

God level 511

Chapter 511

At the moment, Qin Feng also took out the Ziyun Order and checked the specific information.

After a while, he finished reading the message.

The specific content of this assessment is to test the level of weapon refining.

As the first weapon refiner in ancient times, Lord Qilin naturally prefers geniuses with talent for weapon refinement.

In this third game, I will most likely win the first place.

Qin Feng put away the token and became more confident.

But at this moment, he saw Yu Qilin's brows furrowed, as if he was thinking about something.

"Yu'er, are you worried about refining weapons?", Qin Feng held Jade Qilin gently

"no!", Yu Qilin shook his head slightly, "The Lord of Qilin is the first weapon refiner in ancient times, and he personally also loves talents in weapon refinement."

"Under his influence, our Qilin clan attaches great importance to weapon refining. We are also very talented in refining weapons. In this assessment, the results will not be bad. Qin Feng was puzzled:"

Then what are you worried about?"

"The content of this assessment reminds me of some unhappy things in my previous life."

"What's up?"

"In his previous life, the Lord of Qilin was particularly fond of weapon-refining geniuses. back, he really met a peerless weapon-refining genius. His talent for refining weapons is unparalleled. No one from the Qilin tribe can match one percent of his skills."

"The Lord of Qilin was so excited that he accepted him as his only direct disciple, taught him everything, and treated him like a son."

"Under the training of the Lord of Qilin, that man's weapon refining and cultivation improved by leaps and bounds. That man is truly a genius. His cultivation level crushed all the clan members like us, and he quickly reached the level of a high-level master, and his weapon-refining level also quickly reached the low-level star master level."

"Not long after, this cosmic catastrophe broke out, and our clan was jointly attacked by the Demon Realm, the Celestial Clan, and the Ancient Clan. The Shenfeng Clan and the White Tiger Clan both sent people to reinforce"

"The two sides were in a stalemate at the beginning, and it was difficult to decide the outcome. I never expected that it would be at this critical moment. Lord Qilin's only direct disciple rebelled"

"He collaborated with the enemy and betrayed his teachers, cooperated inside and outside, and secretly destroyed the foundation of Ziyun's defense formation. In the end, our Qilin clan was defeated, the Lord of Qilin fell, and hundreds of millions of people died."

"It can be said that he is the biggest enemy of our Qilin clan!"

Speaking of this, Yu Qilin had a look of hatred on her face.

Back then, Master Qilin was so kind to that disciple, but that person actually rebelled. This was really hard for her to accept and understand.

Qin Feng was even a little angry.

This There really are such white-eyed people in the world!

"Yu'er, who is the traitor?"

"His name is Jidu!"

"Um... I don't think I've heard of this person's name!", Qin Feng was confused.

He was no longer a young boy who had just entered the world of cultivation. He already knew all the top figures.

But he had never heard of the name of Jidu.

Yu Qilin also smiled bitterly and said:"After I regained my memory, I also tried asking around, but to no avail. I guess that person changed his name!"

"After all, what he did back then was not a good thing. I'm afraid he won't be able to use his previous name anymore."

"As for what his name is now, I don't know. After all, my previous life died in that battle that year. As for what happened next, I don't know."

"However, one thing is for sure. After so many years, with that person's talent, he should be promoted to Star Master!"

Qin Feng held Yu Qilin tenderly and comforted softly:"Yu'er, you were harmed by him in your previous life. In this life, even if he is the Star Lord, I will avenge you!"

Yu Qilin's heart warmed up, and he glanced at her lovingly, and said coquettishly:"Master, you are so kind to your little slave girl! Qin

Feng kissed her smooth forehead gently:"Let's go!""

"Um~! "

The next second, the two of them arrived in the outside world.

Upon his appearance, Qin Feng found howling in the hall.

All the assessors are complaining about the content of the third assessment.

"What the hell is this? How is the weapon refining assessed in this third round? Paralysis! I don't know how to refine weapons at all!"

"Why! It doesn't matter if you don't know how to refine weapons, you still have 150 points, you won't be eliminated! I only scored 100 points, and I am 100% going to be eliminated!"

"It's over! It's over! I only have 100 points! This assessment is unfair!"

Countless assessors wailed.

According to the rules, at the end of the third assessment, those whose total points are less than 110 points will be eliminated and forcibly teleported out of the secret realm.

At this moment, those whose points are higher than 110 points are all showing a look of joy.

This is the third assessment. Even if they scored 0 points in the three assessments, they still have a chance to proceed to the next one.

And those who know the art of weapon refining are even more proud.

Here is their chance to score!

The weapon refining is a partial approach, and ten There are only one or two elemental masters who can refine weapons.

On the contrary, those God Emperors have calm expressions.

They can become God Emperors. Naturally, they have been practicing for a long time, and they are more or less involved in weapon refinement.

Not to mention how profound they are. , I am still good at furry stuff, at least I can get some points.

Of course, there are also some masters of weapon refining among the assessors, and all of them look proud. For example, the Nine-Headed Lion Saint looks proud at this moment.

Qin Feng ignored these.

With a wave of his hand, he summoned Chu Chu, Bao Bao, and Bai Qi.

This time in retreat, the three of them have made great progress.

The three of them have completed the three powers of time, space, and reincarnation with the jade unicorn.

Chu Chu has been refined. After ascending to the Qing Dynasty, his aptitude was upgraded to a mid-level dominator.

Bai Qi finally reached the low-level dominator level.

At this point, Qin Feng's four pole star followers are all dominator quality.

Among them, Bao Bao has the highest potential and is a high-level dominator potential.

In addition, Bao Bao has also cultivated to the middle stage of the first stage, with a combat strength of 30 million.

Chu Chu is also at the early stage of the first stage, with a combat strength of 20 million.

Yu Qilin is at the early stage of the first stage, with a combat strength of 20 million.

Bai Qi is at the second stage of the Great Perfection, The combat power is 30 million.

If the four star poles are combined, Qin Feng's combat power can skyrocket by 10,000.

In this way, he can sweep the God Emperor's Perfection.

Unless the Half-Step Master takes action, no one can threaten him.

After seeing the progress of the four people, Qin Feng was very satisfied and felt more and more confident.

But when Chu Chu and Bao Bao saw Qin Feng, their faces were filled with sadness

"Brother, I don't know how to refine weapons! I'm going to hold you back in this assessment!"

"Dad, neither can the baby! We're going to get 0 points this time, what should we do?"

The two girls, the older one and the younger one, looked at Qin Feng pitifully, with remorse on their faces.

Bai Qi also smiled bitterly and said: "Your Majesty! Although I know some art of refining weapons, I am not good at it. The top five this time should be missed!

Qin Feng smiled slightly: "It doesn't matter!" Even if you score 0 points, you will not be eliminated. Besides, there's me too!

Baobao's little mouth curled up: "I still want to get in the top five!" By the way, Aunt Yu'er, why don't you speak? Can you refine weapons?"

"certainly!", Yu Qilin pursed his lips and smiled, "I was also a master of weapon refining in my previous life, so I won't have much problem getting into the top five!"

Hearing this, Qin Feng glanced at Yu Qilin in surprise.

It seems that Yu Qilin's level of weapon refining in his previous life was not low, otherwise he would not be so confident.

At the same time, in the corner of the hall, the Nine-Headed Lion Saint has been secretly observing Qin Five people in the wind

"Lord Lion Saint, have you seen the expressions of Chu Chu and Qin Baobao? He seems very worried! Don't they know how to refine weapons?"

The voice of the Snake Queen sounded behind the Lion Saint.

"hehe!! Weapon refining is inherently biased! Do you think anyone can refine weapons?"

The Nine-headed Lion Saint looked proud.

He didn't say a word. The reason why he was sent here by the Star Master was not because he was the strongest among the deputy palace masters.

It was because his weapon refining skills were the strongest among the deputy palace masters. The Palace Master is the most brilliant.

Lord Star Lord has already reached this point, and this secret realm will definitely test the weapon refining.

His expertise finally has a place to be used.

Seeing his expression, the Snake Queen also flattered him: "Lord Lion Saint, Your weapon refining skills are at the level of a half-step master! In this assessment, you must be the first in the Eastern District!"

"It's hard to say!!"

The nine-headed lion saint pretended to be humble, but the corners of his mouth were slightly raised, looking confident.

"Lord Lion Saint, you see Emperor Qin's expression is very calm. Doesn't he also know how to refine weapons?" The Snake Queen was a little worried.

The Nine-Headed Lion Saint said disdainfully: "Refining weapons requires talent and is also very time-consuming. Even if Emperor Qin is talented, if he does not spend enough time and energy, his level of weapon refining will definitely be limited!"

"You see, Emperor Qin is so young and has very good cultivation strength. You don't need to think about it to know that he spends all his energy on cultivation. How can he still have time to learn to refine weapons?"

Hearing this, the Snake Queen nodded repeatedly: "That makes sense!"

The nine-headed lion saint added: "There are many wizards in this world, but there are really no wizards who cover everything." This time, if Emperor Qin can enter the top ten, it will be a miracle! The Snake Queen was surprised:

No way?"!"

"You do not believe?", the Nine-Headed Lion Saint sneered, "Look around, there are a few famous masters of weapon refining here. Isn't that one gray-haired? This saint is just young in appearance, but he has been practicing for a long time!"

The Snake and Scorpion Queen looked around and saw so

"It seems that this time the top ten really can't see Emperor Qin!", the Snake Queen felt a little regretful.

At this moment, everyone's Ziyun Order was shaken.

New news was announced in the secret realm.

The nine-headed lion saint quickly took out the token.

The token showed: This assessment After the end, the first place in the four major examination areas will have the opportunity to participate in the competition for Taiqing Qi.

After reading the information, the Nine-Headed Lion Saint smiled

"It seems that the first place in this game cannot be won unless I win!"

The Qing Dynasty is so pure!

He has made up his mind!"..

Chapter 512

At this moment, Qin Feng and others also saw the updated information of Ziyun Order

"Brother, there is new information on this Ziyun Order!"

"Saw it!", Qin Feng smiled calmly.

His current level of weapon refining is at the mid-level master level, and it shouldn't be much of a problem to win first place.

It's just the rankings of Chu Chu, Bao Bao, and Bai Qi. How should he improve?.....

At the same time, the northern test area.

The three leaders of the Demon Realm also read the token information.

All three of them looked happy.

Then, the big leader looked at the three leaders:"Third leader, the first place in this assessment depends on you!"

"My subordinates must do their best to win first place!", the three leaders looked confident.

The second leader also complimented in time:"The third leader is the number one weapon refining genius below the master level in my demon domain! It was up to her to take action, and the first place was decided!"

Hearing this, the third leader and the big leader looked at each other and smiled. The second leader also smiled happily.

But behind his smile, there was a profound meaning.

The big leader and the third leader did not notice this.....

At the same time, the southern test area.

In the main hall, a handsome man looked towards the north.

This is just the beginning!

A meaningful smile appeared on the corner of the man's mouth!

That smile was somewhat similar to the second leader of the Demon Realm.

And he is the Lufa Heavenly Emperor who ranked sixth in the last competition in the south, ranking only below Bai Qi.....

On the other side, the western examination area.

In the main hall, all the assessors were wailing.

Most of the assessors here are not proficient in weapon refining.

In the crowd, Patriarch Wutian smiled proudly.

What he is best at is weapon refining!

After all, he is Star Lord's direct disciple.

The Star Lord is the number one weapon refiner in the universe today.

How could his level be so bad?

Thinking of this, he looked at Zi Xing proudly.

This woman always puts pressure on him, which makes him very depressed.

And this time, he will definitely win the first place and express the bad anger in his heart.....

But he said that on the other side, the eastern examination area.

The atmosphere was depressing!

Many people are worried about the next assessment.

At this moment, the hall shook, and a huge light door appeared in the center of the square.

The entrance to the third assessment is open!

"here we go! Let's go!"

"yes! Stop wasting time! Score as many points as you can get!"

All the examiners lamented and poured into the examination area.

The nine-headed lion saint smiled slightly and followed him with confidence.

"Let's go too!"

In the corner, Qin Feng and the other five also entered with the flow of people.

Soon, Qin Feng stepped into the light door.

After getting down to earth, Qin Feng found himself in a closed refining room.

He was the only one in the room!

The surrounding decoration It was simple and simple. There was a pile of materials and a table in the center of the room.

Qin Feng walked to the table and saw a crystal ball and a jade plate on it.

There were written instructions on the jade plate.

This refining The weapon is divided into three levels!

The first level is to refine an emperor-level Yuanwu.

Before refining, you need to activate the crystal ball on the table and activate the timing system of the secret realm, otherwise the results will be invalid.

Then, within the time specified by the secret realm , complete the weapon refining.

If it is not completed within the time limit, this challenge will fail.

If it is completed within the specified time, the secret realm will give a score based on the time used and the quality of the Yuanwu refining. Next, the content displayed on the jade board, It is the assessment content of this level, as well as the blueprints for refining the designated Yuanwu.

It only took a few dozen seconds for Qin Feng to read the content.

The first level assessment actually required that the weapon refining be completed within three hours, otherwise he would be eliminated..

This standard can be said to be extremely high.

It is difficult for most nine-star peak weapon refiners to refine the designated Yuanwu within three hours.

Qin Feng looked at the drawings.

This level is the refining level. He had never refined an emperor-level spear before.

However, with his current level, he did not have any worries.

The next second, he activated the timing crystal ball.

Then, he made a seal with his hand and activated the Wuji Divine Seal..

With him as the center, a radius of five meters was shrouded in the boundless barrier, and the timing crystal ball was not shrouded.

The next second, the time flow rate in the barrier was changed.

The time force field was 20 times!

20 seconds passed in the barrier , only 1 second passed in the outside world.

Since Qin Feng broke through to the realm of the Universe Emperor, his time ability has been greatly strengthened. The ordinary God Emperor's control of the time force field is 10 times, but his is 20 times.

At the moment, Qin Feng Sitting cross-legged, he waved, and a bunch of materials flew over.

He flew seals with both hands and started refining the weapon.

At the same time, in the southern examination area, the shadow clone also used the same method to start the weapon refining.

However, the shadow clone The Yuanwu that the clone is designated to refine is a shield.

In this assessment, the Yuanwu refined by each examiner is different.

If you encounter a type that is good at refining, you will naturally get good results. Those who are not good at it will get worse grades.

The assessment also contains elements of luck.....

Just like that, the weapon refining examination officially began.

Just as soon as the assessment began, complaints came from many refining rooms.

Some examiners who originally knew a little about weapon refining were dumbfounded when they saw the requirements for weapon refining.

Within three hours, the designated emperor-level Yuanwu will be refined.

Only a ghost can do it!

This requires extremely high talent!

Qin Feng naturally didn't know about this.

At this moment, within the Wuji Barrier.

He met the flying blows with both hands, and the weapon fire rolled in waves.

Pieces of refining materials were smelted.

One after another, the inscriptions are engraved inside the formation.....

In just a few minutes, the prototype of a spear took shape in Qin Feng's hands.

A few more minutes.....

Buzz~!

The spear roars!

Great inspiration!

"Ha ha! Done!"

Qin Feng waved, removed the Wuji Barrier, and strode towards the timing crystal ball.

He pressed the crystal ball with one hand!

Buzz~!

The crystal ball chirped!

The first level of timing is over!

On the table, the jade tablet displayed information

"Emperor Qin, the first level is timed to 37 seconds, the quality of the refined Yuanwu is: perfect, evaluation: 1000 points (full score)"

"not bad!"

Qin Feng smiled.

At this moment, a piece of text appeared again on the jade tablet.

Qin Feng took a closer look and found that it was some experience in refining weapons.

These experiences were written in universal characters and were no longer talisman script.

Qin Feng After reading it, Feng had a clear understanding in his heart.

At the same time, in the southern examination area, the phantom clone also completed the first level of examination.

A piece of weapon refining experience also appeared in front of him.

This experience was different from what the main body saw. Same.

After reading the virtual shadow clone, Qin Feng also had some enlightenment. After comparing the two experiences, Qin Feng felt that his weapon refining skills had made some progress.

He was overjoyed.

This was not an ordinary weapon refining assessment.!

Every time you pass a level, you will not only get points, but also receive the knowledge of weapon refining from the Lord of Qilin.

This is a chance!

And each person has to pass three levels in the assessment, so he can get the experience of refining the weapon three times.

But Qin The wind was different. He and the phantom clones tested at the same time and could gain six experiences in total.

The chances were doubled!

At the same time, in the secret room of another weapon refining room, the nine-headed lion saint was leisurely reading the information on the jade board.

Within three hours, an emperor-level Yuanwu weapon will be refined.

This is very difficult!

But he likes it!

The more difficult it is, the better it is for him.

Who makes him so good at refining weapons!

If this is the case, Who can beat him in the secret realm, maybe only Ancestor Wutian.

I don't know how the progress of Ancestor Wutian is?

The Nine-Headed Lion Saint was thinking wildly while analyzing the Yuanwu drawings of this level.

He wanted to refine it. It was a battle axe, not too difficult.

In just a moment, the Nine-Headed Lion Saint finished analyzing the drawings, with a confident smile on his face.

He was about to start refining the weapon!

The Nine-Headed Lion Saint reached out with one hand and pressed the timing crystal on the side. Ball.

But when his finger was about to touch the crystal, Ziyun Ling moved, and the information was refreshed.

The nine-headed lion saint was curious and took out the token to take a look.

The third assessment instant ranking: first place, Qin Emperor, points: 1000 points, (passed the first level) clap~!

The nine-headed lion saint's jaw dropped!

Dang~!

The Purple Cloud Token in his hand fell on the table

"This...how is this possible! This holy city hasn't even started yet, how come he has passed the test!"

The Nine-Headed Lion Saint was completely dumbfounded!

At this moment, the entire East District was in a sensation!

Everyone looked at the message on the Ziyun Order and was extremely shocked.

Oh my god!

How long has it been?

One minute has passed. They haven't arrived yet!

They didn't even read the information on the jade board, and Emperor Qin passed the test, still with 1000 points.

What is the concept of 1000 points? No one is clear.

But the speed of passing the test is too scary!

In a moment , there were constant exclamations!

This Qin Emperor is really mysterious and powerful!

Unknowingly, Qin Emperor's status in everyone's hearts rose rapidly, becoming more and more unattainable..

Chapter 513

The same scene also happened in the southern Kao area.

The assessors were completely dumbfounded.

This Emperor Qin is simply a monster!

How can one pass the test in one minute?

Qin Feng didn't know or care about these thoughts.

The weapon refining experience on the jade tablet disappeared after only being displayed for five minutes.

Qin Feng has long since practiced to the point of photographic memory and has memorized it deeply.

At this time, the second level of information appeared on the jade tablet.

Second level: Refining an emperor-level sword within five hours.

After the information, an analytical diagram of the long sword Yuanwu was attached.

It only took Qin Feng a few minutes to understand the drawings, and then he used the Wuji Barrier to start the second level of the assessment.

I saw Qin Feng's hands flying with seals, and one piece of weapon refining material was inscribed by him extremely skillfully.

In just twenty minutes, the prototype of a long sword slowly appeared.

Just over a minute has passed outside.....

In the blink of an eye, half an hour passed.

Groan~!

A refreshing sword cry!

The emperor-level Yuanwu was refined!

Qin Feng happily walked to the timing crystal ball and pressed the crystal ball

"Emperor Qin, the second level is timed at 1 minute and 24 seconds, the quality of the refined Yuanwu is: perfect, and the evaluation is: 10,000 points (full score)."

At the same time, Ziyun Ling's data also changed.

The real-time ranking of the third assessment: first place, Emperor Qin, points: 11,000 points, (passed the first and second levels).

Then, the desktop jade board A new weapon refining experience appeared on the Internet.

Qin Feng was delighted and greedily understood.....

At the same time, in another secret room.

The nine-headed lion saint is engraving a piece of material in front of him.

His first level was to refine an emperor-level spiritual whip.

He wanted to make a handle out of the black wood in front of him and carve nine hundred and ninety-nine inscriptions on it.

These inscriptions must be connected with each other, and no one of them can be wrong.

If you make one mistake, you will have to do it all over again.

This requires extremely high levels of weapon refining and concentration.

In terms of level, the Nine-Headed Lion Saint is completely capable.

But now he is very confused and his concentration is a little scattered.

He really couldn't figure out why Emperor Qin passed the test so quickly!

Could it be that the first level Emperor Qin encountered was the Yuanwu he had refined before, so he was very familiar with it?

Is this guy really a master of weapon refining?

Is his weapon refining level better than mine?

The more the Nine-Headed Lion Saint thought about it, the more unconvinced he became, and the speed of engraving became slower.

He simply didn't believe that Qin Feng could possess such superb weapon refining skills at such a young age.

This must all be an illusion!

But as soon as this thought came up, Ziyun Order took action.

The nine-headed lion's sacred heart trembled.

No way?!

The second person who passed the level appeared so quickly?

Shouldn't the second one be yourself?

He hurriedly took out the Ziyun Token and took a look.

The real-time ranking of the third assessment:

First place, Emperor Qin, points: 11,000 points, (passed the first and second levels)

Bang~!

The nine-headed lion saint's jaw dropped in shock!

Damn it~!

He is only one-tenth of the way through the first level!

This guy passed the second level!

This is too fast! depressed!

Extremely depressing!

The Nine-Headed Lion Saint was deeply hit.

He silently put away the token and continued to engrave, but his mind became more confused and the inscription method was not as rigorous as before.

At this moment, the entire Eastern District examiners were dumbfounded again.

Many people didn't even start the first level, but Emperor Qin passed two levels in a row... In the blink of an eye, another twenty minutes passed.

The Nine-Headed Lion Saint's hands moved like flying, constantly engraving runes.

He's one-third of the way there.

But at this moment, Ziyun Ling moved again. what happened?

It's hard to say he's Emperor Qin.....

This is absolutely impossible!

The Nine-Headed Lion Saint hesitated for a while, then took out the token, and the information on it was indeed refreshed.

First place, Emperor Qin, points: 11,000 points, (passed the first and second levels)

Second place, Jade Qilin, points: 653 points, (passed the first level)

"How can it be?!"

The Nine-Headed Lion Saint's chest felt extremely uncomfortable.

He didn't even get the second place!

Of course he didn't know that Jade Qilin was at the low-grade master-level weapon refining level in her previous life.

She was just recovering from her skills, and she There was no cheating in the Infinite Barrier, so the first level didn't get a full score, but surpassing the Nine-Headed Lion Saint is not a problem.

"Jade unicorn! Aren't they the men of Emperor Qin!"

The Nine-headed Lion Saint was hit again, and his heart and blood were boiling.

Damn it!

Even if I can't get the second place, I will still get the third place!

The Nine-Headed Lion Saint trembled and was about to put away the Purple Cloud Order.

But right now At this time, the information on the Ziyun Order was refreshed again.

The first place, Emperor Qin, points: 111,000 points, (passed the first, second, and third levels, all with perfect scores) the second place, Jade Qilin , Points: 653 points, (passed the first level)

Dang~!

The Purple Cloud Order is lost!

The Nine-Headed Lion Saint's eyes blurred for a while, and his heart was extremely shocked!

Oh my god!

In such a short period of time, all three levels have been passed. , they are all full marks.

No need to think about it, the first place is Emperor Qin!

My first place!

The Nine-headed Lion Saint is heartbroken.

This damn Emperor Qin!

Is he really a human?

The Nine-Headed Lion Saint is extremely sad. Irritated, I silently picked up the black wood and continued to carve the 572nd inscription.....

Why! Too pure energy!

There is no hope!

When he thought of this, the nine-headed lion saint lost his mind for a moment, made a wrong stroke, and everything was destroyed...

Click~! Click~! Click~!

There was a chain reaction, and the black wood was cracked... poof~!

The blood of the nine-headed lion saint's heart surged and he spurted out a mouthful of old blood!

Damn it~!

He missed!

Oh my God!

It all has to happen again!

This seriously affected his grades!.The

Nine-Headed Lion Saint was so angry that it was all because Emperor Qin disturbed his mood.
.....

At this moment, the examiners from the Eastern District fell silent when they saw the information on the token. what?!

A large number of people have passed the first level of assessment before Qin Feng.

Is this too bullying?

At this moment, everyone was completely conquered!

It turns out that the most powerful thing about Emperor Qin is not his strength, but his weapon refining!

In a certain secret room, Emperor Xiaoyao silently looked at the information on the token.

After a long time, he sighed deeply:"Monster!"

After saying this, he took out a jade messenger and sent a secret message to other districts.

Emperor Qin must pay attention to this!

Perhaps, Emperor Qin posed a greater threat to their Heavenly Clan than the Demon Realm.

How terrible!

In addition, in a certain weapon refining secret room.

Qin Feng has completed the third level.

The content of the third level is to refine a Lunhai-level Yuanwu within 10 hours.

Qin Feng completed the task in less than five minutes and received full marks.

Of course, these are five minutes of the outside world.

He spent more than an hour in the Wuji Barrier.

Even so, such speed and efficiency are still outrageous!

At this moment, a large amount of weapon refining experience once again appeared on the jade slab.

The experience of refining weapons at this level is more than ten times greater than the previous two times.

Qin Feng was delighted and immediately understood.

At the same time, the phantom clone was also experiencing similar things.

A large amount of weapon refining experience also appeared in front of him.

This experience is different from what the body sees.

He also felt happy and enlightened.

The phantom clone is equivalent to an extension of Qin Feng's body, and also has the ability to comprehend the secrets of the law.

This is equivalent to Qin Feng getting two opportunities.

It didn't take long for Qin Feng to gain insights, and his weapon refining skills made great progress.

Satisfied, he took a step and left the secret room.

The next second, he appeared in another secret room

"elder brother!", Chu Chu was delighted.

She had been waiting for a long time.

Qin Feng stepped forward, only glanced at the content of Chu Chu's first level, and then smiled and said:"Let's get started!"

"Brother, have you finished reading?", Chu Chu was surprised.

When she saw the Yuanwu blueprint, her head almost exploded and she couldn't understand anything.

"Um! It's easy to refine this long sword, let's start!"

Qin Feng waved his hand and opened the Wuji Barrier.

Chu Chu quickly started the timer.

Her first level assessment began.

"Chu Chu, your mind is empty!"

"Um!"

The next second, Qin Feng made a seal with his hand!

Xingji Control!

In an instant, Qin Feng's mind was attached to Chu Chu, and he controlled Chu Chu's body to start refining the weapon.

This weapon refining assessment must be done by himself.

Qin Feng Using this method, he cleverly cheated.

It is indeed a lot unfamiliar to use other people's bodies to refine weapons, and the weapon-refining strength cannot be used to one-third.

But even so, Chu Chu's hands are still flying, and each piece of material is smelted and inscribed. , the process went very smoothly.

An hour later, an emperor-level long sword was refined.

Only three minutes passed by the outside world!

Yuanwu quality: top grade.

Score evaluation: 327 points!

The information on Ziyun Order is updated.

First place, Emperor Qin.

The second place is Jade Qilin.

The third place is Chu Chu.

As for the fourth place, no one has yet.

No one has been able to complete the first level so far.

"Brother, you are so awesome!", Chu Chu was excited.

Qin Feng smiled:"I will send you to the south now!"

The next second, Qin Feng sent Chu Chu to the southern examination area.

There was a shadow clone there to help her cheat.

After doing thisYep, the jade slab in the secret room revealed a piece of weapon refining experience.

Qin Feng stepped forward and took a look, and it was indeed different from what he had seen before.

This is another opportunity!

Qin Feng was overjoyed.

Such cheating allows him to continuously gain new experience in refining weapons.

It's hard not to improve his weapon refining skills!

At this moment, his communication talisman started to move.

Qin Feng took it out and saw that it was from Yu Qilin.

There is a new weapon refining experience inside.

That was obtained by Jade Qilin after completing the first level.

She had engraved it according to her memory and sent it to Qin Feng.

At that moment, Qin Feng felt happily.

He vaguely felt that the improvement of his weapon refining skills would be of great help to him in obtaining the inheritance of the Lord of Qilin..

Chapter 514

At the same time, another weapon was inside the refining room.

The nine-headed lion saint had a bitter look on his face.

He was starting over now.

He has carved more than 200 of the 999 inscriptions.

Refining an emperor-level Yuanwu was child's play for him.

But the crux of the matter is that if he fails once, it means that his success rate is low and will be included in his grades, which will greatly affect his score.

Thinking of this, the Nine-Headed Lion Saint felt very bad.

But this time, he didn't dare to be careless and tried to concentrate on engraving the runes.

No matter what, he had to finish third.

The top ten in each assessment will receive generous rewards.

The higher the ranking, the more generous the rewards!

Especially the top three, the rewards are special.

The Nine-Headed Lion Saint is somewhat resigned to his fate!

No matter what, he must win third place this time, so that he can be worthy of his weapon refining skills.

But at this moment, Ziyun Ling moved again.

The nine-headed lion saint's scalp was numb.

Oh shit!

The assessment has only lasted half an hour, but something keeps happening.

After hesitating for a long time, he finally couldn't restrain his curiosity and took out the Ziyun Token.

Third place, Chu Chu.....,

The nine-headed lion saint was so angry that he almost vomited blood again.

It's okay if Emperor Qin himself is great!

Are all his men so powerful?

The nine-headed lion saint doesn't believe it!

His half-step mastery of weapon refining would not allow him to even get third place?

You must know that his level of weapon refining ranks first among the masters of the starry sky beast clan.

At this thought, the Nine-Headed Lion Saint became more vigorous and accelerated the movements in his hands.

He wants to catch up with Chu Chu's results.

In the blink of an eye, three minutes passed.

Ziyun Ling moved again, and information was refreshed on it.

The Nine-Headed Lion Saint's face changed slightly, and he took out the token and took a look.

Third place, Qin Baobao.....

Fourth place, Chu Chu.....

The Nine-Headed Lion Saint is confused!

Baby Qin is out again!

Her results also surpassed Chu Chu's.....

His current results are not even fourth place.....

"Damn it! how so?"

The Nine-Headed Lion Saint's face turned pale.

Who can bear this series of blows?

The entire Eastern District Examination Hall was also silent.

The top few in this assessment are the Qin Emperor's group again!

What are they like? Exists?!

It turns out that after Qin Feng realized what he had learned, he went to help the baby pass the first level.

While helping the baby, Qin Feng was surprised to find that the baby had a super high talent for refining weapons, not much worse than him..

Therefore, in the process of helping the baby, he went much more smoothly than Chu Chu, and many things were solved with just a few clicks. This time, they spent less time.

In this process, the baby was taught a round of exercises by Qin Feng. Weapons.

This little kid was also very interested in refining weapons, and he learned a lot without realizing it.

Of course, with Qin Feng's help, he also gained something. He had another experience in refining weapons from the Lord of Qilin.

Time flies. In the blink of an eye, another ten minutes have passed.

Bai Qi also became the fifth under Qin Feng's gang leader. In the blink of an eye, half an hour has passed.

The Nine-Headed Lion Saint finally passed the sixth place. The first level.

Because he failed once, the clearance evaluation was discounted, only 102 points.

This is far different from the 318 points of the fifth place Bai Qi, and is incomparable with Qin Feng's first level score.

Nine-Headed Lion Sheng was extremely depressed!

He was very unwilling to accept the sixth place result.

At this moment, he looked at the results on Ziyun Ling gloomily. He was not even in the mood to read the updated weapon refining experience on the jade tablet.

"I really can't figure it out! My majestic half-step master-level weapon refining level actually only ranked sixth. What is the origin of Qin Huang and this group of people?"

This idea just came up.

The token is refreshed here.

Sixth place, Tianyuan God Emperor, 238 points.....

Seventh place, Nine-Headed Lion Saint, 102 points.....

"What the hell?!"The body of the Nine-Headed Lion Saint Tiger shook violently.

He was surpassed by someone!

Tianyuan Divine Emperor is also a powerful Divine Emperor Dzogchen, and is also a famous weapon refiner in the outside world.

But this person's level is even worse than his own.

This The result of this competition was also the same. He was five or six minutes slower than himself before passing the test.

But why did his score rank higher than his own? What

's even more depressing is, how come his score was more than twice his own?

Nine-Headed Lion Saint Yi His face was confused.

Could it be that... the Nine-Headed Lion Saint suddenly thought of something? He failed once, so his evaluation was discounted.

At this moment, the token was refreshed again.

The seventh place, Xiaoyao God Emperor.....

The eighth place, the nine-headed lion saint... is paralyzed!

He's not even seventh anymore.

The nine-headed lion saint felt dizzy and his eyes were black with anger.

After a while, he finally recovered.

At this time, he looked down and his expression suddenly turned ugly.

He was so angry just now that he was delayed for a long time.

Looking at the jade tablet now, the cultivation experience on it has disappeared!

Damn it!

He hasn't had time to see it yet!

Poof~!

The nine-headed lion saint was so angry that he spat out another mouthful of old blood.....

Time flies.

In a blink of an eye, three hours passed.

The first level assessment time is over.

Many people did not complete it and received 0 points.

Some people completed it in exactly 3 hours and received an evaluation score of only 50, which is very low.

After the first level, no matter whether they passed it or not, they were forced to open the second level.

Qin Feng and the five others had already cleared the level.

After all this, Qin Feng gained dozens of tips on refining weapons. His skill in refining weapons continued to improve and he gained a lot.....

At this moment, he was sitting in the Wuji Barrier, constantly contemplating the weapon refining experience he had gained...

Beside him, Qin Baobao was also learning the art of weapon refining.

This little guy became obsessed with the art of refining weapons after being exposed to it, and pestered Qin Feng to teach her how to refining weapons.....

Time is lost and fleeting!

In a blink of an eye, eighteen hours passed.

The third assessment is over!

The rankings are out.

The first place is Emperor Qin.

Second place, Qin Baobao.

The third place is Jade Qilin.

Fourth place, Chu Chu.

Fifth place, Bai Qi.

The sixth place is Tianyuan God Emperor.

The seventh place is the Nine-Headed Lion Saint.

No. 2, Xiaoyao God Emperor.....

The nine-headed lion saint was extremely depressed.

His weapon refining skills were originally one level higher than those of Tian Yuan God Emperor, but due to mistakes in the first level, he actually got seventh place.....

The next second, everyone was teleported back to the main hall.

As soon as everyone showed up, the hall became noisy

"It's over! It's over! I got 0 points this time!"

"Why! I got 0 points too!"

"I got 50 points! But what's the use? If the total score is less than 110 points, you will be eliminated!"

Everyone in the field had ugly expressions.

In the corner, the Snake Queen looked at the Nine-Headed Lion Saint in surprise.

"Lord Lion Saint, with your level of weapon refining, how could you lose to the Tianyuan God Emperor?"

"snort!"The Nine-Headed Lion Saint was annoyed and was too lazy to answer.

At this moment, the sky above the hall shook.

"Start the elimination mechanism now! If the points are less than 110 points, they will be refunded!"

With this announcement!

The hall burst into mourning!

"unfair! This assessment is unfair! In fact, I am very good, but I just don't know how to refine weapons!"

"What a bullshit assessment! I don't accept it!"

"Secret Realm, you can't remove such an excellent me! That's your loss!"

"don't want! No!"

Shua~! Shua~!

As the space in the hall fluctuated, hundreds of examiners turned into white light and were forcibly kicked out of the secret realm.

In the blink of an eye, there were only more than a thousand people left in the hall.

In the spacious hall, the crowd became sparse, and it felt empty.

The atmosphere in the venue became a little deserted.

Many people have some luck in their hearts.

In fact, those who survive to this day are the elite.

Qin Feng silently glanced at the entire audience and found that they were all elemental masters above the first level, and he was the only one who was in the late Great Emperor stage.

The remaining nine-star and emperor-level elemental masters were all eliminated.

At this time, the sound of the secret realm sounded in the air

"Start distributing this reward now!"

"The tenth place, the black-hearted ancestor.....Reward 10 Lotuses of the Soul!"

"Huh! 10 flowers are awarded! The rewards this time are more generous than the last one!"

"yes! Only 6 flowers were awarded in the last game!"

There was constant envy among the crowd.

"Ninth place, Master of Wanjian Pavilion.....Reward 15 Lotuses of the Soul...." really!

This time the reward is more generous

"Eighth place, Xiaoyao God Emperor...."

As the secret realm was announced, beams of reward light fell from the sky one after another.

There were constant sounds of envy in the crowd.

This reward is so generous that people can't help but be excited.

People also discovered that the reward this time did not have the Qi of Yuqing and the Qi of Shangqing.

Apparently, such items no longer exist.

Soon, the first place reward will be distributed.

Everyone looked at Qin Feng.

They were curious, what would be the reward for first place this time?

"The first place, Emperor Qin, will be rewarded with 1 drop of Kirin Holy Blood, 10 time and space crystals each, and 50 soul lotuses....."

This announcement immediately caused a stir in the entire audience.

"Oh My God! This time, I was rewarded with Kirin Holy Blood!"

"The Holy Blood of Qilin is the inherited blood essence of the Lord of Qilin!"

"Rumor has it that if you want to obtain the inheritance of the Lord of Qilin, you must first refine a drop of Qilin's holy blood.! "

As soon as he said this, countless people were envious.

The God-Emperors were all jealous.

Especially the God-Emperor Dzogchen people looked at Qin Feng with increasingly unkind eyes.

They came here just for the inheritance of the Lord of Qilin!

And possessing the holy blood of Qilin means that you have the qualification to inherit.

Right now, Qin Feng already has it, but they don't have it yet.

At the same time, Qin Feng received the reward with a happy face.

Kirin Holy Blood!

He got two drops.

In the southern examination room, the phantom clone also got a drop.

At this moment, the sound of the secret realm sounded again in the sky above the hall

"The rewards for this assessment have been distributed! The reward method for Taiqing Qi is now announced....."

Chapter 515

At this moment, the sound of the secret realm sounded again in the sky above the hall

"The rewards for this assessment have been distributed! The reward method for Taiqing Qi is now announced....."

"Oh My God! It's time to release the pure energy!"

There was a commotion in the field!

To a certain extent, the Qi of Taiqing is more precious and rarer than the Holy Blood of Qilin. At this moment, everyone's heart was burning.

The powerful God Emperor Dzogchen swallowed their saliva one by one , they are both envious and jealous.

They are also curious, how to divide the group of Taiqing Qi?

After all, there is only one group of Taiqing Qi, but there are four in the examination area.....

Even Qin Feng and the others became nervous.

It's so pure!

Qin Feng is very eager!

Both Chu Chu and Jade Qilin only have mid-level domination potential, and Bai Qi only has low-level domination potential.

The sound of the secret realm continues to sound

"The ownership of the Taiqing Qi this time will be determined by the competition between the first place in the four major examination areas. The first place in each area needs to compete with each other based on their strength....."

After the secret realm was announced, everyone understood it and showed strange expressions.

This secret realm actually allows the first place in the four major examination areas to enter a special space and fight each other for the Qi of Taiqing.

Their opponents are not just the first placers in other examination areas.

There are also three divine emperor Dzogchen monsters guarding the Qi of Taiqing.

It can be seen from this that it is really difficult to obtain Tai Qing Qi.

Of course, if you feel you are not sure, the first place winner in each district can choose to abstain.

At this moment, the secret realm was announced.

People in the hall shook their heads.

Even the powerful God-Emperor Dzogchen men were shaking their heads secretly.

This is too difficult!

Not to mention how strong the first place in each district is, just the three God-Emperor Dzogchen monsters joining forces are not something that ordinary people can handle.

Of course, many people in the crowd were gloating about the misfortune.

Those players who were in the late stage of the God Emperor and below were all afraid of Qin Feng and did not dare to show their pride.

Those powerful God-Emperor Dzogchen masters did not pay much attention to Qin Feng.

In the crowd, the nine-headed lion saint's mouth slightly curled up, revealing a hint of joy.

"Lord Lion Saint, do you think Emperor Qin will abstain?"

The voice of the Snake Queen came from behind the Nine-Headed Lion Saint.

The voice was very low. Obviously she was very afraid of Qin Feng and was afraid that Qin Feng would hear it.

The Nine-Headed Lion Saint did not take it seriously: "What do you think?"

"this.....", The Snake Queen hesitated.

This Emperor Qin is so mysterious, his performance is surprising every time.

Who knows if he will create another miracle!

The nine-headed lion saint looked at her hesitation and felt a little unhappy.

"Ah!", the nine-headed lion saint sneered, "This time to snatch Taiqing Qi, we relied on real strength, not luck."

"This Qin Emperor...don't you think that he basically relied on favoritism in the secret realm throughout the assessment? To put it bluntly, he just relies on luck..."

"Don't say anything else! His strength is only in the late stage of the God Emperor, which is a fact that is obvious to all. Do you think a late-stage God Emperor can deal with three big round monsters of the God Emperor?"

After hearing these words, the Snake Queen nodded slightly.

This analysis made sense.

When the Nine-Headed Lion Saint saw this, he smiled slightly.

To be honest, he originally lamented the loss of the great opportunity of Taiqing Qi.

Now it seems that Emperor Qin can't get it either.

This makes him inexplicably happy.....

In another corner, the Nine-Yue God Emperor and the Splitting Heaven God Emperor also secretly transmitted messages.

"Brother Splitian, your worries are unnecessary. Look, even if there is a chance of Taiqing Qi, Emperor Qin can't get it!"

"yes! I really didn't expect that the secret realm would be so difficult. With Emperor Qin's strength, there is no chance at all!"

Both of them looked gloating.

At this moment, the voice of the secret realm sounded in the field.

"Emperor Qin, do you accept this competition?"

As soon as the voice fell, everyone looked at Qin Feng.

They were curious whether Qin Feng accepted it.

"Do you think Emperor Qin will attend?"

"I don't think it's likely to be accepted! This assessment must last for half an hour. The danger of falling is very high!"

"that is! With Emperor Qin's rationality, he should give up!"

The crowd kept muttering

"I accept!"

Qin Feng's calm voice spread throughout the audience.

Everyone showed surprise.

In the corner, the God Emperor Xiaoyao, the God Emperor Yue Yue, and the God Emperor Splitting the Sky were all surprised.

This kid is really not afraid of death!

Nine-Headed Lion Saint Update His brows were furrowed.

He had just been bragging in front of the Snake Queen, saying that Emperor Qin would give up.

This boy immediately said that he would participate.

Isn't this specifically to get in trouble with him?

At this time, the voice from the secret realm sounded again

"Ranked according to the last results of each district. First in the South District, second in the East District, third in the West District, and fourth in the North District. The first place in the four major examination areas this time will enter in this order. One enters every three minutes! Three minutes later, the competition starts!"

After hearing this, Qin Feng's eyes lit up. The advantage of the last ranking turned out to be this! The advantage of entering first is very great. If you enter first, you can find the Qi of Taiqing first!

"Dad, you look at those people so strangely! It seems like if you go, you will definitely lose....."

The baby's little mouth is turned up high, and he seems very unhappy.

"Don't pay attention, dad will deal with them sooner or later! let us start!"

Qin Feng pinched her little face lovingly.

The little guy's face always smells delicious.

The next second, Qin Feng raised the flag of Xunfengyun Realm.

Five people entered the cloud group one after another.

In the main hall, people all showed strange looks..

These guys started to be mysterious again.

I don't know what they are doing.

In the cloud world, Chu Chu, Bao Bao, Yu Qilin, and Bai Qi all took out the rewards they had just received.

Qin Feng waved and all the prizes were obtained.

This time The rewards are very generous.

There are dozens of time, space, and reincarnation crystals, more than three times the number in the previous game.

The lotus of the soul has harvested more than a hundred, twice as many as the previous game.

Qin Feng He put away the time, space, and reincarnation crystals.

They were kept for future use.

He could use them to train Yue'er, Luo Li, and Liu Yan.

Then, he took out more than a hundred crystals from the storage ring. Lotus of the Soul.

This is a reward obtained from the southern examination area.

When the rewards from the two areas are added together, there are more than 300 Lotus of the Soul.

Qin Feng opened his mouth and sucked them all in.....

At the same time, the northern test area.

In the corner of the hall.

A group of people in the Demon Realm are discussing important matters

"Big boss, please accept this holy blood of Qilin!"

The three leaders respectfully presented the rewards they had just received.

"Well done!", the big leader happily took the holy blood

"Three leaders, the next battle for Taiqing Qi. If you can win it, this leader will reward you well after he goes out!"

The big leader looked at the beautiful woman in front of him with a smile.

This woman's skin was delicate and white, and her figure was excellent.

Although he had enjoyed it many times, he was still obsessed with it and felt very comfortable every time.

The third leader blushed, she knew that she What does the leader's reward mean?

Then, she said respectfully:"Big leader, my subordinates will try their best to strive for it! However, my subordinates are a little worried about their lack of strength! Besides, I was the last one to go in!

The second leader quickly flattered him and said,"Haha!"! Third leader, don't underestimate yourself. Your strength is at its peak in the God-Emperor's Great Consummation. This time I go, I will definitely win."

The third leader smiled slightly:"The second leader has given you the award!"

Having said that, these three leaders are indeed not simple.

The combat power of the God Emperor's Dzogchen is 10,000 to 30,000 trillion. The combat power of these three leaders has reached the limit of 30,000 trillion, and there are few opponents at the same level.

The leader also comforted him: "Just try your best. Even if you fail, it doesn't matter!"

At the same time, the western examination area.

In the main hall, Zixing looked at Patriarch Wutian with emotion.

"Brother Wutian, congratulations this time!"

"The fact that I was able to take first place this time was entirely due to luck. On the contrary, Miss Zixing was able to take second place in the weapon refining at such a young age. This makes me wonder!"

Ancestor Wutian had a smile on his face. At this moment, he was very proud.

He lost two games in a row to Purple Star.

In this third game, he finally moved back to Yicheng

"Brother, with your half-step dominance. This time when I go in, the Taiqing Qi is at my fingertips!"

"It's hard to say! After all, our West District is ranked third, and people from the South and East Districts all entered earlier than me. It all depends on luck!"

Ancestor Wutian said modestly, but his face was full of confidence.

He didn't believe that in this secret realm, besides Zi Xing and the leader of the Demon Realm, who else was qualified to compete with him?

As far as he knew, the leader of the Demon Realm The leader is not good at refining weapons, so he probably won't show up.

He has determined the Tai Qing Qi.....

At the same time, the eastern examination area.

In the main hall, inside the Qingyun barrier.

After Qin Feng swallowed more than 300 soul lotuses in one breath, the universe inside his body continued to roar, the space expanded infinitely, and various stars also increased.....

"Ding! Successfully swallowed the Lotus of the Soul....The cultivation level was promoted to 87 in the late stage of the Unicorn of the Universe.%....Combat power increased to 24,000 trillion...."

After a moment, Qin Feng opened his eyes happily.

This Soul Lotus is a great tonic for him, it would be great if he could get more of it.

The four Chu and Chu people were also surprised.

They clearly felt that Qin Feng's momentum had become much stronger.

"Chu Chu, you stay here this time!"

"Brother, won't you take me there?", Chu Chu was a little surprised. Qin Feng said mysteriously:"I just thought about it! If you stay in this hall, you might be able to make a wonderful move!

Chu Chu was confused:"Brother, what's the strange trick?"

"You will understand it then, but you can't explain it now! This time, you stay!"

"All right!"

Although Chu Chu wanted to fight with Qin Feng, she always listened to her brother's words.

At this moment, the voice of the secret realm sounded in the air,

"The battle for Tai Qing Qi begins! The southern players have arrived!"

With this announcement, there was a commotion in the field.

The battle that attracted much attention finally began.

Qin Feng quickly waved his hand and took Bao Bao, Bai Qi, and Yu Qilin into his body.

The next second, he turned yin and yang, He switched with the phantom clone.

In an instant, Qin Feng entered the examination area.

He turned around and looked around and found that he was in a square, surrounded by a huge plain battlefield, exuding the aura of eternal destruction.

According to According to the rules, the square he is in is a safe zone.

As long as the players regret it, they can enter the safe zone at any time.

In this safe zone, fighting each other is prohibited.

Qin Feng glanced around casually, waved, and the phantom clone appeared in Next to him.

According to the rules, the shadow clone should have entered first, and then he entered three minutes later.

But the rules of the secret realm were useless in front of Qin Feng.

He was used to cheating!

"Qin Feng, let's quickly find the Qi of Taiqing! In six minutes, the players from the Western Conference will come in!"

Yu Qilin's anxious voice sounded in Qin Feng's mind.

He has opened the vision for the three Yu Qilin.

The three Yu Qilin can also see the scene outside simultaneously.

"Then let's get started!"

Qin Feng's mind moved.

Chaos transformation!

The three stars merged!

In an instant, his combat power soared to 44,000 trillion.

Then, he made a seal in his hand.

The divine seal of creation was activated!

The next second, he He raised his head happily and looked in a certain direction.

In that direction, he sensed three demonic beasts of the Great Perfection of the God-Emperor gathered in the same location.

No need to guess, he knew that the Qi of Taiqing was there.

At that moment, Qin Feng's figure flashed and rushed in that direction.

The shadow clone followed closely.

With the Divine Seal of Creation in hand, his advantage of entering first was fully utilized..

Chapter 516

That space is an ancient battlefield, very huge.

Five minutes later, Qin Feng and the shadow clone arrived at their destination.

Sure enough, there are three God-Emperor Dzogchen monsters there.

A dog head with a feathered body, four wings on its back, and an aura of 20,000 trillion combat power.

It has a two-headed bull body, spits out fire and ice, and has an aura of 20,000 trillion combat power.

The last one has a phoenix head and a unicorn body, and its momentum has reached 30,000 trillion combat power.

Behind the three monsters is a small altar.

There is a blue glass-like air mass in the center of the altar, which is the Qi of Taiqing.

"Qin Feng, that is the Qi of Taiqing!"

Jade Qilin's excited voice sounded in his mind.

Qin Feng was delighted.

It all went so smoothly!

As soon as his figure flashed, he rushed towards the altar.

Roar!

Three monster beasts rushed over at the same time.

Qin Feng faced the strongest one One.

The phantom clone blocked the remaining two.

If it had been in the past, Qin Feng would have had a big headache when facing the monsters of the God Emperor's Perfection.

But now, his strength has greatly increased.

Chaos transformation, plus three major The Pole Star merged, and their combat power surged to 44,000 trillion.

Open the Divine Seal!

Qin Feng slashed it with one sword!

The Divine Tooth Sword turned into ten thousand feet of sword light, splitting the endless void. With one sword, the monster's scales were broken into pieces and covered all over its body. Cracks.

He followed up with another sword strike, turning into billions of sword lights, smashing the monster into pieces. The monster roared piteously!

Blood mist flew all over the sky!

There was an inner elixir left in the air, a drop of purple-red jade. Essence and blood

"Huh! This blood...."

Qin Feng looked at the drop of blood in surprise.

Yu Qilin's excited voice also sounded in his mind

"Qin Feng, that is the holy blood of Qilin!"

"Ha ha!! Sure enough!"

Qin Feng was overjoyed.

This trip was well worth it!

Unexpectedly, this monster with a phoenix head and a unicorn body actually provided him with a drop of unicorn holy blood.

Qin Feng waved his hand and put away the two trophies.

At this time, he Another monster screamed from behind.

The monster with a dog head and feather body was killed by the shadow clone.

There was an inner elixir left in the air, but there was no Kirin holy blood.

The combat power of the shadow clone But 36,000 trillion, it is really easy to kill a monster with only 20,000 trillion in combat power.

Qin Feng also raised his hand and slashed his sword to kill the last monster.

In the blink of an eye, another inner elixir was obtained.

Qin Feng With a wave of his hand, three God-Emperor Great Perfection-level inner elixirs appeared in front of him.

Each of these three inner elixirs contained no less energy than a divine source bead, which was much stronger than those ordinary inner elixirs.

Moreover, the inner elixirs contained The elixir contained more talismans and seals.

He opened his mouth and swallowed the three inner elixirs.

"Ding! Devouring the divine source level inner elixir successfully.....Cultivation level increased to late stage of Unicorn 91%.....Combat power greatly increased....."

"Ding! Congratulations to the host for obtaining a large number of insights into the talisman and seal scripts.....The level of weapon refining has been raised to the upper-grade master level....."

Qin Feng opened his eyes happily.

His weapon refining level finally rose to the upper-grade master level.

Of course, this is not just the help of the three inner elixirs.

He had gained a lot of experience in refining weapons before, which also played a big role.

In short, his current level of weapon refining is considered to be at the top level in the entire Star Alliance.

In addition, his combat power has been increased to 4.8 trillion.

The phantom clones simultaneously increased to 4 trillion.

The harvest is not small!

It can be seen from this that the Divine Origin Pearl and the Divine Origin Level Inner Alchemy have greatly helped to improve his cultivation.

"Dad, it seems someone is coming!"

The baby's reminder rang in Qin Feng's mind.

The little guy also has the Seal of Creation and is extremely sensitive to living things.

Qin Feng was startled and quickly sensed that a living being was coming hundreds of thousands of miles away.

The speed was so fast Terrifying, far exceeding the speed of the God Emperor's Great Consummation

"Qin Feng, 7 minutes have passed now, and the Western Region players came in 1 minute ago. He must have been attracted by the sound of fighting here."

Yu Qilin reminded

"That's right!"

Qin Feng hurriedly walked to the altar in front.

There was a protective light shield around the altar.

Qin Feng raised his hand and struck the light shield with a sword.

Click~! Click~! Click~!

Cracks appeared on the light shield.....

Not even a single sword was broken!

The defensive power of this mask is extremely strong!

Immediately, Qin Feng figured out the intention of the secret realm.

The secret realm is to allow players to break the formation and gain Tai Qing Qi.

Formation and weapon refining are different approaches to the same goal.

If you know how to refine weapons, you will naturally understand formations.

This level is also testing the formation knowledge of the first place in the four major examination areas.

But the secret realm underestimated Qin Feng's attack power.

Now that someone is coming to grab it, Qin Feng has no time to slowly break the formation.

Boom~! Boom~! Boom~!

Three swords in a row~!

Click~! Click~! Click~!

There are more and more cracks in the photomask, and it is about to break.

At this moment, there was a rapid sound breaking through the air in the distance.

Qin Feng looked back and saw an old man with a gloomy face flying towards this side quickly.

The person coming is none other than Patriarch Wutian!

"Huh! Too pure energy!"

Ancestor Wutian also saw the Qi of Taiqing, and his eyes suddenly lit up.

"Boy, get out of here if you don't want to die! This pure Qi belongs to me!"

Ancestor Wutian shouted excitedly, and his speed doubled.

At this moment, he was very angry.

If this secret realm did not limit time and space, he would have passed by teleporting.

When he saw the speed of Ancestor Wutian, Qin Feng His face changed slightly.

This old man was definitely not an ordinary God Emperor, and he should not be an opponent.

But Qin Feng had no intention of stopping.

He struck out with another sword.

The phantom clones struck at the same time.....

Boom~!

Click~!

The mask of light shattered, the altar collapsed, and the Qi of Taiqing emerged.

Qin Feng waved his hand and collected the Taiqing Qi into the storage ring.

Ha ha!!

Treasure in hand!

"Damn it!"

Not far away, Patriarch Wutian's violent roar came.

At this moment, his eyes were so anxious that his eyes were on fire, and his whole body's momentum exploded, overwhelming the sky and the earth, with great power.

His combat power suddenly reached 120,000 trillion!

"No, he is a half-step master!", Yu Qilin exclaimed

"Dad, run!"

"Your Majesty, there is danger!"

Qin Feng was also horrified.

He was not arrogant enough to confront the Half-Step Master.

At that moment, he turned around and ran away.

The shadow clone followed closely behind him.

"Ha ha!! Boy in white, it's just a dream for you to escape from me! Quickly hand over the Taiqing Qi, I will spare your life! Otherwise, you will die without a burial place!"

Ancestor Wutian sneered while speeding up the chase.

According to the competition rules, the timer starts from the moment the first place in the southern district enters the space.

This battle will last half an hour.

After half an hour, regardless of the four Whether each player has obtained Taiqing Qi, the battle will be forcibly ended.

In other words, just because they have obtained Taiqing Qi now does not mean they will be the final winner.

As long as whoever grabs it within half an hour and keeps it , that is the final winner.

Right now, it has only been about 10 minutes since the Southern District players came in.

In other words, there are still 20 minutes before this battle is over.

He has enough time to grab it!

Thinking of this, there is no way Ancestor Tian felt proud.

With his half-step dominance, it would be a shame if he couldn't deal with the boy in white.

This time, he was sure of the Taiqing Qi.

Having said that, the boy in white and the boy in black cloak Yes, their auras are very similar, and they even ran away together.

Why do you feel that these two people are in the same group?

Ancestor Wutian knows very well that one of the two people should be from the South District and the other from the East District.

Moreover, these two people have no aura. Even weak, they exceeded the limit of the God Emperor's perfection.

But even so, he didn't take it seriously.

Ancestor Wutian was much faster than Qin Feng.

The distance between the two was getting closer and closer.

"Dad, that old man is catching up!", the baby is anxious

"Qin Feng, there are still 20 minutes left, what should we do? If we continue to hunt like this, not only will we not be able to keep our Taiqing Qi, but our lives will also be in danger!"

Yu Qilin was also worried.

Qin Feng said calmly: "It doesn't matter! As long as we get to the original square, we'll be safe! Where is it forbidden to fight each other!"

"Yes!"

Everyone was pleasantly surprised.

But at this moment, Patriarch Wutian was already approaching, and the distance between the two sides was only a few hundred miles.

For them, such a long distance was just a blink of an eye.

But Qin Feng was far away from the square The safe zone is still tens of thousands of miles away

"Ha ha!! Boy, let me see where you run away!"

The proud laughter of Patriarch Wutian rang out from behind Qin Feng.

Qin Feng had a thought in his mind and made a palm print.

The Wuji Divine Seal was activated!

The Yin and Yang fish emerged!

Thousands of miles in radius were shrouded in the Wuji Barrier!

Time and space changed!

Qin Feng instantly He imposed a time delay on Patriarch Wutian.

His speed suddenly dropped to half.

Qin Feng himself teleported and was hundreds of miles away.

"What secret technique is this? Damn it!"

Ancestor Wutian was angry and punched out.

The attack power of that punch actually exceeded 600,000 trillion...

Boom~!

Punch out!

The sky was dark and the earth was dark!

Click~!

A crisp sound!

The Wuji barrier shattered.

Wutian The ancestor actually broke the Wuji barrier with one punch.

Baobao, Yu Qilin, and Bai Qi all changed their expressions.

Qin Feng was also shocked.

His Wuji barrier was soIt was the first time it was broken.

Half-step dominance is indeed extraordinary!

After breaking the Wuji barrier, Wutian Ancestor caught up again, and the distance between the two sides became closer again.

Suddenly, the two sides were less than a hundred miles apart.

Qin Feng was helpless.

Wuji Barrier cannot stop Patriarch Wutian, it can only change the strategy.

As soon as Qin Feng's thoughts moved, the shadow clone turned around and faced Ancestor Wutian to fight.

"Boy, why don't you grab Tai Qing's energy and fly here to stop me?!"

Ancestor Wutian looked at the oncoming phantom clone and was greatly puzzled.

The phantom clone ignored it and directly faced it.

"court death!"

Ancestor Wutian is extremely disdainful.

The combat power of this guy in black cloak is only 40,000 trillion, and he can easily kill him in an instant.

Half-step master is different from the God Emperor's Great Perfection. They have already touched some great laws, and a single strike can increase their power several times." With the same fighting power, half a step to the realm of domination, one can easily defeat the God Emperor Dzugchen, and even kill him.

"die!"

Ancestor Wutian punched the phantom clone.

Within thousands of miles, the color of the world changed!

Click~! Click~! Click~!

Countless spaces collapsed!

Ancestor Wutian punched through the space, and the bombardment fell on the shadow. On the clone.

The Divine Seal of Heaven - activated!

The phantom clone received the blow.

The next second, the phantom clone was shaken all over.....

Click~! Click~! Click~!

In an instant, his whole body was covered with cracks.

Thousands of miles away, Qin Feng's whole body was shaken at the same time, and his seven orifices were bleeding.

The Divine Seal of Heavenly Dao absorbed half of the attack power and merged into Qin Feng's small universe.

Yu Qilin and the others saw with their own eyes that there was a large ball of alien energy in the small universe.

The next second, the energy turned into a nebula and merged with the small universe.

And Qin Feng's combat power also increased by one point.

Sure enough, the more you get beaten, the stronger you get!

It's just that such an attack is too terrifying, and he can't bear it many times.

The next second, the Divine Seal of Creation was activated, and all injuries were restored.

On the other side, Patriarch Wutian was stunned.

He looked at the phantom clone with a confused expression.

How can this be?!

This guy was not killed instantly by me!

You know, even the God-Emperor Dzogchen, who has a combat power of 60,000 trillion, was killed by him with one move.

What's more, this guy only has 40,000 trillion!

At this moment, the phantom clone quickly recovered under the influence of the Divine Seal of Creation, and the cracks on its body were reducing.

"Damn it!"

Ancestor Wutian was furious.

He didn't believe that he couldn't kill the phantom clone instantly.

Boom~!

Another punch!

The phantom clone groaned, and cracks appeared all over his body.

In the distance, Qin Feng paused, and his momentum increased.

"Not dead yet!"

Ancestor Wutian punched again.

The shadow clone struggled to resist, and the cracks on his body increased.

In the distance, Qin Feng's momentum increased again.

"die!", Ancestor Wutian was so angry!

He didn't even kill the little God Emperor Dzogchen with three punches.

This time, he struck with all his strength, and his attack power increased by 30%. In an instant, the sky was dark, the earth was dark, sand and stones were flying, and it was like a world Destruction.

Within thousands of miles, it seemed that it would collapse in the next second.

Boom~!

An earth-shaking loud noise!

The shadow clone was finally blasted to pieces, turned into yin and yang energy, and completely disappeared from the world.

In the distance, Qin Feng He spat out a mouthful of blood.

He was injured by the shock.

But the next second, his momentum increased again, and his combat power increased to 4.9 trillion unknowingly.

"Ha ha!! How dare you stop me, you are really looking for death!"

Ancestor Wutian laughed proudly.

At this time, he looked up and saw that Qin Feng had already fled thousands of miles away.

Damn it!

We can't let this kid escape!

He ducked and chased Qin Feng again.

In just a moment, both sides The distance was getting closer again, only five hundred miles apart.

The joy on Patriarch Wutian's face became more and more intense. But at this moment, the space in front of him fluctuated.

A figure wearing a black cloak appeared.

Damn~!

Isn't this the boy he killed just now?

Why is he resurrected?

Patriarch Wutian was a little surprised.

But the next second, he was even more confused.

Not only was the cloaked boy resurrected, his fighting power was even stronger than before. Yes, it has reached 41,000 trillion.

What the hell is this?..

Chapter 517

Not only was the cloaked boy resurrected, but his combat power and momentum were actually stronger than before, reaching 41,000 trillion.

What the hell is this?

Ancestor Wutian frowned.

He couldn't figure out how the phantom clone was resurrected.

His punch just now clearly destroyed this kid's soul. How could he be resurrected?

Could it be that he is the master?

Only the Lord can be resurrected even if his soul is destroyed.

But this kid is obviously not!

Could it be that I didn't kill him cleanly enough just now?

As soon as this thought came up, the shadow clone took the initiative to kill him.

Ancestor Wutian was furious.

He was actually bullied to his head by a little god-emperor, Dzogchen.

"roll!"

Boom~!

The color of the world changes!

One punch!

Click~! Click~! Click~!

The phantom clone's whole body is cracked!

The seal of creation is repaired quickly!

Another punch!

Click~! Click~! The cracks deepen!

Still not dead?!

Ancestor Wutian added two more punches.

The phantom clone collapsed.

Qin Feng was bombarded four times from the air, his mouth and nose were bleeding, and he was seriously injured.

But his combat power and momentum increased again, reaching 50,000 trillion. At this time, Patriarch Wutian looked up and saw that Qin Feng was thousands of miles away again.

Damn it!

If the boy in the cloak hadn't kept obstructing him, he would have caught up with the boy in white and killed him.

Elder Wutian Zu looked around cautiously.

He was sensing the remnant soul of the phantom clone, lest the kid resurrected to hinder him.

In just a few seconds, he clearly sensed that the cloaked kid completely disappeared, without even a trace of the remnant soul. Stay.

Ancestor Wutian breathed a secret sigh of relief and hurriedly chased Qin Feng.

The irritating guys have been completely eliminated, and now only the boy in white is left, and the Taiqing Qi is recruiting him.

Boom~! Boom~!

Wutian Ancestor Tian chased Qin Feng wildly, his momentum was like a rainbow, and his murderous intent was overwhelming.

For more than a thousand miles.....nine hundred miles.....seven hundred miles.....

The distance between the two sides is getting closer and closer. six hundred miles.....Five hundred miles away... the space ahead suddenly fluctuated!

Then, a series of dark shadows appeared, blocking his way.

"why is it you again!"

Ancestor Wutian was confused!

Why was this cloaked boy resurrected again?

But at this moment, the shadow clone took the initiative to kill him again.

Ancestor Wutian was furious.

But the next second, he was shocked to find that this guy It became stronger, and its combat power reached 4.2 trillion.

What the hell is this?

Ancestor Wutian was confused.

In the blink of an eye, the two sides were fighting together again.

This time, Ancestor Wutian punched five times, and the Void was defeated. The shadow clone was defeated.

Qin Feng's strength improved again.....

In this way, Qin Feng ran towards the safe zone while using his phantom clone to stop him.

He continues to get injured and his strength continues to improve.

Of course, since he has the Divine Seal of Creation, those injuries are nothing at all and can be recovered in the blink of an eye.

Time flies!

The two sides chased and escaped, and the phantom clone was resurrected countless times.

Ancestor Wutian became more frightened the more he killed.

At the beginning, he could destroy the shadow clone with four punches.

In the end, it took him six punches to kill the clone.

The momentum of the phantom clone has also increased to 4.3 trillion.

Qin Feng's momentum also increased to 5.1 trillion.

The distance between Qin Feng and Patriarch Wutian is gradually widening.

Unconsciously, Qin Feng was only a few miles away from the safe zone.

The square is in front of you.

Behind Qin Feng, thousands of miles away, Patriarch Wutian also saw it.

At this time, he finally understood Qin Feng's purpose, and his face changed slightly

"not good! It turns out that this kid wanted to take refuge in the safe zone!"

"no! Can't let him in! Otherwise, you will be in trouble!"

Ancestor Wutian was in a panic.

But now he was tightly entangled by the phantom clone.

At this moment, a man in black flew out from near the square.

That was the last three leaders of the Demon Realm to enter.

She was originally everywhere Looking for the Qi of Taiqing.

The sound of fighting here attracted her.

When Patriarch Wutian saw her, he quickly shouted:"The people in front of you quickly stop the boy in white. He has taken away the Qi of Taiqing. Don't let him." He enters the safe zone!"

"What?!"

The three leaders of the Demon Realm were shocked.

Immediately, without saying a word, she rushed over and blocked Qin Feng's way.

"Boy, hand over your Tai Qing Qi!"

The three leaders shouted and attacked with all their strength.

At this moment, there was a loud noise behind them.

The shadow clone was once again blasted into smoke.

Qin Feng was shocked all over. This time, he only grunted and did not speak again. Nose bleeding.

As his strength increased, his resistance became stronger and stronger.

But during this delay, the three leaders' attacks arrived.

Not far away, Patriarch Wutian was overjoyed when he saw this scene.

God help me!

He took the opportunity to catch up.....

But here, Qin Feng resisted a blow from the air and quickly waved his hand. The shadow clone was strangely resurrected and suddenly appeared behind the three leaders.

"die!"

Qin Feng and the shadow clones shot at the same time.

Two sword lights shot up into the sky!

It was like splitting the sky and splitting the earth!

Shattering all the voids!

Boom~!

A shocking loud noise!

A shrill scream resounded through the sky!

The three leaders of the Demon Realm were actually killed. Qin Feng and the clone teamed up to kill him instantly.

There was a divine source bead and a storage ring left in the air.

Not far away, the ancestor of Wutian was stunned.

The three leaders of the Demon Realm were no ordinary characters at first glance. Their strength was that of the God Emperor. The pinnacle of perfection.

When she took action, the true meaning she displayed was also of the highest level, and she was killed instantly.

At the same time, Ancestor Wutian also had an unpleasant feeling in his heart.

Qin Feng ignored Old Ancestor Wutian. What did Zu think?

He waved, put away the Divine Origin Bead and the storage ring, and rushed to the safe area.

In just a few seconds, he rushed into the safe area!

Haha!

Success!

Qin Feng landed on his feet and finally relaxed. At this moment, the sound of breaking through the air sounded behind him, and Patriarch Wutian followed closely. As soon as Patriarch Wutian landed, he glared at Qin Feng angrily, but did not take action immediately.

"Do you have any ideas?", the corners of Qin Feng's mouth raised slightly.

This is a safe zone!

Even a half-step master must abide by the rules of the secret realm!

Ancestor Wutian closed his eyes slightly, seeming to calm down.

After a moment, his expression relaxed, and he slowly opened his eyes, recovering from the coldness of the past.

"Do you know my strength? ", Patriarch Wutian suddenly asked.

"clear! Half-step dominance!"

"As long as you understand! In the next few assessments, you and I will meet again. If you are wiser, you can give up your pure Qi. I just pretend that what happened today never happened. If you insist not to pay! snort~! "

Ancestor Wutian smiled coldly.

The threat couldn't be more obvious.

"What if I don't pay?"Qin Feng is not afraid at all. So what if he dominates half a step?

He will surpass sooner or later!

"You don't pay?!", Patriarch Wutian frowned slightly, and the frown on his face deepened.

"That's right!"

Qin Feng sneered

"Do you think that fighting is prohibited here and I can't do anything to you?",

Patriarch Wutian's face became gloomy, and there was still a trace of disdain hidden deep in his eyes.

Qin Feng suddenly felt that something was wrong:"What do you mean?"

"snort! Let me tell you this, I know more about the rules of this secret realm than you do! Qin Feng was even more puzzled:"

Speak directly if you have something to say!" Ancestor Wutian said coldly:"

If I give you one last chance, will you refuse to make peace with Taiqing Qi?"

"No!"

As soon as these words fell, Patriarch Wutian's anger surged.

This boy really didn't give him any face!

He took a deep breath, the aura on his body became colder and colder, and the atmosphere in the venue gradually became depressing.

Qin Feng vaguely felt something was wrong. What was this old guy going to do?..

Chapter 518

At this time, Patriarch Wutian sneered and said: "Boy, I didn't want to reveal my strength too early, but you have to force me! In this case, let's get on with it!" As soon as these words fell, Qin Feng's heart moved.

At this moment, Patriarch Wutian suddenly punched Qin Feng directly.

He ignored the rules of the secret realm and took the initiative to attack Qin Feng.

That punch was the full blow of Patriarch Wutian, and the attack power was extremely powerful.

Qin Feng's face changed slightly, he couldn't catch this blow.

In just one thought, he and the shadow clone switched bodies.

Boom~!

The phantom clone was blown away!

In just an instant, the color of heaven and earth changed.

A divine thunder struck directly at Ancestor Wutian

"Ha ha!! You finally came!!"

Ancestor Wutian actually laughed, waved his hand, and held a golden round shield in his hand.

Click~!

The divine thunder struck the golden shield.

Ancestor Wutian grunted, and his body swayed slightly, but he actually resisted.

And he Thousands of meters around him became a piece of scorched earth.

It was bombarded by the remnant power of the divine thunder.

Qin Feng was extremely shocked.

This was the first time he had seen someone who could withstand the divine thunder in the secret realm.

It was incredible!

Buzz~!

There was a clear sound from the sky and the earth!

The entire secret realm was shocked!

The sky suddenly became extremely gloomy, as if the sky was about to collapse, the atmosphere around was extremely solemn, and the endless power of heaven pressed down...

A flash of lightning lit up!

Click~!

The second divine thunder fell. , struck directly at Ancestor Wutian.

The power of this divine thunder was twice as strong as the previous one. Qin Feng was horrified and took a step back to avoid being implicated.

With his current strength, he was afraid that he would die if he was hit by lightning. Wow.

Boom~!

The divine thunder bombarded the golden shield.....

Wow~!

Ancestor Wutian was shocked to the point of bleeding from all his orifices, and he spat out a large mouthful of blood.

The blood was actually mixed with some internal organ fragments, and the air was filled with a strong smell of blood.....

But at this moment, the secret realm was furious, the heaven and the earth roared, and the power of heaven increased.....

Click~!

A bolt of lightning lit up the entire space!

The third divine thunder descended from the secret realm.

This divine thunder is twice as powerful as the second one.

Bang~!

The divine thunder struck the golden shield!

The sky is filled with thunder and light!

The surrounding space was shattered

"ah~! "

Ancestor Wutian screamed, and his shield was shattered, and his flesh and blood flew everywhere.

"This is....."

Qin Feng's sharp eyes saw a severed hand flying out. He dodged, grabbed the severed hand, and stuffed it into his storage ring.

He just finished all this.

There was a clear chant in the secret realm.

The sky gradually became brighter, and the invisible power of heaven dispersed automatically. After a while, it disappeared without a trace, and no more thunder and lightning came.

Ancestor Wutian, who was shattered into pieces, automatically fused together and transformed into a human form again.

His body was actually intact and his momentum was not weakened much.

At the same time, the voice of the will of the secret realm sounded in the sky

"The examiner, Patriarch Wutian, passed the test and was promoted to a secret realm killer!"

"Secret Realm Killer: Not subject to killing restrictions, he can actively kill players in the assessment area without being punished by the secret realm!"

"Except for the safe area of the main hall! Fighting is absolutely prohibited there!"

As soon as this information was released, everyone in the secret realm heard it and were shocked.

The four major examination areas were all boiling.

Qin Feng was also confused.

At this moment, Patriarch Wutian looked proud.

He slowly raised his head, a look on his face Looking at Qin Feng mockingly

"Boy, you forced me to do this!"

Qin Feng took a deep breath.

The situation is not good now!

The protection of the safe zone has failed.

But only half of the battle has passed.

In other words, he will have to persist here for 15 minutes before he can leave. There is a lot of space.

But can he persist?

Qin Feng has no confidence.

This old guy obviously has not exerted his full strength.

"I'm curious! How do you know the secret realm has such rules?", Qin Feng inquired.

Ancestor Wutian sneered: "I said, I know the secret realm better than you! It was you who forced me to take out this trump card!"

Ancestor Wutian rubbed the golden shield in his hand with a proud look in his eyes.

"Is this your trump card?"

Qin Feng looked at the shield curiously.

The shield was indeed magical. It blocked three secret realm divine thunders without any damage.

"That's right! This is just one of its forms! Its true form will be ten times more powerful! However, I don't want to be exposed so early!"

Ancestor Wutian is confident.

He looked at Qin Feng as if he were looking at a dead person.

If he didn't know that there are two half-step masters in this secret realm, he wouldn't mind showing the true form of the golden shield now.

However, He doesn't want to be exposed too early yet.

This form is enough!

"Your shield is really amazing! What exactly is it?"

"Boy, after asking so many questions, aren't you worried about your own life?"

Ancestor Wutian looked at Qin Feng with a playful expression and slowly approached.

"Boy, there are still 15 minutes until this secret realm ends! I'm curious, how long can you last? 3 minutes? Or 5 minutes?"

Ancestor Wutian became more and more proud as he spoke.

With the help of the golden shield, his combat power was slowly increasing.

At this moment, he could imagine how Qin Feng would beg for mercy.

But he didn't expect that Qin Feng stood up when he saw him approaching. smile in place

"Old guy, don't think you're the only one with the trump card!

Ancestor Wutian was stunned:"You have one too?"

"certainly!"

"Then take it out!

Qin Feng smiled:"The trump card is not that the stronger it is, the better!" As long as it works, it's the best trump card! Anyway, after talking to you so much, it's time for me to leave!"

"What?"

Ancestor Wutian was stunned, and the space in front of him suddenly fluctuated.

The next moment, Qin Feng disappeared out of thin air, and even his breath disappeared.

Ancestor Wutian was dumbfounded.

Only Qin Feng's last scene remained in his mind. His smile, his teeth are so white.

Where are the people?

This competition is not over yet!

Why is the boy in white missing?

Who can tell him what happened?

Ancestor Wutian is a little confused.

At the same time, the Eastern Examination Area In the main hall.

In the cyan cloud world, Chu Chu was anxiously waiting for news about Qin Feng.

Just now, the secret realm announced that Patriarch Wutian had become a killer.

Chu Chu was anxious!

What should I do?

My brother will be fine. Right?

As soon as she had this idea, there was a space fluctuation around her, and Qin Feng appeared.

"elder brother!"

Chu Chu rushed over at once.

Qin Feng patted his sister's back.

It turned out that Chu Chu was his trump card.

He had left Chu Chu in the hall before and thought of this level.

What if he encountered someone while fighting for the territory? If there is danger, he can use the space to reverse summon and forcefully leave the battlefield. This method has been tried and tested in this space.

This is also one of his trump cards.

"Girl, don't stick so close, your chest will feel tight from being squeezed by you!"

Qin Feng smiled and pushed his sister away.

This girl is really getting better and better.

"Brother, have you obtained the Qi of Taiqing?", Chu Chu asked curiously

"certainly! Moreover, the harvest is greater than imagined!"

Qin Feng took out a hand with a face full of joy.

It was the severed hand of Patriarch Wutian.

There was a storage ring on the middle finger.

At the same time, in the scramble for space. As soon as

Qin Feng left, The secret realm shook for a while.

Then, the sound of the secret realm sounded

"It was detected that Emperor Qin had taken away the Qi of Taiqing! This battle is over!"

"What?! it's over? This is the end?"

Ancestor Wutian looked up at the sky with a confused look on his face.

This result was hard for him to accept!

"Secret realm, what are you doing? That kid broke the rules! Why did it end!"

Unwilling to give in, Patriarch Wutian pointed at the sky of the secret realm and cursed.

Suddenly, his eyes saw the bare middle finger.

Damn~!

My severed hand!

Patriarch Wutian suddenly thought of a question.

He was struck by the divine thunder before. Broken flesh body.

A severed hand was captured by Qin Feng and put into the storage ring.

The storage ring was very strange. Once it was put in, it blocked the induction.

He knew all this in his heart and didn't care..

Based on his level, cutting off the body and regenerating it is too childish.

More importantly, in his eyes, Qin Feng is already dead.

Just kill Qin Feng and take out the severed hand.

But now, his hand No more.

The most important thing is that there is his storage ring in that hand!

Half of his life savings, as well as the rewards from this secret realm, are all in it!

At this moment, the secret realm space shook.

Ancestor Wutian was forcibly teleported out

"Storage ring! My storage ring!"

The sky above the secret realm echoed with cries of incomparable grief and indignation..

Chapter 519

When Patriarch Wutian was forcibly teleported out.

The phantom clone that had been standing in the corner was also sent back to the southern examination area by the secret realm.

The phantom clone is an extension of Qin Feng's body.

Qin Feng almost laughed out loud as he saw everything that happened in the fighting space.

Seeing Patriarch Wutian's sad and angry look, he felt greatly relieved.

At the same time, in the eastern examination area, within the Qingyun Formation

"Brother, whose hand is this?", Chu Chu was a little surprised

"Ancestor Wutian!"

Chu Chu's eyes widened.

Didn't Patriarch Wutian just become a secret killer?

That is an extremely terrifying role!

"Brother, how come you have his hand?"

"I'll explain it when I have time."

Qin Feng directly touched the storage ring and put away the severed hand.

Chu Chu's eyes lit up: "Brother, this ring belongs to Patriarch Wutian?"

Qin Feng nodded slightly.

The brother and sister suddenly laughed and were very happy.

Then, Qin Feng looked inside and his smile became even brighter. He really made a fortune this time!

At this moment, over the entire hall, The sound of the secret realm echoes again

"This battle for Taiqing Qi is over! Winner: Emperor Qin of the Eastern District!"

As soon as these words were spoken, the whole hall was in a state of shock.

"Did Emperor Qin from our district win? Doesn't he only have the strength of the late God Emperor?"

"Not sure! In any case, he has obtained Tai Qing Qi!"

The crowd kept muttering.

The God Emperors were surprised and envious.

In the corner, the Nine-Headed Lion Saint was a little embarrassed.

He had previously despised Qin Feng in front of the Snake Queen, saying that Qin Feng could not stand up to the three God Emperors. Under the guardianship of the Perfect Demonic Beast, he grabbed the Qi of Taiqing.

Unexpectedly, he was slapped in the face in the blink of an eye.

This continuous failure made him feel unhappy.

On the other side, the Nine-Yue God Emperor and the Splitting Heaven God Emperor also faced each other. Looking at each other, their brows were a little depressed.

They had conflicts with Qin Feng, so naturally they couldn't see Qin Feng getting any benefits.

What a pity! It backfired!

And more God Emperors looked at Qingyun Barrier, showing greed.

The Qi of Taiqing Ah!

But it is a treasure that can enhance the potential of a mid-level master to a high-level one.

Even if the God Emperor qualification is refined, it can be upgraded to a mid-level master qualification in one fell swoop.

Who wouldn't want such a treasure?

What a pity! This is the only one in the entire secret realm!

"Do you think Emperor Qin would immediately refine it after receiving the Qi of Taiqing?"

"Haha! Do you think he has enough time?"

"that is! It takes at least three to five months to refine Tai Qing Qi! He must have waited until he left the secret realm before refining it."

The crowd whispered.

The speaker was unintentional, but the listener was intentional.

Many people were secretly happy.

As long as Emperor Qin could not refine it in time, they would have a chance...

Inside the Qingyun Barrier.

Chu Chu's beautiful brows frowned slightly.

"Brother, this secret realm is real. Why does it have to announce that you have obtained Tai Qing Qi? Now, everyone knows you have this baby.

Qin Feng smiled calmly:"This is not necessarily a bad thing. The so-called misfortunes and blessings depend on each other." The other side of crisis is often opportunity. After disaster comes blessing"

"All right!", Chu Chu puffed up her mouth,"I'm not happy when I see those guys outside, all of them looking greedy with blue eyes."

Qin Feng smiled slightly and said:"They must also have that strength!"

At this moment, the voice of the secret realm sounded again.

This time it was announced that it would be repaired for three days.

Three days later, a unique special assessment began.

According to the prompts, the assessment was related to the number of points. The more points, the more advantageous it is.

The specific rules will be announced three days later. As soon as this news was released, many people frowned.

Most of them only had a few hundred points.

Some even only had more than a hundred points.

At this time, everyone looked at Qingyun Barrier with envy.

Emperor Qin It is a well-known fact that he has accumulated five to six million points.

Not only Emperor Qin, but also his four subordinates also have tens of thousands of points, which is enviable!

In the next game, they will get benefits again.

In the crowd, the Nine-Headed Lion Saint was extremely jealous. He only had a few thousand points after three games.

Inside the Qingyun Barrier.

Qin Feng and Chu Chu both looked happy when they heard the announcement.

They had more points than these people knew..In the southern examination room, they still have a lot of points

"Brother, in the next assessment, we are going to make a lot of money again!"

"I don't know the rules yet, who knows what's going on??"

"whee! The Secret Realm has said that the higher the points, the better!", Chu Chu looked excited.

Qin Feng said with a smile:"Never mind that for now! Let's go!"

After saying that, he waved and the two of them entered the small universe.....

At the same time, the western examination area.

In the corner of the main hall, Zixing was shocked after hearing the announcement about the secret realm.

The winner was actually Emperor Qin!

"Is this Emperor Qin really Qin Feng?"

The figure of Qin Feng appeared in her mind.

How powerful is that extremely handsome young man?

She knows the strength of Patriarch Wutian. Even she is not sure that she can defeat Patriarch Wutian. How can Qin Feng win from him? Grabbing the Qi of Taiqing,

Zixing couldn't help but look at a certain corner.

There, Patriarch Wutian was sitting there with a look of despair, looking at one place stupidly, as if he had been greatly affected. A blow.

Zixing was curious about what he had experienced?

But it was hard for her to ask.

In this case, she wanted to know even more whether the Qin Emperor announced by the secret realm was Qin Feng.....

At the same time, the northern test area.

In the corner of the hall, everyone in the Demon Realm looked very heavy.

The big leader stared blankly at the broken soul card in his hand.

That is the soul card of the three leaders.

He didn't speak, and people around him didn't dare to disturb him.

The atmosphere in the venue was a bit depressing

"Second leader, who do you think will kill the third leader?"

The big leader's voice was hoarse and his eyes were bloodshot.

His woman was actually killed!

"this....",The second leader thought for a while and said,"Big leader, if Patriarch Wutian can become a killer, he must have the strength to be a half-step master.""

"And if Emperor Qin can snatch the Qi of Taiqing from his hands, he may only have half the strength to dominate."

"What do you mean, they are all suspects?"

"Yes!"

The big leader closed his eyes slightly.

After a moment, he opened his eyes

"They all must die!"

The big leader crushed the soul card in his hand, his voice full of boundless hatred.

He is arrogant! He is ruthless! He is selfish! He is cruel!

But he loves his woman deeply!

What's more, this woman is his own cousin.!

Huh! So what if Patriarch Wutian and Emperor Qin are half-step masters?

As long as he finds the Abi Sword and Yuantu Abi swords are combined, even half-step masters will die!

Seeing the pain of the big leader, the second leader said, He also looked sad.

He lowered his head slowly, as if he was also sad for the three leaders.

But the moment he lowered his head, the corners of his mouth curled up slightly, revealing a sneer.

Great!

Now the big leader, Patriarch Wutian, and Emperor Qin The conflict has intensified!

Perhaps, he will become the final winner.

Half-step dominance?

Haha!!

The second leader actually has some disdain in his heart.....

At the same time, the small universe, Zhongpole Star, is in the palace.

Qin Feng, Chu Chu, and Baobao gathered together excitedly

"There is only one ball of Taiqing Qi, which one of you two wants it?"

Qin Feng looked at Chu Chu and Yu Qilin.

Both of them are middle-grade dominators.

But Bao Bao has high-grade dominator potential and cannot use it.

Bai Qi has low-grade dominator potential and it is a waste to use it.

"Give it to Chu Chu!", Yu Qilin said it simply.

Chu Chu quickly shook her head: "Sister Yu'er, it's up to you to use it! After using up your reincarnated body, your cultivation level will improve faster than mine. That way I can help my brother better!"

Chu Chu thinks about her brother now.

As long as she can help her brother, she is willing.

Yu Qilin smiled and said:"If you really use it for me, it will be a waste!"

"Why?!"

Everyone was puzzled.

Yu Qilin explained:"This is what happened. In this secret territory of Ziyun, our Qilin clan has four inheritances. They are the inheritance of the Lord of Qilin, the inheritance of Fire Qilin, the inheritance of Water Qilin, and the inheritance of Rui Qilin. In my previous life, I was a saint from the water unicorn lineage."

Speaking of this, she glanced at Qin Feng with strange eyes.

As a saint in her previous life, she had always been a perfect body. She only knew how to practice and didn't know what love was.

But she didn't expect that she had not practiced yet in this life. After that, he met Qin Feng, and then he was beaten by this guy.....

Qin Feng understood what she meant and couldn't help but reveal a bad smile.

The taste of the saint is quite good!

Yu Qilin continued:"As long as I can inherit the inheritance of Shui Qilin, my potential will automatically be upgraded to the level of high-grade domination, so this Taiqing Qi is wasted on me, and it is more suitable to give it to Chu Chu!"

Everyone suddenly realized.

Qin Feng also nodded slightly:"Then this Tai Qing Qi will be given to Chu Chu!"

He waved his hand, and the group of Tai Qing Qi flew towards Chu Chu.

Chu Chu was delighted:"Brother, thank you!"

"OK! Everyone, please seize the time to retreat! Follow the secret realm prompts and when the next assessment is over, the four major examination areas will gather together. By then, the competition will be more intense and the dangers will be greater."

As soon as these words fell, Yu Qilin, Baobao, and Bai Qi's expressions changed slightly.

The three of them thought of Ancestor Wutian.

"Dad, that ancestor Wutian is so scary! What if we can't defeat him if we meet him again?"The baby was a little worried.

Qin Feng touched her little head and said:"So, we must speed up the improvement of our strength!"

Yu Qilin nodded:"That's right! We must improve faster. Strive to get more benefits in the next assessment. Otherwise, if you meet Patriarch Wutian again, you will be in trouble!

Bai Qi also echoed:"That guy has been promoted to a killer!" To deal with such a person, you can only resist with strength, there is no other way!"

"That's right! Everyone, hurry up and go into retreat!"

"yes!"

At that moment, everyone dispersed and took the time to retreat.

After everyone left, Qin Feng took out the storage ring of the three leaders of the Demon Realm.

After checking it, he showed a look of surprise.

The next second, he came from From the ring, I took out two Divine Origin Beads, seventy or eighty Soul Lotuses, and a dozen God-Emperor-level inner elixirs.

In addition to these, there are also a lot of resources in the ring.

This harvest is not small!

It seems that this Women are no small role!

She even killed two of the powerful God Emperors.

Qin Feng waved his hand, and there was a larger Divine Origin Bead in front of him, which belonged to the three leaders of the Demon Realm.

He opened his mouth and If you suck it, you will swallow all the Divine Origin Pearl, the Lotus of the Soul, and the God-Emperor-level inner elixir.....

After a moment, his whole body shook, his body roared, and his momentum surged.....

"Ding! Successfully swallowed...the cultivation level has broken through to the Great Perfection of the Emperor of the Universe...the combat power has been increased to 30,000 trillion (not the strongest state)....."

"Ha ha!! really not bad!"

Qin Feng opened his eyes happily.

Then he took out another storage ring, which belonged to Patriarch Wutian..

Chapter 520

Qin Feng looked at the ring, full of expectations.

The resources here are much richer than those of the three leaders of the Demon Realm.

The next second, he took out more than 200 soul lotus flowers, hundreds of demonic beast inner elixirs, and seven divine origin beads from the ring...

This old guy killed a lot of powerful people in the Great Perfection of the God Emperor!

Qin Feng opened his mouth and swallowed all the Lotus of the Soul and the inner elixir of the monster.....

The next second, many resources turned into majestic energy, filling the whole body.....

The entire small universe also roared continuously...

The world continued to expand, and the power of space penetrated...

Qin Feng felt a wonderful feeling coming from the depths of his soul, and couldn't help but close his eyes.....

"Ding! Devour successfully.....The host comprehends a large number of talisman scripts.....The level of weapon refining has been improved....."

"Ding! Devour successfully.....The host's cultivation level breaks through the bottleneck and is promoted to the early stage of the First Stage (Universe Emperor). The power of space is perfectly integrated with the small universe, and the solidity of the small universe is doubled.....Combat effectiveness greatly improved....."

"Ding! Congratulations to the host, the flower of the other shore blooms again with twelve petals.Improved combat effectiveness...."

At this moment, a golden flower of the other side appeared above Qin Feng's head. The flower had twelve petals, radiant, sacred and fragrant.....

"Finally a breakthrough!"

Qin Feng's face showed joy.

After breaking through to the early stage of the First Stage, not only did his combat power increase greatly, but the space intensity of the small universe also strengthened. With this increase in space

intensity, his ability to withstand attacks will be stronger, and he will not be easily attacked. The shock hurt.

At that moment, Qin Feng opened his mouth again and swallowed the remaining seven Divine Origin Beads.....

"Ding! Successfully swallowed the Divine Origin Bead, the cultivation level was increased to 9% of the early stage of the First Stage (Universe Emperor), and the combat power was increased to 58,000 trillion....."

"Improved again!"

Qin Feng opened his eyes again, with some unfinished thoughts.

He also wanted to break through to the middle stage of the First Stage, but unfortunately his resources were exhausted.

"I wonder if there are any other good things in Patriarch Wutian's storage ring?"

Qin Feng started to look through it. There were countless good things in it.

What a pity!

None of them can be used immediately.

"Huh! This is....."

Qin Feng took out a jade talisman from the storage ring with a look of surprise on his face.

The jade talisman recorded a set of exercises, which was the "Nine-turn Golden Body Technique" that he had practiced, ranging from one to nine turns.

The instructions are all written in talisman and seal script.

However, those talismans and seal characters are all rubbings and have lost their original charm, but the true meaning of the spells is still there.

Qin Feng discovered that there were translations below the formulas from the first to the second turn.

The third turn only has half of the translation, and half of it remains untranslated.

Seeing this, Qin Feng smiled.

Obviously, Patriarch Wutian was not very good at talisman script. He could only translate the first two turns and failed to translate the third turn.

This also shows that Patriarch Wutian has only practiced the first two turns at most.

Qin Feng is much better at understanding talisman and seal scripts.

He knew all the nine-turn talisman seal characters.

These days, he has devoured a large amount of Ziyun inner elixir, and his knowledge of talisman and seal script has been greatly improved, and he has also vaguely touched some of the secrets of the great avenue.

You know, this wonderful feeling can only be felt by the master.

Qin Feng has already begun to touch on some of the characters through his understanding of the seal script. At the moment, Qin Feng no longer wastes time and can't wait to study the seventh turn of the "Nine Turns of the Golden Body".....

Time flies.

In a blink of an eye, years pass by.

Nearly three days have passed in the outside world, and more than 170 days have passed in the small universe, nearly half a year.

Now, Qin Feng's time force field is 20 times stronger.

The time force fields of Yu Qilin, Qin Baobao, Chu Chu, and Bai Qi are 10 times larger.

The superposition of five human fields is 60 times.

In other words, one day has passed in the outside world, and sixty days have passed in the small universe.

The cheating ability of this small universe is getting stronger and stronger.

At this moment, Zhongjixing is in the secret cultivation room.

Qin Feng's whole body was glowing with golden light, and golden talisman and seal scripts were flowing all over his body, constantly penetrating into every cell of his body...

His physical body also continued to grow stronger, and his aura continued to increase.....

Boom~!

A groan~!

It's like the sound from the outside is echoing in the body!

The next second, every cell, pore, and hair of Qin Feng emitted a golden light, and a golden ring appeared behind his head.

The whole person looks like a god, with his own celestial body.....

"Ding! Congratulations to the host for practicing the Nine Turns Golden Body Technique - the seventh turn, breaking through the shackles of the physical body, and the flower of the other shore is 7 degrees away from blooming next time.%...."

"Ding! Congratulations to the host on the completion of his physical body...the combat power has been increased to 60,000 trillion....."

"Huh! Knew it!"

Qin Feng opened his eyes excitedly.

The flower of the other shore can still bloom.

Then his guess is correct.

The flower of the other shore can bloom with thirteen petals.

In this case, the flower of the soul and the flower of the soul can also bloom. It has opened thirteen petals.

The more Qin Feng thought about it, the more excited he became.

You know, before the three flowers gathered at the top, all the others had twelve petals, and no one had ever been able to bloom with thirteen petals.

Once the three flowers gathered at the top, Completed, if you want the flower to bloom with thirteen petals, even the master is powerless.

But now, Qin Feng discovered that he is different.

He actually broke the shackles of the physical body and can bloom with thirteen petals.

If all three of his flowers bloom Thirteen petals, what effect will that have?

The more Qin Feng thinks about it, the more he looks forward to it

"such a pity! There aren't enough Soul Lotus, otherwise my progress would be faster....."

Qin Feng felt a little sorry.

The seventh, eighth, and ninth turns of the Nine-turn Golden Body Art.

He understood it all.

But practicing this Nine Transformation Golden Body Technique requires a lot of energy support.

All the Lotus of Soul and inner elixir in his body were consumed.

In the past six months, he has been relying on the small universe, constantly absorbing external energy, and slowly achieved the seventh turn.

If he had enough resources, he could complete the remaining two turns in a very short period of time.

Anyway, after practicing the seventh level and breaking through the shackles of the physical body, Qin Feng was in a very good mood.

"My physical body has matured, and there have been some strange changes in my body. Not sure about the effectiveness?"

Qin Feng seemed to have thought of something, and a smirk appeared at the corner of his mouth.

His figure flashed and disappeared out of thin air.

The next second, he appeared in a training room on Shuijixing.

"Qin Feng!", Yu Qilin looked at Qin Feng happily, "Why did you come to see me?"

Qin Feng smiled and said nothing.

He looked at Yu Qilin with a smile, and his eyes lit up involuntarily.

In the past few months, Yu Qilin's cultivation has greatly improved. It is already in the early stage of the second round, and its combat power has also increased to 5,000. Trillions.

This reincarnated body has made rapid progress in cultivation!

Not only that, the temperament of Yu Qilin's whole person is also more pure and pure, as airy as a fairy. It is even more beautiful than before, and now it is no longer under the Purple Star.

Qin Feng The more I look at it, the happier I am.

Those beautiful facial features and graceful curves are definitely the most beautiful works of art in the world.

"Little slave girl, come here!", Qin Feng had an evil smile on his lips.

Yu Qilin blushed.

She understood!

It turned out that the master needed her.

Yu Qilin stepped down from the futon, walked over shyly, and came to Qin Feng.

Qin Feng The wind gently and naturally hugged her slender waist

"Master, why are you thinking of finding the little slave girl today?"

Yu Qilin was coquettish in her arms, her eyes full of love, full of autumn water.

Qin Feng smiled evilly: "I just practiced a secret technique, and the technique is great. I want to try the effect...."

"What is the effect?"

"You'll know soon! Let's go!"

As soon as Qin Feng's thoughts moved, the two disappeared into the secret room.

The next second, the two appeared in Yu Qilin's boudoir.

A few minutes later, Yu Qilin's exclamation sounded in the room, as if he saw something surprising.
.....

Time flew by, and three days and three nights passed in the blink of an eye.

Qin Feng then left the room and left Shuijixing with a satisfied look on his face.

Knew it!

After completing the seventh transformation of the Golden Body, it brought about a lot of changes.

It is estimated that the eighth and ninth turns will be stronger.

After a while, Qin Feng returned to Zhongji Star.

At this time, he was feeling relaxed and relaxed.

At this moment, Ziyun Order moved.

A new assessment has begun.

With a thought in his mind, Qin Feng left the small universe..
