

God level 501

Chapter 501

The next second, Qin Feng returned to the assessment east area.

At this moment, he stood within the Qingyun barrier.

He could see clearly what was going on in the hall through the clouds and mist.

The will of the secret realm has just prompted that the second test is about to begin.

In the main hall, people took out the Ziyun Order and checked the latest assessment information.

Qin Feng waved and summoned the four babies.

During these four months of retreat, all four of them have made great progress.

Baobao has cultivated to the late stage of the Great Emperor, and his combat power has increased to 900 trillion.

Chu Chu is also in the later stage of the Great Emperor, with a combat power of 700 trillion.

Yu Qilin made the fastest progress and actually reached the early stage of the Great Emperor in one go. With her three major abilities perfected, her combat power soared to 400 trillion.

Qin Feng looked at Bai Qi again

"Your Majesty, I am ashamed!"

Bai Qi lowered his head with a guilty look on his face.

After refining the Qi of Yuqing, his cultivation qualifications were only raised to the half-step master level, and he had not yet reached the master level.

Because of this, his cultivation level broke through to the middle stage of the second round, and the battle Only 900 trillion

"It doesn't matter! This Yuqing Qi is not 100% guaranteed to break through to the potential of low-grade domination. There will be a chance next time!", Qin Feng comforted.

Yuqing's energy was extremely precious in Bai Qi's eyes, but it was nothing in Qin Feng's eyes.

"Thank you, Your Majesty!", Bai Qi is grateful

"Everyone, take a look at Ziyun Order's information. There is news about the second assessment!"

Qin Feng withdrew the Xunfengyun boundary flag with a casual move.

The five people suddenly appeared in front of the crowd.

"Look! Emperor Qin and the others are coming out!"

There was a commotion in the main hall.

Everyone looked over.

Qin Feng and the other five are considered celebrities in the East District.

"This guy who hides his head and shows his tail finally comes out!"

In the corner of the main hall, the nine-headed lion saint looked at Qin Feng with some disdain in his eyes.

The Snake Queen was also thoughtful.

This Qin Emperor is really unparalleled in beauty.

If possible, she would not mind having sex and sucking the Qin Emperor dry , making him happy until death.

At the same time, many god emperors cast strange looks at Qin Feng.

Qin Feng ignored it and took out the Ziyun Token and looked at it.

At this sight, he smiled.

The second scene was Practical points assessment.

A large number of monsters will appear in every corner of the examination room.

These monsters are different from the outside world. They are the kind of monsters that are special to Ziyunhai. They have low intelligence, do not possess three flowers, and only have inner elixirs. Their strength ranges from one It ranges from the Wheel Realm to the Great Perfection of the God Emperor.

According to the rules, assessors can only obtain points by hunting monsters of the same level or above.

For example, if an assessor in the middle stage of the First Stage kills monsters below the early stage of the First Stage, all points will be 0 Points.

Those who hunt in the middle of a round will get 100 points, those who hunt in the later stages of a round will get 200 points, and those who hunt in the Great Perfection will get 400 points. For each additional small realm that is crossed, the points will be doubled, and so on.

Assessment Assessors are allowed to fight each other, but 100 points will be deducted for killing one person, and no points will be deducted for injuring one person.

At the same time, assessors cannot compare their own shots with three smaller realms.

For example, the God Emperor's Dzogchen can only attack the God Emperor in the middle stage. , if you attack the God Emperor in the early stage, you will be wiped out on the spot.

Of course, if the opponent takes the initiative to attack, you can counterattack, and no points will be deducted.

This assessment system is a bit interesting!

In addition, after this assessment, the total points are still 0 points If they are deemed unqualified, they will be forcibly sent out of the secret realm and lose the qualification to continue the assessment.

After reading the last message, the nearly 200,000 assessors all frowned.

They all have 0 points now!

The first assessment, Only one thousand people have obtained points.

Even if these one thousand people get 0 points in the second game, they can still continue to participate in the third assessment.

"Hey~! It turns out that points are so important!"

"dying! dying! If I don't kill a monster in this test, I won't be able to pass it."

Everyone was talking about it.

Qin Feng, Chu Chu, and Bao Bao looked at each other and smiled. They all had points, so they didn't have to worry about failing the assessment.

In addition, they also saw that this assessment was biased towards the most powerful elemental masters at the same level..

They happen to be all.

This test is so beneficial to them!

Maybe, the top five will all have a chance.

In the crowd, the God-Emperor Dzogchen frowned.

This test is the most unfavorable to them.

They have nothing to overcome.

In fact, they can't cross the level.

Those God Emperors want to curse.

What a bullshit assessment!

This is obviously biased towards low-level elemental masters.

However, the God Emperors are not worried about failure.

They are in the first place. Basically, everyone entered the top 100, and all had more than 50 points.

At this moment, the hall shook.

Ten huge light gates appeared out of thin air.

The second assessment began.

Everyone entered one after another.

Qin Feng and the five others also Following the flow of people, they entered the examination room.

After crossing the light gate, everyone came to a huge square.

The entire square was protected by a light mask. It was a safe area and it was forbidden to fight each other.

Outside the light mask, there was an ancient battlefield with potholes everywhere. Traces of the battle, some broken armor and broken swords scattered on the ground, covered with dust.

The breeze blew, and the atmosphere was desolate.

Only the dark sky revealed the breath of eternity.

At this moment, the Ziyun Order in everyone's hands came. New information.

When everyone saw it, their expressions changed drastically.

"Why are there only 400,000 monsters?"

"Everyone, hurry up and grab it! Otherwise, there will be no points!"

As soon as these words were said, everyone erupted and rushed out of the square.

There were nearly 200,000 examiners present, and there were only 400,000 monsters. Divided equally, there were two for each person!

Otherwise, there would be no way to grab it. Not enough points!

In the blink of an eye, most of the field was gone.

The God-Emperors didn't move much, they were thinking about what to do.

This assessment was not conducive to them!

But at this moment, an old man flew up

"Everyone, I have a suggestion. When we encounter those low-level monsters, we kill them all. Don't give those with low cultivation a chance! This opportunity should be available to us. How can these lowly people compete with us?"

As soon as these words were spoken, the eyes of all the God Emperors shone brightly.

"The black-hearted ancestor has great suggestions."

"Ha ha!! That's how it should be done!"

This black-hearted ancestor is also a powerful God-Emperor Dzogchen.

As soon as his proposal came out, the God-Emperors were overjoyed. This method was so wonderful.

After a moment, the God-Emperors dispersed.

Although they did not score points by killing low-level monsters, But it can effectively curb the scores of low-level cultivators, thereby indirectly improving their rankings. As soon as those god-emperors left, the remaining examiners looked sad.

This ancient battlefield was so large that it could not be scanned by spiritual consciousness.

They were originally the largest The problem is that the monsters are hard to find.

Now, the god emperors are doing this again, and it will be even harder for them to find the monsters. The divine consciousness of those god emperors is much stronger than them, and they will definitely be able to find the monsters earlier..Hey

~!

Looks like everyone is going to be eliminated!

Thinking of this, many people looked sad.

"How good these guys are!", the baby's little mouth bulged

"Brother, what should we do?"

Chu Chu, Yu Qilin, and Bai Qi all looked at Qin Feng.

They were all waiting for Qin Feng's order.

"This ancient battlefield was so huge that even the Divine Emperor's divine consciousness could not scan even one ten thousandth of it. When it comes to finding out monsters, those god emperors are not as good as babies! Just a few of you and the baby will be fine!"

Qin Feng showed a meaningful smile.

"yes!"

Chu Chu, Yu Qilin, and Bai Qi were all a little confused.

"follow me! Guaranteed you will have a big harvest!", a proud smile appeared on Baobao's little face.

Then, the four of them walked out of the square together.

Qin Feng glanced at the direction in which the four of them were leaving, then chose another direction and left the square.

As soon as he left the square, Qin Feng He pinched a seal with his hand and pressed it to the center of his eyebrows.

Creation of all things! The gods of heaven and earth are beautiful!

At this moment, a golden divine seal appeared between his eyebrows.

The supreme true meaning - the divine seal of creation was activated!

In an instant, he sensed the entire In the ancient battlefield, the positions of all the creatures.

Even the cultivation and aura of the creatures.

Those were the assessors and those were the monsters.

He could distinguish them at once.

Qin Feng opened his eyes with joy.

To a certain extent, he This method is tens of thousands of times stronger than the divine consciousness of a god-level Dzogchen expert.

This is one of the wonderful uses of the Divine Seal of Creation.

This is why he asked Chu Chu and others to follow the baby.

The baby also has the Divine Seal of Creation.

She looks for monsters. The efficiency is tens of thousands of times faster than that of the Great Perfection God Emperor. With such high efficiency, the baby's score will definitely not be low.

What's more, they are all invincible types at the same level, and it is too easy to get high scores by jumping up the level.

I'm afraid that the top five this time , it's theirs again.

All of these are the benefits brought by the Divine Seal of Creation.

Of course, the Divine Seal of Creation has stronger uses, and that is one of the trump cards of Star Master Ziwei.

Qin Feng has no chance to use it yet.

Only In a moment, Qin Feng figured out the situation of the monsters on the entire battlefield. There were only about three hundred monsters above the God Emperor level, only twenty of the Great Perfection monsters, fifty monsters in the later stage, a hundred monsters in the middle stage, and the rest were all It was in the early stage.

Soon, Qin Feng chose the nearest target, a monster beast in the middle stage of the God Emperor.

At that moment, he flew in that direction.

But at this moment, two peopleThe sound of breaking the sky fell from the sky.

Two old men blocked his way.

One man has white hair and a face as rosy as a baby.

One person had bald patches of hair and a face full of wrinkles.

The auras exuded by the two of them are actually the Great Perfection of the God-Emperor

"My dear friend Qinhuang, please give me the energy of Yuqing! The two of us will spare your life!"

Qin Feng was stunned.

He was robbed..

Chapter 502

Qin Feng was stunned for a moment.

He was somewhat impressed by the two old men in front of him.

The white-haired old man is called Ancestor Wan Yuan.

The bald old man is called Patriarch Yinggui.

Both of them are old monsters who have lived for hundreds of thousands of years.

They have been cultivating to the perfection of the God Emperor for many years, but due to lack of qualifications, they are always unable to take the final step and break through to dominance.

And the Yuqing Qi in Qin Feng's hands is their only hope.

They could even give up this assessment for the sake of Yuqing's spirit.

Thinking about it, it's not surprising that he was robbed.

Qin Feng frowned slightly.

His current strength is not yet a match for the God-Emperor Dzogchen, let alone two. but.....

At this moment, a series of exclamations sounded not far away

"Look! Emperor Qin was stopped by Ancestor Wan Yuan and Ancestor Ying Xi!"

In the distance, the assessors who were about to look for the monsters stopped one after another and stopped to watch one by one.

"Now Emperor Qin is in trouble!"

"Not always! This Emperor Qin won the first place in the first assessment. It's not that simple."

"hehe!! He's just fast! No matter what, he is only a powerful mid-level God Emperor. No matter how strong a god-emperor is in the mid-term, he can't deal with a perfect god-emperor, let alone two now!"

Many people in the crowd showed gloating, while others showed concern.

"Strange! How did Emperor Qin get into trouble with Ancestor Wan Yuan and Ancestor Ying Yi?"

"No need to think about it? It must be for Yuqing's Qi. To some geniuses, Jade Qing Qi is nothing, but to some people, it is a huge treasure! Just like these two ancestors!"

"Why! It seems that the ordinary man is not guilty, but he is guilty of having a jade!"

The crowd shook their heads and felt sorry.

It seems that the treasure that Emperor Qin worked so hard to obtain will become someone else's, unless Emperor Qin dies.....

On the other side, Patriarch Yinggui smiled sinisterly: "Boy Emperor Qin, hurry up and hand over the Qi of Yuqing!"

Qin Feng was not nervous at all.

The corner of his mouth curled up slightly: "If I said that the jade pure energy has been refined, would you believe it?"

Ancestor Yingyi was furious: "Boy, are you insulting my IQ? Or are you testing me? My bottom line?"

"Everyone knows that it takes two to three months to refine Yuqing Qi, but you refined it in just three days? I don't think you want to take it out!"

Ancestor Yinggui looked very unkind.

But he didn't know that Qin Feng had a small universe where he could cheat.

At this time, Ancestor Wan Yuan said lukewarmly: "Little friend Emperor Qin, I advise you to hand over the Qi of Yuqing. Bar! With your qualifications, you may not be able to use it. It's better to give it to the two of us, which can be regarded as a good relationship."

Qin Feng smiled and said nothing.

This old thief was even worse. He clearly wanted to rob, but he said he wanted to make a good relationship.

The old man Yingbi said coldly again: "Young Emperor Qin, what are you still dawdling about?! Don't you think that the two of us dare not kill you? Killing you will only deduct 100 points, but we can still afford it!

Ancestor Wan Yuan also advised: "My dear friend Emperor Qin, you are still young!" Some things should be given up. If you persist, you may lose your life. You know, after all, you are only a mid-stage God Emperor."

Unconsciously, everyone in the East District regarded Qin Feng as a mid-stage God Emperor.

Qin Feng smiled and said nothing, too lazy to explain.

His expression made Patriarch Yingyi and Patriarch Wan Yuan very unhappy.

At this moment, More than a dozen more piercing sounds were heard not far away.

The leaders were two people, one was the 10th-placed God Emperor of the Nine Moons in the first assessment, and the other was the ninth-placed Emperor of the Sky-Splitting God.

The two were trained as God Emperors. Great Perfection.

Behind them were dozens of powerful men from the late and middle stages of the God Emperor.

"I saw Emperor Qin!"

"where is he!"

As soon as those god emperors saw Qin Feng, they flew over excitedly.

Obviously, they also came for Yuqing's energy.

The onlookers around shook their heads.

This Qin Emperor is really unlucky! As soon as he appeared, He was targeted by so many god emperors.

This time, even if he died, he would have to shed his skin.

Among the crowd, some people who were jealous of Qin Feng were even more gloating about his misfortune.

But Qin Feng was still calm and not nervous at all..

Ancestor Wan Yuan and Ancestor Ying Yi were nervous.

The fat sheep that was about to be obtained was about to be robbed.

"Boy, do you want to hand it over?!"

Ancestor Yingyi and Ancestor Wan Yuan are anxious. Emperor

Split Sky and Divine Emperor Nine Moons are stronger than them!

Once these two people come together, this jade pure energy may be lost.

At the same time, Split Sky Divine Emperor looks at There was something wrong, so he hurriedly shouted: "You two, don't act in a hurry yet! Everyone who sees it has a share!"

As soon as these words came out, Ancestor Yinggui and Ancestor Wan Yuan became even more anxious.

"Boy, do you want to hand it over or not?", Ancestor Yingbi had a ferocious look on his face.

Qin Feng smiled coldly: "Let's compete with your mother!"

"What?!", Patriarch Yinggui was stunned.

Immediately, he became furious: "Damn it! Ten thousand yuan, kill him together!"

The two god emperors were furious and attacked Qin Feng together.

"not good!"

In the distance, the expressions of the God Emperors changed greatly.

The Qing Qi of Yuqing was about to be taken away.

The onlookers also opened their eyes wide.

In the blink of an eye, the attacks of the two God Emperors were approaching. The expressions of heaven and earth changed..

Seeing that Qin Feng was about to be blasted to pieces.

But at this moment, two wild thunders that destroyed the world fell from the sky!

Bang~! Bang~!

The divine thunder descended from the sky!

Directly killing Patriarch Yinggui and Elder Wan Yuan. The ancestors were bombarded to pieces, and even their true spirits were wiped out. The air was filled with a strong smell of blood.

Two divine source beads and two storage rings of the God Emperor's Great Perfection were suspended in the air.

This time, everything Everyone was dumbfounded.

Ancestor Yinggui and Ancestor Wan Yuan were actually obliterated by the secret realm

"Ha ha!! So cool!"

Qin Feng waved and put away the two Divine Origin Beads and the storage ring.

This time he made a lot of money again!

What a good start!

He didn't do anything, but the treasure was delivered to his door.

Hiss~!

I Oh my God!

Isn't Emperor Qin in the middle stage of the God Emperor?

Is he in the early stage of the God Emperor?.

Thinking of this, everyone took a deep breath and was extremely shocked.

Even those who gloated about the misfortune were stunned.

In short, the 16th East District The powerful God Emperor Great Perfection was missing two people.

After Qin Feng collected the treasures, the Splitting Heaven God Emperor, the Nine Heavens God Emperor and others also rushed over.

The God Emperors surrounded Qin Feng and did not dare to move.

However, everyone His greed has become even greater.

Just now, Qin Feng harvested the storage rings and divine source beads of the two Dzogchen God Emperors. This harvest made everyone tempted.

Even the Nine Moon God Emperor and the Splitting Heaven God Emperor were envious..

But they dare not take action!

"Emperor Qin, are you in the early stage of the God Emperor?", the September God Emperor tested.

Qin Feng shrugged:"That's right! I am the early God Emperor! Otherwise, how could this secret realm obliterate Ancestor Wan Yuan and Ancestor Ying Yi? These two old guys are so greedy!"

Qin Feng lied deliberately.

At this time, the Splitting Sky God Emperor seemed to have noticed and sent a message to the Nine Moon God Emperor.

"September, have you noticed? Emperor Qin's current combat strength is only 2000 trillion, which is the peak of the early God Emperor. It seems that he is really not in the middle stage of the God Emperor!"

"No way? The last time I saw him, his combat power and momentum completely exceeded 3000 trillion!"

"He must have cast some secret technique! Otherwise, how could Ancestor Wan Yuan and the others die?"

"Um! Makes sense!"

At this moment, the private message transmission was completed.

Both of them believed that Qin Feng was in the early stage of the God Emperor.

If Qin Feng was said to be in the Second Wheel Realm, everyone present would not believe it.

Between the Second Wheel Realm and the God Emperor, there is no Separated by an unattainable mountain, the God Emperor of Yue Yue and the God Emperor of Splitting Heaven made a decision after making eye contact.

The Qi of Yuqing was too important to them.

As long as there was a chance, they would not give up.

At that moment, God Emperor Yue Yue smiled and said:"Emperor Qin, are you really in the early stage of God Emperor?"

"certainly! Do you think I need to lie?"

"It's really not necessary! Do it!"

With an order, three late God Emperors suddenly rushed out of the crowd and attacked Qin Feng together.

All of this was unexpected!

Countless people exclaimed!

But the next second, the mutation reappeared!

Boom~! Boom~! Boom~!

Continuously Three bolts of lightning fell from the sky, directly killing the three powerful late-stage God Emperors to rubble.

Qin Feng had quick eyes and quick hands, and with a wave of his hand, he put away all the three flowers and storage rings of the three people.

At this moment, everyone was stunned!

Damn it~!

Emperor Qin was not even in the early stage of the God Emperor?

In the distance, the onlookers opened their mouths.

"Ha ha!! How cool! Someone took the initiative to give away treasures again!"

Qin Feng was so happy that he laughed out loud on purpose.

The gods and emperors were embarrassed.

The Nine Moon God Emperor became angry with shame:"How dare you lie to me!"

"That's right! I'm just lying to you! Not convinced? You hit me!"..

Chapter 503

The Nine-Yue God Emperor became angry and said,"How dare you lie to me!"

"That's right! I'm just lying to you! Not convinced? You hit me!"

"you!"The God Emperor in September was so angry that his face turned red.

Seeing this, a strong man in the middle stage of the God Emperor quickly stepped forward and scolded Qin Feng.

"Boy, why are you so arrogant?! Don't you just rely on the rules of the secret realm and your low cultivation level to think that no one dares to do anything to you! When this assessment is over and there is another one, you will know what happened!"

This powerful man in the middle stage of the God Emperor has some connections with the Nine Moon God Emperor.

He scolded Qin Feng like this because he also wanted to curry favor with the September God Emperor.

However, his words touched the hearts of the God Emperors.

Indeed!

This Emperor Qin Tai It's so arrogant!

It's just protected by the secret realm!

What's so arrogant?

A guy who wasn't even in the early stage of the God-

Emperor is so rampant in front of a group of god-emperors!

It's simply intolerable! Without the protection of the secret realm, it

's nothing!

Thinking about it, the God Emperors were angry and had unhappy looks on their faces.

Of course, they were also very curious.

What kind of cultivation level did Emperor Qin have?

However, no matter what kind of cultivation level he had, as long as he was not a God Emperor, his actual combat ability was A big discount.

Even if his combat power is higher than that of the early God Emperor, without mastering the power of reincarnation, it will be difficult for him to harm the God Emperor.

With this thought, the arrogance in the hearts of the God Emperors surges up again.

The God Emperor and those below the God Emperor The difference is that they have mastered the power of reincarnation and can be immortal and recover instantly.

Even injuries to the soul can be repaired instantly. If you want to restrain the power of reincarnation, you can only use the power of reincarnation.

Mastering the power of reincarnation is a god The standard configuration of the Emperor.

Under the God Emperor, very few people can master it.

And this secret realm restrains the power of time and space, but not the power of reincarnation.

This is the confidence of the God Emperors!

"Are you saying that I am arrogant because of my low level of cultivation?"

Qin Feng looked at the strong man in the middle stage of the God Emperor.

"Is not it?", the mid-stage God Emperor looked disgusted

"how? Did I hit your weak point? Or are you not convinced? If you are not convinced, come and beat me!"

The strong man in the middle stage of the God Emperor deliberately provoked.

These words were exactly the same as what Qin Feng said before!

Haha!!

Everyone burst out laughing!

The September God Emperor also felt relieved and couldn't help but smile.

At this moment, everyone looked at Qin Feng.

Qin Feng's cultivation level is too low, so they can't take action.

But if Qin Feng takes the initiative to attack, they can fight back and kill Qin Feng without deducting points.

Therefore, they deliberately mocked Qin Feng, provoked Qin Feng, and made Qin Feng angry. Qin Feng took the initiative

"You want me to hit you?", Qin Feng looked at the strong man in the middle stage of the God Emperor

"That's right! Come and hit me!", the god-emperor smiled playfully.

The god-emperors all around looked like they were watching the show.

"Do you really want me to hit you?"

"I'm sorry you don't have the guts! If you have the guts, don't hesitate! Want to fight! Just come and fight!"

"good!"

Qin Feng thought.

Chaos transformation!

Wuji Divine Seal!

Open Heaven Divine Seal! Open all at once!

Qin Feng suddenly took action!

The Divine Tooth Sword flashed!

The color of the world changed!

A sword light flashed!

Click~!

The God Emperor was killed The sword split it in two, and the screams resounded throughout the audience.

Oh!

All the corpses and relics were collected!

The God Emperors were dumbfounded.

Qin Feng actually killed the powerful mid-level God Emperor with one sword.

You know, can When looking for an instant kill of the God Emperor in the middle stage, many God Emperors have difficulty in the late stage.

Only the best in the late stage of the God Emperor.

Doesn't this Emperor Qin not even have the cultivation level of a God Emperor? Also

, how can he kill the God Emperor?

Did he also master the power of reincarnation?

All the gods and emperors looked at Qin Feng in disbelief.

The breeze blew, and the fishy smell wafted.

The scene suddenly became silent!

The atmosphere also became weird!

Qin Feng gently wiped the tip of the sword With blood drops, he slowly raised his head and raised the corners of his mouth slightly.

The hearts of the God Emperors suddenly tightened.

At this moment, no one dared to underestimate him!

In other words, none of the God Emperors present who were stronger than him could not He took action.

Even the God Emperor could not take action against him in the later stage.

He could kill anyone weaker than him.

At this thought, the hearts of the God Emperors sank.

No!

This situation does not seem good!

September God The Emperor and the Splitting God Emperor quickly looked at each other.

"let's go!"

The God Emperor of September gave the order immediately.

The God Emperors turned around and retreated!

"Wait!"

Qin Feng's cold voice sounded from behind the God Emperors.

The God Emperors were startled!

Trouble is coming!

"Emperor Qin, what else do you want to do?", the September God Emperor frowned.

"Does the Emperor agree to your departure?"

Qin Feng gently wiped the Divine Tooth Sword in his hand.

The Nine God Emperor was angry. A boy who was not even a God Emperor actually spoke to him like this.

Even those late God Emperors would not dare to do this!

If it were normal times, He had already made a move to crush this kid to death!

But now, he couldn't make a move.

It was so frustrating!

"What do you want?", the September God Emperor suppressed the anger in his heart.

"snort! This emperor is going on a killing spree!"

"What?!"

The God Emperors were shocked.

Qin Feng suddenly took action and pounced directly on a mid-term God Emperor.

Before the God Emperors could react, the God Emperor was killed instantly.

"Damn it!"

Yueyue Divine Emperor was so angry that his whole body's momentum surged.

"Brother Jiuyue, you can't fall for this kid's provocation!"

The Splitting God Emperor hurriedly reminded.

The Nine God Emperor suddenly realized it and broke out in a cold sweat.

What a vicious Emperor Qin!

But at this moment, there were two more screams in succession, and two more God Emperors were killed in the middle stage.

"damn it!"

Those late-stage God Emperors were also furious, but they could only watch helplessly.

"Oh shit! Let's fight this guy! He should be in the second round of Dzogchen!"

More than a dozen powerful mid-level God Emperors were forced into panic.

They knew that if Qin Feng was not eliminated, it would be their turn next.

At this moment, these dozen or so powerful mid-level God Emperors joined forces to attack Qin Feng. Go.

Boom~! Boom~! Boom~!

There were more than a dozen lightning flashes in a row.

Kill all the dozen or so powerful mid-stage God Emperors!

I go!

Emperor Qin was not even in the second round of Dzogchen.

The onlookers in the distance were completely dumbfounded!

"Run!"

"withdraw! Escape! Get out of here!"

The God Emperors completely collapsed!

Especially the powerful ones in the middle stage of the God Emperors were in despair.

They fled in all directions!

"Ha ha!! Can you escape?", Qin Feng laughed proudly.

Wuji breaks the secret realm!

The rules are determined by me!

This world with a radius of thousands of miles has been controlled by Qin Feng.

Qin Feng keeps teleporting to chase and kill, and constantly controls the flow of time to reduce the speed of the escapees.

In this way , he killed the powerful ones in the middle stage of the God-Emperor.

The Nine-Yue God Emperor and the Splitting Heaven God Emperor could only watch helplessly, but did not dare to take action. They felt extremely aggrieved.

Those late-stage God Emperors saw this. In one scene, they thought they were no match for Qin Feng and slipped away quietly.

From then on, Qin Feng left a shadow in their hearts.

When they saw Qin Feng again, they were all afraid of him.

In the blink of an eye, dozens of mid-level god emperors were They were slaughtered by Qin Feng.

Their storage rings and the like all belonged to Qin Feng.

Another big harvest!

Speaking of which, the strength gap between the two sides was too big.

No one could break free from the restrictions of the Wuji Divine Seal.

In the blink of an eye, All the God-Emperors in the audience were able to escape or die!

Only the Nine-Yue God-Emperor and the Split-Tian God-Emperor were left to confront Qin Feng.

Qin Feng took stock of the dozens of storage rings he had just obtained. It's almost a hundred flowers.

In addition, there are many unexpected gains

"You two, how long will it take for you to see me?"

Qin Feng put away the storage ring and looked at the two God Emperors of September.

"Emperor Qin, you are so arrogant for now! I'm waiting for you in the next assessment!"

Yuyue Divine Emperor dropped these harsh words and turned around to leave.

Splitting Sky Divine Emperor also gave Qin Feng a deep look and then left.

Qin Feng looked at the two people's leaving figures and showed an evil smile.

Next After an assessment, he should have completed the foundation of the universe.

By then, what else is he afraid of the God-Emperor's Perfection?

Thinking of this, Qin Feng also turned and left.

Now it's time to hunt the monsters.

Just now, he took the initiative After killing more than 20 mid-term God Emperors, the points for this game have become -2700 points.

Right now, he is the last one in the Eastern Examination Area.

Of course, there are more than 27 who actually died, and many were killed by the secret realm.

In the blink of an eye , In a moment, Qin Feng left the scene.

In the distance, the spectators looked at the direction where Qin Feng disappeared, feeling panic in their hearts.

This Emperor Qin was so terrifying!

To a certain extent, he was invincible in this secret realm. Exist!

Don't mess with it!

At the same time, the entire eastern examination area was in a commotion.

The uninformed God Emperor and examiners all looked at the information on the Ziyun Order in shock.

Emperor Qin, points: - 2700 points, last place.

This message is so dazzling!

What on earth did this guy do?!..

Chapter 504

At the same time, in the eastern examination area, beside the ruins of a certain battlefield.

The Snake Queen looked at the information on the Ziyun Order with a look of astonishment.

Emperor Qin, points: -2700 points, last place

"Sir, please read this information!"

The Snake Queen handed the token to the nine-headed lion saint in front of her.

"Um~! ", the nine-headed lion saint took it at will.

Seeing this, he was surprised at first.

Immediately, he sneered disdainfully:"Ha! Just an impulsive boy! -2700 points! This guy killed 27 people. He had to kill 27 mid-stage God Emperor monsters to even up the score!"

"But how many monsters are there in the middle stage of the God Emperor in this ancient battlefield? I'm afraid it's not enough for the God-Emperors to share. This guy is a bit self-righteous!"

The nine-headed lion saint shook his head slightly, with a look of disdain.

"yes! Seeing that he won first place in the first game, I thought he would have a brilliant performance in the second game. Now it seems that I thought too much."

The Snake Queen felt a little regretful.

She had the intention to seduce Qin Feng.

Since it was the goal she was prepared to devote herself to, she naturally hoped that this goal would be better.

In this way, she would have the pleasure of conquering.

But now it seems that she is going to be disappointed..At this time, the nine-headed lion saint said again:"Let's go! Leave that Emperor Qin alone! That guy just relied on some luck to get first place in the first game, but he couldn't get on the stage after all. This time, he is afraid of being eliminated!"

"In this examination area, my only opponent should be God Emperor Xiaoyao. That talent is not simple! This saint has never been able to see through it!"

When the Emperor Xiaoyao was mentioned, the Nine-Headed Lion Saint's expression became solemn.

In the first assessment, the Xiaoyao God Emperor only came in sixth place, just above the Nine-Headed Lion Saint.

But in the mind of the Nine-Headed Lion Saint, Emperor Xiaoyao is much stronger than Qin Feng, Chu Chu and others.

At this moment, except for those who know the truth, all the assessors in the East District are criticizing Qin Feng's points.

Some are regretful!

Some are disdainful!

There is also ridicule!

This Qin Emperor originally had a good start.

However, he did not expect that this person was too arrogant and ruined himself!

Many people were disappointed with Qin Emperor, and most of them were grateful.

One less Qin Emperor, There is one less favorable competitor.

At this moment, most people think that Emperor Qin is dead!

Only a few people know that the truth is not the case.

At the same time, in another area of the Eastern District Examination Hall, thousands of examiners Gathered together.

The cultivation of these people ranged from Nine Stars to Great Emperor Perfection.

Around them, there were more than twenty God Emperors suspended in the air, each of them exuding holy light.

They were gathered by these God Emperors, It was said that there was something good to be announced.

In the sky in front of everyone, an elegant man was suspended in the air.

He was Emperor Xiaoyao!

At this moment, the aura of God Emperor Xiaoyao became extremely holy, like a naturally noble god..He looked down at everyone with a smile

"Everyone, I have gathered everyone here, and I have a great news to announce!"

"Lord God Emperor, if you have anything to do, please tell me quickly!"

"yes! Say it quickly!"

The crowd couldn't wait any longer.

Emperor Xiaoyao showed a warm smile.

"good! Everyone, the benefit this emperor wants to give you is to give you a baptism of holy light! May you all be sanctified! Become a believer in my heavenly clan!"

As soon as these words came out, the whole audience was shocked.

"What? Sanctify!"

"not good! They are from the Celestial Clan!"

"Run! We don't want to be believers!"

Xiaoyao God Emperor smiled evilly: "It's too late!"

He waved his hand, and the sanctification was activated.

A moment later, endless holy light emitted from him, covering thousands of people.

Among those enveloped by the holy light, the ones with the highest cultivation level were the Great Emperor's Foundation Establishment Stage Dzogchen.

This is what he could do The strongest level of control.....

It took a full quarter of an hour for the consecration ceremony to be completed.

Emperor Xiaoyao withdrew the Holy Light.

Those people raised their heads and looked at Emperor Xiaoyao one by one, becoming extremely pious.

The next second, these thousands of assessors knelt down and worshiped God Emperor Xiaoyao one by one.

"Meet the Lord God Envoy!"

"Ha ha!! Welcome to become our believers! Get up, everyone!"

God Emperor Xiaoyao is in a good mood.

"Thank you, Lord Envoy!"

All the believers stood up respectfully

"Go for it! You go to this battlefield and look for traces of monsters for this God King!"

"yes! Lord God Envoy!"

In the blink of an eye, thousands of believers dispersed.

Looking at the departing figures of the believers, Emperor Xiaoyao showed pride in his eyes.

There are five thousand believers in total!

This is also the limit of the number he can control!

However, this is enough.!

With these five thousand believers helping to find monsters, his efficiency is at least a thousand times faster than other players.

In other words, this is the magical effect of sanctification!

This is a unique talent of their Celestial Clan, and only a few people can master it..

Rumor has it that sanctification has something to do with the Divine Seal of Creation.

As for what the relationship is, Emperor Xiaoyao doesn't understand.

The Divine Seal of Creation is one of the highest divine seals, and it is something that only the Star Master can master.

His sanctification also belongs to no superior level

"Lord Xiaoyao, you have so many believers to help you. The first place in this assessment belongs to you!"

At this time, a Celestial Clan member who was in the later stage of the God Emperor came up to congratulate him.

This man was called the Tianguang God Emperor.

In his heart, he envied the Xiaoyao God Emperor.

Those who can master the art of sanctification are all the elites of the clan.

Among them , , only God Emperor Xiaoyao has mastered it.

"It's just the first place in the second game!" Xiaoyao God Emperor smiled slightly, "By the way, what happened to Emperor Qin?"

"Lord Xiaoyao, I am about to tell you the good news!", Tianguang God Emperor looked happy.

"oh? What good news!"

"Just a quarter of an hour ago, Emperor Qin went crazy and killed many people. Now his score is - 2700. He should be done playing!"

"And this!"

Xiaoyao God Emperor quickly took out Ziyun.

When he saw it, there was indeed an additional message on it.

Emperor Qin, points: -2700 points, first from the bottom

"oops! It's really -2700 points! This Emperor Qin is so arrogant!"

Xiaoyao God Emperor shook his head and smiled.

He was filled with gloating in his heart.

Tianguang God Emperor flattered him again: "Master Xiaoyao, this Qin Emperor is not worth mentioning now, he has lost the qualification to compete!"

Emperor Xiaoyao smiled: "That makes sense!" This divine envoy thinks highly of him! From now on, you don't have to pay attention to him anymore!"

But as soon as he said these words, the information in the token changed.

Emperor Qin, points: 7300 points, first

"Huh! This is...? ! "

Emperor Xiaoyao and Emperor Tianguang were shocked. what happened?

In just one second, Qin Feng's points went from last to first.

It seemed like he got 10,000 points all of a sudden!

How can this be?

Didn't the secret realm say that this ancient battlefield was very large?

It's so big that only one or two monsters can be seen for miles around.

How did he get 10,000 points all of a sudden?

At this moment, both Xiaoyao God Emperor and Tianguang God Emperor were stunned.

The two stared at each other!

After a while, Emperor Xiaoyao said with some embarrassment: "We should pay more attention to this news about Emperor Qin in the future!"

"My subordinates understand!"

At this moment, the entire Eastern District Examination Hall was dumbfounded.

They thought Emperor Qin was going to be finished just now, so how could they be ranked first in the blink of an eye?

At the same time, in a cave somewhere in the ruins of a battlefield.

Qin Feng looked happy. Looking at the corpse of the monster in front of him.

This was a monster in the middle stage of the God Emperor.

He just killed such a monster and received a reward of 10,000 points.

According to the system prompts, his cultivation level was too low.

With his current nine-star peak cultivation level, his points would be too much to double in the middle stage of killing the God Emperor, and he could only give a single limit of 10,000 points. In other words, he would also have 10,000 points for killing the monster beasts in the early stage of the God Emperor. , killing the God Emperor in the late stage is also 10,000 points.

If he kills the second-round Dzogchen, it is 5,000 points.

In this way, it would be too easy for him to get first place.

"Ha ha!! There are advantages to being low in cultivation! Earning points is so easy, I can kill more guys who don't have eyesight!"

Qin Feng felt happy

"Huh! This inner elixir is a bit interesting!"

Qin Feng seemed to have made a new discovery again.

He waved his hand and sucked the inner elixir of the monster into his hand..

Chapter 505

Qin Feng took the inner elixir and looked at it for a while.

The vitality contained in the inner elixir is extremely majestic, no less than a lotus of soul.

In the center of the inner alchemy, some talisman and seal characters emerged, exuding the aura of eternity.

Talisman and seal script are the patterns of heaven, born innately.

It is said to have existed before the universe was born!

"This inner elixir is a bit interesting!"

Qin Feng put away the inner elixir.

He suddenly had an intuition that it would not be a bad thing to get more of this inner elixir.

However, he did not want to devour it now.

The amount of vitality contained in this inner elixir was no less than the Lotus of the Soul.

He has now reached the bottleneck in his cultivation, and swallowing it would be a waste.

It is better to wait until he completes the foundation building before swallowing it, so that his cultivation level can advance by leaps and bounds. At that moment, Qin Feng's figure flashed and rushed towards the next monster.

He feels a little hot inside now.

The inner elixir of a monster in the middle stage of the God Emperor is comparable to a Lotus of the Soul. The content of the inner elixir of a monster in the early stage of the God Emperor may be comparable to half of a Lotus of the Soul.

"This is...."

Qin Feng walked a few steps and suddenly stopped.

Another scene appeared in the pupil of his left eye, the scene seen by the phantom clone.

The phantom clone is equivalent to an extension of his body.

He can simultaneously see everything the phantom clone is experiencing.....

At this moment, in the southern examination area.

There is a monster corpse at the feet of the phantom clone.

It was a monster beast from the early stage of the God Emperor that he had just killed.

At this moment, the phantom clone did not collect the inner elixir, but looked at the two things in front of him with a strange expression.

It was a divine source bead and a storage ring.

Just now, when he was killing the monster beast, a powerful God-Emperor Great Perfection suddenly jumped out and attacked him, but was obliterated by the secret realm.

The phantom clone silently put away the Divine Origin Bead and the Storage Ring.

These people are so interesting!

He didn't say anything and just came to deliver the treasure!

Then, the phantom clone put away the demonic beast's inner elixir.

As soon as he finished doing this, a cold voice fell from the sky

"hey-hey! Emperor Qin, I finally found you!"

The shadow clone looked up.

He saw an old man with a poisonous snake wrapped around his waist, falling from the sky.

This is one of the fifteen Great Perfection God Emperors in the Southern District, named Snake Immortal.

"Emperor Qin, don't think that I can't recognize you because you are wearing a black cloak that covers your appearance! pity! Your breath betrays you! Hurry up and hand over the Jade Qing Qi! Otherwise, you can only die!"

The Snake Immortal looked down from above.

The shadow clone didn't bother to pay attention, turned around and left.

"Arrogant kid! Stop leaving!", Snake Immortal was furious.

This boy actually didn't take him seriously.

He rushed over and grabbed the back of the phantom clone with one claw.

But the next second, the color of the world changed, and a divine thunder fell from the sky, killing him. Killed to pieces and screamed everywhere.....

Just like that, the southern examination area lost another powerful God-Emperor Dzogchen expert.

The phantom clone turned back indifferently, put away the Snake Immortal's divine source beads and storage rings, and then continued to hunt monsters.....

In the East District, Qin Feng remembered everything just now, which was equivalent to his personal experience.

Then, he took out the Ziyun Order from the Southern District.

Ranking in the second assessment:

First place, Emperor Qin, with 10,000 points.

Second place, Emperor Lufa, 200 points.

Third place, Hurricane Ancestor, 100 points.....

"The phantom clone hunts monsters, and it is indeed effective!"

Qin Feng put away the Ziyun card with joy.

His phantom clone was far ahead in the southern district!

The first place in the southern district seemed to be easily won.

At that moment, Qin Feng ducked and continued hunting.

Time passed. You have to be fast!

In one examination area, nearly 200,000 examiners hunted 400,000 monsters.

This is obviously not enough points!

According to the rules, once the monsters are killed, the examination ends.

Everyone is racing against time to find the monsters.

It depends on who With good luck, who's method is better!

Qin Feng and Chu Chu have the divine seal of creation, and their methods are ten thousand times better than other players, comparable to cheating artifacts. In the blink of an eye, three hours have passed.

Huge changes have taken place in the Eastern District's ranking list changes.

First place, Qin Huang, 421,000 points.

Second place, Jade Qilin, 33,000 points.

Third place, Qin Baobao, 24,000 points.

Fourth place, Chu Chu, 21,000 points.

Fifth place, Bai Qi, 1.2 Points

Sixth place, Xiaoyao God Emperor, 1100 points.

Seventh place, Tianguang God Emperor, 900 points.

Eighth place, Huanguang God Emperor, 800 points.

Ninth place, Nine-Headed Lion Saint, 300 points.....

As soon as this ranking came out, everyone in the eastern examination area was dumbfounded.

OMG!

421,000 points!

This Emperor Qin is too perverted!

Not only Qin Huang was perverted, but all the top five players from last time were also perverted.

At this moment, not only many ordinary examiners were extremely shocked, but even many God Emperors were dumbfounded.

You know, the assessment takes three hours.

Many god emperors have 0 points.

It's not that they are not strong enough, it's just that the monsters are too hard to find.

They really couldn't figure out how Qin Feng and others did it?

Even if you want to score points by jumping through levels, you still have to be able to find the target!

How did Qin Feng and the others find their target so easily?

It's incredible!

However, although those god emperors scored 0 points, they were not worried.

They scored in the last game and will not be eliminated.

On the contrary, ordinary assessors were on the verge of tears.

They didn't score in the last game.

There was no monster to be found this time.

Even if it is found sometimes, a god emperor or a strong person in the second round realm will jump out of nowhere and kill the monster first.

Even if those God-Emperors and Second-Run Realm don't score points if they kill them, they don't want them to score points.

As a result, their chances of scoring are even slimmer.

At this moment, in a ruins in the East District.

The Nine-Headed Lion Saint looked at the information on the Ziyun Order with a depressed face.

The Snake Queen on the side was also dumbfounded.

421,000 points!

How did Emperor Qin do it?

How incredible!

Gradually, she became more and more interested in Emperor Qin.

The enchanting body began to feel hot and restless!

"How strange! I worked so hard, and in more than three hours, I killed three God-Emperor Great Perfection monsters in a row, which already feels good! But why are these people's scores so high?"

The Nine-Headed Lion Saint is extremely frustrated.

His strength is at the top of the Divine Emperor's Great Consummation.

He was originally full of confidence to win the first place, but now it seems that everything is a luxury!

If nothing else, Even the Xiaoyao God Emperor, whom he regarded as his only opponent, was much stronger than him.

Not to mention the five Qin Feng.

The minimum of these people was over 10,000 points, and the Qin Emperor had more than 400,000 points.

This made He couldn't understand!

Thinking of this, a deep sense of frustration arose spontaneously.

At the same time, in another ruins of the ancient battlefield,

Emperor Xiaoyao was also a little confused.

He relied on thousands of believers to collect targets and fight to the death. He only scored 1100 points.

But these points are not even one-tenth of the points earned by Bai Qi, who ranked fifth!

"How could this happen?", Xiaoyao God Emperor felt powerless.

The Tianguang God Emperor and Huaguang God Emperor on the side were also dumbfounded.

They were Xiaoyao God Emperor's right-hand men, and they were both in the later stages of the God Emperor's cultivation. With the help of Xiaoyao God Emperor, one Got 900 points, one got 800 points

"Sir, I don't believe that they can search for monsters faster than us! Is it because they jumped up the ranks and got high scores?"

The Emperor Tianguang expressed his opinion.

Emperor Xiaoyao nodded slightly:"That should be the case!

Immediately, he sighed helplessly: "Hey!" This is not a fair assessment! This assessment is very beneficial to players who are invincible at the same level, as well as players who are good at tracking!"

"However, the five Qinhuangs have both, so it is naturally very easy for them to score. But it is difficult for this emperor to cross a higher level! It seems that I can only get sixth place at most in this competition!"

Xiaoyao God Emperor's tone was somewhat depressed.

Tianguang God Emperor comforted him: "Sir, those guys are not very high in cultivation. They just got lucky this time. They won't be so lucky in the next assessment!"

Huaguang God Emperor also agreed: "That's right! However, my subordinates suggest that these five people be eliminated in the next assessment, and five strong opponents be eliminated in one fell swoop. Don't let them grow. That's not good for us!"

Emperor Xiaoyao's eyes lit up: "That makes sense!" "....."

At the same time, on the other side.

In a dilapidated palace.

Qin Feng counted several storage rings.

Just now, he killed a few more blind guys.

He has so many points now that he doesn't mind killing a few more examiners.

Otherwise, his score would be higher

"It's time to change the battlefield!"

Qin Feng put away the storage ring and looked around.

Under the induction of the Divine Seal of Creation, he found that there were only 80,000 or 90,000 monsters left in this area.

The God Emperor had killed them all in the early and middle stages..

Most of them were killed by him.

As for the monster beasts in the late stage of the God Emperor and the Great Perfection, there were not many of them originally, and now only one-third are left.

As for the monster beasts in the late stage of the God Emperor, he was too lazy to kill them..

Killing a late-stage creature and killing an early-stage creature are both worth the same points, which is a waste of time.

At that moment, Qin Feng waved his hand, and the lights and shadows around him flashed.

Jade QilinQin Baobao, Chu Chu, and Bai Qi were all summoned by him

"dad!", the baby looked happy

"Brother, you summoned us, are you going to the South District?"

"That's right! With our current points, the top five in the Eastern District are determined, and it's time to go to the Southern District!"

"OK!"

Everyone is delighted.

With their current scores, they can win even if they lie down.

"Qin Feng, take us there quickly!", Yu Qilin couldn't wait any longer.

Among the four, she had the lowest cultivation level, but it was the easiest to jump up the ranks and she had the highest points.

"Don't worry! I need to get rid of a nasty tail first!"

Qin Feng waved and took the four Yu Qilin people into his own small universe.

The next second, he dodged and arrived ten miles away.

When he got there, Qin Feng looked at a corner of a broken wall.

Where was there a Large shadows exude a strange atmosphere

"Come out! I know you've been following me!", the corners of Qin Feng's mouth curled up slightly.

But there was silence in the dark corner for a while.

After a moment, there was a strange soft sound, and a black shadow flowed out from the shadow, turning into a mysterious man wearing a black robe.

He His name is Black Yama Demon Emperor. He is an undercover agent sent by the Demon Realm to the East District. His cultivation is in the late stage of God Emperor.

His current task is to investigate the details of Emperor Qin.

Because the Emperor Qin in this area has the same name as the Emperor Qin in the Southern District, the big leader very curious

"How did you see through me?", Black Yama Demon Emperor was surprised.

Even the powerful God Emperor Dzugchen couldn't see through his concealment skills.

How did Emperor Qin see through it?

Qin Feng smiled slightly and was too lazy to answer.

Any concealment skills are in good fortune. In front of the divine seal, everything is useless.

Not to mention the Black Yama Emperor, even a half-step master can't even think of hiding in front of him.

"Say it! Why have you been following me? From the moment you entered this examination room, you have been following me secretly, not even hunting monsters. What exactly is your purpose?"

"hey-hey!!!", Black Yama Demon Emperor sneered slightly and said nothing.

Qin Feng frowned:"If you don't tell me, don't blame me for being cruel!"

"You want to kill me?", Black Yama Demon Emperor raised his eyebrows

"What do you think?!", Qin Feng seemed to be smiling but not smiling, and the murderous intent in his eyes was getting stronger and stronger.

The Black Yan Demon Emperor said disdainfully:"I have been following you for so long! I also know some details about you. Your strength should be among the best among the late God Emperors."

"What disappoints you is that the strength of this emperor is also the best among the late god emperors. You can't kill me! Maybe, you will be killed by me!"

"Yeah?", Qin Feng smiled coldly,"I have never killed the late God Emperor with my own hands. Otherwise, let's start with you!"

As soon as he finished speaking, Qin Feng activated the combination of the four star poles.

The combination of the earth pole, Bao Bao's 900 trillion battle power superimposed!

The fire pole fusion, Bai Qi's 900 trillion battle power superimposed! The wind pole fusion, Chu Chu's 700 trillion battle power The power is superimposed!

The water extremes are combined, and the jade unicorn is in a semi-combined state, and the combat power of 200 trillion is superimposed!

In an instant, Qin Feng's combat power soared to 5700 trillion, nearly doubled.

The majestic momentum soared into the sky, and the vast power surged into the sky. Vast, overwhelming

All the lands here are shrouded in the imperial power.

This is Qin Feng's strongest state!

"This...how is this possible!"

The Black Yama Demon Emperor was so frightened that his face turned pale for a moment!

"You're ready to hit the road!"

Qin Feng raised his hand casually and smashed countless voids with a sword that destroyed the heaven and the earth..

Chapter 506

The Black Yama Demon Emperor was so frightened that his face turned pale for a moment!

"You're ready to hit the road!"

Qin Feng raised his hand casually and smashed countless voids with a sword that destroyed the heaven and the earth.....

A moment later, there were several loud noises, and the sky and the earth shook in a radius of millions of miles.

With a shrill scream!

Everything stops!

Within a million miles, countless assessors were shocked.

Those few moments of momentum just now are already infinitely close to the Divine Emperor's Great Consummation!

There are only a dozen or so Divine Emperors in the entire eastern examination area. Who took the initiative?

Everyone was shocked and confused!

Battle scene.

Qin Feng looked at the body of Black Yan Demon Emperor silently.

This Black Yama Demon Emperor is extraordinary, much stronger than the same level.

It took him five rounds to kill it.

It can be seen from this that there is still some gap between him and the Great Perfection of the God Emperor.

The combat power of the God Emperor in the later stage is 4000-8000 trillion.

The Great Perfection of the God-Emperor is more than 10,000 trillion.

The power of one trillion is the power of one trillion.

10000 trillion is 10 trillion.

The Divine Emperor's Dzogchen is both strong and weak!

Even the weakest one has a combat power of 10,000 trillion.

Generally speaking, the God-Emperor's Dzogchen attack is 10,000 to 30,000.

If it can break through the power of 100,000 trillion, it will be half-step dominance.

But the real master has the power of trillions, and can crush even the planet with one finger, which is different from the same.

Qin Feng's current strongest combat power is 5700 trillion, which is still some distance away from the threshold of the God Emperor's Great Consummation.

At that moment, Qin Feng casually waved his hand and blasted the Black Yama Demon Emperor's body into pieces.

Then, he put away the three flowers of Black Yama Demon Emperor and picked up the storage ring of Black Yama Demon Emperor to check it out.

After a moment, he looked surprised

"Qin Feng, what's wrong?", Yu Qilin's voice sounded in Qin Feng's mind.

During the battle just now, Qin Feng opened the vision for Yu Qilin and others, and they could all see everything in the outside world.

"This guy is from the Demon Realm!", Qin Feng responded

"Demonic realm!", Yu Qilin became nervous, "Qin Feng, then you have to be careful!"

"How to say?"

Yu Qilin explained: "The fall of Zulong, Yuanfeng, Qilin Lord and others had a great relationship with them. They can be said to be one of the life and death enemies of the Five Spirits!"

"As for the specific situation, I'm not sure. However, you should not expose the identity of the Ancestral Dragon inheritor easily. If anyone is exposed, they must be silenced"

"They are very taboo towards the inheritors of the Ancestral Dragon! If I bring the news back, it will be detrimental to you!"

"I see!", Qin Feng nodded slightly, "Let's go! It's time to go to the southern exam area!"

Qin Feng thought, and yin and yang reversed.

The next second, he turned into a shadow clone.

Then, the shadow clone left the scene and began to hunt the monsters in the second round realm.
.....

On the other side, the southern war zone.

After a while, the shadow clone changed and turned into Qin Feng.

Yu Qilin and others also migrated with the small universe

"Wow! We're in the South District!", Chu Chu was excited

"dad! dad! Let us out quickly! All the monsters here are about to be killed!"

The baby was very anxious.

Qin Feng smiled slightly:"It's not that fast here! There are more than 300,000 of them, enough for us to hunt!"

Yu Qilin also smiled and said:"Qin Feng is right! The Divine Seal of Creation and even the Divine Seal of Highness! Not even the master can control it. Apart from you and Qin Feng, who can control it? Without the Divine Seal of Creation, no one can match our efficiency. However, it's time for us to come out!"

"Don't worry! There's another mouse here!", the corner of Qin Feng's mouth curled up slightly.

The next second, his figure flashed and appeared more than ten miles away.

There was a huge rock there.

As soon as Qin Feng appeared, he slashed at the shadow behind the rock with a sword.

Boom. ~!

There was a loud noise!

Mixed with a shrill scream, a man in black vomited blood and flew out

"You...why did you kill me!", the man in black was extremely horrified.

How did Emperor Qin discover him?

The concealment skills of their Demon Realm are extremely clever.

This person is the undercover agent of the Demon Realm in the Southern District, the Demon Emperor of Shini, the late God Emperor.

He serves Order from the big leader to investigate the details of Emperor Qin in the south

"Emperor Qin, I didn't offend you, did I? Why are you attacking me?", Shimo Emperor looked at Qin Feng with a stern look.

"I only want to ask you one question, are you from the Demon Realm?"

Shi Ni Demon Emperor's expression changed slightly.

Immediately, he rolled his eyes:"What Demon Realm? I don't understand what you are talking about?"

But his subtle changes have been seen by Qin Feng.

"hehe! In this case, let's send you on your way!"

Qin Feng raised his hand and struck out with a sword!

The color of the world changed!

The void was shattered!

Three sword lights flashed in succession!

The Shitian Demon Emperor was beheaded!

This Shitian Demon Emperor was weaker than the Black Yama Emperor and could kill more Quick.

Afterwards, Qin Feng put away the belongings of the Shini Demon Emperor and released the four Yu Qilin people.

"Qin Feng, this guy is from the Demon Realm!"

Yu Qilin carefully identified the wet blood stains and came to a conclusion.

Bai Qi also said: "Your Majesty, this Demon Realm and our Star Realm Alliance are hostile. They come to the secret place regardless of the risk, and nothing good will happen. Qin

Feng looked at Yu Qilin: "Yu'er, what do you think they are going to do?"

Yu Qilin whispered: "As we all know, the opening of the secret realm this time is the selection of the successor by the Lord Qilin, and it is also the last time the Ziyun Secret Realm is opened."

"The Demonic Realm is very afraid of the appearance of the successor of Lord Qilin! The purpose of their visit this time should be to destroy or steal the inheritance.

Qin Feng sneered: "It seems like this demon realm is our biggest enemy!" If we encounter people from the Demon Realm again, we won't let them go!"

"Dad, I also think that Demon Realm is a bad person!"

Qin Baobao's little mouth is bulging.

She has an inexplicable disgust for the people of the Demon Realm in her heart.

This may be related to her bloodline of the dragon. At that time, the Dragon Clan was destroyed, and the Demon Realm was one of the main murderers.

Bai Qi, Yu Qilin, and Chu Chu also expressed their feelings towards The Demon Realm has no favorable impressions.

Bai Qi is a descendant of the Divine Phoenix, Yu Qilin is the reincarnation of the leader of the Qilin clan, and Chu also got Fuyin from the Ancestral

Dragon. Naturally, the three of them do not like the Demon Realm.

The same goes for Qin Feng.

He got the blessings of the Ancestral Dragon and the Divine Phoenix. Fuyin, who received the favor of the Qilin lineage, unknowingly stood on the side of the ancient five-spirit star master.....

At this moment, the northern examination area.

Everyone in the Demon Realm was dumbfounded.

At this moment, in a corner of the battlefield.

The big leader stared blankly at the two broken soul cards in his hand.

Those belong to the Black Yama Demon Emperor and the Shiji Demon Emperor.

In less than five minutes, two of his most powerful generals fell.

"Damn it!"The big leader crushed the soul card in his hand to pieces.

Everyone was shocked.

The second leader swallowed and then said carefully:"Big leader, my subordinates suspect that Hei Yan was killed by Emperor Qin! So does Shiten! Both of them were tasked with investigating the details of Emperor Qin, and they must have been accidentally exposed. The big leader raised his eyebrows:"Then tell me, the emperor of Qin who killed Hei Yan and the emperor of Qin who killed Shi Ni, are they one person or two?"

"Forehead.....this.....", the second leader was stunned.

He couldn't answer.

The big leader said angrily:"Everyone can guess that the two of them died in the hands of Emperor Qin. But the question is, what is the relationship between these two Emperors of Qin? These two losers! Even if they die, I will not give them justice. Understood!"

When he thought of this, the big leader's heart felt like being scratched by a cat, itching and uncomfortable.

He wants to know the truth, but he doesn't know it

"Chief, do you think these two Emperors of Qin are the same person?"The second leader began to speculate again.

The big leader sneered:"Then you tell me if they are the same person. How did Emperor Qin go from one assessment area to another? Moreover, judging from the time between the death of Hei Yan and Shi Ni, it was less than five minutes! can you do it?"

"Forehead.....", the second leader looked confused again.

At this time, the three leaders also intervened:"The big leader, as well as Chu Chu, Qin Baobao, Bai Qi, and Yu Qilin, the same names appeared in the two districts. These four people are also very strange."

"Especially that jade unicorn! The word Qilin appears in her name, could she be a remnant of the Qilin lineage? The big leader smiled bitterly:"

So what?" Now Heiyan and Shizu are dead! Our eyes will be darkened as to the situation in the East and South Districts, and we will no longer be clear about it."

As soon as these words were said, everyone felt a little depressed.

They couldn't get first-hand information.

By then, what geniuses would appear in the East and South Districts would have a better chance of obtaining the Kirin inheritance. They would know nothing about it.

This would be very important to them. It is very unprofitable to destroy the goal of Qilin Lord's inheritance!

"Chief, the four major assessment areas will still converge when the time comes, and they will eventually meet, so we don't have to rush!", the second leader comforted him again.

The big leader had no choice but to say: "This is the only way!"

At the same time, the southern assessment area.

After Qin Feng and others finished their discussion.

Chu Chu took out the Ziyun Ling here and took a look.

First place, Emperor Qin, with 560,000 points...

Second place, Emperor Lufa, with 1,800 points...

Seeing this, Chu Chu was dumbfounded

"Brother, you are too powerful! Come on! It's already 560,000 points here!"

With this exclamation, Yu Qilin and the other three quickly looked at each other and were dumbfounded.

Qin Feng smiled and said: "There are slightly fewer god-emperor level masters here, so the shadow clones have killed more! Everyone, stop dawdling and start taking action! You all still have 0 points!"

"Yes! Let's act quickly!"

"dad! Then let's go first!"

With this reminder, Chu Chu and the others, led by Bao Bao, began their killing journey..

Chapter 507

After Chu Chu and others left, Qin Feng also turned and left.

Almost all the God-Emperor-level monsters in the southern region have been killed.

He is now targeting those below the Great Emperor level.

As for the monsters above the emperor level, leave them to Chu Chu and the others.....

At the same time, in the southern examination area, in a historic site.

The hurricane ancestor looked at Ziyun Ling in amazement.

First place, Emperor Qin, with 560,000 points.

Second place, Lufa Tiandi, 1800 points.

Third place, Hurricane Ancestor, 400 points.....

"Tsk tsk!! 560,000 points! This Emperor Qin is incredible!"

He witnessed with his own eyes that Qin Feng won the first place in the first game.

Now, Qin Feng has firmly won the first place in the second game.

Don't think that this assessment is easy.

With his speed, strength and strength far beyond the same level, With his extraordinary secret skill of finding animals, he worked hard to get 400 points.

These 400 points allowed him to win third place.

This shows how difficult this assessment is.

This is also true. Currently, hundreds of thousands of assessors are still 0 points.

They really couldn't find the monsters.

Even if they were lucky enough to see them, they couldn't catch the powerful ones. Speaking of which, those strong ones obviously didn't score points by killing low-level monsters, but they still killed them without leaving them.

This competition It's so cruel!

Thinking about it this way, Qin Feng's 560,000 points is too terrifying!

"And this Lufa Emperor, he actually scored 1800 points, which is not easy!"

The hurricane ancestor sighed.

This Lufa Heavenly Emperor gave him a very mysterious feeling. He had never heard of this person's name before.

"By the way, how come Chu Chu, Qin Baobao, Bai Qi, and Yu Qilin, the top five players in the last game, still have 0 points? Aren't they with Emperor Qin? Why is this performance so mediocre! Could it be that the four of them are no longer good?"

The hurricane ancestor was confused, and the information on the Ziyun Order was refreshed.

Jade Qilin was still at 0 points, and the score jumped a bit.

The third place, Bai Qi, 400 points.....

"Good guy! Catching up!"Hurricane Ancestor's eyelids twitched.

He thought about what happened to the four Bai Qi, and Bai Qi's score was immediately equal to his own.

According to the rules, if the scores are the same, the younger ones will be ranked first.

The hurricane ancestor suddenly became the fourth place.

This made him a little depressed.

But before this little depression was resolved, the information on the token changed again.

The third place, Chu Chu, 800 points.....

"At this time.....", the hurricane ancestor frowned.

Chu Chu's points came up, and he dropped to fifth again.

But at this moment, the token changed.

Third place, Qin Baobao, 1200 points. Hurricane ancestor:"....." depressed! The hurricane ancestor dropped to sixth place.

But all this was not over yet, Yu Qilin's name came out again.

Second place, Jade Qilin, 2100 points.

Directly squeezed out the Lufa Emperor.

The ancestor of the hurricane opened his mouth wide.

He suddenly dropped to seventh place.

This result is worse than the first game!

Speaking of which, the Lufa Heavenly Emperor was ranked seventh in the first game, second only to himself.

Of course, this isn't over yet.

Time flies.

After the four Yu Qilin rushed to the south, under the guidance of Chu Chu's divine seal of creation, they launched a crazy killing spree.

Their efficiency is extremely high and their points are soaring rapidly.

In just ten minutes, Bai Qi surpassed Emperor Lu Fa and became fifth.

Yu Qilin, Qin Baobao, and Chu Chu won the second, third, and fourth place respectively.

All the southern evaluators were stunned.

It's them again in the top five!

Next, Qin Feng and the other five harvested wildly.

Especially this time, Qin Feng will not let go of anyone below the first level.

The ones with the largest number of monsters are those below the first level.

As a result, the death speed of the southern monsters increased dozens of times.

In the blink of an eye, two hours passed, and all the southern monsters were killed.

The second assessment is over!

This is faster than the east.

The rankings for the second assessment appear.

Qin Feng and the other five ranked among the top five without any surprise and received generous rewards.

After doing all this, Qin Feng immediately recalled the five Chu Chu people and returned to the eastern examination area.

At this moment, in the eastern examination area, in the square of the initial safe area.

Qin Feng and the five people gathered together.

Everyone's face was filled with joy.

The rewards for the second assessment are even more generous than those for the first!

"Dad, it's going to end here too! I sensed that there were only more than 400 monsters alive!"

The baby used the Divine Seal of Creation to sense the location of the monsters in the examination area.

"Let's wait for them here!"

"good!"

Qin Feng's five people already had enough points, and they were too lazy to run around for hundreds of monsters.

Everyone sat in the square, meditating and adjusting their breath.

Qin Feng took the opportunity to understand the true meaning of everything.

Before he knew it, half an hour had passed..I don't know if it was due to too many killings.

This time, Qin Feng's realization was particularly smooth, and the true meaning of everything was raised to 99.93%, just a hair away from condensing the divine seal.

At this moment, the sky above the battlefield shook.

The voice of the secret realm sounded out of thin air.

"All the monsters have been killed! This assessment is over!"

This word spread throughout the entire examination room.

Every corner became quiet.

Countless examiners looked up at the sky, and most of them looked disappointed because they still scored 0 points!

"The rankings for this assessment have been determined! Start giving out rewards now!"

"The tenth place, Black Heart Ancestor, will be rewarded with 6 Lotuses of the Soul....."

"Ninth place, Nine-Headed Lion Saint, will be rewarded with 10 Lotuses of the Soul....."

"Huh! The reward this time seems to be twice that of the previous one!"

"yes! Last time, the tenth place was rewarded with 3 Lotuses of the Soul, and the ninth place was rewarded with 5 lotuses!"

The examiners soon discovered the clues.

People's envy became even stronger.

In a corner of the examination room, the God Emperor Splitting Heaven and the God Emperor Years looked depressed.

They were the ninth and tenth placers in the previous round.

This Once, they failed to enter the top ten.

In the air, the sound of the secret realm continued to echo

"The eighth place, the Emperor of Light, will be rewarded with 15 Lotuses of the Soul."

"The seventh place, Tianguang God Emperor, will be rewarded with 20 Lotuses of the Soul."

"The sixth place, Xiaoyao God Emperor, will be rewarded with one divine crystal of time, space, and reincarnation, and 20 lotuses of the soul."

"Fifth place, Bai Qi, will be rewarded with 3 crystals of time, space, and samsara each, and 20 lotuses of the soul."

"The fourth place, Chu Chu, was rewarded with 5 crystals of time, space, and reincarnation, and 20 lotuses of the soul."

"Third place, Qin Baobao, 1 ball of Yuqing Qi, 5 crystals of time, space, and reincarnation each, and 20 soul lotuses." When the third place reward came, when I heard that there was Yuqing Qi, the entire examination room was filled with excitement. There were exclamations and sounds of envy.

However, Qin Feng and the other five looked calm.

Among the five of them, only Bai Qi could use the Qi of Yuqing, and the others did not need it.

Of course, for Qin According to Feng, the more Yuqing Qi the better.

He can bring it back to Yue'er, Luo Li, Nishan and Liu Yan for use

"Second place, Jade Qilin, 2 groups of Jade Qing Qi, 5 time, space, and reincarnation crystals each, and 30 soul lotuses."

"OMG! The second place will be rewarded with two balls of Jade Qing Qi!"

"Tsk tsk!! How nice it would be if this were given to me!"

"The second place rewards are so great! Don't know what the reward will be for first place?"

The examination room became lively again.

At this moment, the secret realm announced the first place reward.

"The first place, Emperor Qin, received 1 ball of Qi of the Supreme Purity, and was rewarded with 5 crystals of time, space, and reincarnation each, and 40 lotuses of the soul....."

"OMG! It's the pure Qi!"

"Tsk tsk!! How could there be such a precious reward!"

The whole audience was in a sensation!

The Qi of the Shangqing is a higher level than the Qi of the Yuqing.

It can help the lower-grade domination potential to be improved to the middle-grade.

At this moment, all the powerful God Emperor Dzogchen were jealous, and there was something deep in their eyes. Greed.

The highest potential among them is the low-grade master.

This pure energy is of great use to them all!

Somewhere in the examination room, the Nine-Yue God Emperor and the Splitting Heaven God Emperor looked at each other.

"Brother Splitian, the Qi of the Supreme Qing is in Emperor Qin's hands, we must be ruthless next time!"

"This is natural!"

Both of them nodded silently.

On the other side, the nine-headed lion saint looked up at the sky and swallowed.

His potential is that of a low-level master.

If he can get that ball of pure energy, his potential can be further improved.

Thinking of this, he turned back to look at the beautiful snake and scorpion queen beside him

"Snake and Scorpion, if you have a chance, go get close to Emperor Qin! I think it's time for us to take action!"

"oh!", the Snake Queen responded with a low voice, her eyes moving.

She knew what the Nine-Headed Lion Saint meant.

She also wanted to meet that handsome boy.

When she thought of this, she couldn't help but close her legs, feeling strange in her heart. At this time, ten beams of light fell from the sky, falling on the heads of the top ten.

Each beam of light had a corresponding ranking reward.

Countless people in the examination room looked up and envied.

Everyone also saw that there were five beams of light. The light beams are together and concentrated in the same direction.

That is also the reward for the first to fifth place!

The five Qin Huang people are really mysterious!

At the same time, the five Qin Feng people calmly put away the rewards.

This was the second reward they had received. It was no surprise.

As early as half an hour ago, they had received the same reward in the south.

At this time, the sky shook and the sound of the secret realm sounded again.

"Rewards have been distributed! Now the assessment and elimination mechanism is activated. After two assessments, if the total points are still below 0 points, you will be cleared to exit the secret realm....."

Following this announcement, shouts of disappointment rang out from every corner of the examination room.

"No! I don't want to be eliminated!"

"Give me another chance! I am excellent!"

"No! I'm acting abnormally! I am a genius! Don't eliminate me!"

The next second, the secret realm shook.

One after another, the figures turned into white light and were kicked out of the secret realm, losing the qualification to continue the challenge.

In the blink of an eye, hundreds of thousands of examinees in the entire examination room were cleared.

Thirteen thousand were left in the examination room. There are many people.

Even the believers of Xiaoyao God Emperor, there are only more than 200 people left, and the rest have been eliminated. The elimination rate in this game is very high!

Qin Feng is not surprised, and only the southern district has been eliminated. There were more than 11,000 people, more than in the east.

At this time, the voice of the secret realm sounded again

"Remind all examiners: There are only four groups of pure Qi in this secret realm, and they have been awarded to the first place in the second round of each examination area."

"In the third assessment, the only ball of Tai Qing Qi in this secret realm will be rewarded in a special way. All assessors, please work hard!"

As soon as this reminder was announced, the crowd was excited again.

It turned out that there were only four balls of pure Qi!

It seems that all the rewards have been given out now!

They didn't know that Qin Feng had already received two of the four balls of pure Qi.

What made them even more What is shocking is that there is actually a ball of Tai Qing Qi in the secret realm.

Tai Qing Qi can enhance the potential of a middle-grade dominator to a high-grade one. It is so precious that it is indescribable.

There is only such a ball in the entire secret realm.

But everyone can't figure it out. There is only one ball of Qing Qi and there are four test areas. How should we reward this?..

Chapter 508

It's just that everyone can't figure it out. There is only one ball of Taiqing Qi, and there are four test areas. How should we reward it?

At this time, the entire ancient battlefield was shaken by space, and all examiners were forcibly teleported out.

The next second, everyone returned to the original hall.

The rules remain the same!

Fighting is prohibited here, and after three days of repairs, the third assessment will begin.

As for the content of the third assessment, no one knows.

As soon as Qin Feng and the other five appeared, they became the focus of everyone's attention.

Qin Feng, in particular, became the center of attention.

Those Dzogchen God Emperors looked at him with greedy eyes.

That exciting pure energy is in Qin Feng's hands.

Qin Feng was too lazy to pay attention and glanced across the audience indifferently.

At this moment, the number of people in the main hall became sparse, with only more than 13,000 people left, and the space was not as crowded as before.

Those who can survive to this day are considered outstanding.

Soon, he discovered that there were only eleven powerful people left in the Great Perfection of God Emperor.

Originally there were sixteen people, but Patriarch Yinggui and Wan Yuan were wiped out by the secret realm, so there should have been fourteen people left, but now there are only eleven.

The three missing people probably died in the second assessment.

No one knows who killed him.

"Dad, it's time to repair!", the baby reminds

"Um!"

Qin Feng waved his hand and raised the Xunfeng Yun Realm flag.

The green clouds covered all five people.

A few minutes later, in the small universe, Zhongjixing, in the palace.

Chu Chu and the five people handed over all the assessment rewards. Qin Feng

"Bai Qi, this is for you! Chu Chu, Yu'er, this is yours!"

Qin Feng waved his hand, and a stream of Jade Qing Qi flew towards Bai Qi.

Two streams of Shang Qing Qi flew towards Chu Chu and Jade Qilin respectively.

"Thank you, Your Majesty!"

"Brother, thanks!"

"Qin Feng, with this pure energy, I can return to the level of qualifications I had in my previous life."

The three Yu Qilin people were very happy.

"Baby, these space crystals are given to you to awaken your space power."

"Chu Chu, these reincarnation crystals are given to you, you go and awaken the power of reincarnation!"

"Bai Qi, these time crystals and reincarnation crystals are for you....."

After a while, Qin Feng made the distribution

"Thank you dad!"

"OK! Everyone, go to retreat!"

"Um!"

At this moment, the four people of Chu and Chu left in a happy mood.

Qin Feng was also in a very good mood.

This time in retreat, the four of them will definitely increase in strength.

The increase in their strength means that Qin Feng's strength is increasing.

Having said that, this distribution After that, Qin Feng still has a lot of time, space, and the Samsara Divine Crystal left.

These can be reserved for Yue'er to use.

In addition, he still has five balls of Yuqing Qi left, which is a good thing!

Yue'er, Luo Li and the others need it.

And he has accumulated nearly four hundred soul lotuses.

This is of great use to his universe foundation.

The next second, Qin Feng's figure flashed and went to retreat.

He should Go and understand the true meaning of everything and complete the foundation building as soon as possible.....

Time flies.

In the blink of an eye, half an hour passed.

The results of the Western Examination Area have come out.

First place, Purple Star.

Second place, Ancestor Wutian.....

At this moment, in a corner of the West District Hall.

Ancestor Wutian and Zixing complimented each other.

There were more than 10,000 assessors around, looking at the two people with incomparable awe.

Even those God-Emperors of Great Perfection revealed fear.

These two people are so powerful!

It is definitely a half-step master!

Facing a half-step master, the God-Emperor Dzogchen will be easily killed, or even killed instantly.

"Miss Purple Star is truly extraordinary! I am willing to give in!"

Ancestor Wutian said with a smile on his face, but his expression looked a little stiff.

"where! where! The little girl only has 100 points more than you, which means she killed one more monster. This is just good luck!"

Zixing also pretended to be polite.

In fact, she was very afraid of this ancestor Wutian.

This guy's performance was only one step behind her every time. He was an extremely difficult opponent!

Ancestor Wutian squinted his eyes slightly, and thoughts were swirling in his heart.

Two consecutive defeats made him a little unhappy.

This woman named Zi Xing was indeed powerful.

However, he was not worried.

He still had a trump card!

At this moment, the crowd in front changed.

"Take a look! New information has appeared in Ziyun Order!"

"Let me see!"

"Huh! It really is!"

"Um...the southern and eastern examination areas are so strong!"

"No way! How could they be so strong? There are two in our area...."

Speaking of this, many people secretly glanced at Zixing and Ancestor Wutian.

These two guys are half-step masters!

There are two half-step masters in their area. It stands to reason that the second level should be completed the fastest. Why is it ranked third among the four major assessment areas?

Hearing everyone's discussion, Zixing and Wutian Patriarch's hearts moved, and they both took out the Ziyun Token to watch.

At this look, the two people also had strange looks on their faces.

I saw an additional message on the Ziyun Order.

The second assessment, the completion time ranking of the four major examination areas.

First place, southern examination area, 6 hours.

The second place was from the eastern examination area, 6.6 hours. The third place was from the western examination area, 7.3 hours.

Fourth place, northern examination area, 7.9 hours.

The length of time it takes to complete the assessment indirectly reflects the strength of that examination area.

At first glance, the ranking shows that the south is the strongest, followed by the east.

No way?

Are there also half-step masters in the south and east?

Zixing and Ancestor Wutian were both shocked.

Before they came, they all thought that they would be invincible existences in the secret realm.

But now it seems that the Crouching Tiger, Hidden Dragon in this secret realm is far more complicated than they imagined.

However, what does it mean that this secret realm suddenly has such a ranking?

There must be a reason!

"Girl Purple Star, what do you think of this ranking?"

"Are you trying to say that there are also half-step masters in the eastern and southern examination areas??"

"That's not what I meant! I want to say, what is the purpose of Secret Realm suddenly creating this kind of ranking?"

"this....", Zi Xing is also puzzled.

Suddenly, her eyes lit up: "Brother Wutian, do you think it has something to do with Taiqing Qi?"

"how do I say this?!"

When the Qi of Taiqing was mentioned, Patriarch Wutian's expression changed.

His qualification is that of a middle-grade dominator.

If he can obtain the Qi of Taiqing, he can upgrade his qualifications to a high-grade dominator.

Purple Star smiled slightly: "Brother, think about it! In the entire secret realm, there is only one mass of Taiqing Qi. There are four test areas. How do you divide them? Ancestor Wutian's face changed slightly:"

You mean, if the examination area has a higher ranking, the secret realm will reward the Qi of Taiqing to that examination area?"

"That's not the case! If that were the case, it would be unfair. If the little woman expected it to be true, the higher the ranking, the more advantageous it would be!"

"Makes sense!"

Ancestor Wutian nodded slightly, his eyes a little complicated.

In the competition for Taiqing Qi, the Southern Examination Area and the Eastern Examination Area are already at the forefront!

At the same time, the Northern Examination Area.

In the main hall, the leader of the Demon Realm took stock in a happy mood.

The top three in the northern examination area were easily won by the three leaders of the Demon Realm.

"Chief, with you in our northern examination area, we should be the fastest among the four major examination areas to complete the examination!"

The second leader flattered him.

He is in a very good mood now.

This time, he won the second place in the North District and got two balls of Yuqing Qi.

The third leader also flattered him: "Of course! The big leader is A half-step master, with the help of Yuan Sword, he is invincible in this secret realm. Which examination area can be compared with it?"

After hearing these words, the big leader felt comfortable and just smiled without saying a word.

But at this moment, the expression of one of his subordinates changed slightly.

"Three leaders, new information appears on Ziyun Order!"

"oh?"

The three leaders were curious and took out the Ziyun Order to watch.

Seeing this, the second leader and the third leader were embarrassed.

They were flattering the big leader just now, and now they were slapped in the face.

The big leader's face was also gloomy. Down.

How is it possible?

Our district is actually the last one?

Could it be that there are stronger beings than me in the other three districts?

The big leader didn't believe it at all, and he felt unhappy.

"Big boss, it's not our problem that they are ranked at the front, it should be that the other assessors in our district are too weak and are dragging them down!"

"That's right! That's why!"

All the men comforted me.

The big leader sneered and said nothing.....

At the same time, in Qin Feng's small universe.

More than a day has passed here.

At this moment, Zhongjixing, Xinggong, inside the secret cultivation room.

Qin Feng's body was shaken.

Buzz~!

There was a clear sound in the body.

He finally realized the true meaning of all things and began to condense the divine seal.

"Ding! Congratulations to the host, the divine seal of all things true meaning (superior) has been successfully condensed.....Combat power greatly increased....."

"Ding! The All-Seeing True Meaning Divine Seal (Host) and the Endless True Meaning Divine Seal (Jade Qilin) are automatically merging.

Chapter 509

"Ding! Congratulations to the host, the divine seal of all things true meaning (superior) has been successfully condensed.....Combat power greatly increased....."

"Ding! The All-Seeing True Meaning Divine Seal (Host) and the Endless True Meaning Divine Seal (Jade Qilin) are automatically merging....."

"Ding! Fusion successful! Congratulations to the host for condensing the supreme divine seal - the divine seal of heaven.....The combat effectiveness is greatly improved!"

The Divine Seal of Heavenly Dao.

Inner manifestation: (to the host universe), act on behalf of Heaven, control heavenly calamities, manage the birth and death of heaven and earth, control wind, rain, thunder and lightning, meteorites and volcanoes, natural disasters and human disasters, demonic samadhi, nature karma, birth and death of souls, etc.

External manifestation: (to the external universe), absorbs 50% of the energy of all attacks, and converts its energy into various stars in the inner universe, such as stars, planets, galaxies, nebulae, etc. To put it simply,

Qin Feng has the God of Heaven Yin Zai, anyone's attack on him has only half the effect.

When a strong man with 20,000 trillion combat power attacks Qin Feng, he only exerts the effect of 10,000 trillion combat power. What's even more frightening is that those who were attacked by Qin Feng The attack energy absorbed by the wind is not resolved, but becomes part of Qin Feng's small universe, which will continuously improve Qin Feng's strength. To put it simply, Qin Feng will get stronger as he fights!

And the stronger the opponent, the more he gains The greater the benefits.

Of course, the premise is that the opponent's attack cannot destroy his universe.

After receiving this information, Qin Feng was excited.

This Tiandao Divine Seal is simply the strongest defensive divine seal!

With this Tiandao Divine Seal, he Dare to fight the Great Perfection God Emperor now, let alone wait for him to complete the foundation of the universe.

That's right!

The way of heaven is the guardian of the order of heaven and earth!

"Ding! Congratulations to the host, your water star follower (Jade Qilin) has obtained the supreme divine seal - the divine seal of heaven, and its combat power has been increased to 500 trillion.
....."

Qin Feng was pleased.

With the Divine Seal of Heavenly Dao, Jade Qilin will also become the hardest to kill among the four followers.

Of course, Jade Qilin's Divine Seal of Heaven is still a little different from his.

Yu Qilin can only transfer half of the attacks from the outside world into his small universe, and her strength will not increase.

Qin Feng can not only weaken his attack, but also increase his strength.

"It's time to complete the foundation building!"

In the secret room, after Qin Feng looked at himself with satisfaction, he slowly stood up and stepped out.

The next second, he arrived in the void of the small universe and turned into a billion-foot giant, standing tall against the sky.

On the four pole stars, Jade Qilin, Baobao , Chu Chu, and Bai Qi all sensed it, and flew out of the palace one after another, looking up from the sky.

They knew that Qin Feng was going to build the foundation of the universe!

Qin Feng looked around from a distance, and saw the energy of chaos everywhere.

This was an area that had not yet been opened up. Hongmeng transforms the universe!

Qin Feng raises his hand!

Open the sky!

The Kaitian divine seal is activated!

Six sword lights slash towards the heaven and earth!

East, west, south, north, up, down!

Boom~! Boom~! Boom~!

Six consecutive sounds Loud noise!

The world in all directions shook!

Bang~!

There was another shocking loud noise!

The energy of Hongmeng from all directions rolled away in the direction of Liuhe. It was so powerful and mighty...

The universe was expanding rapidly!

In the blink of an eye, it expanded 30 times.....50 times...90 times.....100 times...300 times.....

The expansion is getting faster and faster!

The surrounding Hongmeng Qi is getting thinner and thinner.

Chu and Chu were surprised to find that the five polar stars under their feet were also growing rapidly...

The entire universe was growing at an extremely fast speed...

500 times... 700 times.....1000 times.....1500 times.....

The universe is expanding faster and faster, it's extremely terrifying.....

The energy of Hongmeng is diluted thinner and thinner, and gradually becomes difficult to see with the naked eye.....

Qin Feng also felt that his body was starting to feel a little tired.

To a certain extent, the universe is a part of him.

Obviously the Hongmeng Qi is not enough, and the size of the universe will be limited.

He quickly waved his hand, and more than four hundred soul lotuses appeared.

He opened his mouth and sucked it all in. He swallowed it all.

The surrounding Hongmeng Qi increased rapidly, and the expansion speed of the small universe increased again...

2000 times.....3000 times...4000 times.....

"These are not enough!"

Qin Feng waved his hand, and about two hundred three flowers appeared.

These were the three flowers of the early and middle stages of the God Emperor that he killed...

He swallowed it in one gulp.....

The small universe continues to expand...

5000 times.....6000 times.....7000 times.....

"not enough!"

Qin Feng waved his hand, and five Divine Origin Beads of the Divine Emperor's Great Perfection appeared...

He swallowed them in one gulp again.....

The small universe skyrocketed again...

8,000 times.....9000 times...10,000 times.....

In the blink of an eye, the small universe expanded to more than 10,000 times.

The five polar stars also became a hundred times larger.

In the universe, the Hongmeng Qi has become so thin that it cannot be sensed, and the small universe has finally expanded to its limit.....

At this time, Qin Feng raised his hand again!

Wuji!

The Wuji Divine Seal is activated!

The yin and yang of heaven and earth are in harmony, and the five elements move on their own!

The laws of heaven and earth are established!

The energies of the nine systems regulate each other.

Qin Feng has been absorbing the energy of the nine systems and turning it into the energy of chaos to strengthen himself.

In fact, the energy of the nine systems he absorbed was uneven.

At this moment, with the help of the Wuji Divine Seal, his nine energy systems are automatically adjusting.

The excessive energy of certain series was precipitated one after another, turning into thousands of stars, planets, and nebulae...

This small universe began to become diverse, the energy became more and more balanced, and the stability increased rapidly...

After a long time, Everything is stable!

The solidity of this small universe is actually a hundred times stronger than that of Kaitian.

This is the Wuji Divine Seal - fixing all laws and stabilizing the world!

At this time, Qin Feng made another seal with his hand.

God's way!

The Divine Seal of Heaven is activated!

Some stars and planets began to combine into galaxies.

Meteor impact! volcanic eruptions!

The comet appears!

Wind and thunder reappear on many planets!

The same is true on the four poles of earth, fire and water. Wind and thunder reappear, heavy rain pours, and volcanoes erupt continuously.....

After a long time, oceans and atmospheres appeared on countless planets.....

The same is true for the four pole stars!

Mountains, rivers, seas, volcanoes and glaciers, winds, thunderstorms, everything. It is no longer as deserted and monotonous as before.....

At this time, Qin Feng took another seal. good fortune!

The Seal of Creation is activated!

Those rivers, lakes, mountains and low-lying areas, some bacteria, microorganisms, plants, etc., all kinds of life are being born and brewing...

Signs of something are beginning to appear on the four polar stars, and they are becoming more green and lively.

The four people in Chu and Chu felt happy.

Finally there are signs of life!

They are no longer alone!

In addition to their four pole stars, there are also signs of life on some planets deep in this small universe.

Of course, most are lower life species.

But the next second, Chu Chu and others noticed something strange.

In addition to those low-level life forms, they also sensed that some high-level life forms were also born.

Some are in planets, some are conceived in stars, some are enshrined in nebulae, some exist in oceans, and some are hidden in thunder and lightning.....

Listing all kinds of things, there are probably more than three thousand!

Without exception, these advanced life forms are all fetal bodies and have not yet been fully conceived.....

But Chu Chu and Bao Bao keenly sensed that one of the three thousand fetuses had the aura of the dragon clan, which was very powerful.

Bai Qi also sensed that one of the three thousand fetal bodies had the aura of the Phoenix clan.

Jade Qilin also sensed the breath of a Qilin.

The four people became curious about the three thousand fetal bodies and exchanged messages one after another.

Soon everyone reached a consensus.

Perhaps Qin Feng has the blood of dragon and phoenix in his body, so that kind of body is produced in this universe.

The appearance of the other three thousand fetal bodies should also be related to Qin Feng's bloodline.

After hearing this, Yu Qilin had a strange look on his face.

Qin Feng does have dragon and phoenix blood in his body, but he does not have Qilin blood!

How come there is a Qilin breath in the three thousand fetal bodies created by Qin Feng?

Could it be that Qin Feng had too much of his own and was infected with the Qilin lineage's aura?
.....

Yu Qilin suddenly came up with this weird idea, and his face turned red.....

At this time, in the void.

Qin Feng opened his eyes and showed joy.

The Seal of Creation is completed, and the small universe that was originally a little dead finally has some life.....

Qin Feng was also pleasantly surprised to find that his luck seemed to have improved a lot.

This improvement in luck comes from those three thousand mysterious bodies.

This is also another wonderful use of the Divine Seal of Creation!

"Ding! Congratulations to the host for completing the foundation of the universe and being promoted to the Emperor of the Universe. He is currently in the middle stage of the Great Emperor (73%)Combat power 10,000 trillion....."

"Ha ha!! Finally reached the realm of the Great Emperor!"

Qin Feng is extremely happy!

Not only did he break through to the realm of the Great Emperor this time, but he also broke through to 73% of the middle stage of the Great Emperor in one fell swoop. Those Lotus of Souls and Divine Origin Pearls helped a lot.

With his current combat power of 10,000 trillion, plus The four supreme divine seals are all considered powerful among the Great Perfection God Emperors.

The next second, Qin Feng turned into the size of an ordinary person and fell back to the Zhongpole Star.

At this time, he found that the five pole stars had become a hundred times larger than It was more spectacular and more stable before.

"dad!"

"elder brother!"

Four figures flashed in succession, and the four people from Chu and Chu rushed over happily.

"Congratulations to Your Majesty on your great progress in cultivation!", Bai QiyiExcited.

Qin Feng smiled and said nothing

"Qin Feng, what happened to those more than 3,000 fetal bodies? I feel they are all unusual....", Yu Qilin asked.

She was very curious whether the body with the qilin aura was created after Qin Feng and hers.

"I am not sure as well! Of course, their appearance must have something to do with me." Qin Feng also looked puzzled.

"Brother, although those more than 3,000 guys are embryos, I feel that their foundations are not shallow... How should we deal with them? Qin

Feng thought for a while and said: "These strange creatures were conceived and born in the opening of the sky. They cannot be created again after the opening of the sky. They cannot be copied."

"Let's call them innate creatures! As for how to deal with them, let nature take its course!"

Qin Feng could sense that he had a wonderful connection with the three thousand fetal bodies.

These innate creatures had a natural closeness and loyalty to him.

At that moment, the four people in Chu and Chu nodded.

Then, after everyone talked, they felt happy to go to seclusion.

Qin Feng broke through, and they were no longer afraid of those divine emperors, and they were really happy.

After everyone dispersed, Qin Feng took out a monster inner elixir.

This is from the monster of Ziyun Sea. Inner elixir, the middle stage of the God Emperor.

An inner elixir is equivalent to a lotus of the soul, which is of great use to improve Qin Feng's cultivation.

However, Qin Feng is very interested in the talisman and seal script contained in the inner elixir.

He vaguely I feel that this inner elixir is not simple.

And in the second assessment of the secret realm, these monsters are arranged to play. After death, they will leave an inner elixir, and the rest and even their fur will be recycled by the secret realm.

This should be of great significance.

Thinking of this, Qin Feng's figure flashed and disappeared..

Chapter 510

The next second, Qin Feng arrived in the secret practice room.

He took out the monster inner elixir and observed it for a while.

Rumor has it that one can gain some benefits by studying the talisman and seal scripts in the inner elixir of the Ziyun Sea Monster.

No one can tell the specific benefits because talisman writing is too difficult.

Only a few among hundreds of millions of people can even comprehend it!

Not to mention ordinary people, even those masters have a headache when they see the talisman script.

Comprehending the talisman and seal script requires special talent.

The vast majority of people don't!

And Qin Feng has this talent!

But, does he need talent?

Qin Feng opened his mouth and swallowed the inner elixir.....

"Ding! Successfully swallowed the inner elixir of Ziyunhai...the cultivation level was upgraded to the middle stage of the Great Emperor 73.01%....Combat power is improved....."

"Ding! Devouring Ziyunhai Neidan successfully.....Obtained insights into the talisman script... and improved the level of weapon refining....."

"So this is ah!"

Qin Feng's eyes lit up and he was surprised.

The talisman in the inner elixir was actually about refining weapons. At this time, he figured it out.

In ancient times, the Lord of Qilin was known as the first weapon refiner in the universe and the only one at that time. A star master-level weapon refiner!

He was the one who made the Twelve Golden Man Puppet!

No wonder the inner elixir of the Ziyun Sea monster is weird.

Presumably, the Qilin Lord wants to pass on his weapon refining skills in this way.

What a pity!

It takes too much talent to understand the talisman and seal script.

Many people can't understand it even if they get the inner elixir.

But these are cheap for Qin Feng!

At the moment, Qin Feng waved his hand, and there were two thousand people, big and small, in front of him. A monster inner elixir.

It ranges from nine-star to god emperor level!

This is the result of Qin Feng and Chu Chu hunting in the east and south.

For other elemental masters, Ziyunhai inner elixir and Xingxi stone Different, it cannot be refined directly, it can only be used to refine the elixir.

Chu Chu and others could not refine it, so they all gave the inner elixir to Qin Feng.

At that moment, Qin Feng opened his mouth and sucked it all in.....

"Ding! Congratulations to the host for successfully swallowing the inner elixir of Ziyunhai.
.....Cultivation level breaks through to the late Great Emperor period (7.2%)Combat power increased to 14,000 trillion....."

"Ding! Congratulations to the host for successfully understanding the talisman and seal script.
.....The level of weapon refining has been raised to the level of the God Emperor's Great Perfection....."

"Ding! Congratulations to the host for successfully understanding the talisman and seal script.
.....The level of weapon refining has been raised to the level of half-step domination....."

"Ding! Congratulations to the host for successfully understanding the talisman and seal script.
.....The level of weapon refining has been raised to the level of low-grade master....."

After a moment, Qin Feng opened his eyes happily.

It's so cool!

He swallowed more than two thousand inner elixirs in a row. Not only did his strength greatly increase, but his weapon refining level also increased to three levels in a row.

"interesting!"

Qin Feng's intention was still unfinished.

His figure flashed and disappeared into the secret realm.

The next second, Qin Feng returned to the main hall outside.

As soon as he appeared, he caused quite a commotion.

Many assessors turned to him Looks of awe.

Even the strong men in the late stage of God Emperor showed respect.

Now, the news that Qin Feng massacred many strong men in the middle stage of God Emperor in the second assessment has spread.

Everyone already knows that Emperor Qin has top gods. The strength of the late emperors should not be underestimated.

Only those God-Emperors, Dzogchen, still looked indifferent.

They were both jealous and unconvinced that Qin Feng won two consecutive first places.

In their opinion, Qin Feng was both Relying on his low cultivation level and his preference for the secret realm, he got the first place.

If compared to his true strength, how could Qin Feng be their opponent.

But these people don't know that Qin Feng is different now from before.

He was already in the late stage of the Great Emperor, and among the Great Perfection God Emperors, there were only a few who could be his opponents.

At the same time, Qin Feng also felt three unkind glances.

He turned around and saw the Nine Moon God The emperor, the Splitting Heaven God Emperor, and the Nine-Headed Lion Saint looked at him.

The three of them all had sneers in their eyes.

And a woman next to the Nine-Headed Lion Saint, who was beautiful and enchanting, with charming eyes, cast a sweet smile at him. Smiling.

Qin Feng was too lazy to pay attention.

He looked to the other side.

There, hundreds of elemental masters had set up stalls, selling various items, including many soul crystals.

Many people came up curiously to watch the business. It's quite hot.

After the last assessment, many people were consumed, and everyone began to exchange what they had.

Qin Feng glanced at the stalls, and there were indeed Ziyunhai Neidan for sale.

At the moment, Qin Feng was nearby. He opened a street stall and directly hung up a sign with a letter: Acquisition of Ziyun Hai Neidan, regardless of grade! As soon as this sign was hung up, the crowd became agitated.

"Huh! Look! Emperor Qin is acquiring the inner elixir!"

"Forehead! Is there anyone who buys something as useless as inner alchemy?"

"yes! This kind of alchemy cannot be refined, and the talisman and seal characters inside cannot be understood clearly. Who else would be interested in them except the alchemist?"

"Never mind it! I have an inner elixir in my body, but no one wants it if I sell it! Or sell it to Emperor Qin!"

"Let's go! I have two too!"

In a moment, many examiners gathered around to watch.

One examiner asked respectfully: "Master Qin Huang, I have an inner elixir from the early stage of the Great Emperor. How much can I sell it for?"

"52 Xingxi stones, no bargaining!"

"good! We make a deal!"

The assessor happily took out an inner elixir.

You must know that the Ziyun inner elixir in the early stage of the emperor was only sold for 50 Xingxi stones in the outside world. The purchase price of Lord Qin Huang was a little more expensive than the outside world. Why did he buy it? Not selling?

Soon, the two people completed the transaction.

The examiner left with a happy face.

Qin Feng was also happy in his heart.

The inner elixir of the early emperor had a vitality content comparable to a hundred Xingxi stones. What's more, the talisman in the inner elixir contains a big secret.

This is a great deal for Qin Feng.

Both parties are very happy. When people around him saw this scene, their eyes lit up.

"Can an inner elixir from the early Emperor period be sold for 52 Xingtide stones?"

"This is more cost-effective than outside!"

"yes! I thought everyone here had inner elixirs and Emperor Qin would lower the price. It seems not so!"

"That's a lot of talk! Get out of your way! Lord Qin Huang, I have two inner elixirs from the middle stage of the Great Emperor. How much can I sell them for?"

An old man looked at Qin Feng with a flattering expression.

"One star stone costs 105 yuan, and two stars cost 210 yuan!"

The old man was overjoyed: "Lord Qin Huang, I've made a deal!"

Sure enough!

Mr. Qin Huang's purchase is more expensive than outside!

It's 100 yuan a piece outside.

At that moment, everyone's hearts were moved.

Selling to Qin Huang was such a good deal!

"Lord Qin Huang, I have an inner elixir of the second round realm here, and I want to sell it to you!"

"I have three here!"

"I have it here too...."

The scene suddenly became heated.

All the examiners rushed to take action on the inner elixir.

Even some junior and middle-level god emperors were tempted and came to sell the inner elixir.

This kind of inner elixir is useless to them.

If you take it out, you will also sell it to some alchemists. The price is not as high as Emperor Qin's, so you might as well sell it to Emperor Qin on the spot.

Just then, a hearty voice sounded from behind the crowd

"Brother Qinhuang, why do you want to acquire these inner elixirs? Is there anything I can't discover?"

Everyone was startled and turned around one after another.

Qin Feng also looked up and saw that the person speaking was a man with a handsome temperament, it was the Emperor Xiaoyao.

"Brother Xiaoyao, do you have inner elixirs for sale?", Qin Feng asked lukewarmly.

He knew that this guy was here to find out the details.

"There seem to be dozens of them! If Brother Qinhuang is willing to tell me the reason, I can consider selling all my inner elixirs!"

Xiaoyao God Emperor suspected that Qin Feng had discovered some secrets about inner alchemy, so he bought it on a large scale. As soon as he said this, everyone in the audience looked over.

Qin Feng's sudden purchase of inner alchemy was indeed a bit strange. There were quite a few. People suspected that Qin Feng had discovered some secret.

After all, this period is very sensitive!

Even the powerful God Emperor Dzugchen people watched silently.

Qin Feng was too lazy to talk nonsense, and waved his hand, and an alchemy furnace appeared in front of him.

Then, he He threw a nine-star inner elixir and some medicinal materials into it, and made the inner elixir in front of everyone.

After a while, the alchemy furnace was opened, a stream of elixir fragrance spread out, and three elixirs flew out from it.

"What a brilliant alchemy!"

"yes! This alchemy speed is too fast!"

This scene made everyone marvel.

Qin Feng waved his hand, put away the alchemy furnace, and looked at Emperor Xiaoyao

"Brother Xiaoyao, do you understand now?"

Xiaoyao God Emperor suddenly realized:"Haha!! I understand! It turns out that Emperor Qin's brother is actually a rare alchemist! No wonder you want to acquire Neidan!"

As soon as these words came out, everyone suddenly realized. It is normal for alchemists to acquire inner alchemy!

The God Emperors breathed a sigh of relief!

As long as Emperor Qin didn't find out otherwise, they and Qin Feng were all competitors.

"Brother Xiaoyao, you just said you have dozens of inner elixirs, do you want to sell them?"

"certainly!"

Xiaoyao God Emperor pretended to be generous and took out more than seventy inner elixirs at once. There were more than a dozen inner elixirs for the Great Perfection of the Light God Emperor, and more than twenty inner elixirs for the late God Emperor.

Qin Feng was delighted when he saw it.

Soon, the two parties completed the transaction.

After this scene happened, many people felt relieved and approached Qin Feng to trade.

Even God Emperor Xiaoyao had sold it, so what else did they keep?

Now, many God Emperors came to trade. , even the God-Emperor Dzogchen couldn't hold back, they all regarded the inner elixir as rubbish and sold it to Qin Feng.

At the same time, a similar scene also happened in the southern examination area.

And the person responsible for the acquisition was the phantom clone.

Just In half a day, Qin Feng acquired most of the inner elixirs in the east and south.

.....

Time flies!

In a blink of an eye, it was the third day of repairs.

Small universe, water pole star, in the palace.

At this moment, Qin Feng was sitting leisurely on the sofa, watching Yu Qilin tidying up her skirt.

Under the skirt, there are extremely graceful curves, with curves and curves.

Looking at Yu Qilin's slightly rosy face, Qin Feng felt secretly happy.

This time he took a break from his busy schedule and enjoyed the jade unicorn for two days and two nights. The taste was endless.

Yu Qilin's memory of his past life became clearer and clearer, and he became more and more like a master of his past life.

Every time Qin Feng enjoys it, he feels like he is enjoying it, which is very memorable.

In fact, this retreat lasted more than a hundred days.

Jade Qilin's cultivation has improved by leaps and bounds!

She is also the fastest progressing among the followers.

In just over four months, Jade Qilin's qualifications have returned to the middle-level master, his cultivation has broken through to the middle-level of the first-tier realm, and his combat power has reached 2000 trillion.

The initial combat power of the God Emperor was 1000-2000 trillion.

She has reached the subversion of the early stage of the God Emperor.

Of course, Qin Feng has made great progress these days.

He acquired a large amount of Ziyun inner elixir, and his cultivation level reached 57% of the late Great Emperor. His combat power surged to 20,000 trillion, and the small universe was already twice the size of the Milky Way.

In addition, his weapon refining skills have also been improved to the level of a mid-level master.

The harvest from this retreat has been huge!

"Qin Feng, count the time, this repair should be over!"

Yu Qilin tidied up her clothes and sat down next to Qin Feng obediently.

"It should be almost done!", Qin Feng gently hugged the beauty's slender waist.

But at this moment, news came from Ziyun Ling.

Yu Qilin quickly took out the token to watch

"Qin Feng, there is a message from Ziyun Ling. The third assessment is about to begin. Huh! This third round is actually an assessment of weapon refining....."

Upon hearing this, Qin Feng's eyes lit up.

At the same time, he felt a sudden realization in his heart.

No wonder, there will be a large number of Ziyun inner elixirs in the second assessment.

Is this a hint from the secret realm to study the art of weapon refining? such a pity!

Those assessors didn't understand it!

Thinking of this, Qin Feng's mouth showed a hint of joy..
