

God level 451

Chapter 451

"He is Emperor Qin?".Emperor Yedu also looked at it curiously.

Speaking of which, this was the first time he saw Qin Feng.

This Emperor Qin is so mysterious that he always sees the beginning but never the end.

At this moment, Qin Feng, Chu Chu, and Bao Bao were already together.

The three of them chatted happily together

"Only at the peak of nine stars?! Why doesn't he go to the combat assessment area? Could it be that he also came to test his qualifications?"

Emperor Yedu had a series of questions.

Then, he seemed to have thought of something, his eyes lit up, and his face gradually showed joy.

"Your Majesty, this Emperor Qin has never been to the combat assessment area. As soon as he appeared this time, he came to the qualification test area. Do you find it strange?"

Mr. Ye's voice suddenly sounded.

Emperor Yedu turned around and saw Mr. Ye's meaningful eyes.

"you mean.....", Emperor Yedu asked knowingly.

Mr. Ye smiled and said:"Your Majesty, you and I both know that the scoring method of Emperor Qin should come from alchemy and the like, as well as the extra points given to him by the deputy city lord, but he has not yet participated in the combat assessment.

"As soon as he showed up this time, he came to take the qualification assessment and skipped the combat power assessment. Does this mean that his combat power is very low and he did not participate in the combat power test?...."

Emperor Yedu gradually smiled:"I think so too. His combat power is low, and his cultivation level is only at the peak of nine stars. Combined with this, this Emperor Qin's qualifications may not be outstanding!"

Mr. Ye smiled:"Your Majesty and I I thought of it together! It is said that there are specializations in the arts and there are reincarnations in the way of heaven. A person who is excellent in one aspect is often mediocre in another aspect."

"Many alchemists have talents far beyond ordinary people in alchemy, but if their talents in cultivation are confused, even a large amount of elixirs cannot save 657."

"This Emperor Qin is obviously this type of person. His talent in alchemy may be unparalleled, but his cultivation may be ordinary... His subordinates even thought that his current nine-star peak cultivation was all built up by pills....."

Mr. Ye's analysis penetrated deeply into the heart of Emperor Yedu.

He looked at Mr. Ye with a smile:"Then what kind of cultivation potential do you think this Emperor Qin has?"

Mr. Ye said proudly:"Your Majesty, what kind of cultivation potential does a man who has accumulated pills to reach the top of the Nine Stars have? He can have a ring. Your talent is pretty good, no matter how powerful you are, you can't exceed the third ring!"

These words made Emperor Yedu feel comfortable, and his face became radiant again.

As long as Qin Huang's talent does not exceed the third ring, then the top spot this time will still belong to them.

The points for the third-ring talent are 50 points.

Even if Qin Feng is a third-ring talent, his results are only on par with theirs.

If Qin Feng wants to surpass them, he needs at least a fourth-ring talent.

The vast majority of examiners cannot achieve the fourth-ring talent, and it is even less possible for Emperor Qin, who relied on drugs to build his cultivation base.

The more Emperor Yedu thought about it, the more he felt like this, and his self-confidence gradually increased.

Many of the onlookers thought about this problem and began to worry about the Earth's star field again.

At this time, the testing official walked over

"Your Excellency Emperor Qin, are you also here to take the potential test?"

The test official asked politely.

Emperor Yedu quickly pricked up his ears.

The onlookers also looked over curiously.

Qin Feng was slightly startled.

He only came to visit Chu Chu and Bao Bao, and never thought about testing his qualifications.

However, there is no stipulation in this promotion assessment. You have to conduct a combat strength assessment first and then a qualification test. It's just that assessors are used to assessing combat strength first and then testing qualifications.

He can also test qualifications first and then go to the combat strength area for assessment.

Since everyone is here, it doesn't hurt to do a test by the way.

Thinking of this, Qin Feng said: "That's right! I'm here to test my qualifications!"

As soon as these words were said, many people in the crowd became nervous.

Emperor Yedu breathed a secret sigh of relief, and smiled at each other with Mr. Ye.

Their speculation was indeed correct!

This Emperor Qin didn't even have the confidence to conduct a combat strength assessment. No. It seems that his qualifications are indeed very poor, and his cultivation is built up by taking medicine.

Emperor Yedu began to be self-righteous again, and his confidence became inexplicably more and more abundant.

"Your Excellency Qin Huang, please hand over the token, and then you can go to the altar over there to test your potential....." the testing officer said politely.

Qin Feng gave his token to the test official with a wave of his hand.

Then, he walked towards the test altar.

The crowd was in commotion.

Everyone's attention fell on Qin Feng again.

Emperor Yedu also looked on with a smile.

He wanted to see if this Emperor Qin's potential was level 1 or level 0?

After a while, Qin Feng stepped into the altar and placed one hand casually on the test crystal ball.

Buzz~!

The formation is activated instantly, and the light shines outward!

The test crystal ball lights up with a dazzling aura

"The Qinhuang test has begun!"

A low cry came from the crowd.

Everyone became nervous inexplicably.

Emperor Yedu narrowed his eyes and smiled.

He was waiting to see a joke.

He wanted to know if Emperor Qin couldn't even inspire a halo, would it happen? It was embarrassing.

But as soon as the thought came to mind, the test crystal ball emitted a clear sound.

Buzz~!

A silver halo emerged!

"Talent in the early stage of foundation building! Emperor Qin is okay!"

Many people in the crowd breathed a sigh of relief.

Emperor Yedu frowned slightly.

But at this moment, a second halo appeared.

The crowd was surprised.

This result was better than they expected.

Emperor Yedu frowned deeper.

This (bgfc), the third halo appeared.

Emperor Yedu's face finally darkened.

The onlookers around him were surprised and cheered loudly.

"Ha ha!! Three halos! Qin Huang's qualification points are 50 points!"

"This is great! The points of the Earth Star Region are tied for first place with those of the Yedu Star Region!"

But before the cheers fell, the fourth light golden halo appeared.

"Oh My God!" "Four Halos" the crowd was shocked.

When Emperor Yedu saw the four halos, he felt as if he was struck by lightning. He was stunned for a moment.

Mr. Ye was also stunned, dumbfounded!

It's over! The Earth Star Territory overtook him!

After a while, Emperor Yedu came back to his senses. Come, extremely angry.

He growled: "How is this possible?..? ! "

Buzz~!

The fifth halo appears!

Emperor Yedu was confused again!

Paralysis~!

What the hell is the Earth Star Domain?

Do you want someone with the same potential as yourself?

This is unacceptable to him!

Buzz~!

The sixth halo appears!

The potential of the God Emperor reappears!

Emperor Yedu shook his body and was a little unsteady on his feet.

His only pride was being caught up with him again.

Paralysis~!

Who are these people?

Could it be that this Emperor Qin also had the potential to dominate like Chu Chu?

He absolutely doesn't believe it!

Buzz~!

The seventh halo appears!

Dominant potential appears!

Damn it~!

Emperor Yedu's eyes began to turn black!

There was a commotion all around!

Everyone was shocked!

OMG!

Another dominating potential!

The players from this Earth Star Domain are so talented!

Buzz~!

Another clear cry resounded throughout the audience!

The eighth red-gold halo emerged!

The whole place gradually became quiet!

Mid-level dominance potential!

He is even better than Master Chu Chu!

It turns out that this Emperor Qin is even more terrifying!

Buzz~!

Another clear cry!

The ninth halo appears!

Top grade domination potential!

The whole place was dead silent!

Even the sound of breathing can't be heard!

The test official's mouth dropped open.

Emperor Yedu was completely confused!

At this moment, everyone was dumbfounded.

Top grade domination potential!

It would be difficult to see one even in tens of millions of years.

This Emperor Qin is really.....

Buzz~!

This clear sound changes the color of heaven and earth!

Everyone's hearts were beating wildly.

A purple-gold halo, like the Lord of Heaven and Earth, slowly emerged!

The momentum is overwhelming!

I am the only one!

OMG!

The tenth halo!

Low-grade star master potential!

Oh My God!

At this moment, everyone forgot to breathe!

It is rare for a Star Master to emerge even in hundreds of millions of years!

That is the pinnacle existence in the universe!

They actually witnessed with their own eyes an existence with the potential of a Star Master!

Incredible!

At this moment, people's minds went blank!

Plop~!

Emperor Yedu fell to the ground!

At this moment, he felt desperate!

Miracle!

This thought came to everyone's mind!

However, it's time for all this to end!

The potential of a star master that took hundreds of millions of years to develop has come out, what else is there to say?

Buzz~!

What a shocking change~!

The sound moves Jiuyou~!

The eleventh purple-gold halo appeared!

Everyone's brains froze!

It's as if space and time have been frozen!

For a moment, no one knew whether they were living in reality or a dream.

Everything around is eerily quiet!..

Chapter 452

Oh my god! Eleven halos!

That is the qualification of a middle-grade star master!

It's rare even in billions of years!

That should only exist in legends!

But today! They witnessed it!

The Emperor Yedu, who was lying limply on the ground, felt like he was about to explode!

What kind of person is he competing with?

At this moment, people realized that Emperor Qin was the most terrifying.....

His qualifications are far stronger than Chu Chu!

As for Emperor Yedu, he was not even worthy of carrying Emperor Qin's shoes.

The wind moves gently!

Time starts to flow!

The suffocating silence relaxed!

People looked at Qin Feng silently!

Respect like a god!

Eleven halos of potential!

It should be the ultimate in the world!

Buzz~!

But at this moment, another clear cry broke the limit!

The twelfth halo emerged!

Boom~!

Everyone was struck by lightning!

My whole body is numb!

Is that human being?

Nine is the ultimate, twelve is perfection.

These twelve halos have perfected their potential!

The twelve halos represent the potential of high-grade star masters.

It seems that there are only five or six people in the universe.

That is the star master of the five polar stars.

The five pole stars: the fire pole Tianfu star, the wind pole giant gate star, the earth pole earth power star, the water pole divine auxiliary star, and the most powerful middle pole purple micro star.

These five polar stars are the source of the universe!

"Is it complete?"

On the altar, Qin Feng was thoughtful.

It is said that the twelve haloes are complete and will not be higher!

Qin Feng doesn't think so.

He still has the Dragon God inheritance and has not fully awakened.

If he is fully awakened, his Qualifications will also improve.

What's more, is there really no higher potential above the Star Lord?

Qin Feng thinks there must be.

Just like people think that there are only twelve tribulations, but he has experienced thirteen.

Perhaps, the potential aura also has Thirteen.

It's just that he hasn't reached it yet!

Qin Feng retracted his hand silently and slowly walked down the altar.

The surroundings were still quiet, no one dared to disturb him!

"Dad, you are so awesome!!"

The baby's joyful voice broke the calm.

The little guy's eyes were full of little stars, with a look of admiration.

Qin Feng walked over with a smile

"elder brother!!"

Chu Chu stared at Qin Feng excitedly, her beautiful eyes filled with brilliance. This brother is so awesome!

Let her admire him!

Make her obsessed!

At this moment, she wanted to throw herself into his arms and express her excitement.

"How many points did we score? Qin

Feng asked with a smile.

"Brother, your twelve haloes should have a potential score of 4000 points....."

Having said this, Chu Chu glanced at the token, and the data inside had not changed.

She quickly turned around and saw that the test officer was dumbfounded and had forgotten to record the score.

"Mr. Test Officer, your scores haven't been entered yet, right?", Chu Chu reminded

"Oh...oh...sorry! Feel sorry! I'll log in now!"

The test officer woke up in shock, only to find that the token in his hand had fallen to the ground at some point.

He hurriedly picked up the token and entered the results.

After a while, the score list changed.

The first place, Qin Huang, Earth Star Territory, 4460 points.

Second place, Emperor Yedu, Yedu Star Territory, points: 1510.

Third place, Chu Chu, Earth Star Territory,.1000 points.....

As soon as this result came out, the whole office was in a sensation.

Those who were not there to watch were dumbfounded.

The Emperor Qin of this Earth Star Territory is too terrifying!

His performance was almost three times that of Emperor Yedu!

In fact, the achievements of Emperor Yedu and Chu Chu are rare in thousands of years!

Emperor Qin's achievements are even unheard of

"Lord Qin Huang, your token!"

The test officer returned the token to Qin Feng with trembling hands.

In front of Qin Feng, he actually felt extremely nervous and had a lot of pressure in his heart.

"Mr. Test Officer, what level of promotion does our Earth Star Region count for now?", Qin Feng took back the token

"Back to Mr. Qin Huang, the total points you and Mr. Chu Chu have together are 5460 points, which is a second-class promotion....."

The test officer's tone was full of admiration.

Second-class promotion, Tianmo City has never appeared.

Not to mention Tianmo City, the entire Tianfu Star only appeared twice.

This is the third time it has appeared!

As for the first-class promotion, Tianfu Star has never appeared.

Neither the Earth Power Star nor the Divine Assistant Star appeared.

Only the Fengji giant star appeared once, and the Zhongji purple micro star appeared twice.

"I haven't reached the first level of promotion yet....."

Qin Feng was a little dissatisfied

"How are the standards for promotion points divided?"

"Back to Lord Qin, the points for fourth-class promotion are 1501-2000, the points for third-class promotion are 2001-3500, the points for second-class promotion are 3501-6000, and the points for first-class promotion are 6001-10000....."

The test officer replied respectfully.

Chu Chu was delighted: "Brother, we are just over 500 points away from first-class promotion!" Qin Feng smiled slightly

: "Then this will be easy! I will go to the combat assessment area, and there is no test there yet!"

The test officer was stunned!

OMG!

Lord Qin Huang hasn't even started the combat strength assessment yet!

The combat strength assessment is the test with the most points!

Among the crowd, some people who had not paid much attention to Qin Feng before were also shocked!

It turns out that Emperor Qin's strength has not been fully unleashed yet!

How terrifying!

The test officer seemed to have thought of something and looked excited.

It seems that Tianfu Star's first first-class promotion will appear in Tianmo City

"Lord Qin Huang, I have some news for you!", the test officer suddenly said

"Say it!"

"Sir, the points for first-class promotion are 6,001 to 10,000 points. They are both first-class promotions, and they are also divided into high and low rankings. And there is a rule in the alliance, if the points exceed 10,000 points, it will be considered a special promotion!"

"The reward for a special promotion is twice that of a first-class promotion. The reward for the Light Star Xishi Stone is 2 million yuan. In addition, there are also special rewards personally given by the Star Master, as well as various preferential policies!"

As an official of the office, the test officer knows very much about this aspect.

As soon as he said these words, the whole audience was shocked.

"Huh! It turns out there is a special promotion! Never heard of it before!"

"Ah! You haven't heard that it's normal! You've never seen a first-class promotion before, so what's the use of telling you there's a special-class promotion?"

"That's right! Tsk tsk!! That special-level promotion should be higher than the first-level promotion. It has never appeared in the alliance!"

"yes! Do you think Lord Qin can do it?"

"This...is hard to say! The current total points of the Earth Star Domain are 5460 points. They need more than 4540 points to be promoted to the special level! Mr. Qinhuang's potential is unparalleled, but his cultivation level is still low. He is only at the peak of nine stars....."

"There is some truth! It would be great if Lord Qin Huang had the cultivation level of the first round realm....."

.....Asking for flowers.....

There were some in the crowd who were looking forward to it, and some who were worried.

It shouldn't be difficult to achieve first-class promotion in this Earth's star field, but it's hard to say special-class promotion.

It was really Emperor Qin's cultivation level that was too low.

Take Chu Chu for example, she has the potential to dominate, but her cultivation level is too low, so she worked hard to get 500 combat power assessment points.

What's more, it took her almost 3 days.

And Emperor Qin only has more than two hours left.

"Brother, there are only more than 2 hours left now..." Chu Chu reminded.

Qin Feng nodded slightly:"Okay! I'll go now!"

"Dad, I'm with you!"

The baby happily pulled Qin Feng's clothes.

She finally had a chance to fight with her father.

"Let's go!"

Qin Feng fondly pinched her cute little face, which was white, tender, chubby, and fragrant.

"Dad, do you still have any fruit?"

"Little guy, you are so delicious! Here! take it!"

Qin Feng casually handed the baby a storage ring. There were thousands of spiritual fruits in it, all prepared for this little guy.

"Wow! So many fruits! Dad, you are so kind! Baby likes you so much!"

The baby took out a fragrant red spirit fruit and took a big bite, filling his little mouth.....0

Then, she followed Qin Feng with a happy face and walked towards the combat strength assessment area.

Chu Chu smiled slightly and followed.

When the three of them passed by Emperor Yedu, Qin Feng thought of something and looked at the lost Emperor Yedu.

"Are you Emperor Yedu?", Qin Feng asked casually

"I...I..I am!" Emperor Yedu was so nervous that he stuttered.

It was hard for anyone to believe that a first-level emperor would be so nervous when facing a nine-star peak emperor.

Qin Feng looked at him indifferently, then turned around and left.

"Hello! Bad guy, you were the one who reported my dad, right?"

The baby glared at Emperor Yedu angrily.

When they met before, Chu Chu asked Qin Feng what he had been doing these three days.

Qin Feng mentioned the matter reported by Emperor Yedu by the way.

The little guy secretly remembered it.

She Very vindictive!

As soon as she said these words, the whole place was in commotion again.

Everyone looked at Emperor Yedu, their eyes became weird!

What happened?

Emperor Yedu actually reported Emperor Qin? Why did he report it? Is it because of Emperor Qin

?

Too good, Emperor Yedu knew he was not as good as him, and wanted to get the top spot, so he secretly did something wrong?

By the way, Emperor Qin has been missing for almost three days!

Could this be Emperor Yedu's fault?

This guy is really despicable!

He almost harmed Qin Lord Huang has delayed the battle for the top spot!

At this moment, countless people made up their own minds.

Everyone looked at Emperor Yedu with more and more contempt.

Emperor Yedu was embarrassed.

He opened his mouth and wanted to make a few excuses.....

"Baby! Let's go!". Qin Feng urged.

"oh!"

The baby quickly followed over.

"Bad guy, next time you blindly report my father, I will beat you up!"

Before leaving, she did not forget to warn Emperor Yedu.

Emperor Yedu was so embarrassed that his face turned red.

A great emperor in the Wheel Sea Realm was warned by a little girl in front of hundreds of thousands of people, and he did not dare to return the favor. Mouth.

He should be the first one to be so cowardly as a first-round emperor!..

Chapter 453

In the blink of an eye, Qin Feng, Bao Bao, and Chu Chu entered the combat assessment area next door.

The onlookers also followed suit.

Among the crowd, there were also quite a few gossips. Before leaving, they did not forget to mock Emperor Yedu.

"Ah! This Emperor Yedu is so jealous! I am not as good as Lord Qin, so I use all kinds of dirty tricks! What a loss of face!"

"yes! I can't even imagine that such a person can become a first-level emperor!"

"Why! I used to admire him a lot and thought he would be a character, but looking at it now, I'm blind...."

For a time, gossips were flying all over the sky.

Emperor Yedu's face turned red and blue.

His lungs almost exploded!

In a blink of an eye, everyone was gone.

All the spectators went to the combat strength assessment area next door to watch Qin Feng's combat strength challenge.

In the testing area, Emperor Yedu's face was terrifyingly gloomy!

"Your Majesty, are you okay?", Mr. Ye was uneasy.

"fine? Do you think I'm fine?"

"I..."

"Shut up!"

Emperor Yedu shouted.

Then, he looked at the combat strength assessment area next door with great anger.

"snort! Emperor Qin! Isn't it just that the qualifications are higher? What's so great about it? What is the difference between a genius who has not grown up and a mediocre person?"

Emperor Yedu was filled with jealousy.

He had never been so jealous of others for a moment!

"Your Majesty, you are right! The definition of genius itself is a joke. If you haven't cultivated to that level, any talent will be fleeting....."

"No matter how talented that Qin Emperor is, he is still only at the peak of nine stars, not even a great emperor. I'm afraid his results in the combat prowess assessment won't be outstanding!"

Ye Lao was conscientiously trying to comfort him.

Emperor Yedu sneered:"That's right! I want to see how many points he can get with this little nine-star peak?!"

"The combat strength assessment does not just look at qualifications! He only took pictures of his combat prowess assessment results, and he was even worse than me! He also wants to be promoted specially, which is a joke!"

Emperor Yedu sneered.

He began to curse in his heart. Qin Feng had a bad result in the exam. It would be better to disappoint everyone.

"Your Majesty, what should we do now?"

"Just stay here and wait for Emperor Qin's results to come out!"

Emperor Yedu turned around and walked to the rest area.

No matter how thick-skinned he was, he was too embarrassed to go to the combat assessment area to watch.

Everyone could see that there was a rift between him and Emperor Qin.

After a while, the two entered the rest area. area.

Emperor Yedu walked to his seat with a gloomy face.

But as soon as he sat down, a loud cheer came from the combat assessment area next door.

Emperor Yedu quickly took out his token.

Qin Feng's points changed.

It increased from 4460 points to 4480 points!

An increase of 20 points!

That is the score for passing the level one combat assessment area!

In just two minutes, Qin Feng passed the level one combat assessment area.

"snort! Just cleared level one area! What's there to be proud of?"

Emperor Yedu felt unhappy and sat down.

"Your Majesty, there is no need to be angry! Just let them be proud and see how long they can be proud."

"snort!", Emperor Yedu still sneered, "Those are ignorant people, why should I be angry?"

"It only took two minutes to clear the level one area. I can do it too. What's so great about this! You ask Emperor Qin to clear the level 2 combat zone within two minutes!"

As soon as Emperor Yedu finished speaking, another cheer came from the next door.

Emperor Yedu felt nervous and quickly picked up the token and took a look.

Damn it~!

Qin Feng's points have been increased to 4560 points!

He has passed the second level!

This It didn't even last two minutes...

Emperor Yedu's face was as black as the bottom of a pot.....

Mr. Ye's mouth opened wide.....

The two of them were speechless!

After a while, Mr. Ye swallowed.

"Your Majesty, there is something wrong with this momentum! How did Emperor Qin pass the customs?"

Emperor Yedu became irritated when he heard this. He said angrily: "What's wrong?" Forget it the first two times. The difficulty of this third level is greatly increased. If he still pulls it so fast, I will recognize him as my father!"

As soon as he said these words, thunderous cheers came from the next door...

Emperor Yedu's face changed drastically.

He couldn't help but glance at the token...

This time he saw the message clearly.

Emperor Yedu was shaken all over!

He was paralyzed.!

What a crow's mouth I am!

Then Emperor Qin passed the level again within two minutes.

Emperor Yedu silently put away the token and sat there quietly.....

He looked at the sky... the wind was blowing gently and the leaves were falling.....

The world is still beautiful.....

Ye Lao's consciousness also withdrew from the token...

He glanced at Emperor Yedu, then silently lowered his head without speaking.....

It was impossible for him to remind Emperor Yedu that your father is next door. Go and identify him quickly...

For a moment, the two of them were speechless, and the years were quiet...

Unconsciously, a quarter of an hour passed.

The cheers from next door grew louder and louder.

Qin Feng was so powerful that he went from the first-level combat strength assessment area to the seventh-level combat strength assessment area in one breath...

This was also the limit that Emperor Yedu had reached before.

In the seventh-level combat power assessment area, each puppet soldier has a combat power of 20 trillion.

In fact, the strength of those puppet soldiers was added by the formation of the challenge tower.

Outside of the challenge tower, they don't have much combat power at all and their role is limited.

This mode is generally only used to assess combat effectiveness.

At this moment, Emperor Yedu was in despair.

The combat power of 20 trillion has just reached the threshold of the middle stage of the First Stage.

He teamed up with his golden puppet and fought hard for several hours before defeating a puppet warrior.

That's his limit.

In this combat strength assessment, if you pass all the first six games, you will get exactly 1,000 points.

Qin Feng has now scored 1000 points, and the total score has reached 5460.

If Chu Chu's 1000 points are added, the Earth Star Domain has 6460 points, which has reached the first-class promotion.

This score puts Yedu Star Territory just behind it.

Qin Feng's only pursuit now is special promotion.

In other words, after deducting Chu Chu's one thousand points, Qin Feng's score must reach more than nine thousand points to succeed.

"Your Majesty, do you think this Qin Emperor can complete the special promotion?" Mr. Ye asked uneasily.

"Who knows!"

Emperor Yedu was in a very bad mood.

Then he said: "If you want to pass the level 7 combat zone, one person needs to defeat ten puppet warriors. Those puppets each have a combat power of 20 trillion. Do you think he can do it?"

"this.....", Mr. Ye has learned his lesson this time and doesn't dare to talk nonsense.....

"Your Majesty, to defeat ten puppets with a combat power of 20 trillion, one person would need at least a combat power of over 30 trillion. That is the strength of the late stage of the First Stage. Does Emperor Qin have such strong strength?"

Ye Lao expressed doubts.

He couldn't believe that a nine-star peak person would have such strength.

"snort!", Emperor Yedu sneered, "Do you think it's possible? A small nine-star peak....."

Halfway through his words, Emperor Yedu suddenly thought that every time he belittled Emperor Qin, that guy would benefit, and he could no longer be cunning.

At that moment, he quickly changed his words: "It's hard to say! After all, Emperor Qin has the qualifications of a top-grade star master. He may pass the test."

Hearing this, Mr. Ye was stunned.

When did His Majesty change his temper and start pursuing Emperor Qin?

This is not normal!

As soon as he had this idea, there was thunderous cheers next door.

Mr. Ye quickly checked the token. really!

Qin Huang cleared the seventh level and gained 800 points.

Today, Emperor Qin's points are 6260!

"Your Majesty, you are really good at predicting things! This time, you guessed it right, Emperor Qin passed!"

Ye Laolian flattered him with a happy expression on his face.

It seems that if Emperor Yedu guessed it right, it would be the most amazing thing in the world.

Emperor Yedu was confused!

What is going on?

Am I not a crow's mouth?

I am already praising him. How come he still wins?

Did I not praise thoroughly enough?

Emperor Yedu has been stimulated to the point of being a little crazy.

His behavior has begun to be abnormal!

"Your Majesty, do you think Emperor Qin can pass the eighth level combat zone?"

"sure! He can definitely do it! With his peerless qualifications, if he can't pass the level, who else can?"

Emperor Yedu did not hesitate to praise this time.

Mr. Ye was stunned for a moment.

Even the tester in the distance was dumbfounded.

My God!

Emperor Qin is really too good.

Even Emperor Yedu who was fighting against him They were all impressed!

The test officer sighed. He also admired Qin Feng even more!

After Emperor Yedu finished his praise, he felt uneasy in his heart.

Now the 5.5 Qin Emperor's score is 6260, getting closer and closer to the goal of 9000 points.

The points for passing the eighth level are 1300 points, and the points for passing the ninth level are 2000 points.....

This thought made Emperor Yedu even more dissatisfied.

Just like that, ten minutes passed without realizing it.

Emperor Yedu became impatient.

After seeing his anxious expression, Mr. Ye quickly comforted him

"Your Majesty, to pass the eighth level, one person needs to defeat ten puppets with a combat power of 30 trillion. This requires strength at the late stage of the First Stage. That Emperor Qin shouldn't have reached this level yet, right?"

"nonsense!", Emperor Yedu pretended to be angry, "He can do it!"

After saying this, cheers rang out from the next door.

Mr. Ye even exclaimed: "Oh my God! Your Majesty, you are amazing! Emperor Qin cleared the level again!"

Boom~!

Emperor Yedu felt like he was struck by lightning from the nine heavens!

His soul came out of his shell in an instant!

Click~!

The chair made of spiritual wood was smashed to pieces by his butt!..

Chapter 454

Emperor Yedu felt like he was struck by lightning from the nine heavens!

The soul escapes from its shell in an instant!

Click~!

The chair made of spirit wood was smashed into pieces by him!

God!

How is this going?

Am I not a crow's mouth?

I have already praised him greatly!

Why did he clear the level again?

"His Majesty...! ...Your Majesty, are you okay?"

Mr. Ye was worried.

He helped Emperor Yedu to his feet uneasily.

"The Emperor is fine!"

Emperor Yedu shook his head.

At the end of the day, he had been stimulated too much.

He felt a little exhausted and his eyes were a little black.

"Mr. Ye, how many points does Emperor Qin have?"

Emperor Yedu didn't dare to look at the token.

He was afraid that his heart wouldn't be able to bear it.

"Your Majesty, his points are 7560....."

"oh.....", the body of Emperor Yedu shook slightly.

"Your Majesty, do you think Emperor Qin can pass the ninth level this time?"

Emperor Yedu 16 opened his mouth, but in the end he didn't speak anymore.

Whether he was belittling Emperor Qin or praising Emperor Qin, that hateful guy could get through.

What should he say?

Oh! It's really difficult for this emperor!.....

At the same time, there is a combat assessment viewing area.

Hundreds of thousands of spectators were excited.

Just now, Qin Feng entered the ninth level combat strength assessment tower!

As soon as he entered, he started the most difficult challenge.

This is also the last level of the combat strength assessment.

The content of this level is that the examiner alone defeats ten puppet soldiers.

Each of those puppets has a combat power of 50 trillion.

50 trillion combat power, that is the strength of the Perfect One Stage!

No one has ever challenged this level.

Just thinking about it is terrifying.

Can Emperor Qin pass the customs?

Everyone is a little worried

"Everyone, do you think Emperor Qin can pass the ninth level?"

"Not sure! Tens of billions of years! No one has ever reached the ninth level combat zone!"

"Of course! In the newly promoted star field, it is rare to have a foundation-building emperor. If you want to clear this combat area, you can't even reach the level of Dzogchen!"

"Why! When you say that, I get even more worried! I hope Lord Qin Huang can succeed!"

"Well, I also hope Lord Qin Huang can succeed! As long as he can pass the ninth level, his points will reach more than 9,000 points, and he will be promoted to a special level in the Earth Star Territory!"

"Special promotion! Tsk!! Tsk!! The Star Alliance is unique in this!"

The crowd was talking a lot.

Many people were optimistic about Qin Feng, but some people were worried.

At the same time, in the combat assessment tower, in a closed space.

Qin Feng stood proudly in the air, with a straight face and the ten puppets in front of him.

The battles of these puppets The strength and momentum have reached 50 trillion!

Qin Feng's eyes showed disdain.

This challenge tower is very special, like a special Yuanwu with the attributes of a large formation.

These puppet warriors rely on the challenge tower to have such strong power. Combat power.

After leaving this tower, I am afraid that even the great emperors in the foundation period cannot be defeated.

They are just accessories of this divine tower.

"Dad, let's drive!"

The baby's impatient voice sounded behind Qin Feng.

So far, the baby has not participated in the battle.

This last level is her only chance to participate in the battle.

The little guy has long been exhausted.

"good!"

Qin Feng thought.

Chaos transformation!

Combat power increased by 30%!

This is his first time to use chaos transformation!

In an instant, Qin Feng's combat power soared to 47 trillion.

Psychic fusion!

The baby turned into a golden dragon and merged Qin Feng's body.....

Click~! Click~! Click~!

Golden Dragon Armor automatically combines!

Clang~!

Possessed by golden battle armor, dancing with red cloak, he is extremely domineering!

His combat power also soared to 55 trillion!

Then, Qin Feng waved his hand, and the divine spear fell into his hand. Endless imperial power spread out, and the turbulent sky surged around.....

The ten puppets showed fear in their eyes.

The next second, they roared and rushed towards Qin Feng together.

Qin Feng smiled calmly.

Destroy the true meaning!

True meaning never ceases!

The true meaning of Liangyi!

Three supreme truths erupted at the same time!

A big battle begins...

At the same time, outside the challenge tower, the formation crystal lights up with a dazzling red light.

Everyone knew that the war was about to begin.

They couldn't see what was going on inside the battle, but ten lights lit up at the top of the challenge tower, which represented the ten puppets. people started to get nervous

"Everyone, when do you think Emperor Qin can win this level?"

"I'll watch it for at least two hours!"

"Now there are only two hours left, and the century-old list ranking is over. Is it too late?"

"this....."

Many people looked anxious.

At this moment, one of the ten bright lights on the top of the tower went out

"Look at that light....."

Someone exclaimed loudly!

Extinguishing a lamp means extinguishing a puppet.

This is too fast!

The examiner in charge of recording was dumbfounded!

The onlookers 337 were stunned!

But at this moment, there was a soft pop and the second light went out.

Then the third and fourth lights.....

In the blink of an eye, all ten lights went out!

Less than two minutes before and after.

The whole place was silent!

OMG!

Destroying ten puppets with 50 trillion combat power in two minutes, only a strong person in the second round realm can do it!

But the combat power threshold for the second round is 100 trillion!

Has Lord Qin Huang's strength reached the level of the second round?

This idea shocked the whole audience!

After a brief silence, the audience burst into earth-shattering cheers.

The examiner's hands were trembling as he recorded this shocking scene.

Qin Feng's performance changed.

First place, Emperor Qin, Earth Star Territory, points: 9560 points.....

At the moment when Emperor Qin's score appeared, Mr. Ye's anxious roar came from the testing area next door.

"His Majesty! His Majesty! Wake up! Wake up!"

"quick! Someone come quickly! My Majesty has fainted!!"..

Chapter 455

After a while, Qin Feng and Bao Baobao walked out of the challenge tower comfortably.

As soon as they appeared, the cheers from the audience outside became even louder.

Among the crowd, Nanyuan was extremely happy.

Her beautiful eyes stared at Qin Feng closely, with a look of obsession.

I really didn't expect that the young man she received casually back then would be so powerful.

At this moment, everyone realized that an extremely dazzling new star was born in Tianmo City

"Brother, we succeeded!", Chu Chu walked over happily

"Auntie, I also contributed!", the baby raised his little face

"Bo~! My baby is awesome!"

Chu Chu squatted down and gave the baby a big kiss on his little face.

The baby's eyes were bent with laughter.

"Mr. Qinhuang, would you like to report your results?"

An examiner came over excitedly and asked respectfully

"Report it!"

"Okay, I'll do it right away!"

The results were reported, and the promotion assessment representing the Earth Star Region was completed.

A quarter of an hour later, in the office hall.

The century-old promotion list was updated.

The first place, the Earth Star Region, special promotion.

The second place, Yedu Star Region, Fourth level promotion.

Third place, Red Sand Star Territory, sixth level promotion.

Fourth place, Gale Star Territory, sixth level promotion.....

As soon as the ranking list was updated, the entire office was excited.

Earth star field, special promotion.

This is the first time in the tens of billions of years since the establishment of the Star Alliance!

The office lobby exploded at this moment!

"OMG! Special promotion! I've never heard of it before!"

"yes! No one can even reach it on Ziwei Star. This Earth Star Territory is amazing!"

Countless people watched the list and were filled with admiration.

Soon, this explosive news spread from the office to the entire Tianmo City.

Leaders of large and small forces in every corner of the city were very excited after hearing the news. Shocked.

Some forces began to inquire about the origin of the Earth Star Territory.

More people inquired about Emperor Qin.

Some leaders even went to the office in person to see if there was a chance to meet Emperor Qin and make friends with him.

More than an hour later , the century-old list ranking has finally come to an end.

The special promotion in the Earth Star Territory, no one can shake it!.....

At this moment, the office of the general manager of the office.

Emperor Xingyao hosted the top ten star regions in the century-old list.

Emperor Xingyao is the highest official of the office, ranking in the position of general manager, and his cultivation level is the Great Emperor of the Second Wheel Realm.

The city lord and deputy city lords have the highest status in Tianmo City.

Below are the five elders.

Further down are the heads of departments.

The general manager is always held by the second-round emperor.

In the entire official organization of Tianmo City, there are no more than thirty second-round emperors, and all of them are heads of departments and important figures.

At this moment, Emperor Xingyao looked at the ten star leaders in front of him with satisfaction.

This centenary assessment is the best he has seen since he took office.

This makes him extremely proud!

His eyes turned from the leaders of the major star regions.

All the star domain leaders bowed their heads.

In front of the Second Wheel Realm Emperor, they were in awe and did not dare to show any disrespect.

Even Emperor Yedu bowed his head in fear.

He is only at the early stage of the first-round realm, and facing a strong person in the second-round realm, he can only be killed instantly.

He dares to neglect.

Emperor Xingyao put his hands behind his back, smiled and nodded.

He was very satisfied with the attitude of these people.

Finally, his eyes fell on Qin Feng.

Emperor Xingyao was out of character.

His previous arrogance was gone, and he was now smiling.

This Emperor Qin defeated ten puppets with a combat power of 50 trillion in two minutes.

This would be very difficult for him to do.

He had to admire it!

In his eyes, Qin Feng and he are on the same level

"Your Excellency Emperor Qin, congratulations on winning the top spot this time!"

Emperor Xingyao spoke in a completely equal tone.

Emperor Yedu remained silent.

The leaders of the other eight star regions looked envious.

They also wanted to be valued so highly by Emperor Xingyao.

What a pity!

They don't have the qualifications.

In fact, in their hearts, I also felt a little weird.

Among them, eight of them were all great emperors who had completed the Great Perfection of Foundation Establishment, and Emperor Yedu was in the early stage of the First Stage.

Only this Qin Emperor was at the peak of the Nine Stars.

However, his achievements were the most dazzling, leaving them far behind Not as good as that.

Think about it, they all admire it.

"Feng Yi!", Summoned by Emperor Xingyao

"The subordinates are here!"

An old man appeared, it was Mr. Feng, the person in charge of the registration office.

"You take nine of them down and arrange the distribution of rewards!"

"yes! grown ups!"

Lord Feng took the order.

"You guys come with me!"

At that moment, Emperor Yedu and others followed Lord Feng and left.

In the office, only Emperor Xingyao and Qin Feng were left.

"Your Excellency Emperor Qin, please sit down!"

Emperor Xingyao invited warmly.

Qin Feng didn't show any pretense and walked directly to the sofa aside to sit down.

Emperor Xingyao sat opposite each other.

At this time, a beautiful female staff member was holding two cups of brewed spiritual tea. Walked in.

That excellent figure, charming grace.

Qin Feng looked up, saw the person, and smiled.

This female staff member is Nan Yuan

"Emperor Qin, your tea!"

Nan Yuan smiled sweetly, and winked at Qin Feng with her big beautiful eyes in front of Emperor Xingyao.

The provocation was too obvious.

Qin Feng was a little embarrassed, and at the same time he felt that Nan Yuan was a little bold.

Her top leader was right in front of her!

Emperor Xingyao pretended not to see it.

Nanyuan placed another cup of spiritual tea in front of Emperor Xingyao and left.

After Nanyuan left, Emperor Xingyao suddenly said: "Emperor Qin, my niece's figure and appearance are pretty good, right? If you are satisfied, I will go back and talk to the family and let her be your concubine. What do you think?"

"Your niece?" Qin Feng was slightly startled.

"It's Nanyuan!"

"Forehead....", Qin Feng was a little surprised

"What do you think?" Emperor Xingyao asked with a smile.

He wanted to make friends with such an outstanding talent.

Marriage is naturally the best way.

Of course, with Emperor Qin's qualifications, Nanyuan is not qualified to be the main wife, so she can still be a concubine. What's more, Nanyuan is interested in this young man, and he does so voluntarily

"this.....", Qin Feng was completely unprepared

"Ha ha!! Your Excellency, Emperor Qin, there is no need to force this matter. You can consider it for a few days. Let's put it this way, this matter is not requested by our family, Nanyuan treats you..."

Emperor Xingyao smiled and said nothing.

Some things should be allowed to take their own course, and forcing them is not good, especially the emotional exchanges between young people.

He Just click this step and let it develop.

"Your Excellency Emperor Qin, let's talk about business now. You get the century number one this time. The first prize is 1 million Xingtide stones"

"In addition, if you are promoted to a special level, the reward will be doubled to 2 million Star Stones. In this storage ring is the Star Stone reward, click on it!"

Emperor Xingyao handed over a storage ring.

Qin Feng took it and took a look. The Xingxi stones in the ring were neatly placed, like a hill. They were indeed 2 million yuan.

He felt very happy and generous. The land was collected.

When Emperor Xingyao saw this, he was filled with envy.

These reward resources came from the Tianmo City warehouse, and he could only take a look at them, but he had no qualifications to use them.

Then, Emperor Xingyao continued:"The top rewards include Xing Xi In addition to the stone, there are also special rewards. This special reward is personally awarded by the city lord"

"pity! The city lord is in retreat and cannot be disturbed for the time being. This special reward of yours will not be distributed until the city lord leaves the customs. I hope you will forgive me! Qin

Feng smiled slightly:"It doesn't matter, I can wait!"

Emperor Xingyao said again:"In addition, you are promoted to a special level!" Star masters will receive rewards for second-level promotions and above. When the Star Master knows about your special promotion, he will definitely be very happy."

"When we report your results, Star Lord will give you generous rewards. Therefore, you should not leave Tianfu Star in the short term and wait for news from the Star Lord."

Qin Feng's eyes lit up, there is such a good thing!

What a person the Star Master is!

His reward must be generous!

Besides, he also wants to visit Ziyun Secret Realm, and will not leave Tianfu Star in the short term.

At the moment, Qin Feng nodded and said:"I have no plans to leave Tianfu Star for the time being!

Emperor Xingyao was delighted:"That's good!" To be honest, if His Excellency Emperor Qin really leaves, he will miss a big opportunity. Lord Star Lord is very generous....."

Qin Feng smiled slightly, with some expectations in his heart

"By the way, just now it was just the reward for being ranked number one in a century. Let's talk about promotion rewards now. According to alliance standards, a first-level promotion is rewarded with 1.5 million Xingxi Stones. You are promoted to a special level, and if it is doubled again, it will still be 3 million!"

Qin Feng was stunned for a moment.

Immediately, he understood.

The previous one was a centenary list reward, and this time it was a promotion reward. They are two different things.

"Your Excellency Emperor Qin, the Xingxi Stone in this storage ring is a promotion reward, take a look!"

Emperor Xingyao handed over another storage ring.

He was filled with envy in his heart.

Their entire family's decades of struggle were not as much as what Qin Feng got in one assessment.

There is really no comparison between people!

"Thank you very much!"

Qin Feng took it and saw that there were indeed 3 million Xingtide stones inside.

This means that he got a total of 5 million Xingtide stones.

This trip was really a big profit!

Qin Feng was secretly happy!

"Your Excellency, Emperor Qin, in addition to these rewards. There are also special rewards for this level of promotion. This special reward is arranged by the deputy city leader."

"At present, you need to upload the data of your Earth's star field and incorporate the Earth's star field into the alliance territory. You also need to establish starry sky coordinates, starry sky teleportation array planning map, and alliance position planning....."

"It will take a few days to deal with these trivial matters. Your special promotion reward will be distributed after the trivial matters are dealt with here."

"This special reward will be distributed quickly! I also hope that His Excellency Qin Huang will leave a communication mark so that we can contact you in time to collect the reward!"

Qin Feng nodded readily:"That's no problem!"

At that moment, he and Emperor Xingyao left communication marks with each other.

After doing this, Qin Feng left.

The rest is to wait for the office to handle the promotion procedures for him.

He can just go back and wait for the result.

After Qin Feng leaves After that, Emperor Xingyao contacted the deputy city lord.

He was the direct subordinate of the deputy city lord.

All matters in this newly promoted star field were under the management of the deputy city lord.

He wanted to report the one who was promoted to special class in this assessment. To the deputy city lord.

Not long after this report was sent out,

Emperor Changfeng came to visit in person. Emperor

Changfeng is the deputy city lord's right-hand man and the second-wheel realm emperor.

After the two met and talked, they were both shocked.

Arrived. At this moment, Emperor Xingyao knew that Emperor Qin was actually a friend of the deputy city lord.

Only then did Emperor Changfeng know that Emperor Qin was not only terrifyingly powerful at alchemy, but also terrifyingly talented and powerful.

For a moment, the two of them were extremely shocked.

"I really didn't expect that! There are such evil and peerless geniuses in the world!"

Emperor Xingyao sighed. At this moment, when he thought of Qin Feng, he felt ashamed.

Emperor Changfeng also smiled bitterly: "The deputy city lord still sees far! I originally thought that Emperor Qin took advantage of the fact that the deputy city lord and Emperor Qin were equally friends. Now it seems that we still don't know who took advantage of whom!"

Emperor Xingyao smiled and said: "Perhaps the deputy city lord is lucky because of his popularity!" When Emperor Qin grows up, the deputy city lord will be obsessed with light, and the rest of us will follow suit. Emperor Changfeng nodded repeatedly: "

That's right!" It seems that we must treat Emperor Qin more courteously in the future!"

"correct!" Emperor Xingyao seemed to have thought of something.

He suddenly lowered his voice and said: "Changfeng, this special reward for promotion was originally arranged by the Deputy City Lord. Now he is in retreat and cannot be disturbed. Logically, you and I can make the decision"

"In this case, let's open a back door. What do you think of letting Emperor Qin get more benefits? If he knows about it in the future, I will look at you differently! Emperor Changfeng was slightly startled.

Immediately, he nodded slightly: "Okay!" It's up to you! As long as no outsiders know!"

As soon as these words were said, the two looked at each other and smiled. A strange light flashed across Emperor Xingyao's eyes.

He was thinking that he should go back and persuade Nanyuan.

Let this girl get closer to Emperor Qin in the future.

Compared with Emperor Changfeng, Emperor Xingyao is more thoughtful..

Chapter 456

But on the other side, Qin Feng met up with Chu Chu and Bao Baobao after leaving Emperor Xingyao's office.

Then, with the help of Nanyuan, the three people left through the back door of the office.

Nowadays, many power leaders come to the office and want to make friends with Qin Feng.

But there are only four days left before the Ziyun Secret Realm opens, and he still has many things to deal with.

Then there is extra time to get close to those people.

Two hours later, Qin Feng and the other three walked around in a large circle before quietly returning to their residence.

At this moment, in the hall.

Qin Feng took out a wind star core

"Chuchu, the star core is there! You should hurry up and practice these days!"

Qin Feng threw the star core casually.

On the way back, they stopped by the big mall and bought the wind star core and water star core.

This problem that had been bothering Qin Feng was easily solved.

"Brother, don't worry! I have ten times the time force field, which is enough in terms of time. I will refine the star core as soon as possible!"

Chu Chu happily took the star core.

She could finally practice the same secret technique as Bai Qi.

"Well, come on! There are only four days left until the secret realm opens!", Qin Feng reminded

"Brother, I know!"

"Dad, what am I doing these days? Can I go to the city alone?"

Baobao Qin gnawed on the fruit and looked at Qin Feng with a cute expression.

Qin Feng shook his head quickly: "No! This is Demonic City, not Earth. It's too dangerous for you to go out alone. If you really want to go out and play, at least wait until you break through to the realm of the Great Emperor!"

"Okay! Then I will realize the true meaning in these days! I have realized 98% of the true meaning of life!"

When this matter was mentioned, the baby looked proud.

She should be able to break through to the Great Emperor earlier than her father, and faster than her aunt!

She is the most talented little baby of the Qin family!

Qin Feng said dotingly: "Then you want to Come on! These days, just stay with your aunt and realize the true meaning! These enlightenment pills should help you!"

Qin Feng casually gave hundreds of insights.

"Thank you dad!", Bao Baobao happily put away the pills.

At that moment, the group of people practiced in seclusion.

A few minutes later, they were in the secret practice room.

Qin Feng couldn't wait to take stock of the harvest.

As soon as he waved, ten thousand pills appeared densely in front of him. Emperor Soul Pill.

Qin Feng opened his mouth and sucked it in, swallowing it all.....

"Ding! Successfully swallowing the Emperor Soul Pill...the strength of the soul is greatly increased, and the progress of the next soul blooming is increased to 100%.....Combat strength increased by 2 trillion....."

"Ding! Congratulations to the host, the flower of the soul has bloomed again, with eleven petals, and the soul is immortal... The combat power has increased by another 2 trillion....."

At this moment, a jade flower appeared above Qin Feng's head!

The flower blooms with eleven petals and is full of fragrance!

After a while, the flower of soul disappeared into Qin Feng's body

"Ding! The flower of the soul blooms again, and the awakening level of the eighth consciousness increases to 50%.....Greatly improved time capabilities....."

Qin Feng opened his eyes happily.

His current combat power has been increased to 40 trillion, and his time force field control is 7 times higher.

Strength surges again!

After doing this, Qin Feng took out a star core and began to sacrifice it.

That star core was refined by Bai Qi, and it contained the supreme true meaning - the true meaning of killing.

These days, he has never had time to refine it.

Now, he finally has time.

It is also time to practice the art of creating a small universe.

This will be of great help to him in exploring the secret realm.

At that moment, Qin Feng opened the seven times time force field and started the sacrifice...

Time flew by!

In the blink of an eye, two days passed.

The fame of Qin Feng and Chu Chu also spread completely, shocking the entire Tianmo City.

Especially Qin Feng, who amazes the world!

The name of Emperor Qin is known to everyone!

In Tianmo City, even the three-year-old child on the roadside knows about it.

As for Emperor Yedu, he was originally an extremely outstanding person.

Even Elder Xiu looked at him differently and accepted him as his disciple.

He originally planned to use the Centenary List to become an instant hit.

But he didn't expect that Emperor Qin would appear this time.

Emperor Qin's light was too dazzling, completely covering up his existence.

Chu Chu's reputation even surpassed him!

Chu Chu had the potential to dominate, and she was Emperor Qin's sister. Even if her reputation was not bad, she was naturally talked about by others.

At this time, Emperor Yedu became a complete stranger.

In the end, the news about him reporting Emperor Qin spread.

Everyone thought he was jealous, which is why he did such a nasty thing!

For a time, people in the streets were scorning him.

Emperor Yedu has become a street rat.

What made him even more unexpected was that after Elder Xiu learned that he had offended Qin Feng, he kicked him out of the family because of his bad character and no longer recognized him as his disciple.

This was a huge blow to Emperor Yedu, who almost collapsed...

Fortunately, Ziyun Secret Realm was opened two days later.

People's attention quickly shifted from Emperor Qin to the Ziyun Secret Realm.

On the streets, Ziyun Secret Realm was most discussed, and fewer and fewer people mentioned Emperor Qin.....

The number of people in Tianmo City also doubled in just two days.

There are many more masters in the second round realm, and even the God Emperor of the third round realm has appeared.

This time the opening of the Ziyun Secret Realm is different from the past.

Many great powers predict that this will be the last time that the Ziyun Secret Realm will be opened, and it will also be the time with the most opportunities.

The God-Emperors who were reluctant to explore Ziyun's secret realm in the past were all moved by this prophecy and trekked all the way to the stars.

Even some lords want to get in. pity!

Only those below the God Emperor can enter the Ziyun Secret Realm.

Of course, it's not just Tianmo City that is close to Ziyun Secret Realm.

There are more than twenty cities, large and small, nearby.

Every city is packed with people!

That hot scene is rare to see in billions of years!

This is also the most popular time since the emergence of Ziyun Secret Realm.

Many people predict that this battle in the secret realm will be the most brutal one.

I am afraid that even the God Emperor who is immortal and will not fall into reincarnation will be in danger of falling.

In short, the closer to the opening of the secret realm, the more tense the atmosphere in major cities becomes.

On this day, Qin Feng lived.

In the secret room, Qin Feng looked at the three star cores suspended in front of him with a look of joy.

The fiery red star core, with the fire attribute, was sacrificed by Bai Qi and contained Bai Qi's true meaning of killing.

Qin Feng sacrificed with his true intention of destruction.

Now this star core contains the two supreme true meanings of killing and destruction.

When Qin Feng realizes 100% of the true meaning of destruction, the two true meanings will automatically merge into one supreme true meaning.

The light yellow star core, which belongs to the earth element, was sacrificed by the baby and contains the true meaning of the baby's birth.

Qin Feng sacrificed with his true will.

The light cyan star core, wind attribute, was sacrificed by Chu Chu and contained the true meaning of Chu Chu's years.

Qin Feng used Liangyi's true meaning to sacrifice together.

Chu Chu's time force field is very powerful.

One day of her sacrifice is equivalent to ten days of sacrifice.

She had refined the star core very early and handed it over to Qin Feng.

As for Qin Feng, under his own seven times time force field, he had been practicing for nearly half a month in the past two days.

Now, he is finally done, and all three star cores have been refined.

As for the fourth water star core, he couldn't sacrifice it.

These star cores need to be refined with the supreme true intention.

Qin Feng has not yet realized the supreme true meaning of the fourth path, so he cannot practice it for the time being.

"Let's take a look at the effect first!"

Qin Feng looked forward to it.

The next second, he pinched the secret seals repeatedly.

The art of creating a small universe - turned on!

The three star cores shined brightly!

In the blink of an eye, they turned into three stars, flew into Qin Feng's eyebrows, and disappeared. Disappeared.

The next second, earth-shaking changes occurred in Qin Feng's sea of consciousness!

Boom~! Boom~! Boom~!

Within the sea of consciousness, the sky collapsed and the earth shattered!

Ten thousand domains opened up, and the space became its own!

That special space was extremely huge, shaped like a void... ...

The next second, Qin Feng's soul projection transformed into a trillion feet, standing in the sky, like a god, suspended in the void

"Is this my little universe?"

Qin Feng looked around.

This void is as big as the solar system.

If it is the universe, it is also a very small prototype.

At this moment, Qin Feng pointed to the sky and the earth.

"Heaven and earth have a center, and everything has a source! I want to open up the heaven and the earth, and I have set the five extremes in my heart!"

"Zhongjixing - now!"

Boom~boom~boom~!

The earth is shaking!

The space is shaking!

Under Qin Feng's feet, a huge planet emerges.

It is blue, with clouds, seas, mountains, rivers, lakes, and mountains...

The appearance is exactly the same as the earth. Even the size is exactly the same as the earth.

The only difference is that there are no living creatures on it.

In fact, it is a fragment of the earth's star soul.

In this cosmic space, it actually turns virtual into reality, forming a huge And the real planet.

Qin Feng continues to use the seal!

"Fire Pole Star - now!"

Boom~boom~boom!

To the south of Zhongpole Star, a huge red planet emerged, as big as the moon, and it contained the way of murder and destruction.....

That is exactly what the fire star core is transformed into!

"Earth Pole Star - now!"

Boom~boom~boom!

To the west of the Zhongpole Star, a huge yellow planet appears, as big as the moon, and it contains life and infinity.way.....

That is exactly what the earth star core is transformed into!

"Feng Ji Xing - now!"

Boom~boom~boom!

To the east of the Zhongpole Star, a huge cyan planet emerged, as big as the moon. It contains the years and the way of the two rituals.....

That is exactly what the wind star core is transformed into!

When everything was completed, Qin Feng slowly opened his eyes and looked down, feeling very excited.

What I see before me starts to look a bit like the foundation of the universe.

The only flaw is that the water pole star is missing to lay the foundation, making this small universe incomplete.

If the Water Pole Star also exists, it will be the true foundation of the universe.

The next second, Qin Feng thought, and the Yizhang figure shrank to the size of an ordinary person and landed on the Zhongji Star.

As soon as he landed, he felt that the ground beneath his feet was real.

There is the fragrance of earth in the air and the sound of running water in the distance. Everything is real and not an illusion.

"How amazing!"

Qin Feng's mouth showed a satisfied smile.

At this moment, Qin Feng was just a projection of his soul.

While Qin Feng controlled this small universe, he could also control the body of the outside world at the same time.

At this moment, in the secret room,

Qin Feng opened his eyes happily Eyes.

The first step in creating a small universe has been completed.

The next second, Qin Feng waved his hand, and densely packed Xingxi stones appeared in front of him, nearly five million pieces.

This was the reward he received in the promotion assessment.

Qin Feng He opened his mouth and sucked in all the five million star stones..

Chapter 457

Qin Feng opened his mouth and sucked in all the five million Xingxi stones.....

The next second, he clearly sensed that the small universe inside his body had undergone tremendous changes.

In the originally empty void, a massive amount of nine elemental powers emerged out of thin air.

These nine series of Yuan Power are transformed from the Xingxi Stone!

In the blink of an eye, millions of Xingtide stones were all swallowed up.....

Boom~!

Qin Feng's whole body was shaken!

The universe in the body and the sea of consciousness in Shenting are completely connected!

Countless energy penetrates the whole body!

His cultivation base did not change at all, but his combat power broke through the shackles and skyrocketed by 10 trillion, reaching 50 trillion.

In addition, there is another huge change in Qin Feng, and that is his Yuanli reserves.

You must know that the Shenting Sea of Consciousness is where elemental masters store their energy, which is equivalent to the dantian of a warrior.

The universe in Qin Feng's body is hidden in the center of Shenting's sea of consciousness.

This penetration is equivalent to the inner universe becoming the extended space of Shenting's sea of consciousness.

In other words, it is equivalent to Qin Feng's Dantian becoming larger, and it is hundreds of thousands of times larger.

90% of the energy transformed by the millions of star stones is automatically stored in the universe within the body.

Qin Feng can take it and use it at will.

10% of the energy, in an overflowing manner, broke the shackles and allowed Qin Feng to forcibly absorb it and transform it into combat power.

At this moment, Qin Feng had two thoughts.

What he sees with his left eye is the real world, and what he sees with his right eye is the cosmic world inside his body.

I saw that the universe inside my body was filled with extremely strong nine-system energy.

The concentration is so thick that the energy condenses into substance, forming a gray spiritual cloud that densely covers the space.....

"Ding! Successfully swallowed the Star Stone.....In vivo universe Hongmeng initialization 10%The host's combat strength breaks through 10%.....Increased combat power by 10 trillion....."

Note: When the universe is 100% transformed and the five polar stars are present, the small universe will truly be formed.....

It wasn't until this moment that the system sent information.

Qin Feng suddenly realized.

Creating a small universe definitely requires energy.

His small universe energy reserve is not enough, it has only been filled to 10%, and it still needs to continue to absorb energy.

This process is called Hongmengization!

And with the improvement of Hongmeng transformation, the shackles of his combat power are constantly breaking through, and his combat power will also be increased additionally.

This is a good thing!

By the way, can the energy filling of this small universe only absorb the star tidal stone?

With a thought in his mind, Qin Feng tried to absorb the energy of heaven and earth.

Boom~!

At this moment, the world trembled!

Qin Feng was stunned!

The speed at which he absorbed the vitality of heaven and earth increased by a hundred times!

That absorption speed is comparable to that of a Juggernaut.

You must know that the speed at which an elemental master absorbs the vitality of heaven and earth depends on his cultivation and potential.

The higher the cultivation level, the faster the absorption!

The higher the potential, the faster the absorption!

Qin Feng's previous absorption speed was comparable to the Wheel Sea Realm.

But now, his speed has surpassed the Wheel Sea Realm and the God Emperor in one fell swoop, reaching the dominance level.

This is one of the benefits brought by the emergence of small space.

Qin Feng absorbed it for a while, and the progress of Hongmeng transformation in his body did improve a bit.

But it's very small, and it's not as fast as swallowing millions of star stones.

Qin Feng simply gave up and decided to search for the Xingxi Stone to replenish energy...

The next second, he waved.

The space in the house fluctuated, and Bai Qi, Chu Chu, and Bao Bao appeared one after another.

"I have met His Majesty!", Bai Qi saluted respectfully.

Qin Feng nodded slightly, looked him over, and showed a happy smile on his face.

This time, Bai Qi has been in seclusion for half a month. His soul injury has recovered very well, and his combat strength has returned to 300,000. 100 million

"dad!", the baby happily hugged Qin Feng's thigh and acted coquettishly

"Brother, what do you want from us?"

"Well, I've finished practicing my secret technique, and I'm looking for you to come over and try it out!"

"That's great! I've long wanted to know the effect!"

Chu Chu was overjoyed.

Bai Qi's eyes also lit up, with a look of anticipation on his face.

"Dad, how can we try?"

"Come on in!"

Qin Feng casually pinched a magic formula.

The space of heaven and earth shook, and Bao Bao, Chu Chu, and Bai Qi disappeared out of thin air.

The next second, the three of them appeared in the universe inside Qin Feng's body.

Bao Bao appeared on the Diji Star, Chu Chu appeared on Feng Ji Star, and Bai Qi appeared on Fire Ji Star...

They could sense each other and deal with each other, and could even control the planet under their feet.

In this small universe, they seemed to be much more powerful than the outside world.

"OMG! What is this place?"

Chu Chu looked at the universe in front of him, feeling both shocked and kind.

Bai Qi was also very surprised.

"Auntie, the energy here is so strong!"

Bao Bao looked curiously at the gray clouds filling the sky and the earth.

Although the three of them were far apart, they could communicate easily.

When Chu Chu and Bai Qi were reminded by Bao Bao, they tried to absorb Yuan Power.

With this attempt, the two of them I was pleasantly surprised to find that the speed of practicing here is extremely fast.

You know, the fastest way to practice is to absorb the Star Star Stone.

Before absorbing the Star Star Stone, you need to turn the energy inside into a gaseous form before it can be absorbed.

And this universe is full of With gray energy, it is still the energy of the Xingxi Stone that has been completely vaporized, which can also be referred to as Hongmeng energy.

Chu Chu and Bai Qi can absorb it directly.

In this way, the refining speed is twice as fast as the absorption of the Xingxi Stone.

Here It is simply a holy land for cultivation!

"How wonderful it is here!", Chu Chu couldn't help but sigh.

At this time, Qin Feng's voice sounded in the void

"Are you ready?! Let's start performing the Star Fusion!"

"Dad, I'm ready!"

"Brother, I'm ready too!"

"Your Majesty, your subordinates are also ready!"

"Then let's get started!"

At this moment, the three of them made hand seals at the same time.....

In the real world, Qin Fengxiang performed Chaos Transformation.

The combat power increased by 30%!

The power has increased from 50 trillion to 65 trillion!

At this time, Bai Qi's body automatically merged into the Fire Pole Star!

The combination of fire and extremes - completed!

A majestic energy emitted from the Fire Pole Star and superimposed on Qin Feng.

Qin Feng's combat power skyrocketed again by 15 trillion, reaching 80 trillion.

Bai Qi's current combat power is 30 trillion. pity! Qin Feng's true meaning of destruction has not been 100% realized, and he cannot yet integrate with his true meaning of killing.

Therefore, this star-pole combination is in an incomplete state.

Qin Feng can only obtain half of his combat power stack.

But even so, Qin Feng still gained 15 trillion combat power, which is very impressive.

After Qin Feng fully realizes the true meaning of destruction, he can directly absorb all of Bai Qi's combat power, which will be even more impressive.

At this time, the baby is also finished.

The fusion of the ends of the earth - completed!

Qin Feng's combat power surged again by 10 trillion, reaching 90 trillion

"This is actually possible!"

Qin Feng was overjoyed.

After half a month of hard training, the baby's understanding of the true meaning of life has increased to 99.8%, and her combat power has increased to 10 trillion.

Qin Feng originally thought that she would be like Bai Qi, and would only draw half of the combat power. The power was added to him.

Unexpectedly, Bao Bao's 10 trillion combat power was all superimposed.

This was completely different from Bai Qi.

After a moment, Qin Feng figured it out.

Bao Bao was his psychic beast.

This combination of stars It has the same effect as the psychic fusion.

The baby's combat power is superimposed, which is naturally different.

Immediately afterwards, Chu Chu also integrated into the Fengji star.

The Fengji fusion - completed!

The third energy is superimposed on Qin Feng.

Now. Chu Chu's true meaning perception increased to 30%, and her combat power increased to 5 trillion.

Like Bai Qi, she only had half of her combat power attached to Qin Feng.

Qin Feng's combat power skyrocketed again by 2.5 trillion, and his combat power increased to 925,000. Billion.

This is only one step away from the combat power threshold of 100 trillion in the second round.

But when it comes to real fighting, Qin Feng realizes the first battle in the middle of the second round.

The combat power in the early stage of the second round is 100-200 trillion, and in the middle It was 200-300 trillion, and later it was 300-500 trillion.

This time, the strength increased greatly, and Qin Feng felt secretly happy.

The next second, he released the star-pole fusion.

The universe in the body.

Bai Qi, Chu Chu, and Baobao were all excited Incessantly.

They all sensed the change in Qin Feng's combat power.

This star-pole combination is indeed extremely powerful!

"Bai Qi, to what extent have you recovered from your injury?"

Qin Feng's voice sounded in the void.

In this universe, Qin Feng is a god and omnipotent.

Bai Qi stood in awe, raised his hands in the void and said, "Your Majesty, most of my injuries have recovered. At present, The soul body has just returned to the level of the early stage of the first round...."

"If you were to restore it all, how long would it take?", Qin Feng's voice sounded in the void again

"According to the current progress, it will take one or two months....", Bai Qi answered truthfully

"too slow! Let me help you recover!"

In the real world, Qin Feng opened his mouth and swallowed hundreds of Emperor Soul Pills...

The next second, the universe inside his body changed.

In the endless void, a majestic pillar of soul power fell from the sky and poured directly into it. Entering the day and rising to the heavenly spirit.....

Bai Qi's soul power is recovering very quickly... at the early stage of the First Stage..... mid-level.....

Late stage of the cycle.....

In the blink of an eye, Bai Qi's soul power returned to its previous peak, reaching the Great Perfection...

The vitality in the void filled his body...

His momentum also skyrocketed...

300,000.....

40 trillion.....

50 trillion.....

In the blink of an eye, Bai Qi returned to the peak of his strength, with combat power reaching 60 trillion,....

His flower of the other side reappeared, a golden flower blooming with twelve petals.

This is the symbol of the Great Perfection

"Oh My God! Have I recovered?"

Bai Qi couldn't believe it.

He looked at himself in astonishment.

Both Chu Chu and Bao Bao were stunned.

Bai Qi had been seriously injured for so long, and full recovery would have been a long process.

Unexpectedly, Qin Feng took action. He returned to his peak in the blink of an eye.

This method is unbelievable!

Qin Feng watched all this silently, feeling very happy in his heart.

Bai Qi's strength has recovered, and the combat power he obtained from Bai Qi can be increased to 30 trillion.

In this way, his peak combat power can be increased to 107.5 trillion.

This has crossed the threshold of the second-round combat power.

"Dad, you are so awesome!"

The baby looked up at the void with admiration.

At this moment, his father seemed to have become a god.

At this time, Qin Feng's voice also sounded in the air

"If there is a way of heaven in the universe! I am the way of heaven in this universe!"

"You three are the star masters of this universe!"

"If I don't die, you won't die!"

"From now on, no matter how injured you are, I can make you recover instantly"

"Even if you are killed in the outside world, I can resurrect you here!"

As soon as these words came out, Bai Qi and the three of them were ecstatic.

It turns out that this secret technique is real!

It is too powerful!

To a certain extent, as long as Qin Feng does not die, they will live longer than the master.

And Qin Feng They have the potential of top-grade Star Lords, and their future achievements are limitless.

Will they still die?

I am afraid that their lifespan is comparable to that of Star Lords from the outside world, and they will reach another kind of eternity!..

Chapter 458

"Dad, are we immortal in the future?"

The baby looked into the void with a cute look on his face.

"This! Then we have to wait until Dad reaches the Star Lord realm...."

"Dad, you have to work harder!"

Qin Feng smiled and said nothing.

Then, Qin Feng's voice sounded again in the void

"neat! Expand your time force field!"

"Okay bro!"

The next second, Chu Chu's time force field unfolded, covering the entire universe in an instant.

Chu Chu was shocked.

Bai Qi and Baobao were shocked.

If it were in the outside world, Chu Chu's time force field could only cover a hundred meters.

Here, , can actually cover the universe

"Chu Chu, don't be surprised! Everything here is under my control! I can make your time ability cover all space!"

Qin Feng's explanation sounded in the air.

Chu Chu and Bai Qi were both overjoyed.

The cultivation here is already faster than refining the Xingxi Stone outside.

Now, Chu Chu's time force field can also cover the entire universe.

This pair of Chu Chu, Bai Qi, Babies are a good thing!

They can not only share the benefits brought by the change in flow rate, but also can retreat on their respective polar stars and have their own space for cultivation.

"Brother, can we practice here from now on?", Chu Chu asked eagerly.

Bao Bao looked around curiously.

She didn't care much about cultivation.

Bai Qi also looked eager.

If possible, he would choose to retreat in this universe

"of course!", Qin Feng's voice sounded in the air.

Chu Chu and Bai Qi were both overjoyed.

But then, Chu Chu worriedly said: "Brother, if we practice here and absorb the vitality of the world, will it have an impact on your creation of the small universe?"

Qin Feng's voice immediately sounded in the air

"Do not worry! There will be no impact. I am possessed by the true meaning of immortality and can live forever."

"The energy you draw from this small universe will be supplemented by the energy from the outside world. As long as the speed at which the three of you draw energy doesn't exceed my speed, you'll be fine."

"Then the speed at which the three of you absorb energy together is not as fast as that of a God Emperor. And the speed at which I absorb energy is a hundred times that of the God Emperor, comparable to a mid-level master."

"So if you practice here, it will not have any impact on my energy loss...."

This explanation made Chu Chu and Bai Qi feel relieved.

The two of them were moved and happy from the bottom of their hearts

"dad! dad! You are awesome! The baby likes you... the baby screams happily

"You three can practice here! No one will disturb you here!"

"Thank you, Your Majesty!" Bai Qi's face was full of respect.

He has already reached the Great Perfection of the first round.

Next, he will go into seclusion and attack the second round.

"Brother, there are only two days left until the Ziyun Secret Realm opens, right? That means we can practice here for twenty days!"

"More than twenty days?"

As soon as Qin Feng's voice fell, another time force field fell.

That was Qin Feng's time force field.

After his time force field appeared, it perfectly overlapped with Chu Chu's time force field.

The time flow speed control was increased to 17 Times!

Chu Chu and the other three were shocked.

How did the force field become stronger during this time?

"Brother, this is.....", Chu Chu looked up into the void.

Qin Feng explained:"In my universe, the special abilities of the star masters and my special abilities can be superimposed on each other. For example, this time force field... Of course, it is limited to the star masters of the five polar stars!" Hiss! ~!

Chu Chu and Bai Qi both took a deep breath!

It actually works like this!

It's so powerful!

Immediately, the two people's faces showed ecstasy again.

In this way, when one day passes outside, seventeen days pass inside.

This place is simply a super holy land for cultivation!

"OK! You can retreat here! I'm going to take care of some chores!"

"yes! His Majesty!"

"Okay bro!"

"Dad, the baby wants to go out and play!"

"The secret realm will be opened in a few days. Stop running around and just play here....."

After Qin Feng finished explaining, Shen Nian exited his small universe.

The next second, his mind completely returned to the real world.

In the secret room, Qin Feng released the chaos transformation.

At this moment, with a thought in his mind, the time force field within tens of meters around him immediately became seventeen times larger.....

"Ha ha!! Sure enough it can!"

Qin Feng was overjoyed.

There are so many wonderful things about this small universe!

He can also superimpose Chu Chu's time ability with his own time ability in the outside world.

In this way, even if the time ability awakening level is the same, his time will be stronger than others.

Of course. , this is not limited to time ability.

What Bai Qi comprehends is space ability, which can also be superimposed with Qin Feng's space ability.

Even better, what the baby awakens is the power of reincarnation.

Qin Feng has not yet awakened, he can also mobilize Use.

You must know that only the God Emperor can master the three powers of space, time and reincarnation at the same time.

Only the God Emperor can kill the God Emperor.

Otherwise, even if you are stronger than the God Emperor, if you cannot restrain these three powers, you will still kill The Immortal God Emperor.

Especially the final power of reincarnation, which makes the God Emperor immortal in reincarnation.

If you cannot restrain the power of reincarnation, even if it is ten times stronger than the God Emperor, it will be difficult to kill them.

This is the special type of the God Emperor!

To a certain extent In the past, the God-Emperor simply looked down upon the First-Run Realm and the Second-Run Realm.

These two realms were not truly immortal.

Only the God-Emperor was truly immortal.

But now, Qin Feng is not yet the God-Emperor, but he has mastered the three major realms in this way. Divine power.

As long as he is given a chance, he can kill the God Emperor.

In other words, he already possesses the important qualities of the God Emperor.

"interesting! If Bai Qi, Chu Chu, and Bao Bao all become God Emperors, my power of space, time, and reincarnation will be even stronger!"

Qin Feng smiled and waved, and 30,000 Emperor Soul Pills appeared in front of him. They were vast and majestic.

He also had about a thousand Emperor Soul Pills in reserve. These 30,000 pills can be swallowed.

Qin Feng opened his mouth. Suck it all, swallow it all.....

"Ding! Successfully swallowing the Emperor Soul Pill...the soul strength is greatly increased, and the next bloom progress is increased to 17%.....Increased combat power by 5 trillion....."

"Ding! The awakening degree of the eighth consciousness is increased to 70%.....Greatly improved time capabilities....."

At this moment, the time force field around Qin Feng increased to 20 times.

At the same time, his small universe time force field also increased to 20 times.

His time ability has really been strengthened!

"This time it was fruitful again."

Qin Feng opened his eyes with a look of joy.

Everything he should improve has been improved.

Next, he will prepare to break through the Great Emperor.

Now, his true meaning of destruction has awakened to 80%, his true meaning of endlessness has reached 78%, and Liangyi If 43% of the true meaning wants to break through to the Great Emperor, he can start with the true meaning of destruction and the true meaning of immortality.

As long as one of these two condenses the true meaning seal first, he can break through.

In addition, he must realize the fourth type as soon as possible The supreme true intention is to find the fourth Lord of the Pole Star.

Thinking of this, Qin Feng waved his hand.

The space in the room fluctuated.

A graceful figure appeared out of thin air.

"His Majesty!", Luo Li looked delighted.

"Why did you think of me today?"

Luo Li couldn't help but get angry when she saw that there was no one else in the room.

They hadn't been alone for a long time.

"There is something good for you in calling you here today!"

Qin Feng put his hand around her waist, which was as thin as a water snake, and warmed her for a moment.

"What's the benefit? By the way, you summoned me. There is no one on the spaceship. Is there any problem?"

"No problem! That starry sky port is still very reliable!"

Qin Feng let go of Luo Li.

He didn't take Luo Li with him before because Luo Li's strength was too low and he was worried that she would be in danger.

Now, he has a way to solve it.

Then, he waved again.

Yu Kirin also appeared out of thin air

"Master, are you looking for me? Huh! Luo Li, why are you here?"

Yu Qilin was a little surprised when he saw Luo Li.

"I summoned her!"

"Oh, Sect Master, the number of people in Tianmo City has more than doubled recently, and there are more people selling the True Meaning Seal. Our harvest was huge! Look!"

Yu Qilin took out the storage ring with excitement on his face.

Qin Feng took it and took a look, and was immediately overjoyed.

There were more than 30 true meaning seals in the storage ring, and there were seven top true meaning seals. It was just one piece of supreme true meaning. No!

However, Qin Feng is already very satisfied.

The Supreme True Meaning Divine Seal is too rare. It is normal that the jade unicorn cannot be bought.

"Sect Master, fortunately there are very few people who want the True Meaning Seal, so we can purchase so many."

"However, this thing is a rare thing after all. Now we have basically wiped out all the true meaning seals in this Demonic City. In the short term, it will be difficult to gain anything."

Yu Qilin felt a little regretful.

She was very good at buying and selling, and she also enjoyed the refreshing feeling of making money. Suddenly she had nothing to do, which made her feel a little regretful.

Qin Feng smiled slightly:"Forget it, the secret realm is about to open, so that's it!"

At this time, Yu Qilin suddenly said:"By the way, Sect Master, when I was trading divine seals these days, I met a strange purple-haired woman. She said she had the divine seal of supreme truth"

"I told her to trade with her, but she insisted on seeing you before she could trade. very strange!"

Qin Feng was stunned:"How does she know about my existence?"

Yu Qilin also looked puzzled:"I don't know either! That woman was special. When she first saw the golden puppet, she said that the real owner of the puppet was not me, but someone else."

"She also said that my master and the golden puppet are the same, so she only trades with my master. She also said that there will be great benefits for you....."

Qin Feng pondered:"So, that woman can see through the contract! It seems that she is a contract expert!"..

Chapter 459

At this time, Luo Li interjected:"Yu Qilin, that woman said she would give the sect master a great benefit, what exactly was it?"

Yu Qilin shook his head slightly:"I don't know! She only said that she could only say...I after meeting the sect master. I didn't understand her details, so I didn't agree. She asked me to come back and report to the door owner, and she would contact us in two days....."

"Two days later?", Qin Feng smiled slightly,"Isn't that the day when the Ziyun Secret Realm will be opened! interesting!"

"Forget it, leave her alone! When the time comes, she will contact us. I will send you to Zhongjixing now...."

As soon as Qin Feng waved his hand, Luo Li and Yu Qilin turned into star points and were sucked into the center of his eyebrows.

The next second, in the small universe.

Luo Li and Yu Qilin appeared on Zhongji Star.

They looked at the familiar things around them with shock on their faces

"No way? Luo Li, have we returned to Earth? This seems to be Nandu City!"

"It doesn't seem right! Jade Qilin, look at the concentration of vitality here, which is a thousand times that of the earth! Also, there's no one around!"

Luo Li was also a little dumbfounded.

At this time, Qin Feng's voice sounded in the ears of the two women.

"This is Zhongjixing. If you don't understand anything, I'll let Chu Chu tell you later."

"The two of you will retreat here from now on. The concentration of vitality here is more than a thousand times that of the outside world. One day of your practice is equivalent to the effect of three years of practice in the outside world."

"In addition, the time force field here is twenty times that of the outside world, which is very suitable for your cultivation!"

After hearing this, the two women were very excited.

"Sect Master, according to this progress, we can break through to the Tribulation Stage before the Ziyun Secret Realm opens!"

"Um! Come on!"

At that moment, the two women excitedly looked for a place of retreat.

After Qin Feng and Chu Chu confessed, their spiritual thoughts also exited the small universe.

In fact, not everyone can enter the small universe.

Only those who have signed a contract with Qin Feng can be Summon in.

And Qin Feng summoned Yu Qilin and Luo Li in, which was of great benefit to the two women, and also good to Qin Feng.

After his Ancestral Dragon inheritance awakened to 90%, it has not improved.

He also wants to be with Chu Chu Similarly, the Ancestral Dragon inheritance has been completely awakened and qualitative changes have been achieved.

Unfortunately, the Ancestral Dragon inheritance has been silent. Perhaps

, when Yu Qilin and Luo Li overcome the tribulation, their tribulation clouds can enhance the awakening of the Ancestral Dragon inheritance.

Thinking of this, Qin Feng took out those true meaning divine seals and showed joy again.

Jade Qilin was very capable.

Qin Feng was very satisfied with her harvest this time.

Among these divine seals, there were many of the fire element, as well as ice and light elements.

Qin Feng It suddenly occurred to me that the divine seals of the fire and light systems are helpful to the baby.

The ice and fire systems are helpful to Chu Chu.

And in the psychic combined state, Qin Feng can share the divine seal insights with the baby.

That in the star-extreme combined state Next, can Chu Chu and Bao Bao also share the divine seal enlightenment?

Thinking of this, Qin Feng's eyes lit up, and he quickly transmitted the soul to Chu Chu and Bao Bao.

Chu Chu and Bao Bao quickly entered the state of star integration.

Qin Feng first took out a piece of the True Meaning of Fire Seal.

This fire element is useful to both Bao Bao and Chu Chu.

After all, one of them is a dual practitioner of light and fire, and the other is a dual practitioner of ice and fire, both possessing the fire element.

Then, Qin Feng directly swallowed the fire element's true meaning seal

"Ding! Successfully swallowing the fire-devouring true meaning seal (ordinary level true meaning)...the true meaning perception is continuously improved.....Combat power is improved....."

"Ding! Successfully swallowed the true meaning of fire (ordinary level true meaning)...your star follower - Chu Chu's true meaning perception has been improved.....The true meaning of time has been increased to 23%...the combat power has been improved..."

"Ding! Successfully swallow the true meaning of fire (ordinary level true meaning)...your battle pet (baby)'s true meaning perception is improved.....The true meaning of life has been increased to 100%... The divine seal of the true meaning of life has been successfully condensed... The combat power has been increased to 12 trillion....."

"Ding! Congratulations to the host, the true meaning of your battle pet and the nine-star origin are merging, starting to build the foundation of the Great Emperor.....Expected to be completed within 3 months....."

"Huh! The baby has a breakthrough!"

Qin Feng was overjoyed.

With a thought in his mind, the scene in the small universe appeared in the pupil of his right eye.

In the small universe, he saw the baby flying out from the Earth Star.

Immediately, a ball of fire and nine-star origins of two systems emerged from above her head.

Immediately afterwards, a dazzling true meaning seal appeared, exuding the breath of supreme true meaning, and actively merged with the source of the pole star. The void was trembling with a radius of hundreds of millions of miles.

In the void, endless vitality gathered towards the baby.

In the blink of an eye, the baby was surrounded by A giant energy ball was formed, like a huge divine egg, which seemed to be hatching a divine object.

Bai Qi, Chu Chu, Luo Li, and Yu Qilin all sensed this huge movement. When the four people released their spiritual consciousness, they saw In the sky above the Earth's Pole Star, a gigantic air mass appeared, like a divine egg, extremely huge.

"Yu Qilin, what's going on?", Luo Li was shocked

"That was someone building the foundation of the Great Emperor. That direction seemed to be the Earth Pole Star. Could it be a baby?"

Yu Qilin was so surprised that he swallowed his saliva.

On the other side, Bai Qi was completely shocked.

"The little princess's foundation building energy cloud is so huge!"

Bai Qi muttered.

As far as he knew, when the emperor established his foundation, the general air mass was only a million feet.

The baby's air mass was hundreds of millions of feet, a hundred times that of an ordinary person.

The little princess definitely has the potential to dominate.

Moreover, the more terrifying the potential for a genius , once the foundation is successfully established, the strength will become more terrifying.

At that moment, Bai Qi thought of Qin Feng again, and his respect became stronger and stronger. Since he came into contact with Emperor Qin, the more he got to know him, the more he respected him.

Emperor Qin was not only powerful himself, but also his sister He and his daughter are also stronger than the other.

He is really lucky to be valued and cultivated by Emperor Qin so much.

Otherwise, with his qualifications as a God Emperor, he is really not qualified to be compared with Chu Chu and Bao Bao.

Your Majesty's kindness in knowing and meeting you, I will repay you with all my heart!

Bai Qi muttered silently.

At this moment, Qin Feng's voice sounded in the void

"The baby has begun to build foundation and entered a semi-sleep state. It is expected that threeEveryone, please don't disturb her!"

"Your Majesty, I know this!", Bai Qi expressed his stance respectfully.

Chu Chu, Luo Li, and Yu Qilin also expressed their stance.

Afterwards, Qin Feng's spiritual thoughts exited the small universe.

"The baby's foundation building cloud is so big. When she succeeds in building the foundation, her combat power will be more than 50 trillion....."

Qin Feng looked expectant.

Not only does the baby have a big cloud of foundation building, but it also takes a long time to build the foundation.

Ordinary emperor foundation building can be completed in about three days.

The baby is about three months old.

However, the time force field in the small universe is 20 times larger. If you stay in it for three months, you will only have four or five days in the outside world, so you won't miss the treasure hunt in the secret realm.

Then, Qin Feng waved his hand, and more than thirty true meaning seals appeared.....

He opened his mouth and sucked it all in

"Ding! Devouring the Divine Seal of True Meaning Successfully.....(There are 27 common-level true meanings and 8 top-level true meanings)....."

"Ding! Congratulations to the host, the awakening level of True Intention of Destruction (Supreme Level) has been increased to 93%.....Combat power greatly increased....."

"Ding! Congratulations to the host, the awakening level of Eternal True Intent (Supreme Level) has been increased to 90%.....Combat power greatly increased....."

"Ding! Congratulations to the host, the awakening level of Liangyi True Meaning (Supreme Level) has been increased to 70%.....Combat power greatly increased....."

"Ding! Congratulations to the host, you have awakened the true meaning of the wind (the top true meaning)... Awakening degree 10%.....Combat power greatly increased....."

Qin Feng was slightly startled.

This time, he devoured a large amount of the True Meaning Divine Seal and inadvertently awakened the fourth True Meaning - the true meaning of the blast.

Hayate True Meaning (Top True Meaning): Everything is doubled in speed.

Both movement speed and attack speed are doubled.

It's a pity that it is only the top true meaning, not the supreme true meaning that Qin Feng wants.

However, this is also an unexpected gain.

At this point, Qin Feng's combat power has increased to 60 trillion.

At this moment, the voice of the system sounded in his mind again

"Ding! Successfully swallowed the True God Seal... Your Xingji follower - Chu Chu, the true meaning of the years has been raised to 70%.....Combat power increased to 6 trillion....."

At this moment, Chu Chu was pleasantly surprised in the small universe.

Qin Feng was also pleased.

The combination of stars and poles is really useful!

In this way, he would have a way to help Chu Chu condense the divine seal early, and then break through to the realm of the Great Emperor.

"Brother, thank you!"

Deep in Qin Feng's heart, Chu Chu's telepathic message rang out.

He and Xingji's followers could telepathize at any time, making communication very convenient.

Qin Feng was just about to say something when the communication jade talisman suddenly came with a message.

He quickly took it. He took out the jade talisman and probed inside.

After a moment, his face showed joy.

Unexpectedly, two days before the secret realm was opened, someone would send another good thing.

This time, the good thing came from the official website of Tianmo City..

Chapter 460

The message was sent by Emperor Xingyao.

According to the rules, the top three on the century list will receive special rewards.

Emperor Xingyao asked him to go to the city lord's office to receive special rewards.

After Qin Feng replied the message, he got up and set off.

He thought clearly.

The opening of the secret realm this time is different from the past, and even the God Emperor is in danger of falling.

And he is not an opponent of the God Emperor, not even an opponent in the late second round, so the risks he faces are very high.

Of course, the greater the risk, the greater the opportunity.

But if he can get some benefits and improve his strength before the secret realm opens, it will be a good thing.

Just like this special reward.

Qin Feng naturally didn't want to miss it.

Immediately, he left his residence and set out for the city lord's palace.....

At the same time, the city lord's palace and the meeting hall.

Emperor Xingyao and Emperor Changfeng stood on one side of the hall with very respectful attitudes.

And above the main hall, the three god emperors were sitting on the thrones, all looking at the light curtain in front of them seriously.

Qin Feng's final battle in the challenge tower was playing in the light curtain.

The battle was over in less than 2 minutes.

Emperor Xingyao and Emperor Changfeng secretly smacked their lips when they saw it, and admired Qin Feng very much in their hearts.

The three god emperors also nodded slightly.

"You two, what do you think of this Emperor Qin?"

A fair-skinned God-Emperor asked with a smile.

He looked middle-aged, but his hair was a little gray, and his appearance was 70% similar to that of Emperor Xingyao.

He was the father of Emperor Xingyao, the Emperor of Xinghui, and the son of Emperor Yingtian. A confidant, he is also Elder Xing among the five elders of Tianmo City.

At this moment, he is fighting for Qin Feng's interests.

"Elder Xing, this Emperor Qin is extraordinary. In my opinion, his overall strength has reached the early stage of the second round."

Elder Rui was full of praise.

He is an old man with gray hair and a boyish face. His temperament is graceful and noble, and he has the cultivation level of the early God Emperor. Elder Xiu on the side has been laughing and saying nothing.

Elder Xiu is an elegant man, and he is also the early stage of the God Emperor. Cultivation.

He is naturally no stranger to Emperor Qin.

His newly recruited disciple, Emperor Yedu, fell into the hands of Emperor Qin and became a street rat that everyone reviled.

Those ignorant people will even resent Emperor Yedu. , gradually transferred to himself, saying that he had no vision.

This incident had a great impact on his prestige.

In order to reduce the impact on himself, he kicked Emperor Yedu out of the family and stayed away from the incident.

But like this First of all, it means that he bowed to Emperor Qin in some respect.

He, the majestic divine emperor, was actually forced to bow his head by a nine-star peak, which felt a bit embarrassing.

Speaking of which, Emperor Yedu still failed to live up to his expectations.

If he loses openly It has nothing to do with it, but he just reported it.

More importantly, he reported it blindly without finding out anything!

This is too fatal!

"Hey two, what do you think of the reward plan I mentioned? Elder Xing asked with a smile.

"this....."

Elder Rui hesitated.

After a moment, he said:"According to the rules, the third place on the century-old list will be rewarded with a great emperor-level treasure, the second place will be rewarded with three great emperor-level treasures, and the first place will be rewarded with a wheel-level treasure."

"This Emperor Qin is very good, so it is understandable that we should give him extra rewards. Elder Ke Xing proposed to give him two Lunhai-level treasures, but I thought it was too much....."

Speaking of this, Elder Rui felt a little uncomfortable.

He truly admired Emperor Qin, but he also had a certain degree of appreciation.

Even a god emperor like him only has two or three wheel-level treasures on his body.

Just giving Emperor Qin two Lunhai-level treasures all at once made him a little jealous, and even more reluctant to part with them.

The official treasure house of Tianmo City is managed by him.

He is an honest man, but a bit stingy.

Every time a great emperor-level treasure was given away from the treasure house, he would feel distressed for a long time, let alone a Lunhai-level treasure.

Perhaps, it was for this reason that the city lord arranged for him to manage the official treasury.

"Elder Rui, how do you think we should be rewarded?"

Elder Xing flipped it over and found a cup of spiritual tea in his hand.

At that moment, he poured it for himself and sipped the tea leisurely.

He has a quiet temperament and likes to keep in good health.

He cares about Elder Rui's opinion.

This guy is the city lord Mo Tian. The Lord's confidant, the guardian of the official treasure house of Demon City.

This time, the city lord and deputy city lord are all in seclusion.

Some major decisions in the city rely on the elders to make decisions.

Now, two of the five elders are not in the city.

Important matters , it is up to the three of them to discuss and decide.

For example, this time, Elder Xing proposed to increase the reward for Emperor Qin.

This is not an ordinary reward, but a reward above the emperor level.

Elder Rui pondered for a while and then said:"I think it should be given to Emperor Qin." There is nothing wrong with Emperor Qin's increase in rewards, but it must be determined based on the circumstances. It would be better to have a wheel-level treasure and an emperor-level treasure attached to it. Elder

Xing smiled slightly:"Elder Rui, Emperor Qin has the potential to be a Star Lord, surpassing the City Lord!""

"this....", Elder Rui took a deep breath,"Then there are two additional emperor-level treasures!"

Elder Xing continued to shake his head:"Elder Rui, Emperor Qin has the potential of a top-grade star master....."

"Then...then there are 3 additional emperor-level treasures! No more!"

Elder Rui's face was full of pain, as if what he was about to give away was his own.

Elder Xing wanted to laugh in his heart.

This old guy is really a miser.

It's not his own stuff, yet he still picks it up like this!

At the moment, he took a leisurely sip After drinking fragrant tea, he said:"Elder Rui, have you ever thought about it? With Qin Huang's qualifications, he will be welcomed wherever he goes. If you don't give enough benefits, what will you do if it is taken away by other main cities?"

"At that time, it will be your responsibility, Lord City Lord, to track it down. Sometimes, if you are reluctant to let go of your children, you will not be able to trap the wolf. We should be more generous with talents..."

"this.....", Elder Rui hesitated.

Elder Xing's words make sense.

He can't let Tianmo City lose a talent!

According to the regulations of Tianfu Star.

That star field was promoted in that main city, it will fall under the jurisdiction of that main city from now on.

In this way, the 100 main cities of Tianfu Star have formed 100 major forces, competing with each other and vying for talents.

"Besides, the alliance's fifth-level star field ranking battle will also start soon. The Earth Star Territory led by Emperor Qin may become our trump card. Shouldn't we pay attention to it?"

Elder Xing put down his teacup and looked at Elder Rui with a smile.

"this.....", Elder Rui hesitated.

He was moved.

According to Elder Xing's analysis, Emperor Qin should indeed be rewarded with two reincarnation-level treasures.

That's twice as many as previous toppers.

In the corner, Emperor Xingyao and Emperor Changfeng saw Elder Rui's expression and knew that he had been persuaded. They looked at each other with happy faces.

What they set out to do seems to have been accomplished.

Can achieve maximum benefit for Emperor Qin

"So be it.....", Elder Rui spoke, ready to agree.

But at this moment, a lazy voice sounded in the field, interrupting Elder Rui.

"Hey two, how about a word from Xiu?"

The elder Xiu, who had been silent all this time, suddenly spoke.

Elder Xing's eyelids twitched, feeling vaguely that something was not good.

In the corner, Emperor Xingyao and Emperor Changfeng also became nervous.

This elder Xiu is very scheming, and he was once the leader of Yedu The emperor's master.

Because of what happened to Emperor Yedu, Elder Xiu's face was damaged a lot.

He didn't speak up sooner or later, but when Elder Rui wanted to agree, he opened his mouth. I'm afraid it's not a good thing!..
