

God level 561

Chapter 561

Speaking of which, isn't that guy's capital too extraordinary?!

The Demon Lord slapped his head.

What are you thinking about?

How embarrassing!

For a moment, she felt extremely complicated.

In fact, she and the Avatar are of the same mind.

If it were her own body, she would have made the same choice in that situation.

But after calming down, she felt a little unreal, and she couldn't help but feel weird in her heart.....

At the same time, on that deserted planet.

Qin Feng looked at Zi Xing's back silently.

At this moment, Purple Star became quiet.

That beautiful figure looked lonely in the wind.

Qin Feng looked pitifully, walked over silently, and gently held her slender waist.

Zixing turned around, with a complicated expression in her beautiful eyes.

At this moment, she resonated with her body's emotions and had undergone some changes..

Qin Feng didn't know it, but he held her gently in his arms so that she no longer felt lonely.

Zi Xing hesitated for a moment, then gently broke away.

Qin Feng was stunned for a moment and looked up.

At this moment, he felt that Purple Star was different from before, and even the power of the contract between the two had faded.

How is this going?

Zixing looked at Qin Feng nervously, as if afraid that he would be angry.

At this moment, she was actually worried about gains and losses.

"What's wrong?",Qin Feng asked softly

"I....", Zi Xing hesitated.

"I want to go back....", she said weakly

"I know..."

"Can you go to Tianmo City to find me?"Zixing's tone actually sounded like a request.

"good!"

"Then I'll wait for you in Tianmo City!"

Zixing pursed her lips slightly, with a smile that was very sweet.

She seemed very happy that he would agree.

The next second, she teleported and disappeared.

Qin Feng could feel the direction of the space fluctuations, which was heading towards Tianfu Star.

"How strange!"

Qin Feng was thoughtful.

He could feel changes in Zixing, but he couldn't tell what they were.

"never mind! When you get to Demonic City, you will find out what the Demonic Lord is."

Qin Feng murmured and looked towards the Chaotic Star Field from a distance.

The Chaotic Star Field will be opened soon.

By then, the entire universe, large and small, will participate, including many star masters.

He should find a way, You should realize the Divine Seal of Cause and Effect as soon as possible.

But if you want to realize the Divine Seal of Cause and Effect, you need to ask Yue'er for help.

It will take at least a month to rush back to Earth from Tianfu Planet.....

Qin Feng was a little worried. The journey was too time-consuming.

He also didn't know how well the starry sky teleportation array on Earth was built.

Thinking of this, Qin Feng disappeared in place as soon as his thoughts moved.....

At the same time, Tianmo City.

The Demon Lord touched his forehead with a depressed look on his face.

Why did she talk to Qin Feng like that just now? She seemed worried that Qin Feng would be angry, and also afraid that Qin Feng wouldn't come to see her.

When did I become so concerned?

She now shares feelings with Purple Star.

What Zixing said just now was also what she meant.

But after saying it, she regretted it.

She didn't even know why.

Inexplicably upset.....

At the same time, to the east of the Universe Scattered Domain Alliance.

This is the sphere of influence of the Starry Sky Clan.

At this moment, in the Aries Palace Temple.

The Aries Palace Master sat on the futon with a confused look on his face.

He just got the news that Ziyun Secret Realm was over.

He quickly sensed his external incarnation - Ancestor Wutian, only to find that the incarnation had fallen.

This time, he was dumbfounded.

The death of the incarnation means the loss of ten thousand years of hard work, but how to explain to the star master if the starry sky armor is lost?

That's the Dominator-level Yuanwu!

The Lord of Aries wants to cry but has no tears.

But at this moment, he sent word that there was movement in the jade talisman.

He quickly took it out and looked at it, and his face turned pale.

Damn it~!

Whatever you are afraid of will come!

The Aries Palace Master put away the jade talisman with a bitter look on his face and left the secret practice room.....

At this moment, there was movement from all corners of the universe and from all forces.

Star Lord Tianfu received the call from Star Lord Ziwei.

The five star masters of the Star Alliance gathered together to discuss the changes in the Chaotic Star Territory.

At the same time, in the Demon Realm, the Demon Lord also summoned the major star masters and held an emergency meeting.

In the heavenly realm, God also held a meeting.

In the ancient domain, the ancient master also summoned all the star masters.

For a time, the entire universe held a discussion regarding the chaotic star field.

There are undercurrents from all sides.

The atmosphere in the entire starry sky and universe gradually became tense.....

On the other side, Qin Feng returned to the small universe after sending away Zixing.

As soon as he returned to Zhongji Star, he saw several people from Chu Chu surrounding a woman, chatting excitedly there.

"Moon!"

Qin Feng was stunned.

Isn't Yue'er on the earth?

Why did she come to her own small universe?

"Brother, are you surprised? Surprised or not?", Chu Chu looked proud.

"Qin Feng!", Emperor Feng looked at him infatuatedly.

The two hadn't seen each other for a long time.

She had been thinking about it day and night.

Qin Feng was also so happy that he couldn't speak.

He had previously thought about whether to return to the earth and see Yue'er. Take it.

He didn't expect to see it so soon.

If the two of them didn't have a telepathic connection and knew that the person opposite was a real person, he would have thought he was dazzled.

"Yue'er, how did you get in?"

"Dad, Aunt Yue'er fell from the tree!"

Qin Baobao said innocently.

Qin Feng was a little confused after hearing this.

Pfft~!

Yu Qilin couldn't help but smile.

Emperor Feng also smiled.

She has always been cold and dignified, but she was amused by Qin Baobao.

"Qin Feng, the baby is right, I crawled along Jianmu, but I didn't pay attention at first and almost fell. Qin Feng, did you plant these building trees? When did you plant one on earth?"

This made everyone confused.

Qin Feng said in surprise: "You mean, there is also such a sacred tree on earth."

"yes? you do not know?"

"It's really not clear! Please tell me specifically!"

At that moment, Emperor Feng told what happened on the earth.

Emperor Feng really climbed up along the sacred tree.

After hearing this, everyone was greatly surprised.

Even the experienced Yu Qilin was amazed.

Qin Feng became interested and looked towards the top of the tree.

The crown of the tree was shrouded in clouds and mist, making it difficult to see the specific situation.

"Walk! Let's go up and have a look!"

Qin Feng took one step in the air and flew to the tree crown.

Everyone followed him.

After a while, everyone arrived at the tree crown.

They saw that the tree crown was full of clouds and mist.

Above the clouds and mist was a transparent barrier, like water.

Barrier There is also a tree crown outside, and its appearance is exactly the same as the tree crown under everyone's feet.

When he blinked, he thought it was a reflection in the water. Qin Feng easily broke through the barrier with one step.

The next second, he was above the earth..

Chapter 562

Qin Feng easily broke through the barrier with one step.

The next second, he was above the earth.

It just becomes an inverted position with the head down and the feet up.

He quickly took control and came over.

In this state, if one is not careful, it will fall down.

Later, Chu Chu and others also followed.

"OMG! Brother, we are back on earth!"

"Dad, below is Nandu City! Wow! We are back home!"

Chu Chu and Bao Bao were extremely excited.

The jade unicorn on the side was smacking his lips.

Qin Feng smiled slightly and glanced downward through the clouds.

He saw tens of thousands of people gathered below.

Everyone raised their heads and looked up at the tree crown.

But the tree crown was not clear. The clouds and mist covered them. They couldn't see Qin Feng and others.

But Qin Feng could see them clearly.

He saw Luo Li, Nishan, White Tiger Emperor and others in the crowd at a glance.

Obviously, those were not ordinary clouds and mist.

Qin Feng's spiritual thoughts unfolded.

In just a moment, he scanned the entire earth, showing a look of relief.

During his absence, Emperor Feng managed the earth in an orderly manner, and everything developed in an orderly manner.

The entire earth was It is a state of prosperity, and at the same time it is shrouded by luck.

This luck is brought by the sacred tree under its feet.

With the protection of luck, the earth already has a foundation.

Not bad! Not bad!

Qin Feng nodded with satisfaction

"Dad, I want to go home and play!", the baby can't wait.

She was born on the earth and has already regarded this place as her hometown.

Seeing the familiar things in front of her, she feels more friendly.

Naturally, so does Chu Chu

"Not urgent! Let's go back to the small universe first!"

Qin Feng waved.

In the blink of an eye, everyone returned to the Zhongji Star.

From the beginning to the end, people on the earth only saw clouds in the sky, but did not see Qin Feng and others.

"Dad, why don't you let me go home and play?"The baby was acting coquettishly while holding Qin Feng's legs.

Qin Feng smiled:"Now the earth is developing very well, and there is no danger. There is no rush. We have something important to do now. I'm afraid that all the forces in the universe have begun to prepare....."

At that moment, Qin Feng told what happened in the Chaotic Star Territory.

After everyone heard this, they were all extremely surprised.

Qin Feng continued:"I still don't know when this chaotic star field started. However, we can't just wait for the news, it's time to take action, lest everyone be caught off guard when needed."

"None of your inheritances have been fully awakened. My suggestion is that you return to Earth after you have completely awakened your inheritance. At that time, you can play however you want"

"Otherwise, if you return to Earth one day late, you will have wasted two months of cultivation time here."

Everyone suddenly realized.

One day in the outside world is two months here.

Now that all cosmic forces are actively preparing for war, naturally they cannot be idle and must improve their strength as soon as possible.

"dad! That baby went into seclusion!", Qin Baobao volunteered.

The little guy just wanted to play early, so he couldn't wait to finish integrating the inheritance.

Qin Feng smiled slightly:"Go!"

He was just worried that the baby wouldn't be able to control himself and would be playful when he returned to Earth.

After the baby left, Bai Qi and Chu Chu also took the initiative to invite him to retreat.

Only Qin Feng, Yu Qilin, and Feng Di were left in the room.

At this moment , Qin Feng looked at the sacred tree and said happily:"With this sacred tree, I don't have to worry about the safety of the earth in the future. As long as something happens to the earth, I can rush back from any corner of the universe!"

Feng Di and Yu Qilin looked at each other and smiled, and they both looked happy.

No matter what happens now, they will always have their own territory in the future.

This earth will be their base camp from now on.

"Yue'er, please send a message to Luo Li and see if they can accept it?"

"good!"

Fengdi took out the communication talisman and sent a message.

A moment later, she received a reply from Luo Li.

Seeing this, Qin Feng was overjoyed, and another huge stone fell in his heart.

"It seems that the birth of this sacred tree has created a connection between my small universe and the earth. This kind of connection is not limited by time and space! How wonderful!"

Qin Feng was filled with admiration.

Yu Qilin smiled and said: "Qin Feng, can you understand it this way? The top of this sacred tree is like a space-time node, linking your small universe with the outside big universe."

"In a sense, your small universe and the outside big universe are equal existences, so they are not limited by time and space distance."

"If the connection between your universe and the earth is limited by time and space, it means that your universe only exists in a different space in this world."

This is a bit profound, but when Qin Feng thought about it, it made sense.

Emperor Feng said curiously: "Qin Feng, don't you think this sacred tree is very similar to the legendary Jianmu? It should be Jianmu!"

Qin Feng nodded slightly: "It does look a bit like it! There are some rumors that Jianmu can lead to other cosmic worlds, and some rumors are that it can lead to the fairy world... If you think about it carefully, this tree has the same function."

Yu Qilin looked strange and said: "Where did you hear that Jianmu legend?"

Qin Feng said casually: "Ancient myths on our earth. What's wrong?"

Yu Qilin was surprised: "This is wrong! Jianmu, this universe has existed for a long time, and there is only one tree, which exists in the ancient domain."

"But generally only the master can know about the existence of Jianmu. How do you earthlings know? It stands to reason that your earth has only started practicing cultivation not long ago. How do you know such secret things?"

Qin Feng was also curious:"It's really strange for you to say that." Logically speaking, humans on earth should have no chance to know."

Yu Qilin also sighed:"Yes! The formation of your earth is only 4.6 billion years ago, but the appearance of trees has been hundreds of billions of years!"

Qin Feng was shocked:"Hundreds of billions of years?" Where did that ancient tribe come from?"

Yu Qilin said:"They claim to be the first primitive inhabitants of this universe, so they call themselves the ancient tribe. The most primitive center of the universe was not inOn the five polar stars today, but in the ancient domain"

"In short, this race is very strange and powerful, but even more exclusive. They will not cultivate their people outside the ancient realm."

"You people on earth should not be their descendants, but it is indeed strange that the legend of Jianmu spreads out on your earth. There may be some secret hidden in this!"

Qin Feng thought for a while, but couldn't think of a reason, so he didn't bother to think about it anymore.

Afterwards, the three of them chatted for a while, and Yu Qilin also went to retreat.

Qin was the only one left in the field. Feng He Feng Emperor

"Yue'er, I want to practice a secret technique with you. I wonder if you are willing?"

"I am willing!" Emperor Feng agreed without thinking.

She is now a married woman.

Qin Feng smiled:"You agreed too quickly, I haven't said the specific content yet. To practice this secret technique, you must first sacrifice all your cultivation skills. Emperor Feng said unconcernedly:"Come and listen, as long as I can help you, Yue'er will definitely be willing.""

Qin Feng glanced at Emperor Feng gratefully and told him about the divine seal of cause and effect.

Not only did Emperor Feng readily agree, he was also very excited.

In her opinion, this was also a great opportunity for her.

At the moment, Feng Emperor The emperor said:"Qin Feng, then I want to go back to Earth to make arrangements and let Nishan manage the Earth for me. After the arrangements are made, I will come in and retreat."

"good! Take this!"

Qin Feng threw over a storage ring.

"There are two Jade Qing Qi and one Superior Qing Qi in this ring, which should be able to upgrade your qualifications to mid-level domination potential."

"It also contains the secret technique of refining the pole star, as well as the method of cultivating the true meaning of sacrifice."

"You first improve your qualifications, then refine the Zhongji Star to become the Star Master, and then practice your true meaning. Don't get the order wrong!"

Emperor Feng was overjoyed:"I know!" Qin Feng, thank you!"

Fengdi took the storage ring and rushed to the earth.

After giving these instructions, Qin Feng went to retreat.

This time, he summoned the phantom clone and understood the true meaning of retribution at the same time, doubling the efficiency.

The phantom clone also has the same capabilities. Ability to comprehend.

After Emperor Feng went to the earth, he quickly returned to the small universe and began to enter seclusion.

Everything was soon on the right track..

Chapter 563

Time flies!

In the blink of an eye, twenty days passed by the outside world.

The secret realm of Ziyun has disappeared, and the successor of the Lord of Qilin is unknown.

This is shocking.

But the changes in the chaotic star field diverted people's attention.

Gradually, people no longer pay attention to the inheritance of the Lord of Qilin, and everyone focuses on the Chaos Star Territory.

All forces, big and small, have also taken action.....

At this moment, Tianmo City, the meeting hall of the city lord's mansion.

The Demon Lord held an emergency meeting.

In the main hall, the Lord of Demonic Heaven sat on the throne.

A group of elders stood below.

After the battle in Ziyun Secret Realm, apart from the death of Elder Xiu, Elder Xing and Elder Cang were eliminated very early.

Now there are only four elders left in Tianmo City.

The deputy city lord, Emperor Yingtian, has not yet come out of seclusion.

At this moment, Elder Rui looked respectfully at the Demon Lord

"Lord City Lord, you called everyone here, why? The Lord of Demonic Heaven raised his head slightly:"

This city lord has just received an order from above. As long as each city has the strength of a god emperor or above and belongs to the Tianfu Star mechanism, no matter what their status is, they are eligible to go to Tianfu City to participate in the selection!" Time, one month later!"

"Selection?"

Several elders looked at each other.

Immediately, Elder Rui asked curiously:"City Lord, what is the selection?"

"Of course, pick the best!", the Lord of Demon Heaven glanced at him lazily,"It should be related to the Chaos Star Territory. The specific content is not mentioned above!

Elder Rui's eyes lit up:"Yes!" The chaotic star field is full of chaotic energy, and only those with strength above the God Emperor can survive. This is probably why the higher-ups issued this kind of selection."

"Huh! City Lord, is the Chaos Star Territory really going to be opened to the outside world as rumored by the outside world?

The Demonic Lord shook his head slightly:"I don't know!" There is no specific news yet. If it really starts this time, all the forces in the universe will intervene, and it will definitely be tragic!"

These words made several elders take a deep breath and look at each other.

"OK! The city lord summoned you here to make an announcement. Let those God-Emperors who are willing to participate in the selection report to the City Lord's Mansion. The premise is that you must sign a contract with our Heavenly Demon City and belong to our Heavenly Demon City....."

"yes!"

All the elders agreed in unison.

They knew that this involved the political achievements of Demon City.

Naturally, the Lord of Demon City hopes that the more God Emperor players under his command, the better.

"In addition, Ben is a member of our Tianmo City organization. There is no need to sign any contract, just come and report voluntarily!"

"I'll understand!"

"Finally, you mark it on the announcement. The outstanding candidates selected this time will receive extremely generous rewards from Tianfu Star, as well as key training!"

This sentence is the key!

The elders' eyes shone one after another.

They were all moved.

Since there are extremely generous rewards and the opportunity to be trained in key areas, why don't they participate?

"Get out of here! Elder Rui stays!"

"yes!"

The elders left in response.

Only Elder Rui was left in the field.

After the elders left, the Lord of Demonic Heaven looked at Elder Rui and asked with concern: "Elder Rui, hasn't Emperor Qin come back to report?"

Elder Rui smiled bitterly: "Back to the city lord, not yet!" I have arranged dedicated staff at the Earth station. As soon as he comes back, the staff will bring him to see you!"

"oh!", Lord Demonic Sky was slightly disappointed.

Elder Rui was also puzzled.

In the past twenty days, the city lord has asked about Emperor Qin once a day.

Why does the city lord care so much about Emperor Qin?

"I see! Get out of here!"

"yes!"

After Elder Rui left, the Demonic Lord stared at the door blankly.

It's been twenty days!

That guy promised to come to him.

Why hasn't he come yet?

Did he forget about him?

The Demonic Lord asked inexplicably. perturbed.....

At the same time, in Qin Feng's small universe.

Twenty days have passed outside.

Three years have passed here.

A lot has happened in these three years.

The inheritance fusion of Chu Chu, Bao Bao, and Bai Qi has reached more than 99%, and they have all entered the final complete awakening.

Yu Qilin has made the fastest progress and was completely integrated as early as two years ago.

Now she has broken through to a low-level master, and her combat power has reached 1.5 million trillion.

According to this progress, she will soon be able to return to the level of her previous life.

This made Qin Feng happy.

Yu Qilin's strength has greatly improved, and the combination of Xingji will bring more combat power, which is equivalent to his strength also greatly improved.

In fact, Qin Feng has made considerable progress in the past three years.

He has successfully condensed the divine seal of the true meaning of retribution, and his combat power has been increased to 3.2 million trillion.

In addition, he also learned several secret techniques related to the true meaning of retribution.

The one who pleased him the most was Emperor Feng.

After Emperor Feng refined the Qi of Yuqing and the Qi of Supernatant, his cultivation qualifications were upgraded to the qualifications of a mid-level master.

Later, she refined the Zhongji Star, became the Lord of the Zhongji Star, and began to practice the true meaning of Yinji.

Unexpectedly, her cultivation of this true meaning was particularly smooth.

Maybe this has something to do with her state of mind.

She offered sacrifices for Qin Feng wholeheartedly, and this mentality coincided with the way of sacrifice.

In addition, she has a very good understanding!

Coupled with the fact that the small universe is shrouded in luck, the environment is particularly suitable for practicing and comprehending secret arts.

The time is right, the place is right, and everyone is right!

Therefore, Emperor Feng's realization of the true meaning of Yinji went very smoothly, reaching 87%, not much slower than Qin Feng.

This makes Qin Feng very happy.....

At this moment, two figures appeared on the deserted planet.

It is Qin Feng and Yu Qilin.

Emperor Feng, Chu Chu and others are still in retreat.

The phantom clone stays in the small universe to guard

"Qin Feng, when do you plan to break through to the God Emperor?", Jade Qilin nestled in Qin Feng's arms

"I can't break through yet!"

"With your talent, it would be easy to break through to the God Emperor. Did you deliberately not break through?"

"clever!", Qin Feng smiled slightly.

"Why?", Yu Qilin was puzzled.

Qin Feng smiled: "I want the true spirit holy water!"

Yu Qilin suddenly realized that the true spirit holy water is only effective for those below the God Emperor.

Qin Feng is now at the pinnacle of the Great Perfection of the Second Wheel Realm and has reached the extreme of the Second Wheel Realm.

As long as he makes one more progress, he will be the God Emperor.

But after breaking through the God Emperor, it will be ineffective if he takes the True Spirit Holy Water again.

The True Spirit Holy Water is a divine item that cleanses the soul. It is extremely rare and its value is no less than Taiqing Qi.

"Qin Feng, you want the true spirit holy water, do you want the flower of your soul to bloom with thirteen petals?"

Qin Feng smiled and nodded.

Jade Qilin opened his eyes wide in surprise.

Qin Feng's flower of the other shore has opened thirteen petals, which has brought auspiciousness from the sky and shocked the heaven.

Unexpectedly, Qin Feng's flower of soul will also open thirteen petals.!

My man is extraordinary!

"In fact, I just broke the shackles of my soul. I have the conditions to open the thirteen petals, but I have not yet reached the conditions to open them."

"At present, the thing that can help me a lot is the Holy Spirit Water. But the True Spirit Holy Water is only useful to those under the God Emperor, so they have to suppress their cultivation."

Qin Feng explained casually.

The next blooming progress of his Soul Flower is 69%.

He only needs to get two copies of True Spirit Water to bloom with thirteen petals.

Of course, he can also just get One copy.

Then fully awaken the inheritance of the Lord of Kirin.

When the inheritance is completely awakened, the Kirin essence can also strengthen the soul.

However, the speed is a bit slow in doing so.

"Qin Feng, although True Spirit Holy Water is extremely rare, Tianfu Star is also a big force, and maybe one or two copies can be obtained.

Qin Feng's eyes lit up:"This is a good idea!"

"Didn't Sister Zixing ask you to find the Lord of Demonic Heaven? The Demon Lord is the city lord of one hundred major cities. She has extensive connections and should have channels to know where to get the true spirit holy water.

Qin Feng smiled:"I was planning to find the Lord of Demon Heaven, and I just killed two birds with one stone!" Let's go!"

"Um!"

At that moment, the two people teleported and disappeared from the same place..

Chapter 564

One day later, the two arrived at Tianmo City.

The jade unicorn is already the master, and it is easy to cross the galaxy.

Although Qin Feng is not the master, he is stronger than Jade Qilin and can cross the galaxy more easily.

At this moment, the two of them were walking on the streets of Tianmo City.

The streets are bustling with people coming and going.

In the streets and alleys, many people are chatting about the chaotic star field.

"Qin Feng, the news about the Chaotic Star Territory has spread, almost to the whole universe!", Yu Qilin sighed.

Qin Feng smiled:"After all, there are dozens of star masters in the chaotic star field, and there are five high-grade star masters alone. I'm afraid those high-grade star masters will be tempted, let alone other elemental masters."

Yu Qilin pondered for a while and said:"Qin Feng, there are only a few small towns in Tianmo City when I go there. Let's see if we can find any treasures that can be used to refine our souls."

Qin Feng smiled and shook his head:"That kind of item is extremely rare, and it may not be available in this Tianmo City. Let's go directly to the Lord of Demonic Heaven!"

Yu Qilin said:"Tianmo City is one of the top 100 major cities in Tianfu Star. The markets here are very developed. Besides, I am very familiar with the major cities in Tianmo City, so even if I can't find them, I can still get some information.

Qin Feng pondered for a while and said,"That's fine!" Go ahead"

"Um!"

Soon, the two went their separate ways.

Yu Qilin went to visit the market.

Qin Feng went to find the Lord of Demon Heaven alone.

Qin Feng understood Yu Qilin's thoughts.

The Chaos Star Territory was about to open, and Jace's major forces gathered together. With their current strength, they have no advantage at all, let alone grabbing the inheritance of Yuan Feng, White Tiger, and Xuanwu. If

Qin Feng wants to take advantage, he must break through to the God Emperor as soon as possible.

This matter cannot be delayed.

Therefore, Yu Qilin was in a hurry to find something similar to the True Spirit Holy Water.

It didn't take long for Qin Feng to arrive at the Earth Station.

The Earth Star Territory was promoted in Tianmo City, so the Earth Star Territory was under the jurisdiction of Tianmo City.

The governed star territory, There is a station in Tianmo City.

As soon as Qin Fengcai arrived above the station, a figure flew out from below.

It was a delicate woman, wearing a close-fitting official uniform, with a graceful figure.

When the woman saw Qin Feng, her eyes lit up and her eyes were beautiful. They were all shining.

This young man in white is so handsome!

Looking at the young man's cultivation, the woman was shocked again.

It's amazing that he has reached the second round of perfection at such a young age...

The woman took a deep breath, The look in Qin Feng's eyes changed.

"Sir, are you the Emperor of Qin?", the woman asked respectfully

"Exactly! Are you....? "

The woman was overjoyed:"I was sent by the city lord to wait for you. The city lord said that as long as you rush back to Tianmo City, he will ask his subordinates to take you to see her!"

Qin Feng suddenly said:"Let's go! I happen to be going too. Find the city lord!"

"Sir, please!", the woman stepped forward to lead the way.

She secretly murmured in her heart.

This young man in white is really Emperor Qin!

Emperor Qin is really as beautiful as the rumors.

It's just that Emperor Qin is not the Great Emperor. It seems that he is already in the second-round realm!

Woman! Secretly amazed

"I wonder what the girl's last name is?", Qin Feng suddenly asked

"I...my name is Xiaochun, and I am the maid of the city lord. From now on, adults, just call me Xiaochun."

Xiao Chuan blushed slightly and looked a little embarrassed.

After all, she was also a nine-star powerhouse.

Qin Feng's sudden approach made her inexplicably nervous, and she didn't know what she was thinking.

"Xiaochun, let me ask you something"

"Sir, you say it!"

"What is the relationship between your city lord and a girl named Zixing?"

"Purple star?" Xiao Chun's face was full of doubts, "I haven't heard of this person?"

"Forehead.....",Qin Feng was stunned.

As the maid of the city lord, Xiaochun didn't even know about the existence of Zixing.

Then why does Zixing keep asking him to find the city lord?

Qin Feng was confused.

Unknowingly, the two of them entered the city lord's palace and came to a main hall.

The main hall is solemn and solemn.

There is only an empty shrine in front, without any human figure

"Lord Qin Huang, please wait here for a moment or two. I'll report it to the city lord!"

"good!", Qin Feng nodded slightly.

Xiaochun just took a few steps, and seemed to think of something.

She kindly reminded:"Your Majesty Qin Huang, is this your first time meeting the city lord?"

"That's right!"

"When you meet the city lord later, remember to be respectful to the city lord. Don't look around, otherwise it's disrespectful. The city lord hates people looking at her randomly?

Qin Feng was stunned:"Is the city lord beautiful?"

Xiao Shun said proudly:"Of course! The city lord is unparalleled in beauty and is famous in Tianfu Star. Her beauty is a hundred times better than that of Xiaochun. In the past, those newly promoted star domain lords lost their composure when they saw the city lord."

"The city lord was furious and felt that there was something wrong with the character of those guys, so he directly canceled their promotion qualifications. Lord Qin Huang, please don't make such a stupid mistake!

Qin Feng smiled:"No!"

He has never seen any beautiful women.

The female companion next to him is not stunning, how can he lose his composure?

Xiao Chun secretly breathed a sigh of relief.

"Lord Qin Huang, please wait a moment, I will report it!"

At that moment, Xiaochun left.

Qin Feng stood in the main hall and waited silently.

Not long after, two people came in from the door of the main hall.

The person in front had bright eyes and white teeth, and skin as white as snow. He was wearing the official uniform of the city lord. His figure was graceful and slender. The legs are so heroic.

Qin Feng looked surprised when he saw the person clearly.

"Purple Star!"

The visitor smiled and said nothing.

Qin Feng was slightly startled.

Xiaochun beside him was nervous and winked at him quickly, asking him to salute.

This is the Lord of the City!

Even if the God Emperor saw it, he would be as awed as the sky and salute in fear..Why is Emperor Qin still standing there in a daze? She is worried for

Qin Feng, for fear that this young man does not understand the rules and angers the city lord.

Qin Feng also feels strange.

Why did Zixing react like this when he saw her?

For a second, he realized something was wrong.

Although this woman looked exactly like Zixing, her hair was black.

Zixing's hair was purple.

One was a cultivator of dark elements, and the other was a cultivator of dark elements.Of the fire element.

Look at this woman wearing the official uniform of the city lord.

Qin Feng understood immediately

"Are you the Lord of Demonic Heaven?"

"Are you Emperor Qin?", the Demon Lord pretended to meet for the first time.

Qin Feng took a deep breath:"Yes!"

He now somewhat understands why Zixing asked him to find the Lord of Demonic Heaven.

These two people should be twins!

"What about Purple Star?", Qin Feng asked with concern

"Do you care about her?"

"certainly!", Qin Feng answered simply.

He naturally cares about his woman.

This answer made the Demon Lord's eyes flash with joy.

"Let's not mention her for now. Do you know why this city lord summoned you?", the Lord of Demonic Heaven pretends to be superior.

"Didn't Purple Star ask you to find me?"

"This... is only part of the reason..."

"What about the rest of the reasons?"

The Lord of Demonic Heaven smiled: "You performed extremely well in the fifth-level star field promotion assessment last time. You were the only special-level promotion in the star field alliance in tens of billions of years!"

"Several major star owners in the Star Alliance were shocked by this incident. Even the Lord Ziwei praised you by name and valued you very much."

Speaking of this, the Demonic Lord looked proud.

Even the Star Lords were shocked that their Demonic City produced such outstanding talents.

Naturally, she was proud of herself. What's more, this guy is half a man.

As a Women, who doesn't want their man to be the best in the world.

A man's career is to conquer the world.

A woman's career is to conquer the man who owns the world.

Xiaochun on the side heard this and secretly clicked her tongue.

It turns out that Emperor Qin is so outstanding.!

Even the Star Master Ziwei praised him by name.

At that moment, Xiaochun looked at Qin Feng with admiration in his eyes.

The Demon Lord continued:"You have achieved such excellent results. According to the rules, our Demon City and the Star Master will reward you.!"

"Star Lord has sent me a message. He asks you what reward you want, and as long as your level does not exceed the Star Lord level, he can agree to it! Of course, only one piece!"

Qin Feng's eyes lit up.

This was really an unexpected surprise!

He almost forgot about the reward for the promotion assessment.

"Lord City Lord, if I want two bottles of True Spirit Holy Water, will Lord Star Lord reward me?
Qin

Feng asked with a smile.

This is what he needs most.

The Lord of Demonic Heaven was stunned.

Immediately, she smiled sweetly: "The True Spirit Holy Water is extremely precious, and its grade is the best among the Lords." If you want a bottle, that should be fine. Two bottles would be too greedy! Star Lord has said that he will only reward one treasure. One bottle only counts as one item!

Qin Feng was overjoyed: "One bottle is fine!"

What he lacks most now is the Holy Spirit Water.

Now that he can get a bottle for free, that is a great thing!

"OK! I'll send a message to the Star Master soon. Results will be available within three days"

"Star Lord, where should I find the True Spirit Holy Water?" Qin Feng was a little worried.

The Lord of Demonic Heaven smiled slightly: "Even if it doesn't happen! Even with Star Lord's methods, we can get it quickly, so don't worry! By the way, is the Holy Spirit Water really that important to you?"

The Lord of Demonic Heaven has nothing to do with the Qin Feng flower blooming with thirteen petals. Don't know.

Qin Feng nodded: "It is very important. One bottle should not be enough. You can help me find out if there is any other way to buy one."

The Lord of Demonic Heaven said happily: "This is no problem! I will help you in these few days. Ask around. Actually, I also have 7 drops here, do you need it? That was when I was practicing, I accidentally got some true spirit holy water, and I used the rest!"

Qin Feng's eyes lit up: "The more, the merrier! Of course I want it!"

"I will regard these 7 drops of holy water as this reward."

"good! Thank you City Lord!"

"Xiaochun, go to my palace. There are 7 drops of true spirit holy water in the treasure house. Get it!"

The Demon Lord threw out a treasure house token.

"Yes, City Lord!"

Xiao Chun took the token and left in a hurry.

A bottle of true spirit holy water is about 100 drops.

The value of these 7 drops is not low.

Besides, that is what Qin Feng needs most at the moment.

After Xiao Chun leaves, Qin Feng stared at the Lord of Demonic Heaven curiously.

This familiar face made him a little confused.

"Why are you always staring at me?"

"Now that there are no outsiders, can you tell me where Purple Star is?", Qin Feng asked with concern.

The Demon Lord took a deep breath.

What is coming will eventually come.

She is a little worried!

She is worried that Qin Feng will change his feelings about her after knowing the truth.

"Do you really want to see her?"

"certainly!"

"good!", the Demon Lord waved his hand.

The space beside her fluctuated, and Purple Star appeared.

"Purple Star!", Qin Feng looked at his woman with joy.

But the next second, Zixing walked towards the Lord of Demon Heaven.

The two automatically merged together.

Qin Feng was suddenly stunned..

Chapter 565

But on the other side, in Zixing's boudoir.

Qin Feng put down Zixing.

Zixing looked at him dreamily, her eyes full of tenderness.

Inside the house, it's warm and cozy.

Qin Feng smiled slightly and formed a seal with one hand.

The next second, the Wuji barrier opened, clouds suddenly appeared in the house, and the spiritual mist rolled.....

Time flies.

A few hours later, Qin Feng left the room happily.

A few hours outside, but ten days have passed in the barrier.

The barrier between him and Zixing was completely eliminated, and the intimacy between the two parties was ten times better than before.

This makes him feel good

"Tianfu Star mainly holds selections for God Emperors and above, and there are generous rewards, which is not bad!"

Qin Feng murmured as he walked out.

Zixing just told him that Tianfu Star held a selection for God Emperor and above.

The outstanding ones selected will be generously rewarded and focused on training.

This selection is not just for Tianfu Star..Ziwei

Star, Jumen Star, Earthquan Star, and Shenfu Star also held similar selection activities.

Obviously, this event was prepared to enter the Chaotic Star Field.

There are dozens of them in the Chaotic Star Field Star Master inheritance, hundreds of master inheritances.

For these inheritances, all forces in the universe are coveting and are already making preparations.

The Star Alliance is naturally no exception.

Qin Feng plans to participate in this selection.

Anyway, he wants to go to the Chaotic Star Territory.

Then it is better to participate in this selection event. That way, you can enter the Chaotic Star Territory and get generous rewards, killing two birds with one stone.

Qin Feng also plans to let Yu Qilin, Chu Chu, Bao Bao, and Bai Qi participate.

This will give you another opportunity to obtain more rewards and resources.

However, Purple Star said that the Lord will also participate in this selection.

I am afraid that the rewards will not be so easy to obtain.....

A quarter of an hour later, Qin Feng returned to the earth station.

Yu Qilin is already waiting for him somewhere.

In the living room, Yu Qilin reported the situation to him

"Qin Feng, I walked around Tianmo City, but I couldn't find any items that can refine my soul."

Yu Qilin was a little disappointed.

She really hoped that Qin Feng could break through to the God Emperor as soon as possible.

Qin Feng smiled slightly: "Items for refining the soul are extremely rare, and it is normal not to have them in Demon City. After all, Tianmo City is only a third-level main city."

Tianmo City has one hundred main cities, which are divided into three levels. There are three first-level main cities, twenty second-level main cities, and the rest are third-level main cities.

Yu Qilin nodded:"That's right! Otherwise, let's go to the first-level main city to investigate. Or go directly to Tianfu City, where should you find the True Spirit Holy Water!"

Tianfu City is the headquarters of Tianfu Star, the only super main city.

Qin Feng can see Yu Qilin's state of mind.

After all, the opening of the Chaos Star Territory is very important to Qin Feng.

It is also related to the re-emergence of the Five Spirits Clan.

"Yu'er, what do you think this is?"

Qin Feng waved his hand, and seven drops of spiritual liquid appeared in front of him.,

"Huh! This...this is the true holy water!", Jade Qilin surprises

"Qin Feng, where did you get this?"

"Rewards for the last Star Territory Promotion Assessment.....",Qin Feng mentioned the Star Master's reward.

Yu Qilin was overjoyed:"Qin Feng, if the Star Lord rewards us, it will be much easier for us to find the True Spirit Holy Water."

"yes! It's always easier to find one than two. However, whether the Star Master has the True Spirit Holy Water in his hands, we have to wait for the news from Purple Star. By the way, Lord Tianfu is going to hold an assessment in the near future....."

Qin Feng told about the assessment again.

After hearing this, Yu Qilin said happily: "Qin Feng, this test is a good thing for us! We are all going to enter the chaotic star field anyway. If we enter as casual cultivators, we are afraid of many dangers"

"If you enter as a member of the Star Alliance, it is relatively safer. What's more, there are rewards for this selection. In order to strive for the greatest interests, the alliance will definitely find ways to enhance the strength of the outstanding ones.

Qin Feng smiled and said, "I think so too!"

"whee!! Qin Feng, if nothing happens during this period, I will go into seclusion as well! Try to give more hints about your strength before the assessment begins. By the way, talk to Sister Zixing and sign up for me!"

"good!"

At that moment, Qin Feng took the jade unicorn into the small universe.

Then, he opened his mouth and swallowed the seven drops of true spirit holy water in front of him.

"Ding! Swallowing the True Spirit Holy Water (7 drops) successfully.....The soul is refined, the strength is increased, and the progress until the next bloom is increased to 71% (the flower blooms with thirteen petals).....Combat power increased to 3.25 trillion...."

Qin Feng showed a satisfied smile.

This truly spiritual and holy fruit is indeed a wonderful thing!

Just seven drops increased his combat power by 50,000 trillion.

This made him look forward to Star Master's rewards even more.....

Time flew by quickly, and three days passed in the blink of an eye.

In the past three days, Zixing took the initiative to come to Qin Feng and asked Qin Feng to live in her palace to facilitate contact.

Qin Feng thought about it again and again and agreed.

In this way, the elders and deacons vaguely heard about the relationship between Qin Feng and Zixing, and were secretly surprised.

Qin Feng's reputation is also louder than before.

But not all of these reputations are good.

Those who didn't know him well thought he was a soft-boiler, and they couldn't help but feel jealous.

Those who know him admire him endlessly.

For example, Elder Xing and Elder Rui.

In their opinion, Qin Feng's talent was extraordinary and rare throughout the ages.

Emperor Qin's excellence is worthy of the talent and appearance of the city lord.

These gossips. The Lord of Demon Heaven had heard about it a little bit, and didn't care about the surprise at all.

In addition, she also changed her name to Lord of the Purple Star.

The name of Lord of Demonic Heaven is a thing of the past, from now on there will only be Lord of Purple Star.

It's time for the Qilin clan to make a comeback.....

At this moment, in the Purple Star Palace, there is a secret cultivation room.

Qin Feng looked at the jade bottle in front of him with joy.

This was just sent by Purple Star.

The bottle contains true spirit holy water, a reward from the Star Lord.

Qin Feng picked up the jade bottle and drank up the spiritual liquid in one gulp. The cool feeling spread throughout his body and quickly penetrated into his soul, giving him an extremely comfortable feeling. The feeling spreads deep in the soul.....

"Ding! Swallowing the True Spirit Holy Water Successfully.....The soul is refined, the strength is increased, and the progress until the next bloom is increased to 87% (the flower blooms with thirteen petals).....Combat power increased to 3.4 million trillion...."

Qin Feng opened his eyes happily.

The progress of his soul is 87%. As long as he refines another portion of the True Spirit Holy Water, he will be able to make the flower of the soul bloom with thirteen petals.

At that time, he can directly break through to the God Emperor

"Ding! Congratulations to the host, your fire minion (Bai Qi) has completely awakened his inheritance, achieved a breakthrough in cultivation to half-step to dominate the Great Perfection, and increased his combat power to 340,000 trillion....."

"Ding! Congratulations to the host, your Fengji follower (Chu Chu) has completely awakened the inheritance, achieved a breakthrough of half-step to dominate the Great Perfection, and increased the combat power to 380,000 trillion....."

"Ding! Congratulations to the host, your earthly follower (baby) has fully awakened to the inheritance, has achieved a breakthrough of half-step to dominate the Great Perfection, and has increased its combat power to 380,000 trillion....."

Qin Feng was stunned.

Immediately, he smiled.

What a surprise!

The three of them received their inheritance at about the same time.

The progress of this complete awakening is about the same.

After this calculation, the cumulative combat power of the three people is 1.1 million trillion.

Jade Qilin has a combat power of 1.5 million trillion.

If he uses the Pole Star Fusion again, he will be able to gain 2.6 million trillion combat power stacks.

Thinking of this, Qin Feng was secretly happy.

At this time, the baby's voice sounded in his mind

"Dad, I have completely awakened to my inheritance! I want to go back to earth to play!"

"Brother, I want to go back and have a look too!"

Qin Feng smiled and sent a message back: "You go! Bai Qi, follow them and protect the two princesses!"

"yes! His Majesty!"

The three of them agreed and followed the construction of the small universe back to the earth.

It was naturally a shock.

Qin Feng scanned again with his mind and checked the Phoenix Emperor in seclusion. The true meaning of the Phoenix Emperor's sacrifice was progressing smoothly, and he had realized that 94%.

It is expected that the seal will be formed in a few days.

This makes Qin Feng happy.

The masters of the five pole stars, Yu Qilin, Baobao, and Chu Chu, are all top-level masters, while Bai Qi and Feng Emperor are mid-level masters.

However, , Emperor Feng is still a mortal now.

When she successfully forms the seal, it will be a breakthrough in her cultivation.

But at this moment, Qin Feng's communication jade talisman made some movement.

He took it out and saw that it was from Purple Star. News.

After reading the news, he showed joy again.

Purple Star just found out that Windward City will hold a large-scale auction one day later.

There will be a copy of True Spirit Holy Water in the auction.

In addition, there are Rare items such as the White Crystal, the Pearl of the World, and the Crystal of the World are auctioned.

These are the treasures Qin Feng wants!

Now, the Xingxi Stone and the Lotus of the Soul are of little help to Qin Feng.

Wait until he breaks through to the God Emperor After that, if he wanted to break through his cultivation level, he would need items such as white crystals.

But these items were hard to come by.

He absolutely couldn't miss the auction tomorrow.

However, Purple Star told him that the Chaotic Star Field had opened. It's coming soon.

There will definitely be many masters participating in that auction.

If he wants to get what he wants, he needs enough financial resources.

Feng waved his hand, and thousands of storage rings appeared in front of him.

This was all obtained by him in Ziyun Secret Realm.

He began taking stock of his assets.

An hour later, he looked shocked.

The number of his star stones actually reached hundreds of billions.

In terms of financial resources alone, he is no less than a low-grade star master!

He will definitely get a lot of good things at tomorrow's auction.

I heard that there will be many rare treasures in tomorrow's auction!

Maybe he will make a surprise discovery..

In a blink of an eye, it was the next day.

Yingfeng City is the first-level main city of Tianfu Star.

The city lord is a top-grade ruler.

At this moment, in the east district of Yingfeng City, the entrance to Wanbao Auction House was very busy.

Thousands of god-emperors were constantly coming in and out, with one or two masters mixed in among them.

Today is the day when Wanbao Auction House starts the auction.

This auction was originally held every five years.

It's only been three years since the last auction.

But the chaotic star field is about to open, and the exchange of various resources is urgent.

Wanbao Auction House broke the rules and held another one recently.

Unexpectedly, the popularity was far higher than before, and all the god emperors and masters of Tianfu Planet came to hear the news as long as they were in need.

Everyone wants to try their luck and see if they can find what they want.

At this time, there was a commotion in the crowd at the door of the auction.

Everyone turned around and looked at the source of the commotion.

I saw a young man in white walking out of the source, extremely handsome.

Many female elemental masters' eyes shone.

Even some male elementalists couldn't help but admire him.

Looking at the young man in white, there are actually two beauties who are stunning in the country.

One was wearing a purple dress and was very charming.

One is wearing a long white dress, pure and pure.

The boy in white is naturally Qin Feng.

The one in the purple skirt is Purple Star, and the one in white skirt is Jade Qilin.

Qin Feng walked in front.

Purple Star and Yu Qilin followed closely on the left and right.

At this glance, it is known that Qin Feng is the main one among the three.

Those two beauties are both Qin Feng's female companions.

Such a scene makes passers-by envious.

Tsk tsk!!

As long as a beauty of this level can be accompanied by someone, it will be extremely amazing.

It's so enviable that this young man in white can have two companions.

Huh! Something is wrong!

Everyone felt something was wrong.

They discovered that both Purple Star and Jade Qilin exuded the aura of domination.

Everyone was shocked.

Oh My God!

These two stunning beauties are actually the masters from above!

Everyone was in awe and no longer dared to look at Zi Xing and Jade Qilin.

These two are not just beauties!

There are not many female leaders in this world.

It is even rarer to find such a beautiful female dominatrix.

Everyone couldn't help but look at Qin Feng.

Damn it~!

This guy is only in the second level, not even a god emperor.

Bang~tah! Bang~tah!

At this moment, countless people's jaws dropped.

Many people thought they were dazzled.

It would be good if a person in the Wheel Sea Realm can conquer a God Emperor.

How did this boy manage to pick up two beauties?

Look at the two beautiful women talking and laughing, getting along so harmoniously. how did you do that?

Damn it~!

Holy Love! its not right!

How could the Lord value a small Wheel Sea Realm?

What is the relationship between this boy and the two female protagonists?

Everyone began to doubt again.

Unconsciously, Qin Feng became the focus of everyone.

Everyone looked at him curiously, as if thinkingWhat's the clue?

Qin Feng looked at everyone casually, his eyes lit up with silver light.

Memory theft—activated secretly.

In just a moment, he saw through everyone's thoughts.

The next second, the corners of his mouth curled up slightly, and his eyes showed joy.

There are one or two half-step masters among this crowd.

He could actually peek into some of their memories.

It seems that his memory stealing has improved again!

It seems that he recently swallowed a bottle of true spirit holy water, and his soul was purified and his soul power was greatly increased.

Even the half-step master couldn't resist his prying eyes.

Before, he wouldn't have been able to do it.

Unknowingly, I have made progress again!

Qin Feng was delighted.

At this time, the three of them walked to the door of the auction

"Two adults, and this... this little brother, are you going to the general area or the private area?"

An old man in charge of the reception greeted him respectfully.

Obviously, he was in awe of Purple Star and Jade Qilin.

After all, these two are the masters.

As for Qin Feng, this young man is only in the second-round realm, and his cultivation is not as good as him.

This The old man's cultivation level is that of the God-Emperor's Great Perfection.

Normally, he wouldn't even bother to look at the second-wheel realm.

With such a low cultivation level as this young man in white, he should be a subordinate of these two masters, right?

But he stood there The position is not the same!

The old man was a little uneasy.

He was not sure about Qin Feng's identity.

His hesitation was seen by both Zi Xing and Yu Qilin.

The two women were a little unhappy.

The old man obviously looked down on himself. Only men can be so hesitant.

At that moment, Zixing looked at Qin Feng with a smile: "Master, should we go to the general area or the private area?"

Yu Qilin also echoed: "Master, we suggest you go to the private area!"

Qin Feng smiled slightly: "Then choose the box area!"

As soon as these words came out, the whole audience was shocked.

Damn~!

Master?

This young man in white is actually the master of two female masters?

I heard it right.

The old man was even more confused, with his mouth hanging open.

Purple Star Frowning: "Didn't you understand what my master said?"

The old man woke up with a start.

He nodded in fear: "Yes! yes! I will make arrangements now. Sir, come with me, I will take you to the box area!"

The old man saluted Qin Feng with great respect.

At this moment, he no longer dared to think about the difference in cultivation level.

"Let's go!", Qin Feng didn't take it seriously.

At the moment, the old man led the way.

Qin Feng held Zixing and Yu Qilin's slender waists with one hand and followed them.

Only a group of people were left with extremely envious eyes.

These two beautiful women still She is really the female companion of the young man in white!

At this point in life, what more could a husband ask for?!

The crowd sighed for a long time.

Some of the masters almost covered their faces and cried.

They have been mixed up until now, and they are not as good as a person in the Wheel and Sea Realm.

Comparing people to each other is so irritating!.....

In a few minutes, the old man took Qin Feng and the others to a private room on the third floor.

The box number is Tianzi Room No. 7.

After the old man made arrangements, he bowed respectfully to Qin Feng and then left with an uneasy look on his face.

Qin Feng looked at the box for a while.

There are walls on three sides of this box, and only the front is a bead curtain.

Through the bead curtain, Qin Feng could see the entire auction hall.

There are restrictions in this box, but people outside can't see what's going on inside, not even the master.

This is the great thing about Wanbao Auction House.

It is rumored that the backer behind this auction house is a low-level star owner, who has branches all over Tianfu Star and has a lot of background.

Look again, there are three seats in the center of this box.

"Qin Feng, the auction house will start in half an hour, let's sit down first!"

Zixing pulled Qin Feng to sit in the middle.

She sat obediently on the left side.

The Jade Qilin beside her was a bit annoying.

It would be a lie to say that she was not angry. She just returned to Tianmo City this time, and the clan sister seduced her man. Last time, the clan sister said that she was deliberately testing, but now she really did it.

The woman's words are really unbelievable!

Yu Qilin also took the initiative to sit on the right side.

Not long after, another female staff member came and brought a fruit plate and Lingcha.

This is a special refreshment arranged for each box at the auction.

Qin Feng asked the female staff member to leave the fruit plate and Lingcha, and then sent her away.

"Qin Feng, there are a lot of people coming to the auction today!"

Zixing was sipping fragrant tea while looking at the situation in the venue.

At this moment, the occupancy rate has reached 80%, and most of them are God Emperors.

"The chaotic star field is about to open! The selection of Star Masters is about to begin, and these God-Emperors naturally want to come in exchange for some supplies. Sister Zixing, I heard that in this Star Master selection, the rewards are also divided into grades. The best one is the first-class reward, right?!"

Jade Qilin asked while eating the spiritual fruit.

Zi Xing smiled bitterly: "Don't think about that. First-class rewards are basically prepared for top-grade masters. None of us have that kind of strength. Unless our men can break through to the Great Consummation of the God Emperor as soon as possible....."

Yu Qilin also said proudly: "Of course! As long as Qin Feng cultivates to the perfection of the God Emperor, his strength should be comparable to that of a top-grade ruler." After the two women finished speaking, they both looked at Qin Feng affectionately, with pride in their eyes..

In their eyes, Qin Feng's talent and talent are unmatched by anyone in the universe.

Qin Feng smiled and hugged the two women affectionately.

These days, he is living an extremely comfortable life, enjoying all the blessings of others

"You two should stop looking down on me! This time, if I can't take a picture of the True Spirit Holy Water, I don't know what year or month it will be until I break through to the God Emperor."

Zixing smiled:"Don't worry! As long as the true spirit holy water appears, you will definitely be able to take a photo. After all, although the True Spirit Holy Water is precious, only those below the God Emperor can use it. You won't have many competitors!"

Yu Qilin echoed:"I agree with this!"

In this way, the three of them chatted and waited.

More and more people gathered in the hall, and it became more and more popular.

Many people at the auction were chatting in low voices.

Some talked about the auction items, some talked about the Star Master Selection Competition, and more people talked about the Chaos Star Territory.

The atmosphere of the scene is getting more and more heated.

Qin Feng listened to people's chatter.

I deeply understand that during the upcoming trip to the Chaotic Star Territory, the battle will be very fierce.

In this way, he is even more eager to break through to the God Emperor.

As for whether he can break through earlier, it depends on the actual shooting this time.

Unknowingly, half an hour passed and the hall was full of people.

Even the major boxes are full.

At this moment, an invisible coercion fell from the sky, as thick as the sky.

The whole place was shocked and fell silent.

After a moment, a white-haired old man fell from the sky and landed on the summit platform.

Someone in the crowd murmured

"He is the master of Baishan!"

"It turns out that he is the host of this auction!"

The white-haired old man landed on the ground and cupped his hands.

"I'm Baishan! This auction will be hosted by me. If there are any shortcomings, I hope you will forgive me!"

The white-haired old man said lightly, these are just words for the occasion.

Qin Feng also looked at the old man curiously.

This is a low-grade master.

At this time, the words of the master of Baishan were heard again in the field.

"I announce that this auction starts now! I hope you all remain silent!"

The whole place suddenly became quiet for a while.

The auction finally started..

Chapter 567

At this moment, everyone's eyes were focused on the white-haired old man

"Everyone, the first item in the auction now - Lotus of the Soul, a total of three groups, 10 flowers in each group"

"The starting price is 30 million yuan for a set of Xingxi stones! Each price increase must not be less than 1 million Xingxi stones!"

This announcement caused a commotion in the whole place.

"It's the Lotus of the Soul!"

"Tsk tsks!! This treasure will be of great help in improving your cultivation!"

"I heard that when the Ziyun Secret Realm was opened, a large amount of Lotus of the Soul flowed out. Could this treasure flow out from the Ziyun Secret Realm?"

"No matter where it comes from! I want this treasure!"

"I have reached the bottleneck of the mid-stage God Emperor. These Lotus of Souls should be able to help me break through!"

Buzz~!

A clear sound!

The white-haired old man flicked the chime bell with one finger.

The whole place was quiet.

"Everyone, let's start bidding!"

As soon as these words were said, the whole audience immediately became excited, and the bidding began.

"I'll pay 33 million for a group photo shoot!"

"I offer 35 million!"

"My 40 million!"

Crowd bidding was fierce.

In Tianzi Room No. 7, Qin Feng leisurely looked at the bidding below.

He has no interest in the Lotus of the Soul.

This thing is of no use to him anymore.

What's more, he still has hundreds of soul lotuses in his hand.

These were obtained from the storage rings of the bald old man, Emperor Ye, Emperor Lufa, and the leader of the Demon Realm.

As for the soul crystals, he has hundreds of thousands of them.

These treasures are all reserved for Yue'er.

When Yue'er condenses the divine seal, let her refine the lotus of the soul, so that her cultivation can catch up with Chu Chu and others as soon as possible.

"Qin Feng, the bidding below is so fierce. I wonder what the price will be for this group of soul lotuses?"

Zixing looked at the auction house curiously.

"It's almost the end, I guess it's 90 million!", Yu Qilin joins in the fun

"The first group is 87 million!"

Qin Feng said lightly while sipping the spiritual tea leisurely.

Zixing and Yu Qilin didn't take it seriously, thinking he was joking.

But at this moment, a final word came from the auction house

"Congratulations to this friend for taking the first set, 87 million!"

"Huh!"

Yu Qilin and Zixing looked at Qin Feng in surprise.

How could this guy be so accurate?

At this time, the voice of the white-haired old man sounded outside again.

"The auction for the second set of Yuanshen Lotus now begins. The starting price is 30 million! Each price increase shall not be less than 1 million!"

"Everyone, start bidding!"

A new round of bidding started below.

Qin Feng glanced at the audience lightly and said with a smile: "The transaction price for this group is 91 million!"

Yu Qilin and Zixing were confused.

The bidding had just begun. How did Qin Feng know the final transaction price?

He was just guessing again, right?

But not long after, the transaction price came out, and it was really 91 million.

The two women were surprised. At the same time, he looked at Qin Feng.

Qin Feng smiled again: "The last group, 89 million!"

"real? Fake?", Zixing was doubtful.

Yu Qilin couldn't believe it either.

But not long after, the third set of auction prices also came down, and it was really 89 million.

This time, the two women were dumbfounded.

"Qin Feng, how did you know?", Zixing's curiosity aroused.

Qin Feng smiled and said nothing.

Zixing acted coquettishly: "Master, tell me!"

"Master, Yu'er also wants to know!", Yu Qilin also held Qin Feng's arm and acted coquettishly.

Looking at the two women's coquettish looks, Qin Feng couldn't help but think of last night, when the two women acted coquettishly together like this.

Qin Feng smiled:"It's very simple, I can peek into the memory! What these people below are thinking, I can scan it with just a thought. I know their bottom line price clearly."

The two women suddenly realized.

Immediately, Zixing was delighted:"Qin Feng, your secret technique is very useful for our bidding! By the way, can all of your thoughts be spied on?"

"You can spy even if you are half a step below the master! It is difficult to spy if you are above the master!"

These words surprised and delighted the two women.

Being able to pry into other people's thoughts is equivalent to grasping their vital points and killing them at any time.

It's scary to think about it!

"Master, you are so awesome!"

Zixing Ni was in Qin Feng's arms, raising her beautiful little face and asking for a kiss.....

"Sister Zixing, pay attention to the occasion!", Yu Qilin was a little jealous.

The auction below continued.

Soon, seven or eight items were auctioned below, and the starting price gradually rose to tens of billions.

These things are becoming more and more precious, and the starting price is getting higher and higher. , but none of them were what Qin Feng wanted.

At this time, the voice of the white-haired old man sounded again in the venue

"Now the ninth item in the auction - True Spirit Holy Water, the starting price is 10 trillion, and each increase in price must not be less than 1 trillion!"

As soon as these words came out, the whole place was shocked.

"Tsk ts! What a holy water! Such precious things have appeared!"

"such a pity! This item is only useful to God Emperors and below. I am already a God Emperor and cannot use it."

"Even if you don't use it, you can use it for your descendants!"

"Ouch~! If I had known that True Spirit Holy Water would appear this time, I would have borrowed money to bid for it."

At this moment, the scene became heated, and people were talking a lot.

Some were regretful, some shook their heads helplessly, some were watching indifferently, and some were excited.

However, the most common voice in the crowd was doubt.

"No way? How come the starting price for such a precious item like True Spirit Holy Water is only 10 trillion? Isn't this a fake holy water?"

"yes! The starting price of this item is 50 trillion, which is not an exaggeration. The final transaction price is at least 100 billion! The price is set too low!"

"hehe! What you don't know is that this true spiritual holy water is indeed precious, but it needs to be met by someone who can use it. If you don't need it, are you willing to pay 100 trillion to buy it?"

"this....."

The crowd was speechless.

And indeed it is.

If the scope of use of the True Spirit Holy Water is raised to Dominate, I'm afraid tens of billions of people can shoot it.

Its only flaw is that its scope of use is limited.

Who is willing to spend hundreds of billions to cultivate a person in the Wheel Sea Realm?

Not to mention quadrillions!

At this moment, in the box of Tianzi No. 7.

Zixing and Yu Qilin are nervous and looking forward to it!

The true holy water they had been waiting for finally appeared!

There is hope for their men to break through to the God Emperor

"Qin Feng, look at the competitors below?", Zixing couldn't wait any longer.

Qin Feng glanced at the audience, and instantly glimpsed the thoughts of everyone in the audience, and smiled.

"Qin Feng, how is the situation?", Yu Qilin asked with concern

"Not many people below really wanted to take pictures, most of them were just watching. After all, they won't be able to use it if they take pictures. Most people are not willing to spend such a high price to take a picture that they cannot use. This time, about 40 trillion can be won!"

Qin Feng said with a smile.

"Can it be won with 40 trillion? Then you really came to the right place this time!"

Purple Star and Jade Qilin are both overjoyed.

The normal price of a bottle of True Spirit Holy Water is about 50 trillion.

40 trillion is such a bargain!

"However, this is not absolute!"

Qin Feng looked at those boxes again.

"The ban on these boxes can prevent me from snooping. I wonder what the people in the boxes will think?"

The ban on this box is very powerful. It can not only prevent people from snooping, but also resist the attacks of low-level masters.

This can't help but make Qin Feng think too much.

Zixing comforted: "Qin Feng, most of the masters in the box are masters above half-step master. They should be thinking about bidding for the final treasure. There shouldn't be many people willing to bid for the True Spirit Holy Water. Besides, it's useless for them to get holy water!"

As soon as these words were said, a chime sounded in the hall.

The whole place was quiet for a while.

The voice of the white-haired old man rang out.

"Auction of True Spirit Holy Water! Start now! Everyone, make your bid!"

As soon as these words were said, someone wanted to bid in the auction house.

Qin Feng also planned to bid.

But at this moment, a voice came out of the box No. 2 in Tianzi.

"This emperor bids 11 trillion!"

As soon as these words fell, everyone was stunned.

The God Emperors who were originally preparing to bid also stopped..

Chapter 568

Everyone looked towards Box No. 2.

Those who claim to be emperor are generally the sons of their masters and cannot afford to offend easily.

Who is this person in box number two?

Qin Feng smiled slightly and didn't take it seriously.

Instead, he was worried that after this guy made a bid, would other boxes follow suit?

At this moment, the bidder for Box No. 2 spoke again.

"Dear seniors!! I am the son of the ruler of Wuri - Wutianzi. This junior has just reached the second round of cultivation. This true spirit holy water will be of great use to this junior."

"I also hope that all the seniors will be kind enough to give my nephew a chance!"

Wu Tianzi's words were obviously meant for the people in the major boxes.

After listening to them, everyone was moved.

Lord Wuri!

That is the city lord of Wuri City!

Wuri City is a second-level main city, and the city lord The Master of the Misty Sun's cultivation is the Great Perfection of the Middle Grade Master.

Rumor has it that the Master of the Misty Sun is just one step away from becoming a high-grade Master.

He is also a super strong man in the entire Tianfu Star, and his strength can be ranked in the top 100. Who dares to lose face? ?

Even Zixing frowned slightly.

Qin Feng was curious:"Zi'er, is this foggy master strong?"

Purple Star nodded slightly:"That guy is a middle-grade master of Dzogchen, and his strength ranks among the top 100 in Tianfu Star. I'm no match for him!"However, if we really want to fight, he can't do anything to me."

Qin Feng nodded slightly.

Purple Star is already a mid-level master, and his strength has already entered the top 200 in Tianfu Star.

Even Qin Feng's current strength is almost in the top two hundred.

Yu Qilin only entered the top 500.

After all, Tianfu Star is one of the headquarters of the Star Alliance, so there are naturally many people like Crouching Tiger, Hidden Dragon.

Of course, if Qin Feng breaks through to the God Emperor, it will be extraordinary.

"Qin Feng, the name of Lord Wuri is very resounding in Tianfu Star. Even the middle-grade Lord is not willing to offend him easily. He is afraid that once Wutianzi's words come out, many people will give him face."

Zixing was a little worried.

Qin Feng smiled slightly: "That's true! That's what helped me!"

As soon as I said these words, something changed outside.

"Since it is Wu Tianzi, I will not argue!"

The voice came out first from the Tianzi No. 1 box.

The people below were moved again.

This seemed to be the voice of the Hidden Blade Master.

The Hidden Blade Master is a middle-grade Master!

Even he gave Wu Tianzi face, who would dare not to give it to

Wu Tianzi? The Emperor was also overjoyed: "Thank you, Senior Yin Dao! Thanks to the kindness of my predecessor, my nephew will definitely express his love to my father after he returns!"

"Easy to say! Easy to say!", the master of Hidden Blade said kindly.

Soon, the No. 3 box of Tianzi also made a sound.

"Wu Tianzi is a talented person of the younger generation. It is more suitable for you to own this thing. I will not argue with you! My friend, by the way, say hello to Wuri for me!"

This is another master.

Wu Tianzi was excited: "Thank you, senior, my little nephew will definitely bring the message to you!"

For a time, the voices from all the major boxes came and went, and they all expressed their giving up.

The gods and emperors were shocked when they heard the auction of the robes. The face of this Wu Tianzi is so great!

The gods and emperors who had originally planned to participate in the bidding couldn't help but They swallowed and gave up the idea of bidding.

They didn't dare to offend Emperor Wu!

Among the crowd, only the white-haired old man on the summit was depressed.

He was from the auction house, so he naturally hoped that the items would fetch high prices.

Only The higher the bid, the higher the auction house's commission.

This trick of this Mr. Wu is clearly cheating!

Now, who dares to bid with him?

In this case, the True Spirit Holy Water will definitely not be able to fetch a good price.

At the same time, Qin Feng, in the box of Tianzi No. 7, looked happy.

The Emperor Wu suddenly appeared and helped him clear out all the hidden opponents.

Originally, he planned to take the photo with 40 trillion!

Now it seems that only More than a billion are needed!

"Qin Feng, this guy is so proud! I'm afraid it's not a good thing!", Yu Qilin was worried.

Qin Feng smiled coldly: "If you only rely on your father and not yourself, in the end, you will be the flower in the mirror and the moon in the water. Don't worry, we can win more than ten trillion this time!"

"More than ten trillion?!"

"Qin Feng, are you kidding?"

Yu Qilin and Zixing looked stunned, a little unbelievable.....

On the other side, in box number two.

Wu Tianzi, wearing a yellow gown, looked proud.

While greeting each box, he enjoyed the envious looks at the venue.

This time, he unintentionally stole the show.

Looking at the awe and envy in the eyes of the God-Emperors, he felt secretly happy.

Dad's name is really useful!

Even the few guards beside him looked proud.

As expected, the reputation of the master of his family is not something that can be overshadowed.

Soon, Wu Tianzi finished greeting all the boxes.

In fact, after he made his bid, no one else bid again.

"How about it?!"

Wu Tianzi turned back proudly and looked at the guards.

"The emperor is smart! I never thought you would use this trick!"

"yes! The Lord Master is famous all over the world, and these Lords are in awe!"

These guards were flattering each other. The more Wu Tianzi listened, the happier he became.

But the old man in black behind him frowned.

The old man was a powerful God-Emperor Dzogchen and the leader of the guards.

"Your Highness, have you noticed anything inappropriate?", the old man reminded carefully.

Wu Tianzi didn't take it seriously: "Isn't everything done? What else is wrong?"

"Your Highness, I just checked and all the boxes have given up. Only one box made no statement from beginning to end!

Wu Tianzi was stunned: "That box?"

"Box No. 7!"

Wu Tianzi quickly turned his head and looked at Box No. 7 through the bead curtain in front of him.

Then, he said loudly and confidently: "Senior in Box No. 7, I hope you can give my father some face! Let the younger generation get this opportunity!"

As soon as these words came out, the whole audience was moved and looked at Box No. 7.

At this time, people realized that it seemed that all the boxes had given Wu Tianzi face, but this box did not speak!

At the same time, Seven In the private room.

Zixing frowned: "This kid is really arrogant! He even dares to break the rules of the auction house! give face? Why give him face?"

Yu Qilin was also indignant: "That's right! Do we know his father? Even if you know each other, it depends on whether that person is worth giving face to. This guy is good, because his father is famous, so he wants us to give him face! Absolutely hilarious!"

Qin Feng's lips curled up slightly: "You two just wait and see the show!" Look how I spent 12 trillion to take a picture of this holy water!"..

Chapter 569

The corner of Qin Feng's mouth curled up slightly: "You two, just wait and see the show! See how I can capture this true spirit holy water for 12 trillion!"

Purple Star and Yu Qilin looked suspicious.

Looking at the cute expressions of the two women, Qin Feng felt an inexplicable impulse.

He wanted to enjoy the two girls together.

However, he quickly suppressed this idea.

Wu Tianzi's voice came from outside again

"Senior in Box No. 7, can you please reply?"

Wu Tianzi's tone is still full of confidence.

He secretly inquired that there are only a dozen masters coming to the auction this time.

Most of them are low-grade masters, and there are only one or two middle-grade masters, and they are the kind of middle-grade masters who have just broken through. Master.

This kind of strength was nothing in front of his father.

He didn't believe it. The people in box No. 7 really didn't give him face.

At this moment, everyone in the audience looked at box No. 7.

Even those in the box The masters were also paying attention silently.

Qin Feng glanced at the audience and looked coldly at the second box

"Feel sorry! This emperor needs this true spirit holy water!"

Qin Feng's words floated out in an understatement.

The whole audience was in an uproar!

Oh my God~!

Box No. 7 really didn't give Wu Tianzi face!

People showed surprise.

This was unexpected.

The master of the boxes The half-masters and half-masters also looked strange.

Some were curious, some were surprised, and many were worried about Box No. 7.

The master of the foggy day was powerful and very face-saving.

Not giving his son face was equivalent to not taking him seriously. Here.

The owner of Box No. 7 is afraid that there will be trouble in the future.

At this moment, in Box No. 2,

Wu Tianzi looks embarrassed.

He feels countless eyes looking towards Box No. 2, many of which are watching the show. There was even ridicule.

For a moment, his face turned red with embarrassment.

I didn't expect it!

There are really people who don't give face to their father!

"Friends from Box 7! You must be not from Tianfu Star, right? Maybe you don't know much about my father!"

Wu Tianzi's voice is still gentle.

It's just not as respectful as before.

He has changed the title of 'senior' to 'friend'.

However, he still maintains the basic politeness and gives a step up.

Qin Feng feels Funny.

This guy is on the road to fighting for his father and will never come back!

"Feel sorry! This Emperor is not interested in your father! If you want to bid, use your own strength instead of always relying on your father!"

As soon as these words came out, they were naked sarcasm.

The whole audience was shocked!

How dare the person in box No. 7 say this!

The whole audience suddenly became quiet and silent.

It was as if the air had solidified!

Wu Tianzi was stunned.!

Ever since he was young, no one has ever dared to talk to him like this!

Even his men were dumbfounded!

"snort! Friend, I just want you to give me some face. If you don't give it, there is no need to humiliate me like this! If you want to bid, just bid. Do you really think that this emperor is afraid of you?"

Wu Tianzi was filled with shame and anger.

"But before that, do you dare to tell me your name?"

Wu Tianzi was inquiring about Qin Feng's details.

Qin Feng smiled coldly: "You dare to talk to me like this, you are very brave!"

The tone of these words was arrogant, and the whole audience was moved.

Even the masters showed signs of astonishment.

What's the origin of Box No. 7?

How could you not give Wu Tianzi face?

Wu Tianzi was also stunned.

Immediately, he sneered: "Friend, what do you mean? Why don't I have the guts? Is it possible that you still dare to take action here?"

These words made the atmosphere in the audience tense instantly!

The two people were becoming more and more tit for tat!

At this time, the entire audience looked towards Box No. 7.

Everyone wanted to see how Qin Feng would answer.

However, no one thought Qin Feng would attack. Wu Tianzi.

You must know that the defensive restrictions in these boxes are extremely powerful and can resist the attacks of low-grade masters.

Even if the middle-grade masters take action, they will not be able to break through them for a while.

What's more, there are two middle-grade masters guarding the Wanbao Auction House. Will sit back and do nothing.

This is why Wu Tianzi is not afraid of Qin Feng.

At that moment, Qin Feng's voice was heard in box No. 7

"Why should I take action against you? I only need to call you by name, do you dare to agree?"

"Ha ha!! My friend, you are so funny! Call my name, and if I dare not agree, then I will crawl out of here. Your Excellency, you underestimate the courage of this prince!"

Wu Tianzi sneered.

The men beside him also shook their heads.

The guy in box No. 7 was too self-righteous.

The whole audience was confused.

Even Zi Xing and Yu Qilin looked at a loss.

Qin Feng smiled coldly:"Where is Wu Tianzi?"

"The prince is here!"

Plop~!

A muffled groan came directly from the second box

"Your Highness! Your Highness! Wake up!"

"Not good! Not good! His Highness passed out! Someone come quickly! Quickly save our Highness!"

A cry for help came from the No. 2 box.

At this moment, the whole audience was dumbfounded!

They didn't see Qin Feng take action!

Besides, the No. 2 box has a ban and will automatically defend itself.

But the ban did not respond, indicating that No. 7 No one in the box made a move.

The whole audience was surprised!

Everyone looked at Box No. 7 with strange expressions.

The atmosphere in the place was a bit solid.

Even the masters were confused.

They didn't see Qin Feng make a move.

In Box No. 7, Zi Xing and Yu Qilin also looked surprised.

Where they were sitting, they didn't see Qin Feng move a finger, so why did Wu Tianzi pass out?

Qin Feng looked down with a calm expression: "12 trillion!"

Everyone was stunned.

Only then did they remember that the auction of the True Spirit Holy Water was still going on!

The whole audience was silent.

The white-haired old man in charge of hosting was stunned for a few seconds.

He looked at Box No. 7 hesitantly, wondering if he should It's time to continue.

No one in the audience dared to follow.

Even Wu Tianzi was inexplicably unconscious. How dare they bid?

The owner of box No. 7 is too mysterious.

Seeing that the white-haired old man didn't respond for a long time, Yu Qilin frowned

"whiteLord, didn't you hear my master's bid??! "

At the same time as he spoke, the aura of the Jade Qilin's inferior master emitted and instantly enveloped the entire audience.

"Lord of White Mountain, please bid quickly! My master's time is precious!"

Purple Star agreed, and the aura of the middle-grade master instantly suppressed the entire audience.

Everyone was extremely shocked.

The masters in the boxes were also moved.

My God!

Two female masters are servants!

One of them is a middle-grade master!

This The owner of Box No. 7 is too scary!

The Lord of Baishan is also frightened.

He is just a low-grade Lord.

At that moment, he quickly shouted the price:"The friend in Box No. 7 bids 12 trillion! Anyone else willing to follow up?"

As soon as these words came out, the whole place was completely silent, and no one dared to answer.

The Lord of Baishan paused for a while, and seeing that no one followed up, he continued:"Friends in Box No. 7, bid 12 trillion, for the first time!"

"12 trillion, the second time! Everyone, if no one follows up, this True Spirit Holy Water belongs to Box No. 7!"

Still no one is following me!

"12 trillion, the third time!"

"Congratulations to the friend in Box 7 for taking the photo of the True Spirit Holy Water!"

Finally, the final word!

Many people in the crowd showed envy.

They bought the True Spirit Holy Water for 12 trillion, which is too profitable!

Yu Qilin and Zixing were overjoyed.

The treasure they wanted was finally obtained!

What's even more gratifying is that, A treasure worth about 50 trillion yuan was photographed for only 12 trillion yuan.

By the way, Qin Feng said before that it could be photographed for 12 trillion yuan. Could it be that.....

"Qin Feng, did you make Wu Tianzi faint?", Zixing looked curious.

Qin Feng smiled and said nothing.

The true meaning of retribution is really easy to use!

What he just used was the secret technique that contains the true meaning of retribution.

No contact is required, just call the other party's name.

If the other party dares to agree, With one sound, he will be stunned by the curse. He is not yet proficient in using this secret technique.

If he practices to an advanced level, he can directly curse the opponent without asking his name, making it difficult for people to guard against him.

Even if there is a defensive restriction between the two, Use.

This is: don't ask about the cause, only ask about the retribution.

This is a weapon for killing people!

The only flaw of this secret technique is that after it is used, the cause and effect will double and the hatred value will increase several times.

But Qin Feng's seal of cause and effect is almost completed , what else is he afraid of being entangled in karma?

Soon, footsteps sounded outside the box

"Sir, the items you photographed have arrived. Can I come in?"

An old man's voice sounded outside the door.

"come in!", Qin Feng activated the talisman, and the entrance restriction was opened.

An old man with a breath like abyss came in.

When he saw the purple star and jade unicorn beside Qin Feng, he was a little surprised.

However, he did not dare to look.

The owner of this box Somewhat mysterious!

At that moment, he walked respectfully to Qin Feng with his head lowered and took out a transparent jade bottle.

Jade Qilin took the jade bottle, opened it and looked at it for a while and said:"Master, this is the true spirit holy water!"

Qin Feng nodded slightly.

Purple Star understood and threw a storage ring to the old man.

The old man took it and checked it, and found that there were indeed 12 trillion Xingtide stones in it.

He was overjoyed: "Thank you, sir! I'll take my leave now. Happy bidding!"

The old man bowed and left in a hurry.

After the old man left, Qin Feng took the true spirit holy water handed over by Yu Qilin and was filled with joy.

"I'll refine the holy water, and you can continue bidding! If there is anything good, take a photo if you can!"

"We know it, so go ahead with confidence!"

Qin Feng smiled slightly and entered the small universe directly.

The next second, he was over the Zhongji Star.

Qin Feng excitedly took out the True Spirit Holy Water and swallowed it in one gulp. The cool air instantly spread throughout his body and penetrated into his soul.....

"Ding! Successfully swallowed the holy water of the true spirit...the soul was purified...the blooming progress of the flower of the soul was increased to 100% (the flower bloomed with thirteen petals).....Combat power increased to...3.47 trillion....."

"Ding! Congratulations to the host, your soul flower blooms again, with thirteen petals... The combat power has been increased to 3.6 million trillion....."

At the same time, a jade-colored soul flower appeared above Qin Feng's head, slowly blooming, and the fragrance overflowed.....

The next second, the flower bloomed with thirteen petals, the glow was brilliant, the stars and rivers trembled, and the world was shocked..

Chapter 570

At the same time, a jade-colored soul flower appeared above Qin Feng's head, slowly blooming, and the fragrance overflowed.....

The next second, the flower bloomed with thirteen petals, the glow was brilliant, the stars and rivers trembled, and the world was shocked.

At this moment, the auspiciousness of heaven and earth descended from the starry sky near Tianfu Star again, and the colorful glow once again enveloped the entire Tianfu Star...

In the glow, golden flowers fell, golden lotuses emerged, and the auspiciousness was endless.....

The flower of the soul blooms with thirteen petals again, unprecedented in ancient times, and the world is amazed.....

At this moment, the entire Tianfu Star was shocked again.

Everyone looked at the stars in shock.

Even the auction that was going on, some people could sense it, and everyone looked shocked...

At this moment, Tianfu City, the meeting hall.

The Lord of Tianfu Star is discussing the selection with his subordinates.

This auspicious sign from the sky shocked everyone present.

Star Master Tianfu stepped out of the hall and left the hall.

All the subordinates followed him out one after another.

After a while, everyone looked at the auspicious symbol in the sky, feeling shocked and vaguely excited.

A low-level star master said happily: "This time it is auspiciousness from the sky, it seems to be one point stronger than the last time. My Tianfu star is very lucky, and another super genius is about to be born!"

"yes! It has only been a month since the last time auspicious auspiciousness descended from heaven, and it has appeared again this time. This is a sign of prosperity in heaven!"

Another low-grade star master also agreed.

There are four star masters in Tianfu Star, one high-grade star master and three low-grade star masters.

As soon as these two star masters finished speaking, all the masters nodded.

They are all Tianfu stars. Those who love the star naturally hope that Tianfu Star will get better and better.

The Lord of Tianfu Star was also delighted.

He stroked his beard and smiled and said: "Those who can receive the auspiciousness from heaven are all super geniuses. The selection and assessment is coming soon. I wonder if these two talents will show up?"

"Star Lord, the chaotic star field is about to open, and our Tianfu star will be auspicious. I'm afraid this is the will of heaven and earth. According to my subordinates, these two talents are likely to appear!"

"Makes sense!", Tianfu Star Master nodded slightly, "Then we will double the reward and announce it to attract more talents to sign up!"

All the subordinates agreed one after another.

The Lord of Tianfu Star also showed a look of expectation.

They didn't know that these two auspicious events were caused by Qin Feng alone.....

At this moment, in the small universe.

Qin Feng opened his eyes happily.

All visions in heaven and earth disappeared.

The auspicious sign above Tianfu Star also disappeared

"The flower of the soul finally blooms with thirteen petals!"

Qin Feng smiled slightly.

He was ready to break through the God Emperor.

With just a thought, his body roared continuously, and the cultivation that had been suppressed for a long time exploded at this moment.

Click~!

A clear sound!

The cultivation barrier was easily broken.

Qin Feng His momentum skyrocketed, and his whole body shone brightly.....

The next second, two divine flowers appeared above his head.

The one on the left is golden in color and has three petals. It is the flower of the other shore.

The one on the right is jade-colored and has thirteen petals. It is the flower of the soul.

At this moment, the vitality surged in the center of the two flowers.

After a moment, a flower of soul condensed out.

The flower is divided into nine petals, nine petals and nine colors, divided into black, white, red, cyan, blue, yellow... which are exactly opposite to the colors of the nine elements.

The color of the flower of the soul is the same as the color of the element of cultivation.

If it is a fire elemental master, the condensed essence flower will be red.

If it is a Mu Yuan master, the condensed Yuan Shen flower will be cyan.

Qin Feng is a unique Hunyuan elemental master, obtained from fellow practitioners of the Nine Elements.

Therefore, the flower of his soul has nine petals and nine colors.

The nine-color divine flower appears!

The world is changing, and endless divine power sweeps across the entire small universe.....

"Ding! Congratulations to the host for condensing the flower of soul and breaking through to the quasi-cosmic god emperor.....Combat power increased to 4 million trillion....."

The next second, Qin Feng thought, and the power of space in his body began to merge with the flower of soul.....

The next second, the flower of the soul slowly grew a translucent petal.....

Qin Feng's tenth power - the power of space.

His momentum then skyrocketed.....

"Ding! Congratulations to the host, your flower of soul has condensed the petals of space, and the host has broken through to the early stage of the God Emperor of the Universe.....Combat power surges to 6 million trillion....."

"Ding! Congratulations to the host, your small universe has gained space attributes, and the space intensity of the universe has increased tenfold....."

"Ding! Congratulations to the host, your small universe has acquired the attribute of space, and the universe has begun to grow automatically, becoming endless and boundless....."

Boom~!

The next second, the small universe trembled and expanded infinitely in all directions at a very fast speed.....

Qin Feng was ecstatic.

If it continues to expand automatically like this, sooner or later, his small universe will be the same size as the big universe outside.

This breakthrough to the God Emperor of the Universe is completely different!

However, the speed at which the space petals condense is too slow, probably due to lack of energy.
.....

Qin Feng waved his hand, and nine World Crystals and two World Pearls appeared in front of him.
.....

A World Crystal and a World Pearl have the same effect.

The effect of one World Pearl is equivalent to a dozen white crystals.

The effect of a piece of white crystal is equivalent to a thousand soul lotuses.

Those nine World Crystals and two World Pearls are equivalent to 110,000 soul lotuses, and the energy they contain is immense.

Qin Feng opened his mouth and sucked it all in, swallowing it all.....

Violent energy instantly filled his body, and his momentum skyrocketed.

The space petals on the flower of the soul are growing rapidly.....

"Ding! Successful devouring...Congratulations to the host for breaking through to the early stage of the God Emperor and reaching the Great Consummation, and the combat power has been increased to 10 million trillion....."

"Ding! Congratulations to the host for successfully condensing the power of space. The flower of the soul blooms with ten petals....."

The flower of the soul appeared again on Qin Feng's head, slowly blooming.....

This time, the space petal is complete and no longer the small half piece it was before.

The whole flower of the soul has ten colors and ten petals, and is overflowing with fragrance!

"Ha ha! The combat power has reached the threshold of a mid-level master!"

Qin Feng was delighted.

But this is not over yet!

He has no bottlenecks in breaking through the various realms of the God Emperor. He only lacks energy replenishment.

Every time he breaks through, the small universe will double in size, and the five polar stars will also become larger. , these all need energy to replenish.

He has just swallowed the World Crystal and the World Pearl, and there is still some residual energy that has not been used.....

Qin Feng's mind was determined, and the bottleneck was broken through again.

His whole body was shaken and his momentum surged.

His soul flower also changed accordingly.

A silver petal sprouts out.....

"Ding! Congratulations to the host, your flower of soul has condensed the petals of time, and the host has broken through to the middle stage of the God Emperor of the Universe 3%.....Combat power surges to 15 million trillion....."

"Ding! Congratulations to the host, your small universe has gained the river of time, and the time force field of the small universe has been increased to 100 times....."

Boom~!

The entire small universe shook violently.

An endless silver river spanned the east-west direction of the universe, and then merged into the small universe and disappeared.

That is the flow of time!

As time passed, Qin Feng had some strange feelings in his heart.

He felt the longevity of three thousand creatures in the long river of time, and he could even see the future appearance of those three thousand creatures. All of them were at the master level!

Qin Feng looked into the depths of the small universe in surprise.

As the master of the universe, he could clearly hear the heartbeats of those three thousand creatures, and even sent him extremely intimate messages.

It's just that these creatures are still in an egg-shaped state, they have not hatched and are still growing.

They are the three thousand innate creatures that were born when Qin Feng created the small universe.

"These guys have different futures!"

Qin Feng sighed.

Immediately, he was a little happy.

These innate creatures were created by him and will definitely be loyal to him and to this universe.

This is a hidden big force!

In addition, the time power of the small universe The field has increased to 100 times.

One day has passed in the outside world, and a hundred days have passed here.

The speed at which these innate gods are hatched has accelerated.

"such a pity! The cultivation level has only increased to 3% of the middle stage of the God Emperor. This energy is still not enough....."

Qin Feng had some unfinished ideas."

But at this moment, he seemed to sense something, and he showed joy again.

The next second, the space around him fluctuated, and the shadow clone appeared, holding 17 white crystals in his hand.

Just now, daylight began outside The auction of crystals.

Perhaps Qin Feng had established his power before, and the masters were afraid of him.

This time, the shadow clone took down all the white crystals in one go.

Those masters dared to be angry but did not dare to speak out. Even the financial resources were not available. Go to death.

In this way, the virtual shadow clone took 17 white crystals at a cost of only 51 trillion Xingxi stones, with an average of 3 trillion each.

Qin Feng opened his mouth and swallowed all 17 white crystals.....

"Ding! Successfully swallowed the Tiantian Crystal...the cultivation level broke through to the middle stage of the God Emperor of the Universe 17%.....Combat power increased to 16 million trillion....."

"Ding! When the conditions are met, the Master of Kirin's inheritance awakening is increased to 70%, a large amount of Kirin's divine power is obtained, and the combat power is increased to 18 million....."

Qin Feng was pleasantly surprised.

The strength has skyrocketed again, and the Qilin inheritance and awakening have been improved.

However, the progress of this cultivation is too slow!

He also wants to break through to the late stage of God Emperor in one fell swoop.

After all, his power of reincarnation has been perfected for a long time, and there is no bottleneck in breaking through to the late stage of the God Emperor.

"It seems that I have to find a way to get some white crystals, world pearls, etc. before the chaotic star field opens! Otherwise, I don't know when and what month it will take to break through to the late stage of the God Emperor."

Qin Feng murmured in his heart.

He was thinking, will the selection assessment held by Tianfu Star Master this time reward Bai Tianjing or the like?

Just as this idea came to his mind, Yu Qilin's mind came over.

The auction house was actually auctioning. The Pearl of the World, Yu Qilin asked him to hurry over.

Qin Feng was so happy that he left the small universe in a flash..
