

God level 391

Chapter 391

However, it was said that when the God Emperor and others saw the light spots of the Shenmu Emperor and the three people disappear, they were all frightened and turned pale.

You don't need to guess to know that the powerful man suspected of being the Great Emperor is from the Earth side.

At this moment, the formation itself was cancelled.

The God Emperor and others saw Qin Feng and others.

The two sides suddenly confronted each other

"It's you!", the God Emperor looked at Qin Feng in great astonishment.

The Hades Emperor on the side was also dumbfounded. The other emperors looked at Qin Feng in even more horror.

This boy is so young, but the imperial power exuding from him is extremely close to the level of the Great Emperor. At this moment, no one dared to move on the side of the God-Emperor.

In front of the Great Emperor, the Nine-Star Emperor could only be killed instantly.

"God Emperor, long time no see!", the corners of Qin Feng's mouth raised.

The God Emperor's face was extremely ugly.

He never thought that this young man who he didn't like at all would now be beyond his reach.

"Qin Feng, didn't you reach the Eight Stars yet? Why did it reach such strength so quickly?!"

The God Emperor couldn't help but ask the doubts in his heart.

Qin Feng sneered: "It's none of your business!"

The God Emperor was stunned.

Before he could react, the White Tiger Emperor said coldly: "God Emperor, who do you think you are?! How dare you call our Majesty by his first name!" The

God Emperor was shocked and angry.

He opened his mouth, but he didn't dare to curse back, feeling extremely aggrieved.

He really didn't expect that the boy who was like an ant in his eyes now no longer even has the qualifications to have an equal dialogue.

He suddenly regretted why he only sent the Underworld Emperor to kill Qin Feng?

If he had gone with Pluto Emperor, there would probably not be the trouble he had today.

The God Emperor looked gloomy.

The emperors behind him were even more uneasy.

They were afraid that the God Emperor would say something wrong and make the young emperor displeased.

In front of the emperor, these people are not enough to fill their teeth.

What's more, there are about a dozen strong men at the emperor level beside this young emperor.

"Mr. Qin Feng, the young man was rude and asked something he shouldn't have! Farewell!"

The God Emperor suppressed the grievance in his heart and bowed his hand to Qin Feng.

"let's go!", the God Emperor waved to the emperors, turned around and left

"Do I allow you to leave?"

Qin Feng's cold voice sounded behind the emperors.

The emperors were startled and turned back uneasily.

"Lord Qin Feng, is there anything else?", the God Emperor asked pretending to be calm.

Qin Feng raised the corner of his mouth slightly: "Is the Earth a place where you can come and leave whenever you want?"

"Lord Qin Feng, what do you mean?", the God-Emperor asked uneasily

"What's the meaning? Leave all your lives behind!"

The expressions of the God Emperor and others changed drastically.

"Run!"

The emperors didn't say a word. They turned around and ran away like birds and beasts.

Qin Feng was sitting on the side of the earth. They were frightened and had no fighting spirit at all.

Qin Feng smiled proudly, stepped forward, and pursued the God Emperor first. and left.

Emperor Feng and others also chased and killed the other emperors.

When the God Emperor saw Qin Feng chasing after him, he was frightened to death

"The golden-headed man! Stop him!"

The golden-headed man puppet who had been hiding aside suddenly rushed out and stopped Qin Feng.

The 50 billion combat power was extremely dazzling and shocked the whole audience.

But the next second, Qin Feng killed him with one punch. The puppet bombed.

The explosion was earth-shattering.

The sky shook for thousands of miles, and even the heaven and the earth were shaking. Billions of people were stunned. The bronze body of the puppet was shattered and splashed everywhere. Only the golden puppet's head was intact, dripping in the air. wander around

"Huh! This puppet head....."

Qin Feng suddenly felt that the puppet head looked familiar.

He waved his hand, and the golden puppet head fell into his hand, and he took a closer look.

I saw that the aura of this golden puppet head was consistent with that of a headless golden man. There was also a seal character of 'Twelve' on its forehead.

Isn't this the missing head of the headless golden man?

Qin Feng was ecstatic.

It really takes no effort at all!

He raised his head and saw the golden head flying towards him as if by telepathy.

This time, he was even more certain that the puppet head belonged to the headless golden man.

When he reassembles the puppet head and the headless golden man, the complete golden man puppet will be successful.

He will have a puppet with the strength of an emperor!

Qin Feng put away the puppet head happily.

He turned around to look again, and saw that the God Emperor had fled several miles away.

Qin Feng sneered, teleported, and reached the sky above the God Emperor's head, killing him to pieces with one palm.

A mass of origin, a storage ring, and a mysterious jade talisman remained in the air.

But the next second, a sudden change occurred.

The mysterious jade talisman suddenly exploded, emitting a dazzling white light that illuminated the whole world.

When the light dissipated, the origin of the God Emperor and the storage ring disappeared.

Qin Feng was slightly startled.

At this time, a sound broke through the air behind him, and Emperor Feng rushed over.

"Qin Feng, this seems to be a mysterious jade talisman of the resurrection type. The God Emperor must have established a resurrection altar somewhere else.....This guy must be resurrected!"

"However, such resurrection altars must be near the earth. If it's too far away, it won't be resurrected. Let's go look for it quickly....."

Emperor Feng's tone was a little anxious.

She was worried that the God-Emperor would resurrect and escape, and would bring in stronger reinforcements to retaliate.

Qin Feng smiled slightly: "Don't worry! I know where he will resurrect, just let him live for a few more minutes and kill these emperors first!" As soon as he finished speaking, he killed those emperors.

At this moment, the world is vast and the situation is changing!

Earth-shaking explosions kept ringing!

The screams echoed in the air.

Hundreds of millions of people watched in horror.

In just a moment, Qin Feng slaughtered all thirteen emperors.....

At the same time, the faint organization is stationed.

The secret training room of the God Emperor.

There is a small altar in the center of the secret room.

At this moment, the altar lit up with a dazzling spiritual light.

A moment later, a figure was successfully reshaped in the altar. It was the God Emperor.

"Ha ha! I am resurrected!!!"

The God-Emperor was full of surprises.

The resurrection altar contained his soul seeds and blood essence seeds.

This was also his best trump card.

However, although he was resurrected, his strength dropped drastically, and he actually fell from the peak of nine stars to nine stars. His face is also pale

"I didn't expect that Qin Feng to become so strong!"

"no! It's not a good place to stay for a long time! I must run back quickly!"

"I want to go back and tell the master! I want revenge!"

The God Emperor's figure flashed and disappeared into the secret room.

A few seconds later, he appeared at the entrance of the courtyard behind the station.

His interstellar spaceship was parked in this courtyard.

As long as he got on the spaceship, even if Qin Feng chased him, He was not afraid anymore.

The speed of the flying boat was much faster than that of the Great Emperor.

What's more, Qin Feng was only infinitely close to the level of the Great Emperor, but had not really reached the level of the Great Emperor.

The God Emperor quickly walked into the courtyard.

He had to escape as soon as possible!

But! As soon as he walked into the yard, he saw a cute little kid of four or five years old, looking at him cutely and cutely while chewing some fruit.

Uh! Who is this little kid?

Why is there a little kid in his residence? Milkman

"Hello! Grandpa, are you a bad person?"

Qin Baobao took a bite of the fragrant spiritual fruit and his mouth was bulging..

Chapter 392

The God-Emperor frowned.

He is in a hurry to escape now, so he has time to chat with the children

"Little brat! Get out of here!"

The God Emperor rushed over directly

"You actually cursed! You must be a bad person! The baby master is going to beat you!", Qin Baobao waved his little fist angrily

"Noisy!"

The God Emperor had already rushed to Qin Baobao and slapped Qin Baobao directly.

He wanted to beat this little troublesome thing into a pulp.

But the next second, Qin Baobao waved his pink little fist and punched him..Boom

~!

A shocking loud noise!

The whole station was almost shattered.

The God Emperor screamed!

He was so violent that he vomited blood and flew backwards!

The next second, he climbed up with difficulty and looked at Qin with great horror. Baby.

Oh my god~!

When did the little milk baby become so powerful!

But at this moment, the space around Qin Baobao fluctuated, and Qin Feng appeared

"Dad, you are here! I just beat this bad old man away!"

Qin Baobao excitedly reported his victory.

The God Emperor was shocked all over.

What?!

This little milk baby is actually Qin Feng's child!

The God Emperor was instantly desperate.

"Well done baby!"

Qin Feng stepped forward and walked towards the God Emperor.

The God Emperor was frightened and turned around to run away.

But as soon as he turned around, Qin Feng appeared in front of him.

The God Emperor's legs softened and he knelt down with a plop.

"Lord Qin Feng, please spare my life! As long as you can spare my life, I am willing to be your slave!"

Bang~! Bang~! Bang~!

The God Emperor kowtowed desperately.

In the face of life and death, he put down all dignity

"Not everyone is qualified to be my subordinate!"

"What?!", the God Emperor was shocked.

Boom~!

Qin Feng killed the God Emperor to pieces with one palm, and blood mist flew all over the sky.

A group of nine-star origins and a storage ring remained in the air.

Qin Feng waved and collected the loot. Get up.

Swish~! Swish~! Swish~!

At this time, several figures came from all corners of the station, it was Yu Qilin, Luo Li and others.

They were alerted by the sound of fighting here.

"I have met His Majesty!"

Everyone saluted one after another

"How's it going?", Qin Feng asked quietly

"Return to Your Majesty, eliminate all remaining members of the Hun Organization! Not a single one left!", Xiao Lun Wang reported excitedly

"very good!", Qin Feng nodded with satisfaction, "Jade Qilin!"

"The subordinates are here!"

"Can you control a starship?"

"meeting!"

Qin Feng was delighted: "Okay!" I will give you a new task now. Teach them how to control the flying boat. It may be useful in the future."

Luo Li and others' eyes lit up, thinking this was interesting.

Yu Qilin smiled: "This is no problem!"

"In addition, there is an interstellar spaceship here. Come and study it and see if you can control it!"

Qin Feng made a move, and a giant flying boat floated in the air. This was the flying boat of the Starry Sky Beast Clan.

The subordinates were very shocked when they saw the huge flying boat.

Jade Qilin was also amazed.

This flying boat of the Starry Sky Beast Clan was obviously bigger. Circle.

Qin Feng had no time to study the specific operations of the flying boat, so he handed over these matters to his subordinates.

Yu Qilin readily agreed.

Afterwards, Qin Feng arranged for Luo Li to contact the headquarters, and the floating station of the faint organization was also taken over, and in Establish a teleportation array on the station. In this station, the God Emperor and the Pluto Emperor spent countless efforts to move a huge meteorite from the void and built the station on it.

It has the advantage of being mobile.

After ordering some trivial matters, Qin Feng took Qin Baobao and returned to the Southern Capital City.

Emperor Feng, the Nine-Star Emperor, and Chu Chu had been waiting for him in the meeting hall.

In this battle, Earth fought beautifully and won a complete victory without any losses.

At this moment, In the meeting hall,

Qin Feng sat on a high dragon chair.

Below, the emperors were very excited.

Just now, Qin Feng rewarded them for their merits, and everyone gained a lot.

"Your Majesty, the Star Orcs and the Hun Organization have been eliminated, and there is no threat to the Earth Star Region. When will you go to the Alliance to promote to the fifth-level Star Region?"

The White Tiger Emperor asked excitedly

"yes! Your Majesty, when will you go?"

The Ice and Snow Emperor and others also asked with concern.

Qin Feng smiled slightly and felt quite happy in his heart.

It seems that this battle has boosted the morale of the Earth Star Territory.

The mentality of all the Emperors is positive.

Seeing the Earth Cultivation World With the booming development, Qin Feng also feels a sense of accomplishment.

"At the rate of development of our earth, promotion to the fifth-level star field is indeed imminent."

Qin Feng slowly spoke.

"However, all this will have to wait until the emperor completes the tribulation!"

As soon as these words were said, the emperors became even more excited.

The Turtle Emperor said happily:"Your Majesty is a genius. In just the period of transcending the tribulation, his strength is infinitely close to that of the Great Emperor. If His Majesty succeeds in overcoming the tribulation, he will definitely have the strength of a great emperor. With this promotion, we are safe!"

The emperors nodded one after another, and they respected Qin Feng more and more in their hearts.

At this time, the White Tiger Emperor said again:"Your Majesty, our earth will definitely be sure of this promotion. I heard that the Star Territory Alliance offers extremely generous rewards to those who have just been promoted to the fifth level Star Territory....."

Qin Feng smiled:"That's all for later, let's end today's meeting! Emperor Feng stays, everyone please step aside!"

"yes! His Majesty!"

The emperors and monarchs retreated respectfully.

Then, Qin Feng asked Chu Chu to take Qin Baobao away.

In the next few days, Qin Baobao was placed next to Chu Chu.

In the entire Qin sect, except for Qin Feng, Chu Chu was the only one who could control this little kid. Guys.

In a blink of an eye, only Qin Feng and Feng Di were left in the hall.

"Moon! come over!" Qin Feng waved his hand.

A suction force directly sucked Feng Di into his arms.

Feng Di's pretty face turned red:"It's broad daylight....."

Qin Feng smiled gently, and the two disappeared into the hall.

The next moment, in the Feng Emperor's boudoir

"Yue'er, you've been working hard during this time.....", Qin Feng gently let go of Emperor Feng

"You are my man and my God. If you are struggling outside, I will naturally help you take care of things at home.....", Emperor Feng looked out the window

"Yue'er, you're so kind"

Qin Feng gently hugged Feng Emperor Liu's waist and gently kissed his smooth forehead.

Emperor Feng's heart felt warm, and he looked lovingly at the handsome face in front of him, his heart filled with love.....

"I almost forgot, this was left by Emperor Plague Demon, Emperor Chaoyue, and Emperor Qingkun."

Fengdi took out three groups of nine-star origins and three storage rings.

"Keep these rings for yourself!"

Qin Feng only accepted three groups of nine-star sources.

These sources have very limited effect on Feng Emperor.

Feng Emperor cannot refine the sources.

Qin Feng can directly swallow them.

"Don't you see if there is anything you need among these rings?"

"Look no further!", Qin Feng doesn't care

"You....", Emperor Feng smiled and took out a divine feather, "Do you think this is what you want?"

Qin Feng took a look and saw that it was a nine-star wind divine feather, which was indeed what he needed.

With this divine feather, his Seven Birds Divine Fire Fan only needs one divine feather.

"Yue'er is still interested....."

Qin Feng took the divine feather with a smile.

Then, he took out another jade talisman and handed it over

"What is this like?"

"The jade talisman that controls the God-Emperor's interstellar ship! I now have two of these interstellar spaceships. I will use one for myself and leave one for Qin Clan. You can take charge of it..."

Emperor Feng was delighted: "Feng, this is great! With this spacecraft, we will soon be able to connect the eight major planets in the solar system, and we will be able to obtain more resources."

Qin Feng smiled and nodded. This is the truth.

According to their original plan, they had to fly to planets one by one and then build teleportation arrays on each planet.

If they are so busy, it will not be completed in a few years.

Now it's better, they have an interstellar spacecraft, which can save a lot of time.

It only takes ten minutes to fly from the earth to Mars by taking the spaceship. In a month at most, they can connect all the planets in the solar system.

By then, the entire solar system will be included The territory of Qinmen.

This is the scale that the fifth-level star field should have.

Teleportation array, planetary teleportation array, interstellar spaceship, and star system control.

These are the infrastructure of the fifth-level starfield. The Qinmen is basically completed. This is the last one.

When all eight planets are connected, the control of the star system will be basically completed.

Generally speaking, many infrastructures in the fifth-level star field are only established after the promotion is successful and the alliance rewards a large amount of resources.

Like Earth, there are still Those who have not been promoted to level five and are about to complete the infrastructure are considered powerful beings.

In this way, the earth will develop faster after it is promoted.

"Yue'er, you can handle those things yourself!"

"Um.."

"Yue'er, take these five pills....."

"what is this?"

"Fortune Pill! You can realize the true meaning. Each one has a 20% success rate. One out of five should succeed....."

Qin Feng gave all the good fortune pills on his body to Emperor Feng.

Emperor Feng has reached the limit of the nine-star peak.

If she wants to break through, she must understand the true meaning and then gather the foundation of the Great Emperor.

"Thanks,,,", Emperor Feng looked at Qin Feng lovingly, and felt warmth in his heart again.....

After a moment, Qin Feng left in a hurry

When the love between children is not yet long.

He and Qin Baobao are approaching their catastrophe, but the god-level challenge has not yet been completed, and time is running out.

He must seize the time to digest this harvest.

When thinking of this harvest, Qin Feng thought of the golden puppet head.

As long as he reassembles the puppet head and the headless golden man, he will have a complete golden man.

That is comparable to an emperor-level existence!

The more Qin Feng thought about it, the more he looked forward to it..

Chapter 393

A quarter of an hour later, Qin Feng returned to the Mars Temple alone.

There is a time formation in this temple. Without Chu Chu's help, the time effect will still be ten times greater.

What's even more rare is that there is no one to disturb you here, and it also has its own medicine garden, which is very convenient if you want to make elixirs or whatever.

At this moment, within the time formation.

Qin Feng happily took stock of the gains from this battle.

There are a total of twenty groups of nine-star origins, among which there are two groups at the peak of nine-stars.

Afterwards, he checked the storage rings of the God Emperor and others.

After this investigation, there was indeed a surprising discovery.

He actually found two nine-star natal divine feathers, one from the fire system and one from the thunder system.

The thunder-type one was of no use to him yet, but the fire-type one allowed him to gather enough materials to refine the Seven Birds Divine Fire Fan.

He will soon be able to refine his first emperor-level Yuanwu.

At that time, his combat power will be greatly improved.

In addition, he also found more than 500 Xingtide stones in the emperors' storage rings.

As a result, the number of Xingxi stones on his body has accumulated to more than 6,000 pieces.

In addition, he also got good news.

The results of the fifth-level star field promotion assessment are divided into several levels.

The better the assessment results, the more resources will be obtained.

There is only one qualification for assessors, that is, they must have emperor-level combat power. Even if their cultivation level is insufficient, as long as their combat power is sufficient, they are still eligible to participate in the promotion assessment.

In addition, assessors can bring battle pets to participate in the assessment.

After all, battle pets are also part of their master's strength.

This is very beneficial to Qin Feng.

There are many people in the Star Alliance who have war pets, but most of them have average war pet qualifications.

A war pet with the potential to dominate like Qin Feng is almost unique.

If those superior masters knew about it, they would only be jealous and envious.

After taking inventory of the harvest, Qin Feng summoned the headless golden man, took out the golden puppet head, and began the repair work of the golden puppet.....

In the blink of an eye, thirty days passed in the formation.

Three days have passed in the outside world.

On this day, deep in the vast universe.

A small sun quickly shuttled through the starry sky and was flying towards the earth.

If you look carefully, you will find that the small sun is clearly a divine bird with golden flames burning all over its body.

The divine bird has three legs and twelve toes with golden red feathers. It has an imperial feather crown on its head, and behind it is the shadow of the Holy Wheel of the Great Sun. On top of its head are hundreds of millions of auspicious clouds, with hundreds of millions of golden lanterns on top. The sky is filled with rays of rays, showing the majesty of the great emperor.

He is the Golden Crow Emperor!

Just a few days ago, he discovered that something had happened to Emperor Gale.

According to the agreement between Gale Emperor and him, Gale Emperor took the initiative to contact him every three days.

This is the suggestion of Emperor Gale, that guy is very cunning.

The purpose of this is to prevent accidents.

If the Gale Emperor did not contact him after three days, it meant that something might have happened to the Gale Emperor.

It has been more than six days now, and the Gale Emperor has not contacted him proactively.

You don't need to think about it to know that something happened to Emperor Gale!

Therefore, the Golden Crow Emperor was frightened and angry, and rushed to the earth at full speed.

He wants to find out what all this is about?

He wants to avenge the Gale Emperor and the Star Orcs!

Speaking of which, Gale Emperor and him are somewhat related by blood.

"I really don't understand, Wuye and Dafeng are both smart and capable juniors. There were still six emperors under their command, so why were they lost in a small indigenous star field?"

"Is that Qin Feng really as powerful as Dafeng described?"

A glint flashed in the eyes of the Golden Crow Emperor.

He can't wait to find Qin Feng now.

Calculating the time, he will be able to reach the earth in almost ten days. It would be great if he could go faster.

The Golden Crow Emperor just came up with this idea. Ten days ahead. Thousands of miles away, the void trembled.

Then, a huge flying boat slowly emerged from the void.

The huge ship was the size of ten cities, which was very shocking.

"Huh! Advanced interstellar spacecraft!"

The Golden Crow Emperor's eyes lit up, turned into a golden rainbow, and chased the interstellar spaceship.

"Stop the flying boat ahead! I have something to ask of you!"

The Golden Crow Emperor chased behind the flying boat in a blink of an eye.

The interstellar spaceship was about to start its second space jump.

It seemed to have heard the Golden Crow Emperor's call and stopped.

A moment later, a middle-aged man wearing a black uniform appeared in Above the flying boat.

The Golden Crow Emperor arrived in an instant and transformed into a man in golden robes.

"What's the matter?", the man in black asked quietly

"I am the Golden Crow Emperor of the Star Beast Clan! This great emperor wants to take a ride on your flying boat, so I'll give you a ride!"

The Golden Crow Emperor's tone was a bit condescending.

If he could commandeer this spaceship, it would only take a few hours to reach the earth.

"Give you a ride? What's your price?", the man in black asked nonchalantly.

The Golden Crow Emperor was stunned:"I, the great emperor, want to take a ride on your flying boat, and you still want to charge money?"

According to his idea, after the other party knows that he is the Great Emperor, he should take the initiative to invite him and then enthusiastically give him a ride. You must know that the Great Emperor level is the master of one party in the Star Alliance. He is considered a big shot. Wherever he goes? There will always be people who are flattering

"No money! Why should I take you?"The tone of the man in black turned out to be impatient.

The Golden Crow Emperor frowned:"Where are you in charge? This emperor wants to talk to him!"

"roll!"

The man in black had long been impatient and punched out.

In an instant, the void with a radius of tens of thousands of miles was shattered inch by inch. The Golden Crow Emperor was vomited blood and flew hundreds of thousands of miles backward.

The void was filled with broken golden feathers. It was flying.

At this moment, the light and shadow flashed next to the man in black, and there was another beautiful woman in black uniform.

"Beimen, what's wrong?", the beautiful woman asked in a low voice

"I met an ignorant miscellaneous bird!"

Beimen sneered and looked towards the direction where the Golden Crow Emperor was blown away.

The beautiful woman smiled charmingly:"It turns out he is an Emperor in the early stage of foundation building. Do you want me to kill him? His Golden Crow True Fire should be pretty good!

Beimen shook his head slightly: "Forget it!" The Star Beast Clan will not give up until we kill her! Remember we have a secret mission, don't cause trouble to the master!

The beautiful woman said disdainfully: "Who is the Star Beast Clan?" It would be easy for the master to destroy them!"

"That would disturb the owner's cleansing! Come on, Earth is coming!"

Beimen dodged and returned to the spaceship.

The beautiful woman glanced at the Golden Crow Emperor coldly, and then returned.

A moment later, the interstellar spaceship jumped in space and disappeared into the void.

In the distance, the Golden Crow Emperor looked frightened. He looked at the place where the flying boat disappeared.

After a long while, he slowly wiped the blood from the corner of his mouth.

He was wrong this time.

He didn't expect that the man in black was so scary!

He seriously injured himself with one punch. He was definitely in the late stage of foundation building. Emperor.

And the woman who appeared behind her seemed not as powerful as the man in black!

If these two people really wanted to kill him, then he might...

At this thought, the Golden Crow Emperor felt cold all over, and he was afraid. Awesome.

The combat power of the Great Emperor in the foundation building stage is 200 billion to 1 trillion.

This is also subdivided into three smaller levels.

200 billion to 400 billion is called the early stage of foundation building.

400 billion to 700 billion, It is called the middle stage of foundation building.

700 billion to 1 trillion is called the late stage of foundation building.

The combat power of the Golden Crow Emperor is about 300 billion, which is only in the early stage of foundation building. The North Gate and the beautiful woman are obviously strong men in the late stage of foundation building..What is the origin of this man and woman?

The Golden Crow Emperor couldn't figure it out and didn't dare to think too much..

Chapter 394

But on the other side, above Mars, Qin Feng left the temple with a satisfied look.

He stayed in the time formation for thirty-seven days.

Almost four days have passed outside.

He calculated and found that Qin Baobao only had half a day left.

It's time for him to go back.

Speaking of which, he gained a lot during these thirty-seven days.

The golden puppet has been repaired, and its combat power has reached 260 billion, which is stronger than when he and the baby were combined.

This was an unexpected big gain, and it was also a great help for his god-level challenge.

In addition, the Seven Birds Divine Fire Fan was also refined.

More than a thousand fire demon terracotta warriors were refined by him.

Each terracotta warrior has materials such as sky-tempered gold added to its body, and is equipped with weapons.

As a result, the minimum combat power of those warriors has reached the level of transcending tribulation.

The combat power of the warriors who were originally at the Tribulation Stage level has also doubled.

Qin Feng spent more thought on the two fire demon general figurines and equipped them with real imperial weapons.

Today, the combat power of the two generals has reached the peak level of nine stars.

Puppet weapons like these can be brought into the challenge space.

Qin Feng is full of confidence now.

After a while, he arrived at the Mars station.

There are already thousands of Qinmen members in the station, and they are developing and building this new station.

The resident leader is the Tiger King under the Turtle King's throne.

When everyone saw Qin Feng, they all saluted.

Qin Feng said hello and left in the teleportation array.....

Meanwhile, on Earth.

In Nandu City, on the roof of a palace.

Qin Baobao was sitting on the tiles, eating fruit and looking at the sky cutely.

"Baby, you have been sitting here looking at it for a long time. There is nothing in the sky. What is there to see?"

Chu Chu sat down next to her

"I'm waiting for dad to come back! If he doesn't come back, my tribulation will come..."

The baby's tone was slightly sad.

Dad said that he couldn't survive the tribulation until he came back.

The baby listened to his father's words and has been restrained.

But now, She felt that she could no longer control herself.

The disaster would come in half a day at most.

"Oh, don't worry, baby, you will do whatever your dad said. He will be back soon..."

Chu Chu hugged Qin Baobao affectionately

"Um! The baby also feels that daddy will be back soon...", Qin Baobao took a big bite of the spiritual fruit in his hand.

At this moment, the space around her fluctuated, and Qin Feng appeared.

As soon as he appeared, Qin Baobao and Chu Chu were greatly surprised.

"dad!"

Baobao Qin rushed over.

Qin Feng bent down and held her lovingly in his arms.

"Little one, do you miss daddy?", Qin Feng asked with a smile.

"Um! The baby misses daddy so much!", the baby hugged Qin Feng's neck affectionately.

Qin Feng kissed the baby's face lovingly.

The little face was white, tender, and fragrant.

Chuchu on the side looked envious.

His brother hadn't hugged her like this for a long time.

However, she can't compare with four or five-year-old children.

"Brother, the baby said her calamity is coming soon...."

"Well, that's what I came back for.", Qin Feng looked at Chu Chu again.

This girl is becoming more and more lively. She hasn't seen her for a few days, and her cultivation has also improved by leaps and bounds. She is not far from the period of overcoming the tribulation.

Of course, this is also because Qin Feng gave Chu Chu a lot of practice Resources can make progress so fast.

"Chu Chu, you have to work hard these days. If you can break through to the tribulation stage before I leave the earth, I will take you to the Star Alliance with me!"

"real?", Chu Chu was overjoyed

"certainly!"

"Brother, don't worry! I will definitely break through to the tribulation stage before you leave!"

"Are there any resources still missing?"

"There is no shortage!", Chu Chu looked excited. She had long thought that when her brother went to the Star Alliance to apply for promotion, she would not be able to see her brother for a long time. She would not see her baby either.

These two people were the most concerned about her.

Now, Qin Feng agreed to take her with him, and she was naturally excited.

Besides, she also wanted to see the outside world.

Seeing Chu Chu so happy, Qin Feng also smiled.

He was also stimulating Chu Chu's enthusiasm.

But just At this moment, he felt an inexplicable throbbing in his heart.

The feeling was very strong.

It was much stronger than the last time he discovered the Mars Temple.

Following this, he also had an intuition in his heart that asked him to start the god-level challenge immediately. , is of great benefit to him.

This kind of intuition is inexplicable.

But Qin Feng believes in this feeling.

He knows that this is the influence of luck, and there will be nothing wrong if he follows the hints of luck.

"Chuchu, I have to leave beforehand....."

Qin Feng hurriedly said hello and left with the baby.

The next second, the two appeared in a secret training room.

Qin Feng directly started the god-level challenge, and the breath of the two completely disappeared from the earth.

At the same time, on the roof of the palace.

Chu Chu stared blankly at the place where her brother disappeared, feeling a little empty in her heart.

She still has a lot to talk about with her brother!

But my brother has been getting busier and busier lately.

Chu Chu sighed for a while and was about to leave.

But at this moment, the world suddenly darkened.

It was as if day turned into night all of a sudden.

Chu Chu quickly looked up and saw a starry sky craft that was even bigger than Nandu City. It suddenly appeared in the sky above Nandu City, blocking all the light.

"This is...."

Chu Chu was shocked.

These are definitely not two spaceships from the Earth world.

This spaceship is more than ten times larger than theirs.

At this moment, the whole city was in commotion, and hundreds of millions of people were alarmed.

People's exclamations came from the streets and alleys

"Take a look! what is that?"

"OMG! What a big starship!"

Shua~! Shua~! Shua~! ...

In the palace, several powerful figures flew out at the same time, each looking up at the flying boat in the sky.

The leader was none other than Emperor Feng.

Emperor White Tiger, Emperor Xuanwu and others followed closely behind

"Deputy Sect Master, where did this interstellar spaceship come from? It seems to be much larger than our earth's spaceship!" The White Tiger Emperor was a little uneasy.

The size of the interstellar spacecraft can indirectly tell the strength of the forces behind it.

"Not sure!", Emperor Feng shook his head slightly, with a serious expression.

At this moment, the hatch of the airship opened.

A man and a woman flew out from it, both in black uniforms. As soon as the two appeared, two extremely terrifying Emperor's swords flew out. The power quickly enveloped a radius of hundreds of millions of miles.

"It's the Emperor!"

Feng Emperor and others were horrified.

If the Golden Crow Emperor were here, he would definitely be horrified to find that the man and the woman were Beimen and the beautiful woman.

At this moment, Beimen glanced arrogantly at the people below and summoned a crystal ball. Item.

He made a seal with his hand, and the crystal ball emitted a halo of light that spread around.

In just a few seconds, the halo scanned the entire earth several times.

Finally, a red dot lit up on the crystal ball

"Got it!", Beimen showed a look of joy.

The beautiful woman looked at the position of the red dot and said with a charming smile: "This person is below! This saves us a lot of trouble!"

"Go down!"

Beimen held the crystal ball and flew down first.

The beautiful woman followed closely.

In an instant, the two of them flew over the palace, glanced at everyone as if no one was watching, and finally fell on Chu Chu.

"Dongying, it should be her!", Beimen looked at Chu Chu

"That's right! It should be her!", the beautiful woman Dong Ying also looked at Chu Chu.

Then, the two flew towards Chu Chu together.

Chu Chu was shocked.

She didn't know these two emperors.

Why did they come to find her?

""Two adults, you..."

Emperor Feng was worried that something might happen to Chu Chu, so he quickly flew over and asked for advice.

Emperor White Tiger and others followed closely behind him.

"Back off!"

Dong Ying waved his hand, and Feng Di and others were swept back by an invisible force.

"I'm only here to investigate, and I won't hurt your lives! If you interfere again, don't blame me for not telling you!"

Dongying said with warning.

All the emperors were frightened.

The North Gate had already arrived in front of Chu Chu.

"Little girl, can I lend you a drop of blood? Just check it out and leave!", Beimen's tone was quite gentle.

Chu Chu hesitated for a moment, and then popped out a drop of bright red blood essence from his fingertips.

The crystal ball automatically emitted suction and absorbed the drop of blood essence.

Then, the crystal ball vibrated and faintly There was a roar of dragons echoing in it.

After a while, the crystal ball emitted six golden halos, which were extremely dazzling.

In the halo, there was a faint shadow of a dragon leaping through the sky.

"It's the sixth-level Dragon God inheritance!"

"very nice! Level 6 inheritance is already very rare. Little girl, work hard! You will be the best among the emperors in the future!"

Beimen looked at Chu Chu with a smile on his face, seeming to appreciate it.

"North Gate, let's go! She is not the person we are looking for!" But Dong Yingying was very impatient.

Beimen put away the crystal ball and left. In a blink of an eye, the two of them got on the flying boat and left on the flying boat. They soon disappeared into the vast starry sky. Only Feng was left behind.

Di, Chu Chu and others looked confused.....

At the same time, inside the mysterious flying boat.

Beimen looked at the star map in his hand

"The Dragon Ruins Secret Realm has appeared in the Earth Star Territory, and now it has been found out that the beneficiary of this Dragon Ruins Secret Realm is that little girl...."

"She has obtained a sixth-level inheritance, and this earth star field can be completely excluded..."

He drew a circle on the star map.

Dong Ying on the side sighed:"Hey! Disappointed again this time!

Beimen smiled:"There is only one inheritor of the Ancestral Dragon!" How easy is it to find him?
Dongying smiled bitterly:"

I also know it's not easy." It's just that the Star Alliance is so big, it will take us decades to complete the search. I was worried that I would be embarrassed if I still couldn't find it after searching around.

Beimen said calmly:"Don't worry!" We use the elimination method and a blanket search, and we will definitely find it."

"For example, the Earth Star Domain just now can be excluded. There will definitely be no Ancestral Dragon inheritors. If so, he would not be able to escape the detection of the Dragon Crystal Ball!"

Dong Ying nodded slightly. She agreed with this. There is no need to consider the earth.

At this time, she thought of something again and lowered her voice:"Beimen, why do I feel that the master is very afraid of the inheritor of the ancestral dragon? Is there anything special about that Ancestral Dragon inheritor?"

"Is there anything about him that can threaten his master? You know, even the Star Master has to kneel down to say hello when he sees his Master! Is it possible that the inheritor of the Ancestral Dragon is more powerful than the Star Master?! Beimen

's face changed slightly:"Dongying, this involves the master's private matters, so we should not discuss it unreasonably!" The master has great supernatural powers, maybe he knows what we are talking about now."

Dong Ying's face changed slightly and she didn't dare to speak anymore.

But neither of them knew that they had completely missed the inheritor of the Ancestral Dragon..

Chapter 395

But on the other side, Qin Feng and Baobao entered the challenge space.

At this moment, the two of them were suspended in the endless void.

There was darkness all around.

In the void ahead, there is a black tower suspended, with nine floors and a height of tens of billions of miles, with no end in sight.

At a rough look, it's probably about the size of half the moon.

There is also a huge plaque hanging in the center of the black tower, with the above three words - Demon Suppression Tower.

The whole tower exudes an eerie atmosphere.

"Dad, this tower is so big!"Baobao Qin's little mouth opened wide.

"Hmm~" Qin Feng also looked at the tower.

System prompts sounded in his mind

"Ding! The god-level challenge of the Tribulation Period begins!"

Challenge content: Continuously pass through the nine-story Demon Suppression Tower and kill the nine hell demons. The challenge time limit for each level must not exceed 3 minutes.

Tip 1: If any level fails, the challenge will fail and there will be no reward.

Tip 2: The challenge is successful. , you can get generous rewards. If the total completion time is less than 20 minutes, the reward will be doubled; if the total completion time is less than 10 minutes, the reward will be tripled.

Tip 3: The magic tower has nine floors, one floor is stronger than the other!

"interesting!"Qin Feng's lips raised slightly,"The rules have changed slightly and become more interesting...."

"Baby, psychic fusion!"

"OK!"

With a thought in his mind, Qin Feng completed the chaos transformation in an instant, and his combat power surged to more than 180 billion.

Qin Baobao also turned into a ten-thousand-foot golden dragon and merged into Qin Feng's body in an instant.

Click~! Click~! Click~!

All around Qin Feng's body The golden dragon battle armor was assembled in an instant, and the cloak behind him was windless and automatic. He was very domineering, and his combat power reached more than 230 billion.

"Dad, let's go in!", the baby's impatient voice sounded in Qin Feng's mind.

Qin Feng smiled slightly and strode towards the Demon Suppressing Tower.

After a moment, he entered the first floor of the Demon Suppressing Tower.

This first floor of the Demonic Tower was extremely wide, and there was endless space under his feet. The grassland...

It is more like a plain than the first level of the magic tower... As soon as Qin Feng came in, he saw a flower as tall as an adult growing in the center of the plain.

The flower was bright red and very It is beautiful and exudes a refreshing fragrance.

But there are skeletons scattered around the roots of the flower, both human and demonic. It is like a field of white bones.

Such a scene makes this flower very strange and beautiful. It's weird.

Click~!

Qin Feng walked forward and broke a withered bone.....

The breeze blows, as if there is a dark wind blowing.

The atmosphere was depressing.

Qin Feng felt inexplicably that there was a pair of invisible eyes looking at him secretly.

"Dad, those flowers are so weird!", the baby muttered in a low voice.

Qin Feng looked at it silently, and a light screen automatically popped up in his eyes.

Name: Mandala Emperor (one of the nine hell demon kings)

Level: Level 43 (Emperor level, early stage of foundation building)

Skills: ??

Weapon :???

Combat power estimate: 300 billion (not absolute)

True intention control: Wood's true intention

Reminder: The winning rate is less than 50%.....

"It seems that this is the target of the first challenge!", Qin Feng smiled slightly.

At this moment, the demon flower swayed and turned into a coquettish woman.

She was dressed in a red skirt, with a slim waist, plump hips, and graceful curves, which was very attractive

"Are you a demon slayer?"

The Mandala Emperor had a charming smile on his lips, and his beautiful eyes were wandering on Qin Feng's handsome face.

This human boy is so handsome!

"What demon slayer?", Qin Feng wondered

"Here~! These are all people!", Emperor Mandala pointed to the bones everywhere.

"There are many Nine-Star Emperors here, and a few of them are from the Nine-Star Peak... Unfortunately, they are too weak, and they are all used as nutrients by me! Emperor Mandala looked at Qin Feng with a charming smile: "Young man, are you coming to kill me too?"

"That's right!"

"Poof!" Emperor Mandala smiled sweetly, "Is it just based on your cultivation during the tribulation period? You! I can crush you to death with just one finger... I am at the level of an emperor!"

The Mandala Emperor's eyes were a little high.

She couldn't see how powerful Qin Feng was, but she could see the level of Qin Feng's cultivation.

How powerful could a human boy in the tribulation stage be?

At most, it's only a few billion combat power!

From the bottom of her heart, she didn't take Qin Feng seriously.

"oh? So what are you going to do?"

Qin Feng asked deliberately. He was also waiting for the system's prompt.

Emperor Mandala stretched out his pink tongue, licked his red lips, twisted his slender waist, and walked towards Qin Feng.

After a moment, she walked up to Qin Feng, stretched out her jade hand, and touched Qin Feng's handsome face.

"The skin is so good! He is also very handsome! So be it, you stay and be my guest, and attend my bed day and night. As long as you make me feel comfortable, I won't kill you, okay?"

Emperor Mandala smiled frivolously, as if he was convinced of Qin Feng.

At the same time, the system prompts sounded in Qin Feng's mind.

"Ding! The first level challenge is officially launched, and the time starts now: 3:00 seconds...2:59 seconds....."

"Handsome guy, have you thought about it?", Emperor Mandala couldn't put it down and stroked Qin Feng's face.

Qin Feng suddenly broke out,

"Think about it!"

He quickly slapped Emperor Mandala's chest with his palm.

The combat power of more than 230 billion exploded instantly.

"You lied to me!"

The Mandala Emperor was shocked and instantly opened the protective light shield.

She did not expect that Qin Feng's combat power would be so strong.

But there was no worry in her eyes, only anger.

With an attack power of 230 billion, she could not defeat 300 billion. The protective shield of combat power.

But in the next second, a sudden change occurred!

Click~!

Qin Feng's palm easily shattered the light shield, like breaking glass.

"This...this is the true meaning of destruction!!"

The Mandala Emperor finally panicked.

The true meaning of destruction is the supreme true meaning, which can double or even multiply the attack power.

People with the supreme true meaning are far stronger than those of the same level.

Boom~!

The earth cracks!

The surrounding space collapsed!

Qin Feng struck the Mandala Emperor with a palm, causing her body to disintegrate with a sensation, and blood flew all over the sky.

But the next second, the flesh and blood regrouped and took the form of the Mandala Emperor again.

She was resurrected

The power of Mu Zhiyi is resurrection and regeneration. However , her face turned pale and her momentum dropped sharply.

The destruction of this physical body will also cost her something.

"Boy, it's up to you! You can't kill me yet!"

The Mandala Emperor sneered, and tens of thousands of pollen spores flew out from his body.

As soon as those pollen spores fell to the ground, thousands of Mandala Emperors turned out, all of them had the strength to transcend the tribulation stage, and then He rushed towards Qin Feng.

Qin Feng waved his hand, and the Thousand Feather Sword Formation emerged, turning into thousands of sword lights and shooting out in all directions.

In the blink of an eye, thousands of clones of the Mandala Emperor were strangled to pieces.

But the next step In seconds, the remaining limbs of those clones automatically combined, resurrected, and rushed towards Qin Feng again.

At the same time, the Mandala Emperor released a second wave of pollen spores.

Nearly ten thousand more clones surrounded and killed him.

"Ha ha!! Boy, what if you master the true meaning of destruction? So what if your attack power is super strong? Under the endless clones of this Emperor, I will kill you sooner or later!"

While speaking, Emperor Mandala released a third wave of pollen spores...

She has nearly 30,000 pollen clones, and they are unkillable.....

She also saw Qin Feng strangle the clones several times, but in the blink of an eye, all those clones were resurrected, and there were more and more of them.

Emperor Mandala felt proud and prepared to release the fourth wave of pollen spores.....

But at this moment, a sudden change occurred in the field.

Qin Feng suddenly put away the Thousand Feather Sword Array, and a strange fan appeared in his hand, which was the Seven Divine Fire Fan.

The Qin wind blows across the sky, filling the sky with wind and fire, covering the sky and covering the earth, sweeping around.

In an instant, tens of thousands of pollen clones were turned into ashes. The dead could no longer die, and none of them could be resurrected.

"Wow!"

Mandala Queen spat out a large mouthful of essence and blood, and her momentum instantly weakened.

She had lost so many pollen clones and was already severely injured.

"Great... great emperor level Yuanwu! How come you have the Great Emperor Yuanwu!" Emperor Mandala looked at the Seven Birds Divine Fire Fan in great horror.

This weapon just restrained her!

Qin Feng was too lazy to talk nonsense and gave her a fan directly.

The wind rides on the fire, and wood can't make the fire strong.

In just a moment, Mandala Luo Huang was wrapped in a ball of divine fire.

Her shrill screams came from the flames.

This divine fire just restrained her regeneration and repair abilities.

Qin Feng summoned the Dragon Spear, teleported over, and killed Man with one shot. Emperor Tuoluo was bombarded to pieces.

There was a demon flower seed, a ball of the emperor's origin, a true meaning divine seal, and a storage ring left in the air.

Under the wheel sea realm, after the great emperor died, his great emperor's foundation and true meaning The divine seal will automatically separate and the imperial foundation will disappear.

Only the great emperor in the Wheel Sea Realm will still have a perfect combination of his origin and the true meaning of the divine seal after death, and the imperial foundation will still exist.

"Finally dead!"

Qin Feng looked at the trophy in front of him excitedly.

System prompts also sounded in his mind

"Ding! Congratulations to the host for successfully challenging the first level! Time taken for this level: 53 seconds!"

"53 seconds! not bad!"

Qin Feng waved and put away all the trophies in front of him..

Chapter 396

Qin Feng looked at the trophy in his hand, and finally his eyes fell on the True Meaning Seal, and a light screen automatically popped up in his eyes.

Item: True Meaning Seal

Category: Wood's True Meaning (ordinary True Meaning)

Notes: Can be swallowed (can improve the completion of the Endless True Meaning)

"Huh! This can improve the degree of completion of the true meaning!"

Qin Feng's eyes were filled with surprise.

From the top of the Nine Stars to breaking through to the Great Emperor, one must first realize a true meaning.

When this true meaning is realized to perfection, the True Meaning Divine Seal can be condensed.

And the True Meaning Divine Seal can then be merged with the source to become the Great Emperor. The foundation.

At that moment, Qin Feng opened his mouth and swallowed the true meaning seal.....

"Ding! Successfully swallowed the true meaning of the divine seal (the true meaning of wood)...the perception of the unending true meaning was increased to 10%...All defense, recovery, healing, and regeneration abilities are doubled...."

"Ding! The host's qualifications are improved... Dragon God's inheritance is awakened to 58%..... Combat power increased by 10 billion (before Chaos transformation)....."

Qin Feng was overjoyed.

It is extremely difficult to improve your true meaning.

When the true meaning reaches 100%, the true meaning divine seal will be condensed.

His current True Intention has been completed to 10%, and his comprehensive combat power has been increased to 245 billion.....

"Not bad harvest!"

Qin Feng was satisfied, and checked the Mandala Emperor's storage ring again, showing surprise again.

There were five groups of nine-star origins on the ring, as well as four to five hundred star tidal stones.

There was also an emperor-level spiritual plant. ——Nine-bend Heavenly Ginseng.

Qin Feng got one of this Nine-bend Heavenly Ginseng in the Mars Temple.

This one was obviously weaker, but it was also nearly 100 million years old.

Qin Feng ate it in one bite, and his physical strength increased to the Great Emperor level 75%, the comprehensive combat power is increased to 250 billion (psychic combined state).....

At this moment, a light door appeared not far away

"Dad, a space gate appeared there..."

"That should lead to the second floor!"

Qin Feng put away the storage ring and walked towards the light door.

After a moment, he stepped into the light door and entered a new space. The surrounding area was desolate, with rotten bones and broken swords everywhere.

Those broken weapons were somewhat slanted. Some of them were inserted on the ground, and some were inserted on corpses. The air was filled with a strong smell of blood and rot.

It was like a Shura field after the war.

Qin Feng raised his head and looked at the center of the battlefield.

There was a billion-dollar spear inserted there. The divine sword of Zhang Zhang.

On top of the divine sword, stood a cold white-haired young man, holding a wine gourd in his hand, looking up to drink.

Name: Sword Emperor (one of the nine hell demons)

Level: 43 (Emperor level, early stage of foundation building)

Skills: ??

Weapon: Babel Sword (Emperor level, can be dropped on the first kill)

Combat power estimate: 300 billion (not absolute)

True meaning control: The true meaning of the sword (gold system, top true meaning)

Reminder: Win rate higher than 70%.....

After reading the message, Qin Feng smiled.

Judging from the data of the Sword Emperor, he is obviously stronger than the Mandala Emperor, but his winning rate is higher.

Could it be that he just restrained the Sword King, or has his strength improved a bit, leading to an increase in his winning rate?

Thinking of this, Qin Feng shook his head slightly.

My strength has not improved much, so it stands to reason that my winning rate should not be so large.

"Demon slayer?", the Sword Emperor proudly took away the wine gourd

"That's right!", Qin Feng smiled

"A period of transcendence?", the Sword Emperor was slightly surprised.

Immediately, he sneered: "No matter what your cultivation level or strength is, if you dare to provoke me, I will fight with all my strength!"

"Come! Fight!"

The Sword Emperor flew into the air.

The sword's ten-thousand-foot-long sword buzzed and vibrated, and the sound of the sword could be heard within a hundred miles.....

That is his emperor-level Yuanwu - Tongtian Sword!

The next second, the sword energy soared into the sky, and the heaven and earth trembled for hundreds of millions of miles.

In the blink of an eye, the Babel Sword shrank to its normal size.

The Sword Emperor made a casual move, and the Heavenly Sword sang softly and automatically fell into his hand.

The man and sword merged into one, and the momentum surged.

The Sword Emperor descended from the sky and struck Qin Feng directly with his sword.

"Ding! The second level challenge is officially launched, the timer starts now: 3:00 seconds....."

"Ha ha!! Just in time!"

Qin Feng raised his gun to fight.

Boom~!

Click~! Click~! Click~!

Within a thousand miles, the space shattered!

Wow~!

The Sword Emperor was actually hit by Qin Feng's shot and vomited blood and flew backwards.

Qin Feng also groaned and stepped back. Hundreds of meters.

The True Meaning of Destruction focuses on killing, which is the supreme True Meaning.

The True Meaning of Sword Dao also focuses on killing, but it is only the top True Meaning, one level lower.

Even with the assistance of the Emperor-level Yuanwu, the Sword Emperor's attack power still cannot match that of Qin Feng.

"how so?", the Sword Emperor roared in his heart.

His biggest advantage is that his attack power is much stronger than that of the same level.

But this advantage is a disadvantage in front of Qin Feng.

He was restrained by Qin Feng.

But before he could catch his breath, Qin Feng teleported, arrived behind him, and there was another shot that destroyed the world.

The Sword Emperor was once again vomited blood and flew backwards.

Whoa~!

Qin Feng teleported again, and there was another shot.

"The true meaning of the sword! Endless sword energy!"

The Sword Emperor roared wildly! He unleashed his trump card!

He released millions of sword qi from all over his body and shot towards Qin Feng.

Those sword qi were so dense that there was no way to avoid them unless Qin Feng teleported away.

Qin Feng did not avoid it, but directly opened the protective shield and continued to attack.

Seeing this, the Sword Emperor's eyes showed ridicule.

His sword energy has a characteristic, that is, it ignores any defense and cannot resist at all, only avoid it.

This boy does not dodge , dare to resist, then wait to be shot into a sieve by the sword energy!

In a while, you don't even know how to die! Haha!!

Sure enough!

The sword energy directly ignored Qin Feng's defense, hundreds of sword energy, Passed through Qin Feng's body.

For a moment, blood spurted out, and there were countless holes in Qin Feng's body, and all his internal organs were pierced.

The Sword Emperor was ecstatic!

But the next moment, a sudden change occurred.

The true meaning of Endlessness automatically Operation!

In just a blink of an eye, Qin Feng's injuries were completely recovered, and he was still alive and well.

Qin Feng landed a shot. There was a loud bang!

Mixed with a shrill scream!

One of the Sword Emperor's arms was blown away, and the person was also blown away. Go out.

At this moment, the Sword Emperor was desperate.

Qin Feng's true meaning completely restrained his sword energy.

Then, Qin Feng continued to chase.

A moment later, with a shrill scream, the Sword Emperor was killed. In the air, there was a ball of the Emperor's Origin, a Sky Sword, a True Meaning Seal, and a storage ring.

Qin Feng happily put away the trophies.

Then, he swallowed the True Meaning Seal directly.....

"Ding! Successfully swallowed the true meaning of the divine seal (the true meaning of the sword)... The perception of the true meaning of destruction was increased to 18%...All attack power increased by 180%...."

"Ding! The host's qualifications are improved...Dragon God's inheritance is awakened to 60%..... Combat power greatly increased....."

Qin Feng felt great, his understanding of the true meaning of destruction also improved, and his comprehensive combat power increased to 270 billion.....

Then, he looked at the storage ring. There were many good things in it, including three to four hundred pieces of Xingxi stones.

It's just that those items are temporarily unavailable.

At that moment, he put away the storage ring and the origin of the Great Emperor, and took out the Heavenly Sword with a look of joy on his face.

This is the second emperor-level Yuanwu he has obtained.

With the help of this sword, his attack power will explode

"Ding! Congratulations to the host for successfully challenging the second level... Time spent on this level: 42 seconds... Accumulated time: 1 minute and 35 seconds"

"1 minute and 35 seconds is not bad!"

Qin Feng's mouth showed a smile. He has passed the level very smoothly so far!

He can give it a try and pass the level within 20 minutes.

In that case, the reward can be doubled.

Of course, clearing the level within 10 minutes can be tripled, but it is too difficult.

Qin Feng thought to himself, there are still seven levels behind, and he doesn't know what they are.

At this moment, there was a space fluctuation in front of him, and the light door leading to the third floor opened..

Chapter 397

"Dad, the entrance to the third floor is also open. Let's go there quickly.....",Qin Baobao's cute voice sounded

"Not urgent! Wait until dad refines this sword!"

Qin Feng touched his hand on the Tongtian Sword.

There was a flash of silver light and a soft pop, as if something was broken.

In fact, it was the soul mark left by the Sword Emperor in the sword.

Generally speaking, if Yuanwu's If the master is immortal, the soul mark is almost indelible.

Now that the Sword Emperor is dead, Qin Feng easily erases his soul mark and refining it.

A moment later, Qin Feng carved his own soul mark in the Tongtian Sword and sacrificed it.
Success.

He stroked the sword with satisfaction for a while, and then walked towards the entrance of the third floor with great ambition.

As soon as he stepped into the light door, the surrounding scenery changed.

After his feet were firmly planted, Qin Feng entered the third floor.

This third floor It was very clean, there was no smell of blood, and there were no bones on the ground. It was just that the air was very hot and dry.

The black stone floor was scalding hot.

Qin Feng raised his head and looked forward, where there was a large black flame suspended there, emitting It produces extremely high temperatures, even the surrounding space is roasted and distorted.

Name: Flame Demon King (one of the nine hell demon kings)

Level: 43 (Great Emperor level, early stage of foundation building)

Skills: ??

Weapon: ??

Estimated combat power: 350 billion (not absolute)

True Intent Control: Ember True Intent (Fire Element, Top True Intent)

Reminder: The winning rate is higher than 60%.....

"Yo ho! My winning rate is on the high side. I wonder how long it will take to kill this Flame Demon King?", Qin Feng muttered in his heart

"Ah! Another demon slayer here to die!"

The black flames swayed and turned into a big man with a beard on his face. His bare upper body showed off his perfect muscle curves. There were still fierce flames burning around him.

"Your place is very clean!", Qin Feng teased.

The corners of the Flame Demon Emperor's mouth curled up slightly:"Everyone who comes to provoke me has been burned to ashes by me. Do you think they can be unclean? And you will soon be reduced to ashes!"

"Yeah? Then I'd like to try it!"

"Based on your cultivation during the tribulation period? Young man, you are arrogant! However, I am willing to help you!"

Boom~!

An explosion!

The Flame Demon Emperor was like a ball of black fire, rushing directly towards Qin Feng, instantly bringing up a sea of fire that filled the sky and swept towards Qin Feng.....

"Ding! The third level challenge is officially launched, the timer starts now: 3:00 seconds....."

In just an instant, the endless sea of fire swallowed Qin Feng.

The Flame Demon King sneered.

His flames are extraordinary and contain the true meaning of annihilation.

The true meaning of annihilation has two functions, one is to strengthen the attack power, and the other is to burn everything.

His flame only needs a spark, which can be tainted with other people's vitality. It can use other people's vitality as fuel and burn continuously without stopping.

Until other people's bodies, vitality, and souls are burned to ashes, everything is turned into ashes...

The human boy in front of him has been swallowed up by his own sea of fire and will soon turn into ashes.

The Flame Demon Emperor was disdainful and would not end well if he dared to provoke him.

But the next second, a sudden change occurred.

As soon as the sea of fire swallowed Qin Feng, a force of wind emerged out of thin air, and the endless sea of fire rolled back.

Qin Feng held the Seven Birds Divine Fire Fan and drove away the sea of fire with one move.

This seven-bird divine fire fan has dual attributes of wind and fire. It can control the flames of the world and is specialized in defeating fire masters.....

"This is...? Damn it!"

The Flame Demon Emperor was shocked and angry, but he was actually restrained by Qin Feng.

How could this kid in the tribulation stage have an emperor-level Yuanwu?

There is no such majestic emperor as him.

Don't wait until he thinks more. , Qin Feng slashed down with another sword.

The Tongtian Sword took action!

The ten thousand-foot-long sword light struck down directly!

Damn~!

Another great emperor-level Yuanwu!

The Flame Demon Emperor couldn't help but be jealous.

If he killed this kid, he would be able to Obtaining two pieces of Emperor Yuanwu will definitely increase your strength.

In the blink of an eye, Qin Feng's sword was approaching.

The Flame Demon Emperor sneered disdainfully and raised the protective light shield.

He did not take Qin Feng's attack seriously.

It's only a period of transcending tribulation. Even with the help of the Great Emperor Yuanwu, the combat power is limited.

Hey! Something seems wrong!

The Flame Demon Emperor suddenly realized that something was wrong. The power of that sword actually contained the power of destroying the world!

No!

Click~!

Qin Feng split the Flame Demon Emperor in half with one sword...

With a scream, the Flame Demon Emperor collapsed into countless flames.

But the next second, those flames reorganized, and the Flame Demon Emperor was resurrected.

But Qin Feng's third The two swords also arrived and split him apart again.

The Flame Demon Emperor was resurrected and then split apart again...

This was repeated several times. The Flame Demon Emperor's momentum became weaker and weaker, and his heart almost collapsed.

Qin Feng also secretly Surprised.

The resurrection skill of the Flame Demon Emperor is very similar to his fire rebirth!

Isn't this the inherited skill of the Shenfeng Clan?

At this moment, the roar of the Flame Demon Emperor burst out in the field

"Boy! I'll fight with you! Endless fire poison!"

The endless fire poison emanated from his body and instantly filled the entire space.

Fire poison!

Intangible and all-pervasive, it ignores defense and is difficult to cure.

The Seven Birds Divine Fire Fan cannot be fanned back!

The only flaw is the damage. Low, slow.

But this is the only way for the Flame Demon Emperor to fight back.

Even if he dies! He will still bring hidden dangers to Qin Feng, and even let Qin Feng be slowly tortured to death by the fire poison!

Therefore, he does not hesitate to consume his origin and create The fire poison came out.

But the next second, the Flame Demon Emperor was stunned.

After the fire poison passed through Qin Feng's body, it did not harm Qin Feng at all. Instead, it was more like a tonic, replenishing Qin Feng's energy.

"You...why aren't you afraid of fire poison?!", the Flame Demon King was horrified.

"Because I can also be poisoned by fire!"

"What?!", the Flame Demon Emperor was completely desperate.

After a moment, his soul strength dropped to the peak level of nine stars, and his soul body was shattered by Qin Feng's divine consciousness attack, completely killing him.

Under normal circumstances, even if Qin Feng's soul power reached the level of the Great Emperor, it is difficult for the divine consciousness attack to defeat the soul body at the peak of Nine Stars.

But he has the true intention of destruction, all attacks are doubled, and the divine consciousness attack is also doubled, and he is defeated easily.

A miserable howl!

Endless sighs!

The Flame Demon Emperor collapsed suddenly!

Left in the field was a ball of the Great Emperor's origin, a storage ring, a true meaning divine seal, and a drop of divine blood.

Qin Feng felt that the drop of divine blood was familiar at first glance

"Huh! Isn't this the divine blood inherited from the Divine Phoenix!"

After carefully identifying it, Qin Feng had a look of surprise on his face.

No wonder the Flame Demon Emperor was also reborn in the fire, and he actually refined the divine blood of the divine phoenix.

At that moment, Qin Feng opened his mouth and swallowed the drop of inherited divine blood.

"Ding! Successfully swallowed the divine blood inherited from the divine phoenix...obtained the divine power of the phoenix and increased combat power by 5 billion....."

"Ding! The host's qualifications have been improved... The awakening of the Dragon God's inheritance has been raised to 61%....Combat strength increased by 5 billion...."

Qin Feng was delighted, and his combat power increased by 10 billion in the blink of an eye.

Then, he swallowed the True Meaning Divine Seal in one gulp

"Ding! Devouring the True Meaning Divine Seal successfully (destroying the True Meaning)... Destroying the True Meaning's perception is increased to 20%...All attack power increased by 200%...."

"Ding! Devouring the True Meaning Seal successfully (exterminating the True Meaning)...the awareness of the Unending True Meaning is increased to 20%...All defense, recovery, healing, regeneration...."

"Ding! The host's qualifications are improved... Dragon God's inheritance is awakened to 64%..... Combat power greatly increased....."

"Ding! Devouring the Divine Seal of True Meaning Successfully (Destroying True Meaning)War pet fire's true meaning perception has been increased to 21%.....Combat power increased by 3 billion....".....

"Huh! Dad, my understanding of the true meaning of fire has improved! I feel like I have become stronger!"

The baby's happy voice sounded in Qin Feng's mind.

"Is this still possible?"

Qin Feng was pleasantly surprised.

Qin Baobao has long understood the true meaning of fire.

If Qin Baobao wants to become the great emperor, he must also realize 100% of the true meaning of fire.

Qin Feng did not expect that after he swallowed the true meaning of the divine seal, Qin Baobao's His perception also improved.

Soon, he figured it out.

He and Qin Baobao merged psychically.

The two of them were spiritually connected.

When he gained insight, the baby could also perceive it.

In addition, Jin Mie's true meaning belonged to the fire system, which happened to be the same as Qin Baobao's. The baby's true meaning has the same attributes, so the baby's perception is improved.

And the true meaning of Ember is a higher level than the true meaning of fire, and the baby's improvement is also very large.

"Ha ha! I figured it out! Baby, when dad realizes the true meaning of fire, he will communicate with you. In this case, your fire perception will improve faster!"

"whee!! OK! Dad, I like you so much!"

The father and daughter discovered this wonderful method and were very happy.

"Ding! Congratulations to the host for successfully challenging the third level... Time spent on this level: 41 seconds... Accumulated time: 2 minutes and 16 seconds"

"This time the results are not bad!"

Qin Feng put away all the trophies with satisfaction.

He took a look at the storage ring. There were many treasures in it, but unfortunately none of them could be used immediately.

However, after this battle, his comprehensive combat power increased to 300 billion. , his strength has improved again.

Qin Feng is very satisfied.

According to this progress, he is very likely to complete the challenge. He even hopes to complete the challenge within ten minutes and get three times the reward.

Sure enough, his qualifications are getting better and better..

The difficulty of god-level challenges for him is getting lower and lower.

This also indirectly shows that he is more and more in line with the god-level elemental master that the system wants to cultivate.

What level is god-level?

That will be a real god. ?

Qin Feng suddenly became curious.

At this moment, the space in front of him trembled, and the entrance to the fourth floor opened..

Chapter 398

Qin Feng cleaned up the trophies and walked towards the fourth floor entrance in a happy mood.

This journey went very smoothly, which made him feel very good.

Soon, he stepped onto the fourth floor.

The fourth floor is a huge temple hall.

The hall was silent.

No breathing sound!

No heartbeat!

There is no sound in the air!

It was a bit depressingly quiet.

Qin Feng looked forward, where thousands of statues stood densely packed, each of them lifelike and exuding the atmosphere of vicissitudes of life, as if they were from a long time ago.

Those statues include humans, monsters, and even rare Zerg species. Each of them is extremely delicately carved, and even the hair on the body is carved out.

The carving technique is simply uncanny and astonishing.

It even made people think that these statues seemed to come to life immediately.

But Qin Feng's spiritual consciousness detected that these statues did not have any fluctuations in energy or mental power.

They are just ordinary stones, not even puppets.

I don't know why, but those statues exude a strange aura, which makes people a little creepy. The whole hall is eerie and the atmosphere is very depressing.

"Dad, these statues are so weird..." the baby whispered.

Her voice was a little timid, as if she was a little scared.

"Baby, don't be afraid! Dad is here!"

Qin Feng and Bao Bao communicated spiritually.

He slowly walked towards the center of the hall.

Bang~! He landed on the ground.

The sound of footsteps was particularly loud in this empty and dead hall.

Qin Feng continued to walk forward.

Ta ~! Da!~!

The entire hall echoed with his footsteps.

"That is...."

Soon, Qin Feng saw something familiar.

I saw a ball-like thing suspended in the center of the hall.

The appearance of the sphere was very much like a planet, with patterns of land, oceans, deserts, etc...

Qin Feng instantly thought of the 'star core'.

This crystal ball has a very similar aura to the star core (Mars) he obtained.

The only difference is that this star core actually emits soul power fluctuations, like a living thing.

At this time, a light screen automatically popped up in Qin Feng's eyes.

Name: Star Demon (one of the nine hell demons, mutant monster)

Level:??

Skill: Absolute Assimilation (Dominator Level)

Weapon: ? ?

Combat strength estimate: ? ? ?

True intention control: ? ? ?

Extreme warning: The winning rate is less than 0.001% (the host is restrained)

"What?!"

When Qin Feng saw the winning rate, he was horrified.

Without saying a word, he dodged and rushed towards the star demon.

But at this moment, the star demon seemed to be awakened from his deep sleep, and the fluctuations in his soul power suddenly strengthened..

At this moment, Qin Feng found out that the inner demon had extremely low intelligence, like a beast. It couldn't speak or communicate, and everything relied on instinct.

When it saw Qin Feng, it rushed with murderous intent. Coming over, he instinctively aroused anger and exuded violent soul power fluctuations.

"Ding! The fourth level challenge is officially launched, the timer starts now: 3:00 seconds....."

Qin Feng had an idea.

This guy's soul power is very weak, so it is most suitable to attack it with soul power.

There was a flash of light in his eyes, and the spiritual attack was launched!

Buzz~!

The attack failed!

Star Demon's body can actually block divine attacks.

The illusion is activated!

Buzz~!

The illusion attack failed!

Star Demon's body actually blocked the attack of illusion.

At this moment, the Star Demon also activated.

It emits soul power fluctuations like an angry beast, like roaring.

The next second, absolute assimilation - activate!

Dominant level skills!

Click~! Click~! Click~! Click~!

Qin Feng's whole body turned to stone quickly, turning into a statue in the blink of an eye.

His body, his bones, his brain, and every cell in his body were rapidly petrified...

Qin Feng was horrified to find that he could no longer move, nor could he control his vitality...

A strange thought came to him The thoughts that swept across his body were those of the Star Demon.

He felt like he was about to become part of the Star Demon.

He was being assimilated rapidly, his Yuan Power was out of control, and was actually controlled by the Star Demon.

His soul was sinking, his consciousness became dim, and he gradually fell into sleep.....

"Dad, the baby is so sleepy. The baby needs to sleep.....", the baby's sleepy voice sounded in my mind.

Qin Feng was shocked. can not sleep!

Absolutely no sleep!

This sleep is the dissipation of consciousness and complete death.

At this moment, he finally understood that those thousands of statues were not real statues, but demon slayers killed by the Star Demon.

Star Demon turned them all into actual stone.

If he and the baby are also consciously asleep, they will end up like them.

"Baby! can not sleep! Never sleep!", Qin Feng shouted anxiously

"oh~".The baby's voice was drowsy, as if he was about to fall asleep.

Qin Feng was so happy that he instantly thought of self-destruction and rebirth, using this method to regain control of his body.

But the next second, he desperately realized that it was useless.

He can't control his own energy at all...

This assimilation is absolutely terrifying!

At this moment, his vision began to blur...

That was because his eyes were petrifying.....

This can't go on like this!

If this continues, both he and the baby will die. correct!

At this moment, an idea flashed in Qin Feng's mind.

Summon is activated!

Huh~!

A golden light flashed.

A golden man appeared out of thin air!

Qin Feng used his mind to summon his golden puppet.

The golden puppet swept the whole place and understood Qin Feng's meaning instantly.

It turned its head to look at the inner demon, and its overwhelming momentum covered the whole place in an instant.

Bang~! Bang~! Bang~!

The golden puppet walked quickly towards the Star Demon.

Star Demon is angry.

Its domain awareness is very strong!

Anyone who dares to approach it is provoking it.

Absolute assimilation!

Dominate level skills activated! invalid!

Star Demon was stunned.

This is the first time in its long life that its skills have failed.

Absolute assimilation!

Start again! invalid!

Launched for the third time! invalid!

Star Demon is confused!

At this time, the golden puppet had already walked in front of it and struck it down with a sword!

Emperor-level combat power, destroying the world!

Dang~!

Like the sound of gold and iron!

That sword struck the Star Demon, and the surrounding space collapsed!

Star Demon's body was extremely hard and undamaged.

The star demon's soul body emits extremely painful mental fluctuations!

The golden puppet continues to hack wildly!

Dang~! Dang~! when~!

Seven consecutive sounds of gold and iron!

There was a violent soul fluctuation, like a demon roaring!

Poof!

A soft sound!

Star Demon's soul was shattered by the shock.

Once the Star Demon dies, it will absolutely assimilate and disappear.

Qin Feng's body recovered at a speed visible to the naked eye.

He and the baby regained consciousness instantly.

All around, the thousands of statues have also changed from their petrified state back to their original appearance. pity!

Their souls and consciousness have long been extinguished and turned into mummies. thump!
thump! fell to the ground

"Ding! Congratulations to the host for successfully challenging the fourth level... Time spent on this level: 19 seconds... Accumulated time: 2 minutes and 35 seconds."

It was successful!

It was successful so quickly!

Qin Feng couldn't help but sigh.

"Dad, we won!", the baby was overjoyed

"yes!"Qin Feng is still a little scared.

This star demon is a perverted monster.

Its advantages and disadvantages are extremely obvious. The advantage is that it can assimilate all living things.

The disadvantage is that it is ineffective against puppets.

In addition, it has a single method and low intelligence.

If not Those who understand it, even if the masters of the Wheel Sea Realm come over, may fall.

Qin Feng looked up.

After the death of the Star Demon, there was only one star core left.

He waved his hand and got the star core.

The star core was made of special material. The emperor-level destructive power of the golden puppet failed to destroy it at all.

Qin Feng held it in his hand and observed it, and a light screen automatically popped up in his eyes.

Item name: Star Core

Star Core Attribute: Earth

Tips: Collect earth, fire, water, The four star cores of wind can fix the earth, fire, water and wind, and create a small universe.

Note: Only chaos elemental masters can create a small universe.

What?!

Create a small universe?!

Qin Feng was dumbfounded for a moment..

Chapter 399

Create a small universe?!

Qin Feng was dumbfounded for a moment.

He quickly took out the Mars core, and sure enough, the information changed.

Item name: Star core

Star core attribute: Fire

Tips: Collect the four star cores of earth, fire, water and wind to fix the earth, fire, water and wind to create a small universe.

Sure enough!

Qin Feng took a deep breath and silently put away the two star cores.

He is the Chaos Elementalist.

If he collects two more star cores, water and wind, he can create a small universe.

As for what effect it would have after creating the small universe, he didn't know.

However, one thing is for sure.

He is the master of that small universe.

He is the only god in the small universe

"Dad, look, there are so many storage rings!", the baby's voice sounded in his mind.

Qin Feng smiled when he saw it.

He saw corpses all over the ground, and all of them had storage rings on their hands.

He waved, and thousands of storage rings flew towards him..

Then, he casually detected the rings and showed a look of ecstasy.

The treasures in these storage rings had never been touched. The total number of light stars and tidal stones totaled more than 20,000 pieces, which was close to his Three times that of the body.

The Star Demon has low intelligence and probably doesn't even know what the storage ring is.

It has never touched the treasures in the storage ring.

This is a huge advantage for Qin Feng!

In addition to those Xingxi stones, there are also There were many resources that could immediately improve his strength.

Qin Feng was excited and quickly picked out the available resources one by one.

He wanted to improve his strength even more.

After experiencing the Star Demon incident, he did not dare to be careless about the challenges ahead.

A moment later , he separated two piles of items.

One pile can strengthen the physical body, and the other pile can strengthen the soul body.

There are hundreds of items in each pile.

What about spiritual pills, spiritual liquids, spiritual flowers, spiritual fruits, etc. There are many kinds of spiritual herbs, etc.

Generally speaking, there are more soul-strengthening treasures here.

If the Star Demon has a little bit of intelligence and absorbs these soul-strengthening treasures, its strength will definitely double.

What a pity! No matter how strong it is, it is still like a beast, acting only on instinct.

At that moment, Qin Feng opened his mouth and swallowed all the two piles of items.

"Ding! Successfully devoured and strengthened the flesh-like spiritual creature...the strength of the physical body was increased to the emperor level (80%) ...Combat power greatly increased....."

"Ding! Successfully swallowed the spirit-like creature with strengthened soul...the soul strength was increased to the emperor level (84%) ...Combat power greatly increased....."

After a while, the devouring was completed, and Qin Feng's comprehensive combat power increased to 350 billion.

His strength is getting stronger and stronger, and he is not far from the threshold of the Great Emperor in the middle stage of foundation building.

At this time, a light door appeared in front, and the entrance to the fifth floor opened.

Qin Feng thought for a while, put away the golden puppet, and then strode over.

The next second, he stepped into the light door.....

After a sudden change in scenery, Qin Feng stepped onto the ground, surrounded by noises and laughter, as well as the sound of clinking wine glasses.

Qin Feng looked up and found that he was in a huge banquet venue.

There were thousands of people at the banquet, including many demons.

These people are not weak in cultivation, the lowest is eight stars, and there are three nine-star emperors.

The atmosphere was joyful.

Everyone's face was filled with joy, and everyone was eating meat and drinking wine there, so happy.

Qin Feng's appearance shocked everyone.

Everyone put down their wine glasses and looked over.

The noise in the field has been reduced a lot

"Look! Finally a newcomer!"

Someone in the crowd was surprised

"Ouch! This boy is so handsome!"

"The cultivation level is not bad! He has reached the stage of transcending tribulation, he is a master!"

"Tsk tsk!! He is so handsome and powerful. I really want to get to know him in depth!"

Several beautiful women cast flirtatious glances at Qin Feng

"Dad, it's so lively here.....",The baby's tone is full of curiosity

"yes!", Qin Feng was also very curious.

This floor is different from other floors.

The atmosphere is not depressing at all, but very happy and relaxed.

People have happy smiles on their faces, and they don't want to pretend at all.

At first, Qin Feng thought that he He entered an illusion.

When he checked with his consciousness, he found that everything in front of him was real and not an illusion.

Then, he secretly checked these people and found that they were not under any illusion. Those smiles and happiness were all. It was from the heart, and it was all sincere.

This was completely different from the devil's land in Qin Feng's impression.

He almost suspected that he was not entering the fifth floor of the Devil Suppressing Tower, but some festive place.

Qin Feng was curious and silently cast He ran a memory scan.

Soon, he was surprised to find that these people only had memories from five days ago.

All the memories from five days ago had been erased, and the memories left behind were all happy, without any pain or pain. It's a pity, so they are very happy.

After exploring this, Qin Feng couldn't help but lament in his heart.

I'm afraid these people used to be demon slayers, but now they have become like this, and they don't know what they have experienced.

At this moment, Three people walked out of the crowd.

Two men and one woman. They were the Nine-Star Emperor and the strongest being in the crowd.

The leader was an old man with gray hair, followed by a middle-aged man and a very beautiful female emperor.

The three of them walked to Qin Feng with smiles

"Newcomer, welcome to the land of bliss!", the old man stroked his beard and smiled

"Is this the land of bliss?"Qin Feng was curious

"That's right! In this country, you will always enjoy bliss, no more worries, love what you want to love, play what you want to play, and all life is wonderful!"

The old man looked narcissistic.

"Is it really that happy?", Qin Feng questioned.

As soon as he said this, the people around him burst out laughing.

"Ha ha!! Young man, can't you tell whether we are happy or not?"

"Boy, stop doubting and join us! Join us in the land of bliss! You will be as happy as us!"

"Little handsome boy, come join us. My sister will make you happy tonight....."

The crowd burst into laughter.

The tone was so kind that it was hard to dislike.

Amidst the laughter, several women asked Qin Feng for a date.

"Dad, those sisters said they make you happy at night, how can you be happy?", Qin Baobao's cute voice sounded.

Qin Feng was speechless, these topics are not suitable for children.

At this time, the old man said with a proud look on his face: "Newcomer, have you seen it? Everyone is so happy! To be honest, I have never been so happy since I was born!"

Qin Feng said with a half-smile, "Really?" So do you still remember when you were born?",

"Ha ha!! This is not simple, I am.....Huh! In what year was I born? Why can't I remember it?"

I suddenly felt that my memory was fragmented. I couldn't remember the year I was born.

Seeing this scene, Qin Feng shook his head secretly.

The majestic Nine-Star Emperor has become like this. He can't even remember when he was born. I don't know, maybe I've even forgotten my name and family. I'm really living in the present!

The old man scratched his head irritably, shook his head, and said angrily, "Forget it, don't think about those things! Newcomers, join us! I promise you will be as happy as us!"

"How to join?"

"As long as you are willing to dedicate the storage ring and all the treasures on your body to the goddess of bliss. The goddess will sign a soul contract with you, allowing you to become a member of the Kingdom of Paradise and enjoy eternal happiness!"

"The goddess of bliss?"

"That's right! She is the master of the Kingdom of Paradise and the only god in the Kingdom of Paradise! Newcomer, would you like to join?"

Qin Feng's lips curled up slightly: "What if I don't want to?!"

"Forehead?", the old man was slightly startled, as if he did not expect Qin Feng to refuse.

People around him also shook their heads.

"Young man, if you don't join us, it will be your own loss!", the old man persuaded again

"Feel sorry! Don't want to join!"

"you.....", the old man seemed to want to say something more.

But at this moment, there was a sudden commotion in the field.

Then a clear voice sounded above everyone

"Huh! There's a newcomer again! how? Don't want to join us?"

Qin Feng followed the sound and saw an extremely beautiful woman in a green dress walking from the back of the hall.

She was so beautiful that she seemed to have her own light, instantly attracting everyone's attention.

Qin Feng silently She wanted to look at her, and light screens popped up in her eyes.

Name: Goddess of Bliss (one of the nine hell demons)

Level: Level 44 (Emperor level, mid-stage foundation building)

Skills: Soul-eating Contract Bliss and Joy Zen (can make men happy To the extreme)

Weapon: ??

Specialties: Extremely strong soul power (soul body strength: 91% of the Great Emperor level)

Estimated combat power: 420 billion (not absolute)

True intention control: Heart fire true meaning (fire system, can control people's emotions, top true meaning)

Reminder: The winning rate is higher than 53%.....

Qin Feng's eyes lit up, and his target appeared..

Chapter 400

Qin Feng couldn't help but sneer in his heart after reading the message from the goddess of bliss.

What a goddess!

This woman is clearly a big devil.

Qin Feng is a master of contracts.

He knew that the soul-eating contract was a devil's contract.

People who sign a soul-eating contract will become the soul slave of the caster.

The caster will regularly absorb the soul power of the soul slave to nourish his own soul body.

This will bring about a negative effect, which is memory loss. You can only remember things in the recent few days, and basically forget things in the past.

This goddess of bliss obviously has a long-term plan to absorb soul power.

She doesn't suck up the soul power all at once, but absorbs a little and then puts it to rest.

When the soul slave's soul power recovers, she can absorb it again.

This is the fundamental reason why her soul power is far stronger than that of the same level.

However, even if the soul slaves are kept free and their soul power is absorbed for a long time, it will still cause a lot of irreversible damage.

Eventually, the soul slave's soul will wither and die.

Therefore, whenever a new demon slayer appears, the goddess of bliss will try her best to turn the other person into her soul slave.

Because she needs a steady stream of soul power to nourish her.

For this reason, she also used her true intention to control the emotions of these soul slaves, so that they would always be in happiness and joy, and finally die in paralysis of their minds.

After understanding all this, Qin Feng calmed down

"The goddess is here!"

"I'll wait to see the goddess!"

When all the soul slaves saw the goddess of bliss, they were extremely excited. They stood up and knelt down one by one, extremely pious.

Qin Feng suddenly felt that these people were pitiful and pathetic.

They were treated as nourishment, and they kowtowed to others and were grateful.

What a pity!

Since After they signed the soul-eating contract, they were destined to die and no one could save them.

"Get up, everyone!", the goddess of bliss waved her hand slightly, her voice soft and sweet.

"Thank you, Goddess!"

All the soul slaves stood up one after another and returned to their original positions respectfully.

Then, she turned her head and looked at Qin Feng with a dignified face.

As soon as she saw Qin Feng's handsome face, a flash of joy flashed in her eyes.

Like this Handsome young men are really rare!

"Newcomer, don't you want to join us? Don't you want to be happy?", the goddess of bliss smiled sweetly.

That smile was like a hundred flowers in bloom, astonishingly beautiful.

It is undeniable that this female demon is excellent in appearance, figure, appearance, voice, and temperament

"Goddess, I don't think that after joining you, I will be happy....", Qin Feng deliberately tested

"how come? As long as you join us, any fine wine, delicious food, or whatever wishes you have in your heart can come true....."

The jade mouth of the goddess of bliss opened slightly.

Her voice was gentle and sweet.

Everyone around was fascinated by what he heard.

Even Qin Feng felt that the words sounded so comfortable and satisfying, and he had an inexplicable desire to join.

Of course, this thought was fleeting

"Dad, I think what she said is very good. Why don't we join?", the baby's heart was moved.

Qin Feng's voice transmitted from his mind: "Silly baby, you've been tricked! This succubus puts her heart and soul into her voice, and she's secretly manipulating your emotions. This is somewhat similar to hypnosis..."

"If you think about it again, what she just described is very empty. What's so happy about it?"

"Well.....It seems so!", Qin Baobao wakes up

"Newcomer, do you want to join? As long as you sign a contract with me, you will be a member of the Kingdom of Elysium.....",The goddess of bliss smiled confidently.

Her voice still contained the sincerity of her heart.

She was confident that Qin Feng would submit immediately.

As long as she personally persuades him, even the Nine-Star Emperor will immediately submit, not to mention that this young man is only in a small period of tribulation.

Unexpectedly, Qin Feng slowly raised his head and said calmly:"Goddess, I don't think that having good wine and food can make you happy... This is too boring!"

Goddess of Bliss:"....."

The goddess of bliss was stunned for a moment, a trace of surprise flashed across her eyes.

Is this kid not affected by his own anger?

Isn't this kid just in a small period of transcending tribulation? Could it be that his soul power is even stronger than that of the Nine-Star Emperor?

Thinking of this, the eyes of the goddess of bliss flashed, and she secretly cast an illusion.

But after a moment, she looked at Qin Feng again in surprise.

Her illusion actually failed.

This young man's soul power is really stronger than that of the Nine-Star Emperor!

This is so surprising!

The goddess of bliss was excited.

The stronger this young man's soul power is, the more suitable he is to be a soul slave.

As long as he signs this boy, he will get great benefits.

At this thought, her eyes looking at Qin Feng became a little fiery.

For people with strong soul power, if you want to persuade them, you need to find their spiritual weaknesses.

"Newcomers, you think food and wine are not attractive, but what about beauties? As long as you are willing to join us, you can enjoy the beauties here as you like...."

The voice of the goddess of bliss is full of temptation.

Based on her years of experience, she has discovered that beauty is extremely tempting to men, and this young man should be no exception.

"Newcomers, look at those beauties, aren't they beautiful? And Qing'er, she is the most beautiful among these women...."

The goddess of bliss pointed at the empress next to her.

The nine-star empress has exquisite facial features, snow-white skin, tall figure, and exquisite curves.....

She is indeed a great beauty.....

The goddess of bliss continued to persuade:"Newcomer, as long as you join us, I promise you to enjoy Qing'er every day....."

"You know, Qing'er is a rare empress, and no one here has ever been qualified to enjoy her... Don't you want such a beauty?"

As soon as these words were spoken, the Empress Qing'er's pretty face turned red with embarrassment.....

The soul slaves around him all showed envy, and they all looked at Qin Feng with envy.

Qin Feng remained silent.

The goddess of bliss thought Qin Feng was moved.

She continued to show her true feelings and persuaded:"Newcomer, it was difficult for you to get in touch with the Empress before, right? You must have never enjoyed the Empress, right? Now you have the opportunity to enjoy the Empress, don't you think this is bad?"

Hearing this ? Qin Feng sneered.

This succubus underestimated him.

Not to mention that he is now in the stage of transcending tribulation, even when he was eight stars, he had enjoyed more than one empress.

What's more, his Yue'er and Nishan are both much more beautiful than this Empress Qing'er.

"Newcomer, interested? If you are interested, just sign a contract with me!", the goddess smiled confidently

"Feel sorry! Not interested in!", Qin Feng's face was expressionless.

The goddess of bliss was stunned.

She failed again this time

"Are you not interested in women?", the goddess of bliss was a little unwilling

"No! I'm not interested in humans!"

"Well.....", the goddess of bliss was stunned.

Qin Feng suddenly raised his head, looked at her with stern eyes, and said with a half-smile,"It seems that the goddess is not a human being!"

The goddess of bliss was stunned.

Immediately, she burst into laughter

"Newcomer, it turns out you are interested in this goddess, you are quite courageous...",The goddess of bliss smiles

"good! I'm only interested in the goddess!", Qin Feng's mouth showed an evil smile.

His mission was to kill this female devil, so he was naturally interested.

The goddess of bliss's beautiful eyes lit up.

But she misunderstood.

She thought Qin Feng was really greedy for her. Body.

In this case, she can sacrifice herself.

After all, Qin Feng's appearance also makes her heart beat. What's more, Qin Feng's soul power is so high, it is worth paying for.

The most important thing is that the other party must actively agree to sign this kind of contract. OK

"You newcomer is interesting... I am an emperor-level expert. Ordinary nine-star emperors can't even touch a finger of mine. You, in your little tribulation period, actually want to enjoy me. Do you feel like eating swan meat?....."

The blissful woman was teasing and playing hard-to-get tricks.

"The goddess is right, I just want to eat your piece of swan meat. I wonder if I can eat it?"

"Poof~!", The goddess of bliss smiled coquettishly, "You are so interesting. Now I am also curious. How can you eat me? Why don't we talk somewhere else?"

"Where?"

"My boudoir...", the goddess of bliss cast a flirtatious look.

This time, her inner fire showed its charm.

Qin Feng suddenly felt his blood boiling, his whole body stiffened, and he couldn't control his changes.

At that moment, he The fire in his heart was aroused.

Qin Feng was frightened and quickly suppressed the distracting thoughts in his mind.

This female demon has such a powerful charm.

At this moment, he was still a little annoyed.

Why didn't the system start the challenge timer?

He couldn't wait to wait. Kill this goddess of bliss.

But at this moment, the voice of the goddess of bliss rang in his ears
