying the Heavenly Monument this time, Emperor Qinglong actually realized a true meaning, which was about to gather the foundation of the emperor and achieve the true position of the emperor.

This news made the God-Emperor shocked and jealous.

No one wants to achieve the position of great emperor, but most people are stuck at the stage of realizing the true meaning.

In addition, he also got a piece of news.

After Emperor Qinglong realized the true meaning, he caused a sensation all over the world and his status increased greatly.

The Fire Emperor and Cang Emperor took the initiative to form an alliance with him.

In the past few days, the three parties have been holding talks at the Qinglong Holy Land, seemingly planning to unify the world.

This news made the God-Emperor panic again.

He knew that it was not too late. If he wanted to conquer the world, he had to deal with the Azure Dragon Emperor first.

At that moment, he led many emperors and flew towards Qinglong's station with murderous intent.

In addition, there are six emperors who are respectively attacking the Southern Alliance, the White Tiger Alliance, the Xuanwu Alliance, the Snow Mountain Alliance, and the Sea Clan Palace.

The purpose of these six emperors is to entangle Emperor Feng, Emperor White Tiger and others.

To prevent Emperor Feng and others from going to rescue Emperor Qinglong.

The God Emperor wants to kill the three people of Qinglong Emperor in one go.

Of course, the news about Emperor Qinglong was told to him by Yu Qilin, Hunter King and others.

In the past few days, Qin Feng, in the name of King Fengyu, sent a lot of false news to the Hunting King and others.

With Yu Qilin fanning the flames, the Hunter King and others were convinced.

As soon as the God-Emperor returned, the Hunting King couldn't wait to report the news, hoping to claim credit.

Yu Qilin also added fuel to the fire.

The God-Emperor has no doubt that he has it.

In addition, he had absolute fighting power in his hands, and he was afraid of having a long dream at night, so he started the war immediately.

At the same time, Qinglong City, the entrance to Qinglong Holy Land.

Xiao Qingfeng looked at the sky nervously.

He had just received news from Qin Feng and knew that something big was going to happen next.

Behind him, there were two Eight-Star Kings and hundreds of Qinglong City members.

Those two eight-star kings are both deputy city lords of Qinglong City.

Like Qinglong City, Suzaku City, and Northern City, these originally belonged to the headquarters of the Qinglong League, Suzaku League, and Northern League.

Qin Feng has arranged for his trusted personnel to be the city lords.

Qinglong City is Xiao Qingfeng.

Suzaku City is Baiqian City.

Northern City is Duanmuxue

"City Lord, are we really going to do that later?"

A deputy city lord asked in a panic. At this moment, he was wearing the uniform of an eight-star official of the Suzaku League.

What Xiao Qingfeng told them just now scared him a little.

Xiao Qingfeng said coldly:"That's right! This is an order from His Majesty the Qin Emperor. Do you have any ideas?

The deputy city lord was frightened:"I don't dare!"

When Qin Feng was mentioned, the deputy city lord was completely intimidated.

Qin Feng's prestige has already penetrated people's hearts.

"Deputy City Lord Liu, you are too brave to question His Majesty's orders!"

Another Deputy City Lord interjected. He was wearing the uniform of an eight-star official of the Northern Alliance.

Deputy City Lord Liu panicked: "Vice City Lord Wang, don't talk nonsense. I dare not question your Majesty's order. I just asked casually."

Just after he said these words, fourteen lights and shadows flew in the sky in the distance.

The fourteen imperial powers joined together, covering the sky and the earth, and came oppressively.

"Coming!"

Xiao Qingfeng shouted.

The expressions of the two deputy city lords changed slightly.

The hundreds of members of the Qinglong Alliance behind them changed their faces in fear. Oh my god!

Fourteen emperors!

"What are you still doing?", Xiao Qingfeng turned around and shouted.

The members woke up, yelled in fear, and ran away.

"Not good! There are many emperors coming!"

Those people were crying and shouting for their mothers, and scattered like birds and beasts. The scene looked very chaotic.

In less than a second, all the defenders at the entrance of Qinglong Holy Land ran away.

Only Xiao Qingfeng and others were left.

In the air, the God Emperor and others, far away Seeing this scene, I was a little dazed.

Immediately, the emperors burst out laughing.

"Ha ha!! God Emperor, is this a human from Earth? Why are they all so timid?"

"Ha ha!! These earthlings are so spineless!! It really makes me laugh to death!"

The God Emperor couldn't help but smile.

At this moment, Xiao Qingfeng and others' exclamations came from below.

"His Majesty! A powerful enemy is coming!"

"His Majesty! Something big happened!"

"His Majesty! Not good!"

I saw Xiao Qingfeng and the other three rushing into the Holy Land with all their strength, calling His Majesty with panic on their faces.

The speed of the three of them was that of the Eight Stars.

The God Emperor first sneered with disdain.

Then, he was shocked:"That's not good.! Those three eight-stars are going to enter the forbidden area and report to Emperor Qinglong! Let's catch up! Don't let the three of Qinglong Emperor escape!"

When the emperors heard this, they rushed to the Holy Land.

The God Emperor was still a little suspicious at first.

But when he saw Xiao Qingfeng and the other two eight-star deputy city lords, wearing the official uniforms of the Azure Dragon League, the Vermillion Bird League, and the Northern League, Immediately, they completely believed the words of Yu Qilin and others.

Emperor Qinglong, Emperor Fire, and Emperor Cang were indeed conspiring in the Holy Land.

At that moment, everyone speeded up and rushed towards the Holy Land.

However, it was said that Xiao Qingfeng and the others had just entered the Holy Land.

Xiao Qingfeng immediately took the The puppet weapon talisman was released.

The God Emperor and others were incredibly fast and arrived at the entrance just in time.

"Soldiers and warriors obey orders! Start the formation!"

Xiao Qingfeng activated the military talisman in an instant.

The God Emperor and others were about to rush into the holy land, when suddenly hundreds of spiritual lights flew up from all around.

More than 900 fire demon terracotta warriors rushed out from the ground and activated the formation.

In an instant, the sky and the earth changed color. , the clouds and mist rolled.

A super illusion formation opened, trapping all fourteen of the God Emperor's people.

The angry roars of the God Emperor and others rang out within the formation.

In the holy land, Xiao Qingfeng and the other three breathed a sigh of relief, and their legs trembled all over. Soft, he fell to the ground.

The trap at the entrance to the Holy Land was originally set up by the Azure Dragon Formation to trap the White Tiger Emperor and others. It was breached in the last Holy Land War.

This time, Qin Feng repaired and strengthened it. , and replaced the people in the main formation with more than 900 fire demon terracotta warriors.

Each of these fire terracotta warriors has a combat power of 500 million, which is more than ten times stronger than the people in the last main formation.

The difficulty of this large formation The enemy's power has also been strengthened by more than ten times, and it can naturally trap fourteen emperors.

"City Lord, your majesty is really a mastermind!", Deputy City Lord Liu sighed.

Xiao Qingfeng was silent, but he admired Qin Feng in his heart.....

Meanwhile, on Mars.

Inside the Temple of Mars.

Qin Baobao finally finished refining the Xingxi Stone in his hand.

After the energy of the two star stones was exhausted, they turned into powder and scattered with the wind.

The baby also opened his eyes with joy

"Dad, my period of transcending tribulation has been completed!"

"Saw it!"Qin Feng smiled happily.

He saw that Qin Baobao's progress in the Tribulation Stage was 100%, and his combat power was 50 billion.

Generally, for those with domination potential, the combat power limit during the Tribulation Stage is 40-50 billion.

Qin Baobao It is the limit of 50 billion combat power, which shows that her potential is considered top-notch among the dominators.

"Baby, can you sense how many days you have left to survive the tribulation?"

"Five days!"

"good! Let's go! There is some trouble on earth, let's go back!"

"Um~! "

As soon as Qin Feng waved, the father and daughter disappeared into the Mars Temple..

Chapter 388

At the same time, Qinmen headquarters, Nandu City.

In the study room of Emperor Feng's palace.

Emperor Feng flipped through the reports of his subordinates.

The training of alchemists, formation masters, and weapon refiners went very smoothly.

The construction of the lunar station is mostly completed.

Candidates for the Mars station are being selected.

When Qin Feng is away, she is the manager of Qin Clan.

"It's almost there!"

Feng Di put down the report in his hand, stood up silently, and walked out of the study.

She had received news from Qin Feng a long time ago.

After a while, an emperor from the Hazy Organization would come to provoke her.

The purpose was to entangle her.

First, it was to prevent her from supporting Qinglong. Holy Land, and secondly, they were worried that she would take the opportunity to escape from the earth.

In short, the Hazy Organization wanted to catch all the nine-star emperors of the earth this time and eliminate all hidden dangers.

Emperor Feng felt funny when he thought about it.

The God Emperor and others fell into Qin Feng's trap, and they also He didn't know it.

Qin Feng was not on the earth, so he played with them to death.

What's more, the earth today is different from the past, and the combat power has risen to a big level.

Unknowingly, Emperor Feng walked into the yard.

At this moment, A ray of imperial power descended from the sky, covering the entire Nandu City.

Then, an arrogant voice exploded over Nandu City!

"Where is Jiufeng? Come out and fight this emperor!"

These words shook the whole city.

Hundreds of millions of people were shocked. They looked up one by one and saw a yellow-faced young man in the sky thousands of feet high. He exuded the power of the Nine-Star Emperor.

This was actually a person. A strange Nine-Star Emperor.

The next second, there was another person in the sky, it was Feng Emperor.

"Who is coming?", Feng Di looked at him coldly.

When the yellow-faced young man saw Feng Di, his eyes lit up.

This Feng Di was so beautiful, both his facial features and figure were perfect!

The God Emperor really didn't lie. Ah!

I didn't expect that this indigenous planet could produce such a stunning beauty.

What a pity!

Such a beauty loves that subordinate named Qin Feng!

That subordinate doesn't seem to even be an eight-star.

This woman is really blind!

These words are natural. Spread by the God Emperor

"This emperor is the Plague Demon Emperor under the Dusk Lord!", the Plague Demon Emperor's tone was condescending.

"Where did you come from today?"

"Take your life! However, I think you look pretty good. If you are willing to kill your little lover Qin Feng, I can reluctantly accept you into the harem and save your life....."

Emperor Feng was furious:"Looking for death!"

The Plague Demon Emperor didn't realize it:"What? Are you unwilling to kill your little lover? Is this emperor not as good as a little elementalist who can't even get eight stars?"

At this moment, Not only Emperor Feng was angry, but hundreds of millions of people in the entire southern capital city were also angry.

Where did this second-hand product come from?

How dare you despise His Majesty the Qin Emperor!

"idiot! Go to hell!"

Emperor Feng was even more furious. He rushed forward and struck with a palm

"hehe!! Just in time!"

The Plague Demon Emperor looked disdainful.

There is not even a great emperor in an indigenous star region like the Earth, so the level of cultivation must be very low.

The strength of their nine-star emperors will also be lower than the same level.

The Plague Demon Emperor also greeted him with a palm. This palm was used with all his strength.

He wanted to give this earth woman some color.

He wanted to prove that he was much stronger than her little lover Qin Feng.

The two palms touched each other!

Boom~!

A loud noise!

The Plague Demon Emperor directly He was struck by a palm and vomited blood and flew backwards.

The next second, he stabilized his body and looked at Feng Emperor in great horror.

"You...you are the pinnacle of Nine Stars!!"

Damn it!

Didn't the God Emperor say that the only person on earth who is the Qinglong Emperor is the Nine-Star Peak?

Why is this Phoenix Emperor also the Nine-Star Peak?

And it's not an ordinary Nine-Star Peak!

The combat power has reached more than 26 billion. The emperors they came here have None of them was a match for the woman in front of him.

The more the Plague Demon Emperor thought about it, the more frightened he became.

But at this moment, Emperor Feng came over to kill him again. Emperor Feng hated this person extremely.

She hated it most when someone slandered her man.

She now only I want to kill this plague demon emperor to pieces

"not good!"

When the Plague Demon Emperor saw Emperor Feng rushing over with murderous intent, his face changed drastically. This woman was so murderous that he couldn't afford to offend her.

At that moment, he turned around and ran away.

The laughter of hundreds of millions of people rang out below.

Here comes this guy. He was extremely arrogant when he met him.

He was about to run away after just one encounter.

Is this also called an emperor?

This is really embarrassing!

The Plague Demon Emperor also heard the ridicule below, his old face turned red, and his heart was extremely embarrassed.

This is why he became After the emperor, this was the first time he was so embarrassed.

However, no matter how embarrassing! No matter how embarrassing! His life still mattered!

He desperately ran forward.

But at this moment, a beautiful girl rushed out in front of him and blocked him. His way to go.

That girl was only an Eight-Star Great Perfection, but her combat power and momentum exceeded two billion.

This was naturally Chu Chu!

The Plague Demon Emperor was surprised, but had no time to think about it.

He was still a little angry, an Eight-Star Great Perfection was also Dare to block your own way

"Damn girl! Get out of here!"

The Plague Demon Emperor roared and rushed over.

He would kill anyone who dared to block his way.

"Ugly man with yellow face! If you dare to slander my brother, go to hell!"

Chu Chu has long been angry with him.

As soon as she came up, she slowed down for a moment, and the speed of the Plague Demon Emperor suddenly dropped to one tenth.

The next second, she summoned the soldier talisman, and more than a hundred puppet soldiers appeared in the tribulation period. At the same time, he attacked the Plague Demon Emperor.

Chu Chu accelerated time again.

More than a hundred attacks came in an instant.

There was another loud noise, and the Plague Demon Emperor was blown away and made dozens of somersaults in the air.

He was shocked. This girl is so terrifying.

She has the ability to time, and he can't break through her blockage.

At that moment, he turned around and ran away to the right.

But before he could escape a few hundred meters, the Turtle Emperor and the others who had already been lurking were waiting for him. The headless golden man suddenly rushed out and joined forces to kill him.

"Damn it! How dare you slander our Majesty! go to hell!"

The Turtle Emperor is extremely angry.

Qin Feng is his master, and this arrogant guy dares to slander him.

Boom

Another big bang today!

The Plague Demon Emperor was struck again until he vomited blood and flew out.

He was extremely frightened.

Oh my God!

Have I fallen into a trap?

Now there are people in the east, west and north blocking it.

He didn't have time to wipe the blood from the corner of his mouth and fled directly to the south.

That was his only way to survive.

But before he could escape a few hundred meters, two fire demon generals suddenly rushed out, and two skyfire halberds shot out at the same time.

"Dare to slander our master! die!"

The two generals were able to speak.

The next breath, there was another loud noise.

The Plague Demon Emperor was once again vomited blood and flew backwards.

When he stabilized his body again, he saw that he was surrounded from all directions, and he suddenly became desperate.

"you.....Who is the brother, your majesty, and the master you are talking about? When have I disparaged him? Did you misunderstand something?"

The Plague Demon Emperor is making his final struggle.

"My brother is Qin Feng!"

"Our Majesty is Qin Feng!"

"Our master is Qin Feng!"

"What?! Is it Qin Feng?"

The Plague Demon Emperor's mouth opened wide.

"kill him!"

Emperor Feng gave the order.

Everyone immediately attacked.

The Plague Demon Emperor roared in despair:"The God Emperor has tricked me!"

A moment later, there was a shrill scream.

The Plague Demon Emperor was blasted to pieces by everyone.

Only a ball of nine-star origin and a storage ring remained in the air.

Emperor Feng put it away calmly.

Below, hundreds of millions of people cheered..

Chapter 389

Emperor Feng collected the spoils of war. , the Turtle Emperor hurriedly asked:"Deputy Sect Leader, which side shall we support first?"

Emperor Feng thought for a moment:"Let us support the White Tiger Alliance first!"

"good!"

Everyone flew towards the teleportation array.

After a moment, Feng Di and others disappeared into the teleportation array.....

At the same time, Qinglong City was at the entrance to the Holy Land.

Xiao Qingfeng and thousands of Qin Clan members looked nervously at the formation ahead.

There was constant roaring in the formation, and cracks appeared in the protective light shield.

Xiao Qingfeng and others panicked.

From the looks of it, this formation won't last long!

I wonder when His Majesty the Qin Emperor will return?

At the same time, within the formation.

The God Emperor and other fourteen emperors attacked the formation frantically.

The golden-headed man puppet was also released, assisting in the attack.

The emperors joined forces and their fighting power was astonishing.

Even if the formation was strengthened ten times, it would not be able to trap them.

After this attack, the light shield outside the formation flickered on and off, and cracks appeared.

"Everyone, come on! Within twenty minutes, this formation will be broken!"The God Emperor looked calm.

"These earthlings underestimate us!"

"Yes! Trying to trap us with just this formation is simply a dream!"

The emperors looked relaxed.

Even if they were trapped, they were not worried at all, as if they had conquered the Earth Star Territory.

But at this moment, the expression of an emperor changed drastically.

"not good! Things have changed!"

All the emperors were startled and looked at that man.

That man was an old man with a withered face.

He was also the second nine-star peak emperor among the emperors besides the God Emperor. His name was the Soul-Capturing Emperor, and he was good at soul-type secret arts..

At this moment, he took out a crystal ball.

There were more than a dozen red light spots on the surface of the crystal ball.

The breath of each red light spot was different, and it was similar to the breath of these emperors.

This was the secret technique of the Soul-Capturing Emperor.

Those red light spots represent the emperors.

In this way, he can see everyone's position at any time, coordinate with each other, and control the overall situation.

But now, there are only nineteen of the twenty light spots left, representing the light of the Plague Demon Emperor. dot disappeared

"The Plague Demon Emperor has fallen!"The soul-capturing emperor looked ugly.

The faces of all the emperors changed drastically.

"How can this be?! It is extremely difficult for Nine Stars to kill Nine Stars! Isn't there only one Phoenix Emperor in Nandu City? How could she kill the Plague Demon Emperor alone?"

One emperor didn't believe it.

The emperors also nodded slightly, feeling that it made sense. But the God Emperor thought of something, and his expression changed drastically.

"We were fooled! Those earth natives trapped us here, but nine of them lurked in Nandu City and worked together to kill the Plague Demon Emperor!"

The emperors suddenly realized this, and were shocked and angry.

The God Emperor was even more anxious and said: "Soul-Capturing Emperor, hurry up and notify the others, and rush to Qinglong City to gather together. Don't be defeated by the people on earth!"

The Soul-Capturing Emperor woke up and quickly cast a spell on the five red light spots on the periphery. Soul transmission

"Everyone, the soul-capturing emperor is responsible for contacting the surrounding emperors! I'll break the formation quickly! Without further ado!"

The emperors looked serious and took action to break the formation again.....

At the same time, White Tiger City was high in the sky.

The White Tiger Emperor was fighting with a Nine-Star Emperor.

The two sides fought so hard that it was hard to tell them apart.

The tens of millions of people below looked extremely nervous.

But at this moment, the soul-catching emperor's voice sounded in the emperor's mind.

"Chasing the Moon Emperor, there is a trap! Evacuate quickly and meet at Qinglong City!"

Hearing this, Emperor Chaiyue was shocked.

He knocked back the White Tiger Emperor with one move, turned around and left.

Countless people below were stunned.

This guy was equally powerful as the White Tiger Emperor. Why did he escape without deciding the outcome?

"Emperor Chai Yue, don't even think about leaving today!"

The White Tiger Emperor roared and chased after him.

He is a warlike person by nature.

This fight was so satisfying, how could he let Emperor Chaiyue leave?

"snort! This emperor is leaving! Can you keep it?", Chaiyue Emperor was disdainful.

But at this moment, an invisible time force field came down.

His speed suddenly dropped.

Immediately, several imperial powers rose into the sky, blocking his way. It was Feng who came to support him. Di, Chu Chu and others

"Who are you?"

Chaiyue Emperor's face changed drastically.

"Ha ha!! Deputy Sect Master, you came at just the right time!"The White Tiger Emperor was overjoyed.

When the Moon-Chasing Emperor heard this, he was so frightened that he turned around and ran away.

"kill him!",

Emperor Feng gave an order, and everyone surrounded him.

Emperor Chaiyue soon became desperate.

He wanted to rush out of the encirclement, but there was a time ability user among these people, making it impossible for him to escape.

After a moment, there was a sound With a shrill scream, Emperor Chai Yue was killed, leaving behind a trace of his origin and storage ring.....

At the same time, on the vast sea.

Ni Shan and Whale Emperor are working together to deal with the other two emperors.

But the next second, the two emperors received a message from the Soul-Capturing Emperor, their expressions changed slightly, and they quickly turned around and retreated, heading towards Qinglong City.

Nishan and I chased for a while and then stopped.

"Whale King, these two people rushed to Qinglong City. Looks like they got the message!"

The Whale King said proudly:"Let's go! If we take the teleportation array over there, we will definitely arrive before them!"

Ni Shan also laughed.

The God Emperor didn't know that the earth had completely changed. There were teleportation arrays connecting all places.

"By the way, Whale King, let's report the situation to the deputy sect leader first!"

"Exactly!"

At that moment, the Whale Emperor sent a message to Feng Emperor.

At the same time, a similar situation was happening in Xuanwu City and Ice and Snow City.

The emperor of the faint organization who was fighting with the Xuanwu Emperor and the Ice and Snow Emperor received the summons from the Soul-Capturing Emperor and turned around. Retreat.

The two of them also rushed to Qinglong City to meet up.

After Emperor Xuanwu and Emperor Bingxue sent messages to Emperor Feng, they also took the teleportation array and rushed to Qinglong City.....

At the same time, in the sky above Baihu City.

Emperor Feng put away the trophies.

At this moment, she received messages from the Whale King and others one after another.

"Deputy Sect Master, how is the situation? Emperor White Tiger asked with concern.

Emperor Feng smiled slightly:"The other four rushed towards Qinglong City." The four Whale Emperors have already passed ahead. Let's go! Let's take the teleportation array there too!"

At this moment, a group of people flew towards the teleportation array.....

But he said that on the other side, Qinglong City, was within the large formation.

The God Emperor and others are working hard to break the formation.

Suddenly, the Soul-Capturing Emperor exclaimed in the crowd

"not good! Emperor Chai Yue also fell!"

"What?!"

The emperors were horrified and turned their heads to look.

They saw that the light spot representing the Moon Chasing Emperor on the crystal ball had disappeared. The emperors were stunned.

Immediately, someone looked at the God Emperor: "God Emperor, you are not Are you saying there are only nine emperors on earth?"

"Why did the Plague Demon Emperor and Moon Chasing Emperor fall one after another in just a few minutes? Just nine emperors couldn't do it!"

"this....", the God Emperor was also confused.

He can't figure it out either!

"Lord God Emperor, could it be that the earth and the star beasts have joined forces? In addition, there may be a traitor in our organization!", the Hades Emperor suddenly said.

The God Emperor was shocked: "It makes sense! Immediately, he said anxiously: "Everyone, now is not the time to think about that. Let's break the formation quickly!"

"Yes! Break the formation quickly!"

The emperors continued to break the formation.....

"Soul-Capturing Emperor, how are the other four people doing?", the God Emperor asked anxiously again

"The other four people are coming here! Emperor Qingkun is the fastest and is expected to arrive within three minutes!"

Hearing this, the emperors turned their heads and looked.

They saw four light spots on the crystal ball rushing towards Qinglong City.

One of the light spots was the fastest.

The God Emperor was overjoyed: "Emperor Qingkun is worthy of his title. The bloodline of the mythical beast Kunpeng ranks first among us in speed. When he arrives, we attack from both inside and outside, and the formation is broken!"

The emperors nodded one after another. This was true. In the blink of an eye, three minutes passed.

The light spot representing Emperor Qingkun finally arrived at Qinglong City.

At the same time, a long roar sounded outside the formation, like a bird. Ming generally

"This is the voice of Emperor Qingkun!"

"Ha ha! Emperor Qingkun has arrived!"

All the emperors were happy.

But the next second, fierce fighting sounds were heard outside the formation, as well as the roar of Emperor Qingkun.

It turned out that Emperor Feng and others had already passed through the teleportation array, arrived in advance, and prepared an ambush.

As soon as Emperor Qingkun came, he threw himself into a trap and was immediately besieged by Emperor Feng and others.....

On Emperor Feng's side, there are ten emperor-level warriors of Light.

Coupled with the time ability user Chu Chu and more than a hundred puppets in the tribulation period, the strength is extremely terrifying.

In just a moment, Emperor Qingkun's shrill screams rang out from outside the formation.

"The soul-capturing emperor tricked me!"

With this desperate roar, the light spot representing Emperor Qingkun went out.

In the formation, the God Emperor and others were completely dumbfounded.

The place was quiet..

Chapter 390

"Emperor Qingkun also fell!"

It took a long time for the God Emperor and others to come back to their senses.

They all looked at each other in disbelief.

"Lord God Emperor, how could this happen?"The Hades Emperor was a little panicked.

The expressions of all the emperors were also ugly.

It was obvious that there was an extremely powerful fighting force ambushing outside the formation.

Otherwise, Emperor Qingkun would not have fallen so quickly.

That question Come on, how many emperors are there on this earth?

One moment, the Plague Demon Emperor fell in Nandu City.

The other moment, the Chaiyue Emperor fell in the White Tiger City.

The other moment, the Qing Kun Emperor fell in the Qinglong City.

This earth is really just an ordinary indigenous planet.

The emperors became more and more uneasy as they thought about it, and the arrogance on their faces was no longer the same. At this time

, the God Emperor took a deep breath and said:"Everyone, let's break the formation quickly! As for what's going on outside, let's wait until the formation is broken!"

"The God Emperor is right! We cannot sit still and wait for death! Everyone, hurry up and break the formation!", the Soul Capture Emperor agreed.

The emperors woke up and redoubled their efforts to break the formation.

Not long after, another battle broke out outside the formation.

This time, three other emperors arrived almost at the same time.

Emperor Feng led the siege, and the war broke out. The battle was several times more intense than the last time.....

At the same time, on the back side of the moon, the Qinmen was stationed.

In the station, the planetary teleportation array lit up with a dazzling spiritual light.

The next second, Qin Feng and Qin Baobao appeared in the teleportation array.

Several members of the Qin sect who were responsible for guarding the teleportation array hurriedly came forward to pay their respects.

"I have met His Majesty! Saw the little princess!"

Qin Feng waved his hand gently.

The subordinates understood and stepped aside.

"Dad, we are back! Shall we go find aunt?"

Apart from Qin Feng, Qin Baobao is the closest to Chu Chu.

"Not urgent! Let's go somewhere first!"

Qin Feng raised his head with a smile and looked towards the direction of the Hun organization.

When he was on Mars, he could not use space summoning due to distance restrictions.

Now, he can use it at will.

"Baby, let's go!"

Qin Feng thought, and the two of them disappeared at the same time.....

At the same time, the faint organization is stationed.

Jade Qilin, Hunter King and other eight-star kings gathered in a conference room, waiting for the results of the battle.

Yu Qilin was a little nervous.

This time the God Emperor is coming, I don't know what the situation on earth is like.

The Hunting King and others looked relaxed and sat there chatting.

They are waiting for the God Emperor and others to destroy the emperors on earth.

The rest of the post-war handling work will be handled by subordinates like them.

"Yu Qilin, you look very nervous! Young people are young people. They have never seen such a big scene before!"

The Hunting King said proudly.

The other kings couldn't help but smile.

But at this moment, there was a space fluctuation around Yu Qilin.

Qin Feng and Qin Baobao appeared out of thin air.

The Hunting King and others were shocked.

"Who are you?!", the hunting king shouted in surprise

"Noisy!", Qin Feng waved his hand casually.

The Hunting King and others self-destructed one after another, killing them instantly.

"Master, you are here!", Yu Qilin was filled with surprises

"Dad, who is she?" Qin Baobao looked at Yu Qilin curiously.

"Wow~! What a cute baby! Master, your daughter is so cute! Oh, who did you have the child with? I also want to have such a cute baby with you...."

Yu Qilin fell in love with Qin Baobao's cute appearance at first sight.

Qin Feng was a little speechless

"Okay, let's get down to business. How many members of the Hun organization are there in this station?", Qin Feng asked

"Nearly ten thousand people and several Eight-Star Kings were all killed by you just now. Currently, I am the strongest here"

"good!"

Qin Feng waved, and lights and shadows flashed around him.

Luo Li, Xiao Lun Wang, Lu Ming, Li Jiao, Bai Qianyue, Duan Muxue, and Wu Sihai appeared one after another.

"I've met the door owner!"

Everyone saluted one after another.

Qin Feng glanced at everyone and nodded with satisfaction.

These are the first batch of elders of the Qin clan, and they are also his confidants.

With the help of a large number of resources he gave privately, Xiao Lun Wang and Luo Li quickly Breaking through to the peak of Eight Stars, the rest of the people are already Eight Stars

"Jade unicorn!"

Everyone recognized Yu Qilin at a glance and were a little surprised.

We all participated in the Longxu Secret Realm assessment together, so naturally we know each other.

But isn't this Yu Qilin a member of the Hun Organization?

"This is the residence of the Hun Organization, and Yu Qilin's actual identity is from our Qin Sect!"

Qin Feng explained briefly.

He planned to take Jade Qilin back to Qinmen.

Everyone suddenly realized

"Next, you guys will cooperate with Yu Qilin to kill all the members of the Hun Organization in this base, leaving no one behind!"

"yes! His Majesty!"

Everyone was excited. They actually reached the headquarters of the faint organization.

"Baby, you stay and help them. Also, you have to listen to Aunt Luo Li and don't cause trouble! Luo Li, take care of the baby!"

"All right!"Luo Li has a big head.

How can she control Qin Baobao?

"Dad, won't you take me with you?" Qin Baobao raised his mouth.

Qin Feng said dotingly: "There must be an emperor-level master guarding this place to prevent any fish from slipping through the net. Baby is a master now..."

"Dad, is the baby really a master?", Qin Baobao blinked his big black eyes.

"Of course!"

"whee!", Qin Baobao's eyes turned into crescent moons when he smiled.

"Dad, let the baby master stay here. You can go with ease!"

Baby Qin was carrying his little baby on his back, pretending to be a little adult. He was so cute.

Qin Feng couldn't help smiling.

The next second, he disappeared from where he was.....

At the same time, the sky above Qinglong City was filled with fierce fighting.

The three emperors were killed by Emperor Feng and others until they cried for their fathers and mothers, and all of them were severely injured.

They wanted to break out of the tight siege, but every time they were held back by Chu Chu, a time ability user.

The three emperors were heartbroken.

If they continue to fight like this, the three of them will die.

"God Emperor, can't you come out?", the Shenmu Emperor roared anxiously.

"God Emperor, if you don't come out, we won't be able to hold on anymore!", another emperor also shouted anxiously....

Within the formation, the God Emperor and others were so anxious that they were sweating profusely.

"The Divine Emperor and the Divine Tree Emperor cannot hold on anymore, we must break the formation as soon as possible! Otherwise, the three of them will die!"

The Soul-Capturing Emperor was extremely anxious.

He could communicate spiritually, and he could feel that the hearts of the three Shenmu Emperors were broken.

The God Emperor's eyes turned red:"Two minutes! Two minutes at most! This formation can be broken! You let the three of them hold on for two more minutes!"

Just after saying this, an extremely terrifying imperial power descended from the sky, penetrated the large array of light shields, and came to oppress the emperors.

"this.....This imperial power seems to be at the level of a great emperor!"

"Is there an emperor on earth?!"

The God Emperor and others were extremely frightened.

But they could not see the situation outside the formation.....

In fact, the person who came was Qin Feng.

Qin Feng's combat power is 140 billion.

He has now used Chaos Transformation and has a combat power of more than 180 billion, which is infinitely close to the threshold of the Great Emperor's combat power.

Outside the formation, Emperor Feng and others were overjoyed when they saw Qin Feng arriving.

Tens of millions of people below also cheered

"Your Majesty, you are finally here!", the White Tiger Emperor was filled with surprises.

Qin Feng smiled slightly, waved three spiritual lights, and killed the three Shenmu Emperors to pieces. There were three nine-star origins left in the air, and three storage rings.

Qin Feng waved at random. , put away the source and storage ring.

Everyone was excited and cheered.

Your Majesty is too powerful.

With this move, he easily killed three powerful enemies in one shot.

"Sect Master, all the other emperors have been executed, only the God Emperor and others are left in the formation....."

Emperor Feng stepped forward to report.

Qin Feng nodded with satisfaction:"Follow me!"

Qin Feng flew to the formation first.

Emperor Feng, Chu Chu and others followed closely behind.

In the blink of an eye, Qin Feng arrived in front of the formation.

With a wave of his hand, the army of puppets in charge of the formation automatically retreated.

The formation was dismantled by him on his own initiative.

In the blink of an eye, the God Emperor and others appeared in front of everyone..
