

## God level 521

### Chapter 521

The next second, Qin Feng appeared in the Qingyun barrier.

He glanced around casually through the clouds.

Many people were looking at the information on the Ziyun Order, and many were talking in low voices.

To his surprise, it was in a corner of the hall.

The Nine-Headed Lion Saint, the Nine-Yue God Emperor, the Sky-Splitting God Emperor, the Black Heart Ancestor, and the Tianyuan God Emperor all gathered together, muttering there and plotting something unknown.

At this time, they seemed to sense something in the Qingyun barrier.

Several people stopped talking one after another, looking cautious.

Qin Feng sneered.

He didn't need to guess to know that these guys were probably making up their own minds.

After all, after three assessments, he obtained many treasures.

The pure Qi alone is enough to drive them crazy.

The qualifications of these guys are all average, most of them have perfect qualifications of God Emperor, only one or two have the qualifications of a low-grade ruler, and none of them have the qualifications of a middle-grade ruler.

In terms of qualifications, these people are not even as good as their own four star followers.

Qin Feng was too lazy to pay attention to these people.

At the moment, he took out the Ziyun Token and started watching.

After a moment, he smiled.

Strictly speaking, this assessment is not called an assessment, it is purely to give away resources.

This game is about taking your points and going to the treasure house to redeem resources.

The treasure house is divided into five levels.

If you enter the First Level Treasure House once, 100 points will be deducted.

If you enter the Second Wheel Realm Treasure House once, 200 points will be deducted.

If you enter the God-Emperor Treasure House once, 300 points will be deducted.

If you enter the Divine Emperor's Great Perfection Treasure House once, 500 points will be deducted.

Half-step dominance level explosion, enter once, and 1,000 points will be deducted.

As long as you have enough points, there is no limit to the number of times you can enter the treasure house.

Appraisers can enter treasure houses that are higher than their own realm, but cannot enter treasure houses that are lower than their own realm.

Fighting against each other is allowed in the treasure house, but 100 points will be deducted for each person killed.

The treasure house is open to the four major examination areas at the same time.

People from the four major examination areas will meet in the treasure house.

In addition, points can be transferred to each other or snatched.

As long as you grab the opponent's Ziyun Token, you can control the token and transfer the opponent's points to yourself.

The points redeemed for resources in this game only last for one hour.

In one hour, no matter how many points you have on your body, they will all be cleared and you will not be able to distinguish between negative and negative points.

This is clearly forcing everyone to use up their points.

Qin Feng felt very happy after reading this.

He has too many points.

This time I can exchange for massive resources.

At this moment, above the main hall.

Most people were beaming.

This time the secret realm comes with free resources.

A few looked sad.

Their scores are not enough to enter!

For example, some second-round examinees need 200 points to enter the second-round treasure house, but they only have more than 100 points.

At this moment, the voice of the nine-headed lion saint sounded in the hall

"This Saint is now acquiring points. 1 point and 100 star stones. Come if you are willing to sell!"

With this announcement, the crowd became commotion.

Yes!

These points can be transferred to each other, so they can be traded!

At that moment, the whole hall became lively.

Many people began to buy points.

There were almost no people who could sell them.

The Nine-Headed Lion Saint shouted After several times, he felt a little depressed when no one came.

He looked at the Snake Queen beside him.

"Give me all your points!"

"ah!", the Snake Queen was stunned.

"rest assured! When I exchange some resources, I will share some with you and will not let you suffer!"

"Okay...okay!"

The Snake Queen was a little reluctant to give up, but she didn't dare to disobey the order and slowly took out her Purple Cloud Token.

However, a surprising scene also happened in the main hall.

I saw the mysterious and low-key Xiaoyao God Emperor, He didn't say that he wanted to buy points.

Nearly a hundred assessors went over and handed over their points to him.

In fact, those people were his believers.

In addition to his believers, some of his subordinates also gave their points to him. Handed it in.

This time, Emperor Xiaoyao brought seven or eight subordinates, all of whom were divine emperors.

There were two in the later stages of divine emperors, namely the Emperor Tianguang and the Emperor Huaguang.

For a time, Emperor Xiaoyao The points are skyrocketing.

Seeing this weird scene, Qin Feng was thoughtful.

Because a similar scene was also happening in the southern hall.

It's just that the protagonist there is Emperor Lufa.

Emperor Lufa has always been in the southern assessment Ranked among the best.

Could it be that the Xiaoyao God Emperor and the Lufa Heavenly Emperor are in the same group?

Seeing this scene, all the God Emperors thought deeply.

This guy is weird!

"Dad, let me out! I want to give you points!"

"Your Majesty, I also want to give you points!"

"yes! Brother, let us out!"

At this moment, the voices of Bao Bao and others sounded in Qin Feng's mind.

They had already read the rules information.

Qin Feng waved quickly, and Bao Bao, Chu Chu, and Bai Qi appeared.

"Dad, this is my token!"

Baobao took out two Ziyun Tokens, one from the East District and one from the South District.

"Brother, we are going to be prosperous this time!"

Chu Chu also took out two tokens with excitement.

Qin Feng looked at his sister and couldn't help but his eyes lit up.

The girl's figure became more graceful and tall, and she became more beautiful and charming.

Her temperament was also full of spirituality, not only in Purple Star and Under the jade unicorn.

Immediately, Qin Feng figured it out.

After Chu Chu refined the Qi of Taiqing, his qualifications were upgraded to high-grade domination potential, and his whole temperament also changed.

In addition, Chu Chu's cultivation also changed. He has been promoted to the Great Perfection of the first-round realm, and his combat power has reached 5000 trillion. His strength has greatly improved.

Speaking of it, this time in retreat.

Bao Bao and Bai Qi have also greatly improved in strength.

Bao Bao's cultivation has been promoted to the middle stage of the second round, and his combat power has increased to 8000. Trillions.

Bai Qi's cultivation is the second round of perfection, and his combat power is also 7000 trillion.

"Your Majesty, this is your subordinate's token!"

Bai Qi also respectfully handed over his two tokens.

Qin Feng took them

"Huh! Where's Sister Yu'er?", Chu Chu found that one person was missing

"She is coming!"

Qin Feng's hands, the jade unicorn is long overdue

"Yu'er, are you feeling better?", Qin Feng looked at Yu Qilin with concern

"Um~! "

Yu Qilin looked at Qin Feng with a rosy face and a shy look.

This time, Qin Feng enjoyed her for three days and three nights.

If it weren't for her advanced cultivation, no one could bear it.

The master is so fierce

"Master...Oh, Qin Feng, I'll give you the token!"

Yu Qilin blushed and almost spilled the beans.

This master can only be called by two people in private.

Qin Feng smiled evilly and took the token.

After some operations, the points of his token increased sharply.

This However, the points from the eastern and southern test areas were superimposed.

After a while, the operation was completed.

"Dad, what's your score?"

The baby hugged Qin Feng's thigh and raised his cute little face.

Qin Feng pinched his daughter's little face:"More than 1.7 million!"

"Wow~! So many!"

Everyone was surprised and happy

"Brother, will we empty the treasure house of resources this time?"

Yu Qilin smiled:"If so! Others will be furious!

Qin Feng smiled and said:"I still have a token!"

While he was speaking, he took out another Ziyun Token.

That was the token of Ancestor Wutian.

Ancestor Wutian was very miserable this time.

Not only did he lose the storage ring, he also lost the Ziyun Token along with him..

Qin Feng comfortably transferred his points.

In the blink of an eye, his points exceeded 1.8 million points.....

At the same time, the northern test area.

The people in the Demon Realm handed over their points to the big boss one by one.

This time, the big boss wants to explore the half-step master-level treasure house.

The higher the level of the treasure house, the better the treasures will be.

On the other side, the western examination area.

The main hall is very lively.

Some of those assessors are buying points, and some are forming gangs.

Ancestor Wutian looked at this lively scene with a bitter look on his face.

This chance reward seems to have nothing to do with him.

His Ziyun Token was lost, not a penny was left.

He also asked other assessors to get new tokens and re-enter the information.

Although the information was successfully entered, his points were zero.

When he thought of this, Patriarch Wutian became extremely angry.

"Damn Emperor Qin! I won't let you go!"

Ancestor Wutian's heart and blood were boiling, and he was extremely depressed.

"correct! You can find them...."

Ancestor Wutian suddenly thought of something and walked towards a corner in the hall.

There are five God Emperors there, four in the early stage and one in the middle stage.

They are people from the Taurus Palace of the Star Orcs.

When these five people saw Ancestor Wutian approaching, their faces changed drastically, and they all showed fear.

"Senior Wutian, you are...."

"Give all your points to me!"

"ah!", the five people were stunned.

Ancestor Wutian became impatient and whispered a word in the ears of the five people.

After listening to it, the five people were shocked.

Then, the five people obediently handed over all the tokens. He.

At this moment, the sound of the secret realm sounded above the hall.

"In one minute, resource exchange will begin!"

"First, open the first-level resource treasury, then three minutes later, open the second-level resource treasury, then three minutes later, open the god-emperor level resource treasury, and so on....."

"Please remind all assessors that this resource exchange only lasts for one hour, no waiting will be done if it expires! If the points are not used up, they will be cleared automatically!"

As soon as this was announced, the atmosphere in the whole room became tense.

There is only one hour!

The door to the treasure house will open soon, and they must rush in to get in.

At the same time, in the eastern examination area, on the main hall.

Inside the Qingyun Barrier

"Brother, it will start in one minute!"

Chu Chu and the others were inexplicably nervous.

The resource exchange time is too tight.

"You go back!"

Qin Feng waved his hand and took the four Chu and Chu people into the small universe.

Then, he used Yin and Yang to return another token to the shadow clone's hand, and left 1,000 points in that token.

He When doing things, always leave yourself a backup plan in case of unexpected events.

After doing this, Qin Feng walked out of the Qingyun Barrier..

Chapter 522

As soon as Qin Feng appeared, the whole place fell silent.

Many examiners showed awe.

He is now an East End celebrity.

Even in the other three examination areas, his name is well-known

"Emperor Qin finally showed up! Do you think he will enter that treasure house this time?"

"Do you even need to ask? He must have entered the God-Emperor level treasure house. Who doesn't know that Emperor Qin has the strength of the late God Emperor?!"

"But I heard people say that Qin Feng has not yet reached the level of God Emperor, and he may only be in the second level!"

"This is impossible, right? Can the second-round realm have the strength of the late God Emperor?"

The crowd was shocked.

Many people could not believe it.

Some people felt lucky.

Even if Emperor Qin was in the second level, it would not harm their interests.

Because they were in the first level and could enter the first level treasure house, Qin The emperor can't enter!

This thought made those people feel more at ease.

In the corner, the nine-headed lion saint looked at Qin Feng silently.

At this moment, the voice of the black-hearted ancestor sounded in his ears

"Lion Saint, what kind of cultivation is this Emperor Qin? Why do some people say he is in the second round?"

"Ah! I think this is spreading rumors! How could a second-rounder possess the strength of a late-stage God Emperor?"

The Nine-Headed Lion Saint sent the message back, his tone full of disdain.

The Black Heart Ancestor said with some worry:"It's hard to say! This Emperor Qin is very mysterious!"

The Nine-Headed Lion Saint sneered:"Anyway, I don't believe that he is only in the second level of cultivation, and at least he should be in the early stage of the God Emperor.

The Black Heart Ancestor replied:"What kind of cultivation he has, you will know in a moment." If he is really in the second round realm, he should enter the second round realm treasure house once....."

The nine-headed lion saint smiled and transmitted the message:"That's right! Let's just watch! See if he can enter the second-round realm treasure house!"

After saying this, the sky above the hall began to vibrate.

"The entrance to the treasure house of the first round realm is about to open!"

The two people's expressions became concerned.

In the main hall, those first-round examinees were all nervous, and they were all gearing up, waiting for the entrance to open.

As soon as the entrance opened, they would rush in.

After all, there was only one hour of exchange time. , they must race against time.

Buzz~!

A loud cry~!

In the center of the hall, the space shook.

A huge light door appeared out of thin air.

The entrance to the first-level treasure house was opened.

All the first-level players were excited and were about to enter, shua~!

Just In the blink of an eye, a white light rushed into the door.

So fast!

"Oh my God! The one who just entered was Emperor Qin!"

There was an exclamation in the field. When everyone looked back, Emperor Qin was indeed gone.

Bang~! Bang~!

In an instant, everyone's mouths were wide open and their jaws dropped to the floor.

Oh my God!

Emperor Qin turned out to be just a man. Wheel Realm!

Damn~!

The Nine-Headed Lion Saint was dumbfounded. The

Black Heart Ancestor was also confused.

Those God-Emperors looked at each other.

The Qin Emperor who had always made them envious, jealous and hateful turned out to be only in the First Wheel Realm.

This is also How monstrous!

The movements of those first-round players who raised one foot and were about to enter froze.

For a moment, the hall became silent, and even the sound of breathing could be heard.

After a while, those The players lowered their feet slowly.

Some people even took a step back calmly, not daring to take even half a step closer to the light door.

Emperor Qin had already entered, but they didn't dare to enter!

They didn't want to die!

You know, they were allowed to fight each other inside.

Emperor Qin's strength can kill them instantly.

More importantly, Emperor Qin has so many points that he doesn't care about killing people at all!

At the same time, Qin Feng entered a huge temple hall as soon as he penetrated the light door.

The hall was empty Yes, he was the only one.

Obviously, he was the first one to come in.

In front of the hall was a huge light screen.

The light screen displayed the resource exchange price.

Yuan Lingzhu, 1 point/piece, 50,000 in stock.

Yuan Shen Crystal , 10 points/piece, 10,000 pieces in stock.

Lotus of the Soul, 100 points/piece, 500 pieces in stock.

These are the only resources in the one-round realm treasure house.

Qin Feng walked forward excitedly.

There was a spiritual platform there.

The spiritual platform There is a rune array.

As long as the token is placed in the center of the array and communicates with thoughts, it can be traded.

Qin Feng ducked in a few steps, arrived in front of the spiritual platform, and put down the Ziyun Order.

Yuan Lingzhu, Yuan Shen Crystal, Yuan Shen Want all the lotus.

In an instant, the warehouse was emptied.

Qin Feng was deducted 200,000 points, leaving more than 1.6 million points.

The next second, the sky was filled with glowing light.

Tens of thousands of Yuanling Pearls, Yuan Shen Crystals, Yuan Shen Zhi. The lotus fell from the clouds, and the scene was very spectacular.

Swish~! Swish~! Swish~!

At the same time, the entrance to the treasure house flashed with light and shadow.

Dozens of figures rushed in.

The contestants were shocked when they saw the spectacular scene in front of them. Here we are.

So many resources!

Everyone's eyes were hot and greedy.

Phew~!

Qin Feng waved his hand and put them all into the storage ring.

Haha!! Everything was in hand!

He picked up his token happily.

This At that time, more than a hundred people had come in.

These people stared blankly at the light curtain behind Qin Feng.

It showed:

The Yuan Lingzhu has been exchanged.

The Yuan Shen Crystal has been exchanged.

The Yuan Shen Lotus, Already exchanged.

Damn~!

The warehouse has been emptied!

Who is this boy in white?

He emptied the first-level warehouse by himself!

These contestants are all assessors from the south, west, and north, and none of them know Qin Feng.

Even the contestants from the south didn't recognize it.

After all, the phantom clone had always been wearing the cloak of the gods.

At the moment, everyone saw that the resources were gone, and they were angry and anxious.

More people were greedy.

One by one, they saw Xiang Qin Feng's eyes became unkind.

Swish~! Swish~! Swish~!

At the entrance, there were still contestants rushing to come. There were already more than 200 people.

"what happened? Why does the light screen show that all resources have been redeemed?"

When the people who came in later saw the data on the light screen, their expressions changed.

"The boy in white has finished redeeming it!"

Many people in the crowd looked at Qin Feng and sneered.

At this moment, Qin Feng had stepped off the platform and walked towards everyone with a smile.

"Boy, stop!"

"Don't want to die! Just hand over all your resources!"

"Also, the storage ring must be handed over!"

For a moment, the crowd shouted.

Everyone was excited and looked ferocious.

"Dad, these people are so annoying!"

"Brother, kill them!"

Bao Bao and Chu Chu were both unhappy.

Qin Feng glanced at the whole place.

In just a moment, there were almost 300 people.

This is still a lot of income!

Qin Feng was secretly happy

"Boy, do you want me to call you?!"

An old man, relying on the strength of the crowd, shouted at Qin Feng

"Noisy!"

Qin Feng waved his hand, and billions of sword lights shot out.

In an instant, the heaven and earth were shattered, and everything in the sky was shattered!

The aura of destroying the heaven and the earth enveloped the whole place, as if a cosmic catastrophe was coming!

"not good!"

Everyone was shocked, and their faces turned pale with fear.

At this moment, they realized that they had kicked a iron plate!

They had offended someone they shouldn't have!

At this moment, they regretted it!

But it was too late!

They didn't even want to beg for mercy. Opportunity!

Bang~! Bang~! Bang~!

In just one moment, more than three hundred people were killed to pieces. Blood mist flew all over the sky, and the thick smell of blood filled the hall.

Qin Feng waved his hand, and more than three hundred people were killed. The storage ring and many Ziyun Tokens flew in.

At this moment, four or five people came in at the entrance. When those people saw the scene, they saw bloodstains of corpses on the ground, like Shura maps.

There was also a young man in white, standing proudly In the middle of the sea of corpses, like a god of death, clothes are flying

"Oh My God! This is....."

"Run!"

Those people were so frightened that they turned around and fled.

Qin Feng smiled and didn't care.

This time, he harvested more than 300 storage rings. There must be a lot of resources and treasures in them!

These guys' storage rings have There were also a lot of Yuan Shen Crystals and Yuan Shen Lotus.

After all, they didn't have enough time to refine the treasures after they got them. Qin Feng didn't have time to take stock of the rings either.

He just stayed where he was and transferred the points on those tokens to himself..At the same time, in the western examination area, at the entrance of the Round Realm Treasure House, two contestants stood there with expressionless faces, trembling with fear.

Several contestants who were about to enter couldn't help but be curious when they saw this.

"You two, what's wrong with you? I see you two just entered, why didn't you come back within a second?"

"yes! Why did you come back?"

Everyone was curious and looked at the two people one after another. Even the God Emperors looked over curiously.

The two people looked at everyone blankly.

After a long time, one of them trembled and said:"Everyone, don't go in yet! There is a young man in white who specializes in killing people. He seems to have killed hundreds of people alone! If you go in, you will die!"

As soon as these words came out, everyone was shocked.

Not far away, Patriarch Wutian raised his eyebrows when he heard this.

Couldn't that boy in white be Emperor Qin?

No!

This is impossible!

Emperor Qin's strength surpassed that of the God Emperor. Dzogchen!

It was impossible for him to enter the treasure house of the First Realm.

At this moment, a similar scene happened in the North and South Districts.

For a time, no one dared to enter the First Realm Treasure House.....

At the same time, inside the round realm treasure house.

Qin Feng opened the Wuji Barrier.

He quickly completed the points transfer of Ziyun Order.

All transfers are completed, with a total of more than 50,000 points. After deducting more than 30,000 points for killing, the net profit is 20,000 points.

He now has over 1.62 million points

"No one should dare to come in!"

Qin Feng didn't care.

He waved, and more than 500 soul lotuses appeared.

He opened his mouth and sucked them all in.

At the same time, he ran the eighth and fourth turns of the Nine-turn Golden Body Technique. Nine turns.....

After a moment, his whole body was filled with golden light, and talisman and seal characters emerged one after another, and then disappeared into his internal organs, his bones, and his marrow.  
.....

His physical aura continues to surge.....

"Ding! Congratulations to the host, the eighth turn of the Nine Turns Golden Body Technique has been completed.....The strength of the physical body has been greatly increased...the combat power has been increased to 62,000 trillion...the distance from the flower of the other shore to blooming next is 18%.....

"Ding! Congratulations to the host, the eighth turn of the Nine Turns Golden Body Technique has been completed.....The strength of the physical body has been greatly increased...the combat power has been increased to 65,000 trillion...the distance from the next flower of the other shore to blooming is 31%.....

"Finally it's all done!"

Qin Feng was delighted.

The next second, he canceled the Wuji Barrier.

Twenty times the time force field disappeared.

He stayed in the barrier for more than ten minutes, and the outside world passed less than a minute.

Qin Feng knew that there would definitely be something wrong later. There is a big battle.

Especially the dominator-level treasure house, so where you can improve your strength, you should improve it as soon as possible.

After doing all this, Qin Feng walked out of the treasure house in a happy mood..

Chapter 523

After passing through the light gate, Qin Feng returned to the eastern hall.

When he came face to face, he saw a series of complicated eyes looking at him.

Even the God Emperors are no exception.

I really didn't expect that!

This Qin Emperor turned out to be only a first-round cultivation level.

All the god emperors felt unhappy.

Especially those in the later stage of the God Emperor, they are not even opponents of those in the first level.

In the corner of the crowd, the Nine-Headed Lion Saint was embarrassed.

He said before that Qin Feng was at least in the early stage of the God Emperor, but now his face is almost swollen.

He felt like he was at odds with this kid!

On the other hand, the snake queen beside him had beautiful eyes shining brightly.

This Emperor Qin is really amazing!

"Brother Splitian, what is this guy's background?"

In the corner, the Nine-Yue God Emperor murmured in a low voice.

He now felt vaguely regretful in his heart.

He had inadvertently offended such a terrifying monster.

The Splitting Heaven God Emperor looked at him and said in a deep voice: "Brother Jiuxing, it's time to do this. Now, no matter where he comes from, we have no way out."

Hearing this, the God Emperor of September's heart sank.

That's right!

Now that things have happened! After all the harsh words have been spoken, is there any way for him to turn back?

Even if he doesn't hold grudges, it doesn't mean that Emperor Qin doesn't hold grudges!

What's more, he is aloof. How could the powerful God Emperor's Great Perfection be really afraid of Emperor Qin!

The September God Emperor recalled that day, and he had seen Qin Feng do it with his own eyes.

That strength was the peak of the late God Emperor, and had not yet reached the level of the God Emperor's Great Perfection.

This Only a few days have passed, and no matter how fast Qin Feng makes progress, it is impossible to make much progress.

Thinking of this, the God Emperor of September felt much more at ease.

The murderous intent in his eyes was also stronger.

The potential of this Qin Emperor is too terrifying!

It is unimaginable to be able to have the strength of the late God Emperor with just a first-level cultivation.

Such a peerless evildoer must be killed before he grows up.

Otherwise!

There will be endless troubles!

"Brother Likong, this person must be eliminated!"

"I think so too!"The Sky-Splitting God Emperor nodded slightly.

He didn't say much, and his thoughts were the same as those of the Nine Moon God Emperor.

At this moment, the space in the center of the hall shook.

Another light door appeared.

That was the opening of the Second Wheel Realm treasure house!

In the crowd, those second-level players were excited.

In an instant, three or five people rushed to the entrance of the light gate.

This redemption time is very precious.

A treasure house is opened every 3 minutes.

The redemption time for the first-level treasure house is 1 hour.

The Second Wheel Realm Treasure House opens 3 minutes late, which means the exchange time is only 57 minutes.

What's more, the number of people in the Second Wheel Realm currently accounts for the largest proportion among the assessors.

But just when those few people are about to step in, What did they think of? They trembled with fright and stepped back in fear.

Then, everyone stood still and looked at Qin Feng in awe.

Don't forget! Emperor Qin is in the first level.

2 He can also enter the treasure house of the Wheel Realm!

Emperor Qin has not gone in to select the resources, so how dare they move. Unknowingly, the crowd in front of Qin Feng moved away to make way.

Qin Feng looked at everyone calmly With one glance, he strode towards the Second Round Realm Treasure House.

After he entered the treasure house, many people secretly breathed a sigh of relief.

With Emperor Qin here, they felt inexplicably pressured.

At this moment, those First Round Realm Treasure Houses The players in the first-level realm hurriedly rushed into the first-level realm treasure house.

Emperor Qin entered the second-level realm treasure house. It was a good time for them to go to the first-level realm treasure house!

This scene made those second-level realm players sigh with emotion. Couldn't stop.

They weren't like this!

But the next second, the light and shadow at the entrance flashed.

The people who entered hurriedly returned, each with a strange look on their face.

"Guys, what's wrong?"

"The treasure trove of the first round realm has been emptied!"

"ah~! "

In the main hall, the crowd was shocked and looked at each other.

They thought of Emperor Qin for a moment.

If anyone can empty the treasure house, it is only Emperor Qin.

At this thought, those second-round players became nervous.

Will Emperor Qin empty out the treasure house of the Second Wheel Realm?

A similar scene happened in other districts.

The treasure house of the First Level was emptied, which shocked the other three districts.

Many people thought it was because the treasure house had few resources, so they were suddenly cashed out.

Who would have thought that a first-level examiner could have a huge amount of points, and all the resources could be redeemed by one person.

Therefore, the second-round realm treasure trove was about to be opened, and the second-round realm players from the other three districts rushed in.

Since there are not many resources in the treasure house, they naturally have to strike first.

When Qin Feng entered the second-round realm treasure house, there were already dozens of people inside.

He found that the treasure trove of the Second Wheel Realm was even larger.

There are also two treasure exchange platforms.

At this moment, there were lines of people lining up next to both platforms.

Instead of fighting each other, these guys lined up to exchange resources.

This scene surprised Qin Feng.

Qin Feng's arrival shocked everyone.

One of the men who was in the second level of perfection looked at Qin Feng

"Boy, wait in line! Don't cause trouble! If you make trouble, don't blame me for being rude to you!"

As he spoke, the man exuded a terrifying aura and was extremely close to the early stage of the God Emperor.

All the players showed fear.

Qin Feng suddenly realized.

It seems that these people are lining up because they are threatened by this man.

But this guy asked others to line up. But he stood aside and did not redeem the resources.

What was he going to do?

Did he wait for others to redeem them before grabbing them?

Qin Feng curled his lips with some disdain.

This trick is too clumsy!

"Boy, what are you still doing?", the man was very unhappy, "Do you want to....."

Boom~!

Qin Feng killed the man to pieces with one punch.

Blood rained all over the sky.

The main hall trembled.

The players lining up in front were stunned!

Oh My God!

A master who was close to the initial strength of the God Emperor was killed instantly!

At the same time, those players who came in after Qin Feng were stunned when they saw this scene.

They stood at the door, looking at Qin Feng in awe, not knowing whether to enter or retreat.

Qin Feng ignored everyone.

He waved and put away the man's token and storage ring.

More than two thousand points! not bad!

Qin Feng transferred the man's points to his token and walked forward.

Ahead, the players lining up dispersed and took the initiative to get out of the way.

What they meant was to let Qin Feng finish redeeming the resources first, and then they would redeem them.

This evil spirit!

They don't dare to mess with it!

But letting them leave like this was a bit unwilling.

If you come in once, 200 points will be deducted!

That's a lot of money!

They couldn't bear it.

Qin Feng ignored these people.

He calmly walked to the exchange platform and looked at the resource light screen in front of him.

Crystal of the Soul, 10 points/piece, 10,000 pieces in stock.

Lotus of the Soul, 100 points/flower, 500 flowers in stock.

Space God Crystal, 500 points/piece, 100 pieces in stock.

Time God Crystal, 500 points/piece, 100 pieces in stock.

Samsara God Crystal, 600 points/piece, 100 pieces in stock.

"not bad!"

Qin Feng silently put down the token and began to redeem it.....

At the same time, there were more and more people in the main hall, and those who came in from behind were a little dumbfounded.

They saw a young man in white exchanging resources in front of the hall as if there was no one around.

Within a hundred meters radius, no one dared to approach.

The scene in the field was strange.

Aren't there two exchange platforms?

Why doesn't anyone dare to get close?

The latecomers were a little puzzled.

But the atmosphere in the venue was quiet and depressing.

There is still a faint smell of blood floating in the air.

This prevents latecomers from acting rashly

"what happened? Why don't you exchange resources?"

"Who is that young man? Why do you feel so afraid of him?"

The crowd kept muttering.

More and more people entered, and in an instant there were almost 400 people.

"You don't know something, before you came in just now. This boy in white killed the Black Wheel Emperor with one punch!"

"What? Did he kill the Black Wheel Emperor instantly? The Black Wheel Emperor has the strength of the early God Emperor!"

"yes! This young man can kill the Black Wheel Emperor with one punch. He is at least as strong as the peak of the God Emperor in the middle stage, and even in the later stage of the God Emperor."

"Hiss~! So strong!"

Everyone was moved

"Huh! I heard that a boy in white also appeared in the First Level Treasure House and killed hundreds of people by himself."

"Is it possible it's the same person?!"

"Ah! I don't think it's the same person! Do you think that a first-level elemental's strength can be comparable to the peak of the God Emperor in the middle stage?"

"that is!"

The crowd was still muttering.

More and more people were watching.

But at this moment, the crowd suddenly exclaimed

"Look! What is that guy doing?"

At this reminder, everyone looked around.

In front of the hall, they saw a bright glow, and pieces of Yuanshen Lotus, Yuanshen Crystal, space, time, reincarnation and other divine crystals fell from the sky and flew towards Qin Feng.

Resources. On the light curtain, all resource inventories became zero.

"Damn it~! This guy wants to use up all his resources!"

"Oh shit! I can only enter the second round realm treasure house, I can't let him redeem it all!"

"Everyone, have you ever thought about it? This guy is a huge treasure trove in his own right! Kill him and we will be released!"

"yes! Let's all come together! There are so many of us, even if he has the strength of the mid-stage God Emperor, he will still die!"

At this moment, greed devoured people's hearts and defeated fear.

Seven to eight hundred strong men in the second round, like a tide, killed Qin Feng.

Even the strong men in the late stage of the God Emperor had to retreat from that formation.

At this moment, Qin Feng The resources have been collected.

All this was as he expected.

He just wanted to wait for these people to come in

"Boy, go to hell!"

At this moment, hundreds of attacks came.

Qin Feng smiled slightly, transformed into chaos in an instant, and his momentum surged.

One hundred thousand trillion combat power!

It can reach the threshold of half-step dominance.

The divine fang sword came out!

Open the divine seal of heaven Below, the sword light from heaven and earth blooms, like the destruction of the universe, destroying everything.....

"This is...."

"not good! He is a half-step master!"

"Run!"

Countless sounds of panic came one after another.

But it was too late!

The world seemed to be destroyed in an instant!

A bloody light!

Seven or eight hundred strong men in the second round realm were killed in an instant...

The entire secret realm was destroyed by Qin Feng's attack The sword was shaken and trembled slightly. At this moment, the strong men in the four major examination areas were moved..

Chapter 524

The entire secret realm was shaken by Qin Feng's sword and trembled slightly.

At this moment, the strong men in the four major examination areas were moved.

In the eastern examination area, many examiners turned their heads and looked around.

This secret realm actually trembled!

In the corner, the nine-headed lion saint frowned.

The Black Heart Ancestor, the Nine Moon God Emperor, and the Split Heaven God Emperor came over one after another.

"Lion Saint, do you feel it?", the black-hearted ancestor stepped forward and asked

"Are you talking about the shaking in the secret realm just now?", asked the nine-headed lion saint.

"That's right! To be able to cause that kind of shaking, I'm afraid it only takes a half-step master's blow! Do you think it was Emperor Qin who caused this? Right now, the only place where the battle will take place is the Second Wheel Realm Treasure House!"

The Black Heart Ancestor is a little worried.

"Do you think highly of him?", the nine-headed lion saint is still stubborn

"I think it's better to be more cautious!", Black Heart Ancestor whispered.

The Nine-Yue God Emperor and the Splitting Heaven God Emperor nodded, feeling that it was necessary.

At this time, the Tianyuan God Emperor and the other two God Emperors came over.

"Everyone, don't worry! The formation flags I gave you before can be used to form the Seven Stars Falling God Formation, which can exert the combat power of a half-step master. Even if Emperor Qin is extremely powerful, he will still fall this time!"

The Tianyuan God Emperor looked confident.

Everyone heaved a sigh of relief when they heard this.

This Tianyuan God Emperor is both a master of weapon refining and a master of formations.

And in terms of formation attainments, he is even better than the Nine-Headed Lion Saint.

"That's right! I am also very aware of the power of the Seven Stars Falling God Formation! Killing Emperor Qin is too easy!"

The Nine-Headed Lion Saint also agreed.

He is also a person who is proficient in formations.

However, he felt that using such a top-notch formation to deal with Qin Feng was a bit of a fuss.

After listening to the Nine-Headed Lion Saint's words, everyone's confidence increased again.

At the moment, The seven powerful God-Emperor Dzogchen men looked at each other and smiled.

During the days when Qin Feng and others were in seclusion, they secretly colluded.

In the field, other assessors felt strange when they saw this scene.

The eleven God-Emperor Dzogchen Masters in the East District The strong ones have already united with seven people.

They vaguely guessed that these seven people were going to deal with Emperor Qin.

At the same time, at the other end of the hall,

God Emperor Xiaoyao and the other three God Emperors gathered together, vaguely forming another group. a force

"Lord Xiaoyao, what do you think these guys are going to do?"

A powerful God Emperor Dzogchen asked respectfully.

God Emperor Xiaoyao smiled slightly:"You still need to ask? We must deal with Emperor Qin! such a pity! Emperor Qin is such a genius, he is afraid that he will perish!"

As soon as these words were said, everyone nodded.

Some were regretful, and some were gloating.

"Sir, what shall we do in a moment?"

"Wait and see what happens! It would be best if they could both lose!"

"understood!"

Everyone nodded silently.

At this moment, the light and shadow at the entrance to the Second Wheel Realm dimmed, and Qin Feng walked out, with a faint bloody smell on his body, hiding a fierceness.

The whole place immediately fell silent.

Everyone looked at it in awe. Him.

Even the God Emperors were frightened.

They suspected that the huge movement just now was caused by Qin Feng.

Unknowingly, Qin Feng rose to a terrifying level in the hearts of the God Emperors.

Qin Feng ignored everyone. , standing calmly in the center of the hall, waiting for the next treasure house to open.

But no one around him dared to approach!

At this moment, Qin Feng was in a good mood.

Just now, he killed seven or eight hundred strong men in the second round realm, minus After losing more than 70,000 points, he gained more than 100,000 points. Calculated before and after, he also earned more than 50,000 points.

Now, he still has more than 1.36 million points left, which is a lot of points.

In addition, those who just got The lotus of the soul was swallowed up by him.

His cultivation also broke through to 21% of the middle stage of the first stage, and his combat power soared to 80,000 trillion (not the strongest state)

"Dad, those guys look at you so weirdly!"

"hehe! They are afraid of my brother!"

The voices of two little girls rang in his mind.

Qin Feng smiled and said nothing.

At this moment, the space of the hall shook again.

Buzz~!

The third light door appeared.

The entrance to the god-emperor level treasure house was opened.

All the god emperors rushed Eyes wide open.

But the next second, everyone looked at Qin Feng involuntarily.

Will Emperor Qin come in this time?

The expressions of the God Emperors were solemn.

This God Emperor level treasure house can be entered by the late God Emperor and below.

The God Emperor is great The consummation cannot be entered yet.

Judging from various rumors, the Qin Emperor's combat power is at least the peak of the late God Emperor, and even reaches the threshold of the God Emperor

's Great Perfection. The difference between the strength of the God Emperor's Great Perfection and the late God Emperor is very huge. The God Emperor was very afraid.

For a moment, the God Emperors were silent.

They were watching.

Qin Feng glanced at everyone indifferently, and then entered the God Emperor level treasure house under the gaze of everyone.

As soon as he entered, many people were secretly relieved. In one breath.

Those second-round players rushed into the second-round treasure house.

But after a few seconds, everyone returned one after another with ugly faces.

"What's wrong? Could it be that the treasure house of the Second Wheel Realm is also empty?"

Someone asked.

The players nodded silently.

When the God Emperors saw this scene, their faces turned ugly.

They realized that it was most likely Qin Feng who did this.

Even the God Emperors showed strange expressions.

This Emperor Qin is so cruel!

He leaves no grass behind wherever he goes!

"Why~! "

A helpless sigh!

A powerful man from the late stage of the God Emperor finally moved.

He silently walked towards the entrance of the treasure house.

Others are afraid of Emperor Qin, so is he!

However, he is a powerful person in the late stage of the God Emperor after all.

He is confident that he can protect himself.

In this case, it is better to take the initiative to fight for it.

Lest the treasure house be emptied again, he would draw water from a bamboo basket and empty out everything.

As soon as he moved, several more powerful late-stage God Emperors followed him in the crowd.

Those powerful men in the early and middle stages of the God Emperor were still watching.

At the same time, Qin Feng has entered the God-Emperor level treasure house.

This treasure house is twice as big.

There are three platforms for exchanging resources.

At this moment, there are dozens of God Emperors in the hall.

After Qin Feng came in The God Emperors glanced at him and didn't bother to look at him a second time.

They don't know Qin Feng!

However, this guy is so young and his cultivation level is not high, so he is not worthy of attention.

At this moment, these god-emperors were clearly divided into three groups.

People from all examination areas gathered together.

The three examination areas were on guard against each other.

At this moment, there was only Qin Feng in the East District, looking lonely.

"Everyone, I see that this treasure house has a lot of resources, and I can't even exchange them all. There is no need for everyone to fight to the death. You know, the secret realm assessment is not over yet. Better opportunities are yet to come!"

An old man from the North District said

"That's right! We might as well go up and redeem them one by one in order!"

"I think this idea is great!"

All the God-Emperors agreed.

As they spoke, more and more God-Emperors arrived.

Everyone agreed with the proposal.

In the blink of an eye, there were more than 200 God-Emperors in the field.

Only five or six late-stage God-Emperors came in from the East District. Yes.

The number of God-Emperors is much smaller than that of second-round players.

These more than 200 God-Emperors already account for one-third of the total number of God-Emperors.

Qin Feng ignored these people's comments.

He silently watched the resource light Curtain.

Lotus of the Soul, 100 points/piece, 1000 pieces in stock.

Space God Crystal, 500 points/piece, 200 pieces in stock.

Time God Crystal, 500 points/piece, 200 pieces in stock. Samsara God Crystal, 600 points/piece, in stock. 200 pieces of weapon refining experience, 2000 points/copy, 50 copies in stock.

Golden Puppet (damaged), 50,000 points, 3 copies in stock.

"Huh! There is a golden puppet!"

Qin Feng's eyes lit up and he was a little excited.

These days, Yu Qilin's past life memory has almost recovered.

Yu Qilin once told him that the Lord of Qilin used the twelve demon ancestors to refine twelve golden puppets.

These twelve golden puppets can be gathered and fused together through the Great Roulette of Heaven and Earth to form a super powerful puppet - Panzu Puppet.

It is rumored that this Panzu Puppet can have the combat power of a star master.

Thinking of this, Qin Feng became excited. He wants to decide on these three golden puppets.

"Qin Feng, you must redeem those three golden puppets!"

The excited voice of Jade Qilin also sounded in Qin Feng's mind.

She also did not expect that the remaining will of the Lord of Qilin would actually take out such a precious thing as a reward.

"By the way, you have to get all those weapon refining experiences too. Hidden there is the secret to controlling the Great Roulette of Heaven and Earth. It's also good for you to repair the golden puppet."

Qin Feng's eyes lit up.

He wanted all of these things.

At this moment, the god emperors had all finished discussing.

A gray-haired old man laughed boldly: "Haha!! Everyone, the three of us went to redeem it first!"

While speaking, the old man and two middle-aged men walked out of the crowd and each walked towards an exchange platform.

Three platforms, exactly three people!

And these three people are all at the peak of the late God Emperor's cultivation, and their strength is at the forefront among everyone, so The three of them were the first to redeem.

This was their privilege!

As soon as they saw the three of them going to redeem, the hall became quieter.

Everyone watched curiously.

But just then, a crisp sound of footsteps sounded, disrupting the peace..

Qin Feng strode forward!

He had to get the three golden puppets and the weapon refining experience first.

His movement alerted everyone.

Everyone looked at him.

The three people in front who were about to redeem also Turned around one after another

"Which exam area are you from? Didn't you listen to the previous discussion?"

The white-haired old man standing in the center frowned.

The man in green shirt on the left also said:"Your Excellency, please step back! Don't break the rules! But as soon as he said this, the man on the right said violently:"Why bother talking to him? Kill him!" Otherwise, let me do it...ah!....."

Boom~!

A shrill scream!

Before the man on the right finished speaking, Qin Feng punched him to pieces.

The hall shook!

Blood mist rolls all over the sky!

The screams echoed over the hall.

Everyone was dumbfounded!

An inexplicable chill down my spine!

In an instant, the entire hall fell silent.

One punch instantly killed the late God Emperor at his peak.

This young man in white is definitely the best among the God-Emperors of Great Perfection.

Now in the secret realm, there should be about fifty people in the Divine Emperor's Great Perfection, but there are no more than ten outstanding ones.

This young man is the top among many assessors!

At this thought, the atmosphere in the venue became even more solidified.

How could such strength appear in the God-Emperor level treasure house?

He should appear in the Great Perfection Treasure House of the God Emperor!

Could it be that his cultivation has not reached the perfection of the God Emperor?

The more everyone thought about it, the more frightened they became!

At this time, Qin Feng had already collected the newly obtained loot.

He silently looked at the old man and the man in green shirt in front of him

"roll!"

Just one word!

The expressions of the old man and the man in blue changed slightly.

In any case, they are also at the peak of the later stage of the God Emperor.

This young man is so shameless!

They are a little angry in their hearts, but they dare not show it.

The next second, The two quietly retreated to make way for Qin Feng, but there was hidden hatred deep in his eyes.

The corners of Qin Feng's mouth curled up slightly and he was too lazy to pay attention. He wanted to go on a killing spree! But there were not enough people!

He had to wait a little longer!

Now! , he wanted to get the golden puppet and weapon refining experience first.

Qin Feng took a step forward and walked towards the exchange platform under the gaze of the God Emperors..

Chapter 525

Qin Feng took a step forward and walked towards the exchange platform under the gaze of the God Emperors.

The crowd is silent!

No one rushed to fight for it, and no one rushed to stop it.

At this moment, everyone agreed that Qin Feng had priority.

Behind the crowd, those late God Emperors from the East District looked at each other in shock.

"Everyone, everyone underestimated Emperor Qin!"

"yes! Emperor Qin's strength should be among the top three in our Eastern Region. The only ones who can compare with him are Emperor Xiaoyao and Nine-Headed Lion Saint."

"pity! The Nine-Headed Lion Saint and others underestimated Emperor Qin!"

"Regardless of underestimation or not, Emperor Qin will soon suffer a loss! The Nine-Headed Lion Saint united with the Tianyuan God Emperor and the Black Heart Ancestor to join forces. The

Xiaoyao God Emperor and others all kept a low profile, and Emperor Qin alone was afraid that he would not be able to hold on."

"It's none of our business! I'm thinking, should we wait or retreat first?"

"What are you afraid of! No matter how powerful the Emperor of Qin is, he only has one person. There are almost 300 people here now. If we all join forces, are we still afraid of Emperor Qin?"

"that is! Even if there are two Qin emperors, there is no need to be afraid!"

The few God Emperors in the Eastern District were whispering in the late stage. After all, the strength of the God Emperor is different from that of the second round.

With more people, it can threaten the God Emperor's Perfection.

These people are afraid of Qin Feng, but they are not strong enough to run away. to the point.

If their bottom line of interests is touched, they will rebound at any time.....

Qin Feng ignored those people.

He put his token into the center of the platform formation and started the exchange of wills in the secret realm.

After a moment, Qin Feng's head was filled with light.

Three broken golden puppets and fifty pieces of weapon refining experience fell from the glow.

In the main hall, everyone watched all this silently, without much movement.

These god-emperors still don't know how precious these two things are.

The golden puppet used to be very famous, but it has been damaged for a long time.

What the world knows is that its power is not obvious, and it is gradually ignored.

Qin Feng calmly put away these two treasures and continued to communicate with the secret realm.

The next second, the glow bloomed again.

Countless soul lotuses, time crystals, space crystals, and reincarnation crystals flew out of the glow, and the inventory data in the light curtain instantly became zero.

There was an immediate sensation below!

Damn it~!

This guy took all the treasures!

"Friend, what do you mean by this?", the previous ancestor frowned

"Sir, do you want to eat alone?!", the man in green shirt also questioned

"yes! What do you mean?"

The rest of the God-Emperors were also anxious, and they were all angry.

The atmosphere of the scene suddenly became tense, and there was a tendency to become tense.

Although they were afraid of Qin Feng, they would still bite people when pressed.

What's more, they There is strength in numbers.

As long as we unite as one, we can still crush the God Emperor to death.

Behind the crowd, the few late God Emperors from the East District couldn't help but look at each other.

"Several of them, the first- and second-level treasure troves have been moved by Emperor Qin, and now he has come to harm the god-emperor level treasure trove again. What do you think we should do?"

"snort! We can't just watch him move out here! Besides, do you dare to go to the Great Perfection Treasure House of the God Emperor?"

A few people shook their heads.

This is where the God Emperor went, and they would only be killed if they went in.

At this moment, a roar came from the front

"Your Excellency, you are about to arouse public outrage!"

"Stop it now! Otherwise, we have to take action!"

Those god emperors were anxious and yelling, but no one dared to take action easily.

These were just a mob, waiting for others to come forward to avoid being shot first.

Qin Feng raised the corner of his mouth slightly, was too lazy to pay attention, and continued to trade.

Just then At this time, a deep voice resounded throughout the audience

"Everyone, he is our Emperor Qin of the East District! He has a very pure aura!"

As soon as these words came out, the whole place was quiet for a second.

Oh my God!

The Qi is so pure!

The next second, everyone's eyes widened, and their eyes looking at Qin Feng became extremely greedy.

The Qi is so pure.!

More than a hundred times more precious than the treasures in front of them.

In an instant, everyone's blood boiled, and greed and jealousy swallowed up their fear.

Everyone looked at Qin Feng, as if they were seeing delicious cakes.

At the same time, Qin Feng had completed the transaction and moved out. He turned around

, his gaze like a sharp sword, pierced through the crowd, and fell on the person who just spoke.

This guy looked familiar to him, he was the Yuanhu God Emperor of the East District.

There were several people around him, too. From the East District.

Just now, this guy deliberately revealed his identity, clearly to harm himself.

When Emperor Yuanhu saw Qin Feng, his face changed with fright, and he involuntarily took a few steps back.

Several people around him You were so frightened that you shrank your neck.

But the next second, the Yuanhu God Emperor seemed to have thought of something, and he raised his head forcefully.

"Everyone, what are you waiting for? Don't you want the purest Qi? If we all work together, we will definitely destroy him!"

Yuanhu God Emperor yelled. He had already been offended anyway.

At this moment, he also risked his life.

As he spoke, he also gave hints to the eyes of several people around him.

At that moment, one person echoed: ""That's right! This guy is We in the East District, they have such a pure spirit!"

As soon as these words were said, some people in the crowd finally couldn't hold it any longer.

I don't know who shouted

"kill him!"

The whole place was shaken!

More than three hundred God Emperors surrounded Qin Feng together.

Thousands of attacks came... overwhelming!

Qin Feng was drowned in an instant!

Behind the crowd, the Yuanhu God Emperor showed a happy face.

He It seemed as if he saw Qin Feng being beaten to a pulp by everyone.

I really didn't expect!

Emperor Qin, who was such a genius, ended up being so frustrated and died! The more

Yuanhu God Emperor thought about it, the more proud he became!

Not only Yuanhu God Emperor, and others also showed joy.

Under such a siege, the average God-Emperor Dzogchen will fall.

Even the best of the God-Emperor Dzogchen will be severely damaged if he does not die.

What a pity!

The young Emperor Qin died like this!

It's no one else's fault.

This can only be blamed on Emperor Qin being too arrogant!

At this moment, Qin Feng raised his head and looked coldly at the thousands of attacks.

In an instant, the Wuji Divine Seal was activated!

Controlled by the laws of time and space!

Thousands of attacks were frozen in the air!

"Huh! This is....."

The God Emperors suddenly felt something was wrong.

They found themselves unable to move.

The surrounding space was imprisoned.

The flow of time around him was also slowed down sixty times.

Since Qin Feng's cultivation has greatly improved, his time and space abilities have greatly increased.

At this moment, he also superimposed the time and space abilities of Chu Chu, Baobao, Yu Qilin, and Bai Qi.

As if in an instant, the entire hall was frozen into ice.

Even the sword light shooting in the air was moving slowly like ants.

"how so?!"

"Something's wrong!"

Everyone felt uneasy in their hearts.

The atmosphere of the scene became extremely weird.

The Emperor Yuanhu felt a sudden change in his heart.

At this moment, Qin Feng smiled coldly, transformed into chaos in an instant, and his momentum surged.

Twelve thousand trillion Combat power!

Crossed the threshold of half-step domination.

The four star poles merged!

The combat power skyrocketed to 140,000 trillion again!

The divine fang sword came out!

Under the divine seal of the sky, a golden sword light split the sky and the earth, like the dawn The first light shattered all the darkness.....

Oh my God! This man is actually a half-step master!

"Run quickly...! "

People screamed in fear.

But all the sounds were frozen.

The shouting was unusually slow.

People were completely panicked!

A bloody light flew up!

That sword cut a path of blood, countless blood rained down, and the sword light struck directly at the Yuanhu God Emperor behind the crowd.....

"No!"

Yuanhu God Emperor shouted in horror.

He turned around and ran away!

But the time and space around him was frozen, and he tried his best to move even one step.

Endless despair rose in his heart!

He completely regretted it!

He wanted to beg for mercy!

But everything was too late!

In just an instant!

The Yuanhu God Emperor was smashed to pieces!

Dozens of God Emperors around him were also reduced to ashes under the power of the sword.....

The entire secret realm was shaking violently!

The god emperors were extremely frightened and turned around and ran away.

But the next second, they became desperate!

The confinement of time and space made it difficult for them to move.

Another sword light rose up, blooming endlessly like the birth of the universe...

Countless figures exploded into blood mist, and the blood was everywhere.....

Click~! Click~! Click~!

As soon as the sword fell, there were countless cracks on the temple floor!

All three hundred god emperors have become scum!..

Chapter 526

Qin Feng waved his hand, and more than three hundred god emperors' three flowers, storage rings, and tokens flew over.

The God Emperor is indeed more difficult to kill than a strong person in the Second Wheel Realm.

Even at full power, it would take two swords to kill them all.

However, this time the harvest was much richer than last time.

Without even thinking about it, the God Emperor's storage rings and points are definitely much richer than those in the second and first realms.

At this moment, there was another movement at the door.

Several more God Emperors walked in.

As soon as the god emperors came in, they saw cracks on the floor of the hall and blood all over the floor. They were so frightened that they quickly retreated, running faster than rabbits.

Gone in the blink of an eye!

These god-emperors are all people with eyesight.

Qin Feng was the only one in the entire temple, and the hall was empty. There were bloodstains everywhere, and the hall was cracked.

They understood everything at once. The young man in white in front of them was extremely terrifying and could not be provoked at all.

I'm afraid if I run too slowly, I'll die!

Besides, there were dozens of God-Emperors who entered before them, and no one was even seen. They must have been bombarded and turned into scum!

It's so scary!

Qin Feng ignored those people.

He counted the token points.

The token points of these God Emperors are obviously much higher, the lowest is more than 500 points, and a few have 3,000 to 5,000 points.

Qin Feng scored more than 210,000 points, deducting more than 30,000 for killing people, making a net profit of 180,000 points.

This time, Qin Feng spent 670,000 points in exchange for resources.

After this calculation, he still has 900,000 points left.

These points should be able to empty out the Divine Emperor's Great Perfection Treasure House!

As for the half-step domination, Qin Feng was a little worried about not having enough points.

It seems that he still needs to kill some God-Emperor Dzogchen to replenish some points.

Qin Feng waved his hand, and hundreds of three flowers appeared in front of him, as well as a thousand soul lotuses...

He opened his mouth and swallowed them all.....

At the same time, the southern test area.

The entrance to the God-Emperor level treasure house.

A god-emperor's face turned a little pale in the middle stage, and there was still fear in his eyebrows.

"Brother Bairen, what's wrong?"

Some God Emperors gathered around to ask.

They were about to enter the treasure house.

However, they saw the Hundred Blades God Emperor retreating back in less than a second after entering. They couldn't help but curiously asked.

The Hundred Blades God Emperor calmed down. , then whispered:"Everyone, please don't go in, there is a young man in white guarding and killing people. Everyone who entered before was killed by him!"

"It's the boy in white again!"

The crowd was shocked!

A young man in white appeared in both the first and second realms to kill people.

Now the God-Emperor level treasure trove has also appeared!

Oh my God!

Could this be a person?

For a moment, everyone was a little shocked.

What if It's really a human being, that's terrible!

A person in the First Level can actually go to the God-Emperor-level treasure house to kill people.  
What is the concept?

This thought even moved those God-Emperor-level Dzogchen experts.....

A similar scene also occurred in the northern Kao area.

There was a lot of discussion in the hall.

People's attention to the mysterious boy in white has increased unprecedentedly.

If the boy in white appears once or twice, it can be said to be a coincidence.

It appears three times in a row, which makes it difficult for people not to pay attention!

At this moment, in the corner of the hall.

Everyone in the Demon Realm was also talking about it.

Even the big leader was alarmed

"Second leader, do you think the young men in white who appeared in the three treasure houses are the same person?"

The big leader has recovered from the grief of the death of the three leaders.

The second leader thought for a while and said:"Big leader, I don't think they are the same person."

"how do I say this?"

The second leader explained:"If it is said that the boy in white at the first level and the second level are the same person, then it is still possible. This god-emperor level treasure house should be impossible"

"The young man in white can enter the First Stage, which means that he only has the cultivation level of the First Stage. With such a level of cultivation, how could it be possible to torture and kill so many god-emperors?"

The big leader nodded slightly.

He had the same idea.

But his curiosity did not diminish one bit.

"Otherwise, this leader will send someone in to take a look!"

He turned to look at his subordinates.

Their expressions changed drastically, and they lowered their heads one after another, not daring to attract the attention of the big leader.

The young man in white was reported so badly!

They didn't dare to go in and die!

"A bunch of trash!", the big leader was a little unhappy, "That's all! I won't send you there!"

When all the subordinates heard this, they all secretly breathed a sigh of relief.

The second leader also said flatteringly: "Big leader, my subordinates also feel that there is no need to go. If you enter the God-Emperor level treasure house once, 300 points will be deducted."

"We still keep all the points. The final half-step of the dominator-level treasure trove is our goal! There must be a peerless treasure, even a half-step master level treasure."

"Makes sense!"

The big leader nodded slightly and suppressed his curiosity.

This time, everyone in the Demon Realm gave their points to the big leader.

They didn't have any points left, and they gave up all the exchange opportunities for several major treasure houses.

They only have one goal, That is the Half-Step Domination Treasure House.

The points in the hands of the big boss have accumulated more than 130,000 points.

Such many points should be exchanged for a treasure in the Half-Step Domination Treasure House.  
.....

On the other side, the southern examination area.

In the corner of the hall, a handsome man sat there.

There were nearly a hundred people surrounding him.

He is the most mysterious Lufa Emperor in the south.

The nearly a hundred people surrounding him were all his subordinates and believers.

Like Emperor Xiaoyao, he also comes from the Celestial Clan.

At this moment, many believers and subordinates also gave up the opportunity to enter the treasure house.

They gave all their points to Emperor Lufa.

Lufa Tiandi also accumulated more than 90,000 points.

His goal is also a half-step master-level treasure trove.

At the same time, the western examination area.

In the main hall, people were discussing the matter of the boy in white.

In the corner, Patriarch Wutian raised his eyebrows when he heard everyone talking.

The boy in white?

It can't be Emperor Qin!

If this is true, then Qin Huang's cultivation level is only at the first level?

At this thought, Patriarch Wutian was horrified.

Immediately, he nodded secretly, thinking it was impossible.

In his opinion, with Emperor Qin's strength, he was at least as good as a God Emperor.

At this moment, several God Emperors walked out of the crowd.

These people are the people from the Taurus Palace of the Starry Sky Orcs.

"Sir, we have just acquired a round of points, and we only acquired more than 600 points!"

Several people are extremely respectful to Patriarch Wutian.

"Only 600 points?", Ancestor Wutian was depressed.

Those people from the Taurus Palace were even more depressed.

All their points were given to Ancestor Wutian.

As a result, they lost the opportunity to redeem treasures.

Ancestor Wutian was a little irritable:"Forget it.! 600 is 600! Bring it!"

The people from the Taurus Palace handed over the token respectfully.

After the transfer, Patriarch Wutian only had a total of more than 7,000 points.

This point is not enough to exchange for treasures.

He will deduct 1,000 points just to enter the dominator level treasure house for half a step, which will leave him with Score more than 6,000 points. The more

Ancestor Wutian thinks about it, the more depressed he becomes. If he still has his previous points, there is still hope of redeeming one or two treasures.

That Emperor Qin really tricked him!

The more Ancestor Wutian thinks about it, the angrier he becomes.

"Sir, it seems your points are not enough...." a Taurus man asked cautiously.

Ancestor Wutian said angrily:"Huh! I don't know enough! I went to the treasure house this time not to exchange for treasures, but to kill Emperor Qin! If he doesn't die, it will be difficult to understand the hatred in my heart!"

The voice was extremely small, But two people in the hall heard it.

One is Purple Star.

She raised her eyebrows slightly and smiled at the corner of her mouth.

The other was a bald old man wearing a red robe.

This bald old man is extremely mysterious and low-key.

Since the opening of the secret realm, his results have always been among the top, but still lower than those of Purple Star and Ancestor Wutian.

He kind of deliberately made himself less conspicuous.

More importantly, he is not alone.

There were dozens of subordinates around him, as well as a young man in black.

This young man in black only has one level of cultivation.

He has been protected by a group of people since he entered the competition.

Even the bald old man came to protect him.

But the young man in black was extremely in awe of the bald old man and did not dare to show any disrespect.

This bald old man is the master's subordinate and was sent by the master to protect him.

His master was a Star Master, not an ordinary Star Master.

At this moment, the young man in black saw the bald old man smiling and couldn't help but look curiously.

"Senior He, do you have enough points? Otherwise, I'll give you mine too."

The young man in black asked respectfully.

The group of them also gave points to the bald old man.

The bald old man only had one goal, which was also a half-step master-level treasure trove.

"Little Master, please keep it! I already have more than 50,000 points in my hands. If it's really not enough, just grab some more when the time comes!"

The bald old man looked at Zixing and Ancestor Wutian with a smile.

The implication of these words was obvious.

He actually wanted to rob Ancestor Wutian and Zixing.

The young man in black was horrified.

He didn't know the strength of the bald old man.

But he Eliminate the strength of Zixing and Ancestor Wutian

"Senior He, those two are both half-step masters! Not easy to deal with!", the young man in black reminded in a low voice.

The bald old man smiled coldly,"Just two incarnations!"

As soon as these words came out, the young man in black was shocked.

He has experienced a lot and knows the meaning of the incarnation outside the body.

That is a skill that can only be practiced by a master.

In other words, the bodies of Zixing and Ancestor Wutian are both masters!

Listen! Senior He's tone was actually a bit disdainful.

Thinking of this, the young man in black gave the old man a deep look.

This assessment was really a crouching tiger, hidden dragon!

At this moment, the bald old man looked at the audience calmly.

He looked at the audience calmly. This time he came under the orders of his master.

This time, he actually found a lot of interesting tasks.

There were the Demon Realm, the Celestial Clan, the subordinates of the Qilin traitor, the remnants of the Qilin Clan, and the Star Alliance forces!

But so what?

Back then, Whether it is the Five Spirit Clan, the Demon Realm, or the Celestial Clan, they are all being played around by his master.

This time, the Qilin Lord's remnant wants to find a successor, but he will not let it go as he wants.

And that Qilin remnant!

He had to find an opportunity to kill her without letting her get any inheritance.

Thinking of this, the bald old man looked at Purple Star with a half-smile.

Speaking of which, whether he can seize the inheritance of the Lord of Qilin this time depends on this kid..

He is the chess piece designated by the master!

The bald old man silently looked at the young man in black next to him.....

At the same time, the God-Emperor level treasure trove.

At this moment, Qin Feng opened his eyes with excitement.

He had just swallowed a large amount of Lotus of Soul and Three Flowers, and his cultivation level had been raised to 7% of the late stage of the First Stage (Universe Emperor) in one fell swoop, and his combat power had soared to 100,000 trillion (not the strongest state).

Qin Feng's confidence increased greatly.

If you meet Patriarch Wutian again, there will be a good show.

The next second, Qin Feng removed the Wuji barrier and walked out of the treasure house.

The God Emperor's Great Perfection level treasure house is about to be opened, and he has to empty it out..

## Chapter 527

At the same time, the eastern examination area.

All the assessors silently stared at the entrance of the God-Emperor level treasure house.

Ever since Qin Feng and several powerful men from the late God Emperor entered, no one has come out.

During this period, the secret realm trembled twice.

It seemed like someone was fighting inside.

This made the God Emperors even more afraid to go in.

Even the powerful God-Emperor Dzogchen masters were curious

"It's been so long! Why haven't you seen anyone come out yet??"

"Not sure!"

Some people in the crowd whispered.

But at this moment, a handsome figure walked out, it was Qin Feng.

As soon as he appeared, everyone looked over.

The hall actually became quieter.

Qin Feng ignored it. Everyone walked over calmly.

When some players saw him coming, they got out of the way with some fear.

At this time, people looked behind Qin Feng again.

They waited for a while, but no one from the Yuanhu God Emperor came out.

Everyone A strange look appeared on his face.

In the corner, Emperor Xiaoyao and a group of people were whispering.

"Why is Emperor Qin the only one coming out? How many people are there in the Yuanhu God Emperor?"

"Yes! Why didn't Emperor Yuanhu come out?"

Just after saying this, the space in the hall shook.

Everyone was startled and looked towards the center of the hall.

Sure enough!

The fourth light gate appeared!

The God Emperor's Great Perfection level treasure house was opened!

The Nine-Headed Lion Saint and others became inexplicably nervous.

One by one. They stood there without moving, but they all looked at Qin Feng

"Dad, those guys are watching you!"

"Brother, Nine-Headed Lion Saint and the others must have bad intentions!"

"Qin Feng, you have to be careful!"

The voices of Bao Bao and the others rang in his mind.

Qin Feng turned to look at the Nine-Headed Lion Saints.

Those people actually showed fear.

Before that, they claimed to be noble and noble, and none of them put Qin Feng in the first place. In their eyes.

But after Qin Feng entered the treasure house three times in a row, they vaguely felt that something was not right.

Unknowingly, Qin Feng rose to a very high level in their hearts.

A level that made them all afraid.

Qin Feng looked at this. Several people had strange looks on their faces. Qin Feng's lips curled up slightly, revealing a sneer.

The next second, he walked into the Great Circle-level treasure house of the God Emperor as if there was no one around.

The depressive atmosphere in the place suddenly lightened.

"Walk!"

The nine-headed lion saint, the black-hearted ancestor and other seven people quickly followed and entered the treasure house in a blink of an eye.

Seeing this scene, the hall became quiet for a while, and everyone looked strange.

Now, there is something good in the treasure house. Saw it

"I wonder who among them wins and who loses?"

Someone in the crowd murmured

"Still need to guess? There is only one person, Emperor Qin, and seven of them, the Nine-Headed Lion Saint. Emperor Qin must have suffered a loss!"

"Hey~! Pity!"

Some people in the crowd sighed, as if they were not optimistic about Qin Feng.

On the other side, Emperor Xiaoyao and his group also murmured

"I think Emperor Qin will be in trouble this time!"

"yes! I'm afraid that Emperor Qin won't be able to come out this time...."

None of these people are optimistic about Qin Feng.

Even Emperor Xiaoyao shook his head secretly

"Mr. Xiaoyao, when will we go in? His subordinates were worried that after the death of Emperor Qin, the storage ring would be robbed. He has a very pure aura!"

Tianguang God Emperor warned carefully.

Xiaoyao God Emperor pondered for a while and said:"Just wait for another two or three minutes. I believe Qin Huang can hold on for two or three minutes."

"If we go in too early, the Nine-Headed Lion Saint and the others will be on guard. That would not be conducive to our fight for treasures."

All the subordinates thought it made sense and nodded one after another.

At this moment, a surprised cry sounded in the hall.

"Huh! Why haven't Emperor Yuanhu and the others come out yet?"

As soon as these words were reminded, everyone woke up.

That's right!

Since Emperor Qin came out, the Yuanhu God Emperor and the others have not come out.

At this moment, several God Emperors who had not been waiting for a long time directly entered the God Emperor level treasure house.

Thinking of it They were relieved that Qin Feng had gone to the Great Perfection Treasure House of the God Emperor.

As soon as someone entered, the remaining dozens of God Emperors also wanted to follow.

But at this moment, light and shadow flashed.

The few people who had just entered were all He ran back, everyone looked weird

"What's wrong?"

The God Emperors asked curiously

"All gone!"

"Nothing left?"

"The resources in the treasure house, as well as the Yuanhu God Emperor and several people, are gone!"

As soon as these words were spoken, the entire audience was shocked!

Everyone opened their eyes in astonishment.

Even Emperor Xiaoyao was surprised.

Then, he gestured to Emperor Tianguang beside him.

Emperor Tianguang understood, and quickly stepped aside and went in. into the God-Emperor level treasure house.

In just a few seconds, he returned with a horrified look on his face.

"how?", God Emperor Xiaoyao asked

"Sir, they are all gone! The resources in the treasure house were emptied, and there was no trace of the Yuanhu God Emperor and his followers. There were cracks and bloodstains on the ground!"

Tianguang God Emperor reported truthfully.

Xiaoyao God Emperor suddenly looked stunned.

The subordinates around him took a deep breath of cold air.....

But on the other side, after Qin Feng stepped into the Great Perfection Treasure House of the God Emperor, he found that the treasure house was even bigger.

There are four major exchange platforms ahead.

There were only two people in the hall.

He came in early.

It's true to say that there are only dozens of God-Emperor Dzogchen people in the entire secret realm, which is already rare.

When Qin Feng arrived, the two people glanced at it and didn't look any further.

Being so young, he shouldn't be a powerful character.

They don't care.

They care more about the treasures in the treasury.

Qin Feng ignored those two people.

He looked at the resource light curtain curiously.

Lotus of the Soul, 100 points/piece, 1674 space crystals in stock (only remaining), 500 points/piece, 244 time crystals in stock (only remaining), 500 points/piece, 237 pieces in stock (only remaining)

Reincarnation Divine Crystal, 600 points/piece, 219 pieces in stock (only remaining)

Golden Puppet (complete), 100,000 points/item, 2 pieces in stock (only remaining)

Jade Qingqi, 100,000 points/group, 2 groups in stock (only remaining )

"Huh! Qin Feng, there are two complete golden puppets here!"

Jade Qilin's excited voice sounded in his mind.

Qin Feng also smiled slightly.

These two golden puppets were what he wanted most. Having said that, the words "Only Remaining" were displayed at the back of these resource tables, indicating that they were secret realms. The last remaining ones.

There will be no such resources in the future!

Qin Feng looked at Yuqing Qi again.

Only the last two groups were left in the entire secret realm.

"Yuqing Qi!"

The two God Emperors were also excited, and hurriedly stepped forward, rushing to exchange.

But the next second, they seemed to have thought of something, and stopped, a little dumbfounded.

A ball of Jade Qing Qi costs 10 Ten thousand points!

They didn't have any.

The two of them only had about 10,000 points, which they couldn't exchange for.

Qin Feng ignored them and walked straight over.

But at this moment, more than a dozen people walked in from the entrance of the hall. , among them are the Seven Nine-Headed Lion Saints

"Emperor Qin!"

The voice of the Nine-Headed Lion Sage sounded behind him.

Qin Feng turned around.

The seven Nine-Headed Lion Sage walked over with half-smiling faces.

The few people who had just come in looked at Qin Feng one after another when they heard the Nine-Headed Lion Sage's words. Lu was surprised and doubtful.

He is the Emperor of Qin?!

He is so young!

The name of Emperor Qin has long been known to the four districts. He is the winner of Taiqing Qi!

Who doesn't know?

In just a moment, Qin Feng became the focus of the audience.

Everyone The eyes of people looking at Qin Feng became unkind.

At this moment, seven nine-headed lion saints surrounded Qin Feng.

The atmosphere in the field suddenly became tense..

Chapter 528

At this moment, the seven Nine-Headed Lion Saints surrounded Qin Feng.

The atmosphere in the venue suddenly became tense.

The other strong men watched silently.

Many people showed signs of gloating over misfortune

"Brother, these guys really have bad intentions!"

"Dad, you must defeat these bad guys!"

At this time, the indignant voices of Chu Chu and Bao Bao rang in his mind.

But Qin Feng looked calm.

Everything was as he expected!

"Emperor Qin, you didn't expect today to happen, right?", the Nine-Headed Lion Saint was proud.

Qin Feng looked disdainful and was too lazy to speak.

This scene made the seven Nine-Headed Lion Saint a little depressed.

According to what the seven of them thought, Emperor Qin should be in a panic when he was surrounded.

But this Why is this guy so calm!

This situation is a bit weird! But they had no time to think about it anymore.

The Nine-Headed Lion Saint was even a little irritable

"Do it!"

As soon as these words fell, the seven people immediately took action.

A formation flag appeared behind each person, with patterns of the sun, moon and stars written on it. As soon as the seven formation flags came out, the rays of light soared into the sky, the divine light shone, and the heaven and earth changed dramatically!

The seven nine-headed lion saints The momentum has been perfected!

The formation is formed!

"This is the Seven Star Meteor God Formation!"

The onlookers all around exclaimed.

They all looked shocked!

The Seven Stars Meteor God Formation can bring together the combat power of seven powerful God Emperors to reach the level of half-step domination. It is extremely terrifying!

At this moment, people are already entering the hall one after another. More than twenty God Emperors were in the Great Perfection.

When they saw this scene, their expressions changed slightly.

Seven Stars Falling God Formation!

Such a powerful formation flag can be used as a foundation for a force.

Who is this young man in white?

What happened to those seven people ? Will he use this formation to deal with him?

No one who came in later knew Qin Feng's identity.

The situation inside the formation was different from that outside the formation.

At this moment, inside the formation, Qin Feng looked around and saw an endless starry sky.

He had already He was pulled into the illusion of the great array.

At this moment, the voice of the nine-headed lion saint sounded above his head.

"Emperor Qin, die!"

As soon as he finished speaking, an extremely huge sword light fell from the endless starry sky.

The sword shattered the galaxy, destroyed countless planets, and cut Qin Feng directly.

At the same time, there was an exclamation in the hall.

What the spectators saw was , the nine-headed lion saint slashed at the boy in white with his sword.

At that moment, the nine-headed lion saint's combat power and momentum surged to 110,000 trillion, reaching the level of half-step dominance.

This made the gods and emperors of the Great Perfection appear one after another. Horrified. Oh my God!

If it were them, facing this sword, they would not be killed instantly, but could also be seriously injured.

This young man in white is finished!

But as soon as this thought came up, something strange happened in the field.

Qin Feng smiled slightly , the momentum exploded instantly.

Chaos transformation!

The four star poles merged!

The combat power soared to 170,000 trillion.

Under the Seal of Kaitian, the Divine Fang Sword bloomed.....

A golden sword light broke through the heaven and earth, facing the sword of the nine-headed lion saint.....

Boom~!

There was a shocking loud noise, and a dazzling golden sword light bloomed between heaven and earth.....

The universe will collapse at that moment.....

All seven Nine-Headed Lion Saints vomited blood and flew backwards!

Break the formation with one sword!

All seven of the nine-headed lion saints vomited blood and were seriously injured!

The whole audience was dumbfounded!

The extremely powerful Seven Stars Falling God Formation was broken like this!

Oh My God!

This boy in white is actually a half-step master!

At this moment, all the powerful men took a deep breath of cold air.

Everyone looked at Qin Feng in awe.

Some people even dared not look at Qin Feng and retreated silently, wanting to turn around and run away.

The seven nine-headed lion saints all collapsed on the ground, looking at Qin Feng in horror.

"This...how is this possible?! You... aren't you a first-round cultivation level? We saw that you entered the first-round realm treasure house!"

The Nine-Headed Lion Saint found it unbelievable.

He was extremely frightened in his heart and extremely unwilling.

But as soon as his words came out, the onlookers around him seemed to have thought of something and were extremely shocked.

The players in the three districts were talking about one of them. The boy in white clothes killed people in the first-round realm, the second-round realm, and the God-Emperor-level treasure house.

With one person's power, he slaughtered hundreds of people and emptied the treasure house.

They always thought that this could not be the same person.

Now it seems that they were wrong..

The young man in white is the same person, that is, Emperor Qin.

So here comes the question!

What kind of cultivation is Emperor Qin?

Does he only have the First Stage?!

At this thought, everyone was extremely horrified.

This is too incredible. Come on!

The atmosphere in the field became silent!

Everyone looked at Qin Feng as if they were looking at an incarnation of the devil.

Faced with the Nine-Headed Lion Saint's question, Qin Feng didn't bother to pay attention.

He was not even interested in looking at the Nine-Headed Lion Saint.

He was silent He glanced at the whole place. In the four major examination areas, more than thirty God-Emperor Dzogchen people came in one after another, and then no one came in.

There were too few examiners at the God-Emperor Dzogchen level.

Everyone who was supposed to come in also came in..

Those who don't want to come in may not come for a while.

He doesn't have to wait any longer.

Thinking of this, Qin Feng looked at the seven nine-headed lion saints.

When these seven people saw that Qin Feng looked wrong, their expressions changed drastically.

This time In an instant, fear took over his heart.

The nine-headed lion saint jumped up from the ground, turned around and ran away.

Seeing this, the Nine-Yue God Emperor and the Split Sky God Emperor also immediately ran for their lives.

The three of them turned into three afterimages and rushed towards the exit at high speed.

Qin Feng raised his hand and struck out with his sword, and three rays of sword light flashed past, directly killing the three people to pieces. The screams echoed over the hall.

The onlookers around him widened their eyes in horror.

Killing the three great god emperors with one sword, Yuan Yuanqiang. Who!

This boy in white is definitely a Half-Step Domination!

And he is not the kind of being who has just stepped into the realm of Half-Step Domination.

The combat power of a Half-Step Domination is 100,000 to 300,000 trillion.

This thought made everyone feel uneasy. The atmosphere in the field became extremely depressing.

At this moment, the hearts of the Black Heart Ancestor, Tian Yuan Divine Emperor and the other four people were sinking, and they were extremely regretful.

Qin Feng ignored everyone.

He silently put away the relics of the nine-headed lion saints.

Three tokens, three storage rings, and three divine beads.

The harvest is not bad!

Plop~!

"Qin... Mr. Emperor Qin, I was wrong! Please forgive me!" blackThe ancestor suddenly fell to his knees and begged for mercy in public

"Sir, I was wrong too, please forgive me!"

"As long as you spare my life, I am willing to dedicate all my treasures to you!"

The other two God Emperors were also begging for mercy.

They knew that running away was useless, and the three Nine-Headed Lion Saints are examples. They had no choice but to beg for mercy.

Qin Feng sneered:"It's too late!"

"What?!"

The two black-hearted ancestors suddenly felt that something was not good.

But in the next second, Qin Feng raised his hand and struck out with his sword, killing the three of them instantly.

The remaining Tianyuan God Emperor was horrified, and endless despair rose in his heart.

It seems that , whether it was running away or begging for mercy, it was useless.

At this moment of life and death, Tianyuan God Emperor pointed at Qin Feng and shouted loudly

"Everyone, he is Emperor Qin! He has a very pure aura! If we join forces to kill him, we can get the Qing Qi!"

As soon as these words came out, all the powerful men were moved. Who doesn't want the pure energy? At this moment, everyone's eyes showed greed, and some even moved their fingers. But the next second, everyone thought about it. What, I broke out in a cold sweat. This Qin Emperor is a half-step master! Even if they knew that he had the Qi of Taiqing, they would not dare to pay attention to him unless they did not want to live! As the saying goes: a common man is not guilty, and he is pregnant. Bi's crime! The treasure can be snatched, but it also depends on whose hands it is. At this moment, the place was extremely quiet. No one was moved by the bewitchment of Tianyuan God Emperor. Only Tianyuan God Emperor was shouting. The scene was very embarrassing.! Emperor Tianwu was stunned! Despair! Endless despair! At this moment, Emperor Tianwu looked extremely ugly! He turned back silently. He saw Qin Feng looking at him with a half-smile, as if watching a clown performing. Phew~! Tianyuan God Emperor collapsed and fell to his knees.

"Lord Qin Huang, spare your life!"

"late!"

Qin Feng raised his hand and struck a sword, and countless sword lights burst out.

"No~! "

A shrill scream!

Tianyuan God Emperor turned into powder in the sword light.

Qin Feng waved his hand and got four divine beads, four tokens, and four storage rings.

Casually, he waved again, and the seven formation flags were in hand.

Once Emperor Tianyuan died, these formation flags became ownerless things.

"This formation flag is pretty good!"

Qin Feng looked back at the resource light screen and a thought flashed through his mind.

There are two complete golden puppets in this treasure house.

He also has two complete golden puppets and three broken golden puppets in his hands..

If he repairs three damaged golden puppets, there will be seven.

This will not happen to be able to use the Seven Star Meteor God Formation.

It means that he has a puppet team that can half-dominate the combat power.

Thinking of this, Qin Feng His eyes became brighter and brighter.

But at this moment, footsteps sounded in the hall.

Qin Feng followed the sound and saw several strong men walking out calmly.

They wanted to take the opportunity to escape!

"Wait!"

Qin Feng's voice sounded!

The faces of those people changed, they stopped one after another, and turned their heads to look at Qin Feng in fear.

The atmosphere in the field became tense again.

Everyone was very uneasy.

"Lord Qin Huang, do you have any other instructions?"

A God Emperor Perfect Master asked carefully.

Others also looked at Qin Feng nervously.

The corners of Qin Feng's mouth curled up slightly: "Now that we are all here! Don't you leave something behind?"

Everyone looked at each other with ugly expressions.

Sure enough!

They are going to be robbed!

"Sir, what do you want?", a strong man swallowed his saliva.

Qin Feng smiled and said: "Your lives!"

As soon as these words were said, the whole audience went into a panic!

"not good!"

"Run!"

All the strong men rushed towards the exit.

But the next second, everyone was horrified to find that the space in the hall was imprisoned, time was delayed, and their escape speed became extremely slow.

At the same time, Qin Feng took action.

He Raising his hand, countless sword lights bloomed, and shrill screams echoed.

"Fight him!"

"ah~! "

The earth-shaking explosion is shaking~!

Blood is raining all over the sky~!

Screams kept coming!

After a while, the hall regained its tranquility!

The air was filled with a strong smell of blood.

Qin Feng released Seven Swords!

More than thirty divine emperors were all killed in Dzogchen!

After this battle, there are not many powerful God-Emperor Dzogchen experts left in the four major examination areas.

The next second, Qin Feng waved his hand, and more than thirty divine origin beads, storage rings, and tokens flew towards him.

He calculated it and found that including the tokens of the seven nine-headed lion saints, there were nearly forty tokens, with a total of more than 246,000 points.

After deducting less than 4,000 points for killing people, he made a net profit of more than 242,000 points.

As a result, his points accumulated to more than 1.14 million.

The harvest this time is very good!

Qin Feng walked to the exchange platform with satisfaction..

Chapter 529

The harvest this time is very good!

Qin Feng walked to the exchange platform with satisfaction.

When he came to a platform, he put down the token.

After a while, the sky above the head was filled with glowing light, and the Lotus of the Soul, the Space Divine Crystal, the Time Divine Crystal, the Samsara Divine Crystal, the Golden Puppet (complete), and the Jade Qing Qi all fell one after another.....

The inventory of resource light curtains has become zero.

These are the remaining resources in the secret realm.

Next, apart from various inheritance and special resource rewards, there should be no more common resources.

Almost all the common resources in the secret realm were obtained by Qin Feng alone.

He put away all the items with satisfaction and checked the token. He still had more than 210,000 points left.

It would cost a lot to empty this treasure house!

I wonder what resources the Half-Step Dominator Level Treasure House will have?

Where common resources should be gone, special resources should be displayed, which are rare and expensive.

Qin Feng felt that the points were not enough!

"By the way, there is also a token!"

Qin Feng thought, and took out another token, which contained more than 10,000 points.

He transferred it directly. In a blink of an eye, his points became 230,000 points.

That token belonged to the three leaders of the Demon Realm.

He had ignored it before, but now he remembered that the scores in it were quite impressive.

Qin Feng didn't know that his 230,000 points was already the highest score among several half-step masters. The leader of the Demon Realm only had 130,000 points, and the rest No one had exceeded 100,000 points.

Then, Qin Feng swallowed all the more than 1,600 soul lotuses he had just obtained.....

At the same time, the western examination area.

Both Zixing and Ancestor Wutian are anxiously waiting for the opening of the Half-Step Dominator level treasure house.

In the corner, the mysterious bald old man was also watching silently.

At this time, footsteps approached.

The bald old man looked up and saw the young man in black returning with several of his men.

Just now, the young man in black went to the First Round Realm, the Second Round Realm, and the God-Emperor Level Treasure House

"How's it going?", the bald old man asked in a low voice

"Why! All gone!", the young man in black looked disappointed.

The bald old man nodded slightly, not surprised.

In the main hall, everyone said that the young man in white had emptied the treasure house, and it was true!

"Senior He, let me give you my points!", the young man in black took out the token.

Now, it's useless for him to keep the points.

"Whatever!", the bald old man took the token.

The next second, he looked at the points token with a look of surprise.

"7900 points!! Xiaoye, you are indeed a lucky person!"

The bald old man couldn't help but sigh, with a hint of envy in his tone.

The young man in black was stunned: "Senior, do you think this junior is lucky?"

"Isn't it?" The bald old man asked back, "Think about it, there are nearly a million people taking the exam this time, how many can stay?"

"Among the people left behind, how many can get more than 5,000 points?"

"Besides, those with scores above 5,000 are basically the God-Emperor's Great Perfection Assessment. But your cultivation level is only at the early stage of the First Stage, so you can stand shoulder to shoulder with them."

"If not for the protection of luck, would you have achieved such results?"

After these words were spoken, the men around him nodded.

Even the young man in black looked stunned.

After saying this, it is really true!

There is really no harm without comparison!

But then, the young man in black frowned and said: "Senior, having said that, the luck of the younger generation is obviously much worse."

"If it were ten years ago, my luck would be more than twice as good. But now, not only has my luck gotten worse, but my cultivation speed has also slowed down a lot."

"But what I don't understand is that my cultivation qualifications have not declined, and my cultivation resources have never been lacking. Why has my cultivation speed slowed down?"

The young man in black was really confused.

The bald old man looked at him strangely, as if he was deep in thought.

Speaking of which, he had a very good impression of the young man in black.

This young man was extremely talented, but he was very humble and extremely respectful to him. Making people want to get close to him.

At that moment, he sighed: "That's it! There must be some things that your father never told you. I'll tell you the truth! Anyway, even if I don't tell you, you will eventually know it in the future!"

The young man in black was surprised: "Senior, please tell me! The bald old man nodded slightly: "

Xiaoye, you must also know." If you want to become a Star Master, you must not only cultivate your talent, but also need luck. Otherwise, even if you have great talent and poor luck, it will be extremely difficult to break through to Star Master."

"The things of luck are ethereal and can be acquired or carried by nature. Those who are born with luck are the ones destined to them."

"Such people are extremely rare! And their appearance will affect the general trend of the entire universe. The most famous one here is the Lord of Mysteries! The young man was curious: "

Senior, what is the Lord of Weirdness?" "This was the first time he heard this title.

The old man said quietly: "The Lord of Mysteries is an oddity in the world and has great luck! If he appears, if the sky does not collapse, there will be prosperity! If the earth is not destroyed, it will surely be prosperous! In short, the Lord of Mysteries has good and bad fortunes, and the sky is unpredictable!"

"However, he has little to do with your affairs. You are also a destined person. Your destiny is to be the Eastern Star Lord among the next generation of Four Polar Star Lords."

Hearing this, the young man in black was a little excited.

The subordinates around him were also amazed.

But immediately, the old man looked worried again: "What a pity! Your destiny has changed!"

"Senior, how do you say this?"

"Xiaoye, do you know where your destiny comes from?"

The young man was startled: "Isn't it something that comes with him at birth?" The old man smiled and shook his head: "No! Before you were born, the master had already detected that you have the potential of a low-grade star master, but you don't have the luck!"

The young man was stunned.

The master the old man mentioned was his master.

But he didn't expect that he was not born with luck.

"Senior, where does my luck come from?"

The old man said proudly: "Of course it was my master who did it!" The master sees that you are inferior. The main potential is that there is a lot to do in the future. He did not hesitate to spend millions of years of skill to plant a destiny in you!

The young man was shocked: "Is it possible to plant destiny?"

The old man said proudly: "What the master controls is the supreme true meaning - the Divine Seal of Destiny!" The destiny he planted for you is to become the successor of the Ancestral Dragon, and then become the next generation of the Eastern Star Lord of the Four Polar Stars!"

The young man was surprised.

His father once told him that he was the destined successor of the Ancestral Dragon.

Unexpectedly, all this was actually done by his master.

His master is really powerful!

It is true that the Ancestral Dragon dominated the universe back then. , isn't it because the master plotted him to death?

Hey! By the way!

Just now, senior He said that he would become the next generation of the four star masters.

Could it be that the master is plotting against the current generation of star masters again?

This time Thinking about it, the young man in black was shocked in his heart.

At this time, the old man continued:"The destiny arranged by the master for you makes you the successor of the ancestral dragon, and you have inherited the remaining luck of the ancestral dragon invisibly. The young man in black was puzzled:"

Didn't the ancestor dragon fall?" Why is the luck still there?

The old man sighed:"Even if such people die, they will not be completely extinct." Unless his luck completely disappears. As long as he still has luck, he will have a successor and his family will be revived. There is nothing the owner can do about this! The young man in black was surprised:"Senior, what do you mean, the master can't do anything about his luck?"

"yes!"The ancestor nodded helplessly,"Luck is elusive and cannot be controlled by humans. Even the master cannot do it. However, luck can be taken away or suppressed"

"You were destined to be the inheritor of the Ancestral Dragon. However, your inheritance was taken away from you. Your ancestral dragon luck will be reduced by half. You will naturally feel that your luck has become worse!"

"Not only that, your cultivation speed will also decline. Luck is an extremely magical thing. With the same qualifications, people with strong luck will practice faster. People with the same fighting ability, those with good luck are also stronger"

"For example, in refining elixirs, enlightenment, etc., people with strong luck often double their success rate. There are countless benefits like this"

"such a pity! No one in the world is protected by luck. Only the Star Lords have luck, and even the Lords do not have this opportunity."

The old man was envious and sighed.

When the young man in black heard this, he finally understood why his luck had deteriorated.

He clearly remembered that when he was in retreat, he suddenly felt that he had lost something extremely precious.

The feeling was so weird that it couldn't be described in words.

It didn't take long for news to come from the outside world.

The Ancestral Dragon inheritance was inherited.

From that time on, he obviously felt that his luck had become worse.

The truth of everything was actually Here!

The young man's heart sank!

He felt an inexplicable hatred for the person who took away his inheritance.

This young man in black is the Emperor of the Night!

He is the only son of the Lord of Twilight.

"Senior He, can I still get my luck back?"

Ye Tianzi was very concerned about this issue.

The old man nodded:"Okay! As long as you kill the Ancestral Dragon successor, the other half of the Ancestral Dragon's luck will automatically return to you, and you can still obtain the Ancestral Dragon inheritance."

"In fact, as soon as the ancestral dragon inheritor appeared, the master sent people to search for him in every corner of the universe. Unfortunately, it has never been found. All these are variables!"

"This time, the master sent me to protect you to visit the Ziyun Secret Realm. Whether you can obtain the inheritance of the Lord of Qilin is secondary. Replenishing your luck is the first priority. As long as your luck improves, there is hope of regaining everything.

Ye Tianzi asked curiously:"Is there anything in this secret realm that can improve luck?"

"certainly!", the old man explained,"Star Lord level inheritances all have their own luck. In the Qilin lineage, the Qilin Lord is a high-grade star master. Under him, there are three branch clan leaders: Fire Qilin, Water Qilin, and Rui Qilin, all of whom are low-level star masters."

"The inheritance of the three of them is also in this secret realm. Among the three, the leader of the Rui Qilin clan, although he is a low-grade Star Lord, has the same luck as the Qilin Lord, so he is called Rui Qilin."

"If we can't get the inheritance of the Lord of Qilin, getting the inheritance of Rui Qilin can make up for your luck."

Ye Tianzi nodded slightly.

Then, he asked curiously:"Senior, does your luck become more powerful as you get stronger? The bald old man smiled and said,"

Of course!" Those with strong luck can prosper a clan! Those with overwhelming luck can level a whole universe!"

"Senior, if I die, will the luck of the ancestral dragon in me be transferred to the person who steals the ancestral dragon inheritance?"

"Will do! This is exactly what worries the owner the most!", the bald old man looked helpless.

"Senior, do you think the person who stole the inheritance also came to the secret realm?"

Ye Tianzi suddenly came up with this weird idea.

But the bald old man smiled and shook his head: "It's unlikely.!"

"Why?"

"The question is simple! The master planted your destiny back then and did some tricks. Those who want to inherit the inheritance of the ancestral dragon cannot exceed nine stars, so the cultivation level of the person who steals the inheritance must not be high."

"Besides, it didn't happen very long ago. It's hard to tell whether that person has reached the realm of a great emperor since he has been practicing! The examinees here are basically at the second level or above, so I think it is unlikely."

After hearing this explanation, Ye Tianzi nodded slightly and breathed an inexplicable sigh of relief in his heart.

In fact, they all underestimated Qin Feng's luck.

Qin Feng's luck was that of the Lord of Weirdness, plus half of the ancestors' luck. Dragon Luck.

At this moment, in the Great Perfection Level Treasure House of the God Emperor,

Qin Feng has devoured the Lotus of the Soul.

His cultivation level has increased to 87% of the late stage of the First Stage, and his combat power has increased to 120,000 trillion.

Then, he waved. , nearly forty divine origin beads emerged.

He swallowed them all in one gulp.....

"Ding! Devouring the Divine Origin Bead Successfully.....Congratulations to the host for breaking through to the Great Perfection (Emperor of the Universe).....Combat power increased to 140,000 trillion (not the strongest state)....."

"Finally complete!"

Qin Feng opened his eyes with joy.

He finally reached the bottleneck of the first round, and the next step was the second round.

The next second, Qin Feng withdrew the Wuji barrier and walked out confidently..

Chapter 530

At the same time, the eastern examination area.

In the hall, everyone kept whispering.

They are discussing Qin Feng, Nine-Headed Lion Saint and others

"What do you think Emperor Qin is doing now?"

"It's been so long, and Emperor Qin hasn't come out yet, I'm afraid he's already... Hey!"

Many people in the crowd felt sorry for Qin Feng. It's a shame that such a super genius fell to such an end.

Even the Snake Queen felt mixed emotions.

She had never met such an outstanding young man!

Not only was he unparalleled in beauty, but his talents and qualifications were also unmatched. Only the pleasure of conquering such a man would be satisfying!

What a pity!

She fell without being able to taste the taste.

In the other corner, Emperor Xiaoyao was already waiting Got restless

"Brother Xiaoyao, it's almost three minutes, I guess Emperor Qin can't hold it anymore!"

A powerful God-Emperor Dzogchen man warned carefully.

"Walk!"

God Emperor Xiaoyao couldn't wait any longer.

He led the way first.

Three of the God Emperor's Dzogchen allies quickly followed behind him.

Emperor Tianguang and others were only in the later stages of God Emperor cultivation, so they did not follow.

In the main hall, everyone saw the four of them. Action, they all retreated to make way.

After a while, the four of them walked near the entrance of the treasure house.

But at this moment, the light and shadow at the entrance of the treasure house dimmed, and Qin Feng walked out, his whole body intact.

He appeared, The four Xiaoyao God Emperors were stunned and couldn't help but stop.

Everyone in the hall was even more dumbfounded!

Oh my god!

Emperor Qin was fine!

That's not right!

Aren't the seven Nine-Headed Lion Saints going to deal with him?

The seven God Emperors were A perfect and strong man!

Even if you deal with a Qin Emperor, you can't keep Qin Emperor?

By the way, where are the Seven Nine-Headed Lion Saints?

Everyone looked behind Qin Feng, but there was nothing and no movement.

Could it be that the Seven Nine-Headed Lion Saints already.....

At this thought, everyone was even more shocked.

The place became quiet, and even the air was a little solid!

At this moment, the hall trembled, and the fifth light door appeared.

The half-step master level treasure house has also been opened.

Guangmen is beside Qin Feng.

What a coincidence!

The corners of Qin Feng's mouth curled up slightly.

As soon as he came out here, the door opened over there.

Then, he turned around and entered the half-step master level treasure house.

As soon as Qin Feng entered, the four Xiaoyao God Emperors quickly stepped into the God Emperor's Great Perfection Treasure House.

But after a few seconds, the four people retreated.

In the main hall, everyone looked surprised

"Sir, what's wrong?", Tianguang God Emperor stepped forward to ask

"The treasury is empty!", God Emperor Xiaoyao had a strange look on his face.

Emperor Tianguang was stunned.

The players around him opened their mouths. Oh my god!

From the First Round Realm to the Great Perfection Level of the God Emperor, all the treasure troves are empty.

Could it be that all these are owned by Emperor Qin alone? What?

"By the way, where are the Nine-Headed Lion Saint and the others?", Tianguang God Emperor suddenly thought of this question.

The faces of Xiaoyao God Emperor and the four others became even weirder.

The four looked at each other silently.

After a moment, Xiaoyao God Emperor whispered: "They should all be dead!"

As soon as these words were said, the entire audience was shocked.

The atmosphere in the audience became even more solid! You could even hear a thin needle falling.

Emperor Qin really has the strength to dominate half a step!

Otherwise, how could he be here? Killed seven nine-headed lion saints in such a short period of time?

What's even more frightening is that Qin Feng is only in the first level of cultivation!

The more people think about it, the more surprised they are. Qin Feng has risen to an extremely terrifying height, and it is no longer possible to look up at him..

The four Xiaoyao God Emperors were even more shocked.

They were different from these ordinary examiners.

When the Nine-Headed Lion Saint invited them to deal with Emperor Qin together, the four of them refused.

But they also got a message, that is, the Nine-Headed Lion Saint The four lion saints have the Seven Stars Falling Divine Formation.

Even these seven people with the divine formation cannot deal with Emperor Qin.

The strength of Emperor Qin is not an ordinary half-step master!

At this thought, Emperor Xiaoyao fell silent.

The development of the matter, It exceeded his expectation!

He originally thought that their Celestial Clan's biggest opponent was the people from the Demon Realm.

Now it seems that he was wrong!

Their biggest opponent is Emperor Qin!

"Brother Xiaoyao, what should we do?", God Emperor Guoqu asked.

He is also a powerful God-Emperor Dzogchen, but he is not from the Celestial Clan. He comes from a vassal force of the Celestial Clan, so he is willing to form an alliance with the Xiaoyao God Emperor.

The same is true for the other two.

Xiaoyao God The emperor pondered for a while and said:"Give up! With the strength of the four of us, if we enter the treasure house of half-step dominance, the only chance is to be killed!"

As soon as these words were said, the three of them sighed, with helpless expressions on their faces.

The words of Emperor Xiaoyao were correct.

They would die if they entered!

It seems that the points they worked so hard to obtain have become useless!

The three of them wanted to cry but had no tears.!

Emperor Xiaoyao ignored the three people no longer.

His combat power was only 50,000 trillion, which was far behind the half-step master. If you go in!

You will definitely die!

At the moment, he calmly took out a piece of token, a message was sent.....

At the same time, the southern test area.

The moment Qin Feng entered the half-step to dominate the treasure house.

The phantom clone immediately stood up and shot towards the entrance of the treasure house.

In the blink of an eye, the phantom clone also entered the treasure house.

All the assessors were secretly shocked!

The phantom clone has not been moved since the treasure exchange.

Many people suspected that the phantom clone was a half-step master, so they did not bother to enter the treasure house.

Now it seems that it is indeed the case!

This thought shocked everyone's hearts, and they became more and more in awe of the phantom clone.

In the crowd, Emperor Lufa saw the shadow clone go in.

He stood up slowly and walked towards the treasure house.

He has been waiting for a long time.

But at this moment, the communication talisman in his hand moved.

He took it out and saw that Emperor Xiaoyao came.

After reading the content of the message, his eyes showed shock.

He pondered for a while, then turned around and retreated.

On the other side, the western examination area.

As soon as the entrance to the treasure house was opened, Patriarch Wutian stood up with a sneer and strode towards the entrance.

He believed that Emperor Qin would definitely go in.

He wants to settle a score with that boy!

Seeing this, Zi Xing followed closely. Inside, Ye Tianzi looked at the bald old man

"Senior He, they set off!

The old man smiled slightly:"Don't worry!" Let them go in and fight for a while! I want to reap the benefits of being a fisherman....."

Emperor Ye stopped talking.

He also knew that after Senior He got his points, the total points would only be over 40,000 points.

This is too few points.

Even if you get in first, you won't be able to exchange for any treasures, so you might as well observe first.

At the same time, the northern test area.

With everyone looking up at him, the leader of the Demon Realm slowly stood up and silently walked towards the treasure house.

In the entire northern examination area, he was the only one who was half-step dominant.

Everyone looked at him with eyes full of awe and envy.

The big leader enjoys this feeling of being in the spotlight.

He walked forward slowly.

Master!

Naturally, you must have the demeanor of a master!

If he walks too hastily, he will lose his identity.....

At the same time, Banbu dominated the treasure house.

Qin Feng stood alone in the middle of the empty hall.

He was actually the first one to come in.

Speaking of which, this treasure house is larger than the previous four.

There are five exchange platforms.

However, Qin Feng was not interested in paying attention to this.

At this moment, he was looking at the resource light curtain in front of him.

White crystal, 10,000 points/piece, 10 pieces in stock.

Fire Lin Divine Blood, 20,000 points/drop, 3 drops in stock.

Water Lin Divine Blood, 20,000 points/drop, 3 drops in stock.

Kirin Holy Blood, 100,000 points/drop, 1 drop in stock.

True Spirit Holy Water, 200,000 points/bottle, 1 bottle in stock (only left in the secret realm)

Ruilin Qi, 300,000 points/group, 1 group in stock

"Huh! What does Tian Jing do?"

Qin Feng was a little confused.

Except for the three kinds of divine blood, the rest of the resources on this are not clear.

No matter how many there are!

Strike first to be stronger!

Qin Feng crossed the area in one step and went directly to an exchange platform.

At this moment , the light and shadow at the entrance flashed, and the phantom clone also came in.

At this moment, the phantom clone was guarding the entrance.

Qin Feng immediately started the exchange.

In an instant, a beam of light fell from the sky above his head.

10 white crystals, 3 drops of Fire Lin blood, 3 drops of Shuilin blood fell along the light beam. At this time, Qin Feng consumed 220,000 points and only had more than 10,000 points left.

He had his own little calculation in mind.

Every item here is extremely precious.

He first bought the cheap ones. After the exchange, valuable items are left.

He can't exchange it, and others can't exchange it.

In this way, he still has a chance to obtain those valuable items.

The unexchanged items in this secret realm will definitely be rewarded in another way..

In the blink of an eye, several treasures fell in front of Qin Feng.

At this moment, the light and shadow at the entrance flashed, and Patriarch Wutian rushed in

"Boy! You are indeed here!"

When Patriarch Wutian saw Qin Feng, he was filled with anger.

But just as he finished speaking, a sword light struck his face.

The shadow clone had been waiting for a long time.

"court death!"

Ancestor Wutian was disdainful.

He had learned the strength of the phantom clone before.

But in the next second, his expression changed drastically.

"How can it be!"

With an exclamation, Ancestor Wutian raised his golden shield in fear.

Boom~!

A loud noise that destroyed the world~!

Ancestor Wutian was thrown out by a sword and flew straight out. He came to the light gate.

This trip was in vain!

He never expected that the current phantom clone's strength would be greatly increased.

Qin Feng's combat power was 140,000 trillion, and after the chaos transformation, it was still 210,000 trillion.

And the phantom clone The combat power is also 210,000 trillion.

This sword blasted away the ancestor Wutian, and another beautiful figure rushed in, it was Purple Star.

At this moment, Qin Feng had already put away the items

"Qin Feng!"

Zixing was surprised and happy.

She glanced at the phantom clone and ran straight to Qin Feng.

I don't know why, after not seeing this nominal subordinate for a few days, she actually missed it.

"Qin Feng, you are indeed here. Huh! Where is Patriarch Wutian?"

Zixing was worried that something might happen to Qin Feng, so she followed him in, but now she didn't see Patriarch Wutian.

The scene where the shadow clone blasted Patriarch Wutian away happened too fast, and she just missed it when she came in

"He just went out!"

"ah?! How could he get out?"

"Regardless of all that, hurry up and redeem this drop of Kirin Holy Blood!", Qin Feng urged.

Zixing woke up, looked up, and exclaimed again

"Huh! True Holy Water! Ruilin's spirit!"

She seemed very shocked when she saw those two items.

At this moment, another loud noise broke out at the entrance of the hall.

This time, the shadow clone flew backwards a hundred meters.

The person who came was also struck by a sword and flew out of the light. Door.

The man's voice still echoed at the door of the hall.

"Nima~! "

That person was none other than the leader of the Demon Realm.

He actually fought to a close with the phantom clone..
