

## God level 401

### Chapter 401

"Dad, what is that Zen of bliss and joy? Why does this sister say that you will enjoy it so much? What is she going to do to you?"

Baobao Qin's voice was cute and full of curiosity.

She also heard the voice of the goddess of bliss.

"Well.....", Qin Feng didn't know how to explain.

At this time, the voice of the system sounded in his mind

"Ding! The fifth level challenge is officially launched, the timer starts now: 3:00 seconds....."

Qin Feng was overjoyed and finally started it.

The Heavenly Sword comes out!

The overwhelming sword energy soared into the sky!

The sword light shot out across the sky!

The sudden change caused the whole audience to scream in surprise!

"What are you doing?!"

The goddess of bliss noticed it instantly and was furious.

She kindly used her body to serve this young man.

But this young man actually wanted to attack her!

In a small period of transcending tribulation, but with stronger soul power, he dared to be so arrogant!

It was simply Seeking death!

The goddess of bliss was really angry, and her expression was very ferocious.

She fought hard to catch Qin Feng's sneak attack!

This time, she struck with all her strength.

At this moment, she didn't care whether she was a soul slave or not.

She just wanted to kill this kid who was in the tribulation stage to ashes!

She wanted Qin Feng to know that the majesty of the emperor must not be offended!

In an instant!

The attacks of both sides collided!

Boom~!

The sky and the earth shook!

The space collapsed!

Qin Feng! The sword flew the goddess of bliss away, and blood spurted out along the way.

"Oh My God!"

Not far away, all the soul slaves were dumbfounded.

In their eyes, the goddess of bliss, who had always been invincible, could not block Qin Feng's sword.

Isn't this young man in the tribulation stage?

Can a tribulation stage kill the emperor's master?!

The soul slaves were extremely shocked

"How can this be!"

The goddess of bliss was shocked and angry, and she couldn't believe it.

She was actually knocked away by a boy who was in the tribulation stage.

She climbed up from the hole with difficulty, and before she could even wipe the blood from the corner of her mouth, a light and shadow flashed in front of her eyes. , Qin Feng teleported over, and struck down with another sword.

The goddess of bliss was frightened, and she no longer dared to fight hard. A silver light flashed in her eyes, and she showed her trump card.

Divine consciousness attack!

Divine consciousness attack is invisible and insubstantial. , as fast as the speed of light!

Wherever the gaze is, there is where the attack is.

In an instant, the divine consciousness attack of the goddess of bliss comes first.

A muffled groan!

Qin Feng felt an extremely sharp sting in his head.

The soul body She was hurt for a moment, with a look of pain on her face.

The goddess of bliss was overjoyed. Everything was as she expected.

As long as she launches a divine attack, even the emperor in the early stage of foundation building will have his soul injured and lose consciousness for a short time, and all attacks will be forced Interrupted.

Because she has condensed the flower of soul, the power of divine consciousness attack has doubled.

She doesn't believe that no matter how strong the soul power of the kid in front of her is, he can't reach the level of the great emperor.

Eh! That's not right!

The next second, Bliss The goddess realized something was wrong...

Although Qin Feng's face showed pain, his eyes were clear and there was no sign of losing consciousness. The sword attack continued to fall.

Boom~!

There was another scream, and the goddess of bliss was chopped away again, blood He sprayed all the way again.

The soul slaves not far away were completely dumbfounded.

"No! This is impossible! I have condensed the flower of soul, how can you resist my spiritual attack!"

The goddess of bliss screamed.

Qin Feng sneered and was too lazy to pay attention.

But the next second, the goddess of bliss saw Qin Feng's soul aura wilting, and her eyes filled with joy again.

Although Qin Feng resisted the attack of spiritual consciousness, his soul was still injured. Yes.

She sneered:"Haha!! I have discovered that you cannot withstand all my spiritual attacks. If you and I continue to fight, we will both lose in the end! Do you want to continue fighting?"

She actually started to sue for peace.

"Why not fight?", Qin Feng smiled coldly.

The true meaning of the Endless Movement automatically moved, his soul and body injuries recovered instantly, and his momentum returned to its peak.

"you you you....", the goddess of bliss's eyes widened in shock.

Qin Feng teleported to the sky above her head and struck down with his sword again.

In panic, the goddess of bliss launched another divine attack.

Qin Feng was prepared this time and also used his spiritual attack.

Destruction true intention bonus!

Two consciousness attacks collide!

Crackling~!

There was an explosion in the sky, and there was a faint flash of thunder.

This time, Qin Feng actually blocked the spiritual attack.

The goddess of bliss was extremely shocked.

The next second, there was a loud noise, and she was knocked away again

"You guys start the big formation now! Help me!", the goddess of bliss shouted anxiously.

All the soul slaves woke up and took out their formation talismans to form a large formation.

"Thought I had no subordinates!"

Qin Feng casually waved his hand, and the golden puppet, two fire demon generals, and thousands of fire demon warriors appeared together, killing those soul slaves in a mighty manner.

The strength of those soul slaves was already lower than the puppet army.

Plus There were golden puppets leading them, completely crushing them.

This rush over was like chopping melons and vegetables, a purely one-sided massacre.

For a while, screams continued.

On this side, Qin Feng was fighting with the goddess of bliss again. , only to kill her until she screamed again and again, and was completely at a disadvantage.

She wanted to escape, but Qin Feng was too fast and could teleport, so there was no possibility of escaping.

The goddess of bliss was in despair!

"grown ups! Stop fighting! Stop fighting! I surrender! I am willing to serve as your slave and serve you for the rest of my life!"

"The slave can meditate in bliss and joy, and can collect yin and replenish yang to nourish the body of the master. I just ask the master not to kill me!"

The goddess of bliss actually willingly became a slave and kept pleading.

Her voice was sad and loving, coupled with her world-famous beauty and graceful and concave figure.

Most people would really be tempted.

But Qin Feng remained unmoved and continued Crazy attack.

After a moment, there was a shrill scream.

The goddess of bliss was finally killed.

A ball of the origin of the emperor, a true meaning seal, a storage ring, and a budding soul flower remained in the air.

See the soul flower, Qin Feng looked surprised

"The rumors are indeed true!"

He waved and absorbed the flower of soul into his hand..

Chapter 402

Qin Feng looked at the flower of soul in his hand excitedly.

This flower is completely jade-colored and is currently just a bud.

It is the essence of soul power.

Rumor has it that when the soul power reaches 90% of the emperor level, the soul flower will automatically condense.

At that time, the soul power will see some qualitative changes, the power will be stronger, and the attack power of the spiritual consciousness will be doubled.

But increasing the soul power intensity to 90% is a huge threshold and is very difficult.

Many great emperors in the later stages of foundation building are stuck at this level.

After the soul buds are condensed, it will become increasingly difficult to increase the strength of the soul. Each subsequent percentage point increase will require dozens of times the resources before.

When the soul power intensity increases to 100%, this soul bud will bloom.

The flowers bloom with nine petals and are as bright as jade.

When it breaks through to the first stage, the flower blooms with ten petals; when it reaches the second stage, it blooms with eleven petals; when it reaches the third stage, the flower blooms with twelve petals.

The so-called nine is the extreme and twelve is the perfection.

The soul has the flower of the soul, which is jade-colored.

The physical body has the flower of the other shore, which is golden.

Yuan Li has flowers of Yuan Shen with different colors.

When all three flowers bloom and each has twelve petals, the three flowers can gather at the top, transcend the long river of time, jump out of the six paths of reincarnation, become the master, and live forever from now on.....

"Ding! Congratulations to the host for successfully challenging the fifth level... Time spent on this level: 1 minute and 07 seconds... Accumulated time: 3 minutes and 42 seconds"

"It's ok!"

Qin Feng looked at the results and smiled.

The goddess of bliss has been using her divine consciousness to attack and interfere, so the killing is a little slow.

But Qin Feng is still satisfied with this achievement.

As long as he keeps it up, he is very hopeful that he can pass the level in 10 minutes. , and got three times the reward.

Then, Qin Feng opened his mouth and swallowed the flower of soul.

"Ding! Successfully devouring the flower of soul...the soul strength is increased to the emperor level (94%) ...Combat power greatly increased....."

"Ding! Congratulations to the host for condensing the flower of soul (bud)... The soul power has transformed, and the attack power of divine consciousness has doubled....."

At this moment, Qin Feng felt an extremely comfortable feeling welling up from the depths of his soul, as if his soul had been sublimated in an instant.

Immediately, a flower of soul sprouted in his sea of consciousness. It was jade-colored and was in bud.

And the scanning range of his consciousness doubled in an instant.

This is indeed a qualitative transformation!

Qin Feng opened his eyes happily.

His current divine consciousness attack has been doubled, and coupled with the assistance of the True Intent of Destruction, it is more powerful than the goddess of bliss.

Even the great emperor in the late stage of foundation building will be threatened.

It can be said that spiritual attack has become one of his unique skills

"Look at this again!"

Qin Feng looked at the True Meaning Seal again expectantly, opened his mouth and swallowed it.  
.....

"Ding! Successfully devouring the Divine Seal of True Meaning (Heartfire True Meaning)...the awareness of the Unending True Meaning has been raised to 29%...All defense, recovery, healing, regeneration...."

"Ding! The host's qualifications are improved... Dragon God inheritance awakens to 66%.....  
Combat power greatly increased....."

"Ding! Devouring the True Meaning Seal Successfully (Heartfire True Meaning).....War pet fire's true meaning perception increased to 46%.....Combat power increased by 7 billion....".....

"Dad, my understanding of the true meaning of fire has improved a lot! whee!", Qin Baobao said happily.

Qin Feng was also very pleased.

Both father and daughter benefited from this piece of true meaning.

"Baby, your true meaning improves faster than mine..."

Qin Feng quickly discovered a problem.

His true meaning of destruction is 20%, his true meaning of endlessness is 29%, but baby's true meaning of fire is both 46%.

What's more ? , the baby has fewer true meaning resources to digest than he does

"Dad, why is this happening? Didn't dad realize the true meaning before me?" Qin Baobao asked curiously

"Because what you perceive is the ordinary true meaning, which is low in difficulty and makes progress quickly. The two true meanings that dad has perceived are both the supreme true meaning. ..."

"Dad, is the Supreme Truth more powerful?"

"Of course!"

"Dad, the baby must also realize the supreme truth..."

"If my daughter wants to become an emperor, she must naturally build the foundation with supreme truth. Don't worry, dad will find a way to upgrade your true meaning to the supreme true meaning..."

Qin Feng said while checking the storage ring of the goddess of bliss.

"whee! Dad, you are so kind! The baby likes you so much...mum~"

The baby also made a kissing sound.

Qin Feng's heart was also warm.

Soon, he checked the storage ring, and the resources inside were very rich.

There is a light star tidal stone More than a thousand yuan, but unfortunately there are no resources that can be used immediately.

However, he is already very satisfied.

His current comprehensive combat power has exceeded 450 billion in one fell swoop, reaching the mid-stage foundation building level, and his strength has skyrocketed.

At this moment, Jin The humans and the puppet army have slaughtered all the soul slaves.

The puppet army did not suffer any losses.

Qin Feng collected them all.

Not far away, there was a space fluctuation, and the entrance to the sixth floor was opened.

"Dad, the sixth floor is also open....."

"Well, let's go! The challenge is more than half over! After we go out this time, we will go through the tribulation!"

"whee!! Dad is so strong now, he will definitely be even more powerful after the tribulation!"

Qin Feng smiled without saying a word and walked towards the entrance of the sixth floor with confidence.....

The next moment, he entered the sixth level of space.

It's a huge valley.

The sky and earth were gloomy, and the air was filled with the smell of blood.

The ground was dark red, barren of grass, and seemed to be soaked in blood.

There are also many broken bones, which can be seen everywhere, but there is no complete skeleton.

Qin Feng silently raised his head and looked towards the center of the valley.

There is a huge altar there.

In the center of the altar sat a man in black robes, with black mist billowing from his body, exuding a cold aura.

Around him, six skulls were suspended.

The eye sockets of each skeleton were burning with pale green soul fire, flickering as if they were alive.

The atmosphere in the venue was eerie and eerie.

Name: Death Demon Lord (one of the nine Hell Demon Lords)

Level: Level 44 (Emperor level, peak in the middle stage of foundation building)

Skills: ? ?

Weapons: Six Spirit Skulls (Emperor Level), Demon Summoning Banner (Emperor Level)

Combat Power Estimation: 600 billion (not absolute)

True Intention Control: Death True Intent (Dark Element, Top True Intent)

Warning: The winning rate is less than 40%.....

"Huh! This guy actually has two emperor-level Yuanwu, and his winning rate is higher than mine. It seems a bit tricky!"

Qin Feng murmured in his heart.

This Death Demon is not weak.

It will not be easy for him to kill the opponent within three minutes.

If he fails to kill within three minutes, all the achievements ahead of him will be invalid.

Qin Feng silently looked at the Death Demon. Jun.

He wanted to find out the opponent's weakness.

But at this moment, the Death Demon Lord slowly raised his head.

Under the black robe, a skinny face was revealed, with a gloomy air, almost like a skeleton.

The next second, his eyes revealed Disdain and murderous intent.

The system prompts also sounded.

"Ding! The sixth level challenge is officially launched, the timer starts now: 3:00 seconds..."

Chapter 403

"Ding! The sixth level challenge is officially launched, the timer starts now: 3:00 seconds....."

"So fast!"

Qin Feng was a little surprised.

Obviously, the Death Demon Lord was going to attack him.

This guy was so clean that he didn't even have the thought of asking about his origins.

At that moment, Qin Feng didn't even think about it, and his spiritual attack broke out instantly, as fast as The speed of light.

Buzz~! Buzz~! ...

There were several trembling sounds in succession.

The six skeleton spirits on the body of the Death Demon Lord seemed to have sensed something and were activated instantly, holding up a layer of light.

Bang~!

Qin Feng's spiritual attack bombarded the light shield.

The mask was instantly filled with cracks and was about to burst.

Qin Feng was surprised.

This light shield can actually resist attacks from spiritual consciousness.

Generally speaking, spiritual attacks cannot be resisted, and one can only rely on the soul to resist.

This was the first time he saw a treasure that could defend against spiritual attack.

In fact, those six skulls are the Six Spirit Skeletons, the emperor-level Yuanwu of the Death Demon Lord.

It has a certain degree of spirituality, can self-warn, defend itself, and withstand sneak attacks.

The formation mask composed of six spiritual bones can defend against both elemental attacks and spiritual attacks.

This is an extremely rare emperor-level Yuanwu

"Huh!"The Death Demon King looked at the cracks on the light shield with a look of astonishment.

His six-spirit skull defensive light shield was difficult to break even in the late stage of foundation building. How did this young man do it?

Isn't he in the tribulation stage? ?

At this moment, a warning sign appeared in the heart of the Death Demon.

At this time, Qin Feng teleported and disappeared.

The next second, he appeared above the head of the Death Demon and struck down with a sword.

But the Death Demon Jun was well prepared and dodged to avoid it.

Boom~!

That sword struck the air!

The altar shattered and sand and stones flew everywhere!

"Darkness - eternal sleep!

"Six senses - seal!"

The Death Demon also launched his stunt in an instant!

In just one moment, the sky and the earth were darkened for hundreds of millions of miles, as if the night had fallen.

Qin Feng felt something was wrong and wanted to avoid it.

But the range of the skill was too wide, and he could avoid it even if he avoided it.

In an instant, Qin Feng was struck.

He felt that his six senses were greatly weakened and his mind became dizzy.....

Soon, the sky could not be seen, the earth could not be seen, the sound could not be heard, and the wind could not be touched...

His six senses were being quickly sealed, and he was falling into the endless abyss of darkness.

An unknown feeling of fear spread in his heart.....

"not good!"

Qin Feng was shocked.

If the six senses were sealed and everything outside could not be sensed, then he would have to wait for death.

The six senses must not be sealed.

At this critical moment, the flower of the soul in the sea of consciousness exploded, emitting a dazzling light The aura.

Qin Feng's six senses recovered instantly, and everything including vision and hearing returned.....

As soon as Qin Feng's vision recovered, he was shocked to find that his psychic union had been lifted.

Qin Baobao fell to the side and fell asleep.

Qin Baobao has not condensed his soul. Flowers cannot resist the seal of six senses.

Now, her six senses were sealed and she fell into a deep sleep from which it was impossible to wake up.

Unless you kill the Death Lord!

To put it bluntly, this six-consciousness seal is the nemesis of the psychic combination!

"Damn it!"

Qin Feng was angry. Without the help of the baby, his combat power dropped to 390 billion (chaos transformation state).

At this moment, the light and shadow in front of his eyes dimmed.

The Death Demon Lord took the opportunity to kill him, with a sinister smile on his lips. The palm slapped Qin Feng's heavenly spirit.

No matter how strong this young man's soul power was, he could not escape the seal of his six senses and would eventually die in his hands.

That palm was the full blow of the Death Demon Lord.

He was a simple man. He is also cautious, even if he encounters a weak enemy, he must fight with all his strength to avoid leaving any hidden dangers to himself.

Even if Qin Feng is just a young man who has passed through the tribulation period, he must go all out to kill Qin Feng into pieces..

And now that Qin Feng has been sealed by the six senses, it is the best opportunity to kill him.

At that moment, the space shook, the sky and the earth changed color, and a palm was about to fall.

But at this moment, Qin Feng suddenly raised his head, his eyes There was a clear sky, and there were signs of being hit here and there.

The Death Demon King was shocked.

Qin Feng suddenly attacked.

Divine consciousness attack!

The Heavenly Sword came out! Tens of thousands of sword energy soared into the sky.

The true meaning of destruction was perfectly integrated.

Even if the combat power dropped to 390 billion, With the addition of the true meaning of destruction, the power of that sword actually exceeded 800 billion!

The Death Demon King was horrified!

Click~!

The six-spirit skeleton's mask shattered!

Boom~!

A shocking loud noise!

A large space was shattered inch by inch..Qin

\_He vomited blood and flew upside down at the same time as the Death Demon King.

The two sides fought so hard that both sides suffered losses.

After a while, the two stabilized their bodies and watched the confrontation in the air.

The Death Demon looked at Qin Feng in astonishment.

He couldn't believe that a young man in the tribulation stage actually tied with him.

What makes him even more depressed is that the opponent is obviously weaker than himself, but he still can't win.

It seems that this kid must have mastered an offensive supreme true meaning.

"Boy, aren't you in the tribulation period? Why is it so strong?", the Death Demon Lord deliberately tried to

"none of your business! The Lord of Death was furious:"

Boy, don't be so arrogant!" Don't think that it's a big deal if you're tied with me. Let me tell you, if you are tied with me, it means you are dead!"

"My true meaning of death, as long as the opponent is injured, the wound cannot be recovered. As time goes by and your injuries worsen, you will have no choice but to die, Jie...!Jie...!...Um...you are...."

The Death Demon Lord became more and more proud as he talked, and finally started laughing strangely.

Halfway through the ridiculousness, he looked ahead and froze, his eyes filled with astonishment.

In front of him, Qin Feng's whole body flashed with green light, and his true intention continued to circulate. The injuries on his body were recovering rapidly despite the restraint of his true intention.

This kid actually possesses a restorative supreme true meaning.

Because only the supreme true intention can restrain the injury of the true intention of death.

How can this be?!

The Lord of Death was shocked.

Even the Great Emperor, most people fail to grasp the supreme true meaning.

Not only has this kid in the tribulation stage mastered it, but he also has more than one.

Thinking of this, the Death Demon Lord was filled with jealousy.

But at this moment, there was a flash of light and shadow, and Qin Feng teleported over.

The two sides fought again.

Boom~! Boom~! Boom~!

For a time, the two sides fought until the sky was dark and the sun and the moon lost all light.

In just ten seconds, the two sides fought more than a hundred times.

At first, the two sides were evenly matched.

But ten seconds later, Qin Feng had the undying true intention to protect his body and was always in peak condition.

The Death Demon Lord was getting more injured, and his momentum continued to decline.

Ten seconds later, he was at a disadvantage

"how so?"

The Lord of Death roared in his heart.

He has always relied on the characteristics of the true meaning of death to be good at exchanging injuries for injuries.

When he encountered evenly matched opponents, he was eventually beaten to death.

But today, the situation is just the opposite.

It seems that , can only use the last move!

The Death Demon Lord waved, and there was a long black flag in his hand. As soon as the long flag came out, monstrous demonic energy emerged, and the mighty demonic power of thousands of miles suppressed the entire audience instantly.

"This is...."

When Qin Feng saw the demonic clouds rolling in the sky, he was extremely shocked at first sight.

The second time he looked at it, he felt that the aura of the long flag gave him a feeling of déjà vu.

"strangeness! Why do I feel this way?"

Qin Feng felt baffled.

He was sure that it was the first time he saw that long flag.

Why did it feel familiar?

And that long flag was the second emperor-level Yuanwu of the Death Demon Lord - the Demon Recruiting Flag..

Chapter 404

At this time, the Death Demon Lord held up the demon summoning flag and held seal seals in his hands.

"Summon the Demon Ancestor! Respectfully invite the Demon Ancestor to come! Give me a helping hand!"

As soon as these words fell, the situation changed.

Thousands of miles of demonic clouds rolled, and the phantom of a demon god hundreds of millions of feet tall slowly appeared.

The demon god had a human face and an animal body, with green snakes hanging from his ears, and a mad dragon on his feet. He was extremely domineering..

But its expression was numb, as if it had lost its mind.

But the momentum it exuded suddenly reached 800 billion combat power, which was much stronger than the Death Demon Lord. The Death Demon Lord was ecstatic.

This time, he actually succeeded. The summoning was successful.

In the past, he worked hard to summon and had to summon at least five or six times before he could succeed.

This time, it was successful all at once!

It seems that his luck has arrived!

Haha!! With the help of the remnant spirit of the Demon Ancestor , this human kid will definitely die!

It turns out that this magic flag can summon the remnants of the dead demon ancestors.

There were originally twelve great demon ancestors in this world, all of them were half-step star masters. Later, for unknown reasons, they were A mysterious man killed him.

Although the Twelve Demon Ancestors died, their true spirits were not broken, and reincarnations could not be carried out. They turned into countless remnant spirits, wandering in every corner of the universe.

This magic flag can summon the remnant spirit of the Demon Ancestor.

Even if it is just a remnant, Spirit, the phantom of the devil it transformed has a combat power of over 800 billion.....

If the residual spirit is complete, how powerful it will be!

The Death Demon sighed.

At this time, the phantom of the demon shrank to the size of an adult, standing expressionlessly next to the Demon Lord of Death.

"Demon God, kill him for me!", the Demon Lord of Death pointed at Qin Feng.

The Demon God immediately obeyed the order and killed Qin Feng.

Qin Feng's face changed slightly, the situation is not good now!

The Demon Lord of Death actually summoned a powerful helper.

Just this Demon God, He may not be able to defeat him.

Unless he and the baby are channeled and merged again, the baby is still in a coma.

At this moment, a strong thought came from his god-level storage ring.

It was actually It was issued by the golden man puppet.

This golden man has always been controlled by his soul mark, like a tool. This time he actually sent out his thoughts, which was really abnormal.

In the blink of an eye, the demon had already killed him.

The devil of death looked proud.

Qin Feng did not say much. Thinking, he directly released the golden puppet.

I saw a flash of golden light, and the Wanzhang Puppet appeared, with a momentum like the sea, boundless.

The Death Demon was stunned for a moment.

After a closer look, the golden puppet's combat strength and momentum were only 300 billion, and there was something in his eyes. Showing disdain.

But in the next scene, both he and Qin Feng were dumbfounded.

When the demon god saw the golden puppet, the two of them cheered at the same time, as if they were reunited after a long separation.

The next second, the demon god's shadow took the initiative to integrate into the golden puppet, The two merged into one.

The golden puppet's momentum surged, and its combat power reached one trillion in an instant, which was the level of foundation-building perfection.

Qin Feng suddenly understood.

Why did he feel that the breath of the magic flag seemed familiar to him.

It turned out that the breath and The aura of the golden puppet is the same

"How is this going?", exclaimed the Death Lord.

He was completely dumbfounded

"Demon God, come back quickly!", the Death Demon Lord tried to summon.

Qin Feng also became nervous instantly.

He didn't know which side the golden puppet and the demon god belonged to after they merged.

At this moment, the golden puppet completed the fusion and slowly raised its head.

The originally dim eyes were actually flashing with soul fire at this moment, and they were actually a little more intelligent.

It looked at Qin Feng, and then at the Death Demon Lord.

The atmosphere in the venue became strangely quiet.

Everyone. They all seemed to be waiting for the Golden Puppet's choice.

The next second, the Golden Puppet suddenly took action, and the sword light shot up into the sky, and with one sword it smashed the magic summoning flag in the air to pieces.

"not good!"

Death Demon Lord was horrified and suddenly felt something bad.

The Demon Summoning Flag was used to control the summoned Demon God.

Now that the Demon Summoning Flag has been destroyed, who can control the Demon God?

Could it be...

Don't wait for Death Demon Lord to think more , the golden puppet struck down the second sword.

This sword struck directly at the Death Lord.

Qin Feng was overjoyed.

The golden puppet was indeed his.

"Demon God, what are you doing?", the Death Demon Lord roared in panic.

The golden puppet ignored him and chased him and slashed wildly.

Qin Feng rushed over to help.

The two joined forces and crushed them completely.

A moment later, a shrill scream echoed throughout the audience, Death The Demon Lord was killed.

A ball of the Emperor's origin remained in the air, a string of bone bracelets (transformed by the Six Spirit Skulls), a True Spirit Seal, and a storage ring.....

Qin Feng was happy, the task was completed.

However, he did not immediately clean up the combat power, but looked at the golden puppet.

Jinren also looked at him silently.

There was silence on both sides.

Qin Feng could feel that the golden puppet was different from before.

In the past, the puppet spirit of the golden puppet was weak and more like a tool, which could be controlled by its own soul mark.

To put it simply, the previous Jin puppet was more like a Yuanwu.

But now, after absorbing the remnant spirit of the Demon Ancestor, it seems to be more like a puppet and more complete.

Its state is very similar to that of the Fire Demon General. It already has its own ideas and can do some simple thinking.

Such a state cannot be controlled by just relying on the soul mark.

Unless you sign a contract with all living beings like the Earth Fire Demon King, you can fully control it.

Qin Feng was thoughtful.

After a moment, he looked at the golden puppet: "If you are willing to surrender to me and recognize me as your master, I can promise to help you collect all the remaining souls. One day, if I become a god, I can resurrect you, that's not a bad idea!

" As soon as he finished speaking, the golden puppet's body trembled slightly.

Immediately, it strode up to Qin Feng, knelt down on one knee and lowered its head.

When he knelt down, the ground shook and the mountains shook. It was very shocking.

Qin Feng was overjoyed and quickly used the Contract of All Beings, and a black rune blended into the golden man's eyebrows and disappeared.

After a while, the contract was completed.

There is an extra level of telepathy between Qin Feng and the Jin puppet.

At this point, Qin Feng completely mastered the Jin puppet.

He couldn't help but feel a burst of ecstasy.

Anyone who has one more subordinate with a combat power of 1 trillion will be happy.

"Get up!", Qin Feng gave an order.

The golden puppet stood up respectfully and stood aside.

"Ding! Congratulations to the host for successfully challenging the sixth floor... Time spent on this floor: 2 minutes and 03 seconds... Accumulated time: 5 minutes and 45 seconds"

"This time it took a long time, but the harvest was the greatest....."

Qin Feng is quite satisfied with the result this time.

With the Golden Puppet's trillions of combat power, the next three games should be much easier. There is still hope to clear the level in ten minutes.

Thinking of this, he turned towards the trophies left by the Death Lord.

With a casual move, the Emperor's Origin, Storage Ring, Six Spirit Skulls, and True Meaning Seal flew over...

Qin Feng opened his mouth and sucked in, swallowing the True Meaning Seal first.....

"Ding! Successfully swallowed the true meaning of the divine seal (the true meaning of death)...the perception of the true meaning of destruction was increased to 30%...All attack power increased...."

"Ding! The host's qualifications are improved... Dragon God inheritance awakens to 68%..... Combat power greatly increased....."

"not bad!"

Qin Feng smiled slightly, and his combat power increased a lot.

The two true meanings, destruction perception reached 30%, and restlessness reached 29%.

He was very satisfied.

Next, he refined the bone bracelet made of the six spirit skulls. After it melted, he put it directly on his wrist.

In this way, he had three emperor-level Yuanwu.

The Sky Sword was the main attack, the Six Spirit Skull was the main defense, and the Seven Birds Divine Fire Fan was the main auxiliary.

Then, he put away the Death Demon Lord's The origin of the Emperor was to investigate its storage ring.

There were more resources there than the Goddess of Paradise, but unfortunately none of them could be used immediately.

Qin Feng was about to put away the storage ring.

But at this moment, he accidentally discovered a special piece The jade talisman.

After he read the information in the jade talisman, he looked at the golden puppet in great surprise.

It turned out that the jade talisman told an amazing secret.

Five hundred million years ago, something happened in the universe. A shocking catastrophe.

Countless living beings were wiped out, star fields were destroyed.

Many living planets turned into death stars.

Qin Feng quickly thought of the Mars Temple.

He now understood why the spiritual plants in the Mars Temple Medicine Garden were More than 500 million years.

Why did the Martians become extinct?

They should have died in the catastrophe of the universe 500 million years ago.

And all the twelve demon ancestors also perished in that catastrophe.

There were no survivors after the death of the twelve demon ancestors. It didn't take long for the Twelve Golden Man to appear.

Rumor has it that the Twelve Golden Man was a mysterious man who collected a wisp of the remaining spirits of the Twelve Demon Ancestors and cast them.

The mysterious man once said that as long as the Twelve Golden Man Putting away the remnants of the Demon Ancestor, although the Jin people cannot return to the strength of the Demon Ancestor, they can reach the level of domination.

At that time, the twelve golden people are equivalent to the twelve dominators, and they can also join forces to form an array to fight against the Star Lord.

Of course, These are all rumors, and no one has ever believed them.

Even the Death Demon Lord didn't believe them.

But Qin Feng believed them.

Because he witnessed it with his own eyes!

"I didn't expect Jinren's background to be so strong!"

Qin Feng silently put away the storage ring and looked at the golden puppet with a sigh on his face.

This golden puppet had such great potential, which really surprised him.

At this moment, there was some movement behind him.

Qin Feng turned around and See Qin Baobao rubbing his eyes and sleepingStanding up anxiously

"Dad, why is the baby asleep?", Qin Baobao is still a little confused.

"You have been sealed by the six senses of the Death Demon... Baby, come here quickly...",Qin Feng waved lovingly

"oops! I actually got tricked. Dad, where is the bad guy? The baby wants revenge!"

"He has been killed by his father!"

"Dad is so awesome!"

Baby Qin, like other children, always feels that her father is the best and most powerful in the world.

She happily ran to Qin Feng and reached out for Qin Feng to hug her.

At this moment, the seventh-floor The entrance appeared not far away

"Dad, the seventh floor is also open!"

"Well, come on, let's be psychic together!"

"OK!"

A moment later, the father and daughter channeled and merged, and their combat power soared to 500 billion.

Then, Qin Feng walked towards the entrance of the seventh floor.

The golden puppet followed closely behind..

Chapter 405

After a while, Qin Feng and the golden puppet entered the seventh floor.

This seventh level is a world of ice and snow.

There is white snow everywhere, ice sculptures and jade, and it is a beautiful world with no end as far as the eye can see.

But Qin Feng's consciousness scanned that there were bones one after another buried under the thick layer of snow.

Let this beauty become extremely eerie.

At this time, snowflakes were falling all over the sky.

A handsome man in white clothes descended from the sky with his hands behind his back, looking extremely handsome.

Qin Feng looked up, and a screen of light popped up in his eyes.

Name: Mirror Image Heavenly Lord (one of the Nine Hell Demon Lords)

Level: Level 45 (Great Emperor level, late stage of foundation building)

Skills: Mirror Image Copy

Weapon: ? ? ?

Combat power estimate: 730 billion (not absolute)

True intention control: Mirror true intention (ice type, top true intention)

Reminder: The winning rate is lower than 49%.....

After reading the final winning rate, Qin Feng's lips curled up slightly, revealing a faint smile.

This winning rate only refers to the one-on-one winning rate ratio between him and the Mirror Image Heavenly Lord. It does not include weapons, battle pets, or golden puppets.

This is the BUG of the system!

Now, his puppet is stronger than himself.

This battle should be won easily

"Demon slayer?", Mirror Image Heavenly Lord asked gracefully

"good!"

"If you want to kill me, you must first defeat yourself.....", the mirror image Tianjun twirled two crystal snowflakes, pretending to be cool.

Qin Feng was puzzled:"I will kill you directly, why should I defeat myself first?"

"Really ignorant! You don't even know my true identity, so you try to kill me. Young man, you are so naive!"

Mirror Image Tianjun sneered disdainfully and waved his hand.

Mirror Image Copy - Activate!

A figure appeared out of thin air in front of Mirror Image Tianjun.

That figure looked exactly like Qin Feng, even the aura, realm, and momentum were completely different. The same.

Mirror Heavenly Lord actually copied Qin Feng.

At the same time, the system prompts sounded

"Ding! The seventh level challenge is officially launched, the timer starts now: 3:00 seconds....."

"hehe! It turns out to be a copy of me!"

Qin Feng sneered and rushed towards the Mirror Image Heavenly Lord!

"Stop him!", the Mirror Image Heavenly Lord gave an order.

The replica rushed towards Qin Feng, intending to intercept it.

At the same time, the golden puppet also rushed to kill the Mirror Image Heavenly Lord. The trillions of auras covered the sky and the earth, and were invincible!

"This is.....", Mirror Tianjun's expression changed drastically.

This was the first time he saw such a powerful puppet.

In panic, he performed his stunt again.

Mirror copy - start!

Invalid!

"What?!" Mirror Image Tianjun was horrified.

His mirror image copying skills are equivalent to those of the Wheel Sea Realm. They are invincible and can be copied even by puppets.

How could it fail this time?

He didn't know that this golden puppet was not an ordinary puppet. Demon Ancestor Puppet.

Each of the Twelve Demon Ancestors are half as strong as Star Lords. They have long transcended the long river of time and the six reincarnations, and are the only ones in the world. Their aura cannot be copied.

Therefore, the skills of the Mirror Heavenly Lord failed.

Just At this moment, a mutation reappeared in the field.

The replica was about to stop Qin Feng. Its momentum, combat power, and speed were exactly the same as Qin Feng.

But just when the two sides were about to collide, Qin Feng teleported and disappeared. The replica was stunned.

It would not teleport.

The next second, Qin Feng appeared out of thin air above the head of the Mirror Heavenly Lord.

The Mirror Heavenly Lord screamed: "How is this possible! You have awakened your seventh consciousness!"

Mirror Image Heavenly Lord was extremely shocked.

He never expected that one after another during the Tribulation Period would awaken the seventh consciousness. How much luck does this require!

His mirror image copy can copy all abilities, except the seventh consciousness. Qin Feng was too lazy to pay attention to him and slashed him with his sword.

The golden puppet arrived in time and slashed him with his sword.

Two ten thousand-foot-long sword lights fell from the sky, splitting the sky and cracking the earth.  
....

"not good!"

The Mirror Heavenly King roared and raised an ice shield.

The lightsaber fell!

Click!

The ice shield exploded and debris flew everywhere!

Boom~! Boom~!

Two consecutive sounds, a shocking loud noise!

The nine days shook, and the snow field cracked.!

A shrill scream!

The Mirror Heavenly Lord was killed instantly by Qin Feng and the golden puppet.

A ball of the emperor's origin, a true meaning seal, and a storage ring remained in the air.....

When the mirror image king dies, the replica will automatically collapse.

"Ding! Congratulations to the host for successfully challenging the third gas layer... Time spent on this layer: 3 seconds... Accumulated time: 5 minutes and 48 seconds"

"Ha ha!! This time it only took three seconds!"

Qin Feng laughed heartily.

"Dad, this time passing through the level passed so quickly!", the baby also cheered happily

"yes! This level is the easiest since I have beaten it continuously!"

Qin Feng was in a good mood and glanced at the golden puppet with satisfaction.

This guy is really his right-hand assistant.

Without its help, it is absolutely impossible to pass the level in three seconds.

"Dad, let's see if that guy left anything good?"

"Baby, you are more anxious than dad..."

Qin Feng smiled and waved, and sucked the trophies into his hands.

He opened his mouth and sucked, and swallowed the true meaning seal first.....

"Ding! Successful swallowing of the Divine Seal of True Meaning (mirror true meaning)...the comprehension of the Unending True Meaning is increased to 40%...All defense, healing, regeneration...raised dramatically....."

"Ding! The host's qualifications have been improved...Dragon God's inheritance has awakened to 69%.....Combat power greatly increased....."

Qin Feng was delighted that this time his true meaning had improved significantly.

Then, he put away the origin of the Mirror Heavenly Lord and began to investigate the storage ring.

Soon, he made another surprising discovery

"Baby, what do you think this is?"

Qin Feng took out a divine seal with a happy face.

"Wow! It's the divine seal of true meaning! Dad, why does this bad guy have other divine marks on his body?"

Baby Qin was excited.

She sensed it. It was the true meaning seal of the fire attribute. It was useful to both her and her father.

"Need I say it? It must have been obtained by the Mirror Heavenly Lord after he killed a great emperor. Fortunately, he is of the ice type, otherwise this divine seal would have been refined by him and it would not have remained until now."

Qin Feng said while observing the divine seal in his hand.

"Dad, is this guy that powerful? Can he kill other great emperors?"

"Well...", Qin Feng was stunned for a moment, "Baby, don't underestimate this mirror image king. He is very strong, and his copying skills are also very powerful. It's just that we happened to restrain him, so he lost so quickly."

"Oh~"

At this time, Qin Feng also saw the details of the divine seal.

The divine seal is the true meaning of annihilation of fire, which is the top true meaning. It has both the characteristics of the five elements and the characteristics of destruction and destruction, which is very good!

At the moment, he opened his mouth and took a breath , and swallowed it

"Ding! Devouring the True Meaning Divine Seal Successfully (Annihilating the True Meaning).....The awareness of the eternal true meaning has been increased to 43%...All defense, recovery, healing, regeneration....raised dramatically..."

"Ding! Devouring the True Meaning Divine Seal Successfully (Annihilating the True Meaning).....The perception of true meaning of destruction has been increased to 35%...All attacks are greatly improved..."

"Ding! The host's qualifications are improved...Dragon God's inheritance is awakened to 70%.....Combat power greatly increased....."

"Ding! Devouring the True Meaning Divine Seal Successfully (Annihilating the True Meaning).....War pet fire's true meaning perception has been increased to 61%.....Combat power greatly increased.....".....

After this devouring and digestion, both Qin Feng and Bao Baobao were greatly strengthened.

Qin Feng's comprehensive combat power increased to 600 billion in one fell swoop, reaching its peak in the middle stage of foundation building.

At this moment, there was a burst of space fluctuations in front, and the light door leading to the eighth floor appeared.

Qin Feng put away the storage ring and walked towards the light door in a comfortable mood..

Chapter 406

After a while, Qin Feng and the golden puppet stepped through the light door and entered the eighth floor.

This is the penultimate level of the challenge, and we are getting closer and closer to completing it.

The eighth floor is a main hall.

Qin Feng looked around.

The main hall was very clean. No bones were seen on the ground. There was a faint smell of blood in the air, and there was the sound of chewing bones.

Qin Feng followed the sound and saw a bald demon holding a dried human leg and devouring it. , the sound of crushing bones kept coming from his mouth.

This bald monster eats human flesh without spitting out the bones. No wonder the hall is so clean. Apparently all the demon slayers were eaten by him.

Qin Feng frowned, feeling disgusted with such a man-eating demon.

After all, he is human too.

At that moment, he looked at the demon.

The guy looked like a human being, tall and majestic, with his upper body naked, his skin golden, like it was made of gold, and his muscles tangled like a dragon or a snake coiled around it.....

It's just that his mouth is very big, taking up half of his entire face. It's full of sharp teeth that can crush bones when he opens his mouth.....

"Dad, this man is so ugly.....", the baby's cute voice sounded in Qin Feng's mind.

Qin Feng couldn't laugh or cry.

Children's concerns are different from those of adults.

At the same time, light screens popped up in his eyes.

Name: Golden Body Emperor (one of the Nine Hell Demon Lords)

Level: Level 45 (Emperor level, late stage of foundation building)

Skills: Indestructible Golden Body (Lun Hai level)

Weapons: ? ? ?

Good at: Physically strong (physical strength is 96% of the Great Emperor level)

Estimated combat power: 870 billion (not absolute)

True meaning control: Unbreakable true meaning (gold system, top true meaning)

Reminder: The winning rate is less than 0.0001% (the host is restrained).....

After reading the message, Qin Feng frowned and suddenly felt something bad in his heart.

He was restrained again, and his winning rate was almost zero.

"Ha ha!! This emperor has been waiting for many years, and finally there is new blood food to eat. ...."

The golden emperor was also alarmed by Qin Feng's movement.

As soon as he saw Qin Feng, his eyes lit up with excitement, as if he was seeing a big meal, and he was almost drooling.

"Well, you are in the tribulation period, your meat must be very strong..."

The golden emperor put down the dried human leg in his hand, picked up the wine bottle next to him, and took a big gulp of it.

He didn't take Qin Feng at all. Take it seriously.

He's just a little elemental master who has transcended the tribulation period. He can be subdued with one finger. It's better to take a few sips of wine first to celebrate that delicious food is delivered to your door.

"Dad, this bad guy actually said he wanted to eat you! How annoying!", the baby was very angry.

In her heart, her father was the best in the world.

This bad guy actually wanted to eat her father, which made her very angry. She wanted to beat this bad guy to pieces right away.

"Baby, he can't eat daddy's food.."

Qin Feng said while observing secretly.

This golden-bodied emperor could actually restrain him.

This made him confused.

"bring it on!", the golden-body emperor made a move.

A huge suction force came from the palm of his hand.

He wanted to suck this young man in the tribulation stage and gnaw it directly.

But the next second, he was confused.

He sucked for a long time, Qin Feng stood there, motionless.

What is going on?

It stands to reason that even the Nine-Star Emperor would be attracted by him. Why can't this human being in the tribulation period be attracted? The

Golden Body Emperor suddenly felt a little embarrassed and a bit pretentious. The feeling of failure.

At this moment, Qin Feng heard a system prompt in his ear

"Ding! The eighth level challenge is officially launched, the timer starts now: 3:00 seconds....."

"Do it!"

Qin Feng gave the order, and the golden puppet immediately took action.

Qin Feng teleported and arrived behind the golden emperor.

"Huh!", the golden emperor was a little surprised.

This kid turned out to be a space ability user.

He turned around quickly.

Qin Feng took the opportunity to launch a divine attack.

The flower of soul was activated, and the divine attack bonus!

The true meaning of destruction was activated, and the divine attack bonus!

One In an instant, the power of Qin Feng's divine consciousness attack quadrupled, and even the late emperor could not bear it.

But the next second, a sudden change occurred.

Buzz~!

The whole body of the golden emperor automatically emitted golden light.

A soft groan!

Qin Feng's divine The consciousness attack was actually blocked.

The golden body of the golden emperor was actually able to block the consciousness attack.

Qin Feng was surprised. A sword in his hand had already been slashed. The overwhelming sword energy split the sky and the earth, and struck the golden emperor's forehead.

The golden emperor did not evade or block. Instead, he grinned, showing his sharp teeth, and let Qin Feng chop them down.

Dang~!

The sword struck directly on the forehead of the golden emperor, sending out a string of Mars.

Qin Feng's arms were a little numb.

There was nothing wrong with the Golden Emperor's forehead, not even a white mark was left. At this time, the Golden Puppet also arrived, and struck the Golden Emperor on the back of the head with another sword. Go up.

The power of that sword has an amplitude of more than one trillion, which is even stronger than Qin Feng's attack.

When~!

It's like gold and iron clashing, the sound waves vibrate, and the whole audience is deafening!

The golden emperor is still fine.

Then There was no white shadow left on the bald head.

Qin Feng was stunned.

The golden puppet was also stunned.

The golden emperor grinned and laughed proudly:"Haha!! It is all delusion to think that I can defeat my immortal golden body and lack the strength of the first round realm!"

Qin Feng was shocked.

The combat power threshold of the first-round realm is 10 trillion combat power.

No matter how he and the golden puppet join forces, there is no way they can have such destructive power.

The golden body of the golden emperor is really that strong Defense?

Qin Feng doesn't believe it.

He and the Jin puppet continue to join forces to attack

"Boy, go to hell! Ha ha!!", the golden emperor laughed wildly and attacked.

He completely gave up defense and kept attacking with all his strength.

Dang~! Dang~! Dang~! .....

Just half a minute!

The golden-bodied emperor was slashed hundreds of times with swords, and sparks popped out, but he was not injured at all.

He was even more proud:"Haha! I have a golden body and am destined to be invincible. You just wait to be consumed by me!"

The two sides continued to fight fiercely.

Dang~! Dang~! when~! ...

Sparks are flying~!

In a blink of an eye, a minute passed.

Qin Feng and the golden puppet still couldn't hurt the golden emperor.

The Golden Emperor is weak in defense and attack, and cannot harm Qin Feng and the Golden Puppet.

This is an unbreakable tie!

"dad! This bad guy's defense is so strong! If we can't kill him, the mission will fail....."

The baby sounded anxious.

Qin Feng was even more anxious.

He couldn't break the Golden Body Emperor's defense, and he definitely couldn't kill the Golden Body Emperor.

If this continues, this assessment will fail.

With this defeat, all the previous seven games were in vain.

He finally understood why the system prompted him with such a low winning rate.

With all his current means, there is absolutely no way to achieve the destructive power of the First Stage.

Dang~! Dang~! when~!.....

In the blink of an eye, two minutes passed.

Qin Feng and the Jin puppet still made no progress.

The golden-bodied emperor is still alive and well, without any injuries.

"Boy, with this style of fighting, I can fight with you for a hundred years! However, based on your cultivation during the Tribulation Period, your Yuan Power reserves are definitely not as large as mine. You will eventually be consumed by me! Ha ha!!"

The golden emperor was calm and calm, not in a hurry.

He used this method to kill his opponents in many battles. Defeating the enemy with force was not his strong point!

Hearing this, Qin Feng was extremely depressed.

Don't say The fight has been going on for a hundred years, and as long as the Golden Emperor can persist for three minutes, he will lose.

It seems that he is going to lose this one!

Could it be that all the previous seven games were won in vain?

Qin Feng wants to vomit blood just thinking about it.

However, he cannot There is no denying that what the Golden Body Emperor said makes sense.

According to the way both sides are fighting, even if they fight for a hundred years, it will be difficult to determine the winner.

Dang~! Dang~! Dang~!

In the blink of an eye, only the last two people are left in this assessment. It's been more than ten seconds.

The golden emperor is still intact, and he is becoming more and more brave as he fights.

The baby is so anxious that he almost cries!

She doesn't want her father to lose!

It was very hard for her father to win the previous seven games!

But Qin Feng calmed down.

At this moment , he was surprisingly calm.

He is the kind of person who thinks calmly the more difficulties he encounters.

At this moment, his brain is running rapidly.

The golden body of the Great Emperor has condensed the flower of the other shore (physical body), and the physical strength has been greatly improved. Times.

In addition, what he understood was the top true meaning - the true meaning of not breaking (gold system).

Only then did he master the unique skill - not breaking the golden body!

This is a wheel-level emperor skill with extraordinary power.

So what to do Where is it?

That's right!

An idea flashed in Qin Feng's mind, and he flipped it casually, and got the Seven Birds Divine Fire Fan.

Then, he waved the fan, and the sky and the earth changed color, and the sea of fire rolled in the sky, sweeping towards the golden emperor.

The mighty flames were like a sea of fire emanating from the sea. As soon as it stuck to the body of the golden emperor, the tongues of fire licked at him angrily, tearing apart his skin and flesh, emitting bursts of burning stench.

"Ah~! Ah~! ah~! "

The golden emperor screamed in pain and looked like he had seen a ghost.

He really didn't expect that Qin Feng would find his flaw so quickly.

His indestructible golden body is not afraid of any attack, only the divine fire attack of the emperor level.

Because among the five elements, fire can overcome metal!

"You...how did you find out...Ah! ah!"

In an instant, the golden body emperor was engulfed by the sea of fire.

His unbreakable golden body was broken. The golden body emperor turned around and ran away.

Qin Feng attacked with his spiritual consciousness and stopped him in place.

The golden man puppet took the opportunity to strike with a sword, Ten Thousand Zhang Sword Qi soared into the sky, covered the sky, and fell from the sky.

Click~!

Blood splashed and screams sounded!

A bloody light flashed!

The golden emperor was split into two halves.

Qin Feng also raised his hand and struck a sword, and the tip of the sword lit up. A dazzling spiritual light.

In an instant, thousands of sword lights bloomed all over the sky, swallowing up the two halves of the corpse in an instant and twisting them into powder.....

The golden emperor's soul was completely destroyed.....

A trace of the origin of the Great Emperor remains in the sky, a storage ring, a divine seal of true meaning, and a flower from the other shore (bud.).

Chapter 407

"Finally killed!"Qin Feng secretly breathed a sigh of relief. He almost didn't pass the test this time.

If he really didn't pass the test, he would have suffered a big loss.

"Dad, the bad guy's defense just now was so powerful. No matter how you and the golden man slashed him, he was fine. Why did he get hurt when he was hit by a fire? Qin

Baobao asked curiously

"That's because his indestructible golden body is metallic, and fire can overcome metal, so it just breaks it."

"It can be seen from this that at the level of the Great Emperor, the key to victory or defeat is not necessarily cultivation and combat power, but the mutual restraint of elements is also very important."

"If you encounter someone who restrains you in terms of elements in the future, you must be cautious. Even if his cultivation and combat power are not as good as yours, don't take it lightly!"

Qin Feng taught the baby well.

He also felt it.

This time, eight consecutive challenges have allowed him to gain a lot in combat experience.

"Well, baby knows. Dad, you are a chaos elemental master. Even the nine elements can't restrain you, so aren't you afraid of no one?"

"That's right!"

"whee! My dad is the best!", the baby's tone was full of pride.

Qin Feng smiled and said nothing

"Ding! Congratulations to the host for successfully challenging the eighth floor... Time spent on this floor: 2 minutes and 42 seconds... Accumulated time: 8 minutes and 30 seconds"

"This time it took the longest to clear the level!"

Qin Feng sighed.

He wanted to get three times the reward, and the last level must be completed within 1 minute and 30 seconds.

Thinking of this, Qin Feng looked at the harvest in front of him.

This harvest is not small!

He opened his mouth, Then he swallowed the flower of the other shore.....

"Ding! Successfully swallowed the Flower of the Other Side...the physical strength increased to the emperor level (93%) ...Defense power greatly improved.....Combat power greatly increased....."

"Ding! Congratulations to the host for condensing the flower (bud) of the other shore... The transformation of the physical body can avoid all evils, be invulnerable to all poisons, and invulnerable to all laws....."

Qin Feng clearly felt an extremely comfortable feeling gushing out of his body, as if his body was sublimating.

Immediately afterwards, a flower from the other side grew in the Shenting acupoint, golden in color and ready to bloom.

After a moment, Qin Feng opened his eyes happily.

Three flowers, he has condensed two flowers.

If you want to break through to the Wheel Sea Realm, you must first produce three flowers, and all three flowers must bloom before you can break through.

Qin Feng has not yet overcome the tribulation, but has already completed less than half of it.

This is an advanced talent!

He is destined to enter the Wheel Sea Realm.

Later, Qin Feng swallowed the true meaning seal again.....

"Ding! Successful swallowing of the Divine Seal of True Meaning (without breaking the True Meaning)...Unending True Meaning perception increased to 50%...All defense, recovery, healing, regeneration....raised dramatically..."

"Ding! The host's qualifications are improved... Dragon God's inheritance is awakened to 71%..... Combat power greatly increased....."

With this devouring, the true meaning and combat power of Endless were greatly enhanced.

Qin Feng's comprehensive combat power has also increased to 700 billion

"Dad, the entrance to the ninth floor is out!"

Qin Feng looked up and saw a door of light in the distance.

The last entrance came out.

"Let's go!"

Qin Feng walked towards the light gate, excited and nervous.

The last hurdle is here!

Success or failure depends on this!

But at this moment, his heart throbbed.

The strong feeling of luck came again.

He was inexplicably He came up with the idea that he should check out the storage rings of the great emperors, learn some useful information and knowledge from them, and then go to the ninth level.

It seems that doing so would be of great benefit to him.

If he doesn't do it, He might lose a lot.

Qin Feng was stunned. This kind of luck hint was weird.

This was already the third time.

The first luck hint made him discover the Mars Temple.

The second luck hint, he also I didn't understand what was going on.

In fact, the second hint of luck allowed Qin Feng to cleverly avoid the detection of Beimen and Dongying, buying him decades of time. At this point, Qin Feng has not yet I don't know yet if there is a challenge space.

Now, the third hint of luck has come again.

Qin Feng hesitated for a moment, but decided to follow the hint of luck.

Anyway, there are no regulations in the assessment. After he clears one level, he must immediately Entering the next level.

In this case, it is not a bad thing for him to stay for a while and study. Just do it when you think of it. Qin Feng ordered the golden puppet, took out the storage rings, and began to look through them one by one.

In order to speed up the reading, he swallowed a lot of enlightenment pills.

The baby was very well-behaved.

When Qin Feng was checking, she could also see some content.

In the blink of an eye, three hours passed.

Qin Feng finally finished reading the stored books. Material ring.

After reading this, his eyes have broadened a lot.

The knowledge of these great emperors is extremely rich, covering all aspects such as alchemy, weapon refining, formation inscriptions, secret techniques, etc. After reading this, Qin Feng has a wealth of knowledge Great progress.

Many things that had been confusing in the past were suddenly revealed.

For example, he once obtained the Liangyi Yuan magnet in the mysterious cave in the center of the earth.

He now knows what it is used for.

Another example is what is the Star Soul?

He He also knows.

The so-called star core is what is left behind after the death of the star soul.

He was excited when he thought that there might be a star soul under the earth, deep in the mysterious cave in the center of the earth.

If there really is a star soul, what will happen to the star soul? He has great benefits.

Of course, these will be discussed after he completes the tribulation.

Right now, he has to complete the last challenge first.

Qin Feng put away the storage rings with satisfaction, and his confidence inexplicably increased.

"Dad, the baby is so dizzy..."

Qin Feng was stunned:"What's wrong? Baby!"

"Dad, you just saw so many things. The baby also watched it. I feel so dizzy after watching it..."

Qin Feng laughed and said,"Did you learn some knowledge?"

"I learned a lot, but I don't understand a lot of it!"

"It's okay if you don't understand. Dad will teach you slowly in the future!"

"OK! Dad, you are so kind. The baby likes you so much.~! "

This kid is getting more and more clingy.

Qin Feng felt warm in his heart.

At that moment, he walked towards the ninth floor, with the golden puppet silently following behind him.

After a while, the two entered the last level.

As soon as Qin Feng's feet landed on the ground, he smelled the refreshing fragrance of flowers. He looked up and saw white clouds floating around and fairy mist lingering around him.

Among the clouds and mist, there are exotic flowers and grasses, rockery springs, pavilions and pavilions, as well as a few fairy sounds. Everything is like a fairyland, so beautiful.

Here, Qin Feng did not see a corpse, nor did he smell a drop of blood.

If he hadn't known that this was the highest level of the Demon Suppression Tower, he would have thought he was in some fairyland.

Soon, Qin Feng saw a simple and elegant small pavilion not far away.

In the pavilion, there was an elegant man, wearing a long white coat, sitting in front of the coffee table, sipping wine and admiring the beautiful scenery around him.

This man's hair is very strange, the left half is white and the right half is black.

His hair was very long, draped casually over his shoulders, yet he looked extraordinary.

At this time, a light screen popped up in Qin Feng's eyes.

Name: Little Demon Ancestor of Yin and Yang (head of the Nine Hell Demon Lords, dual elements of light and darkness, potential to dominate)

Level: Level 46 (Great Emperor level, foundation building perfection)

Skills: Yin and Yang reciprocity (Lun Hai level)

Weapon: Cave Mirror (Great Emperor level)

Good at: Strong body (with the flower of the other shore)

Good at: Strong soul (with the flower of the soul)

Estimated combat power: 1.2 trillion (not absolute)

True meaning control: Liangyi true meaning (supreme true meaning)

Warning: low winning rate on 10%.....

"So strong!"

Qin Feng took a deep breath.

This guy's combat power is higher than that of the golden puppet, and he still grasps the supreme true meaning. He is worthy of being the first of the nine demon kings.

This should be the strongest opponent he has ever encountered.

If he wants to To get the triple reward, you must kill this guy within 1 minute and 30 seconds.

This difficulty is as difficult as climbing to the sky!

At this time, Qin Feng suddenly thought of something and felt a little lucky in his heart.

Fortunately, he listened to the hint of luck, I just looked through the storage ring and learned a lot of knowledge.

I don't know if that method is useful.

He will verify it later.

If it works, he may be able to kill this Yin Yang within 1 minute and 30 seconds. Little Demon Ancestor.

Even if he can't be killed within 1 minute and 30 seconds, he can still complete the task within 3 minutes.

Perhaps, his third supreme true meaning can be obtained from this guy.

Thinking of this, Qin Feng silently Walking towards the pavilion.

He felt inexplicably nervous.

This little Yin-Yang Demon Ancestor has the potential to dominate and should not be underestimated!..

Chapter 408

After a while, Qin Feng walked to the pavilion.

The little demon ancestor Yin Yang then turned his head and looked at Qin Feng with a smile on his face.

"My friend, I have been waiting for you for a long time. Please sit down!"

The little demon ancestor is smiling and very elegant.

It is hard to imagine that such a gentle and amiable man is the leader of all demons.

"you know me?"

Qin Feng sat generously opposite the Little Demon Ancestor.

"My little friend's performance along the way is clearly visible below.....", the little Demon Ancestor was enjoying the wine in his cup.

Qin Feng was surprised:"Can you see it?"

"Here~! ", Little Demon Ancestor gestured to one side with his eyes.

Qin Feng looked around and saw a rockery on that side with a spiritual mirror placed on it.

The little Demon Ancestor waved his hand, and the scene on the first floor of the Demon Suppression Tower appeared in the mirror.

Then, the second floor, the third floor, and the fourth scene.....Until the eighth floor, those scenes emerged one after another.

Qin Feng suddenly realized.

It was through this mirror that the little Demon Ancestor saw all his performance in his eyes.

"It seems like you have a good understanding of my strength?", Qin Feng tested.

The Little Demon Ancestor smiled calmly:"Each floor of this nine-story Demon Suppression Tower is an independent space. I can't go to the scene to observe, but this cave mirror can help me see the situation on other levels"

"And those demon kings you killed were all my former subordinates. I know their strength very well, so I can roughly judge your strength....."

"At least, that's what I know about you. Far better than you know me!"

The little demon ancestor took a leisurely sip of the wine, with a hint of pride in his eyes.

"Dad, it seems real! He has seen all our details!"

The baby's worried voice sounded in Qin Feng's mind.

"Don't worry..."

Qin Feng communicated mentally.

Then, he looked at the Little Demon Ancestor calmly:"Tell me about it!"

Little Demon Ancestor smiled slightly:"For example, you have a very powerful battle pet.....For another example, although your cultivation level is low, your real strength is comparable to that of someone in the late stage of foundation building...."

"You think highly of me!"

"No! You do have the strength! There are only a handful of people in this world who can make me look at him differently, and you are one of them."

The attitude of the Little Demon Ancestor was obviously that of peers.

From the beginning of his contact with Qin Feng, he never placed himself in the position of a superior emperor.

Qin Feng remained noncommittal and continued to test: "Is there more?"

"Of course! For example, you can directly swallow the Seal of True Meaning, the Flower of Soul, and the Flower of the Other Side...."

The little demon ancestor looked at Qin Feng with a half-smile.

There was confidence in his eyes, as if he had everything under control.

He wanted to see Qin Feng's cramped look, that's what he wanted.

He wanted to gain a psychological advantage.

But the next second, he was disappointed.

Qin Feng still had a calm expression on his face, without any sense of being stripped of his secrets.

This made Little Demon Ancestor confused.

Of course Qin Feng is confident.

His real trump card is the system.

There is a system that allows him to be resurrected even if he is challenging death, but he will lose the reward for this challenge.

Everything this little Demon Ancestor saw was just the surface.

Of course, only Qin Feng knows this secret, not even Qin Baobao.

"In fact, I know you much better than you think!", Qin Feng suddenly said

"Oh, what should I say?", Little Demon Ancestor was curious.

How much can this young man know about himself since he has never seen him?

Those who have seen him have all died here, and no one has left alive. Therefore, the outside world does not understand him, or even knows him. Which element is being cultivated?

"That mirror should be called the Cave Heaven Realm!"Qin Feng pointed to the mirror on the rockery.

The little demon ancestor was slightly stunned.

How does this kid know the name of his magic weapon?

"Also, you practice both light and dark cultivation, right?"

The little Demon Ancestor was shocked again.

He used secret techniques to cover it up, but it was actually seen.

Qin Feng smiled again and said:"The true meaning you comprehend is the true meaning of Liangyi, and your unique skill is the reversal of yin and yang."

The little Demon Ancestor was shocked and looked at Qin Feng in shock.

At this moment, Qin Feng's heart was not confused, but his heart was confused.

It was obviously the first time they met, how could this young man know his trick? ?

You know, everyone who has seen his unique skills has died!

"It seems that I have underestimated my little friend!"

The Little Demon Ancestor sighed. He no longer had the calmness and calmness he had before. There was a hint of awe in his eyes when he looked at Qin Feng.

Many times, the more mysterious it is, the more awe-inspiring it is.

"My little friend, it's been a hard journey, how about a glass of wine to calm down the shock..."

Little Demon Ancestor poured a glass of wine with his own hands and placed it in front of Qin Feng.

"Your Excellency is chatting with me and inviting me to drink. If you have something to do, just tell me!"

Qin Feng smiled coldly, but did not drink.

The little Demon Ancestor was stunned for a moment, then smiled and said: "My little friend is indeed smart! In that case, I'll just say it! I want to make a deal with my friend!"

"What deal?"

The little demon ancestor turned to look at the golden puppet on the side, and a trace of greed flashed deep in his eyes.

However, he covered it up skillfully, and then sighed with a look on his face: "It has been rumored that these twelve golden people and the twelve demon ancestors It has a lot to do with it. Everyone in the world doesn't believe it, and I didn't believe it before either."

"But when I saw it with my own eyes this time, I had to believe it! My little friend, you got a peerless puppet!"

Little Demon Ancestor's tone was full of envy.

Qin Feng was puzzled:"What does this have to do with our cooperation?"

"Of course! The twelve golden figures represent the twelve demon ancestors. Don't you want to get a second golden figure?", Little Demon Ancestor said with a smile.

Upon hearing this, Qin Feng's eyes lit up:"Do you know the whereabouts of the second golden man?"

Little Demon Ancestor smiled and nodded:"That's right! I know that the second golden man is in a secret place. I still have the pass to that secret realm.....As long as I am willing to complete the transaction, the pass order and the secret map are yours!"

Qin Feng was moved.

If he can get a second golden man, his strength will naturally increase greatly.

"Say it! What deal?"

"Help me escape from the Demon Suppression Tower!"

This Demon Suppression Tower is very special. Demons like them can't get out, but people from the outside can come in and out freely."

"What about maps and access orders?"

"After going out! Naturally for you!"

Hearing this, Qin Feng smiled.

It is impossible for him to agree to such a deal.

This little demon ancestor knew that he had killed his men, but he still wanted to cooperate with him instead of avenging his men.

It shows that this person has a cold and ruthless nature It's meaningless.

As soon as this person is freed, he will definitely turn his back on others and even turn against himself.

What's more, this little demon ancestor knows too many of his secrets and must die!

"how? Don't you believe me as a person?", the little demon ancestor looked upright.

"Do not believe!", Qin Feng said straightforwardly

"Uh...", the little demon ancestor was a little embarrassed, "If you don't believe me, we can sign a contract first!

Qin Feng stood up slowly: "I don't have to watch it anymore!" I think if I kill you, I can also get the map and the access order!"

As soon as he said these words, the little Demon Ancestor's face changed slightly, and anger welled up in his eyes.

He had been treating each other with courtesy, but he didn't expect that the young man in front of him had always been ignorant.

"hehe! Boy, do you think you can really be on an equal footing with me just because I'm polite to you?"

"Tell you the truth! I already know the depth of your strength! I am 70% sure to kill you!"

The Little Demon Ancestor was really angry.

Qin Feng was secretly happy.

He just wanted to anger the Little Demon Ancestor and make the system activate the mission as soon as possible.

At the moment, Qin Feng sneered: "Why are you talking so much nonsense! Let me see what your methods are really like!"

"as you wish!"

The Little Demon Ancestor immediately erupted, and the overwhelming demonic energy soared into the sky.

The small pavilion exploded to pieces!

At the same time, the long-awaited system prompt finally sounded.

"Ding! The ninth level challenge is officially launched, the timer starts now: 3:00 seconds....."

"Do it!"

Qin Feng and the golden puppet rushed towards the Yin Yang Little Demon Ancestor at the same time.

A big battle broke out!..

Chapter 409

The Yin Yang Little Demon Ancestor also activated instantly!

Two-dimensional clone! launch!

The Little Demon Ancestor split into two instantly, one was a solid body, and the other was a translucent virtual body..

That entity is the original body of the Little Demon Ancestor, which is Yang and has a combat power of 1.2 trillion.

The virtual body is a clone, yin, with only half the combat power of the original body, reaching 600 billion.

The next second, the little demon ancestor rushed towards the golden puppet, and his clone rushed towards Qin Feng.

Qin Feng teleported, avoided the clone, and appeared strangely behind the Little Demon Ancestor.

The Heaven-Bearing Sword shot out of the air, and the sword energy struck the little Demon Ancestor's back directly.

The golden puppets drew their swords at the same time, their combat power was overwhelming, and a large space collapsed.

At this moment, Qin Feng used teleportation to join forces with the golden puppets to attack the little demon ancestor from a pincer attack.

At this moment, the virtual clone of the Little Demon Ancestor arrived and slashed Qin Feng with a sword, in an attempt to encircle Wei and save Zhao and make Qin Feng give up the pincer attack.

Qin Feng naturally ignored it, and the six spirit skulls automatically held up a defensive light shield, which was enough to withstand the attack of the incorporeal clone.

In the blink of an eye, Qin Feng and Jin Ren's attacks fell.

In this moment of thought, a sudden change occurred.

The little demon ancestor who was flanked suddenly turned into his incorporeal clone.

His incorporeal clone suddenly turned into the Little Demon Ancestor.

This is exactly the interplay between yin and yang in the true meaning of Liangyi.

The original body of the Little Demon Ancestor can be interchanged among the yin and yang clones at will. You never know which one his true body will be.

With this change, Qin Feng's situation reversed. He was sneak attacked by the Little Demon Ancestor and had no time to make more defenses.

Boom~! Boom~! Click~!

Two loud noises in a row!

The virtual clone of the Little Demon Ancestor was smashed to pieces by Qin Feng and Jin Ren.

But the attack of the Little Demon Ancestor also easily shattered the defense of the Six Spirit Skeletons, with a destructive power exceeding one trillion, hitting Qin Feng's back.

Wow~!

A mouthful of blood spurted out!

The scales of the golden dragon armor exploded! Blood splattered everywhere!

Qin Feng was hit so hard that he vomited blood and flew backwards!

After he stabilized his body, the injuries on his body had completely recovered, and even the damage to the Golden Dragon Armor was being repaired automatically.

Not long ago, he condensed the Flower of the Other Side, which increased his physical defense and recovery several times.

Coupled with the characteristic of endless true meaning, his recovery speed is unimaginable by ordinary people.

As long as the injury is not fatal, you can recover in the blink of an eye!

At this moment, Qin Feng is still in peak condition!

"Huh! Are you okay?"

The little demon ancestor was extremely surprised.

At the same time, an incorporeal clone automatically condensed around him.

As long as the main body is immortal, his clones will continue to grow.

"Have you gathered the flowers of the other side?"

Little Demon Ancestor guessed, feeling a little hard to accept in his heart.

He spent countless costs to condense the Flower of the Other Shore in the middle stage of foundation building.

But the young man in front of him condensed it in the tribulation stage.

Is this the gap?

Could it be that this boy His qualifications are higher than mine.

At this thought, the little Demon Ancestor felt inexplicably jealous.

He has always been proud of his own qualifications, thinking that he could be like the Twelve Demon Ancestors and reach half the strength of a Star Master, so he He calls himself Little Demon Ancestor.

But now it seems that this young man's potential is much better than his own, which makes him unable to help but feel jealous. Qin Feng ignores him, but silently looks at the virtual clone.

He now understands that Little Demon Ancestor The Demon Ancestor's trump card.

If he wants to kill the Little Demon Ancestor, he must kill the Little Demon Ancestor and his clone at the same time. As long as there is a slight time difference, the Little Demon Ancestor cannot be killed.

This is bigger than killing two foundation builders. It is ten times harder for the Perfect Emperor!

To kill two Foundation-Building Perfect Emperors, he can defeat them one by one, one after the other.

But it is not possible to deal with the Little Demon Ancestor. As long as he is given the time difference of one thought, he can defeat them. The main body is transferred to the clone, and then a new clone is summoned instantly.

This is the Yin pole producing Yang, and the Yang pole producing Yin. His clone can never be extinguished.

The clone is immortal, and his body will live forever.

This is the mutual reversal of Yin and Yang..The problem has become a bit tricky!

Qin Feng analyzed that if the true meaning of Eryi is not destroyed, the difficulty of killing the Little Demon Ancestor is comparable to killing four great emperors who established the Great Perfection of Foundation.

With his current strength, he absolutely cannot do it.

He had already suffered a little loss in that test just now.

"Boy, why don't you speak? You must have noticed that even if you have the help of the golden puppet, you are still no match for me. If you continue to fight for a long time, you will die!"

The corners of the Little Demon Ancestor's mouth turned up and he said with a proud smile.

Qin Feng also took a deep breath.

He didn't want to fight a protracted war.

That was not good for him.

More importantly, he also wanted to get three times the reward.

The challenge time is now 21 seconds passed, and he had to kill the Little Demon Ancestor within the remaining 1 minute and 09 minutes.

This was extremely difficult!

At the moment, Qin Feng slowly said: "We don't have to fight for a long time! Within one minute, I will take your life!"

"Arrogant!", the little demon ancestor was furious

"Do it!"

Qin Feng and the golden puppet attacked again.

The little demon ancestor looked disdainful and went up to fight.

A similar scene happened again.

Qin Feng used teleportation to avoid the interception of the virtual clone again, and attacked with the golden puppet Little Demon Ancestor

"Ha ha! Are you a dummy? Is this trick still useful?"

The little Demon Ancestor laughed, and was about to perform Yin and Yang exchange, turning the main body into a clone, and turning the clone into the main body.

But at this moment, a sudden change occurred.

Qin Feng suddenly threw something as big as a fist.

Bang~!

The ground shook for a while, and the earth trembled.

The fist-sized thing fell to the ground, but it was like Mount Tai falling to the ground, shaking the earth. The surrounding gravity instantly increased to a million times, and the force field thousands of miles around changed.

Also At this moment, the demonic body of the little demon ancestor was shaken, with a look of horror on his face.

His yin and yang reversal unexpectedly failed.

Qin Feng and the golden puppet jointly attacked, and they immediately knocked him vomiting blood and flying backwards.

"how come? how so!"

The little Demon Ancestor roared anxiously.

The exchange of yin and yang was his greatest asset, and now it was useless.

He quickly looked at the thing Qin Feng dropped, which was a black stone.

"Liangyi yuan magnet!"

The little Demon Ancestor's face was extremely ugly.

The so-called Eryi's true meaning is NiluanPositive.

The function of the Liangyi Yuan magnet is to determine the yin and yang of the heaven and earth, and to divide the magnetic poles into north and south.

His true meaning of Liangyi was restrained.

Without the support of true intention, his strength plummeted!

At this time, Qin Feng and the Jin puppet came to kill again.

The two sides fought together again.

In just a moment, the little Demon Ancestor was blasted to the point of vomiting blood and flew out.

Even the incorporeal clones were scattered and could no longer be condensed.

There are two Yin Yuan magnets here, Yin and Yang determine the rules, and Heaven determines the movement.

The little demon ancestor can no longer reverse the chaos of yin and yang, nor can he make yin and yang interact with each other.

Now, he only has one body left, and his true meaning of Liangyi has been completely suppressed.

Qin Feng and the Jin puppets continued to kill with all their strength.

At that moment, the screams of the little Demon Ancestor continued to be heard in the field, and his injuries continued to worsen.

Although Qin Feng's comprehensive combat power is only 700 billion, he has the true intention of destruction, and his attack power has completely reached the level of Foundation Establishment Dzigchen.

Not to mention the golden puppet, its foundation is the former Twelve Demon Ancestors, and its combat power is overwhelming.

The little Demon Ancestor has neither the true intention of attack nor the true intention of defense.

He is neither good at offense nor good at defense.

Liangyi Zhenyi is more like an auxiliary type.

In just one minute, the little demon ancestor was attacked hundreds of times by Qin Feng and the golden puppet.

Every time, he gets hurt.

In the end, he couldn't hold on anymore and was swallowed up by Qin Feng's thousands of sword lights.

"I'm not willing to give in!"

A shrill scream, the heaven and earth echoed, and the blood mist filled the sky.

The little demon ancestor was dead!

There was a black and white ball of the origin of the emperor left in the air, a storage ring, a flower of the other side (bud), and a spiritual flower. flower (bud), a true meaning seal.....

"Dad, we won!", the baby jumped for joy

"yes!"Qin Feng was also a little excited.

He finally passed the level, and this god-level challenge was completed.

Then, he waved his hand and took back the Liangyi Yuan Magnet with some emotion in his heart.

Fortunately, he accepted the hint of luck, He understood the wonderful use of the Liangyi Yuan Magnet.

Otherwise, he would never be able to kill the Yin Yang Little Demon Ancestor.

It can be seen that after the Great Emperor, if there is no absolute advantage, mutual growth and mutual restraint are really important.

It seems that he needs to master several more supreme powers. If you really mean it, you won't be afraid of conflict.

"Ding! Congratulations to the host for successfully challenging the ninth floor... Time spent on this floor: 1 minute and 22 seconds.....Cumulative time: 9 minutes and 52 seconds"

"Ding! Congratulations to the host for clearing the level within 10 minutes. The reward for this god-level challenge has been tripled!"

Qin Feng was overjoyed..

Chapter 410

"Triple reward is available!"

Qin Feng happily put away the Liangyi Yuan Magnet, and then walked quickly towards the trophies.

He wanted to digest these trophies before leaving the Demon Suppression Tower.

Qin Feng opened his mouth and sucked in the Flower of the Other Shore (bud) and the Soul of the Soul. The flower (bud) is swallowed whole.....

"Ding! Successfully swallowed the Flower of the Other Side...the physical strength increased to the emperor level (96%) ...Defense and recovery are greatly improved.....Combat power greatly increased....."

"Ding! Successfully swallowed the flower of soul...the soul strength was increased to the emperor level (96%) ...Increased spiritual consciousness.....Combat power greatly increased....."

After a while, Qin Feng opened his eyes with satisfaction.

Although the strength of his body and soul only increased by a few percentage points, his combat power increased by a full 100 billion.

Today, his comprehensive combat power has reached 800 billion.

The further back the strength of the body and soul goes, the harder it is to improve.

Every time you increase it by one percentage point, your combat power will skyrocket.

When the flower of the other side and the flower of the soul bloom, it will be a qualitative transformation.

Qin Feng waved and took the Little Demon Ancestor's True Meaning Seal into his hand to observe.

Item: Divine Seal of True Meaning

Category: True Meaning of Two Instruments (Supreme True Meaning)

Note: After swallowing, there is a 10% chance of obtaining True Meaning of Two Instruments

"The probability is only 10%, which is too low!"

Qin Feng silently put away the True Meaning Seal.

He would wait until he found a way to increase the chance to devour it in the future, otherwise it would be a waste of the True Meaning Seal.

Then, he put away the Little Demon Ancestor's Great Emperor Origin, and then looked at To the last storage ring.

The Little Demon Ancestor said he knew the whereabouts of the second golden man, but he didn't know whether it was true or not.

Thinking of this, Qin Feng felt a little hopeful.

He picked up the storage ring and looked through it carefully.

After a while, He took out a jade talisman and a strange purple token with a look of joy on his face.

The jade talisman recorded the whereabouts of the second golden man.

After Qin Feng read the information in the jade talisman, he smiled.

The secret realm where the second golden man is located is on Tianfu Star, the eastern headquarters of the Star Alliance. The purple token is the pass to enter that secret realm.

And the secret realm is about to be opened.

Calculating the time, it is stuck at five Before the ranking assessment of the first-level star field.

Qin Feng had to go to Tianfu Star if he wanted to be promoted to the fifth-level star field. He happened to go to the secret realm to explore and got the second golden man. Wouldn't he kill two birds with one stone?

It seems that he has to actively prepare Xingxing traveled far away.

Qin Feng put away the jade talisman and token with satisfaction.

He looked through the storage ring and found that the resources inside were extremely rich, including more than 10,000 pieces of light star tidal stones.

Unfortunately, none of them could be used immediately.

However, Qin Feng was already very satisfied.

The harvest this time was extremely rich.

Then, he put away the Cave Heaven Mirror on the rockery.

This Cave Heaven Mirror is a very special Emperor-level Yuanwu, and it has wonderful functions. Infinite.

For example, it can peek into other spaces, so you can see some situations in the secret realm in advance through the secret realm. It is exciting to think about it.....

At this moment, it was time for Qin Feng to stay in the challenge space.

After a burst of space fluctuation, Qin Feng disappeared in the Demon Suppression Tower.

The next second, Qin Feng and the golden puppet returned to the earth world.

In the secret training room.

Qin Feng put away the golden puppet and released the psychic combination and chaos transformation.

At this moment, Qin Feng looked at himself.

Without Chaos Transformation, his combat power is 560 billion, and under Chaos Transformation it is 730 billion.

Qin Baobao has also gained a lot of benefits along the way, and his combat power has reached 70 billion.

Calculated in this way, the combined combat power of the two psychics is 800 billion.

Qin Feng was very satisfied with this.

If you complete the Tribulation again, you will have to meet a Great Emperor in the First Level.

He no longer looked down upon the great emperor in the foundation building stage.

The combat power of the Great Emperor in the First Stage is 10 trillion to 50 trillion. Killing the Great Emperor in the Foundation Establishment Stage is like an ant.

As for the second and third rounds, their combat power is even more terrifying.

The three realms of the Wheel and Sea are the three ladders leading to the Lord, and their status is extremely respected.

"Dad, we are back!"

Baobao Qin looked around the secret room with a cute look on his face.

"Dad, the baby has become stronger!", the baby happily feels his own progress

"Baby, after you get out, don't tell anyone about the Demon Suppression Tower. Don't mention it to anyone..."

Qin Feng doesn't want others to know about challenging the space.

"You know, let's go out, Dad!"

"Wait a moment!", Qin Feng wanted to see what the system would reward

"But the baby's disaster is coming, and the father is not around, so the baby is a little scared!"

Qin Feng suddenly realized.

He almost forgot this important thing.

This time, they stayed in the Demon Suppressing Tower for a long time.

Calculating the time, in half an hour, the baby's catastrophe will arrive.

When they were in the Demon Suppressing Tower, Tian Zed was blocked by the system, and the baby had no sense.

Once she returned to Earth, she felt it

"Let's go! Dad will accompany you through the disaster!"

"whee! Dad is so kind!"

Qin Feng smiled and waved, and the two of them disappeared into the secret room out of thin air.

The reward for the god-level challenge will be automatically distributed by the system.

He looked back and checked again. His daughter's salvation was more important.

The next second, the father and daughter arrived in the south. Over the capital

"Dad, I summon heavenly tribulation!"

"Go for it!"

Qin Baobao raised her little head and looked at the sky expectantly.

The next second, she transformed into a golden dragon and soared into the sky.

In an instant, the sky and the earth changed color, and calamity clouds were born out of thin air, stretching for thousands of miles.....

Qin Feng could tell at a glance that Qin Baobao's robbery was different from others.

The clouds of other tribulations during the tribulation period are gray, and their coverage area is only thirty to fifty miles.

The baby's calamity cloud stretches thousands of miles.

Moreover, her calamity cloud is black.

In just an instant, the world became pitch black.

It was as if day turned into night all of a sudden.

Below, hundreds of millions of people were stunned.

Wasn't it broad daylight just now?

Why did it get dark all of a sudden!

At this time, the power of the Tribulation Cloud descended from the sky, reaching the level of a great emperor, covering a radius of thousands of miles.

Hundreds of millions of people were terrified, and countless elemental masters were terrified.

Huh~! Huh~! Huh~!

In an instant, Emperor Feng, Emperor White Tiger, Emperor Turtle, Chu Chu and others rushed out of the retreat.

Such a terrifying power of the emperor came to the earth, and they thought Beimen and Dongying had returned.

When they came out, they saw black clouds of calamity filling the sky and were stunned.

Under the black calamity cloud, there was a ten thousand-foot golden dragon flying.

They instantly understood that it was the little princess who was going through the tribulation.

"OMG! Is this really a tribulation?", Turtle Emperor exclaimed.

The power of the emperor exuded by the calamity cloud made him fear in his heart, and his body could not help but tremble.

This is the level of suppression!

In front of the emperor, the nine-star emperor can only be killed instantly.

"yes! When I wait for the tribulation, the tribulation cloud is only thirty or fifty miles away. How can the little princess be thousands of miles away?"

"There's more! When we were going through the tribulation, the power of the tribulation cloud could not be greater than that of the nine-star emperor, but the pressure of the little princess's tribulation cloud was actually at the level of the great emperor!"

"The little princess won't directly overcome the tribulation and become the emperor, right?"

"That won't happen! However, after she overcomes the tribulation, she will definitely have the strength of an emperor!"

The emperors and monarchs were talking a lot.

In the crowd, Chu Chu was worried.

With such a terrifying calamity, she was really worried that her baby would fail to overcome the calamity.

If he failed to overcome the calamity, he would die!

She didn't want to see anything happen to the baby.

She is so close to her baby that she feels like a relative

"Sister Fengdi, nothing will happen to the baby, right??", Chu Chu asked worriedly.

During this time, the relationship between her and Emperor Feng also underwent subtle changes.

When she asked this question, all the emperors also became worried.

"It should be fine! Look over there!"

Emperor Feng also showed concern in his eyes.

Under her gaze, everyone turned to look.

They saw a young man with his hands behind his back beside the dark Jie Yun high up in the sky, looking at Jie Yun calmly and calmly.

"It's Your Majesty!"

"It turns out that His Majesty has already arrived!"

"With His Majesty here, the little princess should have no problem surviving the tribulation!"

The emperors breathed an inexplicable sigh of relief.

Now Qin Feng is their backbone.

With Qin Feng here, they don't worry about the failure of the little princess to overcome the disaster, let alone that the southern capital city will be destroyed by the disaster.

To be honest, this As long as one catastrophe is missed, the entire Nandu City will be destroyed.

They have no ability to stop such a catastrophe.

At the same time, above the sky,

Qin Feng looked at the scene in front of him calmly.

He had expected the baby. Overcoming the tribulation will lead to such a terrifying catastrophe.

The dominator potential is thousands of miles away. The general dominator potential has a combat strength of 40-50 billion when going through the tribulation.

The baby is already 70 billion.

He believes that the baby can easily survive.

But not Do you know how much the baby's strength will increase after completing the tribulation this time?

Qin Feng's eyes showed anticipation.

At this moment, the tribulation clouds rolled violently, and the thunder flowed...

Crack~!

The thunder resounded throughout the nine days!

The lightning brightened the sky!

A white-blue tribulation thunder struck directly at Qin Baobao.....

The tribulation has finally begun!..
