

God level 41

Chapter 41

On the other side, Lin Xuyang felt desperate when he saw that He Feng was dead.

He has lost even his last hope

"Lin Xuyang, now it's your turn!", Qin Feng sneered

"don't want! Do not kill me!", Lin Xuyang retreated in despair

"Don't hurt the second young master!"

At this moment, a roar sounded over the jungle.

"Manager Bai!", Lin Xuyang was ecstatic.

Haha!! He is saved!

Manager Bai is a mid-level one-star Mu Yuan master, he will definitely be able to save himself.

As soon as the roar ended, countless wooden thorns broke out of the ground and shot towards Qin Feng., in the air, countless green vines shot out, like wild pythons, winding towards Qin Feng

"I've been waiting for you for a long time!"

Qin Feng dodged, activated the Wind Shadow Boots, and his speed instantly increased to the level of a two-star elemental master.

Swish~!! Swish~~! Swish~!

Countless afterimages of Qin Feng appeared in the air.

Thousands of sword lights criss-crossed.

Lin Xuyang was shocked. He couldn't see Qin Feng's movements clearly.

This was Qin Feng's true strength.

Before, he deliberately hid his strength in order to lure Bai Su into action.

In the blink of an eye, countless green vine sawdust flew across.

Suddenly, a burst of blood rained down, and a few drops fell on Lin Xuyang's face, which was a little warm.

He raised his head in fear.

A ball-shaped object fell from the air, just landed at his feet, and stirred up smoke and dust.

Lin Xuyang looked down. , his eyes widened in horror

"Manager Bai!"

That spherical object turned out to be Bai Su's head.

Only ten seconds had passed, and Bai Su was killed by Qin Feng before he even had a chance to show up.

You know, Bai Su is a mid-level one-star elementalist.!

Only a two-star elemental master can kill him in such an instant.

Is this Qin Feng a two-star elemental master?

But this guy is obviously just a seventeen-year-old boy!

At such an age, it is not easy to become a one-star elemental master. Maybe, how could it be a two-star elementalist!

The next second, Qin Feng's elegant figure fell in front of Lin Xuyang.

Lin Xuyang stepped back in horror.

His whole body was shaking, and even his teeth were chattering.

The young man in front of him was too scary.

He was scared.!

It's the fear that comes from the depths of the soul!

"Can you please not kill me?", Lin Xuyang begged with a trembling voice.

"You must die!", Qin Feng's voice did not contain a trace of emotion.

"Do you know who I am? I am the second son of the Lin family! If you kill me, our Lin family will find out sooner or later. When the time comes, you will die! Your sister must die too!"

Lin Xuyang roared hysterically.

He was making his final struggle.

The corners of Qin Feng's mouth curled up slightly, showing an evil smile.

"rest assured! After you die, it will be the Lin family's turn next. They will all go to accompany you!"

"What?!", Lin Xuyang was horrified.

Qiang~!

The long knife roared.

A sword flashed, and a head flew into the sky.

Lin Xuyang was horrified to find that the world was spinning and shaking.

He seemed to be flying.

The next second, he jumped from the air Falling.

He saw a headless corpse standing in front.

The back figure was clearly his own.

He thought of something, his eyes showed despair, and gradually lost their luster.

At this moment, the world became quiet.

The air was filled with a thick The smell of blood.

Qin Feng looked at Lin Xuyang's body silently and breathed a sigh of relief in his heart.

Lin Xuyang was dead.

Chu Chu's crisis was finally resolved.

However, he also officially confronted the Lin family.

Then, Qin Feng began to clean the battlefield.

He put the bodies of Lin Xuyang, Bai Su, Xiaolu, and the chariot that was split in half into the storage ring. The storage space of his ring was very large, and storing these was child's play.

As for the three There is no time to search for the trophies on people at the moment.

After doing this, Qin Feng walked to Chu Chu.

The little girl moved her eyes away from He Feng's body and looked up at him

"elder brother!"

She hugged Qin Feng gently, burying her little head in her arms, with tears in the corners of her eyes.

"Little girl, what happened today is a lesson for you. In the future, don't trust others easily.", Qin Feng fondly touched the little girl's head

"Um~! ", the little girl responded in a low voice and hugged Qin Feng tighter.

This incident left a deep mark on her heart.

In the process of growing up, you will always experience a lot

"Let's go! It's not a good place to stay for a long time!"

Qin Feng put away He Feng's corpse.

Then, he dragged over the corpses of several iron-toothed wild boars not far away and threw them at the scene of the fight. The corpses of these ferocious beasts exuded a strong smell of blood. It attracted other ferocious beasts to eat, which just covered up some traces of the scene.

After doing this, the brother and sister left in a hurry..

Chapter 42

An hour later, the two were walking somewhere in the jungle.

The journey went smoothly, and the two of them did not encounter any ferocious beasts.

"Chuchu, how far are we from the S-22 defense zone?"

"Brother, there are still thirty kilometers left. At our speed, we can arrive in an hour."

Chu Chu looked at Quan Min's mobile phone. There was an electronic map on it.

This is the benefit of being a Quan Min.

"Brother, why did Lin Xuyang want to kill me?" The little girl put away her phone.

She had recovered and began to think about the causes and consequences of all this.

"Remember the cell phone you picked up earlier? It belongs to Lin Xuyang. If he wants to kill you, it may be related to that text message.", Qin Feng carefully analyzed

"SMS?", Chu Chu recalled, "That's what it said: Three days later, at midnight, Luo Huashan will trade."

Qin Feng nodded slightly: "It should be so."

"But there seems to be nothing unusual about this text message.", Chu Chu was a little confused.

"If the text message is normal, Lin Xuyang will not kill you to silence you." Qin Feng turned around and said, "Do you still remember who sent the text message? Perhaps this is the breakthrough to find out the truth"

"It seems to be called Zhou Shitong," Chu Chu tried hard to remember, "I can't remember the middle word clearly."

"Brother, am I too stupid?", the little girl blamed herself

"fine!" Qin Feng smiled and patted her head, "The text message you saw was two days ago. The deal should be tomorrow night"

"Even if you can't remember it, something special will happen tomorrow. Otherwise, Lin Xuyang would not be so eager to take action. The little girl's eyes lit up:"

Brother makes sense." Tomorrow, maybe we will know the truth.

Then, she said with a worried look on her face: "Brother, no matter what, if we kill Lin Xuyang, the Lin family will find out about us sooner or later." At that time, what should we do?"

"rest assured! I'm about to break through to elemental master. When I become an elemental master, I will promote you to Quanmin. At that time, the Lin family cannot touch us without conclusive evidence. Chu Chu was filled with surprises:"

Brother, you are going to become an elemental master!" This is great!"

Qin Feng smiled.

If it weren't for killing Lin Xuyang, he would have become an elemental master earlier.

"Little girl, this is just a temporary expedient. In the end, we must become stronger, destroy the Lin family, and avoid future troubles forever!"

"Well, brother, I will work hard too."

Chu Chu decided in her heart that she must practice her fighting skills well when she goes back and not hold her brother back.

At least, she must learn to protect herself.

"Let's go!", Qin Feng urged, "Go back to the defense area as soon as possible, it's not advisable to stay here for a long time!"

At that moment, the brother and sister headed towards the S-22 defense zone.

An hour later, the two arrived at the defense zone.

In the defense zone, they met the same group of refugees who had escaped.

There were only four people who had escaped, plus Enter the Qin Feng brothers and sisters, a total of six people.

There is no news about the others, and their lives and deaths are unknown.

In the defense zone, in an office.

A second lieutenant officer looked at the six Qin Feng people, asking questions while taking notes.

What these six people said They all agreed.

They encountered a group of iron-tusked wild boars.

Their patrol leader also sent a message, saying that team leader He Feng had sent him a request for help, saying that they encountered a group of iron-tusked wild boars. Now, everything is clear.

This is an ordinary encounter with a vicious beast

"Okay, I understand the situation. The six of you go back to rest for now. In the future, we will rearrange tasks for you."

The second lieutenant officer said as he put down the pen in his hand.

"Sir, I want to see Captain Liu Yan. I have something important to report to her!", Qin Feng made a special request

"If anything happens, just report it to me.", the second lieutenant's tone was lukewarm.

"This matter is very important and I must tell Commander Liu in person. The second lieutenant officer frowned:"

Qin Feng, it is most taboo in the army to report someone beyond the level." Although you are not part of the army, you must abide by the rules of the army in the army. With your level, you are not qualified to meet the leader directly."

"What level is qualified to meet Commander Liu?"

"Either you have the rank of Second Lieutenant or you are a Quanmin.", the second lieutenant officer said coldly and arrogantly, with some disdain for Qin Feng in his heart.

This young refugee is a bit fanciful.

As a refugee, it is really a dream to want to meet the leader.

In this era, social status is very important.

"Since the people can do it, then is this okay?", Qin Feng took out his Quanmin card,"Can I see Commander Liu?"

"Um? Quanmin card!", the second lieutenant officer was shocked.

The refugees were also stunned, and they all looked at Qin Feng in shock.

"Let me see!"

The second lieutenant officer took the Quan Citizen Card. When he looked carefully, a hint of horror flashed across his eyes.

Not only was this card real, it was also an extremely rare fourth-level Quan Citizen card.

To become a fourth-level Quan Citizen, one needs to be extremely high. Many genetic warriors may not be able to achieve it even if they spend their whole lives.

If you use money to buy points, it will require a huge amount of money, which ordinary rich people cannot afford.

There is another way, which is to become a strong body Dzogchen master.

But, Qin Feng is only seventeen years old. At such a young age, he has already perfected his physical strength?

If this is the case, his talent is terrible!

I am afraid that this talent is higher than the first genius Lin Tianyang.

The second lieutenant officer thinks this is impossible.

Someone like Lin Tianyang Geniuses, it's good to have one in each base city. They appear so frequently.

However, no matter how Qin Feng became a fourth-level citizen, he is not easy to mess with.

Although he is also a citizen, he is only a first-level citizen. Citizen, the social status is lower than Qin Feng.

Thinking of this, the second lieutenant officer handed the Quan Min card back and looked at Qin Feng with a somewhat complicated look.

"Your Excellency, come with me!" The second lieutenant's tone was much more polite, "I'll take you to see the regiment commander."

"Thank you very much!"

Qin Feng pulled Chu Chu and followed him.

Several refugees looked at it dumbfounded.

Chapter 43

Not long after, the second lieutenant officer brought Qin Feng and Chu Chu to the door of an office

"Report to the leader! A fourth-level citizen wants to see you. He says there is something urgent and he needs to report to you in person!"

Across the door, the second lieutenant stood upright and saluted the military salute

"come in!", a lazy voice came from the room.

Creak~!

The door opened.

The second lieutenant officer led Qin Feng in

"It's you!", Liu Yan recognized Qin Feng at a glance, and her beautiful eyes shone.

Qin Feng smiled.

At this moment, Liu Yan was wearing a straight military uniform, with a heroic appearance, a thin waist and strong breasts, and she was astonishingly beautiful.

"Why did you leave without saying hello last time? Liu Yan looked at the second lieutenant officer again,"Adjutant Wang, make a cup of tea for this little brother and this little sister!""

"yes! Leader!"

The second lieutenant officer glanced at Qin Feng with a complicated expression.

Unexpectedly, this boy knew his captain, and he seemed to be very familiar with him.

"Sit down!"

Liu Yan greeted with a smile.

Liu Yan's office is very large, with a tea table and a sofa specifically for guests.

After Qin Feng and Chu Chu sat down, Liu Yan also came over, sat opposite the two of them, and stood up. Slender beautiful legs

"Brother, I also want to thank you. The last time I listened to you, I really opened a Yuanwu with an amplitude of 86%. Liu Yan looked excited,"Next time you go to Yuanqi Pavilion, remember to call me." Qin

Feng smiled and said:"That's all luck. It works if you try it occasionally, but it won't work if you try it too often." In fact, I came here today to ask for your help!"

"What are you busy with? Just say it!"

"I want to spend the night at your place."

Adjutant Wang, who had made tea, just walked in and heard these words.

His hands shook in shock, and the hot tea sloshed out, making the corners of his mouth twitch.

Oh my god!

Who is their leader?

That's a queen who speaks her mind and kills decisively!

This Qin Feng actually wants to spend the night with the leader?

Isn't this looking for death?

"overnight? Liu Yan seemed to have thought of something, her pretty face flushed slightly,"Last time, why did you leave without saying hello?"

Last time, Qin Feng left without saying goodbye, which made her somewhat disappointed.

"There was an emergency at the time, so I left. No, I'm here now, isn't it too late?"

"not late!" Liu Yan smiled sweetly with a rosy face,"I, Liu Yan, have always been true to my word, and I will naturally do what I promise. You can spend the night at my place tonight!"

Dang~!

Adjutant Wang's hand shook again, and the tea cup almost dropped, and some water spilled out. Oh my god!

Did I hear wrong?

The leader actually agreed. Adjutant

Wang couldn't believe his own Ears.

In his eyes, the leader is a superior goddess, an existence that cannot be blasphemed.

Not only did this boy blaspheme, the goddess actually agreed.

At this moment, he almost doubted his life.

"And my sister, she also wants to spend the night at your place.", Qin Feng glanced at Chu Chu again

"this....", Liu Yan hesitated, "Is it convenient?"

What she meant was that if Qin Feng wanted to date her, with a younger sister by his side, how could they communicate happily?

"Um..., there aren't enough rooms in your residence?"

"The room is enough, but if it's just the two of us, your sister..." Liu Yan picked up the tea cup and took a sip, smiling without saying a word. Adjutant

Wang next to her felt sour in her heart.

He could hear that the goddess leader seemed to be hinting. What?

Qin Feng patted his head and suddenly realized.

He knew Liu Yan had misunderstood

"Sister Yan, I want to borrow your place to practice for one night. I feel like I'm about to break through"

"Oh, it's all little things."

Liu Yan put down the tea cup with a smile in her eyes. This guy must be shy, so he found this excuse to cover up.

But this excuse is too bad.

Cultivation is a job of chewing slowly.

If you really want to break through, then that's it. Find a quiet place and retreat for ten and a half months, some people for a year and a half, or even more than ten years.

How about just finding a place and practicing for one night and breaking through like Qin Feng said.

At least, Liu Yan has never heard of it.

Of course she doesn't know that Qin Feng is a peerless talent and can really break through in just one night

"Let's do this. I'll let Adjutant Wang take you there. I have official duties now, so I can only entertain you later." Liu Yan took out the key to the dormitory and threw it to Adjutant Wang aside.

"Adjutant Wang, take them over to rest."

"yes! Leader!" Adjutant Wang did not dare to neglect, "You two, come with me!"

After Qin Feng and the others left, Liu Yan returned to her desk and pressed the intercom on the corner of the desk.

"Xiaoyan, come here!"

"Yes! Leader!"

A minute later, a petite and beautiful female adjutant walked into the office

"Xiaoyan, go to the city now and buy me some student clothes.", Liu Yan directly ordered the female adjutant

"Uh...yes! Leader!"

The female adjutant gave a military salute

"Do you know my body measurements?"

"knew! You are 171cm tall, wear F bra, 63cm waist, and long legs...."

"OK! OK! Go ahead! Go early and come back early!", Liu Yan interrupted quickly.

Xiaoyan suddenly looked confused:"Captain, your figure is so good, I'm afraid it will be difficult to buy suitable student clothes. After all, students' clothes are very plain"

"How verbose! Just try to buy the right one. It's best to bring out the perfect figure of our leader"

"Oh, my subordinates know.", Xiaoyan hurriedly took the order and left.

But as soon as she reached the door, she was stopped by Liu Yan again

"By the way, buy me another maid outfit"

"Um..." Xiaoyan opened her eyes wide in shock,"Captain, why did you buy that?"

"Why ask so many questions! If you are asked to go, go!", Liu Yan reprimanded impatiently.

Xiaoyan was so frightened that she stuck out her tongue and ran away.

Watching Xiaoyan leave, Liu Yan's lips curved into a charming smile.

But she clearly remembered that Qin Feng last time I have said that I like the pure type.

However, men always eat from the bowl and stare at the pot.

There is no guarantee that he will not like the well-behaved maid type...

Chapter 44

But on the other side, Adjutant Wang left after sending Qin Feng and Chu Chu to their residence.

Now that he knows that Qin Feng is familiar with the group leader, he will naturally not assign any more tasks to Chu Chu.

This is also the effect Qin Feng wants.

Liu Yan's residence is very spacious.

All kinds of equipment inside are also very complete.

Bedroom, bathroom, living room, kitchen, training room, fitness room, everything is available.

At this moment, in the fitness room, Chu Chu looked at the 3D simulated fighting cabin in front of her with a face of surprise.

"Wow! Brother, this 3D fighting cabin is so beautiful!"

Chu Chu couldn't put it down and watched.

This little girl is becoming more and more obsessed with fighting.

"You like it! Just play!", Qin Feng fondly touched the little girl's head, "In a few days, I will buy you one!"

"whee! Thank you brother. I'll try the feel of this one first!"

The little girl couldn't wait to climb into the fighting cabin.

Qin Feng smiled and walked towards the training room.

He had to seize the time to break through to the elemental master.

Lin Xuyang's death cannot be hidden for long.

The Lin family will soon find out who Chu Chu is.

Therefore, he must break through to the elemental master as soon as possible and promote the little girl to Quanmin.

In fact, he also thought about taking Chu Chu away after killing Lin Xuyang.

But in this way, Chu Chu would have violated military discipline.

He was Quanmin can leave at any time.

But Chu Chu is still a refugee and does not have this authority.

If he leaves rashly, he will offend the government and give the Lin family a chance to deal with them.

After a while, Qin Feng arrived at the secret practice room, closed the alloy door, and started He practiced in seclusion.

During this practice, the power of the four elements of ice, wind, fire, and thunder poured into his body at the same time, and the divine seals of the four elements were rapidly condensing.....

In a blink of an eye, it was evening.

The patrol teams rushed back one after another.

The jungle is most dangerous at night.

Many ferocious beasts and monsters appear at night.

Therefore, the patrol members will rush back to the defense area before dark.

At this moment, in the head's office.

Liu Yan crossed her long legs and looked at the form in her hand.

"Qin Feng, 17 years old, a refugee? Ah! The efficiency of the work of the Refugee Department is simply not good."

Liu Yan felt a little speechless and put down the form.

Adjutant Wang just reported that Qin Feng is a fourth-level citizen, not a refugee at all.

The information from the Ministry of Refugees should not be updated in time.

This situation has happened many times, and she has already Not surprised anymore

"A 17-year-old fourth-level citizen. Could it be that this guy has cultivated to the point of strong physical perfection?"

Liu Yan bit the tip of the pen lightly, and the look in her eyes became brighter and brighter.

She had long seen that Qin Feng was a master of strong physical realm, but she could not see the specific cultivation level.

Now a closer look, this Qin Feng is 100% strong. The physical body is perfect.

My God!

The seventeen-year-old strong body is perfect!

This cultivation talent is definitely genius level!

Genius level!

There is only one in the entire Yunyang Base City.

That is the famous Yunyang City Lord. Yunyang

City Lord is the youngest city lord in the Southern Alliance and one of the most potential city lords.

His cultivation talent is one of the few in the entire alliance.

Although Yunyang City is only a small and medium-sized base city, But the reputation of the City Lord of Yunyang is very famous, almost catching up with the City Lords of those large base cities.

Could it be that I accidentally discovered a great genius?

Liu Yan was excited.

Such a genius is worth making friends with.

What's more, this genius looks so good. It looks good, it's exactly her thing!

Liu Yan stretched out her pink tongue and licked her red lips.

Ding~ring~ring!

The landline phone on the table rang.

Liu Yan pressed the speaker phone

"Report to the leader, the city lord called and wants to see you! Would you like to transfer it to you?"

"Take it!"

"yes! Leader!"

A few seconds later, a man's voice came from the other end of the phone.

That was the Lord of Yunyang City - Shangguan Yunyang

"Commander Liu, aren't you busy recently?" Shangguan Yunyang's tone was very polite.

"Lord City Lord, did my old man ask you to call?" Liu Yan's tone was a little impatient.

"Why!....Miss Liu, Elder Liu is also worried about you. He asked when will you go back?"
Shangguan Yunyang's tone was a little helpless.

Elder Liu is the elder of the Southern Alliance and his immediate superior. He has to listen.

"I am training at the grassroots level and it will take some time.", Liu Yan prevaricates casually.

"Elder Liu said, you must never go back. He will send someone over to tie you back!"

"This old man is really.....So annoying! I got it!"

After hanging up the phone, Liu Yan crossed her long legs and tapped her fingers on the table.

She was thinking about how to deal with her old man.

Needless to say, her father was forcing her to go on a blind date.

He kept saying that she was about to become a leftover girl. She was so anxious all day long.

But she didn't like those second-generation officials introduced by her father.

Each of them had no ability and was extremely arrogant.

Because of this, both parties were very unhappy.

No, she wanted to escape from her father. Due to her father's nagging, she left the alliance headquarters and came to this remote Yunyang City to become the leader of a small defense zone.

However, she also did her job well and fell in love with it.

In this way, she didn't want to. She went back.

But her father was anxious and stopped giving her pocket money to her bank card.

She could only make money by herself to buy Yuanwu and training resources.

Thinking of this, Liu Yan became a little irritable.

There was a father who was crazy about marrying women. It was also a kind of torture.

At this time, footsteps sounded outside the door

"Report to the leader! Xiaoyan reports!"

"come in!"

Creak~!

The door opened, and Adjutant Xiaoyan walked in quickly carrying a big shopping bag.

"Report to the leader! Fortunately, the mission was accomplished!"

Xiaoyan respectfully put the shopping bag on the desk.

"Why did it take so long? Xiaoyan smiled bitterly:"

Captain, your figure is so hot." In order to choose the right one for you, I went to more than a dozen stores and almost broke my legs before I bought these few suitable ones."

Liu Yan rummaged through the shopping bag, and found three sets of student outfits and one set of maid outfits.

She nodded with satisfaction:"Well, you've worked hard! Go ahead!"

"yes! Leader!"

After Xiaoyan left, Liu Yan looked at the clothes, as if she had thought of something, and her eyes were filled with excitement.

If she could capture this Qin Feng, she would bring it back to her father to see.

His father would be very shocked.

A What a genius boy!

His father has always dreamed of having such a son-in-law.

At that time, he will no longer force himself to go on a blind date.

Thinking of this, Liu Yan's lips showed a smirk.

It seems that she is going to do it tonight Made some sacrifices..

Chapter 45

Half an hour later, Liu Yan finished handling all her official duties and returned to the dormitory with her shopping bags.

She didn't know that something extremely sensational was happening in the LAN of the S-22 defense zone.

As a military department, various combat training is indispensable

S-There are hundreds of 3D fighting cabins in Defense Zone 22, all connected to the same local area network.

At this moment, the LAN fighting area.

Hundreds of genetic warriors and officers gathered around a virtual arena to watch a fierce battle.

On both sides of the battle, one is a cute little lolita who is thirteen or fourteen years old, that is, Chu Chu.

On the other side were three tall genetic warriors.

At this moment, Chu Chu held two swords in his hands, fighting one against three, and actually killed the three genetic warriors until they were defeated.

Everyone was dumbfounded

"Oh My God! This girl is so awesome!"

"yes! Only half an hour had passed, and her strength had improved again! This is too exaggerated!"

There were bursts of exclamations from the crowd.

In a corner, a middle-aged man with a majestic temperament was looking at Chu Chu with interest.

This man is the deputy commander of the S-22 District - Wang Jianlai. A late one-star Tu Yuan master.

Wang Jianlai has been observing Chu Chu for a long time. The more he looks at it, the more he likes it.

"This little girl is definitely a fighting genius!" Wang Jian came and looked at the officers around him, "Do you know which department she is from? Put her under my command! I want it!"

"Um... Mr. Deputy Commander, we don't know this girl..."

All the officers looked at a loss.

Another officer guessed: "Sir, this girl is so young and does not seem to meet the department's recruitment standards. Isn't she a refugee?"

As soon as these words came out, all the officers sneered.

"Lieutenant Chen, you must be out of your mind! How could a refugee have such skills?"

"that is! Judging from the fighting ability of this little girl, only a big family or some big organizations can cultivate it, and she definitely cannot be a refugee."

Wang Jianlai nodded slightly, obviously thinking that Lieutenant Chen's words were unreliable.

"Lieutenant Chen!"

"The subordinates are here!"

"Go check which 3D combat cabin this little girl is using."

As soon as these words came out, the officers' eyes lit up.

That's right!

As long as we find out which combat cabin this girl is using, we can find out which department she belongs to.

"This subordinate will do it now!"

Lieutenant Chen performed a military salute and immediately logged off.

His figure gradually became transparent and quickly disappeared.

The characters here were all digitally virtualized.

At this moment, the battle in the field suddenly changed.

I saw Chu Chu The figure flashed continuously, and the two swords kept intersecting.

Swish~! Swish~! Swish~!

A sword light flashed, the heads of two genetic warriors were cut off, and one genetic warrior was cut off in the waist.

"Wow! Three kills in a row!"

"very scary!"

There was a lot of exclamation all around.

"good!", Wang Jianlai opened his eyes wide with excitement.

This little girl is so appealing to him.

With such fighting ability, few in the entire military camp can match it.

The officers all looked at each other and looked at Chu Chu with particularly fearful eyes, even A little scared.

In this pure fighting mode, they couldn't do this.

Soon, the corpses on the ring disappeared

"Who else wants to come?", Chu Chu looked at the bottom of the ring.

Now she likes fighting more and more, and her whole body is in a state of excitement.

After an afternoon of non-stop fighting, her fighting skills have improved a lot.

"Is there any more?!". Chu Chu asked again.

The soldiers looked at each other, and no one dared to stand up.

Everyone was shocked by the scene just now.

At this moment, the three soldiers who had just been killed by Chu Chu reappeared. In the ring.

After death, log in again and the avatar can be resurrected.

At this moment, the three warriors looked at Chu Chu with complicated expressions.

I thought that the three of them, tall and strong men, had lost to a thirteen-year-old girl. You're a little girl.

It's so embarrassing to tell her!

"Little girl, do you want to try it again in a different mode?"

A soldier with a scar on his face was obviously unconvinced.

He was a very prestigious person among the soldiers.

But he lost like this today. It was so embarrassing. He wanted to win back the victory.

"Which mode to choose? you say!", Chu Chu didn't take it seriously.

"Full real power mode!", Scar Warrior sneered, "I'm afraid you don't dare!"

As soon as these words came out, many people had strange looks on their faces.

Scar is so bad!

"This scar is still so shameless." Wang Jianlai smiled and shook his head.

"yes! In full strength mode, one's own strength has a great influence, not just fighting skills."

"That little girl is only thirteen or fourteen years old, and her own strength is definitely not strong. Scar is a level four genetic warrior. He obviously wanted to use his own strengths to deal with the little girl's shortcomings."

The officers also shook their heads.

"Little girl, do you dare?" Scar Warrior looked proud, "If you don't dare, just get off the ring!"

Chu Chu didn't take it seriously:"It's not that I don't dare, I'm just afraid that if you switch to the full power mode, you will die even more miserably!"

Chu Chu is telling the truth.

Her combat power is about 200 points, far more than an ordinary fourth-level warrior.

In the pure fighting skills mode, her strength is suppressed.

"joke!", Scar Warrior sneered,"Little girl, it's useless to talk big, let's just start a game!"

"Just open it!"

The two sides immediately switched modes and disappeared from the ring at the same time.

"No way? That little girl really dared to agree!"

"yes! In the face of absolute power, fighting skills can't change much. I'm afraid that this time, the little girl will suffer a loss."

The crowd was talking a lot

"drop! Remind all fighters that the arena mode has been switched and the current mode is full strength mode!"

Following the prompts from the computer voice,

Chu Chu and Scar Warrior re-entered the ring.

Their states changed.

At this moment, their combat power parameters were no longer equal.

ScarThe scholar was proud.

He felt that his combat power must be much stronger than that of Chu Chu, and he would take advantage of it.

"Little girl, you should take action first, lest others say that I bully the small!"Scar Warrior pretended to be very generous.

Everyone sneered.

This guy is so shameless. He has obviously bullied the small with his big one, and he still pretends to be generous.

"Uncle, are you sure you want me to take action first?", Chu Chu showed a playful smile,"If I strike first, I'm afraid you won't even have a chance to resist."

Scar Warrior rolled his eyes and said angrily:"Little girl, how can you blow better than me? Uncle is standing here, take action!"

"good!"

As soon as the words fell, Chu Chu suddenly took action.

The combat power parameter of 199 points exploded.

Genius-level fighting talents were fused.

Boom~!

An afterimage flashed.

Boom~! Boom~! Boom~!

The two swords flew.

The scarred warrior has not yet When he reacted, he was cut into pieces, and a head rose into the sky. His head was spinning in the air, but his consciousness was very clear.

"Nima~! "

With this extremely depressing complaint, his body quickly disappeared.

"Fuck!"

Everyone was stunned...

Chapter 46

"Awesome! So cool!"

"OMG! This little girl's combat power index actually exceeds that of a fourth-level warrior!"

"abnormal! So perverted!"

The soldiers were completely stunned.

With such combat power, coupled with superhuman fighting skills, this little girl is a perverted killing machine!

"good! good! Ha ha!! A geek actually appeared in our S-22 defense area! This little girl, my group leader is determined!"

Wang Jianlai was extremely excited.

It is extremely honorable to have such a talent under his command.

At this moment, light and shadow appeared around him, and Lieutenant Chen came online again.

"Deputy Commander, I found out what fighting cabin number this little girl is using."

"What's the date?"

"number 1!"

"Wha...what?!" Wang Jianlai's expression changed drastically, "You checked correctly, right?"

"No! It's Fighting Cabin No. 1.", Lieutenant Chen is very sure

"So, this little girl belongs to the group leader. What a pity, such a good talent! Why~! "

Wang Jianlai was extremely sad.

In the entire S-22 defense zone, the one Wang Jianlai was most afraid of was Liu Yan.

He dares to rob Liu Yan's people!

Just when the 3D fighting area was making a fuss, Liu Yan also returned to her residence.

Entering the living room, she didn't see Qin Feng or Chu Chu, so she felt a little strange.

Did Qin Feng really practice?

Didn't he come here specifically to ask me out?

Isn't cultivation an excuse?

With doubts, Liu Yan found Chu Chu in the gym.

The little girl was lying in the 3D fighting cabin, immersed in the online world and having a great time.

She didn't notice Liu Yan's arrival.

Liu Yan was also surprised.

Isn't this little girl an ordinary person?

Can she also fight?

At that moment, she quietly opened the auxiliary cabin and entered the fighting space.

Liu Yan's 3D fighting cabin is the best fighting cabin in the entire military region.

It has a master, two auxiliaries, and three fighting cabins, allowing three people to enter the network at the same time and fight against each other.

A minute later, the login was successful.

As soon as Liu Yan entered the virtual fighting space, she saw an incredible battle taking place on the ring.

An extremely beautiful and cute little loli was killing twenty genetic warriors one against twenty, making them cry like ghosts.

You know, those warriors are all level four genetic warriors!

But twenty of them joined forces, but they couldn't defeat the little Loli.

And that little loli is Chu Chu!

In the blink of an eye, three or four warriors fell under Chu Chu's swords.

There were cheers from the crowd.

Liu Yan was stunned.

Oh My God!

Qin Feng's sister is so strong?!

"Huh! Leader, you are here!"

Wang Jianlai's voice sounded behind Liu Yan.

"Yo! Deputy Commander Wang, you are here too!", Liu Yan pretended to be calm.

"Leader, where did you find such a powerful little girl? If only I had such powerful subordinates."

Wang Jianlai looked envious.

Liu Yan smiled.

She knew Wang Jianlai had misunderstood.

But she was also excited.

Wang Jianlai was right!

If she accepted Chu Chu, wouldn't she have one more powerful subordinate!

"Captain, you have so many talented people, can you give me this little girl?" Wang Jianlai asked with a flattering look.

"Don't even think about it!"

"Why! I knew it would be like this!", Wang Jianlai looked bitter.

He just asked casually.

If it were him, he wouldn't be willing to give away such a talent.

"Leader, not only is this little girl amazing in fighting talent, she is also super strong. Her overall strength is only one step behind the one-star early stage elementalist."

"If she is equipped with a top-level mecha, she should be comparable to the weakest one-star early elementalist."

Wang Jianlai was full of praise for Chu Chu

"Is she so strong?!", Liu Yan was surprised

"Um, leader, you don't know?" Wang Jianlai was stunned.

"Ha ha!! Of course I did!", Liu Yan quickly covered it up.

Then, she continued to look at the ring, but she became more and more shocked.

Based on her background as a descendant of a wealthy family, it can be seen that Chu Chu has been exposed to fighting for a short time.

But this little girl's fighting talent is so amazing, she is always She was making progress every moment.

In the blink of an eye, seven or eight more warriors fell under her sword.

"This girl is so awesome!"

Liu Yan sighed to herself.

"Huh! correct...."

She suddenly thought of something, and when she looked at Chu Chu, her eyes started to shine as if she were seeing a peerless treasure.

At this moment, Chu Chu killed all the remaining warriors.

One against twenty, a great victory!

There was cheering below.

Everyone was cheering for Chu Chu.

Chu Chu was also smiling and felt very accomplished.

"I'm a little tired today. I'll come and play with you next time!"

After saying this, Chu Chu logged off.

Liu Yan quickly followed suit...

Chapter 47

A few minutes later, inside the gym.

Chu Chu walked out of the fighting cabin sweating profusely, and saw Liu Yan smiling at her.

The smile was very bright, with a vague fox-like charm.

Chu Chu's scalp felt numb when she saw it

"Captain, do you mind if I use your fighting cabin?", Chu Chu felt a little embarrassed.

"These are all small things. Liu Yan didn't take it seriously,"Chu Chu, let me ask you, are you a fourth-level genetic warrior?"

"Um!"

"What's your combat power index?"

"199!"

"hiss~~! ", Liu Yan took a deep breath, "So tall!"

This girl is really not an ordinary person.

She couldn't help but think of Qin Feng.

That guy is scarier!

These siblings are not simple at all!

They can't be the disciples of some hermit master who came out to practice!

Thinking of this, Liu Yan looked at Chu Chu a little differently.

"By the way, where is your brother?"

Remembering Qin Feng's tall figure, Liu Yan's heart became hot again.

She had prepared her student uniform and maid uniform, and was waiting to communicate with Qin Feng in the evening.

"My brother went into seclusion"

"Well, it's really a retreat!"

Liu Yan didn't expect it.

Could it be that the guy was looking for her just to borrow a place to practice?

But it doesn't matter. After the guy comes out of seclusion, my sister will deal with him.

Anyway, the guy is in her home and can't escape.

Liu Yan licked her lower lips.

She was determined to eat Qin Feng, a little fresh meat.

In fact, she was not so anxious now, because she discovered another interesting thing

"Chu Chu, let me ask you, you haven't been involved in fighting for a long time, right?"

"um, yes!"

Sure enough!

Liu Yan was excited.

She continued to ask: "Then have you ever entered the Global Fighting Network?"

"Nope! I haven't even registered an account!"

"That's great!", Liu Yan patted her thigh excitedly.

Chu Chu was stunned for a while.

After getting excited, Liu Yan couldn't wait to say: "Chu Chu, I will take you to the Global Fighting Network to have fun."

"OK!", Chu Chu was also excited, "What are you playing?"

The little girl has long wanted to join the Global Fighting Network.

But in this era, if you want to access the Internet, you need to buy a network permission card.

Chu Chu doesn't have a permission card, but Liu Yan does!

"Let's play gambling! If you have never been to DouWang.com, then your historical record is 0. There must be many people who despise you. You just might win them a ton of money!"

When it comes to gambling, Liu Yan is particularly excited.

This is her hobby.

She will fall in love with Qin Feng.

There is an important reason why Qin Feng has very good luck in gambling.

In Yuanqi Pavilion, he opened the lottery twice in a row. The high-quality Yuanwu with 100% amplitude also helped her prescribe one with 86% amplitude.

She just wanted to find a boyfriend with such great gambling luck.

From now on, if she keeps it with her, her gambling luck will definitely be smooth. Just think about it. Stimulate

"Can you still make money by betting?", Chu Chu was curious

"Of course! I will help you register an account, help you find someone to start a gambling game, and help you pay the gambling principal. Afterwards, we split it 50-50. No! Forty-six points! I'm four, you're six!"

Liu Yan looked forward to it.

The last time she went to Yuanqi Pavilion, she bet on Yuanwu and basically lost all her money.

This time, she wanted to win some money to spend.

"this....", Chu Chu scratched her head, "I want to ask my brother if he agrees."

"Your brother is in retreat and cannot be disturbed. Don't you want to make money? With your current strength, coupled with the best mecha, your overall strength should be comparable to that of a one-star early elementalist."

"Can it be comparable to a one-star early stage elementalist?" Chu Chu was overjoyed, "Really?"

She dreams of becoming as powerful as a one-star elementalist.

"of course it's true! However, a top-quality mecha costs at least 30 to 50 million coins. If you go gambling, you can make so much money very quickly"

"So profitable!", Chu Chu's heart moved, "Then I'll go with you!"

"hey-hey! That's right!"

Liu Yan couldn't be happier.

At that moment, she opened the Internet and took Chu Chu to log into the Global Fighting Network.

A quarter of an hour later, Global Fighting Network, Southern League District.

Liu Yan and Chu Chu appeared in the virtual fighting square.

Chu Chu looked at the square The statues, fountains, and people coming and going were filled with admiration.

Since the development of mankind, virtual network technology has become more and more perfect. This online world looks so real.

In fact, in this world where strength is respected, online fighting It is the most popular game in the world.

It has even produced many fighting stars who are popular among people.

"Sister Yan, where shall we go?"

The two women are already familiar with each other.

"Go to the Pure Fighting Zone! The pure fighting mode relies on technology and is relatively fair, so there are many people betting on fighting, and it is easy to make money!"

Liu Yan was excited when she thought that the betting would start soon.

A quarter of an hour later, it was in the pure fighting area and the information hall.

Many people gathered around the bottom of the announcement screen to read the information.

Chu Chu was also watching.

Liu Yan was making the betting announcement next to her..

After a moment, a message popped up on the gambling announcement screen.

Announcement: Newcomer 'Yunyang Xiaochu' issued a gambling battle, and the stake was 10 million coins, which has been paid to the platform for custody. Room A019 of the gambling room!"

Below the announcement, He also sent out photos of people he was dating.

I saw a beautiful little loli in the photo, it was Chu Chu.

Her fighting account is called Yunyang Xiaochu.

There is also relevant information written next to it: Yunyang Xiaochu, gender: female, age: 13 years old, past record: none.

As soon as this announcement came out, the crowd went into shock

"I go! Are all 13-year-old girls so bold now?!"

"yes! There is no record at all, and he bets 10 million on it. He is really stupid and has a lot of money!"

"hehe!! This is the fun of rich people! You poor people don't understand!"

"No matter what the fun is! I'm betting on this game!"

"Ha ha! I'm betting on it too! This little girl looks like a fat sheep at first glance!"

Now the crowd was excited, and everyone signed up enthusiastically.

Liu Yan snickered secretly.

These guys all thought Chu Chu was a weakling.

After a while, some of them cried.

In fact, it's no wonder these people would think this way.

Think about Chu Chu. How much fighting experience can a 13-year-old have?

They all have decades of fighting experience.

It's not easy for them to deal with a 13-year-old girl!..

Chapter 48

"Sister Yan, is ten million too much? What if I lose..." Chu Chu felt a little frightened when she saw the high stakes.

"Don't be afraid! I won't blame you if we lose, let's go!" Liu Yan was very confident in Chu Chu.

Soon, the two entered room A019.

It was already crowded with onlookers. At this moment, everyone looked at the ten people in the circle in front of them with envy.

In every gambling match, the maximum Only ten people can participate.

If there are more than ten people, they will be ranked in order of registration time and the top ten will be taken.

"These ten guys are so lucky!"

"Yes! I just shook my hand and missed it."

Many people in the crowd felt sorry.

They all wanted to eat Chu Chu, the fat sheep, but unfortunately they didn't have such good luck.

At this moment, the lucky ten people looked at Chu Chu with fawning faces.

"Little sister, please pick one of us to bet!"

"Pick me! I'm very weak!"

"Little sister, choose me! I'm easy to defeat, I'll be defeated in one fight!"

These guys all started to depreciate themselves.

They were afraid that if they were not selected by Chu Chu, the 10 million would be wasted.

The audience around them sneered.

These guys are so shameless.

"Sister Yan, which one should I choose?", Chu Chu was a little at a loss.

After all, this was her first time gambling.

"hey-hey! Only children make choices, we want them all! Liu Yan looked at those guys again, "My sister is willing to bet with all ten of you." If you are not at ease, let's make an agreement. Do you agree?"

As soon as these words came out, the crowd exclaimed

"I wipe it! Is this woman crazy?"

"I think it's crazy! Not only did she let her sister gamble ten times in a row, but she also made an agreement. She was really not afraid of losing and going bankrupt!"

Everyone shook their heads.

But the ten people were excited, and their eyes shone brightly.

"agree! we agree!"

The so-called agreement mode means that both parties have agreed that there must be a fight.

If anyone wants to quit midway and does not want to bet, then half of the bet must be transferred to the other party as liquidated damages.

"Agree, just pay the bet first!", Liu Yan continued to seduce

"good!"

The ten people handed over their bets to the system for custody, and the agreement came into effect.

"The money has been paid, you can choose! Tell me, who should I choose first?"

The ten people urged each other, and they all couldn't wait.

"Sister Yan, who should you choose?", Chu Chu asked for help

"Just choose him!!" Liu Yan pointed at a cold middle-aged man in the crowd.

The crowd exclaimed

"I go! She actually chose Zhao Wudao first! What is this operation?"

"yes! Everyone else chooses the weakest first, but she chooses the strongest first, which is really incomprehensible."

Zhao Wudao has participated in 729 battles and has a winning rate of 91%. He is a real master.

In the Southern League, he ranks among the top 500.

There is no one stronger than Zhao Wudao in the whole room.

Soon, Zhao Wudao Jumping onto the ring with a cold face

"Little girl, come up!", Zhao Wudao pulled out a two-meter-long machete, which was very exaggerated.

"Chu Chu, kill him!"

"Um~! ", Chu Chu also jumped onto the ring, with two swords appearing in his hands.

As soon as she entered the ring, she entered the state and became very calm and confident.

She seemed born to fight

"Little girl, take action!"

"as you wish!"

As soon as the words fell, Chu Chu moved.

Whoa~!

A flash of light and shadow flashed by, and Chu Chu rushed over instantly.

The steps were wrong, with the left foot at 6 o'clock and the right foot at 8 o'clock. All kinds of footsteps changed, forming a perfect The arc circled around Zhao Wudao's body.

Before Zhao Wudao could react, his body was cut into seven or eight sections, collapsed and dissipated.

It all happened so fast that everyone was dumbfounded.

"Oh my God! Zhao Wudao lost?!"

Everyone couldn't believe it.

The system broadcast: Yunyang Xiaochu won this bet. 10 million bets have been transferred to Yunyang Xiaochu's personal account.

As soon as the broadcast sound came out, everyone was shocked!

Oh my god!

Zhao Wudao really lost.

This little girl is so powerful!

She even defeated the top 500 masters in the Southern League.

Moreover, it was an instant kill!

This is too exaggerated!

This time, everyone looked at Chu Chu's eyes were a little frightened.

Especially the nine people who hadn't started gambling yet, all cried. Oh my god!

Even Zhao Wudao was killed instantly, and the nine of them were still having fun!

"This time, whoever wants to come, come on your own!", Chu Chu looked at the nine people

"Woohoo! I won't go! I want to quit!"

"I want to quit too!"

The nine people all ran away in tears. No one dared to go up. If you go up, you will definitely lose 10 million.

No matter how important face is, money is not as important!

System prompt: Due to depression, Petunia forced to withdraw from the gambling competition and has paid 5 million The liquidated damages will be transferred to your account!

The system prompts: Because Feiyang Laoqiang forcibly quit the gambling competition, 5 million liquidated damages have been paid and transferred to your account! The system prompts: Because Hua Xianzi forcibly quit the gambling competition, 5 million has been paid Liquidated damages have been transferred to your account!

System prompts: Due to.....

Chu Chu received 9 system prompts in a row and was extremely happy.

Got another 45 million!

When the nine people ran away in despair.

Everyone looked at each other and then left silently.

But before leaving, everyone looked at Chu Chu differently.

Because everyone knows that a new fighting star will be born in SAARC.

After everyone left, Liu Yan closed the entrance to the room and began to take stock of the harvest.

"Wow! Sister Yan, made a total of 55 million!"

Liu Yan and Chu Chu were both overjoyed.

Especially Chu Chu, her heart was beating wildly.

55 million! It was so easy to get it!

It feels so good!..

Chapter 49

"Chu Chu, let's do something big again and increase the stakes!"

"OK! Let's bet 20 million this time!"

"NO~!NO~!20 million is too little. There are 55 million here, plus all my old savings, we just make up to 100 million! Let's bet it 100 million!"

"What?! One hundred million?!", Chu Chu thought she heard wrongly

"That's right! That's 100 million! hey-hey! We either don't bet, or we bet bigger."

Liu Yan looked excited. Her gambling addiction has already developed.

"Sister Yan, isn't it a bit much? If you lose, you will become a pauper!", Chu Chu was frightened

"What are you afraid of? Sister has never been afraid of losing! Ok, deal!"

Liu Yan started to issue announcements without saying a word.

At the same time, the online fighting rankings and the Southern League rankings quietly changed.

Zhao Wudao, who was ranked 497th, fell to 498th.

A A newcomer named Yunyang Xiaochu quietly climbed to the 497th place.

This change in ranking attracted the attention of some people.

When those people clicked on Yunyang Xiaochu's information, they were all shocked.

Yunyang Xiaochu : 13 years old, female, historical record: 1 time, winning rate 100%. Specific battle situation: against Zhao Wudao in August 2019... Oh my god!

The 13-year-old girl defeated a little famous player in her first shot. Zhao Wudao.

This little girl is definitely a fighting genius!

Chu Chu's fame is quietly spreading throughout online fighting.

Of course, this ranking is still relatively low and has not caused much of a sensation.

But at this moment, in the pure fighting area information hall.

A new announcement caused a sensation.

Announcement: Newcomer 'Yunyang Xiaochu' issued a bet, and the bet was 100 million coins, which has been paid to the platform for custody. Room A019 of the bet room.....

"OMG! 100 million bets!"

"A big gamble! This is definitely a big gamble!"

"Damn it! Is this little girl crazy?"

"yes! She just won one round and thought she was invincible, yet she dared to bet such a big sum."

This announcement information can only show the winning rate of historical results, not the specific battle situation, nor the fighting ranking.

Therefore, these people do not understand Chu Chu's strength.

But not everyone dares to participate in a 100 million gambling game.

After a heated discussion, three people finally signed up to participate.

These three people are not weak in strength, and one of them is ranked 269th in fighting. Those who can enter the top three hundred in the SAARC area are all small Internet celebrities. There are a lot of them. Fans.

Liu Yan accepted all the challenges.

She is now acting a bit like Chu Chu's manager.

After this operation, the popularity of Chu Chu's room became very popular.

During the peak period, tens of thousands of people watched the game, and some even started live broadcasts.

As a result, Chu Chu fought three times and made a net profit of 300 million.

Her fighting ranking also rose to 269th.

At this time, Chu Chu's fame finally became popular.

Many people began to know that there was an incredible new star in their southern region.

And , the incident continues to ferment.

At this moment, in the room,

Liu Yan and Chu Chu both smiled crookedly.

Over the past few times, the two of them earned a total of more than 350 million.

The money came so fast! It was so exciting!

"Chuchu, you are so great! Even Yuan Wenqiu was defeated! To be honest, I was very nervous just now."

Liu Yan looked happy.

That Yuan Wenqiu was the master ranked 269th, and it was said that he had tens of thousands of fans.

Chu Chu and Yuan Wenqiu fought for more than thirty rounds before they won. It was the longest battle so far.

Of course, Chu Chu has not been exposed to fighting for a long time.

She has great room for improvement.

"Chu Chu, I think your fighting ability can be among the top 200! You have such strength at such a young age, you will definitely become number one in the Southern District in the future!"

Liu Yan likes this little girl more and more now.

This is simply her cash cow!

"Am I great?", Chu Chu had some self-doubt.

"Of course!", Liu Yan is very sure

"But my brother said that my fighting skills have many flaws and my strength is average."

"What?! Liu Yan was shocked, "You still call this ordinary?" Your brother is good at fighting?"

"Of course! He taught me many techniques, and he is very good. My brother said that with my current fighting skills, I cannot survive a single round in front of him."

When Qin Feng was mentioned, the little girl looked full of admiration.

Ever since Qin Feng discovered that she had fighting talent, he gave her pointers whenever he had time.

This is also one of the reasons why she has made such rapid progress. After listening to this Liu Yan was shocked.

She asked in disbelief: "You can't survive one round under Qin Feng?"

"Um! My brother said so, and I think so too"

"hiss~! ", Liu Yan gasped, "He is indeed Newton's long-lost brother - awesome!"

"In this way, your brother's strength can definitely be among the top ten in the Southern District! If you can let him come in and make two bets,....."

Liu Yan's eyes started to shine again.

Wow!

The more she thinks about it now, the more she feels Qin Feng is perfect.

Not only is this guy incredibly handsome, he's also incredibly talented and unrivaled in luck.

Now, even the fighting skills are terrifyingly strong!

It was so good, she had to get it.

Liu Yan couldn't help but lick the corners of her lips.

The more she thought about it, the more tempted she became, and her body began to heat up.

Chapter 50

At the same time, something was happening in Liu Yan's residence, in the secret training room.

The originally peaceful training room suddenly surged with powerful wind energy waves, rushing towards Qin Feng.

Click~!

A soft sound came from Qin Feng's body, as if some kind of shackles had been broken, and his momentum skyrocketed.

Finally a breakthrough!

Qin Feng opened his eyes with joy.

His body slowly levitated and stayed in mid-air.

Riding the wind to float in the air and fly close to the ground are the advantages of a one-star wind elemental master.

Other elemental masters must reach the third level to achieve this.

Finally becoming an elemental master, he could make Chu Chu a Quanmin, and he also had the confidence to deal with the Lin family.

Qin Feng was relieved.

Then, he couldn't wait to open the training template.

Practitioner: Qin

Feng Wind realm (peerless): Early stage of one-star level

Thunder realm (peerless): Quasi-elemental master (divine seal completion degree 89%)

Ice realm (genius): Quasi-elemental master (divine seal completion degree 92) %)

Fire Realm (Normal): Quasi-Elemental Master (Divine Seal Completion Degree 30.001%)

Talent Skill: God-level

Devouring Combat Skill: Violent Blow

Auxiliary Skill: Ice Concealment

Combat Power Index: 1400 points

"Very good! The combat power has been increased to 1400 points!"

Qin Feng was ecstatic. This improvement in strength was much greater than he expected.

From the breakthrough of the quasi-elemental master to the early stage of one star, his combat power increased by 500 points.

Generally speaking, when the quasi-elemental master broke through to the early stage of one star, his combat power increased by 500 points. The strength will increase by about 400 points.

Qin Feng is obviously better than others.

Is this the benefit of multi-system practitioners?

Qin Feng doesn't understand, but he is in a very good mood. With

1400 points of combat strength, he has reached two stars. Later levels.

With his current comprehensive strength, he can sweep the two-star Dzugchen.

Moreover, his thunder element breakthrough is imminent. In one day at most, his thunder element will break through, and his strength will skyrocket.

"Ding! It is detected that the host's cultivation level has broken through to a one-star elemental master, and the system mall is automatically upgraded to a level 2 mall. Please check it yourself!"

Hey! The mall has been upgraded!

Qin Feng was delighted and couldn't wait to open the system light screen and enter the mall page. As expected, there were six new products in it.

Level 5 genetic medicine (perfect level), price: 50 million.

Storage ring (ordinary level), price: 100 million.

Fragments of the God of Wind seal, price: 200 million.

Fragments of the God of Thunder seal, price: 200 million.

Fragments of the God of Ice seal, price: 200 million.

Fragments of the God of Fire seal, price: 200 million

"These are all good things!"

Qin Feng felt happy.

The fragments of the divine seal can shorten the time to condense the divine seal.

In the outside world, similar items cost at least three to five billion, but the effect is less than one-tenth of these fragments of the divine seal.

But even so, the outside world still has It is very rare, priceless in the market.

Many children of the rich families are crying and begging for it.

You know, in this world, most people's cultivation talents are ordinary level.

With such a talent, even if they have been stuck in the quasi-elemental master realm for decades, It's a normal thing.

It's nothing for ordinary people, but it's a bit intolerable for the children of the rich families. If you can't become an elemental master, you can't be given a title and you can't become a real superior person.

How can the children of the rich families do this? Endure?

They are not short of money, but they are short of rare items.

Therefore, Qin Feng is very satisfied with the price of the divine seal fragments. However

, only Qin Feng can swallow these divine seal fragments, and outsiders cannot use them.

After reading the divine seal fragments, Qin Feng looked at the level 5 genetic medicine (perfect level) again, with a look of excitement on his face.

As far as he knew, humans are developing level 5 genetic medicine, but it has not been successful yet.

Rumor has it that humans are derived from monsters that are good at physical bodies. Extract some substances to develop level 5 genetic medicine.

Some clinical trials have been done, and the success rate is less than 1%.

In other words, if 100 level 4 warriors take it, only one will become a level 5 warrior.

The price is too high. , so everything is in the experimental stage.

The level 5 genetic medicine provided by the system not only has a 100% success rate, but also has no side effects.

If this is taken out, it will definitely be valuable. For rich people without talent, It's a rare treasure!

The more Qin Feng thought about it, the happier he felt.

He wanted to buy one immediately to try the effect

"Only 50 million can afford it. Unfortunately, I only have more than 10 million, which is not enough! Huh! correct...."

Qin Feng quickly pulled out two storage rings.

That was the trophy he got after killing Lin Xuyang and Bai Su.

After rummaging for a while, he found more than 20 million in cash and several bank cards from the two people's storage rings.

The money is still not enough!

There must be money in those bank cards, but Qin Feng can't withdraw it.

"Ding! The host is reminded that the recycling function of the mall has been enhanced and the currency in the bank card can be recycled. Do you want to recycle it?"

Qin Feng:"....."

"So awesome?!"Qin Feng was shocked,"If it is recycled, will someone find out the flow of funds?"

Qin Feng is very concerned about this issue.

If he is found out, he will definitely get into a lot of trouble.

"Ding! Remind the host that with today's human technology, it is impossible to verify the truth. Do you want to recycle it?"

Qin Feng was overjoyed:"Try to recycle this card for me first!"

"Ding! Congratulations to the host for successfully recycling the bank card (1) and obtaining the amount of 67 million coins in the card!"

Damn it! It's really effective!"

"Ha ha!! These pictures have all been recycled!"

"Ding! Congratulations to the host for successfully recycling bank cards (4 pieces) and obtaining the amount of 340 million in the card..."

Such a lot of money!

Got rich again!

Qin Feng was so happy that his mouth was crooked.

Ding! Remind the host that the mall can recycle all items and debris. Please explore by yourself...

"That's okay!"

Qin Feng was pleasantly surprised.

He immediately recovered two storage rings, several titanium-manganese alloy weapons, and even the chariot that he split in half.

These are stolen goods and must be disposed of.

This recovery , Qin Feng got more than 500 million coins.

The Lin family is really rich.

Killing Lin Xuyang and Bai Su would not be a loss at all.

In addition, what surprised Qin Feng was that the chariot that was split in half, 40 million coins were recovered.

It was really a waste utilization.

In this way, all the stolen goods were completely disposed of.

Only the four bodies of Lin Xuyang, Bai Su, He Feng, and Xiaolu were left.

"By the way, can these corpses be recycled?"

Qin Feng took out Lin Xuyang's body and tried to operate it.

Ding! Congratulations to the host for successfully recovering the body and getting 100 coins!

Well! It was really successful!

However, Lin Xuyang's body was too worthless.

This discovery made Qin Feng became happy.

He quickly recovered the bodies of the remaining three people.

He Feng's body also cost 100 coins, and Xiaolu only had 40 coins.

Bai Su's body actually recovered 500 coins.

It seems that this recovery of corpses, It also depends on the master's strength during his lifetime.

In short, it is not worth anything.

After doing this, Qin Feng is in a good mood.

This means that he has eliminated all traces, making it harder for the Lin family to verify.

With this system function, in the future, if he wants to destroy the corpse and eliminate traces, he will Much more convenient.
