

## God level 571

### Chapter 571

The next second, Qin Feng arrived in the box.

When the two women saw him, their beautiful eyes shone.

Just for a while, Qin Feng's aura became much stronger.

They can't even see through it

"Qin Feng, have you broken through to the early stage of the God Emperor?", Yu Qilin asked with concern.

Zi Xing also looked at him expectantly.

"The middle stage of the God Emperor!"

"Wow! so fast!"

The two women were very happy.

This was far beyond their expectations!

Qin Fengte smiled slightly, put his arms around the slender waists of the two women, and felt their fragrance, which was very comfortable.

At the same time, at the venue below, the white-haired old man had already taken the 4 World Pearls were produced.

There was a lot of discussion below

"It really is the pearl of the world! But we can't refine this thing!"

"Not to mention us, even the Lord can't refine it. At least it requires a star master to refine it. But the Star Lord is no longer interested in these things!"

"yes! However, it also has some special uses, which are rare after all!"

The crowd kept muttering.

Qin Feng smiled slightly.

He has the god-level devouring ability, and it is easy to refine these world pearls.

"Everyone, start bidding for the Pearl of the World now, with a low price of 5 trillion! Each price increase shall not be less than 50 million!"

As soon as he said this, Qin Feng's eyes lit up and he looked happy.

This is too cheap!!

You know, one World Pearl is equivalent to 10 white crystals.

And the market price of white crystals is about 3 trillion.

Conversion Look up, this Pearl of the World should be worth 30 trillion, but the starting price here is only 5 trillion.

Qin Feng understood it after a little thought.

The value of 30 trillion is for him, because he can refine it.

But others can't refine it, so its use is limited, and its value is naturally reduced.

At this time, someone bid from below

"I offer 5.5 trillion!"

"6 trillion!"

"6.5 trillion!"

"10 trillion!"

Qin Feng directly raised the price.

Everyone was moved.

It suddenly reached 10 trillion!

Hiss~!

The market price of the Pearl of the World is about 9 trillion.

This 10 trillion is a bit expensive.

It can be seen from this that Box No. 7 The owner was determined to win.

Everyone looked at Box No. 7 in awe.

Those who wanted to bid had given up.

Now, Qin Feng stole the spotlight in the auction house.

He is not even afraid of the Lord of the Fog Sun, how can he dare to provoke these people?

"Box No. 7, one bid of 10 trillion! Are there any higher prices?"

The white-haired old man was a little happy.

The price was good.

"10 trillion twice! Is there anyone else?"

"10 trillion three times! Congratulations to Box No. 7 for winning the Pearl of the World!"

This time the photo was taken smoothly.

Next, the second one was taken.

This time, Qin Feng was the first to bid 7 trillion.

After he bid, no one followed him.

In the end, Qin Feng unexpectedly It was bought at a price of 7 trillion.

Everyone knew that Qin Feng wanted it, so they simply didn't follow the bidding. It was not something that was needed anyway.

Only the white-haired old man was a little depressed.

The bidding price of the second one was obviously lower than the market price.. Next

, the third one was also photographed by Qin Feng for 7 trillion.

The white-haired old man felt like vomiting blood.

After calculation, three of them were 24 trillion, and the average one was only 8 trillion, which was lower than the average market price. Yes!

"Next, the fourth Pearl of the World is auctioned. Guys, please bid!"

"7 trillion!", Qin Feng was still the first to make an offer.

The white-haired old man wanted to cry but had no tears:"7 trillion! Anyone else offer a higher price?"

That's the price for a slice in the field.

Oh~!

It's true!

The white-haired old man had no choice but to continue shouting:"Box No. 7, the first bid! Is there any higher?"

After saying this, there was a movement in the box.

"Your Highness! Your Highness! Are you awake?"

Everyone was startled and turned to look at Box No. 2.

That Wu Tianzi woke up at this moment.

I was afraid that there was going to be a good show.

At the same time, in Box No. 2,

Wu Tianzi woke up leisurely, his face full of tears. The look of pain, obviously there are some sequelae

"Your Highness, are you okay?"

The guards around were extremely nervous.

Wu Tianzi opened his mouth with difficulty: "Quick! Call my dad quickly!"

The first thing he did when he woke up was to look for his father.

"good! good! Please contact me immediately!"

The guard leader immediately sent a message to the Lord of Wuri.

At this moment, the voice of the white-haired old man came from outside the box.

"Box No. 7 bids 7 trillion for the second time. Is there any higher price?"

As soon as he heard the words "Box No. 7", Wu Tianzi's eyes widened and his heart was filled with anger.

At that moment, without even thinking about it, he shouted loudly: "I bid 8 trillion!"

As soon as these words came out, the whole place was in commotion. As soon as Wu Tianzi woke up, he got into a fight with the people in the No. 7 box.

In the No. 7 box,

Zi Xing and Yu Qilin frowned.

"Qin Feng, this guy obviously did it on purpose!"

The two women were indignant.

Qin Feng raised the corner of his mouth and lightly snapped his fingers.

Poof~!

The sound of falling immediately sounded in the second box, as well as the exclamations of the guards.

"Not good! His Highness fainted again!"

"It's over! It's over! This time His Highness's seven orifices are bleeding. Please call the Master over quickly!"

The guards shouted anxiously.

The whole audience was stunned.

Why did Wu Tianzi pass out again this time?

It seemed worse than the last time!

The next moment, everyone looked at box No. 7.

Everyone suspected that Qin Feng did it..

But this time, Qin Feng didn't even ask!

So how did Qin Feng do it?

This was so mysterious!

At that moment, everyone looked at Box No. 7 with awe in their eyes.

The atmosphere of the scene also became depressing..

Several staff members panicked and ran to Box 2 to carry out rescue operations.

No matter what, they could not let Wu Tianzi die in the auction house.

"9 trillion!"

At this time, Qin Feng bid calmly.

The whole place became quieter.

The atmosphere became weird.

The white-haired old man swallowed and started to shout out the price. No one dared to compete.

After three times, Qin Feng spent 9 trillion The fourth one was sold.

At this moment, in the room,

Qin Feng was in a very good mood.

He bought four World Pearls for 33 trillion.

Exchange them for the same price.If it were to be crystal clear, it would cost 120 trillion.

Qin Feng thinks it's a good deal

"Qin Feng, Wu Tianzi was unconscious and bleeding from all his orifices just now, was it you who did it?"

Zixing asked suddenly.

Yu Qilin also looked at him curiously.

Qin Feng smiled and nodded.

Both Zixing and Yu Qilin couldn't help showing surprise.

Qin Feng's secret technique seemed to have become more powerful.

Naturally, they couldn't help but ask. You know, after Qin Feng's soul flower bloomed with thirteen petals, the power of the secret technique of retribution has been strengthened.

Now, he can directly attack the target without calling out his name, without a shadow.

Moreover, as his cultivation level improves, the secret technique The power will become stronger and stronger.

When it reaches a certain level, it can be cursed to death with just one thought. Of course, the secret technique also has limitations. It will be very effective for those whose cultivation is lower than one's own, but will be greatly reduced for those whose cultivation is higher than one's own.

Cultivation If it reaches a certain level, it is ineffective.

At this moment, footsteps sounded outside the box.

A staff member asked to come in.

Qin Feng opened the ban.

The staff member who came in was still the old man from last time.

He respectfully took out four The Pearl of the World completed the transaction with Qin Feng.

After both parties verified that it was correct, everyone was happy.

Before leaving, the old man suddenly lowered his voice: "My lord, for the upcoming auction, I believe you should leave as soon as possible!"

"I just got the news that Wu Tianzi's guards have contacted Wu Ri Lord. They said that Wu Tianzi was seriously injured and dying. After hearing this, the Lord of the Fog Sun became furious and rushed over with all his strength."

"The Lord of the Fog Sun is a middle-grade Dzogchen expert, ranking 73rd on the Tianfu Star Top 100 list. You may not...."

The old man stopped mid-sentence.

He has a discerning eye and has already seen that Zi Xing is a mid-level master, Jade Qilin is a low-level master, and Qin Fengcai is a mid-level divine emperor.

With such strength, the three of them together are no match for the Misty Lord.

Especially Qin Feng, who is too weak.

If a fight breaks out, disaster will soon follow.

He also had a good impression of Qin Feng and the others, so he kindly reminded them

"Friend, thank you for the reminder!" Qin Feng was still very grateful.

The old man whispered: "Three of you, if you want to leave now, I will guide you secretly to ensure that no one notices that you have left!"

Qin Feng smiled slightly: "No!" I also want to see if there are a few items in the finale that I want."

The old man was stunned.

He didn't expect Qin Feng to be unwilling to leave.

Isn't he waiting to die?

"Friend, you are.....Why!"

The old man sighed.

Since he couldn't persuade him, he had no choice but to shake his head and leave.

What a pity!

It's hard to say what will happen to such a handsome young man.

Even if the two female masters around him are good, it will be difficult to protect him.!

After the old man left, Qin Feng looked at Zixing:"Is the number 73 on the Tianfu Star Top 100 list very powerful?"

"It's really awesome!"Zixing said seriously,"You have to know that the 70th place on the top 100 list is a half-step top-level master."

"The Lord of the Misty Sun's ranking is only three places behind the half-step top grade, which shows his strength."

"His cultivation has also reached the ultimate level of middle-grade Dzogchen, and his combat power is close to 35 million trillion. He is indeed an extremely difficult opponent....."

Qin Feng nodded slightly.

The combat power of a half-step high-grade master is 40-80 million trillion. If the combat power reaches 10,000 trillion, it is the power of a capital.

The half-step high-grade combat power can also be converted into 4000-8000 Beijing.

The upper-grade dominant combat power is 20,000-100,000 Beijing.

"Qin Feng, how about we avoid the limelight first?", Zixing reminded.

She was also a little worried that Qin Feng was not the opponent of the Lord of the Fog Sun.

"No need! We'll just wait for him to come! By then, who will be unlucky?"

Qin Feng looked confident.

He knew that he could not get rid of this cause and effect.

He used the secret technique of retribution on Wu Tianzi twice in a row.

The cause and effect hatred doubled.

He had expected that the Lord of Wu Sun would come.

Even if he If he avoids it this time, the hatred next time will only be higher, not lower.

In this case, he might as well solve it on the spot. Besides, he really wants to see the final item in the auction house.

After all, the chaotic star field is about to open, like There are not many opportunities to exchange resources like this.

If he misses it, who knows how long he will have to wait?

All he has to do now is to seize the opportunity and improve his strength.

When he reaches the Chaotic Star Territory, he may meet the Star Master.

With his current strength, facing the Star Lord, he can only be killed instantly, so he must improve his cultivation as soon as possible.

At this time, Zixing smiled tenderly: "Qin Feng, if you really defeat the Lord of the Fog Sun, then you will become the 73rd among the Tianfu Top 100. By that time, your identity and status will be different, and the Star Master will definitely focus on training you! Qin Feng smiled: "

Ignore those trivial matters, let's continue!" After the auction is over, we will go to Tianfu City to sign up for the selection!"

The two women agreed obediently.

They also kissed each other on Qin Feng's face.

The three of them were intimate and the atmosphere was harmonious.

During this period, Qin Feng directly swallowed four world pearls.

His cultivation reached the middle stage of the Universe God Emperor. 37%, combat power increased to 20 million.....

Time flies.

In a blink of an eye, two hours passed.

Qin Feng took pictures of several rare items, which were of great use to him.

He also took a picture of Yu Qilin's half-step master Yuan Wu.

After spending a lot of money, he only had 160 trillion in assets left.

At the end, the finale treasure finally came out.

As soon as the treasure came out, everyone was shocked.

Qin Feng, Zixing, and Jade Qilin all showed expressions of ecstasy..

Chapter 572

As soon as the treasure came out, everyone was shocked.

Qin Feng, Zixing, and Jade Qilin all showed expressions of ecstasy.

I saw the white-haired old man taking out a gray crystal stone, the size of a fist, exuding overwhelming pressure.

Not only that, the gray crystal seems to be extremely dense, automatically generating huge gravity.

As soon as it appeared, the time and space of the entire venue were forcibly distorted.

Those god-emperors felt very uncomfortable, as if they were being forcibly sucked in by the gray crystal.

Those in the Wheel Sea Realm were even more pale, unable to bear the suction of the gray spar.

But the masters in those boxes were all excited.

I didn't expect it to be such a treasure!

In each box, the masters became excited, and some even clenched their fists.

There were also some masters who looked secretly at Box No. 7.

This time, they won't give in at all.

When it comes to important matters related to breakthroughs in cultivation, there is no reason to be humble!

Buzz~!

A loud roar!

The bell is ringing!

The whole place was quiet for a while.

Then, the white-haired old man held the gray crystal and took a deep breath.

"Everyone, this Zhongtian Crystal is the finale item of this auction!"

Sure enough, it's the Zhongtian Crystal!

The masters are even more excited.

The so-called Zhongtian Crystal is the elemental essence extracted from the neutron star. It takes 5 billion years to produce one.

The effect of one Zhongtian Crystal is equivalent to a hundred daytime crystals. Crystal.

Not only that, the Zhongtian Crystal can also help the masters break through the cultivation bottleneck.

This effect is enough to make the masters crazy!

Therefore, the actual value of one Zhongtian Crystal is greater than a hundred white crystals.

Of course, the Zhongtian Crystal It is extremely difficult to extract.

Generally, only half-step star masters and above have the ability to extract neutron stars.

Masters generally only have the ability to extract daytime crystals from white dwarf stars.

This makes the neutron crystal rare.

After all, In the entire universe, power above the half-step star master level is still very rare.

At this moment, in box No. 7,

Purple Star and Jade Qilin were pleasantly surprised.

If Qin Feng could get this Zhongtian Crystal, he would definitely be able to break through to the late stage of the God Emperor.

By that time, even if the Lord of the Misty Sun arrives, they are no longer worried.

The two women are still a little worried about the Lord of the Misty Sun.

After all, Qin Feng is only in the middle stage of the God Emperor, and Purple Star cannot stop the Lord of the Misty Sun.

Of course, Qin Feng also coveted this Zhongtian Crystal.

In order to achieve good results in the next god-level selection, he was also eager to improve his cultivation as soon as possible.

This Zhongtian Crystal was of great benefit to him

"Qin Feng, we may not have enough money!"

Zixing suddenly thought of a key question.

Qin Feng was slightly startled.

He did not consider this question.

Today, he has spent hundreds of billions of Xingxi stones, and only 160 trillion is left. There is really not much left..At this moment, the voice of the white-haired old man came from below

"The bidding for Tianjing starts now, with a base price of 100 trillion! Each bid is no less than 10 trillion!"

"I offer 110 trillion!", Box No. 3 was the first to bid.

"I offer 120 trillion!", Box No. 1 followed closely.

"140 trillion!", Box No. 9 followed the bidding.

The God-Emperors were frightened when they heard this.

These masters are so rich!

In fact, in this auction, these masters didn't do much.

They kept their money just for this. The final treasure.

Now, the time has come!

On the contrary, Qin Feng took over a lot of resources at the meeting and consumed a lot along the way. Naturally, there was not much money left.

At the same time, in the second box, the Wu Tianzi who was bleeding from his seven orifices slowly woke up..

Surrounded by guards and surprises

"Your Highness, you finally woke up!"

This time, the guards became smarter. They lowered their voices one by one and stopped screaming.

In addition, they also opened a one-way soundproof barrier.

They can hear the sounds outside, but not outside. The voices inside.

They did this because they were afraid that Wu Tianzi would faint and die again.

It was obvious that there were experts at this meeting targeting Wu Tianzi.

If Wu Tianzi really died, they would have to be buried with him!

The Lord of Wuri is I will never let them go

"I...why did I faint again?!", Wu Tianzi is extremely weak

"I don't know!", all the guards felt guilty.

Wu Tianzi was confused for a while.

Could it be that Box No. 7 was responsible again?

Thinking of this, he looked at Box No. 7 through the bead curtain, with deep fear in his eyes.

"Mr. Sun, when will my father come?"

Wu Tianzi gasped and looked at the old man aside.

This old man was his guard leader.

"Back to His Highness, the old slave contacted the Master an hour ago. According to the time, the Master should be arriving soon!"

It was as if Wu Tianzi had grasped a life-saving straw, and his eyes shone brightly.

"Very good! When my father comes, he will definitely help me take revenge!"

Wu Tianzi looked at Box No. 7 again.

There was hatred in that fear.

"Your Highness, it's the finale of the auction now. The old slave is worried that after the conference is over, the master has not arrived yet!"

Wu Tianzi frowned.

At this moment, there was a bidding call outside.

"I offer 150 trillion!"

"Box No. 6 bids 150 trillion! Who else is taller!"

"160 trillion!"

Qin Feng finally made a bid.

This is his only remaining property.

"Box No. 7, 160 trillion! Is there any higher!"

Hey! The guy in box No. 7 participated in the bidding again!

Hatred surged out of Wu Tianzi's heart.

He opened his mouth and subconsciously wanted to bid.

But the next second, he shut up quickly.

He was afraid!

What's more, He doesn't seem to have that much money!

At this moment, someone made a bid for box 13

"I offer 180 trillion!"

"I offer 200 trillion!"

Box No. 5 followed closely with the bid.

"230 trillion!"

Box No. 8, who had never spoken before, also made a bid.

Everyone was dumbfounded.

There was silence.

The bid reached 230 trillion, and most of the masters were no longer able to succeed!

The owner of Box No. 8 also showed that he was confident.

He had already It's the inferior master who has reached the Great Consummation

If you want to get this Zhongtian Crystal, you can break through to the mid-level master in one fell swoop.

At the same time, in box number seven.

Qin Feng smiled bitterly.

He really doesn't have enough money!

It seemed that Tianjing had no chance with him.

But at this moment, Zi Xing suddenly called for a price

"2.4 million!"

As soon as these words came out, the whole audience was shocked.

There is even a higher one!

Hey! It's actually Box No. 7!

For a moment, everyone looked weird.

This Box No. 7 is really rich!

I haven't seen it all the way. Keeping a low profile.

Those God-Emperors were envious.

At this moment, in box No. 7,

Qin Feng looked at Zixing in surprise: "Zi'er, I don't have that much money!"

Zixing smiled sweetly: "I have it! I still have 130 trillion tidal stones, combined with yours, it's not enough!"

Qin Feng shook his head quickly: "No!" I can't use your money!"

As a man, Qin Feng cannot accept that he has to use his woman's money.

There is some machismo in his character.

"What's wrong with that? I said yes, that's it!"

Zixing shook Qin Feng's arm and acted coquettishly.

"no!" Qin Feng refused directly.

At this time, the voice of Box No. 8 came again from outside the box.

"I offer 260 trillion!" Box No. 8 is determined to fight.

The white-haired old man is excited: "Box No. 8 bids 260 trillion, is there anything higher?"

"270 trillion!", Zixing called the price directly.

Qin Feng was speechless.

"Master, I am your little slave girl. Isn't the little slave girl's money your money?"

Zixing turned up her little mouth and acted coquettishly. She saw that Qin Feng wanted to save face.

Qin Feng was about to say something.

Suddenly there was a loud shout outside the venue.

"Get out of here!"

Immediately, several figures flew upside down and fell into the venue.

Everyone was startled and turned their heads to look. They saw that the people who fell in were the guards of the auction.

At this moment, the light and shadow at the entrance flashed, and a middle-aged man The man walked in with a sinister expression.

As soon as he came in, there were many exclamations in the audience.

"It's the mist master!"..

Chapter 573

As soon as the Lord of Fog entered the scene, the terrifying pressure of the Lord instantly enveloped the entire place.

The God-Emperors could not bear the pressure, and their expressions changed, and many people fell from their seats.

At this moment, the whole audience was horrified.

Even the masters were frightened.

None of them is an enemy of the Master of the Misty Sun.

The face of the white-haired old man in charge changed slightly. He quickly took out a jade messenger and quietly sent a message for help.

At the same time, many people secretly looked at Box No. 7.

This Lord of the Fog Sun is obviously the reinforcements brought in by the Fog Emperor, and he must be targeting Box No. 7.

This time, the person in box No. 7 will be in trouble!

Some people were worried about the people in Box 7, but more people were gloating about their misfortune.

Especially the masters, almost all the benefits of this auction were taken up by Box No. 7, and they must be unhappy.

Therefore, they wished that the person in box No. 7 would be unlucky.

At this moment, in box number seven.

Qin Feng and the other three also saw this scene

"Qin Feng, trouble is coming!"

Zixing was a little depressed.

She also thought about taking the Zhongtian Crystal first and letting Qin Feng break through the late stage of the God Emperor.

That way, she would be more confident against the Lord of the Fog Sun.

Unexpectedly, this guy arrived at the last moment and returned What a coincidence!

Qin Feng smiled slightly:"Come now! No need to worry!"

With a wave of his hand, he took Jade Qilin into the small universe.

At the same time, Chu Chu, Bao Bao, and Bai Qi were also summoned into the small universe by him.

Once he faced the enemy, he had to use the combination of stars and extremes.

"Brother, what happened?"

"Dad, I am having fun on Earth! We have recently discovered a lot of resources near the solar system!"

As soon as the two little guys returned to the small universe, they were chattering there.

Yu Qilin hurriedly said:"Let me tell you, there is a middle-grade master who may cause trouble for Qin Feng....."

At that moment, several people started chatting in the small universe.

Qin Feng no longer paid attention to the affairs of the small universe and looked at the venue.

The Lord of the Fog Sun coldly glanced at the whole place.

Wherever his eyes passed, everyone lowered their heads, not daring to look at him, not even daring to breathe.

The atmosphere in the whole place became very depressing and the air was frozen.

"Where is my son?"

"Dad, am I here?"

Wu Tianzi shouted in surprise.

He finally waited for his father.

The Lord of Wuri missed the mark with one step.

The next second, he entered the second box. As soon as he entered the box, he saw Wu Tianzi's pale and weak look. The Japanese ruler is extremely distressed

"Wu'er, how could you do this?"

"Dad, it was all the fault of the guy in Box 7!"

"What?!", the Lord of the Fog Sun was furious, "How did he harm you?"

"Dad, that's it....."

At that moment, Wu Tianzi recounted the previous situation, and there was a lot of embellishing in it.

The Lord of the Misty Sun was furious after hearing this.

When Box No. 7 heard his name, he refused to give face to his son. It was obvious that he didn't take him seriously.

What's even more irritating is that he has always cherished his son, and he is not willing to curse him, but he is being plotted against him one after another.

"Walk! Dad takes it out on you!"

"Um!"

Wu Tianzi was overjoyed and hurriedly followed Wuri Master out of the box.

The two flew directly over the venue and came to box No. 7.

Everyone in the venue held their breath and looked over.

Everyone knows that it is a good show. It's about to be staged.

There are some worried in the crowd, and some are gloating.

Especially the master in box No. 8 is the most delighted to see this scene.

This master is an old woman.

She found out about this auction through her connections, and there will be The Zhongtian Crystal was the finale.

She was overjoyed when she got the news.

She had been stuck in the inferior realm of dominating the Great Perfection for hundreds of thousands of years.

This time, she wanted to rely on this Zhongtian Crystal to break through, so she brought 90% of the family's assets, she just wanted to take a photo of this Zhongtian Crystal.

Unexpectedly, a No. 7 box appeared in the middle, which made her plan come to nothing.

Happily, at the last critical moment, the Lord of the Fog Sun appeared..

The Master of Fog Ri is a middle-grade Master of Dzogchen, and the owner of Box 7 will definitely be in trouble.

As long as the Lord of Fog Ri drives away the owner of Box 7, she will have a chance to take a picture of the Zhongtian Crystal.

Thinking of this, she had a look on her face Looking at box 7 with schadenfreude

"Friends, come out and meet us! This Lord wants to see who you are!", the Lord of the Fog Sun sneered.

"hehe! This emperor also has this intention!"

The next second, Qin Feng appeared

"So young!"

"What a handsome young man!"

Everyone was amazed when they saw Qin Feng's appearance clearly.

However, the owner of box No. 7 was different from what everyone imagined!

Everyone thought he was an older man.

Wu Tianzi was also a little dumbfounded.

Didn't expect this The guy is younger than me.

Could it be that this young man assassinated me twice in a row?

"Huh! You are only in the middle stage of God Emperor!"

The Master of Fog Ri saw through Qin Feng's cultivation level at a glance.

As soon as he finished speaking, the whole place was in an uproar.

"No way? Is this young man only in the middle stage of the God Emperor?"

"Forehead? Isn't he the master?"

The whole audience was shocked and looked at Qin Feng one after another.

At this sight, everyone was dumbfounded.

This boy in white is really the middle-stage God Emperor.

The masters in the box were also stunned.

After a long time, they were actually killed by a middle-stage God Emperor. The boy was frightened.

The Emperor Wu was even more confused.

He couldn't believe that the person who had been secretly harming him was actually a young man in the middle stage of the God Emperor.

The Lord Wuri also frowned.

Considering his identity, It's too cheap to trouble a god emperor!

He glared at Wu Tianzi angrily before looking at Qin Feng with disdain

"Boy, my son fainted twice in a row for no reason. Was it your fault?"

"you guess?", Qin Feng seemed to be smiling but not smiling.

The Lord of the Fog Sun was furious.

What's this boy's attitude?!

When an ordinary god-emperor saw him, he would have been scared to death.

How dare this boy talk to him like this?

"Boy, you are looking for death!"

The Master of Fog Ri is about to take action, and his whole body's momentum surges.

No!

The whole place changes color.

"You dare to try it on him!"

With a sweet shout, a beautiful figure appeared next to Qin Feng, it was Zixing.

"Huh! Demonic Lord!"

Master Wuri recognized Zi Xing at once.

After all, everyone is the city lord of Tianfu Star.

However, Zi Xing is the city lord of the third-level main city.

Lord Wuri is the city lord of the second-level main city.

At this moment, everyone started talking. Look at Purple Star

"Huh! He is truly the Lord of Demonic Heaven!"

"What a beauty! The Demon Lord is really as beautiful as the rumors say!"

"Of course! She is one of the top three beauties in Tianfu Star!"

"correct! What is her relationship with the boy in white?"

The crowd kept muttering.

Many people recognized Zi Xing and looked amazed.

"hehe! Demonic Lord, it turns out that you have broken through to the middle-grade Lord. No wonder you dare to attack my son!"

The Lord of Wuri looked at Zixing with an unkind look.

He thought that Zixing was behind it.

After all, Qin Feng's cultivation level was too low. But

Qin Feng interrupted:"This matter has nothing to do with her!"

Lord Wuri frowned and was about to say something.

Wutianzi whispered:"Dad, this is the guy who was tit-for-tat with me before. His voice is familiar to me!"

Master Wuri nodded slightly.

Then, he looked at Purple Star:"Master Demonic Sky, is this kid your descendant or your subordinate? Have you failed to discipline yourself?"

Zixing frowned:"Please speak with respect!" He is my man! I can only be disciplined by him, but I have no right to discipline him!"

As soon as these words came out, the whole audience went into a rage..

Chapter 574

Zixing frowned:"Please speak with respect! He is my man! I can only be disciplined by him, I have no reason to discipline him!"

As soon as he said this, the whole audience went crazy!

What?!

This young man is actually the man ruled by the Demonic Heaven?

OMG!

This famous beauty in Tianfu Star.

Rumor has it that even a top-grade ruler doesn't like him, but she actually likes a little god-emperor.

Moreover, this God-Emperor is only in the middle stage of God-Emperor.

This is too self-indulgent!

The whole audience was dumbfounded!

The Lord of the Fog Sun was stunned.

That Wu Tianzi opened his mouth even more.

He is usually very arrogant.

But when he saw Zi Xing, even though Zi Xing was so beautiful, he didn't dare to take another look.

After all, Purple Star is a mid-level master and stands high above the rest.

Unexpectedly, such a mid-level master was seduced by a small god emperor.

This made him envious and jealous at the same time!

Not only him, but all the God-Emperors present were envious, and many of them were jealous.

The masters felt even more unhappy.

What's so great about this little god-emperor? Why does he win the heart of the Lord of Demonic Heaven?

What makes everyone even more depressed is that the Demon Lord is willing to be disciplined by him.

The Lord of the Fog Sun almost didn't react.

After a moment, he sneered and shook his head: "Haha! Lord of the Devil's Sky, Lord of the Stars and Peaks are obsessed with you, and you have rejected me every time you confessed your love! I thought you were too high-minded, but I didn't expect you to fall in love with a little god emperor"

"It seems that it's not that your vision is too high, but that your vision is not good enough!"

Zixing was angry: "Please show some respect! That's my private matter!"

"Ah! I don't care about these things, I just want to seek justice for my son. Lord of the Demonic Heaven, how do you explain today's matter?"

Lord of the Fog Sun never looked at Qin Feng from the beginning to the end.

He didn't look down on a small god emperor at all.

Only this Purple Star made him fearful. One or two.

If Zixing hadn't come forward, he would have slapped the young man in white to death. Why are you talking so much nonsense?

But at this moment, a terrifying power of heaven descended from the sky and enveloped the whole place in an instant.

Then The terrifying pressure actually reached the level of a top-level master.

Everyone's expressions changed slightly, and they all looked up, and saw a middle-aged man in white descending from the sky.

"It's the wind that dominates!"

"Oh My God! The windward masters are here!"

"yes! He is ranked 39th on the Tianfu Top 100 list!"

The person who came was none other than the Lord of the Windward City, the Lord of the Wind. His cultivation is a high-grade Lord.

Windward City is one of the only three first-level main cities in Tianfu Star.

Everyone was moved when they saw the Lord of the Wind appearing.

The crowd , the white-haired old man in charge of the auction secretly breathed a sigh of relief.

It turned out that this windward master was the one who secretly called him.

He didn't want anyone to ruin the auction.

"Seen the windward master!"

Both the Wuri Lord and Zixing bowed respectfully.

Facing the high-grade Lord, neither of them dared to show off.

The top-grade Lord's combat strength is 20,000 to 100,000 Beijing, and one palm can scare their physical bodies from collapsing.

Although it is difficult to kill them after reaching the master.

But it is easy for a high-grade master to seal them, and then spend some time refining them to kill them. It is not difficult

"Lord of the Fog Sun, you forced your way into the auction site to break the rules of my Wanbao Auction House?"

As soon as these words came out, everyone was secretly shocked.

Unexpectedly, the backer behind Wanbao Auction House was Windward Master.

Wuri Master was shocked: "This is a misunderstanding! Wu didn't mean to ruin the auction, he just wanted to seek justice for my son. I suspect that my son has been in coma for two consecutive times because he was manipulated by the devil?"

Zixing sneered: "Do you have any evidence?"

"this.....", The Lord of the Fog Sun was a little speechless.

Qin Feng's secret technique was invisible and there was no trace of the attack at all, so he naturally had no evidence.

The windward master glanced at both parties coldly.

"I don't care about any disputes between you! No one is allowed to fight at this auction. If you want to fight, then go fight outside. Or when the auction is over, you can keep it private!"

The Master of Wuri is a person who bullies the weak and fears the strong.

He nodded quickly: "Brother Yingfeng is right! Then when the auction is over, I will ask these two people for an explanation."

After saying that, he glanced at Qin Feng and Zixing coldly.

The corners of Qin Feng's mouth were slightly raised, and a sneer flashed across his eyes.

When the wind master saw that the two sides had calmed down, he looked at the white-haired old man on the summit platform and motioned for him to continue..The white-haired old man cleared his throat.

"Cough~! Everyone, the auction of Zhongtian Crystal continues now!"

"Huh! Zhongtian crystal!", the Lord of the Fog Sun opened his eyes wide in surprise.

This treasure is also extremely useful to him!

He is now at the peak of the middle-grade Dzogchen. With the help of this Zhongtian Crystal, there is a certain chance of breaking through to the half-step high-grade Lord!

This Think about it, his eyes are burning

"Everyone, the previous bid for box No. 7 was 270 trillion! Is there any higher?"

"I will give you 300 trillion!"

The Misty Lord made a direct bid.

As soon as the price was announced, the whole audience was stunned.

The owner of Box 8 was dumbfounded. She didn't have that much money to follow.

At such a price, no one could afford it!

Zi Xing also frowned.

She The total money they have with Qin Feng is only 290 trillion.

It seems that this Tianjing has no chance with them!

Qin Feng is somewhat regretful

"300 trillion for the first time! Are there any higher bidders?"

The white-haired old man shouted excitedly.

The place was quiet, and no one was following.

Soon, the white-haired old man shouted three times in a row, but still no one answered.

Buzz~!

A clear sound!

The chime bell rang!

"Congratulations to the Lord of the Misty Sun for taking the Zhongtian Crystal!"

"The Lord of Demonic Heaven accepts the offer!"

The Lord of the Fog Sun looked at Zixing proudly.

He wanted to make Zixing angry.

Zi Xing frowned and felt very unhappy.

At this moment, the Wist Emperor on the side rolled his eyes and leaned into the ear of the Lord of the Fog Sun. He said a few words.

After hearing this, Lord Wuri quickly shook his head: "This is not cost-effective!"

Wu Tianzi was anxious and whispered: "Dad, that true spirit holy water is really important for children. Whether I can break through to the God Emperor before the God Emperor selection starts depends on it!" It turns out that Wu Tianzi also plans to participate in the God Emperor selection, but his cultivation is worse

"this.....", the Lord of the Fog Sun hesitated.

Wu Tianzi continued to persuade: "Dad, with your strength, are you still afraid of them? That Demonic Heaven Master has obviously just broken through to the middle level Master. With her level of cultivation, can she withstand your blow?"

"Is one blow inappropriate? Should we change it to three strikes?", the Lord of the Fog Sun is still hesitant

"Dad, if you change it to three strikes, you will scare people away."

The father and son kept transmitting messages.

At this moment, the white-haired old man announced that the auction was over.

Many people began to spread the news.

Qin Feng and Zixing were also preparing to leave.

But they did not take the Zhongtian Crystal, and they felt a little regretful..

Seeing that Qin Feng and the two were about to leave, Wu Tianzi became even more anxious.

Wuri Lord stamped his feet and whispered:"Son, for you! Dad will take a risk this time! Wu Tianzi was overjoyed:"

Dad, don't worry!" With your strength, you can definitely win!"

"snort! It's easy to say if you win! If you lose, you will lose a layer of your skin!"

Wu Tianzi smiled nonchalantly.

He didn't think his father would lose at all.

In fact, Master Wuri didn't think he would lose either.

It's just that the Zhongtian Crystal was too precious, which made him a little hesitant.

But once he made up his mind, , his confidence arose spontaneously

"Demonic Lord! Wait!"

The sound instantly spread throughout the audience.

Those who were about to leave stopped one after another.

The show was about to begin!

Zixing and Qin Feng also stopped.

What is supposed to come will always come.

Zixing He looked at the other party coldly: "Master Wuri, if anything happens, let's go out and talk! Otherwise, if this place is damaged, you will have to pay compensation!"

With these words, the atmosphere in the scene instantly became tense.

Everyone held their breath.

Even the Lord of Windward looked on attentively.

The Lord of Wuri said quietly: "I want to have a gambling battle with you. The gambling battle is over. No matter what grievances you had before, let them all be wiped out. Do you dare?"

"How to bet? ?"

The Lord of the Fog Sun explained: "We only bet on one move! If you can catch this master's move without retreating a hundred meters, you will win. If you retreat more than a hundred meters, you lose!"

"Of course, since it's a gambling fight, there must be some luck. If you win, the Zhongtian Crystal I just took will be yours! If you lose, the True Spirit Holy Water you took before will belong to me!"

As soon as these words fell, the whole place was in an uproar.

Even the Lord of Windward was moved!

Whether it was the True Spirit Holy Water or the Zhongtian Crystal, they were all extremely precious treasures.

This was really a big gamble!

However, the True Spirit Holy Water The market price of Zhongtian Crystal is about 50 trillion, and Zhongtian Crystal is 20 to 300 billion.

In this gambling battle, the master of Wuri obviously suffered a loss!

Everyone was a little puzzled.

However, they quickly figured it out.

Obviously, Wuri Lord suffered a loss. The Lord of the Sun was worried that the Lord of the Demonic Sky would not dare to gamble, so he made such an unequal gambling fight as a temptation. The

Lord of the Fog Sun also fought hard for his son.

After all, Purple Star is the city lord of the Tianfu Star. Even if both parties During the fight, Lord Wu Tian could only severely injure Zi Xing, but he didn't dare to seal her, let alone kill her.

At least on Tianfu Star, he couldn't do this.

Wu Tianzi felt that this was the best way to relieve his anger.

The True Spirit Holy Water he needed most was still gone..

So, he came up with this weird idea.

The Lord of the Fog Sun hesitated for a long time before agreeing.

No matter what he thought, he felt that his strength was much stronger than his confidence, and his chance of winning was 99%.

Sure enough, after hearing this, Zixing and Qin Feng , eyes shining.

They were all moved.

"May I ask the Lord of the Misty Sun, does Purple Star have to take action? Can I take action?"

Qin Feng asked suddenly.

Zixing was silent.

Qin Feng was much stronger than her.

She naturally wanted Qin Feng to challenge.

The Lord of the Fog Sun seemed to have heard a joke.

He was worried that Zixing would not dare, This kid actually asked for it.

A little god emperor really didn't know how high the sky was.

This was the first time he saw such an ignorant person!

At that moment, he smiled and said:"Okay! Either one of you two can take action! The rules are the same! Same goes for winnings! Of course, only one of you can take action!"

As soon as the Lord of the Misty Sun agreed,

Qin Feng and Zixing looked at each other, with joy hidden in their eyes.

They originally thought that the Zhongtian Crystal was gone, but they didn't expect it to happen!

At that moment, Zixing said:"It's OK to have a fight! However, there is no proof for what you say, and you have made a promise to prove it. If you lose, you will give us the Zhongtian Crystal!"

The Lord of the Misty Sun laughed:"Haha!! This one is simple. My Zhongtian Crystal is still in the auction house, so I don't have to take it now. Everyone made a gambling contract in front of so many people, and Brother Yingfeng will notarize it! Zixing looked at Lord Yingfeng:"Brother Yingfeng, are you willing to be a notarizer?"

Windward Master also became interested:"Okay!

The ruler of Wuri was overjoyed:"Then let's sign a bet!"

"good!"

At that moment, the two began to sign a bet.

Damn it~!

Such an unequal bet is really about to begin!

Everyone was surprised! They stayed to watch..

Chapter 575

After a while, the bet between the two parties was signed.

According to the agreement, only one of Qin Feng's two people can fight.

Windward Lord did the notarization.

When the contract was completed, the Lord of the Misty Sun was overjoyed.

As long as there is a contract, he is not worried that Zixing will default on the loan if he loses.

This kind of contract has great constraints on the soul of the master. If it is breached, it will be difficult to make progress in cultivation in the future, and even inner demons will arise when breaking through.

"The contract is done! If you two want to bet against each other, go outside!"

Lord Yingfeng, as a notary, put away the contract.

His words were also addressed to Lord Wuri and Purple Star.

As for Qin Feng, he felt that he was just making up the numbers.

He didn't think Purple Star would really let Qin Feng come to fight.

Not only Everyone in the room recognized him like this

"Lord of Demonic Heaven, let's get out!"

The Lord of the Fog Ri took the initiative to invite, without even looking at Qin Feng.

"good!"

At that moment, Zixing dodged and left the venue.

Qin Feng followed him out.

In the crowd, Wu Tianzi looked at Qin Feng's back coldly and sneered in his heart.

This guy who is a freeloader relies on his own woman to make a living. You are so powerful that you dare to laugh at me for relying on my father. Huh! Just wait!

When my father wins your true spirit holy water, you can hide in a woman's arms and cry.

At this thought, Wu Tianzi He felt secretly happy.

In his opinion, the True Spirit Holy Water was most likely prepared for Qin Feng, and Zixing should not be able to use it.

"Let's go!"

Master Wuri also followed out.

Wutianzi and a group of his men followed closely behind.....

After a while, the auction house was empty.

Qin Feng and the other two faced off against the Lord of the Fog Sun.

The windward master swept the formation aside.

There were tens of thousands of spectators all around.

Those who participated in the auction were all present.

At the same time, countless people passing by near the city were alarmed by such a scene and came over to watch.

More and more people gathered in the venue, and the atmosphere became more and more lively

"What's happening here?"

"What? The Lord of Demonic Sky and the Lord of Fog Sun are gambling and fighting?"

The crowd kept muttering.

The newcomers were very curious.

The cause and effect of the matter soon spread among the crowd.

Many people learned that Qin Feng was the man of Purple Star , were extremely shocked.

What's more, they beat their feet and chests, feeling regretful!

A flower was stuck on the cow dung like this!

Unknowingly, Qin Feng also became one of the focuses.

Everyone looked at him, Some are envious, some admire, and most of them are jealous, disdainful, and disdainful.

The atmosphere in the venue is getting more and more heated.

People are talking more and more.

"I really didn't expect that the Lord of Demonic Heaven was so good that he would fall in love with a useless pretty boy!"

"Shh~! Keep your voice down! Don't you want to live?"

"hehe! I'm worried that the Demon Lord will lose!"

"yes! I think the Demon Lord is in trouble this time. That Master of the Fog Sun is a super master ranked 73rd on the top 100 list! It's too difficult for the Demon Lord to catch his move without retreating a hundred meters! Too difficult!"

In the crowd, several masters shook their heads slightly, not optimistic about Purple Star.

At this time, the voice of Windward Master sounded in the field

"Are you both ready?"

"alright! Brother Yingfeng, you can announce it!"

The Lord of the Fog Sun flew to the center of the battle circle with a confident look on his face.

The Lord of the Windward looked at Purple Star:"The Lord of the Devil's Sky, the gambling battle has begun, get out of here!"

Zixing pursed her lips and smiled, but said nothing.

Qin Feng took the initiative to fly to the center of the battle circle.

This move caused an uproar in the audience.

"Huh! How is this going? What happened to the boy in white?"

"yes! This is a gambling battle between mid-level masters. What trouble is he, a little god emperor, making?"

Wind Lord also frowned slightly.

He looked at Zixing and said,"Demon Sky City Lord, your little man ran over and didn't let him come back. If you let him take action, he will be killed!"

Zixing pursed her lips and smiled:"Master of Yingfeng, I have changed my title. Please call me Purple Star Lord from now on, the devil is a thing of the past!"

Zhang Yingfeng was speechless.

This was obviously an incorrect answer. Did she not care about her little man's life?

This scene made everyone confused.

Everyone couldn't figure out Zixing's attitude.

Wuri Master was also very surprised when he saw Qin Feng coming.

"Boy, are you here to take over?"

"That's right! Qin wants to learn the clever tricks of the Lord of the Fog Sun!"

"Just you?!", the Lord of the Fog Sun was a little disdainful.

He was too lazy to talk to Qin Feng, and turned to look at Zixing.

However, he found that Zixing did not express any expression, as if he was acquiescing.

This attitude made him feel a little strange!

At this moment, he Wu Tianzi's excited voice sounded in my ears

"Dad, this is a good opportunity! The Demon Lord's silence means that he acquiesces. This kid is only in the middle stage of the God Emperor. If you take action, you will definitely win!"

"Dad, take action as soon as possible, lest the Demonic Lord changes his mind! Also, you must not show mercy!"

This urging.

Lord Wuri thinks it makes sense.

No matter what Lord Motian thinks, he should win the bet first.

"Boy, since you insist on appearing, I will give you a chance, see what you do!"

Boom~!

The Lord of the Fog Sun punched out.

The heaven and the earth trembled!

In an instant, the energy within billions of miles shook violently.

The Lord's mighty power filled the world, and the world was in panic...

He took action so quickly.!

The spectators all around opened their eyes wide.

In the next breath, the fist of the Lord of the Fog Sun lit up with a dazzling red light, like a ball of blazing sun, bombarding Qin Feng with the momentum of destroying the world...

Boom~! Boom~! Boom~!

Wherever the fist passed, all space was shattered, large areas of space collapsed, and the law of time was severely distorted...

Everyone's expressions changed, and their eyes showed fear!

This punch attack was too terrifying!

Even those low-level masters were shocked. Their faces were ugly.

They couldn't catch this punch!

Oh~!

In the crowd, many female cultivators looked at Qin Feng with regrets on their faces.

Such a handsome young man would soon be turned into powder and disappear into thin air. Got it.....

Most of the male cultivators showed gloating eyes.

In the blink of an eye, the punch reached the top of Qin Feng's head.

But at this moment, the Lord of the Burning Sun showed a ferocious face, and the power of the punch doubled, which surprised everyone, and it seemed like a sneak attack. not good!

Seeing this scene, Zixing's face changed drastically and she secretly exclaimed that something was wrong.

Everyone exclaimed in their hearts, secretly thinking that Qin Feng must be finished.

The power of this punch suddenly skyrocketed. Even a strong mid-level master would be blown away by one punch, let alone Qin Feng, a little god emperor.

At this moment, the Lord of the Misty Sun felt proud.

This time, he attacked with all his strength, leaving no room for error.

He doesn't care whether Qin Feng is the God Emperor!

He will kill Qin Feng to pieces!

He just wants to make Zi Xing regret and feel heartbroken!

Who allowed these two people to provoke his son!

At the same time, Qin Feng moved.

He has figured out the details of the Lord of the Fog Sun.

This guy's combat power is about 35 million trillion.

In just a moment, Qin Feng's chaotic transformation started.

The combination of the four star poles begins!

His combat power instantly soared to about 33 million trillion.

The next moment, Qin Feng met him with a punch.

Under the Kaitian Divine Seal, that punch exploded like a supernova, bursting out with dazzling light and destroying the world.....

Boom~!

A loud noise that destroyed the universe and galaxies!

Two fists collide!

A shrill scream!

The body of the Lord of the Fog Sun was directly blown to pieces, and a head rolled and flew tens of thousands of miles away, turning into a little starlight and disappearing in the blink of an eye.

Only the screams kept coming from the void in the distance, echoing for a long time.

Damn it!

Blast the Mist Lord with one punch!

Everyone was dumbfounded.

At this moment, the whole place was extremely quiet, and the air became solid.

Qin Feng took the opportunity to wave and put the remains of the Lord of the Fog Sun into the small universe.

The phantom clone has long been prepared.

As soon as those remaining bodies entered the small universe, they were cut off from all contact with the outside world.

The phantom clone took the opportunity to blast it into blood mist, leaving only a storage ring in place.

From the other end of the endless starry sky, the wail of the Lord of the Fog Sun came again.

He's not dead yet!

But he felt that his storage ring was disconnected from him.

This side, the battle scene.

People finally recovered from the shock and looked at Qin Feng in awe.

Even the look in Windward Lord's eyes was different.

Being able to blast the middle-grade dominator's Dzigchen with one punch definitely has half the strength of a high-grade dominator.

The strength of this young man in white can make him enter the top seventy of Tianfu's top 100 list..

## Chapter 576

But as soon as the shadow clone got the storage ring, Qin Feng's eyes showed joy.

The phantom clone is an extension of his body, and everything can be sensed in real time.

Only then did he raise his head and look around.

Wherever his gaze went, everyone showed awe, lowered their heads, and did not dare to look at him.

This young man is comparable to a half-step top-grade master!

By the way, isn't this young man in the middle stage of the God Emperor?

Oh My God!

A mid-stage God Emperor can possess the strength of a half-step high-grade ruler.

This is too scary!

This thought shocked everyone.

At this moment, everyone finally figured it out.

Why did the Demonic Lord, who always had a high vision, fall in love with Qin Feng.

A young man who only has the cultivation level of a God Emperor can exert such strength. This potential is definitely at the Star Lord level.

Star Lord!

There are not many in the entire Star Alliance.

They are the top beings in the Star Alliance.

After thinking about this, everyone laughed bitterly.

They felt like fools for doubting the vision of the Lord of Demonic Heaven.

Sometimes, what you see on the surface is not the truth!

People were amazed!

At this time, Qin Feng's eyes fell on Wu Tianzi.

Wu Tianzi was so scared that he trembled all over and hid behind the guards like a mouse.

He was afraid of being stared at by Qin Feng.

Now, he regrets it all.

It's all because he likes to show off, but he didn't expect to hit the wall.

This time, he was miserable!

This time I will definitely be skinned by my father!

Thinking of this, Wu Tianzi wanted to cry without tears.

He is still somewhat self-aware.

Without his father around, he knew he was just a worm.

As for retaliating against Qin Feng in the future, he couldn't even think about it.

Even his father, whom he respected as a god, was so miserable. He had no chance at all in this life, so he could still run as far as he could.

When a person is so good that others can't compare to him, he will be respected as a god.

When an enemy is so good that others can't compare to him, he will be feared like a demon and avoided by others.

Qin Feng's eyes swept across everyone, and finally landed on the windward master

"Windward Master, just had a bet, but Qin won?!"

"That's right!" Yingfeng Lord smiled and nodded.

His attitude towards Qin Feng was obviously different from that of Purple Star and Fog Sun Lord.

To be honest, he really didn't take Purple Star and Fog Sun Lord in his eyes, so he always had a cold expression.

Even if he was half Even if he were a high-grade master, he would not be so kind.

At this moment, he completely treated Qin Feng as a strong man of the same level.

Although Qin Feng was not yet a high-grade master, the potential of Qin Feng's performance was terrible.

This won him over respect

"My little friend, from now on you will be like the Lord of the Purple Star. Just call me Brother Yingfeng. You don't have to call me Lord, that's how you will be born."

The Yingfeng Lord took the initiative to show his kindness.

Qin Feng didn't dare to be too big.

The top-grade Lord has a combat power of 20,000 to 100,000 people. He can be blocked in one move and can even be killed.

At the moment, he handed over his hand and said: "Then I'll ask you to call me Brother Yingfeng!"

"Ha ha!! Easy to say! Easy to say!"

"Brother Yingfeng, can you give me the winnings from the foggy sun Lord bet??"

"As it should be!"

The Lord of the Wind waved his hand, and the extremely precious Zhongtian Crystal flew over.

Qin Feng happily took it.

The treasure was in hand!

Everyone around was envious.

Even the Lord of the Wind was a little envious.

With such ease, he earned 300 worth of money. Trillions of treasures, who wouldn't envy them?

"Brother Yingfeng, thank you very much!", Qin Feng put away the Zhongtian Crystal

"My little friend, I still don't know what to call you?"

"Emperor Qin!"

"Brother Qin Huang, do you have time to sit in your brother's palace?", Yingfeng Lord warmly invited.

Qin Feng smiled and said:"I won't bother you next time! Zixing and I still have some trivial matters to deal with!"

"That's fine! As long as Brother Qinhuang is free, I am always welcome! Lord Windward looked at Purple Star again:"

Lord Purple Star, you have a good vision!""

Zixing pursed her lips and smiled, thinking to herself, when had my eyesight ever been so bad?

Yingfeng Lord's words made her feel very comfortable.

Before, those onlookers were muttering that they had poor eyesight, and she had long been holding back her anger.

"Brother Yingfeng, farewell!"

"Walk slowly!"

Qin Feng smiled slightly, hugged Zi Xing's slender waist, and flew away in the air.

People around looked at the two people's backs with envy.

This pair is really a talented man and a beautiful woman!

After a while, Qin Feng and the two figures appeared Disappeared from everyone's sight. At this time, a roar came from the distant starry sky

"Give me back my storage ring! ah!!!"

Everyone was startled and looked around.

They saw a bloody head, roaring and flying towards this side.

In a blink of an eye, the head flew to the field, and it was the Lord of the Fog. As soon as he arrived at the scene, When I found out that Qin Feng was missing, I was dumbfounded.

"Where are people? Where's the guy in white?"

The Misty Lord roared anxiously.

His storage ring contains most of his wealth!

How could he be willing to lose it like this?!

"father! He..he has gone far!"

Wu Tianzi said. This was the first time he had seen his father look so angry, and he was afraid in his heart.

"gone? Say it! Which direction did he go?"

Zhongtian Jing lost, so he accepted it!

But the storage ring is not a lottery!

He has to come back!

What's more, the total price of the treasures in the storage ring exceeds Zhongtian Jing!

"Dad, he... they are going in that direction!"Wu Tianzi pointed in one direction anxiously.

The Lord of the Wrigley was about to catch up.

But at this moment, the cold snort of the Lord of the Wind sounded behind him.

"Ah! Lord of the foggy day, Ying Mou advises you to calm down. You can't even catch someone else's move. Are you trying to catch up and get yourself killed?"

With this reminder, the Lord of the Fog Sun's face changed drastically.

That's right!

I am no match for the boy in white at all. Can I get benefits by going up to him?

What's more, there is a Lord of the Demon Sky next to the boy in white.

If he really goes, he will only I'm afraid I'll be sealed even if I don't die!

At this thought, Master Wuri was so frightened that cold sweat broke out on his forehead.

As soon as he thought about it, the muscles under his neck squirmed, and his body grew back in the blink of an eye.

Oh~!

He sighed helplessly.

Wuri sighed helplessly. The master seems to have accepted his fate

"Brother Yingfeng, thank you for the reminder!!"

Lord Wuri bowed his hands slightly and looked at Wutianzi

"Boy! Come here!"

"father!" Wu Tianzi was so frightened that he walked over tremblingly.

When Master Wu Ri saw him, he was so angry that he didn't even beat him.

"This time it's all because of your bad ideas and bets. You caused me to not only lose the Zhongtian Crystal, but also my storage ring. This time, I won't let you go until I peel off a layer of skin from you, this cheating piece of shit!"

"Dad, no! I didn't know that guy was so powerful!"

"How dare you talk back! It seems that just peeling off one layer of your skin is useless, I have to peel off a hundred layers of your skin!"

"Ah....No!"

"Let me go!"

The Master of Wuri picked up Wutianzi and was about to leave.

But at this moment, the Master of Fengfeng dodged and stopped the two of them.

"Brother Wuri, have you forgotten something important?", Yingfeng Lord's tone seemed a little unhappy.

Wisty Lord was stunned: "What's the matter?"

Windward Master said displeased: "You took the 300 trillion from Zhongtian Crystal, and you haven't paid the bill yet!"

"ah!" The Lord of the Fog Ri remembered this.

But all his money was in the storage ring and had been snatched away by Qin Feng a long time ago. How could he pay?

Not only that, 300 trillion is equivalent to half of his net worth!

Most of his net worth has been robbed, and the rest of it cannot be exchanged for 300 trillion if he pawns it off!

The Lord of the Fog Sun has a big headache.

"Brother Yingfeng, can you take a moment to look at the money?"

The Lord of the Fog Sun was a little embarrassed.

He didn't dare to offend the Lord of the Wind, let alone default on his debt.

If he was killed by the opponent because of his own fault, the alliance would not blame him.

The Lord of the Wind frowned:"We can't slow down! Lord

Wuri made a grimace:"Brother Yingfeng, let me tell you the truth, most of my wealth was robbed by that boy in white." Now the remaining wealth of the family is not enough to collect 300 trillion. If I really have to spend 300 trillion, I will go bankrupt!"

As soon as these words came out, the onlookers all around showed strange expressions.

I didn't expect that Lord Wuri was so miserable!

Lord Windward frowned deeper:"Wuri, don't mention bankruptcy to me. If you don't go bankrupt, I will go bankrupt! Zhongtianjing is a client who deposited it with me for auction. Now there is nothing. The gap of 300 trillion yuan is not going to be filled by you, but you want me to fill it?!"

"this.....",The Lord of the Fog Sun has nothing to say

"Wuri, let your son stay today! You have three days to collect 300 trillion to your account. Otherwise....haha!"

The eyes of the Lord of the Wind are cold.

Is it easy for him to do some business?

This guy dares to trick him, it will definitely not work!

The Lord of the Fog hesitated for a long time, then gritted his teeth and threw the Son of Fog to the Lord of the Wind.

"good! My son will be entrusted to Brother Yingfeng first! I went to some friends to collect some money, and I hope Brother Yingfeng will be kind to my son.!"

"Easy to say! As long as the money arrives!"

The windward master grabbed Wu Tianzi and imprisoned him.

Wu Tianzi felt endless fear

"Dad, you...you must get the money together as soon as possible!"

Hearing this, the Lord of the Misty Sun jumped with anger:"You prodigal son!" I was made bankrupt by you this time. This time after I take you back, if I don't peel off ten thousand layers of your skin, I won't be your biological father!"

Throwing these words, Lord Wuri stamped his feet and left in embarrassment.

He had to collect money as soon as possible, otherwise the prodigal son's life would not be saved.

Wutianzi was even more frightened.

He knew that his father would not tell lies.

He said If you peel off ten thousand layers of skin, you will definitely peel off ten thousand layers!

When he thought of the feeling that life was worse than death, he collapsed and passed out.

Before he fell into coma, he regretted it extremely!

He would never dare to show off again!

The onlookers around him They all shook their heads slightly and sighed.

This time, the mist master and his son were really miserable!

At the same time, in Qin Feng's small universe.

Qin Feng looked at the Zhongtian Crystal with joy.

Purple Star, Jade Unicorn, Baobao, Chu Chu and others gathered around him, chatting excitedly.

"Dad, hurry up and refine it! Baby wants to see you break through to the late stage of God Emperor as soon as possible!"

"Ha ha!! good!"

Qin Feng was in a good mood. He opened his mouth and swallowed the Zhongtian Crystal..

Chapter 577

Qin Feng was in a good mood. He opened his mouth and swallowed the Zhongtian Crystal.

"Ding! Devouring Zhongtian Crystal Successfully.....The cultivation level has been improved to the late stage of the God Emperor of the Universe, and the combat power has been increased to 30 million trillion....."

"Ding! Congratulations to the host, your flower of soul has condensed the petals of reincarnation 4%....."

Boom~Long~Long~!

The universe vibrated, the stars twinkled...

Qin Feng's whole body glowed brightly, and three flowers rose above his head.

The flower of the other shore and the flower of the spirit flower all have thirteen petals.

Zixing and the others were amazed.

The flower has thirteen petals!

There is only one Qin Feng in the world!

Look at Qin Feng's flower of the soul again. It has eleven petals and eleven colors.

At this moment, the flower of the soul fills the sky with its brilliant light, and its fragrance floats thousands of miles away.

A few gray petals emerge from the petals.....

That is the twelfth petal of reincarnation.

It is this petal that is only 4% of the size of the complete petal, which also means that Qin Feng is 4% of the later stage of the God Emperor.

When the size of this petal grows to 100%, it means that Qin Feng has completed the late stage of the God Emperor.

"Reincarnation has support, and the flower blooms with twelve petals. Finally broke through to the late stage of God Emperor!"

Qin Feng closed his eyes and felt with joy.

Somehow, his power of reincarnation automatically integrated into the small universe.

But the next second, he opened his eyes wide in surprise and turned to look in a certain direction.

It was in that direction. , deep in the universe, is the place where the endless sea of blood is.

Above that sea of blood, suspended is the Great Reincarnation Disk of Heaven and Earth, which is billions of times larger than the planet.

These two things have been completely integrated into Qin Feng's small universe and become the core of the small universe. Part of it.

At this moment, the Great Wheel of Heaven and Earth actually rotated automatically, 18000 times in one breath, generating an extremely huge suction force, actively absorbing the power of reincarnation, and causing changes... With a thought in

Qin Feng's mind, he appeared in the Great Wheel of Heaven and Earth In the sky above the disk...

I saw that the big roulette disk was continuously absorbing the power of reincarnation, and at the same time it was emitting a dazzling silver light and a vast aura...

This change lasted for a full quarter of an hour before it ended.....

"Ding! The Great Roulette of Heaven and Earth (a low-grade Star Master-level item) absorbs the power of reincarnation... The mutation is successful and it is automatically promoted to the Reincarnation Sky Disk (a mid-grade Star Master-level item)... The host's combat power is increased to 32 million trillion...."

Integrating Star Lord-level items into the small universe can enhance combat power.

The higher the grade of the item, the more combat power it will increase.

Qin Feng was delighted, this was an unexpected delivery!

His current comprehensive strength is not weak among half-step high-grade masters.

According to his own evaluation, he should have a chance to enter the top 50 of the Tianfu Top 100 list.

"This Star Lord level treasure is extraordinary! I wonder how many Star Lord level treasures there are in the chaotic star field?"

Qin Feng was looking forward to it.

Then, he looked at the Samsara Heavenly Disk and took stock.

Item: Samsara Heavenly Disk.

Level: Mid-grade Star Master.

Function 1: Absorb the remaining souls and broken spirits of reincarnation at a speed ten times higher than that of the Great Roulette of Heaven and Earth.

Function 2: The condensed Panzu puppet is 50% more powerful than the Great Roulette of Heaven and Earth.

Function 3: Can crush the true spirit.....

"This is too strong!"

Qin Feng was overjoyed.

This Samsara Heavenly Disk is much more powerful than the Great Roulette of Heaven and Earth.

The speed of absorbing residual souls is increased by ten times, which means that the recovery speed of the twelve golden people can be increased by ten times.

What surprised him even more Yes, the strength of the condensed Panzu Puppet is increased by 50%.

The Panzu Puppet is a low-grade star master-level combat power, and it is terrifying to increase it by another 50%.

Thinking of this, Qin Feng looked at the seven golden puppets in the Samsara Sky Disk.

One month has passed in the outside world, and four or five years have passed in the small universe.

In the past four or five years, with the help of the Great Roulette of Heaven and Earth, the combat power of the seven golden puppets has increased to 300,000 trillion.

If the Seven Star Meteor God Formation is formed, the battle The power can reach at least 1.5 million trillion, fully reaching the combat power of a low-grade master.

Qin Feng is very satisfied.

If he can find the remaining five golden figures, he can condense the Panzu puppet with stronger combat power.

He once asked After passing Zixing, the whereabouts of the remaining five golden men were revealed.

Zixing told him that after the battle in Ziyun City, the surviving Qilin tribesmen took seven intact golden men to participate in the battle in the Chaotic Star Territory, and so far the news has been lost.

That Of the seven golden figures, Qin Feng got two by chance, and the whereabouts of five others are unknown.

Qin Feng estimates that a few of them should be left behind in the chaotic star field.....

The next second, Qin Feng thought and returned to Zhongji Star

"Dad, where did you just go?", the baby was chewing red fruit in his mouth.

Qin Feng just left without saying a word, and no one knew what happened.

"I went to the Blood Sea to take a look at the golden puppets. They were recovering well!"

Qin Feng pinched the baby's little face lovingly.

"Qin Feng, you are now in the late stage of the God Emperor. In the selection competition in twenty days, you will definitely shine!"

Zixing looked forward to it, staring at her man with beautiful eyes.

Unknowingly, she put all her thoughts on Qin Feng, and didn't even say bad words.

She just wanted to keep the best side of her. To Qin Feng

"Selection contest? Sister Zixing, what's going on?", Chu Chu looked curious.

Bao Bao and Bai Qi also looked over curiously.

The three of them didn't know about this yet.

"Here's the thing! The Lord of Tianfu Star recently issued an order to invite experts above the God-Emperor level to compete in Tianfu City.

"This trial should be related to the opening of the Chaotic Star Field. Selected outstanding candidates will receive generous rewards and focus on training....."

Zi Xing explained patiently.

After hearing this, Chu Chu and Bao Bao jumped for joy.

Bai Qi was also moved

"Brother, can I participate in this trial?"

"Dad, the baby wants to participate too!"

"sure! I'm ready to sign you up"

"great! The baby likes daddy so much! Qin

Feng looked at Zixing with a smile:"Zi'er, just a few of us will sign up under the name of Tianmo City!"

"That's great! With you joining the Tianmo City camp, it will be difficult for me to achieve results this time! I'm afraid I can compare with the first-level main city."

Zixing smiled like a flower.

As the city lord, she recruitedIf a person can achieve excellent results in the selection competition, she will also be rewarded with political achievements.

She couldn't help but feel happy when she thought of Qin Feng and others joining.

Qin Feng has half the strength of a top-grade master.

Jade Qilin is a low-grade master.

Bao Bao, Chu Chu, and Bai Qi are all half-step masters of Dzogchen.

This is an extremely strong strength, which gives her hope to hit the first-level main city.

You know, there are only three first-level main cities on Tianfu Planet.

If it can impact the political performance of a first-level main city, it is definitely a top main city.

"Zi'er, I'm going to Tianfu City next. Where do you plan to go?"

"I still have to go back to Demon City. After all, I still have to complete the tasks assigned by the Star Master!"

"good! Then Yu'er and I will wait for you in Tianfu City!"

"Um!"

The two sides said goodbye for a while, and Zixing reluctantly left.

After sending Zixing out of the small universe, Qin Feng took out three Yuanwu from the storage ring and distributed them to Chu Chu, Bao Bao, and Bai Qi.

These three Yuanwu They were all half-step masters, which Qin Feng had bid at the auction.

The three of them were greatly surprised.

With these half-step Yuanwu, their combat power could be improved a lot.

"Brother, I also have good news for you!", Chu Chu happily put away Yuanwu

"What good news?", Qin Feng asked with a smile.

"Brother, didn't you say you wanted Tian Jing? After we arrived on Earth, we accidentally discovered that with Earth's current technology, there is a way to find the locations of some white dwarf stars."

"We recently searched to find the location of the closest white dwarf star to the solar system."

Qin Feng's eyes lit up:"Is this okay?"

Chu Chujiao smiled:"Brother, sometimes inconspicuous things can have unexpected effects." Don't underestimate this technology, there is always a place for it."

"Of course, these are not the main points. The point is, if you follow scientific calculation methods, you may actually be able to find a white dwarf star. By then, my brother will be able to mine white crystals!"

Qin Feng smiled:"It takes a billion years for a white dwarf star to produce a white crystal." Even if there really is a white dwarf somewhere, I'm afraid it has been mined by the passing masters. Where will it be your turn to discover it?"

"Do you really think that the masters' methods are weaker than technology? You underestimate the Lord too much."

Chu Chu raised her mouth and said,"Brother, of course I don't mean to look down on the master. Don't forget, our solar system was still an undeveloped indigenous star field not long ago!"

"This shows that the vicinity of our solar system may not have been developed yet. There is a high chance that the white dwarf star has not been mined!"

"Makes sense!", Qin Feng nodded slightly.

Chu Chu said again:"Brother, Baobao, I, and Bai Qi are going to visit the white dwarf star. If the white dwarf star has not been mined yet, we will send you a message directly and ask you to go mine it! Anyway, the three of us have reached the cultivation bottleneck, so we have nothing to do but hang out!"

Qin Feng nodded:"That's fine!"

He can reverse summon in space.

Let the three of them go to find the white dwarf.

As long as they find it, he can go there with just a thought.

This can save him a lot of time, which is not a bad idea.

"Brother, let's go back to Earth!"

"Go for it!"

Soon, Chu and Chu left along Jianmu.

Qin Feng looked at the backs of the three and smiled.

If Chu and Chu really succeeded this time, then this method of finding the white dwarf would be feasible.

Wait for Chu Chu to leave After leaving, Yu Qilin also went to retreat.

Qin Feng was the only one left in the place.

He looked back at the palace behind him.

Yue'er was still in retreat in the secret room.

Qin Feng secretly investigated and found out what happened to her. The true meaning is 97% understood, and the seal is not far away.

Qin Feng senses the shadow clone again.

At this moment, the shadow clone is on the way to Tianfu Star, rushing for him.

Everything is going smoothly!

Next, just wait The selection was held twenty days later.

At this time, Qin Feng took out a storage ring.

It was the storage ring of the Lord of the Fog Sun.

Qin Feng revealed a look of surprise when he looked into it with his spiritual sense.

The treasure in this storage ring , more than he imagined!..

Chapter 578

In that storage ring, there are 360 trillion light stars and more than a dozen treasures.

What Qin Feng cares about the most is the formation flag of the Jiuyao Formation, which is at the Dominator level, one level higher than the Seven Stars Falling God Formation.

However, this formation requires nine people to perform.

In addition, there are 11 white crystals and 2 world pearls in the storage ring.

In short, after Qin Feng got this storage ring, the Xingxi Stone suddenly exceeded 500 trillion, and his net worth suddenly became rich again.

Afterwards, Qin Feng swallowed the 11 White Crystals and 2 World Pearls.

His cultivation has been increased to 17% in the late stage of the God Emperor of the Universe, and his combat power has been increased to 34 million.....

After doing this, Qin Feng left the small universe and rushed to Tianfu City with all his strength.....

On the other side, after the Chu and Chu trio returned to Earth, they took the starship and explored in the direction of the target.....

At the same time, the distant dusk star field.

A god emperor is excitedly reporting his findings to the Lord of Twilight

"Lord Overlord, we discovered twelve white dwarf stars in a certain primitive star field. The twelve white dwarfs have not been mined and are all over 30 billion years old. It is estimated that you can earn 360 white crystals!"

"so much!", the Twilight Lord was shocked.

It would be good if a low-grade Lord could exchange his entire net worth for dozens of daytime crystals.

These 360 daytime crystals are richer than the net worth of some high-grade rulers!

The Twilight Lord is just a low-grade ruler. Just the master.

Hearing this news, he became energetic.

The originally haggard face also became radiant.

Since the fall of Emperor Ye and the departure of the master, the man in green shirt, he has fallen into boundless hatred.

These 360 pieces Tian Jing's news completely raised his hope of revenge!

"With so many white crystals, I will definitely be able to break through to the mid-level master in a short period of time. I have hope for revenge!"

The Dusk Lord's eyes shone.

According to his analysis, the person who killed his son should be the successor of the Qilin Lord.

That guy should have the strength of a low-grade Lord.

But he is also a low-grade Lord.

Even if he finds his enemy, He may not be able to kill the opponent.

But it is different now. If he can get this large number of white crystals, he will definitely be able to break through to the mid-level master, and then there will be hope for revenge.

He originally thought that in a few days He went to Tianfu Star to participate in the selection competition held by the Lord of Tianfu Star and earn some rewards.

However, there were many experts in the selection competition, so the rewards he could earn were limited.

But it was different now. He had the opportunity to get these Tianfu Crystals. There was no rush to participate in the competition.

At that moment, he asked excitedly:"Xiyu, how did you discover those twelve white dwarf stars?"

"Lord Lord, this is the situation. Didn't Yanguang take people to an indigenous star field called the Earth Star Field last time? They have been there for several months and there has been no news. My subordinate reported this to you last time. You let me handle it myself!"

The Yanguang in the mouth of Emperor Xiyu is the Emperor of God. The Lord of Dusk nodded slightly.

He was quite impressed by the indigenous star field of Earth.

In recent times, he has heard news about it frequently.

"Could it be that the twelve white dwarfs you discovered are related to the Earth's star field?", Dusk Master speculates

"What the Lord Overlord said is right! In order to find out the reason for the disappearance of Yanguang and others, I took people to the solar system where the Earth's star field is located. But when we arrived near the solar system, we accidentally discovered a white dwarf star."

"The subordinates went to check it out, but were pleasantly surprised to find that the white dwarf star had never been mined and was over 30 billion years old. At least 30 white dwarf crystals could be mined!"

"I wanted to tell you this happy news, but I accidentally discovered that the gravitational field of the white dwarf star is a bit weird and does not comply with the gravitational rules of normal stars."

"The subordinate continued to investigate, and unexpectedly discovered the remaining eleven white dwarf stars in succession. These white dwarfs are all over 30 billion years old and have never been mined!"

Speaking of this, Emperor Xiyu's face turned red with excitement.

"good! good!", Dusk Master was ecstatic, "Xiyu, you have made a great contribution this time. When this master mines those white crystals, I will definitely reward you greatly."

Emperor Xiyu was overjoyed: "Thank you, sir!"

"Xiyu, what reward do you want?"

"If possible, I would like some white crystals!"

"no problem! After this master mines it, I will reward you with 30 white crystals!"

Pfft~!

Emperor Xiyu knelt down on one knee, with a look of ecstasy on his face: "Thank you, Lord Master!"

In mining white dwarfs, the master cannot even do half a step, and only the master can take action.

So when God Emperor Xiyu discovered those white dwarfs, he immediately thought of reporting it to the master of dusk, instead of hiding the news.

"By the way, why have those twelve white dwarfs not been discovered yet, even though they are 30 billion years old?"

The Dusk Master suddenly thought of this doubt

"Lord Overlord, the Earth Star Territory is an indigenous star territory, and they only started practicing in the past few decades. The location of the Earth's star field is also the border area of our star alliance."

"Resources are extremely scarce there. Very few people have gone there before. It is normal that no one has discovered the twelve white dwarf stars."

God Emperor Xiyu expressed his opinion

"There is some truth! By the way, is there a star map?" The Lord of Dusk is still more cautious.

"Sir, this is the star map of the Earth's star field. I marked the locations of the twelve white dwarf stars with white dots! Take a look!"

God Emperor Xiyu took out an astrolabe.

After activation, the astrolabe projected a huge star map.

The lower left corner of the star map is where the solar system is, and the upper right corner is where the twilight star field is.

Near the solar system, there are The twelve huge white dots are the locations of the twelve ancient white dwarf stars. The

Dusk Master looked at them carefully for a while, with a strange expression on his face.

"Sir, is there something wrong?", Emperor Xiyu asked curiously

"Didn't you notice that the positions of these twelve white dwarf stars are all the eyes of the formation? These twelve stars clearly form a natural star formation!"

The Lord of Dusk exclaimed

"ah!", Emperor Xiyu was surprised and quickly looked at it carefully.

After a while, he also saw some clues.

The twelve white dwarf stars were indeed like the eyes of the formation.

If it weren't for the reminder from the Lord of Dusk, he wouldn't have been able to see it at all.

After all, he was in the formation. In terms of attainments, he is far inferior to the Lord of Dusk

"Use the stars as eyes and the universe as an array. Such feats can only be accomplished by a star master or above. However, this starry sky formation seems to be incomplete and may have failed. strangeness! Who has set up the formation here?"

The Lord of Dusk muttered as he watched.

"Sir, the number of twelve is perfect, and the formation formed is definitely not simple. There is indeed something strange about this matter. However, since this large formation has failed and no one has taken care of them for so many years, they are things without an owner and can be mined."

"That's right!" The Dusk Lord smiled and said, "It seems that God has sent me resources! The age of these twelve white dwarf stars is still more than 30 billion years, which is really amazing"

"This star age is earlier than the ancient Five Spirits period, and also surpasses the emergence of the Demon Realm and the Heaven Realm. In terms of appearance time, only the ancient domain can compare with it. Couldn't this be arranged by the great power of the ancient domain?"

The Lord of Dusk is suspicious again

"Sir, I don't think so! The ancient domain is too far away from here!"

"yes! If it is so far away, there is no need for the ancient domain to be arranged here. By the way, where is the Earth star field you mentioned?"

"Sir, the Earth Star Domain is here!"

God Emperor Xiyu pointed to the lower left corner.

God Emperor Dusk looked over and let out a cry of surprise.

"Huh! Isn't this the Mars realm? How did it become the Earth Star Domain?"

"Mars?", Emperor Xiyu was a little confused.

"You don't know it's normal! This star field was also a fifth-level star field hundreds of millions of years ago, and the famous people in it were Martians. But it was later destroyed in a catastrophe and became the Death Star Territory from then on. Unexpectedly, a new life planet would be born so soon."

Dusk Lord sighed.

He has lived longer than Emperor Xiyu and knows more secrets.

"Strange! Before the Mars Star Territory was destroyed, this place was not remote and there were many people coming and going. Why didn't they discover these twelve white dwarfs? Is it possible that these twelve white dwarfs appeared after the Martians were destroyed?"

The Lord of Dusk looked at Emperor Xiyu.

The two looked at each other with strange expressions.

If this is true, there may be some secret behind the twelve star array.

The two analyzed it for a moment, but still couldn't figure out the reason. Come.

The Lord of Dusk said: "Don't think so much, this formation is useless! Even if there is a secret behind it, it is in the past. Let's just go and mine it! Moreover, the mining speed must be fast to avoid being caught first by other masters!"

"The Master is right! Then let's go to the white dwarf first?"

"Just go for this one! This one is the closest to the Earth's star field and is also the easiest to be discovered by people on Earth. We'd better mine it before the people on Earth discover it, lest the news of the twelve white dwarfs leak out!"

"This is a huge batch of resources! Even half-step star masters will be moved if they know it!"

The Dusk Lord's mood improved.

Such a huge amount of resources can greatly promote the progress of his cultivation, which gave him a little hope.

Of course, he also thought about wiping out the nearby Earth star field directly to avoid leaks.

But he After thinking about it carefully, I feel that it is inappropriate.

If a few fish slip through the net, I am afraid that the news will leak out faster.

In this case, he might as well speed up the mining.

"Xiyu!"

"The subordinates are here!"

"You go down and gather the men and the flying boat! Tomorrow, we will rush to this white dwarf star to mine!"

"This subordinate will do it now!"

At that moment, Emperor Xiyu left in a hurry.

The Lord of Dusk silently looked at the position of the white dwarf star, with a smile on his lips.

At the same time, Chu Chu, Bao Bao, and Bai Qi also took a group of earth subordinates on board  
Take the flying boat and rush towards the white dwarf star.....

On the other side, Qin Feng and Yu Qilin also rushed to Tianfu City, the only super main city in  
Tianfu Star..

Chapter 579

Tianfu City is the only super city in Tianfu Star!

Extremely huge!

Qin Feng looked at the huge city in front of him and sighed.

This city is divided into three parts: the outer city, the inner city, and the city in the sky.

There are people coming and going in the city, and the prosperity is a thousand times better than  
that of Tianmo City.

The high-ranking God-Emperors in the past have become ordinary in this giant city.

Even though it is difficult to see the masters, you can occasionally see one or two flying in the sky.

At this moment, Qin Feng and Yu Qilin were suspended in the air, attracting countless looks of awe and envy.

In this Tianfu City, there are space restrictions, and only half-step masters can fly in the air.

Being able to hover in mid-air means that you have the strength to dominate more than half a step, which is a status symbol.

"Qin Feng, I will go to the Sky City to find out the news first!"

"good! I'll rent a place in the inner city!"

At this moment, the two walked separately under the envious gaze of countless people below.

Qin Feng went to the inner city.

Yu Qilin went to the City in the Sky.

The City in the Sky is the official residence and the political core of the entire Tianfu Star.

Generally, only Only official personnel, or those who are half-step master or above, can enter.

It is also the best place to inquire for information.

An hour later, Qin Feng rented a spacious courtyard in the inner city, and installed soundproof barriers and defensive barriers.

After doing all this, he took another nice hot bath.

After running around for days, his body and mind were a little tired.

This bath made him happy both physically and mentally.

Qin Feng was full of energy again.

At this moment, in the luxuriously decorated living room.

Qin Feng was wearing a loose nightgown and sitting leisurely in front of the window, sipping top-quality Linghua wine while admiring the beautiful scenery on the street outside.

His position was on the third floor, and he had an unobstructed view of the street.

However, the window It is not an ordinary window. There is a special barrier on it that can block the detection of the master's spiritual consciousness.

Qin Feng's spiritual consciousness can see everything outside through the window, but outsiders cannot see inside.

Right here At that moment, Jade Qilin sent telepathy.

Qin Feng waved his hand, and Jade Qilin was summoned to his side.

"Did you find out?", Qin Feng took a sip of the wine

"Found it!"

The jade unicorns are coming

"bring it on!"

Qin Feng put the wine glass on the small table next to him, and put his big hands around Yu Qilin's waist.

Yu Qilin leaned against her softly.

This man who made her fall in love always gave her the warmest embrace.

"How was your inquiry?"

Qin Feng happily admired the beauty in his arms.

"Master, I have found out the purpose of this trial. In two months, the Chaotic Star Field will be opened. At that time, forces of all sizes in the universe will enter"

"Analyzing the current situation, those chaotic star field enchantments are formed by the thoughts of dozens of fallen star masters and hundreds of masters."

"This barrier is very special and will only allow those with low cultivation levels to enter at first. For example, two months later, the day of opening. Only masters and lower level masters can enter, and after some time, half-step star masters and low-level star masters can also enter one after another."

"According to the above analysis, those remaining minds tend to prefer younger elemental masters in their selection of successors....."

After hearing this, Qin Feng nodded slightly.

Anyone who can cultivate to the level of half-step Star Master or above is basically an old monster with a long lifespan.

"So what is the purpose of this trial?", Qin Feng asked the question he was most concerned about.

"The purpose this time is mainly to target the first group of people who can enter, that is, the people from God Emperor to high-level ruler. Tianfu Star will select 300 outstanding people, give them resource rewards, and send them to the Holy Land of Ziwei Star for a month to cultivate."

"Not only Tianfu Star, but also Jumen Star, Shenfu Star, and Earth Power Star will select 300 outstanding people. Ziweixing will select five hundred outstanding candidates. There are 1,700 people together"

"These people all went to Ziwei Holy Land to practice for a month. A month later, these people will go to the Chaotic Star Territory under the leadership of the Star Lord"

"The alliance does this, firstly, to maximize profits, and secondly, to reduce casualties. After all, these outstanding players are the elites of the league and the mainstay of the future of the league. The stronger they are, the greater their chance of survival."

Qin Feng nodded slightly, feeling that it made sense.

Yu Qilin continued:"In addition, these 1,700 people can participate in signing the causal contract!"

"Causal contract? what is that?", Qin Feng was a little curious

"This causal contract is a protective measure for these 1,700 people. It is the result of the joint discussion between the five forces of the Star Alliance, the Demon Realm, the Heaven Realm, the Ancient Realm, and the scattered alliance."

"To put it simply, it is an agreement jointly made by the five forces. After the second batch of half-step star masters and low-level star masters enter, these star masters cannot take action against the causal contractors."

"If they take action, they will be entangled in cause and effect, and their future whereabouts will always be exposed. It's easy to be plotted in this way. This is a protective measure for the elites of all parties"

"Unless the situation is special, those half-step star masters and low-level star masters are bound by contracts and will not take action easily."

Qin Feng smiled:"So there is such a benefit! That's not bad! In this way, even if we encounter the enemy Star Lord. As long as their interests are not harmed, they can still survive."

Yu Qilin sighed:"What a pity! There are only 1,700 places in our Star Alliance that can sign a causal contract. For other entrants, life or death is up to you!"

This time the Star Territory Alliance will enter the Chaos Star Territory, there must be hundreds of thousands of them.

The strength of other parties will not be less, hundreds of thousands are common.

There are also some casual cultivators, some ancient forces, ancient Families will appear.

But most of these people are not protected by causal contracts.

If you accidentally meet the Star Lord, you will only be killed instantly.

With Qin Feng's current strength, if you meet the half-step Star Lord, you will be killed instantly, and even more Not to mention low-grade star masters.

Therefore, the quotas in this causal contract are very important. In the All-Star Alliance, only 1,700 people from God Emperor level to high-grade masters can be selected.

Other forces also have more than a thousand quotas.

These are all The result of compromise among all the forces.

Everyone hopes that the elite will not lose too much

"Qin Feng, I think this causal contract is very important to us. If you want to obtain the inheritance of the three top-level star masters, Yuan Feng, White Tiger Master, and Xuanwu Master, you will definitely encounter those star masters. After all, the inheritance of high-grade star masters is the primary goal of those low-grade star masters."

"Before you have fully grown up, this causal contract is your talisman. Otherwise, you won't even have a chance to get close!"

"Makes sense!"

Qin Feng's expression became serious.

He only knew that the inheritance of the three spirits of Yuanfeng was in the Chaotic Star Territory.

But where in the Chaotic Star Territory, it was unknown.

He just wanted to find out the locations of the three inheritances. It would take a lot of time.

But those half-step star masters and low-level star masters entered only ten days later than him.

It was impossible for him to get all the three spirit inheritances in ten days.

He would inevitably fight with those low-level star masters The star masters met.

Therefore, he still needs the amulet of the causal contract!

He must get all of the three spirit inheritances.

If any of them are lost, his super-god-level mission will not be completed.

And to get the causal contract To sign the qualification, he must be among the top 300 in this selection.

"Yu'er, are the top 300 people in this assessment selected according to the rules?"

"The specifics are not clear! One thing is for sure, it only depends on the overall strength, regardless of the level of cultivation. In addition, the higher the ranking, the more generous the rewards! Qin Feng's eyes lit up:"

This rule suits me!"

Yu Qilin smiled sweetly: "I think so too. Master, there are still twenty days before the assessment. I want to seize the time to go into retreat and strive to get a good ranking in the selection and get better rewards."

"Um! I'll go to retreat with you! However, before that..

Chapter 580

"Um! I'll go to retreat with you! However, before that....."

Qin Feng smiled slightly, his eyes flowing over the graceful curves.

He had just taken a hot bath and felt refreshed.

Now, he wanted to relax again and have a complete physical and mental recovery.

Yu Qilin understood Qin Feng's meaning and looked at each other infatuatedly.

"Master, then I want to take a sip of wine first"

"what ever!"

"I want the master to feed me with his mouth!"

Qin Feng's lips curled up slightly: "How naughty! You will cry for a while....."

Qin Feng picked up the wine glass and took a sip of the spirit wine, then bowed his head to the woman he loved.....

The atmosphere in the house was sweet and loving.

The next second, Qin Feng disappeared into the hall with Jade Qilin in his arms, and directly entered the Water Pole Star Palace in the small universe.....

Nine days later, Qin Feng left Water Pole Star happily both physically and mentally.

After the Flower of the Other Shore opened its thirteen petals, some of his abilities were terrifyingly powerful.

This time, he was completely relaxed.

From the body to the heart, to the soul, every pore and every cell is extremely comfortable, and even the state of mind is peaceful.

After leaving Water Pole Star, Qin Feng began to retreat.

Jade Qilin also entered retreat mode.

Time flies!

In the blink of an eye, four days passed in the outside world.

Four hundred days have passed in the small universe, which is more than a year.

Relying on his own cultivation, Qin Feng's cultivation level actually increased by one percentage point, and his combat power also improved a bit.

And the changes in the outside world are getting bigger and bigger.

The selection and assessment of Tianfu Star has spread across the board.

The matter of the causal contract also spread.

The entire Tianfu Star entered a climax of registration.

Not only that, many god emperors and masters from the fourth-level and third-level star regions have come to Tianfu Star to sign up.

The temptation of countless treasures in the chaotic star field is too great.

The difficulty of entering the top 300 in the selection has greatly increased, and the competition for places in the Karma Contract has become more intense.

But he said that on this day, Zhongjixing was in the palace.

Qin Feng is practicing secret skills.

He suddenly received a message deep in his soul, which was actually a request for help from Chu Chu.

They ran into some trouble while searching for the white dwarf.

Qin Feng frowned slightly.

With the strength of Chu Chu, Bao Bao, and Bai Qi, who else can cause trouble for them.

He stood up quickly, ready to go over and take a look.

At this moment, strange fluctuations came from the depths of the palace.

Qin Feng quickly turned around and looked.

He felt a special wave of thoughts coming from that direction.....

At the same time, the fire element force and light element force between heaven and earth rumbled and surged in that direction.....

"Ding! Congratulations to the host, your Zhongjixing follower (Fengdi) has successfully condensed the Yin Sacrifice True Meaning Seal and is recovering quickly....."

"Ding! Congratulations to the host, your Zhongjixing follower (Feng Emperor) has returned to the early stage of the Great Emperor....."

"Ding! The Divine Seal of the True Meaning of Fruit Retribution (Host) and the Divine Seal of the True Meaning of Cause Sacrifice (Phoenix Emperor) are automatically merging....."

"Ding! The fusion is successful. Congratulations to the host for obtaining the supreme true meaning seal - the causal seal. The combat power has been increased to 36 million trillion....."

"Ding! Congratulations to the host, your Zhongji follower (Feng Emperor) has obtained the supreme true meaning seal - the causal seal, and his combat power has skyrocketed....."

Huh! Success!

Qin Feng ducked and disappeared.

The next second, he appeared in another secret training room

"Moon!"

Qin Feng looked at Feng Di with joy.

At this moment, Feng Di's whole body was radiant and generous, and her aura was extremely sacred. Coupled with her beautiful face and dignified temperament, she definitely has the demeanor of a mother who cares about the world.

"Qin Feng, I succeeded!"

Feng Di pursed his lips and smiled.

That shallow smile was more beautiful than a hundred flowers blooming.

Although her cultivation level has not broken through, her strength is more than ten times stronger than before.

This may be the influence of the causal seal and the improvement of qualifications.

In short , this change made her extremely happy.

But she had always been reserved and did not want to show it so obviously.

"Yue'er, thank you for your hard work!"

Qin Feng held his moon tenderly, feeling happy in his heart.

Emperor Feng has always been dignified and virtuous.

But in front of Qin Feng, he always showed a girlish look, a little shy.

"Yue'er, this is for you!"

Qin Feng handed over a storage ring.

"What's in this?", Emperor Feng curiously took it

"There are thousands of soul lotuses, 100,000 soul crystals, and a inheritance at the Great Perfection level of the God Emperor. They can help you break through to half-step dominance early...."

Emperor Feng was shocked:"So many!"

Qin Feng smiled and said nothing.

Cultivating Emperor Feng's strength will be of great benefit to his gang leader.

At that time, he can use the combination of five extreme stars instead of the four extreme stars.

"Yue'er, hurry up and refine it! If you progress quickly enough, you may be able to catch up with the selection of Tianfu Star"

"What is the selection of Tianfu Star?", Emperor Feng was very curious.

"This is a long story. I'll explain it to you in detail when I have time. In short, this game will be held in sixteen days. Contestants must be God Emperor or above. If they can enter the top 300, there will be many benefits."

"Then I'll try it!", Emperor Feng became interested.

"Yue'er, I have something important to do, so I'm leaving first!"

"ah? Are you leaving now?", Emperor Feng was a little disappointed.

"What's wrong?", Qin Feng asked distressedly.

Emperor Feng looked at him leisurely

"Others say that a long break is better than a newlywed, but you want to leave as soon as we meet... Don't you know that people miss you?"

"Yue'er, this is my negligence!"

Qin Feng kissed her smooth forehead lovingly.

Emperor Feng was overjoyed.

She liked this tenderness.

"Now Chuchu and the others are in trouble, I must go there....."

"ah? Are they okay?", Feng Di looked worried.

Because of Qin Feng, she had already regarded Chu Chu and Bao Bao as family members.

"There should be no danger, otherwise they would have asked me to recall them directly. However, I have to hurry over to prevent them from losing money!"

"Um! Then hurry up and get there! I also started to retreat to see if there was any chance to make a breakthrough before the trials started!"

"good! Then I'll go first!"

Qin Feng said hello and disappeared out of thin air.....

At the same time, deep in the universe, not far from the solar system, there is a huge white dwarf star, emitting a faint white light, and its huge gravity is disturbing the surrounding space force field.

Not far from this white dwarf star, an unprecedented war is breaking out.

The two parties fighting were Dusk Lord, Chu Chu, Bao Bao, and Bai Qi.

At this moment, the Lord of Dusk has transformed into a billion-meter-long sword, holding a thousand-foot-long sword in his hand. Every blow stirs the stars, and the sky and the earth are ablaze, as if a pitcher can smash a planet with just one move.

Chu Chu, Bao Bao, and Bai Qi also transformed into billions of feet, each holding a half-step master Yuan Wu, and joined forces to fight against the master of dusk.

The two sides fought until the sky was dark, the starry sky was shattered, and it was extremely terrifying.

The situation turned out to be a draw.

There are six interstellar spaceships parked on the periphery of the battlefield.

One of them is from the Earth Star Domain, and five are from the Twilight Star Domain.

At this moment, many people flew out of the star field flying boat and watched the battle scene in the distance.

On the Earth side, the White Tiger Emperor, Ice and Snow Emperor, Whale Emperor, and Turtle Emperor were all dumbfounded.

What a terrifying battle scene!

A single strike from both sides can easily destroy a moon!

They had never seen such a level of fighting and could not even imagine it.

At this moment, the Whale Emperor and others were dumbfounded.

On the other side, Dusk Star Territory and others were also dumbfounded.

The three half-step masters of Dzogchen, working together, actually ended up in a tie with their master.

If this were told, who would dare to believe it?

Generally speaking, it would be good for three half-step masters to join forces and block five moves of a low-level master, let alone a tie.

What's more, the Twilight Lord has a combat power of 1.5 million trillion, which is not the weakest level among the lower-grade Lords.

"These three half-step masters are very weird!"

"yes! The strength of the three of them is far stronger than that of the same level!"

The people in the Dusk Star Territory became more frightened and anxious as they watched.

But in a battle of this level, they were not qualified to intervene at all and could only watch.

At this moment, in the battle field, the Lord of Dusk was also extremely depressed.

He was actually beaten by three The Half-Step Master was entangled.

This was almost a shame and humiliation for him!

But he had no choice!

So far, he had not gained the upper hand in the battle between the two sides.

He secretly observed that the divine seals held by these three guys, They all seemed to be the supreme divine seal.

This shocked him extremely!

As a master, the divine seal he mastered was only the supreme divine seal, which was a relatively weak supreme divine seal.

These three guys had only half-stepped their dominance, and they had already mastered the supreme divine seal. Divine Seal.

That is a method that only the Star Master can master!

This makes him jealous and envious

"Who are you three?!"

The Lord of Dusk asked while fighting.

"Bad guy! We won't tell you!"

Baobao's little mouth was so loud.

It was originally the Earth side that arrived first.

She, Chu Chu, and Bai Qi were going to explore the white dwarf star.

Unexpectedly, this guy ran over so arrogantly, Without saying anything, he attacked them, making it clear that he wanted to kill the three of them.

This guy is so bad!

Chu Chu and Bai Qi were also extremely angry at this moment.

They were attacked without provoking this person at all, and they were naturally angry.

The Lord of Dusk is also extremely depressed.

He rushed to the vicinity of the white dwarf star and happened to see the three babies.

When he thought that such a secret treasure was discovered by others, he would definitely kill someone to silence it to prevent the news from leaking.

After all, mining a white dwarf takes a long time, and he couldn't let these three people get out alive.

Looking at the energy and blood of the three of them, they are not very old and probably not very strong.

It would be easy for him to silence him.

But after taking action, he regretted it!

These three young men are amazingly powerful!

"There seems to be no other star field nearby, there is only one earth star field. Is it possible that you are from the Earth Star Domain?"

The Lord of Dusk is testing

"Ah! Your Excellency, stop tempting me!", Bai Qi sneered, "But where did you come from?"

The Lord of Dusk frowned.

These three guys are difficult to deal with, and they are insufferable!

"It's impossible to continue fighting like this! There are twelve white dwarfs waiting for me to mine, and I can't waste time here with the three of them. What's more, such a fierce fight is likely to attract other strong men passing by!"

The Dusk Lord thought more and more anxiously.

At this moment, his eyes accidentally saw the Whale King and others in the distance.

"Those guys are very weak, and there are only a few of them, right?....."

The Dusk Master rolled his eyes and thought of a trajectory.

He quickly sent a message secretly.

At the same time, the Dusk Star Territory crowd was watching from a distance.

Emperor Xiyu received the message.

His eyes lit up, and he quickly summoned the God Emperors and Great Emperors around him

"Everyone, we have just received a message from Lord Overlord. He asked us to capture the three subordinates alive as a threat!

"This method works!"

The gods and emperors nodded one after another.

"Walk!"

At this moment, all the god emperors, led by God Emperor Xiyu, rushed towards the White Tiger Emperor and the others with murderous intent.

"not good! Those people killed people!"

The White Tiger Emperor and the others were so frightened that their faces changed. There was not even a great emperor on their side.

The opponent was either a god emperor or a great emperor. They were dead.

In the distance, Chu Chu sensed movement here.

When she looked back, she found that the White Tiger Emperor Several people faced danger, and their expressions changed drastically.

"not good! The White Tiger Emperor and the others are in danger!"

At this moment, Bao Bao and Bai Qi also saw it.

The three of them were in a hurry and had to go to the rescue.

"Ha ha! You can't save them!"

The Dusk Master stopped the three of them at once.

He just wanted to capture the White Tiger Emperor and others alive and threaten them again, so how could he let Chu Chu and the others go to the rescue. The three of Chu and Chu were in a hurry and rushed left and right, but they couldn't break through. The dusk master's blockade.

In the blink of an eye, Emperor Xiyu and more than 20 people rushed to the vicinity of the White Tiger Emperor and others. The

White Tiger Emperor and others were frightened and were at a loss. They secretly thought that the situation was going to be bad.

But at this moment, there was a cold sound. The hum resounded through the starry sky of the universe, and everyone trembled in their hearts.

Even the Lord of Dusk was no exception, and fear was inexplicably born in his heart.

The next second, the mighty power of heaven emerged out of thin air.

The starry sky and the world turned dim!

All the people It was hard to hold back my breath!

A giant hand with fair skin came out of the air and crushed God Emperor Xiyu and others into powder.

Emperor White Tiger and others were dumbfounded!

Chu Chu, Bao Bao, Bai Qi, and Lord Dusk were all stunned He stopped.

The next second, the giant hand disappeared.

An extremely handsome young man in white walked out of the void.

It was Qin Feng!..
