

God level 531

Chapter 531

This time, the phantom clone flew backwards a hundred meters.

The person who came was also struck by a sword and flew out of the light door.

The man's voice still echoed at the door of the hall

"Nima~! "

That person was none other than the leader of the Demon Realm.

He actually fought to a close with the phantom clone.

When Qin Feng saw this, he immediately urged: "You saw it! Hurry up and exchange the holy blood of Qilin. Sooner or later, they will come in, and they can't hold on." "

"After you redeem this cheap one, they can't afford to redeem the other two items! Everyone can only stare, but we still have to get the remaining treasures! Zixing suddenly realized: "But I only have more than 80,000 points, so I can't afford to redeem them!" "

She was a little helpless.

In fact, she already had the highest score in the Western District.

Originally, she only had more than 70,000 points.

Later, she acquired some points and finally got more than 80,000 points.

"for you! Have you seen enough?"

Qin Feng threw his token directly, very simply.

Yu Qilin took the token and saw that there were more than 10,000 points in it. When combined with her own, she could just get 100,000 points.

She looked in surprise. Qin Feng.

Why is this guy so kind to me?

His heart is touched, and Zixing feels very happy.

This feeling is wonderful, but very comfortable

"Qin Feng, why are you so nice to me? You don't want to pick up my wife, do you?"

Zixing asked with a half-smile.

Qin Feng rolled his eyes angrily: "When is it? Still saying such things"

"hey-hey!!...Okay! Redemption completed!"

Soon, Zixing exchanged the drop of Kirin's holy blood.

"Take it!"

Zixing waved his hand.

The drop of Qilin's holy blood flew towards Qin Feng.

Qin Feng was stunned: "What are you doing?"

"Send it to you! Bring 3 drops of Fire Lin blood!"

"Forehead?"

"fool! I am from the Fire Qilin lineage, and the Fire Qilin inheritance is more suitable for me!"

Qin Feng suddenly realized.

He quickly took out the three drops of Fire Lin's blood.

The two sides quickly completed the exchange.

Qin Feng felt that Zixing had suffered a loss.

Three drops of Fire Lin's blood only cost 60,000 points, while one drop of Kirin's holy blood cost 100,000 points!

"strangeness! Why don't you want the Holy Blood of Qilin? You can also inherit the inheritance of the Lord of Qilin!", Qin Feng was curious.

Zixing smiled sweetly: "I just want to give it to you, can't I?"

Qin Feng: "....."

Zixing smiled again and said: "Okay! I'll explain it later, trouble is coming!"

After saying this, the light and shadow at the entrance flashed, and someone rushed in again

"The boy in black! you wanna die!"

With a violent roar, the leader of the Demon Realm held the Yuan Tu Sword and attacked the phantom clone.

Last time, he was caught off guard and the Yuan Tu Sword didn't come before he had to rush out.

This time, he came prepared.

The Yuan Tu Sword As soon as he came out!

The sky collapsed!

The big boss' attack doubled!

"It's the Yuan Tu Sword!", Zixing exclaimed.

The Yuan Tu Sword was once a Dominator-level Yuanwu.

Later, due to damage, it fell to a half-step Dominator level.

But even so, the power is still terrifying, and it actually doubled the attack of the big boss.

To You know, the big boss has a combat power of 260,000 trillion, and he is the top being among the Half-Step Dominators.

But with this sword in hand, he can be compared to the Half-Step Dominator with a combat power of 300,000 trillion.

The combat power of the Half-Step Dominator is 10 -300,000 trillion.

Generally speaking, 300,000 trillion is the limit.

The combat power of the phantom clone is only 210,000 trillion.

In comparison, the momentum is much weaker.

But the phantom clone has the Seal of the Opening God, which increases its attack power. To the extreme.

He faced it without fear

"not good!", Zixing exclaimed.

She was worried about the shadow clone.

Although she didn't know the relationship between the shadow clone and Qin Feng, she knew that the two were together.

Naturally, she didn't want to see the shadow clone suffer.

But Now it seemed that the phantom clone was obviously going to suffer.

She wanted to help but it was too late.

In the blink of an eye, two sword lights collided!

Boom~!

The sky collapsed~!

The sound boom was shocking~!

Click~! Click~! Click~!

The ground walls of the hall began to crack~!

The defense of this treasure house was much stronger than the previous four, but it still couldn't withstand the violent attack.

Then there were two muffled groans~!

The big leader retreated dozens of meters before Stabilize his body.

The phantom clone's Tiandao Divine Seal worked, absorbing half of the attack power.

This time, he only retreated 150 meters, not much worse than the last time.

Qin Feng's tiger body shook slightly.

Big Half of the leader's attack power entered his small universe.

He easily resisted!

Immediately, his momentum quietly increased by one point.

This is the beauty of the Divine Seal of Heaven!

"Huh!", Zixing looked at the phantom clone in surprise.

In fact, she had long been curious in her heart.

Why are Qin Feng's associates so strong?

The big leader was even more surprised.

He looked at the phantom clone in disbelief.

"Why are you okay?", the big leader's heart was full of doubts.

He had fought against the phantom clone once before and knew the details of the phantom clone.

He thought that he had doubled the combat power by using the Yuan Tu Sword, and would definitely be able to severely damage the phantom clone.

However, Unexpectedly, the shadow was intact.

The results he achieved were not much better than last time.

Naturally, he didn't know that this was the effect of the Heavenly Dao Seal of the Phantom clone.

Last time, the two attacks were evenly matched, so the Heavenly Dao Seal could not Manifest.

Now, his attack surpassed the phantom clone, but the overly strong attack power was swallowed up by the divine seal of heaven.

This guy is not simple!

The big leader's expression gradually became solemn, and his previous arrogance disappeared.

He always thought that he Possessing the Yuan Tu Sword, his strength is comparable to the ultimate in Half-Step Domination. He should be invincible in this secret realm.

Unexpectedly, he met his opponent so soon.

Who is this guy in the black cloak?

"Stop it, you two!"

Qin Feng pretended that he and the shadow clone were two people, and strode over.

"and who are you?", the big leader raised his eyebrows and looked at Qin Feng arrogantly.

He is used to being arrogant.

Even if there are half-step masters, there are few that he can like.

He is afraid of the shadow clone, but not Qin Feng.

"Emperor Qin!", Qin Feng said frankly

"It turns out you are Emperor Qin!"

The big leader's face darkened, and he actually wanted to take action.

"What do you want to do?",

Zixing raised his momentum in an instant, and the momentum of the half-step master was fully displayed.

The shadow clone directly raised the sword.

Qin Feng had a calm smile on his lips.

The big leader was stunned.

"Are you three together?", the big leader asked in a low voice.

Qin Feng and the others laughed and said nothing.

The big leader's heart sank.

A shadow clone made him afraid.

If these three people join forces, he will definitely not get any benefits.

Of course, he Self-protection is no problem

"Your Excellency, you want to take action against me, is it because of Taiqing Qi?", Qin Feng asked calmly

"no!", the big leader said coldly, "This leader wants to know who killed the three leaders of our Demon Realm in the battle of Taiqing Qi!"

"Three leaders?" Qin Feng thought for a moment and said, "I remember, you are talking about the woman in black, right?"

"That's right!"

"It was Ancestor Wutian who killed him!" Qin Feng didn't even blink when he lied.

The leader sneered: "What's the proof?"

"I testify! I am number one in the Southern District, and I saw Patriarch Wutian kill the three leaders of the Demon Realm with my own eyes."

The phantom clone spoke under the control of Qin Feng.

The big leader sneered: "You are all in the same group, who can believe it!"

"So, do you believe my words?"

Purple Star took out his token and showed it in public.

It clearly showed that he belonged to the Western District Examination Area and ranked first in the overall score. The second place was Patriarch Wutian.

"Ancestor Wutian and I are in the same district. He told me personally that during the fight for Tai Qing Qi, he killed a woman in black."

Zixing said while putting away his token.

"Is it really him?", the big leader showed hatred in his heart.

He has been thinking about revenge for the three leaders.

"This friend from the Demon Realm, please recall. During the battle for Taiqing Qi, when the three leaders died, Patriarch Wutian quickly became a killer in the secret realm. Haven't you figured out what's going on?"

Qin Feng continued to fool

"What's the meaning?", the big leader had some vague guesses.

"That was because Patriarch Wutian ignored the rules of the secret realm and forcibly killed the three leaders in the safe zone in order to fight for the Qi of Taiqing. Then, he was entangled by the secret sky thunder. And I took the opportunity to grab the Qi of Taiqing....."

Qin Feng's analysis is quite logical.

The big leader's face gradually darkened.

He began to believe it.

At least, he now believes 70%. that's enough!

Even if it was 70% possible, he would kill Patriarch Wutian and avenge the three leaders.

Of course, Emperor Qin is still suspicious.

But at this moment, there was a flash of light at the door.

Ancestor Wutian roared and rushed in!

"The boy in black! I'm going to kill you!"

As soon as Patriarch Wutian rushed in, he grabbed the phantom clone.

He really couldn't believe that he was blown away by the phantom clone before.

It must be his own illusion!

"He is Patriarch Wutian!", Qin Feng directly pointed out

"Just in time!"

The big leader waved his hand and struck out with anger.

The Yuan Tu Sword unleashed its power and struck with all its strength.

Boom~!

A huge crack was opened on the ground of the hall.

The sword that created the world directly knocked Patriarch Wutian to the point where he vomited blood and fell. Fly, roll out of the light door..

Chapter 532

Seeing Patriarch Wutian flying out again, Qin Feng wanted to laugh a little

"This Yuan Tu Sword is truly extraordinary!"

Zixing looked at the sword with a lukewarm tone.

She was not interested in the people from the Demon Realm. Back then, the Demon Realm, the Celestial Clan, and the Ancient Clan joined forces to destroy the Qilin Clan. Both sides were enemies. Of course, there was also a Qilin traitor.

"hehe! You have some knowledge!", the big leader's eyes showed pride.

Qin Feng also looked curiously at the Yuan Sword.

The shadow clone was an extension of his body.

He had just experienced it personally.

This sword is extremely powerful!

If he can get it, his strength will definitely increase..

What a pity!

He can't kill the big boss at all now, he can only defeat him at most

"Qin Feng, that sword is called Yuan Tu Sword, and it is a famous master-level Yuan Wu in the Demon Realm. In the battle in ancient Ziyun City, it fell to the half-step dominance level."

"This time the leader of the Demonic Realm came to the secret realm, he probably wanted to restore it to the level of dominance and at the same time destroy this inheritance."

Zixing's voice transmission sounded in Qin Feng's ears.

She analyzed the purpose of the Demon Realm very thoroughly.

Qin Feng was surprised and quickly transmitted the voice:"Sister Zixing, can this sword be restored to the master-level Yuanwu in the secret realm?"

Purple Star said:"Of course! In ancient times, Demon Ancestor Blood Lord came to Ziyun City with Yuantu Abi's twin swords. That Blood Lord was a middle-grade star master."

"Yuantu Abi is a top-level master Yuanwu, and the two swords combined are comparable to the Star Lord level Yuanwu."

"Finally, the Blood Lord died here. Yuantu Sword was taken away by the Demon Realm tribesmen, and Abi Sword was left here. The most important thing is that after the death of the Blood Lord, he turned into a sea of blood"

"As long as you find that sea of blood and put the Yuan Tu Sword in it for a period of time, you can restore it to the low-grade master level. It will take a long time to return to the top-level master Yuanwu."

Hearing this, Qin Feng suddenly realized

"Sister Zixing, do you mean that there is still a Bi Sword hidden in the sea of blood?"

"That's right! If I guessed correctly, this leader of the Demon Realm is the successor of the Blood Lord!"

"interesting!"

Qin Feng's heart was moved.

Yuantu, Abi, Xuehai!

He wants them all!

There are so many opportunities in this secret realm!

"Huh! True Holy Water! Ruilin's spirit!"

At this time, the big leader's exclamation sounded in the field.

These two are peerless treasures!

I saw him walking towards the exchange platform with excitement.

But the next second, he was confused!

Damn it~!

True Spirit Holy Water , 200,000 points!

Ruilin's Qi, 300,000 points!

He only had 130,000 points and couldn't afford to redeem them, so he could only stare.

Then, he looked at Qin Feng and the others helplessly

"Do you have any extra points? This leader wants to buy it!", the big leader actually proposed this statement.

Zixing was about to say no.

Qin Feng spoke first and asked enthusiastically:"How much do you want?

The big leader's eyes lit up:"The more, the merrier!"

He thought Qin Feng was going to sell it.

Qin Feng said with a smile:"If there are more, there must be none! If we had a lot of points, we would have redeemed these two treasures long ago!"

The big leader was stunned.

Yes! This makes sense!

He took a look and saw that the previous few cheaper treasures had all been exchanged by these three people. There must not be much left.

"Do you have 70,000 points? This leader bought it at a high price!", the big leader is very sincere.

"70,000! I don't have that much!", Qin Feng was helpless

"So how many points do you have?"

"200 points!", Qin Feng said seriously

"you....", The big leader's lungs almost exploded with anger. "Are you interested in this?"

After saying this, he turned around and left.

If there weren't many people on the other side, he would have split the boy in half with one sword.

But don't be arrogant, these guys!

When I get the Blood Sea and the Abi Sword, my attack power will be doubled again, and you guys will look good.

The leader walked away angrily.

Seeing this scene, Zixing felt inexplicably relieved.

After a while, the big boss came out of the treasure house

"Are you trying to make him angry on purpose?", Zixing smiled tenderly.

Qin Feng smiled slightly: "I am trying to find out his details. The guy said he wanted to buy 70,000 points, which means he only has 130,000 points. In this way, we can collect 200,000 to exchange for the true spirit water!"

Zi Xing's eyes lit up:"You are the only one with the most clever ideas!" I like you like this!"

Qin Feng glanced at her.

This woman's facial features are extremely exquisite, her body curves are perfect, and her appearance is unparalleled. She is really a beauty in the world.

"Ouch! What are you staring at, sister? I mean, I like the way you run away from the leader of the Demon Realm in anger, don't get me wrong! Sister is not that easy to flirt with!"

Zixing smiled sweetly.

This guy didn't pay attention to himself before, but now he seems to be a little concerned about himself. Could it be that this guy finally discovered how good I am?

Zixing feels the pleasure of conquering men!

Qin Feng Wuyu:"Sister Zixing, I want to say that when the big leader goes back, he must be buying points. Let's go back and collect points too! We must redeem at least one of the remaining two treasures!"

Zixing suddenly realized:"Yes! Then let's redeem the points and get together. No matter what you say, you can't let the Demon Realm get the treasure! After saying that

, she hurried out.

But then, she stopped again:"Qin Feng, I have purchased points before, but many people are unwilling to sell them!" I'm just afraid that the points won't be easy to acquire!

Qin Feng smiled and said:"This time and that time!" The first four treasure houses are all empty, and they cannot afford to exchange the remaining two treasures. Those people's points have become useless. If they don't sell it, what's the point of keeping it?"

Zixing suddenly realized:"Then I will go now!"

At that moment, Zixing left in a hurry.

Qin Feng and the phantom clone also left.

They were going to the South District and the East District to acquire points.

At the same time, the Western Examination District.

Ancestor Wutian stood at the entrance of the treasure house with an embarrassed look on his face.

He I really can't figure it out, even if he was blown away by the boy in black before.

Why did the leader of the Demon Realm attack him?

Why does he feel like he is surrounded by enemies everywhere ?

The players around him looked at him in shock.

They saw with their own eyes that Patriarch Wutian was blasted out twice!

Every time I vomit blood!

What kind of existence is there in this treasure house!

Even Patriarch Wutian, who was half-dominated, was beaten until he vomited blood.

It's so scary!

In the corner, Ye Tianzi and the bald old man were also shocked.

"Senior, things are different from what we expected!"Ye Tianzi swallowed.

The bald old man also took a deep breath:"Yes! This ancestor of Wutian is not weak, he was blasted out twice in a row. It seems that the opponent is very strong! I have underestimated the masters in this secret realm!"

As soon as these words were said, Ye Tianzi and others looked solemn.

They all knew how arrogant the bald old man was.

Now that he said this, his confidence in his heart was much weaker.

Sure enough, after saying this, the old man looked serious again. Looking at Ye Tianzi

"Xiaoye, when the final assessment begins, you must stay with me. Even if we don't get any inheritance or get any benefits, it doesn't matter. You must not let anything happen to you!"

The old man said it very seriously.

Emperor Ye is a smart man.

He hurriedly asked:"Senior, if I die, what bad things will happen?

The old man sighed:"Hey!" Now that things have come to this, it doesn't hurt to tell you! Although your ancestral dragon inheritance has been taken away, your destiny has not disappeared, so you still occupy half of the ancestral dragon destiny."

"In this way, the person who stole the Ancestral Dragon inheritance will not be able to fully awaken the Ancestral Dragon inheritance no matter what."

"But as soon as you die, the fate of Zulong will return to that person. He will completely awaken to the inheritance. At that time, the number of days will change, and the master's calculations will be completely disrupted!"

As soon as he said these words, Ye Tianzi suddenly realized.

But he felt inexplicably uneasy in his heart..

Chapter 533

Just as Ye Tianzi and a group of people were muttering, the light and shadow flashed at the exit of the treasure house in front.

Zi Xing walked out of it.

Everyone couldn't help but look at her.

Ancestor Wutian looked even more embarrassed.

Zixing didn't make a move against him, but when he was blown away, Zixing saw it.

This is a bit embarrassing!

At his level, he values appearance very much.

Especially in front of many low-level elementalists

"Brother Wutian, are you okay?", Zi Xing pretended to be polite.

"snort! They can't do anything to me yet! If there weren't so many of them, would I be afraid of them?"

Ancestor Wutian wiped the blood from the corner of his mouth and said it loudly on purpose.

He wanted to tell everyone that he was beaten out not because he was incompetent, but because there were many opponents.

Sure enough!

After hearing this, everyone started thinking.

Could it be? Ancestor Wutian was blasted out by a team of people?

How many Half-Step Masters are there in this secret realm?

This thought made everyone a little uneasy.

The more Half-Step Masters there are, the worse it is for them!

It's really strange!

In the past, How come there are so many extremely rare half-step masters this time?

Even Ye Tianzi and his party are suspicious.

Zi Xing smiled slightly.

She knew that Patriarch Wutian wanted to save face, and deliberately said that to make everyone mistakenly think that he was It was beaten out by a team of people.

"Brother, the leader of the Demon Realm and the boy in black from the Southern District are gone, and now only Emperor Qin is there.", Zixing said deliberately.

Everyone pricked up their ears.

The three characters mentioned by Zixing should all be half-step masters.

Then Emperor Qin is indeed one of them!

"You...are you sure that the leader of the Demon Realm and the boy in black are gone?"

Ancestor Wutian asked in a hesitant voice.

To be honest, he was really afraid of the shadow clone and the leader of the Demon Realm.

Unless he completely exposed his trump card.

As for Emperor Qin!

He hasn't taken it to heart yet.

He He didn't believe it. The phantom clone's strength suddenly surged, and Qin Feng's strength also skyrocketed.

According to his speculation, the phantom clone should have broken through the bottleneck and reached half-step dominance before it suddenly became so strong.

He didn't believe that Emperor Qin also What a coincidence, we made a breakthrough together

"Brother, the two of them are really gone, and only Emperor Qin is inside!", Zixing said with a smile.

Everyone around looked at Patriarch Wutian with strange eyes.

This time, there was only one person inside. Patriarch Wutian wouldn't dare to go, would he?

Even Ye Tianzi and the bald old man in the distance They all looked over curiously.

At this moment, Patriarch Wutian became the focus of everyone.

If he didn't go in, others would really think that he was afraid of Emperor Qin.

Besides, I was never afraid of Emperor Qin!

"good! Thank you, Miss Purple Star!"

Ancestor Wutian pretended to be heroic and stepped into the light gate in one step.

As soon as he entered, he saw a young man in white, it was Qin Feng. As expected, there was only Emperor Qin in this treasure house!

Ancestor Wutian was overjoyed.

But before he could react,

Qin Feng grinned, showing his white teeth: "I've been waiting for you for a long time!"

The next second, he slashed away with his sword. He directly slashed Patriarch Wutian until he vomited blood and flew backwards, rolling out of the treasure house.

After doing all this, he walked out of the treasure house leisurely.....

At the same time, the western examination area.

As soon as Patriarch Wutian entered the treasure house, there was a lot of discussion in the place.

"Ancestor Wutian has entered!"

"This time, he will fight Emperor Qin alone!"

"yes! This must be a battle between dragons and tigers, and I'm afraid there won't be any results if it doesn't take half an hour!"

"Of course! I'm afraid it won't take more than half an hour....."

But before he finished speaking, a figure rolled out of the treasure house.

Boom~!

The figure fell directly to the ground.

The hall trembles~!

The dust is flying~!

A large crack was left on the ground.

Everyone took a closer look and saw that it was Patriarch Wutian, and they were immediately dumbfounded.

No way?

Patriarch Wutian was blasted out as soon as he entered!

This scene is exactly the same as the previous two times!

Wow~!

Ancestor Wutian spurted out a mouthful of blood~!

This mouthful of blood was not caused by injury, but by breathing life into him.

He was beaten out again!

The bullshit I just boasted was suddenly broken.

Ancestor Wutian was extremely depressed.

He really couldn't figure out why Emperor Qin had become so powerful after not seeing him for several days!

This time, he was completely disgraced.

He wiped the blood from the corner of his mouth and raised his head. really!

The whole hall came to him.

Those looks were very weird.

There were murmurs in the crowd

"I really didn't expect that! Patriarch Wutian was defeated by Emperor Qin!"

"Being defeated is normal, and winning or losing is a common occurrence for military strategists. It's just that it's really rare to lose so quickly!"

Pfft~!

As soon as Patriarch Wutian got up, he heard these words and was so angry that he spat out a mouthful of blood.

He quickly turned his head, his eyes like sharp swords, and followed the sound.

Everyone was shocked. They all bowed their heads, not daring to speak.

The hall immediately became quiet.

The scene became deathly silent.

Those who had spoken before were extremely uneasy!

"Brother Wutian, did the little girl lie to you? There is only Emperor Qin in there, right?"

Zixing broke the calm.

She deliberately pointed out that there was only Qin Feng inside.

Ancestor Wutian was even more depressed.

This was just to tell everyone how incompetent he was!

But he couldn't refute it!

There was indeed only Emperor Qin inside!

He It was indeed blasted out by Emperor Qin.

At this moment, Patriarch Wutian was silent.

Everyone understood.

It was really like this!

Patriarch Wutian was no match for Emperor Qin.

In the corner, Ye Tianzi whispered: "Senior, that Emperor Qin is quite powerful! The bald old man nodded slightly:"

He is a character!""

At this moment, everyone looked at Patriarch Wutian in a strange way.

Everyone couldn't help but wonder, would Patriarch Wutian be the weakest half-step master in the secret realm?

Among the crowd, Elder Wutian Zu Jiang saw everyone's eyes, and the anger in his heart was boiling.

How dare these losers look down on him!

It seems that there is no need to hide anymore!

If he doesn't get back on his feet, he will lose all face today.

Thinking of this, Patriarch Wutian stood up and his bones crackled.

This is.....?

The crowd was startled and looked over.

Zi Xing and the bald old man also looked over curiously.

Ancestor Wutian's gray hair turned jet black, his back straightened, his height increased by three inches, his cheeks became thinner, his chin became pointed, and he grew a black goatee.

In the blink of an eye, Patriarch Wutian's appearance changed drastically, and he suddenly became ten years younger.

"It's him!"

The crowd exclaimed.

Many people recognized it.

Zi Xing's expression changed slightly.

At this moment, Patriarch Wutian offered another golden shield. In an instant, the golden shield was radiant and illuminated the entire hall. And exuded extremely terrifying power.

Everyone couldn't help but groan!

Even Zi Xing and the bald old man felt the pressure and frowned slightly.

"Oh My God! what is that?"

"this shield....."

The crowd panicked.

This golden shield is so terrifying!

Just the coercion it exudes can intimidate even a half-step master

"At this time, the dominant Yuanwu!"

In the crowd, Zixing was shocked.

This guy even brought his signature weapon.

Click~! Click~! Click~!

At this moment, the golden shield automatically changed and turned into a golden war weapon in the blink of an eye. A, put it on Ancestor Wutian.

Ancestor Wutian's momentum suddenly surged, reaching 250,000 trillion combat power in the blink of an eye, which was extremely amazing.

Purple Star's eyebrows twitched involuntarily, and he was very afraid.

In the corner , the bald old man was also moved.

He used to look down on Zixing and Ancestor Wutian because their combat power was only over a hundred thousand trillion.

But now, Ancestor Wutian's strength has soared to 250,000 trillion. He was moved.

Unexpectedly, there was another powerful opponent!

That armor was indeed the Master Yuanwu!

The old man's eyes showed envy.

At this moment, Patriarch Wutian was extremely confident.

This armor was his trump card!

This armor is different from the Yuantu Sword of the great leader of the Demon Realm.

The Yuan Tu Sword only improves the attack, but this combat power is improved in all aspects.

Whether it is attack, defense, speed, recovery, or even soul strength, it is greatly enhanced.

This is not an ordinary battle armor, but a treasure unique to the Starry Sky Beast Clan.

At this moment, the entire hall was silent.

Everyone looked at the ancestor Wutian in awe, how could they dare to be disrespectful at all?

"Unexpectedly, Brother Wutian is actually the incarnation of the Lord of Aries. This little girl is disrespectful!"

Zixing broke the calm, with a smile on his face, but hatred surged in his heart.

At this moment, some people who had not recognized the ancestor Wutian finally knew the identity of the ancestor Wutian, and they were extremely horrified.

This ancestor of Wutian is actually a member of the Starry Sky Beast Clan.

The Starry Sky Beast Clan has a Star Lord who sits in charge.

Under the Star Lord is the Palace Master of the Twelve Star Palaces.

Each of the twelve Palace Lords has a Dominator-level armor, called the Starry Sky Battle Armor.

The original body of the Wutian Ancestor is the Palace Master of the Aries Palace.

His Dominator Level Armor is the Aries Starry Sky Battle Armor.

The Aries Palace Master is originally a low-grade master, and can wear the Starry Sky Battle Armor. It can bring out the combat power of a mid-level master.

But this time, the Aries Palace Master actually gave the starry sky battle armor to his external incarnation, which is the ancestor of Wutian.

But this incarnation is not strong enough and has no effect on the battle armor. Limited.

But even so, Patriarch Wutian's combat power was forcibly increased to 250,000 trillion

"hehe!! I didn't expect that Miss Zixing also knew my true form!"

Ancestor Wutian sneered proudly.

His strength has greatly increased, and he has great confidence.

"Who knows that the twelve houses in the starry sky are famous in the universe?"

Zixing seemed to be smiling but not smiling. But she was filled with resentment in her heart.

The starry sky battle armor of the Starry Sky Twelve Palaces was once an item of the Qilin clan.

Because the Lord of the Starry Sky Beast Clan was the disciple of the Lord of Qilin, that is, the Qilin traitor.

Back then, , Lord Qilin refined the Twelve Golden People, and then refined the Great Roulette of Heaven and Earth.

With the help of the Great Roulette of Heaven and Earth, the twelve golden people could be merged into Panzu's puppet, with strength reaching the level of a low-level Star Master.

But Qilin Lord merged Not satisfied.

He plans to refine twelve pieces of golden armor, each piece is a master Yuanwu, and then put it on the twelve golden puppets.

In this way, the Panzu puppet formed by the twelve puppets can reach the mid-level star Main level.

This matter was carried out by him and his apprentice together.

But the plan was only half completed, and when the Twelve Golden Armors were still half-finished, the Demon Realm, the Celestial Clan, and the Original Ancient Clan attacked.

In the end, the apprentice rebelled , and took away the semi-finished product of the Twelve Golden Armors.

That traitor was indeed a genius.

In the countless years that followed, he not only became the Star Lord, established the Starry Sky Clan, but also trained the semi-finished products of the Twelve Golden Armors into ten Two-star sky armor.

After finding out the identity of ancestor Wutian, Zixing was naturally resentful.

She wished she could take back this starry sky armor.

Now, she also understood the intention of ancestor Wutian.

This guy should have followed The instructions of the Lord of the Starry Sky are directed at the Starry Sky Roulette.

Rumor has it that the Lord of the Starry Sky established the Twelve Star Palace after imitating the Twelve Golden Men.

If the owner of the Twelve Starry Sky Palace puts on the Twelve Starry Sky Armor , combined with the Great Roulette of Heaven and Earth, the star master's combat power can be unleashed

"Miss Zixing, I will talk to you again after I kill Emperor Qin!"

As soon as he finished speaking, Patriarch Wutian entered the treasure house. Everyone was silent.

But not long after, the exit of the treasure house flashed with light and shadow, and Patriarch Wutian returned with a depressed look.

There was no one in the treasure house.

He Another trip in vain!.

Chapter 534

But on the other side, Qin Feng immediately activated the Wuji Divine Seal after returning to the eastern examination area.

The time flow rate in the entire hall was adjusted by him to be twenty times that of the outside world.

In other words, 20 minutes have passed in the Eastern District Hall, and only one minute has passed in other examination areas.

With his operation, the assessors in the hall all sensed the change and were all shocked.

But these people dare not say much.

In the corner, Emperor Xiaoyao was even more frightened.

It's incredible that Emperor Qin can break the time and law restrictions of the secret realm.

Is it possible that Emperor Qin has mastered a supreme divine seal?

Emperor Xiaoyao thought it was impossible.

The Supreme Divine Seal is extremely difficult for even a Lord to possess, and most of them only appear on Star Lords.

What's more, Emperor Qin's cultivation level is only at the first level.

He couldn't believe that Emperor Qin would master a supreme divine seal.

He didn't know that Qin Feng mastered not one, but four.

On the other side, Qin Feng was too lazy to pay attention to everyone's thoughts.

After he opened the Wuji Barrier, he raised the Xunfengyun Border Flag and entered the Qingyun Barrier.

After a few minutes, Qin Feng completed all operations.

He arranged Chu Chu and Bao Bao to the southern examination area to assist the phantom clone in acquiring points.

In the southern examination area, the phantom clone also opened the Wuji Barrier.

As for the eastern examination area, Bai Qi is responsible for acquiring points.

At this moment, inside the Qingyun barrier.

Qin Feng and Yu Qilin are talking

"Yu'er, these are for you!"

Qin Feng waved his hand, and three drops of divine blood flew towards the jade unicorn.

"Huh! Water Lin Divine Blood!", Yu Qilin took it in surprise.

What she wanted to inherit was the Shui Qilin inheritance.

This Shui Qilin divine blood was of great help to her.

Yu Qilin put away the divine blood and clung to Qin Feng delicately.

"Master, you are so kind to your little slave girl!"

As she spoke, her eyes were as charming as silk, and her beautiful appearance was extremely alluring.

Qin Feng held her slender waist and held her in his arms

"Yu'er, let's get down to business! Why does Purple Star only want the blood of Fire Lin, but not the Holy Blood of Qilin?"

Qin Feng caressed it gently with his big hand, feeling the graceful curves while asking the doubts in his heart.

Yu Qilin smiled and said:"It is normal for outsiders not to know this secret about the Qilin clan."

"Oh, what secret?"

"So, our Qilin Lord's combat power is comparable to Yuanfeng, but he just can't beat Yuanfeng. Why do you think he can?"

"Why?"

Yu Qilin smiled and explained:"That means the Qilin Lord's luck is not as good as Yuan Feng Changlong. This incident made Qilin Lord very upset."

"Later, he set rules in the clan. His inheritance will be inherited by Rui Qilin in the future. Because Rui Qilin has the highest luck, he should be the orthodox member of the Qilin clan."

"In order to avoid the conflict between the three veins, he directly made a dead rule. No matter which branch of the Kirin lineage you belong to, as long as you have the ability to inherit the Rui Kirin inheritance, you are qualified to inherit his inheritance. Hearing this

, Qin Fengruo realized something:"In other words, if you want to inherit the inheritance of Qilin Lord, you must first inherit the inheritance of Rui Qilin?"

"indeed so!", Yu Qilin continued,"But it is too difficult to inherit Rui Qilin's inheritance, and it is almost impossible for ordinary people!

Qin Feng was curious:"What are the conditions for inheriting Rui Qilin's inheritance?"

"Good luck!", Yu Qilin sighed,"Only those who are lucky enough to protect themselves are qualified to inherit Rui Qilin's inheritance."

"But in reality, many masters do not have luck protection, let alone those below the master. Those examiners who want to obtain the inheritance of the Lord of Qilin are simply fanciful after all!"

"Let alone them, even Zixing and I are not lucky. Even if we are all descendants of Qilin, we are still not qualified to inherit the inheritance of Qilin."

"However, the master is different, you are lucky. You should be the only one in the entire secret realm who has good luck. Zi Xing should have noticed this, so she gave you the Holy Blood of Qilin."

Jade Qilin nestled in Qin Feng's arms with a proud look on her face.

Her master was different. Even though he was only in the first level, he already had luck to protect his body.

This was what she was proud of.

Qin Feng suddenly realized:"No wonder Purple Star General Qilin Holy Blood got me. By the way, why does the secret realm still reward Kirin Holy Blood in the assessment?"

Yu Qilin thought for a while and said:"Rewarding the Holy Blood of Qilin may mean that you are qualified to enter the inheritance place of the Qilin Lord. As for what arrangements are there in the inheritance place, I don't know."

Qin Feng nodded slightly.

He thought so too.

"Yu'er, do you know what Tian Jing does?"

Qin Feng took out a spherical crystal that was as white as jade.

Yu Qilin took a closer look and said with surprise on his face:"Oh my God! It's really Tian Jing! Qin Feng, this is a good thing!"

In the previous treasure house, Qin Feng did not have an outside view.

Jade Qilin did not know what treasures were in the treasure house.

"Qin Feng, how many points did you redeem for this?"

"10,000 points!"

"Then you make a lot of money!"

"How to say?"

Yu Qilin explained:"Let me tell you this! Generally, after stars age, some will become white dwarfs, and some will become neutron stars or black hole objects. This white crystal is produced in a white dwarf star. It takes 1 billion years to produce a single white crystal!"

"So few!", Qin Feng exclaimed

"yes! It is valuable precisely because it is rare. Generally speaking, the effect of one white crystal is equivalent to a thousand soul lotuses!

Qin Feng was delighted:"This is not bad!""

Yu Qilin continued:"Not only that! It also has another special effect, which is to help the God-Emperor break through to half-step dominance"

"Of course, one must be at the peak of the Great Perfection of the God Emperor, and one must refine three or four daytime crystals continuously without interruption. In this way, there is a 30% chance of breaking through to half-step dominance."

"A 30% chance is not bad! This is really good stuff!"

Qin Feng suddenly felt that he was really lucky.

All ten white crystals in the treasure house were exchanged by him alone.

This is equivalent to him getting 10,000 soul lotuses at once, which is even more precious.

Jade Qilin sighed:"This thing is very special. Popular with the masters. Because the Xingxi Stone and the Lotus of the Soul have no effect on them, but the White Crystal is of great use to them. Too bad it's so rare!"

Qin Feng nodded slightly and asked again:"Then do you know what the True Spirit Holy Water is used for?"

Yu Qilin was shocked again:"Qin Feng, is there true spiritual water in the treasure house?"

"yes! Do you know what that is?"

"That's the stuff of legend!", Yu Qilin sighed,"It is said that the true spirit water can cleanse the soul, greatly increase the strength of the soul, and bring wonderful benefits. There is a condition for using it!"

"What conditions?"

"It must be a cultivation level below that of the God Emperor. After breaking through to the God Emperor, it has no effect. Qin Feng, I suggest you exchange the True Spirit Holy Water, it will be of great help to you."

Yu Qilin looked serious.

Qin Feng nodded:"That True Spirit Holy Water is the only one in the entire secret realm. I also want to redeem it. Unfortunately, there are not enough points now! To redeem that, you need 200,000 points"

"No wonder you asked Chu Chu and Bai Qi to collect points. This thing is totally worth 200,000 points. By the way, is there anything else in the treasure house that you don't know?"

Yu Qilin took the initiative to ask.

Qin Feng smiled.

His woman is worthy of being the reincarnation of the master. She has much more knowledge than him. It is indeed right to ask her.

"Another one is Ruilin Qi. Do you know what it does?"

Yu Qilin was shocked again:"No way? Do you really have the aura of Ruilin?"

"Yes, I have! What is that for?"

Yu Qilin took a deep breath and said,"I heard rumors within the clan in my previous life. The patriarch of the Rui Qilin lineage has been practicing a secret technique. He wants to materialize and condense his destiny."

"This idea is incredible! The misty luck should be amorphous. Unexpectedly, Patriarch Rui Qilin succeeded in the end. The Qi of Ruilin is part of the luck of Ruilin"

"Whoever obtains it and refines it will be able to obtain luck protection. That person is qualified to inherit the Rui Qilin inheritance. Qin Feng was shocked:"

So, this Ruilin Qi is the biggest treasure in the treasure house!""

Yu Qilin nodded:"That's true! Rumor has it that the leader of the Ruiqilin clan originally wanted to extract one-tenth of his luck. That ball of auspicious Qi should be one-tenth of his luck."

"Qin Feng, you must find a way to get luck. Even if you can't get it, don't let others get it.

Qin Feng smiled slightly:"Of course!""

After understanding all this, he felt much more at ease.....

At this moment, in the main hall, the nuclear experts are all talking about it.

"I didn't expect that all four treasure houses were empty! It's so scary!"

"yes! Even the half-step master-level treasure house only has two items left, one with 200,000 points and the other with 300,000 points, which cannot be redeemed by humans at all."

"Everyone, what is the use of keeping these few hundred points in our hands?"

"this....."

"hehe! What else is there to consider? In a few dozen minutes, this exchange will end. At that time, all scores will be reset to zero. This score is worthless!"

"That's right! Forget it, I'll just sell it. Now Qin Huang's people are buying points. One point can be exchanged for 50 Xingxi stones, which is still very cost-effective."

"That's right! I sold it too!"

After this discussion, more and more assessors walked to a certain corner.

In that corner, Bai Qi set up a stall to collect points.

At this moment, Bai Qi's business was extremely hot, and he was surrounded by hundreds of people. Get up.

In Qingyun Barrier, Qin Feng saw this scene and smiled with relief.

During this treasure exchange, he killed many people in the other three districts, but the fewest people died in the East District.

This district has the most remaining points.

Of course, these people They would take the initiative to sell points because Bai Qi told them that there were no more treasures in the treasure house and they could go in and take a look.

Some of the brave ones went in and took a look, and sure enough, there was nothing.

As for the only two treasures left, they simply They couldn't afford to exchange it.

In this case, they might as well sell the points in their hands.

All this was expected by Qin Feng.

At the same time, a similar scene also happened in the southern examination area.

Those examiners confirmed that there was nothing in the treasure house that could be redeemed Treasure, in desperation, sold points to the phantom clones and Chu Chu.

All of this happened very smoothly.

Time flew by! In the blink of an eye, half an hour passed.

Except for Xiaoyao God Emperor, all the remaining points in the Eastern District Examination Area were In Qin Feng's hands, a total of more than 50,000 points were obtained.

On the other side, the purchase of points in the southern examination area was successfully completed.

Except for Emperor Lufa, everyone there sold their points to the phantom clone.

The phantom clone A total of more than 40,000 points have been collected.

At the same time, in the northern examination area, the leader of the Demon Realm has just finished his explanation.

His men are starting to set up stalls, and the point acquisition has not yet begun.

The assessors in the entire hall are skeptical of his words.

This was not because the big leader was delaying his work.

It was because Qin Feng and the phantom clones had used the Wuji Barrier.

The world flow rate in the east and south districts was 20 times faster than that in the north district.

Half an hour had passed for Qin Feng and the phantom clones.

Only about 2 minutes have passed on the big leader's side.

In this way, the time difference has come out.

But at this moment, in the eastern examination area.

Inside the Qingyun barrier.

Qin Feng frowned slightly.

The points he acquired in the eastern area and the southern area were added together. More than 90,000 points.

This is obviously not enough!

"Qin Feng, how is the situation? There's still a lot left to go," Yu Qilin asked with concern.

Qin Feng nodded slightly.

At this moment, footsteps sounded outside the Qingyun barrier.

Xiaoyao God Emperor came over.

Qin Feng looked over curiously.

The entire examination area was like this Xiaoyao The God Emperor still has points on his body

"Mr. Qin Huang, I have 60,000 points and I want to trade with you. Can I have an interview?"

God Emperor Xiaoyao stood respectfully outside the barrier.

At the same time, the same scene happened in the southern examination area.

The mysterious Emperor Lufa walked up to the shadow clone.

He said with a warm smile:"Brother Qin , I have more than 90,000 points and want to exchange for something with you!"

At this moment, Qin Feng and Xuying's clones' eyes shone at the same time..

Chapter 535

At the moment, Qin Feng took the jade unicorn into the small universe and walked out of the Qingyun barrier.

As soon as he appeared, the whole place fell silent.

Emperor Xiaoyao looked in awe and bowed slightly with his hands raised.

"I have met Mr. Qin Huang!"

"If you want to sell your points, you can ask me for free. Why do you need to meet with me for an interview?", Qin Feng looked at him calmly

"Sir, what I want is not the Xingxi Stone. Bai Qi can't give it to me."

"oh? What do you want?"

"Tian Jing!" Xiaoyao God Emperor looked at Qin Feng expectantly.

Qin Feng smiled slightly and had expected it.

Xiaoyao God Emperor is the peak cultivation level of the God Emperor.

There is a 30% chance of refining the Tiantian Crystal to help him break through to half a step.
dominate

"Feel sorry! This is not for sale!" Qin Feng refused.

Emperor Xiaoyao was stunned.

Immediately, he smiled and said: "Sir, I know that Tiantian Crystal is worth 10,000 cents a piece. I am willing to double the price and exchange it for 20,000 cents for one crystal!"

Qin Feng sneered: "Ha! Who knows, this resource exchange is a reward given by the secret realm. Secret realm points are just a measure of performance and have no value in themselves."

"What's more, it will be cleared in a few dozen minutes, and it will be worthless by then! But this white crystal is a real treasure. Why should I switch with you?"

Emperor Xiaoyao said in surprise: "Sir, even so, points can help you exchange for more treasures!"

Qin Feng's lips curled up slightly: "If it can really help me exchange for treasures, I can still consider it, but it can't be exchanged now. You should know that the two treasures left in the treasure house are one worth 200,000 points and the other worth 300,000 points."

"And I only have more than 50,000 points in my hand. Even if I buy the 60,000 points you have, it will only be more than 110,000 points. What can I exchange for?"

While speaking, Qin Feng took out the Ziyun Token and directly showed the number of points on it. As expected, it was only more than 50,000 points.

"this....", Emperor Xiaoyao also hesitated,"Sir, how about this? I can exchange 30,000 points for one piece, and 60,000 points for 2 pieces. How about that?"

"No need to talk!"

Qin Feng put away the token, turned around and left.

Emperor Xiaoyao was anxious:"Sir, don't you think about it?"

"No need to think about it!"

"Sir, may I ask you a question?"

"what is the problem?", Qin Feng stopped

"Sir, you know that the points collected are not enough to exchange for treasures. Why would you still want to acquire points?"

As soon as he said this, everyone around him also looked curious.

They also felt strange.

Even if Emperor Qin collected all the points in the Eastern District, it would not be enough!

Why would he still collect them?

Qin Feng smiled slightly:" Very simple! Just for a possibility!"

"My lord, what are the possibilities?"Xiaoyao God Emperor looked curious.

Qin Feng said lightly:"The possibility is that other half-step masters also have points. If his and I can collect 200,000 points. Then you can exchange it for a treasure."

"But here comes the problem! How can two people divide a treasure? How can he and I trust each other? So can I finally get the treasure? This is all just a possibility. Maybe, in the end, I will draw water from a bamboo basket in vain."

"If you ask me to spend some star stones to buy a possibility, that's reasonable. But if you ask me to spend a few days to buy this possibility, that's a joke!"

As soon as these words came out, everyone nodded.

What Emperor Qin said makes sense!

Emperor Xiaoyao was also slightly moved.

If he were from Qin Feng's point of view, he also felt that it was not worthwhile to exchange two white crystals for one possibility.

But Bai Tian Jing was of great help to him.

He was not willing to give up.

But the points depreciated too quickly!

Thinking of this, Emperor Xiaoyao hesitated for a while, then made up his mind and said:"Your Majesty Qin Emperor, I want to use Is it okay to exchange my 60,000 points for only one white crystal?"

After hearing this, Qin Feng's heart was moved.

60,000 points can be exchanged for a white crystal.

According to the previous practice, 60,000 points can be exchanged for 6 white crystals!

Seeing Qin Feng's hesitation, Emperor Xiaoyao was both looking forward to and nervous.

Also At this moment, Qin Feng's mind sounded the voice of Yu Qilin

"Qin Feng, switch with him! It takes a month to refine a white crystal. Normally, to reach the peak of the Great Perfection of the God Emperor, one needs to refine three white crystals in one go to have the effect of breaking through the bottleneck."

"Even if Emperor Xiaoyao gets a white crystal, he won't be able to refine it. You swapped with him. It is equivalent to storing this white crystal with him first. You can still get it back when the time comes!"

Hearing this, Qin Feng

's eyes lit up. He knew what Yu Qilin meant.

That was to get the points first, and then find an opportunity to snatch back the Tiantian Crystal from Xiaoyao God Emperor.

Anyway, before Xiaoyao God Emperor left the secret realm, They can't be refined, so don't worry about losing them.

"Sir, can I exchange it?"

Emperor Xiaoyao felt a little uneasy.

Qin Feng pondered for a while and said:"Okay! I will take a gamble!

Emperor Xiaoyao was overjoyed:"Thank you, sir!"

At that moment, both parties successfully completed the transaction, and everyone was happy.

As a result, Qin Feng's points accumulated to more than 100,000 points.

After Emperor Xiaoyao got a white crystal, he put it into the storage ring like a treasure.

Sure enough , , he didn't go to refine it!

Because it was too late and the quantity was not enough.....

At the same time, the southern test area.

Emperor Lufa also completed the deal with the shadow clone.

More than 90,000 points were exchanged for 2 white crystals.

In this way, the points of the phantom clone reached more than 130,000 points.

Qin Feng was excited, the first goal was achieved.

At that moment, he hurriedly entered the treasure house.

He must strike first and exchange the treasures inside as soon as possible to avoid being overtaken by the leader of the Demon Realm.

As soon as Qin Feng stepped into the treasure house, the shadow clone followed him in with his hind legs.

The next second, the phantom clone took out the token.

Qin Feng took it, transferred the points, and actually got 240,000 points.

"Qin Feng's score exceeded 200,000 points. We can redeem the True Spirit Holy Water."

Jade Qilin's excited voice sounded in his mind.

Qin Feng was also excited, strode towards the exchange platform, and put the token into the center of the platform.

After a moment, a bright light flashed above his head, and a bottle of divine liquid fell from the sky.

Qin Feng waved, I put the divine liquid into the storage ring.

I got the true spirit holy water!

At the same time, changes appeared on the resource light screen.

The white crystal has been exchanged!

The fire lin divine blood has been exchanged!

The water lin divine blood has been exchanged Finished!

The Kirin Holy Blood has been redeemed!

The True Spirit Holy Water has been redeemed!

The Ruilin Qi, 300,000 points/group, 1 group in stock

"Dad, we have almost exchanged all the treasures, and only the last Ruilin Qi is left."

The baby's happy voice sounded in my mind.

"Your Majesty, I suddenly discovered that in this resource exchange, it seems that all the resources have been obtained by you!"

Bai Qi suddenly discovered something

"Huh! Yes! Brother, it seems like you redeemed all the treasures by yourself!"

"If Bai Qi didn't say anything, I really didn't notice it! Qin Feng, it seems that this is really the case. It seems that the thousands of examiners all returned empty-handed."

"Dad, you are so awesome!"

The Chu Chu people all started talking excitedly.

Qin Feng couldn't help but smile after thinking about it for a moment.

This is really what happened!

Except for Zi Xing who got 3 drops of Fire Lin God's blood, he got all the other resources by himself. It can be said that All the benefits are taken.

Of course, Zi Xing's 3 drops of Fire Lin's divine blood were exchanged for Qilin's holy blood.

So far, he has only the last remaining Ruilin's Qi that he has not obtained.

"Qin Feng, what should we do now? All the points outside have been purchased, and the final Ruilin Qi cannot be redeemed!"

In his mind, Yu Qilin asked.

Qin Feng smiled and said:"We will stay in this hall and wait for the leader of the Demon Realm."

While speaking, he returned the token to the phantom clone.

The remaining 40,000 points were divided equally between him and the clone.

He did this because he had his own plan

"Qin Feng, what if the leader points are enough and can be exchanged for Ruilin Qi? Qin Feng smiled charmingly:"

Unless he doesn't redeem it, as long as he redeems it." That means everyone who sees it has a share! Whoever grabs it belongs to whom!"

In the small universe, Yu Qilin couldn't help but smile.

Her man is really a bit bad!

But she likes Qin Feng's bad look.....

At the same time, the northern test area.

People in the Demon Realm are working hard to acquire points.

After these assessors confirmed the situation of the treasure trove, they had no choice but to sell their points.

There's no point keeping it anyway!

Once the time is up, those points disappear.

Therefore, the points acquisition in Demon Realm was also very smooth.

Twenty minutes later, the points acquisition for the entire North District was almost completed.

The second leader excitedly reported the results

"Chief, this point acquisition went very smoothly. Now, we have a total of 200,000 points!

The big leader's eyes lit up:"Okay!" Who else hasn't sold points? Let them sell quickly. If he doesn't sell it, he will be killed directly in the next assessment!"

The words were loud and spread throughout the audience.

Those players who had not sold their points were shocked.

"grown ups,We sell! We sell now!"

"I want to sell too!"

The dozen or so contestants who were still hesitating were all scared to death.

The leader looked at those people with pride and cursed inwardly.

After a while, the dozen or so people also sold their points.

At this point, all the points in the northern examination area have been purchased.

The big leader's points have reached more than 210,000 points.

He looked happy and felt extremely proud.

The second leader on the side kindly reminded:"Big leader, now you have collected more than 200,000 points. Hurry up. Go and exchange for the true spirit water. There is only one bottle in the entire secret realm.

The big leader stood up leisurely and said confidently:"Don't worry!" Now in the entire secret realm, I am the only one who can afford to redeem the True Spirit Holy Water.

The second leader was confused:"Big leader, why?"

The big leader smiled and said:"When I went in before, I saw three guys from the south, west, and east. They had exchanged all the bargains and left the remaining True Holy Water and Ruilin Qi. This shows what?"

"Um, what does that mean?", the second leader was puzzled.

The big leader said proudly:"It means they don't have enough points. Whenever there is a chance, they will definitely redeem the precious ones first, rather than trying to redeem the cheap ones."

"Anyway, they redeemed those bargains and the points should have been used up. True Spirit Holy Water definitely cannot be redeemed. Without further ado, this leader will redeem the True Spirit Holy Water now!"

As soon as he finished speaking, the big leader walked towards the treasure house with a relaxed expression..

Chapter 537

At the same time, inside the treasure house.

Qin Feng and the big leader were waiting silently, neither talking to each other, each having their own thoughts.

At this moment, the light and shadow at the entrance dimmed, and Zi Xing walked in.

Qin Feng's eyes lit up.

Before he could say anything, the big leader asked first,"Friend, how many points do you have?"

Zixing looked at him in surprise.

She doesn't know what this guy's purpose is

"Miss Zixing, just say it! It doesn't matter!"

Qin Feng pretended not to be familiar with Zixing.

Zixing understood and said casually: "More than 10,000 points! The big leader frowned: "

That's still not enough!""

"What's not enough?", Zixing was confused.

She glanced at the resource light screen inadvertently, and was surprised to find that the True Spirit Holy Water had been taken away.

Now, only the Ruilin Qi remained in the entire treasure house.

At this moment, there was a sound behind her. The sound of footsteps.

Zixing looked back and saw Patriarch Wutian wearing a starry sky armor and rushing in menacingly.

As soon as he came in, he saw Qin Feng, the shadow clone, and the leader of the Demon Realm were all there, and he couldn't help but froze on the spot.

These three guys have all kicked him out once, and they all have grudges against him!

But why do these three guys get together?

If one-on-one, he is very confident that he can win, but if the three of them are together...

Wutian The ancestor was a little embarrassed, and his arrogance suddenly faded.

He was originally so arrogant, thinking that he could get back his place by putting on the starry sky armor.

But it backfired!

"Huh! This person is....."

Qin Feng and the big leader both looked at Patriarch Wutian with doubts on their faces.

They all felt that this guy's aura was familiar, but they had never seen him before.

At this moment, Patriarch Wutian's appearance changed. He became more than ten years younger. He wore starry sky battle armor again, and his combat power and aura surged to 250,000 feet.

They didn't recognize it at first glance

"He is the ancestor of Wutian!", Zi Xing reminded with a smile

"Oh it's you!", Qin Feng suddenly realized.

No wonder he felt that this guy looked familiar.

At the same time, he was surprised.

How could this Wutian ancestor become so strong all of a sudden?

I'm afraid that the overall strength is not inferior to the phantom clone.

"hehe! It turns out you are from the Starry Sky Clan!"

The big leader looked at Ancestor Wutian with a gloomy face. He was 70% sure that it was Ancestor Wutian who killed the three leaders.

He wanted to kill Ancestor Wutian to avenge the three leaders.

But now it seems, There's some trouble!

This old man's strength has become stronger

"It seems you have recognized my identity!", Ancestor Wutian met the big leader's gaze.

He was also very angry with the big leader.

Last time, this guy didn't know why he was crazy, and he gave himself a sword when he came up.

He still hasn't figured out the reason yet

"snort! You are wearing the starry sky battle armor of the Lord of the Zodiac Aries! If this leader can't recognize it, then he has no vision!"

"Since you recognize that I am a member of the Starry Sky Clan, you should also know that our clan and your Demon Realm are allies and have no conflict. Why did you attack me before?", Patriarch Wutian asked.

The big leader was angry:"You should know why I attacked you! Why are you pretending to be confused?

Ancestor Wutian frowned:"What do you mean?"

Qin Feng quickly interjected:"What the big leader means is that your Xingkong clan has a tradition of betrayal. This ally is just a casual statement and cannot be taken seriously!"

Now Qin Feng already knows that the Lord of the Starry Sky is the traitor of the Qilin Clan back then.

Many people know this.

But everyone is afraid of the Lord of the Starry Sky and dare not say nonsense.

The Starry Sky Clan is also very afraid.

After all, it is not a glorious thing.

Qin Feng suddenly mentioned it as a deliberate sarcasm. As expected,

Patriarch Wutian was furious.

"Emperor Qin, are you insulting my clan?"

"how? Do you want to have a spar?"

Qin Feng smiled coldly.

He deliberately provoked, just to distract Patriarch Wutian and the big leader.

Lest the big leader learn the truth and ask about the three leaders.

After saying this, Qin Feng and Xu Ying's clones stood up at the same time.

Ancestor Wutian couldn't help but his face changed slightly.

"Ha ha!! It's very lively here!"

At this moment, a hearty laughter sounded from the door.

Everyone looked at the sound and saw a bald old man walking in.

"Who are you?"

Everyone frowned.

Not just anyone can enter this treasure house.

Ancestor Wutian was surprised.

He had some impression of this old man.

The old man's results in the assessment were not particularly outstanding.

According to his speculation, That is the cultivation level of the God Emperor's Dzogchen.

A God Emperor's Dzogchen dares to enter even half a step to dominate the treasure house. He is very courageous!

At that moment, Patriarch Wutian said arrogantly: "Can you come in here?"

"Ha ha!!", the bald old man laughed, "Who said I can't come?"

As soon as he finished speaking, the old man's whole body momentum surged.

In an instant, the sky and the earth shook, and the mighty power covered the whole place.

This old man was actually half-step to dominate the peak cultivation level, and his combat power reached 300,000 trillion.

The ancestor of Wutian was dumbfounded.!

Damn it~!

This is a top master!

Immediately, he felt depressed.

He just said something too much and seemed to have offended another person.

The big leader was secretly shocked.

This secret realm is indeed Crouching Tiger, Hidden Dragon!

There is another half-step master.

At present, it seems that the bald old man is the strongest.

However, as long as he finds the Abi Sword and the Blood Sea.

With the combination of Yuantu's Abi Swords and the assistance of the Blood Sea, he can still defeat this old man.

Thinking of this, Da The leader's mood calmed down a little, but there was still arrogance hidden deep in his eyes.

He had a kind of arrogance in his bones that was destined to him, and he always thought that he was born extraordinary.

Seeing this scene, Zi Xing frowned.

The more masters in the secret realm, The subsequent competition for inheritance will become more and more fierce!

Only Qin Feng has a calm face.

Although the old man is strong, he and his clone are confident that they can restrain it.

Although they cannot kill the old man, there is no problem in repelling the old man.

Therefore, he does not any concerns

"Brother Wutian, am I qualified to come in now?"

The bald old man sneered.

There was some ridicule in that smile, but also some dissatisfaction.

Nothing. The ancestor laughed dryly, feeling a little embarrassed.

"Huh! The Holy Spirit Water is gone!"

The bald old man noticed at a glance that there was a change in the resource light screen.

After this reminder, Patriarch Wutian also noticed

"Who redeemed this true spirit holy water?", the bald old man asked.

Qin Feng interrupted directly: "My friend, we are not discussing the matter of the True Spirit Holy Water now, but the matter of Ruiqi Qi."

"Oh, how do you say this?"

The bald old man looked at Qin Feng with a somewhat condescending attitude.

Among the people, he had the highest cultivation level and was inevitably arrogant.

Qin Feng said quietly: "There are still seven minutes! Redemption time is over! Do you want this Ruilin Qi?"

As soon as he said these words, the bald old man's eyes lit up.

He has a stronger desire for Ruilin's energy than anyone else.

Zixing and Ancestor Wutian are also interested.

"Little brother, who doesn't want Ruilin's energy? But it requires 300,000 points, which cannot be redeemed at all!"

The bald old man was helpless.

The old man Wutian even mocked: "Just talk nonsense! I don't even have any points, so what treasures do I want!"

Qin Feng glanced at him and kept these words in mind.

Then he smiled and said: "With one person's strength, our score is naturally not enough. What if everyone puts the scores together? Maybe we can get 300,000 points!"

The bald old man's eyes lit up: "This method is feasible!"

Zixing also agreed: "I also think this method is feasible."

The big leader on the side was silent.

Patriarch Wutian frowned, as if he had said something wrong again.

Emperor Qin's idea was a good one.

At this time, Qin Feng asked with a smile: "Since everyone thinks it is okay, then Just report your scores and see if you can get them together!"

"good! I have more than 40,000 points!"

"The little girl has more than 10,000 points!"

The bald old man and Zixing both reported their scores one after another.

Qin Feng and the big leader were overjoyed.

When these scores are added up, there will be a little more than 300,000 points.

"Ha ha!! Two people, the big leader has 210,000 points, and my friend from the south and I have 40,000 points together. If everyone adds up, 300,000 points is enough!

The bald old man was overjoyed:"That's just right!" By the way, if you have enough points, you can exchange them for treasures, but how can you divide them if you only have one treasure?"

Qin Feng said with a smile:"The treasure is redeemed! Everyone fights for it together, whoever grabs it belongs to whom!"

Hearing this, the bald old man was secretly happy.

He has the highest level of cultivation.

If the ownership is based on snatching, it would be in his best interest!

At that moment, he agreed without thinking:"This method is very good!"

"I feel bad!", the big leader objected.

Everyone looked at him.

This guy had the most points.

If he didn't agree, it really wouldn't be possible.

Qin Feng asked calmly:"Big leader, what do you think should be done?"

The big leader replied: "I have the most points. You let me join you and decide who belongs by fighting for it." This is very unfair to this leader. Why do I feel that I have been taken advantage of?"

"I am unwilling to do this! How about this, how about I pay to buy your points?"

Qin Feng smiled: "Sorry!" Points are not for sale!"

The phantom clone quickly echoed: "I won't sell it either!"

"That's right! We don't sell it!"

The bald old man and Zixing took a stand one after another.

The big leader sneered: "That's it! Then let's break up!"

"Big boss, there are 5 minutes left for redemption! If we really break up, we will lose only 10,000 to 20,000 points, and you will lose 210,000 points. Doesn't the big leader give himself a chance? Or do you have no confidence in yourself?"

Qin Feng was heart-wrenching every word.

The more the leader listened, the more uncomfortable he felt.

Naturally, he didn't want all the 210,000 points he had earned through hard work to be lost. After hesitating for a while, he sighed helplessly: "Hey! That's it! So what if this leader is taken advantage of once? However, I have a request. Give me all your points"

"I'll go to the platform to redeem it! And you are all standing fifty meters away. When the time comes, as soon as the treasure comes out, everyone starts to fight for it. Whoever grabs it belongs to whomever."

Hearing this, Qin Feng and others looked at each other.

The big leader's request was to keep himself closest to the treasure, so that he would have more advantages when grabbing it.

Qin Feng and others looked at each other and nodded in agreement.

The big leader had the most points. It is not too much to make such a request.

At this point, everyone reached a consensus and they all breathed a sigh of relief.

The next second, everyone looked at Qin Feng.

Unknowingly, he became the leader of this matter.

At the moment , Qin Feng said:"Since everyone has no objections, let's sign a contract to abide by the agreement first, and then transfer the points! I will set up this contract!"

"good!"

Everyone nodded.

Ancestor Wutian also agreed:"Yeah! It's safest to sign the contract first! Qin

Feng looked at him with a smile but not a smile:"Ancestor Wutian, the lowest among us has to contribute more than 10,000 points. I wonder how many points you will contribute?"

These words made Patriarch Wutian a little embarrassed.

He hesitated and said:"I still have more than 700 points! However, no matter how small a mosquito is, it is still meat!

Qin Feng sneered:"Without your more than 700 points, we can still collect 300,000 points." Are you taking too much advantage by meddling in like this?"

Ancestor Wutian blushed.

Speaking of which, he was taking advantage.

Qin Feng's reminder made everyone frown and feel a little unhappy.

What's more, the big leader didn't like Ancestor Wutian.

The bald old man just said When he came in, he was questioned by Patriarch Wutian, and he felt a little unhappy.

Patriarch Wutian saw everyone's expressions were strange.

He suddenly felt like being excluded.

At that moment, he said shamelessly:"The so-called everyone who meets you has a share! If you don't play with me, don't blame me for causing trouble! Qin

Feng looked around:"Everyone, did you hear it?" What are we waiting for? Do it!"

As soon as the words fell, Qin Feng, the shadow clone, Zixing, the big leader, and the bald old man attacked the ancestor Wutian at the same time.

Boom~! Boom~! Boom~! Boom~! Boom~!

Five loud noises in a row!

Wutian Ancestor Tian screamed and vomited blood, and was blown away from the light door..

Chapter 538

At this moment, the western examination area.

In the main hall, people were talking a lot.

They were discussing Zixing and Patriarch Wutian entering the treasure house.

Although they were curious, they did not dare to go in.

Half of the masters have gone in, and if they go in again, they will die.

But at this moment, the light and shadow at the entrance to the treasure house dimmed.

A figure sprayed blood and rolled out.....

Boom~!

A loud noise!

A big hole was made in the main hall~!

The ground is cracked~!

Dust and smoke are everywhere!

The whole hall was shaking.

Everyone was shocked! They all looked towards the big pit and saw Patriarch Wutian crawling out in disgrace, with blood still hanging from the corners of his mouth.

Everyone was immediately confused!

Ancestor Wutian had more than doubled his strength by wearing the starry sky battle armor.

Why was he kicked out again?

And this time it was even more miserable than the previous three times!

"What a bunch of beasts! I will fight with you!"

Ancestor Wutian jumped up and rushed towards the treasure house again.

Boom~!

There was another loud noise!

Ancestor Wutian spurted blood again, was bounced back, and fell heavily to the ground again.

Everyone was stunned again!

Wutian The ancestor was also knocked unconscious.

The next second, he figured it out.

Entering the half-step master-level treasure house, 1,000 points will be deducted each time.

He only has more than 700 points, and he can no longer enter.

He wants to progress and take revenge. No chance!

"Damn it! I am not willing to give in!"

Ancestor Wutian stomped his feet fiercely, and was so angry that his liver was about to burst.

Damn!

He was squeezed out alive this time.

Especially that Emperor Qin!

It was that boy who took the lead!

Wutian The ancestor's eyes were green with anger!

Everyone around looked at him going crazy, trembling with fear, and did not dare to speak.

However, everyone was also muttering in their hearts.

Is this ancestor Wutian such a bad character?

Why is he always being harassed ? Excluded!.....

At the same time, inside the treasure house.

Qin Feng and others have just signed a contract.

Afterwards, everyone transferred the points to the leader of the Demon Realm.

After a while, the points transfer is completed.

The big boss has 300,000 points in his hand

"Everyone, as agreed, you all stand 50 meters away!"

The big leader held the token excitedly.

Everyone looked at each other and silently retreated 50 meters to the exchange platform.

"Chief, is it okay?", Qin Feng asked with a smile.

"Can!"

The big leader swallowed, then turned and walked towards the exchange platform.

At this moment, he felt inexplicably nervous.

He knew very well that as long as he exchanged the Ruilin Qi, there would be a big war.

Soon, the big leader He walked to the exchange platform.

He took out the token and carefully put it into the groove of the center of the formation. Then he closed his eyes and began to communicate with the secret realm.

The atmosphere in the venue gradually became tense!

The bald old man, Qin Feng, and Zixing all secretly prepared Prepared.

The air in the hall seemed to have solidified!

It was quiet!

The atmosphere was getting more and more tense!

Buzz~!

A clear cry!

The treasure exchange was activated!

A reaction appeared above the head of the big leader.

I saw a ball of purple gas, exuding With ten thousand feet of rays of light, falling from the sky, it is extremely sacred!

The Ruilin Qi appears!

It's now!

Boom~!

The big leader is the first to fly into the air and grab the purple gas. The shadow clone takes action!

The Wuji Divine Seal is activated!

Space Solidification!

Time delay!

It was applied to the bald old man and the big leader respectively.

The big leader suddenly froze, and his speed dropped sharply, and it was actually less than one-third of his usual speed.

"Ha ha!! Your secret technique is of no use to me!"

The bald old man laughed proudly. With a flash of light and shadow on his body, he immediately surpassed Qin Feng and Zixing.

The Wuji Divine Seal had no effect on him.

In addition, he was half-step to the peak of dominance, and his combat power was better than that of Qin Feng and Zixing. Being much stronger, the speed is naturally faster.

After all, Qin Feng's current strongest combat power is 230,000 trillion, and the ancestor of Hezong is 300,000 trillion.

Purple Star is even weaker, only 150,000 trillion.

Why can't Wuji Divine Seal deal with him?

At this moment, Qin Feng was horrified

"not good!", Zi Xing shouted anxiously.

The bald old man was extremely fast. He rushed to the exchange platform in a flash, reached the sky above the head of the big leader, and stretched out his hand to grab the auspicious Lin Qi in the air.

"No!"

The big leader roared angrily, and his whole body vibrated with momentum, shattering the Wuji Barrier in one fell swoop. He broke free from the restraints, raised his hand and swung the Yuan Tu Sword, slashing straight into the back of the bald old man.

He was forcing the old man to save himself, so he couldn't He went to grab Ruilin's Qi.

But the old man was unmoved at all. He couldn't even block the attack of the sword, so he still went to grab Ruilin's Qi.

Boom~!

The sword hit the bald old man directly.

There was a loud noise.!

The old man just shook his body, but was not hurt.

The big leader was a little confused!

With the blow he just made, even a half-step master would be injured!

Why is this old man okay?

At this moment, Qin Feng and Zi Xingye arrived one after another and attacked the old man one after another.

The old man still did not resist, only focused on grabbing Ruilin's energy.

Boom~! Boom~!

There were two loud noises again!

The old man's body shook twice in succession, but the speed was a little slower. There was still no harm.

Everyone was stunned!

At the same time, a surprising scene occurred in the western examination area, above the main hall.

In the corner where Ye Tianzi was, three powerful God Emperors suddenly self-destructed in succession.

Ye Tianzi and all his subordinates They were stunned.

They were confused and didn't know what happened.

In the hall, the players were also dumbfounded.

They didn't know what happened.

Only the two powerful God Emperors next to the deceased had frightened faces.

They seemed to know what happened.

Seeing their expressions, Emperor Ye made some vague guesses.

It turned out that these two people and the three god emperors who had just died were all subordinates brought by the bald old man.

The true meaning of the bald old man's insights was very strange, called The true meaning of the bald old man is that it can transfer any attack on the bald old man to the soul slave.

And these five powerful God Emperors are the bald old man's soul slaves.

Each soul slave was trained by the bald old man for hundreds of years. , extremely rare.

The attacks from Wuji Divine Seal, Big Leader, Qin Feng and others just now were all transferred to these soul slaves, so the bald old man did not suffer any harm.

This time, in order to grab Ruilin's energy, the bald old man attacked him three times in a row. The famous soul slave doesn't even want his life, it can be said that he is desperate.....

But he said on the other side, inside the treasure house.

The bald old man withstood three consecutive attacks, and his movements only slowed down slightly.

The next moment, he was in the air, reaching for the Ruilin Qi with one hand.

"die!"

The big leader was unwilling to give in and slashed with his sword again.

Boom~!

The bald old man is fine.

Another soul slave outside died.

But the old man's hand has already caught the aura of Ruilin.

His face showed a look of ecstasy..

This treasure will be his immediately.

But at this critical moment, Qin Feng's eyebrows suddenly opened. The God's

Eye of Punishment, which had not been used for a long time, appeared.

But at this moment, there was an extra ray in the depth of the Eye of Punishment. The divine seal, that is the divine seal of heaven.

Since the awakening of the divine seal of heaven, Qin Feng's divine eye of punishment has automatically evolved into the divine eye of heaven.

Phew~!

A divine light shot out from the divine eye and hit the bald old man's head directly.

The old man still ignored him.

He still had the last soul slave, and he could still use it as usual.

This divine eye attack was ineffective on him. At this moment, he just wanted to put away the aura of Ruilin.

At this moment, the divine light attack arrived.

Boom ~!

There was a loud noise!

The brain burst!

The bald old man's entire head was blown to pieces.

The headless corpse twitched, then rolled and fell from the air.

Qin Feng was overjoyed!

He guessed it right.

The old man really transferred the damage.

And the effect of the Divine Eye of Heaven is that the damage cannot be transferred, and the target must bear the punishment of Heaven head-on. The bald old man is too confident!

If he resists head-on, he can block the attack of the Divine Eye of Heaven.

But in order to grab the treasure, he simply ignores it. As soon as the old man fell, Qin Feng took the opportunity to rush past

"Don't even think about it!"

The big leader also wanted to fight for it.

But at this moment, the shadow clone arrived.

He and Zixing joined forces to intercept the big leader.

Qin Feng took the opportunity to fly into the air, picked up Ruilin's Qi, and stuffed it into storage ring

"Haha!! Got the treasure!"

Qin Feng was ecstatic.

Immediately, he dived and slashed at the big leader with one sword.

The shadow clone and Zi Xing took action at the same time.

The big leader was directly blown away.

"Walk!"

Qin Feng gave an order, and the three of them took the opportunity to slip away.

In a blink of an eye, the three of them left the treasure house without a trace.

"Emperor Qin! I won't let you go!"

The big leader was so angry that he stamped his feet.

His 210,000 points were wasted in this way.

At this moment, there was movement behind him.

The headless corpse of the old man stood up automatically, the flesh and blood around his neck squirmed, and a head grew again.

At this moment, he felt extremely depressed.

Not only did he pay 40,000 points, he also lost four soul slaves, and in the end he gained nothing.

"Why! Destiny!"

The old man sighed and walked out of the treasure house silently.

The big leader also left with a look of helplessness!..

Chapter 539

After grabbing Ruilin's energy, Qin Feng successfully returned to the eastern examination area and entered the Qingyun barrier.

Inside the barrier, he took inventory of the harvest in a comfortable mood

"Dad, we made a lot of money this time! The big leader must be furious!"

The baby's excited voice sounded in Qin Feng's mind.

Chu Chu also said happily: "Yes! He lost 210,000 points in one fell swoop. How can he not be angry?"

Yu Qilin reminded: "Qin Feng, you will take advantage of everything this time! They will definitely be thinking of revenge during the final assessment, so be careful!"

Qin Feng smiled coldly: "Ha!" By the time of the next assessment, my strength has greatly increased, how can I be afraid of them!"

At this moment, the sound of the secret realm sounded in the sky above the hall.

"This resource exchange is over! Points are cleared now!"

At this moment, the points of all tokens in the entire secret realm were cleared.

"Three days of repairs! Three days later, the four major examination areas converged and the inheritance assessment began!"

The voice of the secret realm sounded again.

In the main hall, people were talking about it.

"The four major examination areas are coming together!"

"yes! I didn't hear from the secret realm that the inheritance assessment is about to begin!"

"Three days later, the real battle of opportunity is about to come!"

Everyone was excited.

They came here just for the inheritance.

"Forget it, no more chatting! While there are still three days of repair period, I will quickly improve it!"

"That's right! In the inheritance assessment three days later, there will definitely be a battle between dragons and tigers. Insufficient strength will not suffice."

At this moment, many assessors began to make adjustments.

But the next second, strange looks appeared on everyone's faces.

This time the resource exchange was over, but did they get anything?

It seemed that they got nothing!

The same scene, also It happened in the other three areas.

Those players were a little confused.

It stands to reason that this level is a secret realm that benefits them and gives them resources.

At worst, they should get a few Lotus of Souls!

But the actual situation is, don't Talking about the Lotus of the Soul, they didn't even get a Crystal of the Soul.

And their points were still used up, which was really weird!

These people didn't know that almost all the resources had been plundered by Qin Feng alone.

But he said that on the other side, inside the Qingyun Barrier.

After listening to the announcement of the secret realm, Qin Feng went directly into his own small universe.

The four people in Chu and Chu also started retreat.

At this moment, in the Zhongjixing Palace, inside the secret cultivation place.

Qin Feng took stock excitedly. Harvest.

After a moment, four drops of Kirin's holy blood and seven white crystals appeared in front of him.

He had reached the Great Perfection of the First Stage, and it was time to break through to the Second Stage.

Jade Kirin once mentioned to him that refining Kirin Holy blood is somewhat helpful in breaking through the second round realm.

So far, the secret realm has only released five drops of Kirin holy blood.

Except for the drop from the leader of the Demon Realm, Qin Feng got all the other four drops.

At that moment, Qin Feng opened his mouth and swallowed it Four drops of Kirin's holy blood...

The next second, his whole body was shaken, and his body was roaring continuously.....

Click~!

A soft sound!

A certain bottleneck is easily broken.

Qin Feng's whole body momentum surged, and his body was frantically absorbing the energy around him.....

He quickly opened his mouth and sucked in, swallowing all seven white crystals...

Boom~!

In the next second, his aura surged several times.....

"Ding! Successfully swallowed the Holy Blood of Kirin.....Awakening the power of Kirin, combat power is greatly improved....

"Ding! The physical body absorbs the holy blood of Kirin and is greatly strengthened. The flower from the other side will bloom next time by 21% (thirteen petals).....Combat power greatly increased....."

"Ding! Successfully swallowing the white crystal... Congratulations to the host for breaking through to the early stage of the second cycle (the Great Emperor of the Universe) and raising the combat power to 200,000 trillion (not the strongest state)....."

"Ding! Congratulations to the flower of the host soul for blooming with twelve petals.....Combat power increased to 210,000 trillion....."

The next second, a golden flower of the other shore appeared above Qin Feng's head, with twelve petals.

Immediately afterwards, a jade-colored soul bud appeared in the sky above his head, slowly blooming, with twelve petals in full bloom, filled with auspicious light and overflowing with fragrance.....

After a while, all the visions disappeared

"Finally a breakthrough!"

Qin Feng opened his eyes happily.

He is now in the second level of cultivation, with a combat power of 210,000 trillion, but his strongest state can exceed 300,000 trillion. In the next assessment, when he meets Ancestor Wutian again, he will I am confident that I will kill it.

"Ancestor Wutian's starry sky battle armor is pretty good! If I get it, my strength will definitely increase greatly!"

Qin Feng smiled slightly.

He wanted all the twelve starry sky armors of the Starry Sky Orc Clan.

When he gathered the twelve golden men, and then let the golden men wear the starry sky armors, plus the great roulette of heaven and earth, he would You can get a more powerful Panzu puppet.

That is the combat power of a star master!

Then, Qin Feng waved his hand, and there was another bottle of holy water in front of him, which was the true spirit holy water.

This true spirit holy water must be below the level of the God Emperor It must be taken to be effective.

He is now in the second level of cultivation, so he can use it.

The next second, he drank the bottle of true spirit holy water

"Ding! Successfully swallowing the true spirit holy water...the soul is refined, the soul strength breaks through the shackles, and the distance to the next flower of the soul is 27% (thirteen petals)"

"Ding! The soul strength has been greatly increased...the combat power has been increased to 220,000 trillion....."

Qin Feng was ecstatic.

His soul actually broke through the shackles.

In other words, if he gets some true spirit holy water and refines his soul repeatedly, the flower will bloom with thirteen petals.

In short, Qin Feng's flower of the other side and the flower of the soul are both destined to bloom with thirteen petals.

This is unheard of in the universe.

Even those high-grade star masters had twelve petals when they were young, and none of them could bloom with thirteen petals.

Once the three flowers gather at the top, even the Star Master cannot do it if he wants to renovate it.

Unless, the Star Lord reincarnates and rebuilds!

But if the Star Lord is immortal, who would want to be reincarnated?

If after reincarnation, you are targeted by enemies from your previous life, you will be completely dead.

To put it simply, Qin Feng is the only person in the universe who can bloom the flower of the other side and the flower of the soul with thirteen petals.

Next, he took out the Ruilin Qi.

As soon as the spiritual energy appeared, the room was filled with glow. The light makes people feel very comfortable.

He opened his mouth, sucked it in, and swallowed it.

"Ding! Successfully swallowing Ruilin's Qi... Congratulations to the host for improving his luck, reaching the medium red level... his combat power has increased to 240,000 trillion....."

"Ding! Hidden condition activation.....Reward the host with the art of looking at Qi....."

Immediately, a cool breath rushed into his mind, and Qin Feng had a secret technique in his mind.

The art of fortune-seeing: you can watch other people's luck.

There are three levels of luck.

They are blue level, orange level and red level.

Generally, lower-grade star masters have green-level luck, middle-grade star masters have orange-level luck, and high-grade star masters have red-level luck.

Each level of luck is divided into three levels: upper, middle and lower.

Qin Feng was shocked that his luck actually reached the level of a high-grade star master, but he was still a medium-level red-level luck.

There are only a few high-grade star masters, and there should be even fewer who have medium red-grade luck.

As for those with good red-level luck, there aren't many of them, right?

Qin Feng couldn't help but guess, and he felt secretly happy.

He looked up, his eyes glowing golden.

The art of looking for energy is activated!

I saw a red beam of light rising into the sky above my head, connecting to the sky and the earth, extremely majestic!

That was his luck beam.

He turned his head and looked around again, his eyes penetrating through the palace, scanning Chu Chu, Bao Bao, Yu Qilin, and Bai Qi respectively.

None of these four people have luck to protect themselves! really!

Luck is extraordinary for everyone!

Even though these four people all have the potential to dominate, they are not protected by heaven and earth.

And not only did I have luck to protect me, but I also had medium-red luck, which was really unbelievable!

Qin Feng didn't know that there were only a few people in the entire universe with moderate red-level luck.

As for those with superior red-level luck, there is no one.

But at this moment, Qin Feng's mind sounded a system prompt

"Ding! Remind the host that on top of the superior red-level luck, there is also purple-level luck... Purple-level luck is the foundation for becoming a god!"

Qin Feng was shocked.

Sure enough!

Above the Star Lord is the True God!

If he wants to become a god-level elemental master, he also needs to improve his luck.

Thinking of this, he waved his hand, and more than a thousand stored gold coins appeared in front of him. Storage rings.

These are his trophies this time.

Before, he never had time to take inventory, so now he can take a good look at them.

Maybe there will be a surprise discovery in these storage rings..

Chapter 540

After taking stock of this, Qin Feng was surprised again and again.

There are indeed a lot of good things in these more than a thousand storage rings.

The number of star tidal stones alone exceeds billions, and there are even more other resources.

And each storage ring contains the Lotus of the Soul.

After all, the players who can survive to that stage are the remaining elites from millions of assessors.

They have made great gains before.

Especially in the rings of the God-Emperors, there are more than dozens of soul lotuses.

An hour later, Qin Feng finished taking stock of the storage rings and got more than three thousand soul lotuses.

He swallowed them all, his cultivation level increased to 21% of the second round state, and his combat power increased to 250,000 trillion.

His strength increased greatly again, and Qin Feng was in a good mood.

Next, he took out his experience in refining weapons and began to understand.....

Time flies.....

In the blink of an eye, the three days of repair time for the outside world were over.

Nearly half a year has passed in Little Universe.

In the past six months, Qin Feng has gained a lot.

He has thoroughly understood all 50 items of weapon refining skills, and his weapon refining skills have reached the level of a low-grade star master.

After improving his weapon refining skills, he also repaired the three damaged golden puppets.

In this way, Qin Feng had seven complete golden puppets in his hands.

He then handed over the Seven Stars Falling God formation flags to the seven puppets respectively, and taught them how to use the formation.....

At this moment, on the Zhongji Star.

Qin Feng glanced at Ziyun Ling's information prompt, then stepped out of the small universe and reached the Qingyun Barrier.

At this moment, all the assessors in the hall were a little excited.

Three days of repairs are finally over.

A new assessment is about to begin.

This time it is about the assessment of various inheritances.

You know, Ziyun Secret Realm is an ancient battlefield.

Many great powers died here back then, leaving behind dozens of inheritances, large and small.

The more inheritance there is, the more opportunities they have as assessors.

"What do you think the assessment will be like in the next game?"

"Not sure! The secret realm hasn't been announced yet!"

People were talking in low voices.

Everyone was looking forward to it and nervous.

Qin Feng glanced at the main hall through the Qingyun barrier, and summoned the four babies

"dad! hug!"

As soon as the baby saw Qin Feng, she started acting coquettishly.

She hasn't seen her father for almost half a year.

"brat!"

Qin Feng hugged his daughter lovingly.

The little one smelled delicious.

Chu Chu on the side looked envious.

When she was a child, her brother also held her like this.

What a pity! My brother is unwilling now!

Chu Chu looked at her increasingly slender figure, I'm really distressed.

Can't we be as close as before when we grow up? It would be great if she were like a baby, still a four or five-year-old child

"Dad, my baby has made great progress in the past six months!", Qin Baobao said with a proud face.

In the past six months, her cultivation has broken through to the second level of perfection, and her combat power has reached 15,000 trillion.

Qin Feng smiled happily: "Dad saw it!"

Then, he looked at Chu Chu and others again, with a satisfied smile on his face again.

This time, Chu Chu and others have greatly improved in strength.

Chu Chu has also cultivated to the second level of perfection, and her combat power is also 15,000 trillion.

After all, she is now Like the baby, it has the potential to be a top-grade dominator.

The Jade Qilin is also in the second level of perfection, with a combat power of 10,000 trillion. Bai Qi actually broke through to the early stage of the God Emperor in one fell swoop, with a combat power of 10,000 trillion.

In this way, Qin Feng's The four major Xingji followers all have the combat power of the God Emperor's Great Perfection.

"Qin Feng, you seem to have broken through to the second round."

Yu Qilin looked at his man in surprise.

Qin Feng turned to look at her.

Yu Qilin's cultivation progress was also obviously faster than that of Chu Chu and the others.

After the body of the previous life was cultivated, there was no restraint of qualifications, and it was faster than the top-level master. Qualified treasure and Chu Chu.

Having said that, with the improvement of cultivation, Jade Qilin's temperament is getting better and better, and her person is becoming more and more beautiful, with a hidden tendency to surpass Purple Star.

Qin Feng has not enjoyed her for half a year.

Just At this moment, the sound of the secret realm sounded in the sky above the hall

"A minute later, members of the four major examination areas gathered in the central hall! All assessors, be prepared!"

As soon as the words fell, the whole audience was excited.

Qin Feng put down the baby and put away the Xunfengyun boundary flag.

Everyone's figures were revealed

"Emperor Qin is out!"

The crowd murmured.

The restless hall immediately fell silent, and the elegance was silent.

All the assessors looked at Qin Feng in awe and did not dare to speak.

Unknowingly, Qin Feng became an extremely terrifying existence in everyone's hearts.

Also At this moment, the hall trembled slightly.

The teleportation began!

The next second, a white light flashed across the entire venue, and everyone disappeared.

After a space transformation, Qin Feng stepped onto the ground.

He turned his head and looked around, and found that he was here. A huge square.

This should be the central square of ancient Ziyun City, and it is also the center of the secret realm.

At this moment, white light flashed all around, and examiners appeared one after another.

The contestants from the four major examination areas were teleported over.

Those As soon as the contestants appeared, they quickly looked around.

In the blink of an eye, all the contestants from the four major examination areas were teleported over.

Qin Feng took a rough look and saw that there were still three thousand people left.

There were only about twenty people left in the Divine Emperor's Great Perfection.

That's all. At this moment, he felt three strange looks.

Qin Feng turned around and saw the leader of the Demon Realm, Patriarch Wutian, and the bald old man all looking at him with unkind expressions.

He smiled slightly and didn't care at all.

With his current strength, it was their luck that he didn't cause trouble for these people.

If they dared to come to his door, they would be asking for death.

Qin Feng was too lazy to pay attention to the three of them and continued to check the situation on the field.

Soon , he found that Emperor Xiaoyao and Emperor Lufa were gathering together.

Qin Feng always felt that Emperor Lufa was extraordinary.

At the same time, in the corner, some people in the Demon Realm were mumbling.

"Chief, that young man in white is Emperor Qin?", the second leader asked in a low voice

"That's right! In the next assessment, you must be careful if you encounter him. This person's strength is not inferior to that of this leader!"

These words shocked everyone in the Demon Realm.....

On the other side, the bald old man was also whispering instructions to Ye Tianzi

"Xiaoye, did you see it? That boy in white is Emperor Qin!"

"Is he also the Qin Emperor?!", Emperor Ye was shocked.

Emperor Qin's name has long been known in the secret realm.

He didn't expect that he was actually a young man.

This made him feel very uncomfortable.

He always felt that he was the favored son of heaven, and few people in the world could compare with him..You know, he was born to inherit the destiny of the Lord of the Four Polar Stars.

But now compared with Emperor Qin, he is several grades behind.

This makes him very unhappy.

He doesn't know why, but when he saw Emperor Qin, There was unwarranted hostility and irritability.

This feeling aggravated his jealousy.

When he saw the people around him looking at Qin Feng in awe, he felt even more unhappy.

"snort! This guy looks young, maybe a lot older. Some guys are particularly concerned about appearance, and this Emperor Qin should be like that! I'm afraid his talent is not as high as mine!"

Ye Tianzi comforted himself and looked for a sense of superiority.

The bald old man noticed something and was a little surprised. This Ye Tianzi has always been steady and confident, but it is rare to show jealousy now!

The cultivation process pays great attention to the state of mind.

If Ye Tianzi has always been in a jealous mood , is not conducive to cultivation.

And he is very optimistic about Emperor Ye, and he also attaches great importance to Emperor Ye.

Thinking of this, the bald old man reminded:"Xiaoye, you don't need to care about Emperor Qin. He seems to be very good at the moment, but in reality he is far inferior to yours. You have the destiny of being the Lord of the Pole Star, and your future achievements are limitless!"

"This Emperor Qin has the most high-grade domination potential, which is incomparable to yours! Even if he was lucky, it would be a big deal if he could become a low-grade star master."

These words made Ye Tianzi particularly pleasant to hear.

He also suddenly realized.

He will be the Lord of the Pole Star in the future, how can he be jealous of a little person?

"What the seniors want to remind you is that the juniors are in good shape!"Ye Tianzi accepted it humbly.

The bald old man nodded happily, secretly thinking that this boy can be taught!

These two people really felt in their hearts that Qin Feng was not as good as Ye Tianzi.....

At the same time, Qin Feng glanced over inadvertently.

When he saw Ye Tianzi, he felt a sense of déjà vu and an uncomfortable feeling. strangeness!

Why do I have this weird feeling?

Is there something special about this young man in black?

Qin Feng muttered.

Suddenly, golden light erupted from his eyes, and he cast his Qi-gazing technique, sweeping the entire place in an instant.

The next second, he looked at Ye Tianzi again in surprise.

No one in the audience had luck, only this young man in black did.

Moreover, the luck beam of the young man in black is orange with reddish color, which is clearly a superior orange level luck.

One step further is low-level red-level luck!

This kind of luck is extremely strong!

Qin Feng became more curious about Ye Tianzi.

The next second, his eyes lit up with silver light, and memory stealing was activated.

But just when the memory theft was applied to Ye Tianzi, a strange force blocked his prying eyes.

Obviously, someone used means on Ye Tianzi to prevent others from stealing memories.

But Qin Feng's current soul power is extraordinary.

His soul has broken through the shackles, and the flower of his soul can bloom with thirteen petals.

This makes his soul power stronger than even a half-step master.

In the blink of an eye, his memory stealing broke through the obstacles of the secret technique and peeked into the secrets of Ye Tianzi's mind.

After he saw everything, his eyes showed shock

"This is what happened!"

Qin Feng calmly withdrew the secret technique, with murderous intent in his eyes.

No wonder he couldn't fully awaken the ancestral dragon inheritance. Half of the ancestral dragon luck was taken up by this Ye Tianzi.

Thinking of the master behind Ye Tianzi, Qin Feng felt an inexplicable feeling of disgust.

Not only did that guy kill Zulong, he actually asked his disciples and grandchildren to seek the fate of Zulong.

Fortunately!

He got the inheritance of Zulong.

Otherwise, senior Zulong would have died. I can't close my eyes!

Thinking of this, Qin Feng looked at Emperor Ye again, with disgust mixed with excitement in his heart. There is hope that his ancestral dragon inheritance will be fully awakened. Emperor

Ye will die this day!

It is said that the Lord of Dusk even sent people to occupy the earth.

The Emperor of the Night is the son of the Dusk Master.

They are naturally hostile!

Qin Feng smiled coldly, looked around again, and started stealing memories again.

For an instant, except for the Half-Step Master, no one could stop his prying eyes.

Even the gods Even the powerful Emperor Perfection could not resist.

After a moment, Qin Feng smiled.

He discovered many interesting secrets.

The next assessment will be exciting.

At this moment, the hall shook, and the sound of the secret realm came again. Sounds, the inheritance assessment is about to begin..
