

God level 461

Chapter 461

"Elder Xiu, if you have anything to say, just say it!" Elder Xing put down the tea cup with a smile.

Elder Rui also looked at Elder Xiu curiously.

Elder Xiu stroked his slender fingers with one hand and said:"From Xiu's point of view, since the two of you cannot agree on the same opinion, you can't do anything at the moment. Decide"

"It's better to wait until the deputy city lord comes out of seclusion and let him make the decision. At that time, whatever the deputy city lord says will be whatever it is, and everything will be solved easily."

"What's more, the deputy city lord is responsible for this matter. The three of us are acting on behalf of others. If we do well, it won't matter. If we do something wrong and we are blamed by the deputy city lord, that will be fine."

"Therefore, Xiu's opinion is to suspend the distribution of rewards to Emperor Qin until the deputy city lord comes out of seclusion before distributing them!

As soon as he said this, Elder Rui's eyes lit up:"Not bad!" This is the safest!"

Elder Xing frowned slightly.

Emperor Xingyao and Emperor Changfeng also frowned.

This elder is so shady!

It will only be a month or two after the deputy city lord comes out of seclusion!

But two days later, Ziyun Secret Realm It is about to be opened.

With Emperor Qin's strength, he will definitely enter the Ziyun Secret Realm to explore.

They just hope that the benefits will be given to Emperor Qin before he enters the secret realm.

Elder Xiu's move is to If the benefits are delayed until after the secret realm is opened, it will not mean much to Emperor Qin.

If so, why do they have to spend so much thought.

It is better to just wait for the deputy city lord to come out.

With the relationship between the deputy city lord and Emperor Qin The benefits provided by Qinghai will definitely not be less.

"Elder Xiu, this is inappropriate!", Elder Xing objected

"Oh~, what's wrong?! Elder Xiu rubbed his slender fingers with a smile on his face.

Elder Xing said:"The special rewards for the top three in the century-old list this time have been distributed to the second and third place, but the first place has been delayed, which is unreasonable!"

Elder Xiu smiled:"Elder Xing makes sense." It's better to do this, we will distribute the rewards normally. For additional rewards, please wait until the deputy city leader comes out of seclusion before making a decision! Elder Rui was puzzled:"

Elder Xiu, what do you mean?....."

"I mean, the normal top reward is a wheel-level treasure. We will distribute it to Emperor Qin normally. As for the additional rewards, it will be decided by the deputy city leader after he leaves the country!

Elder Rui suddenly said:"That makes sense!""

Elder Xing is depressed.

If he does this, what's the point of summoning this meeting?

He just wants to get benefits for Emperor Qin in advance.

Wait for the deputy city lord to come out, and then give additional benefits, and he will miss the Ziyun Secret Realm.

"You two, I don't think it's appropriate! Don't forget, Emperor Qin is a special promotion! This is unique in our Tianfu planet. Even Ziwei planet has never had such a genius. Naturally, we need to take special care of him!"

The elders continued to fight.

Elder Rui nodded slightly:"This should be the case!"

Elder Xiu smiled calmly:"Elder Xing, don't forget. The extra rewards for special promotion will be given by the City Lord and Star Lord after they leave seclusion. We don't need to worry about this. Why do you have to mix it up?!"

"Well, this makes sense!" Elder Rui nodded again and again.

In the corner, Emperor Xingyao and Emperor Changfeng rolled their eyes in anger.

This elder Xiu was full of bad intentions.

He just didn't want Emperor Qin to get more benefits before entering the secret realm, and he said it eloquently..

Elder Xing looked serious.

He took a sip of the spiritual tea and said coldly: "Elder Xiu, let me tell you frankly. This time the Ziyun Secret Realm is opened, Emperor Qin should go in"

"This elder convened this meeting just to get Emperor Qin more benefits if conditions permit, so that he can get more help in the secret realm."

"This approach is called providing help in times of need. If you wait until Emperor Qin comes out of the secret realm and then give him benefits, that will be the icing on the cake."

"You said, compared with providing help in times of need or the icing on the cake, which one is more popular?"

After hearing these words, Elder Xiu smiled.

He touched his slender fingers and said with a smile: "Now that Elder Xing has spoken out, it's time for Xiu to say it clearly!"

"Everyone has seen the video data just now. Qin Huang's strength is probably at the level of the early stage of the second round. With such strength, the chance of falling in this secret realm battle is not small!"

"This is not because Xiu Mou looks down on him, but this time the secret realm is really dangerous. Even the God Emperor would fall, let alone him?"

"Besides, Emperor Qin only has the qualifications of a star master, not the strength of a star master. In this world, there have been geniuses with star masters who died before they could grow up. He also has the potential to dominate, and he became the Star Master by chance."

"Therefore, potential does not mean everything. Until he grows up, potential can only be used as a reference. We don't have to make risky investments for an uncertain future!"

As soon as these words came out, Elder Rui was persuaded again and hesitated again.

Elder Xing sneered: "Elder Xiu, there is one thing you need to figure out. People with star master potential usually have strong luck, so how can they fall so easily?"

"You have to remember that seven to eight out of ten people with such potential will eventually become Star Masters. Is this proportion still small?"

"Besides, to recruit talents, you must be willing to sacrifice and invest. If because of this incident, Emperor Qin felt chilled. After he leaves the secret realm, he turns to other main cities. Who will bear the responsibility for such a mistake? ?"

"Will you bear it? Or is Elder Rui also willing to take the responsibility?"

"ah! What a joke! I never said that!" Elder Rui shook his head repeatedly.

Elder Xiu's face also changed slightly.

If Emperor Qin turns to other main cities because of this matter, he cannot afford the consequences.

Of course, what he hopes most is that Qin Feng can die in the secret realm. inside.

But what if Qin Feng is not dead?

That would be trouble!

It seems that he still has to change his strategy!

At the moment, he smiled and said:"HaveWhether a person with master qualifications can become a star master has a great relationship with luck! Let's do this, we can give Emperor Qin extra rewards, but we can't give them away for nothing, but give him some tests."

"If he passes the test, he will be rewarded. That is his ability and his luck. There is nothing to say! If he fails the test and does not receive additional rewards, it is due to his own lack of ability, and he must have nothing to say!"

Hearing this, Elder Xing and Elder Rui looked at each other and agreed that it was feasible.

At that moment, Elder Rui asked:"Elder Xiu, what kind of test do you want? Elder

Xiu pondered for a while and said:"In order to express our sincerity, we will test it more thoroughly!" Elder Rui, if Xiu remembers correctly, there are seven reincarnation-level treasures in the treasure house, right? Elder Rui replied:"

There are seven!" However, there was one item that was designated by the city lord and could not be used. There are only six pieces that can be used!

Elder Xiu nodded:"Okay!" That's six pieces! Xiu's idea is to let Emperor Qin choose one of the six treasures first, and the same as normal rewards will be distributed first!"

"Then, we set five tests for him! If he can pass a test, he can get an additional treasure reward. If he passes all five tests, he can obtain five additional Lunhai-level treasures!"

As soon as these words came out, Elder Xing and Elder Rui were stunned.

Even Emperor Xingyao and Emperor Changfeng were surprised.

Has Elder Xiu changed his temper?

If Emperor Qin passes all the tests, wouldn't it be the same as general ? The treasure house has been emptied?

At that moment, Elder Rui panicked:"Isn't this inappropriate?"

Elder Xing also swallowed his saliva.

He hoped to do this.

Elder Xiu smiled and said:"Elder Rui, only by doing this can we express our sincerity, isn't it?"

"As for how many treasures Emperor Qin can get, it all depends on his own abilities! Of course, we have to control the difficulty of the assessment. At most, we only let him pass one level of assessment, and the rest are just decorations at most....."

"By doing this, not only do we not lose our sincerity, but we can also test whether Emperor Qin's luck is prosperous or not....."

"If he fails to pass the first level of assessment, he is a person with bad luck. Such people, even if they have Star Master qualifications, may not be able to grow into Star Masters, so we don't have to care....."

"You two, what do you think of this method?"

After hearing these words, Elder Xing and Elder Rui looked at each other and nodded slightly.

They accepted this approach.

Seeing this, Elder Xiu sneered at the corner of his mouth.

He would not let Emperor Qin take it easy. He will get extra rewards.

In this first level, he will increase the difficulty.

But he never expected that Qin Feng's performance next will make his jaw drop..

Chapter 462

A quarter of an hour later, the three elders discussed the content of the assessment.

Elder Xing frowned, feeling unhappy.

In the corner, Emperor Xingyao and Emperor Changfeng also looked strange.

That elder cultivator is too scheming.

The assessment content he designed was completely aimed at Emperor Qin, and he did not want to give Emperor Qin the chance to obtain the second treasure.

"Elder Xiu, the content of your assessment is inappropriate! This elder cannot accept it!"

Elder Xing had a sullen face and put down the tea cup in his hand.

Elder Xiu didn't take it seriously and said with a smile: "Xiu thinks it's very suitable! What's wrong?"

Elder Xing sneered: "You and I have both seen the battle videos of Emperor Qin. Emperor Qin's comprehensive strength relies on true meaning, time ability and space ability, and his combat power is not strong." "

"But the assessment you designed only tests combat prowess, which is clearly designed to target his weaknesses. I think you don't want Emperor Qin to get the second Lunhai-level treasure, right?"

Elder Xiu smiled: "No!" Elder Xing, the first test is not difficult at all! Although Emperor Qin's combat power is not high, he has a battle pet and supreme true intention, and his attack power still has a chance to increase to 200 trillion.

"As long as his attack power is raised to this level, he can break through obstacles and get rewards. Everything is simple and crude!"

"Do you dare to say that Emperor Qin has no chance at all when facing the first test?"

Elder Xing frowned at this rhetorical question.

He had seen the battle images of Emperor Qin.

After Emperor Qin and his battle pet merged, his combat power was only about 55 trillion.

With such combat power, even if there is no increase in the true meaning of the superior, it can be exerted to The attack power of 170 trillion is considered very good.

It is still a little short of 200 trillion!

The strength of the attack power has a great relationship with its own combat power.

This elder Xiu knows that Qin Feng's overall strength is equivalent to that of the early stage of the second round. , but Qin Feng's own combat power is obviously weaker than that in the early stage of the second round.

He just found this weakness to stumble Qin Feng

"Elder Xiu, are you telling lies with your eyes open? You have also seen the video materials. You and I both understand. Emperor Qin's own combat power is not high. Even if he relies on his skills, it would be good if he can exert an attack power of 170 trillion."

"Do you think he can pass your first test of 200 trillion?"

Elder Xing was very unhappy.

Elder Xiu still looked calm:"This is just attack power! The attack power of 170 trillion and 200 trillion seems to be very different. But as long as Qin Feng's own combat power increases by 10 trillion, he will definitely be able to pass this level easily."

"Besides, Emperor Qin's attack power of 170 trillion was two days ago. Two days ago, he took away a reward of 5 million Xingxi stones."

"Could it be that with the help of so many resources, he couldn't increase his combat power by 10 trillion in two days? Is this worthy of his Star Master qualifications?"

"If not, it means that his luck is not strong. If his luck is strong enough, he should make such progress. And the tests we set for him were in vain. What he can change can still be obtained, right?"

Elder Xiu spoke forcefully.

Elder Xing frowned.

Emperor Xingyao and Emperor Changfeng were also unhappy.

It is extremely difficult to increase combat power by 10 trillion in two days, even with Star Master qualifications.

What's more, Emperor Qin's Xiu Because we are at the peak of Nine Stars, we have reached a bottleneck!

This Elder Xiu is clearly trying to force others to do something difficult.

When Elder Kerui heard this, he nodded repeatedly:"Elder Xing, I think what Elder Xiu said makes sense."

"On the surface, the challenge set by Elder Xiu is very harsh, but if you think about it carefully, if Emperor Qin can pass the assessment under such harsh conditions, it means that he is a person with strong luck, and he is worthy of our cultivation in Tianmo City....."

Elder Rui expressed his opinion.

Elder Xing opened his mouth and held back what he wanted to say.

Now that Elder Rui has agreed, there is no point in him fighting anymore, the matter is a foregone conclusion.

What's more, Elder Rui's analysis also makes some sense.

If Emperor Qin is really a man of great luck, he should be able to pass the first level of assessment.

People with strong luck cannot be treated as normal, they will always be unexpected!

"so be it!"

Elder Xing was a little helpless.

He had already done what he should do. He could only pray that Qin Feng's luck would be better.

Seeing this, Elder Xiu showed a proud smile.

Then, he said: "Elder Xing, let's go together. Get up and arrange the assessment!"

Elder Xing nodded: "Okay!"

"I also went to the treasure house to make some preparations! Changfeng, come with me!"

At that moment, Elder Rui left with Emperor Changfeng.

At this moment, there was movement in Emperor Xingyao's communication jade talisman.

Qin Feng arrived at the city lord's mansion.

"Two elders, Emperor Qin has arrived and his subordinates are going to pick him up!"

"Go for it!"

Emperor Xingyao quickly resigned.

A few minutes later, he saw Qin Feng at the entrance of the city lord's mansion.

At that moment, he led the way and explained the assessment in detail.

In the corridor, Qin Feng listened after , smiled and said nothing.

This elder Xiu is really interesting!

It seems that he is very worried about the matter of Emperor Yedu!

"Why! Brother Qinhuang, this time the deputy city lord is in retreat. We wanted to get you the second wheel-level treasure, but we were blocked by Elder Xiu. We were really helpless!"

Emperor Xingyao looked guilty.

If the deputy city lord had not gone into seclusion, with Qin Feng and the deputy city lord's settlement, it would be easy to obtain the second Lunhai-level treasure.

Qin Feng smiled slightly: "Brother Xingyao, things are not going well. Not bad, at least I still have a chance. By the way, Qin also wants to thank you for your help! Otherwise, even the chance to obtain additional rewards will be delayed until after the secret realm is over!"

Qin Feng is sincerely grateful.

In order to get the maximum benefit in the secret realm, he naturally wants to get extra rewards in advance.

"Brother Qin Huang is so polite! You are the deputy city lord's friend, and we are the deputy city lord's confidants. If there is anything we can do to help, we will naturally do our best. It's a pity that things were not done well this time!"

Emperor Xingyao shook his head slightly.

The two of them walked and chatted, and the conversation was quite speculative. Qin Feng had a good impression of Emperor Xingyao.

Unconsciously, the two of them arrived at the meeting hall.

The three elders had already finished their work. Prepare.

Five small altars have been arranged above the main hall.

From left to right, the altar masks have different strengths.

The mask on the left is the weakest, which is the first test.

The mask on the right is the strongest, which is the fifth test. A heavy test.

And there is a small golden token in each altar.

At this moment, Qin Feng met with the three god emperors.

Both parties exchanged greetings with different attitudes.

Elder Xing was warm and friendly, showing appreciation without hesitation in his eyes. Elder Rui is kind and gentle, and he has a good impression of Qin Feng.

Elder Xiu also has a smile on his face, but there is a sense of alienation in his smile, giving people a feeling that he is smiling but not smiling.

"Dear friend Qinhuang, Xingyao must have told you some relevant things, right?" Elder Rui asked with a smile.

Qin Feng nodded: "Junior already knows!"

Elder Rui asked again: "Then do you have any opinions on this reward assessment?"

"no comment!"

Elder Rui was overjoyed: "That's good!" Then I will preside over this assessment. Elder Xing and Elder Xiu will judge together. Is there any problem?"

"no problem!", Qin Feng still answered simply.

Elder Rui nodded with satisfaction: "My dear friend Emperor Qin, that's great! Take this golden order first!"

He threw a golden token casually.

Qin Feng took it and saw that the token was exactly the same as the tokens in the five altars in front of him.

Elder Rui introduced: "There are six Lunhai-level treasures in our treasure house. You get it, a piece of gold. You are eligible to choose one. This first token is what you deserve."

"In addition, there are five golden orders in front of you in the five-level assessment. As long as you have the ability, you can get all five pieces. You can take away all the five wheel-level treasures in the treasure house!"

Hearing this, Qin Feng's eyes lit up and he began to look forward to it.

"My friend, do you have confidence??" Elder Rui asked with a smile.

As soon as he said this, in the corner, Emperor Xingyao and Emperor Changfeng became uneasy.

This first test requires an attack power of 200 trillion!

It was too difficult for the weak Qin Emperor.

Even Elder Xing showed worry in his eyes.

Elder Rui looked expectant.

Only Elder Xiu smiled calmly, showing an expression of watching a good show.

He didn't believe that in just two days, Emperor Qin could increase his attack power from 170 trillion to 200 trillion.

The challenge he set was to prevent Emperor Qin from taking any extra rewards.

"My friend, do you have confidence?" Elder Rui asked again

"Elder Rui, this junior has a doubt about this test.", Qin Feng suddenly said

"What doubts? Please tell me, little friend!"

"Is there a time limit for this test?"

Elder Rui was stunned.

Elder Xing and Elder Xiu also looked at each other.

They had not thought about this issue yet.

Then, the three of them discussed in a low voice.

After a while, Elder Rui said:"The three of us just discussed Now, the assessment time is limited to two days later. Two days later, the Ziyun Secret Realm will be opened, and I'm afraid the little friends won't want to stay anymore!"

"good!"Qin Feng nodded with satisfaction,"By the way, during the assessment, if I retreat for a while and adjust my breathing, that's okay, right?"

"sure!" Elder Rui nodded.

But at this moment, Elder Xing seemed to have thought of something and suddenly asked:"Little friend Emperor Qin, is there something missing from your side?"

Actually, Elder Rui and Elder Xiu also felt this way.

At this time, Emperor Xingyao suddenly thought of something and asked in surprise: "By the way, I remembered it. Dear Qin Huang, where is your battle pet? Why didn't I see you bring your battle pet over?"

As soon as these words were said, everyone suddenly realized.

That's right!

Part of Emperor Qin's combat power came from his battle pets.

If he didn't bring his battle pets, his performance would definitely be greatly affected.

Qin Feng said lightly: "It's no coincidence this time. The battle pet was just about to break through and had already entered seclusion. This time, she can't join the battle!"

"What?!"

Elder Xing's face changed drastically.

It's over now!

Emperor Qin's own fighting strength is not enough, and the chance of passing the first level of challenge is extremely small.

Now that he is fine, he has no battle pets to help him, and he will definitely not be able to pass this first level..

In the corner, Emperor Xingyao and Emperor Changfeng looked at each other, their expressions a bit ugly.

Elder Rui also secretly thought it was a pity.

Elder Xiu said: "Shi Ye! Life! Maybe, this is luck! Elder Xing, don't forget that our test this time is also related to luck. No matter what the outcome is, it is Qin Huang's little friend's luck!!"

As soon as these words were said, Elder Xing, Emperor Changfeng, and Emperor Xingyao were all a little uneasy.

Could it be that Emperor Qin's luck was bad?

Otherwise, his battle pet happened to be in seclusion!

Even Elder Rui looked disappointed. Color.

Although he is stingy, he also hopes that Tianmo City can get a decent talent.

But the Emperor Qin in front of him seems to be a little unlucky!

"Dear Qin Huang, if you want to challenge, you can start!"

At this time, Elder Xiu said with a smile.

He couldn't wait to watch the show.

"good!"

Qin Feng smiled slightly and strode towards the first assessment altar.

So confident?!

Elder Xiu was slightly startled, thinking he had made a mistake.

Elder Xing and others also felt that the atmosphere was wrong.

But before they could figure out what was going on.

Qin Feng had already walked to the altar and punched the mask directly.

Boom~!

The whole temple shook violently!

Then, there was a crisp sound!

The mask instantly shattered, revealing the golden order inside!

This time, Qin Feng did not use chaos transformation, nor did he use a battle pet.

With just one punch, he broke the light barrier!

Passed the first test! It was extremely easy!

At this moment, everyone was stunned!

Elder Xiu was even more shocked. Mouths opened wide!

The atmosphere in the hall solidified!

The place was quiet..

Chapter 463

"This...how is this possible?!"

Elder Xiu couldn't believe what he was seeing.

"Oh My God! His combat power has reached 60 trillion!"

Elder Xing and others saw the clues.

It has only been a few days!

Emperor Qin has made such rapid progress?

This is too scary!

"Hiss~! This Emperor Qin is not simple!"

Elder Rui couldn't help but take a deep breath, and looked at Qin Feng with a different look.

It seems that he had underestimated Emperor Qin just now!

To be able to make such great progress in just two days is definitely a person with great luck.!

Talent!

Absolute talent!

The more Elder Rui looked at Qin Feng, the more he admired it.

Elder Xing also secretly breathed a sigh of relief.

Sure enough!

The deputy city lord didn't make the wrong friend!

This Emperor Qin has more potential than they thought!

He raised his head He looked at Emperor Xingyao and Emperor Changfeng.

Both of them had happy faces.

The atmosphere in the venue became cheerful.

Only Elder Xiu's face was gloomy and he was no longer as calm as before.

At this moment, Qin Feng felt secretly happy.

Not only did he improve his combat power this time, but his true meaning of destruction also improved greatly. Just now, with the assistance of his true meaning of destruction, his attack power more than tripled, reaching an attack power of 200 trillion, easily crushing light. Cover.

At that moment, he happily put away the golden token.

At this point, he had two golden tokens in his hand and could choose two wheel-level treasures.

"Congratulations, little friend!" Elder Xing congratulated happily.

Two rewards of Lunhai-level treasures!

This is what he wanted to win for Qin Feng.

At first, he thought he was going to fail.

Unexpectedly, this Qin Emperor was so outstanding that he could rely on himself. With the strength, he got it easily, which made him very happy.

"Little friend Qinhuang, you are indeed good!" Elder Rui also looked pleased.

Even Elder Xiu smiled awkwardly: "Little friend Emperor Qin really opened my eyes to this elder! We in Tianmo City need talents like you!"

In fact, he was extremely depressed inside.

He tried so hard to stop it, but it couldn't hinder him at all.

This made his lungs explode with anger!

But on the surface, he still wanted to smile.

After all, Qin Feng was too qualified. Excellent, he doesn't want to offend too openly, at least on the surface he won't break his skin.

"Thank you three elders!"

Qin Feng put away the token and walked towards the second altar.

This move made everyone slightly stunned.

Elder Rui even smiled and said: "Little friend Emperor Qin, you are going to the wrong place! Aren't you going to collect the reward? Qin

Feng was stunned: "Elder Rui, I want to challenge the second test, can't I?"

"Forehead.....", Elder Rui was stunned.

He wanted to say that the next four tests were all staged and there was no way Qin Feng could pass them.

Only in the first level of assessment, they gave Qin Feng some opportunities.

Not to mention anything else, as everyone can see, the attack power Qin Feng just exploded was only about 220 trillion.

But to break the second altar's mask, at least 400 trillion or more attack power is needed.

This is almost twice as bad!

Elder Xing, Emperor Xingyao, and Emperor Changfeng also hesitated.

They also wanted to remind Qin Feng not to take this second test.

400 trillion attack power is almost the upper limit of the destructive power of the emperor in the early stage of the second round. Even the two of them cannot do it.

Both of them are in the early stage of the second round of cultivation, and their maximum attack power is more than 300 trillion.

In this assessment, weapons and attack skills are not allowed, but true intention and auxiliary skills can be used.

Therefore, they could not pass this second test, let alone Qin Feng. At this moment, the atmosphere in the field became weird.

Elder Rui wanted to persuade Qin Feng not to take the exam, but he couldn't.

If we really tell the truth, then the five-fold assessment mentioned before is equivalent to deception!

At this moment, Elder Xiu saw this scene, and a trace of ridicule flashed in his eyes.

This Emperor Qin is really arrogant!

Did he think that it would be great if he could pass the first test?

It's time to let him recognize himself and let him suffer some setbacks.

At that moment, Elder Xiu smiled and said:"Elder Rui, we set the assessment. Little friend Qin Huang passed the first level and then has to take the second level. This is a matter of course. Do you want to stop it?"

"I don't mean that!" Elder Rui shook his head slightly.

He didn't care. Elder Xing couldn't help but look at Elder

Xiangxiu and frowned slightly. This insidious guy was just trying to get in trouble and deliberately wanted to see Emperor Qin's joke.

No, he couldn't Seeing Emperor Qin make a fool of himself.

At that moment, Elder Xing smiled and said:"My dear friend Emperor Qin, to break the mask of the second assessment, it will take more than 400 trillion destructive power!"

"Thank you for reminding! I'll try!"

Before everyone could think about it, Qin Feng stepped over in one step.

Hunyuan transformed!

His combat power instantly soared to 78 trillion!

"So strong!"

Elder Xing's eyes lit up.

Elder Xiu sneered slightly.

Isn't it just transformation?

He had long known that Emperor Qin would do this.

With only 78 trillion combat power, he couldn't pass the second level.

At this moment, Qin Feng Xiang ordered Chu Chu and Bai Qi.

The Wind Stars merged together!

A majestic energy came from the Wind Stars, and their combat power soared by 81 trillion!

"Huh! Improved again!"

Elder Xiu was slightly moved, but the smile in his eyes did not diminish. The fire star merged!

Bai Qi's half of the combat power, 30 trillion combat power was transmitted.

Qin Feng's combat power instantly soared to 11.1 billion!

The true meaning of destruction - start!

Qin Feng punched the light shield in front of him!

His attack power increased by more than 3.6 times!

"Huh! Something's wrong!"

The elder Xiu's heart was beating wildly, and he suddenly felt that something was not good.

In the next moment, the sky and the earth changed color, and

Qin Feng's fist lit up with a bright light.

The destructive power of that punch instantly soared to 40 billion!

It was just the limit of the mask!

Bang~!

The temple trembled!

The ground shook!

Qin Feng still maintained his fist-pumping posture!

The mask remained unchanged!

Everyone opened their eyes wide and stared at the assessment mask!

The breathing in the venue stopped, and everyone's heart Extremely nervous.

Just now, the ultimate destructive power exploded by Qin Feng happened to reach 400 trillion.

This is also the critical point of destruction of the mask!

So is Qin Feng winning or losing?

For a moment, the wind moved lightly!

Everything remains the same!

"It seems okay!"

Elder Xiu's expression was about to relax.

Click~! Click~! Click~!

There were several breaking sounds like glass! Cracks, centered on Qin Feng's fist, extended to all directions.

Bang~!

The light mask It exploded with a bang!

The golden order appeared!

Swish~! Swish~! Swish~!

The three elders stood up from their seats one after another.

It broke!

Elder Xing was surprised!

Elder Xiu's heart and blood surged.

"how so?!"

Elder Xiu's face was extremely ugly.

At this moment, he suddenly felt a strong resentment. He quickly turned around and saw Elder Rui looking at him with a bad look.

His eyes were full of complaints!

Elder Xiu said Stunned.

Immediately, he figured it out.

Elder Rui, a miser, hated him.

Because he was the one who came up with the idea to let Emperor Qin get the third wheel sea level treasure.

According to Elder Rui's idea, give two wheel seas The super treasures made his body hurt, and three of them cost him half his life. But if he said it out, he could not take it back, so he could only blame Elder Xiu.

Elder Xiu became even more depressed.

To be honest, the three elders were all It is the early stage of the God Emperor, but the one with the highest status is Elder Rui.

He is the city lord's confidant, and he can control the treasure house only if he has the city lord's trust. He is hated by Elder Rui, and his life will not be more comfortable in the future.

"Well done, little friend Qinhuang! Ha ha!!"

Elder Xing laughed heartily.

This was completely beyond his expectation!

He originally thought it would be good for Emperor Qin to get two pieces, but he didn't expect to get three.

Qin Feng put away the golden order and looked at the third one Altar.

Elder Xing hurriedly reminded:"My friend, the third level of assessment requires 600 trillion destructive power!"

Qin Feng nodded. It seems that he can't pass the third level for the time being.

He turned to look at Elder Rui:"Elder, can I choose the reward now?"

"Can! Elder Rui said feebly, "Changfeng, take Qinhuang's little friend to the treasure house to choose!"

"yes! Elder! Brother Qinhuang, come with me!"

Emperor Changfeng's tone was respectful, and his eyes were full of respect.

He admired Qin Feng very much now.

Not only was this young man unparalleled in his alchemy skills, but he also had monstrous qualifications and was even so strong.

He even suspected that he was no longer Qin Feng's opponent.

"Sorry, Brother Changfeng!" Qin Feng smiled and nodded.

At that moment, the two of them walked out of the hall.

Seeing the two leaving, Elder Rui scolded Elder Xiu with a look of displeasure: "Elder Xiu, this is all your bad idea! You clean up the mess here! Remove these altars and so on!"

"Um...okay!" Elder Xiu's face was livid.

Elder Rui didn't give him face, so he didn't dare to say anything.

In a real fight, he was no match for Elder Rui.

Not to mention, Elder Rui's backer was stronger than him!

At that moment, Elder Xiu stood up, Preparing to remove the altars.

Elder Xing was secretly happy to see it. He picked up the teacup and took a leisurely sip of fragrant tea.

But at this moment, Qin Feng, who was walking to the exit of the hall, stopped.

He turned around and looked at Elder Rui with a surprised look on his face.

"Elder, didn't you say that before? This assessment lasts for two days. The assessment time is not over yet. Why do you want to cancel the following assessment?"

Elder Rui was stunned: "I have said that the third level of assessment requires a destructive power of 600 trillion." And your limit is 400 trillion. You can't pass this third level."

"The fourth and fifth levels that follow are more difficult, and you don't have to think about it, so are the next few assessments still necessary? Qin Feng said seriously:"

Elder, it's necessary!" I went to the treasure house to pick three treasures to improve my strength before taking on the next challenge. As long as the assessment time is not exceeded, I can continue, right?!"

Elder Rui: "....."

Elder Xiu: "....."

Elder Xing: "....."

Damn it~!

Can this still be done?!

Elder Xing rolled his eyes: "Elder Rui, what Qin Huang said makes sense! The challenge time is not over yet, his challenge authority is still there, and the remaining three challenge altars cannot be revoked!"

"This challenge time was specially discussed by the three of us. What I said cannot be changed!"

Elder Rui was speechless.

After a moment, he said helplessly: "Changfeng, then you can take Qinhuang's little friend to choose the treasure! This challenge altar will not be dismantled!"

At that moment, Emperor Changfeng took Qin Feng away.

After the two left, Elder Rui said uneasily: "Both of you, do you think Emperor Qin will pass the third assessment?"

Elder Xing smiled slightly: "It's hard to say!" Emperor Qin is a very human being!

Elder Xiu sneered: "I don't think so!" His current limit is 400 trillion, which is 200 trillion short of the third level! I don't believe that he can improve so much after getting three treasures? Elder Rui was uneasy:

I don't believe it either, but why do I feel uneasy?" correct....."

Elder Rui suddenly raised his head and looked at Elder Xiu: "This time, if Emperor Qin gets the fourth treasure, it won't be because of me being stingy. I will be in trouble, and you won't have a good life either!"

Elder Xiu was uneasy. : "How do you say this?"

Elder Rui said unhappily: "The city lord asked me to keep the treasures safe! Now there are three Lunhai-level treasures missing. If they say they are given out as rewards, that is already the limit. If there are four missing, what do you think? Will the city lord be happy?"

"If the city lord punishes you, I will definitely drag you into the water! Because it was all your bad idea!"

When the city lord was mentioned, Elder Xiu got scared and his face turned ugly.

At this time, from the corner of his eye, he saw Elder Xing snickering.

He was annoyed and said hurriedly: "What happened this time is clearly between the three of us. We did it together. Why do you only look for trouble with me and not with Elder Xing when something goes wrong?"

"Elder Xiu, are you speaking humanly?" Elder Xing rolled his eyes angrily.

"My elder's suggestion at the time was to reward two treasures and that would be it. It was you who decided to offer this kind of challenge reward, and it was you who said you would test them all, which made you appear more sincere! Now that something happened, you want to default on your debt?!"

"That's right! It's you who had the bad idea!" Elder Rui became more and more angry as he thought about it.

At that time, he was about to accept Elder Xing's opinion, but Elder Xiu stepped in.

Now it's okay, he lost his wife and lost his troops!

Elder Xiu was criticized verbally and written by two people. A fire is burning inside

"Otherwise, how about we cancel the following assessment?" Elder Xiu had another bad idea.

Elder Xing sneered: "Go back on your word! Ashamed of you being an elder!"

Elder Rui said disdainfully: "It's too late!" You have already invested so much, and now you regret it. What do you think Emperor Qin will think? What do you think the city lord will think?"

"This challenge has no choice but to continue! However, you pray that Emperor Qin will not take the fourth one. Otherwise, my life will not be easy, and it will not be easy for you!"

Hearing this, Elder Xiu swallowed and his heart sank.

Suddenly, he felt a little uneasy!

Emperor Qin couldn't really take away the fourth treasure, right?

In that case, he would really be beaten by Rui The elder hates it to death!..

Chapter 464

But on the other side, under the leadership of Emperor Changfeng, Qin Feng quickly entered the treasure house of Tianmo City.

The treasure house is divided into three floors!

The most precious items are placed on the third floor.

At this moment, Qin Feng and Emperor Changfeng were on the third floor.

Qin Feng looked around the three-story treasure house.

There are only seven treasures here, all of them are Lun Hai level.

Each treasure is stored within a special formation restriction.

Each wheel-level treasure is extremely rare.

Even the junior God Emperor doesn't have many of them.

These seven Lunhai-level treasures have been collected by Tianmo City for thousands of years. They are hard-earned!

"strangeness! Didn't it say that there are six treasures to choose from? How come I saw seven?"Qin Feng looked confused.

"Brother Qin Huang originally had seven items, but this treasure was reserved by the city lord, so he could not choose."

Emperor Changfeng pointed to the innermost treasure.

It was a purple box with a rune seal engraved on it.

The treasure should be in the box, but there was a rune seal, so his spiritual sense could not detect the things inside.

Qin Feng After taking a quick look, I stopped looking at it.

You can't choose this treasure anyway, so it's useless to look at it any more.

"Brother Qinhuang, please pick three treasures from these six and see if any of them can help you quickly improve your strength!"

Emperor Changfeng said expectantly.

To be honest, he was envious of Qin Feng's opportunity.

He has only obtained the Lunhai-level treasure once so far in his cultivation, and it was all consumed.

Qin Feng did not waste time, either. Start picking out treasures

"Huh! No way!"

After this selection, Qin Feng made a surprising discovery.

At this moment, he looked at the stone slab in the altar in amazement.

The stone slab exuded the aura of eternity and was engraved with simple talisman script.

This talisman script was an inscription formation. It is also the basis for refining weapons, and even uses it for alchemy.

Some elixirs need to be engraved with this kind of talisman and seal script.

And this kind of talisman and seal script is the most primitive text.

The text automatically generated by the Great Dao of Heaven and Earth, at the beginning It is mastered by innate gods and demons, and gradually spread to later generations.

What a pity!

This kind of writing is too difficult! Too difficult!

It is difficult for hundreds of millions of creatures to learn one ten thousandth of it, let alone learn it all.

But if you learn this kind of writing, as long as you master it One in 10,000, he will show extremely extraordinary talent in alchemy, weapon refining, and formation.

And Qin Feng currently masters one percent.

But even this one percent, he has extraordinary talents in alchemy, weapon refining, and formation. The performance in Dharma is breathtaking.

There are also rumors that it is impossible for ordinary creatures to master one percent, and only those with the potential of gods and demons have the opportunity.

Not only that, when one tenth of this kind of writing is mastered, the The syllables of these characters can be used to describe the dharma and the reincarnation of heaven and earth.

These ancient seal scripts are the essence of Tao and are extremely profound.

Not only that, they number 1 billion 8,000 characters, and it is extremely difficult to recognize them all.

At this moment, Qin Feng recognized it.

The content of the talisman engraved on the stone slab turned out to be - Nine Turns Golden Body Jue (the fourth turn).

Qin Feng was pleasantly surprised.

He had already practiced the first three turns of the Nine Turns Golden Body Jue, but he didn't expect that in I saw the fourth turn here.

My luck is really good!

"Ding! Discover the original version of the Nine-turn Golden Body Technique (Fourth Turn)....This is the only one between heaven and earth.....Can be swallowed directly, the effect is excellent....."

Qin Feng was stunned.

This thing is actually the original!

Sure enough, it is full of the aura of eternity. It is not simple at first glance!

Even more amazing, it can also be swallowed directly!

The more Qin Feng thought about it, the more magical he felt

"I want this!", Qin Feng's heart was moved.

Emperor Changfeng praised:"Brother Qin Huang, you have a good vision! This slate is very mysterious, and not many people can understand the writing on it."

"A powerful alchemist once read it, but he could only understand one-fifth of the content. He said that what was recorded on this stone tablet might be an extremely powerful physical training method."

"In a comprehensive evaluation, the value of this technique is the best among Lun Hai level treasures. It's a pity that this exercise is one of the middle ones. If you haven't practiced the previous exercises, you can't practice this one.

"In fact, even if you have the previous exercises, you still can't practice them. Not many people understand the words on this, so they can't practice!"

After hearing this, Qin Feng smiled and said nothing.

In fact, he only knew half of the talisman and seal characters on it.

Emperor Changfeng said again: "This stone slab was obtained by our city lord in an ancient secret realm. There are three in total. piece. After hundreds of years of research, she found nothing, so she put it in the treasure house, waiting for the right person!

Qin Feng's eyes lit up: "There are three pieces?"

"Here! Aren't the other two pieces just next to it?", Emperor Changfeng indicated with his eyes.

These treasures are protected by prohibitions and cannot be spied with spiritual consciousness. They can only be seen clearly when they walk to the side.

Qin Feng hurriedly walked towards the two small altars next to them.

Sure enough, each altar had a There was a stone tablet, which was the fifth and sixth turns of the Nine-turn Golden Body Jue, and they were also the original versions.

Qin Feng was overjoyed, this was just the right set, and he wanted to make a decision.

At the moment, he walked to the fourth turn of the sacrifice Beside the stage, he took out a piece of golden ling and put it into the set formation eye.

After a moment, the golden ling disappeared, and the protective mask also disappeared.

Qin Feng waved his hand, and the stone slab of the fourth revolution was obtained.

There was no mask. Isolated, the atmosphere of ancient vicissitudes on the stone slabs became stronger.

Qin Feng put away the stone slabs with satisfaction and walked towards the second altar.

Soon, he also collected the fifth turn of stone slabs.

Emperor Changfeng looked envious, and at the same time also Very confused.

Can Qin Feng quickly improve his strength if he wants these skill tablets?

At this time, Qin Feng walked to the sixth transfer skill tablet.

He took out the last golden order and prepared to lift the restriction on the altar.

At this moment , he accidentally glanced at the altar next to him.

But this glance made his heart palpitate.

Qin Feng was stunned.

The hint of luck came again!

That luck actually made him give up choosing the sixth turn. Kung Fu, choose the treasure next to it.

Could that treasure be better?

Qin Feng walked over without hesitation.

This luck hinted, This time he benefited greatly.

Soon, Qin Feng walked to the treasure and couldn't help being stunned.

That treasure is a blue spiritual fruit, exuding strong thunder energy.

"Ding! Discover the Thunder Spirit Fruit (Lunhai level boutique).....This spiritual fruit has grown for 1 billion years and reached perfection.....After swallowing, 100% of the true meaning of thunder will be obtained (ordinary level true meaning)....."

"this.....", Qin Feng was confused.

Although this spiritual fruit is not low in grade, its effects are very limited!

Eating it can only make people realize the true meaning of thunder.

The true meaning of thunder is the most basic true meaning in the thunder system, and it is also the weakest.

This increase in Qin Feng's combat power is very limited!

In fact, the only advantage of this spiritual fruit is its 100% success rate.

In addition, its value cannot match the Lun Hai level treasure.

No matter how Qin Feng looked at it, he felt that it was not as good as the Sixth Transformation Technique.

How strange!

Why does luck prompt you to choose it?

"Brother Qinhuang, why don't you want the last skill slate? You don't want to choose this thunder-shaking spirit fruit, right? I advise you not to choose!"

Emperor Changfeng came over to persuade.

Qin Feng was surprised:"Why not choose? Emperor Changfeng explained:"Because its value is the lowest among the six treasures, if you choose it, you will suffer a loss." I suggest you choose the last skill slate!"

"I thought about it and chose it."

Qin Feng raised the corner of his mouth slightly, took out the last piece of gold token, and inserted it into the formation eye.

"What are you.....", Emperor Changfeng was speechless.

Is this little brother Qin Huang dizzy?

Apart from the success rate, the value of this thunder spirit fruit is not as good as some emperor-level treasures!

Why would he choose spiritual fruit!

Click~!

With a soft sound, the golden order disappeared and the ban was lifted.

Qin Feng took the spirit fruit in his hand

"Hey~! Brother Qinhuang, I'm not talking about you! This Thunder Spirit Fruit is really the worst among many treasures. You have wasted an opportunity!"

Emperor Changfeng had a look of regret.

He felt heartbroken for Qin Feng's choice.

Qin Feng smiled slightly: "Brother Changfeng, some things seem ordinary, but in fact they have infinite uses. Besides, if I get all the remaining treasures"

"Is there any difference between which of these treasures is bad and which is good? Anyway, the total value remains unchanged. I just changed the order of getting the treasure first....."

When Emperor Changfeng heard this, he felt that this was quite reasonable.

But then, he shook his head slightly.

Although the words are reasonable, Qin Feng needs to have the strength to pass all levels.

Qin Feng barely passed the second level.

The third, fourth, and fifth levels will be more difficult.

He didn't believe that Qin Feng could win them all.

However, he didn't want to talk anymore.

Qin Feng has already made his choice and cannot change it.

Now that the deal is done, let's just go with the flow!

Emperor Changfeng sighed in his heart.

He was very optimistic about Qin Feng, but he felt sorry for Qin Feng's choice this time.

"Brother Changfeng, do you have a secret cultivation room? I want to refine this spiritual fruit!"

"Yes, I have! You follow me!"

At that moment, the two people left the treasure house.

After a while, Emperor Changfeng arranged the best secret room for Qin Feng to practice.

There was a spirit gathering array in the secret room, so that the concentration of vitality gathered inside was dozens of times that of the outside world..

In addition, the barrier in the secret room is also of the highest level, which can prevent the spiritual exploration of the powerful in the early stage of the God Emperor.

Emperor Changfeng also deliberately arranged it this way.

He did not want Elder Xiu to spy on Qin Feng's details.

That guy can He had no good intentions.

After doing this, Emperor Changfeng was still helping to protect the law at the door of the secret room.

Qin Feng silently remembered this favor.

A few minutes later, in the secret room,

Qin Feng was in a good mood.

As soon as he waved, something appeared in front of him. An ancient stone slab.....

The next second, he swallowed it in one gulp....

"Ding! The original version of the Devouring Nine Turns Golden Body Technique (Fourth Turn) was successful... Obtained the fourth turn technique.....Cultivation is starting.....

At this moment, the massive amount of Yuan Power stored in Qin Feng's small universe was put to use...

Those Yuan Powers automatically poured out and poured into Qin Feng's body, and the Nine-turn Golden Body automatically cultivated.....

Qin Feng's momentum continued to surge, and his body emitted a dazzling golden light...

The energy consumed by the small universe also actively absorbed external energy to replenish itself under the influence of the endless true meaning.....

In the blink of an eye, a huge energy black hole formed around Qin Feng...

At this moment, the speed at which he absorbed energy was comparable to that of a top-grade master.....

"Ding! Congratulations to the host, the fourth turn of the Nine Turns Golden Body Technique has been completed.....Physical body greatly strengthened.....Combat power increased by 6 trillion....."

For a full quarter of an hour, Qin Feng's whole body glowed with golden light, and the turbulent momentum spread to all directions.....

His fourth transfer is completed!

At this moment, countless talisman and seal text messages poured into the depths of his soul...

Qin Feng's spirit was shocked, as if a spiritual light had opened in his mind, and he gained a lot of insights in an instant.....

"Ding! The original version of the Devouring Nine Turns Golden Body Technique (Fourth Turn) was successful...the number of talismans mastered increased...alchemy, weapon refining, and formation techniques were greatly improved.....

"It can still be like this!"

Qin Feng was pleasantly surprised.

It turned out that devouring the original version allowed him to quickly master some ancient talisman and seal scripts.

Such benefits are subtle! It will definitely be of great use in the future.

Not only that, Qin Feng feels that his understanding of the world has become more thorough, which improved his understanding.

This skill tablet is definitely a good thing!

Qin Feng took the second skill tablet and swallowed it.....

"Ding! Congratulations to the host, the fifth turn of the Nine Turns Golden Body Technique has been completed.....Physical body greatly strengthened.....Combat power increased by 8 trillion....."

"Ding! The original version of Devouring the Nine-turn Golden Body Technique (fifth turn) was successful...the number of talismans mastered increased...alchemy, weapon refining, and formation skills were greatly improved....."

After a quarter of an hour, Qin Feng opened his eyes happily.

This Nine-turn Golden Body Technique is indeed stronger with each turn.

The fifth turn gave him an even greater increase in combat power.

Today, Qin Feng's combat power has increased to 74 trillion.

In addition, his alchemy, weapon refining, and formation skills have also improved a lot.

Qin Feng was very satisfied and looked forward to getting the sixth turn slate.

The sixth turn should bring more benefits.

After doing this, Qin Feng took out the Shock Spirit Fruit.

He was also confused about the hint of luck.

However, being protected by luck is by no means a bad thing.....

Qin Feng opened his mouth and swallowed the spirit fruit.....

"Ding! Devouring Thunder Spirit Fruit (1 billion years) successfully.....Understand the true meaning of thunder (ordinary level).....Combat power increased by 1.5 trillion....."

"Ding! Devouring Thunder Spirit Fruit (1 billion years) successfully.....Perception of true meaning of destruction increased to 95%.....Combat power increased by 2.5 trillion.....Combat power increased by 4 times...."

"Ding! It is detected that the host has realized the true meaning of the nine elements of metal, wood, water, fire, earth, wind, thunder, light and darkness... The nine elements are complete... Chaos transformation automatically advances....."

"Ding! Congratulations to the host, Chaos Transformation (Emperor Level) has advanced to Chaos Transformation (God Emperor Level)... After transformation, combat power increases by 50%....."

"Ha ha!! This is so!"

Qin Feng was overjoyed.

It turned out that as long as he understood the true meaning of the nine elements, he could trigger the advancement of Chaos Transformation.

In the past, when he used Chaos Transformation, his combat power only increased by 30%.

But now, he can increase it by 50%..

This is simply a qualitative leap!

In addition, his combat power has also increased to 78 trillion.

Qin Feng stood up happily.

He looked at the time. It took half an hour. It was time to challenge the third level. The test was passed.

Whether you can obtain the sixth turn of the Nine Turns Golden Body Technique depends on this challenge.

At that moment, Qin Feng walked out of the secret room with a confident look on his face..

Chapter 465

After Qin Feng came out, Emperor Changfeng was a little surprised

"Brother Qinhuang, did you refine the Thunder Spirit Fruit so quickly?

Qin Feng smiled slightly:"Yeah!" Refined! Let's go!"

At the moment, the two of them went to the meeting hall one after another.

After a while, the two returned to the hall.

"Dear Qin Huang, have you gained anything?" Elder Xing asked with a smile while sipping the spiritual tea.

"Thank you for your concern, elder. My harvest is pretty good! After all, I got three treasures, all of which are exquisite....."

Qin Feng answered truthfully.

He is in a good mood now.

Elder Rui's mouth twitched, feeling extremely distressed.

Hey~!

Three treasures!

Give away one more piece for free!

That is Tianmo City's hard work!

Elder Rui glanced at Elder Xiu angrily.

If this guy wasn't so troubled, how could this happen?

Elder Xiu felt Elder Rui's gaze and felt depressed.

It hasn't started yet!

This miser resents himself again!

This made him inexplicably irritable!

"My dear friend Qinhuang, now that you have gained something, can this fourth level of assessment begin?"

Elder Xiu couldn't help but urge.

He was really upset and didn't want to stay any longer. He originally planned to let Qin Feng not get a single treasure, but he didn't want Qin Feng to get two in a row.

This was equivalent to helping Emperor Qin. , allowing Emperor Qin to obtain excessive benefits.

This matter made him feel so aggrieved. After doing it for a long time, he was already rushing to give him a treasure!

He really didn't want to stay for one more second.

It was a kind of torture. , a kind of torture of looking directly at his own stupidity.

Therefore, he wanted Qin Feng to end it as soon as possible, and everyone dispersed in a hurry, not wanting to be upset anymore!

Qin Feng saw Elder Xiu's thoughts, and the corners of his mouth curled up slightly.

He was too lazy to say more, Slowly walked towards the third altar.

Suddenly, the whole place was quiet.

Everyone's eyes fell on him.

The atmosphere in the place suddenly became tense!

Elder Xing, Emperor Changfeng, and Emperor Xingyao all watched nervously..

They hope Qin Feng can create another miracle!

Elder Xiu rubbed his slender fingers anxiously, looking a little impatient.

"Elder Xiu, do you think Emperor Qin will take away the fourth treasure?"

Elder Xiu's voice sounded in Elder Rui's ears.

His tone was a little uneasy.

"Ah! Elder Rui, do you think it is possible? Only half an hour had passed since Emperor Qin left and returned. How could he increase his attack power from 400 trillion to 600 trillion so quickly?"

Elder Xiu didn't care and didn't even bother to explain.

"Well, that makes sense! But this Emperor Qin is a man of great luck, so we cannot judge based on common sense! If he takes away another treasure, I really won't be able to report to the city lord! When the time comes, you won't have it easy either!"

Elder Rui was talking nonchalantly.

Elder Xiu was really annoyed. This miser was holding on to him today.

At that moment, he sent a message: "Ha! Elder Rui, you think too highly of Emperor Qin! He is a small nine-star peak, even if he has just obtained three treasures, he will not improve so quickly!"

"If you don't believe it, just watch carefully! If he can pass the third assessment, I will be responsible for everything by myself. If the city lord has any blame, just let her blame me!!"

Elder Xiu finished the message irritably!

He didn't want to be entangled anymore.

Elder Rui sneered and said: "This is what you said! Don't deny it then!"

Elder Xiu didn't take it seriously: "That's right!" I'm right! Is it possible that you really think Emperor Qin can pass?"

As soon as these words fell, a sudden change occurred in the field.

I saw that Qin Feng had already walked to the third altar.

Chaos transformation (god emperor level)!

The true meaning of the nine systems is blended into one, with heaven and earth as the basis, and the sun and moon as the basis. Body!

In an instant, the sun, moon, stars, sky, and the illusion of the universe appeared behind Qin Feng.

His body surged, and the breath of nine elements surrounded his body, like nine divine lights, and his momentum soared from 78 trillion to 11.7 billion in an instant!

"This is....."

Everyone opened their eyes wide.

The wind and stars are in perfect harmony - Chu Chu returns to his throne!

The combat power soared to 120 trillion!

The Fire Stars merged - Bai Qi returned to his original position!

The combat power soared to 150 trillion!

Boom~Long~Long~!

A punch blasted out!

The turbulent weather is mighty!

The true meaning of destruction is increased fourfold!

In an instant, the attack power of that punch increased to 600 trillion!

Just met the mark!

"Oh My God!"

"not good!"

The three elders all stood up in shock!

Click~!

There was a shocking sound!

The light shield cracked and the starlight shattered!

The golden token emerged!

Qin Feng passed the third test!

The third token was obtained!

Elder Xiu opened his mouth Zhang De, the boss, fell down on the chair, feeling cold in his heart.

Elder Rui was even more confused!

Damn~!

The fourth treasure is gone!

Hiss~!

Emperor Xingyao, Emperor Changfeng, and Elder Xing all took deep breaths. In one breath.

The eyes of the three people looking at Qin Feng changed

, especially Emperor Xingyao and Emperor Changfeng!

The eyes of the two people looking at Qin Feng became awe-inspiring.

I am afraid that they are no longer Qin Huang's opponents.

"Brother Changfeng, take me to the treasure house!", Qin Feng smiled and put away the token

"Brother Qinhuang, come with me!"

Emperor Changfeng respectfully led the way.

The two turned and left.

"Qin...Qinhuang, little friend, you...where are you going?" Elder Rui was a little frightened.

Qin Feng said calmly: "I will go to the treasure house to get a treasure, and then I will break the fourth challenge!"

"ah....."

Everyone had strange expressions on their faces.

If Qin Feng said this before, they wouldn't believe it at all, and even thought it was a joke.

But now, they dare not doubt it.

This Qin Emperor continued to create miracles.

If this continues, there is no guarantee that the treasures in the treasury will not be wiped out by Emperor Qin!

Elder Rui's heart trembled at this thought!

He opened his mouth, but after all he didn't have the nerve to say some words.

Then, he looked at Elder Xiu with a cold expression.

At the same time, he sent a message to Elder Xiu

"You just said it yourself, Emperor Qin took away the fourth treasure, and you will be responsible for everything this time! If Emperor Qin takes away the remaining two treasures and the treasure house is emptied, you are responsible for explaining it to the city lord!"

Hearing this, Elder Xiu's face became extremely ugly!

He didn't expect that one action today would put him in such a predicament.

He didn't want to be blamed by the city lord, he still wanted to stay in Tianmo City.

At that moment, he closed his eyes, He seemed to be deep in thought.

After a moment, he seemed to have made up his mind and stood up slowly.

"Dear Qin Huang, this elder wants to make a deal with you. Are you interested?"

Elder Xiu spoke slowly.

Everyone was wondering, is this old and cunning guy trying to cause trouble again?

Qin Feng smiled slightly:"Elder Xiu, I'm sorry! I have no interest!"

When he was retorted by these words, Elder Xiu's face turned blue and white, and he was a little embarrassed.

But now that he had someone to ask for, it was not easy for him to get angry.

At that moment, he laughed dryly and said: "Haha! Dear Qin Huang, it doesn't matter if you are not interested. Do you want to hear the contents of this elder's transaction first?"

Qin Feng nodded slightly: "It doesn't hurt to listen!" Elder, please speak!"

"good!"

As soon as Elder Xiu waved his hand, three treasures appeared in front of him.

A simple jade talisman, a true meaning divine seal, and a flaming red divine sword.

Qin Feng was quickly attracted by the true meaning divine seal.

It was actually the supreme level. The Supreme True Meaning Seal.

The Supreme True Meaning Seal has a price but no market!

No one sells it on the market.

Even in the main city like Tianmo City, there is no one for sale.

Later, Yu Qilin inquired in many ways and found out that the Supreme True Meaning Divine Seal was for sale. The seal is a wheel-level treasure.

After many people get it, they either keep it for themselves or treat it as a family heirloom.

There is a rule in this world. If you want to become a god emperor, your true meaning must be raised to the supreme level, otherwise you will not be qualified.

All, even if The Supreme True Meaning Seal appears on the market, and it will also be bought by those second-level masters.

The value of the Supreme True Meaning Seal is much higher than the ordinary and top-level ones. It is a genuine Lunhai-level treasure!

Qin Feng After coming to Tianfu Star for so long, he searched for the supreme True Meaning Divine Seal, but could not find one.

Unexpectedly, he saw it in the hands of Elder Xiu today.

What's more important is that this True Meaning Divine Seal actually destroys the True Meaning!

Destroy the True Meaning.!

This suits him so well!

If he swallows it, he will definitely be able to awaken his true meaning of destruction to 100% and condense his first true meaning divine seal.

Then he can break through to the Great Emperor!

Simply put, this divine seal The improvement in Yin's own strength is much greater than that of the sixth turn of the Nine Turns Golden Body Technique.

Thinking of this, a strange light flashed across Qin Feng's eyes!..

Chapter 466

At this time, Elder Xiu said:"My dear friend Emperor Qin, I have three Lunhai-level treasures here. I want to exchange them for the golden token in your hand. Are you willing?" As soon as these words came out, everyone was stunned.

No way?

This cultivator wants to sacrifice his own interests to protect the treasures in the treasure house?

This surprised everyone.

Elder Rui also glanced at Elder Xiu in surprise.

It seems that what he just said made Elder Xiu feel pressured.

He also didn't want to be punished by the city lord.

What's more, the three Lunhai-level treasures that Elder Xiu took out were all beyond the reach of Elder Xiu himself.

To others it is a rare treasure, but to Elder Xiu it is worthless.

But this kind of prevention is just like drinking poison to quench thirst. Is it really effective?

Elder Rui looked on silently

"Dear Qin Huang, are you willing to exchange?" Elder Xiu asked with a smile.

"Feel sorry! Not interested in!"

"Why?"

"Although Elder Xiu's treasures are good, there are treasures in the treasure house that I like. Now I am even more eager to get the treasure from the treasure house!"

Qin Feng is trying to catch.

In fact, he wants the Divine Seal of Destruction more.

Elder Xiu frowned: "Little friend Emperor Qin, if this elder is not mistaken, you have understood the true meaning of destruction. This is the most important thing to destroy the Divine Seal of True Intention. Suitable for you, don't you need it?"

"There is also this jade talisman, which records a lost ancient secret technique, which is wonderful."

And this nameless divine sword was obtained by me from an ancient secret realm. It is extremely powerful, but unfortunately it does not match my attributes."

"My friend, these three items are top-quality treasures. Aren't you willing to change them? Qin

Feng smiled slightly: "To be honest, you have these three treasures." I only like the true meaning of the divine seal. But I also feel that it is not cost-effective to exchange my gold token for any piece of True Meaning Seal!"

"With my talent and understanding, even without the help of this divine seal, it doesn't take long for me to fully comprehend the true meaning of destruction."

Hearing this, Elder Xiu frowned slightly.

He knew that Qin Feng was telling the truth.

With Qin Feng's understanding, he could quickly condense the God of Destruction without having to understand other divine seals.

"Dear Qin Huang, what do you mean?...."

"That Divine Seal of Destruction and some more treasures... I will replace it!"

"this.....Little friend, what else do you want? What do you think! However, there is something to say before. If you want a golden token in exchange for two wheel-level treasures, that won't work!"

You don't need to be reminded by Elder Xiu to say this, Qin Feng also knows that it is impossible.

Qin Feng smiled slightly: "I don't need anything else. As long as Elder Xiu adds ten other true meaning divine seals, regardless of attribute or level. Elder

Xiu was curious: "Why do you want so many true meaning seals?"

Qin Feng said calmly: "You don't need to ask more about this. I have my own uses. As long as you can do it, I will trade!"

"good!"

Elder Xiu readily agreed.

Ordinary true meaning and top-level true meaning divine seals are not difficult to find.

At that moment, he took out three true meaning divine seals from the storage ring, two ordinary-level ones, and one top-level true meaning seal.

"You two, do you have the divine seal of true meaning on your body? I bought it!"

Elder Xiu looked at Elder Xing and Elder Rui again.

"And you two!"

Elder Xiu even spared Emperor Changfeng and Emperor Xingyao.

All the elders looked at each other and silently took out a few pieces of the True Meaning Seals.

Although the True Meaning Seals are black goods and are officially prohibited from trading, who has them on them? Don't hide anything private.

Soon, Elder Xing took out two top-level true meaning divine seals.

"Elder Xiu, the price of this top-notch true meaning divine seal seems to have increased in the market!" Elder Xing said with a smile

"snort! Your money will not be short!"

Elder Xiu was a little unhappy and threw away a storage ring, which contained the Xingxi Stone for purchasing the True Meaning Seal.

Then, Elder Rui and the other three also took out their own inventory.

Elder Xiu paid for it and collected ten yuan. , a total of 7 top-level and 3 ordinary-level.

Elder Xiu felt a little hurt when he saw it.

These guys seemed to have given him top-level divine seals on purpose.

This was obviously to give Emperor Qin an advantage.

He also spent a lot of Xingxi Stones.

However, the total value of these 10 divine seals is not enough to be one-fifth of the supreme true meaning divine seal.

"Everything is ready! take it!"

Elder Xiu waved his hand, and one piece of the True Meaning Seal of Destruction, plus 10 other divine seals, flew over.

Qin Feng waved his hand and accepted them all.

This time, the harvest is good!

He will have a big breakthrough soon!

Then, he will The golden token was thrown over. As soon as

Elder Xiu caught the golden token, he secretly breathed a sigh of relief.

Then, he smiled again and said:"Little friend Emperor Qin, do we want to play another game?"

"what game?"

Qin Feng was curious, what is this guy up to?

Elder Xiu smiled and said:"This golden token and these two treasures are all taken out as assessment rewards. In this way, the assessment challenges will be increased by three"

"Of course, the rules of this assessment have to be slightly changed! Could you be willing to try it?"

As soon as he said this, everyone was surprised.

The elder Xiu actually took out his treasure to increase the assessment reward.

What was he trying to do?

Qin Feng's eyes lit up and he became interested.

"It's interesting. I hope Elder Xiu can elaborate on it...."

"good!"

Elder Xiu immediately spoke in detail.

After he finished speaking, everyone showed strange looks on their faces.

This guy really has no good intentions!

He used two treasures and a gold token as bait to increase the difficulty of the assessment.

For example, originally In the fourth level of assessment, the attack power can reach 800 trillion.

He has now adjusted it to 1,000 trillion.

The fifth level was originally 1,000 trillion, but was adjusted to 1,200 trillion.

Then, he combined his two treasures and A gold token is regarded as the sixth, seventh, and eighth tests, and the difficulty increases accordingly.

In addition, the challenge time is compressed to one hour to complete.

Once the time is up, the challenge ends!

Anyone with a discerning eye can see that, Xiu The elder didn't want Qin Feng to get any more treasures.

So, he took out three treasures to tempt.

Sometimes, greed can make people lose their rationality and judgment.

Elder Xiu was full of expectations, but he was still nervous.

He was worried that Qin Feng would not Agree.

Elder Rui was thoughtful.

He thought Elder Xiu's idea was quite good.

If Qin Feng could agree, he might be able to keep the remaining treasures.

In that case, Elder Xiu would have fulfilled his previous promise and he would have nothing to lose.

The only difficulty with this move is: Will Qin Feng agree?

Elder Rui is very worried.

After all, this matter is not good for Qin Feng...

Elder Xing and others also watched curiously.

Qin Feng looked thoughtful.

In fact, his heart has long been filled with joy.

This elder cultivator underestimates himself!

"My friend, do you agree?" Elder Xiu asked again.

He had a smile on his face, but he was very nervous in his heart.

"Elder Xiu, your game is very detrimental to me! Feel sorry! I disagree!"

Qin Feng refused.

Elder Xiu hurriedly said: "Little friend, although it is difficult, you also have many opportunities!"
Qin

Feng sneered:"But you compressed the challenge time from 2 days to 1 hour. I don't even have enough time to improve. What's the use of having too many opportunities?" unless....."

"Unless what?" Elder Xiu's eyes lit up,"My little friend, if you have something to say, say it directly!"

"Unless you give me 500,000 Xingxi stones, I will agree!"

"Give you 500,000?" Elder Xiu was stunned.

Even if he is the God Emperor, his total assets are only 700,000 to 800,000 Xingxi stones.

If he were to take out 500,000 at once, most of his wealth would be gone.

Elder Xiu said depressedly:" My friend, what does giving you 500,000 Xingxi stones have to do with accepting the challenge? Qin Feng's lips curled up slightly:"

Elder Xiu, the new challenge you set is too difficult." My chances of success were slim. Why should I agree if the stakes are so high?"

"It is better to follow the previous rules and get another treasure safely. Is it cheaper to start?!"

As soon as he said this, Elder Xing quickly agreed.

"good! This makes sense! It's better to take such a risk than to play it safe! Dear Qin Huang, I suggest you not to agree!"

Hearing this, Elder Xiu glanced at Elder Xing angrily.

This guy always ruins his own good deeds.

"My friend, what do you mean?" Elder Xiu was helpless.

Qin Feng didn't fall into the trap, so he had to be humble.

"What I mean is very simple. If you give me 500,000 Xingshi stones, I will take the risk. Even if I lose, I have already obtained 500,000 Xingxi Stones, so it's not too much of a loss!"

Qin Feng continues to cheat money

"this....", Elder Xiu hesitated.

After a while, he shook his head: "500,000 is too much, and I think it's not worth it. Why not, 300,000! This is my bottom line!"

"good! 300,000 is 300,000!"

I didn't want to, but Qin Feng agreed readily.

Elder Xiu was afraid that he would regret it, so he quickly took out a storage ring and threw it away.

Qin Feng took it and saw that it was indeed 300,000 Xingxi stones, and he was immediately relieved.

Elder Xiu saw it He looked happy, but his face was aching.

Even Elder Rui and Elder Xing on the side felt a little painful.

300,000 Xingxi Stones!

This is not a small amount!

"Elder Xiu, thank you very much! Just wait a moment and I'll come back to challenge you!"

"good! Remember, you only have one hour to challenge, if you are delayed, you are responsible for it!"

"Know!"

After saying this, Qin Feng turned and left.

Emperor Changfeng followed him.

He wanted to consume all the divine seals before challenging again.

Looking at Qin Feng's leaving back, Elder Xiu breathed a sigh of relief.

But then, He felt that something was wrong.

By the way, I was obviously just here to be a referee!

How could it be that now, I gave out treasures and money, and asked Emperor Qin.

In the end, I didn't get any benefits!

Elder Xiu suddenly had I feel like I've been taken advantage of, and I feel weird in my heart.....

After a while, Qin Feng returned to the previous secret training room.

Emperor Changfeng was protecting the law at the door.

In the secret room, Qin Feng happily took out the Divine Seal of Destruction and couldn't wait to swallow it.....

"Ding! Successfully swallowed and destroyed the true meaning of the divine seal... The perception of the true meaning of destruction was increased to 100%.....Combat power greatly increased....."

"Ding! Congratulations to the host for condensing the Divine Seal of Destruction. Level: Unparalleled...All attacks are increased five times....."

"Ding! The true meaning of destruction and the true meaning of Fire Pole Star (the true meaning of killing) are automatically merging....."

At this moment, Qin Feng and Bai Qi sensed it at the same time.

The two of them entered a mysterious state at the same time.

The true meanings of both parties blended into each other through the medium of the Fire Pole Star...

After a moment, the two supreme true meanings merged perfectly.....

"Ding! Congratulations to the host, your true meaning of destruction and true meaning of killing have been successfully integrated.....Promoted to the highest true meaning - the true meaning of enlightenment....."

Open Heavenly Intent: At the highest level, all attacks are increased tenfold and can cut off all spaces.....

"Ding! Congratulations to the host for the reorganization of the divine seal and the re-unification of the supreme true meaning divine seal - the Kaitian divine seal....."

"Ding! Congratulations to the host for the sudden increase in combat power to 130 trillion....."

At this moment, Qin Feng clearly sensed that his Kaitian Divine Seal was not within the Divine Sea of Consciousness, but was hidden in the core of the Fire Pole Star.

This is different from other elemental masters.

The true divine seals of other elemental masters are within the sea of consciousness of the Divine Court, even the Divine Emperor is the same.

"Ding! Congratulations to the host, your Xingji follower - Bai Qi, whose true meaning seal has been reorganized and evolved into the supreme true meaning seal - the Kaitian divine seal....."

"Ding! Congratulations to the host, your star follower - Bai Qi, has increased its combat power to 100 trillion....."

Qin Feng was pleasantly surprised.

Bai Qi's True Meaning Divine Seal has also evolved into the Open Heaven Divine Seal, and his combat power has skyrocketed from 60 trillion to 100 trillion.

This Kaitian Divine Seal is really extraordinary!

"Ding! It is detected that the host has condensed the true meaning seal.....Reward Unicron's foundation-building method—Cosmic Foundation-Building Method....."

The next second, a huge amount of information poured into my mind.

Gradually, Qin Feng's face showed a look of ecstasy.

His path to foundation building is completely different from that of ordinary elemental masters. It is not at the same level at all..

Chapter 467

The foundation building of an ordinary great emperor is the foundation building of the elemental origin. The nine-star elemental origin that he cultivates and the true meaning seal are fused to build the foundation of the great emperor.

The grade of the True Meaning Divine Seal greatly affects the quality of foundation building.

Ordinary true meaning divine seal foundation building is a low-grade foundation building.

The top-level true meaning divine seal foundation building is a mid-level foundation building.

The Supreme True Meaning Divine Seal Foundation Building is a top-grade foundation building.

There is also the supreme divine seal foundation building.

This kind of super-level foundation building is far stronger than the same level. It is invisible among the God Emperors and is extremely rare even among the Lords.

But now, Bai Qi has evolved into the supreme divine seal foundation.

Therefore, his combat power skyrocketed to 100 trillion, reaching the second-round combat power threshold.

In fact, he has the boost of Kaitian Divine Seal, which makes his attack power even more terrifying.

Ordinary people in the early stage of the second round may not necessarily be his opponent.

This is the benefit of super-grade foundation building!

Qin Feng's foundation for the Emperor of the Universe uses the four polar stars of earth, fire, water, and wind as the true divine seal, and the energy of chaos as the emperor's origin. They are completely integrated to build the foundation of the universe, which is also the foundation of his Emperor..

Today, Qin Feng's small universe is not a real universe.

Only when he completes the foundation building will the development be considered complete.

In short, Qin Feng's cultivation is different from ordinary people, and the benefits he obtains are unimaginable by ordinary people.

To complete the foundation building of the universe, he needs to condense four supreme divine seals and at the same time transform the universe into a 100%.....

Now, the Supreme Divine Seal of the Fire Pole Star has been completed, but there are still three pole stars that have not yet been completed.

Thinking of this, Qin Feng waved his hand, and 300,000 Xingtide stones appeared.....

He opened his mouth and sucked it all in.....

"Ding! Successfully swallowed the Xingtide Stone...the transformation of the small universe to Hongmeng increased to 11%....Combat strength has been greatly improved....."

Next, Qin Feng had an exchange with Chu Chu and asked her to enter the star-studded state...

Then, he took out the ten true meaning seals and swallowed them all....

"Ding! Successfully swallowed the Divine Seal of True Meaning (7 top-level pieces, 3 ordinary-level pieces)....."

"Ding! Congratulations to the host, the perception of the eternal true meaning (supreme level) has been increased to 95%....Greatly increased combat power....

"Ding! Congratulations to the host, the perception of the true meaning of Liangyi (supreme level) has been raised to 78%.....Greatly increased combat power,.....

"Ding! Congratulations to the host, the true meaning of the blast (top level) has been raised to 26%.....Greatly increased combat power,.....

"Ding! Congratulations to the host, the perception of the true meaning of thunder (ordinary level) has been increased to 34%.....Greatly increased combat power,.....

"Ding! Congratulations to the host, your wind star follower (Chu Chu), the true meaning of time has been raised to 100%....Condensing the true meaning of the years and the divine seal...the combat power is increased to 10 trillion....."

Qin Feng opened his eyes happily.

His combat power increased to 140 trillion.

Chu Chu has also increased to 10 trillion, and has condensed the true meaning of the divine seal.

What a huge profit this time!

Elder Xiu is simply his lucky star

"Brother, I have condensed the Divine Seal of True Meaning, and I can build the foundation at any time!"

Qin Feng's mind echoed with Chu Chu's excited voice.

"Chu Chu, you should start building the foundation now!"

"ah? Brother, don't you still want to challenge? Don't you want me to help you?", Chu Chu was surprised

"No! My strength is enough now! You hurry up and build your foundation now. Once you enter the Ziyun Secret Realm, there will be room for you to show off!"

"oh..", Chu Chu is very well-behaved.

But she was still worried and said through the message: "Brother, my foundation building is only for two or three months, and the outside world will take four or five days. Won't it delay you?"

"Will not! You go into retreat!"

"Brother, then I will retreat!"

Chu Chu hesitated for a moment, but listened to Qin Feng's words and started to build the foundation.

The small universe suddenly changed again.

A huge foundation building cloud also appeared on Fengji Star.

This made Yu Qilin and Luo Li envious.

After handling these trivial matters, Qin Feng walked out of the secret room with confidence.....

At the same time, above the main hall.

Elder Xiu has already arranged the assessment mask.

He looked at the five protective light shields in front of him and showed a satisfied smile.

Of these five masks, the one with the weakest defense requires an attack power of 1,000 trillion to break through.

And the strongest one requires 2000 trillion attack power to break!

"Elder Xiu, you are very thoughtful!" Elder Xing sneered.

These light masks in front of him have a minimum attack power of 1000 trillion, and Qin Feng's road to obtain the treasure will come to an end.

Elder Xing was a little regretful.

Elder Xiu said proudly:"Little friend Emperor Qin himself has I agree, why do you need to say more?"

The implication of this is that Elder Xing is too nosy.

"hehe! Elder Xiu, it seems you are very confident!" Elder Xing put down the tea cup in his hand

"Speaking of self-confidence, it's almost the same. Anyway, it's just a matter of passing the scene. Don't you really think that Emperor Qin can successfully challenge him? If Emperor Qin had confidence, he would not ask for 300,000 Xingxi stones!"

The corners of Elder Xiu's mouth raised slightly.

He still has this bit of confidence.

Elder Rui also agreed: "That's right! However, since we have agreed to this, we still have to live with the situation. To be honest, I hope it ends as soon as possible. The loss today is quite big!"

Elder Rui looked at Elder Xiu again and smiled bitterly.

Although Elder Xiu was responsible for the incident, Elder Xiu's loss was not small!

When Elder Xing saw this, he tasted the spiritual tea in silence.

He also felt that Qin Feng was here That's it.

After all, where is Qin Feng's strength? It's impossible to pass the test again.

Just now, the attack power limit shown by Qin Feng was 600 trillion.

This is far from the weakest 1000 trillion. 400 trillion.

However, Qin Feng's gains have exceeded imagination.

He is already the biggest winner!

Let's just live the scene and end it successfully!

With this thought, Elder Xing was in a good mood and tasted the tea comfortably Yes.

Qin Feng can become a big winner, and he also wins a good ally

"Half an hour left!"

The elder Xiu rubbed his slender fingers and regained his former confidence.

At this time, footsteps sounded at the door of the hall.

Everyone looked up and saw Qin Feng and Emperor Changfeng walking in.

"Emperor QinFriends, are you ready?" Elder Xiu asked with a smile.

"certainly!"

"Then let's get started!" Elder Xiu's voice was a little lazy.

"I think so too!"

Qin Feng took a step and reached the top of the five altars.

He took a photo with a random palm!

A huge divine palm appeared out of thin air.....

The dazzling Kaitian Divine Seal lit up in the palm of the hand, exuding a suffocating eternal aura, destroying the heaven and earth, falling from the sky...

Bang~! Bang~! Bang~! Bang~! Bang~!

The divine palm falls!

Five bangs!

All five altars were broken!

"How can this be?!"

At this moment, the whole audience was dumbfounded!

"impossible! This is impossible!"

Elder Xiu stood up suddenly. He couldn't believe what he saw in front of him.

"Ha ha!! Elder Xiu, thank you very much!"

Qin Feng waved.

The ancient jade talisman, the nameless divine sword, and the three gold tokens below flew towards him.

Seeing this scene, Elder Rui was stunned.

All this happened too fast, and his mind had not turned around yet. Come.

Elder Xiu felt as if he had been struck by lightning, and his heart was broken.

The ancient jade talisman and the nameless divine sword were the hard work he had saved for thousands of years!

He only used them as bait.

But now, he can only fall helplessly. In the hands of others!

Hey! Something is wrong!

This kid had a hard time exerting his 600 trillion combat power before.

It had only been half an hour, how could he become so strong?

When he looked at the aura of combat power on Qin Feng, he also It is only about 200 trillion, and it is impossible to destroy all the light masks.

Especially the last layer of light mask, which is absolutely impossible to break without 2000 trillion.

At this moment, Qin Feng only used Chaos Transformation, and his combat power was only 2.1 million. Billion.

This kind of combat power is only equivalent to the level of combat power in the middle stage of the second round.

But with the help of the Kaitian Divine Seal, Qin Feng exploded with an attack power of 2100 trillion, which was extremely powerful.....

Elder Xiu is not clear about this.

Because the Kaitian Divine Seal only exists in legends, even the Lord may not know about it, and Elder Xiu has never heard of it.

For a moment, he doubted it!

"Wait!"

Elder Xiu waved his hand.

The space ability was activated!

The five items flying towards Qin Feng were imprisoned in the air.

"Elder Xiu, why?!"

Qin Feng casually waved his hand and broke Elder Xiu's spatial confinement.

Five items continued to fly towards him.

Uh~!

Everyone was extremely shocked.

They were not surprised that Qin Feng had spatial ability.

But Qin Feng's spatial ability could actually Breaking through Elder Xiu's spatial ability is amazing!

You must know that Elder Xiu's seventh consciousness has been placed on the flower of the other shore.

His seventh consciousness is the spatial ability.

As long as the attachment is successful, the spatial ability will be doubled.

If you want to break it Elder Xiu's spatial ability was something that could not be achieved by the God Emperor. Only the God Emperor of the same level could do it.

But now Qin Feng has done it!

Of course they don't know that the spatial ability displayed by Qin Feng is the same as Bai Qi's spatial ability. The superposition just reached the level of the God Emperor.

At this moment, Elder Xiu was also inexplicably horrified.

Before he had time to think about it, he waved his hand again, and the time ability was activated.

The movement speed of the five items was instantly reduced by ten times.

"Hehe, Elder Xiu, what on earth are you doing?", Qin Feng waved his hand casually again

"I suspect you are cheating!" Elder Xiu was filled with indignation.

No matter how he thought about it, he felt that it was impossible for Qin Feng to exert a destructive power of 20 million with a combat power of about 20 billion.

Some weapons or talismans must have been used secretly.

This assessment was not It was allowed to use those items.

But as soon as he finished speaking, Qin Feng broke his time ability.

Not only did the five items not slow down, but they sped up ten times and flew towards Qin Feng

"OMG!"

The whole audience was completely shocked!

This Emperor Qin's time ability was actually stronger than Elder Xiu!

Of course they didn't know that Qin Feng superimposed Chu Chu's time ability at this time.

Although Chu Chu was in seclusion, the time force field was still filling the small universe, and it was not Affecting his mobilization.

This scene not only shocked everyone, but even Elder Xiu was confused.

His eighth consciousness time ability has not yet been integrated with the flower of soul, and his time ability has not been enhanced.

Otherwise, he would not be the God Emperor. It's early days.

But how did Emperor Qin do it?

Didn't he cheat?

At this moment, five items came into Qin Feng's hands

"Are you saying that I cheated? Then you take this palm and try it!"

Qin Feng sneered, and the Fire Star Ultimate Fusion was activated instantly.

This time it was a perfect fit, no longer the previous half-fit state.

His and Bai Qi's true intentions have been merged.

In an instant, Bai Qi's 100 trillion combat power was superimposed Coming,

Qin Feng's combat power skyrocketed to 310 trillion.

Boom~!

Qin Feng suddenly slapped Elder Xiu with a palm.

The Kaitian Divine Seal increased!

The attack power instantly skyrocketed to 3100 trillion!

"Damn it!"

Elder Xiu was shocked and angry.

A small nine-star peak dared to take the initiative to attack him. He was simply seeking death!

This simply did not take him, the God Emperor, seriously.

"not good!"

Everyone exclaimed.

They didn't expect that Qin Feng would dare to attack Elder Xiu.

This is not a good thing!

Before, Qin Feng's potential was too high, and Tianmo City valued him.

Elder Xiu did not dare to touch him.

But if Qin Feng Taking the initiative is another matter.

Sure enough!

Elder Xiu's face instantly became ferocious!

"Boy, you are asking for death!"

Elder Xiu attacked with all his strength.

He wanted to take this opportunity to kill this kid.

After all, it was this kid who made the move first, and everyone present saw it.

Even if he killed Qin Feng, the city lord and deputy city lord would have nothing to say afterwards.

But The next second, his face changed drastically.

Something was wrong!

How could this kid's attack power be so strong!

Elder Xiu was extremely shocked!

The threshold of combat power in the early stage of the God Emperor was 1,000 trillion.

Not long after Elder Xiu broke through to the early stage of the God Emperor, He is not good at attacking.

Without the help of weapons, he cannot exert such terrifying attack power, which is close to 30 billion at most.

But he has no time to think about all this.

Bang~!

The attacks of both sides collide!

Xiu The elder resisted most of the attack force.

Qin Feng's remaining energy poured directly into Elder Xiu's body, frantically destroying his body cells, blood, and internal organs.

Elder Xiu, however, showed disdain.

The power of reincarnation was activated, and all injuries could be treated With cultivation, all external forces can be dissolved.

This is the God Emperor!

Even if the attack force is much stronger than that of the God Emperor, it cannot hurt the God Emperor.

They have the power of reincarnation to heal their wounds and relieve their strength!

But next time In seconds, Elder Xiu's expression changed drastically.

He was horrified to find that Qin Feng's attack also contained the power of reincarnation, which happened to restrain his power of reincarnation.

That was the power of reincarnation coming from the baby!

For a moment, Xiu The strange power in the elder's body could not be eliminated.

Wow~!

A miserable groan!

Elder Xiu was slapped so hard that he vomited blood and fell backwards, falling onto the divine throne behind him.

Click~!

The divine throne also shattered!

Divine trees flew everywhere!

Elder Xiu! He fell to the ground in an extremely embarrassed state!

Everyone was completely dumbfounded!..

Chapter 468

Elder Xiu fell to the ground, extremely embarrassed!

Everyone was completely dumbfounded!

Emperor Qin actually injured Elder Xiu!

"God...God Emperor!"

Emperor Xingyao and Emperor Changfeng were dumbfounded and looked at Qin Feng in disbelief.

You know, the only one who can hurt the God Emperor is the God Emperor!

Does Emperor Qin have the strength of the God Emperor?!

Elder Xing and Elder Rui were extremely shocked. Looking at Qin Feng,

Elder Xiu was even more stunned.

The injuries Qin Feng caused to him were not serious, but the shock to him was too great. For a moment, the whole place was dead silent, and even the sound of breathing could not be heard!

This time it was too embarrassing People were shocked!

"Elder Xiu, do you still think I cheated?", Qin Feng sneered.

Elder Xiu opened his mouth, his face extremely ugly.

At this point, if he talks about cheating, it will be a big joke!

"It was Xiu who saw it wrong!"

Elder Xiu said this bitterly.

At this point, he had to bow his head.

And his tone became weird.

In front of Qin Feng, he called himself Xiu instead of the elder.

From this moment on, he had Qin Feng regarded Qin Feng as a being of the same level and did not dare to look down upon him.

Even the eyes of Elder Xing and Elder Rui changed.

The two looked at Qin Feng with more respect, which was the way they treated the same level.

From this moment on , Qin Feng's status in their hearts has increased sharply, reaching an incredible height.

If they respected Qin Feng before, it was because of Qin Feng's potential.

But at this moment, their respect came from deep in their hearts.

Even , they are still a little in awe.

Qin Feng has not yet broken through to the Great Emperor, but he has the strength to hurt the God Emperor. If he waits for him to take another step forward, I am afraid that none of them will be his opponents.

How can they not be in awe of this?!

Of course, the most powerful person in the field is Elder Xiu is the one who suffers.

This time, he not only lost money and things, but also lost face and was extremely embarrassed!

At this moment, the atmosphere in the venue was a bit awkward

"Your Majesty Qin Huang, this is a misunderstanding, I hope you won't take it offence!" Elder Rui smoothed things over with a smile.

His tone became much more polite, treating him as an equal. It was no longer the elder tone he had before, calling Qin Feng a little friend.

For elemental masters above the emperor level, Age is no longer the basis for distinguishing seniority, strength is the key.

What kind of identity and status you want to have, everything has the final say based on strength

"Ah!", Qin Feng glanced at Elder Xiu with disdain.

This look stung Elder Xiu's self-esteem.

But he didn't dare to say more because he was wrong.

Qin Feng didn't bother to bother.

After all, Elder Rui had already come forward to smooth things over. How much He has to give him some face.

Besides, his current state is very strange.

His offense is strong and defense is weak, and his advantages and disadvantages are very obvious.

If he really fights Elder Xiu, it's hard to say who will win.

At the moment, Qin Feng casually With one throw, the three gold tokens flew towards Emperor Changfeng.

"Brother Changfeng, please help me get the three treasures from the treasure house!"

"Okay, Master Qin Feng!"

Emperor Changfeng respectfully accepted the order.

At this moment, he did not dare to be equal to Qin Feng.

In his eyes, Qin Feng was already a god-emperor level existence.

There were only five or six god-emperors in the entire Tianmo City.

Unknowingly, Qin Feng has entered the top ranks of Tianmo City.

After Emperor Changfeng took the token, he left in a hurry.

Elder Rui felt extremely hurt when he saw it. In the end, the treasure house was emptied by Emperor Qin.!

"Ha ha!! This time the reward assessment is concluded successfully! Brother Qinhuang, I will let Xingyao take you to complete other matters for promotion to the lower star field. What do you think?"

Elder Xing said enthusiastically.

He wanted to persuade Qin Feng to leave, lest he and Elder Xiu stay together and the situation would be embarrassing.

"good!", Qin Feng nodded slightly.

He will still give Elder Xing face.

"Lord Qin Feng, come with me!" Emperor Xingyao was extremely respectful.

Then, the two of them left the hall.

Elder Xing looked at Qin Feng's leaving figure and secretly praised him.

This Qin Emperor is indeed a top-grade star master with potential!

It won't be long before he is afraid that he will Look up!

Elder Rui also looked thoughtful.

At this moment, he did not feel sorry for the treasure.

Only Elder Xiu looked ashen.

This time, he lost so miserably!

The atmosphere in the field was very quiet, and the air was a little solid.

After a while, , Elder Xing stood up lazily

"You two, Emperor Qin should be the elder! Elder Rui nodded:"

Well, he has the qualifications!" However, this matter needs to be decided by the city lord after he leaves the customs."

"indeed so! OK! It's over now, Xing Mou retreats first!"

As soon as he finished speaking, Elder Xing disappeared out of thin air.

"Elder Xiu, all six treasures in the treasure house are gone! If the city lord punishes you, be mentally prepared.....Why!"

With a sigh, Elder Rui also disappeared out of thin air.

Elder Xiu's face became even more ugly, and the hall was terribly quiet!

On the other side, Emperor Xingyao took Qin Feng to a VIP living room

"Lord Qin, congratulations on your great victory this time!"

Emperor Xingyao's tone was full of admiration.

Qin Feng smiled and said nothing.

To be honest, Emperor Xingyao was very envious of Qin Feng's gains.

Under normal circumstances, Qin Feng could only get two reincarnation-level treasures.

But Elder Xiu Noisy, he wanted to prevent Qin Feng from getting benefits, so he inserted a stick.

But he didn't expect that this allowed Qin Feng to obtain nine Lunhai-level treasures in one fell swoop.

Elder Xiu even stole the chicken but lost the rice, and he lost everything. , he was also injured by Qin Feng in public, and his face was completely humiliated.

Things in the world are so wonderful!

"By the way, Lord Qin, I want you to remind you of one thing....",Emperor Xingyao suddenly lowered his voice

"What's up?"

"You should go to Ziyun Secret Realm this time, right?"

"Um!",Qin Feng nodded slightly and had no intention of hiding anything.

Emperor Xingyao whispered:"Master Qin Feng, you should be careful when going to the secret realm this time. This time the Ziyun Secret Realm is opened, and there seems to be a great catastrophe in the world....."

Qin Feng was curious:"How do you say this?!"

Emperor Xingyao continued:"Your Majesty, Emperor Qin, there is a prophecy that has been circulating in the alliance: The divine phoenix appears, the unicorn comes out. The Xuanwu general will not hide, and the white tiger will ask about his return date. Ancestor If the dragon returns to its throne, heaven and earth will begin again!"

Hearing this, Qin Feng's eyelids twitched slightly.

This prophecy mentions Zulong, so it is related to him.

And that divine phoenix has something to do with him.

"Brother Xingyao, what does this prophecy mean?"

"Lord Qin Huang, do you know who the Ancestral Dragon, Divine Phoenix, Qilin, Xuanwu and White Tiger are in this prophecy?"

"who?"

"They were the star masters of the five polar stars tens of billions of years ago. Zulong is the star master of Ziwei Star, Qilin is the star master of Tianfu Star, Shenfeng is the star master of Shenfu Star, Xuanwu is the Earthquan Star, and White Tiger is the Giant Gate Star! Qin

Feng was shocked:"The current masters of the five pole stars are no longer them!""

"That's right! Tens of billions of years ago, a cosmic catastrophe occurred. The Lord of the Five Polar Stars transposed. The old star masters such as Zulong, Shenfeng, Qilin, Xuanwu, and Baihu and their descendants have died, retired to seclusion, and have completely declined!"

Emperor Xingyao sighed.

Qin Feng was confused.

As far as he knew, once the Lord of the Pole Star ascended the throne, it would be impossible to replace him unless the Lord of the Universe died. But how to change the Lord of the Pole Star in this big universe? Is he dead?

Could it be that the Lord of the Universe has died, or is it due to other reasons?

Qin Feng is confused?

"By the way, if the old star masters such as Zulong and Shenfeng are translocated, could it be that the current five pole star masters join forces to do it?"

"That's not necessarily the case!" Emperor Xingyao shook his head, "The five of them are just the final winners, not necessarily the original masterminds. The interest relationships at the top are too complicated, and I can't explain them clearly, and I dare not say them!"

Qin Feng nodded slightly.

Then, he asked curiously: "Is what you said closely related to Ziyun Secret Realm?"

"Yes! Ziyun Secret Realm is an ancient battlefield and the place where the Lord of Qilin fell. And after the death of the Lord of Qilin, where did he leave his inheritance?"

"The Lord of Qilin is the Lord of the Ancient Pole Star, how can he be a person like Yi? Rumor has it that his remaining will in the world has revived"

"This time the secret realm opens, he will choose one to be his successor. And this time will be the last time the secret realm is opened, and it will also be the time when opportunities will explode, so countless people will participate."

"For example, in our Demonic City, three of the five elders will go. Among these three people is Elder Xiu!"

Hearing this, Qin Feng suddenly realized.

After such a big circle, Emperor Xingyao wanted to remind himself that Elder Xiu would also enter the secret realm this time, so that he could take some precautions.

Qin Feng smiled slightly and accepted the favor.

He really has nothing to worry about Elder Xiu.

If there is a chance to meet him in the secret realm, he will not show mercy

"Brother Xingyao, this change in Ziyun Secret Realm cannot be a coincidence, right?", Qin Feng asked casually.

But without thinking, Emperor Xingyao nodded: "Your Majesty Qin Huang is right! This change in the secret realm is no coincidence!"

"There is a rumor recently that the inheritance of the ancestral dragon has been inherited. When the ancestral dragon appears, Qilin feels it. This Ziyun Secret Realm has also mutated!"

"Just after the unicorn, the divine phoenix, basalt, and white tiger will also appear one after another. Perhaps this is: if the ancestral dragon returns to its throne, the world will begin again! The catastrophe sweeping across the entire universe is probably coming!"

Emperor Xingyao looked worried.

A strange look flashed across Qin Feng's eyes..

At this moment, footsteps sounded outside the living room.

After a while, Emperor Changfeng walked in

"Sir, your treasure has been retrieved!"

Emperor Changfeng took out three treasures from the storage ring, namely the Nine Turns Golden Body Technique (sixth turn) stone tablet, a noble-looking black cloak, and a crystal white jade lotus flower. All three are Wheel and Sea. A top quality product!

Emperor Xingyao and Emperor Changfeng were envious of it

"Brother Changfeng, thank you for your hard work!"

Qin Feng was very satisfied and put them all into the storage ring with a wave of his hand.

"If so, it would be an honor for me to serve Lord Qin Feng!" Emperor Changfeng said sincerely.

Qin Feng laughed:"I am just the master of a fifth-level star field, not your superior. How can you treat me as a subordinate? This is really embarrassing Qin! Emperor Changfeng smiled and said:"

Your Majesty, Emperor Qin, the city lord and deputy city lord are currently in seclusion. Otherwise, based on your strength, you can be promoted to an elder immediately, and your star field will also be promoted to a fourth-level star field, with more rights and benefits."

Hearing this, Qin Feng asked curiously:"I have always been curious, how are the star field levels of this alliance divided?"

Emperor Changfeng explained:"My lord, it is divided like this. If a star field has a powerful emperor and passes the assessment, he can be promoted to a fifth-level star field."

"If there is a strong God Emperor, he can be promoted to the fourth level star field. If there is a master, it will be the third-level star field. And our Tianfu star is the second-level star field."

"The Star Alliance has only four secondary star domains, namely Tianfu Star, Jumen Star, Earthquan Star, and Shenfu Star. There is only one first-level star field, and that is Ziwei Star."

Qin Feng suddenly understood and nodded slightly.

Immediately, he puzzled and said: "In this universe, there should be more than just the five pole star masters in the universe, right? Can't other star regions outside the star master's become second-level star regions?"

"That's not true! Emperor Changfeng smiled and shook his head, "In this universe, Star Lord is an extremely noble existence, almost immortal." Between Star Master and Star Master, it is very difficult to defeat each other, let alone kill them."

"Once a star lord appears in a certain star field, he becomes a prince of his own and is unwilling to be controlled by the alliance. At best, be an ally of the alliance rather than a subordinate."

Qin Feng suddenly said: "You mean, one star master is one party's power. There are many cosmic forces, large and small, in this universe, and there will always be Star Lords sitting behind them. Among the many forces, the Star Alliance is the strongest!"

Emperor Changfeng nodded: "That's right!" Our Star Alliance is the strongest force in the universe and the most orthodox force because we occupy the foundation of the universe and have the most resources."

This made Qin Feng understand.

The Star Alliance is equivalent to the orthodoxy of this universe.

Under this, there are still many separatist forces.

To put it bluntly, this universe is not unified!

There must be battles!

Right there At this time, footsteps sounded again outside the living room.

A moment later, a graceful figure walked in. It was Nan Yuan.

"I met three adults!", Nanyuan saluted respectfully

"Xiaoyuan, you are here!"

Emperor Xingyao nodded slightly. Then

, he respectfully said to Qin Feng: "Your Majesty Qin Emperor, Nan Yuan is handling the promotion matters in the Earth Star Territory these days. Next, let her help you explain some specific matters"

"good!"

"Lord Qin Huang, that subordinate has resigned first!"

Emperor Xingyao and Emperor Changfeng resigned.

"Lord Qin Huang, the matter of promotion in the Earth Star Territory has been dealt with. I will take you to the Earth Star Territory station now!"

"Earth star field station?"

"Well, the Earth Star Territory is now included in the jurisdiction of Heavenly Demon City, so the Earth Star Territory has a station in Heavenly Demon City!"

"OK, take me to see it!"

At that moment, the two people left the reception hall.

Half an hour later, under the leadership of Nan Yuan, Qin Feng arrived at the center of Tianmo City.

In the center, there was a huge cylindrical mountain hundreds of millions of feet high. There were only two cylindrical mountains on the top of the giant mountain. There are two palaces.

One belongs to the city lord, and the other belongs to the deputy city lord. There are tens of thousands of small stations floating around the huge mountain.

Each station has a palace.

The station of the Earth Star Domain is among them.

A quarter of an hour later, in Nanyuan Under the leadership, Qin Feng found the station in the Earth Star Territory.

At this moment, Qin Feng looked at the station palace and showed a look of satisfaction.

This palace is very huge and can accommodate ten thousand people.

In addition, the entire floating station has complete facilities..

There is a palace, a square, a trial area, and a docking port for starships.

In the future, starships from the Earth Star Region can dock directly, and it is very convenient to enter and exit.

It seems that he will bring a group of men here to stay permanently. Got it

"Lord Qin Huang, the Earth Star Territory has been included in the forces of Demon City."

"From now on, the Earth Star Territory can enjoy the resource allocation rights and participation rights of Tianmo City, as well as Tianmo City's protection policy for you.

"The specific content is recorded in this jade talisman....."

Nanyuan smiled and handed over a jade talisman.

Qin Feng took it, browsed it for a while, and his face showed joy.

One of these rules.

Once a star field is promoted to a fifth-level star field, only its parent organization has jurisdiction over it, and others have no right to intrude.

This one is too important to Qin Feng.

He killed the God Emperor and others and offended the Lord of Twilight.

At present, the Dusk Lord is temporarily unaware.

If he knew about this, he would definitely take action.

But now, Qin Feng has completed the promotion of the Earth Star Territory and joined the forces of Tianmo City.

The Twilight Lord does not dare to deal with the Earth Star Territory easily.

If he wants to take action, it depends on whether Tianmo City agrees or not.

Qin Feng briefly browsed the jade talisman and put it away.

"By the way, does this station have a star teleportation array?" Qin Feng thought of an important question.

"Yes, come with me!"

Nanyuan led the way. After a while, the two of them arrived behind the palace.

There was a starry sky teleportation array suspended in mid-air.

Eight huge array stones were suspended and slowly turned around.

In the center of the array was an extremely huge space vortex. The momentum is extremely majestic.

That space vortex can be penetrated directly by flying boats, and people can also enter, but it requires cultivation above the emperor level.

It is the starry sky teleportation array for ultra-long distance teleportation

"Lord Qin Huang, this is the starry sky teleportation array."

"Can it lead directly to Earth? Nan Yuan smiled and said:"

The starry sky teleportation array is also divided into levels. The farther the teleportation distance is, the more expensive it is.""

"According to the alliance's system, the starry sky teleportation array in the fifth-level star domain can only connect to the starry sky teleportation array in the nearest level-four starry domain."

"When you go from the Earth Star Domain to the Tianfu Star, you originally had to teleport to the Baihe Level 4 Star Domain, then to the Dusk Level 3 Star Domain, and then to the Tianfu Star."

Hearing this, Qin Feng's eyelids twitched.

If he hadn't guessed, the third-level star field of Dusk is the home of the Dusk Lord.

That's not a self-inflicted trap!

Nan Yuan continued:"However, there is one exception! If you are the elder of our Heavenly Demon City, you can directly connect the Earth Star Territory and Heavenly Demon City without any turnover."

"Regarding this matter, the deputy city lord said hello to our ancestor before retreating. Say you are his friend. Let us directly connect the starry sky teleportation array in the Earth's star field with the resident teleporter here, without so much turnover!"

After hearing this, Qin Feng was overjoyed.

This Yingtian Divine Emperor is so loyal!

In this way, even if the Lord of Dusk wants to attack the earth, he can bring people back directly from here for rescue, which is extremely convenient.

Thinking of this, he secretly I breathed a sigh of relief, and a big stone in my heart was finally let go..

Chapter 470

"By the way, you just mentioned that it was the deputy city lord who greeted your ancestor. Who is your ancestor?", Qin Feng asked curiously.

Nanyuan replied:"Sir, my ancestor is Elder Xing! Our Xing family is responsible for building the starry sky teleportation array in Tianmo City."

Qin Feng suddenly realized.

This is the benefit of connections!

"Nanyuan, how long will it take to connect this starry sky teleportation array to the earth?"

Qin Feng asked about the issues he was concerned about.

"My lord, the construction materials and formation masters are already in place. At present, we only need you to take our people to the earth and build the starry sky teleportation array at the other end."

"Calculating the time it takes to build the star teleportation array, it takes about half a month."

Nanyuan answered truthfully.

Qin Feng nodded:"Let's do this! It's better to get this done as soon as possible. I will arrange for one person to connect with you now!"

Qin Feng waved his hand, and Luo Li appeared out of thin air.

After practicing during this period, Luo Li just reached the stage of transcending tribulation.

The universe in Qin Feng's body is really a holy land for cultivation.

"Master, are you looking for me? Hey! She is...."

At this time, Luo Li saw Nanyuan

"Let me introduce you. This is Nanyuan from Tianmo City. I would like to arrange for you to connect with her about the teleportation array....."

Qin Feng explained it carefully.

A quarter of an hour later, Qin Feng left.

Let Luo Li and Nan Yuan handle the rest.

The starry sky teleportation array on the other side of the earth must be established as soon as possible.

He calculated the time and found that if the connection between Luo Li and Nanyuan went smoothly, it would be completed in one and a half months.

It takes at least two to three months from the opening to closing of the Ziyun Secret Realm.

When he comes out of Ziyun Secret Realm, there will be a ready-made teleportation array to use.

If his prediction is correct, the Dusk Lord will also arrange for his subordinates to enter the Ziyun Secret Realm.

Unless things in Ziyun Secret Realm are over, he won't care about things on the earth.

In this way, when he finds out what happened on the earth, Qin Feng will also come out and can return to the earth at any time to protect his hometown.

It's all perfect!

After handling these trivial matters, Qin Feng couldn't wait to practice in the secret room.

Now that he has a residence in Tianmo City, he does not need to go out to rent a place and can stay as long as he wants.

This is also the benefit of joining a force.

A quarter of an hour later, the Earth station was in the secret cultivation room.

Qin Feng happily took stock of the harvest.

There are still five wheel-level treasures that he needs to digest.

First, I took out the exercise stone tablet, opened my mouth and swallowed it.....

"Ding! The swallowing technique was successful... The sixth turn of the Nine Turns Golden Body Technique was completed.....Physical body greatly strengthened.....Combat power increased by 10 trillion....."

"Ding! Congratulations to the host for breaking through the shackles of the physical body. The flower on the other side blooms again with eleven petals. The physical body is indestructible and immortal.....Combat power increased by 10 trillion....."

The next moment, Qin Feng's momentum surged, and golden flowers of the other side appeared above his head.

The flowers are blooming, with eleven petals, and the fragrance is overflowing!

At this point, Qin Feng's flower of the other side and the flower of the soul have reached eleven petals.

"Ding! The original version of Devouring the Nine-turn Golden Body Technique (sixth turn) was successful...the number of talismans mastered increased...alchemy, weapon refining, and array spells were all upgraded to the level of the God Emperor....."

Qin Feng opened his eyes happily.

After devouring three stone slabs in a row, his alchemy, weapon refining, and formation skills finally experienced a qualitative change, and he was upgraded from the wheel sea level to the god emperor level.

Then, he took out the second treasure - the Nameless Divine Sword.

He observed it carefully for a while.

This divine sword is actually a rare gold-type treasure. It has armor-breaking properties and can ignore the defense of all armor-type Yuanwu. It can be called the best among Lunhai-level treasures.

It's a pity that Elder Xiu is not a metal element master, so he can't refine it after getting it.

This is cheaper for Qin Feng!

At the moment, Qin Feng directly refined it.

This refining takes three hours.

After refining, the nameless sword conveyed some information.

After Qin Feng digested the news, a strange look appeared on his face.

This nameless divine sword was actually made from the fangs of a Star Lord-level divine beast.

Because it is defective, its power is compromised.

If there is a chance to repair it, its power will be comparable to that of a Dominator-level Yuanwu.

This is actually a growth-type Yuanwu!

Qin Feng picked up a treasure!

At that moment, he named the nameless divine sword - Divine Tooth Sword!

The divine sword actually had spirituality. It trembled in response, and three talisman and seal characters "Divine Tooth Sword" appeared on the sword body automatically!

If the divine sword has spirit, there must be good fortune!

Qin Feng carefully put away the Divine Tooth Sword and took out the third treasure - a black cloak.

This cloak is called the Divine Hidden Cloak. It can cover up the appearance and cultivation aura, and can block even the divine consciousness of the God Emperor.

And its appearance gives people a mysterious sense of nobility.

This time, Qin Feng only spent an hour to refine it.

Then, he took out the fourth treasure, a white lotus.

This lotus flower has twelve petals and is crystal clear. The whole body is filled with rays of light and auspiciousness fills the sky. It is a treasure at first glance.

Qin Feng had never seen it before.

At that moment, he inquired about Bai Qi and found out that this white lotus was called the Lotus of the Soul.

It was formed by chance under many harsh conditions when the flower of the soul lingered after the death of the God Emperor.

And it must be a flower of the soul with twelve petals to have a chance to form.

The three flowers of the God Emperor are the flower of the other shore, the flower of the soul, and the flower of the soul.

The flower of Yuanshen is the condensed vitality.

This Lotus of Soul is obviously the crystallization of ice energy, so it is completely white.

If you let the ice element master refine it, you can obtain endless ice element power, which is countless times more powerful than absorbing the star tidal stone.

At that moment, Qin Feng swallowed it directly

"Ding! Devouring the Lotus of the Soul (Ice) Successfully.....Obtain countless ice energy... The Hongmeng transformation of the small universe has been upgraded to 17%....Increased combat power by 10 trillion...."

"not bad!"

Qin Feng's eyes were filled with joy, and some of his thoughts were still unfinished.

Now, his combat power has been increased to 170 trillion, and his strength has greatly increased.

Next, Qin Feng took out the last treasure, the simple jade talisman.

He picked up the jade talisman , his spiritual consciousness probed.

The next second, Qin Feng's eyes lit up, showing a look of great joy.

This jade talisman recordedYes - the perfect two-dimensional clone technique.

Qin Feng had already learned the Liangyi clone technique.

Yang is the main body, and Yin is the clone of the virtual body.

The incorporeal clone has only half the combat power of the original body.

This is a flaw.

And this perfect two-dimensional clone technique can make the virtual clone have the same combat power as the main body.

In addition, although the virtual clone does not have a real body, it can help the main body understand the true meaning, as well as study alchemy, weapon refining, etc.

The insights gained by the virtual clone can be shared with the main body at any time, allowing the main body to continuously improve.

If it were the previous clone technique, the incorporeal clone could only be used for combat power and could not be used for enlightenment and cultivation.

But this perfect level of Liangyi Clone Technique can improve the ability of the incorporeal clone.

According to the introduction on the jade talisman, the biggest difficulty in practicing this secret technique is that it requires the help of a strange object.

That miraculous object is rare in the world. Many people who have understood the true meaning of Liangyi are ultimately unable to practice this secret skill because they do not have that miraculous object.

Qin Feng smiled when he saw this, because he happened to have that rare thing.

That strange object is the Liangyi Yuan magnet.

To put it bluntly, all of this is really a matter of luck!

Qin Feng felt great.

At that moment, he began to study this secret technique.....

Time flies.

In the blink of an eye, a day and a half passed.

Tomorrow is the day when Ziyun Secret Realm opens.

Demonic City became very lively.

The city is packed with people!

Countless powerful old monsters came out of seclusion.

Even the other two elders of Tianmo City walked a long way back to the city.

Everyone is preparing for the opening of the secret realm tomorrow.

At the same time, in Qin Feng's small universe.

On the Zhongpole Star, there is a cliff top.

Qin Feng was meditating with his eyes closed, feeling the true meaning.

What he wants to improve most now is his true meaning.

After all, he has to condense four supreme divine seals to complete the foundation of the universe.

Next to Qin Feng, there was a mysterious man wearing a black cloak sitting.

This mysterious man is Qin Feng's virtual clone.

Under the shroud of Shenyin's cloak, it is impossible to tell that this clone is a virtual body. It is just like a real person and is extremely deceptive.

Of course, between Qin Feng and the virtual clone, a single thought can transform each other.

If you want to kill Qin Feng, you must destroy Qin Feng and the virtual clone at the same time, otherwise you will never be killed, not even a second difference.

But he said that a day and a half had passed outside.

A month has passed in this small universe.

Over the past month, Qin Feng has been responsible for comprehending the true meaning of Endlessness, and his virtual body clone has been responsible for comprehending the true meaning of Liangyi. The effect is very good!

In particular, the incorporeal clone understood the true meaning of Liangyi, seemed to be gifted, and made rapid progress.

As a result, Qin Feng's understanding of the true meaning of Liangyi increased to 84%, and the true meaning of Endlessness increased to 97%.

His combat power also increased to 180 trillion unknowingly.

But at this moment, Qin Feng and the virtual clone are sitting on the cliff to meditate.

Suddenly, footsteps sounded from behind.

Qin Feng slowly opened his eyes, looked back, and saw Yu Qilin running over in a hurry

"Something's wrong?!", Qin Feng asked with a smile.

In the past few days, he had taken pleasure in enjoying this jade unicorn several times.

Every time, he felt physically and mentally comfortable and extremely comfortable!

Of course, all this was done quietly, and no one noticed.

Jade Qilin's pretty face turned red.

She somewhat understood Qin Feng's thoughts.

"Sect Master, do you remember that I told you last time that there is a mysterious purple-haired woman who wants to trade the Supreme True Meaning Seal with you?"

"remember!", Qin Feng is very thirsty for the Supreme True Meaning Seal.

How could he forget this?

"The woman just summoned me. She said she wants to see you and want to trade with you! Qin Feng's eyes lit up:"

Did she say the price?""

"Didn't say it! She just said everything to the interview!"

"Whatever! Then meet her!"

Qin Feng waved his hand, and the two of them disappeared at the same time.

Only the virtual clone was left to continue to understand the true meaning of Liangyi..
