

God level 421

Chapter 421

Nishan seemed to be thinking about something, her cheeks turned red.

Soon, the two entered the room.

A quarter of an hour later, a sweet cry sounded in the room.

Outside the house, the spring breeze is rippling, the drunkenness is strong, and the scenery is unique.

I don't know how long it took, but a song-like cry came from the wind, floating softly and with long-lasting warmth.....

Time flies.

In the blink of an eye, three days and two nights passed.

On this day, Qin Feng left the room feeling refreshed and in a very comfortable mood.

During these three days and two nights, he did not stop and relaxed completely.

Nishan cried a few times.

She was naturally so happy that she couldn't help it

"These shark beads should be enough, right?"

Qin Feng looked at the shark bead in his hand and felt the pleasure of conquest in his heart.

Of course, he did not treat his woman badly. The resources left to Nishan were enough for her to break through to the peak of nine stars as soon as possible.

At the moment, Qin Feng put away the shark Zhu, ready to leave.

Nishan was so tired that he fell asleep, so he didn't bother him.

But at this moment, he seemed to sense something, looked up at the sky, and his eyes penetrated the palace.

At the same time, a wave of The terrifying power of the Great Emperor fell from the sky and instantly enveloped the entire Nandu City.

"Where is Qin Feng?! Get out of here, this great emperor!"

This loud shout suddenly exploded in everyone's ears.

At this moment, the whole city was shocked, and everyone looked up. They saw a man in golden clothes hundreds of millions of feet high in the sky, with fierce flames burning all over his body. Looking down at the audience from above.

The Golden Crow Emperor finally arrived.

Qin Feng frowned and was about to go out to take a look.

Nishan was wearing pajamas and hurried out of the back room.

She was awakened by the sound outside.

"Qin Feng, there seems to be a great emperor coming outside?", Nishan said with some worry.

"It should be the Golden Crow Emperor! I'll go meet you!"

"You have to be careful!"

"Do not worry!"

The corners of Qin Feng's mouth curled up slightly.

He hadn't paid much attention to an emperor who was in the early stage of foundation building.

At the same time, he disappeared from the spot and at the same time, above the sky.

The Golden Crow Emperor looked down with a proud look on his face.

The ant-like people all looked frightened under his imperial power.

This expression made him enjoy it very much.

He liked the humble appearance of human beings in front of him.

After he killed Qin Feng, he would let These human beings realized what real fear is.

Swish~! Swish~! Swish~!

At this moment, a dozen lights and shadows flew out from below.

The leader was Feng Emperor.

When the Golden Crow Emperor saw Feng Emperor, his eyes flashed I was shocked.

This human woman was actually a fellow cultivator of light and fire. She also understood the true meaning of light and the true meaning of fire, and her combat power reached 40 billion. When did such extraordinary geniuses appear on the earth!

Gale Emperor and Wu Emperor Ye Xing never mentioned it!

This woman will definitely become an emperor in the future, and maybe she can reach his own level.

Thinking of this, Emperor Golden Crow felt sour.

He was actually a little jealous!

In fact, he also had the same element of light and fire. Cultivation, and merged the true meaning of fire and the true meaning of light into the top true meaning-the true meaning of the sun.

This made him much stronger than the same level, and has always been the pride in his heart.

The higher-ups in the clan also attach great importance to him.

Otherwise , this lucrative mission will not be given to him easily.

This is obviously a way for the top management to let him take advantage.

But he didn't expect that this small indigenous star field would actually produce a genius who is as talented as him..

Look at this woman's youthful energy, and she is even better than he was back then!

When a person thinks that he is very good, and then someone slightly better than him appears, he will be very unhappy.

At this time, the Golden Crow Emperor is this kind of mentality

"Ah! You, a junior, have pretty good talents! You should be the most talented person on earth, much better than that Qin Feng!"

The Golden Crow Emperor looked at Feng Emperor self-righteously.

But at this moment, lights and shadows flashed around Feng Emperor.

Qin Bao Bao and Chu Chu also arrived.

Qin Bao Bao's aura was obscured, so he didn't see anything.

But as soon as Chu Chu arrived, he was greatly surprised Shocked.

Judging from the energy and blood of this girl, she is only fourteen years old.

But her cultivation has reached the Tribulation Stage, and her combat power has reached 10 billion.

More importantly, this girl has not yet practiced Reaching the peak of transcending tribulation.

Judging from the elemental fluctuations on her body, she actually cultivated both ice and fire. At the same time, she understood the true meaning of ice and the true meaning of fire.

"hiss~! "

The Golden Crow Emperor took a deep breath of cold air.

Damn it~!

This girl's potential is more than ten times stronger than mine!

She will definitely become the emperor of the Wheel Sea Realm in the future!

It was difficult for the Golden Crow Emperor to even feel jealous thoughts at this moment.

He suddenly felt a sense of powerlessness!

Have no idea!

The gap is too big!

He still doesn't know that Chu Chu is more talented than he thought!

Chu Chu had already awakened the seventh consciousness, and also had the inheritance of the Dragon God.

Her future achievement will be at least the third level emperor!

Huh! its not right!

Didn't Emperor Gale say that apart from Qin Feng, there are no great geniuses on earth?

Emperor Jinwu was puzzled.

At this time, he discovered something was wrong.

Emperor Feng, Chu Chu, and many emperors all looked at him calmly, none of them panicked.

The atmosphere in the venue is a little weird!

This is not normal!

He is the great emperor!

How could these weak people be so calm when they saw themselves?

"Bad guy! Why did you call me dad just now?!"

Qin Baobao glared at the Golden Crow Emperor angrily.

This guy is so rude!

He actually told her father to get out!

The Golden Crow Emperor glanced at Qin Baobao arrogantly.

This little kid can actually float in the air and even A little bit of talent

"Is your father Qin Feng?!"

"yes! You are so rude!" Qin Baobao pinched his small waist with both hands.

The Golden Crow Emperor said impatiently:"Noisy! What are you talking about, you little brat? Tell Qin Feng to get out! If he continues to hide and cannot come out, don't blame me for killing you and others first to sacrifice to heaven! The baby was furious:"

You bad guy, I'm going to beat you!"

"roll!"

The Golden Crow Emperor suddenly took action and slapped Qin Baobao with one palm.

He wanted to turn this little thing into meat paste!

Who told her to be Qin Feng's daughter!

Since she is, then die!

More importantly, what is his identity? , how can you let a little thing dictate!

With that palm, the sky collapsed and the sky was trembling.

Hundreds of millions of people below screamed!

Feng Di and others looked calm.

The baby jumped with anger and waved his pink With his little fist, he rushed forward

"cut~! "

The Golden Crow Emperor sneered. He was indeed a child without tutoring and had no idea of the heights of the sky.

Then I will let you die completely!

Boom~!

A loud noise!

Fist bump!

The palm of the Golden Crow Emperor exploded on the spot, turning into blood all over the sky.

He screamed miserably and was blasted tens of thousands of meters away.

There was a cry of surprise below!

The next second, the baby dodged and reached the sky above the head of the Golden Crow Emperor.

Emperor Golden Crow saw the light and shadow in front of him dim, and the baby came again.

As if he had seen a ghost, he shouted in horror: "Don't! Don't!"ah!....."

Another punch!

The Golden Crow Emperor screamed in agony, and was blasted so hard that he vomited blood and flew backwards...

The baby dodged and caught up again, raising his pink fist.....

"Spare your life! Spare your life! Please spare my life!!"

The Golden Crow Emperor was extremely frightened.

It turns out that this little girl is the most terrifying.

She also cultivates both fire and light, and also understands the true meaning of the two elements, but her combat power has reached one trillion.

This is comparable to the combat power of the Great Emperor of Foundation Establishment.!

Completely crush him!

"snort! Bad guy! I'm going to crush you!"

Baobao was too lazy to pay attention to him, so he was about to punch him.

But at this moment, the space beside her fluctuated, and Qin Feng appeared.

"dad!", the baby raised his head excitedly

"Well done!", Qin Feng pinched the little guy's face lovingly

"You...are you Qin Feng?!", the Golden Crow Emperor asked in surprise

"Ah!", Qin Feng was too lazy to answer.

He raised his hand and pointed lightly.

The fingertips continued to enlarge in the eyes of the Golden Crow Emperor, instantly filling the sky and the earth, emitting infinite divine light, crushing towards him.

Boom~!

There was a loud noise!

The divine finger fell! The divine power of heaven and earth was majestic! The endless starry sky trembled!

Blood mist floated in the air...

Qin Feng crushed the Golden Crow Emperor with one finger!

Countless people below were stunned.

The emperors were completely dumbfounded!

That was A great emperor!

The place became quiet.....

In the air, the origin of the Golden Crow Emperor still remains, as well as a true meaning divine seal and a storage ring..

Chapter 422

"OMG!"

In the air, the emperors were amazed.

The people below looked at Qin Feng's figure and respected him like a god.

"Dad, you are so awesome!"

Baby Qin's eyes are full of little stars, with a look of admiration on his face.

The little guy has long become Qin Feng's crazy fan

"Baby, haven't you been lazy in practicing these days?"

Qin Feng put away the trophies and checked the storage ring.

There were many treasures in it, including more than 2,000 pieces of light star tidal stones.

"Dad, I'm not lazy! I have realized the true meaning of my light system!"

Qin Baobao said proudly, looking forward to Qin Feng's praise.

Qin Feng looked at the baby, and the latest information about the baby appeared in his mind.

Battle pet: Qin Baobao (Domination Potential)

Element: Dual Elements Fellow Cultivators (Fire) , light)

Cultivation level: 17% of the nine-star realm (100% is the peak of the nine-star) true meaning: 67% of the true meaning of the fire system, 5% of the true meaning of the light system

Combat power: 1.1 trillion

"not bad!", Qin Feng nodded happily.

The little guy has made great progress.

At this time, Feng Di, Chu Chu and others also rushed over.

Seeing that both of them have made progress, Qin Feng was very happy.

Especially Chu Chu has made the greatest progress.

"Your Majesty, now that the hidden danger of the Golden Crow Emperor has been eliminated, when are you going to go to Tianfu Star?", Emperor Feng asked with concern

"Set off tomorrow!"

Qin Feng thought that the secret realm hiding the second golden man was about to be opened.

He had better set off as early as possible to avoid missing it.

"Yue'er, during my absence, the puppet army will be under your control!"

Qin Feng took out the soldier talisman of the puppet army and handed it over.

"Your Majesty, there are many experts on Tianfu Planet, but you are unfamiliar with this place. This army of puppets should still stay with you for extra protection."

Emperor Feng always thinks about Qin Feng.

Qin Feng shook his head:"The masters I will meet in the future are all above the Great Emperor, and this army of puppets is of no use. It is better to keep them on the earth to make the earth's defense stronger."

After hearing this, Emperor Feng felt that this was the truth, and then he took the weapon talisman.

At this time, Chu Chu said:"Brother, I have broken through to the tribulation stage. Can you take me with you this time?"

"sure! Chu Chu was overjoyed:"

That's great!" Brother, besides me and the baby, do you want to bring some more experts over? I heard that there are many powerful people on Tianfu Planet, but there are only a few of us. Will we be bullied?"

As soon as these words were said, all the emperors agreed one after another.

"yes! Your Majesty, you are alone outside, why don't you bring your subordinates with you?"

The White Tiger Emperor moved to invite you.

"Your Majesty, I am more suitable to run errands for you! Otherwise, you can take me with you!"

The Turtle Emperor also requested.

Later, Emperor Ice and Snow, Emperor Xuanwu and others also asked for help, and

Qin Feng smiled.

These guys were tired of staying on earth and wanted to see the outside world.

At the moment, Qin Feng smiled and said:"What do you want? If you go to Tianfu Star, you will have many opportunities in the future. I don't need so many people when I go this time..."

Emperor Feng advised:"Your Majesty, it is good to have a capable subordinate by your side to run errands."

Feng Di thought that Chu Chu was Qin Feng's sister. The baby was too young and unreliable. Qin Feng didn't have anyone around him who was of decent strength and could stand alone. It still wouldn't work.

"Yue'er, as you mentioned, I have someone to choose, so I might as well introduce you to him!"

Qin Feng waved his hand, and the space in front of him fluctuated.

A man with white clothes and white hair, full of heroic spirit, appeared in front of everyone. As soon as this man appeared, his 5 trillion combat power aura frightened the emperors.

Even Qin Baobao looked wary.

This white-haired man is stronger than her!

"Bai Qi has met his master!", the white-haired man saluted respectfully.

At this moment, Bai Qi's eyes were full of spirituality and he was full of gratitude to Qin Feng.

These days, he has refined the soul body pill given by Qin Feng, and his soul body has returned to the peak of nine stars, and his intelligence has basically recovered. It's just a lack of memory.

And his combat power has also increased to 5 trillion.

Of course, if he really wants to fight, he will show his super strength and sweep across the same level.

Seeing this scene, the emperors suddenly realized and secretly marveled in their hearts.

Your Majesty is indeed extraordinary.!

Even the emperor-level masters recognize him as their master.

What else can they say?

"Bai Qi, we will set off tomorrow! Bai Qi was overjoyed:"

Your Majesty, my subordinates are waiting for this day!"

"good!"

At that moment, Qin Feng asked Emperor Feng to arrange a palace for Bai Qi.

Then, he asked everyone to get to know each other and then dispersed.

A quarter of an hour later, in the secret room of the palace,

Qin Feng took out the true meaning seal of the Golden Crow Emperor.Baobao

Qin looked on curiously, with a cute look on his face.

"The true meaning of the sun, this true meaning is quite good!"

Qin Feng looked at it for a while, with a smile on his face.

"Dad, what are the effects of this true meaning?"

"It combines the speed of light with the enhanced destructive power of fire. To put it simply, this True Meaning can increase movement speed and attack power. It is a good True Meaning and is worthy of the top True Meaning level."

Qin Feng briefly introduced

"Yeah?", the baby looked suspicious,"But that bad guy is much slower than me! Qin

Feng couldn't laugh or cry: "That's because his strength is much worse than yours. With the same combat power, I'm afraid your speed can't match his." Not to mention that, come on, psychic fusion!"

"oh!"

The next second, the father and daughter completed the psychic fusion.

Then, Qin Feng opened his mouth and swallowed the true meaning seal.....

"Ding! Successfully swallowed the Divine Seal of True Meaning (True Meaning of the Great Sun)... The awakening of the Unending True Meaning was raised to 60%...Combat strength increased by 100 billion....."

"Ding! Devouring the true meaning of the divine seal (the true meaning of the sun) successfully... The power of luck is added... Congratulations to the host for awakening the true meaning of the light system.....Combat strength increased by 100 billion....."

Qin Feng was surprised and happy.

He actually obtained the true meaning of light.

You must know that he already possesses the two supreme true meanings of destruction and immortality, and it is extremely difficult to comprehend the new true meaning.

This awakening is entirely due to the help of luck!

As a result, his combat power increased to 18.2 trillion

"Ding! Successfully swallowed the divine seal of the will (the true meaning of the sun).....War pet fire's true meaning perception increased to 70%.....Combat power increased by 50 billion....".....

"Ding! Successfully Devouring the Divine Seal of True Meaning (True Meaning of the Sun).....The awareness of the true meaning of battle pet Light has been increased to 15%.....Combat power increased by 50 billion....".....

"Ding! Congratulations to the host, your battle pet has gained self-realization, and the true meaning of the fire element and the true meaning of the light element have merged into the top true meaning - the true meaning of the sun....."

"Ding! Battle Pet True Meaning Upgrade.....Perception of the true meaning of the sun is 70%....Combat power increased by 200 billion....."

Qin Feng quickly checked the baby's data, and sure enough, there had been changes.

Baobao's current combat power has been increased to 1.4 trillion, and his true meaning has also been upgraded to the top level.

This Golden Crow Emperor is really the baby's lucky star!

Qin Feng was delighted and unlocked the psychic combination.

"Wow!! Dad, my sincerity has been upgraded!", the baby jumped for joy

"Dad saw it!"Qin Feng said happily,"You have worked hard these days to reach the peak of Nine Stars. If you can break through to the top of the Nine Stars before reaching Tianfu Star, there will be a great opportunity waiting for you!"

"What chance?"

"Ziyun Secret Realm!"

"Dad, is this where the second golden man is hidden?"

"yes! There are many opportunities in the secret realm, and there are opportunities to break through the Great Emperor. Unless in addition, there is a chance to break through to the Wheel Sea Realm. If your cultivation level is not at the peak of Nine Stars, you will miss out! Hearing this

, Qin Baobao was excited:"Dad, baby, go work hard now!"

After saying this, Qin Baobao ran away in a hurry.

Qin Feng smiled slightly and took out the Liangyi True Meaning Divine Seal.

Sure enough, his success rate of devouring the Liangyi True Meaning Divine Seal increased to 37%.
Qin

Feng's face suddenly showed joy.

He seemed to have found a way to obtain the third supreme true meaning.

The two true meanings are composed of the top true meaning of the light system - the aurora true meaning, and the top true meaning of the dark system - the extremely dark true meaning. It is made.

If he swallows more light and dark true meaning seals, he will gain more insights into the light and dark systems.

When the time comes, he can swallow the two true meaning seals again, and the success rate will be even higher..

The more Qin Feng thought about it, the more he felt that this was the case, and the more he looked forward to it.

If he could obtain the third supreme true meaning, he would be able to achieve better results in the next five-level star field assessment.

In this way, he The pressure to face the Lord of Dusk will also be smaller..... time flies.

In a blink of an eye, it was the next day.

Early that morning, Qin Feng and others left the earth on an interstellar spaceship, greeted by the people and emperors of the past.

This time, Qin Feng not only brought Bai Qi, Chu Chu, Bao Bao, and the Jin puppet, but also brought Yu Qilin and Luo Li.

Yu Qilin and Luo Li are mainly responsible for driving the flying boat.

These days, under Yu Qilin's step-by-step instruction, Luo Li has become proficient in controlling the flying boat.

This flight is a long way, so the two of them need to take turns controlling it.

I saw that the interstellar spacecraft was extremely fast. It flew out of the solar system in just a few minutes..

Chapter 423

As soon as it left the solar system, Jade Qilin began to control the spaceship and perform space jumps.

According to her estimate, it would take one or two months to fly from the solar system to Tianfu Planet.

If Qin Feng's application for promotion is successful, the Earth Star Territory will be included in the alliance territory.

The alliance will provide resources to establish a super star teleportation array in the solar system and link it to the alliance's teleportation array system.

At that time, it only takes a few dozen teleportation arrays to get from Earth to Tianfu Star, and the round trip only takes a few days.

This is like having a road connected to the village, making it easier to get into the city.

Of course, this requires a lot of resources.

In order to save resources, the alliance stipulates that only level five star fields are eligible to be included in the teleportation array system.

This is the origin of the five-level assessment.

At this moment, on the flying boat, in the luxurious cabin.

Qin Feng sat on the comfortable sofa and sipped fragrant tea leisurely.

He looked at the light screen in front of him, which showed the outside world. The stars were bright and it was really beautiful!

Qin Feng put down his teacup contentedly and turned to look at Bai Qi who was standing aside.

"You really can't remember?", Qin Feng asked quietly

"Master, my subordinates have a headache thinking about it. I can only recall 1% of my past memories. They are still scattered and cannot be connected....."

Bai Qi held his head, his face full of sorrow

"This is a troublesome thing! If you meet your enemy and you forget him, but he recognizes you, you will be plotted against....."

Qin Feng analyzed carefully.

Bai Qi became even more worried:"My subordinates are worried that they will drag down their master."....."

Having said this, Bai Qi felt a little guilty.

You know, he used to be a super strong man with a perfect first-round realm, with a combat power of more than 50 trillion.

It can shatter his soul, and his opponent must be at least a second-round powerhouse.

For those who are strong in the Second Wheel Realm, the combat power threshold is 100 trillion.

Qin Feng smiled proudly: "If I were afraid, I wouldn't take you out!"

Bai Qi said worriedly: "Master, there are people coming and going on Tianfu Star, from all corners of the universe. Maybe it's really true." I will meet my enemy!"

"Put it on! Even if your enemies see you, they won't recognize you!"

Qin Feng casually threw out a silver mask with a gilt dragon pattern on it, which was extraordinary.

He found this in the storage ring of the Yin Yang Little Demon Ancestor.

"Master, this mask is....", Bai Qi took the mask curiously.

Qin Feng explained: "This mask can block the prying eyes of spiritual consciousness. Unless the master comes in person, under the master, you cannot see your true face!"

Bai Qi was overjoyed: "Thank you, master!"

With this mask, he has less Many concerns.

At that moment, he couldn't wait to put it on.

Sure enough, a man depends on his clothes and a horse depends on his saddle.

This Bai Qi wears a silver mask, has white hair and a silver face, and is very heroic and domineering!

"Master, it really works!", Bai Qi was excited.

The corners of Qin Feng's mouth curled up slightly, revealing a smile.

He was not sure whether this mask was effective at first.

After Bai Qi put it on, he tested it, and it was indeed effective!

"very good! In this way, I can safely take you into the Ziyun Secret Realm!", Qin Feng took a leisurely sip of tea.

"Ziyun Secret Realm? Why does this name sound familiar?"

Bai Qi grabbed his head and started trying to remember.

Qin Feng's eyes lit up and he silently put down the teacup.

After a moment, a flash of inspiration flashed in Bai Qi's mind and he suddenly raised his head.

He seemed to have recalled something, with a look of surprise on his face.

"Master, I remembered! The Ziyun Secret Realm is one of the most famous secret realms in the Star Alliance, and there are countless opportunities in it!"

"Every year on the opening day, hundreds of thousands of explorers will enter the country, and the scene is very spectacular!"

The more Bai Qi talked, the clearer his memory became.

Qin Feng was also a little surprised:"So many people?!"

Bai Qi smiled and said:"Master, this is because there are restrictions in the secret realm, so there are only so many people." If the restrictions are relaxed, I'm afraid hundreds of billions of people will have...."

Qin Feng was a little shocked.

How big is the secret realm? Can it accommodate hundreds of billions of people?

Also, are there so many elementalists in the universe?

Bai Qi seemed to see Qin Feng's doubts and explained: "Master, the universe is vast, and there are millions of fifth-level star fields registered in Guangtianfu Star." "

"This is only the jurisdiction of Tianfu Star. It governs so many fifth-level star fields like Jumen Star, Earth Power Star and Shenfu Star."

"The number of fifth-level star fields managed by Central Purple Star is unimaginable. The universe is so big that it's hard to imagine. There are so many elemental masters that they are as numerous as the sands of the Ganges River....."

Qin Feng nodded slightly.

Then, he asked: "What are the restrictions on entering the Ziyun Secret Realm?"

"Master, there are three restrictions. The first one is that you must have a cultivation level of Nine Star Emperor or above to enter. Article 2: Cultivation should not exceed the third level. Article 3: You must have the Ziyun Order to enter.

Qin Feng was surprised: "So, there will be many strong people in the third wheel realm entering the secret realm?" Bai

Di nodded: "There will be, but the number will be very small!" Because there are many benefits in it, all of which are suitable for people below the second level, and those who are strong in the third level can get very few benefits."

"The only thing that could interest a strong person in the Third Wheel Realm would be the Kirin Secret Realm. That secret realm has a chance for them to break through to dominate"

"pity! It's so dangerous there that almost no one who is a master of the Third Wheel Realm can come out. Over time, no one dared to enter."

"Later, fewer and fewer masters of the Third Wheel Realm entered. Every time it is turned on, only two or three will appear."

Hearing this, Qin Feng secretly breathed a sigh of relief.

He is not worried about the strong men in the second round.

If they are strong in the third round, there will be some pressure. Fortunately, there are not many.

"By the way, what is the secret realm of Qilin you just mentioned? Bai

Qi explained: "Master, the secret realm of the Lord of Qilin is the secret realm of the ancestor of the Qilin clan. He is called Ziyun, so he is also called the Lord of Ziyun." Ziyun Secret Realm is named after him"

"His strength should be comparable to the rumored Zulong and Yuanfeng. Unfortunately, he died early. He died in an ancient catastrophe more than a billion years ago"

"The Ziyun Secret Realm is the battlefield of ancient catastrophes. Countless powerful people died in it, so there are various inheritances."

"Of course, the best inheritance is that of Ancestor Qilin! Rumor has it that the benefits of receiving Qilin inheritance are no less than those of Zulong inheritance....."

"However, this is just a rumor. More than a billion years have passed, and no one has ever succeeded. Some people even doubt whether the inheritance of the Lord of Qilin really exists!"

"After all, the Lord of Qilin died too early, and the Qilin clan became extinct hundreds of millions of years ago because of his premature death. There is only the inheritance of the Qilin family in this world, and there is no bloodline of the Qilin family."

"Compared with the Qilin clan, the situation of the Dragon and Phoenix clans is much better. At least they have descendants left....."

Bai Qi sighed endlessly.

He has the blood of the Shenfeng clan, so he feels the same way

"hehe! interesting!"

The corners of Qin Feng's mouth raised slightly.

He was interested in the inheritance of the Qilin Lord.

"By the way, how do you remember it so clearly?" Qin Feng suddenly thought of this question.

Bai Qi sighed: "I can remember it so clearly because the Ziyun Secret Realm is very important to me. There is the inheritance of the powerful Shenfeng in it. Whether I can break through to the second round depends on it."

"For this reason, I spent countless efforts to get a Ziyun Token. Unfortunately, the token has been lost!"

"is it this one?", Qin Feng casually took out a token.

It was what he got from the Fire Emperor.

"Huh! that's it!"

Bai Qi was surprised and happy when he lost it and found it again.

"Master, you should hold this token! Without the token, you can't enter the secret realm!"

Bai Qi respectfully presented the token again.

"Need not! I still have one!"

Qin Feng waved, and another Ziyun Token appeared in front of him, which he got from the Yin Yang Little Demon Ancestor.

Bai Qi was overjoyed:"Great! The master also has it, so the subordinate can accompany the master in. By the way, what about the little princess and Princess Chu Chu? It seems they can't get in!"

Qin Feng smiled and said:"Don't worry about that, I have a way for them to go in!" He naturally thought of space summoning.

Last time, the Dragon Ruins Secret Realm worked, and I think it will probably work this time too.

"This time, entering the Ziyun Secret Realm, there are as many masters as there are. I'm afraid your strength is not enough. Take these Emperor Soul Pills and refine them as soon as possible!"

Qin Feng threw another storage ring casually.

Bai Qi was shocked when he saw it.

The ring was densely packed with a thousand Emperor Soul Pills.

Plop~!

Bai Qi knelt down on one knee and was filled with emotion. Said:"Master, you are so kind to Bai Qi! Bai Qi has nothing to repay, he is willing to follow his master to the death and his body will be broken into pieces, no matter how hard it is!"

At this moment, Qin Feng could feel the change in Bai Qi's mood through the contract.

He really became desperate.

He was also very relieved.

"Get up!"

"yes! Owner!"

"Let me ask you, are there golden puppets in the Ziyun Secret Realm?"

"have! As far as my subordinates know, there is more than one golden puppet. This is an ancient battlefield. Rumor has it that there were five or six Jin puppets that participated in the war, but they were all damaged in the end."

Hearing this, Qin Feng was overjoyed.

He originally went for the Golden Man Puppet. He thought it would be good to find one, but he didn't expect there were five or six more.

"Master, although there are five or six golden figures in the Ziyun Secret Realm, they are not that easy to find.....", Bai Qi kindly reminded.

The corners of Qin Feng's lips curled up slightly: "For others, it's very difficult to find. For me, it's very easy!"

"Because I have a golden man in my hand, they can sense each other and find each other, which is very convenient!"

After hearing this, Bai Qi was overjoyed.

The master must have gained a lot from this trip to the secret realm..

Chapter 424

After a conversation, Qin Feng summoned Chu Chu and Bao Bao and explained them.

Under normal circumstances, it would take them more than a month to reach Tianfu Star.

Chu Chu has a time force field, which can be used as ten days a day."

For more than a month, if you practice under the Chu Chu time force field, it is equivalent to one year of practice.

Therefore, Qin Feng arranged for Bai Qi to refine the elixir under the Chu Chu time force field.

This year's time is enough for Bai Qi Qi had finished digesting the thousand Emperor Soul Pills.

This surprised Bai Qi.

Qin Baobao naturally also practiced with Chu Chu.

The little guy's cultivation progress was only 17% of the nine stars. Let her practice with Chu Chu. Under the influence of a large number of Xingxi stones, With help, they should be able to break through to the nine-star peak within a year.

After the explanation, the three of them went to practice.

Qin Feng was the only one left in the cabin hall.

At this time, footsteps sounded outside the corridor.

After a moment, Yu Qilin smiled Then she walked in.

This woman had a superb figure and a pure and beautiful appearance.

As soon as she entered the door, she smiled at the corners of her eyes and was charming.

"How did you come?", Qin Feng happily admired the beauty's beautiful figure

"Just have Luo Li alone in the cockpit! Sect Master, does your promise to me still count?"

Yu Qilin sat down next to Qin Feng charmingly.

Qin Feng was slightly startled: "What promise?"

Yu Qilin said coquettishly: "You promised that your subordinates have two tasks. One is to be an internal correspondent in the faint organization. The other one is to sleep with you"

"The task of internal response has been successfully completed by my subordinates. This job of serving the bedchamber has been neglected by my subordinates! Do you want your subordinates to remain in ruins?"

Qin Feng laughed dumbly.

He glanced at the jade unicorn's uneven curves again. It was so graceful that he couldn't help but secretly praise it.

"You girl, I will grant you a favor today. Even if you beg for mercy later, I will not let you go....."

Qin Feng pinched Yu Qilin's innocent and lovely face, and showed a bad smile at the corner of his mouth

"The subordinates have already been mentally prepared! Last time, I begged for mercy so much, but you didn't let me go, leaving my subordinates to die.....However, it feels quite exciting!"

Yu Qilin always speaks so passionately and boldly.

Qin Feng is not surprised.

"I was in a hurry last time, it was only eight hours, this time I will teach you how powerful it is..."

Qin Feng picked up Yu Qilin's thin waist and took him into his arms.

The next second, the two of them disappeared into the hall out of thin air.....

At the same time, in the distant twilight star field.

In that extremely huge twilight temple.

The Lord of Dusk, incarnated into billions of feet, sits on a huge divine throne.

Below him, there are two rows of thousand-foot-long divine thrones, with the Great Emperor sitting on them.

This meeting was different from the last one. There were more than thirty emperors present.

The closer the fifth-level star field ranking assessment is, the more emperors are coming out of seclusion, and even the emperors who have traveled far are rushing back.

Therefore, the meeting scene this time was much more spectacular than the last time.

At this moment, sitting next to the Lord of Dusk, there was a cold young man in black.

He is the only son of the Lord of Twilight—Ye Tianzi, with Star Lord-level potential and unparalleled talent.

Now, he has entered the realm of the great emperor in the foundation building stage.

The emperors present looked at Emperor Ye with awe in their eyes.

The emperor's achievements in the future will be higher than those of the Lord, and they will not be able to reach higher even if they want to.

At this moment, the Dusk Master lightly glanced at the audience

"Everyone, Ziyun Secret Realm is about to open! This time, my son, Emperor Ye, is going to the Ziyun Secret Realm to explore the inheritance of the Lord of Qilin. I want to bring ten people to follow. Which one of you is willing to accompany me!"

As soon as these words were said, all the great emperors looked at each other.

Immediately, a great emperor of the Wheel Sea Realm stood up.

"Your Majesty, my subordinates are willing to go!"

"Sir, my subordinates are also willing to go!"

Another Wheel Sea Realm emperor rushed to express his stance.

Immediately afterwards, other emperors expressed their stance one after another and expressed their willingness to accompany him. The scene was very heated.

As we all know, Ye Tianzi is the beloved son of God. He was born with the potential of a Star Lord, and he also brought it with him. Luck.

Following Ye Tianzi in the secret realm will definitely be of great benefit.

What's more, establishing a good relationship with Ye Tianzi now will also be of great benefit to them when Ye Tianzi grows up in the future.

Therefore, these emperors are very active. Seeing such a heated scene, the Lord of Dusk was quite proud.

His son was indeed outstanding. Even though he was only in the foundation building period, he was already sought after by others.

"Everyone, we only need ten people this time, not too many. Emperor Xinghe, Emperor Mingye.....Well, just you ten!"

The Lord of Dusk selected the ten strongest people.

The ten selected people showed happy faces.

Those who were not selected all looked depressed.

At this time, one of the ten selected people walked out.

He asked the Lord of Dusk He cupped his hands and said:"Lord Lord, I heard a rumor recently that someone cracked the inheritance of the Lord of Qilin and the reason why it cannot be obtained."

"The reason is extremely simple. If you want to obtain inheritance, you need the blood of the Qilin clan."

"Back then, after the death of the Lord of Qilin, the Qilin lineage quickly became extinct. There was no Qilin bloodline in the world, so the inheritance could not be obtained. I don't know if this is true or not?"

As soon as these words came out, all the great emperors discussed one after another.

They had also heard of this rumor.

The Lord of Dusk smiled slightly:"Of course it is true!"

The emperors were stunned.

If it is true, then this matter will be troublesome.

The Qilin clan has been extinct, and there is no Qilin bloodline in the world.

Even if they finally get the inheritance, it will be difficult to inherit it without blood as a medium!

"Master Lord, if this is really the case, it will be difficult for His Highness Ye Tianzi to inherit this inheritance! We still have to find a way to find some Qilin bloodline!"

"good! This Kirin bloodline is a must!"

All the emperors agreed.

At this time, an old man with a skinny face walked out of the crowd.

He was the emperor who puppeted the God Emperor last time.

"Your Majesty, I have good news for you!", Emperor Tianpuppet said with some excitement

"Oh, tell me!"The Dusk Master nodded casually.

The Heavenly Puppet Emperor hurriedly said:"Master Master, Yan Guang had a chat with me before he left last time. He mentioned one thing"

"He once found a girl in a low-level star field. That girl has a good talent. What's commendable is that she still has a trace of the blood of the Qilin clan."

"Seeing that Hunter was happy, he forcibly took the girl away and took her into the organization's name. And named her Jade Qilin!"..

Chapter 425

When Emperor Tianpup said Yan Guang, he was referring to the God Emperor.

As soon as he finished speaking, the whole audience was shocked!

"hiss~! "

"Kirin bloodline!"

"No way? The Qilin clan has been extinct for so long, how is it possible that there is still blood? Tianpuppet, did Yanguang make a mistake in this matter?"

The emperors couldn't believe it.

"this....", the Heavenly Puppet Emperor hesitated for a moment and said,"To be honest, Yanguang himself is not sure about this matter."

"After he discovered that the little girl had Qilin blood, he secretly investigated the little girl's biological parents, but found that neither of the little girl's parents had Qilin blood. This goes against common sense!"

"He studied it for a while, but couldn't figure it out, so the matter fell by the wayside!"

After hearing this, all the emperors were confused.

Some people in the crowd sneered.

"hehe! Neither parents have Qilin blood, how can their child have it? Most likely Yanguang himself made a mistake."

But as soon as he finished speaking, the majestic voice of the Lord of Dusk sounded in the field.

"Who says it can't be possible?!"

Everyone was stunned and looked at the Dusk Lord.

Then he said "If this master's prediction is correct, the Kirin bloodline in the little girl comes from reincarnation, not from her parents!"

"It seems that this master's deduction is correct. The Qilin clan is about to resurrect, and they are about to enter the world from reincarnation!"

The Dusk Master closed his eyes slightly and sighed.

Hearing this, the emperors were extremely shocked.

Unexpectedly, this Qilin bloodline can be transmitted directly from reincarnation without going through blood inheritance.

There was silence for a moment.

Then, the Heavenly Puppet Emperor asked carefully: "Lord Lord, do you want Yanguang to send the little girl here? She may be of great use to this secret visit!"

The Lord of Dusk slowly opened his eyes: "What kind of cultivation level does she have?"

"It seems like there are only eight stars!"

The Lord of Dusk shook his head: "Entering the Ziyun Secret Realm requires nine-star cultivation." Bixing, she is not even qualified to enter."

"this....", Emperor Tianpuppet looked helpless.

The Lord of Dusk smiled again and said: "Actually, I have solved the problem of bloodline long ago. What do you think this is?" The Lord of

Dusk waved his hand, and a drop of purple divine blood appeared in front of him, and a purple cloud appeared around him.

"Huh! This...this seems to be Qilin's divine blood!"

All the emperors took a deep breath.

Oh my god!

It turns out that the Lord Master has already obtained a drop of Qilin's divine blood.

In this case, the problem of finding the inheritance of Qilin Master is solved.

Immediately, the emperors were overjoyed and congratulated one after another.

Dusk The Lord smiled and put away the Qilin Divine Blood

"Everyone, divine blood only solves the problem of inheritance. The assessment of the inheritance of the Lord of Qilin is the most difficult. Whether my son can get the inheritance this time depends on everyone's help!"

"Don't worry, Lord Lord, we will do our best to help His Highness pass the examination!"

"good! Then let's break up this meeting!"

"yes!"

The great emperors retreated one after another.

"Heavenly puppet!"

"The subordinates are here!"

"What happened to Yanguang's conquest of the earth?"

"No reply message yet! However, the earth is a remote and wild place. It will probably take two to three months for them to finish handling all the trivial matters.

The master nodded slightly:"Okay!" After Yanguang finishes handling the trivial matters, ask him to send the little girl named Yu Qilin!"

"Subordinates obey!"

Soon, all the great emperors retreated.

Only Dusk Lord and Ye Tianzi were left in the huge temple.

Dusk Lord looked through the temple to the starry sky outside.

He pondered for a while, and then said: "Ye'er, why? The Father has already deduced the result. This time the Ziyun Secret Realm is opened, the inheritance of the Lord of Qilin will definitely be obtained, and you must strive to obtain it!"

"Only by obtaining it will you be more certain and more certain about being promoted to Star Master. You must know that potential is potential after all. If you have not become a star master for a day, you are still an ant!"

"Father, Ye'er understands!", Ye Tianzi's eyes showed determination.

He has already lost the Ancestral Dragon inheritance, and this time the Qilin Lord inheritance, he cannot lose again.

Dusk Lord said again: "Actually, the Qilin Lord inheritance is not under the Ancestral Dragon inheritance. You were supposed to inherit the Ancestral Dragon inheritance, but it has been taken away from you, but your luck is still there. This time, you have a great chance of obtaining the inheritance of the Lord of Qilin."

"Father, can you deduce who was the person who took away my ancestral dragon inheritance?" Ye Tianzi has always been worried about this matter.

If he knew who it was, he would definitely crush that person to ashes.

The Lord of Dusk smiled bitterly: "That person should have luck to protect his body, there is no way to deduce it. However, since he has obtained the Ancestral Dragon inheritance, one day he will be exposed. When he is exposed, it will not be too late for us, father and son, to kill him!"

"Father is right!" Ye Tianzi looked gloomy.

The father and son never expected that the person who took away the ancestral dragon inheritance was a young man from an indigenous planet, that is, Qin Feng.

At this moment, Qin Feng was about to rush to the Ziyun Secret Realm.

Because He also took a fancy to the inheritance of the Lord of Qilin.

Likewise, Jade Qilin didn't know that when the God Emperor broke the rules of the Hun Organization to only absorb orphans and took her away forcibly, it was not because of her outstanding talents.

It was because she had something in her body. A trace of unicorn blood..

Chapter 426

But on the other side, Qin Feng entered the room holding Yu Qilin.

Once inside, it lasts three days and three nights.

On the fourth day, he left the room in a happy mood.

After coming out, he went directly to the alchemy room and started refining the Emperor Soul Pill.

.....

Time flies.

In the blink of an eye, thirteen days passed.

On this day, in the alchemy room.

Qin Feng finally completed the alchemy.

The more than two thousand Emperor Soul Flowers on his body have all been refined.

His alchemy skills have made great progress.

In the end, he was able to refine four Emperor Soul Pills from one Emperor Soul Flower.

This is already the ultimate form of the Emperor Soul Flower, no more can be squeezed out.

At this moment, Qin Feng looked ahead with joy.

There were more than 8,000 Emperor Soul Pills floating densely in front of him.

This is the result of his thirteen days.

Qin Feng opened his mouth and sucked it all in, swallowing it all....

"Ding! Successfully swallowed the Emperor Soul Pill...the soul body was greatly strengthened.....Combat power increased by 3.2 trillion...The next blooming progress of the flower of soul is 37%..."

Qin Feng was ecstatic.

More than 8,000 Emperor Soul Pills made his combat power skyrocket again.

Today, his combat power has reached 21.4 trillion, crossing the threshold of combat power in the middle of the First Stage.

In fact, even if he encounters a late-stage master, he would dare to fight.

The combat power in the early stage of the First Stage is 10-20 trillion, and the combat power in the middle stage is 20-30 trillion.

The combat power in the late stage of the First Stage is 30-50 trillion.

In addition to this, the next time his Soul Flower blooms is 37%.

If it reaches 100% again, the flower will bloom with eleven petals, which is a sign of the middle stage of the cycle.

Qin Feng had some unfinished ideas.

He was very satisfied with this improvement in strength.

Then, he took out the Liangyi Yuan Magnet and began to understand the true meaning of the light system.

This was something he only recently discovered.

The two Yiyuan magnets determine the yin and yang of heaven and earth, and divide the magnetic poles into north and south.

When the light reaches the extreme, it is Yang, and when the darkness reaches the extreme, it is Yin.

Long-term understanding of the Liangyi Yuan magnet is beneficial to his understanding of the two elements of light and darkness.

This will be of great benefit to him in obtaining the true meaning of Liangyi.

Time flies.

In the blink of an eye, more than twenty days have passed.

These days, with the help of Liangyi Yuan Magnet, Qin Feng's understanding of the true meaning of the light system has increased rapidly, reaching 30%.

He was already extremely enlightened, and with the help of the Enlightenment Pill, his improvement was naturally very rapid.

In this way, the success rate of his Devouring Liangyi True Meaning Divine Seal increased to 40%...

His combat power has also been increased to 21.5 trillion.

In short, he has gained a lot these days.

At this moment, in the cockpit.

Qin Feng stood in front of the window, admiring the beautiful starry sky outside.

Yu Qilin and Luo Li were sitting in the main and co-pilot seats respectively, controlling the flying boat.

During these days, the two women took turns driving the flying boat and taking turns sleeping together, allowing Qin Feng to enjoy all the blessings of the whole family.

These two are both stunning beauties, and they are completely devoted to Qin Feng.

Of course, with the help of Qin Feng, the two women also broke through to the peak of eight stars.

Today, the two of them controlled the flying boat at the same time because the flying boat was almost at its destination.

When I think about it, I will be arriving at Tianfu Star soon.

Qin Feng is looking forward to it.

At this time, footsteps sounded outside the cockpit.

Qin Feng turned around and saw Qin Baobao running in happily.

Chu Chu and Bai Qi are following behind

"dad! hug!"

The baby rushed over at once.

Qin Feng held the little guy in his arms lovingly

"Dad, I have reached the peak of nine stars!"

"Dad saw it!", Qin Feng smiled happily.

With the help of Chu Chu's time force field, this little guy has been practicing for a year.

In the past year, with the help of a large number of Xingxi Stones and Jiulin Pills, he finally broke through to the peak of Nine Stars, and his combat power It has also skyrocketed to 3 trillion.

Now, as long as the little guy realizes 100% of the true meaning of the sun, he can break through to the great emperor.

Qin Feng turned to look at Chu Chu again.

This girl has also reached the peak of the tribulation stage and can cross at any time. Robbed

"Chu Chu, can you sense your own tribulation period?"

"Brother, in five days, the natural disaster will come automatically!"

Qin Feng was pleased:"Just right!" We should be able to reach Tianfu Star today! When we get to Tianfu Star, find a safe place and let you overcome the tribulation first!"

"Um~! ", Chu Chu was a little excited.

She will soon become the Nine-Star Emperor.

Yu Qilin and Luo Li both looked envious

"Auntie, you have to work hard!"

Bao Bao cheered Chu Chu happily.

She regarded Chu Chu as a relative and was happier than anyone else.

At this time, Qin Feng looked at Bai Qi.

This guy's soul power has returned to Foundation Establishment Perfection, and his combat power has also returned to 15 trillion. Qin

Feng is very pleased.

Such strength can indeed help him.

"Bai Qi!"

"The subordinates are here!"

"Have you finished refining the Emperor Soul Pill?"

"Return to Your Majesty, I still have more than 600 pills!", Bai Qi answered truthfully.

Qin Feng was slightly startled.

He had far overestimated Bai Qi's speed of refining the elixir.

Then, he thought about it for a moment and felt that it was the same.

The Emperor Soul elixir is equivalent to a Lunhai-level elixir. Refining is not easy.

Bai Qi has been refining day and night, not daring to relax for a second.

But even so, he only refined about 400 pills after refining for a whole year.

Unlike Qin Feng himself , opened his mouth and inhaled, more than 8,000 Emperor Soul Pills were digested in an instant.

Thinking about this, Qin Feng felt more and more the magic of god-level devouring.

With this god-level talent alone, he surpassed all the gods in the world. all geniuses

"Bai Qi, are the pills enough? Bai

Qi looked grateful:"Your Majesty, the remaining Emperor Soul Pills are enough for my subordinates to return to their peak. No other pills are needed."...."

"good!"Qin Feng also secretly breathed a sigh of relief.

He can let go of Bai Qi's affairs and doesn't have to worry about getting any more resources for him.

As long as he waits for Bai Qi to recover, he will have one more statue by his side with a combat power of over 500,000. A billionaire general

"Wow! What a big sun! Dad, look!"

Qin Baobao suddenly exclaimed.

Qin Feng turned around and saw a huge star in front of him, emitting extremely hot light.

Visual inspection of the star was a thousand times as big as the sun, which was amazing.

"Little princess, this is one of the nine suns of Tianfu Star. We have entered the Tianfu Star Territory!"

Bai Qi took the initiative to explain.

After his soul power returned to Foundation Establishment Perfection, his memory became much clearer.

"Nine suns? How come there are so many suns on this Tianfu planet!"

Qin Baobao looked curious.

In her impression, the star field should be like the solar system.

Bai Qi smiled: "Little princess, this Tianfu galaxy is different from the normal galaxy. You have to see the complete galaxy map and you will understand!"

At this time, Yu Qilin interjected: "Little princess, I have the complete star map of Tianfu Star here for you to take a look at!"

After that, she called up the star map.

Qin Feng also looked at it curiously.

At this sight, he was immediately shocked.

In the star map, he saw an extremely huge planet in the center, surrounded by hundreds of stars. satellites. (The moon is a satellite of the earth.)

On those satellites, spaceships can be seen entering from time to time.

Moreover, each satellite is larger than the earth.

Outside these satellites, there are nine huge stars, each larger than The sun is more than a thousand times bigger, and some are more than ten thousand times bigger.

Bai Qi pointed to the huge planet and introduced it to the baby: "Little princess, this planet is Tianfu Star, which is one of the four poles of the sky."

"Wow! So big! It is much bigger than the sun!" Qin Baobao looked shocked.

Bai Qi smiled and said:"Yes! This Tianfu star is surrounded by nine suns, so it has no night, only daytime, and is a star that never sleeps!"

Qin Feng also sighed:"Such a galaxy is really unheard of. I always thought that planets could not be bigger than stars"

"But today, when I look at it, the stars look like ants in front of Tianfu Star! However, why do I feel that this Tianfu Star does not appear to be naturally formed?"

Qin Feng expressed his doubts.

Bai Qi nodded slightly:"Your Majesty, your guess is correct! I have also heard rumors that this Tianfu galaxy is man-made and not naturally formed."

"There are rumors that this Tianfu star is extremely special. Even if it collides with a black hole object, a neutron star, a white dwarf star, or a magnetar, Tianfu star will definitely win in the end."

"It seems to be protected by special rules, and it is immortal! Rumor has it that even if the universe is destroyed, Tianfu Star will remain intact, so it is also called the Pole Star! Qin Feng was surprised:"

This Tianfu star is so strong!" The same goes for the Giant Gate Star, the Earth Power Star, and the Divine Auxiliary Star?"

In addition to the central star field, the Star Territory Alliance also has four major branches that manage the four directions of the universe.

These four major branches are Tianfu Star in the east, Jumen Star in the south, Earthquan Star in the west, and Shenfu Star in the north.

Bai Qi Nodding:"The same goes for other Samsungs. They are all as huge as Tianfu Star and equally indestructible. Together with Tianfu Star, they are called the four poles of the sky!"

"The four poles of heaven?", Qin Feng's heart was inexplicably touched, "Is there any difference between these four polar stars?"

Bai Qi replied: "Yes!" The Tianfu star has a fire attribute and is called the Pole Star of Fire; the Jumen Star has a wind attribute and is called the Wind Pole Star; the Earth Power Star has an earth attribute and is called the Pole Star of Earth; the Divine Auxiliary Star has a water attribute and is called the Pole Star of Earth. Be the water star!"

An idea flashed in Qin Feng's mind.

"Earth, fire, water, wind! To create the universe, we must first determine the earth, fire, water, and wind. Are these four pole stars the foundation for the creation of this universe?....."

Qin Feng became more and more excited as he thought about it.

He has a lot more understanding in his mind

"By the way, what are the characteristics of the crape myrtle star in the center?", Qin Feng continued to ask.

Bai Qi thought for a while and said: "Zhongji Ziwei star is the most mysterious, and it is stronger than the four pole stars. As for what characteristics it has, I don't know. Perhaps only those above the master level can understand a thing or two...."

"oh!", Qin Feng nodded slightly, and inexplicably thought of the star soul of the earth in his mind, making some more guesses.

At this moment, the system prompts sounded in his mind

"Ding! Congratulations to the host for initially understanding the method of creating the universe....."

"Ding! Remind the host that the earth star soul can be used as the central pole star, and the four star cores of earth, fire, water and wind can be collected to form the four pole stars to anchor the earth, fire, water and wind to create the foundation of the small universe....."

"Ding! Congratulations to the host for activating the hidden reward and obtaining the method to create a small universe. May I ask the host if you accept the method?"

Qin Feng was ecstatic.

He did not hesitate to send orders to the system

"accept!"

"Ding! The technique is being transferred

Chapter 427

"Ding! The technique is being transferred....."

"Ding! The transfer of the technique is completed! Congratulations to the host for obtaining the method to create a small universe!"

It took several minutes of transmission before the technique was completed.

Qin Feng's mind was filled with a lot of information and he couldn't digest it all at once.

But the joy in his eyes became more and more intense.

"Dad, look! So many spaceships!"

Qin Baobao looked out the window curiously.

Qin Feng followed the sound and saw that there were interstellar spaceships coming and going outside.

This Tianfu star is really prosperous!

At the same time, he also saw an extremely huge star. The planet almost fills the window of the eye.

That is Tianfu Star!

Tianfu Star is so big that you cannot see the whole at a glance, only part of the area.

Rumor has it that at the speed of an interstellar spacecraft, it takes One or two months.

There is a special force field around the Tianfu star, and the interstellar spacecraft cannot make space jumps.

The huge planet shocked everyone.

Qin Feng suddenly asked:"Bai Qi, is there one for each of the four pole stars? Star Lord. The soul of each star lord is merged with the pole star. Therefore, even if the Star Master is killed, as long as the Pole Star is not destroyed, they can be resurrected! Bai

Qi was stunned:"Your Majesty, it is indeed true!"

Qin Feng nodded slightly, secretly thinking that it was indeed the case.

The technique just transmitted by the system mentioned this point.

It seems that this universe was slowly created using the method taught by the system.

"Your Majesty, in fact the four star masters are immortal. Even if the universe is destroyed, the Pole Star will not be destroyed, so the four star masters will live forever, and they are all indestructible existences."

Bai Qi said with envy.

Qin Feng nodded slightly:"It seems that these four star masters are different from ordinary star masters. Bai Qi replied:"

Yes!" Ordinary star masters are the black hole celestial bodies where the soul resides. As long as the black hole is immortal, he can be reborn indefinitely, equivalent to an immortal existence. Unless this universe is destroyed"

"But if the universe is destroyed, black hole objects will hardly survive. In this comparison, those ordinary star masters are worse than the four major star masters... Of course, the star master's cultivation method is very wonderful, and some people with great supernatural powers do not cultivate using this method....."

Qin Feng nodded slightly, "Yes! Bai Qi, I have a secret method that will allow you to have unlimited achievements in the future. I dare not say that I will definitely make you a star master. At least it will make you stronger than the master!"

"What?!", Bai Qi was extremely shocked. He thought he heard wrong.

He knew his qualifications very well.

Whether he could practice to the third wheel realm was unknown, let alone become a superior master.

As for transcending the master, He never dared to think

"Master, you...do you really have this secret skill?!"

Bai Qi swallowed his saliva.

"Do you trust me?"

"Absolutely believe it! The master wants Bai Qi to die! Bai Qi can die immediately! The master's words are Bai Qi's imperial edict!

Qin Feng smiled slightly: "Just believe it!" As long as you practice this secret technique, you will not die unless this emperor dies! When this emperor achieves the position of Star Master, naturally no master will be able to kill you! Unless he can kill me!"

Bai Qi was overjoyed.

He knew that Qin Feng had the potential of a Star Master.

As long as nothing unexpected happened, Qin Feng would definitely become a Star Master.

A Star Master is almost immortal.

But the Master has the catastrophe of heaven and earth to polish him.

Every time In the catastrophe, the Star Master can survive, but countless Masters have fallen.

If Qin Feng is really immortal, he will not die. He is confident that he will one day surpass the Master.

Sometimes the lack of talent can be made up for by time. As long as he can live the same life as the Star Master, he will still be able to survive. What kind of domination are you afraid of?

Plop~!

Bai Qi suddenly knelt down on one knee

"I hope your majesty will teach me!"

"good!"

Qin Feng drew a purple-black rune with one finger and printed it into the center of Bai Qi's eyebrows. This is the co-ownership contract in the method of creating the universe.

The contract is completed!

Qin Feng is the master and Bai Qi is the slave. For eternity and eternity, there will be no breach of the contract. Possibility!

There have also been subtle changes between the two.

This contract actually involves the laws of both the sentient contract and the psychic contract.

After the contract is completed, Qin Feng presses his finger to Bai Qi's eyebrows and transmits the secret technique.

For a moment , Finally, the transfer of the technique was completed.

Bai Qi opened his eyes with a look of joy.

Although he had not practiced it yet, he had already realized the extraordinary power of this technique.

"Thank you, Your Majesty!", Bai Qi looked grateful.

"Get up!"

"yes! His Majesty!"

"Take this star core, it is the key to practicing the secret technique!"

Qin Feng took out a star core and handed it over.

It was a fire-attributed star core.

The secret technique required Bai Qi to sacrifice the star core first. It was similar to refining his own new body and engraving his soul. The breath and the breath of true meaning.

This is a very special secret technique.

Then, Qin Feng takes back the star core and refines it into the fire pole star in the small universe.

In this way, if Qin Feng's universe is successfully created.

Bai Qi is the star master of the Fire Pole Star. If

Qin Feng does not die, he will naturally not die.

Even in the embryonic stage of the universe, if Bai Qi is killed,

Qin Feng can also rely on the Fire Star Core to resurrect Bai Qi.

Except In addition, when Qin Feng is fighting, he can directly take Bai Qi into the Fire Star Core and mobilize Bai Qi's combat power at will.

This is very similar to the psychic fusion, but it is much better than the psychic fusion.

Because of the psychic combination, Qin Feng can only have one battle pet.

With this star-pole combination, Qin Feng can have multiple subordinates.

Earth, fire, water, wind, and the central five poles can have five subordinates.

Collection Five The combined power of humans is naturally much more powerful than the combination of psychic powers.

"Thank you, Your Majesty!", Bai Qi took the star core excitedly

"dad! I want to learn too!"Baby Qin was extremely envious.

Chu Chu, Yu Qilin, and Luo Li also looked envious.

But Qin Feng smiled and shook his head:"You are not qualified to practice this secret technique!"

These words made everyone stunned.

Even Bai Qi didn't understand.

You know, Qin Baobao's potential is higher than Bai Qi.

Speaking of which, Bai Qi's potential is equivalent to Chu Chu.

Bai Qi can do it, Qin Bao... Why not?

"Brother, the baby is so talented, why can't she practice?", Chu Chu was a little bit aggrieved.

"that is! You can do it for free! Why can't I do it?", the baby's little mouth turned up high.

"Little guy, you just don't understand!" Qin Feng pinched her little face

"If you want to practice this secret technique, you must be someone who has mastered the supreme true meaning. Your true intention is at the top level, so naturally you can't practice it!"

After Qin Feng said this, everyone suddenly realized.

The threshold for this secret skill is very high!

Bai Qi was a little lucky.

The true meaning of his killing method is the supreme true meaning.

Qin Feng didn't say a word.

Waiting for Bai Qi to finish refining the star. After the core, he will also use his supreme true meaning to sacrifice the star core again.

Qin Feng plans to use the true meaning of destruction to sacrifice the star core of fire.

At that time, his true meaning of destruction and Bai Qi's true meaning of killing, It will automatically fuse to generate a supreme true meaning.

The supreme true meaning, that is the top true meaning, its power is unimaginable to destroy the world.

Even the master cannot master it.

Rumor has it that only the star master has the chance to master it.

But the star master has the most He can only master one.

But Qin Feng has the method to create the universe. With the Five-pole Star, he can master the supreme true meaning of the five paths and be invincible in the world.

"Dad, after the baby masters the supreme true meaning, can he also learn the secret technique? Qin

Baobao asked with a cute look on his face.

"Of course!"

"Dad, the baby will definitely work hard!"

""Well," Qin Feng kissed the little guy's face lovingly.

At this moment, their flying boat had arrived over Tianfu Star

"Your Majesty, alien spaceships are not allowed to land directly on the surface of the planet. Shall we enter the starry sky port?"

Yu Qilin asked Qin Feng for instructions

"Well, let's enter the starry sky port!"

"Wow~! Wow, so many spaceships! So many people! Dad, we are here!"

Baobao looked out the window excitedly.

For her, this was a trip.

Qin Feng smiled slightly.

Seeing the scene outside the window, he also looked forward to it.

Chu Chu and others were a little nervous.

They didn't know this unknown world. What does it look like?..

Chapter 428

A quarter of an hour later, the interstellar spacecraft of Qin Feng and others docked at the starry sky port.

This starry sky port is a huge floating station, similar to the port terminal in the earth world.

If you park for one day, you will be charged a parking fee of one Xingtide stone.

Qin Feng asked Yu Qilin and Luo Li to stay on the flying boat.

This time Qin Feng went to Tianfu Star, first to apply for promotion to the fifth-level star field, and then to explore the secret realm. There would definitely be fights along the way.

Luo Li and the others were a bit low in cultivation, but they were still safe on the flying boat.

Fighting is prohibited in this interstellar port, which is under the official management of the alliance. No one dares to violate it, so it is considered a safe place.

There is also Bai Qi, who continues to practice on the flying boat.

His current mission is to restore his strength and sacrifice the star core.

If Qin Feng needs him, he can just summon him from a space.

After making these arrangements, Qin Feng, Bao Bao, and Chu Chu got off the flying boat.

As soon as the three people entered the port station, they attracted the attention of many people.

First, Qin Feng is extremely handsome, Chu Chu is charming, and the baby is adorable. The three of them look very lovable.

Secondly, the three of them are all very young, obviously young people.

Such younger generations often come to Tianfu Star with their elders to see the world.

But there are no elders around these three people, which is rare!

"Dad, look at it! Why does that man have four ears? Huh! And that short guy over there has green hair!"

Baby Qin was tugging at the corner of Qin Feng's clothes while looking around, with a curious look on his face.

If she wasn't so cute, she would really look like a little country bumpkin who has never seen the world.

"Wow! Dad, that man has a head on his butt! This is quite fun!"

"Shh~! Keep your voice down!"Qin Feng was a little embarrassed.

This little guy kept talking so loudly all the way. It would be so embarrassing if someone heard him!

"Baby, it's very impolite for you to randomly comment on people's looks like this..."

Qin Feng promptly corrected the little guy's code of conduct.

"Oh~! I just think it's fun, can't I say this?"

"Of course not!"

"Okay! That baby can only watch and talk!

Qin Feng secretly breathed a sigh of relief:"That's right!"

This Tianfu Planet is a place where all races meet. It is normal for some weird-looking races to appear.

Unknowingly, the three of them arrived at the port exit.

At the exit, there was a starry sky vendor with various items.

What Yuanwu, There are all kinds of elixirs, jade talismans, medicinal herbs, minerals, and even map information for sale.

These are basically elemental masters who are short of money, so they come to this place where thousands of people gather to make some money.

Qin Feng has a good temperament. His clothes were very tasteful, and he looked like a young man from a big power.

Many vendors offered sales to him.

Qin Feng glanced at it, but didn't see anything precious, so he bought a few maps and left.

A quarter of an hour later, The three of them flew from the starry sky port to the surface of Tianfu Star.

The three of them landed on the outskirts of a city, which was somewhat remote.

"Brother, the gravity of this Tianfu star is so strong! At least several thousand times the gravity of the earth!"

Chu Chu walked back and forth a few steps, feeling a little uncomfortable. Qin Feng and Bao Bao could adapt easily.

"Tianfu Star is so huge, it is normal to have such a strong gravity, otherwise it would be inconsistent with physical logic!"

"In fact, such high-intensity gravity can greatly reduce the scope of combat damage, which is also beneficial."

Qin Feng analyzed carefully.

Chu Chu nodded:"That's true! On Earth, a kick can fly something tens of thousands of meters away, but here it can only be kicked several tens of meters away. Because the gravity difference is thousands of times different, the damage range is much smaller."

"But the gravity intensity is too high, which will greatly suppress low-level elemental masters. Six-star elemental masters can only be considered ordinary people here, because all their energy is used to resist gravity, so they have extra energy to fight!"

Chu Chu looked a little complaining.

Qin Feng was careful and asked:"Chu Chu, is the gravity here more than your body can bear?"

Chu Chu nodded with some annoyance.

She felt that she was holding her brother back and was sulking at herself. It turned out that Qin Feng and Bao Bao relied on their physical bodies to easily withstand the super gravity of Tianfu Star.

Chu Chu's physical body was weak. Some of them, she would have to allocate a little bit of Yuan Power to offset the load brought by it.

In this way, she would not be able to use all her Yuan Power to fight and exert her full strength.

Qin Feng thought about this and smiled. : "Chu Chu, this is not simple! Aren't you about to pass the tribulation? As long as you complete the tribulation now, you will be able to adapt to the gravity here immediately."

Chu Chu's eyes lit up: "Yes! I almost forgot about this! Brother, let me go through the tribulation now!"

Chu Chu couldn't wait.

"Dad, let's let my aunt finish her ordeal first, and then apply for promotion!"

"Well, we have to find a safe place first!"

Qin Feng is also looking forward to it.

Chu Chu is about to overcome the tribulation.

The tribulation cloud is a great tonic for him!

His chance to improve his strength has come again.

Qin Feng took out three jade talismans from the storage ring. He gave one piece to each of Chu Chu and Bao Bao.

He bought these jade talismans at the Starry Sky Port. The map of Tianfu Star was burned into them, as well as some common information.

At the moment, the three of them detected the jade talismans to see if there was any place nearby where they could escape the tribulation.

At this look, Chu Chu seemed to have discovered something, with a look of surprise on his face

"Brother, look! This information talisman records those cities that can be promoted to the fifth-level star field assessment....."

Chu Chu handed over his jade talisman.

Qin Feng took it and saw that it was indeed the case.

This jade talisman not only records many assessment points, but also briefly introduces the assessment content.

It turns out that the promotion assessment for the fifth-level star field will be divided into nine levels based on the assessment results.

First grade is the best, ninth grade is the worst.

The better your performance, the more generous promotion resource rewards you will receive.

The promotion assessment scores are calculated based on the applicant's strength.

The stronger the applicant, the better

"Brother, follow the instructions above. The emperor in the early stage of foundation building can only barely pass the assessment. The average score is ninth level, and the resources obtained are very limited."

"If you are an emperor in the middle stage of foundation building, you have the opportunity to reach the eighth level, and the resources you obtain will be doubled!"

"Brother, with your strength, we should be able to obtain the sixth level, right?"

Chu Chu looked forward to it.

To obtain the sixth grade, you need at least the strength of the early stage of the first level.

Qin Feng's lips curled up slightly:"Maybe more!"

Chu Chu was shocked:"My brother, what strength do you have now?"

Qin Feng smiled and said:"According to the above, bringing a battle pet is not cheating." If I cooperate with my baby, I should be able to achieve good results."

"Let's not talk about that, let's go through the tribulation first! The address has been selected, let's go here! There is a remote valley here....."

Qin Feng took out another jade talisman of his. The map inside was very detailed.

"OK! Brother, let's go!"

At that moment, the three of them packed up and headed towards the valley.

But before leaving, Qin Feng looked in a certain direction in the air intentionally or unintentionally, with a sneer on his lips.

I didn't expect that he would also encounter such a bloody thing. Arrived.

After a while, Qin Feng and the others left the place.

After Qin Feng and the others walked away, there was a sudden change in the air, revealing two strange figures.

One of them was a man in black with a gloomy face. One was a skinny old man.

At this moment, the man in black said with a suspicious look on his face: "Brother Shengguang, before leaving, that young man glanced towards us. Could he have discovered us? The skinny old man said disdainfully:"

A little emperor at the top of the Nine Stars can discover our whereabouts?" Brother Lei Yuan, you think too highly of him!"

Lei Yuan thought about it for a while and felt that it was right.

After all, he and Shengguang are both great emperors in the middle stage of foundation establishment.

It is impossible for a small nine-star peak to discover them.

It seems that he thinks too much.

"Brother Shengguang, do we really want to do that?", Emperor Lei Yuan seemed to hesitate.

Emperor Shengguang said indifferently: "What are you afraid of? This is a wilderness. With our strength, we can easily kill those three little guys instantly without alerting the law enforcement team."

"Besides, Ziyun Secret Realm is about to open, don't you want to get more resources and make more preparations? I have heard rumors that when the Ziyun Secret Realm is opened this time, there will be great opportunities."

"Many masters sent their direct descendants to participate, and even star masters arranged for their children to go. Are you willing to miss this great opportunity?"

The Holy Light Emperor persuaded

""This..." Emperor Lei Yuan was moved.

It turned out that when Qin Feng and the others came out of the starry sky port, these two people saw that there were no elders around the Qin Feng trio, and their highest cultivation level was at the nine-star peak.

They also saw that the three of them were dressed well. Yes, they actually came up with the idea of killing people to seize resources.

Of course, these two people originally just wanted to follow over and have a look, and did not make the final decision.

But after Qin Feng and the other three arrived on the surface, they actually ran towards a remote place.

This made them determined The murderous intention of the two people was revealed.

There are many people in Tianfu Planet and they are not as harmonious as they appear on the surface.

As long as the Star Territory Alliance does not let the Star Territory Alliance find out about killing people and seizing treasures, then it will be fine.

"Let's go!"

At that moment, the two of them followed Qin Feng and the others quietly in the direction they left.

But the moment they followed, Qin Feng, who was dozens of miles away, sensed the two coming behind him. Guys, one is from the light system, and the other is from the thunder and darkness system. Their true meaning seals should be helpful to him.

Thinking of this, Qin Feng couldn't help but smile..

Chapter 429

An hour later, Qin Feng and the others arrived deep in a mountain range and entered a remote valley.

"Chu Chu, let's go through the tribulation here! This place is quite safe!", Qin Feng glanced around

"Brother, then I'll start!", Chu Chu was a little nervous.

Then, she flew into the air and began to summon the heavenly calamity.

In just a moment, the sky and the earth changed color, the gray and black calamity clouds rolled, and the endless power of heaven pressed in.

In the distance, the face of Emperor Lei Yuan who was hidden in the dark slight change

"Brother Shengguang, look at the color of the robbery cloud!"

"hiss~! ", the Holy Light Emperor gasped, "It turned out to be a gray and black calamity cloud!"

"yes! The black calamity cloud represents the potential to dominate. With gray and black colors, this little girl has a chance of becoming a dominator! At least, it won't be a problem for her to achieve the third level! This little girl is actually a genius!"

Emperor Lei Yuan looked envious.

"snort! so what? There is no growth of geniuses, only the strong and the weak. There is no essential difference between them and mediocrity!"

The Holy Light Emperor sneered.

His skinny face was full of jealousy.

Thinking of his age, he spent countless efforts and even did countless dirty things for resources to achieve what he is today.

Every bit of his cultivation Because it is all accumulated through blood and sweat, it is extremely difficult.

Unlike these geniuses, who are born without much effort, they can easily surpass themselves in the future.

How can he not be angry? Not jealous?

"Brother Shengguang is right! A genius who has not grown up is nothing!" Emperor Lei Yuan also felt sour in his heart.

It would be a lie to say that he is not jealous.

Emperor Shengguang smiled proudly: "Brother Lei Yuan, you said that this girl's talent is so high, she shouldn't be born bad, right?"

Emperor Lei Yuan was shocked: "Yes!" She is probably a powerful person. Will there be any hidden dangers if we kill her?"

Emperor Lei Yuan showed hesitation.

He was originally a cautious and timid person.

When Emperor Holy Light said this, he felt uneasy again.

Emperor Holy Light smiled sinisterly: "What are you afraid of? If it were normal times, I wouldn't dare to take action. But look around now and see if there are still people living thousands of miles away? This is really a good place to kill people and silence them!"

The Holy Light Emperor became more and more proud as he spoke.

He turned his eyes and looked at Qin Feng and the other two people in the distance.

"These three fools, for such an important matter as overcoming the tribulation, they did not go through the tribulation in their lair, but went to Tianfu Star to overcome the tribulation. These three people should be flowers growing in the greenhouse and do not understand the dangers of the world!"

The eyes of the Holy Light Emperor were full of contempt and disdain.

Emperor Lei Yuan also said:"Yes! Tianfu Planet is harmonious on the surface, but underneath this harmonious appearance is full of violence and bloodshed. These three people are so naive!"

The Holy Light Emperor sneered:"Only the disciples of big forces can do such stupid things. We might make a lot of money on this trip! The resources of these children of big forces are very rich!"

"Brother Shengguang, when will we take action?", Emperor Lei Yuan showed greed in his eyes

"hey-hey! Once the catastrophe falls, it cannot be stopped! When that little girl's calamity falls, we will take action!"

The Holy Light Emperor smiled coldly.

His move was insidious!

Emperor Lei Yuan showed a knowing smile.

At this moment, the sky shook!

Click~!

A flash of lightning illuminated a thousand miles in radius!

The two Holy Light Emperors raised their heads and saw only the sky The calamity cloud covered five hundred miles, and a violent thunder of calamity fell from the sky.....

Chu Chu's catastrophe has begun!

"Walk!"

The two Holy Light Emperors quietly sneaked towards the valley ahead.

Their first target was Qin Feng.....

At the same time, in the valley.

Qin Feng looked up at the sky, with relief in his eyes.

The calamity of thousands of miles is the potential to dominate.

Chu Chu's calamity cloud is five hundred miles, which is the ultimate qualification of a great emperor. Going one step further is the potential to dominate.

My sister is also growing up!

Click~!

The first tribulation thunder struck Chu Chu.

She got through it easily.

Soon, thunder surged in the sky, and a second thunder struck down.

Thunder light reflected the sky.

Qin Baobao on the side clenched his fists nervously.

She was worried about her aunt.

Qin Feng was calm and calm, as if he had everything in mind.

At this moment, he suddenly turned around and looked at the air behind him

"Now that you two are here, why are you invisible?"

These words startled Qin Baobao on the side.

The little guy turned around quickly.

The Holy Light Emperor and Lei Yuan Emperor in the dark were even more shocked.

The Holy Light Emperor's invisibility technique directly changes the refraction of light to achieve the effect of invisibility. Even the emperors of the same level find it difficult to see through them.

How did this boy at the top of the Nine Stars discover them?

"Ha ha!! My little friend, you do have some skills, I admire you! admire!"

The Holy Light Emperor took the initiative to remove the invisibility technique.

He and Emperor Lei Yuan were revealed.

Qin Feng looked at the two of them with a half-smile but did not ask.

The Holy Light Emperor stroked his beard and said kindly: "Little friend, I and my friends passed by this place and felt that there was movement to overcome the tribulation here. In order not to disturb the people who were going through the tribulation, they came invisibly. If there is any misunderstanding, I hope you will forgive me!"

The Holy Light Emperor looks sinister and wretched.

But his expression at the moment is warm and righteous, and his words are approachable, which makes people very fond of him.

Qin Feng is unmoved.

He has long eavesdropped on the conversation between the two in the distance. arrive

"Dad, this old man seems to have really passed by!", Qin Baobao is a little naive.

"yes! I'm just passing by!"

The Holy Light Emperor was all smiles and his eyes were narrowed.

"Children, where are you from? Are there no adults at home with you?"

The Holy Light Emperor saw that Qin Feng was more difficult to deal with, so his target turned to Qin Baobao.

He was trying to find out the details of Qin Feng and the three of them and try to avoid some hidden dangers.

"This is it....", Baobao looked at Qin Feng.

The Holy Light Emperor couldn't help but look at Qin Feng.

Qin Feng said with a half-smile but not a smile:"When we came out this time, there were not many elders following us....."

Hearing this, the Holy Light Emperor was secretly happy.

But he said in his heart:"Oh! You young people, how can you be so careless about such a big thing as overcoming the tribulation? How can you do it without the care of your elders?"

"Well, just passing by is fate! Since I saw it, I will help you so that this little girl can survive the disaster smoothly!"

The Holy Light Emperor looked upright.

As he spoke, he slowly floated into the air, and three pairs of bright wings appeared behind him, like angels. Incomparably holy light emanated from him.

Wherever the light went, everything was attached. The light of positive energy, full of love and life, is spreading around.

Wherever it passes, withered grass comes back to life, fallen leaves turn green, and dead trees bloom.....

This is a light full of life energy.....

"Two little friends, Brother Shengguang understood the top true meaning - the true meaning of Holy Light. This light of life can eliminate all negative states and fill everything with positive states....."

"Being illuminated by his light, no matter whether you are injured physically or mentally, you can recover quickly and at the same time, you will be a hundred times more energetic....."

Emperor Lei Yuan explained carefully on the side.

At this time, the holy light had already shone on Qin Feng and Baobao.

The two of them suddenly felt warm, extremely comfortable, and refreshed.

This holy light is really a good thing!

At this time, Qin Feng raised his head and looked at the Holy Light Emperor in the sky, feeling an inexplicable sense of reverence in his heart.

At that moment, he actually felt that the Holy Light Emperor was very great, making him feel like he wanted to worship him.

But in the next second, he regained his composure, and all strange feelings were eliminated by him.

At the moment, he smiled with a smile on his face and a sneer in his heart.

This so-called holy light can help heal people's wounds and refresh themselves on the surface, but behind it lies a spiritual killer move.

That is hypnotic brainwashing, which makes people relax their vigilance towards the practitioner, inexplicably trust them, and even teach them to be as docile as slaves.

He will believe whatever the practitioner says and do whatever he is asked to do.

The Holy Light Emperor relied on this method to harm countless people.

At this time, Emperor Lei Yuan continued to explain:"This holy light is very wonderful. It can heal the damage caused by heavenly tribulations. Therefore, when many people go through tribulations, they invite Brother Holy Light to help."

"You are so lucky to meet Brother Shengguang today! He is always very enthusiastic and helpful!"

Emperor Lei Yuan expressed emotion.

Qin Feng suddenly said:"The true meaning of this holy light is very good! I like it very much!
Emperor Lei

Yuan didn't understand what it meant, but he smiled and said,"Yes!" The true meaning of Holy Light is considered top-notch among the top true meanings, not much worse than the supreme true meaning."

"However, such true meaning is not easy to comprehend. Only the most upright people in the world can have the opportunity to comprehend it!"

After hearing this, Qin Feng couldn't bear it.

"What an honest comparison!"

Qin Feng suddenly slapped Emperor Lei Yuan with his palm.

"What?!", Emperor Lei Yuan was caught off guard.

Boom~!

A loud noise!

The world shook! Thousands of miles of earth cracked!

Mixed with a shrill scream!

Blood mist filled the sky!

That palm directly killed Emperor Lei Yuan to pieces!

This time The change was so fast that everyone was shocked

"what are you doing?!"

The Holy Light Emperor was shocked and angry.

"And you!"

Qin Feng suddenly teleported in front of him, raised his hand and struck out with a palm, and the Holy Light Emperor was horrified.

He wanted to escape, but Qin Feng's palm was already approaching.

The power of that palm, with the blessing of the true meaning of destruction, Suddenly reached the level of the late stage of the First Stage、

"this.....How can this be?!"

The Holy Light Emperor's eyes showed despair.

He couldn't believe that a small nine-star peak could actually exert such combat power.

But the next second, he was killed by Qin Feng with a palm, and the blood mist filled the sky again. Flying, screams echoed in the sky.

In the air, there was still a mass of the emperor's origin, a storage ring, and a true meaning divine seal.

Seeing the true meaning divine seal, Qin Feng's eyes were filled with joy.

This holy light's true meaning , which may be of great help to him in obtaining the true meaning of Liangyi..

Chapter 430

Qin Feng waved his hand and put away the origin, storage ring, and true meaning seal left by the Holy Light Emperor.

"Dad, why did you kill that old man? Is he a bad person? Qin

Baobao asked with a cute look on his face.

The little guy was a little naive.

The holy light just now impressed her deeply.

She enjoyed the refreshing comfort.

"Baby, that holy light just now was not a good thing? On the surface, it helps people eliminate all negative influences and heal their wounds, but it actually hides a killer move...."

Qin Feng explained patiently.

He spared no effort in teaching his daughter.

But unexpectedly, Qin Baobao's beautiful eyes shone after listening to it

"Wow! So cool, I like Holy Light so much! It turns out you can play like this!"

The little guy looked happy, and then stood there thoughtfully, seeming to have some insights.

Qin Feng smiled and shook his head.

This little guy has some special taste.

Then, he looked at the storage ring of the Holy Light Emperor, and it was small. Xiaodi was pleasantly surprised.

This guy probably killed a lot of people. There were a lot of storage rings inside, and he collected a lot of resources. There were more than 10,000 pieces of light star tidal stones. What surprised

Qin Feng even more was, This guy has a Ziyun Token in his hand.

Qin Feng is worried that after the Ziyun Secret Realm is opened, he doesn't know whether his space summoning can be used.

In case it cannot be used, he and Bai Qi can only go in, and the baby will not be able to use it. There is a way to get in.

But now the problem is solved. With this Ziyun Token, the baby can also get in.

Qin Feng put away the trophies with satisfaction, and saw the baby still standing there, with a thoughtful look on his face, and his big eyes containing an empty look. The light seemed to be immersed in an epiphany.

The state was like a little adult, cute and cute. No matter how you looked at it, it was hard to make people think that she was having an epiphany.

Qin Feng smiled and did not disturb the baby.

He continued to walk forward. , there are the remaining origins, storage rings, and true meaning seals of Emperor Lei Yuan.

This Emperor Lei Yuan has both thunder and darkness, but his true meaning seal only has the thunder element, not the dark element.

Moreover, the thunder element is only the most common The true meaning of thunder.

Qin Feng thought about it and understood it.

After Emperor Lei Yuan understood one true meaning, it became ten times more difficult to comprehend the second true meaning.

Qin Feng opened his mouth and sucked in the true meaning. Yin swallowed it

"Ding! Devouring the Divine Seal of True Meaning (True Meaning of Thunder) Successfully.....The awakening level of the true meaning of destruction has been increased to 57%.....Combat strength increased by 300 billion!"

"not bad!"

Qin Feng was quite satisfied.

As a result, his combat power increased to 21.7 trillion.

Then, Qin Feng put away the source of the thunder and darkness of Emperor Lei Yuan and began to look at his storage ring.

From this look, Qin Feng frowned.

This guy is too poor!

His resources are less than one-tenth of the Holy Light Emperor, and the Xingxi Stone only costs a few hundred yuan.

The only thing that makes Qin Feng happy is that this guy also has one Ziyun Ling just happened to be given to Chu Chu.

In short, this net worth is at most the level of a Nine-Star Emperor, which is not worthy of his status as a great emperor!

How strange!

Qin Feng continued to rummage.

The next second, he showed a look of great joy. He flipped through it and took out a black spiritual fruit from the storage ring. It exuded strong dark energy.

"Ding! Congratulations to the host for discovering the Taiyin Spirit Fruit (Emperor level, high quality),.....After swallowing, you can obtain the true meaning of darkness, with a success rate of 7%....."

Great Emperor-level products are Lunhai-level treasures, which are extremely precious.

No wonder there are no resources in Emperor Lei Yuan's storage ring. They should all be used to buy this Taiyin Spirit Fruit. such a pity!

All this is cheap for Qin Feng!

Qin Feng was secretly happy.

I am really lucky!

He had just arrived at Tianfu Star and had already gained a lot.

In the dark, heaven protects each other, mysterious and unpredictable!

At the moment, Qin Feng continued to search in a comfortable mood.

Sure enough, he found two more fortune pills in the storage ring.

Obviously, in order to increase the success rate of the Taiyin Spirit Fruit, Emperor Lei Yuan purchased the Fortune Pill.

After all, one Taiyin Spirit Fruit consumed most of Emperor Lei Yuan's net worth, so he had to cherish it.

This Taiyin Spirit Fruit is of the same type as the Lihuo Spirit Fruit. Devouring the Creation Pill can increase the success rate, but the Taiyin Spirit Fruit is rarer and more valuable.

At the moment, Qin Feng waved his hand, and ten fortune pills appeared in front of him.

He opened his mouth and swallowed it all.....

"Ding! Successfully swallowed the Creation Pill... The success rate of Taiyin Spirit Fruit increased to 47%..."

"Ah! Not enough!"

Qin Feng waved his hand and swallowed ten more good luck pills, and the success rate increased to 87%.....

What he lacks most is pills.

87%! enough!

Qin Feng opened his mouth and swallowed the Taiyin Spirit Fruit....

"Ding! Successfully swallowed the Taiyin Spirit Fruit... Congratulations to the host for obtaining the true meaning of darkness (ordinary true meaning)... Combat power increased by 300 billion....."

"Ding! Congratulations to the host for making great progress in understanding the light and dark systems. The success rate of swallowing the true meaning of the two rites has increased to 58%....."

"very nice! Baby, come here to channel!"

Qin Feng took out the divine seal of the true meaning of the Holy Light.

The baby also has a light system.

This true meaning of the Holy Light is also of great help to her.

This call awakened the baby from his meditation.

"Dad, I just had an epiphany! I learned a lot of interesting things!" Qin Baobao happily talked about his harvest.

"Yeah? What did you realize?"Qin Feng asked very casually.

"The true meaning of the Holy Light! The baby thinks that the bad old man's true intentions are very interesting!"

"Oh~! Come on, psychic union!"

Qin Feng didn't pay attention to the baby's words at all.

At that moment, the father and daughter completed the psychic fusion.

Qin Feng swallowed the Holy Light True Meaning Seal in one gulp.....

"Ding! Devouring the Divine Seal of True Meaning (True Meaning of Holy Light) Successfully.....The awakening level of the true meaning of light has been increased to 27%.....Combat strength increased by 300 billion!"

"Ding! Congratulations to the host for making great progress in understanding the light system. The success rate of swallowing the true meaning of Liangyi Divine Seal has increased to 67%....."

Qin Feng was secretly happy that the Liangyi True Meaning Divine Seal could be swallowed up.

At this time, the system prompt sounded in his mind again

"Ding! Successfully swallowed the true meaning of the divine seal (the true meaning of the holy light)...the battle pet realized the true meaning of the holy lightTop true meaning).....The battle pet's combat power increases by 1 trillion....."

"What?!"

Qin Feng was shocked.

Did the baby understand the second top true meaning just like this?

Isn't this too easy!

By the way! The baby said he had an epiphany before!

Damn it! The little guy's understanding is so high!

"Ding! Congratulations to the host, your pet's true meaning of the Holy Light and the true meaning of the Great Sun are automatically fused, and you have obtained a new true meaning - the light of life (the supreme true meaning).....The battle pet's combat power increases by 1 trillion....."

Qin Feng:""

Qin Feng was stunned.

The baby has the supreme true meaning so quickly?!

This little guy's understanding is really amazing!

Could it be...

Qin Feng thought of something for a moment, and suddenly realized in his heart.

The seventh consciousness ability that the baby awakens is the power of reincarnation.

This power of reincarnation is related to life.

The seventh sense ability awakened by Qin Feng is space, and Chu Chu is time.

This is where everyone is good at, and their ability to awaken first is different.

Babies have superhuman understanding of life.

The true meaning of Holy Light belongs to the life system, so she can understand it naturally.

The true meaning of the light of life is also of the life system, so it integrates smoothly.

At the moment, Qin Feng released the psychic combination

"dad! dad! I have the supreme truth! Quickly teach me the secret technique! I want to learn Bai Qi's secret technique!"

Baobao Qin was jumping up and down, very happy.

"OK! Baby is awesome!"

Qin Feng was also very happy.

This time, Qin Baobao's gains were greater than him, and his combat power increased to 5 trillion.

At that moment, Qin Feng pressed his finger on Baobao's eyebrows and transmitted the secret technique to her.....

After a while, the secret technique was transmitted, and Qin Feng gave it the earth attribute star core.

"Refining this star core according to the secret technique! From now on, daddy will call you the mother of the earth!"

"I don't want to be the mother of the earth! The baby is still young and wants to be the princess of the earth!"

"All right! Then the earth princess....."

Qin Feng laughed dumbly.

Then, he took out the Liangyi True Meaning Divine Seal and prepared to devour it.....

But at this moment, the baby's exclamation sounded around him

"Dad, look at Auntie!"

Qin Feng followed the sound and saw something strange happened in the air.

At this moment, Chu Chu had successfully passed through the nine heavenly tribulations...

But the tribulation clouds in the sky showed no sign of dispersing.

And Chu Chu also had a surge of blood flowing out of his body. strange fluctuations..
