

God level 491

Chapter 491

Seeing the Soul Mandrill God Emperor being killed, Bai Qi let out a long breath, as if the anger in his heart had dissipated.

Then, he respectfully walked to Qin Feng: "Thank you, master!"

"No need!!"

Qin Feng smiled lightly.

At first, Bai Qi was willing to follow him.

He also promised to help Bai Qi recover his cultivation and help him get revenge.

Now he has fulfilled most of the promises

"Master, your kindness will be remembered forever by your subordinates!" Bai Qi was extremely grateful.

Qin Feng didn't say anything. He waved his hand and collected all the gains in front of him.

The harvest this time was really rich.

There were seven god emperors killed alone, plus the destruction of After killing nearly a thousand bystanders,

Qin Feng felt a little relieved.

"Let's go! It's not a good place to stay for a long time!"

Qin Feng gave an order, and the three of them left the battle scene.....

At the same time, tens of thousands of miles away, a beautiful and enchanting woman stared blankly at the two broken soul cards in her hand.

Those were the souls of the Soul Mandrill God Emperor and the Blood Centipede God Emperor.

The Soul Mandrill God Emperor and the Blood Centipede God Emperor are both dead!

The Snake Queen showed uneasiness in her eyes, her breathing was rapid, and her plump figure hidden under her thin, tight-fitting skirt was rising and falling slightly.

Previously, the Soul Mandrill God Emperor sent two requests for help in a row.

The first time was said to be against a girl and a white-haired man.

The second time it was said that a young man in white appeared, he looked very similar to Bai Sha, but he was so powerful that he actually killed the Blood Mist God Emperor instantly.

Shortly after sending the second distress message, the soul card of Soul Mandrill God Emperor also shattered, and he died.

"That man could kill a blood centipede instantly!"

The Snake Queen looked at the direction of the call for help, her expression gloomy.

No matter whether that person is Baisha or not, she will not pass.

That person should have the strength of the late God Emperor, and the weakest one is the threshold of the late God Emperor.

She is no match!

But! , this revenge must be avenged.

It seems that she can only outwit, not defeat.

She will use her sexy and enchanting body to drain every drop of blood from the enemy, so that the enemy will not even know how she died. I don't know.

Of course, we have to look for opportunities.

The Snake Queen pondered for a while, sent a message to the Nine-Headed Lion Saint, and then left quietly.

A moment later, in another sea area, the Nine-Headed Lion Saint read the message on the token. frowning

"Two more died!"

The Nine-Headed Lion Saint slowly put away the token.

Although he didn't want to care about the Scorpio Palace's affairs, he was very annoyed when three God Emperors were killed in a row.

"snort! Do you really think that our Starry Sky Clan is easy to bully?!"

The murderous intention in the Nine-Headed Lion Saint's heart gradually rose.....

At the same time, there was another sea area.

Qin Feng and the other three arrived at a remote place where there was no one.

"Brother, I have gained quite a lot these days!"

Chu Chu took out three soul lotuses and dozens of soul crystals as if they were offering treasures.

Qin Feng was surprised.

This little girl's harvest was no less than that of an early God Emperor!

Want to get it in this spiritual mist ? Treasures, in addition to relying on their own abilities, also rely on luck.

Obviously, Chu Chu's luck is very good.

Qin Feng doesn't know that Chu Chu's good luck is completely stuck to his light.

He is protected by luck. body.

And Chu Chu is his Xingji follower, so naturally he is attached to the light of his destiny.

"not bad! I only want the Lotus of the Soul, and you can keep the rest for yourself!"

Qin Feng only took three lotuses of the soul.

"oh~! ", Chu Chu took it back obediently

"this is for you!"

Qin Feng threw a piece of cyan strip crystal.

As soon as the crystal appeared, the surrounding space was slightly deformed.

"Brother, what is this?", Chu Chu curiously took the crystal

"This is the Space Divine Crystal, which is more precious than the Lotus of the Soul. Take it and refine it. It should help you realize the eighth consciousness!"

Qin Feng explained.

He got this space divine crystal from the storage ring of a god emperor.

"Thank you bro!"

Chu Chu was very happy, with a bright and moving smile.

She has mastered the Wuji Divine Seal and is extremely talented in controlling time and space.

This space crystal will 100% allow her to realize the eighth consciousness.

"Your Majesty, this is what you have gained these days!"

Bai Qi didn't hide any secrets and released all his gains in these days.

His gains were not small.

However, Qin Feng only focused on two things.

A lotus of the soul and a special divine crystal.

"Huh! You actually got a time crystal, what a good harvest!"

Qin Feng looked at the special divine crystal.

This time divine crystal is more powerful than the space divine crystal. It's more expensive, one can at least be worth the value of three lotuses of the soul.

"Your Majesty, my subordinates killed an elementalist who robbed me and got this from him.", Bai Qi reported truthfully.

Qin Feng nodded slightly: "You can keep this time crystal for yourself! Your perception of space has been perfected. By refining it, you will soon be able to comprehend the eighth consciousness, and you will be able to break through to the second-round realm."

Bai Qi smiled and said, "Your Majesty, my understanding of the power of time has reached the threshold." It only takes seven or eight days of seclusion, and the subordinates will be able to realize the power of time. If I refine this time crystal, it will be wasted!"

"All right!"

Qin Feng didn't show any pretense, and put away the Lotus of Soul and the Divine Crystal of Time.

He asked Bai Qi to keep the rest of the harvest.

Having said that, Qin Feng's understanding of time is about to be complete, and he does need this. time crystal

"Bai Qi, how is your memory recovery during this period?"

"Your Majesty, have you almost recovered?"

"Why did Scorpio Palace attack your Bai Feng clan in the first place?", Qin Feng asked curiously.

Bai Qi said truthfully: "Your Majesty, they want to rob my family's inherited artifact-Feng Ling Sword. That is a master-level Yuanwu, and there is a big secret hidden in it."

"Back then, Master Yuanfeng, the Lord of the Divine Phoenix, used the seven feathers on his body to refine seven phoenix feather swords and gave them to us, the ancestors of the seven Divine Phoenix clans, respectively. Those seven phoenix feather swords are all master-level Yuanwu"

"If the seven swords are combined into one, they will become a Star Lord-level Yuanwu, which has the power to destroy the world. Killing the Lord is like chopping melons and vegetables. Qin Feng was moved:"

The Star Lord level Yuanwu is really different!"

Bai Qi sighed:"That's true!" The five major star masters in ancient times, Zulong, Yuanfeng, and Qilin, are all top-grade star masters with extremely terrifying strength.

"Among them, the Ancestral Dragon Star Master is the strongest, followed by our clan's Master Yuanfeng, and then the Qilin Master."

Qin Feng nodded slightly. This is a fact.

Bai Qi added:"The world only knows that Master Yuanfeng refined the seven-handled Phoenix Feather Sword and rewarded it to the seven clans as a legacy. Little did they know there was a secret hidden here!

Qin Feng was curious:"What secret?!"

"That is, if you want to obtain the inheritance of Master Yuanfeng, you must be the master of the Phoenix Ling Sword to be eligible to participate in the inheritance assessment. The seven-handled Phoenix Ling Sword is the seven successors."

"That day, the Scorpion Palace seemed to have discovered the inheritance place of Master Yuanfeng. It didn't know where it learned the secret of the Feng Ling Sword. It also learned that the Bai Feng clan had the Feng Ling Sword, so they came to snatch it!"

Bai Qi told the whole story.

"Then was your clan's Phoenix Feather Sword taken away?"

"Why~! ", Bai Qi sighed helplessly,"It has fallen into the hands of Palace Master Scorpio!"

Qin Feng frowned:"Then this situation is not good! If Palace Master Scorpio gets the Feng Ling Sword, then he can inherit the inheritance of Senior Yuanfeng. Is it?"

Bai Qi shook his head:"That's not possible! According to Master Yuanfeng's instructions, her inheritance will be opened only when the owners of the seven Feng Ling swords are present. Both the Black Phoenix Sword and the Fire Phoenix Sword are left behind In the Ziyun Ancient Battlefield, if they couldn't get together all the divine swords, they wouldn't be able to start the inheritance!"

"Black Phoenix Sword? Fire Phoenix Sword?"Qin Feng was a little confused.

Bai Qi explained:"The Black Phoenix Sword is the Feng Ling Sword of the Black Phoenix Clan, the Fire Phoenix Sword is the Feng Ling Sword of the Red Feng Clan, and the Feng Ling Sword of our clan is called the White Phoenix Sword."

Qin Feng nodded suddenly.

Bai Qi continued:"When the Lord of Qilin encountered a strong enemy, Lord Yuanfeng sent our ancestors, as well as the Black Phoenix ancestors and the Red Phoenix ancestors to come to help."

"As a result, the Lord of Qilin fell, as did the Black Phoenix Ancestor and the Red Phoenix Ancestor. The Phoenix Feather Swords they carried with them were scattered on the battlefield. When the ancestor of our clan was seriously injured and dying, he asked his clansmen to take away the White Phoenix Sword."

"Unexpectedly, this White Phoenix Sword has become the bane of our clan's annihilation!"

Bai Qi's expression was complicated.

Chu Chu's eyes lit up:"Bai Qi, you said that the Black Phoenix Sword and the Fire Phoenix Sword are both in the secret realm. Then if we get these two swords, aren't we still qualified to be Lord Yuanfeng's successor?"

Bai Di nodded:"That's true!""

Then, he looked at Qin Feng again: "Master, I hope you can get these two divine swords this time. Bai Qi doesn't want to see the inheritance of my family's ancestor fall on others, especially those from the Scorpio Palace!"

Qin Feng nodded slightly and didn't say much.

At this time, Bai Qi lowered his voice and said: "Your Majesty, my ancestor once said. Master Yuanfeng hid a huge secret during his lifetime"

"Back then, before Zulong, Yuanfeng and the other five star masters went to war with the enemy, Lord Zulong and the others were very worried. At that time, he already knew that the enemy was too strong"

"But after Master Yuanfeng told Master Zulong the secret, Master Zulong was very shocked, and then made up his mind to go to war!"

"At that time, no one knew what was going on, and there was only one prophecy spread among the people: The world can be destroyed, but the Phoenix cannot be destroyed. Ten billions later, Fengyi returns!"

"What does this mean?", Qin Feng was curious

"Not sure! My ancestors don't understand either! However, the ancestor said that this secret is hidden in the inheritance of Lord Yuanfeng. Whoever can get the secret can get half of the world! I don't know if it's true or not?"

Bai Qi opened his heart to Qin Feng and revealed all his deepest secrets.

"This happened!" Qin Feng was shocked, "It seems that we must get the Black Phoenix Sword and the Fire Phoenix Sword!"

Bai Qi was delighted: "Your Majesty, my subordinates think so too."

"Brother, there is still one day left before the secret realm opens. What should we do next? Continue the treasure hunt?", Chu Chu asked

"No!"Qin Feng shook his head,"Now all the treasures have been robbed, and the rest are killing each other for treasures. There is no point in continuing your treasure hunt!"

"How about this! While the secret realm is not open, the two of you return to the small universe to practice in seclusion. Where the flow of time is not affected by the spiritual mist, you can practice for twenty or thirty days, which is enough for you to greatly improve your strength!"

Qin Feng waved his hand, and two storage rings flew towards the two of them.

There were more than a hundred soul crystals in the two storage rings.

The two people took the storage rings, and they were both happy.

These soul crystals were very important to them. Their help was very great.

The next second, Qin Feng took the two people into the small universe.

Then, he waved again, and the three flowers of the seven god emperors appeared, a total of twenty-one flowers, and nearly twenty yuan flowers. Lotus of Gods.

This harvest is even richer than last time!

Qin Feng suspected that only one-third of the Lotus of Souls erupted from the spiritual explosion fell into his hands.

The next second, he Just open your mouth and suck it all in, swallow it all..

Chapter 493

This time, it took about an hour for Qin Feng to consume all the harvest.

His combat power has also skyrocketed to 1,200 trillion, which has completely reached the level of the God Emperor.

At this time, Qin Feng waved his hand, and a time crystal appeared in front of him.

He opened his mouth, sucked it in, and swallowed it.....

"Ding! Devouring the Time Crystal Successfully.....Time ability perception increased to 100%....Greatly increased time capabilities...."

At this moment, Qin Feng's ability to control the flow of time increased to 15 times.

After the universe in his body was superimposed with Chu Chu's time force field, the time flow rate became 25 times.

In other words, after practicing inside for twenty-five days, only one day has passed outside.

This is of great benefit to Chu Chu and the others.

Now the Lingwu Sea is full of dangers, and there is no safe place to practice.

In addition, the ability of time is suppressed in the Sea of Spiritual Mist, even the Great Perfection of the God Emperor is no exception.

They cannot use the time force field to speed up their cultivation.

But Qin Feng's small universe is not affected.

Where Chu Chu and the others are, not only do they have a safe retreat, but they can also speed up their time by 25 times. It has many advantages over other explorers.

They can take the opportunity to improve their strength.

In particular, refining one Yuan Shen Crystal is equivalent to refining 100,000 Xingxi Stones.

Even if you only refine one piece a day, after 25 days, it will be equivalent to refining 2.5 million Xingtide stones. The increase in strength will definitely be huge.

"Ding! Congratulations to the host for awakening the ninth consciousness.....The power of reincarnation awakens....Awakening degree 0.2%....."

"Ding! Host qualification improvement.....Ancestral dragon inheritance awakens to (92%)
...Combat power increased to 1,400 trillion....."

"Finally awakened!"

Qin Feng opened his eyes with joy.

Now his seventh, eighth, and ninth consciousnesses have all awakened.

To a certain extent, he possesses some of the characteristics of the God Emperor.

In other words, he can break through to the point of God. Emperor, there are no bottlenecks anymore.

The biggest difficulty in breaking through to the God Emperor is to awaken the ninth consciousness.

He has overcome it!

At this moment, Qin Feng was in a great mood.

This time he not only awakened the ninth consciousness, but also achieved the grand transformation of the small universe. It was 91% complete, almost complete.

At that moment, he took out the more than a thousand storage rings and started looking through them to see if there was any unexpected receipt.....

Time flies!

In the blink of an eye, it was the fifth day, which was also the last day of the spiritual explosion period.

Qin Feng has already read through the more than a thousand storage rings.

He did make many discoveries.

For example, among the more than a thousand storage rings, three soul lotuses were found, as well as more than a thousand soul crystals, and there were even more other treasures.

These elemental masters below the God Emperor should not be underestimated.

Qin Feng swallowed the three flowers of the soul, and his combat power increased again to 1430 trillion, and the small universe transformed into a grand dream to 93%.....

"Still a little short of it!"

Qin Feng disappeared in place as soon as his mind moved.

The next second, he appeared in another sea area.

The shadow clone was in front.

At this moment, the shadow clone was full of evil energy, and there was a lot of blood on the long sword in his hand.

This At the end of the day, the shadow clone killed many people alone, and gained a lot.

Qin Feng just thought, and six or seven soul lotuses flew out of the storage ring of the shadow clone and flew directly to the entrance. middle.....

"Ding! Devouring the Lotus of the Soul Successfully.....Combat power increased to 1,500 trillion.....Small Universe Hongmeng Transformation 100%....."

"Ding! Remind the host that the Hongmeng transformation of the small universe has been completed. The host can condense the four-pole divine seals of earth, fire, water and wind to complete the foundation building of the Emperor of the Universe....."

"Finally completed the Hongmeng transformation!"

Qin Feng was delighted.

The four-pole divine seals of earth, fire, water and wind have been completed. Fire and wind are just missing the baby's earth seal and the jade unicorn's water mark.

This breakthrough to the emperor of the universe is just around the corner!

Qin Feng is looking forward to it

"Huh! This is....."

Qin Feng's eyes lit up.

He sensed the movement of the universe inside his body, and the baby's breakthrough finally began.

He originally estimated that the baby would have a breakthrough yesterday, but he didn't expect that the breakthrough would not start until today. It was really long overdue!

At this moment, the spiritual sea fluctuated in a radius of thousands of miles, and countless spiritual mists poured towards him.....

In the universe within his body, on the Diji Star, Qin Baobao is frantically absorbing vitality and starting to build the foundation.....

At the same time, deep in the Spiritual Mist Sea, there was another sea area.

In that sea area, a huge bloody barrier covered a hundred miles in radius.

This bloody barrier is very weird.

It appeared here the day after the Spiritual Mist Sea appeared.

Many passing explorers tried to break it, but found that their efforts were in vain.

Even two super powerful men from the Great Perfection of the God Emperor passed by, but they were unable to break the bloody barrier.

This surprised people.

However, everyone was in a hurry to find the treasure, so no one paid attention to it.

As for what is inside this bloody barrier, no one knows.

The place was shrouded in spiritual mist, and you couldn't see what was inside.

At this moment, in the center of the bloody barrier.

A huge altar is suspended in the air.

There are twelve God Emperors sitting around the altar, all wearing black robes. All of them are late-stage God Emperors and have reached the number of twelve perfections.

At the top of the altar, three god emperors were sitting cross-legged in the air. They were all wearing black robes, but they had a golden thread on their chests. All of them were god emperors who had attained the Great Perfection cultivation level.

The person sitting at the top had an aura that was so strong that it was subversive, as if he was about to take a half-step into domination.

At this moment, there was a person lying in the center of the altar.

The man was nailed alive in the center of the altar, with 365 blood-sucking nails inserted all over his body, sucking out blood essence from his body.

Not only that, those divine nails were still sucking his soul.

He looked extremely depressed.

But judging from the aura emanating from his body, he was actually a super strong man of the Divine Emperor's Great Perfection.

At this moment, the essence, blood and soul power that those divine nails absorbed from his body turned into wisps of red threads and were absorbed by a bloody sword in the air.

The long sword was blood red, exuding extremely evil sword intent, with a disgusting bloody aura that was breathtaking.

At this moment, a sudden change occurred in the field.

In the center of the altar, the Dzogchen God Emperor who was being sacrificed seemed unable to hold on.

His eyes suddenly opened and he struggled desperately. He glared angrily at the three men in black in the air and shouted hoarsely.

"You villains from the Demon Realm! Even if I die, I will curse you! Star Lord will definitely avenge me.....ah~!"

He screamed miserably, and the flesh and blood all over the man's body burst into pieces and turned into a mist of blood.

Immediately, all the blood mist was absorbed by the bloody sword in the air.

A powerful divine emperor, Dzogchen, died like this.

After the blood-colored sword absorbed the essence and blood of the God Emperor, its aura surged, its aura surged, and it emitted a joyful sword cry.

The fifteen men in black opened their eyes in joy.

At the top, the man in black with the strongest aura waved his hand, and the bloody sword came into his hand.

A person next to him said happily: "Big boss, this Yuan Sword has absorbed the essence, blood and soul of a god emperor. It should have reached the level of semi-master Yuanwu, right?"

Half-master Yuanwu is the half-step master level. Yuanwu.

The big leader was a man with a majestic expression.

He looked at the Yuan Tu Sword in his hand with satisfaction and nodded slightly: "That's right! This Yuan Tu Sword has reached the semi-master level!"

As soon as he said this, all the men in black showed joy.

At this time, the big leader looked at the altar below again.

The powerful God-Emperor Dzogchen died tragically, leaving only a skeleton as white as jade.

"Second leader, take care of this skeleton! This guy was a deputy city lord of the main city of Tianfu Star during his lifetime, and this is Tianfu Star, so it needs to be dealt with!"

"My subordinates understand!"

The second leader is an old man with a skinny face, and he is also a powerful person in the Great Perfection of God Emperor.

At that moment, he waved his hand and put away the skeleton.

At this time, the big leader said to the person next to him: "Third leader, put this altar together Remove, leave no trace!"

"yes!"

The third leader is a beautiful woman with an indifferent expression, who is also the God-Emperor of Great Consummation.

At that moment, she directed everyone to remove the altar.

While everyone was busy, the second leader came over again

"Big boss, as long as we find Abijian again in the secret realm. Yuantu's nose and nose are combined, and their power is comparable to that of the dominant Yuanwu. If you use your strength again, you will be invincible in the secret realm!"

The second leader flattered.

The big leader smiled slightly: "Recovering the Abi Sword is secondary. Our main task this time is to destroy the inheritance of the Lord of Qilin. The inheritor of the Ancestral Dragon has appeared, and the inheritor of the Qilin Lord cannot appear again. That would be detrimental to our Demon Realm!"

"makes sense!" The second leader nodded with deep understanding.

The big leader also asked: "In addition, you must keep a low profile and never reveal your identity. After all, we and the Star Alliance are hostile forces. If our identity is discovered, we will be besieged and the mission assigned by the Demon Lord will not be completed."

"snort! What star alliance! At the beginning, if the five star masters hadn't joined forces to take advantage of the situation, the territory of the Star Alliance would have belonged to our Demonic Domain. What a pity!"

The second leader felt a little regretful and annoyed.

The big leader also lamented: "Shi Ye! Life! right, it seems that the traitors from Qilin's sect have also sent people!"

"Did he send someone here too?", the second leader was surprised

"Um! I saw his disciples. hehe! In that battle that year, if that man hadn't betrayed and betrayed the Lord of Qilin. It is difficult for our side to win this battle!", the big leader sighed.

The second leader sneered: "He has the nerve to send someone here! However, he knows the details of the Qilin clan very well, so he probably has his sights on some treasure. I feel like that person is more of a demon than us!

The big leader also sneered: "Yes!" Back then, the Lord of Qilin valued him so much and taught him the art of weapon refining step by step, treating him as his only weapon refining successor. Unexpectedly, he would betray him.

The two leaders also said disdainfully: "If they are not of my race, their minds must be different." The Lord of Qilin was kind to him, but he didn't have Qilin blood in him, so he was not a member of the Qilin clan after all. It's hard to say what he was thinking in his heart. In short, this person....."

"never mind! Stop talking about him! With my strength, I am not qualified to talk about him. If you meet his men, be careful. Among the people he sent, at least one was the Great Perfection of the God Emperor and was extremely powerful!"

"clear!"

At this time, the altar below has been removed.

The three leaders came up to report: "Big leader, it's done!"

"Well! Withdraw! We have been setting up the barrier here for several days, and it is inevitable that some people will be suspicious!"

Everyone understood.

After a while, a group of fifteen people quietly left..

Chapter 494

At the same time, there is another sea area.

Qin Feng stood in the sea of mist, and the energy around him was like a surging tsunami, rushing towards him.

A huge vortex of vitality was formed with a radius of thousands of miles.

Boom~! Boom~! Boom~!

The spiritual energy vortex roars!

This is all caused by the baby's crazy absorption of vitality in the inner universe.

This huge movement alarmed many explorers, but few dared to approach.

Boom~!

Another shocking earthquake came from Qin Feng's body, and the vortex of vitality around him stopped abruptly!

"Ding! Congratulations to the host, your Earth Star follower (Qin Baobao) has broken through to the early stage of the Emperor (Foundation Building).....Combat power increased to 240 trillion....."

"Ding! The Divine Seal of Endless True Intent (Host) and the Divine Seal of True Intention of Life (Qin Baobao) are automatically merging....."

"Ding! Fusion successful.....Congratulations to the host for obtaining the Supreme Seal of True Meaning - the Seal of Creation...The combat power has skyrocketed to 1,600 trillion....."

"Ding! Your Earth Star Follower (Qin Baobao) has obtained the Supreme True Meaning Divine Seal - the Divine Seal of Creation... and its combat power has skyrocketed to 300 trillion....."

"The baby finally broke through!"

Qin Feng was delighted.

This little guy deserves to have the potential to be a high-grade dominator. This breakthrough is 300 trillion combat power, which is much stronger than Chu Chu and Bai Qi.

If cultivated properly, there is a chance to improve this little guy's potential to a low-grade star. Lord's

"dad! I made a breakthrough!", the baby's cute voice sounded in Qin Feng's mind.

Qin Feng was happy, he hadn't seen the baby for a long time.

With a thought in his mind, he disappeared out of thin air, leaving only a small light spot the size of a needle eye.

Qin Feng had entered himself His small universe.

That small point of light is his small universe, and it is also the manifestation form in this big universe. If you don't look carefully, it is extremely difficult to detect, giving people the feeling of a world in a grain of sand.

He has not yet cultivated to the level of Star Master. Realm, the universe within the body cannot transcend this universe.

If one cultivates to the realm of Star Lord, even the light spots will not exist.

However, as soon as Qin Feng entered the small universe, the phantom clone guarding the side opened his mouth and sucked in the small light spots. Swallowed into the body for protection.

The next second, he flew towards the center of the purple cloud sea.

Today is the fifth day of the spiritual explosion. According to time calculation, there are still three or four hours to end, and the secret realm is about to open.

The entrance to the secret realm It is the center of the Purple Cloud Sea.

At this moment, not many people dare to approach the center of the Purple Cloud Sea.

Now is the peak period for murder and treasure hunting. If you enter the center of the Purple Cloud Sea rashly, you will easily encounter other people and be hunted. The phantom clone is a master of art. He is bold and dares to break in alone.

Of course, apart from the God Emperor's Great Perfection, the shadow clone really has nothing to fear.

What's more, the shadow clone is immortal.

As long as Qin Feng doesn't die, he can keep resurrecting.

And Xu It was also Qin Feng's plan for the shadow clone to take the initiative to approach the center of the Ziyun Sea.

In that case, as soon as the entrance to the secret realm is opened, he will be the first to get there and get the benefits first.....

At the same time, Qin Feng's small universe was on the Earth's Pole Star and in the palace.

The baby hasn't seen Qin Feng for a long time.

At this moment, she was in Qin Feng's arms, holding Qin Feng's neck, acting coquettishly

"Dad, is the spiritual explosion outside fun? The baby also wants to go out and play!"

"That spiritual explosion is almost over, don't go out and run around. We will enter the secret realm soon"

"oh! Dad, have you found any delicious fruits outside these days?"

"Little guy, I know you are greedy, here~! This is for you!"

Qin Feng took out a storage ring with a smile.

He has obtained thousands of storage rings during this period. There are countless treasures in them, and there is no shortage of spiritual fruits.

"Wow! There are so many fruits! Dad, the baby likes you so much! ~Boom!"

The baby kissed Qin Feng's face.

The little mouth was tender and fragrant.

Qin Feng pinched the little guy's face lovingly.

The little guy took out a red spiritual fruit with a happy face and gnawed it. He took a big mouthful.

At this time, footsteps sounded outside the hall.

Chu Chu walked in

"aunt!",The baby suddenly broke away from Qin Feng's arms and ran towards Chu Chu

"Baby!"

Chu Chu picked up the baby and was very happy.

"Aunt, you are so beautiful!"

"Ouch~! Has my baby grown up? They all care about whether they are beautiful or not!", Chu Chu teased lovingly

"The baby is saying that aunt is getting more and more beautiful! Dad, don't you think so? King Qin smiled and nodded:"

It is indeed getting more and more beautiful!"

Chu Chu is indeed getting older and more beautiful, both in appearance and figure, tending to be perfect.

Seeing her brother say that she is good-looking, Chu Chu is inexplicably elated.

"Brother, hasn't the secret realm been opened yet?"

"It's almost! It's only two or three hours away! You've made a lot of progress these days!"

Qin Feng looked at Chu Chu with pleasure.

The time force field of this small universe reached 25 times.

One day passed in the outside world, and Chu Chu had been practicing here for 25 days.

After these twenty-five days, Chu Chu refined the space god crystal and awakened She gained the eighth consciousness.

Later, she refined dozens of soul crystals, and her cultivation level broke through to the middle stage of the Great Emperor. Her combat power surged to 300 trillion, which is the same as that of a baby.

"Brother, what soul crystals are there? My cultivation has improved very quickly!", Chu Chu said happily.

Qin Feng smiled and said: "In your current state, there is no bottleneck in cultivation before you reach the level of the God Emperor, and your breakthrough will naturally be fast. However, you still have to work hard to improve your strength. The risks in the secret area are very high."

"Brother, I understand! I'll go into seclusion in a while and race against time!"

"Dad, I want to practice with my aunt!"

"The baby is so good!"

This relationship between the elder and the younger is extremely close.

Qin Feng smiled slightly and took out a storage ring.

"Baby, this is for you! There are some soul crystals in this ring that can speed up your cultivation!"

"Thank you dad!"

At this moment, there was a sudden vibration in this small cosmic space.

Everyone was startled and looked in the direction of the vibration.

It came from the Fire Pole Star.

The next second, Qin Feng showed joy.

His eyes flashed. Zi penetrated the palace of Huojixing and saw Bai Qi.

In this universe, he is a god and omnipotent.

At this moment, he saw Bai Qi suspended in the air with a face of joy, looking at himself.

This The guy finally awakened the power of the eighth consciousness of time, broke through to the second round state, and his combat power also skyrocketed to 300 trillion.

"Brother, has Bai Qi made a breakthrough?", Chu Chu asked curiously

"Um!", Qin Feng nodded happily.

At this moment, Bai Qi's time force field emitted, instantly covering the entire small universe.

After a moment, the time force field was superimposed successfully!

The time force field of this universe increased to 30 times!

The outside world One day has passed, and a month has passed here.

Sensing the changes, Qin Feng and Chu Chu both showed joy.

However, Qin Feng thought of a problem.

Bai Qi's qualifications were worse than those of Chu Chu and Bao Bao.

Bao Bao had just broken through to the early stage of the Great Emperor. There are 300 trillion combat power.

Chu Chu breaks through to the middle stage of the Great Emperor, which is 300 trillion combat power.

Bai Qi breaks through to the early stage of the second round, and only reaches 300 trillion combat power.

This is the gap!

It seems that he should help Bai Qi Improved qualifications.

Thinking of this, Qin Feng said hello and left.

The next second, he appeared in the Shuijixing Palace.

In the room, Yu Qilin saw Qin Feng and beamed with joy.

She walked over affectionately

"Master, you finally came to see your little slave girl!", Yu Qilin clung to Qin Feng's arms and acted coquettishly.

Qin Feng's big hands slid over her graceful curves.

Yu Qilin's eyes were as charming as silk, and she looked at Qin Feng boldly, and the meaning in her eyes was obvious.

Qin Feng smiled and let go:"It's too late! You know my time!"

Yu Qilin blushed.

This bad guy lasted for more than ten hours at a time. He was so fierce.....

"Is the secret realm about to be opened?"

"Um!"

"Then the little slave girl won't waste her master's time!"

"When I finish my work..."

Qin Feng pinched her face lovingly

"Hey~! You have actually condensed the divine seal of true meaning!", Qin Feng was shocked.

He didn't pay attention just now. Only now did he realize that the Jade Qilin has condensed the Infinite True Meaning Divine Seal (the supreme level).

You know, the Jade Qilin is still the Great Perfection of Tribulation, not even the Nine Stars.

Of course, she also did it on purpose Suppressing cultivation is polishing his own foundation.

Yu Qilin smiled and said:"I was a middle-grade master in my previous life. I was familiar with this endless true meaning in my previous life. Now I just review it and it will be easy to understand it."

While speaking, Yu Qilin waved his hand again, and the surrounding space fluctuated.

Qin Feng was surprised again.

This Jade Qilin has even awakened the seventh consciousness and has mastered the power of space.

It is indeed the reincarnation of the master.

In fact, Jade Qilin Most of the memories of her previous life have been restored.

Her potential is affected by the physical body in this life, and she is the potential of the God Emperor for the time being. But her understanding and vision are both at the master level.

Such understanding of the true meaning and the seventh consciousness all rely on understanding. , it's too simple for her

"Yu'er, let me ask you a question!", Qin Feng sat on the sofa

"Your Majesty, say!", Yu Qilin sat obediently on Qin Feng's lap.

Qin Feng naturally hugged her waist and asked: "Do you know who among the five pole stars in the outside world has mastered the Divine Seal of Creation?" Who has the most profound common sense in this space, none other than Zeng The jade unicorn that dominates

"Let me think about it...right! It should be the Ziwei Star Lord of Zhongji Star!"

"It's him!"

Qin Feng was thoughtful.

Among the five pole stars in the outside world, the strongest star master is the Ziwei Star Master!

Just now, the baby broke through, and Qin Feng also obtained the Divine Seal of Creation, and discovered many mysteries, which shocked himself.

The Divine Seal of Creation , the power is involved in creation, Zhongxiu is miraculous!

It is neither like the Kaitian Divine Seal, which has the ultimate attack, nor is it like the Wuji Divine Seal, which can define a realm.

But it has incredible magical effects, can participate in the magic of heaven and earth, and is very good in creation.

The moment he obtained the Divine Seal of Creation, Qin Feng immediately thought of the Divine Monument of Creation.

Before, he didn't understand what the Divine Monument of Creation was for, but now he understands it.

And Yu Qilin said that Ziwei Star Master also mastered the Divine Seal of Creation, then Everything made sense.

If it were him, he would have built countless creation monuments, which is so amazing!

At this time, Yu Qilin said again: "That Ziwei Star Lord is amazing! After he became a Star Lord, he only mastered one Divine Seal of Creation, and his strength was average among the Star Lords. But I don't know what happened. Later, his strength gradually became stronger and stronger, and his talents were also improving, and finally he became the most powerful person. No one knew how he did it."

Qin Feng smiled slightly.

He knew what was going on.

The power of Lord Ziwei relies on the divine seal of creation, which involves another mystery of the universe. There should be very few people in the world who know it!

Even if Yu Qilin was the master in his previous life, I don't know either.

Fortunately, Qin Feng now also has mastered the Divine Seal of Creation.

"By the way, how is the progress of your universe foundation building?", Yu Qilin asked with concern.

She was very concerned about her man's cultivation progress.

"The universe has been transformed into a grand mist. The only divine seal among the four pole stars is the Water Pole Star...."

Yu Qilin smiled sweetly: "My divine seal has been condensed, I'm just waiting for you!"

Qin Feng smiled and said nothing.

He has realized 91% of the true meaning of all things, and is very close to the condensed divine seal.

The foundation of the universe is just around the corner.

At this moment, Qin Feng seemed to sense something and raised his head slightly.

The phantom clone is equivalent to an extension of his body.

Everything the phantom clone saw, he could see at the same time.

This means that he always has two perspectives

"Qin Feng, what's wrong?", Jade Qilin sensed the changes in Qin Feng

"The secret realm should be opened!"

Qin Feng waved his hand, and a curtain of light appeared in front of him.

In the curtain of light was the scene in the Purple Cloud Sea.

At this moment, the Purple Cloud Sea boiled, and countless spiritual mists retracted into the Purple Cloud Sea at an extremely fast speed.

There was also a huge roar on the bottom of the sea.

The world shook and the waves roared, as if something was awakening at the bottom of the sea.

The entrance to the secret realm was finally about to open!

Qin Feng dodged and left the palace..

Chapter 495

The next second, Qin Feng returned to Ziyunhai.

I saw the surrounding sky and earth shaking, the sea of clouds rolling and shrinking, and the clouds and mist getting thinner and thinner.

Those people hiding in the clouds and mist slowly emerged, and the explorers' vision became wider and wider.

Gradually, everyone discovered that their spiritual consciousness could be used, but the surrounding clouds and fog had not completely dissipated, and the restraint on time and space still existed.

However, with spiritual consciousness, the clouds and fog can no longer block the sight.

Countless people saw the waves rolling in the middle of the Ziyun Sea, like boiling water.

Under the sea, the roar continued.

After a moment, a dilapidated temple hundreds of millions of feet high and hundreds of millions of miles in diameter slowly rose from the bottom of the sea.

"It's Ziyun Palace!"

The crowd was excited!

The secret realm is finally opening!

Ziyun Palace was the core of Ziyun City back then.

It looked like a temple on the outside, but inside it was a big world.

The great war that year took place in Ziyun Palace.

At this moment, The four gates of Ziyun Palace lit up with spiritual light.

Those are the four entrances to the secret realm.

Entering each entrance is an independent area, not connected to each other, and they will only meet when they reach the central area. The battlefield ruins in each area are different. The opportunities are also different.

Buzz~!

A clear cry!

The Ziyun Palace emits endless purple light, instantly covering the entire sea of purple clouds

"Huh! This is?"

The next second, hundreds of thousands of explorers in the entire sea area felt that the purple light actually contained a supreme intention, conveying a message to them.

Oh my God!

The rumors were indeed true!

Everyone was shocked! Everyone looked at them Face to face!

It is said that the remaining will of the Lord of Qilin has awakened.

This exploration of the secret realm is an assessment.

The Lord of Qilin selects the best among the examiners as his successor.

Therefore, the opening of the secret realm this time is different from the previous ones. It is completely different. It will be carried out in a situation of assessment and rewards...

Because of the large number of people, it will be divided into four examination areas, that is, entering from the four palace gates.

Then, all the outstanding candidates from the four examination areas will be gathered together and enter the final Inheritance assessment.

According to the prompts of the will of the secret realm, the Lord of Qilin selects successors based on comprehensive qualities and only cultivation.

As long as they are good enough, even nine-star elemental masters are qualified to become his successors.

This information is conveyed, and countless elements The masters cheered.

Especially those nine-star elemental masters. They originally just wanted to get some treasures and leave, but they didn't expect there would be a chance to become successors. How could they not be excited.

Buzz~!

The temple chanted!

The four hall doors opened!

A covering A purple halo with a radius of a million miles also formed around the temple.

The first test of the secret realm has also begun.

"The assessment has begun!"

"Rush!"

The crowd shouted loudly!

At this moment, hundreds of thousands of elemental masters were divided into four groups and rushed towards the four entrances.

There are generous rewards for the top ten!

First come, first served!

This first level of assessment is extremely simple. Enter each assessment area. The top ten will receive generous rewards and receive high ratings.

Qin Feng rolled his eyes and suddenly thought of a BUG.

At that moment, he transformed into chaos, successfully increased his combat power to 2400 trillion, and summoned a phantom clone.

Then, he rushed towards the entrance of the east gate of the temple.

The phantom clone rushed towards the entrance of the south gate. At the same time, somewhere in the Ziyun Sea.

Fifteen mysterious men in black looked at the mighty sea in the distance. The crowd all had sneers on their faces.

They were the people from the Demon Realm.

"The great leader, the remaining will of the Lord of Qilin has indeed awakened!", the second leader whispered.

The corner of the big leader's mouth slightly curled up: "The old thief will never die, just like a centipede will never die. This time, let's put an end to him completely!"

The second leader said flatteringly: "Big leader, the remaining will of the old Qilin thief no longer has much wisdom, and he has long been unable to distinguish between ourselves and the enemy. With the great leader's excellence, he might be able to cheat his inheritance!"

"The second leader is right, and we think so too! If you can deceive the old Qilin thief's inheritance, it will be a good choice!"

As soon as these words were said, everyone was fawning and agreeing.

These people were either late-stage God Emperors or God-Emperor Dzogchen.

But in front of the big leader, they were like mice seeing cats. They were all awe and cautious, and seemed to be extremely afraid. The big leader.

When the big leader heard the compliments from everyone, he smiled lightly

"If that's the case! The Qilin clan is too miserable! I can't bear it anymore! But that's it! The legacy of the old thief Qilin is quite good, and I am very interested in it. By the way, Second Leader, do you think the Ancestral Dragon inheritor will come?"

The big leader suddenly said something.

The second leader was startled:"Um...well...that person can't be that courageous, right? According to the calculations of the three demon masters, the new Ancestral Dragon Master is not high in cultivation and should not be very strong. If he comes here, it will be like throwing himself into a trap! We just killed him!

The big leader smiled slightly:"Don't talk about that anymore!" Get started! We choose the north gate, and send one person from each to the other three gates to go undercover to see if there is anyone suspicious!"

"yes!"

At that moment, the big leader led his men and marched toward the north gate in a mighty manner.

One of the remaining three people flew to the entrance of the other gates.

But at this moment, tens of thousands of people were vying for places, and the scene was sensational and magnificent.

The fastest ones are naturally the top experts of the God Emperor's Great Perfection.

Of course, some elemental masters who are lucky enough to be very close to the temple also quickly approach the temple.

This first level of assessment not only tests speed, but also Assess luck.

People with good luck, regardless of their strength, will naturally get closer.

In the blink of an eye, thousands of people entered the purple halo area around the temple.

As soon as they entered the halo area, everyone's expressions changed drastically.

Especially those who The God Emperors all looked ugly.

It turned out that the purple halo not only limited time and space abilities, but also suppressed people with high cultivation levels. The higher the cultivation level

, the greater the speed suppression.

The God Emperor's Great Perfection people , the speed could not reach one-twentieth of the original.

The God-Emperor could not reach one-fifteenth in the later period.

And those below the nine-star peak had no suppression in speed.

For a moment, a strange phenomenon appeared in the field.

The Great Emperor The speed of those above suddenly slowed down. The speed below the peak of the nine series remained unchanged.

Originally, the fastest wave belonged to those god-emperors in the Great Perfection.

But now, individual god-emperors in the later stages have also caught up!

Even some second-tier ones have caught up. The speed of the wheel realm caught up with the early stage of the God Emperor.

The God Emperors were depressed!

This first test was obviously biased towards those with low cultivation.

Immediately, they figured it out.

The Secret Realm was selecting invincibles at the same level.

And as gods, they Emperor, when he was young, he was not invincible at the same level, and he was not a peerless existence that suppressed a world.

Therefore, the God Emperors are still far ahead.

At this moment, in the East Gate area, hundreds of God Emperors are running at the front, with dozens of them mixed in. The second-level powerhouses, followed by the first-level and emperor-level ones...

And those in the top ten are all powerful God-Emperor Dzogchen masters.

No matter how suppressed the will of the secret realm is, the outstanding ones will always be outstanding!

The top ten are theirs!

Boom~! Boom~! Boom~!

But at this moment, there was a roar of gas explosions behind everyone!

Everyone was startled and turned around quickly, and saw a young man in white swishing his way out of the crowd. It flew overhead, and in the blink of an eye, only a dashing figure was left.

Damn~!

This speed was too fast!

Even the powerful God Emperor Dzugchen masters were stunned!

At this speed, they were less than one-tenth!

How could there be someone so fast in this world?

The person who flew over was Qin Feng.

At this moment, Qin Feng performed Chaos Transformation, and with the combination of the three pole stars, his combat power increased to 3300 trillion.

This is a god The combat power standard of the mid-stage emperor!

Logically speaking, his speed is only at the mid-stage god emperor level.

Fortunately, his cultivation level is only at the peak of nine stars, and the purple halo does not suppress his speed at all.

In such contrast, his speed is actually fast It surpassed the Great Perfection of the God Emperor ten times, and suddenly surpassed the Great Perfection of many God Emperors, far ahead.

This made Qin Feng very happy!

Sometimes, low cultivation level also has advantages.!

"Damn it~! Lost the first place!"

"Oh shit! Chase!"

All the God Emperors in the East Gate area exclaimed, chasing after Qin Feng.

But Qin Feng's speed advantage was too obvious, and the distance between the two sides became wider and wider.

Gradually, his back became so small that it was almost invisible. It was a million miles away. , it only took Qin Feng ten minutes to arrive at the east gate of the hall.

The entrance door was ten thousand feet high and magnificent.

Qin Feng was excited and ducked in.

As soon as he entered, he saw an extremely spacious hall.

"Congratulations to the assessor Qin Huang for winning the first place in the first level assessment in the Eastern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

An ethereal voice sounded in the sky above the hall.

Qin Feng felt something in his heart and took out a Ziyun Token. Sure enough, there was information on it: Emperor Qin, first place in the first level, 100 points. If you want to explore the secret realm of Ziyun, you must hold on to it. It is a rule to have the Ziyun Order.

Before entering the secret realm, you must enter your relevant information in the Ziyun Order, such as your name.

Only in this way will the secret realm recognize the identity of the explorer.

Then, Qin Feng waved again.

Chu Chu, Baobao, Bai Qi and Yu Qilin were all released.

Qin Feng was a little nervous when he released them.

He was cheating. He didn't know whether the secret realm would kill Chu Chu.

However, he was not afraid!

Even if Chu Chu and the others were killed, he would not He can resurrect the four of them in his own small universe.

At this moment, the four Chu and Chu people all hold the Purple Cloud Token.

After killing so many people, Qin Feng has no shortage of the Purple Cloud Token in his hands.

But at this time, the secret realm has become quiet!

The atmosphere in the field was quiet.

Qin Feng and the other five were a little nervous.

The next second, the sound of the secret realm sounded again

"Congratulations to assessor Chu Chu for winning second place in the second level assessment in the Eastern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Congratulations to the assessor Qin Baobao for winning third place in the first level assessment in the Eastern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Congratulations to assessor Bai Qi for winning fourth place in the first-level assessment in the Eastern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Congratulations to the assessor Yu Qilin for winning fifth place in the Eastern District's first-level assessment! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"dad! We succeeded!"

"Ha ha!!"

The five people were overjoyed.

You know, there are a lot of primitive weapons in this universe, but they can only store dead objects or puppets.

There is no way to store living people.

Qin Feng's small universe can store living people and carry them with him. It is also unique.

Of course, Qin Feng's cheating is not over yet.

On the other side, in the south gate area.

The phantom clone has not been suppressed by the halo and has been far ahead.

Not far behind him, an old man with a hooked nose, Keep chasing after me

"Codes! I, the God Emperor Tiankun, have always been the fastest in the world, how could I lose to a black-robed boy like you! This first place is decided by me!"

The old man with a hooked nose had a stern look on his face, and his eyes turned unkind as he looked at the shadow clone..

Chapter 496

The phantom clone also sensed something was wrong with the aura behind him.

This Emperor Tiankun is very difficult to deal with.

He himself has the Divine Emperor's Great Perfection cultivation and is extremely good at speed.

The flying speed of light far exceeds that of other God-Emperor Dzogchen.

Even with halo restraint, his speed is actually comparable to the phantom clone.

If the phantom clone hadn't been close to the temple, I'm afraid the first place in the South Gate District would have been his.

But now, he can only settle for second place, and the boss in his heart is not convinced.

Although he couldn't see through the phantom clone's cultivation level, the opponent's combat power and aura seemed to be only at the level of the mid-stage God Emperor.

Can the Little God-Emperor's Middle Stage be compared with the God-Emperor's Great Consummation?

What a difference!

Thinking of this, Emperor Tiankun was about to take action!

He wanted to kill the kid in front of him and win first place in the Southern District.

The four palace gates are divided into four challenge areas. Each area has different opportunities and independent rankings.

No matter what, the first place in the first round of assessment will definitely be rewarded more generously than the second place.

Of course he wants to be first!

The next second, Ancestor Tiankun's hands turned into claws, and he was about to take action against the phantom clone.

But at this moment, something unexpected happened in front of him.

The body of the phantom clone suddenly blurred, and the next second it turned into a beautiful young man in white.

It was Qin Feng who used the yin pole to generate yang and the yin and yang interchange.

At this moment, the clone becomes the main body, and the main body becomes the clone.

God Emperor Tiankun was stunned for a moment at this change.

Before he could react, Qin Feng flew forward quickly with a swish, his speed doubled, and the distance between the two sides was suddenly widened.

At this moment, there are still some differences between Qin Feng and the shadow clone.

Qin Feng's body has three polar stars combined, but his clone does not.

Therefore, Qin Feng's combat power has reached 3300 trillion, and his clone is still 2400 trillion.

After the exchange of yin and yang, the small universe in Qin Feng's body also transferred together, which can be understood as a quantum jump.

His star-pole combination still exists, his combat power has skyrocketed, and his speed has naturally skyrocketed.

"not good!"

God Emperor Tiankun's expression changed slightly.

How come this kid changed into white clothes and his speed became faster?

This is not good!

He is going to lose his first place!

"Damn it!"

God Emperor Tiankun was furious and instantly transformed into a strange fish with golden wings and chased Qin Feng.

His speed also increased by 30%!

But this speed was still not enough.

Ahead, Qin Feng had something to say. He noticed.

With a thought in his mind, the inorganic yin-yang fish appeared.

The Tai Chi barrier opened!

The laws of heaven and earth in a radius of ten thousand miles changed. The time attached to Qin Feng accelerated, and the time attached to Tiankun God Emperor was delayed.

In an instant, Qin Feng's speed The speed increased several times, and the speed of Emperor Tiankun dropped sharply.

The distance between the two people widened again!

Emperor Tiankun was furious:"Boy, I'm going to kill you!"

It is unbelievable that a small middle-aged God Emperor dares to do harm to him. But when he wants to take action, the two sides are already far away.

Not only that, Qin Feng has already arrived near the entrance of the south gate.

God Emperor Tiankun is so angry that he is filled with smoke.

Just like this, he was about to watch himself lose first place.

Just as this thought came to his mind, a hurricane blew up behind him.

Then, an old man in green robes surpassed him!

Damn it~!

It's the ancestor of the hurricane!

God! God Emperor Kun is extremely depressed! Damn it! I lost the second place!

No!

I want to kill that boy in white.

The ancestor of the hurricane is a veteran powerhouse of the Wind God Emperor's Great Perfection. He is also known for his speed, but compared to Tian Kun The Ancestor is slower.

But now, the Ancestor Tiankun is delayed by Qin Feng, so his speed is not as fast as the Ancestor Hurricane.

To put it simply, he was tricked by Qin Feng so much that he even lost the second place..

How could this not make him angry!

If the other party was also the Great Perfection God Emperor, he would admit defeat!

But the other party was only a mid-stage God Emperor, and they were all juniors in his eyes, so he was not qualified to compete with him.

At this moment, he was so angry They were almost exploding, and they chased after him desperately.

On the other side, Qin Feng got into the south gate in just a few minutes.

He landed with his feet on the ground, and was surrounded by an extremely spacious hall, shrouded in a light curtain.

Before the second assessment started, those The barrier will not be revoked

"Huh! Why doesn't this secret realm prompt me to get first place? Have I been found out for cheating?"

Qin Feng looked around, and it was quiet.

There was no movement in the secret realm!

Qin Feng was anxious.

He finally got the first place in the Southern District. If he is not recognized, his hard work will be in vain.

"correct! Token!"

Qin Feng quickly took out the Ziyun Token.

The token showed: Emperor Qin (Eastern District), points: 100, first assessment, first place

"This is still the result of the Eastern District! Is it possible?"

Qin Feng thought, and took out another blank Ziyun Token.

He quickly dripped in blood essence, refined it, and entered his name information. Just after all this was completed, there was a slight vibration in the hall space.

The next second, the will of the secret realm sounded in the air mechanical sound

"Congratulations to the assessor Qin Huang for winning the first place in the first level assessment in the Southern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

At the same time, information also appeared on the new Ziyun Order.

Emperor Qin (Southern District), points: 100, first assessment, first place

"Ha ha!! Sure enough it can!"

Qin Feng was pleasantly surprised.

It can be seen that the will and wisdom of this secret realm is limited.

He summoned the four people from Chu and Chu, gave them four new tokens, and entered the information again.

After a moment, the sounds of the secret realm sounded continuously over the hall.

"Congratulations to assessor Chu Chu for winning second place in the first-level assessment in the Southern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Congratulations to assessor Qin Baobao for winning third place in the first level assessment in the Southern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Congratulations to the assessor Bai Qi for winning the fourth place in the first-level assessment in the Southern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Congratulations to the assessor Yu Qilin for winning fifth place in the first-level assessment in the Southern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

As soon as this information was announced, the four of them were overjoyed.

"Brother, you are so smart! I actually thought of this cheating method!", Chu Chu's face turned red with excitement.

Yu Qilin also smiled and said:"In the early stage of this secret realm, the four examination areas are all independent. Each examination area has different opportunities. In this way, we can enjoy two opportunities at the same time!"

Bai Qi also said happily:"It's not just that! There are ranking rewards for both assessments. We can get double rewards by taking assessments on both sides, and the benefits we get are twice as much as others.

Qin Feng laughed and said,"Haha!" Luck is on our side, heaven and earth are working together! It's not appropriate to divulge anything at this time. You go back to the small universe first."

Qin Feng waved his hand and took the four Chu and Chu people into the small universe.

After another moment, the light and shadow flashed at the entrance of the hall.

An old man in green robes flashed into the hall. The old man was the ancestor of the hurricane. As soon as he landed, he saw Qin Feng alone. He stood in the middle of the hall.

It seemed that he was the second to arrive!

Then, he smiled and nodded slightly to Qin Feng.

This young man has made great achievements in speed and deserves recognition.

Of course, he is also proud of his achievements. Very satisfied.

Second place, this was his expectation.

There was Ancestor Tian Kun in the Southern District, so he didn't plan to get the first place, and he couldn't get it.

But he didn't expect Ancestor Tian Kun to be surpassed by him. It seemed that it was the young man in front of him who was doing the trick. Anyway, it was good to get second place.

Thinking of this, the hurricane ancestor showed a hint of relief.

But the next second, he was stunned.

I saw the secret realm echoing in the air the sound of

"Congratulations to the assessor, Hurricane Laozu, for winning sixth place in the first-level assessment in the Southern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"What? I'm sixth?!"

The ancestor of the hurricane was confused.

He quickly looked around the hall.

That's wrong!

Apart from Qin Feng and himself, there were no other four people in the hall!

How come I am sixth?

The ancestor of the hurricane was completely confused.

Just At this moment, a roar sounded from the door of the hall

"Boy, I'm going to crush you to death!"

With this roar, Emperor Tiankun rushed in.

As soon as he saw Qin Feng, his eyes burned:"Boy, you made me get third place. Don't even think about taking first place!"

As soon as he finished speaking, he dodged and rushed towards Qin Feng.

"Brother Tiankun, don't be impulsive. Have you forgotten the previous reminder from the will of the secret realm?"

The hurricane ancestor hurriedly stopped

"What reminder?!"God Emperor Tiankun is getting angry.

He is used to being domineering, especially in front of juniors.

Now that he is being taken over by juniors, he can't tolerate it even more.

"That's the one.....", the hurricane ancestor was just about to speak.

The sound of the secret realm sounded in the air

"Congratulations to the assessor, Emperor Tiankun, for ranking seventh in the first level assessment in the Southern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"What? My seventh place!"

Ancestor Tiankun was confused.

Shouldn't he be in third place?

Why did he become seventh?

Immediately, he was so angry that he flew into a rage.

No need to ask!

It must have been the fault of the boy in white!

"Little bastard! I will tear you apart!"

With a flash of movement, Emperor Tiankun rushed to Qin Feng.

"Brother Tiankun, please don't.....", the hurricane ancestor reminded anxiously.

Tiankun God Emperor's character of vengeance was ignored at all.

He grabbed Qin Feng with one claw.

Huge bird claws, destroying the world.

But at this moment, a bolt of thunder and lightning fell from the sky.

A flash of lightning will kill God Emperor Tiankun to ashes!

Loud noise!

It shook the entire temple.

Qin Feng and the hurricane ancestor were both shocked!

Emperor Tiankun was instantly killed by the will of the secret realm.

Before they came in, the will of the secret realm reminded them that they were forbidden to fight each other in the main hall.

The hurricane ancestor just wanted to remind you of this.

But God Emperor Tiankun didn't pay any attention to it!

Perhaps, God Emperor Tiankun also knew this, but he just didn't take the words of the will of the secret realm seriously.

After all, he is the superpower of the Great Perfection of God Emperor!

But he forgot that the opening of the secret realm this time was different from the past!

This time it is the remaining will of the Lord of Qilin that presides over the secret realm.

Who is the Lord of Qilin?

A top-grade star master from ancient times!

Even the remaining will can gather the power of the secret realm to easily obliterate the Great Perfection of a God Emperor.

At that moment, the venue was quiet for a few seconds!

Qin Feng and Hui Huan Ancestor were both stunned on the spot.

It's very quiet in the hall!

The blood mist after the death of Emperor Tiankun was slowly dissipating.

The strong smell of blood is wafting

"Huh! This is....."

Qin Feng's eyes suddenly lit up.

He saw a light group floating in the blood mist, a storage ring.

That ball of light is the Divine Origin Bead of Emperor Tiankun.

The storage ring is naturally also the God Emperor Tiankun.

The Divine Source Bead is the product of the gathering of the three flowers of the Great Perfection God Emperor. Its core is like a translucent bead, containing the world of the three flowers, which can evolve in thousands of ways.

This is the first time Qin Feng has seen it.

With his strength, he cannot defeat the God Emperor Dzogchen, let alone kill the God Emperor Dzogchen. It is even more impossible to obtain the Divine Origin Bead.

Unexpectedly, the secret realm helped.

At that moment, Qin Feng had quick eyes and quick hands. With a wave of his hand, he got all the Divine Source Beads and Storage Rings.

Not far away, the hurricane ancestor opened his mouth and was confused.

After a moment, his face was full of regret!..

Chapter 497

Not far away, the hurricane ancestor opened his mouth and was confused.

After a moment, his face was full of regret!

What a pity that he didn't get such a treasure!

This is why he is far away.

Of course, he didn't dare to grab Qin Feng.

He doesn't want to follow in the footsteps of God Emperor Tiankun and be wiped out by the secret realm.

"Good luck, little brother!", the hurricane ancestor swallowed his saliva.

"not bad!"

Qin Feng was also secretly happy. He looked through Tian Kun's storage ring in front of the ancestor of Huanian.

Ancestor Huanli could only look at it helplessly, and he was extremely envious.

The storage of a powerful God Emperor Dzogchen. Ring, the resources are absolutely abundant.

Sure enough!

Qin Feng's eyes were filled with joy while looking through it, and he was so greedy for the hurricane ancestor. After a while, Qin Feng took out four cyan formation flags from the storage ring.

They were actually God-Emperor level Treasure - Xunfengyun Realm Flag.

God-Emperor level treasures are extremely rare. Many God-Emperors do not have them. Only God-Emperor Dzogchen has one or two.

Now that the ancestor of Kun Kun is dead, the soul seal in the formation flag automatically disintegrates.

Qin Feng dropped a drop of essence and blood on one of them, and after a rough sacrifice, he let go and directly raised the small flag.

Then, a cloud of blue clouds formed around him, covering Qin Feng's body. Feng's body shape has also blocked the prying eyes of all spiritual consciousness.

Even the divine consciousness of the God Emperor's Great Perfection cannot penetrate.

This is the function of the Xunfengyun Realm Flag.

Of course, Qin Feng does not have time to refine it.

If he will After refining the small flag, and then offering it together on all four sides, the barrier can not only isolate the prying eyes of the divine consciousness, but also defend against the attacks of the God Emperor's Great Perfection. It is a wonderful thing.

Only one side can only cover the prying eyes of the spiritual consciousness, and its defense is only at the second-round level. level.

These are enough for Qin Feng.

No one here dares to attack his barrier.

Of course, in addition to these four treasure flags, there are many treasures of the Tiankun God Emperor.

Qin Feng does not have time to deal with it for the time being.

He As soon as the barrier was raised, the yin and yang reversed quietly.....

In the main hall, the ancestor of Hurricane was a little depressed watching Qin Feng sacrifice the cloud barrier.

This kid obviously didn't want him to see it.

I don't know what he is going to do in there?

However, he did not dare to step forward and destroy it.

Who knows if that counts as actively attacking other assessors.

If it counts, he will be wiped out by the system.

At this moment, the hurricane ancestor had no choice but to find a place to meditate and wait for the examiner behind him.

He and Emperor Tiankun were among the best in speed among the many god emperors.

It's been a while, and no one has come back yet.....

At the same time, in the east gate area, inside the main hall.

The phantom clone sat alone in the corner of the hall.

In the southern area, there are two top speeds, Emperor Tiankun and Ancestor Hurricane.

There is no such speed master in the Eastern District.

At this moment, the phantom clone changed.

The next second, he and Qin Feng were exchanged.

Qin Feng returned to the East District, and the ghost clone went to the South District

"Caught up!"

Qin Feng looked at the quiet hall with a smile.

The next second, he summoned the four Chu Chu people with a casual move.

At that moment, the five people stood there, waiting for others to arrive.

Soon, at the door of the hall, There was a sound of breaking through the air.

A hearty laughter also sounded at the door.

"Ha ha!! The second place in the Eastern District belongs to me, Emperor Xiaoyao!"

With a loud laugh, a man in blue shirt walked into the hall gracefully.

But the next second, his laughter stopped abruptly.

When he saw the five Qin Feng people, he was confused.

What's going on?

Five people ?

He obviously only saw Qin Feng coming in alone!

How could there be five people!

He must have been dazzled.

Emperor Xiaoyao couldn't help but rub his eyes.

After rubbing his eyes, he opened his eyes and took a look!

I'm going!

This The vertigo problem is a bit serious!

There are still five!

Could this emperor be under some illusion, right?

Emperor Xiaoyao was a little funny and couldn't help but think about it.

At this moment, the sound of the secret realm sounded in the sky above the hall

"Congratulations to the examiner, Emperor Xiaoyao, for winning sixth place in the Eastern District's first-level assessment! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Forehead·~! "

Emperor Xiaoyao opened his eyes wide.

Damn it~!

Not an illusion!

He looked at Qin Feng and the other five people in confusion.

Especially the four Chu Chu people.

How did these four guys get in?

He hadn't seen them come in before!

Hey! What happened to this woman?

How do you get over the tribulation period?!

Emperor Xiaoyao was a little dumbfounded when he saw Jade Qilin.

He couldn't see through everyone's cultivation, but from the perspective of combat strength and momentum, Qin Feng gave him the feeling of being in the middle stage of the God Emperor.

Chu Chu, Bai Qi, and Bao Bao are all in the second round realm.

Jade Qilin gave him the feeling of a nine-star.

Emperor Xiaoyao was immediately dumbfounded.

How can a Jiuxing be faster than him?

In the middle stage of the God Emperor, he just endured it!

Even in the second round, he could endure it!

It's unreasonable that a nine-star person can be ahead of me!

Emperor Xiaoyao really can't figure it out!

He only knew about space items such as storage rings that could carry puppets and dead objects, but he had never seen any space items that could carry living bodies.

No matter what, it must be a little depressing for the great divine emperor to be surpassed by a nine-star one.

"You guys came really quickly!", Emperor Xiaoyao smiled bitterly

"Just luck!", Qin Feng smiled slightly.

The four Chu and Chu people did not speak, but he was the only one who looked up. At this moment, the light and shadow flashed at the door of the hall, and a strong man with a beard came in.

When the strong man saw that there were six people in the hall.

He smiled slightly He was stunned for a moment, didn't say anything, and found a corner to meditate with a cold look on his face.

At the same time, a voice sounded in the sky above the secret realm

"Congratulations to the assessor Nine-Headed Lion Saint for winning the seventh place in the first level assessment in the Eastern District! The evaluation points are first level (100 points), and the prizes will be distributed later!"

"Nine-headed lion saint?!"

Qin Feng's eyelids twitched slightly.

This guy is from the Starry Sky Beast Clan and is also the deputy palace master of the Lion Palace.

Zixing said that he is extremely powerful.

Now it seems that it is indeed the case!

When he was on his way, he took a brief look. There are about a dozen God-Emperors in the East District.

The Nine-Tian Lion Saint was able to arrive second. I am afraid that his strength is not weak among all the God-Emperors.

Qin Feng thought and aimed at The Xiaoyao God Emperor was not far away.

Sure enough!

The Xiaoyao God Emperor looked at the Nine-Headed Lion Saint with fear, and had no intention of going up to say hello.

This guy is definitely a master!

At that moment, Qin Feng sent a message to the four people of Chu and Chu, asking them to They are careful about the nine-headed lion saint.....

At the same time, the north gate area.

In the main hall, three men in black stood proudly in the center of the main hall.

These are the three leaders of the Demon Realm

"Big boss, the people in this Star Alliance are all trash! The top three in the North District were all taken by the three of us!"

The second leader smiled proudly.

The third leader, who had always been aloof, couldn't help but say: "Back then, if Master Ziwei and the four major star masters hadn't been sitting on the mountain watching the tiger fight, watching our Demon Realm and Zulong lose both sides, they would I got a bargain to get such a land."

"In terms of strength and elites, how can this Star Territory Alliance compare to our Demon Territory?! Sooner or later, we will destroy them and take back our territory!"

This beautiful woman seemed to be very disdainful of the Star Alliance.

The big leader smiled coldly: "If possible, I don't mind killing all the examinees this time, I am afraid that the movement will be too big. Once the secret realm is over, it's hard for us to escape!"

The second leader flattered him and said, "With your strength, even half-step masters are no match for you. It's not easy to kill all those people." However, his subordinates suggested that the chief should only kill people from the Star Alliance. It would be better to keep the Qilin traitor's disciples."

"After all, he is now our ally in the Demon Realm. Killing his subordinates will arouse his dissatisfaction. The big leader smiled proudly: "I'm just talking casually, I don't really want to kill everyone." We try to keep a low profile and only kill those geniuses!"

"The big leader is right!", the second leader enthusiastically flattered.....

At the same time, in the Ximen assessment area, inside the main hall.

Zi Xing wore a veil and looked at the old man opposite with a solemn expression.

The old man had a skinny face and a cold temperament, but he had a smile on his face.

Just smiling makes people feel very gloomy, without any sense of intimacy

"Ancestor Wutian is extremely powerful! I...oh, no...the little girl admires me! admire!"

"I admire Miss Zixing's strength very much!"

The two of them were complimenting each other hypocritically.

Just now, Zixing was the first to enter the temple.

The ancestor of Wutian followed closely.

The two of them were only half a step away and almost tied for first place.

This made Zixing Very shocked.

You must know that she is not an ordinary God Emperor Dzogchen.

In her current state, she can exert the combat power of a half-step master.

But this old man is only half a step behind her, which shows that this old man also has the strength of a half-step master..Looking at the careful look on the old man's face, he didn't take himself seriously from beginning to end.

Zi Xing felt more and more that this old man was definitely not simple, and he was afraid he had some trump cards.

"Ancestor Wutian, with your strength, you should have become famous in the Star Territory Alliance long ago. Why hasn't this girl heard of it before? Are you from another force?"

Zixing deliberately tested

"Ha ha!! The Purple Star girl joked. I am just a casual cultivator and do not belong to any force. I have always been in seclusion and rarely go out. Naturally, there are fewer people who know me."

"On the other hand, Miss Zixing's reputation was not spread among the people. Could it be that Miss Zixing is from another force?"

Ancestor Wutian asked back

"Ha ha! Mom...oh, this little girl is in a similar situation to you. She has been in seclusion all year round, so outsiders know very little about it."

"hehe! I see!"

The two laughed a few times.

The atmosphere was a bit awkward.

Then, the two quietly found a place to meditate and waited.

Zixing pretended to meditate, thinking about the old man's identity.

The old man squinted his eyes and looked at him secretly. Looking at Purple Star.

He originally thought that his biggest opponents were the two groups of people from the Demon Realm and the Celestial Clan.

Now it seems that he has underestimated the heroes of the world. This purple-haired woman is extremely extraordinary, and she definitely has the strength to dominate half a step!

What a pity.!

Met him!

He has a trump card, even if he is half a master, he has to kneel down!

However, he cannot be careless.

This time the secret realm is opened, it is really crouching tiger, hidden dragon!

If he is not careful, he will fall into the gutter If the boat capsizes, you must be careful!

Thinking of this, the old man closed his eyes slightly..

Chapter 498

At the same time, the East District Hall.

Qin Feng, the four people from Chu and Chu, Emperor Xiaoyao, Sheng Jing, the nine-headed lion, and other people behind.

Soon, the eighth, ninth, and tenth people arrived, all of whom were God-Emperors of Great Perfection.

This seems that Qin Feng and the other five are a bit out of place.

All the gods and emperors looked at Qin Feng and the other five people with strange expressions.

Time flies.

More than an hour passed in the blink of an eye.

Tens of thousands of people had gathered in the hall, and the scene was very lively.

Qin Feng secretly observed that there were sixteen people in the Great Perfection of the God Emperor, seventy or eighty people in the late stage of the God Emperor, and even more in the early stage of the middle stage of the God Emperor.

With his current strength, although he is not as perfect as the God Emperor, he can still go sideways in the later stage of the God Emperor.

To put it bluntly, these sixteen divine emperors are his real opponents.

In addition, Qin Feng also discovered the difference in points.

The points evaluation from first to tenth place are all first-class, which is 100 points.

Ranking from 11th to 100th place will be evaluated as second-level, with 50 points.

The 101st to 1,000th place will be ranked third, with 10 points.

After the 1,000th place, it will be regarded as not being popular, and all points will be 0 points.

No one knows what the use of these points is yet, but it is certain that these points are very rare.

Even some God-Emperor Dzogchen scores are only 50 points.

Gradually, there were more and more people in the hall, and soon there were hundreds of thousands of people.

Qin Feng estimated that there should be about 200,000 contestants in each assessment area.

The four major examination areas combined should have 800,000 to 900,000 people.

During the previous spiritual explosion period, at least hundreds of thousands of people died, otherwise the number would have been even greater

"Dad, when will the secret realm distribute the prizes?"

The baby looked at Qin Feng with a cute look on his face.

The little guy couldn't wait any longer.

"yes! Brother, why don't this secret realm give out prizes?", Chu Chu was also waiting anxiously.

Qin Feng smiled slightly:"I guess I'm waiting for everyone to arrive! Just wait!"

In the blink of an eye, another quarter of an hour passed.

The atmosphere in the hall became more and more lively.

There were also constant mutterings in the crowd.

"Who do you think will be in the top ten this time?"

"Not sure! My speed was too slow and I couldn't see anyone in the top ten!"

"hehe! Is there any need to guess? The top ten must all be the powerful ones of the God-Emperor Dzogchen!"

"That's right! Speaking of which, there are actually sixteen God-Emperor Dzogchen masters here, and the competition is really fierce! There have never been so many super strong people in the past!"

"Of course! The opening of the Ziyun Secret Realm this time is different from the past!"

The crowd sighed.

Boom~! Boom~! Boom~!

At this moment, the hall suddenly trembled slightly, and a rumbling sound sounded behind everyone.

The crowd was startled and turned around, and saw that the ten thousand feet palace door was slowly closing.

Bang~!

A dull loud noise!

The door of the main hall closed, and the floor trembled slightly.

The entrance to the secret realm was closed.

Many people took a deep breath and became inexplicably nervous.

Even the God Emperors opened their eyes from meditating. He closed his eyes.

The atmosphere in the venue became solemn, and the hall gradually became quiet.

At this moment, the sound of the secret realm sounded in the sky above the hall.

"The first round of assessment is over and the rankings are out! Prizes will be distributed later!"

Everyone seemed to sense it and took out the Ziyun Token one after another. They saw ranking information appearing on it. It ranged from the first to the thousandth.

There was no ranking after the thousandth.

Everyone looked at the top ten with concern.

"Huh! The first Qin Emperor!"

"Who is Emperor Qin?"

"I do not know!"

"It seems that he is not a powerful divine emperor!"

"Who is this second place Chu Chu?"

The crowd whispered.

Even the God Emperors were confused.

All the God Emperors are super powerful people with a good reputation.

There are many people who know them, but they have never heard of Emperor Qin.....

Seeing the surprised looks of the people around them, Qin Feng and the other five smiled slightly.

At this time, Qin Feng seemed to sense it and took out another Ziyun Token.

I saw it displayed on the token.

Southern District, the first level of assessment ranking.

The first place is Emperor Qin.

Second place, Chu Chu.

Third place, Qin Baobao fourth place.....

Qin Feng smiled.

The first assessment in the Southern District has also come to an end.

It was quite convenient that he could check the results of the Southern District even in the Eastern District.

Calculating carefully, the Southern District assessment will end a minute or two later.....

At the same time, in the corner of the hall.

After reading the rankings on the Ziyun Order, a man in black took out the jade talisman of communication and quietly sent a message.

The four major assessment areas are all independent, and time and space abilities are also prohibited, but subpoenas are not prohibited.

This man in black is from the Demon Realm.

He was passing information on the top ten to the chief.

This time they want to kill all the geniuses in order to destroy the inheritance of the Lord of Qilin.....

On the other side, the South District.

In the main hall, people were also talking a lot.

Who are Qin Huang, Chu Chu, Qin Baobao... among the top ten?

These names are all unfamiliar.

In the corner, another man in black read the rankings and secretly sent the message.

Ximen Assessment Area.

As an undercover man in black, I took a look at the rankings.

The first place in the west area is Purple Star; the second place is Ancestor Wutian, and the third place is Wushuang Palace Master.....

The first and second places seem a bit unfamiliar.

The man in black remained calm and sent the message.....

At the same time, the north gate area.

In the main hall, the three leaders of the Demon Realm all looked at the assessors in front of them with indifferent expressions.

There were nine men in black standing beside them.

"Chief, there is news from the East District, look!", the second leader took out the jade talisman of communication

"Um!"

The big leader took the jade talisman and took a look.

The first place in the East District is Emperor Qin, the second place is Chu Chu, the third place is Qin Baobao, the fourth place is Bai Qi, and the fifth place is Jade Qilin.....

"hehe! They are all unknown people!"

The big leader looked disdainful.

"Big boss, the list of the top ten in the southern region is also out!"

The three leaders handed over the communication jade talisman.

"oh!", the big leader took it at will.

Qin Huang, the first in the Southern District....

"Um? Emperor Qin?"

The big leader frowned slightly.

The first place in the East District is also Emperor Qin!

He continued to look down.

The second place is Chu Chu!

Damn~! Same!

The third place is Qin Baobao!

No, it's still the same!

The fourth place is Bai Qi!Fifth place Jade Qilin!

The big leader is confused.

Why are the top five in the East District and South District exactly the same!

"What the hell are Hei Yan and Shi Ni doing? Did they go to the same assessment area? Can't they even tell the difference between east and south?"

The big leader was so angry that he didn't hit him anywhere.

The second and third leaders were a little confused.

They didn't know why the big leader was angry.

"snort! See for yourselves!"

The big leader threw two pieces of communication jade charms casually.

The second leader and the third leader quickly picked them up and took a look.

Both of them were dumbfounded.

The names in the top five in the East District and the South District were exactly the same, and even the ranking order was the same.

If it is Duplicate names, forget about one or two, why are all five of them the same?

It can't be the same name!

Did Hei Yan and Shi Ni really run into the same area?

Are these two people so mean?

"Big boss, this is wrong! Things will be different after this sixth place!"

The third leader is still more attentive.

The big leader and the second leader took it for a look.

Hey! It's really different after the sixth place.

"Strange! So why are the top five the same?"

The three of them were all a little confused.

It seems that the five emperors of Qin are not simple!

At this moment, the hall shook, and the rewards for the top ten began to be distributed.....

At the same time, the Eastern District was assessed.

The rewards for the top ten here have also begun to be distributed.

"Start giving out rewards now!"

The sound of the secret realm sounded in the sky.

The atmosphere in the venue became heated.

"It finally begins! I wonder what the top ten rewards will be this time?"

"You'll find out after reading it!"

People looked into the air one after another, very curious in their hearts.

Among the crowd, Qin Feng and the other five people also became excited.

"Dad, what will we be rewarded with?", the baby looked forward to it.

At this time, the secret voice sounded again

"Tenth place, September God Emperor.....Reward three Lotuses of the Soul....."

The next second, a beam of light fell from the sky and landed on the head of a Great Perfection God Emperor.

In the beam of light, three lotuses of the soul slowly fell.

"Wow! Three lotuses of soul!"

The crowd was filled with envy.

This is only the tenth place, and the reward is so generous.

Even some God Emperors showed envy.

The God Emperor September smiled proudly, and put away the prize with a wave of his hand.

He could win among more than a dozen God Emperors. The strong man of Dzogchen reaches the tenth place, which proves his strength.

"Ninth place, Splitting Heaven God Emperor.....Reward five Lotuses of the Soul...."

Another beam of light fell, and five spiritual lotuses slowly fell.....

The Splitting God Emperor also waved his hand proudly and put away the prize.

The crowd erupted in awe again.

The assessors were all envious.

Many God-Emperors could not find more than three Lotuses of the Soul within the five-day spiritual blast period, let alone those ordinary elemental masters.

"Eighth place, Heart-Eating Ancestor.....Reward Seven Lotuses of the Soul....."

"Seventh place, Nine-Headed Lion Saint.....Reward ten Lotuses of the Soul....."

This reward is getting richer and richer, peopleThe exclamations grew louder and louder.

Some of the crowd were envious, some admired, and some were jealous.

Even those god emperors are no exception.

After all, only the top ten are rewarded, and everyone else can only stare.

"The sixth place, Xiaoyao God Emperor...rewarded one Space Divine Crystal and ten Lotuses of the Soul....."

This time, the crowd exclaimed again

"Oh My God! It's the Space Divine Crystal!"

"yes! This is good stuff!"

"The rewards for sixth place are so good! The first place reward will definitely not be bad!"

"yes! The first place reward must be extremely generous!"

The crowd whispered.

The sound of the secret realm sounded in the air again.

"Fifth place, Jade Qilin...rewarded with one Time Divine Crystal, one Space Divine Crystal, and ten Lotuses of the Soul....."

The next second, a beam of light fell on Jade Qilin's head.

A time divine crystal, a space divine crystal, and ten spiritual lotuses fell from the sky.

The whole place was in an uproar

"Is this woman fifth?"

Even the God Emperors were a little confused.

Yu Qilin, however, looked excited.

She waved her hand and collected all the prizes.

Qin Feng immediately raised a Xunfengyun realm flag, forming a ten-meter square. A few meters of cloud cover enveloped him and Yu Qilin.

The God Emperors were surprised and sent out their spiritual consciousness one after another, but they were blocked by the cloud unity world.

This time, the God Emperors were stunned.

They could not see Qin Feng and Yu Qilin. What are they doing inside?

Just doing this always makes them feel weird.

In the Yun United World, Qin Feng and Yu Qilin can clearly see everything outside.

However, they have no time to pay attention to that.

At this moment, Qin Feng takes Yu Qilin in. The small universe used Yin and Yang.

The next second, Yu Qilin quietly arrived at the Southern District of the assessment.

The Southern District was also distributing rewards.

"The sixth place, the hurricane ancestor...rewarded one space divine crystal and ten soul lotuses....."

The onlookers exclaimed.

This reward is so generous!

The hurricane ancestor put away the prize proudly, and then looked at somewhere in the hall with a strange expression.

There is a large blue cloud uniting the world at that place.

Others don't know where it is, but he knows it very well.

The young man in white clothes is in the blue clouds.

The young man in white should be the first Emperor Qin, but where are the others?

The hurricane ancestor has not figured it out until now.

But at this moment, a beautiful figure walked out of the blue clouds.

As soon as she appeared, the secret realm immediately sensed

"Fifth place, Jade Qilin.....Reward one time crystal, one space crystal, and ten soul lotuses....."

A beam of light fell towards the jade unicorn, and the reward slowly fell.

Yu Qilin was delighted and received a double reward.

The ancestor of the hurricane opened his mouth wide.

Who is this woman?

The young man in white was not the only one in the cloud before, so why did another one appear?..

Chapter 499

The hurricane ancestor is confused!

The whole audience was stunned.

The gods and emperors were surprised.

Who is this woman?

Her cultivation seemed to be...

Yu Qilin ignored everyone's strange looks.

She waved, put away the reward, and turned back into the clouds.

This cyan cloud world can not only isolate the Dzogchen Emperor from prying eyes, but it will also have a certain impact on the induction of the secret realm.

You have to step out of the barrier in order for the secret realm to sense and deliver rewards.

If this were not the case, Yu Qilin would not want to come out.

When Yu Qilin entered the clouds, everyone could no longer sense her, and they couldn't help but look weird.

This unnoticed cloud has become the focus of everyone's attention.....

At the same time, the assessment of the Eastern District

"Fourth place, Bai Qi...rewarded one Samsara Divine Crystal, one Time Divine Crystal, one Space Divine Crystal, and ten Lotuses of the Soul....."

A beam of light fell on Bai Qi, and rewards fell from the sky. People around him exclaimed.

"Tsk tsk!! The fourth place will be rewarded with the Samsara Divine Crystal!"

"yes! That's good stuff!"

In the crowd, countless people are envious.

Especially those in the second-round realm and the early and middle stages of the God Emperor are the most excited.

What they lack most is the Samsara Divine Crystal.

The Samsara Divine Crystal can assist in awakening the power of reincarnation.

If you have awakened the power of reincarnation, refine it. Transforming it can improve the perception of the power of reincarnation.

Qin Feng also needs it.

Not long after he awakened the power of reincarnation, his perception of the power of reincarnation was only 7%.

This divine crystal of reincarnation helped him a lot.

At the moment, Bai Qi was among everyone. With envious eyes, he put away the reward and walked into the Qingyun barrier on the side.

Qin Feng quickly operated the yin and yang rotation.

The next second, Bai Qi appeared in the southern area of assessment.

Then, he was envied by the assessors in the southern area. He looked at the second reward.

At the same time, the distribution of rewards in the East District continued.

"Third place, Baobao Qin... will be rewarded with two divine crystals of reincarnation, two divine crystals of time, two divine crystals of space, and ten lotuses of the soul....."

A beam of light fell directly on Qin Baobao, and the prize fell from the sky

"Wow!! So many!"

Qin Baobao happily put away the prize and ran into the Qingyun barrier.

Everyone around him was shocked.

Damn~!

I'm not dazzled!

The third place is actually a little girl?

"Did you see clearly just now? It seems to be a little girl of five or six years old!"

"Forehead! I thought I was dazzled! Why are there so many strange things happening these days?"

"Ashamed! I am worse than a little girl!"

The crowd kept muttering.

But Qin Baobao had already entered the South District to receive the award under Qin Feng's control.

At this moment, the sound of the secret realm sounded in the air again

"Second place, Chu Chu... was rewarded with four Samsara Divine Crystals, four Time Divine Crystals, four Space Divine Crystals, and fifteen Soul Lotuses....."

"The rewards this time are so generous!"

The crowd sighed.

The Great Perfection God Emperors were all moved.

Soon, Chu Chu received the reward and entered the Qingyun barrier.

The crowd showed a strange look.

From the fifth to the second place, after receiving the reward, they all entered the barrier. Realm.

You don't need to think about it to understand that these four people are in the same group.

"What are the origins of these four people?"

"Not sure! However, the first place reward is about to be distributed!"

"Yes! Don't you know what the first place reward is?"

"The first place won't be with those four, right?"

"What a coincidence!"

After saying this, Qin Feng strode out of the Qingyun Barrier.

Just now, he had transferred Chu Chu to the Southern District. At this moment, as soon as he appeared, he attracted a lot of attention.

What a handsome boy!

Some female cultivators looked at him Let the light shine!

At this time, the sound of the secret realm sounded in the sky above the hall

"The first place, Emperor Qin...rewards a ball of Jade Qing Qi, five Samsara Divine Crystals, five Time Divine Crystals, five Space Divine Crystals, and twenty Soul Lotuses....."

As soon as he said these words, the whole audience was shocked!

"What?! Reward Yuqing Qi?!"

Everyone was extremely shocked!

The God Emperors were also stunned. Even the Dzogchen God Emperors were no exception. Their eyes became fiery.

Even the proud Nine-Headed Lion Saint suddenly opened his eyes, with a bright light in his eyes.

Yu Qing Qi! It is extremely rare!

It is a good thing for improving qualifications.

It can upgrade the qualifications of the God Emperor to the low-grade master level.

Even if the qualifications are extremely poor, after refining, they can be upgraded to the God Emperor level.

This time, the whole audience was stunned. Everything became hot.

Buzz~!

A clear cry!

A huge beam of light fell from the sky and fell on Qin Feng.

The next second, a ball of sapphire energy, fifteen divine crystals, and twenty soul lotuses followed the beam of light. Falling from the sky.

The first place is actually this handsome young man!

The whole audience looked at Qin Feng with complex eyes.

Some were envious, and some were jealous.

Even the God-Emperor Dzogchen swallowed their saliva.

The scene was inexplicably quiet.

Qin Feng Ignore it.

He is very busy.

After receiving the reward, he has to go to the South District to receive the award.

After a while, Qin Feng put away the reward in the air and walked into the Qingyun Barrier in a comfortable mood.

Everyone looked at the Qingyun Barrier , with a complicated expression.

Some God Emperors tried to use their spiritual consciousness to transmit in, wanting to communicate with Qin Feng and asking him if he could sell Yuqing Qi.

However, they found that the barrier blocked their spiritual consciousness and would not accept any transmission, so they had to give up..

In the corner of the hall, the Nine-Headed Lion Saint watched this scene silently.

At this moment, a woman's voice sounded behind him

"Lord Lion Saint, the appearance of this Qin Emperor is very similar to the rumored Bai Sha!"

The speaker was a beautiful and enchanting woman, none other than the Snake Queen.

Hearing this, the Nine-Headed Lion Saint frowned slightly.

After a moment, he asked in a low voice: "What do you think is the possibility that Emperor Qin is Bai Sha?"

The Snake Queen pondered for a while and said: "I can't be sure! However, I figured out one thing!"

"That point?"

"Before their deaths, the Soul Mandrill God Emperor and the Blood Centipede God Emperor both said that they met a young man in white who looked very much like Bai Sha. They were together at the time, but they were still killed within a very short period of time...."

"Do you suspect that it was Emperor Qin who killed them?" The Nine-Headed Lion Saint looked at the woman behind him.

The Snake Queen nodded slightly: "This Emperor Qin seems to be only in the middle stage of the God Emperor, but he must be outstanding in getting the first place in this assessment. I'm afraid his strength could be comparable to that of the late God Emperor!"

"With such strength, it was not unexpected to kill blood centipedes and soul mandrills in a short period of time, so the little girl guessed that he was the one who did it."

The nine-headed lion saint nodded slightly: "It's possible!"

The Snake Queen whispered: "Lord Lion Saint, this little girl shouldn't be able to deal with Emperor Qin, so why bother taking action?"

The nine-headed lion saint smiled coldly:"Ha! If he really killed him, I would naturally not let him go. Dare to kill people from my Star Clan! A price must be paid! The Snake Queen was overjoyed:"

Thank you, Lord Lion Saint!"

Immediately, she whispered again:"This Emperor Qin looks very mysterious. Lord Lion Saint must deal with it carefully to avoid capsizing in the gutter!""

The nine-headed lion saint said disdainfully:"Ha! If it weren't for the fact that the Secret Realm favored those with low cultivation this time, do you think this kid could have won first place? This first level of assessment is inherently unfair. Its suppression of the Divine Emperor's Great Perfection is more than ten times that of the Divine Emperor's middle stage."

"If the conditions were the same, this Emperor Qin would not be able to make it into the top ten, let alone take first place."

The Nine-Headed Lion Saint was angry.

Obviously, he was very dissatisfied with his ranking in the assessment.

The Snake Queen apologized and said,"That's right! With your strength, if you face him head-on, it will be easy to kill him! By the way, sir, it is rumored that people from the Demon Realm and the Celestial Clan are coming this time. Do you think this Emperor Qin belongs to these two groups?"

The Nine-Headed Lion Saint glanced at the Snake Queen in surprise.

How did the Snake Queen know such secret information?

Could it be ?.....

The nine-headed lion saint didn't ask any more questions.

He pondered for a while before saying:"The Demon Realm is cruel! The Celestial Clan is cunning! These two clans are extremely powerful. This Qin Emperor is really possible. By the way, if you have a chance, you can try it out!"

"How to test?"

"Use your best method. The Demon Realm and the Celestial Clan treat women's bodies differently, you may be able to understand it...."

The Snake Queen looked at the Nine-Headed Lion Saint with resentment.

The relationship between her and the Nine-Headed Lion Saint is not pure.

Isn't he jealous at all that this guy actually asked himself to sacrifice himself?

It seems that I am just his plaything!

"Forget it! I am just joking!"

The nine-headed lion saint lightly patted the slender waist of the snake and scorpion queen.

"Just wait three more days! When the time comes, let's see what the second level of assessment is. If there is a chance, I will take action!"

"Um!"

At this moment, the two of them found a place to meditate in the corner.

At this moment, many people in the hall were meditating.

Everyone was seizing the time to digest the gains from the spiritual explosion.

According to the assessment rules, the second assessment will begin in three days.

These three The sky is giving them a chance to repair.

Everyone is seizing the time to digest the recent gains, improve their strength, and get points in the next assessment.

According to the secret realm prompts, points will be of great benefit in the later stage.

What a pity!

This is the first level. In the assessment, only 1,000 people received points, and the remaining hundreds of thousands of people all received 0 points.....

At the same time, Qin Feng's small universe.

Zhongjixing, in the palace.

Qin Feng, Chu Chu, and Bao Bao gathered together.

Everyone was in a very good mood.

They got all the top five rewards in the East and South districts.

At this moment, all the prizes appeared in front of everyone.

2 groups of Jade Qing Qi, 24 Samsara Divine Crystals, 26 Time Divine Crystals, 26 Space Divine Crystals, and 130 Soul Lotus.

The amount is amazing!

"Wow!! Dad, there are so many treasures!", the baby is very happy

"I still have some here!"

Qin Feng took out seven soul lotuses and two space divine crystals from the storage ring of Emperor Tiankun again.

Everyone's eyes went straight when they saw the divine crystals.

This time, their strength will be greatly increased.

"I'm here to distribute the treasures now!" Qin Feng was in a very good mood.

Everyone was looking forward to it..

Chapter 500

Qin Feng waved his hand, and two groups of Yuqing Qi flew towards Jade Qilin and Bai Qi respectively.

"Let me share this Yuqing energy with you two!!

Bai Qi was ecstatic:"Thank you, Your Majesty!"

This is what he dreams of!

With this Jade Qing Qi, his qualifications can be upgraded to a low-level master, and his strength can be greatly improved.

Your Majesty's kindness to him is too great.

"Qin Feng, thank you!", Yu Qilin also smiled.

Her biggest difficulty is that this physical body limits her qualifications.

Now with this jade pure energy, she can break through the barrier

"Sister Yu'er, with this Yuqing Qi, your cultivation will definitely recover faster!"

Chu Chu is really happy for the Jade Qilin.

Now, she also knows some about the Jade Qilin.

Qin Feng also said:"I heard that there is still the Qi of the Supreme Purity in this secret realm. Is it true?"

As soon as these words came out, Chu Chu's eyes lit up.

The Qi of Yuqing can improve the qualifications of the God Emperor to a low-grade ruler.

The Qi of the upper Qing can upgrade the potential of a low-grade ruler to a mid-grade ruler.

Chu Chu was not interested in Yuqing before. But he was very interested in the Qi of the Supreme Purity.

Yu Qilin smiled and said:"Yes, yes!" I'm afraid I won't get the first place in the assessment, don't even think about getting it! Qin

Feng smiled slightly:"As long as there is one, we will strive to be first.""

This Yuqing Qi and Shangqing Qi have no effect on Qin Feng, and he doesn't like it.

But it is useful for Chu Chu, Yu Qilin, and Bai Qi.

Compared with his own qualifications, the qualifications of these three subordinates are all It's too low and urgently needs improvement.

What's more, if the strength of the three of them has greatly increased, Qin Feng's strength will also increase greatly.

This will be of great benefit to Qin Feng

"Dad, hurry up and share the treasures!"

Baby raised her little mouth and couldn't wait any longer.

She was not interested in the Jade Pure Qi and the Superior Qing Qi either.

After all, she is a top-grade ruler.

"good! OK!" Qin Feng fondly touched his daughter's little head.

"Your Majesty, I will be satisfied if I get this pure jade energy. I will not participate in the following allocation. This subordinate wants to refine Yuqing Qi now, and I hope your majesty will allow it!"

Bai Qi saluted respectfully.

This jade pure energy is extremely precious and extremely difficult to refine. Normal refining takes two to three months.

At this moment, the external examiners have to practice for three days.

Those examiners are restricted Space and time abilities.

Three days is three days, and there is no more time.

But Qin Feng is different. He has a small universe to cheat.

Three days in the outside world, and three months in the small universe, are enough to become white and refine the Yuqing Qi.

This is the benefit of having a small universe!

Those people don't have the method to create a small universe.

Qin Feng is unique!

Even the Lord of Qilin does not know this method, otherwise Qin Feng's cheating would not be so smooth.

You know, Qilin The Lord was a high-grade star master during his lifetime, so Qin Feng also doubted that no one in this universe had practiced this method.

Perhaps, he was the only person in this universe who practiced the method of the universe.

Thinking about it, Qin Feng felt a little excited!

"then you go!"

"yes! His Majesty!"

Bai Qi bowed and left.

He is now eager to refine the Qi of Yuqing. After all, his biggest flaw is his lack of qualifications.

To put it bluntly, with his qualifications as a God Emperor, he is a bit unworthy of the Fire Lord position, so there is an urgent need to improve his qualifications.

After Bai Qi left, Qin Feng looked at Yu Qilin again

"Yu'er, how many space crystals do you need to awaken your space ability to perfection?"

Yu Qilin smiled slightly:"As long as you give me one space crystal, three time crystals, and three reincarnation crystals, I can restore all three abilities to perfection in the shortest time."

As soon as these words came out, Chu Chu and Baobao were shocked.

Even Qin Feng was surprised

"Aunt Yu'er, you are so amazing!", Bao Bao's face was full of admiration.

Yu Qilin smiled confidently: "I have already realized these three abilities in my previous life. Now I'm just following the old path again, and I'm naturally enlightened very quickly!"

"Sister Yu'er is indeed the reincarnation of the Lord!", Chu Chu sighed

"Yu'er, these are for you! Do you need the Soul Crystal?"

Qin Feng waved his hand, and one space crystal, three time crystals, and three reincarnation crystals flew towards the jade unicorn.

"I can't use the Soul Crystal for the time being. I'll use it after I break through to the Great Emperor, otherwise it will be wasted!"

"good!"

Yu Qilin put away the divine crystal, called, and went to retreat.

"Chu Chu, your power of time has been perfected and you can no longer use the time crystals. However, you have just awakened your space ability. All these space crystals are for you...."

"Baby, your power of reincarnation has been completed, and the remaining time will be given to you by the divine crystal....."

It didn't take long for them all to be distributed.

Both Chu Chu and Bao Bao went to retreat happily. In the main hall, Qin Feng looked at the Samsara Divine Crystal and Yuanshen Lotus in front of him with satisfaction. Time Divine Crystal and Space Divine Crystal are of no use to him. After all, his power of time and power of space have been perfected and there is no need for them. Useful to him is the Samsara Divine Crystal. This time, 24 Samsara Divine Crystals were awarded. In addition to 3 given to Jade Qilin, there were 21 more. These are enough! In addition, he kept more than a hundred soul lotuses. These were of great

use to him. After he completes the foundation building, he will rely on these soul lotus to improve his cultivation and advance all the way. The Yuanshen Crystal didn't help him very much, so it was used by Chu Chu and the others. At that moment, Qin Feng opened his mouth and swallowed all the Samsara Divine Crystal.

.....

A strange energy rushes directly into the depths of the soul.....

"Ding! Successfully swallowed the Samsara Divine Crystal.....Awakening of the power of reincarnation 100%....The ninth consciousness is completely awakened.....Combat power increased to 1,700 trillion....."

After a moment, Qin Feng opened his eyes happily.

His seventh consciousness, eighth consciousness, and ninth consciousness are all fully awakened.

This is one of the signs of the late God Emperor's peak!

Now that he has broken through to the late stage of the God Emperor, there is no bottleneck.

For now, just wait for him to complete the foundation building and then soar into the sky.

When Qin Feng thought about building the foundation of the universe, he only realized 92% of the true meaning of everything and had not yet condensed the divine seal.

This is his only obstacle to foundation building.

As long as the true meaning of all things is condensed and the divine seal is condensed, the bottleneck can be broken.

At that moment, Qin Feng also entered the secret practice room and began to realize the true meaning.

Time flies!

In the blink of an eye, thirty days passed in the small universe.

A lot has changed in these thirty days.

First, the power of space, time, and reincarnation of the jade unicorn are continuously perfected.

Her time force field is also superimposed into the small universe.

In this way, the time force field of the small universe becomes 40 times larger.

Next, Yu Qilin began to refine Yu Qing's energy with all his strength.

Later, the baby refined more than twenty pieces of time crystals, and his eighth consciousness and time ability were perfected.

The time force field of the small universe has been superimposed to 50 times.

In other words, one day in the outside world is 50 days in the small universe.

This cheating is shocking!

Then, after Chu Chu refined more than twenty space divine crystals, the power of the eighth consciousness space was also completed.

Now, in addition to Qin Feng and Yu Qilin whose three consciousnesses are complete, Chu Chu and Bao Bao's seventh and eighth consciousnesses are also complete, and they are just short of awakening their ninth consciousness.

Bai Qi's seventh consciousness is complete, and his eighth consciousness has awakened to a certain level.

In addition, Qin Feng also realized 96% of the true meaning of everything, and his strength increased again.

In short, everyone has made great progress in this month.

In the blink of an eye, one hundred days passed in the small universe.

These one hundred and thirty days were equivalent to Qin Feng and others practicing in seclusion for more than four months.

Only three days have passed in the outside world!

This is so shocking!

But he said that on this day, the small universe is the Zhongpole Star.

In the secret training room, Qin Feng looked at himself with satisfaction.

There have been too many changes in these one hundred days.

After Jade Qilin refined Yuqing's energy and returned to its low-grade domination potential, it easily completed the tribulation.

After Qin Feng swallowed the master-level calamity cloud, the Ancestral Dragon inheritance had awakened to 98.9%, which was just one step away from being fully awakened.

In addition, after more than a hundred days of continuous meditation, his understanding of the true meaning of everything has increased to 99.7%.

As long as he is given another two or three days to condense the True Meaning Seal, he can start building the foundation of the universe.

"Just the last bit left! such a pity!"

Qin Feng looked regretful and a little helpless.

His current combat power has unknowingly increased to 2000 trillion.

If he completes the foundation of the universe again, his strength will definitely skyrocket!

By then, what else does he fear about the Great Perfection of the God Emperor? ?!

Unfortunately, it's too late.

The external training time is over.

It's time for him to take the second assessment!

Qin Feng glanced around reluctantly, then ducked and disappeared out of thin air..
