

God level 51

Chapter 51

Next, Qin Feng took stock again and found that he had more than 900 million coins, and he had really made a fortune.

He directly spent 50 million to buy a bottle of level 5 genetic medicine (perfect level).

The genetic medicine was silver-white, with a faint aura, which was very different from ordinary genetic medicine.

Qin Feng swallowed it.

When the medicinal liquid enters the body, it automatically decomposes into powerful energy and spreads throughout the body.

Qin Feng suddenly felt a tingling sensation all over his body, and every cell was trembling, as if every cell was being greatly strengthened.....

He closed his eyes, endured the pain, and immersed himself in the transformation.

After a few minutes, the pain subsided.

An extremely comfortable feeling arises from deep within the body, wonderful.

It's like being able to survive in peace

"Ding! Congratulations to the host, the transformation was successful after taking the fifth-level genetic medicine (perfect level), and the combat power is +200 points....."

Oh My God!

It actually increased combat power by 200 points!

This level five genetic medicine (perfect level) is so powerful!

It's much stronger than level four medicine.

Qin Feng couldn't wait to pull out the training panel.

Practitioner: Qin

Feng Wind realm (peerless): Early stage of one-star level

Thunder realm (peerless): Quasi-elemental master (divine seal completion degree 89%)

Ice realm (genius): Quasi-elemental master (divine seal completion degree 92) %)

Fire Realm (Normal): Quasi-Elemental Master (Divine Seal Completion Degree 30.001%)

Talent Skill: God-level

Devouring Combat Skill: Violent Blow

Auxiliary Skill: Ice Concealment

Combat Power Index: 1600 points

"The combat power has indeed reached 1600, which is not far from the two-star Dzogchen combat power."

Qin Feng was very happy.

The threshold for two-star perfection is 1,700 points.

Then, he spent another 50 million to buy a bottle of level 5 genetic medicine (perfect level).

Naturally, he wanted to give such a good thing to Chu Chu Prepare one.

That little girl can't become an elemental master for the time being. If she takes this genetic medicine, her combat power can reach 400 points.

Coupled with the little girl's outstanding fighting talent, she will not be able to become a one-star early elemental master in the future. Don't be afraid anymore.

After buying the genetic medicine, Qin Feng spent another 100 million. He also bought a storage ring to give to Chu Chu. The storage ring provided by this system is of much better quality than the outside ones and has a larger space. Double.

Chu Chu is also growing up and will definitely need to buy a lot of equipment in the future.

For example, mechas, alloy weapons, and super thermal weapons, etc. It is inconvenient to carry these with you.

With this storage ring, it will be much more convenient..After doing this, Qin Feng began to consider buying the divine seal fragments.

He has no use for the wind divine seal fragments.

He can break through the thunder element immediately and does not need it.

For the ice element, he only needs to practice hard for more than ten days. , can break through, but buying it is a waste.

Only in the fire department, his talent is the worst, which is at the ordinary level.

The current completion rate of the fire system divine seal is 30%, and he will have to meditate and practice hard for more than ten years to break through, which is too much It's not a good deal.

I don't have enough talent, so I need resources.

Qin Feng bought three pieces of fire seal fragments in one go

"Ding! Successfully swallowed the fragments of the Fire God's Seal, and the completion of the Seal's condensation +30%...."

"Ding! Successfully swallowed the fragments of the fire and ice divine seal, and the completion of the divine seal condensation +30%...."

"Ding! Successfully swallowed the fragments of the Fire and Ice God Seal, the Fire God Seal was condensed and broke through to the early stage of one star...."

After swallowing the three fragments, Qin Feng's fire element directly broke through to the early stage of one star, and his whole body's momentum surged.

With a thought in his mind, countless fire energy surged in, forming blazing flames around him, making his face turn red.

Those flames are over a thousand degrees strong.

Qin Feng didn't feel hot at all, but felt very warm.

After becoming a fire elemental master, he can control fire freely.

"Ha ha!! The fire element has also broken through!"

Qin Feng laughed heartily.

The three fragments of the divine seal cost 600 million, but they saved him more than ten years of hard work. It was a great deal.

The next second, Qin Feng summoned the power of wind, and his whole body floated into the air.

The wind rode the fire.

The flames soared!

The temperature instantly doubled several times, reaching thousands of degrees, and formed a fire tornado, surrounding Qin Feng like a wild dragon.

At this moment, Qin Feng was suspended in the air. In the air, like an ancient immortal, he controls wind and fire, which is very cool.

He is also the only wind and fire dual element master in this world.

Moreover, the combat power after the blending of these two elements is obviously 1+1 greater than 2. Extraordinary momentum

"Huh! What's burned?"

Qin Feng suddenly smelled a burnt smell.

When he looked down, he looked embarrassed.

After the wind and fire merged, the flame temperature was too high, and the futons, tables and chairs all spontaneously ignited.

Qin Feng quickly put away the wind and fire.

Then If this continues, this house will have to be burned down by him.

Generally speaking, the temperature of the flame created by a one-star fire master is only more than a thousand degrees. The temperature of a two-star fire master is more than two thousand degrees, and the temperature of a three-star fire master is five or six thousand degrees. After Qin Feng used the fusion of wind and fire, the temperature of the flame reached five or six thousand degrees, which is equivalent to that of a three-star fire elemental master.

This is extraordinary.

After all, the higher the temperature, the greater the additional fire damage.

From the air After falling, Qin Feng called up the training template.

Practitioner: Qin Feng

Wind realm (peerless): Early stage of one-star level

Thunder realm (peerless): Quasi-elemental master (divine seal completion rate 89%)

Ice realm (genius): Quasi-elemental master (92% completion of divine seal)

Fire realm (ordinary): Early stage of one-star level

Talent skill: God-level swallowing

Combat skill: Violent blow

Auxiliary skill: Ice concealment

Combat power index: 2200 points

"The combat power index actually exceeded the two-star Great Perfection! Very good!"

Qin Feng was full of surprises.

This time, it exceeded his expectations.

According to the previous amplitude, he thought the combat power index was 2100 points, but he didn't expect it to be 2200 points.

With the blending of multiple elements, the combat power really had amplitude.

Qin Feng was satisfied. He closed the template.

According to his development status, he felt that he might be able to challenge the three-star level at the first-level level.

If he said this, he would probably scare many elemental masters to death.

You know, there are three major elemental masters The levels are respectively three-star level, six-star level, and nine-star level.

There are more than a thousand elemental masters in Yunyang City, but most of them are one-star and two-star. There are no more than fifty people who have reached three-star level or above.

In fact, Many elemental masters are stuck at two-star Dzogchen all their lives, unable to break through to three-star.

This is the first level for elemental masters.

Breaking through from two-star Dzogchen to three-star is ten times more difficult than breaking through from three-star Dzogchen to four-star.

And two-star Dzogchen is The gap in combat power from the early stage of Three Star is also huge.

The combat power of Two Star Great Perfection is about 2000 points.

The threshold of combat power of Three Star in the early stage is 5000 points. Its combat power is more than twice that of Two Star Great Perfection. There is a huge difference.. (The specific reasons will be written later)

Therefore, I heard that one star can surpass two stars and defeat two stars.

But I have never heard that two stars can surpass three stars and defeat three stars.

That is absolutely impossible.

And Qin Feng wants to be one star. It is simply a fantasy to defeat three-stars in a higher level.

However, Qin Feng has this confidence. Of course, if his combat power can reach the three-star level, then he will be the top group of people in this city.

Most elemental masters, It all depends on his face.

Chapter 52

"There are only more than 200 million coins left. This money is really not worth spending!"

Qin Feng took stock of his property and felt a little emotional.

He also wanted to buy Yuanwu, a villa, a chariot, and a demon core, which all required a lot of money.

200 million was indeed not enough.

He looked at the time again, It was past eight o'clock in the morning.

Before I knew it, the night had passed.

This cultivation breakthrough was very smooth.

At that moment, Qin Feng left the secret room in a happy mood.

He was going to find Chu Chu and give her the level 5 genetic medicine.....

Meanwhile, inside the fitness room.

Chu Chu and Liu Yan climbed out of the fighting cabin with happy faces.

The two actually spent the whole night playing in the fighting world

"Chu Chu, this 640 million belongs to you, and the remaining 430 million belongs to me. Is this no problem?"

"Sister Yan! no problem!"

As soon as the two people came out, they started to share the money, and they were very happy.

This time, they made a lot of money.

Chu Chu's fighting ranking also rose from 269th to 178th, entering the top 200, becoming a real fighter. became a minor celebrity.

In the end, no one was willing to play in the bet she proposed.

The two had no choice but to withdraw.

"hey-hey! Finally have money! I will buy cultivation resources tomorrow and break through to two stars."

Liu Yan is in a great mood.

She has stayed in One Star Perfection for too long, and it's time to break through.

Chu Chu is on the side, checking the balance in her bank card on her mobile phone, and her eyes are full of little stars.

"Chuchu, how does it feel to win money?" Liu Yan asked with a smile.

"marvelous! Sister Yan, are we still going to gamble tonight?", Chu Chu is a little addicted

"Of course I went! However, we will not go to the SAARC zone."

"Why?"

"Think about it! You are now well-known in SAARC. If you open a gambling game, no one will be fooled easily. We will go to the Baihu League District tomorrow. People there don't know you well yet. You can make more money."

"This is a good idea!", Chu Chu very much agrees

"Chu Chu, just follow me from now on! I'll give you the rank of second lieutenant, no! Give you the rank of lieutenant!"

"Forehead~~", Chu Chu was shocked, "Sister Yan, is this okay?"

You know, a second lieutenant can be a fourth-level warrior, a master of physical strength, and a quasi-element master.

But lieutenants are usually held by one-star early elemental masters.

Logically speaking, Chu Chu is not qualified to be a lieutenant.

Liu Yan said domineeringly: "What's wrong? In this military region, I have the final say in everything. Even the city lord's words don't matter!"

Liu Yan didn't brag.

With her background, the city lord has to give her face

"I also want to ask my brother....", Chu Chu is a little tempted

"Fine!" Liu Yan stretched out, and suddenly the waves were surging, and her graceful figure was fully visible.

She lowered her head and looked at the time. It was already past eight in the morning.

"Time flies so fast, it's already dawn! I won't go to work today and have a day of rest at home. Chuchu, can you cook?"

"I can! Do you have any ingredients here? I'm going to cook now, I'm hungry too!"

After fighting all night, Chu Chu's physical strength was also exhausted a lot.

"There's meat and eggs in the refrigerator! By the way, make a meal and call your brother out to eat together. I'm going to take a shower first so we can hook up later.....Um...well...I want to have a heart-to-heart talk with your brother."

Liu Yan almost let it slip.

Chu Chu was stunned for a while, but she didn't understand why.....

After Liu Yan left, Chu Chu picked up her phone and transferred money to Qin Feng.

As soon as she made money, she wanted to hand it over to Qin Feng.

Just after the transfer was completed, Qin Feng came in.

"Chuchu, how come you have so much money?", Qin Feng looked at Chu Chu in surprise.

He just received a text message from the bank, and Chu Chu transferred 600 million to him.

"Brother, you are out of seclusion!" Chu Chu was very happy to see Qin Feng, "I won that money by gambling!"

"Gambling?"

"Well, last night, Sister Yan took me to the Global Fighting Network....."

The little girl excitedly recounted what happened last night.

After Qin Feng heard this, he was surprised and happy.

He was surprised that online fighting could actually make money, and he was delighted that Chu Chu's fighting ability was getting stronger and stronger.

"Little girl, you are ranked 178th in the Southern District, so your fighting skills must be very good, right?", Qin Feng fondly touched Chu Chu's little head

"Sister Yan said that it would be great to be among the top 200.....", the little girl is a little proud

"Then brother, try your skills!", Qin Feng said with a smile

"OK! Brother, then you can only use combat power equal to mine!"

"Of course!"

"Brother, pay attention!"

As soon as the words fell, Chu Chu moved.

Her petite body was like a magic leopard, full of agility. With just a few movements, she formed perfect curves, cleverly dodged to Qin Feng's side, and punched straight into the waist and eyes.

There was a sound in the air. The sound of harsh punches.

Bang~!

Come quickly! Go quickly!

Before the little girl could hit with one punch, Qin Feng turned slightly to one side, lightly slapped the little girl with the back of his hand, and slapped the little girl away.

This time, he even hit her with a punch. 200 points of combat power were not used, only 100 points of combat power were used.

It was completely a case of the weak defeating the strong and taking advantage of the situation.

Snap~!

The little girl was sent flying to the wall, and slowly slid down like a gecko.

Like that very funny

"Woo! Woo!! elder brother! My nose hurts!", Chu Chu looked back pitifully, her big eyes watery.

Her nose was red, and there was a little white lime powder stuck to the tip of her nose.

"Little girl, come here!"Qin Feng felt distressed when he saw it.

Chu Chu walked over obediently

"Little girl, your fighting skills have improved. However, there are too many fancy moves and too many loopholes. When facing the enemy, your movements should be clean and crisp, and a fatal blow will be more effective....."

While Qin Feng analyzed Chu Chu's shortcomings, he rubbed the little girl's nose distressedly.

After listening to the explanation, the little girl seemed to have some insights and her eyes gradually brightened.

Unknowingly, she made progress again.

Qin Feng was very pleased to see the little girl's understanding look.

This little girl has a very high level of understanding.

Chapter 53

"Does your nose still hurt?"

"It doesn't hurt anymore!", Chu Chu felt that her brother's hands were so warm, "Brother, your fighting skills are so amazing! I think you're not using any force at all, but I can't even catch one of your moves."

"Little girl, if you practice for a while, you will be so good."

"whee!! I also hope to be as good as my brother. Brother, do you want to go to Dou Dou.com? With your ability, you can definitely win a lot of money!"

"This is a good idea, let's talk about it when we have time!" Qin Feng was also a little tempted, "By the way, where is Sister Yan?"

"She went to take a shower! By the way, I have to cook, I'm hungry!"

"Well, after breakfast. Let's say goodbye to her and I'm going to take you to the city hall"

"Um, what are you doing there?", Chu Chu was a little confused.

"Help you upgrade to Quanmin!"

"Quanmin?" The little girl suddenly thought of something, "Brother, have you broken through to the elemental master?"

"Um!", Qin Feng nodded with a smile.

The little girl was ecstatic and hugged Qin Feng happily.

My brother has broken through to the elemental master and can finally become a master. This is even happier than her own breakthrough.

"Little girl, I see you are happy.", Qin Feng pushed the little girl away calmly.

The little girl has grown up, and she is so close to her, which makes Qin Feng a little uncomfortable, and it is time to avoid suspicion.

"Brother, I'm just happy!", Chu Chu's face was full of joy, "Brother, I heard that after becoming an elemental master, there will be many rewards and benefits for reporting to the government.

Qin Feng smiled and said, "I don't know either. I won't find out until I go." However, the most important thing at the moment is to promote you to Quanmin first."

Qin Feng is worried about the Lin family.

Lin Xuyang's death is a hidden danger that will explode sooner or later.

Therefore, he must improve Chu Chu's strength and status as soon as possible so that the Lin family cannot take action at will.

"Brother, let me tell you something. Sister Yan asked me to stay and follow her. She said she would give me the rank of lieutenant. I want to ask your opinion"

"Lieutenant rank?"

Qin Feng was a little surprised.

The rank of lieutenant can only be held by one-star early elemental masters. Liu Yan gave Chu Chu such a high rank, which surprised him.

Moreover, the title of lieutenant rank is more useful than Quan Min.

What's more , Liu Yan gave Chu Chu such a high rank. , the army only obeys the orders of the government and the city lord.

Those big families have no right to intervene or interfere.

It is a very good choice to let Chu Chu join the army. Even if the Lin family wants to deal with Chu Chu, it will not be that easy

"Chuchu, this lieutenant rank requires a senior military officer to be appointed. Liu Yan is just a major, can she have such great authority?"Qin Feng was a little confused.

"Sister Yan said it was okay. She said that the city lord gave her face and appointed a lieutenant, so it was not a big problem. Qin Feng nodded:"

It seems that Sister Yan has some background." Then you can stay!"

"whee! Thank you brother!", the little girl secretly breathed a sigh of relief.

She also wanted to stay.

There is a 3D fighting cabin that she likes, and Sister Yan who gets along well with her.

However, she is a very obedient child.

The eldest brother is like Father.

Without Qin Feng's nod of approval, she would not dare to agree.

"Little girl, drink this!", Qin Feng took out the level 5 genetic medicine

"what is this?"

"new genetic medicine"

"Wow! It's genetic medicine again!"

The little girl was so surprised that she raised her head and drank it.

Soon, the medicine took effect, and the little girl was sweating profusely in pain.

Ten minutes later, all the pain disappeared, and the transformation of the genetic medicine was completed.

The little girl opened her eyes comfortably.

She She felt that her whole body was full of strength.

Then, she couldn't wait to walk towards the dynamometer in front of her.

It was an advanced dynamometer that could test the combat power of elementalists.

Bang~~!

A loud noise!

Ding!....Ding! ...Ding!The values on the display jumped wildly.

Finally settled on '400'.

The little girl opened her mouth wide.

OMG!

400 combat power points?

Did I read that right?

The little girl was shocked by herself.

You know, the combat power of a one-star early stage elemental is only about 500 points.

There is little difference in combat power between him and the one-star elemental.

Coupled with his superhuman fighting skills, he is completely comparable to a one-star early elemental.

"Brother, your genetic medicine is so powerful!", the little girl's face turned red with excitement.

This time the genetic medicine actually increased her combat power by 200 points, which is really amazing.

"This is a level 5 genetic medicine, and the effect is naturally extraordinary. By the way, don't tell anyone about this."

"Well, I understand. By the way, brother, I think there is a way for me to obtain the title of baron."

The little girl seemed to have thought of something and said excitedly.

"Can you get a knighthood?", Qin Feng was stunned.

As far as he knew, only elemental masters can obtain the title, and others are not qualified.

The little girl said: "I also heard what Sister Yan said. If someone's strength reaches the level of a one-star elemental, the government will also grant him the title of baron. Of course, these need to be assessed."

Qin Feng's eyes lit up.

If Chu Chu can really get the title, she will be a noble. Even the Lin family will not dare to take action easily.

At least not openly.

Unless the Lin family has conclusive evidence.

"This is good news. With your current comprehensive strength, you should have reached the early one-star level."

Qin Feng smiled.

This news made him feel happy.

"So be it! After breakfast, you and I will go to the city hall to be promoted."

"Well, brother, I'm going to cook first."

The little girl went happily.

Everything is going in a good direction..

Chapter 54

After Chu Chu went to cook, Qin Feng also went to wash up.

Although Qin Feng practiced all night, he did not feel any tiredness, but was more energetic.

This is the difference between elemental masters and ordinary people.

An hour later, in the living room.

Chu Chu has already prepared the meal.

There are braised pork ribs, seaweed and egg soup, and boiled pork slices on the table.....The aroma is overwhelming.

This meal is very rich

"Today's meal is good!", Qin Feng complimented casually.

He practiced all night and was indeed a little hungry.

"whee! I cook all the dishes that my brother likes to eat." Chu Chu was very happy to hear Qin Feng's praise.

Then, she shouted, "Sister Yan, come out to eat!"

"Coming! Coming!"

Creak~!

The door opened, and Liu Yan walked out.

She was wearing a student uniform, with a long ponytail, and with fair skin and beauty, she looked like a little princess, which made people's eyes bright.

Chu Chu instantly became Was amazed

"Wow! Sister Yan! You are so beautiful today!"

"Yeah?", Liu Yan smiled.

"Of course it is! By the way, you two, don't eat the food secretly, there's still one dish that's not out of the pan!"

Chu Chu put down the freshly fried vegetables and hurriedly returned to the kitchen.

Liu Yan came to the dining table generously and sat down next to Qin Feng.

She gently leaned close to Qin Feng and whispered:"I dress like this, do you like it?"

Liu Yan looked at Qin Feng with expectation.

She dressed like this just to satisfy Qin Feng's taste.

Because this guy told her last time that he likes pure types.

"Forehead....", Qin Feng glanced at her.

To be honest, this woman is a stunning beauty herself, and she looks very good dressed like this.

Qin Feng thought for a while and then said:"I like you better in military uniform."....."

What he said was true. Liu Yan's dashing appearance in military uniform amazed him.

"The last dish is here!"

At this time, Chu Chu came over with a dry pot of potato slices.

"Sister Yan, where is your lighter?", the little girl put down the dish.

This dry pot potato slices need to be heated by the pot.

"Lighter, I forgot where I put it....."

"Forehead.....How can I light the alcohol in the stove without a lighter?", Chu Chu felt a little worried.

Qin Feng smiled and flicked his fingers.

A ball of flame flew out from his fingertips, fell on the white solid alcohol, and ignited instantly

"yeah! Great!", Chu Chu happily put the potatoes in the pot on the shelf,"Brother, it turns out you are the Fire Element Master! After that, you need to make a fire, so convenient!"

Qin Feng smiled, but was still a little speechless.

This little girl's point of view is different from ordinary people.

In her eyes, the dignified Huoyuan Master is just for lighting fires.

"It's time to eat!", Qin Feng began to serve food to the three of them.

"Huh! Sister Yan, what's wrong with you?", Chu Chu's tone was a little surprised.

Qin Feng turned around and saw Liu Yan staring at him like a monster.

"how? Is there something wrong with me?"Qin Feng was stunned.

"Qin Feng, have you broken through to a Star Fire Master?" Liu Yan stared at Qin Feng with her beautiful eyes.

"Yes what's the matter?", Qin Feng was puzzled

"hiss~~! ", Liu Yan took a breath of air,"Oh my God! If I remember correctly, you are only seventeen years old! Tsk tsk..."

Liu Yan was amazed.

A seventeen-year-old elementalist!

Such a talent! It's too scary!

This must be a top genius level talent!

He is not far away from the legendary peerless talent.

Such a terrifying talent is one of the best in the entire Southern League.

"Qin Feng, your talent is so high that I have never seen before in my life. Even Shangguan Yunyang is much worse than you."

Liu Yan sincerely admired her.

Her heart became even hotter.

This guy is so good. She must find a way to get it and bring it back to her father to show off.

When she thinks of that maniac about marrying a girl , Liu Yan looked at Qin Feng even more eagerly.

She wanted to say directly: Handsome man, my happiness for the rest of my life depends on you!

Chu Chu on the side was so happy when she heard Liu Yan's praise..

In short, she is happier when others praise her brother than when she praises herself.

"Sister Yan, didn't you say that the number one genius in Yunyang City is Lin Tianyang?", Chu Chu inquired curiously.

She was also thinking about the Lin family now.

"Lin Tianyang? Liu Yan looked disdainful,"He is just an excellent talent, far worse than your brother." There is simply one heaven and one earth"

"By the way, Qin Feng, why don't you stay with me? I'll give you the rank of captain and many other benefits." Liu Yan blinked at Qin Feng.

There was a hint of charm in her beautiful eyes.

She almost said: As long as you stay, I will be yours.

"talk about it later! Let's eat first!", Qin Feng urged while serving rice

"All right!"Liu Yan also felt a little hungry.

But at this moment, her cell phone rang.

Liu Yan quickly picked up the phone:"Hey! Which one? Oh, Deputy Commander Wang.....What?!.....good! I see! I'll come right away!"

After hanging up the phone, Liu Yan became serious.

"Qin Feng, Chu Chu, something big may have happened. You two eat first, I'll go to the military area to hold an emergency meeting! Come back later!"

After leaving these words, Liu Yan hurried back to the room, changed into military uniforms, and left.

Only Qin Feng and Chu Chu were left stunned on the spot.

After a moment, Chu Chu said uneasily: "Brother, let's see if Sister Yan leaves. In such a hurry, something big must have happened. Could it be that our killing of Lin Xuyang was exposed?"

Chapter 55

Chu Chu said uneasily: "Brother, seeing Sister Yan leaving in such a hurry, something big must have happened. Could it be that our murder of Lin Xuyang was exposed?"

After hearing this, Qin Feng's expression became serious.

After a moment, he shook his head slightly: "Not so fast! At most, the Lin family found out that Lin Xuyang had lost contact, but they didn't confirm that Lin Xuyang was dead so quickly. At least, they had to wait until they found out about us before they could guess some clues."

"But even so, the Lin family couldn't find any evidence that we killed him. All traces have been eliminated by me, so don't worry. Sister Yan is so anxious, it must be because something else happened."

Qin Feng briefly analyzed it.

Chu Chu secretly breathed a sigh of relief and felt it made sense.

Then, she said with a worried look: "Brother, I'm so afraid that the Lin family will find us."

After all, the Lin family is a big family. She is still a little girl, and her mental ability to bear it is a little weak.

"Little girl, don't be afraid!", Qin Feng comforted, "As long as you and I are successfully promoted, the Lin family will not dare to touch us. Unless they have hard evidence. Unfortunately, it was impossible for them to find any hard evidence."

A hint of sneer flashed across Qin Feng's eyes.

"Um~! ", Chu Chu felt a lot more relaxed, "Brother, after we finish eating, let's go to the city hall together to be promoted!"

"good!" Qin Feng fondly touched the little girl's head and said, "After dinner, I will buy you a top-quality mecha first, and then a weapon. Are you good at using two swords now?"

"Um~! "

"Then buy a set of double swords, the kind that is made of super high-quality titanium and actinium alloy."

"Titanium actinium alloy? That one is so expensive!", Chu Chu opened her eyes wide.

The titanium-actinium alloy weapon can easily break through the defense of the two-star monster. It is much stronger and more expensive than the titanium-manganese alloy.

Generally speaking, a titanium-manganese alloy weapon only costs one or two The price is millions.

A titanium-actinium alloy weapon is worth 10 to 20 million coins.

Even better, it is worth more than 30 million, and ordinary genetic warriors cannot afford it.

In fact, many one-star elemental masters If you can't afford Yuanwu, you can use titanium-actinium alloy weapons instead.

To a certain extent, titanium-actinium alloy weapons are standard equipment for one-star elemental masters.

"Little girl, we are not short of money now, so naturally we have to buy you some good weapons."

"Besides, the baron promotion test is very important to you. There is no harm in buying some good equipment and improving your strength."

Qin Feng pinched the little girl's cute little face lovingly.

"Um~! ", the little girl is very happy, her brother has always pampered her like this

"Let's eat!" Qin Feng started eating directly. He was really hungry.

He had already thought about it.

This time he wanted to buy Chu Chu the best mecha, titanium and actinium alloy weapons, plus other supporting equipment.

The budget should cost at least About 100 million.

If you tell me this, many one-star elemental masters will cry with envy.

Many one-star elemental masters born in the ordinary class have a hard time getting together 100 million. Who is willing to spend so much money on a genetic warrior.

However , , with Chu Chu's level 5 gene warrior strength, superhuman fighting skills, and those equipment, most one-star early elemental masters will not be her opponents.

Even mid-level one-star elemental masters, if they want It's not easy to defeat Chu Chu.

No surprise, Chu Chu's promotion to the nobility should go smoothly this time.

Thinking of this, Qin Feng felt happy.

"Brother, it's time for you to get yourself another piece of Yuanwu.", the little girl is very considerate.

Qin Feng smiled slightly:"Low-grade Yuanwu, I don't need it anymore. The middle-grade Yuanwu is only available at auctions, and I can't afford it yet."

A mid-grade Yuanwu, at worst, costs more than one billion.

"However, I do need some fire demon cores and wind demon cores. I'll be in the city soon, so I need to buy some more."

"Brother, what do you want those demon cores for?"

"It's useful, you don't need to ask any more questions. Hurry up and eat!"

Qin Feng doesn't want to explain.

He is now a wind and fire master. He can directly swallow the wind and fire demon core to increase his strength.

As long as he has the demon core, he can increase his strength like a rocket. It's very cool to think about it!

What's more, He must improve his strength.

Because he wants to destroy the Lin family and avoid future troubles.

He does not want to wait for the Lin family to come to his door. That is not in line with his character. He wants to take the initiative.

"Brother, I always think you are so strong. Can you beat a two-star elemental now?", the little girl asked curiously while eating

"Why are you asking this suddenly?"

"I heard from Sister Yan that if your overall strength can reach a two-star level, you can apply for the title of Viscount regardless of whether you are a two-star elemental or not."

"It can still be like this!" Qin Feng suddenly became interested.

Generally speaking, as long as you are promoted to a one-star elemental, you can obtain the title of baron.

If you are promoted to two stars, you can obtain the title of viscount.

This title not only represents the level of social status, but also benefits and benefits. Permissions are also different

"So, no matter what your cultivation level is, as long as your strength reaches the three-star level, you can apply for the count?", Qin Feng suddenly asked

"Um...I also asked Sister Yan, in theory it is possible. But there is a huge difference between a two-star elemental and a three-star elemental. Historically, it seems that I have never heard of a two-star person who can challenge a three-star level, so the count must be a three-star elemental master!"

The little girl was very sure.

Qin Feng smiled, but his eyes were bright.

Three-star elemental masters!

There are no more than fifty in the entire Yunyang City, and they all have a high status.

Even the city lord will give them three points of honor.

If you can obtain the title of earl, you will also be able to obtain the same status and authority as a three-star elemental.

This will make the Lin family even more fearful and will not dare to act rashly.

However, the combat power threshold of a three-star elemental is 5,000 points, which is much higher than 2000 points for the two-star perfection.

Not only that, after the elemental master breaks through to three-star, he will awaken an innate combat skill, which is extraordinary. (The reason will be explained later)

In short, it is extremely difficult for a two-star to challenge a three-star. Soon, the brother and sister finished breakfast.

Chu Chu left some food for Liu Yan and put it in the kitchen to heat, and then went to the kitchen to wash and clean up.

Qin Feng was waiting in the living room for Liu Yan to come back.

He was curious about what happened. What made Liu Yan leave in such a hurry?

After waiting for a few minutes, he felt bored, so he turned on the TV in the living room and watched a program.

At this time, a news item was being broadcast on the TV

"Latest news from this station: The Southern Alliance headquarters reported on the 10th that last night, the Southern Alliance Ice Moon City was attacked by a large beast tide, causing heavy losses to Ice Moon City. Now the beast tide has been repelled by the Allies"

"In the next half month, Yunyang City may be affected by the aftermath of the beast tide, so we ask relevant units to do a good job in defense. People who have been out of the city recently are also reminded to strengthen their own defensive measures."

There was a huge beast wave!

Qin Mu was a little surprised.

Could it be that Liu Yan was in a hurry to leave because of this incident?

"Brother, Bingyue City is very close to our Yunyang City!", Chu Chu had tidied up the kitchen, and happened to see this news

"yes! I'm afraid that this beast tide will have a big impact on our Yunyang City."

After saying this, another piece of news was broadcast on the TV

"An alliance wanted order is broadcast below!"

"Suspect: Zhou Changtong; Gender: Male;; Cultivation: Three-Star Fire Element Master, formerly a first-level earl of Ice Moon City"

"If this person is found and provides clues, he will be rewarded with 30 million coins. If you capture this person alive, you will be rewarded with 1 billion coins....."

A photo of a man was shown on the TV. He looked middle-aged and had a sinister appearance.

"1 billion reward... tsk tsk!! Quite a lot! What bad thing did this guy do?"

Qin Feng murmured in his heart

"I remembered!", Chu Chu suddenly exclaimed.

Qin Feng was startled:"Little girl, are you trying to scare people to death?"

Chu Chu said with excitement:"Brother, I remember. The person who sent Lin Xuyang a text message was named Zhou Changtong!"

"What?!"Qin Feng looked at Zhou Changtong's photo in surprise.

Could it be that Zhou Changtong's crime was related to the Lin family?...

Chapter 56

Qin Feng looked at Zhou Changtong's photo in surprise.

Could it be that Zhou Changtong's crime was related to the Lin family?

"Brother, is this Zhou Changtong the one who traded with the Lin family?", Chu Chu's eyes widened.

"It should be!", Qin Feng took a deep breath

"Let's report it quickly!", Chu Chu was a little excited.

If the Lin family and Zhou Changtong's affairs were revealed, the Lin family would definitely have a headache.

Dare to trade with the alliance's wanted criminals, the Lin family has committed a big taboo!

Although the Lin family is very powerful in Yunyang City, it can't be placed in the Southern Alliance Medium is average

"Don't act lightly!", Qin Feng calmly stopped

"why?", the little girl was a little confused.

"You want to report it, where is the evidence? Only you have seen that text message, no one else has seen it, so it can only be empty talk. Therefore, your report will not have any substantive effect. They might even alert the enemy and make the Lin family cancel the transaction. Qin

Feng said as he sat back on the sofa

"What to do?", the little girl sat down next to Qin Feng unwillingly.

Qin Feng tapped his knees with his fingers while thinking.

After a moment, his eyes lit up:"Chu Chu, have you ever thought that this thing Zhou Changtong and the Lin family traded must be extremely precious?. Even this thing has something to do with the big beast tide in Ice Moon City."

"Um..., how come it is related to the beast tide?", the little girl was confused.

"Think about it! Zhou Changtong was originally the earl of Bingyue City, but there was a beast wave in Bingyue City last night. Today, Zhou Changtong is wanted. Is it too much of a coincidence?"

Qin Feng looked at Chu Chu with a smile.

The little girl's eyes lit up:"It seems like this!"

Qin Feng continued his analysis:"In addition, Zhou Changtong secretly communicated with the Lin family three days ago, and the time to trade in Luohua Mountain was still at midnight today. It shows that all this has been planned for a long time"

"Even this tide of beasts was created by them in order to achieve some ulterior purpose."

"Oh My God!", the little girl's eyes opened even wider.

She seemed to have come into contact with a great secret.

"So, I want to go to Luohua Mountain!", Qin Feng's fingers stopped tapping.

Chu Chu was shocked:"Brother, are you going to the place where they trade?"

"good!"

"Why?"

"Gather evidence of their dealings with each other. As long as I secretly photographed them while they were trading, it would be impossible for the Lin family to deny it. or....."

An evil smile appeared on the corner of Qin Feng's mouth.

Another idea he had was that he wanted to see what Zhou Changtong and the Lin family were dealing with.

As long as there is a chance, he doesn't mind taking advantage of others and grabbing that treasure.

"Brother, I don't agree with you going!", the little girl grabbed the corner of Qin Feng's clothes, as if she was afraid that Qin Feng would run away.

"Don't worry, I'll be fine.", Qin Feng pinched the little girl's cute face

"How could it be okay? That Zhou Changtong is a three-star fire elemental master. If you have only broken through to one star, you will definitely not be able to defeat him. Also, people from the Lin family will appear, and they must also be strong ones."

"If you go there, it must be very dangerous. I don't want you to go there....."

As he spoke, the little girl's eyes turned red.

No matter what, she doesn't want her brother to take risks.

"Little girl, I knew you would think so.", Qin Feng coaxed her, "Look at brother!"

As he spoke, Qin Feng's body gradually became translucent, and finally disappeared completely, even his breath was gone.

The little girl was stunned and opened her mouth wide. Oh my God! My brother is gone!

She hurriedly went to As soon as he grabbed it, he touched Qin Feng's body.

Qin Feng's figure also appeared.

"Wow! Brother, have you realized your innate skills?", the little girl's face was full of curiosity

"That's right!"

Qin Feng smiled, this is his ice concealment technique.

Chu Chu was pleasantly surprised:"Oh my God! I heard that an elementalist cannot awaken an innate skill until he reaches three stars. Brother, you only have one star, you are so awesome!"

"Are you relieved? Your brother is very capable!"Qin Feng joked with a smile,"Do you agree with me to go now?"

".....All right!", the little girl raised her mouth and reluctantly agreed.

Qin Feng smiled, took out his mobile phone, checked the electronic map directly, and quickly found the location of Luohua Mountain.

That location is in the middle of Yunyang City and Bingyue City. Many one-star and two-star elementalists dare not touch this place where ferocious beasts and demons roam. It is also marked with a red circle on the map, indicating that the place is very dangerous.

"Chu Chu, this Luohua Mountain is more than three hundred miles away from here, and their transaction is at midnight today. Calculating the time, it's only a dozen hours. I had to leave immediately or I would miss their deal."

While talking, Qin Feng used his mobile phone to transfer 500 million coins to Chu Chu, leaving only more than 300 million for himself.

"Brother, why are you transferring so much money to me?", the little girl received the bank text message.

"Today, I don't have time to accompany you to buy equipment. It's up to you. With the extra money, buy me some wind demon cores and fire demon cores!", Qin Feng put away his phone

"oh~! ", the little girl nodded obediently

"I have to go now!", Qin Feng got up from the sofa.

He wanted to rush to Luohua Mountain as soon as possible. The distance of three hundred miles is not close.

"Brother, you have to pay attention to safety!", Chu Chu pulled the corner of his clothes with a worried look on her face.

"Know it!", Qin Feng pinched the little girl's cheek.

At this time, footsteps sounded outside the door.

Liu Yan walked in bravely in military uniform.

"Qin Feng, you want to leave?", Liu Yan looked at Qin Feng.

She was outside the door and vaguely heard Qin Feng saying goodbye to Chu Chu.

"Well, it's a bit urgent and I have to leave for a day or two. My sister will stay here, please take care of me."

"Do not worry! Chu Chu is absolutely safe with me!"

You're kidding!

Chu Chu is her cash cow!

She will never allow anyone to touch Chu Chu.

"That'll trouble you!", Qin Feng smiled slightly.

That smile was really beautiful.

He was like a peerless young master, gentle as jade and smiling like the wind, elegant and refined.

Liu Yan's beautiful eyes lit up when she saw it.

This smile was so amazing!

In an instant , Liu Yan was actually a little crazy.

"By the way, it's very dangerous outside the city recently. There may be a tide of beasts. Please don't wander around outside the city.....", Liu Yan looked at Qin Feng who was about to leave, and immediately reminded him

"Well, I saw the news on TV. Did you leave in a hurry just now because of this?"

"Yes!"

"By the way, do you have fire-type demon cores and wind-type demon cores in your military region? I want to buy some.", Qin Feng suddenly thought of this.

He is now eager to improve his strength.

But it will take several hours to go back to the city to buy, and it is too late.

"There is no fire element, but there is one wind element demon core. Why do you want this?", Liu Yan was a little curious.

"Some special uses!"Qin Feng didn't want to elaborate,"Can you sell it to me?"

"Can! Liu Yan immediately took out her mobile phone and dialed a number,"Xiao Qi, go to the military warehouse and bring out the wind demon core... yes... go to my office now.""

Hang up the phone, Liu Yan said with a smile:"Let's go! Go to my office!"

Qin Feng was very happy.

He just asked casually, but he didn't expect it to happen. It would be good to swallow a demon core before leaving to improve his strength.

He was also curious about how strong he would be if he swallowed a demon core. How much can it be improved?..

Chapter 57

A quarter of an hour later, in the S-22 defense zone, in the regimental commander's office.

Qin Feng sat on the sofa, waiting anxiously

"Have a cup of tea!"

Liu Yan enthusiastically made a cup of fragrant tea, placed it on the coffee table in front of Qin Feng, and then sat generously next to Qin Feng, a little close.

Qin Feng could smell the faint fragrance.

"Do you like my current look?"Liu Yan smiled and crossed her legs.

The straight folding line of the military trousers made her beautiful legs straight and long, which was very charming.

Qin Feng turned his head and saw the smile on the corner of this woman's mouth. There was a charm in her heroic spirit. Hidden breasts under the military uniform, the proper uniform is tempting!

At this moment, footsteps sounded outside the office

"Report to the leader! The demon core has been brought!"

"come in!" Liu Yan stood up calmly.

The office door opened, and a second lieutenant officer walked in, holding a box in his hand.

"Put the things on the table, go out and close the door"

"yes! Leader!"

The second lieutenant put the box down respectfully, gave Liu Yan a military salute, and left.

Before leaving, he carefully closed the door.

"The stuff is in this box."Liu Yan sat back on the sofa with a smile and opened the box.

She saw an egg-sized demon core lying inside. It was blue in color and round as jade. It exuded a blue halo and contained three points of starlight.

"Huh! It's a late-stage one-star demon core!"Qin Feng was surprised.

This was better than he expected.

"Sister Yan, according to the market price, this demon core is worth 25 million coins. How much is your bank card? I'll transfer it to you!"

Qin Feng couldn't wait to devour it.

"Talking about money is vulgar! Liu Yan stretched out her green-white jade fingers and twisted the demon core,"This demon core is given to you by my sister!"

Qin Feng shook his head:"This is not your personal property, I can't take it for nothing." Tell me, what's the card number?"

"You guys are really... you don't even eat ready-made soft food.",Liu Yan glanced at him faintly and reported her bank card number.

Qin Feng completed the transfer happily

"Sister Yan, give me the demon core!", Qin Feng casually put away his mobile phone

"Come and get it yourself!", Liu Yan held the demon core in her hand but refused to hand it over.

Qin Feng didn't think much and reached out to take it.

But just when his fingertips were about to touch the demon core, Liu Yan loosened her fingers, and the round demon core fell out. It fell down and just fell into her collar.

"oops!" Liu Yan's pretty face turned slightly red, "Sorry, I'm not sure."

"Forehead.....", Qin Feng also felt embarrassed and retracted his hand involuntarily.

He can't put his hand into someone's collar and take it out again!

It seems that the demon core is sandwiched between mountains, and its position is very awkward.

"That...Sister Yan, take it out and put it down!"Qin Feng was a little anxious.

He had to rush to Luohua Mountain and couldn't wait too long.

"Ouch~~! ", Liu Yan held her forehead and shook her body,"Qin Feng, I suddenly felt dizzy and lost all my strength. Can you take it by yourself?"

I'll go!

This acting is too fake!

Qin Feng was unable to complain.

It seems that this woman has convinced him.

That's it! In order to rush for time, he can't wait any longer

"Sister Yan, I'm sorry!"

Qin Feng cut through the mess with a quick sword and reached out directly...

Then, the buttons of the military uniform collar fell apart, accompanied by a few exclamations.

In the next scene, Qin Feng took the wind demon core and hurried away.

In the office, Liu Yan clutched her collar tightly, her pretty face flushed. Her heart was still beating wildly.

That guy is really savage!

But why do I still like him a little?

A smile appeared at the corner of Liu Yan's mouth.....

On the other side, Qin Feng hurriedly left the defense area after leaving the office.

A quarter of an hour later, Qin Feng came to a remote jungle and took out the demon core.

Vaguely, the demon core actually had a faint fragrance...

That woman was really...

If it happened again next time, he really wanted to spur her on...

Qin Feng murmured as he swallowed the demon core.

God-level devouring operates automatically.

The demon core quickly dissolved and turned into powerful and pure wind energy. Part of it flowed to the limbs and bones, and part of it flowed to the wind god seal in the Shenting acupoint.....

"Ding! Swallowing the wind demon core (late one-star stage) successfully....."

"Ding! Wind element cultivation increased by +10%..."

"Ding! Wind element cultivation increased by +10%..."

"Ding!....."

"Ding! Wind system cultivation level breaks through to mid-level one star..."

"Ding! Wind element cultivation increased by +10%..."

"Ding! Wind element cultivation increased by +10%..."

"Ding!....."

"Ding! Wind system cultivation reaches mid-one-star level 83%..."

The demon core is digested.

Qin Feng's cultivation level increased greatly.

He couldn't wait to pull out the training template.

Practitioner: Qin

Feng Wind realm (peerless): mid-level one star (83%)

Thunder realm (peerless): quasi-elemental master (divine seal completion 89%)

Ice realm (genius): quasi-elemental master (divine seal) Completion level 92%)

Fire Realm (Normal): One-star early stage (0.01%)

Talent Skill: God-level Devouring

Combat Skill: Violent Blow

Auxiliary Skill: Ice Invisibility

Combat Power Index: 2600 points

"Ha ha!! The wind element has really broken through to the mid-level one-star level!"

Qin Feng felt extremely happy.

He only swallowed one demon core and broke through to the mid-stage. Moreover, he was still at 83% of the cultivation progress of the mid-stage, not far from the late stage.

Such a breakthrough is really great.

You know, others never It will take at least more than ten years, or even decades, for the one-star initial breakthrough to the mid-term.

Qin Feng completed it in the blink of an eye.

Then, he looked at the combat power again, and there was another burst of joy in his heart.

His combat power index also increased from 2200 The points have skyrocketed to 2600.

If he hunts some more fire and wind monsters on the way to Luohua Mountain, his combat power will skyrocket.

Maybe he really has hope of dealing with Zhou Changtong and the Lin family.

The thought of Zhou Changtong and the Lin family going to trade secret treasures made him excited.

Going there this time might be a great opportunity.

Thinking of this, Qin Feng put on the Wind Shadow Boots, the Fire Armor, and the Blood and Bone Knife, armed to the teeth.

Then , he rushed towards Luohua Mountain..

Chapter 58

Qin Feng put on the Wind Shadow Boots, the Fire Armor, and the Blood and Bone Knife, armed to the teeth.

Then, he rushed towards Luohua Mountain.....

At the same time, in the center of Yunyang City, the Lin family.

In a luxuriously decorated study room.

Lin Jianhao sat behind a rosewood desk, smoking expensive cigarettes produced by the Zhuque League.

He frowned, as if he was worried, and the ash was scattered around the ashtray.

At this time, there was a knock on the door.

"come in!" Lin Jianhao put out the cigarette butt casually.

Click~!

The door was gently pushed open.

A beautiful woman with a voluptuous figure walked in.

She walked to the table in small steps and looked at the majestic man in front of her, with a look in her eyes. full of love and awe

"The head of the family and his subordinates still can't contact Xuyang. Bai Su also lost contact.", Lin Xue reported her work respectfully.

She is Lin Jianhao's cousin, Lin Jianhao's confidant, and even Lin Jianhao's lover.

"Um~~", Lin Jianhao responded softly, tapping his fingers lightly on the table, as if thinking.

No one can see his mood and anger

"Patriarch, this situation is not good. Could it be Xu Yang?...", Lin Xue didn't dare to say any more.

Lin Jianhao also had a trace of worry in his eyes.

After a while, he took out another cigarette:"Go check that refugee girl named Chu Chu and see if she is alive or dead."

"Master, do you suspect that that little refugee girl did it?", Lin Xue picked up the lighter on the table and lit a cigarette for Lin Jianhao

"No!" Lin Jianhao exhaled a puff of smoke," Bai Su can't even send a distress message. Only a two-star elemental master can do this. How can a little refugee girl have such ability?"

"What do you mean?", Lin Xue put down the lighter in confusion.

"It cannot be ruled out that Xuyang and the others deliberately refused to contact their family, or something else happened."

"What does this have to do with the life and death of that refugee girl?", Lin Xue was very puzzled.

"I know Xuyang!" Lin Jianhao exhaled another puff of smoke, "He will not let that refugee girl live to this day."

"If that little girl is dead, maybe Xuyang is angry and refuses to contact her family. But if that little girl is still alive....."

Lin Jianhao paused and his pupils shrank slightly: "Something may have happened to Xuyang!"

"good! I'll check it out!"

Lin Xue understood what Lin Jianhao meant.

Xu Yang would not forget about business just to be angry.

The only possibility is that something happened to him, so he couldn't complete the business.

Lin Xue was just about to leave.

The door was pushed open. An old man with silver hair walked in.

This old man had a noble temperament and was very well-dressed. Every inch of fabric on his body was smooth and clean, and even his nails were well-groomed.

"Third uncle, you are here!", Lin Xue respectfully greeted the old man

"Third uncle, sit down!" Lin Jianhao also greeted politely.

The old man nodded slightly, walked to the sofa opposite Lin Jianhao and sat down.

When he saw the ash scattered around the ashtray, he couldn't help but frown slightly.

Seeing this, Lin Xue walked over silently and put the ash away. The ash was cleaned up.

Lin Jianhao put out the cigarette butt calmly.

This old man's name is Lin Zhongyue, a three-star earth elemental master. He has mysophobia and can't stand these messes.

"Third Uncle, please handle this transaction with Zhou Changtong personally." Lin Jianhao took out a storage ring from his body and said, "The city lord called me to a meeting in the afternoon, but I couldn't distract myself."

"I will naturally do whatever the master of the house asks me to do.", Lin Zhongyue asked curiously, "What meeting did Shanguan Yunyang ask you to hold?"

"It's probably because of the beast tide in Ice Moon City. Lin Jianhao handed over the storage ring in his hand, "Uncle Third, what Zhou Changtong wants is in the ring. Please keep it carefully.""

Lin Zhongyue took the storage ring with a serious expression.

The things inside were extremely precious. If they were lost, he wouldn't be able to afford it.

"Head of the house, I am setting off.", Lin Zhongyue carefully put away the storage ring,

"Third uncle, take care."

After Lin Zhongyue left, Lin Jianhao frowned again and began to think deeply.

"Patriarch, are you worried about Xuyang or the transaction?", Lin Xue walked up behind Lin Jianhao and gently rubbed his shoulders.

"All of them! Lin Jianhao let out a long breath, "This transaction involves one-third of our Lin family's wealth. We cannot afford to lose it or expose it.""

"The head of the family, Third Uncle, is a veteran and strong man in the mid-three-star stage, and he is very cautious. He should have no problem dealing with Zhou Changtong. What's more, Zhou Zhang is an early three-star general.", Lin Xue comforted in a low voice

"Don't be careless! Lin Jianhao shook his head slightly, "Zhou Changtong is cunning. I heard that he is about to break through to the mid-three-star level." Anyway, I hope the third uncle goes well."

Lin Jianhao let out a long breath.

If this transaction succeeds, the future of his two sons will be different.

Xuyang will become an elemental master, and Tianyang's ice talent will also be upgraded to genius level.

Genius level.!

There are only a handful of them in the entire Southern Alliance, which is absolutely shocking to the world.

Perhaps, the Lin family can use this as a foundation to control a base city

"Brother Hao, don't worry, Uncle San will be fine.", Lin Xue comforted her gently.

"hope so!" Lin Jianhao glanced at Lin Xue's enchanting figure, "Come on! Get down on the table!"

Lin Xue blushed.

She knew that her cousin was going to enjoy her in the office.

"I'll close the door!", Lin Xue walked away with a blushing face.....

In the blink of an eye, more than four hours passed.

At this moment, in a jungle a hundred miles away from Yunyang City.

Qin Feng looked at the corpse of the monster at his feet with a happy face.

The three-tailed fire raccoon is a fire-based monster in the early two-star stage.

The harvest this time was very good.

Along the way, he had killed four monsters.

Unfortunately, the first three were either earth or water types, so they were of no use to him and could only be used to exchange money.

Finally, at the fourth time, I met a fire-type one, which was still in the early stage of two stars.

Now I'm making a lot of money.

His strength is about to skyrocket again.

A few minutes later, Qin Feng cleared the battlefield and had a fire demon core in his hand

"Ding! Devouring the fire demon core (early two-star stage) successfully....."

"Ding! Fire element cultivation increased by +10%..."

"Ding! Fire element cultivation increased by +10%..."

"Ding!....."

"Ding! The fire element cultivation level breaks through to the mid-level of one star..."

"Ding! Fire element cultivation increased by +10%..."

"Ding! Fire element cultivation reaches mid-level one-star level 17%..."

After a while, the two-star demon core was digested.

Sure enough, talent affects the devouring and transformation of the demon core.

His wind element only swallowed up one late-stage one-star demon core, and his cultivation level increased to 83% of the mid-stage one-star level.

The fire element engulfed the early stage of two stars and only increased to 17% of the mid stage of one star.

However, Qin Feng had already expected this.

He was already very satisfied with this progress, and he called up the training template.

Practitioner: Qin

Feng Wind realm (peerless): mid-level one star (83%)

Thunder realm (peerless): quasi-elemental master (divine seal completion 89%)

Ice realm (genius): quasi-elemental master (divine seal) Completion level 92%)

Fire Realm (Normal): One-star mid-term (17%)

Talent Skill: God-level Devouring

Combat Skill: Violent Blow

Auxiliary Skill: Ice Concealment

Combat Power Index: 2940 points

"Ha ha! The combat power has increased by 340 points, which is really fast!"

Qin Feng was ecstatic.

It has only been a few hours, and his strength has greatly increased.

If he continues to improve at this rate, he may really be able to deal with Zhou Changtong and the Lin family.

"I heard that there are many monsters in Luohua Mountain. I don't know if I can hunt one or two more fire and wind ones before I meet Zhou Changtong."

Qin Feng licked his lips, feeling a little unfinished.

He is now eager to improve his strength.

Chapter 59

Qin Feng licked his lips, feeling a little unfinished.

He is now eager to improve his strength.

At that moment, he rushed towards Luohua Mountain.

Along the way, he hunted several more monsters, including another one with the fire element.

His fire element cultivation level was thus upgraded to the late one-star stage.

The combat power has been increased to 3200 points, and the strength has increased again!

It's a pity that wind monsters are really rare, and he hasn't met any wind monsters yet.

Time passed unconsciously.

Qin Feng finally arrived at Luohua Mountain.

At this moment, the night is dark and the mountain breeze is blowing.

From time to time in the distant mountains, strange beast roars could be heard, which made people's hair stand on end.

In Luohua Mountain at night, monsters and ferocious beasts run rampant and are very dangerous.

Qin Feng looked at the time, it was already 11 o'clock in the evening, and he began to feel anxious.

There is still one hour left, which is 12 o'clock, which is midnight.

He didn't know where Zhou Changtong was yet, so he had to hurry up.

Qin Feng put on the prepared mask and entered the mountain.

Not long after, he heard the sound of fighting coming from ahead.

The sound of fighting was mixed with human voices and the roars of monsters.

It's so late and there's someone there!

Still in Luohua Mountain!

Could it be Zhou Changtong?

Qin Feng's eyes lit up, and he quickly used the ice concealment technique, blended into the air, and dived in the direction of the fight.

It didn't take long for him to arrive at the scene.

I saw an old man fighting fiercely with a monster.

After seeing the monster clearly, Qin Feng showed surprise.

It was actually a one-star perfect wind-type monster—the Wind Wolf.

The wind demon core he had always wanted was right in front of him.

A one-star Dzogchen demon core might be able to bring his wind element to Dzogchen.

After getting excited, Qin Feng quickly calmed down and looked at the old man again.

At this sight, his eyes showed horror.

I saw that the old man had silver hair and was extremely well-dressed. His clothes were as smooth as new without any wrinkles.

He is obviously a very particular person.

However, the old man was actually protected by a star formation in his movements, and could control the power of vitality within a kilometer radius, just like controlling the heaven and earth.

This old man is actually a three-star elemental.

Three-star elemental!

By condensing three stars, you can form an array and control the heavens and the earth to become a god!

Qin Feng couldn't help but take a deep breath of cold air and became cautious.

He discovered that the old man was not only a three-star elemental master, but also a mid-three-star elemental.

He is not an opponent yet and needs to be dealt with carefully.

Who is this person?

Qin Feng was a little confused.

He had seen photos of Zhou Changtong, and he didn't look like this old man at all.

In fact, this old man is Lin Zhongyue.

At this moment, the battle in the field changed.

Lin Zhongyue waved his hand, and countless quicksand formed dozens of spears, directly piercing the Gale Wolf like a hedgehog.

The Gale Wolf was killed before it even had time to roar. The five-meter-tall wolf's body was so heavy that it made the ground tremble.

There was a faint smell of blood floating in the air.

Lin Zhongyue frowned slightly, disgusted with the dust raised and the animal blood splattered everywhere.

He took a few steps back, checked that his clothes were not stained, and then breathed a sigh of relief.

Then, he put the body of the Storm Wolf into the storage ring.

After this, he operated very carefully, for fear of soiling his clothes.

This old man is so weird!

Qin Feng murmured in his heart.

But at this moment, Lin Zhongyue suddenly looked towards where Qin Feng was hiding, with a trace of doubt in his eyes.

Qin Feng was shocked.

Did this old guy notice him?

But soon, Lin Zhongyue shook his head slightly, with a self-deprecating smile on his lips.

Obviously, he felt that he was being too preoccupied.

At this moment, the sound of breaking through the air was heard not far away.

Qin Feng quickly looked into the air.

He saw a figure with fire all over his body, flying from a distance.

Those who can fly in the air, except Feng Yuan Master, all other departments need to practice to the third level.

Because the three stars form an array, they can control the vitality of heaven and earth, and can fly in the air.

The person coming was obviously a fire elemental master with three stars or above.

Another master is here!

Qin Feng was more careful.

Soon, the visitor arrived and fell from the sky.

This person is a middle-aged man.

Qin Feng showed a look of surprise as soon as he saw his appearance clearly.

Isn't this Zhou Changtong!

It takes no effort at all!

By the way, is this white-haired old man from the Lin family?

"Why didn't Lin Jianhao come in person?" Zhou Changtong looked around calmly, looking very cautious.

"You created such a huge beast tide that the Alliance was alarmed. Our head of the family couldn't escape, so he asked me to come over."

Lin Zhongyue explained lukewarmly.

In the shadows, Qin Feng was excited when he heard this.

This old man was indeed from the Lin family.

He quickly took out his mobile phone quietly and recorded the video in secret.

Fortunately, the ice concealment technique can cover the area within one meter. Everything, this operation was not discovered

"Zhou Changtong, I am very curious, how did you create the beast tide?" Lin Zhongyue put his hands behind his back and inquired curiously

"You don't need to know this. Zhou Changtong frowned slightly,"Did you bring the things?"

"Ah!", Lin Zhongyue laughed dryly,"Here he is! and yours?"

"Nature has brought it!"

"Let's show off our goods together!"

"good!" Zhou Changtong didn't waste any time and took out a spirit fruit from the storage ring.

The spirit fruit was white and crystal clear, the size of an egg, and overflowing with fragrance.

As soon as it appeared, the surrounding ice energy became restless.

Qin Feng felt surprised. , couldn't help but take a closer look, and a light screen automatically popped up in the eyes.

Many ice-type big guys can only dream of it.

Qin Feng is moved.

He wants to buy this ice god fruit.

You know, his ice-type talent is only genius level.

If he swallows this fruit, he will definitely be able to break through to A peerless talent.

However, Qin Feng wanted to give it to Chu Chu.

Chu Chu has a dual-system physique, one of which is the ice system.

If the little girl eats this, she will become an elemental master.

"good! It's the Ice God Fruit!" Lin Zhongyue was a little excited when he saw it.

He would not see many such treasures in his life.

Immediately, he said cautiously:"Didn't we agree on two of them? Why did you only take out one?"

"Isn't this it?", Zhou Changtong took out another Ice God Fruit.

In the darkness, Qin Feng was happy.

There were two Ice God Fruits, and he and Chu Chu happened to have one each.

"Where is your goods?", Zhou Changtong carefully put away the Ice God Fruit.

"Brought it!" Lin Zhongyue took a deep breath and took out a storage ring.

Qin Feng also held his breath.

He was also curious about what top-quality treasures the Lin family would give in exchange.

"Where is your goods?", Zhou Changtong carefully put away the Ice God Fruit.

"Brought it!" Lin Zhongyue took a deep breath and took out a storage ring.

Qin Feng also held his breath.

He was also curious about what top-quality treasures the Lin family would give in exchange.

"Take it out and see!", Zhou Changtong swallowed.

"good!" Lin Zhongyue took out a spirit fruit from the ring.

The spirit fruit was fiery red.

As soon as it appeared, the surrounding fire energy became extremely active.

A light screen automatically popped up in Qin Feng's eyes.

Item name: Vulcan Fruit

Oh my god!

Another legendary fruit!

This fire fruit is the same wonder as the ice fruit.

It is also the only treasure on earth that can improve the fire sensitivity.

It is too precious.

Qin Feng is very excited.

His fire talent is the worst.

If you can get this Vulcan Fruit, you will definitely be greatly improved.

In short, no matter what Whether it is the Fire God Fruit or the Ice God Fruit, both are of great benefit to him.

Qin Feng is completely tempted.

He has to get these three divine fruits!

However, Qin Feng is not impulsive.

These two guys in front of him are stronger than him, he has to be careful.

After all, this is the real world, not a god-level challenge space. If you die, you are really dead.

At this moment, Zhou Changtong looked at the Vulcan Fruit with extremely fiery eyes.

"Any more?", Zhou Changtong swallowed, greed flashing in his eyes.

"Only one! Lin Zhongyue frowned, "Isn't it already agreed upon!" Besides, even if you have two, you won't be able to use them!"

Eating the Fire God Fruit and Ice God Fruit is only effective if you eat the first one, eating more will be useless.

"hey-hey!! Just ask! Zhou Zhangtong smiled dryly, "Did you bring anything else?"

"Brought it!"

Lin Zhongyue took out another crystal bottle.

It contained a red liquid, which exuded a faint red light in the dark night.

Qin Feng looked at the red liquid.

Item name: Emperor's Liquid (Fire)

Function: It can not only quickly improve the fire system, but also quickly condense star patterns.

Qin Feng gasped A breath of air-conditioning.

The value of this bottle of Emperor Ooze (Fire) is no less than a piece of Ice God Fruit, and must be more than 10 billion. The

Lin family has spent a lot of money this time!

He will risk his life today to get them.!

Qin Feng quietly put away his mobile phone.

The evidence that should be taken has been taken long ago, and it is time to take action!

He took out a remote-controlled bomb and gently put it into the bushes nearby.

In the night, no one noticed Its existence.

Then, Qin Feng used the Ice Hidden Technique to quietly approach the two of them.

At this moment, Zhou Changtong and Lin Zhongyue were paying careful attention to each other.

Both sides had important treasures in their possessions and did not dare to be careless.

"good! This is Emperor Flow! you people.....hey-hey!!", Zhou Changtong almost let it slip and he laughed quickly.

The greed in his eyes became even stronger.

This made Lin Zhongyue feel very uncomfortable.

For some reason, he always felt that this Zhou Changtong was weird and gave people an invisible sense of oppression.

"Trade now! This is Luohua Mountain. There are many monsters and beasts, so it is not a place to stay for a long time.....", Lin Zhongyue urged

"hey-hey!! good!" Zhou Changtong showed a weird smile on his face.

Then, he put two Ice God Fruits into the storage ring.

Lin Zhongyue also put the Vulcan Fruit and Emperor's Liquid (Fire) into the ring.

The two parties began to exchange rings.

But just now When the fingers of both parties touched the ring, Qin Feng pressed the remote control button.

Boom~!

The remote control bomb exploded!

In the quiet midnight, the sudden explosion sounded particularly loud.

Zhou Changtong and Zhou Changtong were startled and hurriedly moved toward the explosion. Looking in the direction.

While their attention was diverted, Qin Feng took action.

With a swish, he rushed in front of the two of them.

At the same time, his left and right hands came out, one in each hand, and snatched away all the storage rings from the two of them.

Haha.!!Baby is in hand!

"not good!"

"Damn it!"

Zhou Changtong and the two were shocked.

They didn't expect that there was a third person hiding next to them.

The two hurriedly chased Qin Feng.

"who? get out!"

Zhou Changtong punched in the direction of Qin Feng.

The wind of the punch turned into a sea of fire and fell forward.

Boom~!

That punch was empty!

Countless sparks flew everywhere!

Qin Feng avoided the attack, but his figure was also Exposed.

At this time, Lin Zhongyue's attack also arrived.

A dozen giant pythons condensed from fine sand entangled towards Qin Feng.

Qin Feng drew out the blood and bone knife, and his figure flashed, and the sword light became one, ten Several sand pythons were all chopped to pieces.

He took the opportunity to rush out of the siege, and was met by Zhou Changtong who was coming with a stick. Qin Feng made a mistake in his steps and was about to dodge, but Lin Zhongyue roared, slammed his palm on the ground, and displayed his talent. The skill - a hundred times gravity field, was directly attached to Qin Feng.

Qin Feng suddenly felt his whole body sinking, and the earth's gravity suddenly increased a hundred times.

His movement speed dropped sharply, and he no longer had time to avoid Zhou Changtong's attack.

He had no choice but to bite the bullet and face it. Zhou Changtong's attack.

This Zhou Changtong is the peak powerhouse in the early three-star stage, just one step away from reaching the mid-three-star stage. The

Vulcan Stick in his hand is also a high-quality Yuanwu with an amplitude of 100%.

This blow is like destroying the world. The ground.

Fight with the long sword!

A violent blow!

Boom~!

The world shook!

Fire shot into the sky!

Qin Feng was blown away by a stick.

Fortunately, he was still wearing a fire armor under his clothes, which withstood many attacks.

But even so, that battle Under the armor, there was a clear sound of bone cracking.

Qin Feng's chest was sunken.

Blood spurted out!

The whole person flew dozens of meters away and fell into the bushes.

From this look, it was obvious that the injury was extremely serious.

Two three-star masters Joining forces, if it were another two-star Dzugchen, they would have been bombed into scum long ago.

Even if they were replaced by three-star early stage players, they would be injured, not to mention Qin Feng, a one-star Dzugchen

"Ha ha!! This guy is seriously injured!", Zhou Changtong laughed proudly.

"Get our stuff back!", Lin Zhongyue was worried that the baby was lost.

The two hurriedly walked towards the bushes, and saw Qin Feng lying on the ground from a distance, motionless, as if he was dead.

But when the two approached, their expressions changed drastically.

There was only Who is the next bloody suit?

"not good! Let him run away!" Lin Zhongyue's face became extremely ugly.

Qin Feng's Ice Hidden Technique is very powerful at hiding his aura, and it's hard to find him now.

"damn it! This guy is actually a three-star early stage master!" Zhou Changtong was so angry that he mistook Qin Feng for a three-star early stage powerhouse.

Only a three-star early stage powerhouse could survive their joint attack.

"Huh! Zhou Changtong, look at these footprints....", Lin Zhongyue is attentive.

He saw a string of blood beads on the ground, extending in one direction.

Obviously, Qin Feng was seriously injured. He could use ice concealment to escape, but the blood stains betrayed him.

The two looked at each other, then followed the direction of the blood trail and chased him.

But after the two left, Qin Feng's figure walked out from where he was.

It was Qin Feng who had just created a suspicion and deceived the two of them.

And his injuries have long been repaired by the beast core that was devoured in advance...
