

God level 541

Chapter 541

At this moment, the hall shook, and the sound of the secret realm sounded again.....

"Please review the token information! Three minutes later, the inheritance competition begins!"

"Huh! Is it a fight for inheritance?!"

Everyone picked up the token and checked it. Qin Feng also checked it.

After a while, he finished reading the information, and his eyes showed a strange color.

This time, three levels of inheritance suddenly appeared, namely third-level, second-level, First-class.

The third-class inheritance is the God-Emperor Great Perfection-level inheritance, with twenty.

Only Lunhai-level examiners can enter.

Qin Feng doesn't look down on this level of inheritance at all.

Even if he gets it, Qin Feng will not be interested in it. Not much help.

The second-class inheritance is the master-level inheritance, with five.

They are the black phoenix master inheritance, the fire phoenix master inheritance, the God-killing master inheritance, the Mitian master inheritance, and the water unicorn saint inheritance.

Seeing the last master inheritance, Qin Feng couldn't help but look at Yu Qilin.

Wasn't Yu Qilin's previous life the water unicorn saint?

"That's right! that's me!", Yu Qilin winked playfully.

Qin Feng:""

"Since it is your own inheritance, it will be easy for you to inherit it, right?", Qin Feng asked curiously

"Of course!", Yu Qilin smiled proudly,"If anyone else goes in, they will have to pass the assessment of my remnants of the past life."

"As soon as I entered, Can Nian automatically merged with me, and the inheritance was obtained immediately. All my memories from my previous life have been restored.

Qin Feng's eyes lit up:"This is not bad!" By the way, remember to kill everyone who enters after getting the inheritance."

Yu Qilin was curious:"Why?"

Qin Feng's lips curled up slightly:"I want to get all the inheritance, so the fewer other people who get in the way, the better, so as not to be missed by them."

"Do you also want the inheritance of the Divine Emperor's Dzogchen?"

"Well, you can give it to Yue'er and Luo Li. The strength of the earth also needs to be improved quickly. The inheritance of the Divine Emperor's Dzogchen is of no use to us, but it is still useful to them."

Qin Feng analyzed.

No matter what, the earth is his root.

He naturally hopes that the earth is as powerful as possible.

In this way, he can feel more at ease when he ventures into the outside world.

Yu Qilin suddenly realized: "I understand!"

Then, the two stopped talking and continued to watch.

Next is the first-class inheritance.

That is, the Star Lord inheritance. There are four.

They are the Fire Qilin inheritance, the Water Qilin inheritance, the Rui Qilin inheritance, and the Demon Realm Blood Lord inheritance.

When these After all the inheritances have been inherited, a special inheritance - the inheritance of the Lord of Qilin - will appear.

The information also reminds that fighting with each other is allowed in the major inheritance places.

After the examiner inherits the inheritance and is killed again, the inheritance will be dropped.

Unless the examiner can completely awaken the inheritance.

If someone kills him, the inheritance will also disappear.

Seeing this, Qin Feng smiled slightly.

Generally, if you inherit the inheritance, it will take a period of time before you can fully awaken.

This information is in Tell people that even if the inheritance is obtained, it is not safe and there is still a risk of losing it.

Of course, there are exceptions here.

For example, Jade Qilin.

If she retrieves the inheritance from her previous life, she will be completely awakened in a very short time.

Soon, the whole audience will be assessed. After reading the news, some of the examiners were excited, some were nervous, and some were hesitant.

But the God Emperors kept complaining

"Hey~! Why does the inheritance of the God-Emperor's Great Perfection require a cultivation level below that of the God-Emperor to enter? This is too embarrassing!"

"yes! I can't even get in even if I want to! Can we only go to the dominator-level inheritance place?"

"hehe!! What's the difference between that and seeking death?"

The God Emperors frowned.

According to the rules, only those with half-step master or less can enter the Dominion-level inheritance place.

When they God Emperors enter, they will definitely encounter those God-Emperor Dzogchen masters. How can they win? What's more, the inheritance place is Those who are allowed to fight are likely to lose their lives.

On the other hand, the players in the Wheel Sea Realm are secretly rejoicing.

Without the competition from the God Emperors, they have a greater chance of obtaining the inheritance.

As long as they get the inheritance, they can return to the square. , they will be safe.

Then wait for the secret realm to end, this trip will not be in vain.

For these Lunhai-level players, the inheritance of the God Emperor's Great Perfection is a good thing.

Many of them do not even have the qualifications of the God Emperor, if they can get the inheritance of the God Emperor's Great Perfection, they will have hope to break through the God Emperor.

In the corner, Ye Tianzi looked at everything in front of him, feeling inexplicably proud.

He was only at the early stage of the First Stage, but his combat power could be comparable to the early stage of the God Emperor.

None of the players in the Wheel Sea Realm in front of him has the strength of the early stage of the God Emperor.

If he takes action, wouldn't those God Emperor's Dzogchen-level inheritance be picked at will?

After all, the God Emperor's Dzogchen Inheritance is still somewhat helpful to his cultivation.

This thought made him a little moved.

Besides, the players in the square always said that Qin Huang was young and promising, and he was not convinced.

If he could be in the hall In the audience, will it shock everyone to seize the Great Perfection inheritance of the God Emperor with a level of cultivation?

By then, people should realize who is the best genius.

Thinking of this, Ye Tianzi looked at To the bald old man: "Senior, I want to seize a God-Emperor Dzogchen-level inheritance, how about that?"

The bald old man frowned:"No!" Xiaoye, don't lose big for small things. It's just a Great Circle-level inheritance of the God Emperor, and it won't be of much help to you. What if you are in danger?"

Ye Tianzi didn't take it seriously:"Senior, although my cultivation level is not high, my combat power is far higher than that of the same level. Just because of these Lun Hai realm guys, none of them can hurt me. Instead, I want to kill them, easily!"

"this.....",The bald old man hesitated.

Ye Tianzi continued:"Senior, do you think any of these Lun Hai level players are strong enough to reach the early stage of the God Emperor?"

"this.....I think should not be!"

The bald old man glanced at the audience.

His eyes did not stay on Qin Feng.

In his opinion, Qin Feng's combat power was more than 200,000 trillion, and he must be a half-step master.

It is absolutely impossible to be some kind of wheel. From the Sea Realm.

As for Qin Baobao, Chu Chu, and Yu Qilin, he didn't care.

He subconsciously believed that the Wheel Sea Realm could never be the opponent of the God Emperor.

The bald old man and Ye Tianzi didn't know that Bao Baobao, Chu Chu, and Yu Qilin Although the cultivation of the three of them is the Great Perfection of the Second Wheel Realm, their combat power has reached the Great Perfection of the God Emperor. This is not only because of their high qualifications, but also because of their seventh, eighth and ninth consciousnesses. They are all fully awakened and consummated.

At present, Emperor Ye has only awakened the seventh consciousness.

If Emperor Ye meets the three of Chu and Chu, he will only be killed instantly.

"Senior, how about junior try it?", Ye Tianzi was eager to give it a try.

After meeting Qin Feng, Ye Tianzi's desire for performance inexplicably increased.

In his heart, he always wanted to compare with Qin Feng.

The bald old man pondered for a while, then shook his head: "Forget it! It's not worth the risk for you to take this inheritance!"

"All right!", Emperor Ye was helpless.

The old man disagreed, and he didn't dare to make the decision himself.

At that moment, he looked at Qin Feng, with a depressed look on his face.

Really!

This emperor finally had a chance to show his talent, but he couldn't.

This Emperor Qin What a blessing!

Otherwise, his genius would have been suppressed by me.

Just when Ye Tianzi was complaining and sighing to himself, the whole square trembled slightly.

Buzz~! Buzz~! Buzz~!

Twenty clear blasts in a row!

Twenty gates of light appeared.

All entrances to the inheritance of the God Emperor's Great Perfection were opened.

All the Lunhai realm players were excited, and they rushed towards the twenty gates of light like a tide.

Those masters of the God Emperor were envious.

They only You can enter the Dominion Level Heritage Land.

It will take another ten minutes to open.

In the blink of an eye, most of the Lun Hai Realm players entered at extremely fast speeds.

Only a few did not enter.

Those players who did not enter They all looked at Qin Feng with strange expressions.

They were from the eastern examination area.

"Dad, it's begun!"

In the corner, Baobao and others are waiting for Qin Feng's order.

"Take action!"

As soon as he finished speaking, Chu Chu, Bao Bao, and Yu Qilin each chose a light door to enter.

Bai Qi was a little depressed.

He was in the early stage of the God Emperor's cultivation and couldn't get in.

At this time, Qin Feng waved his hand, and seven golden puppets Appeared, and then each chose the entrance of the Seven Light Gates and entered.

This scene puzzled everyone in the venue.

Only the examiners in the East District looked strange.

Although they didn't know what Qin Feng wanted, every time Qin Feng did One thing happened that was extremely shocking.

As for the other three examination areas, most contestants did not know that the boy in white in front of them was the famous Emperor Qin.

In their opinion, the behavior of the boy in white was a bit ridiculous.

The leader of the Demon Realm , Ancestor Wutian, and the bald old man all looked confused.

"Senior, isn't this Emperor Qin a little ridiculous?"

Ye Tianzi's tone was a bit sarcastic.

The bald old man also looked puzzled:"I can't understand what he did."

YetianEchoed:"Yes! This inheritance is for living people. What's the use of sending some puppets in? The puppets won't get the inheritance. Besides, the puppets he sent are not strong." The bald old man nodded slightly.

At this moment, a change occurred in the field.

After Qin Feng put the puppet in, he walked towards a door of inheritance.

This scene greatly surprised Ye Tianzi and the bald old man.

Among the crowd, the leader of the Demon Realm and Patriarch Wutian were also puzzled.

They knew Qin Feng's strength.

Isn't this guy a half-step master?

What does he want to do?

Does he want to go in?

That's a place only Lun Hai Realm players can enter.

After the ancestor Wutian was surprised, the corners of his mouth turned up slightly, and his eyes showed a look of gloating.

He has experienced the power of the secret realm.

If it doesn't comply with the rules, you won't be able to get in.

If you force your way in, you will be bounced off the light door and you will be embarrassed.

At this thought, Patriarch Wutian's smile became even stronger.

He has already imagined the embarrassing scene of Qin Feng being knocked down by the door of the secret realm.

On the other side, Ye Tianzi showed disdain after being surprised.

"Senior, why do I feel that this Emperor Qin just loves to dazzle! He couldn't get in, so he had to do some unknown actions to attract everyone's attention."

"Forehead....", the bald old man was speechless.

He also felt that Qin Feng behaved strangely.

At this time, a subordinate next to him couldn't help but said:"Your Highness Ye, if Emperor Qin does this, he won't really be able to go in, right?"

Hearing this, Emperor Ye sneered:"How is that possible? Do you think a person in the Wheel Sea Realm can do it?" , can you have the strength of half-step dominance?"

"Um...it seems impossible!", the subordinate nodded angrily.

Ye Tianzi glanced at him angrily again

"In this world, it is extremely rare to reach the God-Emperor level with the cultivation level of the Wheel Sea Realm. It is absolutely impossible for someone to finally reach half-step dominance! If so, please come over and read your name!"

But just after saying this, Qin Feng walked to the light door and got in easily.

This time, Ye Tianzi and others were dumbfounded.

Damn it~!

Emperor Qin went in!

It turns out that he is only at the wheel sea level.!

The bald old man, the leader of the Demon Realm, and the ancestor Wutian were all wide-eyed and their jaws almost dropped.

Ye Tianzi was even more confused on the spot.

The atmosphere in the venue became much quieter in an instant..

Chapter 542

Shock!

Still shocked!

Emperor Qin turned out to be only in the Wheel Sea Realm!

At this moment, the shock in the hearts of these half-step masters was stronger than anyone present.

They never expected that Emperor Qin, who could be on an equal footing with them, was only in the Wheel Sea realm.

That night the emperor also recovered from his confusion.

At this moment, his fragile self-esteem was deeply hit.

It surprised me that!

There are such geniuses in this world!

If he hadn't seen it with his own eyes, he would never believe it.

But why is this prodigy someone he dislikes at first sight?

Are he and I born to be rivals?

The thought just came together, and Ye Tianzi himself felt embarrassed.

He himself felt that he was not qualified to compare with Qin Feng.

The gap between the two is too big!

"Your Highness, didn't you say that Emperor Qin couldn't enter? It looks like he's in!"

The subordinate said this unconsciously.

As soon as he said this, the subordinate felt regretful and lowered his head, not daring to look at Ye Tianzi.

Ye Tianzi's old face turned red and he was very embarrassed!

This time he was indeed slapped in the face.

"Xiaoye, there is someone outside! There is a heaven outside the sky! I'm afraid this Emperor Qin's potential is higher than yours!"

The bald old man couldn't help but sigh.

What he said was true.

Anyone with a discerning eye could see that Ye Tianzi was not as good as Qin Feng.

But for some reason, Ye Tianzi just felt uncomfortable.

The presence of Qin Feng made him feel like a lump in his throat.

At the moment, He said lukewarmly: "This Emperor Qin may be more talented than me, but he is too boring. Even though he has the strength to be a half-step master, he still has to challenge some of the God-Emperor's Dzogchen inheritance. He doesn't have the demeanor of a master!"

"I believe! There is no other half-step master in this world who is as boring as him."

Ye Tianzi's words were completely nitpicking and made no sense.

But as soon as he finished speaking, the shadow clone got into another inheritance door. The bald old man, the ancestor Wutian, and the leader of the Demon Realm were shocked again. I was stunned.

Damn~!

That guy in the black cloak was actually in the Wheel Sea Realm!

Ye Tianzi was confused again!

He was also a shadow clone and a master of half-step domination.

But even if there was a Qin Emperor who was better than him, why would he still be there? One?

It's so irritating!

Ye Tianzi was depressed!

He has always claimed to be the proud son of heaven, but he didn't want to receive repeated blows today.

After a while, several half-step masters came back to their senses, and they all felt a little bit hit.

Then The bald old man seemed to have thought of something, and looked back at Ye Tianzi, but hesitated to speak.

Seeing this, Ye Tianzi couldn't help but ask: "Senior He, just say what you have to say!"

The bald old man sighed: "Xiaoye!" Fortunately you didn't go in just now, otherwise you would be in danger now. That Emperor Qin and the guy in the black cloak are much stronger than you. If you go in, you may not be able to get out!"

Hearing this, Ye Tianzi broke into a cold sweat.

The bald old man added: "Come on, these two are indeed better than you. It seems that this secret place is Crouching Tiger, Hidden Dragon. We'd better keep a low profile....."

"oh!" Ye Tianzi responded awkwardly, feeling very uncomfortable in his heart.

Even seniors thought he was inferior to Emperor Qin.

Although it is true, who the hell can bear this kind of grievance?.....

But on the other side, after Qin Feng entered the light gate, he discovered a special space.

There is a sea of magma and fire all around for thousands of miles.

The temperature on the sea surface was extremely high, and the surrounding air was roasted and distorted.

And there is a huge altar in the center of the flame.

There is a red light group floating on the altar.

That is where the heritage of this space lies.

At this moment, more than a hundred masters of the Wheel Sea Realm rushed towards the altar.

Everyone wants to compete for that inheritance.

Qin Feng waved his hand casually, and thousands of sword lights shot out.

In an instant, more than a hundred masters of the Wheel Sea Realm turned into ashes.

The next second, he put away everyone's storage rings, stepped forward, and reached the altar in the center of the sea of fire in a few steps.

The inheritance light ball in the altar was responsive.

A half-human, half-demon spirit of inheritance floated out of the inheritance light ball.

It looked at Qin Feng arrogantly and said in a cold voice: "I was the Black Fire God of the Demon Realm during my lifetime. Examiner, if you want to gain my inheritance, you must first accept my assessment."

"However, before accepting the assessment, you need to kowtow to me nine times and swear allegiance to my Demon Realm....."

"Assessor! bring it on! Kowtow quickly!"

"Kowtow to your mother!"

Qin Feng blasted the inheritance spirit with one punch, then grabbed the inheritance light ball, sealed it, and put it away.

From entering the door to seizing the inheritance, Qin Feng spent no more than 1 minute.

After doing all this, he The figure flashed and disappeared.

At the same time, in another inheritance space.

It was a plain of ice and snow. The snowflakes dancing in the sky were like flying knives, drawing one after another in the sky. Cracks were cut into the space.

Nearly a hundred masters of the Wheel and Sea Realm rushed desperately to the center of the ice field.

There was a huge ice palace.

The inheritance was in that palace.

Behind the crowd, there was a golden puppet following..Although the examiners thought the puppet was weird, they saw that the puppet was not very strong, so they did not care.

Many examiners even disdained it.

But at this moment, the space around the golden puppet fluctuated, and Qin Feng appeared out of thin air..

As soon as he appeared, he attacked.

After a moment, nearly a hundred assessors in front were all destroyed.

Afterwards, Qin Feng put away everyone's storage rings and rushed to the ice palace in front.

It turned out that he arranged for puppets to enter different The place of inheritance is to reverse summon through space and appear next to the puppet.

This can save a lot of time.

Three minutes later, Qin Feng got the inheritance from the ice palace.

The next second, he arrived in another space , appeared on Chu Chu's side.....

At the same time, people in the square were talking a lot

"You said the young man in white who just entered was Emperor Qin?!"

"yes! it's him! He and I used to be in the same exam area!"

"Hiss~! OMG! Emperor Qin only cultivated in the Lunhai realm!"

"No way! I heard that Emperor Qin once defeated Patriarch Wutian!"

As soon as he said this, the man regretted it.

When he looked up, he saw the ancestor Wutian looking at him with a sinister expression.

The man turned pale with fright and did not dare to look.

At this moment, a certain inheritance Several Lunhai realm players walked out of the door

"Huh! You guys came out so soon? Has the inheritance been obtained?"

Someone asked curiously

"How can it be? These inheritance spaces are very large. Even if the God Emperor's masters take action, they will not be able to get the inheritance within an hour or two. With our Lunhai level cultivation, it will take at least half a day to achieve the level of cultivation."

"Then why did you come out so early?"

"Wrong choice of inheritance! We are from the water system, and this inheritance is from the earth system."

While talking, the players changed the light door and came in.

Seeing this scene, people realized that it should be very time-consuming to obtain inheritance.

In the corner, Ye Tianzi saw this scene.

He suddenly appeared A strange idea.

At the moment, he looked at the bald old man: "Senior, it seems that these inheritance spaces are relatively large, and the situation inside is very complicated. Do you think it's possible that Emperor Qin was trapped inside?"

"If he is trapped inside, will he miss the best time to fight for the opportunity when the Star Master level inheritance comes out?"

The bald old man shook his head: "This is impossible!" Emperor Qin has the strength to dominate half a step!"

"That's right!"

Ye Tianzi was a little depressed.

In his heart, he hoped that it would be best for Qin Feng to be trapped inside.

In this way, time passed by minute by minute.

No one in the square knew what happened in the place of inheritance.

But the next time Inside, everyone in the square saw a strange scene.

First, the shadow clone went in for 3 minutes, then came out, and then went to another inheritance.

Then, Chu Chu, Baobao, and Yu Qilin also came out one after another and changed places.

Only After Du Qinfeng entered the first secret realm, he never showed up.

After 5 minutes, Qin Feng did not come out.

After 9 minutes, Qin Feng still did not come out.

"Is Emperor Qin really trapped here?"

Many people came up with this weird idea.

Ye Tianzi was even more excited.

They didn't know.

The shadow clone is a special kind of clone that cannot directly obtain inheritance.

His role is to go in and hunt down the examiners.

Then , and then transfer Qin Feng there.

Chu Chu, Baobao, and Yu Qilin are equivalent to moving coordinates.

After Qin Feng has captured one inheritance, he will reverse summon through space and go to another inheritance space.

Therefore, he does not need to leave the inheritance space at all..

In the blink of an eye, ten minutes passed.

Shadow clones, Chu Chu, Baobao, and Jade Qilin all came out.

Qin Feng still did not show up.

Everyone in the venue showed a strange look.

At this moment, the square trembled.

Five The Daoguang Sect appeared at the same time.

The master-level inheritance appeared.

Bai Qi couldn't wait to go to the fire phoenix master inheritance.

He practiced the fire system and was a descendant of the divine phoenix. This fire phoenix master inheritance was very suitable for him.

More importantly, he wanted to Obtain the Fire Phoenix Sword is the certificate for him to enter the Yuanfeng inheritance.

The phantom clone entered the Black Phoenix Master inheritance. There is the Black Phoenix Sword there, which is also the certificate for entering the Yuanfeng inheritance.

Jade Qilin entered the Water Qilin Saintess inheritance. Land.

Chu Chu entered the inheritance place of God-killing Lord.

Baobao entered the inheritance place of Mitian Lord.

Those god emperors also entered one after another.

And Emperor Xiaoyao led a group of people into the inheritance place of Mitian Lord.

Until this moment, Qin Qin Feng still didn't show up.

This time, everyone in the audience became more suspicious.

Could it be that Emperor Qin was really trapped?

In the corner of the square, Emperor Ye was inexplicably happy when he saw this scene.

At that moment, he whispered:"He Senior, this master-level inheritance has been activated, but Emperor Qin has not yet come out of the first inheritance place. Isn't it unreasonable?

The bald old man also looked puzzled: "Yes!" This is so abnormal! According to common sense, with Qin Huang's strength, he should have come out long ago."

Ye Tianzi said proudly: "People are always careless. Maybe, relying on his strength, he capsized in the gutter. Accidentally trapped somewhere. With his strength, his life should be safe, but he might not be able to get out for a while."

"Makes sense!", the bald old man nodded slightly, "If he is trapped, it will be very beneficial to us! However, you still have to wait and see."

At this moment, there were not many people left in the field.

Those Lunhai-level players who originally did not dare to enter, saw that Qin Feng had not come out for a long time, and thought that Qin Feng was trapped, so they all took the opportunity to enter the God-Emperor-level inheritance place.

The God Emperors Most of them entered the Dominion Level inheritance place.

At this moment, there were only one or two hundred people left in the square.

Among the crowd, only Zixing was worried about Qin Feng.

She didn't know why Qin Feng didn't come out.

That guy Nothing will happen, right?

In the blink of an eye, another five minutes passed.

Qin Feng still didn't show up.

Zixing finally felt a little uneasy.

Ancestor Wutian and many God Emperor examiners all showed gloating.

The current situation It is becoming more and more obvious.

Emperor Qin must have capsized in the gutter and was trapped in the inheritance space.

That inheritance is amazing!

It can actually trap a half-step master.

In the corner, everyone in the Demon Realm is whispering

"Big boss. Emperor Qin must have been trapped inside since he didn't come out for so long.", the second leader said excitedly.

The big leader also smiled:"It's almost the same! Wish I could trap him a little longer!"

On the other side, Ye Tianzi was also talking to the bald old man.

"Senior, in five minutes, the door to the Star Lord level inheritance will open, but Emperor Qin hasn't appeared yet, so he will miss the opportunity."

Emperor Ye said happily.

"Isn't this better?"The old man was also secretly happy,"By the way, the Rui Qilin inheritance will start in five minutes. You must follow me closely! This time, whether your luck can be replenished or not depends on it!"

Speaking of this, the old man's face became solemn.

The real battle has not yet begun!

Ye Tianzi also became anxious.

Whether he can obtain the inheritance of Rui Qilin is extremely important to his future.

At the same time, somewhere the inheritance of the God Emperor's Great Perfection is.

Looking at the griffin-like inheritance spirit in front of him, Qin Feng killed it with one punch.

Then, he sealed the inheritance light group on the side and put it away!

Everything is done!

All twenty God Emperor's Great Perfection inheritances are in hand..

Qin Feng was extremely satisfied with this harvest.

Then, he waved, and seven golden puppets were summoned back.

Putting away the puppets, he dodged and disappeared.

The next second, Qin Feng appeared in a new space.

In Not far in front of him was Qin Baobao.

He actually entered the inheritance place of the Heavenly Lord directly.

From beginning to end, he did not have to show his face to the outside world.

At this moment, something interesting was happening in the inheritance place of the Heavenly Lord..

Chapter 543

The place where Qin Feng is is a large hall.

Ahead is an altar.

There is a inheritance light group in the altar.

On the light group, a spirit of inheritance with six wings of light on its back is presiding over the assessment.

These inherited spirits are all composed of residual thoughts. They are not very intelligent and only rely on instinct to act.

Qin Feng looked at the appearance of the spirit of inheritance and knew that the Lord of Heaven was a member of the Celestial Clan.

Indeed it is!

This heavenly master was a high-grade master during his lifetime, and he was one step away from being promoted to a low-grade star master.

This Tian Clan also besieged the Qilin Clan back then.

The Lord of Heaven fell with this.

At this moment, the inheritance spirit formed by the residual thoughts of the Mitian Lord is presiding over the inheritance assessment.

According to Cannian's requirements, only those who have mastered the light system and the true meaning of sanctification are the best candidates for succession.

This is obviously biased in favor of the Celestial Clan.

The true meaning of sanctification is the supreme true meaning unique to the Celestial Clan.

Even among the Celestial Clan, few people understand it.

At this moment, in the main hall, dozens of God Emperors were constantly approaching the altar despite the obstacles of the Holy Light.

Whoever reaches the altar first will get the inheritance.

At this moment, the closest person to the altar was Emperor Xiaoyao, only twenty meters away.

He is originally from the Celestial Clan, he has mastered the true meaning of sanctification, and his combat power is the strongest in the field, reaching 50,000 trillion.

Ranked second is Qin Baobao.

Qin Baobao has both light and fire elements, and he also grasps the true meaning of creation.

Creation is a higher level than sanctification, so it naturally meets the requirements of the spirit of inheritance.

In the eyes of the inheritance spirit, Qin Baobao is more suitable to inherit the inheritance than Xiaoyao God Emperor.

Therefore, Qin Baobao encountered less resistance from the Holy Light than Emperor Xiaoyao. She was more than thirty meters away from the altar.

As for the other competitors, except for one God-Emperor Dzogchen who is about a hundred meters away from the altar, the others are hundreds of meters away.

The competition for this inheritance is obviously between Emperor Xiaoyao and Qin Baobao.

At this moment, Emperor Xiaoyao frowned when he saw Qin Baobao chasing after him.

He originally thought that he had this high-grade master inheritance at his fingertips and had no opponent at all.

Unexpectedly, a little girl suddenly appeared and chased after him.

Emperor Xiaoyao felt threatened, and a murderous intent flashed in his eyes.

If they hadn't been fighting each other during the inheritance spirit restriction assessment, he would have killed Qin Baobao

"This little girl seems to be from Emperor Qin!"

God Emperor Xiaoyao's expression changed slightly.

But the next second, disdain appeared on his lips again.

Emperor Qin is powerful!

But all that is temporary!

When he gets the inheritance of this heavenly master, he can be promoted in a very short time. He is half-step master.

At that time, what is he afraid of Emperor Qin?

Besides, he also has Emperor Lufa here.

Emperor Lufa is not simple!

With this thought, Emperor Xiaoyao felt calm and looked at the baby's eyes. Even more indifferent.

After he decided to get the inheritance, he killed the baby and reduced Emperor Qin's wings as much as possible.

Now, it was the Heavenly Clan's turn to take the stage!

But at this moment, he suddenly felt something was wrong behind him,

Emperor Xiaoyao. He quickly looked back.

At this sight, his face changed with fright. He saw one more person outside the main hall, it was Emperor Qin.

The assessors also noticed something strange and turned around one after another. When they saw it was Qin Feng, their expressions changed..

Immediately, Emperor Xiaoyao warned:"Emperor Qin, this is the place for inheritance assessment! The spirit of inheritance prohibits fighting, otherwise you will be attacked by the spirit of inheritance."

"That's right! Fighting is prohibited here!"

All the examiners agreed, secretly rejoicing in their hearts.

Emperor Xiaoyao was even more proud.

This rule is great!

As long as Emperor Qin can be restrained, after he gets the inheritance, he will soon be able to break through to half-step dominance, so there is no need to be afraid. Emperor Qin.

Qin Feng sneered. He had already spied on everyone's thoughts.

Especially Emperor Xiaoyao, who wanted to attack his daughter. He was simply seeking death.

But at this moment, the inheritance spirit in the center of the hall also discovered Qin Feng..

It looked down at Qin Feng and said proudly:"Competitor! Please consciously abide by the assessment rules! Otherwise, please get out of the inheritance hall!"

"die!"

Qin Feng sneered, and suddenly stepped forward.

The divine fang sword came out!

Under the divine seal of Kaitian, the ten thousand-foot-long sword light directly struck the spirit of inheritance.

"What?!"

The whole audience was shocked!

Emperor Qin dared to attack the Spirit of Heritage.

You know, this is the territory of the Spirit of Heritage.

"Damn it!"

The spirit of inheritance was angry.

The entire hall was activated.

This hall was a giant formation.

In an instant, the spirit of inheritance used the power of the hall to send out a holy light attack.

The attack power completely reached the level of a half-step master.

Look. When Qin Feng and the Spirit of Inheritance were fighting, Bao Baobao had a worried look on his face.

But the eyes of Emperor Xiaoyao and others were secretly filled with joy.

They hoped that both Qin Feng and the Spirit of Inheritance would suffer.

By now, they already knew that Qin Feng was a cultivator in the Wheel Sea Realm. Because.

In their opinion, Qin Feng has half-step domination strength, and should have just broken through the threshold of 100,000 trillion.

After all, Qin's cultivation level is too low, and his combat power cannot be too high.

And with the help of the spirit of inheritance in the formation It is equivalent to a half-step master with more than 10 trillion combat power.

The two sides should be evenly matched!

But the next second, everyone was stunned.

Qin Feng dispersed the attack of the inheritance spirit with one sword and split it into split in half.

A shrill scream!

Echoed in the sky above the hall.

The spirit of inheritance was split into two halves.

Immediately it turned into dots of starlight and dissipated between the sky and the earth.

Oh my God!

Emperor Qin killed one and a half people in one stroke with one sword. Step Master?!

This is impossible!

Everyone is dumbfounded!

They don't know that Qin Feng's current combat power is 250,000 trillion, and after the chaos transformation, it will still be 370,000 trillion.

Coupled with the super attack increase of Kaitian Divine Seal, the instant kill inheritance Spirit, very relaxed

"not good! Run!"

The God Emperors woke up and fled in all directions.

Qin Feng raised his hand and struck a sword, and thousands of sword lights shot out!

The sky and the earth shook!

The sun and the moon lost their light!

In an instant, dozens of God Emperors turned into ashes!

Even Emperor Xiaoyao is no exception!

On the main hall, there are two divine origin beads and dozens of three flowers floating in the hall.

These are Qin Feng's trophies.

Qin Feng waved his hand, and there were dozens of divine origin beads and other objects. All the storage rings came flying.

Immediately, he deliberately took out the storage ring of Emperor Xiaoyao. After a brief inspection, he showed joy.

The next second, he took out three white crystals from it, which were the extremely precious ones. It seems that the two white crystals that Emperor Lufa exchanged for were secretly given to Emperor Xiaoyao.

And all of them have returned to their original owners.

"dad!", the baby ran over with joy on his face.

Dad is so powerful!

He killed those nasty guys with one sword.

When she first came in, because she looked like a child.

Those guys thought she was weak, and several The old man even attacked her

"Dad, I want this inheritance!"

"Well, go for it!"

"Thank you dad!", the baby was overjoyed.

Immediately, she flew towards the altar and grabbed the inheritance light group.

This is the inheritance of the top grade master.

As long as she initially refines it, she can break through from the second round of perfection to the God Emperor.

The inheritance of the God Emperor is very important to her. It doesn't have much effect, but dominating inheritance is still very useful.

"Baby, go and refine it in the small universe! Where time flows slowly!"

"Um!"

The baby was holding the inherited light group with a cute face.

Qin Feng waved and took the little guy into the small universe.

Then, he took out three white crystals, divine source beads, and many God Emperor Three Flowers, and swallowed them in one gulp Go down.....

"Ding! Devour successfully.....Cultivation level increased to early stage of second round realm 41%.....Combat power increased to 270,000 trillion....."

Qin Feng was pleased and his strength improved a lot.....

At the same time, in the square.

When Emperor Ye saw that Qin Feng hadn't appeared yet, he was filled with joy.

"Senior, it's been sixteen minutes and Qin Feng hasn't appeared yet! He must be really trapped!"

Ye Tianzi said proudly.

As soon as he finished speaking, the secret space shook.

Then, the twenty Great Circle-level inheritance gates of the God Emperor closed and disappeared.

Ye Tianzi was stunned at first.

Soon, he was ecstatic.

The square Above, Patriarch Wutian, the big leader and others all showed expressions of great joy.

"senior! The gates of inheritance at the God-Emperor level are all closed, and I'm afraid Emperor Qin won't be able to get out!"

Ye Tianzi looked gloating.

The bald old man was a little confused.

The laughter of Patriarch Wutian rang out in the square.

"Ha ha!! Everyone, now that the door of inheritance is closed, Emperor Qin should not be able to get out. God is really helping me!

The big leader sneered:"Haha!"! He asked for it all!"

As soon as these words were said, everyone in the crowd smiled happily.

Among the crowd, Emperor Ye was the happiest.

As long as things were not good for Qin Feng, he would be inexplicably excited.

But at this moment, a sound was heard from the corner of the square. lukewarm voice

"Everyone, don't you find it strange that these doors of inheritance are suddenly closed?"

Everyone followed the sound.

The speaker was a middle-aged man in white with a cold expression.

He is the Lufa Emperor who has always been very low-key.

"Friends, can Emperor Qin still come out?", Zixing asked eagerly.

She was angry and anxious when she saw everyone's gloating.

Of course, she was more worried.

She really couldn't figure out how Qin Feng couldn't get out with his strength.

But what she said As soon as it fell, it attracted ridicule from all around.

"Ha ha!! Miss Zixing, I know that you and Emperor Qin are in the same group. such a pity! Your allies can't get out."

Ancestor Wutian laughed happily.

The big leader also sarcastically said:"Woman, don't take chances!"

In the corner, Ye Tianzi curled his lips disdainfully when he heard Zi Xing's words.

This woman is really whimsical!

The door to inheritance has been closed, the space barrier has been established, and there is a high probability that she will not be able to get out.

Having said that, This woman named Zixing is not only super strong, but also extremely beautiful.

Such a woman is truly the best!

How could Emperor Qin be so virtuous that he could win the favor of such a beauty?!

Why not me?!

Emperor Ye looked at it greedily He glanced at Zixing and was filled with jealousy towards Qin Feng.

But at this moment, everyone's tokens trembled, and new information appeared on them.

Everyone quickly took out their tokens and took a look.

A row of messages appeared on them.

The inheritance of the God-Emperor-level Dzogchen has all been inherited.

The list of recipients is as follows:

The inheritance of the Black Fire God Emperor, the recipient is Emperor Qin. The inheritance of the Snow Sky God Emperor, the recipient is Emperor Qin.

The inheritance of the God Emperor of Sword Moon, the recipient is Emperor Qin...

Then The tables were lined up, and the recipients were all Emperor Qin.

Everyone was shocked!

The atmosphere in the venue suddenly became quiet.

This was incredible!

The emperor was even more dumbfounded that night!

"How can this be?! How could Emperor Qin get all the inheritance? There must be a mistake in the secret realm!"

Ye Tianzi couldn't accept it and couldn't help but say it loudly.

But as soon as he finished speaking, Zi Xing frowned

"Why is it impossible? If the inheritance had not been acquired by others, those inheritance doors would not have closed automatically!"

As soon as these words came out, everyone nodded, feeling that it made sense.

When Emperor Ye saw Zixing defending Qin Feng, he became even more jealous.

He said coldly:"Since the inheritance of the God Emperor has been obtained by Emperor Qin, why doesn't he come out? ? Could it be that he was teleported out of the secret realm? If this is the case, then the gain outweighs the loss!"

These words made everyone stunned.

After thinking about it carefully, it was indeed possible.

Zixing frowned:"How do you know that Emperor Qin was teleported out? That's just your wild guess!"

Ye Tianzi raised the corners of his mouth slightly:"I'm not just guessing! Otherwise, why didn't he show up? Logically speaking, he should also know that the dominant inheritance has appeared."

"If he is still in the secret realm, he should go to the dominator-level inheritance place as soon as possible. Otherwise it would be inconsistent with common sense! But the door to the inheritance of dominance has been open for so long, and Emperor Qin has not been seen entering it!"

"This little brother has a point!", Ancestor Wutian nodded in agreement.

Many people also nodded.

Ye Tianzi was even more proud:"Master of Purple Star, Ye is not wrong, right?"

But as soon as he finished speaking, a cold voice sounded

"you are wrong!"

The person who spoke was Emperor Lufa.

Emperor Ye frowned: "Why do you think I made a mistake?"

Emperor Lufa looked at the inheritance gate of Lord Mitian with a sad look on his face.

"Emperor Qin is at the place where the Heavenly Dominator inherits his legacy! He just killed my clan's Xiaoyao God Emperor!"

As soon as these words were said, the whole audience was shocked.

Oh my god!

Emperor Qin has actually entered the land of domination.

How did he do it?

Patriarch Wutian and others were dumbfounded.

Ye Tianzi's face suddenly turned pale..

As the saying goes, the higher the expectations, the greater the disappointment.

He is extremely disappointed now..

Chapter 544

At this moment, the atmosphere in the venue was inexplicably depressing.

Although Qin Feng did not appear, his influence was always present.

Ancestor Wutian, the big leader and others all felt a little depressed.

This Emperor Qin is really difficult to deal with!

Ye Tianzi sat back in the corner and remained silent.

Seeing that Ye Tianzi was a little disappointed, the bald old man comforted him

"Xiaoye, you need to take a longer view. Although Emperor Qin is currently better than you, these are only temporary. After all, you inherit the destiny of the Lord of the Pole Star, and you will eventually become the pinnacle figure in the universe!"

These words made Ye Tianzi's eyes light up.

This is right!

He is the next Lord of the Pole Star and a big shot in the future.

This Qin Emperor has no destiny, and in the future he will be a top-grade ruler at most.

He can't compare with himself at all.!

Why do I always compare myself with little people!

At this thought, Ye Tianzi regained his confidence and his expression became calm.

At the moment, he nodded seriously: "Senior taught you a lesson! It's the junior's appearance! The bald old man was pleased:"

If you can realize this, your character is still good." In short, let's not conflict with Emperor Qin at the moment, at least until you get your luck replenished"

"do not forget! You still have a huge threat, which is to steal the inheritor of the ancestral dragon. That person is a hundred times more of a threat to you than Emperor Qin. He directly affects your destiny!"

Ye Tianzi heard the hidden meaning.

He asked in shock:"Senior, what do you mean, if I fall? Not only will my luck be taken away by the person who stole the inheritance,Will the Lord of the Pole Star's destiny be taken away by him?

The bald old man sighed helplessly:"That's it!" If you die, you will lose not only your luck, but also your destiny. Maybe worse than this! Ye Tianzi was shocked:"

Is there anything worse?" The bald old man nodded:"If the thief already has destiny, and if he gets your destiny again, he will have more control. What will happen in the future is unimaginable!"

"Not even the owner can control all this! His plan of tens of billions of years will be completely disrupted!"

Hearing this, Emperor Ye looked solemn.

The matter was more serious than he expected!

"Senior, Xiaoye knows. The Rui Qilin inheritance will be launched soon, and I will follow you closely and never leave!"

"It's good that you realize the seriousness of the problem.", the bald old man nodded happily.

"However, you don't have to worry too much. In this secret realm, no one is my opponent. As long as you stay with me, there won't be any danger."

The bald old man is very confident.

He is a half-step master of Dzogchen, and his cultivation level is the highest in the secret realm. With a combat power of 300,000 trillion, he is also the strongest among them all.

Last time, if Qin Feng hadn't taken him by surprise, he wouldn't have suffered a loss.

Now, he was already prepared, so he would not miss again.

Emperor Ye felt a lot more at ease.

"Senior, do you think Emperor Qin would get any benefits if he received a master inheritance?"

"There will be some!" The bald old man was a little envious, "However, he is already half a master. Even if he gets a master inheritance, the benefits will be limited. In the end, he is still not as good as me!"

"That's good!", Ye Tianzi breathed a sigh of relief.

He didn't want Qin Feng to get too many benefits. But the old man swallowed his saliva and hesitated.

In fact, he had long been envious in his heart.

For him, the master-level inheritance, It is still of some use.

If conditions allowed, he would have entered the inheritance place long ago.

But the secret realm stipulates that only those below the level of God Emperor can enter the inheritance places of major masters.

He has half a step of mastery cultivation and cannot enter!

In addition, On the other side, everyone in the Demon Realm was also talking about it.

"Chief, I really didn't expect that Emperor Qin had already entered the forbidden area of Mitian Lord. I don't know how he got in?"

The second leader looked envious.

The same goes for all the masters of the Demon Realm.

At present, these God Emperors are very tempted by the master inheritance.

What a pity!

Their mission is to fully cooperate with the big leader to seize the inheritance of the Blood Lord of the Demon Realm, and then destroy the inheritance of the Lord of Qilin..

In a few minutes, the Blood Lord inheritance will be launched, and they cannot act at will.

The big leader seemed to see everyone's thoughts.

He sneered:"It's just a Lord inheritance! Can it be compared with the Star Lord Legacy? When this leader obtains the Blood Lord inheritance, his strength will definitely increase greatly."

"When the time comes, if this leader kills Emperor Qin again, all the inheritance he has received will be spit out. Those things are not ours yet!

The second leader's eyes lit up:"The big leader is smart!" His subordinates also felt that what Emperor Qin did was inappropriate. The inheritance of the Dominator is different from the inheritance of the God Emperor! The assessment inside must be very difficult, and you will definitely not be able to pass it within a few hours."

The big leader said proudly:"You must prioritize your work, and don't see small gains and forget about big gains! The second leader flattered him and said,"

My subordinates are thinking about how he will feel when the star master level inheritance is started and Emperor Qin's master inheritance test is just in the middle. He is in a dilemma!""

The big leader smiled and said nothing.

In fact, he was also a little envious of Qin Feng's ability to go in.

But now that he thinks about it, it's a good thing that he can't go in!

If he really goes in, there will be no time to obtain the master inheritance, and the star master level inheritance will be opened..

There is only 10 minutes difference between the opening time of the two!

The time is too hasty!

Not only the big leader thinks so, but also the ancestor Wutian.

At this moment, the ancestor Wutian is accompanied by several subordinates.

It is the Snake Queen, Taurus Several divine emperors in the palace

"Palace Master, you said Emperor Qin entered the inheritance place of the Heavenly Lord, when will he come out? Queen Snake and Scorpion asked with concern.

Ancestor Wutian pondered for a while and said:"If he wants to get the inheritance, he must accept the assessment of the inheritance spirit. He will not be able to get out for a while.""

The Snake Queen nodded:"It's easy for people to lose track of time during this assessment.

Ancestor Wutian smiled:"Wouldn't that be better?" The battle of opportunity is the battle of time and luck. If you miss it, you will miss it! There are no regrets about medicine!"

Just after saying this, the secret realm trembled!

Buzz~! Buzz~! Buzz~!

Several clear chimes in succession!

Four light gates appeared!

The Star Lord level inheritance entrance was opened.

Ancestor Wutian, the big leader and others were excited.

They were waiting. The moment has finally arrived

"Ha ha!! Everyone, I'm taking the first step! Walk!"

With an order, Patriarch Wutian took Queen Snake and Scorpion and other subordinates and walked straight to the land of Fire Qilin inheritance.

He cultivated the fire element.

This Fire Qilin inheritance met his requirements and was something he was determined to obtain.

If If he can obtain the Fire Qilin inheritance, he will have a glimmer of hope to become a Star Master in the future.

In the blink of an eye, Wutian Patriarch and his party entered the Fire Qilin Gate.

Seeing this scene, Zi Xing frowned.

This old guy actually wanted to compete with him. Inheritance.

It seems that this time, there must be danger!

But why hasn't Qin Feng appeared yet?

Zixing glanced at the inheritance exit of Mitian Master, but there was no response for a long time.

She shook her head helplessly, and got up and entered the Fire Qilin inheritance.

With At the same time, the leader of the Demon Realm led a group of his men into the Demon Realm Blood Lord Heritage. Not long after this group of people entered, Emperor Lufa also led a group of people into the Blood Lord Legacy.

Seeing this scene, Ye Tianzi was extremely excited

"Seniors, those half-step masters have all gone to other inheritance places, and no one has gone to the Rui Qilin inheritance place. The bald old man smiled slightly:"Those people don't have the luck to protect themselves, and they can't get the inheritance if they go in." The only one who can compete with us, Emperor Qin, doesn't know when he will come out yet! Let's go! Without further ado!"

"yes! senior!"

At this moment, a group of people hurriedly entered the place of Rui Qilin's inheritance.

In the blink of an eye, all the major forces were gone.

There were only a sparse two or three hundred people left in the entire square, among which there were still five or six God Emperors.

At this moment, everyone, look at me, look at me.

The place was a little quiet.

Suddenly, someone said:"Everyone, have you noticed that no one has entered the Shui Qilin Heritage!"

"yes! Several other star master lineages have half-step masters, but not the water unicorn lineage."

When this was reminded, everyone was overjoyed.

Isn't this just a big leak?

At that moment, more than two hundred people swarmed into the Water Qilin Heritage.

In just a moment, the entire square was empty and quiet.

At the same time, Black The place of phoenix inheritance.

In a palace.

The spirit of black phoenix inheritance looked at Qin Feng with admiration.

Next to Qin Feng stood the shadow clone.

There were corpses all around the hall.

Those were killed by the shadow clone.

"Little friend Qin Feng, your qualifications are extremely excellent, and you are very destined to our Shenfeng clan."

"I have already sensed the divine phoenix bloodline aura in you. I just want to remind you that after you inherit my inheritance, you also assume the cause and effect of the Shenfeng clan."

"Nowadays, the Shenfeng clan is surrounded by enemies and dangers abound. Are you willing to bear the karma?"

The spirit of inheritance looked at it expectantly.

He was afraid that Qin Feng would shrink back.

He was so satisfied with Qin Feng as his successor.

It was perfect to the extreme!

Qin Feng Laughing: "Senior, not only am I willing to bear the karma of the Shenfeng clan, I also want to avenge the Shenfeng clan! This can be taken as an oath!"

"Ha ha!! good! good! I have found the right person for my inheritance! This sword is given to you, it is the symbol of the future successor to the Lord of the Divine Phoenix!"

The spirit of inheritance waved his hand, and a long sword burning with black flames fell from the sky, exuding overwhelming pressure, and its aura was not inferior to the Yuan Tu Sword.

This was actually a semi-dominator level Yuan Wu, much stronger than the Divine Fang Sword..

Qin Feng happily took it.

With this divine sword, his strength will be greatly enhanced.

The inheritance spirit explained: "Master Yuanfeng once used his own seven tail feathers to refine seven divine swords. This is one of them. Holding this divine sword is one of the seven inheritors."

Qin Feng nodded slightly.

Bai Qi had told him this secret.

"Qin Feng, I'm going! Take care of yourself!"

The spirit of inheritance smiled and turned into a point of light and dissipated.

A ball of inheritance light, wrapped in a ball of blood of the divine phoenix, fell from the sky

"Thank you, senior!"

Qin Feng bowed respectfully in the direction where the inheritance spirit disappeared.

Then, he raised his head, opened his mouth, and swallowed the inheritance light ball.

He is different from others.

Others need to slowly integrate and refine after receiving inheritance. , he can devour it directly.....

In just a moment, the power of inheritance spread throughout his body, and Qin Feng's momentum increased rapidly.....,

"Ding! Swallowing the Black Phoenix inheritance successfully.....Black Phoenix Heritage Awakening 50%....Acquire a large amount of divine phoenix power and increase combat power to 300,000 trillion....."

"good!"

Qin Feng happilyOpen your eyes.

The next second, he waved his hand casually, and the Divine Tooth Sword flew towards the phantom clone.

He has the Black Phoenix Sword, and this divine fang sword is used by the clone.

As soon as the phantom clone got the Divine Tooth Sword, it disappeared.

He went to help Bai Qi seize the Fire Phoenix inheritance

"Star Lord inheritance has been started for 2 minutes! It's time for me to go too!"

Qin Feng dodged and disappeared into the hall..

Chapter 545

Not long after, Qin Feng returned to the square.

There was not a single figure in the field.

Empty! very quiet!

At this moment, the jade unicorn came out of the light and shadow inherited from the water unicorn saint.

Qin Feng turned to look at her, and his eyes lit up.

I saw that the jade unicorn was shining brightly, its temperament was extremely pure, and it was even more beautiful than before.

What is even more surprising is that Jade Qilin's cultivation level has broken through from the second stage of Great Perfection to the late stage of the God Emperor, and its combat power has reached 100,000 trillion.

This has reached the threshold of half-step dominance.

"Is the inheritance completely integrated?!"

Qin Feng smiled and looked at this pure and pure woman.

This should be the temperament of Yu Qilin in his previous life.

No wonder, when Qin Feng saw Yu Qilin for the first time, he felt that Yu Qilin looked pure

"Well, that inheritance is my thing, and it can be integrated very quickly. Master, do you think Yu'er is prettier?"

Yu Qilin smiled sweetly

"Huh! What about the rest?"

Yu Qilin looked around and found that there was no one left.

"The Star Lord level inheritance has been launched, where have everyone gone?"

Yu Qilin was startled:"Qin Feng, let's go in quickly!"

"Don't worry! Let me give you something first!"

Qin Feng waved his hand, and seven golden puppets appeared on the spot.

Then, he took out the soul-calling flag, pinched the secret and offered it.

In an instant, the sky and the earth shook, and the situation changed.

From all corners of the secret realm, and even outside the secret realm, In the corner of the starry sky, the remnant souls of the seven great demon ancestors gathered together.

This square is the center of the secret realm, and it is a good place to collect the remnant souls of the demon ancestors.

After a moment, the demonic power was vast in the sky.

In the blink of an eye, there was a condensed The phantoms of the seven Demon Ancestors stand among the demon clouds, pouring down with overwhelming power.

"fall~! "

Qin Feng made a gesture.

The phantoms of the seven demon ancestors turned into seven spiritual lights and were thrown into the seven golden puppets.

The momentum of the golden man skyrocketed!

In the blink of an eye, they all reached 30,000 trillion combat power, and the momentum was connected together, which was earth-shattering!

"Done!"

Qin Feng was delighted and put away the soul-calling flag.

Then, he waved his hand and put the seven golden figures into a storage ring.

"Take the ring! These seven puppets can form the Seven Star Meteor God Formation, with a strength comparable to that of a 150,000 trillion half-step master, which will be of great help to you in seizing the inheritance!"

Qin Feng threw the ring over.

Yu Qilin was overjoyed:"As the Water Qilin Saint in my previous life, it is easy to seize the Water Qilin inheritance. Now with the help of this puppet array, we are sure of success!"

Yu Qilin happily caught the ring

"That's good! If you are in danger, remember to contact me!"

"Um! Then I'm in!"

"Go for it!"

At this moment, Jade Qilin released seven golden figures and confidently entered the inheritance place of Shui Qilin.

Qin Feng also turned around and entered the inheritance place of Rui Qilin.....

At the same time, the place of Rui Qilin inheritance.

This is an extremely huge space.

The auspicious air forms clouds in the sky, and the seven-colored glow fills the sky.

On the ground, birds are singing and flowers are fragrant, and the atmosphere is peaceful.

Ye Tianzi and his group of more than a dozen people were flying in the air.

Not far in front of them, there was a huge temple standing on the plain.

"Xiaoye, in front of you is the Heritage Temple. As long as you get the Rui Qilin inheritance, your luck should be able to make up for it."

The bald old man said excitedly.

His mission is about to be completed.

As long as he completes this mission, the master will definitely arrange a good destiny for him.

Maybe, he will also be expected to become a star master.

Ye Tianzi also looked excited.

"Senior, it seems that only our people have come in, and no outsiders have come in."

"Of course! The only ones qualified to seize the Rui Qilin inheritance are you and Emperor Qin. However, Emperor Qin was still struggling to dominate the place of inheritance because of a small loss. Perhaps, this is God's help!"

The old man said with a smile, and he was in a very good mood.

Emperor Ye also felt secretly happy.

"Senior, what will the inheritance of Rui Qilin be tested for?"

"Of course it's luck! That guy was only a low-grade star master before his death, but he was able to display the strength of a middle-grade star master and was the strongest among the three clan leaders of Qilin. What he relies on is luck. That's his pride!"

Ye Tianzi was surprised: "Only relying on superior luck, one's combat power can be surpassed. This Rui Qilin has very strong luck!"

The bald old man smiled and said, "This is natural." Back then, Rui Qilin's luck was the same as that of the Lord of Qilin, both were top-grade orange-level luck!"

Ye Tianzi smiled nonchalantly: "I thought he was so lucky. Aren't you just like me? I also have top orange level luck. Putting it this way, it couldn't be easier for me to pass his assessment!"

The bald old man smiled bitterly: "You have half the luck of Zulong." Zulong had low-level red-level luck back then. Half of his luck is the upper-class orange level."

"Speaking of which, your luck is better than that of many Star Lords! Generally, the luck of low-grade star masters is blue level, while the luck of middle-grade star masters is orange level."

"High-grade star masters are basically low-grade red grade, some are medium-grade red grade, and some are even high-grade orange grade!"

Ye Tianzi was shocked: "It turns out that my luck grade is so high! By the way, why didn't you hear the senior mention the upper-level red level? Is it possible that no one in this universe has the upper-level red level luck? The old man nodded:"

As far as I know, there is no one with superior red-level luck, not even the master!"

"Hiss~! It turns out that luck is so rare!"

Ye Tianzi couldn't help but take a deep breath, and his expression became serious.

This luck is so rare, the inheritance of Rui Qilin is very precious.

The old man added:"As long as you get the inheritance of Rui Qilin, your luck will be supplemented to the level of inferior red. level, then you have hope to get back the ancestral dragon inheritance."

"Junior understands! By the way, what kind of luck does Emperor Qin have?"Ye Tianzi suddenly asked.

The bald old man smiled and said:"He got a ball of Ruilin Qi, which is at most a low-level Qing-level luck, which is a lot worse than you. In terms of the inheritance of Duorui Qilin, I don't have as big an advantage as you."

Hearing this, Ye Tianzi smiled and said nothing, feeling secretly happy.

Unconsciously, a group of people arrived at the door of the temple.

As they were about to enter, the old man and others were bounced out, and only Ye Tianzi entered the temple door.

Immediately , a majestic voice came from the palace

"Not a lucky person! Not allowed into the palace!"

Everyone was shocked.

Immediately, the old man smiled:"Xiaoye, the first test of this inheritance has begun, and you are the only one who has passed. You go in!"

Ye Tianzi suddenly realized:"Senior, then I'm going!"

"Go for it! I and the others will be guarding outside the palace to prevent outsiders from entering and snatching your inheritance!"

"That would be troublesome for seniors!"

At that moment, Ye Tianzi walked towards the temple with confidence.

After a while, he arrived at the main hall of the main hall and saw the spirit of inheritance.

It was a middle-aged man with a majestic expression.

In this inheritance temple, he could Relying on the temple formation, he can exert the fighting power of a low-level master.

Here, he is invincible!

Ye Tianzi looked at the spirit of inheritance with confidence

"Senior, I am here to inherit the legacy! Please ask the seniors to take the assessment!"

The inheritance spirit glanced at him lightly and nodded with satisfaction:"Your luck is a superior orange-level luck, and you have passed the assessment in this regard. However, you still have to take an assessment!"

"What assessment?"

"The art of refining weapons!"

Hearing this, Ye Tianzi smiled.

He is very talented in weapon refining.

In the last weapon refining assessment, he won fourth place in the Western Region, second only to Ancestor Wutian, Purple Star, and the Bald Old Man.

"no problem! I would also like to trouble seniors to come up with questions!"

"good! My assessment is very simple. Within three days, a God-Emperor level Yuanwu was refined! If you succeed, the inheritance of this deity will be yours!"

Rui Qilin worships the Lord of Qilin, so he is very fond of refining weapons.

Emperor Ye was overjoyed: "Junior accepts it!"

It's too easy for him to refine a God-Emperor level Yuanwu in three days.

He can do it in two hours

"then you go!"

The Spirit of Inheritance waved his hand, and Ye Tianzi disappeared out of thin air.

The next second, Ye Tianzi appeared in a weapon refining room.

The surroundings were closed!

All sounds from the outside world could not be heard.

He immediately started the weapon refining assessment.....

At the same time, outside the Heritage Temple.

The bald old man and others are waiting there.

But at this moment, a young man in white fell from the sky and landed in front of everyone

"It's Emperor Qin!"

All the subordinates panicked!

They all looked at Qin Feng in horror.

The bald old man was surprised:"Hey! Why did you come so fast!

Qin Feng smiled coldly:"Are you disappointed?"!

The old man laughed:"Haha!"! What a disappointment! I'm here. It doesn't matter if you come early or late. I won't let you in."

"Yeah? Then I will try your strength!"

As soon as he finished speaking, Qin Feng suddenly took action and slashed at the old man with a sword..

Chapter 546

"Yeah? Then I will try your skills!"

As soon as he finished speaking, Qin Feng suddenly took action and slashed at the old man with a sword.

"It's up to you!"

The old man looked disdainful.

He knew Qin Feng's strength.

Fighting alone! He is definitely not his opponent!

But the next second, he found something was wrong.

When Qin Feng's sword struck out, the color of the world changed instantly, and the whole world suddenly changed color. The sky darkened.

Immediately, a giant sword with a height of ten thousand feet, wrapped in black flames, came down with the momentum of destroying the world...

Ka~! Ka~! ~Click!

The overwhelming sword power caused the ground to crack in an instant, and even the Heritage Temple was suppressed by a few inches.

"How can this be?!"

The old man was extremely shocked.

At this moment, he sensed that Qin Feng's momentum was actually 450,000 trillion (chaos transformation state)...

How is this possible?

He had fought a few days ago, and Qin Feng's momentum was only 210,000 trillion..

What's even more frightening is that the long sword in Qin Feng's hand is actually a half-dominated Yuanwu, and its power is extremely terrifying.....

"Not good!"

The old man was afraid!

In a hurry, he was about to use grafting to deflect the blow.

He still had one soul slave left.

But at this moment, the endless covering came down and oppressed him.....

Before the attack arrives, the power of the sword comes first!

Boom~! Boom~! Boom~!

In an instant, more than a dozen God-Emperor-level subordinates were forced to self-destruct under the pressure of the invisible sword power, including his soul slave.

The old man's trick of transplanting flowers and trees was suddenly unable to be used.

He is sad and angry! fear!

I had no choice but to bite the bullet and face that sword!

Boom~!

The world breaks apart!

The sea of fire is raging!

In an instant, the old man turned into a flaming man, spurting blood and rolling out.

A half-step master of Dzogchen was unable to block Qin Feng's blow!

Qin Feng stepped into the air, followed closely, and struck with another sword.

Boom~!

Earth-shattering!

The temple trembles!

The bald old man screamed and was hacked away again.

This time, his injuries were more serious

"Huh! this sword...."

Qin Feng's eyes suddenly lit up.

He was pleasantly surprised to find that this Black Phoenix Divine Sword came with the Phoenix Clan's unique reincarnation sky fire!

The fire of reincarnation can make people reborn, and it can also destroy people.

It has great restraint on the power of reincarnation.

Simply put, if you use other weapons to split the bald old man in half, the old man can still be resurrected.

But if you use the Black Phoenix Divine Sword to split the old man in half, the old man will die.

This is simply a weapon for killing half-step masters, or even masters!

Qin Feng was delighted and pursued him again.

He saw hope of killing the old man.

You know, the half-step master is extremely difficult to kill. Even if he is twice as strong as him, he can only be seriously injured.

To be able to kill a half-step master, only those with strength above the master can do it.

But Qin Feng now hopes to do it.

Boom~!

Another loud noise!

The old man was hacked away again.

Suddenly there were three deep sword wounds on his body, which could not be healed for a long time.

Qin Feng followed closely and continued to kill.....

The old man also realized that the fear in his heart was getting deeper and deeper.....

At the same time, deep inside the temple.

In the secret room of the weapon refining room.

Ye Tianzi is smelting materials.

Suddenly, the hall trembled.

He was startled.

This was obviously caused by a fight outside.

Could it be that Emperor Qin is here?

Ye Tianzi thought for a while and felt that it should be like this

"Ah! Emperor Qin was no match for Senior He. With Senior He around, he couldn't get in at all. By the way, if I inherited the Rui Qilin heritage and then appeared in front of him arrogantly, would I piss him off to death?"

As soon as this thought came out, Ye Tianzi smiled.

A picture appeared in his mind. He imagined that he had been inherited and bathed in the glory of glory.

And Emperor Qin was lying on the ground in embarrassment, so angry that he could only vomit blood.

This thought, he felt in his heart So cool

"Ha ha! I hope Senior He won't beat him to death before I get the inheritance, that would be a bit boring!"

Ye Tianzi thought proudly, and started refining the weapon happily.

There were constant sounds of fighting outside, and the temple was shaking.

But in Ye Tianzi's ears, it was wonderful music.

He could even imagine that Emperor Qin had been raped by the bald old man. He was beaten until he was no longer human.....

At the same time, outside the temple.

The bald old man had been injured all over his body by Qin Feng, and he was in an extremely embarrassed state.

"Emperor Qin, spare your life! Spare your life!"

The old man actually began to beg for mercy.

He had realized that if he continued like this, he would die.

He thought about running away, but time and space were all controlled by Qin Feng.

His speed was not as fast as Qin Feng, and he couldn't escape even if he wanted to!

Yes! Qin Feng ignored the old man's begging for mercy and continued to attack wildly.

At this moment, the space fluctuated, and the shadow clone arrived.

The clone had helped Bai Qi seize the Fire Phoenix Master inheritance, and helped Chu Chu seize the God-killing Master inheritance.

Now, both Bai Qi and Chu Chu are merging inheritances at the place where they dominate inheritance.

The phantom clone came to help!

When the bald old man saw the phantom clone, it was like seeing a savior.

He quickly shouted to the clone: "Your Excellency, help me! You and I join forces to deal with Emperor Qin! I am willing to pay you!"

"Ha ha! Old guy, you are so sick that you rush to the doctor!"

Qin Feng couldn't help laughing

"What do you mean?", the old man was puzzled.

At this time, the phantom clone took off his hood, revealing an unparalleled handsome face, which looked exactly like Qin Feng.

The old man was dumbfounded:"What... is going on?

Qin Feng smiled charmingly:"Let me play with you in my avatar!""

"What?! Is he your doppelganger?"

The old man was extremely shocked.

Despair surged from the bottom of his heart.

Qin Feng waved his hand, and the Black Phoenix Divine Sword fell into the hands of the clone.

The next second, he directly entered the inheritance temple.

The virtual clone killed the bald old man.

The sound of fighting continued.....

Qin Feng easily passed through the palace gate to test.

After a while, he arrived at the main hall of the hall and saw the spirit of inheritance.

At this moment, the spirit of inheritance looked at Qin Feng in shock.

"Medium red level luck! This... this is terrible!"

"Huh! You have the aura of Qilin's holy blood! You are someone recognized by the Lord of Qilin! good! good! good!"

The spirit of inheritance became more and more excited as he watched, and said hello three times in a row.

"Senior, I am here to take the inheritance assessment! I hope the seniors will come up with the assessment content!"

Qin Feng's tone was respectful.

He still respected the seniors of the Qilin clan.

Not to mention that he had a deep connection with the ancient Five Spirits, just looking at Yu Qilin's face, he would respect the seniors of the Qilin clan.

Qin Feng The respectful attitude made the spirit of inheritance extremely satisfied.

Compared with the young man in black in front, this young man in white is simply too perfect.

Not only is this young man's talent, strength, and luck far greater than that of the young man in black.

Even the way he treats him Their attitudes are different.

On the surface, the young man in black is still very respectful to him, but his tone reveals a bit of arrogance.

Unlike the young man in white in front of him, he can feel that he is truly respectful.

"Boy, what's your name?", the spirit of inheritance asked with a smile.

"Qin Feng!"

"good! Qin Feng, you have passed the inheritance test! If you are willing, you can accept my inheritance now!"

Qin Feng was stunned.

It seems that he hasn't taken the exam yet!

"Um...Senior, did I take the exam?"

The spirit of inheritance laughed and said:"Haha!! Qin Feng, your luck is better than mine, what else can I choose?"

"Besides, the aura of the Holy Blood of Qilin on your body means that you are recognized by the Lord of Qilin! To put it simply, in the third weapon refining assessment, you will definitely get the first place in a certain examination area, and your weapon refining talent is already top-notch!"

After hearing this, Qin Feng thought about it and realized that this was really the case.

The first drop of Kirin's holy blood he got was during the weapon refining assessment.

The spirit of inheritance said again:"Besides, I am extremely satisfied with you! If my expectations for a successor are 100 points, then you are 200 points. You have greatly exceeded my expectations."

The spirit of inheritance was full of praise for Qin Feng and spoke highly of it.

"Senior, thank you!"

"Haha!! You don't have to be modest! If you are willing, you can accept the inheritance now. Excuse me, are you ready to start now?"

The spirit of inheritance said it very politely.

He looked at Qin Feng expectantly, as if he was afraid that Qin Feng would run away.

If such an excellent successor really ran away, he would be sad.

Qin Feng smiled slightly:"Of course!"

The spirit of inheritance was overjoyed:"Okay! Let's start now!"

At that moment, the two started the inheritance ceremony.

On the other side, Ye Tianzi was still refining Yuanwu foolishly..

Chapter 547

It didn't take long for Qin Feng to obtain the inheritance seal with the help of the inheritance spirit.

The dominant inheritance is the inheritance light group.

The star master level inheritance condenses the inheritance seal.

I saw that the inherited divine seal was emitting colorful light and was magnificent!

Qin Feng watched with joy

"Qin Feng, when you refine the inheritance seal, the destiny inherited by my body will fall from the sky and possess you! Qin Feng was curious:"

Senior, isn't this luck attached to the inheritance?""

The spirit of inheritance smiled and shook his head:"Luck is ethereal! Unfathomable! Even the top-grade star masters cannot understand this point."

"However, one thing is for sure. Luck is endless and inheritance continues. Even if the clan is exterminated, it can still be resurrected!"

Qin Feng nodded slightly, as if he had some understanding.

Then, under the surprised gaze of the inheritance spirit, he swallowed the inheritance seal in one gulp...

A warm current instantly spread throughout his body, and Qin Feng's momentum surged.....

"Ding! Devouring the Heritage Seal Successfully.....Acquire the Ruiqilin inheritance (lower-grade star master), awaken 40% of the Ruiqilin inheritance, obtain a large amount of qilin power, and greatly increase the combat power....."

"Ding! Congratulations to the host for breaking through to the middle stage of the second cycle (Unicron).....Combat power increased to 450,000 trillion....."

Then, the world changed dramatically!

An invisible energy descended from the sky and poured into Qin Feng.....

In an instant, Qin Feng's whole body radiated a spiritual light, like a light man suspended in the air, making it difficult for people to see his appearance.

He is integrating Rui Qilin's luck!

Seeing this scene, the spirit of inheritance showed relief.

This inheritance passed on much faster than he imagined.

If it were anyone else, it would take several hours just to refine and inherit the divine seal.

This Qin Feng was refined in a blink of an eye, which is really extraordinary!

The spirit of inheritance shows appreciation.

The more he looked at Qin Feng, the more satisfied he became.....

At the same time, inside the secret room of the weapon refining room.

Emperor Ye was still refining Yuanwu.

Maybe he's in a very good mood!

He performed exceptionally this time, and his weapon refining speed was more than twice as fast as before.

At this moment, he has reached the final step of engraving the last rune.

Buzz~!

A clear cry!

The sword in his hand shines brightly!

"Ha ha!! Done!"

Ye Tianzi was ecstatic.

This was the fastest time he had refined in his life, and also the time he had performed at his best.

Haha!!

He is indeed the man of destiny! He was favored by fate!

At the critical moment, his luck came.

Emperor Ye looked at the long sword in his hand with satisfaction!

Not bad!

Perfect!

Even the quality of the sword was better than before.

At this moment, a shrill scream came from outside the temple!

Emperor Ye was shocked. , looking into the distance.

What a pity! Through the thick wall of the secret room, he heard vaguely, and felt that the screams were vaguely familiar.

It seems that Emperor Qin was killed by Senior He!

"What a pity! This Emperor Qin died too quickly!"

Ye Tianzi shook his head regretfully.

He was still thinking about showing off in front of Emperor Qin.

Unexpectedly, that guy couldn't last until that time. What a pity!

Forget it!

The most important thing is to obtain the inheritance.

Ye Tianzi said proudly Thinking.

He didn't know that the scream just now was made by the bald old man.

The bald old man was killed by the shadow clone!

Ye Tianzi put away the long sword and sent a message to the spirit of inheritance.....

On the other side, the spirit of inheritance is watching Qin Feng gain luck.

He smiled.

My mission was successfully completed!

It's time for him to dissipate.

But at this moment, he received a summons from Emperor Ye.

This guy actually completed the assessment!

The spirit of inheritance smiled slightly.

He almost forgot about the young man in black.

Thinking about it, this young man in black is very good, but compared with Qin Feng, there is a huge difference.

As soon as Qin Feng came out, the light completely overshadowed him.

It's hard not to forget him.

The spirit of inheritance waved, and the space in front of him fluctuated, and Ye Tianzi appeared.

"The spirit of inheritance! I have completed your assessment, look at this sword!"

As soon as Ye Tianzi appeared, he took out his long sword as if to show off.

He completed the assessment in less than an hour, which was originally completed in three days.

He admired himself for such results.

It was simply amazing!

At this moment, When he saw the spirit of inheritance, he didn't even bother to shout out to his seniors.

Anyway, he had passed the test and his inheritance was determined, so there was no need to show off.

"Well, not bad!"

The Spirit of Inheritance nodded calmly, without any fluctuation in his expression.

Ye Tianzi was stunned.

Shouldn't this guy be surprised and then praise himself?

The indifferent reaction of the Spirit of Inheritance made Ye Tianzi a little depressed

"I have passed the assessment, can I inherit the inheritance?"

"Feel sorry! Someone is already inheriting it!"

"What?!"

Emperor Ye was like five thunders hitting his head, and his whole body was shaken.

"Senior, didn't you agree that if I pass the examination, you will let me inherit? How do you pass on your legacy to others?!"

Ye Tianzi was furious.

The inheritance spirit said calmly:"He is better than you, so the inheritance will naturally be given to him!"

"Better than me? impossible! There is no one better than me in this world! where is he?"

"Right over there!"

Ye Tianzi followed the gaze of the inheritance spirit and saw a person suspended in the air. His whole body was emitting dazzling white light, making it difficult to see his appearance.

Sure enough!

Rui Qilin's inheritance is being inherited!

Ye Tianzi The emperor's anger surged:"Senior, who is this person? You haven't let me compete with him yet, how do you know I'm not as good as him?"

The inheritance spirit frowned.

This young man was not only rude, but also arrogant.

He was no longer in the mood to talk.

He glanced at Qin Feng again.

Qin Feng's luck had come to an end, and he didn't need to look any further.

The rest. Let Qin Feng handle everything next.

"Young man, if you think you are better than my successor, go and compete with him yourself!"

As soon as the words fell, the body of the inheritance spirit began to collapse.

In the blink of an eye, he turned into little stars and dissipated between the sky and the earth.

Emperor Ye was dumbfounded!

The inheritance spirit disappeared!

Immediately, he was extremely angry and turned his head to look. The light man in the sky.

This guy took away his inheritance.

He wanted to kill this guy and get the inheritance back!

For a moment, his murderous intention surged.

But at this moment, the aura in the sky faded, and the man gradually appeared. The figure is that of a beautiful boy in white clothes

"It's him!"

When Ye Tianzi saw that it was Qin Feng, he was dumbfounded and opened his mouth.

At the same time, the voice of the system sounded in Qin Feng's mind.

"Ding! Congratulations to the host for obtaining Ruiqilin luck.....Luck is upgraded to medium red level Dzogchen....."

"Ding! Congratulations to the host for the great increase in luck. The inheritance of the black phoenix master has been awakened 100%. The power of the massive divine phoenix has been awakened. The cultivation level has been increased to 44% in the middle stage of the second round, and the combat power has been increased to 500,000 trillion....."

"Ding! Congratulations to the host for the great increase in luck. The Rui Qilin inheritance has been awakened by 60% (the lower-grade star master has awakened a massive amount of Qilin power.

The cultivation level has been increased to 91% in the middle stage of the second round, and the combat power has been increased to 590,000 trillion....."

"Ding! Congratulations to the host, the physical body has been strengthened by the divine blood of the divine phoenix and the divine blood of the unicorn. The flower of the other shore is 61% away from blooming next (the flower blooms with thirteen petals).....Combat power increased to 600,000 trillion (not the strongest state)....."

Qin Feng opened his eyes happily.

It turns out that improving luck can help awaken inheritance!

This was an unexpected discovery.

What surprised Qin Feng even more was that his combat power had increased to 600,000 trillion.

Now, he dares to fight against the inferior master.

The combat power range of low-grade masters is 100-300 trillion.

The mid-level master is 10-30 million terabytes.

After this practice, every small level jump will be huge, and the challenge of crossing the level will become more and more difficult.

At this time, Qin Feng lowered his head.

He saw the stunned Ye Tianzi and couldn't help but smile.

If you kill this guy, his ancestral dragon heritage will be fully awakened..

Chapter 548

At this time, Qin Feng lowered his head.

He saw the stunned Ye Tianzi and couldn't help but smile.

By killing this guy, his ancestral dragon heritage can be fully awakened.

Seeing Qin Feng open his eyes, Emperor Ye was so frightened that he stepped back.

"why you?! Weren't you killed by Senior He just now?"

Ye Tianzi couldn't accept the facts before him.

He heard Emperor Qin's screams with his own ears!

"Was I killed?! Ah!"

Qin Feng sneered and slowly fell from the air.

At the same time, the space around him fluctuated.

The phantom clone appeared out of thin air.

"It's you!"

Ye Tianzi looked at the phantom clone in astonishment.

Isn't this guy in a black cloak the half-step master of the Southern District!

Why does he look exactly like Emperor Qin?

The next second, he realized something, and his eyes widened.

Also At this moment, the phantom clone waved, and the Black Phoenix Divine Sword, a storage ring, and a Pearl of the World flew towards Qin Feng. The

Pearl of the World is what remains after the death of the Half-Step Master, which is equivalent to the Great Perfection of the God Emperor. The Divine Origin Bead.

Its appearance is also very similar to the Divine Origin Pearl.

However, the World Pearl is larger, and there will be a sleeping villain in the center of the bead.

That villain is the true spirit.

When the true spirit wakes up, it will create the world and create the world. The Pearl of the World split open and turned into a square of heaven and earth.

That square of heaven and earth was called the Small Thousand World.

The Half-Step Dominator broke through to become a Low-grade Dominator.

When the High-grade Dominator broke through to the Middle Grade, the Small Thousand World became larger and became the Middle Thousand World. World.

Breaking through to the upper level, it becomes the Great Thousand World.

Whether it is the Small Thousand World or the Great Thousand World, it is a special space that is incomparable with the universe.

Many Small Thousand Worlds are not as big as a living planet.

At this moment, Ye Tianzi looked at Inside the Pearl of the World, there was a true spirit.

The facial features of the true spirit were 70% similar to the bald old man.

He understood it in an instant, with despair in his eyes!

Oh my God!

The scream just now was actually made by Senior He..

Emperor Qin actually killed Senior He!

How is this possible?

Didn't Senior He say that no one could kill him as long as the master did not take action?

But how could he be destroyed now? The more Ye Tianzi thought about it, the more desperate he became.

The Qin in front of him The emperor made him feel unfathomable!

Ye Tianzi trembled and slowly moved back

"Do you want to escape?!"Qin Feng casually took the Black Phoenix Divine Sword and other items.

Ye Tianzi's face suddenly turned pale.

"Qin...Emperor Qin, I...we have no enmity or enmity, you...don't kill me! It's not my intention for Senior He to be hostile to you!"

Ye Tianzi was incoherent.

A cold smile appeared at the corner of Qin Feng's mouth, and he looked at Ye Tianzi with a slight mockery.

This guy is really a bitch!

At this moment, he even betrayed his own people.

Ye Tianzi's self-esteem was ridiculed by Qin Feng. It stung.

He suddenly became cruel and whispered: "Emperor Qin, you can kill me if you want!" Let me remind you, my master is a top-grade star master. You should know the strength of a top-grade star master. Definitely not something you can touch!"

"Also, you're going to be in bad luck soon. The senior He you just killed was a servant of my master. Although Senior He is dead, as long as his true spirit remains alive, my master can come to you at any time through his true spirit."

"Of course, it is too difficult to resurrect the body through the true spirit, and ordinary star owners cannot do it. But my master is a top-grade star master, he can do it."

"So, even if you lose the Pearl of the World, it will be useless. My master can find the Pearl of the World through the true spirit breath, and then resurrect his predecessors. Then he can know all the truth. By then, you will be close to death!"

Ye Tianzi warned harshly.

"Yeah?"

Qin Feng curiously picked up the Pearl of the World.

He saw the true spirit inside, which was the little man a few inches in size. His appearance was similar to that of the bald old man, and he was still sleeping at the moment.

Seeing this, Emperor Ye said coldly: "Emperor Qin, don't even think about destroying the Pearl of the World, it's just in vain. Not to mention you, not even a low-grade ruler can destroy the Pearl of the World."

"Therefore, if you want to destroy the Pearl of the World and destroy the True Spirit, that is just wishful thinking. If you are smarter, hand over the Pearl of the World, return the Rui Qilin inheritance, and then let me go."

"After I go back, I will give you some kind words in front of Master. The grudge between you and me has been wiped out. Only in this way can you survive. If you are worried, I can make an oath and promise to help you to the end!"

The more Ye Tianzi spoke, the more confident he became, and even his expression gradually became arrogant.

"Ha ha!!"

Qin Feng looked at him mockingly, as if he were looking at a clown.

Ye Tianzi was a little panicked.

He said with a stern expression, "Don't you believe it? Do you think you can destroy the Pearl of the World? Or do you think you can destroy Senior He's true spirit?"

After saying this, Qin Feng opened his mouth and swallowed the Pearl of the World.....

In just a moment, the Pearl of the World was swallowed up, and even the true spirit inside was annihilated, turning everything into a huge warm current that filled the whole body.....

Qin Feng's momentum also surged.....

"Ding! Devouring the Pearl of the World Successfully....., the cultivation level has been increased to 97% in the middle stage of the second round, and the combat power has been increased to 640,000 trillion....."

In just a moment, the aura of the Pearl of the World completely disappeared...

Qin Feng still had some unfinished thoughts.

The effect of this World Pearl is much stronger than that of Tiantian Crystal.

To others, the Pearl of the World cannot be refined and is just worthless.

To him, it is simply a treasure!

Qin Feng was delighted.

He discovered another way to improve his cultivation

"You...you ate the Pearl of the World?"

Ye Tianzi looked at Qin Feng in great horror.

He could no longer sense the breath of the World Pearl.

Did Emperor Qin really destroy the World Pearl?

This is impossible!

What even a low-level ruler cannot do, Qin How could the emperor do it?

Emperor Ye could not believe the facts before him.

Qin Feng was too lazy to explain

"Now it is your turn!", Qin Feng looked at Ye Tianzi mockingly.

Ye Tianzi was scared to death.

These words made him completely sure that Qin Feng had destroyed the Pearl of the World.

His last life-saving straw was gone.

He turned around without even thinking about it. He ran away.

But the next second, he was horrified to find that he could not move.

"No! Mr. Qin Huang doesn't want it! Do not kill me!"

Ye Tianzi shouted in despair.

Qin Feng was too lazy to pay attention and flicked his finger.

A bit of golden light shot out from his fingertips, and the dazzling light covered the sky and the earth.....

At this moment, Ye Tianzi only saw the golden light at Qin Feng's fingertips magnifying infinitely, filling the sky and the earth.

The sky flickered in and out, and he could see nothing else.

It seemed that all the surrounding light was blocked by that golden light.

In an instant, that golden light shot out, like the ever-expanding golden sun, majestic and crushing.

In just an instant, the golden light point hit Ye Tianzi like a beast, blasting him directly into powder. All souls were destroyed and there was no trace left... The ancestral dragon luck attached to Ye Tianzi also disappeared..

Boom~!

Suddenly there was an earthquake!

The sky and the earth change color, and thousands of miles of auspicious clouds appear!

A stream of luck fell from the sky and automatically merged into Qin Feng's luck at an extremely fast speed...

Qin Feng was shocked and his momentum surged.....

"Ding! Congratulations to the host for regaining half of the Ancestral Dragon's luck. The luck fusion was successful and the luck level broke through to the upper red level....."

Weng~!

A clear cry!

A red and purple pillar of luck soared from the top of Qin Feng's head into the sky, connected to the sky, and connected to the earth... The boundless and vast galaxy of the universe trembled with it.

Heaven and earth speak with one voice!

The universe chimes!

Countless star masters and powerful beings all sensed this, one by one, looking at the starry sky and the universe.

"It's the best red level luck!"

"Someone breaks through to a superior red-level luck!"

"who is it?! Which high-grade star master is it?"

For a moment, powerful powers from all sides appeared from the retreat. In the sky above the universe, a huge projection of the Star Lord, as big as a demon god, looked down in all directions in the universe.....

Various sounds of communication flow among the powers. pity!

Luck is misty!

Without a trace!

All the great powers sensed that someone had achieved superior red-level luck, but they could not sense the location.

At the same time, the Star Alliance was on the extremely huge Zhongpole Star - Ziwei Star.

At this moment, Ziwei Star Palace is in a secret cultivation room.

An extremely beautiful woman woke up from her practice.

She is the most powerful person in the Star Alliance—Ziwei Star Master.

Top grade star majors in cultivation.

At this moment, she was looking at the starry sky, with shock on her cold face.

"Superior red level luck was born!"

"Someone actually got there before me! Who could it be? Demon Lord? God? Or the Ancient Master?"

Ziwei Star Master's expression gradually became solemn.

Excellent red-level luck!

No one in the universe has it.

This person has been promoted and can be regarded as the only one in the world!

This universe may no longer be peaceful.....

At this moment, in the depths of the universe, there was a gaze in the Demon Realm, Heaven Realm, and Ancient Realm, penetrating the sky and sweeping across all directions.

They were shocked!

They are looking everywhere!

In the end, nothing was found...

On the other side, deep in the Ziyun Secret Realm.

Qin Feng's breakthroughs continue

"Ding! Congratulations to the host for the great increase in luck. The Rui Qilin inheritance has been awakened by 80% (lower-grade star master). The power of massive Qilin has been awakened. The cultivation level has been increased to 1.8% in the late second round state, and the combat power has been increased to 750,000 trillion....."

"Ding! Congratulations to the host for the great increase in luck and 100% awakening of the Ancestral Dragon inheritance (high-grade star master)....."

At this moment, the world changed again.

The Ancestral Dragon inheritance has finally fully awakened..

Chapter 549

"Ding! Congratulations to the host for the great increase in luck and 100% awakening of the Ancestral Dragon inheritance (high-grade star master)....."

At this moment, the world changed again.

The Ancestral Dragon inheritance has finally fully awakened.

Qin Feng's whole body was shaken violently, and the dragon's roar resounded in his body, as if it came from the ancient times, the vastness is uncertain, and the years are passing by.....

Immediately, Qin Feng's momentum was like a volcano erupting, spurting upwards.....

"Ding! Congratulations to the host for completely awakening the ancestral dragon heritage... and gaining the boundless power of the Dragon God.....Cultivation level has been improved to 76 in the late second round stage.%.....Combat power breaks through to 930,000 trillion....."

"Ding! Congratulations to the host for completely awakening the ancestral dragon inheritance and awakening the ancestral dragon essence....."

"Ding! Congratulations to the host. Your potential has been forcibly enhanced by the ancestral dragon essence. You have broken through the shackles of your potential and can unlock the thirteenth ring talent - a god-level talent. You are currently 17 steps away from unlocking the thirteenth ring qualification.%....."

Buzz~! Buzz~! Buzz~!.....

A dozen clear calls in a row!

Twelve golden haloes appeared in succession behind Qin Feng's head. The golden light was so majestic and noble.....

Twelve golden rings!

He has the potential of a top-grade star master!

Rare in the world!

The last time he was tested in Tianmo City, his potential was the Twelve Golden Rings.

Buzz~!

Another clear cry~!

The heaven and earth trembled slightly, as if everyone in heaven and earth was frightened!

The thirteenth ring emerges!

It was a looming purple-gold halo!

The Thirteenth Ring Talent!

It's a god-level talent!

Qin Feng's current opening progress is 17%.

His talent belongs to the transitional state from top-grade star master to god-level.

When the activation progress is 100%, it will be a god-level talent.

"Ha ha!! Talent has also improved!"

Qin Feng was ecstatic! He felt extremely happy!

As far as he knew, the highest talent in the universe was the twelve-ring high-grade star master.

He should be the only one to break through the shackles of qualifications!

"Ding! Congratulations to the host, your body has been strengthened by the essence of the ancestral dragon... The flower of the other shore blooms again and the progress has been increased to 85% (the flower blooms with thirteen petals).....Combat power increased to 970,000 trillion....."

"Ding! Congratulations to the host, your soul has been strengthened by the essence of the ancestral dragon... The progress of the flower of the soul blooming again has been increased to 41% (the flower blooms with thirteen petals).....Combat power increased to 1 million trillion....."

Qin Feng opened his eyes happily.

His body and soul have been greatly strengthened.

The combat power has even exceeded 1 million, which is the threshold for a low-grade master!

Speaking of which, after the Ancestral Dragon inheritance was completely awakened, a spirit energy was awakened.

That essence is extremely mysterious and has a strengthening effect on potential, body, and soul.

He had read in some information that it seemed that only the Star Master's inheritance could have essence.

Unexpectedly, he was verified today.

Qin Feng was very satisfied with this harvest and was in a good mood.....

At the same time, in the distant dusk star field, there was a huge floating temple.

The Lord of Dusk incarnates into a thousand feet, sitting on a tall throne, listening to the reports of his subordinates

"Lord Overlord, Yan Guang and others went to the Earth Star Territory, but there has been no news for several months. I tried to contact you, but no reply so far! My subordinates are going to send two great emperors to investigate!"

A God Emperor reported respectfully.

The Lord of Dusk opened his eyes slightly: "Such a trivial matter! You figure it out yourself, no need to report!"

"yes!"

The god emperor respectfully stepped back.

"Lord Overlord, the latest news came from Tianfu Star. Hundreds of thousands of people have been eliminated from Ziyun Secret Realm. His Royal Highness Emperor Ye is not included in the elimination list!"

Another God Emperor came forward to report.

The Dusk Lord finally opened his eyes and nodded slightly.

This is what he cares about.

With his son's talent and the help of his master's servants, how could he be eliminated.

Again In other words, his son is also the destiny of the Lord of the Pole Star, and is the top existence in this universe.

Every time he thinks of this, the Dusk Lord is extremely proud.

Having such an outstanding son, he has no regrets in this life!

Sure enough!

The Dusk Lord I just thought of this.

Many god emperors below started talking about it.

"Emperor Gale, isn't your news unnecessary? With His Highness Ye Tianzi's talent and strength, there is absolutely no possibility of being eliminated!"

"exactly! What a talent, Your Highness! What luck! Let me see, this time the inheritance of Ziyun Secret Realm will most likely fall on His Highness!"

"Ha ha!! Of course!"

In the crowd, there were many flatterers, and many people really believed it.

However, no matter they were flatterers or not, these people were impressed by Ye Tianzi's talent and strength.

The Lord of Dusk looked at the scene in front of him and felt extremely comfortable..

But at this moment, he seemed to sense something, and his face changed slightly.

In the main hall, everyone felt the change in Dusk Lord's expression, and they all looked over.

In an instant, the hall became much quieter.

Dusk Lord had no mind to pay attention to everyone.

He hurriedly took out Ye Tianzi's soul card from the storage ring.

As soon as the soul card appeared, everyone was dumbfounded!

They saw that the soul card cracked from the middle and was divided into two. Oh my god!

Ye Tianzi Fallen!

For a moment, the air in the whole place froze, and it was eerily quiet!

The Lord of Dusk suddenly jumped up from his seat, his eyes wide open.

How is this possible?

Impossible!

This is impossible!

Isn't there He Zong guarding Ye'er? How could something happen to Ye'er!

At this moment, the Dusk Lord was extremely sad and angry, and his face turned ferocious.

Everyone in the hall was afraid, and they didn't dare to breathe.

The son that the Dusk Lord cared about the most had died, who would dare to be there? Talking now is the same as seeking death!

"roll!", the Lord of Dusk roared.

All the subordinates were so frightened that they retreated.

In a blink of an eye, the entire hall was empty and terrifyingly silent.

At this moment, the space shook.

A man in blue shirt came from the void.

This man It seems that it is not stained by the fireworks of the world, and its temperament is extraordinary and refined.....

The Lord of Dusk is feeling sad and angry.

He felt space fluctuations and knew someone was there, and he was furious.

At this moment, there are still people who dare to disturb me.

He suddenly looked up, and when he saw the man in green shirt, the anger on his face instantly faded, and turned into a look of sadness.

"Master!"

The Lord of Dusk moans

"You don't have to say anything! I already know!" The man in green shirt approached calmly.

Bang~!

The Lord of Dusk fell to his knees.

The whole temple was shaking.

"Please ask Master to avenge Ye'er!"

The man in green shirt lamented: "The plan of tens of billions was broken today. The cause and effect of the ancestral dragon remains unresolved, and Qilin is about to be revitalized again! Something strange has happened in this secret realm!"

"Now it seems that the inheritance of the Lord of Qilin is unattainable. Since this inheritance cannot be used by me, it cannot be obtained by others!"

The Dusk Master's heart moved: "Master, are you going to....."

"Kill all the creatures in the secret territory of Ziyun! In this case, there will be no successor!"

"But as soon as you approached Tianfu Star, you were stopped by the Lord of Tianfu Star!"

"No need for me to go there myself! Tens of billions of years ago, my master left a method in the battle of Ziyun, and it should be of great use now!"

The Lord of Dusk was shocked.

Master is really unfathomable!

Immediately, he thought of something.

If Master has a way to kill all the assessors in the secret realm, then his son's great revenge will be avenged!

Then kill him His son must be a living person

"Master, Ye'er was guarded by He Zong, and they were all killed. The person who killed him must be stronger than He Zong!"

"He Zong is also dead!"

"What?!"The Lord of Dusk was shocked,"Master, He Zong is only half a step ahead of the Great Perfection, how could he fall?"

"It stands to reason that the only person who can kill He Zong is a low-level master. But Ziyun Secret Realm prohibits the Lord from entering. The man in green shirt said calmly:"

As long as you have the secret technique or weapon to restrain the power of reincarnation, you can kill He Zong.""

"The rules set by the Lord of Qilin cannot be broken by the Lord. There should be no low-grade masters in that secret realm. As long as there is no master, the master has a way to eliminate all living creatures."

Dusk Lord suddenly said:"What if there is a person in the secret realm who is not a Lord but has the strength to reach a low-level Lord?"

The man in green shirt pondered for a while.

Then he sighed: "If there really is such a thing, success or failure is a 50-50 outcome. If it fails, it's just a matter of days!"

As soon as he finished speaking, he waved his hand, raised an altar of heaven and earth, and began to activate the secret technique..

Chapter 550

At the same time, in the secret territory of Ziyun.

Qin Feng finished digesting the inheritance and walked out of the inheritance temple with satisfaction.

At this moment, the baby's cute voice sounded in his mind

"Dad, I have integrated most of the inheritance, please let me out!"

Qin Feng waved, and the baby appeared.

He looked at the little guy. He saw that the baby had broken through to the middle stage of the God Emperor, and his combat power had soared to 80,000 trillion. The inheritance of the Mighty Lord was 70% integrated by her!

Thinking about it, A few hours outside, and almost ten days have passed in the small universe.

The integration of the baby's inheritance is naturally not slow.

If the baby is completely integrated, it should be able to break through to the late stage of the God Emperor.

"Dad, the baby has reached the middle stage of God Emperor....."

The baby looks up with his cute little face, eager to be praised

"The baby is great!"

Qin Feng touched his daughter's head lovingly.

"Dad, where are aunt and the others?"

"They are still dominating the land of inheritance!"

As soon as he said this, Qin Feng sensed the message from Bai Qi and Chu Chu.

The inheritance of the two people had completed the preliminary integration.

Qin Feng waved his hand, and the space in front of him fluctuated.

Bai Qi and Chu Chu appeared.

"I have met His Majesty!", Bai Qi saluted respectfully.

Qin Feng nodded slightly.

Bai Qi has initially integrated the inheritance of the Fire Phoenix Master, and his cultivation has reached the late stage of the God Emperor, and his combat power has increased to 70,000 trillion.

At the same time, he also obtained the Fire Phoenix God Sword.

It was a half-step master-level Yuanwu alongside the Black Phoenix Divine Sword.

Qin Feng looked at Chu Chu again. He saw that Chu Chu had also broken through to the early stage of the God Emperor, with a combat power of 50,000 trillion

"All very good!"

Qin Feng is very satisfied.

"Brother, the inheritance of the God-killing Lord that I inherited turned out to be the Lord of the White Tiger Clan.", Chu Chu reported excitedly.

She was very happy about this great improvement in cultivation.

If she waits until she fully integrates the inheritance, she will at least be able to break through to the late stage of the God Emperor.

"very good! Let's look elsewhere! There is also a Demon Realm Blood Lord inheritance, I wonder if it has been obtained!"

Qin Feng wants to steal the inheritance of other star masters again.

"Your Majesty, that Demon Realm Blood Lord is also known as the Blood Ancestor. At that time, his cultivation was at the peak of the middle-grade star master, and his strength was stronger than Rui Qilin. He was once the second most powerful figure in the Demon Realm, and his status was only lower than that of the Demon Lord!"

Bai Qi reported

"That Blood Lord is so strong!"

Qin Feng's eyes lit up and he immediately became interested.

No wonder people from the Demon Realm and the Celestial Clan went to grab the inheritance of the Blood Lord.

"Walk! Let's go to the place where the Blood Lord inherits!"

"Your Majesty, I leave this to you first!"

Bai Qi suddenly held the Fire Phoenix Divine Sword in his hand and handed it over.

Qin Feng was stunned: "This is your voucher for entering the Yuanfeng inheritance land, why did you give it to me? Bai

Qi said respectfully: "Your Majesty, this sword contains the fire of reincarnation like the Black Phoenix Divine Sword. It is a sharp weapon for hunting half-step masters, so it can play its greatest role in your hands."

"If it is in my hands, at most it will be a certificate to enter the Yuanfeng inheritance. As a voucher, when it's time to use it, just use it to pass the secret realm verification. I think it is more appropriate for this sword to remain in His Majesty's hands!"

Bai Qi explained seriously

"That's fine! Then I'll give you this Divine Tooth Sword. This sword can absorb the killing energy. If you cultivate it well, you may have the chance to promote it to a half-step dominant Yuanwu!"

Qin Feng was not pretentious. With a wave of his hand, the Divine Tooth Sword flew towards Bai Qi.

The Fire Phoenix Divine Sword flew towards the shadow clone.

In this way, both he and the shadow clone had a half-step dominant Yuanwu.

What's more, the Fire Phoenix The Divine Sword contains the fire of reincarnation. It is a sharp weapon that can kill half-step masters. It also poses a huge threat to the masters.

This is exactly what he needs!

"Let's go!"

At that moment, Qin Feng waved his hand and took Bao Bao, Chu Chu, and Bai Qi into the small universe.

The next second, he and the phantom clone disappeared in place.....

At the same time, in the place where the Blood Lord inherits.

A heritage temple stands in the sea of blood.

The sea of blood was boundless, and the blood waves surged into the sky.

At this moment, above the sea of blood.

Emperor Lufa and the leader of the Demon Realm were facing each other.

The two sides were actually evenly matched.

It's just that there are nearly a hundred mummies floating behind Emperor Lufa, which is very strange.

Those are his subordinates and followers.

In fact, his original combat power was only 120,000 trillion.

In order to be able to fight against the leader of the Demon Realm, he sacrificed all his followers and subordinates, forcibly extracted all their power, and concentrated it on himself, allowing his combat power to reach 250,000 trillion in one fell swoop.

Of course, this improvement is temporary.

And those believers and subordinates died as a result!

This method can be described as ruthless and cruel!

"hehe!! Emperor Lufa, your Celestial Clan just likes this kind of brainwashing method. Any believers you make are nothing more than slaves who can't decide whether to live or die!"

The leader of the Demon Realm had a look of disdain on his face.

"No!", Emperor Lufa shook his head slightly, "Slaves have no faith! Believers have faith. The sacrifice of slaves was forced, but the sacrifice of believers was voluntary."

"The death of believers is not real death. They will enter the heaven of our Lord, become angels, and obtain another kind of eternal life!"

"cut~! ", the big leader looked disdainful

"Pulling the souls of these believers into their own world after death is said to have entered the heaven. Only you, God, can make such shameless remarks. To put it bluntly, after the death of these believers, their souls must still serve your God!"

"You do not understand!", Emperor Lufa looked pious, "Serve my Lord! That is our glory! It is also our belief! My Lord is the only God in this world!"

"hehe! Sure enough, you have also been brainwashed, and there is no point in talking to an idiot like you!"

The big leader raised the Yuan Tu Sword.

When the two leaders on the side saw this, a strange light flashed across their eyes.

Everyone on the Celestial Clan side was wiped out, and only Lufa Tiandi was left.

On the Demon Realm side, only the big leader was left. And the second leader

"A person who doesn't even have faith! Very sad!"

Lufa Heavenly Emperor had a look of regret on his face, twelve white wings of light appeared behind his back, and his momentum continued to increase.

"ridiculous!"

The big leader sneered, suddenly attacked, and slashed out with a sword.

Emperor Lufa also struck with a sword.

In an instant, the world changed!

Two swords of ten thousand feet, exuding a destructive momentum, met in the sky and the earth!

Boom~!

Countless spaces were shattered!

Billions of blood waves rolled!

But at the critical moment when the two sides were fighting, a sudden change occurred.

The second leader suddenly attacked the big leader on the back.

"What?!", the big leader was horrified.

Caught off guard, he was successfully attacked by the second leader. He rolled and vomited blood and flew out.

"You betrayed me! Wow·~!"

The big leader spat out a mouthful of blood and looked at the second leader with great anger.

At this moment, he seemed to understand.

Why in the previous battle with the Celestial Clan, the Demon Realm clearly had the advantage, but it made frequent mistakes, causing many casualties among his men.

It turns out that this is all caused by the second leader.

"Why? Why did you betray the Demon Realm!", the big leader was puzzled.

"betray?! hey-hey!!"

The second leader's skinny face was changing. In the blink of an eye, he changed from an old man to a middle-aged man.

His face actually looked exactly like Emperor Lufa.

"how could you.....? ",The big leader was extremely shocked.

Emperor Lufa proudly said:"For this day, my clone has been hidden in your Demon Realm and has been undercover for thousands of years. Do you really think that I just broke through the half-step of domination?" After saying this, Emperor Lufa and the second leader looked at each other. A smile.

Then, the two automatically merged together and became one person.

At the same time, the twelve pairs of wings behind Emperor Lufa also turned half black and half white.

His main body cultivates the light element, and his clone cultivates the dark element.

The light and darkness merged, and the momentum skyrocketed, reaching 300,000 trillion in the blink of an eye.

The big leader's heart sank.

Things are not going well now!

Emperor Lufa gradually smiled, as if he had everything under control.

But at this moment, the mutation happened again.

The boundless sea of blood suddenly shook violently. Thousands of blood waves reached a height of tens of thousands of feet, as if the entire space was about to collapse.....

"How is this going?"

The big leader and Emperor Lufa looked shocked and looked at the sea of blood below.

Boom~!

A loud noise!

A giant beast as big as the moon rushed out of the sea of blood, bringing with it monstrous flames, overwhelming the sky and destroying the earth.

The two The people were horrified and quickly looked carefully.

They saw that the giant beast looked a bit like an octopus, with nine legs and three eyes. Its whole body was skinny, as if it had been hungry for a long time.

"Huh! This seems to be the battle pet of the Blood Lord back then - the Demon Lord Xiangmeng!"

"It...isn't it dead?!"

Both the big leader and the Lufa Heavenly Emperor were greatly frightened.

Demon Lord Xiangmeng was half as powerful as the Star Lord back then.

The two of them felt something was not right for a moment.

But at this moment, the seemingly extremely weak Xiangmeng lowered his head. Looking down at the two of them, his eyes were a little hazy.

Gradually, his memory seemed to revive, and his eyes gradually became brighter.

"Just let me eat you two!"

As soon as these words were said, the expressions of the big leader and Emperor Lufa changed drastically.

But before the two of them could react, Xiangmeng's third eye suddenly opened.

Buzz~!

There was a soft sound!

The strange eye activated a secret technique, and people in the world Everything was still.

Emperor Lufa and the big leader were immediately unable to move.

Immediately, the two tentacles of Xiang Meng blasted towards each other. Emperor Fa Tian and the big leader bombed the two into countless pieces of meat, and then opened their mouths to devour them.

In just a moment, the two half-step masters were eaten by him.

Xiang Meng's momentum skyrocketed, reaching one million trillion in the blink of an eye, returning to the level of a low-grade master.

The next second, his body changed and turned into a skinny and blood-haired man. He opened his mouth and spit out two World Pearls.

That belongs to the great leader and Lufa Emperor.

Xiang Meng can digest their flesh and blood, but he cannot digest the Pearl of the World.

"So hungry!"

Xiangmeng looked weak.

He calmly put away the two World Pearls, as well as the storage rings of the big leader and Emperor Lufa.

Then, he looked at the inheritance temple behind him

"Blood Lord! I have been your battle pet for many years! Now, you are dead! It's time for your inheritance to belong to me!"

Xiangmeng sneered and flew towards the inheritance temple.....\

At the same time, the distant dusk star field.

Inside the Dusk Temple.

The Lord of Dusk watched nervously as the man in blue shirt performed the secret technique.

At this moment, the man in green shirt slowly opened his eyes

"Master, what's going on?"

"The seal is lifted! Xiang Meng should wake up!"

The Dusk Master suddenly breathed a sigh of relief..
