

## God level 551

### Chapter 551

It turns out that Xiang Meng was the means arranged by the man in green shirt.

In the battle that year, the man in blue shirt also participated.

He saw the Blood Lord die in battle with his own eyes, and Xiang Meng was also on the verge of death.

The man in green shirt took the opportunity to seal Xiang Meng and put him in a state of suspended animation, keeping him as a chess piece in the future.

Now that Xiangmeng's seal has been broken, there will definitely be chaos in the secret realm.

He understands Xiang Meng!

This demon is extremely ferocious. It eats people when it sees it and drinks blood when it sees it!

In that secret realm, I'm afraid no one can survive.

Moreover, this demon is extremely vindictive.

He was severely wounded by the Lord of Qilin back then.

Now that he wakes up, he will definitely take revenge.

However, the spirit of inheritance of the Lord of Qilin cannot be inherited by the enemies of the past.

What's more, Xiang Meng's elemental attributes don't match those of the Lord of Qilin, and he can't inherit them.

In the end result, Xiangmeng will definitely destroy the inheritance of the Lord of Qilin.

This achieved the goal of the man in green shirt.

What cannot be used by him should be destroyed!.....

At the same time, within the secret realm.

Qin Feng walked out of the Rui Qilin inheritance place and returned to the square.

The wide square was deserted and very quiet.

Nowadays, there are not many people alive in the secret realm.

"Dad, the secret realm is so quiet!"

"Brother, we won't be the only ones making it out alive this time, right?"

The voices of Bao Bao and Chu Chu sounded in his mind.

Qin Feng smiled slightly: "In this case, no one will know the inheritance of the Lord of Qilin and who got it in the end. Isn't this better?"

"Your Majesty is right! The enemies who killed the Qilin Lord back then are all still alive. If they knew who the successor was, the situation would be bad. The subordinates suggested that it is best to kill all the people still alive in the secret realm to avoid leaking the news!"

Bai Qi kindly reminded.

Qin Feng nodded slightly and felt that it made sense.

Although he has not yet received the inheritance of the Lord of Qilin, it seems that it will basically fall into his hands at present.

"Brother, Bai Qi is right! We must be cautious! After all, we are not strong enough yet. The enemies of the Lord of Qilin are all Star Lords!"

"Dad, there are many bad people here! Let's go fight the bad guys quickly!"

Chu Chu and Baobao also realized the seriousness of the problem.

Qin Feng also said: "There is news from Yu Qilin that she has killed all the assessors in the secret realm of Water Qilin. Now she is the only one in the Shui Qilin inheritance place, and the inheritance is basically determined."

"At present, only the inheritance places of Fire Qilin and Demon Realm Blood Lord are left. In the Fire Qilin inheritance there are people from the Purple Star and Starry Sky Beast Clan, and in the Blood Lord inheritance there are people from the Demon Realm and the Celestial Clan."

"Purple Star is a descendant of Qilin, and he has helped us, so he is considered one of ours. The Star Orcs are our old enemies. The Demon Realm and the Celestial Clan are the enemies of the ancient Five Spirits, and naturally they are also our enemies."

"Let's go! Let's go to the Blood Lord's inheritance place first, kill the people from the Demon Realm and the Celestial Clan, and then go back to help Zixing!"

Qin Feng made a brief analysis.

Several people in Chu and Chu agreed.

At that moment, Qin Feng was about to walk to the inheritance place of the Blood Lord.

But at this moment, a message came from his communication jade talisman.

Qin Feng quickly took it out When I saw it, my face changed slightly.

"Brother, what's wrong?"

"It was from Zixing. She was in danger. Ask me for help!"

"What should I do??"

"The troops are divided into two groups! Let's go save Purple Star! Separate yourself to deal with people from the Demon Realm and the Celestial Clan!"

At this moment, Qin Feng rushed towards the Fire Qilin Clan.

The phantom clone entered the inheritance land of the Blood Lord.

Compared with the Demon Realm and the Celestial Clan, Qin Feng hated the Starry Sky Beast Clan even more.

This race has oppressed the people of the earth for decades. He wanted to steal the star soul of the earth, and the Lord of the Star Territory was a notorious Qilin traitor.

Besides, he killed the Golden Crow Emperor, the Gale Emperor and other members of the Star Sky Tribe. Sooner or later, the Star Sky Orc Tribe would find out and take revenge.

The conflict between him and the Starry Sky Beast Clan was inevitable.

In this case, he would try to cut off the wings of the Starry Sky Beast Clan.

Soon, Qin Feng entered the Fire Qilin Heritage Land.

It was a land of continuous mountains, full of mountains and plains. They were all fiery red spiritual plants, and the fire energy in the air was extremely strong.

At this moment, the sound of fighting came from deep in the mountains, as well as the triumphant laughter.

That was clearly the laughter of Patriarch Wutian.

Qin Feng quickly moved in the direction of the fighting rush.....

Deep in that mountain range, there is a huge inheritance temple.

At this moment, in the square in front of the temple.

Zi Xing was covered in injuries, her pretty face was red, and her breathing was very rapid.

Her current state is very strange, and she seems to be mentally disturbed.

The ancestor Wutian opposite had an evil smile on his face, and his dim eyes showed greed.

He was looking at Zi Xing's extremely graceful figure.

Behind Patriarch Wutian, there were still several corpses lying, which were the corpses of several people from the Taurus Palace and the Snake and Scorpion Queen.

In the previous battle, Zi Xing was severely injured by him.

And all his men were killed by Purple Star.

However, before she died, the Snake Queen unleashed her own trick, causing Purple Star to be poisoned by love.

That is not an ordinary love poison!

Its poison penetrates deep into the soul, and even a half-step master cannot escape it.

The only way to detoxify is to find a man and have fun for seven days and seven nights. Only then can you get rid of the pain of lust, so that your soul can transform and your spirit can be sublimated.

The Snake Queen has always used this method to enhance the strength of her soul.

This is a secret unknown to outsiders.

After all, she only used love poison to deal with men during her lifetime, and rarely used it to deal with women.

Therefore, outsiders don't know that the poison of love has a greater impact on women.

Purple Star should be the first woman poisoned by the Snake Queen

"Miss Zixing, your love addiction seems to be getting worse and worse. Seeing your painful expression makes me feel a little distressed. Why don't you just obey me? Ha ha!!"

Ancestor Wutian smiled lustfully, his eyes watering with saliva.

This woman is so beautiful!

Her figure is even more amazing! She is much better than that snake and scorpion queen.

He has tasted what the snake and scorpion queen feels like, and it is wonderful.

This Purple Star is even more beautiful!

She has a better figure. Excellent!

The cultivation level is still half-step master!

It should be more delicious!

Zixing looked disgusted:"Old thing! Even if I blow myself up, I won't let you touch a finger."

"Hey~! Why bother! Isn't it better for people to live?"

Old man Wutian shook his head

"Besides, even if you are not cheap, I will. When your love poison takes full effect, it will be an advantage for others."

"When the time comes, you won't be able to control who you will take advantage of, and you might end up taking advantage of someone in the Lun Hai realm. In this case, it is better to be cheap!"

"No matter what I say, I am also the incarnation of domination! I am the master of the Aries Palace of the Starry Sky Clan, and my status is completely worthy of you."

"As long as you obey me. After you get out, how about I give you a title?"

"roll!"

Zixing is extremely angry.

Even if she died ten thousand times, she would never be able to take advantage of this old guy.

This old man is still under the command of the Qilin traitor.

What's more, she already has a sweetheart.

By the way, why hasn't that guy come yet? ?

Qin Feng's unparalleled handsome figure appeared in Zixing's mind!

She had very complicated feelings about Qin Feng.

She couldn't say she was in love with him, but she had a good impression.

What's more, this guy has a deep connection with the Qilin clan. He can be regarded as one of his own.

Under such helpless circumstances, Qin Feng is undoubtedly the best choice.

"Are you waiting for reinforcements?!", Patriarch Wutian was thoughtful.

He saw Zixing constantly looking towards the entrance.

"snort!"

Zixing was too lazy to explain, but she was extremely anxious.

This love poison is too strong!

She has started to feel numb all over and can't obey her orders. The situation is getting more and more critical.

"hehe! Miss Zixing, are you waiting for Emperor Qin? I know you guys are in the same group!"

"none of your business!"

When he thought of Qin Feng, Patriarch Wutian became extremely jealous.

That boy was only at the Wheel Sea Realm, and his strength was stronger than his own.

If he hadn't had the starry sky armor to help him, he might not have been able to fight against Emperor Qin.

"Miss Zixing, I think you should stop having such wishful thinking! Emperor Qin, that idiot, is probably still dominating the land of inheritance."

"Even if he comes out of the Dominion Heritage Land, he will enter the Rui Qilin Heritage Land. Where does he have time to get here? You want to give him the benefits, but you don't have enough time!"

As soon as he finished speaking, Patriarch Wutian rushed towards Purple Star

"What do you want to do?", Zi Xing exclaimed

"Ha ha!! If you don't agree, I will naturally use force! Is it possible that I have to wait for Emperor Qin to come? I'll give you a favor and give him an advantage in vain!"

"roll!"

Boom~!

There was a loud noise!

The landslides and the ground cracked!

The rivers shattered!

The attacks from both sides collided!

Zixing was blasted so hard that she vomited blood and flew backwards. She was already weaker than Ancestor Wutian, but now she is poisoned and her strength is even weaker.

"Ha ha!! You bitch, wait till I catch you. You have to agree even if you don't agree!"

Ancestor Wutian stepped out of the way and pursued the victory.

But at this moment, the overwhelming imperial power descended from the sky, overwhelming the entire audience.

The sky of the entire secret realm dimmed!

Ka~! Ka~! Ka~!

The ground was under that invisible pressure. Below, cracks appeared.

Ancestor Wutian felt a little suffocated for a moment.

He was frightened and hurriedly raised his head and saw a young man in white falling from the sky.

"It's you!"

Ancestor Wutian was stunned.

Why did this guy come so fast!

"Qin Feng!" Zixing's face was filled with joy as if he had seen a savior.

Qin Feng nodded slightly and looked at Ancestor Wutian indifferently.

He had heard everything the old guy said before.

"Emperor Qin! Why don't you fight for the Rui Qilin inheritance? Aren't you afraid that the Rui Qilin inheritance will be robbed?"

Ancestor Wutian swallowed his saliva, his eyes full of fear.

Qin Feng showed a cold smile on his lips and looked at him with a hint of mockery.

For Ancestor Wutian, Qin Feng really hated him to the extreme.

This He is so ignorant that he actually wants to get Zi Xing's attention.

You must know that Zi Xing is a member of Yu Qilin's tribe and has helped him many times.

What's more, he already hates the people of the Starry Sky Beast Tribe, and now it's time to settle the matter.

"Go to hell!", Qin Feng's voice was cold and ruthless.

Ancestor Wutian was furious:"Let me die?! I'm afraid you don't have the ability yet!"

Although he is afraid of Qin Feng, it is almost impossible for a half-dominator to kill a half-dominator.

What's more, his starry sky armor is below the dominance, and its defense is invincible!

But just after he finished speaking, Qin Feng suddenly took action.

The Black Phoenix Divine Sword struck out!

The Divine Seal of Kaitian is activated!

Tens of thousands of feet of sword light descends from the sky!

The boundless sword power swings in all directions, the sea of fire surges, and a large space is shattered inch by inch!

The momentum destroys the heaven and the earth! It is extremely terrifying!

"This...this is...no!"

Ancestor Wutian suddenly realized that something was wrong and screamed in horror!

This sword actually reached the power of a low-level master.

Whoa~!

A sword light came and illuminated the inheritance land.

For a moment, the sky and the earth were filled with dazzling eyes. With the sword light, nothing else could be seen anymore.

The next breath, a shrill scream echoed in the sword light.

When all the sword light dissipated, Patriarch Wutian had exploded into blood mist.

Only a world remained in the air Pearl, a piece of starry sky battle armor...

Everything around became silent.

Zixing on the side was dumbfounded.

Oh my God!

Kill a half-step master with one sword!

At least it is the strength of a low-grade master!

Zixing looked at it On Qin Feng's back, his heart beat faster and his eyes were watery.

She could hardly control her toxicity. She got the starry sky armor.

Qin Feng was ecstatic.

That was a master-level treasure!

As soon as he waved his hand, Take the Pearl of the World and the Starry Sky Battle Armor into your hands..

Chapter 552

Qin Feng put away the Pearl of the World and did not swallow it immediately.

After all, Zi Xing is still there.

Then, he happily picked up the starry sky armor and looked at it.

This is the first master-level Yuanwu obtained.

Refining this armor will definitely increase your strength.

But at this moment, the fragrant wind blew from behind him, and a soft and delicate body pressed against his back.

Through the clothes, you can feel the heat all over Zi Xing's body~!

"Sister Zixing!", Qin Feng just spoke.

Zixing hugged his strong waist tightly, and her face was pressed against his broad back.

"Why~! "

Qin Feng turned around and quietly pushed away Zixing who was lying on his back.

"Is the toxicity getting worse?", Qin Feng asked with concern

"Um!", Zixing nodded pitifully.

She was trying hard to restrain her love poison, but beads of sweat continued to appear on her forehead.

The love poison was too strong.

Qin Feng frowned, and was also worried about Zixing.

Before he came, he heard that Mr. Wutian Ancestor's words.

A secret technique like this that attacks the soul will cause damage to the soul if it is not released immediately.

"Qin Feng, can you help me?", Purple Star longs for

"what to do?"

"Only...only men and women....", Zi Xing is a little shy.

Even though she was usually generous, she couldn't say anything about that matter.

"Is there no other way?"

Hearing this, Zixing resented.

He had already asked for it, but this guy was still talking about it.

Could it be that he really couldn't catch his eye?

It was obvious that his beauty and talent were not inferior to Jade Qilin's.

This guy was still old. She was angry with herself.

Thinking of this, she felt a little angry:"Then let me commit suicide!"

Qin Feng looked at her resentful look, which was very charming.

She is beautiful even when she is angry!

What's more, Zixing is a stunning beauty!

Qin Feng comforted in a low voice: "It's not that I don't want to. Firstly, it's inconvenient here; secondly, something big happened at the Blood Lord Heritage, and I had to go there."

After hearing this, Zi Xing's beautiful eyes lit up: "So, you are willing!"

The corner of Qin Feng's mouth was slightly twisted, and he smiled mischievously. He just smiled without saying a word.

That evil look was so handsome that it shone brightly.

So handsome!

Zi Xing's head was so hot, and the poison of love attacked his heart, he suddenly collapsed. In Qin Feng's arms, he was completely defeated.

Qin Feng smiled and shook his head.

It seemed that Zixing really couldn't hold on anymore.

Let the shadow clone deal with the Blood Lord for a while.

He had to help this woman detoxify first.

It's just that this place is really inconvenient!

Qin Feng looked around.

Although he had cut off the sight of Chu Chu and others, there was no guarantee that others would not come in at any time.

What's more, the inheritance temple was right next to it, and the inheritance spirits inside would  
You won't be able to spy on it?

That kind of thing needs to be more subtle after all.

"So sad! help me!"

Zixing closed her legs tightly, raised her head and begged, her eyes were like deep pools of autumn water, hiding deep tenderness.

The poison in her was getting deeper and deeper, and her body was getting hotter and hotter.

If she continues like this, her soul will definitely will be damaged

"Sister Zixing, I have a very private space, where is the safer place to do things?"

When Zi Xing heard the word "doing things", her pretty face turned red.

"Um!", she nodded slightly

"But where to enter, you need to sign a contract with me, otherwise you will not be able to enter!"

Qin Feng was talking about his own small universe.

There is sixty times the flow of time in it, which is enough for doing things.

But to enter his small universe, except for the pole star, In addition to the entourage, they must be contracted by all living beings.

Zi Xing hesitated for a moment and nodded slightly.

At this moment, she could not think about so much.

Qin Feng smiled slightly, drew a rune in the air, and pressed towards Zi Xing Guangjie forehead.

Zixing let go of her heart and accepted it wholeheartedly.

After a moment, the contract was completed!

The two people's hearts instantly became closer, and their love for each other became stronger.

Zixing opened her beautiful eyes slightly, revealing her obsession.

At this moment, she really Falling in love with the boy in front of me

"Let's go!"

Qin Feng picked her up at once.

Zixing's heart was warm and she snuggled docilely.

The next second, the two entered the small universe.

Qin Feng took Zixing to Zhongjixing Palace and entered his bedroom.

"here it is?", Zixing looked around curiously.

There was actually a room in this place, with elegant decoration, elegant and refined.

"Shh~! Don't ask so many questions, let's detoxify first!"

Qin Feng placed Zixing on the soft brocade mattress.

With a wave of his hand, the door closed automatically.

There were only two people in the room, the spring breeze was stirring, and the warmth was warm.

Qin Feng touched the graceful curves with one hand.

Zixing's pretty face turned red, Looking at each other tenderly.

The next second, the whole room was covered by clouds, and all the burning passion gradually rose in the fog.....

"Oh My God!"

A moment later, Zi Xing's exclamation sounded in the clouds and mist.....

Qin Feng's detoxification officially started...

At the same time, the inheritance place of the Blood Lord of the Demon Realm.

Xiang Meng looked at the phantom clone in front of him coldly.

He had just received the inheritance from the Blood Lord, and his combat power had been increased to 1.3 million trillion.

But the guy in the black cloak in front of him actually had a combat power of 1.5 million trillion, which was even stronger than him!

Qin Feng's current basic combat power is 1 million trillion, and after the chaos transformation, it is 1.5 million trillion.

The combat power of the phantom clone is naturally 1.5 million trillion

"You are much better than those guys before!"

Xiangmeng looked at the phantom clone.

He was talking about the great leader of the Demon Realm and the Lufa Heavenly Emperor.

"However, even if your combat power is stronger than mine! You can't be my opponent!"

Xiang Meng was full of confidence, and his long blood-red hair was flying in the air.

He was a half-step star master tens of billions of years ago.

Now his strength has dropped to the bottom line of a low-level master, but it is too easy to kill a person of the same level.

"Moreover! Your fighting power may not be as strong as mine!"

As soon as the words fell, Xiangmeng transformed into a thousand feet. He opened his mouth and sucked in. The sea of blood below surged up and turned into a huge wave of blood, which was swallowed by him. In the blink of an eye, the boundless sea of blood was swallowed by him.

His thin face gradually became plumper! Ruddy!

The combat power and momentum surged all the way to 1.5 million trillion.

So far, the combat power of both sides is equal.

Xiangmeng's confidence has skyrocketed!

In his opinion, with only 1 million trillion combat power, he can destroy the phantom clone, not to mention that he is now 1.5 million trillion combat power.

This time, he will definitely win!

At this moment, the shadow clone attacked, and the Fire Phoenix Divine Sword broke through the sky.

Xiangmeng looked disdainful.

The third strange eye suddenly opened!

The art of Xiangtian is activated!

Buzz~!

Heaven, earth, and man are all in control!

All time, space, and reincarnation are imprisoned!

Three strange halos are emitted.

This is the secret technique of Xiangmeng, and ordinary masters cannot bear it, let alone It's the guy in the black cloak in front of him.

This guy is obviously not the master, and there is no aura of Xiaoqian World in him. He is so proud!

He imagined that the shadow clone was imprisoned, and then waited for death in fear!

Just like the Lufa Emperor before and the leader of the Demon Realm.

But in the next breath, he froze. As soon as the power of the secret technique touched the clone, it was completely offset by the Wuji Divine Seal.

His trick failed.

"Damn it!"

Xiangmeng was extremely upset.

His trick was actually cracked by a junior.

You know, he was once a half-step star master.

This was a bit unacceptable to him. But at this moment, the attack of the phantom clone arrived.

"Just in time!"

He saw clearly that the weapon of the phantom clone was just a half-step master-level Yuan Feng.

Xiang Meng was disdainful.

He opened his mouth and spit out two bloody long swords, one of which was the Yuan Tu Sword.

The other was the Abi Sword!

Xiangmeng pinched, the two swords were activated, and the two swords were combined.

The two swords of Yuantu Abi had reached the master-level Yuanwu level, which was better than the single Fire Phoenix Divine Sword.

In one breath, the two swords were combined, and the sword energy was Howling, hundreds of millions of miles of sky, the shadow of the sea of blood emerges, the blood waves roll into the sky, and the momentum covers the sky and the earth.....

Buzz~!

The phantom clone also activated the Divine Seal of Opening Heaven, and the Fire Phoenix Divine Sword split the earth and opened the sky!

Endless golden flames, like a fairy mountain that only erupts once in billions of years, spurt out waves of golden fire, like a sea of fire poured by gold, swallowing up the sky and destroying the earth.....

Boom~!

A loud bang!

The two attacks meet again between heaven and earth!

There were cracks in the entire space~!

Two groans!

Both sides rolled and flew out at the same time.

This time, the two sides actually fought evenly.

"This...how is this possible!"

Xiang Meng was dumbfounded.

He actually fought to a tie with a junior!

More importantly, his weapons were better than the opponent's!

In other words, without the advantage of weapons, he would not be the opponent's opponent.

This How is it possible?!

Xiang Meng couldn't accept it and felt very uncomfortable in his heart!

If his fighting power is not as good as the other's, then forget it.

But both sides are about 1.5 million trillion!

Is he really old?

Xiang Meng's expression gradually became serious. The eyes towards the shadow clone became serious

"You are a good opponent! I'm afraid that when the top-grade star master was young, he wasn't as good as you!"

Xiangmeng sighed.

The phantom clone looked on coldly.

The next second, he rushed forward again.

The two sides fought again.

Boom~! Boom~! Boom~!

In one breath!

Three thousand six hundred swords!

The whole space was dark and dark. , the mountain collapsed and the earth cracked...

After a while, the two sides separated!

Neither was injured!

But Xiangmeng began to pant slightly, it seemed that he was a little exhausted.

The phantom clone was as calm as before! The divine seal is endless, reincarnated from generation to generation, and the creation is endless.

In a protracted battle, no one can defeat nature.

Seeing this scene, Xiangmeng felt a trace of worry in his heart.

He took a deep breath and said with a serious face: "Your Excellency, you and I are of equal strength. If we continue to fight, we will both lose. How about we stop together and let's deal with the others separately?"

There was already a hint of retreat in these words.

The corners of the phantom clone's mouth were slightly raised.

This clone is an extension of Qin Feng's body.

At this moment, Qin Feng is enjoying himself happily!

When he had finished feeling refreshed and had some free time, he rushed over to kill Xiangmeng.

How could he agree to stop?

What's more, in this secret realm, except for this Xiangmeng, there are no other outsiders.

At this thought, the shadow clone's smile became even colder..

Chapter 553

"What do you think?", Xianmeng inquired.

But as soon as he finished speaking, the shadow clone struck at him with a sword.

Xianmeng was furious!

The two sides fought again.....

At the same time, the water unicorn inheritance place.

At the entrance to the inheritance temple, seven golden puppets guard it.

Around them were more than two hundred corpses.

All those examiners were killed by them and Jade Qilin.

In the entire inheritance place, only Yu Qilin is left.

At this moment, in the center of the hall.

The spirit of inheritance looked at Jade Qilin with a kind face.

"Child, you are back!"

"Father!", Yu Qilin burst into tears.

It turns out that the patriarch of Shui Qilin's lineage is Yu Qilin's father

"Just come back! I have always wondered who my successor would be. I didn't expect it to be my daughter. I'm so relieved!"

The spiritual heart of inheritance is touched

"Father, I will avenge the Qilin clan!"

The spirit of inheritance smiled: "Everything has its own destiny! bring it on! My father will give you the inheritance!"

"Um~! ".....

Time flies.

Three hours later, Jade Qilin walked out of the Shui Qilin inheritance place.

She has successfully acquired her father's inheritance.

Perhaps it was passed down from father to daughter.

The inheritance went very smoothly. In just three hours, she was 60% awakened.

This is the inheritance of a low-grade star master!

The higher the inheritance level, the more difficult it is to awaken.

According to this progress, she only needs to retreat for ten and a half days before she can fully awaken.

Even though she is only 60% awakened, her cultivation level has broken through to the early stage of Half-Step Domination, and her combat power has skyrocketed to 200,000 trillion

"I wonder what happened to Qin Feng? What about the people from the Starry Sky Beast Clan, Demon Realm, and Celestial Clan? These are all the enemies of our Qilin clan!"

Thinking of that group of people, Yu Qilin's heart was full of anger.

In this life, she will make them repay their debt with blood!

Now, she has become a half-step master and has the confidence to deal with those people.

It didn't take long before Yu Qilin came out. The place where water unicorns are inherited.

She quickly sent a message to Qin Feng through telepathy.....

At the same time, the small universe and the Zhongpole star are in transit.

Qin Feng walked out of his room happily.

Three hours outside, seven days and seven nights passed in the small universe.

After seven consecutive days and nights, Qin Feng fought more and more fiercely, feeling extremely healthy physically and mentally.

The taste of half-step dominance is still good.

What's more, this is Zi Xing's first experience.

Qin Feng has endless aftertaste.

At this time, Qin Feng seemed to have thought of something. He waved his hand and saw a golden armor in front of him, exuding an astonishing aura.

This is the starry sky battle armor of ancestor Wutian, the dominant Yuanwu.

The Lord of the Aries Palace must have been furious.

He is the true form of Patriarch Wutian.

How could he explain that he had lost such a precious item?

The more Qin Feng thought about it, the happier he became.

He now wants to see that the Starry Sky Clan is restless both internally and externally.

Afterwards, he erased the marks in the starry sky armor and re-refined it.

With his low-grade star master-level weapon refining level, the sacrifice was completed in just a moment.

At this time, he received Yu Qilin's spiritual message and showed joy again.

My own woman also successfully obtained the inheritance.

Just then, footsteps sounded behind him.

Qin Feng turned around and saw Zixing walking out handsomely.

"Have all the poisons been removed?", Qin Feng asked with concern

"Um!"Zixing's expression was a little complicated.

She was completely awake now.

Her heart was also confused.

She even dared not look at Qin Feng.

She suddenly thought that if Qin Feng saw her own body, would the two of them be embarrassed? ?

After all, Qin Feng can be regarded as his subordinate to a certain extent.

But now she is actually being controlled by her subordinate...

What is even more depressing is that she also signed a contract with Qin Feng for all living beings, and she was willing to do so.

The impact of this contract She also had a certain impact on the body.

Then the question is, has she become Qin Feng's subordinate again?

The relationship between the two is really complicated.

Speaking of which, after these seven days,

Qin Feng will mark his life, It was deeply implanted in her body, and also implanted in the depths of her soul.

In this life, she could not forget it, and could not forget it at all.

Is this emotion?

Zixing was confused.

She had never experienced this feeling. It's still very wonderful.

Zixing looked at Qin Feng with a complicated expression, but hesitated to speak.

"Can't you figure out the relationship between us?", Qin Feng smiled slightly

"If you can't figure it out, just don't worry about that! There's a lot to deal with out there. You haven't inherited the Fire Qilin inheritance yet!"

"oh!", Zixing obediently agreed.

Qin Feng glanced at the woman in surprise.

When did this woman become so obedient? Then if we find opportunities in the future, if we do that a few more times, she might become more obedient.

Qin Feng seemed to have thought of something. , a smirk appeared at the corner of his mouth. He waved, and the two of them disappeared out of thin air.

The next second, the two returned to the land of Fire Qilin inheritance.

Qin Feng looked around, and there was no one else in the secret territory except the two of them.

"Sister Zixing, go get the inheritance! I'm going to the place where the Blood Lord inherits, and I'm going to kill someone."

"Are you going to kill someone? Who to kill?", Zixing was worried.

She didn't even know why she cared more about Qin Feng than before.

It almost became an instinct.

"They are from the Demon Realm!"

"oh! Then you must be careful!"

Zixing didn't know that the person from the Demon Realm was Xiang Meng.

She thought he was the big leader.

That guy was no match for Qin Feng.

"Do not worry! I know it well!"

"I will help you when I get the inheritance!"

After saying that, Zixing suddenly smiled sweetly and walked towards the Temple of Heritage.

Qin Feng suddenly found that her walking posture was a bit unnatural.

Seven days and seven nights!

Even if she dominates the physique in half a step, she can't withstand his continuous detoxification.  
.....

"It should be fine!"

Qin Feng muttered in his heart, feeling a little distressed.

"Qin Feng, after leaving the secret realm this time, remember to find the Lord of the Devil!", Ziyun suddenly turned around

"Um, what are you doing with her?", Qin Feng was puzzled.

The Lord of Demon Sky is the Lord of Demon City and his nominal boss.

But the two have no intersection!

However, Zi Xing seems to be somewhat related to her

"Just go find her and you will know. Remember this!"

"All right! I remember!"

Seeing Qin Feng agreeing, Zixing was particularly happy and went directly into the inheritance temple.

Qin Feng didn't know what kind of medicine this woman was selling in the gourd.

He smiled, shook his head, and left.

A few minutes later, he came out. The place of inheritance of Fire Qilin is back in the square

"Qin Feng!", Yu Qilin has been waiting in the square for a long time.

Qin Feng's eyes lit up:"Hey! You have broken through to the early stage of half-step dominance!"

"Well, getting the inheritance went very smoothly this time. After all, it is the inheritance of my father in my previous life!", Yu Qilin was slightly sad.

Qin Feng was slightly surprised.

"Yu'er, don't be sad! We will eventually avenge the Qilin clan!"

"Um! Qin Feng, let's go kill those people in the Demon Realm! They all besieged the Qilin clan back then."

Qin Feng sneered:"Those people from the Demon Realm and the Celestial Clan are all dead. Now there is an even bigger problem. We have to get rid of that trouble!"

"Otherwise, when the inheritance of the Lord of Qilin is opened, that guy will definitely cause trouble!

Yu Qilin was surprised:"Who is that guy?" Is it more troublesome than those in the Demon Realm?"

"Now it's cumbersome to explain! You'll know when you go there! Let's unite the stars first!"

Qin Feng waved his hand and took Yu Qilin into the small universe.

At the same time, he opened the vision of Yu Qilin and others.

Chu Chu and others sensed it and came out of retreat one after another.

"Brother, what have you been doing these seven days and seven nights?"

Chu Chu's sour voice sounded in Qin Feng's mind.

This girl guessed a lot.

Qin Feng was a little embarrassed.

He suddenly discovered that the older Chu Chu grew up, the more he seemed to mind

"Uh~! Chu Chu, didn't Qin Feng go to get the inheritance?", Yu Qilin asked curiously.

Bai Qi quickly interrupted:"Your Majesty, now the big demon has taken away the inheritance of the Blood Lord, snatched away the two swords of Yuantu Abi, and also snatched away the Sea of Blood. Let's take it back quickly!"

Qin Feng's eyes lit up.

This Bai Qi is a wonderful man and won his heart.

Qin Feng hurriedly said:"That's right! That big demon's combat power should be 1.5 million trillion. We have to go over at our strongest state and kill him by surprise! Otherwise, it will be difficult to kill!"

As soon as these words fell, Yu Qilin and others were shocked.

1.5 million trillion!

Isn't that a low-grade master?

"Dad, let's hurry over and help the phantom clone!"Baby Qin was a little anxious.

With a thought in Qin Feng's mind, Chaos Transformation was activated.

In an instant, his combat power soared by 1.5 million trillion.

Star Extreme Fusion was activated.

Fire Extreme Fusion! Bai Qi gained an additional 80,000 trillion combat power.!

Wind extreme fusion! Chu Chu's 50,000 trillion additional combat power!

Earth extreme fusion! Baobao's 70,000 additional combat power!

Water extreme fusion! Jade Qilin's additional 200,000 trillion combat power!

In an instant, Qin Feng's combat power surged to 1.9 million trillion.

But all this is not over yet.

Qin Feng waved again, and the starry sky battle armor possessed him, and his combat power surged to 2.4 million trillion.

The role of the starry sky battle armor: increase the basic combat power by 50%, and is only valid for half-step star masters and below

This function is actually the same as Chaos Transformation. It is worthy of being a master-level Yuanwu.

The only difference is that the starry sky battle armor is only useful for half-step star masters and below, and has no amplitude for star masters.

When you reach star masters, it is a whole new level. Now, no longer relying on pure combat power.

Qin Feng was very satisfied with this completion.

Chu Chu and others were also amazed.

2.4 million combat power, plus the help of the four supreme divine seals.

Qin Feng dared to walk sideways among the low-grade masters..

At that moment, he held the Black Phoenix Divine Sword and stormed into the Blood Lord's inheritance place with great momentum..

Chapter 554

At the same time, the place of inheritance of the Blood Lord.

Above the sea of dried blood.

Billions of sword lights bloom!

An earth-shattering crash!

One after another!

The next moment, countless sword lights dissipated, revealing two figures.

The phantom clone remained calm as usual.

Xiang Meng was sweating profusely.

He is too weak!

A hundred billion years old!

He was so hungry that he was skin and bones, his strength was less than one ten thousandth of what he was at his peak, and even his fighting endurance had dropped significantly.

If he keeps fighting like this, he will be defeated!

Xiangmeng's heart sank!

The guy in the black cloak in front of me is so powerful!

He seemed to be in no harm's way. no!

He had to change things.

At this moment, there was a spatial fluctuation behind him.

Xiangmeng was startled and turned back quickly.

A young man in white appeared out of thin air.

Xiang Meng's eyes lit up.

Ha ha!!

There is blood food available again.

As long as he eats this boy, his strength will be restored.

The boy in white is naturally Qin Feng.

With this appearance, Qin Feng's voice sounded in his mind.

"Qin Feng, I know this guy! He is the Blood Lord's battle pet back then—Xiang Meng! I was killed by him in my previous life!"

Hearing this, Qin Feng was furious.

This guy was Yu Qilin's enemy in his previous life. Naturally, he wanted to take revenge!

"Ha ha!! juvenile! Let me eat you!"

Xiang Meng's bloody mouth opened wide, and his scarlet tongue was wrapped around Qin Feng. The fishy smell was overwhelming.

He is extremely sensitive to blood.

The shadow clone is special, and he cannot feel the characteristics of blood.

But in front of the young man in white, he can feel the smell of blood. The aroma is mellow, the blood is extremely fresh, and the age is definitely within a hundred years.

Such a young human boy is definitely not much stronger.

It is not easy for him to eat him.

At the same time, Qin Feng also smelled the disgusting smell. There was a fishy smell.

He frowned slightly and flicked his hand with a sword.

The Black Phoenix Divine Sword instantly bloomed with dazzling light!

"cut!"

Xiangmeng looked disdainful.

A little kid who was less than a hundred years old still dared to be arrogant in front of him!

The strange eyes between his eyebrows suddenly opened!

The eyes of Xiangtian were activated!

Buzz~!

Everything in the sky, the earth, and the people were still!

With the At the same time, Xianmeng's eyes showed pride.

His Eye of Xiangtian rarely missed!

This kid is dead!

Eh! Something is wrong!

Suddenly, Xiangmeng realized that something was wrong.

Qin Feng was not affected by the Eye of Xiangtian.

The sword continued to bloom.

Xianmeng was stunned for a moment.

The next breath, he suddenly felt that the power of Qin Feng's sword was extremely amazing.

No!

Xiangmeng exclaimed in his heart!

It's too late!

The Black Phoenix Divine Sword bloomed completely!

Open! The Divine Seal is activated!

There is a sword light between heaven and earth!

2.4 million trillion combat power!

With the dual blessing of Kaitian Divine Seal and Black Phoenix Divine Sword!

Incomparable power~!

This attack is much more powerful than the attack of the phantom clone.

Boom. ~!

A shrill scream!

Xiangmeng's tongue was chopped to pieces!

His whole body vomited blood and flew out!

Xiangmeng was extremely frightened!

That sword caused him to be severely injured.

The reincarnation sky fire of the Black Phoenix Divine Sword had already rushed in. His body was constantly destroying his shriveled internal organs.

Xiang Meng's heart sank!

How could it be possible?!

How could this young man in white be stronger than the guy in black cloak?

Who did he meet today?

How hard was it for him ? After waking up, he encountered two extremely terrifying guys in succession!

But at this moment, the attack of the phantom clone arrived.

Xiangmeng resisted with his seriously injured body, and was knocked away again.

Qin Feng caught up with him, and again With one sword, Xiangmeng was split into two halves.

At that moment, blood rained down from the sky.

But the next second, the two halves of Xiangmeng merged automatically.

He will not die that easily!

"Boy, who are you? Who are you?!"

Xiangmeng roared miserably while resurrecting.

Qin Feng didn't bother to pay attention, and combined with the shadow clones, continued to attack violently, cutting Xiangmeng into pieces.

He vaguely realized that this Xiangmeng's awakening was not normal.

If he said casually Regardless of his identity, I'm afraid the walls have ears.

Xiangmeng screamed miserably, and he had already recovered his true form.

However, he was chopped into pieces by Qin Feng and Xuying's clones.

Those broken tentacles, pieces of flesh, and blood essence were all squirming. , struggling.

He wants to be resurrected!

He finally woke up from the seal, how could he want to die again.

He didn't die in that battle tens of billions of years ago!

This time, he can't die!

"I will never die!"

Boom~! Boom~! Boom~!

Earth-shattering explosions continue.....

This scream lasted for more than an hour!

Xiang Meng finally couldn't hold on any longer and died amidst the screams.

The reincarnation fire contained in the Black Phoenix Divine Sword and the Fire Phoenix Divine Sword completely restrained his rebirth.

You know, the fire of reincarnation comes from Yuan Feng.

Who is Yuanfeng?

That is a high-grade star master who is as famous as Zulong.

Her reincarnation sky fire is naturally extremely terrifying.

The Black Phoenix Divine Sword and the Fire Phoenix Divine Sword are the weapons to kill the Lord!

Qin Feng likes it more and more the more he uses it.

Just before Xiang Meng died, a vast shadow of the world emerged.

It was a barren world without any plants or animals.

With Xiangmeng's last shrill scream!

The phantom of the world shattered, turned into tiny bits of debris, and disappeared into thin air.

Then, plant seeds and some hexagonal crystals separated from the shadow of the world.

At the same time, Xiang Meng's body completely exploded into pieces and turned into a rain of blood that rained down from the sky.

In a moment, the sea of blood was re-formed, emitting a power that awes both heaven and earth.

And Xiang Meng's soul aura disappeared, completely evaporated, leaving two storage rings and two World Pearls in the air.

These all belong to the Lufa Heavenly Emperor and the great leader of the Demon Realm.

In addition, there are Yuantu Abi's double swords!

And a piece of inherited divine seal!

Looking at the loot in the air, Qin Feng was excited

"Dad, we won!", the baby shouted excitedly

"Brother, it's Yuantu Abi's double swords, and there's also a heritage seal!"

"Your Majesty, that inherited divine seal should be the inheritance of the Demon Realm Blood Lord. That guy is a middle-grade star master!"

Chu Chu and Bai Qi both said excitedly.

Qin Feng was overjoyed when he heard that it was the inheritance of the middle-grade star master.

He waved his hand and took all the trophies into his hands.

At this time, he looked at the plant seed curiously. And those hexagonal crystals.

He didn't recognize these things.

"Qin Feng, this seems to be the seed of the World Tree!"

Jade Qilin's surprised voice sounded in Qin Feng's mind.

"World Tree?", Qin Feng looked confused.

Yu Qilin explained: "Qin Feng, when Xiang Meng died just now, didn't there appear a shadow of the world? That is the vast world of Xiangmeng"

"Generally speaking, there are no living creatures in the Small Thousand Worlds and Big Thousand Worlds of the Lord. Only after breaking through to the Star Lord, the World Tree will be born first, and then various worlds will appear."

"Xiangmeng was half-step into the realm of Star Lord before, so his world has already given birth to the seed of the World Tree, which is this seed.

Qin Feng suddenly said:"That's it!" So what is the use of the World Tree?"

Yu Qilin said:"I don't know the specific function. However, one thing is clear. The World Tree is the root of luck!"

"When the Half-Step Star Master breaks through to the Star Master, this seed will grow into a towering tree, and luck will come from it, which is the original Qing-level luck. Qin Feng's eyes lit up:"

Then this seed is a good thing!" If I plant it into the small universe, will it bring me luck?"

The more he cultivates to a higher level, the more Qin Feng discovers the benefits of luck.

Yu Qilin replied:"This is not clear. In this world, no one else has a small universe, and no one knows what the result will be."

Qin Feng nodded slightly, what he said is true.

"Yu'er, what are these hexagonal crystals?"

"Those are the crystals of the world, the essence that remains after the world is shattered. The energy contained in each one is comparable to a pearl of the world"

"That's not bad!"

Qin Feng was delighted.

This time he got nine world crystals, which was a big gain.

At that moment, he put away these trophies and swallowed the inheritance seal...

A moment later, a dark and domineering aura , filled the whole body, and the momentum surged.  
.....

"Ding! Devouring the Heritage Seal Successfully.....Congratulations to the host for obtaining the Blood Lord inheritance (mid-grade star master)...

Chapter 555

"Ding! Devouring the Heritage Seal Successfully.....Congratulations to the host for obtaining the Blood Lord Heritage (mid-level star master). "Ding! Congratulations to the host for obtaining Blood Lord Luck (lower orange level), the luck has been upgraded to upper red level 5%....."

"Ding! Congratulations to the host for the improved luck, 100% awakening of Rui Qilin inheritance, and improvement of cultivation level to 99 in the late second round state.%.....Combat power increased to 1.5 million trillion....."

"Ding! Congratulations to the host for completely awakening the Rui Qilin inheritance and awakening the Rui Qilin essence....."

"Ding! Congratulations to the host, your soul has been strengthened by the auspicious unicorn essence... The progress of the flower of the soul blooming again has been increased to 57% (the flower blooms with thirteen petals).....Combat power increased to 1.55 trillion....."

"Ding! Congratulations to the host, your body has been strengthened by the auspicious unicorn essence... The flower of the other shore blooms again and the progress has been increased to 100% (the flower blooms with thirteen petals).....Combat power increased to 1.6 million trillion....."

"Ding! Congratulations to the host, your flower of the other side blooms again, with thirteen petals... the combat power has been increased to 1.8 million trillion....."

At this moment, Qin Feng's head was on the shelf, and a golden flower of the other side appeared, slowly blooming.....

The next second, the flower bloomed with thirteen petals, and the sky and the earth were shocked.  
.....

Yu Qilin, Bai Qi and others opened their eyes wide.

Nine is the ultimate, twelve is perfection!

A flower with thirteen petals has never been seen or heard of in the universe.

Bai Qi and Yu Qilin were both shocked!

Both of them are quite knowledgeable!

At this moment, heaven and earth congratulated each other... infinite auspiciousness descended from the sky!

Countless golden flowers, hanging beads, and necklaces descended.....

Countless golden lotuses and colorful clouds emerged from the earth.....

At this moment, outside the secret realm, auspiciousness suddenly appeared near Tianfu Star.

Many powerful people were alarmed and looked up at the stars in confusion.

At this moment, there was a colorful glow that enveloped the entire sky above Tianfu Star.

Even the supreme Lord of Tianfu Star was alarmed.

The Lord of Tianfu Star is an old man with a kind face.

At this moment, his eyes penetrated the retreat, and he looked up at the sky in astonishment.

Why did the heaven and earth suddenly drop auspicious omens?

Star Lord Tianfu is confused!

He couldn't figure it out.

But he was slightly excited in his heart.

The auspicious auspiciousness descending from the sky on Tianfu indicates that good luck has arrived on the Tianfu star.

I'm just afraid that some peerless genius will emerge from Tianfu Star.

This genius will definitely be a big shot in the future!

At this thought, Tianfu Star Master became excited.

There is competition among the five pole stars, and they even compete with the Demon Realm, the Celestial Clan, and the Ancient Clan.

Who doesn't want one or two rising stars to come out of their territory?

At the same time, tens of millions of creatures on Tianfu Planet saw the colorful rays of light in the sky, exuding sacred light, supreme and noble...

The elemental masters under the master inexplicably wanted to kneel down and worship. Impulse... the flower blooms with thirteen petals!

For the first time in the universe, even the instinctive will of the universe is celebrating.....

At this moment, Qin Feng's small universe is on Zhongji Star.

Yu Qilin, Chu Chu, Bai Qi and others gathered together and looked up at the sky.

In the sky, the scene outside emerged.

At this moment, several people were stunned.

"Wow! The flower has thirteen petals! Sister Yu'er, no one has done it before, right?"

Chu Chu asked curiously.

Yu Qilin recovered from the shock.

She took a deep breath and said:"I have never heard of it before, let alone anyone who has done it.

Bai Qi agreed:"That's right!" I haven't heard of it either! Your Majesty should be the only one in the universe who does that!"

"Wow! Dad is so awesome!"

Baby Qin has a cute face, and his big black eyes are full of admiration.....

After a while, all the visions of heaven and earth disappeared.

Qin Feng opened his eyes excitedly.

Knew it!

After the star master level inheritance is completely awakened, there will be a surge of energy.

That essence is of great help in strengthening the body and soul.

This caused his flower of the other shore to bloom with thirteen petals.

Next, what he has to do is to let the flower of the soul bloom with thirteen petals, and then let the flower of the soul also bloom with thirteen petals.

Let the three flowers gather at the top and become the only god emperor with thirteen petals in this universe.

You know, everyone else is a twelve-petal three-flower gathering, even the top-grade star master is no exception.

"Dad, you are so awesome!", the baby cheered.

Qin Feng smiled slightly, made a few seals with his hands, and the sea of blood below suddenly surged up automatically.

After receiving the inheritance of the Blood Lord, Qin Feng knew that this sea of blood was actually a Star Lord-level treasure. It was created by the Blood Lord's lifelong efforts. However, under the erosion of tens of billions of years, the Blood Sea fell from a Star Lord-level treasure to a Dominant-level treasure.

However, as long as he cultivates this Blood Sea, it can still be restored to its original state over time. Star Lord level.

At that moment, Qin Feng made seals in succession.

Buzz~!

The earth shook!

The sea of blood was evacuated!

Only a dry sea bed was left!

The next second, in the depths of Qin Feng's small universe, there was a vast and boundless sea. The sea of blood appeared out of thin air and began to merge with the starry sky.....

The aura on Qin Feng's body also changed quietly, with a sense of killing.....

"Ding! Congratulations to the host, the fusion of the Endless Blood Sea (a top-grade dominator-level item that can evolve) was successful.....Combat power increased to 2 million trillion....."

"very nice!"

Qin Feng was delighted.

With a combat power of 2 million trillion, if he uses the Chaos Transformation and Star Palace Armor, his combat power will be doubled to 4 million trillion.

Coupled with the combination of the four star followers, his combat power will be at its strongest. It can reach 4.4 million trillion.

With such strength, he dares to sweep through the low-grade master.

As for the middle-grade master, he should also have the ability to protect himself.

The low-grade master's combat power is 1-3 million trillion.

The middle-grade master's combat power is 1000 -30 million trillion.

The higher the cultivation level, the harder it is to advance up the level.

Qin Feng is not worried, he still has a bigger inheritance that he has not inherited.

That is the inheritance of the Lord of Qilin

"Huh! and this...."

At this time, Qin Feng was surprised. Looking towards the seabed.

There is a strange eye somewhere, it is Xiangmeng's eye of heaven.

This special gaze can determine the heaven, earth, and people, as well as time, space, and reincarnation. It must be of magical use, comparable to the master-level Yuanwu.

This divine eye was previously obscured by a sea of blood. He didn't notice it and thought it was destroyed.

I just found out now, it's another surprise!

Qin Feng waved his hand and closed his eyes of heaven.

Then, he sent Ah Bi Yuan Tu's double swords into the endless sea of blood.

These swords are closely related to the blood sea and can be nourished by the blood sea.

Over time, the level of the two swords will automatically return to the master level Yuanwu level...

After doing all this, Qin Feng left.

A quarter of an hour later, Qin Feng returned to the square.

The square was still deserted and deserted.

Qin Feng looked at the place of inheritance of Fire Qilin.

Purple Star hasn't come out yet.

She went to inherit the inheritance not long ago, so she may have to wait for a while.

"Qin Feng, now only the Fire Qilin inheritance is left. As long as Sister Zixing completes the inheritance. The inheritance of the Lord of Qilin will begin!"

The voice of Yu Qilin sounded in my mind.

"yes!", Qin Feng looked forward to it.

Now everyone in this secret realm is his own.

The inheritance of the Lord of Qilin will definitely be his.

"Qin Feng, I have a hunch!"

"What hunch?"

"When you obtain the inheritance of the Lord of Qilin, the world will be in chaos. The enemies who harmed the Five Spirits clan back then should be restless!"

Yu Qilin's tone was a little proud and a little excited. The

Five Spirits clan is the Shenlong, Shenfeng, Qilin, White Tiger, and Xuanwu clans. The Lord of the Five Polar Stars of the era.

Qin Feng nodded slightly, feeling that Yu Qilin's words made sense.

When he obtained the inheritance of the Qilin Lord, the successors of the Ancestral Dragon and Qilin were born one after another.

But the world doesn't know that these two inheritors are both Qin Feng.

Qin Feng suddenly thought, what would happen if he obtained all the inheritance of these five spiritual masters?

Carrying the inheritance of the Lord of the Five Polar Stars may allow him to break through to the god level!

"Dad, do we want to go to the Fire Qilin Heritage Land?", the baby's curiosity is the highest.

Qin Feng smiled slightly: "Don't disturb Zixing, she should be at the critical moment. There are no external enemies now, so everyone should retreat and try their best to awaken all the inheritances they have obtained!"

Everyone agreed.

After a while, only the phantom clone was left guarding the square.

Qin Feng also entered the small universe and began to retreat while waiting for the purple star..

Chapter 556

After entering the small universe, Qin Feng gave Bai Qi a burst of pure energy and returned to Zhongji Star.

The pure energy was obtained from the storage ring of the leader of the Demon Realm.

Among the four pole star followers, except for Bai Qi, who is still a low-grade master, the other three are all high-grade masters.

After integrating the inheritance of Shui Qilin, Jade Qilin not only upgraded his qualifications to the potential of high-level domination, but also inherited Shui Qilin's luck (mid-green level.)

Jade Qilin is also the only one among the four followers with luck.

As long as you have luck, even if Jade Qilin's qualifications are not enough, you will have a chance to break through to a low-level star master.

This is the benefit of luck.

Luck is so mysterious that even the Star Master cannot figure it out.

But it is well known that the more prosperous the luck, the better the opportunities.

At this moment, on Zhongji Star, in the courtyard.

Qin Feng took out the seed of the World Tree and watched it curiously.

This world tree is the root of luck!

It's amazing!

Only the Star Lord will give birth to the World Tree.

Half-step star masters can only produce tree seeds.

Star Lord is extremely difficult to kill.

If the Star Lord is killed, the World Tree will automatically wither, and the luck will turn into rootless duckweed, condensing and never dispersing.

The Star Lord's inheritance will also have new successors with the support of luck.

And the successor will definitely bear the karma of the previous generation, take revenge and plot, and will not stop until death.

So if you kill the Star Lord, the consequences will be very troublesome.

"Can this kind of seed survive?"

Qin Feng's heart was full of curiosity.

He would always be more concerned about issues related to luck.

Thinking of this, Qin Feng summoned Jade Qilin with a wave of his hand.

"Qin Feng, are you looking for me?", Yu Qilin asked with a sweet smile.

After her self-cultivation broke through to half-step dominance, her temperament became better and better, her skin was delicate and fair, and her figure was extremely delicate. Her pure and pure appearance made women's hearts beat when they saw it.

In fact, , Yu Qilin has long been expecting Qin Feng to summon him.

But he knows that Qin Feng is busy with daily affairs, and if she does not take the initiative to summon him, she is afraid of disturbing her man.

"Yu'er, how can we plant the seeds of this World Tree?"Qin Feng turned back to look at her. Yu Qilin was stunned.

Immediately, she smiled and shook her head:"This is a dead plant. A star lord has done this before. They transplanted the plundered World Tree into their own world. Desire to increase luck"

"As long as one falls, those World Trees will die. Later, they changed their methods and planted the seeds of the World Tree into their own world. Also under this condition, the seeds wither and die, turning into empty shells."

Qin Feng:"....."

"Then this seed is of no use!"Qin Feng was a little helpless.

He couldn't do anything even the Star Master couldn't do.

Yu Qilin saw that he was a little depressed, so he coaxed him up sweetly.

"Master, those Star Lords were planted in their own world. But you are different from them. Your territory is a small universe, not a big world. There may be unexpected surprises!

Qin Feng's eyes lit up:"That makes sense!" Then give it a try!"

At that moment, he squatted down and dug a hole on the spot.

The husband sang and the wife followed. Yu Qilin squatted down and watched from the side.

After a while, Qin Feng dug the hole, picked up the tree seeds and threw them down.

Under normal circumstances, such seeds As soon as it fell to the ground, it would quickly wither and turn into an empty shell.

Jade Qilin couldn't help but hold his breath.

But the next second, an accident happened.

After the seed fell to the ground, it did not wither, let alone turn into an empty shell.

Qin Feng couldn't help but stare. As soon as it lit up.

He couldn't help but look at Yu Qilin.

Both of them looked happy.

"This seed has not withered, but it has not taken root? Does it need to be watered with spiritual liquid?"

The jade unicorn looked left and right

"Let me try!"

Qin Feng waved his hand and condensed nine kinds of elemental liquids, pouring them one by one, but there was no response.

"Doesn't this seed absorb spiritual energy?"

Qin Feng poured some more soul power.

The seed actually squirmed.

Qin Feng and the two were surprised.

But the next second, the seed stopped reacting.

Qin Feng poured some soul power again, but there was still no movement.

He frowned and thought.

Yuan The spirit liquid has no effect, and the soul power has no effect. By the way, drop a drop of blood essence and try...

Qin Feng flicked his fingers.

A drop of blood essence seeped out from his fingertips, and it was red with golden light and a faint glow. The fragrance.

The blood doesn't look like human blood.

"Huh! Your blood.....", Yu Qilin was surprised.

Qin Feng's blood essence is completely different from others. It actually contains a little bit of golden light and exudes a faint fragrance.

This fragrance is somewhat familiar.

By the way, this is the scent of flowers from the other side.

Yu Qilin figured it out in an instant.

Qin Feng's flower of the other shore has thirteen petals, and there are subtle changes in the structure of the body, and even the blood has changed.

After thinking about it, it doesn't feel strange anymore.

At this moment, Qin Feng's essence and blood dripped on the seeds.

When the essence and blood touch, the seeds are like dry sand, quickly sucking up the essence and blood.

Squeak~!

A soft sound that ordinary people cannot hear!

The seed seemed to let out a burst of joy.

The next second, its lower end automatically grows roots, which quickly penetrate into the ground, and its upper end sprouts young seedlings, which grow rapidly.

"Ha ha! efficient!", Qin Feng was overjoyed

"It seems so!"

Jade Qilin hugged Qin Feng's arm excitedly.

Boom~boom~boom!

The earth trembled!

That drop of divine blood seemed to activate the seed and let it wake up completely.

It took root into the ground crazily while growing upward rapidly.

Ten meters ....100 meters.....Kilometers...

In the blink of an eye, the tree trunk grows thousands of meters.....

Click~! Click~! Click~!

Ten meters....hundred meters.....km.....

The roots of the tree continue to penetrate a thousand meters deep into the ground... two thousand meters.....three thousand meters.....five thousand meters.....

In the blink of an eye, the seed grew to a height of 10,000 meters...

Qin Feng and Yu Qilin were stunned to see it.

But all this is not over, the big tree is still growing.

I saw that this sacred tree has no branches, only one trunk, rising straight into the sky and growing continuously.....

"Huh! This is.....

Qin Feng suddenly felt blessed, and a picture appeared in his mind.

That is far beyond the distant galaxies, in the solar system, on the earth.

On top of the star soul deep in the earth's core, a spiritual tree actually appeared, growing crazily toward the ground.

The appearance of the spiritual tree was exactly the same as the sacred tree in front of Qin Feng. It was clearly a replica.

This feeling seems real and illusory.

Qin Feng was a little surprised and didn't know if it was true.

After all, this central pole star is formed from the split soul of the earth's star soul.

There is definitely a connection.

In fact, Qin Feng's feeling was not an illusion.

At this moment, on the distant earth.

The ground in Nandu City shook slightly.

The entire Qinmen headquarters was alarmed.

A moment later, there was a loud noise, and a huge straight tree broke out of the courtyard in the center of the palace and shot straight into the sky.

Everyone was startled and rushed over.....

But here, Qin Feng looked at the sacred tree in front of him and was surprised.....

Just now he sensed that sacred trees were growing on the earth, and that illusion should have been sent by the earth's star soul through the soul-splitting sensor.

Is it possible that a sacred tree really appears on earth?

If so, that's incredible.

The connection between the two is the star soul. Could it be that they are copied through the star soul?

Just when Qin Feng was thinking wildly, the sacred tree had reached a height of one million feet, and branches, leaves, flowers, fruits, etc. began to grow on the top, and its growth rate began to slow down.....

The next second, the sacred tree trembled, and Qin Feng also trembled all over.

Then, the sacred tree emitted a dazzling red light, covering the five pole stars of the small universe...

Qin Feng was surprised to find that as soon as the sacred tree was completed, his luck seemed to have roots, and his luck was more closely connected with himself.

If it were before, his luck would be like wandering clouds.

Although it is extremely powerful, it has not taken root and can easily be weakened by people using secret techniques.

This is like Emperor Ye. As soon as he dies, his luck will go to Qin Feng.

But it's different when luck takes root.

At this moment, even if Qin Feng is killed, his luck will not become someone else's.

Those fortunes are still his, and they will always guard his inheritance, waiting for his successor to arrive, or for him to be reincarnated.

This is a method that only the Star Master has.

But Qin Feng also has it now.

Not only that, Qin Feng's luck relied on the sacred tree, emitting the radiance of luck to the small universe, and began to affect the changes around him.

In an instant, all the living creatures around received the help of luck and developed in a good direction.....

The first thing to change was Jade Qilin.

I saw Jade Qilin's delicate body trembling.

Boom~!

An idea flashed in her mind.

In an instant, she had a clear understanding, and the water unicorn inheritance awakening automatically increased by 10%.

Her cultivation level was directly upgraded to the middle stage of half-step domination, and her combat power was increased to 300,000 trillion.....

At the same time, the various spiritual flowers and grasses on the Zhongpole Star grew rapidly, but the weeds withered automatically...

The next second, the radiance of luck shone on the four pole stars.

The spiritual flowers and spiritual grasses of the Four Polar Stars also grew rapidly, and the weeds withered automatically...

Bai Qi's luck exploded, breaking through the bottleneck in a moment, and he cultivated to the Great Perfection of the God Emperor.

The same goes for Chu Chu and Bao Bao. They broke through the bottleneck one after another and reached the Great Perfection of the God Emperor.

The three of them were pleasantly surprised, vaguely aware of the changes, and came out one after another.....

Qin Feng was also overjoyed.

This sacred tree not only allowed his luck to take root, but also gave full play to the advantages of his luck.

His men also benefited.

As the strength of Chu Chu and others increases, his strength will also increase accordingly.

"Qin Feng, try my blood essence again....."

Yu Qilin had a sudden idea and shot out a drop of his own blood.

Her essence and blood stuck to the sacred tree.

Buzz~!

The sacred tree screamed, sucking up the essence and blood of the jade unicorn in an instant.

Buzz~!

Another green light emanates from the sacred tree.....

The radiance of Yu Qilin's luck actually superimposed, and the luck in this space increased...

At the same time, her luck also took root.

"Ding! Congratulations to the host, your luck has been superimposed with the jade unicorn luck... Your luck level remains unchanged (5% for superior red levels), but the power of your luck has been enhanced....."

"Ding! Congratulations to the host for his enhanced luck, 100% awakening of the Blood Lord inheritance, and breakthrough to the second-round realm of cultivation... The combat power has been increased to 2.3 million trillion....."

"Ding! Congratulations to the host for completely awakening the Blood Lord inheritance and awakening the Blood Lord essence....."

"Ding! Congratulations to the host, your soul has been strengthened by the essence of the Blood Lord... The progress of the flower of the soul blooming again has been increased to 69% (the flower blooms with thirteen petals).....Combat power increased to 2.4 million trillion....."

Is this still possible?!

Qin Feng was stunned.

There is no change in his luck level.

But this sacred tree can superimpose his luck with that of Jade Qilin.

To put it simply, the actual luck benefits he received were higher than the superficial luck level.

In this way, outsiders will underestimate him, making it difficult for people to guard against him.

Qin Feng thought of something again and turned to look at Yu Qilin, only to find that there was no change in Yu Qilin.

Obviously, this kind of luck superposition is only effective for him alone, and has no effect on Yu Qilin.

The only benefit gained by Jade Qilin is that luck has taken root.....

Meanwhile, on Earth.

Nandu City, the backyard of the palace.

Luo Li, Turtle Emperor, Ni Shan, Ice and Snow Emperor and others gathered around the sacred tree to watch

"Lord Shark Emperor, I think the shape of this sacred tree is very similar to Jianmu from ancient legends?"

Someone in the crowd expressed his opinion.

As soon as he said this, the crowd started talking.

"Is this the Jianmu Sacred Tree? Huh! The appearance looks somewhat similar to the myth!"

"Legend has it that if you climb up the Jianmu Sacred Tree, you can enter the fairyland when you reach the top. This tree leads to the fairy world!"

"What a joke! Those are just legends!"

The speaker did not mean it, but the listener did it intentionally.

Na Nishan said:"This tree grew out of nowhere, maybe it is really some kind of building tree. How about this, I climb up and give it a try!"

Nishan looked up at the sacred tree and couldn't see the end.

The next second, she climbed up and tried.

But at this moment, a sudden change occurred..

Chapter 557

Nishan looked up at the sacred tree, unable to see the end.

The next second, she wanted to climb up and try.

But at this moment, a sudden change occurred.

The sacred tree actually emitted a red halo, instantly covering the entire earth.

Under the halo, many magical things happened.

In a secret room, Liu Yan was studying weapon refining.

She encountered a problem in refining weapons and had been thinking about it for a month, but she still couldn't figure it out.

But at this moment, a red halo came from the sky and swept over her body.

Her delicate body trembled, and she fell into an epiphany.....

At the same time, Emperor Feng visited the palace.

Emperor Feng is in retreat.

Another hall.

The White Tiger Emperor, the Xuanwu Emperor, and the Whale Emperor were leisurely sipping fragrant tea.

Nowadays, the earth is developing day by day and is prosperous.

In their spare time, a few people gathered together

"What's happening outside?", the White Tiger Emperor casually asked

"Not sure! Nishan and Turtle Emperor have already gone out to see it!", Whale King tasted the fragrant tea

"You said that Your Majesty has been to Tianfu Star for so long, when will he come back?", Emperor Xuanwu was a little anxious.

"Didn't Luo Li say that His Majesty is going to explore the Ziyun Secret Realm? At least he won't be able to come back until the Ziyun Secret Realm is over."

The White Tiger Emperor has great confidence in Qin Feng.

The Xuanwu Emperor is worried:"I heard from those who built the starry sky teleportation array that there are so many masters entering the Ziyun Secret Realm this time. I'm worried about something happening to your majesty. Our earth cannot live without His Majesty!"

As soon as these words came out, the White Tiger Emperor and the Whale Emperor were moved.

The prosperity of the earth today was brought about by Emperor Qin.

They really cannot do without Emperor Qin.

With Qin Feng's absence, they vaguely feel that they are missing a backbone.

"By the way, the matter with the God Emperor has been out for a few months, and the matter with the Golden Crow Emperor has also been out for a few months. I wonder when these two forces will come to cause trouble?"

The White Tiger Emperor suddenly thought of this question.

"this...."

Emperor Xuanwu and Emperor Whale suddenly couldn't drink tea anymore.

Without Qin Feng sitting in charge of the earth, they always felt that something was missing.

The White Tiger Emperor noticed the uneasiness of the two of them and offered words of comfort.

"You two don't have to worry too much. Isn't Luo Li the one who brought the alliance back? Wait until the starry sky teleportation array is almost completed. Even if those two forces come to cause trouble, the Star Alliance will protect us! Emperor

Xuanwu sighed:"If you want the protection of the Star Territory Alliance, you must at least make representations with the Great Emperor." Now that His Majesty is away, there is no Great Emperor on our planet!

The White Tiger Emperor smiled and said,"Have you forgotten that Lord Feng Emperor is in retreat?" Isn't she trying to become the emperor? Emperor Xuanwu smiled bitterly:"

It is very difficult to become the Great Emperor!" If it doesn't take more than a year and a half, I'm afraid it won't succeed. I'm worried that I won't have enough time!"

The Whale King also nodded:"Yes! Master Fengdi has only been in seclusion for half a month, so he can't break through so quickly. If Your Majesty doesn't come back in time, I'm really worried that the earth will be in danger...."

Just after saying this, a sudden change occurred outside.

A red light emanated from the sacred tree outside and instantly enveloped the earth.

The red light swept across Fengdi's retreat.

An earth-shattering aura spread out from Emperor Feng's secret chamber.

The terrifying power of the Great Emperor instantly enveloped the entire Nandu City.

Hundreds of millions of people sensed this and looked at Feng Emperor's station in shock.

"yes.....Emperor Feng made a breakthrough!"

The three White Tiger Emperors stood up one after another, and they were all ecstatic.

Then, the three of them walked out of the hall.

At the same time, in the backyard of Qin Feng Palace, dozens of elemental masters wearing alliance uniforms were building a starry sky teleportation array.

This large The formation leads directly to Tianmo City.

They came with Luo Li.

The leader was a woman, who was Qin Feng's acquaintance Nan Yuan.

At this moment, Nan Yuan and others looked in the direction of Emperor Feng with a look of shock.

"That Phoenix Emperor has broken through to the Great Emperor!"

"Tsk tsk!! This earth is really a land of outstanding people! On this small planet, three powerful emperors were born!"

"yes! There is a Qin Emperor, a Chu Chu, and now there is a Feng Emperor!"

"hehe!! Lao Zuo, you underestimated that Emperor Qin. Rumor has it that Emperor Qin is not only powerful as a great emperor, he already has the power of a god emperor!"

"What?! This is impossible! I asked the people on Earth that Emperor Qin seemed to be only in his twenties. How could he have the power of a God Emperor at such a young age?"

"No way? Emperor Qin is only in his twenties?!"

The people in the alliance became more and more shocked as they talked, and almost exploded.

Among the crowd, Nan Yuan was shocked.

This Emperor Qin must be too good!

But at this moment, she saw the white-haired old man next to her, with a strange look on her face. He looked at the sacred tree not far away.

The sacred tree was very strange. It grew inexplicably today.

"Mr. Min, what's wrong? Have you seen the details of this sacred tree??".

Nanyuan asked curiously.

Although Old Min's cultivation level is only at the peak of Nine Stars, he is well-informed and has more experience than many God Emperors.

At this moment, Mr. Min said with a strange look on his face: "Why do I think this sacred tree looks like a thing that suppresses luck!"

As soon as he said this, the whole audience was shocked.

Damn it~!

Something that suppresses luck?

How could such strange objects appear on this small earth!

Shouldn't it be the Star Lord's lair that appears?

Generally, only the Star Master can come up with something that suppresses luck, and it's Fu Ze's side.

Because the star master is protected by luck, his followers will benefit.

Therefore, each Star Lord has a large number of followers.

For this, the Lords are so envious that they are even willing to follow the Star Lord for the sake of luck.

"Mr. Min, I think you are old and confused! This sacred tree appears inexplicably, which is a bit strange, but it is definitely not something that suppresses luck."

"that is! There is not even a god emperor on this earth, how could something that suppresses luck appear!"

Everyone laughed.

Old Min blushed and felt that he had thought too much.

This earth is just a newly promoted fifth-level star field. It's scary to have a god emperor. How could a star master appear?

It's just a dream. Tan!

Of course, everyone justWith a smile, he didn't take the sacred tree seriously at all.

But at this moment, an extremely beautiful woman appeared from the air in the Feng Emperor's palace ahead.

The mighty emperor's pressure radiated from her body.

Ten thousand people around came to worship from afar

"It's Emperor Feng!"

Mr. Min and others all looked in awe and did not dare to say anything.

They are alliance envoys, and they are inevitably a bit arrogant in their hearts, but they are all short in front of the emperor. At this moment, Feng Emperor became the focus of everyone.

As soon as she appeared, The White Tiger Emperor and others came forward to congratulate one after another. Countless members of the Qin Clan were excited.

After Emperor Qin, there was another powerful emperor on the earth.

But Emperor Feng was not in the mood to pay attention to this.

As soon as she appeared, her eyes fell on that On the sacred tree, a look of surprise appeared on her face.

It was this sacred tree that had just emitted a red halo.

With the help of that halo, she was so blessed that she broke through to the emperor in one fell swoop.

Otherwise, she might have to wait for half a year. She has achieved a breakthrough.

To put it bluntly, this big tree helped her!

In fact, this big tree not only helped her.

Under the light of the big tree's luck, thousands of earth elemental masters have benefited.

Of course. , these beneficiaries all have one thing in common.

They are loyal to Qin Feng deep in their hearts.

The Star Lord's luck suppression will only bring benefits to those who are loyal to him.

To put it bluntly, it is beneficial to the loyal, It is good for oneself and is a normal manifestation of luck.

If it is good for traitors and those who are not loyal enough, it is not good luck.

"This tree is so amazing!"

At this moment, the emperor was very interested in the sacred tree and flew over directly.

The White Tiger Emperor and others looked at each other and followed silently.

Soon, the group arrived at the foot of the sacred tree.

Everyone beside the tree asked Feng The emperor bowed with great respect

"I have met Lord Feng Emperor!"

"Luo Li, what kind of tree is this?"Fengdi looked at Luo Li in the crowd.

"Sir, my subordinates don't know either. This tree suddenly appeared from the ground and grew to a height of one million feet in the blink of an eye. Some people say that this tree is like the legendary building tree, leading to another world!"

Luo Li answered truthfully

"Jianmu?", Emperor Feng looked curiously.

But at this moment, there was a muffled groan from the top of the tree. Then, a figure fell from the top of the tree.

When he fell halfway, the man controlled his body and landed slowly.

The man who landed was Ni. Shan.

She just climbed up!

"Nishan, are you going up?", Emperor Feng was curious.

"Sir, I can't climb this tree, I failed!", Nishan smiled bitterly.

Everyone around was shocked!

No way?!

Nishan is a nine-star peak expert!

How could she fail to climb a tree?

At this thought, everyone looked at the sacred tree.

This tree is really strange.!

Emperor Feng was also surprised:"How did you fail?"

"Lord Fengdi, there is a strange barrier at the top of this tree. It seems that through that barrier, you can enter a strange space. But my subordinate tried it, but couldn't penetrate it. It must be because his subordinate's strength is not enough."

Nishan answered truthfully.

Everyone around was amazed.

Emperor Feng's eyes lit up and he became interested.

"Then I will give it a try!"

As soon as she finished speaking, she flew towards the top of the tree.....

At the same time, in the small universe.

On Zhongji Star, Qin Feng and Yu Qilin watched around the sacred tree.

Chu Chu, Bao Bao, and Bai Qi also rushed over one after another.

Qin Feng asked the three of them to shoot some essence and blood into the sacred tree, but there was no reaction.

"strangeness! Why didn't the blood of the three of you react?", Yu Qilin was confused.

Qin Feng smiled slightly:"The three of them have no luck, but you have luck, so naturally there will be no reaction."

"Huh! It seems to be true!", Yu Qilin suddenly realized

"Sister Yu'er, I really want to have the same luck as you!"

"yes! I also want to be like Aunt Yu'er!"

Chu Chu and Bao Bao looked envious.

Qin Feng smiled:"When the opportunity comes, luck will come! Don't worry, you two, it will happen eventually!

As soon as he said this, he showed joy:"Purple Star is out!" I will go to the inheritance place of Lord Qilin. You continue to study this sacred tree....."

After saying hello, Qin Feng disappeared out of thin air..

Chapter 558

The next second, Qin Feng returned to the square.

Zi Xing has been waiting in the square for a long time.

When she saw Qin Feng, Zixing's eyes became gentler.

"Your inheritance blended very smoothly!", Qin Feng looked at it with a smile.

Purple Star actually broke through to a low-grade master. Judging from the combat power and momentum, it should be 1.2 million trillion.

"Um! Fusion to 80%! ", Zi Xing pursed his lips slightly.

She was also very happy about this.

Qin Feng felt happy when he saw her looking like a smaller and smaller woman.

He waved and put away the phantom clone.

Zixing glanced in surprise and didn't ask any more questions.

Now that things have happened, she has also seen the relationship between Qin Feng and the shadow clone.

"Where are your men?"

Zixing looked around, but found no trace of Chu Chu and others.

"They are in retreat in my space!"

Qin Feng said while using Qi Watching Technique to take a look.

Zixing also has luck now.

Like Yu Qilin, she has mid-level Qing Luck.

"Give this to you!"

Zixing waved his hand, and a ball of superior Qing Qi flew towards Qin Feng.

The superior Qing Qi can upgrade the lower-grade domination qualifications to the middle-grade qualifications.

There are only four groups in the secret realm.

Qin Feng has already obtained three groups, each of which is given to Yu. Qilin, Chu Chu, and Bai Qi used it.

The last group was also in their hands.

"Why are you giving this to me?", Qin Feng caught it casually

"My aptitude is already that of a top-grade master, and this high-grade Qi is of no use to me. You have many subordinates, you can use them to train them..."

Qin Feng thought it right and put it away.

Although the four pole star followers are no longer needed, Yue'er still needs them.

At this moment, the square trembled.

A door of light appeared in the center of the square.

The inheritance place of the Lord of Qilin is opened

"Let's go!"

Qin Feng walked over excitedly.

Zixing followed silently.

Stepping into the light gate, Qin Feng found that he was floating in the air.

The surroundings were bright and auspicious clouds were thousands of miles away.

An extremely huge inheritance temple was suspended in the clouds.

"This is the Qilin Holy Land!", Zi Xing looked back in memory.

"What is Qilin Holy Land?", Qin Feng was curious

"You can understand it as the vast world of the Lord of Qilin. However, that world has been shattered, and this is just one of its fragments."

Qin Feng nodded slightly, as if he had some understanding. It seems that before these star masters died, they put their inheritance into their own world fragments for preservation.

At that moment, Qin Feng flew towards the inheritance temple.

Purple Star silently The ground followed behind.

The journey went smoothly without any obstacles.

Soon, the two entered the temple hall and saw the spirit of inheritance.

It was a middle-aged man with a handsome temperament.

This man was the remnant spirit of Lord Qilin.

"Xiaoxing, you are also reincarnated and back!"

The spirit of inheritance looked at Zi Xing with a gentle expression.

"Xiaoxing has met her uncle!"

Zixing saluted respectfully, but his eyes were slightly red.

Qin Feng was slightly surprised.

It turned out that Zixing was also a reincarnation.

In his previous life, he was the niece of the Lord of Qilin.

After thinking about it for a moment, he thought that this should be the case.

The Lord of Qilin's real name is Ziyun. Therefore, he is also called the Lord of Ziyun.

It is not surprising that Zixing has the same surname as him and is of the same origin.

The spirit of inheritance looked at Qin Feng again, and could not help but caress his short beard and smile.

"My friend, I sensed Brother Zulong's aura from you. It seems that you have some connection with Brother Zulong, right?"

"To be honest with senior, this junior is the successor of senior Zulong!"

The spirit of inheritance was stunned.

Immediately, he thought of something and looked overjoyed.

"Ha ha!! good! good! The clan of the Five Spirits has a long-lasting destiny that lasts for thousands of years and can be broken down through generations. God bless my five tribes! The theory of cause and effect really comes true! Qin Feng was curious:"

Senior, what is the theory of cause and effect?"

"Let's not mention this for now! Let's talk about inheritance first!", the spirit of inheritance seemed a little excited.

"Senior, I am already the inheritor of the Ancestral Dragon. If I inherit your inheritance, there will be no conflict, right?"

"Of course there is no conflict! Qin Feng was overjoyed:"

I hope seniors will come up with questions for the assessment!"

The spirit of inheritance stroked his beard and laughed:"My little friend is so outstanding!" What else needs to be assessed? Besides, you have inherited the Rui Qilin inheritance, and you are my successor. You can inherit the inheritance at any time as long as you are willing."

Speaking of this, he said expectantly:"I am very curious now. You have inherited the inheritance of me and Brother Zulong, and inherited the fate of the two spiritual clans. Your future achievements will be frighteningly high."

Qin Feng said humbly:"Senior, thank you! The younger generation wants to inherit the legacy now!

The spirit of inheritance stroked his beard and said,"Okay!" But not before you inherit. I remind you! If you inherit the inheritance of this deity, you will inherit the cause and effect of this deity."

"Once my enemies discover that you are my successor, they will persecute you until death. Are you willing to have such a result?"

Qin Feng smiled and said: "Senior, when I obtained the inheritance of the ancestral dragon, I was already deeply involved in the cause and effect of the five spirits. I was very weak then and was not afraid, and I am even less afraid now. In this case, what does it matter if we have more enemies?"

"What's more, the enemies of the five spirits are the same. Even if I don't get the inheritance from my predecessors, I will still fight against them."

The spirit of inheritance smiled: "That's the truth! You are indeed the perfect candidate for me. You come first to refine the inheritance!"

The Spirit of Inheritance waved his hand, and a piece of the Divine Seal of Inheritance fell from the sky.

The Divine Seal of Inheritance exuded golden light, illuminating thousands of miles instantly, showing its holiness.

Qin Feng opened his mouth and took a breath, and in the surprised eyes of the Inheritance Spirit and Zixing, he gave Swallowed.....

The next second, thousands of golden lights emanated from his body, and Qin Feng's momentum continued to surge.....

"Ding! Devouring the inheritance divine seal successfully... Congratulations to the host for obtaining the inheritance of the Lord of Qilin, inheritance awakening 50%....."

"Ding! Congratulations to the host for acquiring massive unicorn power and achieving a breakthrough in cultivation to the peak of the second round realm.....Combat power increased to 2.7 million trillion....."

Qin Feng was delighted.

He has now broken through to the perfection of the second round realm, and is only half a step away from the God Emperor.

"Ding Congratulations to the host for obtaining the Qilin Lord's Luck (Superior Orange Level). The Luck has been upgraded to Superior Red Level 17.%......Combat power increased to 2.8 million trillion...."

Qin Feng opened his eyes happily and saw the extremely surprised eyes of the inheritance spirit.

Zi Xing on the side was also dumbfounded

"What's wrong?", Qin Feng was confused.

Zixing exclaimed: "Qin Feng, your refining and inheritance speed is too fast!"

She still hasn't said a word.

It took her several hours to integrate the Fire Qilin inheritance.

You know, she is a member of the Fire Qilin tribe.

For an outsider, the integration would have taken longer.

But Qin Feng only took a few minutes. It merged, incredibly fast

"My friend, your refining method is very strange! Perhaps, you are very suitable to inherit the inheritance of this deity."

The spirit of inheritance was amazed and pleased at the same time.

"Little friend, this is for you too!"

The spirit of inheritance waved, and an extremely huge roulette dropped from the sky.

The roulette was completely black, with six black circles on it, divided around the roulette.

The six circles were six formations, emitting dark light. , the center of the array is dark, and in the blink of an eye, it looks like six black channels.

The spirit of inheritance introduced:"My little friend, this is the Great Roulette of Heaven and Earth, also called the Great Roulette of Six Paths."

Qin Feng's eyes lit up, and he was pleasantly surprised.

The Great Roulette of Heaven and Earth he was looking for was also found.

The Spirit of Inheritance continued:"You must already know that the Twelve Golden Man Puppet plus this Great Roulette of Heaven and Earth, can Combined to create the Star Lord level puppet Panzu."

Qin Feng nodded slightly to express his understanding.

The spirit of inheritance smiled and said:"Actually, my body created this great roulette of heaven and earth, not to create Panzu at the beginning. Instead, use this roulette to collect the remaining spirits of the twelve demon ancestors."

"The function of this wheel is to absorb all the remaining souls wandering in the universe. The Twelve Demon Ancestors are dead, and their remnant souls are floating in the universe. It is difficult to collect them by ordinary methods."

"It's different with this heaven and earth reincarnation disk. It can keep running and absorb the remaining souls every moment. As long as the twelve golden men are put into the roulette wheel, as time goes by, sooner or later they will be able to collect all the remaining souls and increase their combat power to the peak."

Qin Feng suddenly realized.

It turns out that the reincarnation disk of heaven and earth was first used to collect the remnant souls of the twelve golden people.

This made him excited again.

In this way, in the future, he only needs to put the golden puppets into the great roulette wheel of heaven and earth to nourish them..The strength of the golden puppet will continue to increase until all the residual souls and remnants are collected.

Although the combat power cannot be restored to the overturned half-step star master, the high-grade master can easily achieve it.

Twelve high-grade master puppets, Coupled with the Great Roulette of Heaven and Earth, the condensed Panzu Puppet can naturally reach the strength of the Star Master. The spirit of inheritance said again:"Little friend, do you know why these twelve puppets can condense the Panzu Puppet?"

"Why?"

The spirit of inheritance took a deep breath and said:"I have checked the information and found that in ancient times, there was a great supernatural being who swept the universe. His name is Panzu, and his cultivation has reached the Great Perfection of the High-level Star Master, which is comparable to invincible"

"Until one day PanzuThe reputation mysteriously fell, and no one knows why. After his death, the inheritance was split into two. One share was inherited by the current Demon Lord. The other one was inherited by the Twelve Demon Ancestors"

"That's why when my true self used the Great Roulette of Heaven and Earth, I accidentally condensed the Panzu Puppet. It's just that this puppet only has half of Panzu's inheritance and is not complete."

"In short, if you really condense the Panzu puppet. You and the devil have formed a karmic relationship. He would not allow the Panzu puppet to be born smoothly. Of course, if you kill him, the Panzu puppet will become stronger."

Qin Fengruo has realized something.

"Let's not explain so much yet. I will first pass on your seal for refining the great roulette of heaven and earth."

At that moment, the spirit of inheritance passed down the seal method.

Qin Feng learned it quickly.

The understanding shocked the spirit of inheritance and Purple Star again.

After a while, he refined the great wheel of heaven and earth and took it into the small universe.

I saw the huge roulette wheel appearing in the depths of the small universe, suspended just above the endless sea of blood, and then automatically merged with the small universe.....

The clone in Qin Feng's body roared, and his momentum automatically increased.....

"Ding! Congratulations to the host, the Great Roulette of Heaven and Earth (a low-grade star master-level treasure) has been successfully integrated with the small universe.....The host's combat power is increased to 3 million trillion....."

Qin Feng was delighted that the Great Roulette of Heaven and Earth, like the Endless Sea of Blood, was actually a low-grade Star Lord level treasure.

He discovered that the integration of Star Lord-level treasures with his own small universe would make his own small universe more complete, and his combat power would also increase accordingly.

Next, with a thought, he sent the seven golden puppets into the Great Wheel of Heaven and Earth, allowing them to automatically increase their strength.

After doing all this, Qin Feng was satisfied.

The inheritance spirit on the side also nodded slightly, with a look of relief on his face.

Then, he spoke again:"Little friend, I will talk to you about the issue of the Karma Seal next!"..

Chapter 559

Qin Feng was curious why the spirit of inheritance mentioned this

"Senior, you say!"

The spirit of inheritance asked:"Little friend, you must have known that above the supreme true meaning divine seal, there is also the supreme divine seal."

"Know! The Supreme Divine Seal is extremely rare and generally only the Star Master can master it."

"That's right!", the spirit of inheritance continued,"There are many kinds of supreme divine seals, so there are rankings, and the causal divine seal ranks first.

Qin Feng suddenly became interested:"Senior, what about second place?""

"The second is the divine seal of destiny, the third is the divine seal of creation, and the fourth is the divine seal of heaven....."

The spirit of inheritance mentioned a dozen rankings in one go.

The Kaitian Divine Seal was only ranked ninth, and Wuji was ranked seventh.

"Senior, is there anything special about the Karma Seal? Why is it ranked first?", Qin Feng was full of curiosity

"My friend, you have been exposed to luck! You should know that only the fate of the Star Master remains after his death. If the luck does not dissipate, the spirit of inheritance will last forever. This star lord will have a successor"

"To put it bluntly, if you kill this star master, you will inevitably be retaliated by his successor in the future, and you will be haunted by grudges and grudges forever. Qin Feng frowned:"

So, killing the Star Lord is an extremely troublesome thing!""

"That's right!", the spirit of inheritance nodded, "Not only that, if you kill the star master, you will not get the treasures on him, nor will you get his inheritance, there is no benefit."

"how do I say this?", Qin Feng was curious.

He had never killed any Star Lord, so he naturally didn't understand.

The Spirit of Inheritance explained: "The Star Lord is different from other elemental masters. Many of their items are not placed in the storage ring, but in the holy world."

Holy Realm: It evolved from the universe and can only be possessed by the Star Lord.

For example, the Holy Realm of God is called Heaven, and the Holy Realm of the Demon Lord is called Hell.

The inheritance spirit continued to explain: "After the death of the Star Lord, their Holy Realm will Collapse, those fragments of the holy world are not restricted by space and are automatically scattered in every corner of the universe. Each fragment of the holy world is a seed of inheritance"

"Moreover, those inheritance seeds are covered by luck, making it difficult for enemies to find them. As long as one of the seeds gives birth to a successor, everything will come back to life."

Qin Feng suddenly realized.

He thought of the Ancestral Dragon inheritance he had obtained.

It seemed to be obtained in this way.

The inheritance spirit continued: "Of course, many of the Star Lord's items will also be scattered in various holy world fragments. Therefore, not only will there be no benefit from killing the Star Lord, but it will be entangled in the cause and effect, which will last forever!"

"The only way to kill the Star Lord without being retaliated and to get his benefits is to eliminate the cause and effect."

Hearing this, Qin Feng suddenly thought of Ye Tianzi.

Ye Tianzi's ancestor mastered the divine seal of destiny.

He did not hesitate to spend millions of years cultivating to change the fate of Ye Tianzi against the will of heaven. What he did was not to eliminate cause and effect. Well!

If Ye Tianzi is allowed to obtain the Ancestral Dragon inheritance, the Ancestral Dragon inheritor will become his disciple. Why should he worry about being retaliated against? What a pity!

His plan failed.

Thinking of this, Qin Feng asked: "Senior, this God of Karma Seal used to eliminate cause and effect?"

The spirit of inheritance nodded: "That's right! As long as you master the Seal of Karma, you can kill the Star Lord without sticking to Karma. If the Star Lord is killed, luck will automatically collapse"

"Their holy realm will automatically fall in front of you, and all items will be yours. Qin

Feng's eyes lit up: "So, the Karma Seal is a powerful weapon to kill the Star Lord!"

"indeed so! If you master the Divine Seal of Cause and Effect, any Star Lord will be afraid of you and dare not take the initiative to provoke you. However, the Divine Seal of Cause and Effect is too difficult to cultivate. So far, no one has been able to successfully cultivate it!"

"Therefore, in this universe, war between star masters is not easy. Even if there is a war, they will not kill easily. Everyone will turn their big enemies into small ones and small enemies into small ones."

The spirit of inheritance sighed.

Qin Feng asked curiously: "Senior, is it extremely difficult to comprehend the divine seal of cause and effect, so no one has ever succeeded in comprehending it?"

The spirit of inheritance smiled bitterly: "The difficulty is naturally not small! But the biggest difficulty in understanding the divine seal of cause and effect is sacrifice!"

"sacrifice?"

"See for yourself!"

The spirit of inheritance threw out a jade talisman, and what was recorded in it was the way to understand the divine seal of cause and effect.

Qin Feng took it and took a look, and suddenly realized.

This divine seal of cause and effect is condensed from the true meaning of sacrifice and the true meaning of retribution.

Both of them are It is the supreme true meaning.

The true meaning of retribution is extremely deceitful and can kill people invisible.

When you practice it to the extreme, killing people is like a curse, and you can curse them to death by chanting its name.

This true meaning is very popular, but it is extremely difficult to comprehend. That is, you must be a person with super strong soul power to practice.

In fact, the difficulty of the true meaning of retribution is reasonable.

Because the true meaning of sacrifice is too difficult to practice, it is almost impossible to practice successfully.

It requires that the practitioner must be an emperor or above.

The first step of practice, It means to sacrifice all your cultivation and become an ordinary person.

Then you can comprehend the true meaning of the sacrifice step by step. Until you condense the divine seal of the true meaning of the sacrifice, you can practice as an elemental master again.

This is an extremely long process.

It requires a lot of effort. Only with great perseverance can it be done.

Even if you have perseverance, you may not be able to condense it successfully.

The first point is that after becoming an ordinary person, there is a lifespan limit.

No one can be sure to condense the true meaning of the cause of sacrifice before the end of his lifespan. Divine Seal.

Secondly, the true meaning of the sacrifice does not have any offensive and defensive effect.

After comprehending the true meaning of the sacrifice, it will be more difficult to comprehend the true meaning of the retribution. In other words, as long as you comprehend the true meaning of the sacrifice, it is almost impossible. You may have realized the true meaning of retribution.

But if you don't realize the true meaning of retribution, the divine seal of karma will not be successful.

Of course, if you don't realize the true meaning of karma sacrifice, but directly realize the true meaning of retribution, the difficulty will be much easier.

But if you do that, you will spend your whole life. I can no longer understand the true meaning of the cause of sacrifice.

Because of these reasons, no one in the universe has been able to master the divine seal of cause and effect.

Qin Feng was happy after reading it.

These questions are all huge problems for other people..

It is not a problem at all for him!

He has five pole stars.

There is no candidate for the star master of the middle pole star yet.

He can find Yue'er to be the star master of the middle pole star, and then let Yue'er realize the true meaning of the sacrifice.

Otherwise In addition, the time flow rate of the small universe is 60 times that of the outside world.

However, the lifespan of the outside world entering the small universe is arranged according to the external time.

In other words, if Yue'er sacrifices her cultivation and becomes an ordinary person, her lifespan is 100 Years old.

In her own small universe, she can spend 6,000 years.

Could it be that 6,000 years still cannot condense the divine seal of the true meaning of the sacrifice?

What's more, Yue'er's understanding is very good, and she will definitely be able to condense the divine seal of the true meaning of the sacrifice.

And he You can directly perceive the divine seal of the true meaning of retribution.

When the two people realize the true meaning and merge directly, they can obtain the divine seal of causality.

This is the difference between Qin Feng and other star masters.

He has a small universe and five pole stars, so he can find another way.

At the moment, Qin Feng calmly put away the jade talisman.

The method of realizing the true meaning was recorded in it.

"My friend, have you finished reading?"

"Um!"

"Have you already seen how difficult it is to understand the true meaning of cause and effect?"

"It is indeed difficult!", Qin Feng couldn't help but think.

In fact, he didn't think it was difficult.

Of course, he was too lazy to say this to avoid the trouble of explaining it.

"OK! Everything has been explained. It's up to you how you choose in the future! The re-emergence of the Five Spirit Clan depends on you!"

"Senior, I will definitely revitalize the Five Spirit Clan and take revenge on the Five Spirit Clan!"

"good! good! Heaven will never destroy my five spirits! If I can get a successor like you before my remaining spirit dissipates, I will die without regrets!"

The spirit of inheritance nodded happily.

"OK! Qin Feng, you can take care of yourself, it's time for me to leave!"

"uncle!" Zixing suddenly felt a little sad.

The spirit of inheritance looked at her with a smile: "Xing'er, help Qin Feng!"

As soon as the words fell, the spirit of inheritance automatically collapsed and turned into dots of starlight, dissipating in the air.

The entire land of inheritance trembled, and the space became unstable.

The last voice of the spirit of inheritance echoed in the sky

"Let me send you out!"

The next second, Qin Feng and Zi Xing turned into white light and disappeared.

At the same time, Tianfu Star was near the Ziyun Sea.

Hundreds of thousands of elemental masters were watching and waiting.

They were waiting for the Ziyun Secret Realm to end.

They were all The loser who visited the secret realm this time.

Of course, there are also the spies of various forces, including the Lord.

There are even Star Lords snooping in secret.

They all want to know, and finally become the inheritors of the Lord of Qilin.

This is a very big deal. A sensitive position.

Even the Lord of Tianfu Star has been secretly snooping.

Of course, the enemies of the Five Spirit Clan are also secretly observing.

The atmosphere of the scene is very hot.

There are constant discussions.

But at this moment, the entire sea of purple clouds is violently tumbling. When he got up, tens of thousands of waves rose into the sky, and the earth was shaking.

Countless emperors and great emperors were shocked.

One by one, they looked at the purple cloud sea.

The spiritual thoughts of the masters and star masters hidden in the dark also scanned over.

Boom~! Long~! Long~!

I saw a series of shaking and muffled sounds.

The entire sea of purple clouds emitted a dazzling white light!

People were blinded by the spiritual light, and they closed their eyes one by one.

Swish~!

A strange sound!

The white light gradually Dispersed.

Everything reappeared before people's eyes.

But the next moment, everyone was dumbfounded.

The boundless seawater in front of them disappeared, leaving only a dry seabed.

The seabed was full of broken temples and ancient battlefields. Relics.

This is the original appearance of Ziyun Secret Realm!

"The sea of purple clouds has disappeared! The inheritance of the Lord of Qilin has been obtained!"

"yes! By the way, who got the inheritance of the Lord of Qilin?"

"Uh...I don't know!"

At this time, countless emperors, great emperors, and god emperors in the field were dumbfounded.

They did not sense the breath of living people from the Ziyun ruins.

At the same time, various exchanges sounded in the starry sky

"strangeness! Did Ancestor Wutian fail?"

"I haven't seen anyone from my Heavenly Clan come out alive, and I can't contact them either!"

"No one from my Demon Realm saw it either!"

"Then who gets the inheritance?"

One after another doubtful figures were wandering over the Ziyun Sea.

The distant Tianfu City.

The Lord of Tianfu Star also looked in the direction of the Ziyun Sea with a smile on his lips.

This Qilin Lord was very interesting. In the end, he played a trick and let all the enemies find him.

He is protecting his successor.

For a moment, Lord Tianfu breathed a sigh of relief.

After tens of billions of years, he has fulfilled his promise.

Over the years, he has been protecting Ziyun In the secret realm, other star masters are not allowed to interfere, just to repay the kindness of the Lord of Qilin.

Now, the cause and effect is over, and the grudges are cleared.

He is in a good mood, and his state of mind has actually improved.

This cause and effect has a great impact on high-level elemental masters. Ah!

Whoever can get rid of cause and effect will achieve the highest achievement.

The Lord of Tianfu Star sighed!

But at this moment, the heaven and earth changed.

A phoenix roar, a tiger roar, and a turtle roar came from the depths of the universe, transcending the limitations of time and space. , making billions of galaxies dim.....

Countless creatures were horrified.

Those three sounds were like the low moans of gods, which actually made everyone want to worship.

Star Lord Tianfu's expression changed drastically.

He looked in the direction of the source of the three sounds with a complicated expression.

After a long time, he sighed:"The catastrophe is about to happen!"..

Chapter 560

At the same time, in every corner of the universe, many powerful powers were projected from the hermitage.

Some are billions of feet tall, some have lowered their wings and are even bigger than the Milky Way, and some have emerged directly from the black hole...

All the great powers looked in the direction of the shouts, with complex expressions on their faces, some were terrified, and some were frowning. , what is even more worrying... that is the Yuanfeng Remnant Spirit, the White Tiger Remnant Spirit, and the Xuanwu Remnant Spirit have awakened.  
.....

It seems that the inheritors of Ancestral Dragon and Qilin have appeared one after another, and the other three spirits have also awakened, and their fortunes have been connected.....

The universe is going to be in catastrophe again!.....

On the other side, the distant dusk star field.

Within the temple.

The man in green shirt stared in astonishment at the place where the phoenix roared, the tiger roared and the turtle roared.

The Dusk Master on the side did not dare to disturb.

Hey~!

After a long time, a long sigh!

The man in green shirt shook his head slightly

"Master, what's wrong?", the Lord of Dusk asked carefully.

The man in blue shirt smiled bitterly: "Xiangmeng failed, and the successor of the Lord of Qilin was born...."

"Wha...what?! This is impossible, right?! The achievement of Xiang Meng is the half-step star master's cultivation level! Even if he had just recovered, he still had the strength of a low-grade master, so how could he fail?"

The Dusk Lord found it difficult to accept this fact.

He also expected Xiang Meng to help his son avenge him!

The man in green shirt gave him a faint look. He was too lazy to explain~!

The Dusk Lord begged: "Master, you must find a way to help Ye Take revenge! I suspect that Ye'er was most likely killed by the successor of the Lord of Qilin! The man in green shirt smiled coldly: "There is the ancestral dragon in front, the unicorn behind, and now Yuanfeng, white tiger, and Xuanwu are singing together!" This is an imminent catastrophe that cannot be shaken by my alone! You'd better take care of yourself!"

As soon as he finished speaking, the man in green shirt took a step and disappeared without a trace.

"Master....Master! Master!...."

The Lord of Dusk shouted several times into the void, but there was no response.

He suddenly felt abandoned by his master.

Master actually didn't help him take revenge!

Could it be that once Ye'er died, he would lose his use value?

This thought made him feel sad. no!

Since the master is unwilling to take action, he will do it himself.

He must avenge Ye'er!

At this moment, he had been swallowed up by hatred and had forgotten the reminder of the man in green shirt.....

At the same time, near the Tianfu Star Territory.

On a deserted planet, two figures, a man and a woman, appeared.

The man is wearing a long white gown and is extremely handsome.

The woman's purple dress is graceful and beautiful.

These two people are Qin Feng and Zixing.

They were transported here by the spirit of inheritance.

In this way, they avoided the detection of some interested people.

At this moment, both of them looked at the depths of the universe in shock.

Just now, they also sensed the calls of Yuanfeng, Baihu, and Xuanwu.

Especially Qin Feng, even his soul trembled, and the huge shadows of Yuan Feng, White Tiger, and Xuanwu appeared in his mind.

Are these three the Lords of the Three Spirits?

Are they calling me?

Qin Feng was stunned

"Could it be the remnants of those three seniors who were shouting? Are they all awake?"

Zi Xing whispered.

"Are you talking about those three?", Qin Feng asked

"Senior Yuanfeng, as well as the Lord of White Tiger and Lord of Xuanwu!"

"How did you know it was the three of them?"

"The direction of that sound seems to be coming from the Chaotic Star Field! Besides, I have heard the voices of these three seniors in my previous life, so I am naturally familiar with them."

Qin Feng nodded slightly.

Is that really the case!

Could it be that he had obtained the inheritance of the Ancestral Dragon and the Lord of Qilin successively, and activated the remnants of these three high-grade star masters?

Just after this thought came up, the system sounded in Qin Feng's mind tips

"Ding! Congratulations to the host, the supreme god level mission has been activated!"

"Mission content: Obtain the inheritance of the Ancestral Dragon, the inheritance of Yuan Feng, the inheritance of the Lord of Qilin, the inheritance of the Lord of White Tiger, the inheritance of the

Lord of Xuanwu, and integrate the inheritance of the Lord of the Five Spirits into one. Once the mission is completed, there will be extremely generous rewards....."

Qin Feng's eyes lit up and he was a little surprised.

He originally had this idea.

If the inheritance of the five spiritual masters were combined into one, his achievements would definitely be extremely terrifying, which would greatly help him become a god-level elemental master.

Unexpectedly, the system also specifically gave this task.

That's an added bonus.

The reward this time should be extremely generous, because it is of the supreme god level.

Qin Feng suddenly had an idea.

He has done god-level missions, and also done super-god-level missions.

Now that the Supreme God level has appeared, will there be a Supreme God level in the future?

"Qin Feng, I'm afraid that the universe is going to be catastrophic!", Zixing interrupted Qin Feng's random thoughts.

"How to say? By the way, what happened to the chaotic star field you just mentioned?"

Zixing explained:"Let me tell you this, the Chaos Star Territory is located at the intersection of the Star Alliance, Demon Territory, Sky Territory, Ancient Territory, and scattered alliance forces. The area of that star field is extremely large, about one-tenth the size of our Star Alliance territory."

Qin Feng was shocked.

He knew that Zixing said that the Star Alliance is the abbreviation of the Star Territory Alliance.

The San Alliance is an alliance of small and medium-sized forces.

The Starry Sky Clan is one of the members of the San Alliance.

This Chaos Star Territory is located between the five major forces. I'm afraid it's not a coincidence.

Moreover, its area is one-tenth that of the Star Alliance, which is terrifyingly huge.

At this time, Purple Star's voice sounded again

"In fact, the Chaotic Star Territory was the largest battlefield in ancient times. Five high-ranking star masters died in it, more than twenty middle- and low-ranking star masters died, and even more masters died. That was also the battle that destroyed our Five Spirits clan!"

Zixing said this with a look of sadness on his face.

Qin Feng suddenly understood.

It turns out that the Chaotic Star Territory is the place where the ancient catastrophe was fought.

"Back then, Senior Zulong was assassinated first, and then our Qilin clan was wiped out, with only a few people escaping."

"Senior Yuanfeng led the Shenfeng, White Tiger, and Xuanwu clans, as well as the remnant army of the Dragon clan and the remnant Qilin army, and fought a great battle with the Demonic Domain, the Heavenly Domain, and the Ancient Domain in the Chaotic Star Territory."

"That scene was extremely tragic, and the entire Wuling clan was almost wiped out. The Demon Realm, Heavenly Realm, and Ancient Realm were also severely damaged. It can be said that both sides suffer losses, but our Five Spirit Clan is more miserable."

"In that battle, dozens of star masters fell. The energy of that star field was extremely chaotic. Even if the Great Emperor entered, he would be crushed into dregs by the energy. At least the god emperor must enter to protect himself, so it is called the chaotic star field."

"But not long after, the fate of the dozens of Star Lords who died in the Chaotic Star Territory automatically connected together, forming an extremely huge barrier outside the Star Territory."

"This kind of barrier composed of luck and the power of heaven and earth is extremely powerful, and even high-level star masters cannot enter it."

"From then on, the Chaotic Star Field became a completely closed star field, and no one could enter."

"Now that nearly ten billion years have passed, there should be countless treasures of all kinds. Of course, these are all speculations, and no one can enter after all."

"There's just been a rumor. When Yuan Feng, the Lord of White Tiger, and the Lord of Xuanwu wake up, it will be the time when the Chaos Star Territory enchantment is opened."

"At that time, the successors of the three predecessors will also appear. When all the successors of the Lord of Five Spirits appear, a new cosmic catastrophe will arrive."

Speaking of this, Zixing took a deep look at Qin Feng.

This guy has the inheritance of two spirits.

Qin Feng suddenly became worried.

"Sister Zixing, do you have a star map of the Chaotic Star Territory?"

"how? Do you want to go now?"

"yes! This chaotic star field is going to be opened, so naturally the sooner the better!"

Qin Feng is worried that the inheritance of Yuan Feng, White Tiger Lord, and Xuanwu Lord will be robbed.

If any of these three inheritances are lost, his mission will not be completed.

Zixing smiled: "Don't worry! When the remaining spirits of the three seniors wake up, reasonable arrangements will naturally be made. It's just a sign at the moment. When the Chaotic Star Field really opens, it will only be a year and a half later, or even a few decades later."

"What we have to do now is wait for the news and make all preparations. This time, the Demon Realm, the Ancient Realm, and the Heavenly Realm will definitely go all out. There is also their inheritance there"

"What's more, the prophecy of the rebirth of the Five Spirits is not good for them. They would never allow the successors of the three seniors Yuan Feng to appear."

Qin Feng breathed a sigh of relief: "So, the time is not as tight as imagined. Then we will wait and see what happens. Take advantage of this time to digest the recent gains."

"This is right!", Zixing smiled.

Then, she looked in the direction of Tianfu Star again, with a complicated mood.

Just now, the main body was calling, and it was time for her to go back.

But she was reluctant to leave Qin Feng

"Qin Feng, I'm going back!" Zixing suddenly turned back.

Qin Feng was stunned: "You won't follow me?"

Zixing looked at him with a complicated expression: "Go to Demon City to find the Master of Demon City. She will tell you some things....."

Zi Xing sighed softly and looked at Tianfu Xing again.

One of her hands has quietly pressed to the seal on her chest.

The seal cut off the connection between her and the main body.

Therefore, the main body has no idea what happened to her in the Ziyun Secret Realm.

But without cutting it off, she wouldn't be able to enter the secret realm.

After all, she is an incarnation outside the body. If it is not cut off, the secret realm will sense her true existence and become the dominant force, prohibiting her from entering.

Only by completely cutting off the connection with the main body would the secret realm misjudge and let her in.

Simply put, this is cheating.

In fact, Patriarch Wutian used the same method as her.

The next second, Zi Xing's whole body flashed with inspiration, and the seal was lifted.

She is instantly connected to the main body and information is shared.

At the same time, Tianmo City.

In the city lord's palace, there is a luxuriously decorated room.

The Demon Lord is sitting comfortably on the sofa, sipping delicious spiritual wine.

She is in a great mood now!

I just got the news that Ziyun Secret Realm is over.

Although she couldn't contact her external avatar, she could somehow sense that her external avatar was still alive.

This shows that my harvest is good!

The Demon Lord shook the crystal wine glass gracefully.

But at this moment, Purple Star lifted the seal.

In an instant, the two people shared information!

Dang~!

The crystal clear wine glass fell!

The fragrant spiritual wine was scattered all over the floor!

The devil's master's pretty face turned red instantly.

Damn it~!

"What a shame! What a shame! My incarnation was actually given to me by that guy....."

"Ouch~! How will I meet him in the future?"

The Lord of Demonic Heaven covered his face with his hands, feeling extremely embarrassed.

But the scene of those seven days and seven nights was too profound.

He had been reincarnated countless times!

That kind of experience and feeling that he had never had before was really... so exciting!

She was like It's like I'm going into battle in person!

Damn~!

Is this my mother being ruined like this?

The Lord of the Devil is a little confused..
